be completed within 75 days, ac-
cording to B. F. Horn, contract-

Work has slowed due to lack of
experienced plasterers. Officials
still expect completion by mid-
October. Only six plasterers are
working on the building and they
are expected to complete plaster-

courthouse by next week. Plaster-

other offices.

Olton Farmers Offer To Buy Telephone Lines

Shivers Forces Control County Demo Convention

The Shivers or "conservative" forces held easy control of the Lamb County Democratic convention held in the county courtroom at Littlefield Saturday afternoon. The two Littlefield precincts had more votes than all the other precincts combined and thus could have carried every vote alone, but were put in that uncomfortable position only once. This 79 vote delegation had been won by the "Pro-Texas" people in the precinct convention a week earlier and they had been instructed to vote as a unit. Manoil Hall was their chairman.

The Earth delegation, led by publisher Roy Neal, voted with the Littlefield group on all but one occasion. The Sudan delegation, led by publisher Preston Hawkes, voted against the majority on all but two votes, and the Olton group, chaired by G. T. Sides, abstained once, voted three times with the Yarborough "liberals" and the balance of the time with the Littlefield group. Before voting on each question, Sides polled the 8 or 10 Olton delegates present and cast their 32 votes as a unit.

The Littlefield delegation had previously agreed on their stand on most of the issues, however, Hall had to ask for two recesses

in order to determine the will of the majority on some of the questions which arose.

With the voting strength strongly against them, the "liberal" forces could do little but harass. Led by Hawkes and Executive Committee Chairman T. Wade Potter, they offered numerous objections and amendments, most of which had no chance of adoption but which kept the convention in session for some two hours.

The test of voting strength did not occur until the resolutions were offered. The temporary and permanent officers of the convention were elected by unanimous or near unanimous votes. They were Chairman Ray Keeling of Littlefield, Secretary Louis Hair of Olton and Sergeant - At - Arms G. T. Sides of Olton.

Mostly hotly contested question of the afternoon was the one on division of the delegates to the state convention. The list as originally presented by the committee on delegates contained two names from Earth, one from Sudan, one from Olton and twelve from Littlefield. When Hawkes demanded that Sudan have two more delegates and nominated Doyle Baeus and Drew Watkins,

Will Meet With Company Brass

A group of Olton farmers have offered to buy General Telephone Company's lines serving them rather than take an increase in rates which the telephone company proposes to make. The offer came from REA Director Horace Walker at a meeting Monday night in the Olton city hall.

The meeting was attended by the city commission and about sixty telephone subscribers, most of them on rural lines.

Division Manager Dusty Kemper replied to the offer by saying that his company was in the business of building a telephone system, not selling and that he was confident the company would not be interested in giving up the lines. But Horace Walker, principal spokesman for the rural subscribers, asked that an official who could speak with authority for the company come meet with them. Kemper called Mr. King, General's manager of Revenue requirements, and obtained his agreement to meet with the farmers in Olton.

Walker said the farmers were willing to pay the cost of building the lines at present prices.

The farm group held a second meeting Tuesday night and elected an executive committee headed by Walker to negotiate with the company. Other members of the committee are Secretary Howard Hall, C. W. Phillips, Delbert Givens, George Brown, Murrell Brigrance and Preston Sampler. They also contributed funds to pay expenses the committee thought it would need to represent them in case they must go to court to fight the increase.

They say that General's need to no rate increases which the farmers were asked to help pay the cost of construction about two years ago. They claim that this agreement was violated by an increase before the telephones were ever installed and that the new proposal violates it again.

Present rate is \$4.50 per month for an eight party line. A one dollar increase is planned.

District Manager Bob Blatz explained that since there is no regulatory body for rural telephones in Texas, the company can read-just its rural rates at any time it wishes, but after talking with King, Kemper promised that the proposed rural increase at Olton will not be put into effect until after a meeting with subscribers.

Last Monday's meeting was originally intended for the purpose of negotiating with the Olton city commission, which must agree to any increase to city subscribers. However most of the time was spent discussing the rural problem. Nevertheless, Mayor Hollingsworth and Commissioners Franks and Smith questioned the company representatives on discrepancies they thought were in the figures presented to justify the raise.

The commissioners made no decision on the request and gave no indication of when they will make a decision. They were obviously hostile to the idea of any raise at all.

Preacher 'Threatens' To Pass The Collection Plate At C of C Bar-B-Q

Recipe for a well-done Chamber of Commerce dinner: one emcee with all the wit and dry humor of another Herb Shriner, four musically talented performers, and plenty of tender, barbecued chicken, mixed carefully with a bit of audience participation.

And that's just what the Littlefield Chamber of Commerce provided for over 200 C of C members, their wives and guests Tuesday night at the Littlefield Community Center.

The Rev. Harry Vanderpool, master of ceremonies, followed up his welcome to the guests with a summary of the work done for the city by the 16 Chamber of Commerce committees. He urged the members' support, both actively and financially, with a clever "collection plate passing" stunt. Committee chairmen recognized for their work were Troy Armes, agriculture; Albert Miller, retail; J. E. Chisholm, wholesale; Doug Howell, industrial; Homer Garri-

son, public relations; Jim Mangum, finance; Dr. Glenn Burk, membership; Dr. William Orr, health and sanitation; B. D. Garland Jr., city beautification; Skipper Smith, safety; Carl Keeling, transportation; John Alford, airport; Arthur Duggan, state and national affairs; Marshall Howard, executive committee; J. B. McShan, publicity; and Pat Boone Jr., civic improvement. Vanderpool also commended the work done by Chamber of Commerce manager Jesse Everett and by Mrs. Loreta Hucks, office secretary.

Invocation was given by Troy Armes and Chamber of Commerce president Marshall Howard introduced the Rev. Vanderpool.

Vanderpool, in his pre-program comments, expressed the Chamber of Commerce's appreciation to the Jaycees who served the dinner and especially to Jaycee Elmo Jones, state chairman of the Jaycees Religious Activities committee, who just received a proclamation from Gov. Shivers, designating August as Religious Round - Up Month.

Announcement was made that the next Farm Dinner, sponsored by the Chamber of Commerce, will be August 12 at the C. H. Messer farm. Members of the Oklahoma Avenue home demonstration club will serve dinner.

Homer Garrison introduced the troupe of performers from Lubbock who presented a musical program that drew applause and encores for each number. Lawrence Ivey, Lubbock pianist and his entertainers-Johnny Pickering, well known radio singer of spirituals, Miss Norma Wall, vocalist, and Clyde Hankins, who plays the banjo, presented a variety of solo and duet numbers.

One of the highlights of the program was a quartet number sung by Pickering, Homer Garrison, the Rev. Vanderpool and Sam Williams.

Special guests for the dinner were Earl Collins and George Williams of Bell Milk company in Lubbock; Kennedy May of the Avallanche - Journal, Lubbock; Al Hall of the Amarillo Daily News and Globe; Frank Bartley, president of the Levelland Chamber of Commerce, formerly from Littlefield, and Pat Ryan, Levelland Chamber of Commerce manager; and Jack Wattenbarger, new Farm Bureau service agent for Lamb county.

We had very good crowds from over the whole area and appreciated their grand behavior."

At Least in 1954

Speaking of tax cuts, as we were the other day, maybe we should have been pointing in another direction too. The U.S. Congress has just passed another tax reduction bill which, while much smaller percentage wise than Littlefield's, still sets an all time record. Added to the other federal tax cuts this year, it is the largest tax cut that any government in history has ever made—7 1/2 billion dollars.

A large part of this cut took effect during the last half of the last fiscal year. Yet the federal deficit was 6 billion dollars less than was forecast by the previous administration, and the debt limit did not have to be raised.

This remarkable feat is another demonstration of the staying power of the American democracy. The Greek philosophers who lived in the first recorded large scale democracy insisted that democracy could last only until the people discovered they could vote themselves largesse from the public treasury, then they would bankrupt it.

Every democratic government since then has seemed to prove the truth of that gloomy philosophy and it seems likely that eventually it will weaken our own self-government so that it can be taken over by the forces of tyranny, but at least in 1954 it is showing signs of letting common sense triumph over greed and trying to hold government spending within sane limits.

Shivers Forces....

(Continued from Page 1)

Two of the proposed delegates (Bill Street and Dr. Bill Armstrong) asked that their names be removed from the list and the two additional from Sudan be added. This was voted down in the one vote where Littlefield found itself alone. Actually the Littlefield delegation was divided almost evenly on this question, but under the unit rule their whole 76 votes were cast against it. Then after considerable canvassing by all delegations, a new list was presented for consideration by the Littlefield group. It was just like the unexcused absence scene that Louis Blair of Globe was substituted for Watkins. Hawkes refused this compromise and tried to amend the list to add Joe West and Nolan Parrish, both of Sudan.

When Hawkes' amendment was voted down, Sudan joined with the other three delegations to elect unanimously the list proposed by Littlefield. Another unanimous vote came on the first resolution offered, which expressed the desire of the delegates that in the future precinct meetings be advertised. This was inspired by the semi-secrecy in which this year's precinct meetings were held. The two votes on which Glen sided with the Yarbrough group were on the next two resolutions. The first found the Lamb County delegation to vote as a unit at the state convention. The other commended Governor Shivers upon his leadership of the Texas Democratic party. Argument advanced against this resolution was that the convention should not endorse candidates and that the group would look very silly if Yarbrough was elected before the convention takes place on September 3. Proponents insisted it was not an endorsement of Shivers for governor but an approval of the manner in which he had led the party in the state. It carried 79 to 47.

The list of delegates to the county convention is finally approved is:

Highlights And Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — State runoff dates in the runoff races are now on the fringe line, blasting away.

In the gubernatorial race, Governor Allan Shivers and Judge Ralph Yarbrough have re-touted their lines and are in a show-down battle for the state's top job.

Both candidates for governor had reason for failing to score a victory in the first primary. Shivers said that his supporters were too confident and had not turned out at the polls in the expected numbers. He encouraged them to exercise their right to vote in the coming election.

Yarbrough said that he would have won the first primary except for Texas Republicans who neglected their own primary to vote against him.

Three Factors Decide

Capable of determining the August election were 400,000 Texans, eligible to vote, who stayed away from the poll July 24.

A smaller factor was the 26,000 who cast their votes for Davis and Holmes.

Also to be considered were the Republicans who voted in their own party primaries in July, but who are free to cast their ballots in the Democratic second primary.

Scott in Court Runoff

Austin Attorney Alfred Scott will be in the runoff with Judge Few Brewster, for Place 1 on the Supreme Court.

This race will gain more than a little attention, as will the campaign of Judges Alan Haley and Lloyd Davidson for the Court of Criminal Appeals.

Fires Hit Area

Hardly had the embers of the political fires cooled when forest fires broke out both east and west of Austin.

Thousands of acres of woodlands, and three homes, now lie scorched, burned and bare as the result of fires around Volente (Dodd City) on Lake Travis west of Austin.

On the opposite side of the capital city, the eastern portion of Bastrop State Park lost 7,000 acres of pine and live oak as the result of an eight-day brush and timber fire, quenched finally by sudden showers.

Ben B. High, company president, said shareholders would receive no loss if the receivership is handled properly.

One sultry night not long ago we joined some 80 others at an old-fashioned church supper. As we watched the people assemble, we noted more than one cheerful looking housewife bearing her "covered dish" who had a damp spot between her shoulders — either from last minute cooking or a too-hasty shower. Most of the business men looked haggard. At seven o'clock, the thermometer was still crowding one hundred, and, like most of the other adults present, we wondered if it wouldn't have been more sensible if everyone had stayed at home.

Presently we lined up and filed past the serving tables, to fill our plates with fried chicken, vegetables, salad and dessert. And as the meal ended, a group of high school boys and girls made ready for the program.

The stage curtains parted on an utterly ridiculous version of Shakespeare's Othello. The lines were chanted in jingles. The costumes didn't even remotely resemble proper Elizabethan dress. The off-hand Shakespearean was of the type we kids used to amuse ourselves with on Sunday afternoons when all the cousins gathered at our house. It was wonderfully refreshing.

Sitting near the stage, we glanced back at the audience. Everyone there was smiling. Eyes were brighter, the look of dutiful patience had disappeared. We were having a good time with those young folks!

"Best Shakespeare I ever saw," one man chuckled as we left the tables.

Well, that's one bunch that's doing something to prevent juvenile delinquency, we thought later. Most youthful "devils" comes from wanting a chance to "shine", to make a little mischief. Given a chance, most youngsters had rather it would be wholesome than destructive. The church — or the community — that helps them with the "angles" is performing a real service.

BAIL BOND LAWS EXPLAINED

From time to time there is a great deal of talk about the need for revision of Texas laws relating to criminal bail bonds.

Since this is a topic about which most people have more curiosity than knowledge, perhaps a brief explanation of bail bond procedures will be of interest. However, in today's column there will be no attempt to discuss possible defects in the system.

In the United States a defendant is established beyond a reasonable doubt in criminal action is presumed innocent until proven guilty. His guilt or innocence is established at his trial — not when he is arrested.

With this concept in mind it is not hard to see why the right to

bail in criminal cases is guaranteed by the Constitution of the United States, with the exception of capital cases. A capital crime is one which the punishment may be death. In Texas murder, treason, rape and robbery with firearms are capital offenses.

All prisoners are bailable in Texas except where the proof is evident that a capital offense has been committed and it is probable that a jury will assess the death penalty.

An officer making an arrest is required by law to take the accused promptly before a magistrate. It is the duty of the magistrate to examine into the truth of the accusation made. He determines whether the accused should be discharged or bailed or held without bail. If bail is set for the defendant, the magistrate must determine the amount. The law provides a procedure for reviewing these decisions before the Court of Criminal Appeals.

When an accused is on bail when his trial commences he has the right to remain on bail during the trial of his case. Where the punishment of a defendant has been assessed at confinement in the penitentiary for fifteen years or less the defendant has the right to remain on bail pending the appeal of his case. If the penalty is more than fifteen years the defendant is kept in custody from the moment the jury returns its verdict.

The Constitution also says that bail may not be set in excessive amount. What is considered a reasonable amount depends largely upon the circumstances and risk involved. Bail must be set high enough to assure the court and the state that the person will not run away, but will return and submit to trial on the date set.

The judge usually will ask the prosecuting attorney for a recommendation as to the amount of bail. The accused's attorney may then ask that the amount recommended be reduced, giving his reasons. The judge will settle on an amount he believes reasonable to assure the accused's presence at the trial.

Funeral services were conducted at 4 p.m. Tuesday at the Earth Church of Christ for Wix Price, 77. Price died at his home five miles southeast of Earth Sunday afternoon.

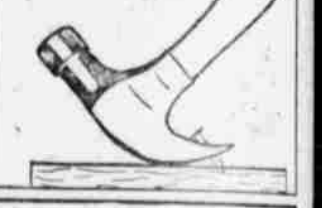

Price was born April 21, 1877, in Tennessee. He had lived in Earth 24 years.

Rites were conducted by Wigan Sturgis of Tulsa, assistant Harry Graham of Springdale. The body was taken to the church Tuesday morning for a funeral home to be in state until time for the services.

BELGADE — A fall drought and a late summer threatened to cut Yugoslavia's wheat crop this year close to the 1952 level that brought near starvation to the country. A bumper wheat crop last year and this, are expected to fill the gap. But the country will have to keep importing, thereby consuming foreign exchange desperately needed for industrial goods.

The situation is a tough blow to Yugoslavia's communist government which has been trying desperately to increase agricultural production — even to the extent of freeing peasants from many onerous government controls and pressures. The United States may be called on to help out as it did with large free wheat shipments after the 1952 drought and again this year.

WASHINGTON LETTER

WASHINGTON — The Marques de Villaverde and his striking brunette wife, who left their small daughters back in Spain with their grandbladdy Generalissimo Franco, as baby sitters, made quite a splash on the local social scene during their recent visit.

While not the most important visitors to come to the Capital, Franco's daughter Carmen is certainly one of the most beautiful. And her dashing doctor husband, who kissed the ladies' hands including that of Mrs. Dulles, wife of the secretary of State is one of the most handsome.

The couple, whose lavish and spectacular marriage ritual several years ago captured international headlines, though making their first visit to this country in an unofficial capacity were received by President and Mrs. Eisenhower at the White House and fêted by others royally.

The blizzeet shindig was the splashy party given by the Spanish ambassador and Mrs. de Laquerencia. It was believed that all of Congress had been asked to the affair. Vice President and Mrs. Nixon, scores of diplomats, top brass from the Army, Navy and Air Force, Mrs. Dulles, Presidential Assistant and Mrs. Sherman Adams, Hostess Perle Mesta, White House Social Secretary Mrs.

Mrs. C. D. Ratliff and children from California arrived here Saturday for a visit with her sister, Mrs. Paul Hukill, also a brother-in-law and family at Littlefield, and a brother, Wayne Barnett, and family at Littlefield.

The Fieldton Folders played ball Sunday afternoon at Fieldton. The game was between Fieldton and Littlefield, and the Fieldton Folders won the game 17 to 5.

Mrs. Don Beestrop and son, Randy, went to Ft. Davis over the week end where she will visit a sister. The older son, Craig, who has been visiting with his aunt for the last month will return home with her.

Mr. and Mrs. S. T. Burkett from Burkett, Texas, and their granddaughters, Olivia and Arlon Jorris from Waco, visited last week with Rev. and Mrs. Fred Smith.

Mary Jane McCaffree, and Mrs. George Humphrey, wife of the secretary of the treasury, were among the throng.

The Marquesa wore a cocktail length frock of navy blue taffeta with a halter-top tied in back with long streamers and covered in front with pale blue lace apron effect. Her necklace of four strands of perfect pearls was clasped with diamonds.

The Spanish beauty said through an interpreter she plans to return to Madrid and her two daughters, Carmen and Marie Dolia, in August, but that her husband expected to stay on an additional several weeks to visit various hospitals over the country where he wants to study surgical techniques.

Sewing Gadgets Aid Home Seamstresses

By DOROTHY ROE

The home seamstress is going in for optical illusions.

Although the secret of a good suit lies in perfect fit and careful stitching, today's women have the advantage of new techniques made possible by the new automatic swing-needle sewing machines which do decorative stitching by the simple turn of a dial. This stitching can be used to accent a curve, slim a hipline or narrow a waistline.

The first step in making your new fall suit is to select the right pattern. If you are of average proportions, you will want one that accents slim lines and suggests a small waist, whether you have one or not.

The basic good lines of the pattern may be accented by decorative stitching. Local sewing center experts suggest a line of arrowhead stitching curving around the breast pockets, indented at the waist, and following the curve of the hipline, to give a custom-made look to the suit. This contrasting stitch treatment creates an optical illusion which makes the wearer look slimmer and taller, and which can be done by

even an amateur seamstress.

Some women have hesitated to try to make a tailored suit, even if they are experienced at simpler sewing. But with the help of modern pattern directions and the new automatic sewing machines, they will find that a suit is almost as easy as a cotton dress. It requires a little more care and attention to detail, but any woman can make her own suit, at a fraction of the price of the ready-made article. In addition, if she is careful about fit and finishing details, her home-made suit probably will fit better and look smarter than anything she could buy in a store at anywhere near a budget price.

The woman who sews her own can afford finer fabrics, better accessories, and individual fit.

Smith-Badger Slugs Out 19 to 6 Win Over Woodmen

At the ball park Tuesday night 170 fans saw Smith and Badger add another victory to their all-time record by winning over W.O.W. 19 to 6. The only game to mar their record thus far this season was the tie with VFW last week.

Three home runs were hit during the contest, all by the Smith and Badger boys.

In the top of the first inning, Smith and Badger's lead off man, Rudolph Smith, promptly connected and got a double. Then Billy Morgan sent one sailing over the fence for a home run. Adolph Smith, the next batter, also hit a double; and after a put-away, Adolph Hodge drove Smith in on a two-bagger. Roy James got on base when the center fielders misjudged his fly ball. Will Williams got a hard hit single, and both "Dagwood" Conley and Smith, who was up for his second time, walked. Then Morgan clouted the ball into left center field for another double. Morgan failed to score, however, as the side was finally retired. In their half of the inning Smith had brought all of their nine players to bat, and three batted twice.

The Woodmen's only answer to this barrage of hitting, which drove in eight runs, was Doc Pierce's too-hot-to-handle two base hit. Then Gene Alexander got on when his low drive went between the legs of the second sacker for an error. But besides Pierce's score, no other had crossed home, as Alexander died on second.

Bobby Glenn, the Woodman hurler, replaced the starting pitcher and held the Smith and Badger team to one score. This was made when Maurice Powell slugged out a two - sacker and tried to steal third. Then came an overthrow and Powell was brought home automatically. James also got on base but failed to score.

Two hits were held by the Woodmen in the bottom of the second. Duane North started off with a low, hard single between 2nd and 1st. Then Jerry Koller slammed out a similar hit. Koller, however, was caught in a double play when the following batter flied out to center field. Jackie Gage was walked but was left on base as the side retired.

Five hits in the top of the third served their purpose and brought four Negro youngsters across the plate. Smith and Badger started slowly, with two flyouts; but then Morgan stepped up to the plate. He connected and drove the ball up against the fence for a double - sacker. Then both Adolph Smith and Powell singled, bringing in two runs. Hodge got on base through an error and Roy James followed him with a hit. Although James drove in two players, he was left on base as the side was retired.

Another slugger crossed the

plate for the Woodmen in the bottom of the third to take away a little of Smith and Badger's lead. Pierce came home after being walked; he was driven in by Alexander's single. Alexander died on third.

Once again Smith and Badger was taking it easy on the hitting and scoring. Rudolph Smith walked, and Billy Morgan drove him in with a lazy, pop fly. Morgan failed to get home.

Jerry Koller promptly opened up the Woodmen hitting in the bottom of the fourth with his clean triple. He reached home when an extra base was given him on an overthrow. But the Woodman attack cooled and no one else got on base.

Duane North, another Woodman pitcher, proved that he was the team's slugger out a 1 for 3 mark, hitting out three in a row in the top of the fifth. This was the first time in the ball game that Smith and Badger didn't bring across a score.

Another point the Woodmen proved was that they weren't out of the ball game by far. In the bottom of the fifth, Bobby Glenn hit a rollocking single, and both Alexander and McGee walked. Then, with bases loaded, North walloped out a double to bring three scores over the plate. North himself was tagged out while attempting to score.

Three walks and two hits got Smith and Badger five runs in the top of the sixth. Wendall Johnson, Rudolph Smith, and Adolph Smith were walked, and in between came two homers. Billy Morgan hit a solid drive which promptly turned into a home run. Then Maurice Powell, determined that Morgan should not hit the last home run of the game, plastered a good drive into the cars over at the left centerfield fence.

Thus two homers brought in five runs.

An attempt to revive the game in the bottom of the sixth by the Woodmen was a failure. Only Baker got on base on a walk but died as the batters folloing fanned.

Billy Morgan led the winner's hitting with a slugging 4 for 5 tally; Maurice Powell followed up with a close 3 for 5 count. Rudolph and Adolph Smith were both tied with a 1 for 2 score; Roy James hit a 1 for 3, and Will Williams slugged out a 1 for 3 mark. Hodge wrapped up the hitting with a count of 1 for 5.

Duane North and Jerry Koller tied with a 2 for 3 score to lead for the W. O. W. Then came Doc Pierce and Gene Alexander, each with a 1 for 2 average. Bobby Glenn put the wrap-up on the Woodmen hitting as he hit 1 for 4.

HAMMONS Funeral Home

Services Thursday For Albert Barker

Funeral services for Albert Jefferson Barker, who died Monday afternoon about 5 p.m. at his home at 818 West 11th street, will be held Thursday afternoon at 3 p.m. at the First Baptist church in Littlefield. Dr. Lee Hemphill will officiate.

Barker, a retired farmer, had lived in Lamb county 28 years, and had moved to Littlefield from near Ssade recently. He was born April 29, 1883, at Decatur.

Survivors include four sons - Alton D. of Littlefield, Almon J. of the Army General Hospital at Osaka, Japan, Alvin B. of Dallas, and Waymon N. of Portales, N. M.; seven grandchildren; four brothers - J. T. of Mangum, Okla., C. H. of Mangum, J. P. of Bridgeport, and B. L. of Bukersfield, Calif.; and two sisters, Mrs. M. J. Ivie of Amarillo and Mrs. Milton Trammel of California.

Burial will be in the Littlefield cemetery under direction of Hammons Funeral Home.

THESE HOSTILE FACES were part of the fifty or sixty that "Dusty" Kemper (back to camera) looked at for some two hours Monday night as he tried to convince them that General Telephone Company is justified in a fifty percent increase in the City of Olton, and a twenty-two percent raise on the rural lines. His company officials will face them this Monday night in another effort to win their point. (Photo by Taylor Studio)

SPORT SHOTS

Although Roy Campanella previously announced he had decided against a post-season barnstorming trip, the Dodgers catcher has changed his mind and will make another tour next October. The trip will be far more extensive than any he has headed in the past. Campanella revealed that the jaunt will take him to Hawaii, Manila, Japan and Central America. Campy said he would try to interest Curt Simmons and Robin Roberts in making the trip, indicating it would be worth \$7000 to each of the Phillies pitchers.

Milwaukee continues to mean money - big money - to visiting clubs, reports Oscar Ruhl in THE SPORTING NEWS. Leo Ward of the Cardinals says that the \$30,000 check he picked up in Sudsville for a recent series with the Braves was the largest he had taken out of a city since he became traveling secretary of the Redbirds back in 1938. . . . And Bob Rice, the road secretary of the Pirates, was handed a \$20,000 check for the Bucs' share over the June 5 week end, which represented the largest taken by a Pittsburgh club in Rice's eight years on the job.

The National League's No. 1 swing team, the Cardinals, leading in team batting, hits, runs and total bases - has a jukebox in its clubhouse presided over by Doc Harrison Weaver, the club's veteran trainer. Just before the June 15 swapping deadline, Weaver labeled one of the numbers on the juke box "June 15" as a gag. When a player pressed that number the machine played the record, "You're Gone."

When the Giants signed Paul Giel to a bonus contract calling for an estimated \$75,000 recently, it was revealed that the two-sport All American from the University of Minnesota selected the New York club because of their social players. Giel had met such Giant players as Sal Maglie, Hoyt Wilhelm and Wes Westrum at mid-winter sports dinners in Minneapolis and was impressed and flattered with the attention they gave him. Other clubs might have been willing to offer 75 grand to the young pitcher, but they could not match the good impressions Giel had formed of the Giants.

LAFF-A-DAY

"I told him to propose again when his frozen were defrosted."

Williams Attend Services Held For Drowning Victim

Mr. and Mrs. Sam Williams attended the funeral services held Saturday morning in Enid, Oklahoma, for Tommy Foster, 16 months old son of Mr. and Mrs. W. T. Foster of that city.

The child was drowned late Wednesday in a water well just completed near the new home being built by the family on their ranch north of Enid. He was missing about an hour before his body was discovered in the eight-inch well.

OBEYED ORDERS
RICHMOND, Va. (AP) - Patrolman V. A. Napier asked a man in the passenger's seat of a car parked in a prohibited zone to move it. The man complied, and was charged with driving under the influence of intoxicants.

He was acquitted in court although tests showed he was intoxicated.

Sheriff Dick Dyer left Wednesday for Wichita Falls where he took a Lamb county resident to the state hospital. He expected to pick up a man at Knox City on the return trip, who is wanted in Lamb county for felony.

DIXIE FORGETS FLAG
MARTINSVILLE, Va. (AP) - A flag had been hanging in a hotel here for years. A couple of strangers wanted to know what it was. Nobody seemed to know.

A reporter looked in the dictionary under "flag." There it was - their first flag of the Confederacy, used until the familiar Stars and Bars flag was adopted.

Williamson Home Is Scene Of Fire

The D. M. Williamson home at 1000 Freeman Avenue was the scene of a fire Tuesday morning, but damage was slight, according to Fire Chief Bob Cox.

Cox said the fire apparently started in a closet in the children's room but no cause was found, since there was no wiring in the closet. The fire was kept from spreading to other parts of the house, but some clothing was lost. He said there was also some smoke and water damage.

YARBOROUGH:

Thanks, Friends Predicts Victory

AUSTIN Aug. 4 — gubernatorial candidate YARBOROUGH said this will win the Aug. 28 primary by a sweeping margin. Said YARBOROUGH candidate "678,000 Texans—a million Texans—can't be wrong. "678,000 Texans have believed home their belief that they in their government achieved only by a change. "678,000 Texans have their distrust and disapproval a third term for their present leader whose loyalty is made it crystal-clear that a leader whose loyalty is doubted, who will never return."

YARBOROUGH thanked every one of the brave who voted for him in the first primary. He said "especially and particularly grateful to the citizens of County who have joined in common fight to restore honor to Texas government."

YARBOROUGH said the issues now are sharply defined: "Texans can now vote for or against a traditional third term, for a straight-forward Democratic leadership and for or against a party in their State Capital. The Democratic candidate thanked his thanks to the of Lamb County and expressing support—along with votes of all other Texas 28."

The Need Of Revelation

By TOMMY WILLIAMS, Minister

The wonders of nature prove that there is a being who is more powerful than man.

Could we know who he is and what he is like if we had no revelation of God such as he has given in his word?

elation of God in his word, the power behind nature would be an abstract mystery. With the Bible, that power is a personality whom we may know intimately.

True it is that "the heavens declare the glory of God," but we must have revelation to know the God to whom such wondrous glory is to be attributed.

The idea of accepting the existence of God and denying the very Book which tells us about him is wholly inconsistent.

THANK YOU My Fellow Texans

From the bottom of my heart, I want to thank all of you who supported me in the First Primary. Your interest in good government and your enthusiasm in this fight for Texas is an inspiration to me. Together, we will continue to discuss the issues and carry on the clean, hard campaign which will result in a decisive victory for Texas in the Second Democratic Primary on August 28.
