'Giveaway' Event Plans Completed

Fifteen Littlefield merchants put the finishing touches on "Littlefield Giveaway Days" at the regular Chamber of Commerce retail council breakfast in downtown Littlefield Wednesday morning.

The big event is scheduled for four days, June 15-18. More than \$1,000 worth of gifts will be given away with a downtown giveaway each day.

Littlefield merchants also will be featuring bargains in all lines of merchandise.

Retail council chairman Wendell Tooley reported that 18 merchants had already indicated their desire to give a \$25 gift certificate each, and around \$150 has come in for operating expenses.

Felton Elliott accepted chairmanship of the entire event. He will be assisted by Horace Mitchell, Jack Lacy, Dan Staggs and Tooley.

Downtown entertainment is planned each day during the event with clowns, company-sponsored merry-go-rounds and balloons and whistles for the kiddies.

Littlefield merchants will remain open until 9 o'clock on Thursday night June 18. A band will be on hand from 6 to 9 that night and there will be a grand prize of a patio set given away.

In charge of the Thursday night event are Claude Oliver, Allen Hodges and Kenneth Ware.

"Littlefield Giveaway Days" is planned as an annual event. The retail council has this promotion and the Christmas event scheduled for 1959 as Littlefield's two town-wide promotions.

The promotion is in cooperation with Littlefield's Chamber of Commerce efforts to invite more area people to shop in Littlefield.

14-Game Legion Team Schedule Set

Littlefield's American Legion baseball team will play a 14-game district schedule which opens June 1 with Levelland here, Coach Jimmie Chapman announced Tuesday.

The team was placed in the north half of District 2 with Levelland, Aberrathy, Nazareth, Muleshoe, Hale Center, Plainview, and Earth.

First practice game for the team is set for Tuesday night at Lubbock, when Chapman's team will play Lubbock Auto. Manager of the team is Perry A. Pressley.

Chapman also announced that five boys previously thought to be eligible this year will not play. They are Bill Wade, James Pressley, James Goldston, Bill Jeffries and C. W. Pittman, all stars of last year's team.

The five previously were thought to be eligible because of an age limit extension, but Chapman learned at a meeting Monday night that the age limit had not been extended.

Making up the south-half of District 2 will be Denver City, Plains, Brownfield, Bell Milk of Lubbock, Lubbock Auto, Lorenzo and Spur.

The district tournament will be played in Levelland July 15-18.

Didn't Miss A Day

75 Students To Get Attendance Awards

One hundred and seventy-four days down and one to go. That was the slogan of 75 students in the first six grades of Littlefield schools Wednesday as they lined up at "perfect attendance" for the year.

If they're all in school this morning, each will have completed the year without missing a day of school.

"You can bet they'll all be here," said Elementary Principal Jimmy Hine.

Like anything else, school attendance this year has a super-duper star performer. He's Jimmy Butler, son of Mr. and Mrs. Wayne Butler, who will complete the sixth grade without missing a day of school in the past six years. Jimmy will be 12 Friday, the day he gets his report card.

Jimmy's the only one in school in that category, which is an honor in itself. But he is shooting for higher goals.

He'd like to match the record of his principal, Hine, who went 11 years without an absence when he was in school.

Each of the students with "perfect attendance" records will receive a certificate. They'll be presented the awards by principals Hine and Paul I. Jones, of the primary school.

By grades, here are the students who didn't miss a day:

GRADE ONE - Donna Rex Bowen, Charles Carter, Richard Robbins, Angel Rodriguez, Bufus Lee and Don Hemphill.

GRADE TWO - Monte Ward, Danny Butler, Terry Hobbs, Roxie D. Lacey, Roy Dan Bolton, L. V. Durham, Steve Dinges, Patricia Chandler, Ginger Maurer, Wendell Ashley, and Margie Atkinson.

GRADE THREE - Lonell Thompson, Homer Smith, John Chapman, Mike Woody, Dana Jones, Bill Nelson, Dorothy Bethel, Rodney Lacey, Robert Trotter, Charlotte Armour, Donnie Heard and Garth Grizzle.

GRADE FOUR - Kenneth Carr, Ray Jackson, Chere Kierce, Ralph Hobrathschk, Joyce Franklin, Bruce Ray, Stella Fay Bussey, Roy Lynn Robertson, Cecilia Price, Carolyn Parsons, Mildred Buser. (Continued on Page Six)

Whitharral Petitions Ask Phone Tie-In To Levelland

Littlefield Calls Now Non-Toll

Petitions signed by 36 Whitharral residents asking that their telephone exchange be linked with Levelland for non-toll service have been turned over to the Levelland Chamber of Commerce by Levelland's city council.

Levelland Mayor J. Spencer Ellis had revealed receipt of the petitions Monday.

The request caused some concern here and among some residents at Whitharral after Mayor Ellis had said that 36 of 48 telephone users in Whitharral had petitioned for non-toll service with Levelland rather than Littlefield.

A check of the Whitharral phone directory showed there are actually about 90 phone users there. Several Whitharral residents reported they were unaware the petitions were being circulated.

Whitharral and both Littlefield and Levelland are served by General Telephone Company of the Southwest. Whitharral residents at present can call Littlefield free of charge, but must pay toll on calls to Levelland. Calls from Littlefield and Levelland to Whitharral are on a toll basis.

Chamber of Commerce officials said here they "certainly want to keep calls from Whitharral to Littlefield on a non-toll basis" regardless of the outcome of the request for the service to Levelland.

In addition, the telephone company's district manager here, Bob Saunders, said plans for non-toll service from Littlefield to Whitharral had been "under consideration for some time," but that no definite authorization of the project had been made.

"Modifications will have to be made in some or nearly all of the exchanges mastered by the Littlefield office" when Littlefield is converted to dial operation, he said. Whitharral is among those exchanges.

This could possibly involve two-way non-toll service between Whitharral and Littlefield he indicated.

Cost of line and cable between Whitharral and Levelland would have to be paid and other possible rate adjustments would be necessary in Levelland should toll-free service be provided between the two Hockley County communities.

Billy Blackwell Wins Teen-Age Driving Event

Billy Blackwell, 15-year-old son of Mr. and Mrs. Ed G. Blackwell, copped first place in the first annual Littlefield Jaycee Teen-age Road-co here Sunday, scoring a total of 399 points in driving competition.

Blackwell, a Littlefield High School freshman, won over Jerry Farmer, son of Mr. and Mrs. Martin Farmer, who was second, and Bobby Banks, son of Mr. and Mrs. Henry Banks, who was third.

The three were presented plaques Monday night at a regular meeting of the Jaycees.

They and 11 other teen-agers earned spots in the driving competition Sunday after taking written examinations earlier in the week.

Toughest problem in the driving competition at Furr's parking lot was a serpentine course laid out with barrels, through which the drivers had to go forward, then back up.

Many of the contestants lost valuable points when they struck the barrels while backing up, officials of the event said.

Others taking part in Sunday's meet were: Lena Naylor, Louis Clarida, Hol Clarida, Ronnie Vaughn, W. T. Egan, Larry Cox, Gordon Myers, Gloria Jean Blevins, Ronnie Williams, Othana Smith and Jack Robinson.

Congressional action and national affairs will be the topics for discussion Friday at a Chamber of Commerce membership luncheon.

The luncheon is scheduled at noon at Mac's Downtown Restaurant.

Wins \$250 Scholarship

LHS Girl Tops In State Bake-Off

STATE WINNER CONGRATULATED—High School Principal Glen D. Reeves congratulates May Belle Ayres, LHS sophomore, after reading the letter informing her she had ranked first in the state in the Pillsbury Bake-Off School Program. May Belle will be eligible to compete for national honors in the contest. (STAFF PHOTO)

"Oh, boy, now I can cook some more," was the reaction of May Belle Ayres, LHS sophomore, when she learned Monday that she had won state in the Pillsbury Bake-Off School Program.

May Belle, daughter of Mr. and Mrs. S. E. Ayres, will receive \$250 either as a grant for scholarship aid or for savings bonds, and a portable electric mixer. The home economics department of the school will also receive a mixer.

Mrs. Ray Keeling, May Belle's sponsor and home economics teacher, will receive a year's membership in the American Home Economics Association.

The Pillsbury Bake-Off School Program was established to encourage young people to think and work creatively in the art of good preparation, and to increase public recognition of the value of home economics education.

"We believe your school's participation in the programs and your student's achievement as a state winner have contributed greatly to these objectives," said Paul S. Gerot, president of the Pillsbury Company, in a letter.

Local bake-offs were first held in participating high schools throughout the country, under the direction of home economics teachers. May Belle was first a winner in her School Bake-Off.

May Belle will be eligible to compete for \$1,000 scholarship in the Pillsbury Grand National Bake-Off. Her original recipe in the contest was "tidbits", an appetizer.

"It is quite an honor to our school to have the state winner. We are all behind May Belle in our wishes for top honors at the National level," said Mrs. Keeling.

Letters To The Editor

May 16, 1959

Dear Mr. Turner,
You have been so nice to help us with our publicity this past year I can't help but express my personal appreciation. Thanks so much.

Sincerely,
Mrs. J. M. Farmer
Elementary P.T.A.

(Ed. Note: You're more than welcome, Ruth. I noticed that you stuck "Elementary" P.T.A. at the bottom of your letter. You're gonna make sure I don't get you mixed up again, aren't you? I think I've got it straight now.)

ing," the sergeant said. The man relaxed at once. "Ah, well," he smiled, "that's different. When do we start?"

Old Kenneth Reast has an announcement that should please area motorists in today's Leader. Phillips 66 now offers passenger tire recaps. He has already received 50 and will be able to offer both black and white walls in all sizes.

First Baptists To Hear Rev. W. D. Lawes Sunday

The speaker for both services this Sunday at the First Baptist Church will be the Rev. W. D. Lawes of Phoenix, Ariz. Rev. Lawes will be enroute home from the Southern Baptist Convention which is meeting this week in Louisville, Kentucky. He will be visiting in the home of the Pryor Hammons.

Rev. Lawes is the executive secretary of evangelism, Brotherhood and Royal Ambassador work for the Baptist General Convention of Arizona, which takes in the states of Arizona, Idaho, Utah and Nevada. He is in great demand over the Southern Baptist Convention area as an evangelist, and especially as a speaker to men's groups. He has just finished preaching in and directing a simultaneous revival effort among the churches of Canada at the request of the Home Mission Board of the Southern Baptist Convention.

Rev. Lawes was pastor of the First Baptist Church of Tucuman, New Mexico, from 1947 to 1954.

REV. W. D. LAWES

While he was pastor there the church baptized into its membership 797 people and built a new building.

Bingham, reporter; Mrs. Roy McQuatters Sr., federation secretary; Mrs. Kenneth, first vice-president; Mrs. T. W. Mackey, second vice-president; Mrs. Rayburns, president; Mrs. J. R. Fain, secretary; and also pictured is Mrs. T. L. Dunlap, calling officer.

MRS. T. L. DUNLAP is pictured with the plaque presented to her by the Woman's Club for setting a new record in the club. She has perfect attendance for five years, attended six district conventions, four state conventions and one general convention.

Breakfast Held Woman's Club

Approximately 100 women gathered for the 27th Annual Women's Club May Breakfast Saturday morning at the Community Center.

The "Fiesta" was the theme of the day and the center was decorated with flags of the several countries were represented.

The tables were decorated with cherry blossom trees, arrangements of iris and fruit. Plate favors were Japanese and American members wore representing nations.

Breakfast consisted of pineapple, sweet rolls, scrambled eggs, biscuits, jelly, coffee. The food was served by the Okene Home Demonstration.

Then Miss May discussed the different customs between her country, which is owned by Columbia, and this country. Particular emphasis was given to boy and girl relations. There is no formal dating, but their courtship takes place in the presence of the girl's family. She stated that couples here in the United States marry much younger than they do in her country. Generally couples wait until they are 25 because the boy has to buy the wedding dress, pay for the entire wedding and he has to build a house for them to live in.

Next she discussed the education system of the island. There is no co-educational schools on the island. There is one girls college, which is a convent, where girls may obtain a B. A. degree.

Miss May said she was brought to this country by missionaries. Her ambition is to go back to her country and work among her people and try to encourage education.

Mrs. J. R. Coen, president, gave her farewell address and paid tribute to her officers, committee chairmen and individual members for their loyal support during her administration.

Mrs. Coen presented the gavel to Mrs. Burns who dismissed the meeting.

Mrs. Jarnagin Feted Saturday On Birthday

Mrs. N. L. Jarnagin was honored on her 67th birthday Saturday by her granddaughter and husband, Mr. and Mrs. Dick MacDaniel, with a surprise birthday dinner.

Mrs. Jarnagin's cake was made in the numbers "67" trimmed with pink roses and orchid trim along the edge.

Those attending were Ernest Hood of Littlefield, Mr. and Mrs. J. A. Chester and Margie of Fieldton, the hostess and host and the honoree.

Mrs. Jarnagin opened her gifts after the dinner.

The members will report every morning of that week for rehearsal, instead of Tuesday and Thursday nights all the month of August, as has been done in the past.

The reveller was protesting loudly as he was dragged into the suburban police station. "It's an outrage!" he shouted, when he had calmed sufficiently to speak at all. "What's the meaning of this? Why was I arrested?"

THE ARMY WAS WRONG—Carried in Sunday's County-Wide News was a story and picture on Gerald R. Roberts, son of Mr. and Mrs. Oliver L. Roberts, 1110 W. 3rd St. The story came from the U. S. Army Air Defense School, Fort Bliss, Texas, where Specialist Roberts is an instructor. But the Army sent along the wrong picture. "We must admit to an unintentional error on our part as to the photograph we sent to you. It was of the wrong person," wrote an official in the public information office. "We are sending you the correct photograph and would appreciate your help in correcting our mistake." Gerald is shown above, all corrected.

(Continued from Page One) that is enough to prove my point, which is—A free economy, not socialism, gets ahead in today's world.

In recent years the advanced countries of the free world—and indeed the entire world, including even the U.S.S.R. — have been moving in the direction of enterprise democracy.

In spite of all this, the American people are being told that "big business rules in Washington and dominates every government decision to the downfall of the working man." In fact, this is one of the two major political party's campaign theme. If this is so, then what should we do? Should we break big business and put thousands of workers out of jobs? Should all the telephone companies, railroads, steel companies, oil companies, big food chains, and car manufacturers feel the heavy hand of a Giant Government, which in the guise of regulation seeks to take them over—one by one?

Should these enterprises which employ millions of workers be subjected to government by the politicians or by the politicians?

Does the following sound bad? As new plants and equipment are bought and production is increased, more employment opportunities are created for our growing population. Also, as labor increases its productivity, the worker earns higher and higher wages.

Of course it doesn't sound bad, because this is the American business system—the envy of the entire world. For here business men are free, labor unions are free, and the government intervenes to regulate only where there are abuses or, at times, to lend a hand.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

By Vern Sanford Texas Press Association AUSTIN, Tex. - Between now and the middle of June the Legislature has only one goal to shoot at - getting the state "Fiscally fit."

Gov. Price Daniel limited topics for the 30-day special session to (1) paying off the \$65,000,000 deficit from the 1958-59 biennium, (2) passing an appropriation bill for 1960-61 and (3) passing a tax program to cover appropriations.

When these things are taken care of, the governor indicated he might submit such items as the Hale-Aikin school program and medical payments for the aged. He favors both these programs, said Governor Daniel, but believes in taking "first things first."

To cover these "first" needs, the governor is pushing a tax program very similar to what he proposed last January. This includes the "bookkeeping bill" (it cut down the deficit by crediting more money to this year), a 3 per cent severance tax on natural gas, a higher corporation franchise tax and the abandoned property bill, under which the state would take over unclaimed bank accounts and property.

He is willing to revise the abandoned property bill to meet some of the objections that caused it to be defeated during the last session.

Absolute deadline for getting the money problems solved is September 1, when the state begins a new fiscal year. Unless new appropriations are provided by then, the government, including schools, hospitals, etc., will grind to a halt.

HOPE SPRINGS ETERNAL - Legislators are again asking the people for a pay raise - this time a more modest amount. A proposed constitutional amendment, approved on the last day of the regular session, would give

Sandhills Philosopher Doors That Won't Close Aren't New To Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm comes to the defense of the U. S. Senate this week. At least, that's what he claims.

Dear editor: A lot of people have been having a lot of fun laughing about the plight of the U. S. Senators in their new office building, on account of when the building was finished and they decided they wanted rugs on the floors over the rubber tile, they found they'd have to saw half an inch off the bottom 600 doors before they'd open and close.

Now everybody is having a field day over this, but I don't see why, and would like to come to the defense of the United States Senate. There's nothing wrong with sawing off the bottom of a door to make it close. I've been doing it for years.

If the Senators will come to my Johnson grass farm out here, I can show them a door that's not only had half an inch cut off the bottom, but two inches off the top and an inch off the side, and if the house settles in a different direction, I may have to saw some more off in some other place.

What a lot of people don't understand is that me and the U. S. Senate is that we've learned that you have to adapt yourself to life as you find it. I know some people would argue that instead of sawing off a door to make it fit after the house settles, it would be better to jack the house up and restore it to the same level it was when the door was first swung, but that's to the trouble with the world, it's always trying to retain the status quo when all us thinkers know life consists of constant change. Me and the Senate know that when the

The Big Quiz

Uncle Sam wants to know whether, if you farm, you have running water in your hogpen and whether you have a wooden or metal roof on your chickenhouse. The Census Bureau has begun coaching several thousand agents who will be around next fall to ask you those and 181 other questions about your farm and its operation.

About Your Health

The discarded nail was hidden in tall grass. The mower blade hit it and suddenly it was buried an inch deep along the shinbone of the 23-year-old Williamson County secretary.

Accidents of this type will be on the increase now - this is lawn-mowing time, you know - until fall weather brings a welcome respite from the weekly chore.

The State Department of Health does not keep statistics on non-fatal accidents, so the extent of injuries from carelessly handled power mowers is unknown. But a random check of private physicians and an emergency hospital confirms the fact that the number is considerable.

Like the man who stopped his car at the curb, intending to say hello to his perspiring neighbor busily mowing the grass. Neighbor wheels up with mower to return the greeting. Man in car-elbow resting on window - finds his forearm pinned to bicep with a five-inch piece of wire flung at him by the whirling blade.

Power equipment is a tremendous boon to the man who likes to keep his yard neat with a minimum of effort. But it takes constant concentration to do the job safely. Even experience is no substitute for concentration.

A garden club member in a major Texas city used to pride himself on his safe and sane use of power tools that helped him maintain the sharpest yard in the block.

But no more. One afternoon recently, while trimming his driveway with a power trimmer, he reached down to lift a bloom-laden branch of a rose bush out of the

ker. "We want the whole truth and nothing but the truth," he says. "All of the information, he promises, "will be for the use of the Census Bureau only."

None of it will divulged to such inquisitive people as the tax assessor or the income tax man. The census taker will be sworn to secrecy, too.

Many of the questions will be personal. Census will want to know how much money you made last year and where it came from. It'll want to know, for example, how much you owe your veterinarian, your lawyer, your bank, your hired help and your tax collector.

There is a chance, though, that although the debt questions are on the questionnaire they may be asked. Hurley admits "we're having a lot of squawks on that one and we may not be permitted to ask it."

It will take several months after the questions have been asked before the answers can be compiled into a complete report that will give the most accurate picture obtainable of what actually is going on down on the farm.

Don't, Hurley cautions, try to keep secrets from the census taker.

When he withdrew his hand two fingers were missing. "I wasn't alert," he wryly explained.

One of the most frequent mower accidents has this sequence: A stick or wire or rock jams between cutting bar and blade. The operator attempts to clear the jam without going to the trouble of killing the motor. Result: Badly cut or severed fingers when the surge of power spins the freed blade.

Most power mowers come equipped with safety guards. Trouble is that guards are removed by owner for one reason or another and never replaced.

But use one carelessly and you're liable to become a candidate for a quick trip to the emergency ward of City Hospital.

Whitharral G.A.'s Hold Coronation

WHITHARRAL - As a part of the G.A. Focus Week a presentation and coronation was held at the Whitharral Baptist Church Wednesday, May 13, for the members of the Girls' Auxiliary.

Mrs. Durham, Intermediate counselor, explained the meaning of the Girls' Auxiliary, the steps made by each girl in preparation for queenship, and the relationship to the W.M.U.

Mrs. Tom Burrus, G. A. Director, made each presentation and crowned her daughter, Marsha, Queen. Gayle Burrus was crownbearer. Misses Marvalynne Durham and Barbara Crews were organist and pianist.

The "Maidens" presented were Sandra Burris, Pat Ward, Judy Wade, Sue Barbee, and Sherry Adams.

Mrs. Reed Honored With Housewarming
