## "BIG TREES" (SEQUOIA GIGANTEA)

AT ONE TIME, THE BIG TREES THRIVED IN THE NORTH TEMPERATE ZONE OF BOTH HEMISPHERES. NOW THEY ARE TO BE FOUND ONLY IN A SMALL AREA ON THE WESTERN SLOPE OF THE CALIFORNIA SIERRAS.

SOME OF THE TREES STANDING IN THIS AREA WERE LARGE TREES THOUSANDS OF YEARS BEFORE CHRIST WAS BORN.

The **GENERAL SHERMAN TREE**, WHICH STANDS IN SEQUOIA NATIONAL PARK, IS CONSIDERED THE WORLD'S LARGEST LIVING THING. IT IS KNOWN TO BE THOUSANDS OF YEARS OLD AND HAS AN ESTIMATED WEIGHT OF 6,000 TONS.

FOREST FIRES HAVE LITTLE EFFECT ON THE THICK-BARKED GIANTS OF THE PLANT WORLD.

EVEN THE SEEDS OF THE BIG TREE SEEM INDESTRUCTIBLE.

CONES WHICH ESCAPE THE DRYING EYES OF SQUIRRELS MAY HANG ON THE TREES FOR YEARS - THE SEEDS RETAINING THEIR POWERS OF GERMINATION.

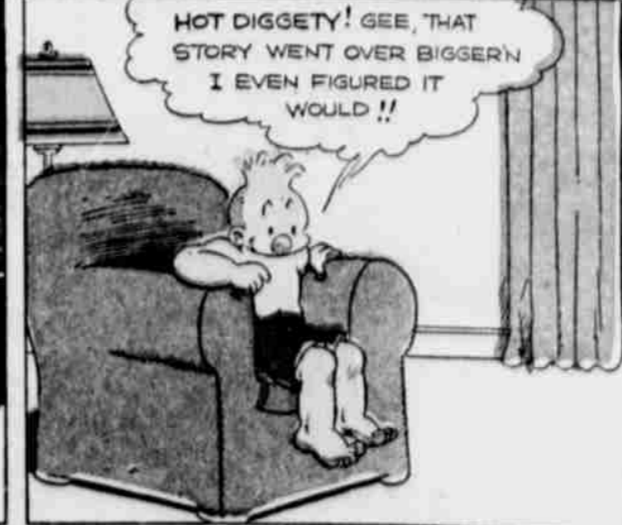

LIGHTNING MAY SHATTER THE CROWN OF A BIG TREE, TIME AFTER TIME, BUT NEW GROWTH REPLACES THE SHATTERED LIMBS.

## Signups of 1935 Cotton Program Will Start Soon After March 1

### CONTRACTS TO BE HANDLED IN SAME MANNER AS IN 1934

#### Non-Signers of Last Year Will Get To Sign In 1935

Soon after March 1 the signup for the 1935 cotton program will begin through the local committees that were recently elected at the Farm Association meetings, in much the same manner as was handled last year. Every farmer who had a contract for the year 1934 will have to sign a form for the year 1935 indicating the percentage of reduction he wishes to reduce.

All farmers who did not have contracts in the year 1934 will have the opportunity to sign up for the year 1935 on the same basis as the 1934 signers. Farmers who intend to sign up, who have not had contracts, should be getting the production figures together for each of the years 1928 through 1932.

The figures as turned in on the Bankhead application can be used for this purpose. All farmers who have moved to a new farm will have a change of legal status and will be handled through the local committees as will all the other papers, states D. A. Adam, county agent.

"The regulations for the 1935 cotton signup require that all the adjusted acreages and yields per acre as accepted by producers in 1934 contracts will have to be posted for inspection by the producers in the various communities," states Millard Phillips, Chairman Lamb County Cotton Committee. The purpose of this being to make it possible to find out information in regard to those contracts that are too high and those that are too low so that amendments can be made. These figures will be posted through Thursday afternoon, February 21 in a public place in each community and will remain posted through Saturday, March 2, during which period amendments will be made by the County Committee. All farmers wishing to appear before the County Committee to present their cases will have the opportunity of doing so from March 5 through March 9, states Millard Phillips. The County Committee will be in session at the County Agent's office during the above mentioned time.

Farmers desiring amendments will have to present proof beyond any reasonable doubt that will show that there has been some mistake made in their contract, or that the figures that were turned in to start with were wrong or that an injustice has been done under some similar circumstances, as mentioned above. Complaints that are made against contracts that are too high should be accompanied by some sort of proof that will beyond any reasonable doubt show that these contracts are too high. Just hearsay or what a person might think cannot be accepted by the County Committee.

G. A. Dunn, Jr., and Robert Bigham left late Wednesday for Dallas on business. They will return Saturday.

## GRANT ASKED ON CITY PARK WORK IS SENT TO C W A

### Two Parks To Be Improved If Civil Works Funds Are Alloted

Application to Civil Works Administration for backing on a beautification project sought for two city parks is now in the hands of CWA officials at Austin, Mayor L. R. Crockett said Tuesday.

Application calls for 30 days work for some 22 men. Plans are to replace several trees in the City Hall Park with another variety, probably Chinese Elm, and to plant trees in Littlefield's Laguna Park on the city's southwest edge. Grass will be set out in both parks, and picnicking spots will be laid out in Laguna Park.

Word from Austin about possible funds to finance the project should arrive within 10 days, Mayor Crockett said.

KITTIES TO SOUTHLAND  
Coach Robnette's Kitties were scheduled for a trip to Southland Monday to repay Friday night's honors when Southland came here. Eleven girls slated to make the trip were Opal and Oma Carpenter, Mason, Willis, Dunn and Hays, forwards, and Kimmel, McCurry, Edwards, Wharton and Gillette, guard.

### E. A. Bills Is Head of New Unit Here; Committee Will Be Selected

At the weekly luncheon meeting of the local Chamber of Commerce Tuesday noon, over which J. S. Hilliard, vice-president, presided, Mayor Crockett gave an outline of several improvement projects planned to beautify and improve Littlefield.

He reported that the City Commission had made application for CWA funds through the County Administrator, F. A. Loyd, to be used in beautifying and improving parks, including culling out the trees in the City Park, the planting of about 250 additional shade trees; planting grass, fixing a picnic ground, etc. stating that the Commission had asked for twenty men for thirty days work. Mayor Crockett said that this work, on which only local men would be used, would aid unemployment here, and would begin in about two weeks time.

Mayor Crockett also reported on the new water works, stating they made a test of the newly drilled well, that it was pumping 650 gallons, but believed it would make between 800 and 1000 gallons a minute; and that this was four times the capacity of water the City had been pumping from the four old wells. This new well, Mr. Crockett pointed out was 136 feet deep.

The Mayor also stated that he believed it would become possible with the new water system to reduce the water rates, at least for irrigation purposes, so that the citizens might irrigate their gardens, flowers, shrubs, etc.

He also reported that the City was working out a refinancing program for their indebtedness, whereby they would be able to reduce the principal and get a lower rate of interest.

E. A. Bills addressed the booster group on the Federal Housing Act program, stating he had been appointed Chairman for Littlefield by

## GINNERS INDORSE COTTON-OIL MILL PLAN IN MEETING

### Wheeler Man Will Submit Contract Forms For Pledging Money

Ginnners interested in the proposed establishment of a cotton-oil mill here met at the Littlefield city hall last Thursday to indorse the project forwarded by M. A. Wadworth and his Wheeler, Texas, associates.

Contract forms to be signed by some 400 persons in this area to raise \$15,000 of the \$75,000 required for backing are being drawn up by Mr. Wadworth at Wheeler and should be submitted here before March 1, it has been said. Wadworth and his associates are to supply the other \$60,000, under the law.

While no actual agreement to the Wadworth plan has been made, close consideration is indicated. A local cotton-oil committee is headed by A. R. Hendricks and includes Pat Boone, J. T. Elms and H. S. Crews.

## SCHOOL BOARD TO ENTER SUIT ON BACK TAXES

### Attorney To Collect Fees In Arrears To 1929 After March 1

The Littlefield Independent School board will enter suit soon against tax payers who are delinquent on taxes up to and including 1929, according to Board Secretary Carl Arnold.

Delinquent tax payers will be given until March 1 to pay back taxes. After that period, all back accounts will be turned over to T. Wade Potter, local attorney, for collection, Secretary Arnold said.

## SOFTBALL POWERS TO GATHER IN ATHLETIC BOOSTER MEET TONITE

Anticipating the softball season, the Littlefield Athletic Booster association, nearly a year old this week, will convene in the city hall tonight to elect officers and a board of directors for 1935, according to President C. O. Stone. Meeting is called for 7:30.

Officers now serving besides Mr. Stone are E. C. Cundiff, vice president, and Dr. Wm. N. Orr, secretary treasurer. On the Booster board of directors are E. S. Rowe, Pat Boone, D. G. Hobbs, Ed Seely, Carl Arnold, W. N. Busey, W. H. Madden and Honorary Member L. T. Barksdale. Mr. Madden is also presi-

dent of the City Softball league. While tonight's plans do not call for settling actual softball preliminaries, team captains intend to be on hand and softball will be talked. As the situation now stands, eight teams in the league last year will remain intact, although some accommodation might be arranged for several others who want to enter the association.

Talk of employing a smaller ball to speed up the game is spreading rapidly. Plans for arrangement of lights for night playing will probably come in for a share of discussion.

We Do Our Part

## A BRAVE WOMAN

We take off our hat to Mrs. Irene Davis of Greenville, Alabama. We pass our especial compliments to the citizens of her community who were so understanding as to recognize in her an example of the fundamental American qualities.

They gave her a silver cup a couple of weeks ago, on which was engraved the sentiment that Irene Davis is one of Alabama's greatest women. She didn't lead any campaign to abolish anything, nor run for public office, nor win a prize in a beauty contest, nor any of the other things that so many women do to bring themselves notoriety if not approval.

Nobody ever heard of Irene Davis, outside of her own neighbors, a year ago. Only the relief workers knew she was a widow with three children and a lot of debts. She didn't ask for any "relief" except a chance to dig her own subsistence and that of her children out of the ground. So she was fixed up with an eight-acre piece of land, with a tumble-down house on it, and went to it. Relief Administration provided seed, feed, fertilizer, groceries and clothing on the chance that she could pay for them out of what she got off the little farm. She borrowed a mule from a neighbor to do her plowing. Rather, she rented the mule by the day, for every day the mule worked she or her 14-year old boy worked for the mule's owner.

In the story-books, that sort of determination always wins. There are a lot of folks these days who have the idea that patience, industry, thrift and the old-fashioned virtues don't pay any more. They do pay, and they paid in Mrs. Davis' case. Besides a living for herself and family, she got enough out of the soil the first season to pay off the advances made by the relief administration and leave something over. And when the story of her achievement got around, the citizens of Greenville and other parts of the State got together and gave her that silver cup.

To us there is the strongest kind of an inspiration in Mrs. Davis' feat. So long as that spirit of independence, of willingness to face hardship and toil rather than to be a burden upon the community continues to exist, even in a small degree, among American women, we have no fear for the nation which their sons and daughters will inherit.

## LAST RITES FOR BULA RESIDENT SATURDAY

### G. C. Terry Passes Away Following Lengthy Illness

Funeral services were conducted Saturday morning at eleven o'clock at the Methodist church, Bula, for G. C. Terry, aged 61, who passed away at his home in that community Friday at 6:18 o'clock, following a lengthy illness.

Mr. Terry had been in ill health for the past two years, but became worse about two weeks prior to his death. High blood pressure and hardening of the arteries was given as the cause of his death.

### Rules Announced For Ready Writers Event

The name of the Essay Writing Contest of the Interscholastic League has been changed to "Ready Writers Contest," according to Mrs. Hazel Reeves Lee who has been elected Director of the contest for this county.

"The old name suggested a more formal composition than the rules of the contest contemplate, and hence it has been deemed wise to change the name to make it conform more closely to the composition that is required.

Mrs. Lee pointed out "The topics that are issued for use are all within the range of the average pupil's study, observation and experience, and hence no preparation of subject matter is necessary. The preparation required is practice in writing and writing readily, that is, organizing and presenting a subject in the most effective way." She said "Punctuation, spelling, paragraphing, and other items on the formal side are, of course, taken into consideration in grading the papers. Some of the topics call for narrative, some for argument, others for exposition, and so on. The pupil is given five topics from which he may choose one as the subject of his composition.

"Winners in the county meet are qualified for participation in the district meet, and winners in the district go to the regional meet for further competition and for qualification to the state meet," Mrs. Lee declared.

John Witt Hendrix, Pastor  
Why is it that some people work all week in their place and then want to stay around it all the Sabbath, is a thing we can't understand. It really would seem that they would like to get away, wash up, shave and put on a clean shirt, some fresh comfortable clothes. It is difficult to see why it is not a desirable diversion to take an excursion out to church, meet some neighbors, and take some spiritual refreshment.  
MORNING OFFERINGS:  
At 9:45 the Church school opens. The kiddies will have their own worship period, to suit their own age group, in their chapel. The adults will have their opening worship in the main auditorium. Don't miss it.

#### Clovis Ministers Guests at Muleshoe Meeting Monday

The Ministerial Alliance of Lamb and Bailey Counties met with the Muleshoe Ministers last Monday, with the pastors representing the Clovis Ministers Alliance as guests. The meeting was one of the best attended since the Alliance was organized.  
Three of the Clovis Ministers were heard on the program. Rev. Clyde Cahpbell, pastor of the First Methodist church of Clovis opened the meeting with a Devotional sermon. Rev. Campbell expressed the delight of the Clovis Alliance in having the opportunity of meeting with the Texas Ministers. Rev. White, pastor First Presbyterian Church, Clovis, spoke on the work of the Alliance urging careful procedure in handling the many problems necessary to be handled by the ministers, and Rev. J. F. Nix, pastor First Baptist Church, Clovis, closed the meeting with an inspirational address.  
During the business session several items of interest were discussed, among them being what is known as Bank Night now practiced by picture shows. A motion was passed setting the disapproval of the Alliance on the practice and the corresponding secretary was instructed to cause to be published in the papers of the counties such notice. The practice will be investigated as to its legality at once.  
The meeting not only was well attended but was a real inspirational meeting. The pastors from our neighbor state having problems like ours, not only spoke encouraging words but offered suggestions that will be beneficial in future as we meet our problems. An invitation was extended the ministers to meet with the Clovis Alliance in the near future. The day closed with a luncheon served by the Motherall Cafe. The next meeting will be held with the Janes Methodist church Monday, March 4.  
Joe F. Grizzle, Cor. Sec'y.

### SPORT WORLD

By BILL NORRIS

**WOODY H. WALKER STEVENS LAYFIELD CLAUNCH**

No. Roscoe, the above list is not survivors of a Christmas shopping rush. It is what happened after six City League team managers had weighed in the sacks on the basketball season here. It is the cream of the cage crop.

About fifty young men tried to make this list, and according to League President Pat Boone, it was hard to keep from putting all of them on the favored list of 12. Here are second choices:

Yantis, Hanes, Aldridge, Barksdale, Edwards, Hobbs, McKnight

Players were picked by a ballot of Managers E. C. Cundiff, Faculty: Bob Cox, Firemen; G. A. Dunn, Jr., Flyers; L. T. Barksdale, Wildcats; Burney Howton, Ex-Students. A vote for first place counted five points, for second place, three points.

"This system is as sound as we could employ, insofar as asking team managers to make the selections is concerned," declared Mr. Boone later. "A lot of fine material made the choice difficult for managers, and we hope you like the final selection."

Turnout for track and field this week wasn't overly encouraging. While there are four good prospects in sight today, it might be a different story before long. Next week's thinciad turnout will either brighten or darken the entire Littlefield track and field horizon.

But the biggest news of the week, say both fans and players alike, is tonight's meeting at the city hall to organize for the softball season. Indications are that the team entry list this year will be twice as big as last season. New rules will make the game more interesting, and a proposed smaller ball should make it a lot faster and more exciting.

This meeting tonight is important. Come aravin', and if you have any 1935 ideas for soft-

### How Olton Hi Fared At County Tourney Shown

Olton Hi Cagers amassed 202 points in five games, committed 43 personals scored 35 free shots and missed 47 free shots in winning the County basketball tournament, figures submitted by Prin. E. J. Moore, Olton schools, reveal.

These figures cover the five games played. Gray was high point man for Olton with 66 points. Hair followed with 57, Nixon scored 37, Richards 30, and Lain picked up 12 points.

ball, bring 'em along. They'll be considered.

To Bob McKnight, with 23 tosses tried and 17 made, goes the Free Throw trophy donated by the Athletic Council and Coach Barksdale in a contest sponsored for Wildcats by this department. Bob's final standing was 739. Wilson's 1000, result of one successful shot, was naturally discounted. Other final standings are on last week's Leader sport page.

To Sunnydale goes the City League season blanket, after some six teams had played some 28 games on some 15 different evenings, providing entertainment for some 3,750 fans. (This took some figuring.)

Incidentally, a Sunnydaler, stocky little Claunch, was the only All-League choice who rated five votes for first place.

At last, Coach Robnette's Kitties get another crack at Shallowater, conceded to be the fastest girls cage team in the district, (16 counties.) A close noseout in an earlier game with Shallowater, under slightly adverse conditions for the Kitties, leads Coach Naomi to believe her girls can beat the Lubbock county six this time.

Thursday night's game at Shallowater will vindicate her belief, she said Tuesday. Let's hope it pans out.

Olton's long-legged youths will open fire on the District 2 basketball front Friday. The splendid Tech Matador floor will be the battle ground, and Dickens county champs, as yet unannounced, will furnish the opposition in the first round.

A tough break for Littlefield knocked Wildcat chances kicking when the Cats, one down in the finals, might have come back to win. It was a blameless occurrence on all sides. Better luck next year, Wildcats.

Unable to stave off another cosmic urge, we again flower into verse. It's just too, too ducky. Make yourself comfortable.

NEW YORK . . . Above is Europe's latest bidder for the world heavyweight championship crown. He is Jack Doyle, Irish fighter who is here seeking a match with Champion Max Baer, or at least battles which will lead up to a title scrap.

### KITTIES AND SPADE IN COUNTY CAGE CHAMPIONSHIP

Littlefield and Spade Hi ladies of the court were slated to tangle here at 8 p. m. Wednesday night to determine which team would represent Lamb County in the District 2 tournament on the Wilson boards March 1-2.

Chances for Coach Lois Butler's girls, long powerful in county basketball, appear better than ever since the Bird-Nabors combine has begun to hit the loop with steady regularity in their last five games. Brown, other forward, is an offensive whiz. Dennis Huckabee and Tucker provide a strong defensive bulwark.

Fresh from a victory over Southland, which once beat Shallowater, Coach Robnette's Kitties were slight favorites. Carpenter sisters and Mason are clicking forwards. Beside the Kimmel-Edwards McCrory defense machine, Coach Robnette has such material on the bench as Willis, Dunn, Hays, Wharton and Gillette.

See front page for final score of this championship game.

### SPADE LOSES TWO-GAME SERIES; WILDCATS RULED OUT OF FINALS

#### Southland Takes Rap In 41-23 Kitty Match

Flattening cage tradition, Littlefield's intrepid Kitties speared the advances of a strong Southland sextet in the hoped-for manner here Friday evening. The carnage ended with Southland on the bottom of a 41-23 count.

The highly touted Southland offensive which once smeared the topnotch Shallowater guarding department, was completely through combined defensive efforts of Kitty regulars Kimmel, McCurry and Edwards. In the interim, Forwards Opal and Oma Carpenter, and Genave Mason piled up 16, 13 and 12 points in the order named.

The refreshed Southland six came back in the last half with 17 points as against the Kitties' 16, out too late to offset the margin. Score at the half was 25-6 for Littlefield.

#### Robineters To Play Shallowater There

The Littlefield Kitties will have their last chance, other than possibly in the District meet, to prove Coach Robnette's contention that her girls can beat Shallowater when the home girls take a jaunt to Shallowater Thursday night.

The ladies of Shallowater, said to be faster than any six on the South Plains, have drubbed Littlefield once, the only time the two have clashed. But since then, the Kitties have beaten Southland which once trounced Shallowater. Thursday night will see a more evenly matched contest.

#### ALL-STARS LOSE

Littlefield's All Star girls took a 15-11 rap from the fast Sudan Independents following the Kitty-Southland game last Friday night. Fortune switched back and forth all evening, until a thrust drove Sudan in first. All Star defense in the first half featured the affair.

#### Olton Hi's versatile cage artist walked away for the second time in two years with Lamb county's basketball championship, and the right to represent this county at the district meet at Lubbock this week-end, after handing the Spade quiet decisive 24-17 and 34-27 lickings Thursday at Olton and Saturday at Spade.

Littlefield, after playing one game of the finals here, were ruled out on a technicality involving playing of an ineligible man. As the affair occurred without knowledge of officials, no blame was forthcoming. Spade, eliminated in early rounds, was allowed to compete as the other finalist.

Summary of Olton's progress includes a 41-21 victory over Sudan, 59-21 win from Fieldton, 46-31 game against Littlefield, and the victories over Spade in the final. Biggest tourney surprise was Fieldton's 20-18 upset of Spring Lake.

To Littlefield goes credit for playing the fastest and smoothest basketball in the 40-27 Wildcat win over Spade. Fumbles and bad passes took a big part of the thrill out of the 24-17 Olton-Spade game at Olton in the finals. Gray shone for Olton with eight points and Cook turned top performance for Spade with nine points.

Olton will engage the Dickens county champions, as yet unannounced, in the first round playoff of the District 2 meet at Lubbock Friday at 12 noon, according to Olton Hi Principal E. J. Moore.

#### Sudan Athletes Getting Ready for County Meet

(Special to Leader)  
The Sudan High school Athletes have turned from basketball for the present to get ready for the County Meet to be held at Olton the last week in March.  
Supt. Biggers is starting his workouts in volley ball and has a good squad reporting. Coach Tucker is working daily with the track team. Z. B. Lee is working with the girls playground ball team and J. A. Lee is working with the boys' team.

### TRACK AND FIELD OUTLOOK HAS BARKSDALE DOWN IN MOUTH AS THINCLADS SHOW UP FOR WORK

Coach Brack Barksdale, lean-jawed Littlefield athletic mentor, is not overly optimistic about track and field prospects for the season now getting under way, he revealed following Monday workouts by a handful of candidates.

"While thinciad competition has never attracted the following of other Littlefield Hi sports, the outlook this year is gloomier than at this time last season," Coach Barksdale said.

While no meet has been arranged as yet, tentative plans call for a duel meet or two, before the county meet, the district and, if it works out, the regional. Last year's activities included a joust with Whitharhal as well as district competition.

L. V. Pierce, lanky blond-headed Wildcat who battled his way last year to the regional at Canyon in the pole vault, will be back in the saddle to better his mark of 10 and a half feet. Pierce, a senior, appears to be the best Wildcat bet in field work this year.

Cecil Hall, strapping high jumper, cleared the bar at five feet seven inches last year. Hall was a district entry, but is not as yet a certain candidate for honors this season. O. K. Yantis, diminutive and chunky, stepped the quarter-mile in the early fifties in 1934 but didn't finish the season. He, also, is uncertain about coming workouts.

Should Bob McKnight don his hurdling trunks again, the Wildcat low-sticks department would be augmented. Littlefield is short both in this event and several others.

### District Coaches Will Fix Pairings For Girls Games

Coaches and representatives of girls cage teams in 16 counties will gather in the Hilton Hotel at 1 p. m. Saturday, Feb. 23, to select referees and draw for bracket places in the District 2 basketball tournament, announced Secretary Naomi Robnette, Kitty coach, Monday.

Championship teams from the following counties are eligible to compete: Terry, Dickens, Crosby, Floyd, Dawson, Lamb, Hockley, Garza, Lubbock, Lynn, Cochran, Yoakum, Borden, Gaines, Bailey and Hale. Interscholastic League rules will determine eligibility of players, Miss Robnette said.

When in doubt try THAXTON BROS.

### South Plains Golf League Will Meet

With Spring in the air, Littlefield golfers unslung their warclubs in heavier numbers this week while Club Secretary A. R. Hendricks prepared to attend an organization meeting of the South Plains Golf league Sunday at Lubbock.

Plans are to bring three other cities into the league, it is said. The present six-town association includes Littlefield, Brownfield, Slaton, Petersburg and two clubs at subbook.

### KITTIES TO MULESHOE

Littlefield's Kitties will go to Muleshoe Saturday night to return recent Muleshoe courtesies. About 11 girls will make the trip.

Since each team has beaten the other once in two encounters this season, Saturday's affair should bring out quite a spot of color in the way of feminine cage tactics. Muleshoe nosed out the Kitties, 60-57, at the Sudan tourney late in January. The Kitties won the first engagement, 31 to 23, on the Littlefield floor early in December.

EIGHTH INSTALMENT

SYNOPSIS . . . Ellen Church, 17 years old, finds herself alone in the world with her artist mother's last warning ringing in her ears, to "love lightly."

car was waiting, at the curb? Ellen was wrenching herself free from Dick's grasp. Was beginning to shake again, to shake as if she were chilled, as if she were feverish.

"I'd advise you to shut up, old man," said Dick, sternly. "I don't blame you in a way, but there's something here that neither you nor I understand. Only this—you said it—laughing's all that Ellen can do, just now. If you haven't enough sense to see it, if Clare isn't woman enough to get it, I do. The kid's at the end of her rope.

But at any moment it might be Tony! For hadn't Clare said that his

how glum! And he has blue eyes and a swell sunburn, and the snappiest red Roll-Royce in the city."

But Dick was insisting, himself. "What's his name, Ellen?" he questioned. "I'd like to know, myself."

Ellen had relaxed hopelessly against Dick. At the moment nothing was any use, any more. Suddenly she was more tired than she had ever been in all of her life—and older, too.

"His name is Tony Brander," she said. "Anthony Brander, the sugar man, was his father."

Claire yawned. The yawn was far too elaborate to be plausible. "Nothing of the piker about you," she said, "is there?"

Sandy whistled. "One of those!" he said. "Saw his picture snapped at the races, in Vogue last month. He's an cephan, they said."

Claire laughed. "What a break!" she murmured.

But Dick didn't say anything for a moment. In fact, his silence made the whole studio seem silent. So silent that the clock, chiming five-forty-five, seemed only an echo to the knock upon the studio door.

Claire was the one who called a summons. It wasn't her studio, but she was like that.

And then Tony walked into the room. There was a narrow white line around his mouth as he looked across Ellen's head, into the eyes of the man who was holding her. Ellen, with her face twisted back awkwardly so she could watch across her shoulder, noticed that line and wondered about it, mutely.

But it was Dick that spoke. "This is my place," he said. "I'm Alven. You—you haven't been here before, ever. Who are you?"

Tony's voice was so steady when he answered that it was almost absurd. "It may be your place," he said, "but it's my wife you're holding in your arms. My wife! Funny, isn't it?"

You could have cut through the atmosphere of Dick's studio with a knife, the air was so thick with conflicting emotions. They were such mixed emotions that, though the hysteria rose again in Ellen's mind, she couldn't even laugh. It wasn't possible any more to do anything so simple as to laugh!

Again, by some miraculous change she wasn't a part of the thing. She was standing on the side lines, she was reading from a printed page. These people—she didn't know them. Not Dick, with his face gone suddenly old and greenish in its pallor. Not Tony, her Tony, with pain locking out of his eyes at her. Not Sandy, with his mouth hanging, ever so slightly, open.

Only Claire retained her nonchalance. "So?" said Claire. And then languidly she rose from the sofa and strolled across the room toward Tony. And extended to him a pink-tipped white hand.

"Congratulations," she said. "I suppose they're in order." Tony wasn't seeing Claire—he was staring at Ellen, though Ellen wasn't in Dick's arms any more.

"I suppose," said Tony, "that they are." It was then that Dick spoke. Dick, with a vague color coming back into his cheeks—Dick, with a great effort, justifying a girl's three-year faith in him.

He advanced toward Tony and extended his hand. "I can't pretend that I'm not shocked by this news," he told Tony. "Ellen is very dear to me. She's been rather like a little sister. I feel that I'd have liked knowing, slightly better, the man she married. But you look awfully regular, Brander," his voice wavered, "and I know, sudden as it seems, that Ellen must care for you very deeply. And I'm sure, very sure, that you'll be good to her."

Tony was flushing. He was very young at the moment. He took the proffered hand. "You can't blame me," he said grimly, "for wondering. It seemed rather strange. Ellen asked me to wait for her at five, at the door, and she didn't come. And then—"

swiftly his two hands had enfolded Ellen's outflung hands. "Oh," he said quite airily, "Oh, we've known each other for centuries. When," Ellen was stunned to hear him quote the line, "when she was a tadpole and I was a fish—"

"When the world," she said, "was even wetter than it is now!" Sandy was laughing too. "Speaking," he said, "of wet worlds, I think this calls for a party!"

Party? Ellen wanted to scream out at the thought of a party. "Oh—no party!" she murmured. But Dick, with his white face oddly aloof, was the one who failed her. "Certainly a party!" he said.

Ellen, buttoning her straight little blue crepe dress, paused. Tony's friends—why, she'd never even stopped to consider Tony's friends! **NOTE "DIRECTIONS PICTURED"**

The simple method pictured here is the way many doctors now treat colds and the aches and pains cold bring with them!  
 It is recognized as a safe, sure, QUICK way. For it will relieve an ordinary cold almost as fast as you caught it.  
 Ask your doctor about this. And when you buy, be sure that you get the real BAYER Aspirin Tablets. They dissolve (disintegrate) almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine Bayer Aspirin Tablets disintegrate with speed and completeness, leaving no irritating particles or grittiness.  
 BAYER Aspirin prices have been decisively reduced on all sizes, so there's no point now in accepting other than the real Bayer article you want.

#### And Notice of City's Intention to Issue Water Revenue Bonds

Sealed proposals addressed to the Hon. Mayor and City Commission of the City of Littlefield, Texas, will be received at the office of W. G. Street, City Secretary of the City of Littlefield, Texas, up to 11:00 o'clock A. M., February 28, 1935, at which time said proposals for furnishing all materials, apparatus, appliances, tools, equipment and labor necessary for the construction of a **WATER SYSTEM ADDITIONS** in accordance with the plans, specifications and instructions to bidders, prepared by H. N. Roberts, Engineer, consisting of a well, supply line, Internal Combustion Engine pumping station, transmission line to wells and appurtenances, will be publicly opened and read and referred to the City Commission, the consulting engineer and the state engineer, P. W. A. for their action.

The successful bidder will be required to enter into contract with the City of Littlefield, while will contain provisions conforming to the requirements of the Federal Emergency Administration of Public Works as set out in its Bulletin No. 2, revised March 3, 1934, and the construction provisions of the Loan and Grant Agreement.

Bidders may bid upon any or all of the four divisions of the project. A certified check payable without recourse to L. R. Crockett, Mayor, or an acceptable proposal bond, in an amount equal to not less than 5% of the total bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into a contract with the City of Littlefield as outlined in the specifications and instructions to bidders. A performance bond, in an amount of one hundred per cent (100%) of the contract price and a separate and distinct labor bond in an amount equal to the estimated largest aggregate payroll in any one month will be required.

"Without exception, no bid will be considered unless it includes or is accompanied by a certificate (worded in accordance with P. W. A. 61, Revised March 19, 1934) duly executed by the bidder stating that the bidder is complying with and will continue to comply with each approved code of fair competition to which he is subject, and if engaged in any trade or industry for which there is no approved code of fair competition; then stating that as to such trade or industry he has become a part to and is complying with and will continue to comply with an agreement with the President (President's Re-employment Agreement) under section 4(a) of the National Recovery Act."

The City reserves the right to reject any and all bids.  
"The Contract price will be paid by the City in cash, but to provide the City with part of the funds necessary the City Commission did on September 10, 1934, pass an Ordinance authorizing the issuance of revenue bonds, secured by a pledge of the revenue of its water system in accordance with Articles 1111-1118, both inclusive, 1925 Revised Statutes of Texas, as amended, to be issued in the maximum amount of \$39,000.00 bearing 4 per cent interest, maturing serially, having a maximum maturity date of 1964, with provisions that the holders thereof shall never have the right to demand payment out of funds raised or to be raised by taxation. Said bonds begin under contract of sale to the U. S. Government.  
In making awards the Mayor and City Commission will consider the financial responsibility, construction experience and equipment of the several bidders; bidders are required to

The school who wish may obtain this same good lunch for ten and fifteen cents. It is interesting, indeed, to view the School Cafeteria at the twelve o'clock hour, when over two hundred hungry children go there for the noon day meal.

The members of the P. T. A. feel that they are fortunate to have Mr. and Mrs. Spinks take care of this division of service. They have ever shown their interest in child welfare by their careful attention to the foods served our children.

All members of the P. T. A. are invited to call any day at the lunch hour and observe the efficient service which is being rendered.

Mr. and Mrs. Spinks began serving these hot lunches on November 27, 1934. They keep a careful check of all children served and the relief furnishes the funds for buying the foods under the supervision of P. T. A.

# CO-OPERATION IS PROMISED IN "FLOATING STORE" BILL

G. M. Shaw, Chairman of a Committee organized some time ago for the purpose of seeking legislature requiring special taxation imposed on floating stores, which open during rush seasons, and close before January 1, when taxes are levied, reports receipt of a letter from Senator Arthur P. Duggan, as follows:

"You will find enclosed a printed copy of Senate Bill No. 188 known as the 'Itinerant Merchants Bill.' This bill was to have been considered by the State Affairs Committee here last Thursday. Quite a number of interested people came from San Antonio, Houston, and other places, supporting the bill. The Senate, however, got into one of its executive sessions that afternoon and did not get through until nearly six o'clock. That is one of the reasons that I hesitate to ask you to bring a committee down here. I would hate to have you go to that expense and then maybe not be heard."

"This bill is set for special hearing before this same committee this afternoon at two o'clock. I will keep you advised as to the progress that is being made."

Mr. Shaw has been putting in considerable work in the interest of this Itinerant Merchants Bill, and Wednesday returned from a business trip to Fort Worth. He was accompanied to that city by Joe Salem, Dry Goods merchant of Sudan, who with Mr. Shaw, interviewed the officials of the Chambers of Commerce, and merchants, in many of the intervening cities, and were promised the fullest cooperation in the effort to secure the passing of this Floating Store bill.

Mr. Shaw, Leonard Thedford, and T. S. Sales, members of this special committee, accompanied by Dr. Ira Woods and other Littlefield business men, plan on going to Amarillo this afternoon to interview the Board of Development in that city, in an effort to secure their assistance in the work.

# All Stars Bow To Whitharral Indies In 19-18 Cage Tilt

By Lois H. Vestal (Special to Leader)

Littlefield's independent all-star girls were handed a hard fought 19-18 defeat by the Whitharral independents on the Magnificent new Whitharral high school court on Monday night of last week.

Myrtle Robinette's five goals and four thrown by Thelmo Hukel accounted for Littlefield scores in the heart-breaking see-saw affair which saw the tide favoring first one team then the other until the final 10 seconds of play. Horn and Allsup, Whitharral forwards, picked up four and three field shots.

Other Littlefield girls who saw action were Fern Thornton at forward and Hazel Hobson, Ina Belle Wharton, Corine Alexander and Iris New at guards. Completing the Whitharral lineup were Bishop, Hukel, and Crownover, forwards, and Dowden, Erkenbreck and Dyer, guards.

Levelland 27, Whitharral 24. Whitharral forced the powerful Levelland Lobos to an overtime period before taking a 27-24 licking as the other feature on the twin-bill at Whitharral Monday night a week ago. A free toss by Burnett, Star Lobo forward, knotted the count at 22-all as the fourth quarter closed, forcing the extra five minutes.

**STOLEN CAR RECOVERED**
