**Accident Fatal Conductor**

Funeral services for W. P. (Sipe) Shelton, 54-year-old Santa Fe freight conductor who was killed in a train accident near the local depot Friday afternoon, were held at 3 p. m. today in the Slaton Methodist church. Rev. C. W. Gordon, pastor, officiated.

Shelton, a conductor who had been making the run through Littlefield for the past 20 years, was killed at 5:10 p. m. when he stepped into a moving freight train. He was switching on the local tracks. He had arrived here about 5 p. m., and was engaged in switching a local freight, when the accident occurred. The Clovis-bound engine had arrived here a few minutes before the accident happened. H. C. Pumphrey, local Santa Fe agent, reported. Shelton was killed as he tried to get on the moving train. Dr. T. B. and Dr. R. E. Hunt, who arrived on the scene a short time after the accident, reported that Shelton was killed instantly. Hammons ambulance took the remains to Hammons Funeral Home. Willingham Funeral Home at Slaton removed the body Friday night to Clovis.

Shelton is survived by his wife; three children, Maynard and Mack of Littlefield, Okla., Alpha, Abilene; two daughters, Mrs. Leila Abernathy, Austin, and Mrs. Effie Cook, Dallas.

**Randolph Rutherford Receives Commission Second Lieutenant**

Randolph Rutherford of Tahoka, son of Mr. and Mrs. R. W. Rutherford, was commissioned second lieutenant in the U. S. Army Saturday. He was ordered to report this week at the officer's training school at Princeton, N. J. He will be in training a month before he is assigned to duty.

Rutherford was ordered to report in uniform and he left Lubbock Sunday afternoon at 2 o'clock for Kansas City, where he hoped to make reservations on a plane for the remainder of his trip. Mrs. Rutherford plans to join her husband as soon as he has been assigned to camp. Rutherford had been manager of the Department Store at Tahoka for the past five years. He received his commission Saturday.

Traveling by train to a new assignment of duty, Jimmie Beisel, station machinist, third class of the U. S. Navy, and son of Technical Sergeant and Mrs. R. D. Beisel, passed through Littlefield today. Jimmie didn't have time to get off and see his friends and relatives here, but he did remember them with a brief note and a souvenir.

The note, wrapped in one of his white sailor hats, was written to his aunt, Mrs. Max Houk, and the contents of the note were: "To See Mom, Give Kenneth

**"Forty Tons Before The First Frost" Is Slogan As Students Gather Scrap**

Approximately five tons of scrap metal, steel and iron was salvaged Wednesday by Littlefield school students, as the scrap campaign got underway here. "Forty tons of scrap steel and iron before the first frost" is the slogan used by local students, and as they make house to house calls for the scrap, they intend to reach that goal.

Supt. F. A. Hemphill reported that the students were bringing in "everything from old bedsteads to nails." Pupils bringing in iron and steel are being paid in war savings stamps, and prizes for individual and group honors will be granted. The campaign will continue "until the first frost," Mr. Hemphill said.

A program was presented in high school assembly Wednesday on the scrap campaign. The high school band played several numbers; E. J. Moore, principal, stressed the need for cooperation of the school children in the nation in assisting in the big war effort. A lesson on "salesmanship to a housewife" was presented by Miss Maribeth Bilderback and Norris Onstead, as they depicted a typical home scene, with the housewife being not very cooperative by donating her scrap, until the school boy pointed out with emphasis the need for more scrap iron.

English students in all schools are writing letters to their parents and their neighbors, urging full cooperation in the scrap drive.

The following letter was written by Miss Betty Hill, daughter of (Continued on Back Page)

**Funeral Services For Mrs. W. S. King Held Tuesday Afternoon**

Mrs. W. S. King, 68, mother of Mrs. C. T. Hubbard of Littlefield, passed away suddenly about 9:30 a. m. Monday at her home at Hamlin. Mr. King had been working in the field and returned to the house to find his wife dead. Death was attributed to a heart attack.

Mr. and Mrs. Hubbard and daughter, Kay Virginia, left Littlefield Monday at noon to attend the final rites.

Funeral services were held at 3 p. m. Tuesday at the Methodist Church at Neinda, a community near Hamlin. Rev. Adcock was in charge of services. Interment was in the Neinda cemetery.

Survivors include the husband, four daughters, two sons, and nine grandchildren.

Mrs. King had been a resident of Hamlin 13 years, and prior to that time she and her family had lived at Mt. Vernon, Texas.

Mr. Hubbard returned to Littlefield Wednesday. While Mrs. Hubbard and daughter remained at Hamlin for two weeks.

**Winning Exhibit At Farm Show**

Left to right: R. L. King, instructor of the Vocational department of the local High school; John Estle Willingham, secretary of the FFA chapter and superintendent of the FFA and 4-H club boys' Farm Products Show held here Saturday, and James Young, president of the chapter and winner of two first prizes and several other prizes. The exhibit in the background won first place at the show.

**Local FFA Boys Take Show Honors**

Littlefield Future Farm boys topped the list with honors Saturday at the first annual FFA and 4-H Club boys' farm products show staged at the Hall Motor building on Main Street here.

Hundreds of enthusiastic visitors from all of Lamb county and surrounding counties viewed the fine exhibits Friday and Saturday.

The Littlefield Chapter FFA boys won the grand prize ribbon and a \$5 first premium in competition with the Anton FFA Chapter, and the Fieldton 4-H club.

Entered in the show were 198 exhibits. These included cotton, sheaf grains, grain sorghums, vegetables, and corn classes. Entries were listed from FFA Chapters at Sudan, Anton, and Littlefield, and also from the 4-H Club at Fieldton.

Arrangements for the show were handled by R. L. King, vocational agriculture teacher at Littlefield. He was assisted by Estle Willingham, superintendent of the show, and by Russell Lawrence, Norbin Taylor and Kenneth Bales. First place prizes were ribbons in some instances and \$1 in cash in others. Second, third and fourth prizes were ribbons.

E. L. Mader, assistant professor in agronomy at Texas Tech, Lubbock, judged the show Saturday morning.

Among the out-of-town visitors here for the products exhibit and the gilt show were V. F. Jones, Amherst, county agent; H. C. Stanley, Amherst, assistant county agent, S. H. Russell, vocational agriculture teacher of Sudan; Leo White, agricultural teacher of Anton; Truitt Sides, teacher at Olton; J. L. Hicks, Spring Lake; N. S. Abbott, New Home; and W. A. King of Lubbock, brother of R. L. King.

First, second, third and fourth individual winners in the several classes, all of whom are FFA boys, together with the school each winner attends, are:

**Air Port Plans Are Progressing**

Members of Littlefield Flying Clubs are making definite plans for building a hangar on a site south of town, and it is hoped that construction will get underway next week.

A. R. Hendricks, member of a club and co-owner of a plane, is considering the construction of the hangar, and renting it to the clubs, however, he has not definitely decided to do this.

A group met Tuesday afternoon and appointed L. W. (Cotton) Dobbs airport manager. W. J. Chesher and Paul McCormick were named his assistants.

Mr. Hendricks, W. D. Watkins, Ed Fowler and Mr. Dobbs went to Amarillo Monday and contacted several individuals in connection with the airport. It is reported that the flying field will become a designated airport when a hangar is completed, and planes owned by the local clubs may be left here, instead of being taken to a Lubbock airport after every 72 hours.

**Local Men Purchase Plane In Dallas**

Paul McCormick, Herman Nuenschwander and John McCormick spent several days last week in Dallas, where they purchased an aerona chief airplane. Nuenschwander, accompanied by Mr. Foley, licensed pilot of Dallas, brought the plane to Littlefield Sunday.

Owners of the plane started this week taking flying lessons here. Nuenschwander had several hours to his credit before he purchased the plane. The plane, at the present time, stays at a hangar in Lubbock, when not in use here.

**Gilt Owned By Olton Youth Wins First In Gilt Show Here**

Leroy Hackler, senior in the Olton High school, won top honors with his gilt Saturday afternoon in the Gilt Show, staged in connection with the Farm Products Show here. The gilt is one of the six shown by FFA and 4-H Club boys of this county. The pigs were distributed last spring as gifts from the Sears, Roebuck & Co.

Charles Hinds, Amherst 4-H Club boy, placed second with his pig; while Frank Farrer of the Spring Lake FFA placed third, and James Bellomy of Sudan FFA placed fourth. Other entries were gilts owned by James Young of Littlefield and Kenneth Blevins, Fieldton 4-H club.

Young Hackler's gilt will compete at Lubbock Friday with winners in five other counties of the district contest.

Mr. and Mrs. J. V. Eagan were alarmed Tuesday morning when the report was broadcast over the radio that the U. S. S. Mississippi, a 33,000 ton battleship, was left in a sinking condition, according to the Italian high command in a communique.

Their son, Don, second class seaman and yeoman in the admiral's office, was recently transferred to the U. S. S. Mississippi.

The Navy department in Washington had no comment to make on the claim, it was reported. Wednesday's news broadcasts and newspapers reported that the Rome radio broadcast claimed that the 33,400 ton Idaho was the battleship referred to in the communique, which stated that an Italian submarine shot four torpedoes into its bow

**Concerts To Be Given In Interests Of Increasing Stamp, Bond Sales**

The current question "What is the Littlefield Band going to do if we haven't a football team for them to support?" is being answered by Mrs. J. D. Armistead, band director, as she announces a series of eight Victory Concerts for the ensuing year. The band and newly-organized girls' chorus will work in conjunction one with the other to produce a series of worthwhile and entertaining programs. All other students with ability will also have an opportunity to be on the program.

Admission to the concerts will be free provided that each person who attends buys either a War Stamp or War Bond, of any denomination, at the door. It is emphasized that these stamps or bonds must be bought at the door. All bonds and stamps so purchased will be retained by the purchasers, the purpose of this plan being to stimulate the purchase of stamps and bonds. Also each member of every participating organization, either instrumental or vocal, will buy a stamp or bond, as do the members of the audiences.

The first program is scheduled for Thursday evening, October 15, at 8 o'clock, in the local high school auditorium. Dates for the entire series have been set by Proclamation No. 3021 by the Governor of the State of Texas. They are as follows: October 15, November 19, December 17, January 21, February 18, March 18, April 15, and May 13. The proclamation further states: "On these occasions the public is invited to attend high school band concerts, with provisions for the purchase of any denomination War Stamps and Bonds, by those participating and those attending. The citizens of Texas are urged to cooperate toward the success of this worthwhile effort."

**Discount Allowed For Tax Payment**

Again this year a discount is allowed for early payment of 1942 State and County taxes, according to I. B. Holt, tax assessor and collector. Three per cent is allowed for payment this month; 2 per cent for payment in November, and 1 per cent for payment in December.

For the convenience of those desiring to pay their taxes this month, Mr. Holt will be at various places in the county with the records of his office. He will be at the following places on the dates set out in this announcement:

Sudan, Saturday, October 17; Fieldton, Monday, October 19; Beck's Gin, Tuesday, October 20; Spade, Thursday, October 22; Earth, Friday, October 23; Amherst, Saturday, October 24; and Littlefield, Tuesday and Wednesday, October 27 and 28.

# WATCH YOUR TRAINS, SOME DON'T RUN ON TIME

## Habit Is Killing People

Habit is killing a lot of Texas people.

A survey by State Police statisticians showed that accidents involving trains and motor vehicles increased from 2.63 per cent of the total in the first eight months of 1941 to 4.89 per cent of the total in the same period this year. This was an increase of 86 per cent.

And why were 58 persons thus killed in those eight months?

It's because the victims—mostly farmers, truck drivers and tradesmen—have failed to realize that train schedules aren't what they used to be. They're people who used to know when the trains ran, and they never bothered to look out for a train unless one was due. But now troop and supply trains come whizzing by at all hours, and these people are being hit and killed by trains that weren't supposed to be there—according to their subconscious reckonings.

All 44 of the drivers were men; 40 of them lived in rural areas; and 38 lived near the scene of their particular accident. And 26 of the collisions occurred on country roads or in towns of less than 2,500 population.

## Fire Prevention

"Today fire is sabotage," says a release from the National Board of Fire Underwriters. "Every fire that destroys a single item of war machinery makes it that much easier for the enemies of freedom to kill and maim the fighting men of our country and of all the United Nations. Every fire that keeps a skilled worker away from his job is a victory for the enemy in his race against time. This war will be won by production and not by ashes."

The war has created many grave new fire dangers. Due to lack of new equipment, it is often necessary to use old and faulty equipment of various kinds in both home and industry. Millions of people are working harder and longer than they ever worked in their lives, and that makes for fatigue and carelessness. It is necessary to put little-trained people to work on factory jobs, and many of these people do not understand the fire hazards which are inherent in their occupations. The tremendous speed-up of industrial output in all fields is in itself

a definite but unavoidable fire hazard.

Under these conditions, it is necessary that every conceivable safeguard against fire be used to capacity. Every town and city should at once pass an up-to-date fire prevention ordinance, and enforce it to the letter. Every home-owner should get into the habit of periodically inspecting his home for dangers. And in every factory, workers and managers alike must be trained in fire prevention and control. It is especially important that approved types of fire extinguishers be placed at handy spots in plants—and that all workers be instructed in their operation.

It should be remembered that cleanliness and orderliness are in themselves good defenses against fire. The littered home or shop is all set for a destructive blaze. There's a job for everyone in fight against fire—and the time to do that job is right now!

## Farm Truck Operation

County agricultural agents in Texas are helping acquaint owners of farm trucks with the new government orders which vitally affect them, says George E. Adams, vice director and state agent of the A. and M. College Extension Service.

A new regulation of the Office of Defense Transportation requires a Certificate of War Necessity for the operation of farm trucks as well as other trucks, busses, and taxis. The regulation becomes effective November 15.

"The Extension Service is interested in helping farmers and ranchers conserve their equipment for war purposes," Mr. Adams explains.

Certificates of War Necessity will govern a truck's maximum mileage or minimum loads, or both, and no operator subject to the order will be able to obtain gasoline, tires, or parts without a Certificate. Enforcement officers of all states and political divisions have been authorized to report violations of the order.

Owners and operators of farm trucks and other commercial vehicles will make applications for their certificates on forms supplied by field officers of the ODT. They will also be required to keep records of their operations.

## Tenant Purchase Program Announced For Lamb County

A limited number of capable farm tenants in Lamb county will be given an opportunity to buy farms of their own before next spring through the Farm Security

Administration, U. S. Department of Agriculture, Pegues W. Houston, Rural Rehabilitation Supervisor for the FSA, announced recently.

This opportunity of farm ownership it was said, is provided through the tenant purchase program of Farm Security, authorized by the Bankhead-Jones Farm Tenant Act. Under this plan, loans are made to cover cost of the land and im-

provements and are repayable over a 40-year period at 3 per cent interest. Building restrictions of the War Production Board, however, place a \$500 limit on house construction and \$1,000 on farm buildings and improvements.

Sixteen farm families in Lamb County have already obtained tenant purchase loans during the past several years and are now living on their own farms. Others who are interested should file applications now with the FSA supervisor with offices in the City Hall at Littlefield, Texas.

A tenant purchase committee, composed of Norman F. Cleavinger, Lester L. Massingill and Roy B. McQuatters will review all applications in this county.

In order to get the new purchase program functioning immediately, those farmers expecting to make application for tenant purchase loans to buy farms for cropping next season are urged by the supervisor to enter applications now. Due to limited funds for this program, only a small number of those applying in the past years have been accepted. However, those who have

## Machinery Ordered Prior To Sept. 17 Will Be Delivered

College Station—New farm machinery which was ordered prior to September 17 will be delivered to producers, the Texas USDA War Board has announced.

Producers whose orders were not filled before the "freeze" date automatically will be given rationing certificates by county rationing committees, provided the applicant can satisfy the committee that the order was placed prior to Sept. 17.

Orders placed after the effective date, however, will be subject to rationing through local boards.

New farm machinery was frozen in the hands of dealers Sept. 17 pending organization of local rationing committees.

According to the rationing program, farm machinery will be classified in three groups. Class A machinery, including items which are scarce and vitally needed in 1942 production, may be sold only upon approval of local county rationing committees. Class B machinery, which includes items somewhat less scarce, may be sold upon certification by the farmer to the dealer that the equipment is required for current agricultural production. Other less essential items are included

in Class C and may be sold without restrictions.

## FARM INCOME HIGHER

Texas agricultural income for the first eight months of 1942 is running 74 per cent higher than income from a similar period of 1941, the University of Texas Bureau of Business Research has reported. The total cash income for this period was \$412,000,000 in 1942 as compared with \$237,000,000 in 1941.

A new examination for all stenographer and typist positions in Federal service in Louisiana and Texas, as well as Washington, D. C., was announced this week by the secretary, local board of U. S. Civil Service examiners. The positions to be filled are junior stenographer, \$1440 a year; senior stenographer, \$1620; junior typist, \$1260; and senior typist (Washington only), \$1440. Applicants for the Washington,

D. C., positions must be at least 17½ years old. Dictation must be taken at the rate of 80 words per minute to qualify for the junior stenographer position, and typists must be able to type at least 35 to 40 correct words per minute. The field examination for Louisiana and Texas is open to both men and women, with 16 years as the minimum. Applications are not desired from any person engaged in war work, unless the position for which they are applying will employ higher skills than their former position. Full information and application forms for the examination may be obtained from the Littlefield post office.

# PRESIDENT "FREEZES" WAGES, SALARIES, FOOD PRICES, RENT

President Roosevelt ordered wages, salaries, most food prices and all rents tightly stabilized at about their present levels Saturday, and appointed Associate Justice James F. Byrnes of the supreme court to lead the battle against inflation, according to a press release from Washington.

Byrnes resigned from the court to assume the post of director of economic stabilization.

Within two hours, Price Administrator Leon Henderson, who will work in conjunction with Byrnes, fixed emergency ceiling prices for butter, eggs, poultry and virtually every other previously uncontrolled food item. The order is effective for 60 days, after which a permanent, and probably lower ceiling will be imposed. The prices of such

commodities were frozen at their highest level of the last five days—September 28 to October 2.

## To Control Rents

Moreover, Henderson announced, he will take action within three days to control the rents paid for every apartment, residence or other dwelling unit in the country. The White House made public two letters to Henderson directing him to act immediately on both food prices and rents.

At the same time Mr. Roosevelt issued an executive order covering Byrnes' sphere of activity under which:

Wage rates may not rise above the level at which they stood Sept. 15 nor drop below the highest point they reached between Jan. 1 and Sept. 15—unless the War Labor board approves exceptions to correct maladjustments or further the war effort.

## Salaries Over \$5,000

Salaries of more than \$5,000 annually may not be increased except in the case of promotions to more difficult or responsible work, until Byrnes "determines otherwise." And no salaries may be reduced except to correct gross inequities or to prosecute the war more efficiently.

## No Time Lost In Action

Mr. Roosevelt lost no time in making the new price control law effective. It received final congressional action last evening. The President signed it at 10:15 p. m., and then issued his executive order and dispatched his letters to Henderson today.

He also issued a statement saying that with the legislation, Congress "has done its part in helping substantially to stabilize the cost of living." He continued:

"The new legislation removes the exemption of certain foods, agricultural commodities and related products from the price controls of the emergency price control act, with the result that I have today taken action to stabilize 90 per cent of the country's food bill. It leaves the parity principal unimpaired. It reaffirms the powers of the executive over wages and salaries. It establishes a floor for wages and for farm prices.

## Will Greatly Aid In War

"I am certain that from now on this substantial stabilization of the cost of living will assist greatly in bringing the war to a successful conclusion, will make the transition to peace conditions easier after the war, and will receive the wholehearted approval of farmers, workers and housewives in every part of the country."

# "Easy Come, Easy Go"

There is much truth in this old adage.

Suppose you should inherit \$5,000.00 today. Where will that money be seven years from now?

Statistics show that if you are like nine out of ten people who inherit money the \$5,000.00 will be ENTIRELY GONE in seven years.

"18 Years In Littlefield"

## Foremost Authority

Byrnes, 63 years old, served for years in the Senate as an active and highly effective lieutenant of the President. Although never titularly part of the administration leadership, his influence was apparent in every major controversy.

"Justice Byrnes is one of the foremost authorities in governmental administration in the United States," Mrs. Roosevelt said. "He knows the economic problems of this country whether they concern labor, the farmer, the consumer, the small retail store, or the manufacturer. I would never have asked him to resign from the supreme court were it not for the fact that this job is one of the most important positions in this country. I know the American people can be sure that in keeping down the cost of living he will be fair to everyone."

### "Necessary Men" In Defense Work To Be Deferred

General J. Watt Page, State Selective Service Director, this week cautioned all local boards against withdrawing from war production industries and transportation service "necessary men" because they happen to be without dependents. He said:

"If a registrant qualified for occupational deferment as a 'necessary man' under the provisions of the Selective Service Regulations and any of the several National Headquarters Occupational Bulletins, then he should be classified II-A or II-B, depending upon the character of the industry, even though he is single, and married men, not essentially employed, will have to be used to fill the board's call.

"Boards should remember that practically all war production industry is still in the period of expansion and that every man or woman they are able to train is used to fill a new job. The same applies to transportation services, whose facilities are taxed to the utmost by troop and war freight movements. Very few industries have been able to train replacements for their potential I-A employees. Accordingly, local boards should give most careful consideration to the continued deferment of 'necessary men' in war production and transportation until such time as replacements are available or can be trained."

### Farmers Urged Not To Burn Cotton Stalks

College Station.—The week beginning October 4 is Fire Prevention week throughout the nation. President Roosevelt's proclamation designating the period and purpose, requested people to take active measures to conserve "human and material resources from the destruc-

tive toll of fire." Fire prevention is one of the most effective.

"Don't set fire to the woods in the belief that the cotton boll weevil can be controlled by that drastic practice," says Paul Gregg, assistant entomologist of the A. and M. College Extension Service. He explains that entomologists in Southern states agree that destruction of cotton stalks in the early fall is the best single control of the weevil. "Burning cotton stalks may cause forest fires and destroy few if any boll weevils," Gregg says. "When cotton stalks become dry enough to burn, the weevils have left the fields because no food is available. Therefore, no real good is obtained from the fire. Moreover, fires destroy beneficial insects. Burning woods injure or wipe out food and cover for the birds, the farmers' friends which destroy weevils and many other injurious insects."

### Survey of Farm Workers Being Made

College Station.—A spot-check of farm labor problems in 57 counties is being completed this week, according to the Texas USDA War Board.

Requested by Secretary of Agriculture Wickard, member of the Manpower Commission, the survey is being conducted throughout the nation and is expected to establish definite trends in farm labor.

Included in the farm survey, which is being made by AAA committees through county USDA war boards, are data pertaining to type and size of farms, number of cows milked, number of other livestock during 1941 and 1942 and expected production for 1943.

Other items include number, age and sex of persons working on the various Texas farms during the first week of September and resume of persons leaving farms between September 1, 1941, and September 1, 1942.

In checking reasons for persons leaving farms during the past year, the following are listed: (1) drafted; (2) enlisted; (3) took nonfarm job and moved away; (4) took nonfarm job but still live on the farm.

## Check Your Lighting For The Duration

War priorities have made it necessary for floor lamp manufacturing companies to substitute materials for the metal they heretofore used in the manufacture of I.E.S. floor lamps. We were fortunate in securing a limited number of ALL METAL I.E.S. FLOOR LAMPS before war priorities took effect.

Surveys reveal that every home should have several more floor lamps for proper lighting than they now have. Check your home and see that you have plenty of I.E.S. floor lamps to give you proper light for the duration.

Take advantage of the opportunity now offered you on these 1942 model all metal I.E.S. floor lamps.

### Gasoline Rationing Will Not Strand Farm Workers

College Station.—Gasoline rationing will not hinder movement of migratory farm laborers in Texas, B. F. Vance, chairman, Texas USDA War Board, said this week.

Citing instructions from William M. Jeffers, War Production Board Rubber Director, Vance pointed out that migratory workers who move with the harvest from one section of the country to the other are entitled to supplementary gasoline ra-

tions to move about as their work requires.

Under gasoline rationing already in operation in the East and under plans being prepared for national tire conservation, workers engaged on farms rank as essential workers in the war effort, and need have no fear of being stranded away from home.

Vance added that workers now away from home who continue working in the areas where they are located will be entitled to gasoline rations necessary to carry on their work and to get them back to their homes when their work has been completed.

### Miss Batton And Sgt. Hilbun To Wed In California

Miss Nettie Belle Batton, daughter of Mr. and Mrs. Sam Batton who moved Wednesday to Hereford, will leave soon for San Francisco, Calif., where she will be married to Sgt. Thomas A. Hilbun who is in the signal corps of the U. S. Army.

Miss Batton resigned her position as teacher of language arts in the sixth grade in the local school last week.

Wedding service was held on Wednesday night. The Rev. J. Roock and Rev. E. Lange had charge of the service.

### Miss Gladys Jones And Kay Houk To Wed In California

Miss Gladys Jones resigned her position as math teacher in the Littlefield high school Monday, and will leave Sunday for San Diego, Calif., where she will be married to Pfc. Kay Houk, who is in the Aircraft Filter Center there. Definite date for the wedding has not been set, however, the ceremony will probably be read Sunday, October 18. Miss Jones plans to be attired in a navy blue sheer wool ensemble with black accessories.

She is a daughter of Mr. and Mrs. E. J. Jones of Goree, and has taught in the local schools several years. She attended the University of Texas, Austin, and is a graduate of North Texas State Teachers College, Denton. She also attended business college in Dallas one year. She is a very popular and charming young lady who has been active in civic, church and social affairs. For two years she served as president of the Business and Professional Women's Club, vice president of the Junior Study Club, and secretary to the Parent-Teacher Association. She has been sponsor of the Hi-Y Club, girls' organization of the high school, the past two years.

Pfc. Houk is a son of Mr. and Mrs. E. D. Houk of Littlefield, and for a number of years he operated markets in local stores. He entered the service last January. Miss Jones is visiting her parents at Goree this week.

Mrs. R. L. Byers visited her daughter, Miss Alma Byers, at Crosbyton last week end. Miss Byers is supervisor of the lunch room project for Crosby and Dickens counties.

James Gimmel, son of Mrs. Kate Gimmel, was confined to the Payne Shotwell Hospital several days last week, suffering from a severe attack of flu.

**Junior Red Cross  
To Send Gift Boxes  
To Refugee Children**

Members of the Junior Red Cross in the local schools are filling 100 Red Cross gift boxes to be sent abroad to refugee children. These cartons measure only 9x4x3 inches and should be filled at very small expense. Since all gifts are greetings from the U. S. A.; include only gifts made by the givers, or manufactured in the U. S. A. The child's name cannot be attached to the gift. Do not include articles that can be easily broken, food or perishables; or liquids, such as perfume or ink.

The following articles are examples of what will be appreciated: Stocking or celluloid doll, small toys, games, ball, puzzles, marbles, handkerchiefs, pocket knife, top, crayons, hair ribbons, soap, wash cloth, toothpaste, toothbrush, sewing materials.  
It is hoped that the parents will help the children make the proper selections.

**Red Cross Sewing  
Room Opens Here**

Workers from Littlefield and vicinity started work Monday afternoon at 1 o'clock at the Red Cross Sewing Room, located in the former WPA sewing room at the City Hall.

Miss Lula Hubbard has been appointed production chairman, and she named the following supervisors for each day's work: Mrs. Gardner, Mondays; Mrs. G. M. Shaw and Mrs. E. A. Bills, Tuesdays; Mrs. Ethel Harlin, Wednesdays; Mrs. Pat Boone and Mrs. M. L. Walraven, Thursdays; and Mrs. J. H. Barnett and Mrs. Van Clark, Fridays.

The room is open each afternoon from 1 to 5 o'clock. Ladies' and girls' blouses and men's shirts are being made this week.

Miss Hubbard announced that various civic and church organizations are being asked to meet one day each week and devote their time to making garments for the Red Cross.

**"Eagle Squadron" To Be Featured  
At Palace Theatre This Week End**

"Eagle Squadron" produced by famous British Commandos, the Walter Wanger for Universal release, will tell the screen's first story of American fighter pilots in the Royal Air Force when it opens this week end at the Palace Theatre. The show will be featured Saturday midnight, Sunday and Monday.

The long cast of notable players is headed by Robert Stack and Diana Barrymore, youngest member of the American stage and screen family, who makes her motion picture debut in "Eagle Squadron."

Other players include Jon Hall, Eddie Albert, Nigel Bruce, Evelyn Ankers, Leif Erikson, John Loder, Edgar Barrier, Isobel Elsom, Gladys Cooper, Paul Cavanagh, Richard Davies, Jill Emond, Gene Reynolds and Alan Hale, Jr.

"Eagle Squadron," from the screen play by Norman Reilly Raine, based on a Cosmopolitan magazine story by C. S. Forester, contains exploits of the real Eagle Squadron, whose American members have written many a heroic chapter of the war in the clouds.

In addition, the film shows the widespread war work of British women, and the operations of the

daring night raiders who have terrified the enemy.

The human story of "Eagle Squadron" tells of the adventures of a young Californian, played by Stack, who joins the British fighter group and falls in love with a member of the Women's Auxiliary Air Force, portrayed by Miss Barrymore. Arthur Lubin directed "Eagle Squadron," the photography was by Stanley Cortez and art direction was by Jack Otterson.

**Olton Mustangs Down  
Amherst Eleven, 21-0**

Paced by Keith Patterson, the Olton Mustangs drubbed Amherst, 21-0, at Olton Friday afternoon.

Patterson scored two of Olton's three touchdowns, with L. E. Alley counting the other in the recovery of an Amherst fumble. Olton also scored one extra point and a safety. The latter came when Curtis Pearsey and A. J. Givens trapped an Amherst back behind the goal line.

Tomorrow afternoon Olton plays Dimmitt at Olton.

**Sudan's Hornets Sting  
Morton Indians, 7-0**

Sudan's Hornets defeated the big Morton Indians, 7-0, at Sudan Friday afternoon in the opening 5-A conference game for both teams.

The lone touchdown of the game came late in the first quarter, when Henry Williams passed to Calvin Baker on a play which netted 50 yards and the tally. Williams kicked the extra point from placement.

Although Morton never threatened seriously, the Indians were about even with Sudan insofar as yardage gained was concerned. Sudan made the game's only penetration, driving to Morton's seven-yard line in the final period.

Sudan plays at Levelland next Friday night in another District 5-A encounter.

**SALE OF USED TIRES FROZEN; SPEED  
LIMIT OF 35 MILES AN HOUR INVOKED**

The Office of Price Administration Wednesday of last week froze the sale of used tires and tubes and revealed that used tires soon would be rationed to provide for all essential uses in conformity with the Baruch rubber committee recommendation.

The order was issued to freeze the present supply of used tires pending completion of the new rationing program, which will govern the use of these tires just as present rationing regulations control the use of new and recapped tires, the OPA said.

It added that when used tires rationing is initiated, the freeze order will be lifted to the extent necessary to permit sale to certificate holders.

A wartime speed limit of 35 miles

an hour for privately owned automobiles went into effect throughout the nation last Thursday, but with enforcement methods varying from imposition of strict penalties in some states to appeals of patriotism in others.

The Office of Defense Transportation which ordered the speed restriction to help conserve the nation's rubber stockpile, declared all 48 states were taking some steps for enforcement.

The ODT said the order for the national speed limit sets no penalty and that enforcement would rest largely on voluntary cooperation by the motorists and on action of state and local authorities. All governors empowered to set state speed limits already have fixed the 35 mile an

hour figure, it added.

Texas has not yet announced its official decision with reference to the 35-mile-an-hour speed limit. Gov. Coke R. Stevenson does not have authority to establish the limit and referred the matter to the highway department which is still studying the matter.

## Miss Helen Zoth Complimented With Birthday-Farewell Party

Miss Helen Zoth was complimented with a birthday and farewell party Monday night at the home of Dr. and Mrs. J. R. Coen on East Eighth Street, when Mrs. Coen and Miss Zoth's mother, Mrs. Winnie Zoth, entertained a group of friends. Miss Zoth, who has been superintendent of nurses at the Littlefield hospital the past year, recently resigned her position, and has made application for the Army Nursing Corps. She will probably leave about November 1 for the Army. Mrs. Marion F. Green, who recently moved here from Denver, Colo., has been named superintendent of nurses at the hospital.

An interesting program provided diversion at the party Monday night. Mrs. Ernest Connell, sister of Miss Zoth, sang "The Rose of No Man's Land," and Miss Zoth and Mrs. Connell sang and played several numbers. Little Miss Mary Coen gave two dances, accompanied at the piano by Mrs. Connell. The entire group enjoyed singing "old favorites."

Beautiful dahlias decorated the home of Dr. and Mrs. Coen. A lovely array of gifts were presented Miss Zoth, before refreshments of birthday cake and ice cream were served.

Those attending this delightful affair were the honoree, Miss Zoth; Mesdames M. F. Green, Georgia Matthews, Minnie Eason, Leon Stan-ly, Lillian Treese, Garland Lank-ster, Ernest Connell, and Misses Ella Simmons, Nell Clayton, Ruby Cook, Pearl Cook, Margaret Coff-ey, Sophia Roessler, and Mary Coen, and the hostesses, Mrs. Coen and Mrs. Zoth.

Persons sending gifts who were able to attend were: Mesdames M. Blackwell, Jewel Wilson, Helen Taylor, Rel Stephens, and Purdy, Mr. and Mrs. S. T. Wright, Mrs. Lucy Gollightly and her moth-er, Miss Maurine Beckham, Miss Elizabeth Hargrove, Miss Joye Bil-beck, and Miss Geraldine Eason.

## Mrs. L. L. Collins Hostess Thursday Pioneer Club

Mrs. L. L. Collins was hostess Thursday afternoon to members of the Thursday Pioneer Club at the Collins home.

Beautiful cut flowers added attractiveness to the entertaining rooms, where five tables of bridge provided diversion for the after-noon.

During the games Mrs. J. D. Hagler scored high, and Mrs. Phelps Walker scored second high for the guests. Mrs. Les Hewitt scored high and Mrs. I. T. Shotwell, Jr., scored second high for the members. Defense stamps were awarded the winners.

Those present were: Mesdames J. H. Barnett, Q. T. Bellomy, Edd Fowler, Les Hewitt, R. T. Lewis, I. T. Shotwell, Jr., and I. T. Shotwell, Sr., William Rumbach, J. O. Garlington, Dennis Jones, J. D. Hagler, Wade Potter, Jess Elms, Bill Chesher, C. E. Cooper, Alvin Hendricks, Phelps Walker, Max Wood, W. D. Watkins, W. G. Street, J. C. Hilbun, and the hostess, Mrs. L. L. Collins.

## Mary Eleanor Wiseman Will Be Graduated As Laboratory Technician

Miss Mary Eleanor Wiseman, daughter of Mr. and Mrs. H. W. Wiseman, will be graduated on November 1 as a registered laboratory technician from Galveston Medical College.

Immediately following her graduation, Miss Wiseman will assume her new duties as a teacher of serology in the pathology laboratory of the college.

Miss Wiseman has been attending college in San Antonio and Galveston for the past three years.

## Fieldton B.T.U. Entertained Sept. 30

Miss Jean Reed entertained members of the Baptist Training Union of the Fieldton Church Wednesday afternoon of last week at the home of Mrs. W. O. Perry.

Several games were played on the spacious lawn.

Refreshments were served to Juanita Wright, Patsy Kurby, Billy Yvonne Buck, Loreta Buck, Billy

## Home Economists In County Organize Thursday Night

Home Economists of Lamb county enjoyed a covered dish supper Thursday night at the home of Miss LaVerne Hayhurst on LFD Drive.

Beautiful dahlias decorated the entertaining rooms.

Miss Beatrice McCurdy of Amherst, home demonstration agent, was elected president of the group, and Miss Katie Stith, homemaking teacher in the Littlefield High school, was named secretary.

Plans were discussed for teaching Nutrition courses in the various communities in the county. The group will meet again November 2 in the Homemaking department of the Spring Lake school.

Those attending the affair Thursday night were: Miss McCurdy, Miss Stith and Miss Opal Snitker of Littlefield; Miss Carolyn Dickson of Spring Lake, Miss Bonnie Dickinson of Olton, Mrs. Horne of Sudan and Miss Hayhurst.

## Mr. and Mrs. J. S. Hilliard Visit Daughter In Houston

Mr. and Mrs. J. S. Hilliard returned home Sunday night after several days' visit with their daughter, Betty Ann, in Houston.

Mrs. Hilliard reported that truck and car loads of Mexicans were on the highways enroute to West Texas to gather the cotton crops. One truck stopped on the highway and 17 Mexicans climbed down to assist in repairing a tire, Mrs. Hilliard said.

"It is quite evident that the state highway patrol intends to enforce the speed limit law of 35 miles per hour," Mrs. Hilliard said, after she told of a patrolman stopping them after she had speeded too much to pass some cars. After a good lecture, Mrs. Hilliard realized more than ever that 45 miles per hour was too fast for the tires on their car.

## Buffet Dinner Enjoyed At Floyd Coffman Home

Mr. and Mrs. Floyd Coffman entertained with a buffet dinner Wednesday evening of last week at their home in the Duggan Addition.

A large assortment of fall cut flowers made more inviting the entertaining rooms.

Several games of "42" were enjoyed after the dinner.

Those present were: Dr. Popplewell of Anton; Dr. and Mrs. T. B. Duke, Dr. and Mrs. R. E. Hunt, Dr. and Mrs. Wm. N. Orr, Mr. and Mrs. O. K. Woodall, Mr. and Mrs. C. O. Griffin, Mr. and Mrs. Wayne Carlisle, Dr. and Mrs. J. R. Coen, Miss Margaret Coffman and Mr. and Mrs. Floyd Coffman.

## Group Enjoys Picnic Supper Thursday Night

Mrs. Leon Stansell and Miss Pearl Cook entertained with a picnic supper Thursday evening, at their home in the Watson apartments. The supper consisted of fried chicken, with all the trimmings.

Those present were: Mrs. Dee Stephens, Mrs. Max Stansell and daughter, Maxine, Ruby Brock, and the hostesses, Miss Pearl Cook and Mrs. Leon Stansell.

Ray Buck, Carl Buck, Betty Lou Buck, Wilma Sanders, Patsy Jean Adams, Wanda Lou Green, Henrietta Qualls, Larry Cook, Laverne Qualls, Ila Gwynne Mason, Loreta Mason, Jimmy Mason, Finis Jordan, Francis Jordan, and the hostesses, Mrs. W. O. Perry, Jean Reed and Lois Buck.

## Mrs. Max Wood Is Honored At Luncheon Friday

Mrs. Max Wood, who plans to join her husband in California soon, was honored at a luncheon Friday afternoon at the home of Mrs. C. E. Cooper.

Beautiful cut flowers made more inviting the entertaining rooms of the Cooper home, where three tables of bridge were played.

During the games Mrs. J. H. Barnett scored high, after which a beautiful gift was presented Mrs. Max Wood.

Those present were Mesdames J. H. Barnett, William Rumbach, Jack Henry, L. L. Collins, O. P. Wilemon, R. E. Hunt, W. G. Street, J. D. Hagler, J. C. Hilbun, Charles Signor, and the hostess, Mrs. C. E. Cooper.

## Mrs. Carrol Keeling Honored At Shower

Mrs. Carrol Keeling of Lubbock, who before her marriage, August 29, was Miss Beatrice Taylor, was honored with a shower at the home of Mrs. Sid Jackson, Wednesday afternoon of last week.

A large array of beautiful gifts were presented the bride.

The Jackson home was decorated with beautiful dahlias. Miss Iris Taylor, sister to the bride, presided at the bride's book.

## Olton P.T.A. To Meet Friday

The Parent-Teacher Association of the Olton schools will meet Friday afternoon at the school lunch room. The meeting has been called for 4 o'clock.

Mrs. Paul Burrus will lead the program on "Health for Victory."

## Baptist Young Women Organize Circle Of Missionary Union

Organization of the Business Women's Circle of the Baptist Women's Missionary Union was completed Tuesday night of last week, when a group of business women and teachers met at the church.

Miss Ella Simmons was elected president; Mrs. Sybil Moorehead was named vice president; Miss Carrie Ivie, program chairman, and Miss Opal Snitker, devotional chairman.

The group voted to meet each second and fourth Tuesday nights each month. Mrs. Pat Boone will teach Bible lessons at these meetings.

All business and professional women are invited to attend these meetings.

Mrs. Alvin Bagwell is teacher of the Business Women's Sunday school class of the Baptist Church.

Refreshments were served Tuesday night to the following young women: Misses Carrie Ivie, Opal Snitker, Virlea Teague, Kinchen, Puryear, and Clara Jarman, and Mesdames Moorehead, Bagwell, Acree Barton, Viggo Peterson, and Roy Shahan.

## F. W. Lichte Celebrates 76th Birthday Sept. 27

An old time pioneer and resident of Lamb county and Littlefield for the past several years, F. W. Lichte, celebrated his 76th birthday September 27, at the home of his son and daughter-in-law, Mr. and Mrs. Fred E. Lichte, of four miles east of Littlefield.

The birthday dinner was served buffet style from a table laid with white linen cloth and a large white angel food cake, set with candles, formed the centerpiece. The guests were seated at four tables, and all entered into gay conversation, of old time struggles, during the noon hour.

Those attending the party were: John Lichte of Leavenworth, Kans., elder F. W. Lichte's only brother; Mr. and Mrs. O. G. Lichte and two daughters, Laverne and Lois; Mr. and Mrs. A. E. Lichte and Ernestine, and the host and hostess, Mr.

## Baptist Workers Council Meets Wednesday Night

The Church Workers Council met Wednesday night at 8 o'clock at the First Baptist Church, and church members, officers, leaders and teachers attended.

Mrs. Viggo Peterson led the devotional, and reports from all departments of the church were given by the superintendents. Henry Banks, superintendent of the Sunday School, gave a lesson, suggesting plans for Mission offerings in October.

A covered dish supper was served.

## Mrs. Johnston Entertains With Party Friday P. M.

Mrs. E. S. Johnston entertained with a bridge party Friday afternoon at her home, four and one-half miles north of Littlefield.

Defense stamps were awarded Mrs. L. C. Hewitt and Mrs. J. T. Elms, who scored high in the bridge games.

Mrs. Sam Batton was presented a lovely gift from the hostess.

Refreshments were served to the following women who attended: Mesdames Wm. N. Orr, Jack Farr, F. A. Hemphill, J. O. Garlington, J. T. Elms, Sam Batton, L. C. Hewitt, Van Clark, and Johnston.

and Mrs. Fred Lichte and two children, Leslie and Verna.

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

LAMB COUNTY'S BOYS and GIRLS

ARE PARTICIPATING IN THE

# NATIONAL JUNIOR SCRAP CAMPAIGN

Help the Boys and Girls of Our Schools in their Important and Vital War Effort! Uncle Sam Needs the Scrap!

Response of the boys and girls in Littlefield, Lamb County, and throughout the state, to the activities of the National Junior Scrap Campaign, has been most gratifying. They are all working hard to meet their individual, room, and school quotas of metals needed for vital war industries.

Every one of these boys and girls are aware of the responsibility that has been passed along to him or her.

Such enthusiastic patriotism among our boys and girls is highly commendable . . . these boys and girls love the land of their birth . . . they rejoice in the opportunity to stand shoulder to shoulder with their mothers, their fathers, their older brothers and sisters, in the country's hour of need.

The boys and girls of Littlefield and Lamb County are working hard in the gathering of scrap . . . they are enthusiastic . . . they want to make a

good showing . . . they want mountains of scrap to slap the Japs.

THEY MAY CALL ON MANY OF US FOR ASSISTANCE! DON'T LET THEM DOWN! HELP THE BOYS AND GIRLS IN EVERY WAY YOU CAN! THEY WILL APPRECIATE WHAT YOU DO! AND IN HELPING THE BOYS AND GIRLS GET IN THE SCRAP, YOU, TOO, WILL BE PERFORMING A PATRIOTIC SERVICE!

**G. M. "PRODUCES" TONS OF SCRAP**

Scrap piles in two of the ninety war plants of General Motors. Above, a worker is cutting up old metal with a torch preparatory to shipping to steel mills. At right, a giant electro-magnet adds another hunk of steel to another scrap pile.

**DETROIT**—An intensive scrap drive in General Motors war plants from Connecticut to California has already increased the nation's stockpile by a total of 531,000,000 pounds of iron, steel, copper, aluminum and other metals essential to the war effort. Enough old metal to provide the scrap necessary to build two 35,000-ton battleships has been turned up in plant "attics" by General Motors "waste wardens" since Jan. 1, 1942. This is in addition to the normal flow of production scrap. In one plant a virtual mine was discovered alongside a rail-

road siding where cast iron borings had been dumped for years prior to shipping. In another a bronze eagle cast 30 years ago was unearthed. An electro-magnet rigged beneath a truck picks up loose metal in the yard of still another G. M. war plant, while several divisions have shipped to mill and smelter tons of railway rails which had served as parking lot bumpers.

All G. M. divisions have organized salvage units, and every square foot of buildings and yards is being combed for "dormant metal."

Mrs. Lucy Killough moved Thursday to the house owned by Mr. and Mrs. Jack Johnson on West Second Street. Her granddaughter, Frances Ann Johnson, is staying with her grandmother this year and attending school here. Mrs. Johnson is teaching in the Progress school, while Mr. Johnson is employed in defense work in Amarillo.

Mr. and Mrs. C. C. Weigle were in Lubbock Saturday.

Mrs. Andrew McGehee returned home Sunday after several days' visit in Sweetwater.

Coke Wingo, 17, who underwent surgery at the Littlefield Hospital Tuesday of last week, was removed to the home of his uncle and aunt, Mr. and Mrs. Pat Boone, last Thursday. The youth had a steel plate removed from his leg, which had been applied to correct a bone condition. His mother, Mrs. H. R. Wingo of Las Vegas, N. M., is remaining at his bedside.

Mr. and Mrs. Lowell Short and children visited Mr. Short's parents at Hale Center Sunday.

Mr. and Mrs. Johnny Cooper and children of Brownfield visited in the home of Mr. and Mrs. B. D. Garland and other friends here Sunday.

Mrs. Bill Armistead, who has been operator at the local telephone office the past several years, was transferred to the general office in Lubbock, and started work there Monday. Her husband is in the Lubbock Army Flying School.

Visitors in the home of Mr. and Mrs. Newt Harkey Sunday were Mrs. Harkey's mother, Mrs. W. L. Hyatt, and her brother, Horace Hyatt and daughter, Patsy, all of

Spur, and Mr. and Mrs. Joe Salem and children of Sudan.

Jack Wingo went to Amarillo Saturday where he is employed in defense work. Mrs. Wingo and children plan to move there soon.

Mr. and Mrs. J. H. Ware and Mrs. E. J. Newgent went to market in Lubbock Sunday afternoon.

Mr. and Mrs. Viggo Peterson were in Albuquerque, N. M., last week end.

Mr. and Mrs. Geo. Hill, to her neighbor, the school superintendent:  
Box 305  
Littlefield, Texas  
October 6, 1942

"Dear Mr. Hemphill,

"It was a good morning this morning wasn't it? You got up from your own bed in your home, not in an air-raid shelter, and dressed in a warm room, or, at least, a room that could be warm, one that had all its windows intact, one that had no holes in the roof as a result of a bombing raid. You dressed in warm clothing while only a few thousand miles from you, people were wearing artificial fabrics and almost freezing. Then you had a breakfast of eggs, butter, milk, and bacon. How many of these could you have had in Germany? None!

"All of this is nice to have, isn't it? You want to continue to have these nice things that we consider the necessities of life, don't you? I know you do. Perhaps you have been buying all the war bonds and stamps you can and have joined a number of clubs and other war organizations. That isn't enough, there is something else you can do! That old piece of iron you use to hold open your chicken house door, the old piece of pipe that was left over when you built the water tank for your cow can help the government.

"This week is Scrap Iron Week at school, and the high school is making an effort to collect all the iron that you are not using and even some that may mean a sacrifice on your behalf. If you will collect the scrap iron you have and bring it to school, it will be appreciated not only by the schools, which together must raise forty tons of scrap iron for the government, but also by the government itself. If you have no way of bringing this iron to the school, send us word and someone will come and get it. Remember, help the government and you help yourself.

"Yours for Victory,  
"Betty Hill."

did the judging.

**LEROY HACKLER IS RAISER OF FINE PIGS**

Olton is noted for the fine stock raised in that area.

Leroy Hackler, who won first place with his gilt in the Gilt show here Saturday, chalked up another winner for the Olton vicinity.

The Grand Champion calf at the annual Calf and Pig Show here two years ago was raised by Herman Rose, 4-H Club boy of Olton, and last spring the Olton youths received high awards for their fine stock exhibited at the annual show.

Hackler is a son of Mr. and Mrs. W. P. Hackler who reside 12 miles northwest of Olton. He is a star football player, and makes excellent grades in school, especially in vocational agriculture, Truitt Sides, Olton agricultural teacher, reported Saturday.

The winning gilt was fed on a ration of skim milk and grain, and was on sudan pasture until three weeks ago.

Young Hackler is doing his part in the "Food For Victory" campaign. Besides the gilt he exhibited here, he has a "patriotic sow" that farrowed nine pigs on July 4, and the sow and pigs are his FFA project.

states, "This is a joint program sponsored by the Texas Music Educators and the State Department of Education, and it is our firm conviction that this project will aid in the war effort and with so much emphasis being placed on music by the President of the United States and the Secretary of War, we are hoping to use these Victory Concerts as an opening shot to stimulate the sale of War Bonds and Stamps."

"To make this successful it must be statewide in scope and uniform in its presentation, and I hope that Texas will set a brilliant example for other States to follow.

"May I urge that we go 'all out' in making these Victory Concerts a definite success and prove that 'Music in Wartime' is a vital force."

According to all available information, Texas will be the first State to inaugurate a plan whereby every school and every child will participate in a definite plan to aid in the war effort. There are more than 1000 affiliated High Schools in Texas, assuming a definable minimum of \$50 per school, we arrive at a minimum total of \$50,000 per Victory Concert. Through this plan Texas may easily sell within the neighborhood of \$500,000 worth of stamps and bonds.

The Texas State Network is taking this series of concerts and will broadcast the inaugural program on October 15, at 8:15 to 8:30 p. m. from North Texas Agriculture College, Arlington.
