Tide Open House Showing Sunday

Jim Lang District Mgr. for Tide

Lang at work at his desk in Littlefield, District Manager for Tide Products, Inc. Jim directed a district that includes Littlefield as its headquarters with 12 branch plants now under construction at Farwell, Harwood and Hart.

Mr. Lang comes to Littlefield from Rio Hondo, Texas where he operates one of the largest most modern liquid fertilizer manufacturing plants in the state. He has been associated with Tide for a period of seven years. Mr. Lang is a native of Hondo.

Mr. Lang's background, in addition to his association with Tide, includes a tour with the U.S. Army in World War II, a year at school teaching and lecturing in the veterans' agricultural training program, and work in the Research Department of the U.S. Department of Agriculture. Jim also served as a Farm Director for the U.S. Army and Television Station KRGV, Reno, Nevada. Prior to joining Tide, he operated his own company, Valley Remedy, Inc.

Mr. Lang is a graduate of Texas A & M University, where he majored in agriculture. His wife, Pat, who is a native of the Yakima Valley of the state of Washington, is a graduate of Fresno State College in Fresno, California.

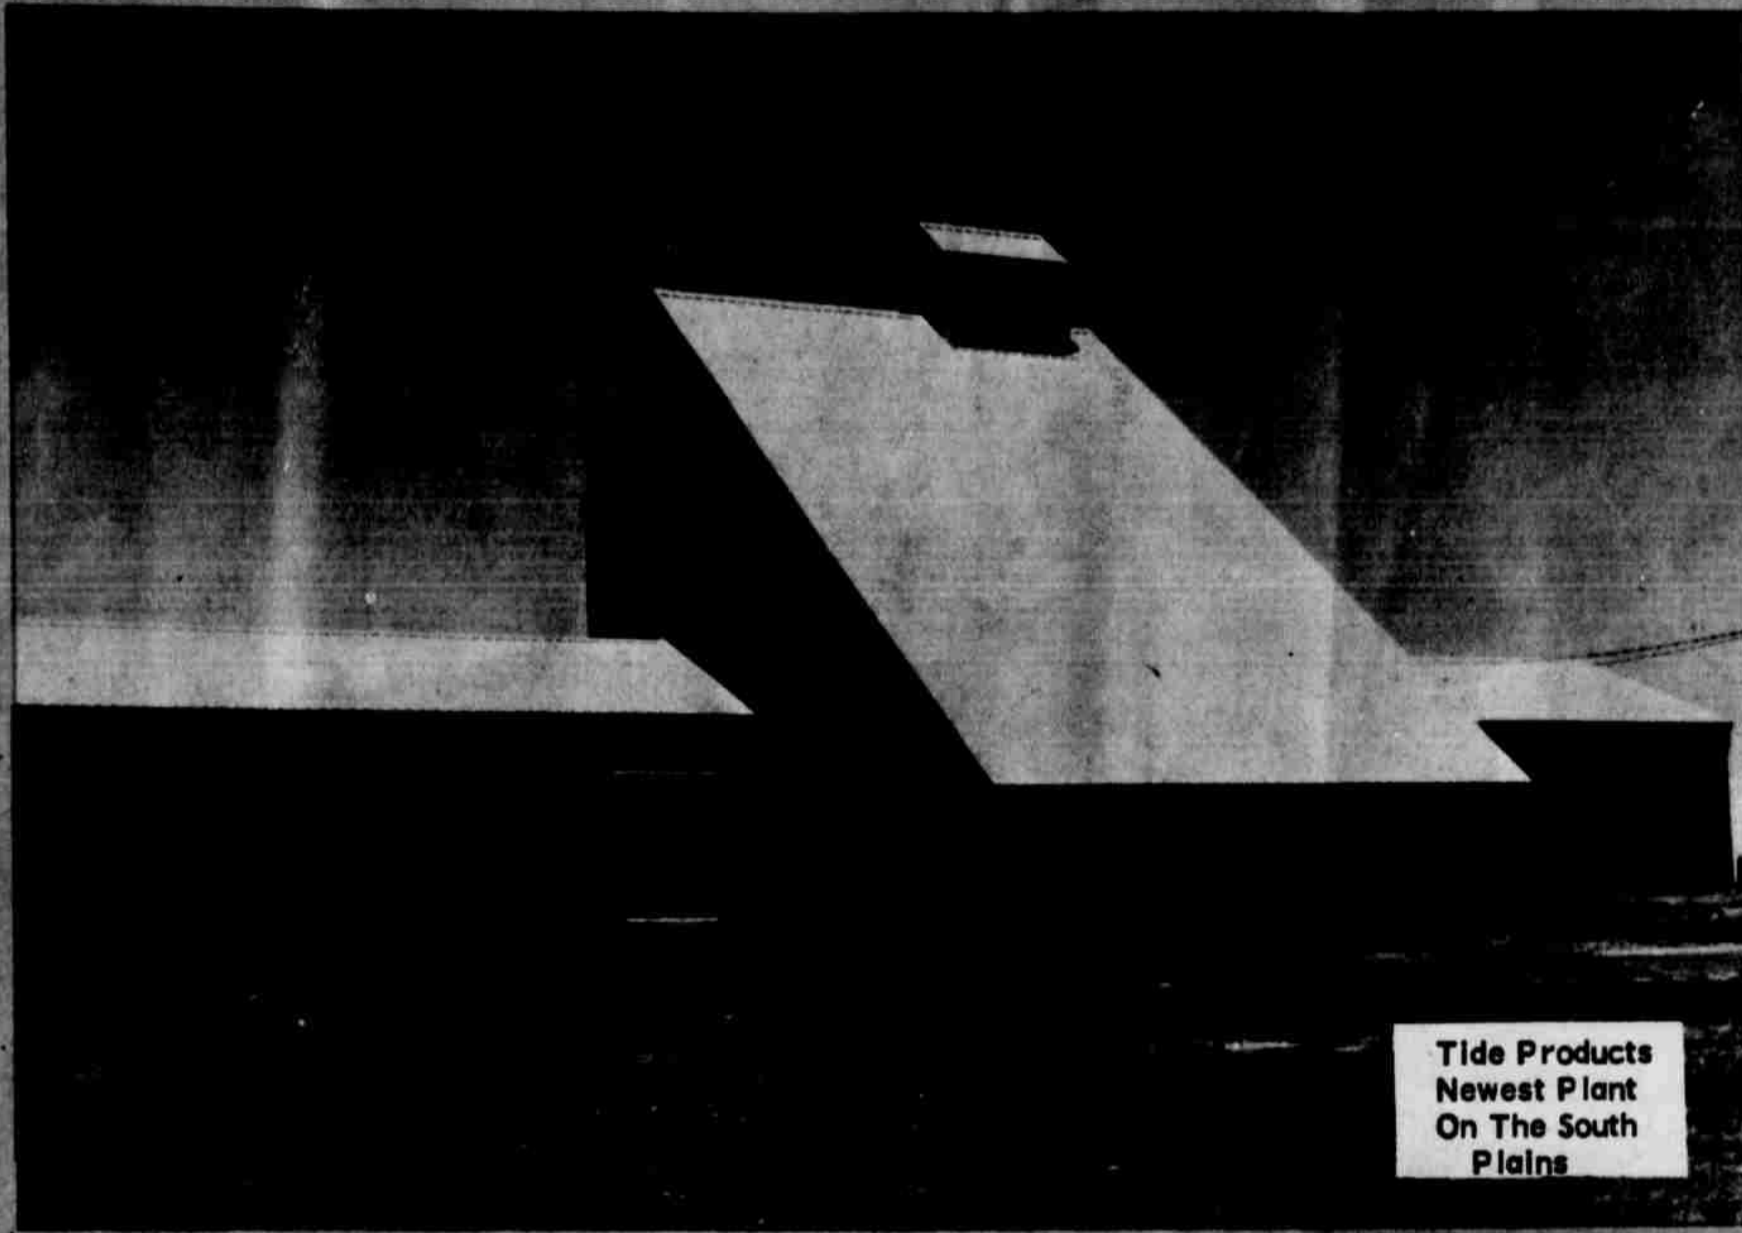

The first consideration in Littlefield as a prospective location for a West Texas plant, the District Manager stated, was that the area was well served by the agricultural industry of the Rio Grande Valley.

Upon visiting Littlefield, Tide personnel were struck by the friendliness of the people and the excellent climate of the area.

Mr. Lang stated that the most important consideration in the selection of Littlefield was the availability of a good labor force. People here, he stated, are "backbone" people.

Mr. Lang further stated that the excellent location of Littlefield, the friendly people, and the good climate and more facilities than any community he has seen are responsible for his decision to locate here.

"Also," he said, "I can't get how impressed I was to see the many beautiful churches and to observe the many church activities.

Tide Products New Plant On The South Plains

Hundreds of citizens from Littlefield and vicinity are expected to turn out Sunday afternoon between 2:00 and 5:00 p.m. to participate in the formal opening of Tide Products, Inc.'s newest bulk fertilizer plant. The opening of the Littlefield plant is part of a recent expansion program which has seen Tide open for business in El Campo, Hearne, and Mercedes in Texas, Ashburn and Pavo in Georgia, Jennings, Louisiana and Dothan, Alabama. Additional Texas plants, all in the Littlefield District, are under construction in Farwell, Hart and Hereford.

Tide Products, Inc. was organized in 1930 as Tide Petroleum Products, Inc. and the primary function of the company, at that time, was to operate large multi-pump service stations throughout the lower Rio Grande valley. In 1952, agricultural chemicals were added to the line of products and the service station department was sold. In addition to handling all types of insecticides, fungicides, herbicides, etc., liquid fertilizers were introduced and, today, Tide operates the largest and most modern liquid fertilizer manufacturing plants in the south, located on the intercoastal waterway at Rio Hondo, Texas from whence comes the new District Manager for the Littlefield District, Jim Lang.

On January 1, 1963, Tide affiliated with Union Carbide Corporation of New York in order that they might better serve farmers of all areas with the finest in agricultural chemicals. The affiliation with Union Carbide touched off the aforementioned expansion of Tide Products, Inc.

Tide's Littlefield plant will offer the farmers of this area a

complete line of agricultural chemicals and particularly prescription-blend fertilizers that satisfy the exact plant food needs of the soil and crops of this area. Soil samples and tissue analysis will be made, free of charge, to determine the exact plant food requirements. Then Tide will blend, from high analysis raw materials, the exact fertilizer analysis needed. Raw materials will be fresh, free-flowing, and with Tide custom-designed delivery and storage and application equipment, labor cost will be cut to a minimum.

Tide is primarily a marketing organization, whose main function is to bring the proven agricultural chemical to the grower to help the grower solve his many production problems.

District Manager, Jim Lang, stated, on coming to Littlefield that "Only the best is fit to be Tide" is more than a company slogan, it's a strict company policy which Tide follows as they strive to make the name "Tide" a "Symbol of quality."

Mrs. Lang credits a letter from Littlefield Chamber of Commerce President Jerry Sanders, who was then Chairman of the Chamber's Industrial Committee, and the fast, complete response of the chamber office to a request for community information as the two key factors in Tide's decision to look to Littlefield for their West Texas District Headquarters. Troy Armes, 1963 chamber president and Gene Garrison former chamber executive vice-president, also played key roles in the original negotiations. Garrison has since become the Executive Vice-President of the Edinburg, Texas Chamber of Commerce where Tide's home office is located.

Mayor Commends C-C Work

The Littlefield Chamber of Commerce deserves the support of every firm and professional man in this city, Mayor B. W. Armistead stated today when asked to comment on the present Chamber of Commerce membership campaign.

"The Chamber of Commerce is a voluntary association of business men and civic-minded citizens engaged in a collective effort to promote the welfare of this community," Mayor Armistead said, he added, "Civic leaders in every phase of community life take part in the Chamber of Commerce program."

"These business and civic leaders provide the sound judgment, the foresight and the aggressiveness that keeps the Chamber moving steadily in the right direction and assures maximum accomplishment."

"But we need more help, more people who are willing to help us carry on the work of the Chamber of Commerce. We have a good team. We need a better team. We hope those on the outside, who are not members, will join and take an active part in our program."

While speaking of the Chamber of Commerce as a democratic organization, the mayor pointed out that the by-laws provide the complete membership control. "It has been the constant application of the 'spirit' of democratic procedure, as well as the formal provisions for it, that has made the Chamber of Commerce a part

force in the life of this community," the mayor said.

"Any Chamber of Commerce can assume only as many projects as its budget will allow," the mayor stated, adding, "We hope to take on more projects during the coming months. But we need additional members and funds to do this work. We want to develop business for this community, promote industrial safety, improve public health, raise the educational standards of our schools, create better understanding between farmers and our business men, develop recreational facilities and do many other constructive things."

★ ★ ★ ★ Area Boy Scouts Depart Tuesday..

BENEATH THE AMERICAN FLAG area Boy Scouts gather to leave on a three week trip to the National Jamboree, held in Valley Forge, Pa., where they will encamp one week with Scouts from all over the United States and several other countries. The rest of the trip will be spent touring the midwest, Canada, and Eastern states.

★ 37 SOUTH PLAINS SCOUTS from Littlefield, Muleshoe, Plainview, Ropesville, Morton, and Levelland are pictured here assembling their duffle bags and camping equipment for the trip to and from the National Jamboree. They will live out of this equipment during their three week journey. ★

KZZN ANNOUNCER, Jack King, was "Jack on the air" bright and early Tuesday morning to make a tape of his views with various Scouts. He is talking with Joe Hill, Bill Nowlin, David Bawcom, and Tom Hillman, Scoutmaster. Bawcom gave a run-down on the itinerary for the trip.

★ "GET IT TAPED ON TIGHT, we don't want to lose our name tag". These words were overheard as David Perkins, David Bawcom and Joe Hillman made double and triple sure that the sign would stay on their traveling home, an air-conditioned chartered bus. The

★ Scouts will visit Boot Hill in Dodge City, Kan.; Mark Twain's Cave at Hannibal, Mo.; Abraham Lincoln's tomb at Springfield, Ill.; Ontario, Canada; Niagra Falls, the World's Fair, and make a tour of Washington D. C.

.....For National Jamboree

★ "THE OLD TRADING POST" will be simulated on this trip with Scouts trading Texas trademarks for souvenirs of other areas and states. Mack Mangum, David Bawcom, John Ellzey, and David Perkins consented Monday afternoon to unpack just a few of the trade materials they planned to take along. Assembled there are numerous Scout patches, miniature petrified logs and bales of cotton, boot-shaped key chains, a steer's horn, a horseshoe, a flint rock, and a variety of tie clasps, all representing Texas. ★

★ THIS HAPPY QUARTET of Norman and Keith Kiser; guitarist, Stephen Webb; and soloist Steve Lowe were in good spirits Tuesday morning when caught by the photographer. Actually they aren't a musical organization, just four of the 37 area Scouts glad to be off to the National Jamboree. ★

★ DEPARTURE TIME NEARED and Mrs. Betty Lumaden didn't seem to want her son, Mike, to leave. The whole family came down to see him off. Left to right, John Ellzey, Judy, Ross, Carolyn, Betty, and Mike Lumaden, behind Mike is Bill Nowlin and in the shadow is David Bawcom.

★ TRIO OF MIKES. . . Mike Lumaden helps Mike Oliver handle a heavy equipment bag while Mike Grissom seems to be speculating as to whether they need more help. They are anticipating an exciting trip and Jamboree that they will never forget.

News of Women

Wattenbarger Family Takes "Long-Remembered" Trip

Mr. and Mrs. Jack Wattenbarger and children have just returned from a three week trip that took them to seven states, Canada, and to see all of both their parents, brothers, and sisters.

In Grafton, Wisconsin they visited his sister and family, Mr. and Mrs. L.J. Smith, and attended a Milwaukee Braves baseball game. They then joined the Smiths for a sight-seeing tour around Lake Michigan into Canada, to the famous "Soo Locks", across the world's largest suspension bridge, and to the historic and beautiful Mackinac Island. The First Lady, Ladybird Johnson had toured this island just the day before

they were there in the same type horse drawn carriage. Nocras were allowed on the island. In Illinois, they spent Father's Day with Jack's father, Charles O. Wattenbarger, and family, and took a tour at Springfield, Illinois, of Abraham Lincoln's home, Memorial Tomb, and the newly restored New Salem Village where he lived as a young man.

In Oklahoma, they visited her parents, Mr. and Mrs. L.M. Selgel, Vinita, Okla. and attended a family reunion and 4th of July picnic at Lake of Cherokees near Grand River Dam, and spent several days fishing, boating and swimming there.

Party Dessert Recipe Is Favorite of Mrs. Davis

Featured this week, Mrs. Davis provides a recipe for a delicious party dessert, "Fruit Cream Chess Pie." It is a perfect refreshment to serve at a bridge party or, as did, when friends drop in to visit.

Ernie and Ernie moved to Littlefield two years ago from Clisby where they live at 911 E. 9th. He is a track coach and boys' P.E. instructor at LHS. For the summer his mornings are occupied with instruction and supervision of the summer recreation program. He is in charge of the group at Laguna Park. They have three children, Ricky 5, Ricky 3, and the latest addition, Cathy who is six weeks old.

Ernie is originally from Slaton, Ernie is from Stamford. He both attended McMurry College where he received his degree in 1959. They married in 1961 and have been married since.

The family enjoys cooking and baking out and, of course, attending all the track meets, ball and basketball games. Mrs. Davis enjoys all sports especially summer ones and she is a bridge player. Her children top list of hobbies with cooking and arranging flowers also favorite.

FRUIT CREAM CHESS PIE

1 (15 oz.) can Eagle Brand milk
1/4 cup lemon juice
1 pkg. (3 oz.) cream cheese
2 eggs, separated
fruit
1/4 tsp. cream of tartar
4 Tbs. sugar

Put Eagle Brand milk and lemon juice in mixing bowl; stir until thickens. Beat cream cheese, softened at room temperature, until smooth. Add 1 egg yolk at a time, beating well after each addition. Add fruit and mix well. Fold the cheese and fruit mixture into the Eagle Brand mixture. Pour into cooled pie shell. Add cream of tartar to egg whites; beat until almost stiff enough to hold a peak. Add sugar gradually, beating until whites are stiff and glossy, but not dry. Pile egg whites lightly on pie filling.

Bake in slow oven (325 degrees) until lightly browned, about 15 minutes and cool.

Any of the following fruits may be used:
Pineapple — 1 cup crushed and drained
Bananas — 2 medium sliced
Strawberries — 1 cup sliced

Pampa Couple Move to Holland

SAM HEARNE

Sam Hearne Fills Ammonia Tanks

Sam Hearne, plant assistant at Tide Products, Inc., has been a resident of Littlefield for six years, moving here from his original home in Paris, Texas.

Mr. Hearne has been active in the fertilizer and farm supply business for a number of years. He states that he is very happy to be associated with Tide and

that he thinks the industry will be a great addition to the Littlefield business community.

Mr. Hearne lives on Central Avenue in Littlefield with his wife, Christine, and his four children, Mary Louise 10, Barbara Ann 8, Charles Gary 6 and Peggy Joyce 3. The Hearnes attend the Colored First Baptist Church in Littlefield.

IT'S THE LAW IN TEXAS

YOU CAN'T ENFORCE A BET

Is a bet with a friend, with witnesses present, a valid contract upon which you can collect in court? Can you force a person to pay off a bet that he made with you?

Jim was the town's most loyal supporter of the Marysville baseball team, even though the team was having a disappointing season. Tom, a supporter of Johnstown, a rival team, offered to bet Jim a sizable sum of money that Johnstown would beat Marysville.

Jim was quick to accept and asked several bystanders if they would be witnesses to the bet.

That weekend Marysville won, but Tom refused to pay. Jim claimed that the bet amounted to a valid and binding contract. He wanted to bring a lawsuit against Tom to collect the money that he felt Tom legally owed him. However, he was advised that he did not have a case.

The bet that they made was a gambling contract, and as such was illegal. Where both parties assert rights founded on a contract which is illegal and void, the court will refuse to enforce it, leaving the parties just where they placed themselves, and as they were before coming into court. The court has said that they owe it to public justice and to their own integrity to refuse to enforce contracts essentially violating morality or public policy. It is a judicial duty always to turn a claimant upon such a contract out of court regardless of how the character of the contract is made to appear.

In this case, even though Jim could prove that he had made a

contract with Tom, and regardless of the number of witnesses Jim could call into court to swear to the terms of the contract, the contract itself was an illegal one, made for an illegal purpose, gambling, and as such the courts will refuse to enforce it.

Addition To Park Facilities To Be Completed This Week

The brick building under construction in Crescent Park, sponsored by the Littlefield Rotary Club, which houses restroom facilities and storage for park equipment, is nearing

completion. Charles Duval, chairman of the park committee, reports that it should be finished at the end of this week. He has devoted about a month of his time and labor to construction and plans for it.

Rotary financiers who planned the \$1250 budget, did a fine job for the price of the building exceeded that mark only a few dollars.

This project was started in 1962 by the late Mr. Marshall

Howard, president of Rotary that time. Plans were furthered in 1963 by Dr. Carl Nowlin who he presided over the club.

This year, with John Neal president, active work began when Duval decided it was time that the plans be completed and the building erected.

The Rotary Club and Duval are to be commended and thanked for this fine addition to our park and our city.

CHARLES DUVAL, chairman of the park committee for Rotary, pauses for a moment in his construction of a brick building in Crescent Park, sponsored by Rotary, which will

house restroom facilities and storage for park equipment. He reports plans call for completion at the end of this week. —LEADER STAFF PHOTO

NEW CONCEPTION IN FERTILIZER . . . Tide's Prescription-Mix fertilizer is blended from high analysis raw materials to fit your exact plant requirements

HOW TIDE'S TILT BOX SERVES YOU . . . Tide's Tilt Box pictured at the right, is an air tight, all weather container. It keeps your fertilizer dry, fresh and free flowing. This Tilt Box puts 14,000 pounds of fertilizer where you want it . . . at the most convenient location to the field and high enough to make loading any type of application equipment easy.

TIDE SERVICES . . . Tide grower services and products are planned to save time and labor . . . help take the guesswork out of farming. Agricultural consultants, Free Soil Tests, Tissue Tests, Tide's custom-designed, weather-proof, delivery and storage equipment, and application equipment cut your production cost.

ECONOMICAL . . . Ease of handling fertilizer in Tide equipment reduces cost . . . saves time and labor. One man can fill an applicator or spreader in 2 to 3 minutes with Tide Fertilizer, simply by opening a gate. With "Prescription Mix", you buy on the Nitrogen, Phosphate and Potash trace elements your soil tests show you need. High analysis fertilizer cuts material handling costs. No bags to handle (unless you want it bagged), and no storage problem, as Tide's Tilt Box, holding 14,000 plus pounds provides air tight delivery and storage at the end of the row.

Mrs. Stafford Honored With Bridal Shower

WHITHARRAL — Mrs. Don Stafford, nee Betty Kay Russell, was feted with a bridal shower Tuesday afternoon at the Lions Club.

An arrangement of pink roses centered the refreshment table laid in white lace over pink. Home-made ice cream and cookies were served.

Assisting in the hospitalities were Misses, George Wade Jr., E. E. Pair, B. E. Hayes, V. G. Simmons, Ed Johnson, R. H. Bryant, L. L. Overman, A. L. Polk, Ralph Wade, W. J. Crews and D. C. Theford.

Out-of-town guests were Misses, Edgar Russell, Jack Ballow, and Jackie Hayes of Levelland. Fifty guests called or sent gifts. The hostess gift was a white heirloom bedspread.

In 1900 Fort Sam Houston in San Antonio was the largest military establishment in the United States.

BABY RACCOON. . . . Weldon Findley and son, Lyndon, have a new pet in the family who goes by the name of Ringo. Lyndon states firmly that the month old baby raccoon is NOT named for Ringo Starr of the Beatles, but for his ringed tail, which is partly visible in the picture. About 10 days ago Findley was hunting east of Post with his brother, Albert Findley of Slaton, when Albert's dogs trapped the baby coon under a ledge. Weldon brought Ringo home and gave him to Lyndon who fondly feeds and cares for him. They expect Ringo to weigh about 35 pounds when full grown.

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

AUSTIN—Without the sun we all would die. But use of sun, like anything, can be carried to extremes.

The sun is necessary for growth processes of all—man, animal and vegetable. Sunshine is a source of vitamin D, as most people know. But what apparently is misunderstood is that ordinarily healthy people can get all the D vitamin they need through routine activities such as hanging out the family wash, mowing the lawn or walking to the store.

As some of our senior citizens will tell you, the skin hue of choice fifty years or so ago was a fragile, pale white. One elderly Texas resident tells how she never went to the barn or field without protection of a sun-

bonnet. And she tells of spending hours trying to bleach her skin with lemon juice and buttermilk.

Today, the skin hue of choice by many is a golden brown. And many a person sweats out a frequent sun bath to attain a coat of bronze.

Overdoing a good thing—trying to acquire a suntan in a day's time—is where the problem begins.

The sun, as a heat source, can give the body first, second and even third degree burns. The medical term for sunburn is "erythema solaris." It's the ultraviolet light in sun rays which does the damage. Since clouds don't remove all ultraviolet rays, it is possible to get burned even

on overcast days in mid-summer.

There are other dangers, too. Ultraviolet is associated in many minds with cancer. The rays stimulate cells to divide, and sometimes the cells "forget" to stop, thus becoming cancerous. It's likely, they say, that this could happen from any ultraviolet source—either the sun or sun lamps. Of course, only a person subjected constantly to large amounts of ultra violet is in danger. For example, farmers who work under sunlight are frequent victims of skin cancer.

Ultraviolet may also harm the eyes—even when they are closed. The skin of the eyelids is the thinnest on the whole body, and the light can go right through causing sunburn of the eyes. Ordinarily, sunglasses offer some protection, but a thicker material—like cotton—offers more protection.

Bask in the sun, if you like, but do it with discretion.

Quarterback Club Holds Meet

The Littlefield Quarterback Club held a membership meeting Tuesday night in the Community Center to discuss, primarily, a new constitution and by-laws for the organization. With President Efton Graham presiding, a committee was appointed to study similar organizations in the area and to draw up a proposed set of standards for the club. The committee appointed includes Clarence Coffman, Ed McCann and L. V. Pierce. This group will report on their findings and make recommendations at the next membership meeting to be called in about two weeks.

The organization voted to drop the "booster" concept and to be known strictly as the "Quarterback Club" with the primary purpose of promoting football in the Littlefield school system. Other action included favorable action on purchasing blazers for the football team and

the financing of charter buses for the Lake View and Borger varsity football trips for the 1964 season.

There were about 30 "quarterbacks" present for the meeting and the membership drive is still in full swing with the Littlefield High School cheer leaders selling memberships. Anyone interested in joining the Quarterback Club should contact one of the cheer leaders or President Efton Graham at the local ASCS office or Orville Bassett at Littlefield Tire Service.

SPADE NEWS

Members of the family Mrs. Bertha Mouser gathered Sunday in the home of Mammie Davis here for a family reunion. This was the first time in quite a number of years the family members, including three sons, three daughters, a number of grandchildren, great-grandchildren, were together at one time. Among the reunion were Mrs. Mouser, Mr. and Mrs. Mouser, Jimmy and Mrs. Mouser, Ben Mouser, Mammie Davis, all of Spade, and Mrs. Dalbert Mouser, and Pat, Lubbock; Mrs. Mrs. Tom Hill and daughter Mrs. Betty Baker and children Terry and Sammy of Rowena, N. M.; Mrs. H. A. Dierker, La Juana and Lynetta, Clara, Mr. and Mrs. Charles Nease and Mike, Oklahoma City, Okla. and Mr. and Mrs. John Ed Nechins, Max and Jackie, Littlefield.

Mrs. A. B. Roberts Honored by Valley View Community Club

WHITHARRAL—Mrs. A. B. Roberts was hostess to the Valley View Community Club Tuesday afternoon at her new home east of Littlefield on the Field-ton-Spade Highway.

Mrs. Ray Denney emceed a program on "Friendship" honoring the hostess who had moved recently from the Valley View and Oklahoma Flat community where she and Mr. Roberts had resided for more than 25

years. Mrs. Elva Crank opened the program with a prayer.

After the group read alternately "The Art of Friendship" by Willard A. Peterson, Mrs. Crank then read Sam Walter Foss's "The House by the Side of the Road". Mrs. Johnnie Miller gave the poem, "That Old, Old Friend of Mine" by Frank D. Felt. A large picture was presented the honoree.

A refreshment plate was served to Meses, Bill Eudy, W. O. Tipton, Charles Osborne and Michael, Vernon Cox and Coy Grant, Debra, Gary and Ray Dale of Levelland; Wade Strother, Wadonna and Wandell of Morton; J. C. Hodges, Johnny, Carolyn and Greg of Anton; Crank, J. Miller, R. Denney, Pervadus Wade, Claudia, Russell and Gordon; David Vaughn and grandson; Hayes Denney; Robert Strickland, Linda and Gary; Buddy Miller, Johnny and Hal of Whitharral; Mrs. Jimmy Starnes, Dwight, Diane, Marsha and Janie of Littlefield; and their guest, Bill Clark of Liberal, Kan.

Mrs. Johnnie Miller will host the next meeting on July 16.

Board Meets at Christian Church

The newly elected board of the First Christian Church held its initial meeting Monday evening at the church. Nelson Naylor, chairman, presided.

Rev. H. J. Swink, pastor, brought a devotion on "The ministry of the church" from the 12th chapter of I Corinthians. In giving his ministerial report, Mr. Swink stated that he had attended a 5-day Ministers' Institute at Phillips University, Enid, Okla., and that the course had been interesting and beneficial.

Mrs. Ruby Reid, chairman of the Education Committee, outlined plans for Vacation Bible School which will be held July 13-17. She also stated that the junior class had been divided and were being taught by Mrs. Blanch Dodgen and Mrs. James Evans.

Plans were made to send Maise Naylor and Fred Koontz to the C.Y.F. Convention which convenes at TCU the last of July.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

JUSTIN, TEX. — Local governments in Texas may be the beneficiaries if state government winds up the current period with an \$80,000 surplus as Gov. John Connally predicts it might. Connally said such a surplus would be "fairly" certain he would recommend abolishing the ad valorem tax on property for revenue purposes and leasing that source exclusively to local governments. Connally said \$20,000,000 of the surplus could be set aside in a special fund to pay college building bonds issued by ad valorem tax contributions. Connally predicted that the surplus would not be less than \$35,000,000, probably will reach the \$50,000,000 figure, the Governor joined those who have urged all along that the general revenue fund will be so far black by 1965 that new tax items will be eased if not needed. Connally also said he completes submitting to the Legislature in stages the recommendations of his Committee on

Red Raider Rides Again

LUBBOCK—Selection of a new mascot to continue Texas Tech's tradition of circling the Red Raider with a masked rider has been made. Successor to Tech Beauty, died last spring, will be a black gelding named Cody, a black gelding owned by Bill Price, who has western wear store here. Hugh (Nubbin) Holler of Guthrie, the masked Raider, has been Charcoal Cody before. Cody was subbed at the Texas A&M rodeo here last fall for Beauty, a victim of the kind of disfigurement that plagued Southwestern Conference mascots several times in 1963. Also, Cody faced Beauty at parades where she was foaling. Charcoal Cody, during his years, has made many other appearances, including conformation shows and roping contests where he was ridden by such performers as Toots and Troy Fort. He weighs about 1,200 pounds and has 14 1/2 hands. Bill Cody, now horse raised on the King ranch, was the sire; a Jack McE mare the dam.

Red Legion Team Pulls Surprise in Amarillo

The Littlefield American Legion baseball team, coached by Coach Falk, pulled the surprise of the year Tuesday in Plainville when they defeated the Amarillo Sandies by a score of 3 to 1. The Amarillo team, in American Legion play every summer, made up of Amarillo High School baseball players and is considered as one of the state's top teams every year. Coach Falk said, the team is scheduled for another tournament game Wednesday. This means the local Sandies were forced to cancel and forfeit a regularly scheduled district game against the Red Cheeks of Lubbock Wednesday night. However, the forfeit is of little consequence to Coach Falk, since the local team has no chance at the district title having won only one district game this year. Winning pitcher for Littlefield was Ray McKinney.

MARIA DELON — A glamour girl is added to the wrestling card Saturday night at the Littlefield Sports Arena, according to Promotor John Jerry. Dark haired Maria DeLon meets Fran Gravette in a ring for a one fall to a finish match. Other highlights in the program include The Shick meeting Dan Miller, Sir Nelson Royal tangoing with newcomer Jerry London. Wrestling begins at 8:30.

education Beyond the High School. He still plans to call a conference on morals and ethics but said he has not picked a time. However, he declined to say whether he would recommend fair employment and public accommodations legislation in order to maintain some state jurisdiction over civil rights under the new federal law. **ILLITERACY FIGHT STEP-PEPED UP** — A quiet campaign is underway to mobilize South Texas community facilities to combat an illiteracy problem which results in wasted lives and a damaged economy. Fausto Toscano, an assistant to Governor Connally, is in South Texas determining what can be done at the local level to help stamp out the blight of illiteracy.

Toscano has visited seven South Texas counties attempting to establish local literacy centers to teach adults to read and write. He reports that in most counties in Southwest Texas illiteracy is far above the national average, and runs over 20 percent in some counties. Texas Education Agency is engaged in the most intensive study of the problem ever undertaken in the state and the director of that study says the problem can be substantially solved in a few years by a concerted state-local effort.

CAPITOL HOSPITALITY — Texas Highway Department now has a team of travel information officers in the rotunda of the State Capitol. They are stationed in an illuminated tourism booth.

This information team has the task of acquainting the thousands of visitors to the Capitol with the State's other tourist attractions. **NEW MANSION ASKED** — Should Texas build a brand new \$500,000 governor's mansion? That is a subject of debate in the capital city. Building Commission Director H.R. Nieman Jr. has recommended a new structure to replace the 108-year-old mansion. Budget Director Bill Cobb also has testified in favor of the proposal.

Connally, a member of the Building Commission, supports the new mansion plan. But whether he will throw his full backing behind it depends on the state's financial condition when the Legislature convenes in January. If a new mansion is constructed, Connally suggested the existing one be turned into a museum supported by nominal admission charges.

Other structures proposed in Nieman's \$8,084,330 budget request included a \$3,600,000 state finance building to house state fiscal agencies and a \$2,600,000 office building for legislators and their related services. Both would be located in the capitol area.

GOOD NEIGHBOR TRIP PLANNED — An August trip to Mexico City and to the four Mexican states adjacent to Texas is planned by Governor Connally, who said that much of this state's economic future is tied to lands south of the Rio Grande.

Connally hopes to improve relations with Latin leaders before the 1968 Olympics are held in Mexico City. Also he would like to link the Olympics with

Texas has 56 voting delegates, but state Republican headquarters reports 112 delegates and alternates have been named; 300 Texas guest tickets have been issued; and six pages, six assistant sergeant-at-arms, six assistant doorkeepers and 68 honorary assistant sergeant-at-arms from Texas also have their credentials.

BUSINESS STRENGTH MAINTAINED — Texas' 40-month business upswing is the longest of the postwar era (except for the Korean War period), according to the UT Bureau of Business Research.

While the business activity index slipped two per cent in May, average for the first five months of 1964 is seven per cent above the same period in 1963. "It now seems reasonable to

expect that before any adjustment occurs, Texas business will surpass even the 45-month rise of business activity from October 1949 to July 1953," Bureau Director Dr. John R. Stockton predicted.

MENTAL HEALTH — County Judge C.L. Abernathy of Plainview heads a statewide committee which is taking a long, hard look at what Texans are doing about mental health problems. The 112-member citizens committee which is taking a committee expects to have its report ready by August. But comments at meetings have indicated strongly that the committee will tell Texans that mental health work should begin in the local community.

Judge Abernathy said the old concept of isolating mental patients far from home is far less effective than treatment in their home towns.

FISHERMAN'S HEAVEN — Parks and Wildlife Department spokesmen expect the out-sized Amistad Reservoir, now being fashioned from the Rio Grande, Pecos and Devils rivers, to be heaven for fishermen. Aquatic biologist Larry Campbell predicts that when the 6-million acre feet reservoir is

completed in 1968 it will boast blue catfish from the Devil and Pecos; large-mouth bass from Lake Walk and Devils Lake, and flathead, blue and channel cat from the Rio Grande.

Underway are conversations leading toward a joint management program for the \$100,000,000 reservoir project with the Mexican government.

SHORT SNORTS — Cigarette smokers are doing it again. Revenue from cigarette tax stamps increased \$568,048 in June over June 1963 and more than \$600,000 over May.

A gold-painted guard rail was installed along a \$90,000,000 freeway section near Winnie in Jefferson county. Freeway connects downtown Houston with Beaumont. Highway Commission Chairman Robert C. Petry Jr. predicted it will save 21 lives a year.

Cotton still is big in Texas, Lt. Gov. Smith told the International Oil Mill Superintendents Association. During the last 10 years the state has produced an average of 3,900,000 bales a year and more than 1,600,000 tons of cottonseed, with an average value of \$715,000,000 a year.

State Hospital Board Executive Director Raymond Vowell has been appointed to two pre-

sidential advisory committees on mental retardation. Governor Connally has named a planning committee of state officials to develop an administrative internship program in

state government. Republican candidates will attend a political school in Austin on August 20-22. During the last week in June the state Securities Board ok-

ayed eight applications to sell \$2,055,300 in securities in Texas. A total of \$2,400,000 in additional applications were received the same week, but not processed.

Post Man Dies At Whitharral

Services will be read today (Thursday) at 2:30 p.m. for James Aaron Mangum, 90, of Post, in the Hudman Funeral Home Chapel in Post.

Mr. Mangum died Tuesday at 2 p.m. in the home of his daughter Mrs. Will Reding who lives west of Whitharral.

He had made his home with her for the past six months. Survivors include another daughter, Mrs. Ernest Vaughn of Christoval, Canal Zone; 4 grandchildren; and 13 great-grandchildren.

Funeral services will be grandsons and great-grandsons. Don Reding of Whitharral is a grandson.

Arvon Lunsford Dies Tuesday In California

Arvon Lunsford of Englewood, Calif., died July 7 following major heart surgery.

He was formerly a Littlefield resident, son of Mr. and Mrs. O. G. Lunsford of 1301 S. Park Avenue, and brother of Robert Lunsford also of Littlefield.

Services are pending in Englewood and burial will be in the cemetery there.

Survivors include his wife and four children, his parents, two other brothers, James Lunsford of Lubbock and Phillip McMasters of Fort Sill, Okla., and four sisters, Mrs. Forest Byrum of Amherst, Mrs. Jimmy Testerman of Dallas, Mrs. E. J. Finck and Mrs. Edd Blackwill of Englewood.

More Water Pressure Due

In response to questions concerning the time when maximum water pressure could be expected in Littlefield, City Manager J.W. Harrison stated that the city was from three weeks to a month away from reaching this goal. Harrison further said the reason for the delay was that all the overhead storage facilities had not been completed. Painting of these facilities is all the work that remains.

The City Manager said that residents of south and west Littlefield, who are now experiencing low water pressure, would receive the most benefit from the new facility. When this facility is completed, the entire community should have more than adequate water pressure.

When asked when the overall water improvement program would be completed, Harrison stated that the city project of improving water lines on 14th, 15th, 16th and Duggan streets would be completed in the near future and that will wind up one of the most ambitious city improvement projects in the history of Littlefield.

OUTDOORS IN TEXAS

By VERN SANFORD

Nature has a way of taking care of her own problems. If you take a tract of land and never touch it, the balance of nature to available habitat will remain fairly stable all the time. Nature has many devices for such control — predators, disease, starvation. None of them are very pretty, but nonetheless they are quite effective.

The real trouble starts when someone begins tinkering with this delicate balance of nature. As things now stand in Texas, there are no lands left which haven't, in one way or another, felt the presence of civilization.

This, of course, compounds the problem. When a rancher chains the brush off his land, he destroys much of the wildlife habitat. As some of the predators are killed, it also knocks the balance out of proportion.

The more this balance is altered, the bigger the need for competent wildlife biologists to try and get things back in some semblance of order again. Perhaps heavier hunting pressure is desired, to compensate for the lack of natural predators.

But despite all the work of man, nature still makes her presence felt, quite dramatically at times. Experience has shown us that there are cycles of wildlife, diminishing populations in lean years, booming populations in years of plenty. Nothing we can do will alter this natural cycle.

Parasites also take a heavy toll. Yet we still have more deer today than ever before. "Removing surplus deer is a vital part of deer herd management," said Teer. "And common sense tells us that harvesting both sexes is sound and practical on some ranges."

He asks landowners to look at the problem like this: Selling only bulls, rams or billies from herds of domestic stock is impractical management. Unless both sexes of livestock are marketed, the pastures soon become so overstocked with females that the range can not produce enough forage to feed them. The number of deer generally is determined by carrying capacity of range-lands, not by the annual harvest of deer by hunters.

This, then, points up some of the problems encountered when man starts tinkering with nature.

"Most deer never reach what is considered a ripe old age for whitetails," Teer went on. "Although some deer do live 20 years, a buck that escapes hunters and the toll of nature for five years is considered old. As far as the total deer production is concerned, deer over 7 1/2 years are not common members of the herd. About 95 per cent never see their fifth birthdays."

So it readily can be seen that the sport of hunting is vitally necessary, not only for the economical value it brings to the various communities and the fun it provides for people of all ages, but also for the role it plays in wildlife management. Man has taken much of the control of nature away from the Old Lady herself.

But nevertheless, the Old Lady Nature still makes herself felt quite dramatically and strongly in our everyday scheme of things, particularly in the great outdoors.

Director of Market Research For Tide in Area Temporarily

Rex Emmons, Director of Market Research for Tide Products, Inc., will be a temporary resident of Littlefield for the next two months or longer.

REX EMMONS

Mr. Emmons comes here from the Tide home office in Edinburg, Texas and is supervising the installation of equipment and the construction of the other area Tide plants. He has been associated with Tide for 9 1/2 years and prior to his entering the marketing research department, he was a sales representative for the organization.

Rex handles all purchasing of property for the company and did the preliminary research work for this area. This project consisted of checking crops grown here, potential fertilizer and insecticide use in the area, water supply, condition of growers, type of application equipment, methods of farming and the general condition of the area as a whole. The results of his work led to the decision to build the five new plants in the area.

His marketing research has taken him to West Texas, Louisiana, Georgia and Alabama. Mr. Emmons lives in Westlaco, of which he is a native.

First convent in Texas, the Ursuline Academy, was established in Galveston in 1847.

Two On LCC Honor Roll

Two Olton freshmen at Lubbock Christian College this past semester have been named to the semester honor roll, according to Dr. Jack Bates, academic dean.

Patricia Hedges, majoring in elementary education, and Gladys Oursbourn, majoring in business, were honored for their spring semester grades.

To be places on the honor roll, a student must maintain a 3.25 grade point average. On LCC's 4.0 scale, 4.0 indicates a straight "A" record, and 3.0 indicates straight "B."

Only 29 of the class of 290 achieved honor roll standing this past semester at LCC. Mrs. Hedges maintained a 3.80 grade point average, while Mrs. Oursbourn maintained 3.46.

Mrs. Oursbourn is the daughter of Mr. and Mrs. Gordon Thomas of Olton.

100th Water Loan Made

L. J. Cappelman, State Director of the Farmers Home Administration, Temple, Texas, announced to the Press, "The 100th Water Distribution Association Loan has been made to the rural people of Texas."

The Green Valley Water Supply Corporation received this loan for \$696,000. This water system will service 518 families; over 2,000 individuals.

Mr. Cappelman stated, "These 100 loans total \$9,905,770. Over 9,047 families now are enjoying good water for home use and for livestock, gardens, etc. This number of families includes over 36,000 individuals.

These loans have had a great impact on the economy of the community and the county. The installation of bathrooms, kitchen facilities, landscaping of lawns and the building of new homes has increased business for merchants, increased tax payments, added to school tax payments, and contributions to churches.

One community, since turning on the water, has 20 new homes financed by Private Enterprise; 7 homes moved into the community. It has completed construction of the first new church building in 60 years at a cost of \$30,000.

Cash Premiums Upped For Fair

LUBBOCK (Spec.) -- Cash premiums totaling more than \$28,000 are being offered at the 47th annual Panhandle South Plains Fair to be held September 27 through October 3 at Lubbock.

The premiums are outlined in a new 88-page catalog just mailed to some 3,500 exhibitors throughout West Texas. M.B. Hilburn, president of the fair, said total premiums this year set a new record. "Actually, premiums have been considerably increased in many divisions," he added. "All divisions have been carefully analyzed, eliminating obsolete classes, and adding money to more popular entries."

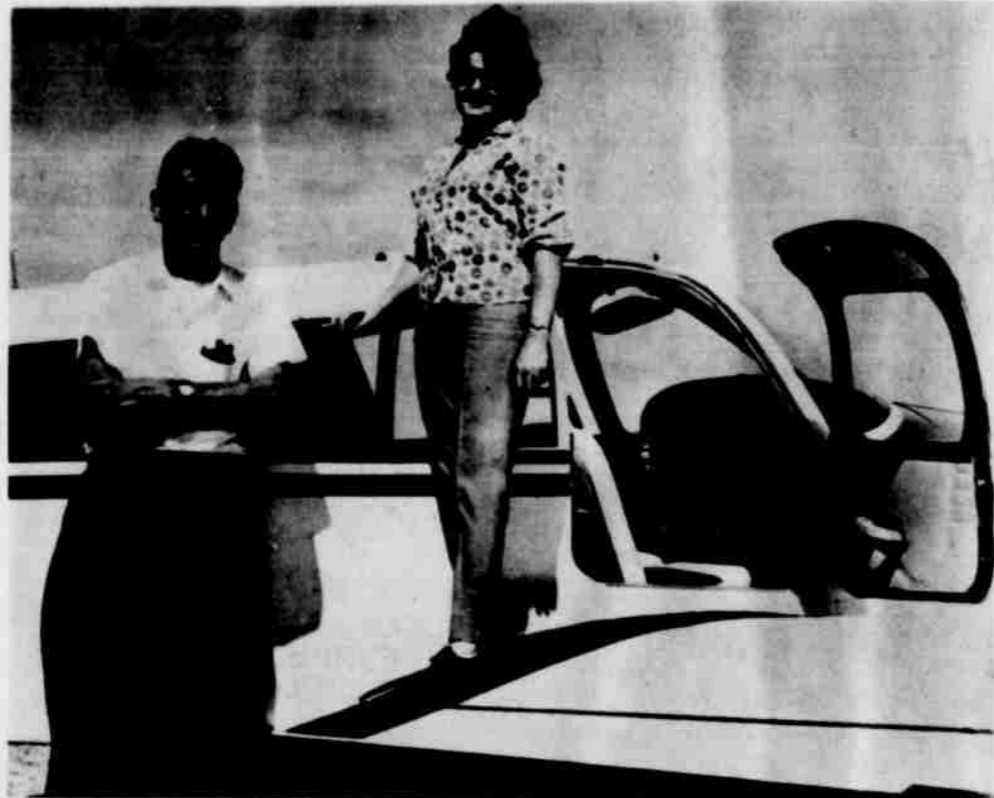

Hilburn pointed out that the South Plains Fair pays higher premiums than many state fairs.

New at the fair this year will be a free parachute training jump, sponsored by U.S. Army Recruiting, and a new paved Kiddie Land, featuring all kinds

of rides and entertainment exclusively for children.

Improvements to the grounds include more paving, a new milking parlor and more restrooms.

Other features of the fair will include Ice Capades, the Gene Ledel Shows, Inc., the Children's Barnyard, the 11th annual Twirling Festival, and hundreds of exhibits.

New Weatherman Bats 1,000

Oliver Newton, who moved into South Plains Research and Extension Center offices in May as Area Agricultural Meteorologist, is so far batting pretty close to an even 1,000 on his 30 day forecast. For June, he predicted from two to four inches of rain over the High Plains, and that rain would fall on each farm or community an average of five times during the month. It's hard to imagine how you could stick your neck out any farther on the High Plains, but the rain came through to save him.

Newton's position is part of a new weather reporting service for agriculture recently authorized by congress. Congressman George Mahon of the 19th Congressional District was one of the prime movers of this authorization. This service features agricultural weather information, forecasts and advisories transmitted by teletype several times daily to radio and television stations throughout

the High Plains area. Radio Station KZZN of Littlefield is a member of this special agricultural weather service and broadcasts these hotline teletype reports twice hourly or more in case of severe weather information.

Plans to be Made for Beautifying City Cemetery

The Littlefield Cemetery Association will hold its regular monthly meeting July 14 at 8:00 P. M. in the Reddy Room.

All persons interested in beautification of the cemetery please attend this meeting.

Planting of grass will be discussed. If there are those who do not want grass on their lots be sure to let the committee, Maude Street and Minnie Matthews, know.

Cartoons Push C of C Drive

Prospective members of the local Chamber of Commerce are now receiving a series of large mailing cards explaining the functions of the organization, according to Charlie Duval, chairman of the Membership Committee.

The cards carry amusing cartoons by Henry Boltinoff, American artist whose work has been seen in many national publications. Mr. Boltinoff's cartoons have appeared in the SATURDAY EVENING POST, LOOK and other prominent magazines. He is a master of the light, humorous touch. Mr. Boltinoff draws a financial page feature "Stoker the Broker" which appears in many large newspapers.

The theme of the campaign is, "You Miss So Much... When You're on the Outside." Copy on the second in the series of cards points out, "There are so many disadvantages to being on the outside. IT'S BETTER TO BE ON THE INSIDE!"

"It's easy for you to get on the inside and help our city grow. Your Chamber of Commerce is constantly working to advance the business, industrial, professional and civic interests of our city. Your membership support is needed. 'Don't stay on the OUTSIDE. Join your Chamber of Commerce. It's an investment that will pay dividends!'"

Duval pointed out that the Chamber of Commerce works closely with all types of business, from the smallest to the largest, cooperating with them and assisting them in every way possible. Up-to-date information is provided for anyone seeking it.

"It is our hope that the present membership drive will put more people on the team and help the Chamber of Commerce do an even better job for this community," Duval said.

PVT. JIMMY R. BARKER, son of Mr. and Mrs. Hershel J. Barker of Rt. 2, Littlefield, was home last weekend for a short visit with his parents before returning to Fort Sill, Okla. where he has received his permanent commission as a crew member of the Honest John Missile Unit. He is with the 18th Artillery Division. Barker is a graduate of Littlefield High and went into service February 4 of this year for a two-year term. He received his basic training at Camp Polk, La., and special training in missile operations at Fort Sill.

The almost human dolphin star, Flipper, is back in Metro-Goldwyn-Mayer's "Flipper's New Adventure," sequel to the tremendously popular "Flipper," and again he shares fascinating happenings with young Luke Halpin. In this scene, Luke has knocked out a murderous ex-contact (William Cooley) in a water battle and Flipper is towing them both ashore. The new Ivan Tors production was filmed in color in the Florida Keys and the Bahamas, and was directed by Leon Benson. NOW AT THE PALACE

LETTERS TO THE EDITOR

Following is the complete text of a letter dated to the Leader-News of Tuesday morning by Mrs. Stuart:

Whom It May Concern: I wish to inform every one, please, that I don't know the truth concerning this so called dispute over the drainage line in front of my place. There was no what-so-ever with any party - The Party over the stakes two inches in my door was the one who made the error - I told the contractor not to dig the ditch close to my building, which was possible without tearing up my place. So I then contacted a city official, which the City Manager immediately came out and moved the route of the ditch over 10 or 12 ft. I had objections to the line in front of my place as the newspaper made it appear that I beat at my so called

game & I was paid to direct the traffic & at no time was my trading Post closed down,

L.C. Stuart

The above letter is printed just as it was delivered to this office. The stories to which the letter refers were printed after interviews were conducted by a reporter with Mr. Stuart and the parties involved. We understand there was considerable dispute over placing the stake too close to Mr. Stuart's property as there should have been since the error was admitted by parties concerned. We feel the reporting was accurate and make no apologies therefor. However, we welcome reasonable criticism of any action of this paper and are most happy to print Mr. Stuart's letter. We, like Mr. Stuart's letter states, are mad at nobody and support the progress being made by the City of Littlefield.

Lions Present Spade Angels With Pins

SPADE — Members of the Spade girls' softball team, the Spade Angels, and their coaches were honor guests of the Spade Lions Club Monday night. The girls and coaches were presented memorandum pins by the Lions. The Lions were co-sponsors of the team during this season's play.

Lion Boss, Joe Bailey, was in charge of the meeting. No business was conducted. Entertainment was furnished by Beryle Lovelace, Brenda Perkins, Faye Ivie and Patsy Russell, all of Littlefield. Mr. Lovelace sang several numbers accompanying himself on the ukelele. He also accompanied the trio on the piano, as they rendered several selections.

The softball team presented their coaches, Mrs. Sam Sewell and Mrs. Jack Stubblefield, bronze plaques with team members' names engraved on them.

Team members present were Debbie Hall, Gloria and Julia Johnson, Linda Ramage, Jackie Nix, Sheri Jones, Carole Stubblefield, Pam Foster, Ethel Tomlinson, Belinda Thompson, Linda Hopper and Vickie Boyles. Other team members who were not present were Joella Myers and Christie Adams.

Attending the Lions meeting were 18 members and 20 guests. The next meeting will be July 19.

of the sudden death of her brother-in-law, Clarence Thompson. She joined relatives in California for the plane trip home, reaching Amarillo Wednesday evening.

The Bob Simmons family is fishing at Lake Brownwood. Mr. and Mrs. Henry Brown and their daughter, Mr. and Mrs. Benny Wallace and children of Camarillo, Calif., are at Lake Diversion, near Wichita Falls. Mr. and Mrs. Mike Duffy and sons joined them there for the weekend.

Mr. and Mrs. Bonnie Brooks and daughter of Amarillo visited her mother, Mrs. Joe Bozeman, during the weekend.

Mr. and Mrs. James Zachary and family of New York are visiting his parents, Mr. and Mrs. Cecil Zachary, and in Littlefield with her mother, Mrs. Pearl Pace.

Mr. and Mrs. C. A. Thomas are touring the eastern states. Guests of Mr. and Mrs. George Harmon last week were Mr. and Mrs. Carl Byrd of Washington State.

NEWCOMERS FEATURED are Mr. and Mrs. Andy Davis and family, I. to R., David, Don, Jean, and Glenn. They moved to Littlefield recently from Muleshoe and reside at 110 E. 20th. Davis is Culligan soft water dealer for Lamb County and the surrounding area. All compliment Littlefield by saying that they have been greeted with friendliness and hospitality and that is one of the friendliest in West Texas.

Andy Davis and Family Are Newcomers to Littlefield

"We are finding it very friendly" is the comment about Littlefield made by the Andy Davis family who has just recently moved into a new home at 110 E. 20th.

Mr. and Mrs. Davis and their children, Glenn, Jean, Don and David, moved here from Muleshoe where they had lived for four years. West Texas is home for them; they have lived "in, around, and near" it all their lives.

Davis is the Culligan soft water dealer for Lamb county and the surrounding area. He was employed with Harvey Bass Appliance in Muleshoe and also farmed outside Muleshoe.

Favorite family recreation for the Davises is bowling. Mrs. Davis, who doesn't bowl, says that sewing and cooking for her family keep her busy.

Glenn who is 17, will be a senior student in the new LHS this fall and is looking forward to participating in the basketball and FFA programs.

Jean, 13, enjoys keeping cool on hot summer afternoons by a refreshing swim at the pool.

The two younger boys, Don, 9, and David, 6, also like Littlefield and are finding it a good place to make new friends and are finding plenty to keep them occupied.

The Davis family attends the Crescent Drive Church of Christ. Both Mr. and Mrs. Davis might Sunday school class at Muleshoe and plan to be active in the church here.

Rambler Classic 770 Two-Door Hardtop and famed San Francisco cable car Product of American Motors

Highstyle Hilltopper... Rambler Classic V-8

This dazzling hardtop is the Rambler Classic 770. It takes off with more V-8 power than the standard V-8 in the top-size Ford or Chevrolet, parks easier, has virtually the same room, yet costs over \$200 less,* and gives you a long list of important advantages at no extra cost. And with what you save on Rambler, you can keep your pocketbook happy and still add smart, sporty options like floor shift (manual or automatic), reclining bucket seats with console, seven-position steering wheel, power steering, power brakes, power windows—you name them. If you like fun, flair and glamour—and smart savings, too—now is the time to see your nearby Rambler dealer.

Rambler Classic—big savings during the Big Rambler Selling Spree

*Comparisons based on manufacturers' suggested retail prices for top-line 2-door hardtops with V-8 engine; heater and front seat belts. Prices may vary with dealer's individual pricing policy.
