City Gets Federal Aid For Airport

UDAN MAN DIES BY OWN HAND Total Of \$42,375 Granted By CAA

Plans for the development of Littlefield mushroomed into huge proportions this week after the Civil Aeronautics Administration advised the city Monday that it has tentatively allocated \$30,375.00 for a new Municipal Airport here.

The allocation was in addition to \$12,000 granted to Littlefield in February for the acquisition of land for an airport site and clear zones.

The city must match the money—totaling \$42,375—dollar for dollar, under the Federal-aid airport program. The new airport project is expected to cost nearly \$100,000.

The \$30,375 grant from the government is for the preparation of the airport site, paving of a 3,000 feet by 75-foot runway, taxiway and apron, and the construction of an administration building. The administration building portion of the aid amounts to \$2,500.

The announcement came in the midst of a local push for industry and a pending bond election for highway right-of-way for the widening of Highways 84 and 70 to four lanes through Lamb County.

"There is no limit to the possibilities for the growth and development of Littlefield," Mayor Ray Keeling said Tuesday in describing the opportunities offered by a full-fledged municipal airport.

"The CAA's action is a tribute to the long-range thinking of men who donated time and money at least ten years ago when the present airport was established here," Keeling added.

"Their far-sighted approach may result in Littlefield having an airport and air freight facilities here . . . and it might mean a new commercial air transportation through Littlefield someday," he continued.

"Of course, these are things that only time and progress will tell," Keeling said, adding, "But there is

one aspect that will be accomplished the minute the new field is completed . . . and that is safety."

"The move of our airport is being brought about by the rapid growth of residential housing in the area. The present landing pattern, occasioned by prevailing winds, is over our most densely populated residential section, thus creating a hazard which must be corrected to avert the possibility of a crash in this area," Keeling stated.

The next move in the program for the city to sell the land on which the present airport stands. The resulting funds will be placed in the city airport budget and used in part to match the CAA's \$42,375.

Land for the present airport is located south of Littlefield on the Lovell highway, was bought in the middle 1940's. In its ten years of existence, the airport has been limited to private plane operations. Its landing strips are unimproved.

The present airport site has been mentioned as a possible bypass route for a four-lane highway if voters okay an \$800,000 bond issue June 23 bond election.

The question of the bypass route is a business route for Littlefield that is still unsettled, however.

Use of a highway bypass through present airport land would bring about the possibility of more business and residential development in the south part of the city.

At present, plans are to establish the new airport on land west of Littlefield near Highway 84. Development of a municipal airport in that area might help open businesses and housing there.

The city's application for federal aid for the airport was made in November, 1955. It requested a total of \$46,875, making the total expected cost of the new field \$93,750. The government tentatively granted all but \$4500 of the

Lives Of Two Brothers Are Threatened

By BILL TURNER

Billy Lee Bowling, 42-year-old Sudan man, shot and killed himself early Tuesday afternoon near his farm home moments after he had threatened to take the lives of his two brothers.

Justice of the Peace J. M. Shuttlesworth of Sudan ruled the death a suicide about 30 minutes after the shooting, when he and Dr. R. A. Gutekuntz, arrived on the scene. Dr. Gutekuntz pronounced Bowling dead when he arrived.

The death occurred at 12:55 p. m., Shuttlesworth stated. Judge Shuttlesworth said that one of Bowling's brothers, Bob of McCamey, Texas—actually witnessed Bowling put a single shot .22 caliber pistol near his right temple and pull the trigger.

Judge Shuttlesworth's account of the shooting, based on the reports of Bob and Marvin Bowling, the second brother, said the incident occurred this way:

Billy Lee, released from the county jail Monday afternoon after being charged with driving while intoxicated, returned to his home Tuesday morning after being in Amherst part of the morning.

He went to his farm shop 200 feet north of his farm home shortly after lunch. He then called his brothers to the shop, saying he wanted to show them something. Bob and Marvin and his young son started toward the shop and as they drew near, Billy Lee came to the door, brandishing the single-shot pistol.

"Don't come any closer, if you do I'll kill you," Billy Lee yelled, according to the report given by the two brothers.

Bob and Marvin stopped, and Marvin turned to take his son back to the house. As he turned, the shot rang out.

The two brothers then approached the scene, Billy Lee died almost instantly, the judge said.

The motive for the self-inflicted death was not known, but Judge Shuttlesworth said in a phone conversation that the brothers told him that Billy Lee "was sore at us for not getting him out of jail."

The victim recently had served a sentence in the state prison for driving while intoxicated. He was wanted in Morton on a similar charge in addition to the case pending in Littlefield.

It was believed that Bowling thought he would be going to prison again.

Funeral services for Bowling will be held this afternoon at two o'clock in the Sudan First Baptist church with Rev. Wayne Perry officiating. Burial will be in Sudan cemetery.

Survivors include his wife, Lela, and daughter, Mary Beth; and brothers, Bob of McCamey, and Marvin of Sudan.

GOC Schedules Meeting Tonight

The second meeting of Littlefield's newly-organized Ground Observers Corps will be held at 7:30 p. m., Thursday in the city hall, according to Dub Gilder, chief observer for the local unit.

"We urge the citizens of Littlefield to volunteer their services in this all-important defense program," Gilder said.

The Littlefield unit now has about 20 members and will need 84 to be at full strength.

Four other posts in the county at Amherst, Sudan, Otton and Earth are in the process of being organized.

Dedication of the lookout tower, first of its type in the state, has been tentatively set for July 4.

THE MAYOR THROWS OUT THE FIRST BALL as Littlefield Little Leaguers officially dedicated and opened their brand new park Monday afternoon. Left to right are Mayor Ray Keeling, Ralph Douglas, E. J. Foust and Bill Metzger, Douglas, local engineer, is president of the Little League board which has sponsored construction of the new field. Metzger, a former major league player, was the principal speaker at the dedication ceremony. For more coverage on Little League, see Sports Editor Jimmie Chapman's page in this section.

Industrial Group Asks For Civic Development Board

A Board of Civic Development will be created soon in Littlefield if local voters approve.

Petitions are now being circulated which will direct the city commission to call an election, asking for the authority to create such a board.

The decision to ask for the new city-sponsored organization was made at the industrial breakfast Monday morning.

Mancel Hall, chairman of the organization committee, reported that his committee recommended that the city commission be petitioned to call an election. The action was endorsed unanimously by the group.

Meanwhile, the committee will continue to get the daily work done on the organization of the Littlefield Industrial Foundation.

Primary purpose of a Board of

Civic Development is to promote and advertise the advantages of the city.

Made up of approximately 15 leading civic workers who will serve rotating three-year terms, the board will be financed by city revenue. The state law allows up to 5c per \$100 valuation to be al-

located for this purpose.

The money will be used wholly for the promotion of the town, particularly to sell its advantages to industry. The board will serve on a non-pay basis.

Honor Garrison, chairman of the industrial group, appointed

Cost Is \$14 Plus Tickets

Officers Continue Serving Warrants On Parking Fines

The first day of parking summons being served by the city police Tuesday resulted in about "10 or 12" fines being paid, police said Wednesday morning.

Aside from the summons, \$263 was collected from people who came to the office to pay their outstanding tickets before being served. The \$263 was collected Saturday, Monday and Tuesday.

The ones who did pay up before being served warrants saved themselves \$14.

Persons who get summons will have to pay four dollars for the warrant and a fine of \$10, in addition to the money owed on unpaid parking fines.

Officers continued to serve warrants Wednesday and said they will take them "in order" until all are served.

Through Wednesday at noon, no one had contested the issue and it appeared that a move by some to take the question into court would not develop.

About \$2200 of the \$3,000 originally owed by some 700 persons has been paid since the drive be-

gan in mid-May. It is estimated that some 200 persons still owe on outstanding fines.

NIGHT SWIM PROVES COSTLY

On a hot sultry summer night did you ever want to go for a cool refreshing swim? Take it from one of the local citizens, don't do it!

Seems the Police Department takes a dim view of persons swimming after dark in the public swimming pool, especially when pool is closed. Such a dim view in fact, that this same citizen was issued a ticket Sunday night for swimming in the public pool after dark.

Other tickets issued: three for failure to stop at a stop sign, two for driving without a driver's license and one for driving without brakes.

School Board Abolishes Three LHS Activities

Littlefield school board.

The annual senior trip, district competition in girls' basketball and the organized girls' pep squad were dissolved by the board's action.

Employed as a primary teacher was Mrs. Ruth B. Williams of Muleshoe, who has been teaching at Springlake since 1952. Mrs. Williams holds a master's degree from Texas Tech.

The board discontinued the senior trip after some deliberation. It was felt that Littlefield was the only school of its size in this area which still had a trip for graduating seniors.

Girls' basketball and the pep squad were disbanded because none of the schools in the new district participate in the activities. The board announced, however, that girls' basketball would still be played in gym classes.

There will be no uniforms for the girls' pep squad and cheerleaders will work in front of the entire home side.

In other action taken by the board, the following measures were approved:

1. Private music lessons were okayed for another year. In the past, students have been taking lessons on school time. Students will be required to clear with their teachers as to the time of the lessons.

2. Insurance for students was changed to the Plymouth Life Insurance Co., which offered a tie-in for football players. Student insurance had previously been with the National Educators Insurance Co.

3. Repair of 140 bus seats was okayed. The bid was awarded to the Tower Body and Trim Shop of Littlefield.

4. Painting of all entrances to the high school building was approved. The board also scheduled the painting of one class room. Total cost of the two projects is \$158.00.

Cotton Insects Discussion Slated Friday Afternoon

Raymond King of the Lubbock Cottonoil Company will conduct a discussion of cotton insects Friday afternoon at 2:30 o'clock in Vocational Agriculture department of Littlefield High school.

Farmers are being urged to attend the meeting. W. W. Hall, high school agriculture teacher, announced.

"We now have a severe infestation of Thrips in practically all cotton and they are stunting the cotton's growth badly," Hall said.

Cotton farmers attending the meeting will discuss how to find cotton insects, how to determine when to poison them, kinds of poisons and their uses and the operations of spray equipment.

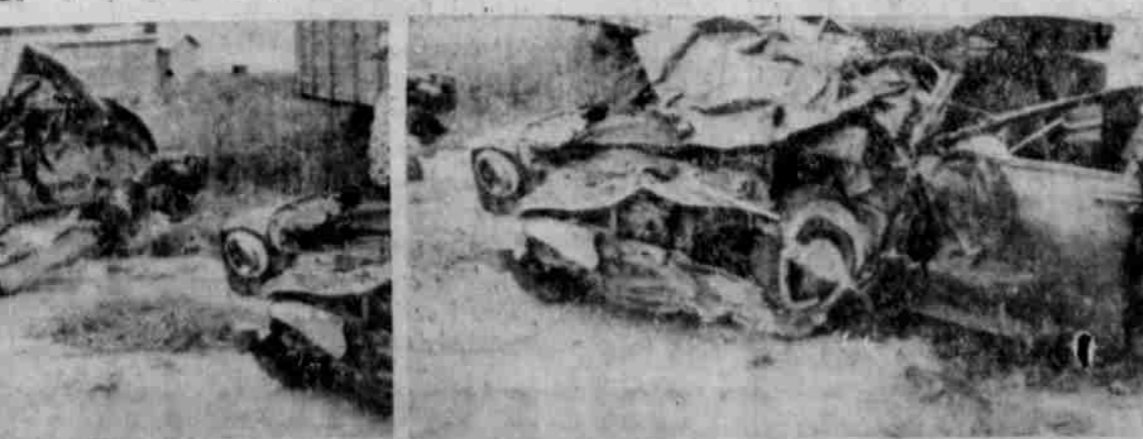

After the meeting, the group will go to various farms in the area to find and identify different kinds of insects.

Do You Remember

Three Lives were snuffed out when the two cars pictured above collided head-on near Sudan a few years ago. This most deadly type of accident can be avoided by building divided four-lane highways.

On June 23, Lamb County residents will have the opportunity to approve the buying of right-of-way for the construction of 62 miles of modern, four-lane highway in Lamb County.

Water Group Holds Session Friday

High school activities were discontinued and a new water district was employed Monday at a regular meeting of the

Just Graduated...To a Cadillac!

It's graduation time! And this happy gentleman—appropriately enough—has just gone through some important graduation exercises of his own. It was just a few minutes ago, in fact, that he stood in his dealer's showroom and accepted the keys to his first Cadillac car.

But even though he now holds his final degree, so to speak, in motor car ownership, his education in all the good things of motordom is only beginning.

Take performance, for instance. The car is so smooth and powerful, and so nimble and obedient that it automatically revises a man's standards of automotive performance.

Consider comfort. Rolling along the broadest boulevard or taking the roughest bylans, the car is incredibly smooth and level in ride.

And think about pride and satisfaction. What an extraordinary feeling it is to sit in command of the "car of cars"—and find yourself the subject of admiring glances on every hand.

Have you ever considered how wonderful it would be to "graduate" to Cadillac? If you have, then this is a marvelous time to make the move.

Certainly, it has never been easier to sign your name to the title. We are, happily, in a position to offer you prompt delivery on your favorite model—and we know you will be pleased to learn how practical Cadillac ownership has now become.

Why not stop in while the springtime is still with us—and spend an hour at the wheel? It's a wonderful season and a wonderful car—and a wonderful opportunity to enjoy them both!

Miss Mueller, Glen Owen Are Married Friday

Miss Joyce Marlene Mueller became the bride of William Glenn Owen in a double ring service read Friday at 7:30 p.m. in the Littlefield Drive Church of Christ with Jack W. King, minister, officiating.

Vows were exchanged before a background composed of an emerald tree flanked with baskets of large white mums and burning tapers. The bride's veil was marked with satin ribbons and greenery.

The chorus sang "Ah! Sweet Mystery of Life," "The Lord's Prayer," and a solo by Alvis Jones, "At Dawning." Then as the bride party left the church the chorus sang "O Perfect Love."

The bride's father, Arthur Mueller, gave his daughter in marriage. She wore a floor-length gown of white imported Chantilly lace and nylon tulle over net and satin. The bodice waist was fashioned with long sleeves ending in points at the hands. The voluminous skirt of nylon tulle was circled with a band of Chantilly lace. Her shoulder-length veil of illusion fell from a lace tiara outlined with seed pearls.

The bridal bouquet was a crest arrangement of trenched white

carneations and gardenias. Miss Barbara Locke of Littlefield served as maid of honor. Her dress was a pale blue brocade crystalline with matching shoes. Blue carnations composed the maid of honor's bouquet.

Bridesmaids were Miss Shirley Robinson, Huntsville & Miss Betty Austin, Olton. They were attired in identical dresses of aqua crystalline fashioned with a full pleated skirt attached to a long fitted torso bodice. The attendants wore head bands of velvet ribbon with matching bows, and carried colonial bouquets of white carnations.

Marilyn Muller, sister of the bride, and Katherine Edwards, were the flower girls and Ken Mueller, brother of the bride, served as ringbearer. Candlelighters were Paula Bell and Delores Wall.

Keith Davis was best man with Gary and Waymon Mueller, brother of the bride serving as ushers. Groomsmen were Marlin Simpson, and Jimmie Oliver, brother of the bridegroom.

A reception was held immediately following the wedding, at the Community Center. Assisting with hospitalities were Mrs. Sid Pace, Mrs. Enloe Smith, Mrs. A. L.

Miss Woodley, D. G. Hanks Are Married

In a double ring ceremony read in the First Methodist church at Muleshoe, Saturday, Miss Ann Woodley and Derrell Gene Hanks were united in marriage. The bride's grandfather, Rev. C. E. Jamason of Odessa, officiated.

Parents of the bride are Mr. and Mrs. Noel Woodley of Muleshoe. A graduate of Muleshoe High school, Mrs. Hanks has been a student at West Texas State College for the past year and a half.

Mr. Hanks, son of Mr. and Mrs. Jim Hanks of Pleasant Valley was graduated from Lamesa High school, and has spent four years in the Air Force. He is presently associated with his father in dairy farming in the Pleasant Valley community.

Following a wedding trip to Monterrey, Mexico, the couple will reside at 306 Avenue E in Muleshoe.

Jim Bearden Is Speaker At HD Meet

The Whitharral Women's Home Demonstration club met in regular session, Wednesday at the Home Ec Cottage with Mrs. L. C. Jordan presiding.

Jim Bearden, county health sanitarian of Loveland, was guest speaker on "Civil Defense in Time of Storms and Tornadoes." Along with his talk he showed a picture. A short business meeting was held.

Mrs. Jack Bennett and Mrs. Russell Cotton served punch and cookies to the following visitors: Mesdames Dewayne Dixon, Elva T. Crank, Bob White, Enloe Smith, Sid Pace, L. C. Lewis, and Miss Mary Alice White, and members, Mesdames Guy Hughes, L. C. Jordan, Alvis Jones, C. E. Throckmorton, Rafe Rodgers, W. C. Hawks, and P. A. Wynn.

Hood, Mrs. T. L. Dunlap, Mrs. Carl Locke, Mrs. Cecil Johnson, Mrs. Allen Rhodes, Mrs. R. C. Bievinis, and Mrs. Troy Moss.

Registering the guests was Miss Jean Ward.

The serving table was laid in a white ruffled, floor-length organdie cloth. Serving at the two punch bowls were Mrs. Elwood Smith and Mrs. Alvis Jones, Miss Sherry Pace cut the three tiered white wedding cake. The bride's bouquet composed the centerpiece.

For a wedding trip to Mexico City, the bride wore a light blue linen sheath dress with a matching jacket. Following their honeymoon the couple will be at home in Abilene where they are students at Abilene Christian College.

At present, Mrs. Owen is employed by Calloway's of Abilene and Mr. Owen is a Church of Christ minister.

Parents of the couple are Mr. and Mrs. Arthur Mueller and Mr. and Mrs. Bill Owen, all of Littlefield.

Couple Is Wed In Home Ceremony

Wedding vows for Miss Elsie May Wade, daughter of Mr. and Mrs. E. G. Wade, and A-Je Ernest Pope, son of Mr. and Mrs. Ralph Pope of Sacramento, Calif., were read at 8 p. m., Saturday in the Wade home northeast of Whitharral.

Rev. D. H. Montgomery of Morton officiated at the double ring ceremony.

An archway in the living room was flanked on either side with baskets of white gladioli and white tapered candelabra.

The bride, given in marriage by her father wore a waltz-length gown of French imported lace over white taffeta, featuring a long torso bodice ending in points with three quarter length sleeves.

A lace peplum complemented the bouffant skirt of tulle and lace appliques. Her finger tip veil of silk illusion was caught to a bandeau of seed pearls. She carried white

carnations atop a white Bible. Mrs. Leon Slupe attended her sister as matron of honor. She wore a frock of blue crystalline made princess style and carried white carnations.

C. Weldon Wade, brother of the bride was best man.

Misses Kathryn Cagle and Julia Gass of Lubbock lighted the candles.

Following the ceremony a reception was held in the home. Mrs. Howard Buck of Amarillo registered the guests. Miss Peggy Shedd of Lubbock, cut the cake, and Mrs. Claude Lee Horton poured punch. The table, laid in lace over yellow, featured the two-tiered bridal cake topped with the traditional bridal couple. Other appointments were in silver and crystal.

For traveling, Mrs. Pope wore a street dress of blue nylon with white accessories.

The couple will visit in Lubbock and Amarillo for a few days before going to Sacramento, Calif., for an extended visit prior to Pope's going to Japan for service there.

Jaycee-ettes Entertain With Hobo Party

A "hobo" theme highlighted a party held last night at the Community Center by the local Jaycee-ettes. Honor guests were two Jaycees.

Tables were covered in "true hobo" fashion with newspapers and "floral arrangements" in tin cans. Mulligan stew composed the menu. Guests played bingo and dominos.

Mrs. Maxie Bagwell, president of the Jaycee-ettes announced that this club is making vest-type jackets for the Jaycees. The jackets will be of black felt with Littlefield Jaycees in white letters and Texas in red centered with a large white ball of cotton with a crown, depicting "King Cotton."

In a recent meeting of the Jaycees, Miss Karlyn Hulse, who represented this group in the Maid of Cotton contest, was presented a white pearl Bible. At the same meeting representatives of the Jaycee-ettes gave their donation of \$30.00 to the Camp Swinney fund. Camp Swinney is for diabetic patients and both the Jaycees and Jaycee-ettes have contributed to its fund.

News Briefs...

Rev. Henry Haupt, pastor of the First Presbyterian church, conducted the evening services at the Slaton Presbyterian church Sunday. The Slaton church has been without a pastor for quite some time.

Two O'ton boys were among the 21 boys representing South Plains schools in the annual Boys' State affair at Austin. David Miller and David Price will participate in government proceedings from city through state levels.

Miss Helene Kirkpatrick of Plainview, Mrs. Billy Wayne Williams of Snyder, and Mrs. Wilburn Bednar of Garden City, who will be bridal attendants for Miss Fredlene Johnson, bride-elect of Alexander Thomson, will be house guests of Mrs. Q. T. Bellomy.

Ladona Faye Sigma, two and a half year old daughter of Mr. and Mrs. V. J. Sigma of Earth, was admitted to the Medical Arts Hospital Monday with a virus.

Three young people of the First Church of God and their pastor, Carl W. Ware, attended the West Texas Church of God Youth camp at Eastland last week. Those making the trip were Janis, Nancy and Robert Montgomery.

Mrs. Van Coltharp, Pamela and Rendell left Wednesday morning for Riverside, Calif. They were accompanied by Mr. Coltharp's mother, Mrs. H. R. Coltharp of Riverside, who has been visiting her son and family recently.

Lee Roy Hargrove, a recent graduate from the Department of Public Safety's school for highway patrolmen, has been assigned to the Littlefield station, to replace Bud Taylor, who was assigned to Marshall.

Mr. and Mrs. T. J. Jones are leaving Saturday by car for Washington, D. C., where Mrs. Jones will attend the National Convention of American Home Economics Association. From there the Littlefield couple will go to Long Island, N. Y., where they will be house guests of Dr. Thomas Richner. Mr. and Mrs. Jones met Dr. Richner through correspondence concerning Udo Strassilo, who lives with the local couple. Udo's brother was the Doctor's guide when he was studying in Strasburg, Austria. Richner is a concert pianist, famous for his Mozart concertos, and a member of the faculty at Columbia University in New York.

Firemen Answer Call At Home Of J. C. Bryce

The local fire department answered a call to the J. C. Bryce home at 410 East 14th about 11:30 p.m., Tuesday.

Mrs. Bryce was preparing for bed when she smelled smoke coming from the south part of the house. Upon investigating she discovered the closet containing the hot water heater, blazing.

Springlake — At the close of the Vacation Bible School at the Church of Christ June 2nd, the average attendance recorded was 63. At the First Baptist V. B. S. the average attendance was 79. The final day was June 6th.

Sudan — The old adage "when it rains it pours" proved true for Mr. and Mrs. Otis Markham, not only in the case of the rain which ruined their crops Thursday afternoon in the deluge that hit Sudan and surrounding territory, but it seems had luck just kept pouring their way, but also blew out a pick up tire, had tractor trouble, and while in Lubbock Friday to get cotton seed to plant over, were involved in an automobile accident that damaged their car.

Spade — Oliver King and Dub Wosencraft, both members of the Gideons from Plainview, were in charge of services at the Baptist church Sunday morning.

O'ton — The local scouts entered a float in the parade Thursday and sold cold drinks throughout the Celebration day. The money will be used for their camping trip to the mountains.

Earth — W. G. Sanderson received injuries to both hands last Thursday when a tractor fell off a block while he was changing the wheels. Sanderson's hands were caught under the wheel. One thumb was amputated at the knuckle and his fingers are severely mashed. He was hospitalized two days but is recuperating at home and his condition is reported "doing fine."

New Little League Park Opened

LITTLE LEAGUE OPENING: Pictured above are four of the speakers that spoke to the large crowd at the opening of the new Little League Ball park at the Fair Grounds. From left to right is Mayor Ray Keeling, who threw out the first ball; Ralph Douglas, President of the Little League; Bill Metzger, former New York Giants major leaguer and Guy McGraw, Chairman of the opening ceremonies. Lions Only Team In League That Remains Undefeated

A large crowd of enthusiastic baseball fans gathered in Littlefield Monday for the opening of the new Little League ball park.

A parade was held on Phelps Ave. at 5:00 with all the boys on the eight teams entered in the local league parading in their uniforms and then moving out to the new park on the Fair Grounds where the opening ceremonies were held.

Guy McGraw was in charge of the opening ceremonies and he started things rolling by thanking all of the people who had in any way helped the league build the new ball park. Mayor Ray Keeling welcomed the fans to Littlefield and also praised the work that had gone into the building of the park.

McGraw then introduced Bill Metzger, former New York Giants ball player that is now employed by Bell Milk Co., who gave a short talk to the boys present. He said that the playing ability of players from Littlefield has always been well known and that the Little League set up would give lots of young boys a better opportunity to learn more about baseball. He also praised the coaches of the eight teams for their great work in getting the boys in top physical condition.

The teams were called out onto the field separately and then a group picture was taken.

With only a week and a half gone, only the Lions club remains undefeated out of the eight clubs entered. This indicates that a tight race should develop this season for the playoff berths.

LIONS BEAT WOW IN SATURDAY NIGHT GAME

In the last game played in the Rodeo Arena Saturday night, the Lions club soundly trounced the defending champion WOW by the score of 8-0.

Tom Lewis picked up his first

win of the season while Kenneth Moore was credited with the loss. Both left-handers pitched two-hit ball but the Woodmen committed ten errors to give the Lions the victory.

The Lions scored one run in the first inning, one in the second, one in the third and punched across five more in the top of the sixth.

Tom Lewis and "Red" Melton got hits for the Lions while Tim Chambers and David Douglas got singles for the Woodmen.

This was the first victory of the year for the Lions and also the first loss of the season for the WOW.

YARBROUGH GETS WIN OVER JAYCEES MONDAY

Yarbrough Food jumped into the win column in the early game Monday by white-washing the Jaycees by the score of 5-0. Billy Shaw picked up the victory while Pedro Contreras took the loss.

It was the first win for Yarbrough and also the first defeat for the Jaycees.

Mike Bennett scored for the Yarbrough nine in the first inning and the score remained 1-0 until the final inning when Yarbrough pushed across four more runs to insure their lead.

Only three Jaycee runners got on third base but Shaw who had control of the game all the way struck out men to leave the runners on base.

ROTARY BLASTS LOWE NINE IN MONDAY GAME

In the night game Tuesday, the Rotary ran over the Lowe & Co. team by the score of 14-1. It was another case of Rotary picking up their first win while Lowe was taking their first defeat.

Jimmy Glover held the Lowe team to 4 hits to gain the win and Terry Jones, making his first appearance took the loss giving up

The Rotary scored in every inning except the first. Their big inning was the third when they pushed across 6 runs to gain a 10-1 lead at the time. Terry Hyatt scored the lone run for Lowe in the first inning.

WOW BEATS FOUST FOOD FOR SECOND WIN

The WOW team picked up their second win Tuesday night by beating the Foust Food 13-3 in the early game. Van Ashley, making his first start of the year, held the Foust nine to only 4 hits to get the victory while Robert Lester Moore got credited for the loss. All 13 runs made by the Woodmen were picked up in the first three innings. Robert Capley came into to relieve Moore and held the Woodmen scoreless.

The Woodmen got 6 runs in the first inning, five in the second and two more in the third inning before they started sending in their reserves. The Woodmen played a total of fourteen players in the game.

Foust picked up their third loss in the bottom of the fifth when James Zachary, Jerry Gage and Robert Moore crossed the

plate.

Van Ashley became the only batter to knock the ball over the new fence when he knocked his second home run of the season in the first inning over the right field fence.

Only four home runs have been hit so far this season, two by Ashley and one each by Tom Lewis of the Lions and Tony Estrada of the Jaycees.

Each time that a boy knocks the ball over the fence he is given a coupon worth 25¢ in trade at the Dairy Queen and a 30-Day pass to the Palace Theatre by Bill Chesher.

VFW AND LIONS GET RAINED OUT TUESDAY

In the second game Tuesday, the Lions and VFW were tied at 4-4 when rain and sand forced the stopping of the game in the bottom of the third inning.

The VFW was at bat and had scored three runs and had a runner on third base when the game was called.

Spike Jones was doing the pitching for the Lions while Joe Huber was hurling for the VFW.

Both the Lions and VFW have only got to complete one game while having two postponed.

Tag Team Match Features Giant And Midgets

IRISH JACKIE

A novelty tag-team match featuring a team of midgets, a normal size grappler and a so-called giant headlined a star-studded three match line-up at the Littlefield Sports Arena in Littlefield Saturday night.

The mixed tag-team feature event, the first in Littlefield history pits Luis Martinez, the popular and crafty Mexican muscle man and his partner, diminutive Major Tom Thumb against "Giant Bob Orton" and Ireland's Irish Jackie. The contest will parade at least three different "structural" types of wrestler before the fan's eyes.

Martinez, returning to the local arena last week after a long absence wasted no time in recapturing the fancy of the local wrestling fans by leading to victory over the masked Golden Tiger in an achievement accomplished by very few. The fact that Luis handled

the hooded terror in two straight falls adds even more luster to the victory. Martinez is a vastly improved grappler after a successful tour of the East coast and central United States. Luis, at 5 feet 10 inches tall and 215 pounds will be giving away some 35 pounds and eight inches to Orton hailed as the Kansas Tornado.

The gigantic Orton, a solid 6'6" and 260 pounds, made his debut in the Littlefield arena last Saturday and defeated rugged Sonny Myers, currently co-holder of the world's tag-team championship with Dizzy Davis and an ex-Southwest Junior Heavyweight champion.

In fact it was Orton who lifted the SW States belt from Myer's brawny shoulders just last week at Borger. Orton, after three straight victories against top opponents in the territory challenged Myers for the title. He disposed of Myers in Borger, then proceeded to pin Myers against last Saturday in the local ring.

Orton is one of the most successful names in the business today. He came to the Amarillo territory with a string of 48 successive victories on the Pacific Coast and currently is unbeaten since arriving in the Panhandle.

Orton's partner, Irish Jackie, is one of the meanest little critters in the midget business. Jackie has no knowledge of scientific wrestling and resorts to every dirty tactic known to beat his opponent down. His opponent and Martinez's partner, Tom Thumb is one of the best known of the midget grapplers. Thumb has been wrestling professionally for about 10 years and is a clever crowd-pleaser with his antics in the ring.

According to rules in a mixed tag-match, when one of the bigger wrestlers tags his midget partner, the other midget must come in the ring and the same applies when the midgets tag their bigger partners. All in all, it should be a unique crowd-pleaser that local fans won't want to miss. The match is slated for two out of three falls with a one hour time limit.

And if that isn't enough to tackle your fancy, promoter John Ussery has water for Tom Thumb and Irish Jackie against each other in a one

Legion Team Wins Again

The League leading Littlefield Dodgers of the American Legion Junior Baseball Conference will journey to Olton tonight (Thursday) for their fourth conference game of the season against the strong Olton nine.

Lupe Gonzales will start on the mound for the locals and either Sonny Johnson or James Pressley will relieve

him if necessary.

Littlefield remained in district play Monday when they beat a strong Center team 11-6. James went the distance for Littlefield and took his first win and a home run that tied up at 2 all.

The locals let Hale get 2 runs in the top of the third and one each in the fourth and fifth frames while James was collecting one in the fourth and fifth as insurance runs.

Al Ashley, James Pressley and Sonny Johnson were stars for the locals.

The matches start at 8:45 at the Littlefield Sports Arena located on the Clovis highway. Admission prices are \$1 general admission, 50 cents for children, and \$1.50 for ringside seats.

ALL WORLD — Pictured entering a cab in Al Khobar, Saudi Arabia are Dora Jo Covington and Clarence E. (Bill) Cone, both former Littlefield residents who recently met by chance in the Arabian American Oil Co. and Major Cone is assigned to the Second Air Division, Dhahran Airfield. Miss Covington was a student in Littlefield school in 1940 when Major Cone was typing and journalism instructor. Although the modern Arabian cab is typical of the booming Arabian town, donkey and camel transportation is still common on the same street in Al Khobar.

Two Former Littlefieldians Bump into Each Other In Saudi Arabia

Al Khobar, Saudi Arabia, is half a world from Littlefield and relatively few Americans have heard of it, but this Arabian oil town was recently the scene of a chance meeting of two former Littlefieldians. Dora Jo Covington, a Littlefield high school graduate, and Clarence E. (Bill) Cone of the Air Force, daughter of Mr. W. H. Covington of Littlefield, is an employee of the Arabian American Oil Company and is in the company junior school at Al Khobar for the last time. Major Cone, who in-

structed journalism and typewriting here in 1939-41, was recently assigned to the 2D Air Division at Dhahran Airfield, Saudi Arabia.

Miss Covington was an honor student in the 1940 Class at Littlefield high school, and later attended West Texas State College and Northwestern University. She returned to Littlefield as a member of the school faculty in 1943 and taught three years during World War II. She was later graduated from the University of Texas with a B. S. degree in Clinical Psychology.

Miss Covington finds Arabia fascinating and a highly exciting place to live. She especially enjoys the opportunity for travel afforded by her job.

She recently returned from a vacation trip to Europe.

Major Cone entered the military service from Littlefield in June 1941 and served for five years during World War II. Following the war he edited the News at Higgins, Texas and the Journal in Dodge City, Kansas. In 1947 he moved to Perryton, Texas as advertising manager of the Ochiltree County Herald which was recently judged one of the nation's outstanding weeklies by the Na-

Social Security Representative To Be Here June 21

A representative of the Lubbock Social Security office will be in Littlefield on June 21, at 10:30 a. m. at the employment office and will be glad to assist in all matters pertaining to Social Security.

It is good business to check your Social Security account at least every three or four years. John G. Hutton, manager of the Lubbock social security district office, reminds all persons covered by the social security law. By checking your account, you can be sure that all your earnings that count toward old-age and survivors insurance were reported and credited correctly. If you find that all wages of self employment income that can be are not credited, you should then notify the local social security office and the necessary action will be taken to correct your account.

Since all survivors and retirement

benefits are based on your covered earnings, it is important that all wages and self employment income are correctly credited.

Hutton pointed out, however, the earnings statements for the year 1955 are not available at this time since the postings of wages is not completed until six or nine months after the wages were paid. Therefore, a record of wages paid through the last week in December 1955 will not be available before July 1956.

Hutton stated that the local social security office located at 16-16 19th Street has available a postcard form for those who wish to obtain a record of past earnings credited to their social security account.

Good records are a must if the farm tractor is to be operated at highest efficiency. Now these records can be put to another use, they'll be mighty important, says Extension Agricultural Engineer, W. L. Ulich, when a claim is filed for a refund of the Federal excise tax on gasoline which is used on the farm for farming purposes.

AUTOMOBILE ACCIDENTS
Now that millions of people are taking their summer vacations and driving about the country, say automobile accidents are occurring with increasing frequency. When involved in an accident, it is hard to keep your wits about you and know just what to do.

It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory.

1. STOP! Failure to stop can result in serious criminal consequences.
2. RENDER AID. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) DO NOT move an injured person in any way that could possibly add to his injury.
3. PROTECT THE SCENE FROM FURTHER DAMAGE. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights beams on the wrecked vehicles.
4. CALL AN OFFICER. Policeman, Highway Patrolmen, Sheriff's and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

of friends honoring Mrs. Brady Helms with a birthday celebration. Present for this occasion were Messers and Mesdames Helms and children, Ples Helms and daughter of Littlefield, Jack Ballow and children of Levelland, J. W. Borders Jr., Ed Johnson and children, Henry Jones, T. D. Northern and children, and Norman Hodges.

Miss Patsy Heard began work at the Lubbock Production Board Office in Levelland Monday.

ages.
5. GATHER INFORMATION. WRITE IT DOWN. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

6. BE CAREFUL WHAT YOU SAY. Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, or may be made factual.

7. SEE YOUR DOCTOR if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

8. CONSULT YOUR LAWYER IMMEDIATELY. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

9. INFORM YOUR INSURANCE COMPANY PROMPTLY. Failure to do so may void your policy.

10. REPORT THE ACCIDENT to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.00. An official accident report form may be procured from the Police, Sheriff's Dept., Highway Patrol, or State Dept. of Public Safety. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

The first director of the WAVES was Captain Mildred McAfee Horton, former president of Wellesley College.

Bula Votes \$25,000 Bond For School Improvement

School Will Get New Labs, Desks, Books

By Mrs. John Backman
 BULA (Special)—Supt. H. A. Reynolds announced that the school program for which \$25,000 bonds were voted Saturday should get underway soon.
 An accreditation committee visited the Bula school in terms of 55-56 and found a number of minor discrepancies in physical conditions of the building.
 The committee required the school to provide a science laboratory for the teaching of natural science and also that vocational agriculture being done mostly by machinery have a farm shop.
 They recommended that old desks be replaced by new ones and lockers which were too small for the books be replaced by larger ones.
 More material was required for the teaching of art. New books must be bought, especially for 6-7-8 grades.
 A farm shop is the only new building that will have to be built. Because of the necessity for the supplying of these things, it was necessary that the school district vote bonds, and the bond election carried, 53 for and 2 against.

METHODISTS CONCLUDE VBS ACTIVITIES

The annual Vacation Bible school of the Methodist church closed Sunday night with a sharing program at the regular evening service hour.

Mrs. George Williams, superintendent spoke briefly and introduced the heads of the departments.

They were, Mrs. A. J. Mote, Mrs. Robert Gronewald, Mrs. Joe Porter, Mrs. Matt Nix Jr., Mrs. Gene Campbell, Mrs. Laverne Nickelson, Mrs. Troy Gilliland, and Karen Nickelson.

Each department head had two assistants. They presented a program in the sanctuary following which display of work was shown in the spacious rooms. Rev. Lee Roy Baker offered prayer.

Refreshments were served in the Fellowship Hall.
 During the week Edwina Schovajst showed slides made during her work as a missionary in Jamaica last summer, and Ray Rochelle of Littlefield spoke to the older group.

Bette Loventhal, niece of Mrs. Ray Blessing, is one of 10 Girl Scouts from Lufkin, who are enjoying a trip abroad this summer.
 They left Lufkin, May 31 and their trip will last until mid-July. England, France, Scotland, Italy, Holland and Germany will be visited.

For the past five years this group of girls have had numerous money-raising projects. Proceeds from the projects have been kept for this trip as an ultimate goal.
 While in New York the girls appeared on "Strike It Rich" television program and Bette and another of the group were chosen to speak for the Scouts.

An advisor is accompanying the girls.
 Bette and her mother, Mrs. Lu-

cile Loventhal have visited the Blessing family several summers and have many friends here.

Mr. and Mrs. N. B. Embry and Mr. and Mrs. Claude Emmons and Brig were in Portales, N. M., Saturday night. They attended the band concert in which their daughters participated. They are among those attending the band clinic being held at the University.

Reeves of Littlefield, and families.
 Janice Cantrell, who is employed in Lubbock spent the weekend with her parents, Mr. and Mrs. Raymond Cantrell.

Mr. and Mrs. L. J. Price of Riverside, Calif., are visiting her mother, Mrs. J. S. Ravis, and sister, Mrs. Clois Tomes and family.

Mr. and Mrs. J. R. (Boots) Tipps of Tatum, N. M., attended to business and visited Amherst friends the first of the week.

Janice and Sandy Griffing of Ft. Worth visited Amherst relatives last week. Their sister, Mrs. George Elder of Arch, N. M., visited here and they returned home with her.

Mr. and Mrs. N. A. Griffing, Mr. and Mrs. I. N. Griffing, Carolyn Louise, Mr. and Mrs. Charles Hinds, Pat and Charlotte, attend-

ed a Baker family reunion in Abilene recently. Mrs. N. A. Griffing's maiden name was Baker. The reunion was held at State Park with about 60 attending.

Each Friday night a teenage party is held in the community center, at eight o'clock. Invitations are not issued. A different committee of adults serves each week as sponsors.

Mrs. Norman Hatch and little sons of Hobbs, N. M., visited Mrs. J. D. Traugott and other friends last week. They are spending some time in Portales, N. M., while her husband is attending summer school at the University. They are former residents of Amherst.

Mrs. Zeta Bowling and daughter, Mary Beth, and Mrs. U. E. Thompson, visited recently with relatives in Tribune, Kansas, and in Amarillo.

Bill Traugott of Versailles, Ky., is spending the summer with his brother, Jim, and family.

Sherry Stine of Earth visited her grandparents, Mr. and Mrs. C. N. Stine during the weekend.

In one year year, 1942, the textile industry produced a record total of more than 12 billion square yards of cotton fabric.

New Headquarters For Farmers Union Opens Saturday

DENTON (Special)—Texas farmers Union has established a state headquarters in Denton and will have its formal opening Saturday, June 16th, Alex Dickie, Jr. president, announced recently.

The Farmers Union organization has experienced an unprecedented growth in Texas during the past two and one half years and now has on its rolls more than 15,000 voting members, according to Mr. Dickie, which compares with less than 1000 members in 1953.

Dickie attributes the tremendous growth in his organization to the intense desire of farmers to be represented in the Legislature of the State and the Nation.

Farmers Union is now organized in thirty odd Texas counties and there are many more requests for organizational assistance than can currently be filled by Texas office.

"Flying Ants" May Be Termites

For a good, close look at the "flying ants" that you may find swarming in the warm sunlight these days near your house or building, chances are they are termites heading for a wedding in your back yard.

The termites' mating call sends the ants and termites soaring on their wings, and it's only the royalty that flies. When they pair off, it means a new colony is beginning.

Ants, on the other hand, are transparent with distinct, heavy veins on their wings. If they are transparent with distinct, heavy veins, they are tapered and only slightly longer than the insect's body, and they are bent from the sides of the body when folded, it is a winged ant. If the wings are long and narrow with barely visible veins, and if they lie back parallel when folded, it is a termite with designs on your doornail.

Of course, if you have taken the precaution to use fence posts and other members properly treated against termites, you have little to fear from them. Wood products pressure-treated with pentachlorophenol are resistant to both termites and decay. Tests have proved that this means four times more service life from wood—and no harm at all for termites.

OWN MEMORY LANE

(From the files of the Lamb County Leader, June 12, 1924)

Be it remembered by aspiring citizens; June 14, is the date for county and precinct candidates to announce.

Lamb County took a decided step forward last Monday when its commissioner voted unanimously to employ a Demonstrator for this county. Her work is to be with women and girls of the county in the teaching of home economics.

Col. R. P. Smyth of Plainview, is a candidate for representative from the 120th legislative district, to succeed Burke Mathes, who has withdrawn from the race on account of illness.

The Higginbotham-Bartlett Co., who a few weeks ago purchased the remainder of the block lying west of the City square are making preparations to begin work on a modern up-to-date lumber yard in Littlefield.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

Regardless of who is in charge this summer, most Texans won't find their daily lives greatly changed.

In one segment of the population, the 22,000 state employees and their families, it matters a lot how the state is run.

As much as a 20 per cent turn-over in state employees can be expected after the new officials take office in January.

Estimate comes from Pirtle, executive secretary of the Public Employees Association. About one-third of the membership is concentrated in the legislature; the rest is scattered over the state.

Members on the whole are discreet in their politics, but their association expressly prohibits any political activity.

Individuals, especially certain personnel, are courted by candidates. Many office-seekers promise "more adequate salaries."

Those employees whose jobs are on the boss' being re-elected will pull for him. State law, however, is as strict as the federal act, puts some restrictions on such activity.

Insurance companies will be a much-disputed word in the Texas insurance industry during coming weeks.

Setup of the State Insurance Commission's stringent solvency requirements left 94 companies — or 10 per cent — without licenses. Permits were granted to 1,000.

Confirmed Chairman Byrnes' prediction that the industry would prove 90 to 95 per cent sound. He said so last January when the commission began to "weed out the bad ones."

Already have negotiations in progress, or completed, to merge insurance companies. More reorganizations are expected, especially among life companies where large firms actively seek insurance business.

ADAR TRAFFIC ATTACKED
Need nets illegal?
Attorney Horace E. Wilson says he will fight to the Supreme Court, if necessary to prevent Wilson from being arrested and fined \$5 plus costs. Wilson set near Seguin had clock-

ed him at 71 miles per hour. He declares Section 803A of the State Penal Code provides for automatic dismissal of a speeding charge if the arresting officer lies in wait or hides.

In Austin Patrol Chief W. J. Elliott said "nothing in state law prohibits hiding the radar unit, but the highway patrol does not make this a practice. We can do more good by putting ourselves out in the open."

CITIES NEED MORE WATER
A majority of Texas cities feel their water supplies are inadequate for the future.

State Sen. George Parkhouse of Dallas, chairman of the Texas Water Resources Committee, says a recent survey of 255 cities shows 54 per cent with this problem. Purpose of the survey was to search out needs and sentiments for a statewide water program. Recommendations go to the legislature in January.

Parkhouse said city officials "almost without exception" favor building their own water facilities aided by financing "on the lowest level of government possible." He said he is most hopeful the next legislature will make such a program possible.

DAVEY READY FOR TOURISTS
Texans, who tour their Capitol by the thousands each year, will see a fresh-faced Davy Crockett this summer.

Crockett's huge portrait was rehung in the Capitol foyer last week after an extensive re-touching job. Legislators last session authorized \$12,000 for conservation work on five valuable paintings.

Taxpayers have invested \$59,409 in the fabulous art collection scattered over the Capitol. Resale value is estimated as high as half a million dollars. Tourist favorites are "Dawn at the Alamo" and "The Battle of San Jacinto." They are located in the Senate chamber. Each cost \$12,500.

NO TROUBLE SEEN ON POLL
No objection is expected by the Democratic Executive Committee Chairman to putting the interposition question on the July primary ballot.

Chairman George Sanlin disapproved talk of a court challenge to the validity of the 150,000 signatures on the referendum petitions. Spot checks also help make a "no poll tax" law, said Sanlin.

Texas Referendum Committee requested the petition. It asks a vote for or against interposition, interposition of nervous in public schools and intermarriage of whites and Negroes.

TEEN-AGERS FORM GOVERNMENTS
Three state governments are operating simultaneously in Austin this week. Besides the one in the Capitol, Boys State and Girls State are being run by more than 800 high school youngsters from over Texas. Designed as citizenship laboratories, the two "states" are sponsored by the Texas Department, American Legion and Auxiliary.

County Wide News
Dear Editor:

In regard to the four lane highway, I suppose I am about the only one against raising taxes for another race track. The highway we have is plenty good if drivers would stay in bounds of our speed limit. However if the next five years are no better than the last five we may need the four lanes. Dry land farmers will be leaving the county so fast it will take a big highway to accommodate them.

Mr. Bob Kirk classified Lamb County as a prosperous county but Mr. Kirk does not really know his county's actual conditions. Most people are not as fortunate as Mr. Kirk and a few of his pals. We can't meet and raise our income upwards of \$100.00 a month as they did. If we could we would also boost Lamb county as being prosperous.

The time has come when the tax payers of Lamb county will have to halt voting bonds for every thing that sounds good.

Just a dry land farmer.

erating simultaneously in Austin this week. Besides the one in the Capitol, Boys State and Girls State are being run by more than 800 high school youngsters from over Texas. Designed as citizenship laboratories, the two "states" are sponsored by the Texas Department, American Legion and Auxiliary.

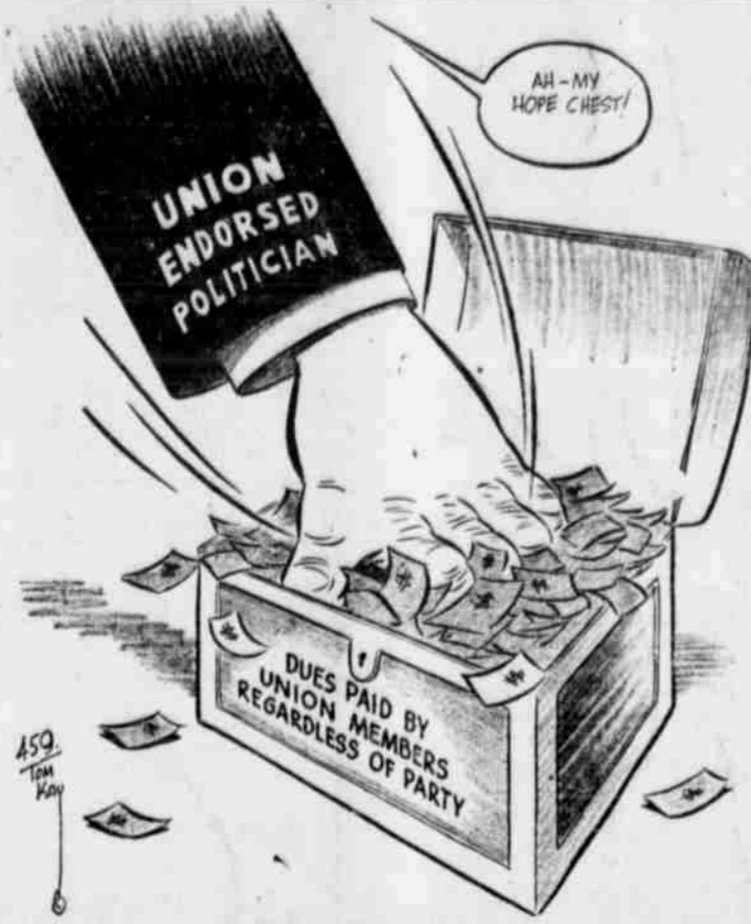

Each group — 260 girls, 519 boys — learns self-government by doing it for a week. Mythical political parties are formed, and city, county and state officials are elected and inaugurated. Since terms of office are brief, keenest interest focuses on the always-heated state campaigns and selection of representatives to Boys and Girls Nations in Washington, D. C.

SHORT STORIES
Dr. John Paul Abbott, dean at Texas A&M College, has been appointed program examiner for the Texas Commission on Higher Education. He will take office July 1.

... Texas stamp tax sales for cigarettes, wire and liquor totaled \$4,907,078 in May, nearly one million more than a year ago. Raising of the cigarette tax by the last legislature is cited as the cause for the increase. . . . Claude B. Tate of Huntsville is now with the Board for Texas State Hospitals and Special Schools. He has been director of accounting for the Texas Prison System for the past six years. . . . Newton Gresham of Houston is the new president of the State Bar of Texas. Virgil T. Seaberry of Eastland was elected vice president. . . . Texas farmers mortgaged their property to the tune of \$227 million last year, the Farm Credit Agency reports. This is 31 per cent more than 1954 and 375 per cent above average.

COULD BE
"Why is it that you only carry one plank while all the other men carry two?" asked the foreman. "Oh," replied the worker. "I guess the others are too lazy to make two trips as I do."

THE AMERICAN WAY

The Big Grab

Sandhills Philosopher . . .

Dear editor:
Since Congress was nice enough to provide us farmers with a soil bank, I have been studying every angle I can find to figure out a way to get in on it. It's not going to look right if we sit back and drag our feet.

Therefore, I've been reading everything I can lay my hands on in this connection, and last night I believe I ran on to the idea I've been looking for.

It was a statement by Sec. Benson, who I guess you'd say is president of this bank and is the man to look to. According to him, he is going to be as generous as he can in getting the bank going and will even let a farmer put some land in it this year that's already been planted provided "the crop isn't too far advanced."

Now I haven't got time to take this to the Supreme Court to find out what "too far advanced" means, but if Sec. Benson will place a generous, liberal interpretation on it, he and I can do some business.

For example, I've got some crops not only this year that aren't too far advanced, I've got some from 1955, 1954, 1953, 1952, and 1951 that could be classified in the same category. What I would like to do is put 50 acres of not too far advanced crops in the bank this year and also for the years just mentioned, using the same 50 acres multiplied by payments for six years. After all, this big surplus we've got staring us in

the face wasn't created in one year, and a man ought to be entitled to payment not only for not contributing to it this year but for past years too.

A long-range, far-sighted program ought to have the virtue also of looking back as well as forward. Of course, I understand to get land in the bank with a crop

Letter To The Editor . . .

Dear Editor:

I am for the four-lane highway and I want a say in what route it should go. One man said he believed it would help develop the town if it would bypass the town. I wonder if he was on Hwy 81 with one business and was barely making it and stood to lose part of his business and have his taxes raised and probably could not pay his tax. I wonder how he would feel about it.

Another man said he thought people would be selfish if we tried to force the people through town. Most people seem to like to come through town. . . . seem to get a kick out of it. They like to stop and visit. . . . easy to please.

Regardless of what route it goes I think the voters should know before they have to vote which way it's going.

J. N. Bowen,
Bowen's Grocery
Hwy 81

that's not too far advanced, you'll have to put it up, but the payment is not for plowing up, but for dodging a surplus, and what difference does it make to Sec. Benson whether I plow up this 50 acres six times, once for each crop that never got too far advanced since 1951, or just once?

If something can be worked out along this line, let me know. I'm a specialist in producing crops that never get too far advanced.

Yours Faithfully,
J. A.

Egg producers can realize more net profit year-in and out by selling their product on known grade standards and to a buyer who will pay the highest average price each year in relation to cost of selling, says F. Z. Eganblossom, extension poultry marketing specialist.

THIS WEEK — In Washington

With Clinton Davidson

A couple of college professors have been studying the outlook for farmers for the next 10 years, and some of their conclusions may be worth putting away for future reference.

John D. Black of Harvard and James T. Bowen of Michigan State are called to Washington frequently by officials and Congress to give advice on farm programs and legislation. They've written a booklet giving their ideas of what farming will be like in 1965.

There will they predict, be a million fewer people on farms by 1965, but they will be producing 17% more food and fiber on fewer acres than now in cultivation.

Each worker on farms will be producing about 25% more in 1965 than in 1955. Output per worker has almost doubled since 1940. There will be fewer small farms and more with 300 acres or more.

There will be 15% more Americans to feed and clothe in 1965 and each of them will be eating 4% more. They'll eat less potatoes, wheat and other cereals, but more meat, dairy and poultry products. Even so, they'll spend a 4% smaller percentage of their income for food.

Government production controls and price supports will have to be continued during the next 9 or 10 years, Black and Bowen think. They see further cuts in acreages of cotton, wheat and feed grains, cotton by 4 million acres, wheat by 15% and feed grains by 13%.

Land taken out of crops will be put into grazing and soil conserva-

tion. Yields per acre on land remaining in cultivation will increase by another 20 to 25%. Prices for beef cattle will increase by about 25% by 1962, then decline until 1965, the professors predict.

Hog production will increase by about 15%, the same percentage as the population increase. Hog prices are likely to average about \$19.50 a cwt. around 1965, an increase of about 5 or 10% over recent years.

The future for dairying looks good to Black and Bowen. They predict that farmers will be getting 12% more milk from about the same number of cows. Fluid milk prices will average 10% higher, but butterfat prices will decline.

The professors see more trouble ahead for potato growers. Per-capita consumption is down 1-3 in 25 years to an average of 100 lbs. and is expected to decline to 90 lbs. by 1965, when prices will average \$10 to \$11.50 a bu.

They see more trouble ahead for cotton and tobacco farmers. Demand for cotton both at home and for export will decline and prices probably will drop by \$20 a bale. Tobacco growers face an acreage cut of 25% and prices 5% to 10% lower by 1965 they predict.

More than a half million bales of cotton are used for shirts each year in the United States.

DODGE LEADS IN VALUE

When you go to buy a new truck, you owe it to yourself to stop . . . look . . . and think—to think about this, among other things:

How can you possibly know you're getting the best value if you sign up for a new truck without first taking time to stop and look at today's big, husky-muscled DODGE? The answer, obviously, is you can't be sure; you're just hoping you're getting the best buy!

Wouldn't you be wiser to get at least a few facts about DODGE? For instance, such easily proved facts as these — that Dodge trucks give you:

1. Greater gas economy. Dodge's exclusive Chrysler-engineered Power-Dome V-8 engines deliver more miles per gallon, full power on regular gas!
2. Maximum payloads. Dodge trucks are built extra rugged — will haul up to 35% more.
3. Lower upkeep costs. Dodge short-stroke V-8 engines maintain like-new performance far longer than truck engines of standard design.
4. Shortest turning. Dodge sharp turning angle and shorter wheelbase design make parking and wheeling through traffic much easier, save you both time and effort.
5. Rock-bottom prices. Today, many Dodge models cost less than any other make!

Dodge gives you more in other ways, too. So, before you buy, why not get the full Dodge story? Unless you do, we honestly believe you'll end up paying more and getting less.

Springlake News

By MRS. W. T. CLAYTON

The Boy Scouts of Springlake and their fathers left for Camp Post Saturday at noon and returned Sunday afternoon. Sunday morning the boys walked five miles to Sunday School. Those fathers and boys going to Post camp were Bill Struve and Kerry Layne, Ed Jones and Gene, Roy Byers Jr. and Danny and Ricky, James Packard and Ray Tom, Buck McClure and Kris and Mike, also Leon Given.

Andy Starkey, his son, Johnny, and wife from Ft. Smith, Ark., were shopping in Littlefield Tuesday.

Mrs. Gus Parish and Carolyn Joyce, motored to Brownfield Tuesday to help observe the 3rd birthday of Ricky Riddle, grandson of Mr. and Mrs. Parish. Mrs. Riddle of Plainview, another grandmother was also present.

The Church of Christ, Springlake, concluded its Vacation Bible school Saturday. A program and picnic was held with parents and friends as guests.

The classes were held 9:00 till 11:00 a.m., May 28 through June 2. All classes had as their theme, "Travelling With Christ." An average attendance for the week was 63.

Teachers for the classes were: Mrs. Grant Lott, Mrs. Elvis Hestand, Mrs. Alton Hollingsworth, Mrs. Carol Perkins, Mrs. Frank Bozeman, Mrs. J. W. Dear, and Mrs. George Winkley. Don Williams and E. R. Higgins of Olton and Joe Sponaugle, local minister of the Springlake Church of Christ, also helped.

Those from Springlake attending the funeral of Lee Poteet of Olton, Wednesday, were Mr. and Mrs. W. T. Clayton and from Earth, Mr. and Mrs. Victor Çoker.

Mrs. Howard Bridges of Sunny-side visited Tuesday, with her son and family, Mr. and Mrs. John Bridges and Bruce.

Mrs. Jimmy Winder and son, Charles, accompanied Mr. and Mrs. C. F. Winder of Morton, to Oklahoma to visit over the weekend.

Grandmother Bearden is on the sick list.

SOLVING THE COST-PRICE SQUEEZE

"Reducing total operating costs does not necessarily increase net farm income, but reducing costs per unit production is the management trick that will be most helpful in maintaining farm profits," advise farm management specialists of the University of Illinois. They point out that the use of balanced, economical rations for livestock, dairy, and poultry is a major factor in reducing costs per unit of production.

Lubbock ABC Rodeo Slated For Coliseum

Lubbock — A new era in South Plains sports will be inaugurated June 20-23 with the unrolling of the annual ABC Rodeo in Lubbock new \$2,000,000 Municipal Coliseum.

The Rodeo, featuring many of the nation's top rodeo hands, will be the first sports event to be held in the 10,000 seat oval-shaped building on the Texas Tech campus.

Kicking off the four-day show on June 20 will be a 2:30 p. m. parade through the heart of Lubbock by several hundred riders, including members of South Plains area sheriff's posse and other riding groups.

THE GREATEST MODERN MOVEMENT Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in advance through cooperative insurance plans. This is probably the greatest voluntary movement toward improved health and welfare in the history of the world.

Every phase of this activity is laudable. The cooperation of industry and its employees, and the foresight of breadwinners to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal, and you depend upon us, as upon your physician, in the achievement of these objectives for your family.

YOUR BOY CAN BE A GOOD SPORTSMAN

A good sportsman has skill, stamina... does his share in teamwork... is friendly, courteous. He acquires these good traits through training begun in youth.

Through Boys of Woodcraft and its B. O. W. Sportsmen's clubs, thousands of boys 8 to 16 years old are learning good sportsmanship. B. O. W. fraternal and social affairs teach them to be "good mixers." They are developing skill in many sports and outdoor activities—fishing, wildlife, conservation, safety, first aid—from competent instructors.

Give your boy the opportunity to be a good sportsman. Ask a Woodmen representative listed below for complete information on the many benefits your son will receive as a member of the Boys of Woodcraft.

Rev. B. W. Taylor To Preach Sunday At Nazarene Church

Guest preacher at the First Church of the Nazarene Sunday morning will be Rev. B. W. Taylor of Lubbock. Taylor is recognized for his Bible history messages. He has been in the evangelical field for several years.

The pastor, Rev. Bill Anderson left Tuesday morning for Kansas City, Mo., to attend the World-wide Quadrennial Conference and the homecoming services at a former pastorate in Sunflower, Kansas. He will be joined by his wife and son who have been visiting relatives in Nashville, Tenn., recently.

Amherst Girl Elected Historian For Wayland Club

Plainview (Special)—Ann Crews, Wayland College junior from Amherst was recently elected historian and reporter for a Wayland service club, Ikwa.

Ann, daughter of Mr. and Mrs. T. J. Crews, Amherst, is a 1954 graduate of Plainview High School. At Wayland she is active in almost every phase of student life serving Agnes Mays Dormitory as representative at large and Y. W. A. as social chairman. In addition to her Ikwa responsibilities, she has also been a member of several Wayland teams, conducting youth-led revivals in Southern Baptist churches throughout this area.

Other Ikwa officers for 1956-57 include: Beth Bryant, Canadian, president; Louise Ryberg, Corona, N. Mex., vice president; Janice Barnett, Eldorado, Okla., second vice president; Frankie Evans, of Wichita Falls, secretary and treasurer; Claudia Harp, Amarillo, drill leader; and Vada Stone, of Quannah, SGA senator.

Legal Notice

REQUEST FOR BIDS
Sealed bids will be accepted by the office of the City Secretary, City of Littlefield, Texas, until 5:00 P. M. June 21, 1956, at which time bids will be opened and publicly read and the successful bidder notified at the Regular City Commission meeting June 21, 1956 at 7:30 P. M. for the following equipment:

BASE BID
One black-white tutone, standard dard equipped V-8 two door sedan, standard transmission, oil bath, air cleaner, oil filter and large heater-defroster.

ALTERNATE NO. 1
One black-white tutone, standard equipped V-8 2 door sedan with automatic transmission, oil bath, air cleaner, oil filter and large heater-defroster.

ALTERNATE NO. 2
One black-white tutone Police Special or heavy duty taxi cab special or equal equipped with large heater-defroster.
