

LAMB COUNTY LEADER

Official Newspaper of Lamb County, Texas

VOLUME 8 LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JULY 10, 1930 No. 13

LOCAL P. O. BUSINESS GAINS \$38,840.53 OVER LAST YEAR

ROUTES LENGTHENED TO 235 MILES AND SERVING 750 FAMILIES IN THE TRADE AREA; SALARY OF POSTMASTER IS RAISED \$100

Postal receipts of a given office are considered a good barometer of the progress of that city and the condition of its surrounding territory, and such are correctly reflected in the annual report of the Littlefield post office as compiled by Postmaster J. E. Brannen at the close of the fiscal year June 30th.

This report shows receipts for the year ending June, 1930, amounting to \$15,484.04; as compared with \$11,958.45, at the close of the previous year; an increase of \$3,525.59.

Money order receipts for the year just closing totaled \$131,976.89; for the year previous the total was \$96,709.95; an increase of \$35,266.94.

The number of out going pieces of registered mail for the year just closed

was 2,360, and the number of pieces of insured parcels was 2,428, which was also an increase over that of last year.

Incidentally, on the basis of increased business at the Littlefield post office, the local post master received an increase of \$100 in his annual salary, effective July 1.

Routes Are Extended

During the past year rural routes one has been extended nine miles, and rural route two has been extended 17 miles and made daily service.

The Littlefield post office now serves its area with two star routes and two rural routes, the four having a total of 235 miles and handling mail for the benefit of 750 families located thereon.

BANKS HERE SHOW NEARLY \$500,000 ON DEPOSIT

REV. GRIZZLE DELIVERS SERMON AT AMHERST

A number of people went from Littlefield Sunday to Amherst to attend the dedication service of the new brick Baptist church at that place.

Rev. Joe F. Grizzle held the dedication service following which dinner was served on the ground.

A large crowd of people of Amherst and that section together with visitors from neighboring towns were in attendance.

STEEL SAFETY DEPOSIT BOXES PUT IN BANK HERE

The First National Bank, this city, last week installed the first unit of 66 safe deposit boxes for accommodation of their customers.

The boxes are of heavy manganese nickel steel construction, each with individual keys and requiring the operation of a master key in conjunction to open them, and are located in the customer's vault on the mezzanine floor.

BOTH INSTITUTIONS REFLECT PROSPEROUS CONDITION OF COUNTRY IN THEIR REPORTS

With total deposits of \$468,618.57 in Littlefield's two banks, and statements showing surpluses, profits and exceptional liquid conditions, and with as good crop prospects this spring as this section ever enjoyed, there is every indication of considerable forward movement in population and material development during the coming months of this year.

Bank statements are good criterions of the given condition of any town and its surrounding territory, and the statements of the First National Bank and the First State Bank, as published in the Leader this week are worthy of being analysed by every citizen, and something of which the officials and stockholders of these two financial institutions may well be proud.

The First National Bank in its called statement for the close of business

June 30th shows deposits amounting to \$409,078.71. There is an item of \$20,000 surplus and another of undivided profits amounting to \$2,699.59 of which the institution may well be proud. The stockholders are also proud of the fact that a 10 per cent dividend was declared by the directors of this bank on the first six months business done this year. It is worthy of note that this is the first time in the history of this institution since it was organized about 15 years ago that a dividend has been paid, and such fact is a tribute to the financial skill and business ability of the management. Incidentally it is worthy of note that stock in this bank is now selling on the market at a minimum of \$1.50.

Further analysis reveals that the deposits shown by this last statement are larger than they were this time last year. Loans at this time are greater than at a similar period of last year, but the note case reveals the fact they are spread out over a wider area of territory and which is also more thickly populated than it was last year.

Commenting upon the excellency of this statement President J. C. Hilburn stated that the general financial condition of the country was about the same as last year. While commodity prices appear to be dropping for an indefinite period, yet crop prospects are good. Most people in this section are in fairly good circumstances, he said, with plenty of money to tide them over during the dull period. Merchants are depleting their stocks and will be refilling their stores this fall with brand new merchandise, and there is every present indication that Littlefield will witness another era of boom business during the coming fall and winter months.

FIFTY CANDIDATES OUT FOR STATE OFFICES PASSES 1924 MARK OF 41 APPLICATIONS

Candidates for places on the Democratic primary ticket this year are more numerous than in any previous year of which the Texas Election Bureau has records. The State ticket contains 50 names against the previous high mark of 41 set in 1924. Only one candidate is unopposed, S. M. N. Marrs for State Superintendent of Public Instruction, whereas heretofore there have been from two to four. There were only 25 names on the State ticket in 1920. The number of candidates for governor sets a new high mark for that office, two more than in 1924. Candidates for district offices also are more numerous than usual.

The Republican State primary ticket contains 26 names against 13 in 1926. There are yet many blank places for district candidates. The Republicans held no primary election in 1928.

Following is a complete list of candidates for State and district offices on which the bureau will gather returns, Democratic and Republican, as reported by bureau correspondents:

Lieutenant Governor—Edgar Witt of McLennan County, James P. (Jimmy) Rogers of Harris County, Virgil E. Arnold of Harris County, H. L. Darwin of Lamar County, Sterling P. Strong of Dallas County, J. F. Hair of Bexar County, J. G. Parnell of Wichita County.

Attorney General—Robert Lee Bobbitt of Webb County, James V. Alford of Wichita County, Cecil Story of Wilbarger County, Ernest Becker of Dallas County.

Comptroller—George H. Sheppard of Nolan County, Arthur L. Mills of Dallas County, Ed. A. Christian of McLennan County.

State Treasurer—John E. Davis of Bexar County, Charles Lockhart of Travis County, J. R. Ball of Fannin County, Walter C. Clark of Travis County.

Superintendent of Public Instruction—S. M. N. Marrs of Travis County.

Commissioner of Agriculture—J. E. McDonald of Ellis County, Edwin Waller of Hays County, A. H. King of Throckmorton County, H. L. (Hub) Maddux of Cherokee County, Robert A. Freeman of Hill County, R. M. West of Grimes County.

Land Commissioner—J. H. Walker of Hill County, G. E. Johnson of Hale County, Jockie W. Burks of Travis County.

Railroad Commissioner—H. O. Johnson of Harris County, Pat M. Neff of McLennan County, Nat Patton of Houston County, W. Gregory Hatcher of Dallas County.

Chief Justice of the Supreme Court—C. M. Cureton of Bosque County, Covey C. Thomas of LaSalle County.

Judge of the Court of Criminal Appeals—(Continued on last page)

DEMOCRATIC CANDIDATES

State Offices.

United States Senator—Morris Sheppard of Bowie County, C. A. Mitchner of Irion County, Robert L. Henry, of Harris County.

Governor—James Young of Kaufman County, Miriam A. Ferguson of Travis County, Earle B. Mayfield, of Bosque County, C. E. Walker of Tarrant County, Frank Putnam of Harris County, Barry Miller of Dallas County, Thomas B. Love of Dallas County, Clint C. Small of Collingsworth County, C. C. Moody of Tarrant County, R. S. Sterling of Harris County, Paul Lovern of Comal County.

\$350,000 Loss From Storm in Cochran Co.

Loss of property estimated at around \$350,000 occurred in the northwest part of Hockley county and the eastern part of Cochran county, touching a small part of the southern section of Lamb county Thursday of last week when a strong wind accompanied by severe hail traversed that section.

Reports indicate that the storm covered an area approximately eight miles wide and 25 miles long, lasting about one hour. No deaths or injuries to human life are reported but several head of cattle, hogs and sheep are said to have been killed by the exceptionally large hail stones that fell. About 60 windmills are reported to have been blown down and 30 to 40 houses more or less damaged.

PROFESSOR WARREN TO CONDUCT SINGING SCHOOL

Professor Warren, well known instructor in vocal music, who has conducted two or three singing schools here during the past two years, is to conduct a two week's class at the Ninth Street Church of Christ, in Littlefield, commencing Monday, July 14.

Many Littlefield people have attended singing classes conducted by Prof. Warren, and know him to be an able and proficient instructor, as well as an affable Christian gentleman and can conscientiously recommend him to any one who is interested in taking instruction of this kind, or sending their children to the school.

The school will be open to all. Everyone is invited to attend, and parents who are not able to attend themselves, are invited to send their children that they may get these valuable lessons in the principles of vocal music and voice training.

—Publicity Director.

Local Postal Force at Lubbock Convention

The post office force and rural carriers from the Littlefield post office were in attendance at the second day session of the point meeting of the 23rd annual convention of the Texas state branch of the United National association of postoffice clerks; the 28th annual meeting of the Texas Rural Letter Carriers association and the 23rd annual convention of the Texas State branch, United National association of postal supervisors.

A splendid meeting was held, according to Postmaster J. E. Brannen, who headed the delegation from Littlefield.

The Friday session was opened at nine o'clock at the First Baptist church at that place wherein A. J. Muchener, postmaster of St. Louis, representing the post office department together with several other interesting speakers and musical numbers entertained the visitors.

The number of visitors were estimated at above 500.

JULIAN JOPLIN FLYS ARMY PLANE HERE FROM KANSAS

Julian M. Joplin, formerly of Littlefield, but who is now an aviation instructor at Fort Riley, Kansas, arrived here Friday in a Douglas U-20 army plane. The plane has a 425 horse power Liberty motor, constructed adequate to carry six machine guns and 15 bombs weighing 25 pounds each.

The distance from Fort Riley to this place was made in eight hours against a head wind.

Joplin graduated from an army flying school at Kelly Field, in March, and has had considerable flying experience.

He was accompanied to Lubbock Sunday by M. M. Brittain, and his brother, Arbie Joplin, from where he took off for his return trip.

While here he visited his mother, Mrs. C. A. Joplin, who resides six miles south of Littlefield.

PREDICT 731,000 VOTES IN THE COMING PRIMARY

Austin, July 8.—Based upon the voting strength of Texas this year cast in the last three primary elections and the average percentage of votes there will be a vote of 731,000 in the state Democratic primary election on July 26. These figures were compiled here today.

Other election figures that were compiled for the benefit of election guessers showed that on the same basis of percentage of the total vote, 497,638 of these votes will be cast in two districts. One district is the territory within 100 miles of Dallas. The other is the part of the state south and east of the International Great Northern railroad which runs through Marshall, Palestine, Austin, San Antonio and Laredo.

Mr. and Mrs. J. S. Mills and children; Mr. and Mrs. Jim Davenport and children; Mr. and Mrs. A. L. Wright and children spent the fourth on an outing at Silver Lake Falls, near Crosbyton.

Ltd Wins Two Straight Ball Games Here 4th Plan Trip to Amarillo

Both holiday ball games played here last week during the Independence celebration proved to be one sided affairs, lacking very much in coming up to the fans expectations. The hitting power of the local club was very much in evidence, spelling the downfall of both visiting teams.

The Olton club was whipped in the very first inning when nine scores were put across on seven safeties and a walk, most of these blows going for extra bases. Frank Helm and Doc Holt entirely failed to check the Littlefield hitters.

Newly Moore held things well in hand the two innings he worked, and was taken out and held in reserve for the Sudan game the following day. Al Mueller and Dick Ratliff took their turns on the mound and kept the blows well scattered throughout the rest of the game. The final score was 18 to 3 in favor of Littlefield.

New Election Law Not To Hinder The Returns

That Senate Bill No. 179, which amends the Texas election law so official returns may not be opened until the Saturday after the primary on July 26, will not delay the customary announcing of the vote in Lamb county, is the statement of T. Wade Potter, county attorney.

This bill, said Mr. Potter, was passed last March, and provides that all returns of precinct primary elections shall be sealed and immediately delivered to the chairman of the county executive committee, who shall keep them until the first Saturday following, and then in the presence of the county committee shall open them for the official canvass. The law provides a penalty of \$25 to \$500 or a jail sentence not exceeding 30 days for violations.

That the law may be complied with and the public also receive the customary prompt returns a duplicate report of the vote in each precinct will be mailed the county chairman after each polling place has been closed. This duplicate will not be marked official, but it will be authentic and correct and will give the same information as the "official" return. Thus the information will go out to the interested public at large without any delay. This plan is being followed by many other counties throughout the state, Potter said.

May Go To Amarillo

Plans are this week being made for the Littlefield club to go to Amarillo entering the tournament there to be held July 10 to 20. Many of the local fans are urging the organization in this trip and several will doubtless accompany them. Practically every employer has already signified his willingness to let players off from their duties for this event.

Let Texas folks live for Texas!

THREE INJURED IN AUTO WRECK ON HIWAY SATURDAY

Zim Brown sustained two broken ribs and internal injuries, and Misses Billie Pirtle, of Anton, and Vesta Weldon, of Sudan were seriously bruised and gashed from flying glass last Friday afternoon, when the Buick roadster Brown was driving turned turtle in the ditch from a casing blow out on one of the front wheels.

All three occupants of the car were taken in an ambulance to a Lubbock hospital where they are reported convalescing.

The car was badly broken to pieces.

ROTARY CLUB MEET

The Rotary club met Thursday in regular session at the Methodist church.

R. T. Badger, vice-president presided, due to the absence of the president, who was out of the city.

J. S. Hilliard, the secretary, who represented the club at the International convention recently held in Chicago, made a report of the convention.

Star Reporter

Russell Owen, newspaper man who went with Byrd to the South Pole, was acclaimed the greatest reporter by the newspaper workers of America at a dinner in his honor.

ATTENDS MGRS. MEET

E. J. Seeley, local manager for the Foxworth-Galbraith lumber company, and his wife, went to Lubbock, Saturday where they were in attendance at a meeting of all managers for the company over the South Plains.

The managers were taken out to the country club by the officers of company where they were entertained.

Proud Daddy's Grin

Yes, you guessed it. This is Col. Charles A. Lindbergh on the day his son was born. Lindy doesn't often smile like this.

It's great to be a Texan!

West Point's Seven Most Brilliant 1930 Graduates

Standing in order of their academic merit, these seven young officers are from left to right: Paul F. Young, Alliance, Ohio; William A. Carter, Ruleville, Miss.; William Whipple, Jr., Baton Rouge, La.; Charles Keller, Jr., Winneka, Ill.; Ralph P. Swafford, Independence, Mo.; James K. Herbert, East Boston, Mass.; Fred W. Castle, Lake Drive, N. J.

CANDIDATE SPEAKING AT LUMS CHAPEL JULY 18

Lums Chapel community folks will have an ice cream supper Friday night, July 18, to which all are cordially invited attendance, and a special invitation is extended the political candidates of the county to be present. Opportunity for speaking will be tendered them.

TABERNACLE W. M. U.

The ladies of the Tabernacle Baptist W. M. U., met Monday afternoon at the church where an interesting devotional program was led by Mrs. J. B. Berryman.

Plans were made for holding a bake sale in the new Shotwell Grocery store, Saturday, July 12, where frying size chickens and eggs will also be for sale. Also, pies, cakes, etc.

Various Names for Ranch

A ranch or plantation in Peru is called a hacienda. In Venezuela it is a hato, in Chile a rancho, in Argentina an estancia and in Uruguay a finca.

Goes Back Many Centuries

The first stone of the cathedral of Notre Dame de Paris was laid by Pope Alexander III when, in 1163, he was passing through the city.

TAKE IT FROM DAD

By Frank H. Cheley

The Boys of Today and of Yesterday.

Dad Smithhough laid down his evening paper and turned rather sharply to Bob who was busy with his lessons in his accustomed corner.

"Bob, what all you boys at school? Seems to me the papers are just full of one fool escapade after another. Here the council is advocating more policemen and a nine o'clock curfew to keep you young rowdies going straight. A half dozen expelled last week; three stolen autos the night of the concert and now two more of you have 'tired of the restraints of home' and have started to see the world on five dollars apiece."

Bob looked sheepish in spite of himself. The principal had had several recent special assemblies. The chief of police had talked to the student body and things were badly upset.

"Dad, it's not so good I know. Seems to come in streaks like dog days. Those kids aren't bad. They just get crazy. Thank goodness I missed it all this time but don't know how it happened. Dad, are modern kids worse than old-fashioned kids? I've been wondering. I know from what Mother's told me and Uncle Ed that you were no saint yourself, but things do sort of seem to get a bit raw at times."

Dad Smithhough considered while he pursed his lips a bit. "It's just a bit complicated and hard to understand, Bob, just what has happened. Things are different, no doubt about it, and whether for better or worse seems quite debatable. You know mighty well I'm not one of these old fogies always sighing for the 'good old days.' The old days that we hear so much about, good or bad, are gone never to come again because we live in a totally different world. All down the line there has been a sort of stripping off of the superfluities; a return to the almost primitive in every realm. People, even you boys, have been doing a lot of thinking and you seem to be challenging a good many old ideas, customs, conventions and prejudices. Certain it is, too, there is a new freedom, less convention, less prescribed ways, less respect for super-imposed authority and so it isn't strange that youth which for thousands of years was to be seen and not heard has suddenly emerged to be both seen and heard, much to the discomfort and concern of your elders—experimenting with conduct much as you do with chemicals in your chemistry to see just what will happen when this is mixed with that.

"Parents and society, Bob, first startled, dismayed, concerned, are now looking on with not a little fear in their hearts at the outcome but helpless to stay the new day. The newspaper with its never-ending array of out-of-the-ordinary crime and immorality, the stage, the modern magazine, the movie, fashion, have all made utter frankness their program. Boys are being forced to see and hear a lot that was forbidden before and then there is the automobile. Reserve has been cast to the four winds and we modern parents are a good deal like the hen who, when she saw her adopted family of ducks sailing serenely away on the water, screamed and cackled and scolded for them to come back, but they would not for they were certain they could both swim and fly and that by themselves.

"Bob, your Mother and I know full well that you and all like you have escaped permanently from the artificial, superficial props and barriers of 'yesterday.' You are on your own as we never were. The question is: Will you be able to stand your freedom and liberty? Will you, with such help and encouragement as we will be able to give you from the 'shore,' be able to develop new resources of reliance and integrity which will stabilize your characters.

"Youth today and youth of yesterday are fundamentally the same, no better, no worse. It is the TIMES which have changed. Essentially all boys are inherently good, healthy, vigorous, active.

"Avoid being cheap; keep yourself hard with vigorous activity and determine to accomplish the impossible in every realm!

"The youngsters of yesterday did not dare to even think the things that are your common thought because of fear. To have acted as many of you now act would have been a family disgrace and could not be tolerated. The boy of only two generations ago was personal property belonging body and soul to his father whose one object in life was to conform his son to social custom and standard. Today you are a free individuality, a great privilege and a great responsibility! The future will hold you responsible for your heritage. You live in a new and daring and terrible but epic age. Your world is a neighborhood. In many many ways you are wonderful. We believe in you. We expect great things from you. You have the raw material. Do not disappoint us."

"Why Dad, then you think we aren't such a bad lot after all. Why the chief of police said—"

"Bob, be true to the best that is in you and you'll make us older men seem like a lot of pikers. I'm for you boy, and you know it!"

LADIES BIBLE CLASS

The ladies Bible class of the Church of Christ, met with Mrs. S. L. Adams Tuesday with 23 present.

We are now studying "Simplified Bible Lessons," by G. H. P. Showalter. It begins with Genesis and takes in the whole Bible.

The lesson for next Tuesday will be on "Noah, The Flood and Tower of Babel." We are glad to have anyone visit our class.

Ladies present Tuesday were: Mesdames R. V. Armstrong, Arthur James, C. C. Beebe, Bill Baker, Eda Beisel, C. O. Stone, T. J. Bennett, T. L. Kimmel, S. B. Jackson, Hallowell,

Bill Collins, Parmar Gregory, Hilbun, E. J. Faust, Enloe, Ross Mayhew, Sid Pace, Clay Purrey, Jim Davenport, Robt. Elghan, L. Adams, one visitor Mrs. W. and Miss Inez Jackson.

Next Tuesday the class will meet with Mrs. Armstrong. The class with Mrs. Kimmel last week with present.

IMPORTANT I. O. O. F. MEET

On next Monday night there will be very important business to transact by the members of the local lodge of the Independent Order of Odd Fellows. Empty chairs cannot talk your presence is necessary. Please present.—Secretary.

CHOICE BITS OF NEWS FROM OTHER TOWNS NEAR HERE

Amherst
O. G. Fagala, farmer superintendent of the Lorenza schools, has been elected superintendent of the Amherst schools, moving here last week.

A. W. Pipkin has sold the Amherst elevator to Fred Bell, of Floydada. Amherst Trades Day was held here last Monday, a large crowd being present. In addition to the regular features, there were several county and state candidates here who spoke in behalf of their political aspirations.

Abernathy
Only two miles of paving on Highway No. 9 is lacking in Hale County and it is expected this will be completed within the next week, after which the highway will be entirely opened to travel.

On account of the low price wheat is bringing on the market, many farmers of this section are considering feeding their product to home owned stock. Wheat at the present price is cheaper feed than either corn or kafir corn.

Hale Center
Wheat totaling 250 car loads have been shipped from here this year, and only a small acreage remains uncut. The new funeral home of W. G. Sears was opened here this week.

Muleshoe
The Hale County Dairy Producers association has authorized the establishing of a branch service station in Muleshoe.

A \$36,000 gin plant will be erected here this summer by W. W. Jones and J. B. Burrow, of Hobart, Okla.

Levelland
Negotiations are being completed for municipal ownership of 20 acres conveniently located which will be developed into a city park.

O. L. Hudson, manager of the Dozier wheat farm of 1,300 acres located between Levelland and Littlefield states it is yielding an average of 13 bushels, of high protein content, for which a premium is being received over the regular market price.

D. N. House, pioneer business man of this section, has purchased the Boysen Market and Grocery.

Bounteous crops are the joy of an agricultural domain.

KONJOLA ENDED TWO YEARS OF STOMACH MISERY

Again This New And Different Medicine Shows Why It Has Become Famous

MRS. BERTIE COWAN

Strange, but absolutely true—Konjola, the new and different medicine seems at the very peak of its powers when pitted against the stubborn cases that have held on with bulldog-like tenacity. Take for example, the experience of Mrs. Bertie Cowan, 614 West Second St., Ft. Worth, Texas, who says:

"For two years the lightest of foods caused misery. At times I had to gasp for breath, and I belched up bits of undigested food. I took soda constantly. My kidneys gave me trouble too. I had backache and had to rise many times at night. But Konjola ended all this, and today my back is free from pain, my nerves are steady, I sleep soundly and wake up every morning rested and refreshed."

Thus Konjola works, swiftly yet surely. It is strongly recommended however, that a complete treatment of from six to eight bottles be used if best results are to be obtained.

Konjola is sold in Littlefield, Texas at the Eagle drug store, and by all the best druggists in all towns throughout this entire section.

Cotton Acreage Cut Is Revealed By Gov. Report Given Out On July First

Washington, July 8.—There were a million and a quarter acres less cotton in cultivation on July 1 than a year ago.

The crop reporting board of the Department of Agriculture in its first announcement of acreage this year, issued today, placed the area of cotton in cultivation at 45,815,000.

This is a reduction of 2.7 per cent from last year's July 1 acreage.

The acreage is 166,000 less than the area picked last year, when a crop of 14,821,499 equivalent 500-pound bales of lint was ginned.

The department issued no forecast of indicated production, as that is forbidden by law, and will not make any production forecast until the August report which will be based on the acreage in cultivation July 1, less the 10-year average abandonment in each state after July 1. The 10-year average abandonment from 1920 to 1929 was 3.5 per cent.

Your Factory On the Farm

Modern factories are planned to get the most work done with the least motion, and there is also an eye for beauty in the buildings. Your farmstead should be planned in a similar manner.

COMFORT, CONVENIENCE AND ATTRACTIVENESS ARE ALL-IMPORTANT

A good barn adds more to the increased sale value of a farm than any other building—a choice dwelling cultivates desire in a prospective buyer—both bring great satisfaction to the present owner.

SPECIAL MUSIC AT SERVICE

A large congregation marked both morning and evening services at the Methodist church Sunday.

Preceding the sermon Sunday morning a special song, "Beautiful City," was sung by Miss Carolyn McNeely, of Memphis and Rev. R. B. Freeman with Miss Johnnie Pace at the piano. Special songs and music

were rendered by Mr. and Mrs. Zed Robinson at the evening service.

Who would have thought twenty years ago that there ever would be so much wild life in our cities?

A New York company has bought a strip of land five inches wide and twenty feet long. They must be going into the bathing suit business.

Home Demonstration Activities
Ruby Mashburn

Work for the through July will be by womens clubs
First Meeting: as follows:
Discussion: Food Preservation.
standard principles of canning;
Demonstration: By agent— Canning Fruits, Vegetables.
Second meeting: Salads and Salad Dressings.
Demonstration: Local leader.
Salads, Fruits, Vegetables.
Salad Dressings; Cooked, Uncooked.
July 12th at 2 o'clock p. m.

Miss Myrtle Murray will give a judging demonstration of clothing at the Amherst school huse. This will be the climax of the County Clothing contest in which each woman has made a house dress. All interested are cordially invited to be present for the demonstration.

The County Council voted Saturday to have a one-day County Club Rally, July 19th. All club members are invited to spend this day at the fair grounds in Amherst. A program will be arranged in which there will be special features for boys, girls and women. The program will be published as soon as completed. Each club sponsor and president is urged to see each club member is present that day.

The annual Short Course will be held at College Station July 26th to August 1st. Each club sending a representative will perfect plans for same at the earliest possible moment. Please notify the home demonstration agent so reservation may be made for the club members at College Station.

SOUTHWEST NEWS

Mr. and Mrs. Ed Bigler and family are visiting friends near Anton and Littlefield.

Miss Fronie Yohner spent Friday night with Miss Laura Schlottman.

Mr. and Mrs. Frank Zahcik, of Temple, are visiting friends near Littlefield.

Mr. and Mrs. Ed Bigler and family of Temple, and Mr. and Mrs. Robert Newell, of Anton, were dinner guests of Mr. and Mrs. O. L. Schlottman, Friday.

Mrs. W. H. Heinen and daughter, Mary Agnes, are on an extended visit in California.

Mr. and Mrs. O. L. Schlottman and family spent Sunday at Mr. and Mrs. Robert Newell's at Anton.

William Lee Moore spent Tuesday afternoon with John D. Scheuer.

Mr. and Mrs. Bruce and son, who have been visiting W. R. Geistman and family, returned to their home at Temple last Saturday.

Mr. and Mrs. Bill Harmes and children spent Friday evening with Mr. and Mrs. J. A. Witsche and family.

John Smidley of Austin, is visiting this week with his parents, Mr. and Mrs. John Smidley of Levelland.

Joseph Scheuer Jr., is working in the harvest field near Canyon.

Miss Margaret and Lena Scheuer visited Thursday afternoon with Mrs. J. A. Witsche.

The Sacred Heart church celebrated Fourth of July with mass services. Rev. Charles Dvorak gave a very interesting sermon.

LUM'S CHAPEL

The Lum's Chapel church was dedicated Sunday. Rev. Kemp of Littlefield, delivered the dedication sermon. Dinner was spread. Everyone enjoyed it. The sing-song was in the evening. G. W. Miller came home yesterday. They report him doing nicely. G. P. Malone was called to the

POULTRY

CARE OF PULLETS WHILE ON RANGE

Just "feeding the chickens" sounds simpler than the task really is, if the chickens are to be well fed. The purpose for which the flock is being kept has a great deal to do with the matter. Rations for fattening, maintenance, growth and egg production are all different, and will also be varied according to the age of the chickens.

Twenty-one kinds of chicken feeds, all of them different in their result, and all of them suited to different purposes, are exhaustively analyzed and discussed in a new bulletin by Prof. A. R. Winter of the poultry husbandry department of the Ohio State university. The bulletin, No. 63, entitled "Poultry Feeding Stuffs and Rations," has been published by the agricultural extension service of the university.

In addition to the definitions and discussions of the various feeds, there are given six formulae for rations. Two of them are "starting and growing" rations and the other four are for laying hens. Along with the formulae for the rations there are directions for making simple and efficient feeding equipment for the poultry yard.

Two special fattening rations are suggested, one for hens and the other for young birds. For hens, a ration of corn meal, 40 parts by weight, mixed with 60 parts, by weight, of liquid milk, is suggested. For the younger birds a greater variety of grains is recommended. The formula calls for a mash consisting of 59 parts of ground corn, 25 parts of wheat flour middlings, 10 parts of finely ground oats, 5 parts of meat scrap, and 1 part of salt. This mash should be mixed with enough liquid milk to make a batter that will pour fairly easily.

Egg Production Is Cut

by Uncomfortable Pens
 If hens could talk, they would probably say harsh things about hot, uncomfortable poultry houses.

Ohio poultrymen are urged to keep that in mind, among other things, by poultry extension specialists of the Ohio State university in their monthly letter to farm poultrymen keeping records in co-operation with the extension service.

A hot poultry house, the specialists observe, is no place for a hen either to eat or to lay eggs.

"Open the ventilators and remove the windows; make the houses cool and comfortable," writes one of the specialists, P. B. Zumbro. "Don't expect egg production if the house is as hot as a bakeoven. Hens won't stay in hot houses long enough to consume their feed."

Another point in summer care of the poultry flock:

"Summer and fall production are greatly influenced by good green feed; old dry bluegrass or dead rye is not satisfactory. Rape is the best thing to plant now for summer pasture."

"Yard off a part of the ground around the house, and plant the rape there, allowing it to get a good start. It will provide good pasture until freezing weather."

Two other practices successful poultrymen observe at this time of year are culling the slacker hens, and getting control of lice and mites on the birds.

Best Plan to Separate

Cockerels and Pullets

As the flock reaches the broiler stage the roosters and pullets should be separated, for the pullets need no forcing but will make better layers if let grow along normally, with plenty of exercise. Broilers, on the other hand, should have only enough exercise for health and should be fed a fattening ration. At the final stage the broilers should be shut in a pen only moderately lighted and fed all they will eat of fine ground corn and semi-solid buttermilk. Some prefer to use a prepared fattening mash, many of which are on the market. Green or succulent feed should be fed also. Lack of exercise causes them to fatten very fast and makes tender juicy flesh.

Duck Meat Breeds

One of the most common breeds of ducks is the Pekin breed. These ducks are white or creamy white in color and are as large as any of the breeds of ducks with the exception of one. Drakes weigh eight to nine pounds and ducks weigh seven to eight pounds. In the meat class this breed is perhaps the most popular over the United States as a whole. Pekins may be mated in the proportion of one drake to every six or eight ducks.

He'll Take the Hint

There are many sprays and powders to destroy insects, but the proper way to handle an unwelcome guest is to ride him out home in theuable seat and then put him in the holding pen.—L.T.R.

UNDER THE STERLING PLAN TAXES WILL BE REDUCED IN LAMB COUNTY

The taxpayers of Lamb County, including the farmers, home-owners and business men are now assessed an average TAX OF APPROXIMATELY 15 cents on the \$100.00 valuation to pay for the construction of State Highways, a tax that should be borne by the State.

Under The Sterling Tax Reduction Plan

the State will assume this obligation and pay for it out of the gasoline tax.

The Sterling Tax Reduction Plan will place the burden of paying for the state roads your country has built on the traffic, where it belongs.

The Sterling Plan will provide the state with adequate funds to build a connected state system of hard surfaced, all-weather highways and for paving the gaps over the state without county aid and without increasing the gasoline tax one penny.

The Sterling Tax Reduction Plan provides that no property tax shall ever be levied to carry out its purposes.

Vote for R. S. Sterling

and

LOWER TAXES

R. S. STERLING
 Houston
 Candidate for Governor

Explanatory Note.—The estimated reduction in the tax rate has been calculated in accordance with the best available information. The exact figure will depend upon varying conditions in each county. But that a material reduction of the ad valorem taxes would be affected under the plan is certain.

AN AWFUL WARNING

Here are a few figures we wish every man and woman in Littlefield could get fixed in their minds, for they tell such a powerful story that no one can help but be impressed. There were 80,000 typhoid fever cases in the U. S. last year, and one out of every 10 who caught it died of it. Ninety percent of these typhoid fever cases originated from germs carried by the common housefly.

That's the point we want to get over—the thing we want everyone in this community to reflect upon. Where one person died from germs in impure drinking water, nine died from germs that had been carried to food, milk and water by flies. Not only that, but of all the children dying of summer complaint last year, and one-fifth of their deaths were due to that, a vast majority of cases were traced directly to the fly. Since one-fifth of childish deaths were of tots under five years of age it is at the

door of adults that the blame lies, for the little ones were not able to protect themselves.

Could anything prove more clearly that the common housefly is one of the deadliest enemies of the human race? Do you need any more reason than these figures offer for immediately cutting the weeds about your premises, scattering a little lime over breeding places and burning, burying or otherwise destroying waste and trash that accumulates about the house and attracts flies? Cut the weeds; keep the garbage can covered tightly. There will be at least 80,000 deaths from typhoid again this year. It will be largely your own fault if you are among the number.

European countries are considering levying a tax on American tourists. That's right; tax them and make them feel at home.

TOO MANY PUNCTURES

When we see the loose way in which some people dispose of waste, such as nails and bottles and cans, it strikes us as remarkable that more punctures and blowouts do not affect the motorists. Some people appear to take great pleasure in throwing bottles and other waste on the highway, and others are not the least bit careful about disposing of nails and tacks. Capping all are the commercial haulers of waste whose trucks are not always tight-fitting with respect to bottom and sides.

Littlefield motorists are paying less for their tires, and getting better tires, than ever before. And yet we feel sure that if they would voice their protests against the throwing of bottles and other waste on the highways a little stronger they could still further economize. Because tires are not as expensive as they once were is no reason why they should be subjected to greater hazards. No one likes to haul along the road to change tires or repair a puncture.

Clean roads are almost as indispensable to convenient and pleasant travel by automobile as good roads. If those who lightly handle the things they know will cause punctures and ruin tires will be more careful and considerate there will be a lot of money saved. Then, too, we will not be forced, as some states have, to spend large sums of the taxpayers' money every year to maintain special road-cleaning crews.

The reason it is so hard for college graduates to find jobs is because most firms already have presidents and general managers.

SOME FOOD FIGURES

The average Littlefield citizen is more interested in an abundance of food and its prices than in the ways and means by which it comes to his table. Few realize what a great industry supports this never-ending supply of good food in a way unequalled in any other country.

The food industry is the largest, as well as the oldest, of all businesses. It takes about one-fourth of all the money spent annually by the American people. The annual income is around eighty billion dollars, and of this twenty-one billion dollars are used to supply the dining tables. In addition, food to the value of three billion is "consumed on premises," meaning the farm, which is not cleared through any market.

The significance of this is shown by the fact that the value of all textiles used in this country is about twelve billion dollars yearly; of autos and accessories about six billions; of building construction about eight bil-

Even the Editor Can't Please Everybody — By Albert T. Reid

lions, and of iron and steel about six billions. Compare these with what we spend for food—eighty billion dollars a year—and it is not hard to see wherein we are justified when we protest if the cost of living increases.

Still another thing to be said in favor of the old fashioned sofa is you didn't have to keep your eye on the road.

THE SECRET IS OUT

From every section of the country complaints are being made that "taxes are too high." Taking them as a whole, it would seem that the time has come to curb levying and spending, and that it must be done at the beginning instead of the end.

As we see it, and we feel the average Littlefield taxpayer will agree with us, the start rests with the voter. If he votes special levies and bond issues he votes to put his community more deeply in debt and by so doing to take a larger part of current revenues from debt-paying purposes. Money is easily borrowed but hard to pay back. Over a term of years the interest equals the principal. This means that in many cases the improvement costs twice what it was expected to cost.

It is one of the reasons that explains the fact that while population has increased about 15 percent in the past 15 years, public expenditures have increased four times over and public debt seven times over. There is the secret of taxation burdens in a nutshell. You can't keep taxes down by levying bond issues that are not necessary.

Some fellows believe so strongly in "personal liberty" that they try to drink up all the country's Jamaica ginger.

HOW TO BE SAFE

There's a lot we don't know about automobiles. But in recent years, as the death toll mounts higher and higher, we have reached the conclusion that by far the most important part of an auto is its brakes.

A study of accidents in this territory will, we believe, disclose the fact that a good many of them might have been prevented had the brakes been in as good working order as the balance of the car. And we often wonder why all drivers do not realize this.

There is no excuse for not keeping brakes adjusted and in good condition. It costs nothing if you are mechanically inclined, and it costs but a few cents every month or two if you have to pay someone to do it. But repairs, and doctor's bills, and lost time—all of which are often traced to faulty brakes—quickly run into dollars.

Be safe! Look after the brakes above everything else!

If you have a hard time making ends meet, think of the poor little moth. She's always on the ragged edge.

LITTLE LEADERS

The old-time Littlefield boy who had a head for figures now has a son who has an eye for them.

The trouble with a lot of fellows around Littlefield who boast that they pay as they go is that they are usually slow travelers.

Many a Littlefield man who puts his shoulder to the wheel finds that his wife has her foot on the brakes.

Foresters say the older a tree the less it exudes sap. This does not seem to be true, however, with a Littlefield family tree.

More Littlefield gardens would fare better if their owners felt as much like working them in June and July as they did last February.

Another thing the average Littlefield citizen is thankful for is that his clothes don't wear out as quickly as his patience.

Occasionally we see a Littlefield woman who gives us the impression that the only thing she lost by dieting was her disposition.

No Littlefield man thought 25 years ago that he'd ever be able to step in his own car and go anywhere his wife and children told him to go.

Littlefield men are as smart as any others on earth, but there's never yet been one of them able to blow up a toy balloon as big as his kid wanted it.

We Wish We Could!

We wish we could make you understand how much longer clothes wear, and how much nicer you will look, by having your garments cleaned and pressed REGULARLY. You'll be surprised how much more service you can get out of them. We offer expert knowledge and do the work at prices so unusually low that you can't afford to look shabby.

WE STRIVE FOR A MAN TO MAN RELATIONSHIP THAT WILL PREVENT MISUNDERSTANDINGS, MERIT MORE CONFIDENCE, AND CREATE FRIENDSHIPS.

The American soldiers are accused of introducing potato bugs in France. "If we took potato bugs there," says Tom Matthews, "it would be bad trade."

Mayor Jones declares the Fourth of July celebration was a huge success in the fact that there wasn't any because like the negroes had June thenth.

At least one candidate was "up in the air" last week when Jimmie Brittain grabbed his breath and flew with his old friend, Julian Joplin to Lubbock. Just get the Hon. M. M. to tell you about it.

Mrs. T. P. Wright returned from a visit to her old homeplace in Mississippi last week. She said the water was so dry down there that the bullfrogs swimming in the bayous couldn't open their mouths to croak without getting them full of dust.

26 TEAMS AND 38 MEN WORK NEIGHBORS CROP

The spirit of good will and genuine neighborliness was demonstrated last Monday when 26 men with teams and 12 more men with hoes moved into the farm of W. R. Boyd, of the Friendship community, located a few miles west of Littlefield, and proceeded to cultivate his entire crop and chop the weeds from the cotton fields.

The working bee was occasioned by the serious illness of Mr. Boyd's son who has been in a Lubbock hospital for the past two months, the enforced absence of the parents precluding their taking care of their farm work.

This action is in keeping with the name of that community and the high type of citizenship it enjoys.

A news dispatch says Lithuania is exporting rags to the U. S. So that is where the tail ends we see hanging down from the new skirts come from.

Tourist Camp Manager Robbed of \$126; Bold Bandit Flourished Gun

It is a crude person who will take advantage of the cordiality extended by Tom L. Warren, of the Littlefield tourist camp, but such was the case when he swung open the front door of the service station at 10:30 o'clock Thursday night of last week to give admittance to probably the boldest robber ever entering a place of business in Littlefield.

The man, unmasked, held a 38 Smith & Wesson pistol before Warren stating he needed some money. In turn Warren also stated he needed money. After arguing a few minutes with the bandit, telling him he was not a tough bandit, but that he only had the drop on him, Warren delivered into the hands of the robber \$126.

Another man waited outside with whom the bandit escaped in an automobile.

The description given by Warren of the man was that of being small in stature, weighing near 150 pounds, of medium light complexion, dressed in light grey trousers, wearing a light felt hat and dress shoes. He appeared to be about 25 years of age.

The local police force, together with officers from neighboring towns have been actively working on the case, but as yet the bandit has not been apprehended.

Garrett is Robbed

M. L. Garrett was the victim of theft Monday night, when a burglar entered his residence and took his trousers from a chair beside his bed.

The trousers contained a 15 jewel Elgin watch, \$12.00 in money and some keys, among which was the key to his car. He was obliged to have a key made to fit the lock on his car before he could carry the mail on his rural route Tuesday morning.

GATTIS-FOX

The wedding of Miss Norma Lee Gattis and Clarence Fox, Jr., was solemnized Tuesday afternoon of last week at 3:20 o'clock at the parsonage of the Cumberland Presbyterian church, at Lubbock, Rev. O. N. Baucom, pastor, officiating.

The bride is the eldest daughter of Mr. and Mrs. R. L. Gattis, who reside four miles east of Littlefield. She is a very attractive young lady and has many friends in Littlefield, having been a member of the 1930 graduating class of the Littlefield High school. She took active part in all school activities serving as joke editor on the staff of the Wildcat, the school paper. She was also one of the debaters, representing the school the past two years in that capacity, and was a member of the Good Speakers club of the school.

Mrs. Fox was attractively dressed in a beige ensemble with accessories of blue.

The groom is the son of Mr. and Mrs. Clarence Fox, Sr., of Davidson, Oklahoma. He too, has many friends in Littlefield, having previously attended the Littlefield High school. For the past several months he has been employed in the Jack O' Lantern cafe, at Lubbock.

The couple was accompanied by

Mr. and Mrs. E. B. Wheelock, of Lubbock.

Mr. and Mrs. Fox have located in Lubbock, where they will make their future home.

HARTS AND SPADES

Mr. and Mrs. Brock, of Spade, are the parents of a baby girl. The young lady's name is "Cleo Louise."

Among those who played on the Spade baseball diamond Sunday were Travis and Howard Houck, Truman Jackson and Bert Price.

Earnest Jackson, of near Anton, was seen at the Spade ball game, Sunday.

Our new gin on the Spade will soon be finished. It will save many a mile this fall in hauling off the cotton. A cafeteria will likely be put up this fall for the school children and the farmers who will be there doing ginning season.

Harts camp and Spade were well represented at the fruit and cake supper given at the home of Mr. and Mrs. Dyer Saturday night. Games were enjoyed by the young folks.

Eugene Yeager, of Spade, was operated on Tuesday morning for sinus trouble. Eugene has been ill for almost two weeks. He is expected to return Thursday evening.

Miss Bessie Williams has returned from a visit to Kress. She reported a nice time.

Martha Barbojick, Maxine Yeager, Margaret McGavock, Wayne Jackson, Lester Ragsdale of Spade, and Tony Thomas of Harts Camp, enjoyed a lunch Sunday evening at Mr. Hollands lake, consisting of bread, butter and lettuce sandwiches, fried chicken, pie lemonade and iced tea.

Mr. Tucker has relatives visiting him from Alabama. They are looking for a location on or near the Spade.

Mrs. Ace Robertson and small son Gene, were in Lubbock, Monday.

Mr. and Mrs. Strawn and children, Mr. and Mrs. Touchon and son, Billy, Mrs. Ace Robertson and children, Billy and Gene, Mr. and Mrs. Calvin Patterson and Mr. and Mrs. Darby and children, Katherine and Sonny Boy, visited in the home of Mr. and Mrs. O. D. Yeager, Sunday.

Tony Thomas, Byrt Price, Frank Barber and Lester Ragsdale enjoyed a midnight lunch at the home of Wayne and Truman Jackson, Saturday night. The refreshments of fried chicken and ice cream were reported to have tasted very good, considering the cooks.

Mr. Young, of Spade, preached Young announced that there would

Sunday night to a large crowd. Mr. be a revival held at the Spade Community house in the near future. —Jack of Diamonds.

Large Crowd Attends July Fourth Meet Here

A large crowd was in attendance here Friday and Saturday for the Independence celebration, sponsored by the local American Legion post. The American Legion committee on general arrangements had contracted with a carnival company, part of which arrived, but could not hold concessions due to legal complications and objections filed by certain citizens near the carnival grounds, yet despite this fact the remaining events furnished wholesome entertainment to the visitors.

The initial events of the first day were made more pleasant by the music furnished by the local band which added zest to the occasion. Various games and contests were the features of the affair. Baseball games drew large crowds in the afternoon on both days.

Cash and merchandise were donated by practically every merchant of Littlefield for awards to the winners in the various events.

Norris Does and Jim Etter won the turtle race on respective days with their fast terrapins, Jim's especially showing lots of speed.

L. B. Titus and W. V. Clark won the slow Ford race on respective days to take off that event.

W. V. Clark hauled 50 people on his Ford to win the prize for the greatest number of people on one car.

J. D. Duncan, of Stephenville won the prize for being the oldest man coming the greatest distance. Others registered in that prize were W. J. Teaff, age 88 years, of Haskell county; George Barnes, age 87, of Sudan, J. W. Bennett, age 83, of Amherst; H. Morris age 78, of Throckmorton, and Charles Perryman age 66, of Rule.

In the track events Leon Stansell won the watch offered as prize for the Junior 50 yd. dash.

Kenneth R. Hemphill, Texas Tech., athlete led the entries in the 100 yd. which included the fast Tharp of McMurry College fame, to the tape to win that event in 10 flat, which was fair time considering the running conditions. Phoebe Chambers and Louisa Hetzman won first and second in the girls 50 yard dash.

Eagan and Keithley teamed together to win the three-legged race and first prize in that event. Hemphill then came back to win the 220 yard dash finishing ahead of Tharp who led the entries most of the way. Thornton of Littlefield showed considerable speed in the 100 yard and 220 yard dashes. The time on the 220 was 23 seconds.

A water fight staged on the street furnished much amusement Saturday afternoon.

The Littlefield Cats took the big end of the baseball games with Olton and Sudon on Friday and Saturday.

The closing event of the celebration was the candidate speaking which was held in the street between the two banks, Saturday evening. James O. Cade, Amarillo attorney, who is a candidate for Congressman, opposing Marvin Jones, was the only visiting speaker. However, practically every

county candidate spoke relative to their respective candidacy.

Slimming Days Have Dangers A cornfed is more apt to lose her temper, hope and her husband's love than weight while on a reducing diet. —Cincinnati Enquirer

When A CLEANSING MEDICINE is Needed I HAVE taken Black-Draught all my life, whenever in need of a medicine for constipation, says Mrs. G. C. Burns, of Buna, Texas. "My mother and father used it in their home for years, and I was raised to think of it as the first thing if I had a headache or was constipated. "At one time I had indigestion real bad. I was all out of sorts; my skin was sallow, and I had gas pains. After a course of Black-Draught, I got all right. I have given Black-Draught to my children, whenever they needed a medicine of the kind." Insist on Theford's Black-Draught WOMEN who need a tonic should take Cardul. In use over 50 years. e. 10

Mrs. C. A. West was called to Gainesville Wednesday of last week on account of the death of her mother Mrs. W. C. McKay, returning home Sunday.

Misses Vertie Lee Mitchell and

TO MY MANY PATIENTS AND FRIENDS:

I wish to state that during my absence I have placed DR. LOURANE JERRELL in my office to care for my practice. I feel she is very competent in this capacity otherwise I would not have employed her. She is acquainted with each method and principle of my office and I will appreciate your cooperation during my absence.

DR. M. V. COBB, Chiropractor Theatre Bldg. Phone 124 I might also state to those who wish a lady Doctor I recommend her most highly.

Katie Ratliff, accompanied by L. C. Strawn and Dick Watson visited Mr. and Mrs. Clarence Fox, in Lubbock, Sunday.

Kenneth Burrows, of Plainview, has accepted a position here as pharmacist for the Stokes-Alexander drug store.

Mrs. R. A. Hanna had as her guests Friday, Mr. and Mrs. Phillip Frazee and Mrs. Willie Pruitt, of Portales, N. M.

Mrs. D. G. Hobbs and daughter, Miss Irene, left Monday for a trip to points in Oklahoma, where they will visit relatives.

Miss Virginia Teal, who has been visiting in the home of her brother, Mr. and Mrs. H. R. Teal, left Sunday for her home at Enochs.

Mr. and Mrs. J. C. Whicker, having recently sold the Littlefield hotel, are now established in an apartment in the First State bank building.

Mrs. R. L. Gattis and daughter, Bernice, accompanied by Miss Katie Ratliff, visited Mr. and Mrs. Clarence Fox Jr., in Lubbock, Monday.

Mr. and Mrs. Beeman Phillips and Mr. and Mrs. Chester Pate made a trip to Lubbock, Monday evening, where they attended a show.

Mrs. Clifton Davis and children, who have been visiting her father, L. A. Ratliff, returned to their home at Winters, Saturday.

Mrs. J. C. Whicker, who made an extended visit in the home of her daughter, Mr. and Mrs. R. S. Thomas at Reading, Pennsylvania, returned to her home here Friday.

Mrs. J. H. Ware has as her guests this week her parents and brother, respectively, Mr. and Mrs. A. J. Abernathy and Randall Abernathy, of Hollis, Oklahoma.

Mr. and Mrs. Lew Carter, of Ralls, spent the weekend in the home of her parents, Mr. and Mrs. J. M. McFarland, who reside four miles northeast of Littlefield.

Mrs. W. P. McKee, and little son, W. P. Jr., who have been visiting in the home of her mother, Mrs. Jennie C. Parker, left Saturday for their home in Ralls.

Mr. and Mrs. David Mitchell, who have been visiting in Snyder, returned to their home here Sunday. Enroute home they stopped in Lubbock where they visited Mr. and Mrs. Clarence Fox.

Mr. and Mrs. J. E. Whicker and little daughter, Jane, and J. C. Whicker made a trip to Amarillo Friday to meet Mrs. J. C. Whicker, who was returning from a trip to Reading, Pennsylvania.

Miss Gladys Hall, who is a student in the Tech. college, and Miss Norma Smith, of Slaton, who is also a student in the Tech. college, at Lubbock, spent the weekend here in the home of Mr. and Mrs. Homer Hall.

J. C. Chambliss who, for the past year has been employed by the Cicero Smith Lumber Co., here, has been transferred as bookkeeper of their yard at Lovington, New Mexico, moving his family there this week.

Mrs. W. Matthews and Mrs. Eugene Parker made a trip to Amarillo, Tuesday, bringing back with them Mrs. J. V. Grove's small daughter to spend a few days visit here. Mrs. Groves is a daughter of Mrs. Matthews.

T. S. Sales returned Friday from a brief trip to McGregor. He was accompanied upon his return by Misses Margie Gardner and Lila B. Haley, who will spend several weeks here visiting in the home of Mr. and Mrs. Sales.

Mrs. J. T. Gwin, accompanied by her daughter, Mrs. Paul Jensen, were in Littlefield Saturday, shopping. Mr. and Mrs. Paul Jensen are making preparations to leave in the near future for Denmark, where they will visit his parents, and other points in Europe.

The following party went to Muleshoe Monday to take Miss Katherine Hobbs, who has been visiting her cousin, Miss Irene Hobbs and who was returning to her home at that place: Misses Irene Hobbs, Maurine Harvey, Mary Ruth Newgent, Olga Reed Henson, Mary Nell Keithley, Grace Alice Rook and Mrs. J. H. Cain.

Scout Master, H. B. Teal, made a trip to Post, Tuesday to take Carson and Emory Glass, who have enrolled for the second camp of the Boy Scout encampment being held at Post camp. He was accompanied upon his return by Marshall Burelson, Cecil Hall and Linton Smith, who attended the first

camp. They report a very pleasant outing.

A report has been received here by relatives that Miss Lou Burke, daughter of Mr. and Mrs. H. P. Burke, who reside 14 miles east of Littlefield and who formerly was a student in the Littlefield High school, had happened to financial fortune. For the past few years she has been employed in the office of an oil company in Oklahoma City, and upon being advised by her employer to invest in a 16th interest in some oil development in that vicinity has profited much in so doing as a gusher was produced on the holdings and several other wells are being put down.

The following party enjoyed a picnic at the Lubbock park Friday evening: Mr. and Mrs. J. H. Cain, Mr. and Mrs. C. L. Harless and son, C. L. Jr., Mr. and Mrs. T. A. Henson and daughter, Miss Olga Reed and son, T. A. Jr., Mr. and Mrs. J. A. Egan and daughter, Miss Fleta, Mesdames H. B. Teal and D. G. Hobbs, Misses Grace Alice Rook, Onita Lowe, Mary Ruth Newgent, Jewel Glover, Mary Nell Keithley, Irene Hobbs, Katherine Hobbs, of Muleshoe, Virginia Teal, of Enochs, Messrs Eddie Kenyon, Wilson Lambert, Hubert Rook, Anderson and Harry Teeters.

LITTLEFIELD 4-H CLUB MEETS

Wednesday, July 2, the Littlefield 4-H club met in the basement of the First Baptist church.

At this meeting there were ten members and one visitor present. The members were as follows: Margaret Womack, Virgil Denton, Katie Lena Carril, Mae Dow, Maedean Kimmel, Agnes Smith, Margaret Friday, Urline Poust, Mary Edith Robinson, and Juda Ranne, also the local leader, Miss Robinson. The visitor was Mrs. Dow.

During the meeting discussion was made of sending the girl who has done the best work and proven to be the best club member to a short course at College Station, also dis-

ussion was made of the girls project. After the meeting Margaret Womack was elected as new yell leader.

All members are urged to come to meeting which will all be in the basement of the First Baptist church until school begins. Next meeting will be at 2:30 o'clock, July 16, members are requested to bring fruit as refreshments, also bring forty-five cent order linen for dresser scarfs for gift to fix as one project.

Bill Der Says

You don't have to eat Hot Dogs to curtail expenses

STOP LOOKING

And come here. For good lumber, whether you want just a little or a lot.

For reliable cement. For durable and beautiful paints. For millwork. For brick and tile.

For anything in building supplies you need.

Stop looking, and come here. You'll find satisfaction at the right price.

—OWN—
YOUR HOME

THE OPPORTUNITY OFFERED BY
THE YELLOW HOUSE LAND CO.

—for you to own a 100% Farm or a good Combination Tract, will not last long. Better make your selection while these lands can be had at reasonable prices and on liberal terms.

\$15.00 to \$25.00 per acre, for combination Farm and Dairy Tracts
\$30.00 to \$35.00 per acre for 100 per cent Agricultural Lands.
One Fifth Cash, Balance attractive terms—6 per cent Interest.

Many farmers in this and other sections intend to own a Yellow House farm some day. You want to own a YELLOW HOUSE farm because—

They are located in the cream of the South Plains Country and are surrounded by wonderful development
Pioneering days are past. Land values are already established.
You couldn't ask for better school advantages.
Many miles of graded roads. Convenient to markets.
You can afford to pay present prices.

BUT LISTEN!

While you are waiting, other good farmers, lots of them, are coming to Littlefield and purchasing these lands. Already we have sold over TWELVE HUNDRED farms. When our land is all disposed of, which will not be long now, you will then have to buy from the people who bought from us, and the bargaining will not be easy.

BEAR THIS IN MIND

That what you INTEND TO DO, don't get you a home. Back your judgment! Buy now, and feel the independence, and enjoy the satisfaction of being a home owner.

Write us, or better still, come in and let's talk it over.
