

DEEP TEST TO BE DRILLED NORTHWEST OF SUDAN

Work is in progress on a road into the site of a deep well seven miles northwest of Sudan. This wildcat, to be eleven thousand ft. deep, will be the deepest test ever to be drilled in that area. Crews started work Wednesday on the derrick. The project is under the direction of George P. Livmore, Lubbock contractor, who is sinking the wildcat for the Honolulu Oil company. Observers note that while 5,000 foot tests are not common, a test of 11,000 feet is unusual.

Area Receives Light Moisture

Scattered showers over the south Tuesday night brought some relief to the dry hot weather, with only 9-100ths of an inch of moisture was recorded here by the gauge at the West Texas Cotton Oil company. The high temperature of the week was recorded Monday at 4 o'clock, when the thermometer at the Texas Gas Company recorded 98.

Other temperatures for the week: Thursday low 69 and high 99; Friday, low 73 and high 100; Saturday, low 77 and high 99; Sunday, low 68, high 101; Monday, low 67 and high 103; Tuesday, low 67 and high 96; and Wednesday, low 67 and high 98.

New Grain Elevator Being Built Here

Construction is underway on a grain storage elevator located on the west side of the city on Highway 84 on leased Santa Fe land.

Phelps Walker, well-known grain man is the owner of the building and the property has been leased by Farmers Grain Co., which will offer storage to the general public on government loan grain.

The new elevator is of sheet iron and wood construction, and will accommodate in excess of 100,000 bushels.

Grain will be received in two weeks, but the project will not be completed until about September 20.

Students Will Register Aug. 25

High school students will register for the fall term Monday morning, August 25 and 26, according to an announcement by Joe Hutchinson, superintendent of schools. All students wishing to register on August 27. Books will be distributed and lockers assigned August 27.

Hutchinson emphasized that high school students who did not register last year will register August 27.

Students in the central school building, in grades 4 to 8 will register and get their books Monday, August 1.

Primary students, in grades 1 to 3 will enroll Monday September 1. Children entering school for the first time must present a birth certificate, either an original or a photocopy.

School buildings are being repaired and redecorated to get them in readiness for the opening school. The school buses are being overhauled and readied for school opening.

Commissioners Court met Monday.

Business was cleaned up, according to Judge Otha Dent. Dent also reported that approximately half of the hard-surface project on county roads has been completed.

Homes Demand Far Exceeds Present Housing Supply

Hope Solution May Be Gained Through Pooling of Ideas

A special meeting to arouse interest in developing and building property to take care of the influx of newcomers to Littlefield will be held at the Court House Thursday.

Under the direction of Mayor A. C. Chesher, the 8 p. m. meeting will attempt to review the drastic housing shortage here and suggest ways and means of overcoming it.

During the past few weeks, a large number of families have been attempting to make Littlefield their home, but have been balked in their effort by the acute shortage of available housing.

It is hoped that by meeting and discussing the problem, Littlefield can do something about housing.

Everyone who has any suggestions to offer is urged to attend the meeting.

Firemen Capture 2 In Double Header

The hard-hitting VFW team snapped back after a momentary period of defeat to take Bridges 15-12 in the opening joust Monday night.

League newcomer, Piggly Wiggly, went down before the League-leading high school boys in the last half of the evening. Final score was High School boys in the last half of the evening. Final score was High School 20; Piggly Wiggly, 5.

Tuesday night Morrow showed the Firemen into the back seat with a tally of 15-3. In the second game the Legion chalked up 19 to the Jaycees 12.

In a four-alarm doubleheader last Friday night the Firemen cleaned up both their opponents in the kind of fast moving softball that sends fans home with their throats sore from yelling. The Firemen mowed down Morrow 11-5 in the first game; in the nighttime they beat Piggly Wiggly 16-15.

In Thursday night's games Morrow beat the Legion 16-4 with Jaycees topping Bridges 11-10.

Barbecue Gathering Welcomes C. of C. Secretary

Jim Roberts Feels Much at Home After Only 10 Days Here

A barbecue was held Tuesday night in connection with an informal reception for James G. Roberts, newly appointed secretary-manager of the Littlefield Chamber of Commerce. An estimated 150 Littlefielders and area visitors attended the outdoor gathering.

In an address following a handsome feast of barbecued chicken and ice cold watermelon, Jack Christian, president of the local Chamber of Commerce, commended the enthusiasm of Littlefielders in their zealous efforts to make their town a better place in which to live—and their eagerness to get to know each other better.

One of the main reasons for the barbecue was to enable everyone to get together and talk and air any suggestions concerning the improvement of Littlefield.

After his introduction by Jack Christian, Mr. Roberts said: "I have been in Littlefield only ten days and it seems incredible that both my wife and I already feel as if we had lived in Littlefield for years. This friendly attitude of the people here is a tribute to the town and I consider it a significant factor in the future development of Littlefield and Lamb county. I hope that in time I will get to know each of you well—and I would like to conclude by saying, the sooner the better!"

Short, impromptu speeches by Jack Christian, Nelson Naylor, Bob Kirk, Arthur P. Duggan, Jr. and Mancill Hall heightened the feeling of good fellowship that made the barbecue a success.

Mr. Christian complimented the barbecue committee for their fine work. He pointed out that everyone who had been asked to help with the program eagerly accepted the responsibility and

Miss Helen Heathman Complimented at Trousseau Coffee Thursday

A trousseau coffee was given by Mrs. E. B. Luce and Mrs. Ralph Nelson Thursday morning from 9:30 until 11 o'clock at the home of Mr. and Mrs. Luce on Hall Avenue, complimenting Miss Helen Heathman, bride-elect of Allan H. White, Jr.

Rainbow pastels, the colors chosen by Miss Heathman, were featured throughout the party.

Baskets of White Gladioli added to the attractive entertaining rooms.

In the receiving line were; Mrs. Luce, Mrs. W. E. Heathman, mother of the bride-elect, Miss Heathman, Mrs. Allen H. White, mother of the groom to be and her mother, Mrs. Sid Morris, both of Amherst.

Presiding at the bride's book to register the guests was Mrs. Roy Allen Hutson.

The coffee table was laid with pink organdie cloth, and aqua blue napkins bearing the names "Helen and Allan" were used. Pink roses in a crystal bowl on a reflector formed the centerpiece, while pastel hearts at each end of the table completed the very attractive table appointments.

Mrs. Lester LaGrange and Mrs. E. J. Packwood played soft music throughout the enjoyable affair.

Mrs. Charles Heathman poured the coffee; Mrs. M. O. Dunnagin and Mrs. Ralph Nelson assisted in the serving, and Mrs. Kenton King displayed the gifts.

Miss Heathman wore a corsage of pink gladioli, a gift of the hostesses; and other members of the house party wore heart-shaped corsages of pastel shades, bearing the names of "Helen and Allan, August 29".

Besides the members of the house party, those attending were; Mesdames M. M. Brittain, Roy A. Hutson, Jack Walker, Acree Barton, Lee Hemphill, A. H. Lollis, T. L. Matthews, W. G. Street, T. A. The couple will live in Lubbock.

Mrs. Bill Jeffries, and daughter Sharon and Phyllis, accompanied Miss Vesta Weaver, returned from a trip to Fort Worth, where they visited in the home of Mrs. G. A. Blevins. Mrs. Blevins is a sister of Mrs. Jeffries and Weaver.

We've learned a lot in 23 years

- and we're still learning

Yes, we've learned a lot in 23 years, and we're still learning.

We're learning that folks in the Panhandle Plains Pecos Valley area need good electric service... and lots of it. We feel that we've learned how to provide that service efficiently and courteously.

Now we're carrying our knowledge even farther with a \$35,000,000 expansion program that will make even better electric service available to more homes, more farms, and more industries.

BULL LAKE PHILOSOPHER CLAIMS THE U. S. GOVERNMENT BACKS HIM UP IN HIS PHILOSOPHY OF WORK

Editors note: The Philosopher on his Johnson grass farm on Bull Lake apparently is twisting the facts to suit his purpose, as his letter this week reveals. It's not the first time.

Every now and then I have been referred to as lazy, not only by my wife but by folks in town who ain't sharp enough to distinguish between brain work and physical work and think if a man ain't bent over a plow goin' up one row and down another he's bound to be loafin', and consequently I am pleased to report what the United States government has found out after years study, which I already know and could have saved States government money on if they'd asked me in the first place, not that savin' money is any governmental goal

But accordin' to a article I read in a copy of the Lubock Avalanch-Journal which I found out here on Bull Lake after somebody left it on a gravel bar where they'd used it to stand on while they was dryin' after goin' swimmin', the Bureau of Labor Statistics in Washington has made a long study of how much work

people turn out and has discovered a man can produce more work per hour in 40 hours in a week than in 48 hours or 58.

Now I ain't sayin' everybody ought to start workin' only 40 hours a week, and it personally don't make any difference to me how much anybody else works, but I am happy to be able to report that me and the experts is seein' eye to eye on this matter and as far as I'm concerned there ain't no use stoppin' at only 40 hours. Reduce it to 30 hours, or 20, or 10, or take off altogether, which is what I do frequently.

As I see it, it ain't how many hours you put in, it's what you turn out or wind up with, and frankly I been cured ever since 1921 when I worked for the entire year and wound up ownin' the bank twice as much as my crops sold for. Ever since then I have devoted more time to thinkin' and less to plowin' and while it may be true I ain't got nothin' in the bank, the bank ain't got nothin' in me, neither. If you're gonna wind up at the end of the year broke anyhow, my theory is why not do it comfortably and in the shade?

However, understand I ain't advocatin' this plan for everybody. Just you and me and the legislature and a few others.

Yours faithfully, J. A.

Predict Cotton Crop to Double That of 1946

Texas 1947 cotton crop will be almost double the 1946 crop if today's expectations of federal agricultural statistics are realized.

Forecast of the new Texas cotton crop, predicted 3,200,000 bales compared with 1,669,000 last year. The computation is in 500-pound bales.

Such a crop of King Cotton would be six per cent above the average Texas cotton production over 10 years ended in 1945.

The big crop will also be remarkable in having the highest lint yield per acre in the state since 1937. Reports to the agricultural bureau were said to indicate a yield of 188 pounds to the acre which compares with 134 pounds last year and a 10-year average of 168 pounds.

Acreage is 36 per cent above last year's and the highest for any year since 1940.

Despite this record, the 1947 cotton acreage in the state still is less than half as large as that harvested in the peak years from 1920 to 1930, statistics said.

A large portion of this year's increase over last year is in the north-west high plains. Growers there, who have been handicapped by extended spring droughts in two earlier years, took advantage of favorable moisture conditions last spring to seed what may be their largest crop on record.

Although the cotton crop in this area is still subject to hazards, growing conditions reported on Aug. 1 were unusually favorable.

In most areas of Texas above normal rainfall in June and July induced rapid development of the plants and kept insect infestation to minimum levels.

FINAL OUTCOME IN JIM THOMAS CASE NOW SUBJECT OF MUCH CONJECTURE

led by the Leader for a comment on the Jim Thomas case. District Attorney Harold ... had no official comment. He said he knew nothing of a proposed fourth trial on the ex-convict who has been ... times convicted in connection with the slaying of Dr. and Roy Hunt. All convictions have been reversed by higher courts.

Thomas, 51-year-old ex-convict, may go free unless the state produce new evidence sufficient to grant a new trial in the four-year-old murder case.

Thomas was assessed life imprisonment last October for the alleged slaying of Dr. and Mrs. Roy E. Hunt.

June 26, the criminal appeals court reversed the trial court decision on the grounds of "evidence insufficient to sustain a conviction", and remanded the case back to the trial court in Sweetwater. Within 30 days, Thomas was released

on bond from the county jail at Sweetwater.

Dr. and Mrs. Roy Hunt were found dead in their bedroom on the morning of October 26, 1943.

The defense counsel wants Thomas to go to trial as soon as possible. Temple Dickson of Sweetwater, key defense attorney, said he is trying to get the case called for the September term of court in Sweetwater which is scheduled for the middle of that month.

The state wishes to try Thomas again, but is not in that big a hurry.

If the case is set for trial again, District Judge A. S. Manzey of Sweetwater, in whose court Thomas was convicted of murder for the third time last October, said he isn't sure he will hear it in his court. He may change the venue to Brownwood, where he believes there has been less publicity and less public opinion concerning the South Plains' most talked about murder in years.

Last Rites Held For Mrs. Farmer

Mrs. Lucinda Elizabeth Farmer, 80, passed away at a local hospital about 7:45 o'clock Thursday night as a result of paralysis and heart ailment.

Mrs. Farmer had been in ill health for several years. She was admitted to the hospital the day previous to her death.

Funeral services were conducted in the chapel at the Hammons Funeral Home Friday afternoon at 2 o'clock, with Rev. S. M. Dunnam, Pastor of the First Methodist Church, Littlefield, conducting the service. Deceased's husband passed away in June, 1946.

Mrs. Farmer is survived by two children, Mrs. E. E. Kincaid of Littlefield, and Mrs. C. L. Pritchard of Albany, Oregon, eight grandchildren and 12 great-grandchildren. Previous to her marriage she was Lucinda Elizabeth Stephens, and was born May 24, 1867, in Cirey County, Ark. She was married to Lee Polk Farmer December 25, 1893, in Hunt County, Texas.

She joined the Methodist Church when a young girl, and was a member of the First Methodist Church, Littlefield, at the time of her death.

Mrs. Farmer has been a resident of Littlefield for the past 25 years.

Houk Brothers Install New Meat Case, Latest Most Modern Type

As an added convenience for their patrons, Houk Bros.—Mutt and Eddie—have installed a new Viking meat case. This case is the latest, most modern available and is manufactured by the Viking company, which has specialized in the manufacture of such cases for 45 years.

The new case is rustproof, finished in porcelain and rubber. Triple-ply glass protects the meat and allows the customers to inspect it. The doors are roller-type and respond to the touch of a finger tip. The case is cooled with a blower coil; this type of cooler creates enough moisturized air to keep meat from dehydrating; an even temperature can be maintained within the case at all times.

Mutt and Eddie Houk invite all their friends and customers to come out and inspect their new meat case, which assures their customers top quality meats at all times.

County Court To Meet Monday September 1

HAS MISHAP WHILE BATHING

Mrs. Phil Adkins, who left here about six weeks ago for Long Beach, Cal., in response to a message that her brother, J. D. Wynn had been electrocuted, has had a stroke of bad luck ever since leaving here. After attending the funeral of her brother, she was visiting relatives in Arizona, and in swimming, when she fell off an inner tube and pulled a rib loose. She is now recuperating at the home of her parents at Long Beach.

Also little Joy Ann Horton, grand-daughter of Mrs. Adkins, took sick. As soon as Mrs. Adkins and Joy Ann are able to travel they will be home, according to Mr. Adkins.

Local Woodmen Win High Honors

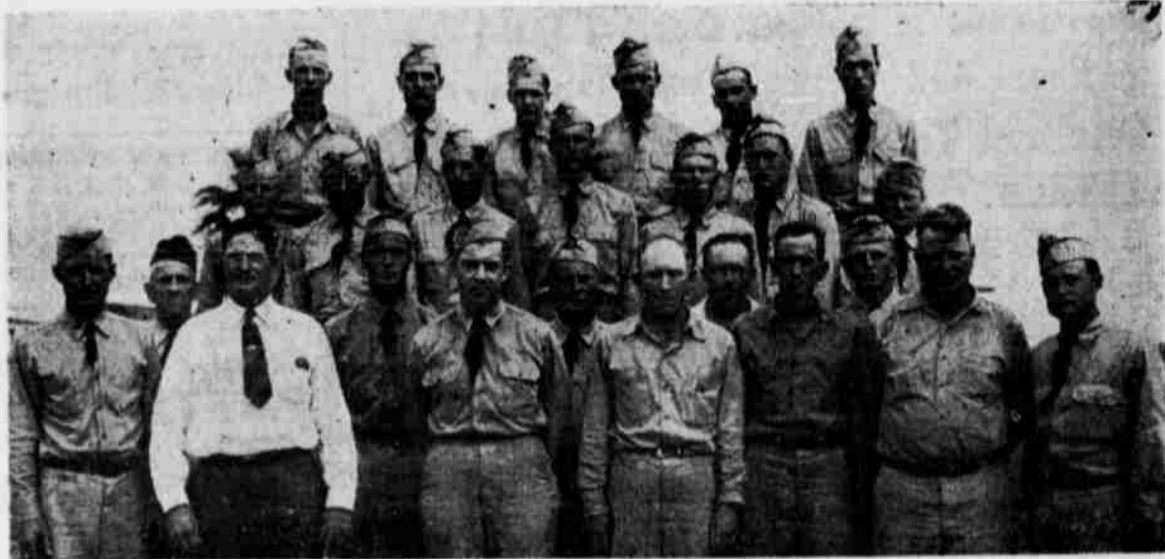

Littlefield Woodmen of the World earned the honor to compete in the national encampment next year when they carried off the Gold Trophy award in the floor work contest at the state encampment, which was held at Palacios.

In addition, the local Woodmen earned two other trophies and a ribbon.

In the picture John Sisson, the degree team captain, is shown receiving the awards from W. C. Braden, extreme right, national secretary.

In the picture are, left to right: Noble T. Lee, Dallas, state manager for northeast Texas; Dan Morgan, Dallas, district manager; two unidentified men; Mr. Sisson, Blue Howell, Omaha, (with back to camera) head of the uniformed ranks, and Mr. Braden.

Above is the degree team of the local W.O.W. Lodge, who won three gold trophies and a ribbon at the state encampment at Palacios, Texas, last week. Local W. O. W. Degree Team Wins Three Gold Trophies

The W.O.W. degree team from Littlefield was awarded the gold trophy in the floor work contest at the State encampment at Palacios last week, after competing with companies from Fort Worth and Beaumont.

They were also awarded a gold trophy as first prize in the softball tournament, and a third gold trophy when they placed first in the volleyball tournament. They placed second in the fancy drill contest, and were awarded a ribbon.

Company D. 78th Regiment, Beaumont, commanded by Lieut. Harry Bullion; Company H, 34th Regiment, Fort Worth, Capt. Robert H. Pharris, and Company L, 112th Regt. Littlefield, Capt. John H. Sessions, with the camp officers of their Woodmen camps at their posts, presented the ritualistic initiation ceremonies. The tabernacle building at this Texas Baptist campsite was used for the floor work competition Wednesday and Thursday nights, August 6 and 7. Judges were Lt. Col. Frank DeHay, Waxahachie, Maj. R. E. Vance, Houston, and Major M. E. Luper, Austin.

The gold trophies for field drill floor work and other company and individual military awards were presented at the final retreat formation Friday last, by General W. C. Braden, commanding general of the Uniform rank and national secretary of the Woodman Society.

Charges Filed in Connection with Death of Wilkinson

A charge of murder was filed Saturday morning against De Lois Goodwin, 36 year old woman, who gave her address as San Antonio, in connection with the death of Charles A. Wilkinson, 50, of Eunice, N. M., formerly of Sudan.

Wilkinson died about 5:45 p. m. Friday in West Texas hospital of injuries received when an automobile struck a telephone post in North Lubbock about 10 a. m. Friday. Wilkinson was standing on the running board of the machine at the time of the impact, and was thrown some distance witnesses said. The complaint alleges that the woman was driving the car, and was intoxicated at the time.

Police had sought the car and driver during the day, but did not locate her until after Wilkinson had died. The woman and a 46 year old Eunice, N. M. man were arrested by Capt. Gilbert Newton at the hospital, where they said they had gone to make inquiry of Wilkinson.

Leroy Boling, Jr., Lubbock City detective, swore to the complaint before Assistant District Attorney E. G. Pharr, who filed the complaint in Court of C. E. Lynn, justice of the peace.

The woman was held in Lubbock Co. jail. Several other persons were questioned by District Attorney Lloyd Croslin, Pharr and Police in connection with the investigation.

Hammons Funeral Home were called to Lubbock, and brought the remains overland to Littlefield late Friday.

Funeral services for Wilkinson were conducted Monday afternoon at 2:30 o'clock at the Church of Christ, Sudan, with Bro. J. A. Bristow, officiating. Burial took place in Sudan Cemetery.

Survivors include a son, K. B. Wilkinson of San Diego, Calif.; a daughter, Mrs. Jack Miller of Eunice; his mother, Mrs. A. G. Wilkin-

To Conduct Revival at Littlefield Drive Church of Christ Opening Friday

A revival meeting will open at Littlefield Drive Church of Christ Friday evening, with morning service at 10:30 o'clock and evening service 8:00 o'clock.

W. P. Dennis of Tipton, Okla., do the preaching.

Sunday morning service will be at 11 a. m. and Sunday evening service 8 o'clock.

Sunday school time of opening Sunday morning was inadvertently stated in last week's Leader as being at 8 a. m., instead of 10:30. The Leader is glad to make this correction.

The public are cordially invited to these services.

Family Reunion In Stowers Home

A family reunion was held at the home of Mr. and Mrs. W. F. Stowers Sunday, August 3rd. Mr. Stowers also celebrated his 84th birthday.

Seventy-two children, grandchildren and great-grandchildren enjoyed a great time of fellowship together a nice chicken and steak dinner with all the trimmings.

Ten gallons of ice cream served in ice cream cones was the afternoon treat for all.

The aged parents have 13 living children; four were not privileged to attend the reunion while the nine others were present. Relatives from Georgia arrived that night. A son from California and his family arrived a few days later.

Mrs. J. E. Chisholm To Establish Dress Shop Here

A new business for Littlefield will be a dress shop, which will be established in the very near future by Mrs. J. E. Chisholm in the front of the Chisholm building, which has been occupied by Chisholm & Nail Studio.

The Chisholm & Nail studio has been moved to the middle of the building.

Mrs. Chisholm accompanied by her son, J. E., Jr., will go to market at Dallas and Denton, etc., next week, to buy merchandise for her shop.

No. 1 Gipson Down To 6,286 Feet

Sunray Oil Corporation No. 1 Gipson, south-central Lamb County prospector, located about five miles south of Littlefield, and 660 feet from south and west lines of league 685, State Capital Land survey, was reported Monday drilling ahead below 6,286 feet, dry, lower Permian lime. It is to go to 6,500 feet.

Charles Signor Returns Here From Houston

Charles Signor, who left the Littlefield office of the West Texas Cotton Oil Co. to become connected with the Houston office of concern, has returned to Littlefield as seed buyer.

He, and his family, are being welcomed back to Littlefield by a host of friends.

LAY NEW WATER LINES

Work was underway Wednesday in the laying of new water lines South Twelfth Avenue at the corner of LFD Drive in front of Crystal Ice Company property. R. Durham, in charge, stated this work was being done preparatory to the street, as the old water lines were started out.

10-DAY REVIVAL

At the Fieldton CHURCH of CHRIST

Starting Monday, August 18

With Brother D. C. Lawrence

of Dimmitt, Preaching

T. M. Moore, Song Leader

EVERYONE IS CORDIALLY INVITED

Revival Meeting
Starts August 17

The Church of the Nazarene will have a two-week revival meeting, starting August 17 and continuing through August 31.

Services will begin each evening at 7:45 under the direction of evangelist Sam King of Hamlin, and Rev. George Eppler of Church of the Nazarene.

Rev. Jean Ferguson of Quanah, will be at the piano during services. Song leader for the

meetings will be Mrs. Ray Denny of Littlefield.

The public is cordially invited to attend these revival services and everyone is assured a hearty welcome as well as a comforting and inspiring message.

FORMBY RETURNING TO PLAINVIEW

Marshall Formby, who at present is touring Canada, writes friends from Ottawa, Canada, to the effect that he hoped to return to Plainview about August 15, and that he was taking over the Tribune Sept. 1.

Mr. and Mrs. Floyd Coffman spent Sunday in Goree, Texas.

PIONEER VISITS EARTH

Mr. and Mrs. Claude Thomas and daughter LaVerne, of Hannibal, Mo., have been visiting old friends in the Earth community the past few days. Mr. Thomas' parents were one of the pioneer families of that area, having settled in 1907, leaving for Missouri five years later. It was his first visit to Earth since then and of course the changes are so great that he could hardly get his bearings.

Flagg Ranch, where he used to work, was very different. His young friends all have gray hairs, and graded roads have replaced the old wagon trails, but he enjoyed the visit very much in spite of all that. They also were in attendance at the reunion at Plainview.

AIRPORT NEWS
By MRS. TEX CROW

Things are sure picking up at the airport the se days Bogvus of Spade soloed several days ago. Delbert Mouser, J. D. Rountree and W. G. Rountree, all of Spade, are new students flying under the G. I. bill, as is J. W. Coleman of Sudan. Kelton Doty, of Sudan is also a new student.

Congratulations to E. P. Stubblefield, Bill Fisher, and Dean Herring, all of whom recently flew to Plainview and passed tests for private pilot's licenses.

The shop has recently turned out several Stearman crop dusters and with the dusting season getting underway they are covering the country, combatting flea hoppers and such. Crow & Son have completed two dusters for themselves, one for Russell's Aerial Agricultural Enterprises, Roundup, Sudan Dusting Co. Sudan, so flea hoppers had best beware.

Quite a crowd gathered Thursday afternoon to watch Tex Crow test hop his 1935 model C-3 Aeronca. It performed very nicely too. Wears its age well.

New additions to the crew at the airport are Collie H Edgar in the shop and D. J. Stafford to service the airplanes.

Neil Rhodes of Dumas flew his Stearman in last week, and plans to spend a while in our fair city.

You've probably noticed the new Navion flying over town recently. It has been tied down at Duggan Field off and on for the past several days.

Report Good Progress On Paving Project

Good progress is reported on the paving project underway here. All the curbing has been laid on East Twelfth Street, and workmen are putting down the caliche, after which curbing will be run on East 13th Street.

According to Mayor A. C. Chesher the reason for starting out in the Duggan Addition was that in rainy weather these streets would be very hard to get through, and they are rushing to get them completed before bad weather should set in.

This paving work will be carried out in sections to avoid higher cost.

New Harley Sadler Show Here August 25

Littlefieldans will have a chance to see Harley Sadler's new show, which will be here August 25th through the 27th.

This is Sadler's first tour in several years; many local show fans are familiar with his repertoire of entertainment which varies from tragic melodrama to rustic comedy.

Sadler himself used to portray a stupid, red-headed youth named Toby, who always made a hit with the audiences; he has the self-contained hardihood and unerring sense of timing of the slapstick comedian.

The Harley Sadler show will be located on the lot at the intersection of Highways 51 and 54.

Interesting News Told In Pictures

Air Corps Vet Seeks Place to Live Here

Probably the only people who have realized anything of value out of the housing shortage are radio comedians who, with their characteristic quickness of wit, have made hundreds of gags on the dire situation. They were funny once, but in the face of no-place-to-live the gags are un-funny.

Among the newcomers to Littlefield who have no apartment is Collie H. Edgar, an airplane mechanic for Tex Crow at the local airport.

Mr. Edgar is a veteran of five years in the Army Air Force, married, and has a little girl. And no apartment. He has a not unreasonable desire to rent a place to live, but so far he has drawn blanks.

Mr. Edgar claims that with his apartment-hunting training he could find a needle in a haystack in nothing flat. He has worn out five pairs of shoes in his vain search and is now on his cowboy boots; he hopes he will find something before they wear out.

Anyone who knows of a nice four or five room furnished apartment with electric refrigerator a, landlord anxious to take children, and all utilities furnished is asked to contact Mr. Edgar through the Leader office. Of course, he doesn't really believe he will find a place such as we have so glibly described, but it doesn't hurt to hope.

And to Mr. Edgar the housing shortage is not amusing.

ON PLANE TRIP

Mr. and Mrs. W. J. Sparks, Jr., of Victoria, made a trip to Littlefield by plane recently, and visited in the home of Mr. and Mrs. Harry Kline who accompanied them to San Antonio and Victoria by plane. They brought the Littlefield couple back Tuesday of last week.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

WORD OF MOUTH WON'T CURE YOU!

Every person has his or her favorite for all the more common ailments—and for some of the more complex ones, too. Complain of your health and they won't hesitate to give you the benefit of their advice. Generally, these people are well-meaning—but their counsel is meaningless. "Word of mouth" medicine has seldom cured anyone—and it has harmed untold thousands of people. When you're not feeling well—go see your doctor. He is the only one who is qualified to diagnose your condition and prescribe thoroughly and effectively for you.

A Great Oil Company introduces a Great NEW Oil!

Phillips Research brings you the finest motor oil for your car ever to bear Phillips 66 trade-mark!

When a great oil company brings out a completely new, different motor oil—that's news!

And when that oil company is willing to stake its reputation—to come right out and say, "This is the finest motor oil for your car ever to bear the Phillips 66 trade-mark!"—

That's food for thought for every man who owns a car!

This new Phillips 66 Premium Motor Oil is the result of extensive research, conducted over a number of years by Phillips research scientists. It is of the modern detergent (self-cleaning), oxidation-resistant type. Lessons learned in developing heavy duty lubricants for Army tanks and trucks, the experiences of others who have developed detergent-type oils, and demands of engine manufacturers for their higher-speed, higher-pressure engines, have all been taken into consideration.

The base stocks from the Oklahoma fields, which oil men now recognize as among the finest in the world, are another contributing feature of this great new oil.

This new Phillips 66 Premium Motor Oil is now on sale at all Phillips 66 Dealers. We urge you to provide your car with our finer, newer automotive lubricant.

NEW FORD TRACTOR Will Be On Display Monday, August 18

at KLINE-HUFSTEDLER

The new FORD Tractor combines twenty-two important improvements with the former advantages of Ford-built tractors. An improved hydraulic system. Automotive type steering gear, a fourth forward speed for wider range. Hinged radiator grille for easy core cleaning. A seat that can be tilted back... and many more features!

Designed by expert implement engineers and treated by practical farmers, Dearborn Implements are especially made to work with the Ford Tractor—either the new or the former model. And implements used with the former model will operate equally well with the new Ford Tractor. Let us tell you about them.

Pontiac Modernizes And Mechanized Its Facilities

Progressive increase in foundry capacity at Pontiac Motor Division that has been going on for some time is rapidly nearing completion, according to Harry J. Klingler, general manager.

Commissioning of two new 108-inch cupolas, said to be the largest in the automobile industry, is one of the major steps in this direction, Mr. Klingler said. As the new cupolas get into pouring schedule, other units will be torn down and enlarged, permitting an ultimate in-

crease in melting capacity of 50 percent, or approximately 1200 tons per day.

Two foundry innovations offer major advantages:

The new cupolas have the ability to use about double the normal thickness of ceramic lining, reducing down-time periods.

An overhead system of baffling and water spray is designed to cool the exhaust gases and virtually eliminate the discharge of ash.

A large sand reclamation system of advanced type has been installed and is designed to store, reclaim and re-use molding and core sand; and to screen and dry new sand. Resultant is a drastic reduction in sand purchases, freight car traffic and storage facilities.

Pontiac has modernized and mechanized the core - making and molding lines in the interests of manufacturing economy and employee comfort.

A new sand loader insures a constant supply of free-flowing sand to each molding machine, and eliminates the packing and caking of sand, hitherto an important foundry problem.

News From Fourth Army Headquarters

Army Cleaned Food

The rusting of cans containing food caused much waste early in the war and so a small machine was developed to clean the cans and they were then painted. This painting of cans makes them last longer and prevents them from reflecting light in the field. The Quartermaster corps is now working on a canned pound cake. As yet it is not a part of a ration, but an attempt is being made to anticipate later future demand. Already, they have made fruit cake, angel food cake, and a date pudding as well as a one-man can of jam. Another development is in the line of bread, covering it with aluminum foil. It is believed that with the proper technique of packaging, bread will last for several months thought not in a can.

Recruiting For National Guard
 The 1,780 stations of the Army Recruiting service will actively aid the National Guard in reaching its goal of 682,000 men. The War Department states that, "The new National Guard will be a tactical force ready for immediate service in the event of any enemy aggression, and the Army Recruiting Service will lend positive assistance in the further development of this M-day force."

Visits To Relatives In Germany Planned

Persons desiring to visit aged or ailing parents or other aged relatives living in the American or the British zones of Germany will be able to do so at an early date according to an announcement by the War Department Civil Affairs division. Quotas are being established to permit 400 persons to enter the U. S. Zone during each three-month period and fifty each month to the British Zone. Military Permit Section, Civil Affairs Division, War Department, has announced that it will accept applications after August 1st subject to the understanding of the applicant that compassionate travel procedures will in no way waive the normal passport requirements set up by the Department of State.

Operation Of Armed Forces Special Weapons Project Announced

The War and Navy Departments have announced the approval by General Eisenhower and Admiral Nimitz of a program and plan of operation for the Armed Forces Special Weapons Project. In addition to assuming the responsibility of carrying on the military service functions of the Manhattan Project, the program of the AFSWP includes training of special personnel, military participation in the development of atomic weapons, and developing and effecting joint

radiological safety measures in coordination with established agencies. It will maintain close liaison with the Atomic Energy commission.

The project is commanded by Major General Leslie R. Groves and its principal field installation is Sandia Base located at Albuquerque, New Mexico, commanded by Brigadier General Robert Montague.

Regular Army Nurse Corps
 It has been announced by General Jonathan M. Wainwright, Fourth Army Commander, that applications for Regular Army commission will be accepted up until September 30th. Registered nurses with previous military service who are between the ages of 21 and 35 may apply for commissions in the Regular Army. Application forms can be secured from any Army hospital, Fourth Army headquarters, and from the Surgeon General, Washington 25, D. C.

Signal Corps Discloses New Communication Device

The Optiphone, an ingenious device which permits telephone communication over a narrow beam of white or dark light has been displayed to the public for the first time by the US Army Signal Corps. It is designated as telephone link equipment for point to point communication where the laying of wire lines is impossible or impractical and where radio silence is necessary. The Optiphone provides single channel, two-way, break-in speech communication and consists of an optical unit, a control unit, a storage battery and a field telephone. The unit weight 145 pounds

and has a range a 4 miles during the day and up to 7 miles at night with a dark red filter. The field telephone is used directly with the equipment for point to point communication.

Record crop Predicted For Hockley County

It is estimated that 75 per cent of the cultivated land in Hockley County is planted to cotton, with

3,000 acres within five miles of Anton. The cotton acreage is limited at 30,000 acres, with condition of the crop at 100 per cent, with the average production for the county 187 pounds per acre indicating record crop for

not go on forever unless we are to dangerously deplete our own country. There must be a new approach to the question. The Secretary of State has suggested the so-called Marshall Plan.

In July the House unanimously passed a resolution, known as the Herter Resolution, which provides that the Speaker of the House shall appoint a committee of 19 members of Congress to make a study of the questions involved in our overseas policy. The committee

Gigantic Parade Will Open South Plains Fair

Dragons and serpents and other creatures of the barnyard, circus and zoo will walk the streets of Lubbock in a gigantic parade, opening day of the 30th Annual Panhandle South Plains Fair, Lubbock, September 29. Approximately 200 men will be required to handle the

inflated rubber menagerie in the two-mile long parade. The rubber animals will also be on display at the Fair grounds all six days of the Fair. Pictured above is one of the late model dragons of the non-fire eating type.

is required to make a study of the foreign situation and our domestic economy and make a report and recommendations to Congress by March 1st. Earlier reports will undoubtedly be made.

Just prior to this writing I was notified by Speaker Martin of my appointment as a member of this committee of 19. The committee is composed of 11 Republicans and 8 Democrats. A staff has already been appointed which is gathering information for the committee. Preliminary meetings will be held in this country and the committee will sail for Europe August 27. The first meeting will be held in London, after which the committee will make an on-the-spot check of the situation in Germany. The committee will then be divided into several sub-committees. I have been asked to go with the sub-committee which will make a study of the situation in Italy, Trieste and Greece. We are to make on-the-spot studies of what is happening to American dollars and efforts in these areas. This year we are spending \$15 million dollars to buy American wheat and other life sustaining food for Germany. Under the law of nations the occupying country is required to prevent starvation in the area occupied.

Our food bill this year for the feeding of Italy, principally for American wheat, is about \$200 million. In both the Trieste area and in Italy we have the expense of maintaining American soldiers in addition to a food bill.

The situation in Greece and Turkey is more complicated. There we have in operation the \$400 million program which is designed to assist Greece and prevent Russian aggression. In Greece we are providing funds not only for food but economic recovery and military supplies.

It remains to be seen whether the study and recommendations made by this 19 member group will be helpful to our nation and to the world. I told Speaker Martin when I was notified of my appointment on the committee that I would cooperate fully and to the best of my ability.

This assignment has changed my plans for the congressional recess as the work of the committee will require me to be out of the country from August 27 to early in October—about 6 weeks. I will still have time during August and after my return from Europe to visit each of the 25 counties in our congressional district.

Wanted To Learn Dutch Language

A century ago the Japanese government, which had discouraged the study of the Dutch language, permitted only physicians to learn it. According to the Encyclopaedia Britannica, the result was that everyone who wished to learn Dutch professed to be a medical student and 3,000 pupils are said to have passed through the medical school at Osaka in 24 years.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

New Cotton Finds Good Demand; Most Offerings Strictly Middling or Better

(USDA) — Many farm products gained ground on southwest markets last week, and others held their own fairly well, according to the Production and Marketing Administration, U. S. Department of Agriculture.

New crop corn started moving from South Texas farms last week, and white corn prices declined several cents per bushel. Yellow corn advanced, however, as dry weather in the corn belt threatened damage to the crop. Oats, barley and grain sorghums strengthened some. Decreased marketings of winter wheat sold firm and Midwest and Great Plains growers had about completed the record harvest.

Some early new crop rice sold in Texas and Louisiana last week at \$10 to \$10.50 per barrel. Most feeds held about steady to firm but gray shorts and bran dropped \$3.50 to \$5 per ton. Dry weather improved hay demand, and prices advanced 1.50 to \$2.00 per ton. South Texas rains helped growing peanuts, but North Texas and Southern Oklahoma became very dry. Wool saw active trading in advance of the reinstated government purchase program which began August 6 under the new wool act.

Newly-ginned cotton from South Texas found good demand, and most offerings graded strict middling or better. However, spot prices netted

losses of \$1 to \$2.

Southwest peaches sold lower last week as demand slowed, especially for the smaller sizes. Hot weather held watermelons firm at most markets. Colorado peas and cauliflowers weakened, but beans and lettuce sold firm. Potatoes, onions and tomatoes from southwestern producing areas strengthened slightly toward the end.

With hotter weather, top quality eggs became even more scarce, and markets held firm. Prices stayed up fairly well on liberal offerings of medium to lower grade eggs. Demand for poultry slowed some, but prices remained generally firm or moderate receipts. Heavy hens brought mostly 22 to 26 cents, and fryers 32 to 37.

Hog markets generally overcame early-week losses to close mostly 25 to 50 cents higher. Closing bulk of good and choice medium weight butchers sold at \$27 at San Antonio, \$27.50 at Fort Worth, \$27.75 at Oklahoma City, and \$26.50 to \$27.25 at Wichita. Week's top at Denver was \$30, within 25 cents of all time high.

Sheep prices remained largely steady for the week, and most spring lambs went a little higher. Medium to good spring lambs brought mostly \$18 to \$21 at San Antonio, and closed at \$19 to \$22 at Fort Worth.

U.N. Facts and Faces . . . CZECHOSLOVAKIA

The Republic of Czechoslovakia is 49,358 square miles in area, with a population of about 14,447,900. Without access to sea, it is bounded on the North by Germany and Poland, on the East by Poland and Rumania on the South by Rumania and Austria and on the West by Germany. Largely mountainous, the country formerly was one of the richest in Europe; forests, mineral resources and agricultural products are abundant. The capital is Prague. Member of the United Nations General Assembly and of the Economic and Social Council, Czechoslovakia is represented at U.N. headquarters by Dr. Jan Papanek. Her flag carries two horizontal stripes, white and red, of equal width, and a blue triangle on the left.

Closing bulk of good and choice grades sold at \$22 to \$22.50 at Oklahoma City, and around \$24 at Denver.

Many cattle classes brought lower prices last week. Most stocker and feeder types, as well as slaughter cows, calves, weaners, and bulls dropped from 50 cents to \$1.50. Steers and yearlings weakened at some markets. Common and medium cows brought \$11.50 to \$14.50 at Houston and Fort Worth, and \$12 to \$15 at San Antonio and Wichita. Medium and good kinds moved at \$13 to \$15.50 at Oklahoma City while common to good kinds sold at \$15 to \$19 at Denver.

Last Rites Held Thursday for Sudan Woman

Last rites were conducted Thursday afternoon at 2:30 o'clock at the First Baptist Church, Sudan, for Mrs. Sidney Provence of that city, who passed away Tuesday, August 5, at 4:30 p. m. at the Amherst hospital. She was admitted the day previous, and underwent a major operation.

Rev. J. E. Moore, Baptist pastor of Circleback, conducted the services, and internment, in charge of Hammons Funeral Home, Littlefield, took place in Sudan Cemetery.

Deceased was a daughter of Mr. and Mrs. Sam Clevenger of Bula, and had spent practically all her life in that area.

Previous to her marriage deceased was Gladys Modell Provence; she was born February 11, 1925, at Luedels, Texas. She was married to Sidney L. Provence, son of Mr. and Mrs. Dan Provence, February 7, 1946.

She is survived by her husband, adopted son, Billy Dean, one month old, her parents, and five brothers and three sisters; Charley Clevenger of Bula; Leonard Clevenger of Mena, Ark.; Bill Clevenger and Raymond Clevenger all of Bula; Mrs. Gene Stanley of Spade; Mrs. Raymond Langster of Bula, and Mrs. Chuck Gregory of Portland, Oregon.

Let Us Make That OLD MATTRESS Into a New INNERSPRING

MRS. KOEN PASSES

Word has been received at Olton by friends, of the death of Mrs. W. L. Koen, which occurred July 29th at her home in Portales, N. M. Burial was in the Clovis Cemetery by the side of her son, Harmon Koen, who preceded her in death by several years.

Mr. and Mrs. Koen were well known in Olton having made that their home from about 1927 to 1935. They owned the drug store, which was known as the Western Drug, at that time.

HANDLES 200,000 BU. WHEAT

The Wayne George Elevator Roundup has handled 200,000 bushels of wheat this season according to information supplied by George, last week.

The vastness of this is apparent when we consider that checking well around four hundred thousand dollars (\$400,000) have been used in payment for this wheat. Mr. George stated that he had ped 60 cars and has 60 more to go just as soon as boxcars are available. —Anton News.
