

Give Thought To Halloween

Revival of the old-fashioned barn dance is catching on throughout the country just as another Halloween night of frolic makes its appearance on the calendar. . . . The vogue started in the Hollywood movie colony. Here, are shown John Gilbert and his wife, formerly Virginia Bruce, as they were photographed at a recent barn dance party.

Some Activities of a Senator in the Special Session

By Arthur P. Duggan
Senator, 30th Senatorial District

The people have a right to expect service from their legislators—that is what they elect them for—and the residents of the thirtieth senatorial district certainly took advantage of this prerogative during the recent special session of the legislature.

On reaching Austin I found a number of requests, and was always delighted to get the information desired or render the service requested. It is doubtful if the people generally know the number of things a senator is called on to do and as a matter of information some of the requests, outside of the usual passage of laws, are enumerated:

During the regular session thousands of names were sent in for appointment as notary public. Hundreds came at the special session. This is not a difficult thing to do, but woe to the senator if he leaves a name off or gets it spelled wrong. So far I have

not had a complaint along this line. Obtain old age pensions for the old people;

See game, fish and oyster department and obtain permission for a taxidermist to bring into Texas game killed outside the state;

Go to the comptroller and check claims for a number of persons; banks and individuals;

Ascertain why several newspapers had not been paid the amounts due them by the state for publication of notices;

Appear before the state board of education and represent a number of districts in the sale of bonds;

Go to the department of education and straighten out a number of troubles; get information as to various laws affecting schools and a great many

PEYTON PACKING COMPANY TO FEED OUT LARGE NUMBER OF CATTLE; NEW MODERN FEED PLANT BEING BUILT

A large number of cattle will be fed out this fall and winter by the Peyton Packing company on their property east of Littlefield, according to an announcement made Tuesday by C. M. Gay, buyer for this concern.

The construction is underway by the company of a new feed plant, including the installation of new and modern grinding and feeding equipment. Work is being done by day labor.

The company started yesterday buying up a quantity of feed, and it is the intention, according to their representative to make their feed plant a permanent project and feed out as many cattle as the feed production will warrant.

Mr. Gay said: "The Peyton Packing company is one of the largest feeders in the southwest, and up until this year they have always fed their cattle in El Paso, but due to the high freight rates on feed, they are moving part of their feeding operations to Littlefield."

Fire Department Sponsoring Dance for Hallowe'en

A masquerade Hallowe'en dance is being sponsored by the members of the Littlefield fire department, to be held at Heinen's dance hall, Littlefield, Tuesday evening, October 31.

According to those in charge of the program, Pot Timian and his seven piece orchestra will furnish the music for the evening.

Considerable preparations are underway to give those who attend the best possible in music, and as the Littlefield fire department is advertising the dance far and near, a good attendance is expected.

COTTON CHECKS RECEIVED IN COUNTY TOTAL OVER \$1,000,000

LITTLEFIELD--THE PULSE OF THE PLAINS

LAMB COUNTY LEADER

Official Newspaper of Lamb County, Texas

VOL. 11 LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 26, 1933 NO. 29

Miss Ruby Mashburn Is Named District H. D. Agent For North Plains Section

Miss Ruby Mashburn, who has been home demonstration agent in Lamb county for the past four years, has been appointed district agent for District No. 1, consisting of approximately 30 counties of the North Plains. She will leave this county at the end of the month to assume her new duties.

Miss Mashburn is being succeeded by Miss Bernice Westbrook of Newton, Texas, who has arrived in the county and is now engaged in familiarizing herself with her duties.

The appointment of Miss Mashburn as a district agent expresses the high quality of her work as home demonstration agent in this county, and the esteem in which she is held in the extension service.

Miss Mashburn virtually pioneered home demonstration work in Lamb county, the only other efforts along that line in this county being about nine years ago and then only for a short time. The county is now completely organized for home demonstration and 4-H club work.

A very large number of friends are congratulating Miss Mashburn on her promotion, but are expressing regret that she will leave the county.

Miss Mashburn will make her headquarters at College Station, spending one week in each month there and three weeks in the field.

Miss Westbrook has had a number of successful years in teaching home economics, her last position being at Concord in Leon county. She is a graduate of Sam Houston State Teachers college. While in college she took a special course to prepare herself for extension work.

LAST RITES HELD HERE TUESDAY FOR E. N. ARNN

Died Suddenly Monday at Home Northeast of Morton

Funeral services were conducted at the First Methodist church here Tuesday afternoon October 24, at 3:30 for Estell N. Arnn, aged 40 years, 9 months, who passed away Monday at 1:30 P. M., at his home, five miles northeast of Morton.

The services were conducted by Rev. Peterson, pastor of the Methodist church, Morton, assisted by Rev. P. H. Gates, pastor of the local Methodist church.

Burial took place immediately following the services in the Littlefield cemetery under the direction of the Hammons Funeral Home.

Deceased died quite suddenly, having only been confined to his bed one day. Although he had been ailing for some time, he had been carrying on his farm work in the usual manner until Sunday, when he became very ill.

Ulcers on his stomach, which burst, causing peritonitis to set in, are believed the cause of his death.

Deceased had lived in the vicinity of Morton for the past four years, going there from Childress, Texas, where he had made his home for nine years. He married Miss Annie Dry at Childress in 1913, to which union were born six children, all of whom are living.

He had been a member of the Methodist church since childhood.

Deceased is survived by his widow, and three sons and three daughters: Wesley, aged 17; Glenn, 16; Kenneth.

Levelland Beats Olton by 6-0 Count Friday Afternoon

Coach Ameal Payne's Levelland Bobcats defeated Coach Red Moore's Olton high school gridders at Levelland Friday afternoon in a Class B conference game of District 2. The score was 6 to 0.

After a long drive down the field, with Silas Leddy doing most of the ball carrying, the Levelland fullback plunged over the line for a touchdown. Try for point was no good. The touchdown was scored in the second period.

Lieut. Govr. Witt to Speak at Legion Meet November 4-5

Edgar E. Witt, lieutenant governor of Texas, will be the principal speaker at the 18th congressional district convention of the American Legion at Snyder, November 4 and 5.

In addition to the state official, practically all district and state Legion officials have agreed to be present, and many visitors from adjoining districts are expected.

With these dignitaries coming, and with promise of between 700 and 1,000 delegates, Snyder is preparing for the greatest convention in its history. Lee T. Stinson, commander of the Will Layne post, said that "although the legionnaires have never decided to convene in a city so small, we are determined that they shall say when they leave that they never have been entertained in a city so hospitable."

In addition to regular convention sessions and special functions for visiting officials, Snyder will offer a football game, horse racing, boxing, and other entertainment.

462 CHECKS ARE OUTSTANDING FOR LAMB CO.

Cotton Plow-up Payments Total \$58,498 in Past Week

A total of 105 cotton plow-up checks were received at the County Agent D. A. Adam's office the past week, amounting to \$58,498.00. This makes the total cash paid by the government to farmers in this county in the cotton reduction program of \$1,054,084.00.

Eighty-four of these checks were received Saturday last; 13 Monday; and eight Tuesday. Of these checks sixty were for Littlefield and section, amounting to about \$25,000.

According to the county agent, there are still 462 checks outstanding and due the farmers in Lamb county.

"GOOD SERVICE" MEET HELD BY RAIL EMPLOYES

Discuss Ways and Means of Rendering Best of Service

A district "Good Service" meeting was held by the Santa Fe employes at the local depot in Littlefield Tuesday night, which is the first gathering of this kind in this section.

The purpose of the meeting, which was presided over by E. McElroy, transportation inspector of the assistant general manager's office, Amarillo, was to discuss ways and means of rendering the best of service, not only in handling of cotton, but in all other branches of the Santa Fe service.

Round table discussions took place, and was contributed to by the large number of employes present, who talked on their own individual difficulties, and ways and means of correcting them.

Besides Mr. McElroy, those attending the meeting were: E. Kancher, division freight agent, Lubbock; J. M. Robinson, chief clerk, division freight and passenger agent, Lubbock; E. A. Tusha, travelling freight agent, Lubbock; T. A. Blair, division engineer, Slaton, Tex.; N. E. Walcher, extra agent, Rankin, Tex.; C. F. Harrington, agent, Anton; L. D. Ochsner, agent, Shallowater; L. J. Crawley, agent, Amherst; E. A. Eckler, agent, Muleshoe; D. L. Brown, agent, Sudan; E. H. Whiteside, utility clerk, Muleshoe; H. C. Pumphrey, local Santa Fe agent; W. N. Busey, local cashier; W. S. Crews, superintendent, and O. T. Murphy, foreman of the Union Compress here.

According to Mr. McElroy, it is expected that these "Good Service" meetings will be held from time to time in this section.

TECH TO WEAVE 500 YDS. CLOTH

Weaving of 500 yards of cloth was recently begun by the Texas Technological College department of textile engineering to be used in making 70 uniform suits for the Matador band. The cloth is to be the same as was used in the suits for President Franklin D. Roosevelt and Vice-President John N. Garner, with the exception that the fabric will be dyed black and scarlet instead of being solid white. When the weaving is completed a local tailoring company will make the suits.

RAIL RATE ON BROOM CORN OUT OF LITTLEFIELD IS BEING DISCUSSED

The weekly Chamber of Commerce luncheon was held Tuesday at the Presbyterian church.

The problem of freight rates on broom corn into Oklahoma was brought up for the first time.

Broom corn is rapidly developing into a money crop for this district and there is no doubt that soon it will be a large financial advantage to Lamb county.

Freight rate differences are nearly \$7.50 a ton on broom corn shipped from here to Oklahoma, over Amarillo freight rates.

According to H. C. Pumphrey, local Santa Fe agent, no shippers have asked for a storage-in-transit service from Littlefield and at the present time he does not have a rate from this point.

The matter has been referred to the Santa Fe traffic department for investigation.

Pumphrey in regard to this matter,

Miss Mashburn and Miss Westbrook to Be Honored at Tea

Mr. and Mrs. D. A. Adams and Mrs. C. McFall will entertain with an afternoon tea at the Amherst hotel, Amherst, Saturday afternoon from one until 4 o'clock, in honor of Miss Ruby Mashburn, who has been home demonstration agent for Lamb county for the past four years, and who is being promoted to district agent, and Miss Westbrook, who is taking over Miss Mashburn's duties here.

As this is being made a county-wide affair, friends from all over the county are invited.

Wednesday said, "I am sure the Santa Fe will make a complete investigation of the matter and cooperate in every way possible to accomplish this rate for our shippers."

STATE POLITICAL GOSSIP

The latest political gossip from the state capital is that the following are sure entrants in the governor's race next year:

- Lieut. Governor Edgar E. Witt, of Waco
- Senator Clint C. Small, of Amarillo
- Hon. Tom Hunter of Wichita Falls
- Governor Miriam A. Ferguson, present incumbent.

Speaker Coke Stephenson is ambitious to become governor and states he will make the race unless both Governor Ferguson and Attorney General Allred get in. He will run against either, but not both.

In case Governor Ferguson should not run, it is likely that C. C. McDonald of Wichita Falls, will do so.

Senator Walter Woodul, of Houston, has definitely announced for lieutenant-governor. Senator Joe Moore, of Greenville, wants the job and may enter. Representative J. C. Duvall has his hat ready to throw in this ring. Woodul looks like a winner for this place.

Senator Walter Woodward, of Coleman, has definitely announced for attorney-general. This announcement was made when it was expected Attorney-General Allred would make the race for governor. Should Allred not enter the governor's race, and again run for attorney-general it would complicate matters for he and Woodward are close friends and would not likely compete for the same office.

United States Senator Tom Connally will be up for re-election next year. Several are looking longingly for that job, but Connally has been successful in Texas politics so long that no one seems quite sure of defeating him. Congressman Joe Bailey, Jr., will likely be a candidate for the United States senatorship.

Definite announcements have not yet been made as to other state offices.

There will likely be a number of candidates for congress in all of the three new congressional districts created by the forty-third legislature. One of the new districts is Bexar county; another a large district around San Angelo and the third the nineteenth in which Lamb county is located. So far six candidates are out for this place; three from Lubbock (and there will likely be two or three more from there); one from Colorado and one from Spur. Senator Arthur P. Duggan of Littlefield, will make a very active campaign for this place next year. His legislative record seems to have pleased the large majority of the people in the district and he is quite popular. The talk all over the district is that whoever is elected to congress from the new nineteenth district will have to beat Duggan, and that is admittedly going to be a hard job.

EIGHT YEARS AGO IN LITTLEFIELD

(Exerpts from Lamb Co. Leader)

Announcement has been received of the marriage of Miss Virginia Chesher daughter of Mr. and Mrs. G. W. Chesher, to Ed M. Hart, both of Anton, which took place Sunday at Plainview. The bride is the sister of A. C. Chesher of Littlefield, and her various visits here have been a source of great pleasure.

Workmen this week began removing the debris from the Arthur P. Duggan ruins, which building was destroyed by fire a couple of weeks ago. A contract has been let to J. W. Robinson for replacing of the brick, which will be pushed to completion as rapidly as possible.

Notice of election to be held in Littlefield November 25th to determine the issuing of \$75,000.00 in municipal bonds for construction of a sewer system in this city, is being given publication in this paper this week.

The election is to be held in the basement of the Presbyterian church, and the following citizens have been designated to hold the same: W. G. Street, presiding officer; T. Wade Potter, judge; R. M. Smith, judge; L. W. Jordan, clerk; J. H. Harless, clerk.

November 17 is the date set for the big jubilee in celebration of the opening of the new Santa Fe line from Lubbock to the New Mexico line, according to announcement made last Saturday by R. J. Murray.

Jno. P. Butler, one of our home boys in which we feel proud, goes with the First National Bank of Littlefield as assistant cashier. Jno. P. was raised here and formerly was cashier of the First State Bank for several years, when he went with the First National Bank of Waco, for more than a year.

A very pretty double wedding occurred last Sunday morning in the lobby of the Gold Star rooming apartments, when Miss Emma Allen and R. C. Price; also Mrs. Dora Jones and Dave Chapman were joined in marriage by Rev. W. P. Phipps, pastor of the Baptist church.

Mr. and Mrs. Chapman went immediately to Tahoka, where the groom has already prepared a home for the bride.

Mr. and Mrs. Price left Sunday morning for Dallas to attend the state fair, after which they will return to Littlefield as their future home.

R. E. Cole this week purchased the business lot just south of the Littlefield Furniture company of Carl Davis, and has let the contract for the erection of a 25x70 foot brick building.

Jimmie Brittain is having a residence built in the south part of town this week.

Electricity Supports the Nation The Nation Is Supporting Electricity

The tremendous value of electricity to the nation has long been a proven factor.

Man at one time used horses, oxen, and hand power to turn wheels in order that he might grind grain or pump water.

A Company of Individualized Service

Now, in this age of highly developed skill and speed, industry demands efficiency and dependability. Electricity supplies that. Light, power, and warmth, is available with the pushing of a button or the throwing of a switch.

But, as essential as electricity is to the nation as a whole, so is it just as important to the smallest community and home. See to it that your business or your family receives that most essential of all modern improvements. . . . LIGHT.

TO BOOST TAX ON WHEAT

Farm adjustment administration officials are favoring a substantial boost in the processing tax on wheat, levied at the rate of 30 cents a bushel since July 9.

It was reliably reported that a continuation of the recent weakness in wheat prices, while consumers costs climb upward, would be certain to result in a higher levy within six weeks.

The increase may come sooner but administration officials first want to know if the current price slump is of a temporary nature.

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years.

Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier. CARDUI is safe and wholesome for women of all ages. Try it!

South Plains Get More Than Three Millions of Dollars

More than four and three quarter millions dollars have been paid by Uncle Sam to 13,735 cotton farmers on their plow-up contracts, according to incomplete returns from 21 counties in the South Plains Saturday last. Actual figures showed the checks amounted to \$4,760,985. However, several outlying counties had made no report for several weeks and it was believed the total would approximate \$5,000,000.

Twenty-two counties in the area showed 18,121 contracts had been signed, with payments amounting to \$6,868,936. No report has been received from Parmer county. The other counties show slightly over 70 per cent of the cash had been paid, with over 75 per cent of the contracts. Lamb county with \$1,049,614 paid on 1,766 contracts, led the area. Lubbock was second with \$896,139 for 2,240 contracts. Lynn county was third with \$442,140 on 1,409 contracts and Crosby fourth with \$405,951 on 1,085 contracts.

Wheat and Stock Prices Advance

The announcement by President Roosevelt of early inauguration of a plan to control the price of gold gave decided boost to American financial markets Monday.

Wheat in the Chicago pit registered extreme advances of more than 4 cents, and shares in the New York stock exchange advanced \$1 to more than \$5.

There was no such frenzied flight of dollars into staples and shares, however, as there was when the United States abandoned the gold standard last April, or when the dollar broke severely in terms of other currencies last July.

This was attributed to the president's efforts in his address Sunday night to reassure the nation that reckless inflation would not be permitted, particularly his statement that "government credit will be maintained and a sound currency will accompany a

rise in the American commodity-price level."

Comment on the new plan in Wall Street was decidedly mixed, with some orthodox sound-money bankers insisting that the step was so novel and untried as to be likely to impair confidence, while other financial experts felt the move was a sound endeavor to bring the dollar fluctuations under control, and would lead eventually to stabilization.

Dollar Takes Drop
While the new plan of having an internal price of gold fixed through RFC purchases of newly mined metal on the basis of experimentation to find a proper level for the dollar, was not yet started, the dollar receded moderately in terms of other currencies, and the price of gold as fixed by the treasury, based chiefly on the London market, was advanced 58 cents an ounce to \$29.59.

State Leaders Endorse Farm Holiday Strike

A directors' meeting of the Texas division of the National Farmers' Holiday association at Plainview Tuesday failed of a quorum, but the state president, L. Gough, Amarillo, and two directors present endorsed the national farm strike, and called on Texas farmers, tradespeople and merchants to support the movement.

Although the national strike ostensibly began at noon last Saturday no activity has been reported in Texas.

The resolution was signed by Gough, M. D. Ramsey, Floydada, and F. W. Struve, Abernathy. The organization, however, has 11 board members.

bers, so the action could not be construed as official.

No plans were announced for enforcing the strike measures.

"It is a fight to the finish, as we see it," the resolution read. "We cannot expect to get a fair price for our products so long as our enemies control the markets."

Gough said he and his associates would wire the following questions to President Roosevelt and Henry Wallace, secretary of agriculture:

"1. Do you believe the farmer should longer submit quietly to the injustices now being perpetrated upon him?"

"2. Are you willing to aid the farmer in his fight for justice and constitutional rights?"

Current School Taxes Being Paid

Carl Arnold, secretary of the Littlefield Independent School district, in an interview with the Leader Tuesday, voiced his appreciation for the prompt way in which taxpayers were responding to his appeal to them to pay taxes due the school. He said current taxes were coming in better than the delinquent, and that non-residents, especially, were mailing in their checks every day for taxes due the schools on property they own in and around Littlefield.

held at the Legion hall on Sunday, November 12 in place of the 11. Since the 11th comes on Saturday, it was decided to make the change.

Membership plans were discussed and all members of the local post are urged to renew their 1934 dues at an early date. A number have been paid to date which gives promise of a nice enrollment for the coming year.

The local post will be represented at the 18th district Legion convention, which convenes in Snyder, Texas, November 4th and 5th.

"unless we have the proper cooperation."

Although Gov. William Langer's wheat embargo in North Dakota remained nominally in effect, railroads continued to transport wheat from the state. Sheriffs ordered to enforce the ban on grain shipping, awaited formal instructions.

From Nebraska came Gov. Charles Bryan's prediction that the strike might obtain higher produce prices in shorter time than the federal government's program. He sought assurance, however, from holiday leaders that the movement would not tolerate violence.

Ohio holiday officials indicated their intention to meet within the next two weeks to determine a course of action. New York dairy farmers also planned to meet to consider a strike, asserting that, if called, it would be in cooperation with the holiday association.

Senator Norris of Nebraska was reported authoritatively to have telegraphed Washington that he was back of the president's program, but that he favored currency inflation.

Nation's Thirty Million Farmers Summoned to Cause

Milo Reno, president of the National Farmers Holiday association, Saturday night carried his appeal for support of a national farm strike which started at noon of that day, to the doors of industrial labor.

To the cause of the nonbuying, non-selling strike, the fiery holiday leader summoned the nation's 30,000,000 farm population from New York to California and Gulf to Canada.

Meanwhile, President Roosevelt called for the "spirit of cooperation" of colonial days in accepting an honorary degree from Washington college at Chestertown, Md. Cognizant of the strike movement, the president indicated he might have an important statement in an address on Sunday night.

In what numbers farmers would join in the holiday movement or stick by the federal government's relief program, was not known.

Appealing for support from members and non-members of the holiday association alike, Reno asserted that the strike was a battle to determine "whether the farmer shall become a peasant, the menial slaves of the users and the industrialists" or retain the independence "inherited from his fathers."

In a letter to state association presidents, Reno advised that "schools, churches, civic institutions, labor groups can be informed, not only as to the justness of the farmer's cause, but also that every business will suffer if the farmers' purchasing power is not restored, and that the life of the republic is, at this time, hanging in the balance."

Nebraska's holiday president, H. C. Parmenter, conferred with associates at Omaha to plan a curtailment of that city's milk supply.

Picketing would be used, he said.

ASSURANCE OF TEXAS RELIEF

In a telegram received Friday by Congressman Marvin Jones from Harry L. Hopkins, director of the national relief administration, assurance was given that sufficient funds necessary to furnish employment for certified needy case on emergency road projects in the Texas drought and hurricane areas would be forthcoming.

The advice came after the congressman had appealed to President Roosevelt in the controversy over a special appropriation of \$8,900,000 for drought and flood relief road work.

License plates for automobiles in 1934 have been received from Austin by Jim Cook, tax collector, Bailey county. Passenger plates are of orange and dark blue numbers, white commercial cars and truck plates have the reverse color combination.

Please, Mrs. Jones, Mother Wants to Know If She Can Borrow Some—

Are You One of The Neighborhood Borrowers?

Is little Mary YOUR daughter? Is she the one that has to make the tour of the neighborhood every evening for the things that in your carelessness and desire to cut expenses to the bone you failed to stock? If so you are known all over the world. You live in every city, every town, and every little community. You are the talk of the neighborhood. BUT haven't you ever wondered why your neighbors always seem to be so well stocked and you are "out" of this and that? THEY ARE WISE. They realize that prices are lower now than they will ever be again and are constantly taking advantage of the many bargains that are to be found by the discriminating shopper. Small wonder that they are well stocked.

BUY NOW!

It Will Save You Money

Obviously this is the time to stock up your pantry, to refill that medicine chest for emergencies. There are many groceries and drugs you can buy and put on the shelf. Flour, coffee, canned goods, salves, tonics, and everything that is needed so badly. AND PRICES TODAY ARE LOWER THAN THEY ARE LIKELY EVER TO BE AGAIN.

In the past four years food and drug products have gradually lost their true value as commodities. Prices have gone so low that the farmer, wholesaler, manufacturer, and retailer have not been able to get a fair return for their services.

BUT under the NRA code, certain standards, certain values are definitely fixed. A worker has to be paid a decent living wage. And since we all get sick, and we all must eat, and human labor enters into all production, drugs and foods will come back up in price until they are worth something again.

This process of bringing back values is still going on, but is not yet complete. There are still stocks of drugs and non-perishable foods on the market at amazingly low prices. But these stocks are strictly limited! Check your cupboard and medicine chest today. NOW IS THE TIME TO BUY.

And little Mary is out on her daily tour of the neighborhood once more.

"Please, Mrs. Jones, Mother wants to know if she can borrow some sugar for supper? Daddy will be home soon and mother just discovered she was out of sugar. Oh! I almost forgot. Have you got some castor oil, too? Mother says little Billy needs some and we haven't had any for a long time."

Little Mary gets what she was after and so starts the triumphal tour home, with her little borrowings clutched tightly under her arm for her mother. But this won't be the last time. No sir. Little Mary knows better than that. It will probably be the Smith's tomorrow night.

In her childish mind she wonders why HER mother doesn't have some of the things that the neighbors conveniently seem to have. She used to have nearly everything that was needed. But no longer. It was a red letter day when little Mary didn't make a trip to some neighbor for this or that. Either drugs or groceries. They always seemed to be out of something.

It was no trick at all for Mary to remember the days when they always had plenty of sugar, potatoes, flour, and salt. And the medicine chest? It was the pride of the family. No matter what the emergency was, there was always something in the medicine chest to take good care of the situation.

But little Mary just heaves a sigh. It's not up to her to figure out the reason why she is always having to borrow from the neighbors. Her mother knows best.

CHURCHES

THE METHODIST CHURCH

Sunday school 9:45 A. M. There is a place for all, there is a WELCOME to all, we will be looking for you.

There is but two more Sundays in the conference year, and we will leave for the annual conference at Clarendon which meets November 9th.

The Lord has been good to his people in Lamb county, blessed the community of Littlefield with a fine crop, and the government has placed nearly one and one-half millions of dollars in the county, and I am sure the people of this section are grateful for these things.

Now, church members, what have we done for the Lord, will we finish the year showing our gratitude?

Preaching at 11:00 A. M. Leagues at 6:30 P. M. Preaching at 7:30 P. M.

We welcome you in all of the services, come and worship with us.

CHURCH OF CHRIST

Eighth Street

Officers of the Church of Christ on Eighth street report large crowds in attendance at all services this past week. There were crowded houses to hear Evangelist G. A. Dunn, Jr., speak Sunday, and one came forward for baptism at the morning service. One hundred were present Wednesday night which was a record attendance for that service.

Approximately one hundred young people are in attendance each Sunday evening, and it has been necessary to enlarge the building to care for them. This past week an addition was built which makes the third addition since the construction of the original building.

The public is cordially invited to attend the various services of the church.

PRESBYTERIAN CHURCH

The Rev. P. O. Tucker, pastor of the Presbyterian church of Howe, Texas, will preach here Sunday morning and evening.

All Presbyterians and friends of the Littlefield church are urged to hear this man. He has a proposition to make to Littlefield.

TABERNACLE CHURCH

Rev. Hull and family of Big Springs have moved to Littlefield. He is our pastor now. It seems as if there is greater interest since we have a leader. Everyone, who is not in another Sunday school, is invited to come and worship with us. The young folk have organized a Young People's Union. Come and help us in our work.

FIRST BAPTIST CHURCH

Regular service will be held both morning and evening. We call attention again to the meeting of the B. T. S. convention at Bula Sunday afternoon at 2 o'clock. Let all who can possibly go do so.

Passenger Fares Are Reduced

Following a meeting of passenger officers of western railways held October 13, H. W. Siddall, chairman of the Trans-Continental Passenger association and of the Western Passenger association, announced reductions in passenger fares in addition to those announced after a meeting of railway executives on October 6th, effective December 1st, as follows:

All year excursion fares with nine months limit to and from Pacific coast, at radical reductions. Tickets will be good in all equipment. The present round trip rate for example from Chicago to California is \$144.00; under the reduction, the rate will be \$11.00.

Round trip fares with ten day limit will be applied between all points in the west on basis of 2 cents per mile each direction. Slightly higher rates for longer limits.

For the Thanksgiving holiday period, 2 cent fare tickets in each direction will be sold November 28th to 30th, with a limit of ten days.

For the Christmas and New Year holiday period, a rate of 2 cents per mile in each direction was authorized. Tickets will be on sale from December 14th to January 1st, with a return limit to January 15th. This is the best holiday rate ever named by

Scarlet Fever Increases in Fall Months

The state department of health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. Last year over twenty-six hundred cases were reported in Texas. The majority of deaths occur from October through February.

Scarlet fever is a very contagious disease. Grown people may catch scarlet fever, but children under 15 years are most likely to have it, if exposed. It is especially dangerous for children under 5 years, and for babies. Do not let your children take any chances with scarlet fever. Call the doctor as soon as the symptoms appear.

If your child is going to have scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chill, vomiting, or convulsion. The child has fever. His skin is dry and hot. His tongue is furred, and under this white covering, it is red and swollen. In ordinary cases, these signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest. Soon the rash is over most of the body and brilliant in color.

Sleeping Sickness Proves Fatal to Sudan Resident

Funeral services for Warren J. Morris, 23, Sudan resident, were conducted at three o'clock Saturday afternoon at the Sudan First Methodist church by Rev. Thomas, pastor, and interment took place in the Sudan cemetery.

Encephalitis, or so-called sleeping sickness, was claimed to have caused his death. Morris had been ill about three weeks, and in a coma several days. He died at a Lubbock sanitarium at 1 p. m., Friday afternoon.

The case was the second treated at the sanitarium this month. Clinton Phillips, 12, of Dimmitt, was dismissed about 10 days ago, apparently recovered. He remained here for treatment two weeks; the first five days of

which he was unconscious. His illness was more typical of encephalitis, which claimed more lives in the St. Louis area last summer, than that of Mr. Morris. There was no doubt of the diagnosis of the latter case, however, it was said.

When Mr. Morris was received early last week he was conscious but unable to talk, a physician said. After the patient lost consciousness, only nourishment he received was glucose and saline injected intravenously.

Deceased was a member of the Methodist church.

Survivors were the parents, Mr. and Mrs. W. L. Morris of Sudan; two brothers, Homer Morris of Sudan and Shelby Morris of Dickens and five sisters, Mrs. J. M. Mayo of Dickens, Mrs. Floyd Bradley of Dickens, Mrs. Velma Howard of Sudan and Misses Alma and Syble Morris of Sudan.

Russian Recognition Discussions to Be Held Next Month

Although definite word from Moscow was lacking at the state department, there is an official expectation that Maxim Litvinoff, the soviet foreign affairs commissar, will visit Washington in about two weeks for the purpose of opening recognition discussions on behalf of Soviet Russia.

The prospect of early recognition of the 16-year old communist state, opening wide new trade possibilities and already nudging some market prices upward, stirred activity at the state, commerce and agriculture departments in rounding up data previously prepared for presentation to President Roosevelt.

There were indications that the Roosevelt - Litvinoff conversations would bear more heavily upon trade matters than upon claims and counter claims that have rested dormant between the two countries for around a score of years.

Retail Store Code Is Signed by Roosevelt

The code for the retail stores was signed by the president just before midnight Sunday last, with an exemption to the small store keepers in towns of 2500 or less.

The code, which forbids sales at less than invoice cost, goes into effect Monday next, and applies to chain stores in small towns.

The exemption for the small store keepers is a policy expected to be carried through by the president in all codes in order not to drive out of business the little man who finds it impossible to carry out the terms of the NRA without going out of business.

The exemption of stores in communities under 2500 population apparently removed close to one third of the country's retail establishments from operations under the industrial control law.

The last accurate figures, contained in the 1930 census of distribution, showed that 491,000 of the country's 1,543,000 stores were in the communities now exempt. The number of chain stores in such small towns formed only a small proportion at that time since only 39,000 such establishments were listed from cities of 10,000 or less.

Proportion Held Same

The wave of bankruptcies, which has swept the country during the past four years and which is blamed by NRA officials for putting out of business 400,000 merchants, may have materially altered the figures since the census was taken. Officials, however, were inclined to believe that the proportion between large and small communities was not materially altered.

Of the 1,543,000 stores listed in 1930, 482,000 handled foodstuffs exclusively. Since the code covers almost all lines of merchandise except food and drugs the number affected directly by the present code is expected to be less than 1,000,000. However, the principles established in the present compact are expected to be carried out in all other retail codes whether handled by NRA or as in the case of the food dealers by the farm administration.

Friday Evening, October 27, 9 p. m.

A complete line of the latest and smartest Fall and Winter fashions will be modeled by the 1933 Lamb County beauty contestants.

These girls will model all women's apparel from lingerie to fur coats. In addition there will be shown many of the latest women's accessories. Smart bags, silk hose, party and street hats and everything that the well dressed woman uses.

The Modern Beauty Salon will have charge of the make up of the models, displaying the correct coiffures and make up for different types of girls.

The Style Show is under the direction of Miss Lucille Nance, teacher of expression.

Be sure not to miss this parade of styles. In addition there will be stage specialties and one of the best known stage orchestras obtainable.

We have secured Miss Lucille Walker for this show, who will present her latest numbers.

Through the courtesy of Joe Stanton, furrier of Lubbock, The Vogue, and the Palace Theater A BEAUTIFUL WHITE CONEY DINNER JACKET WILL BE GIVEN FREE TO SOME LUCKY LADY IN THE AUDIENCE.

The Vogue to Present Style Show At Palace Theater Friday Night

Littlefield ought to see something Friday night that they have long been waiting for.

The Vogue, in connection with the Palace theater, is sponsoring a Style Show featuring all of the latest fall women's wear and accessories. To fully complete the revue of styles, The Vogue has announced that the very latest in fur coats and jackets will be prominently displayed.

To model the fashions, the 1933 beauty contest winners from Lamb county have been secured. This includes Miss Lillian Hunt, who was awarded the honor of Miss Lamb county.

Other beauty contestants who will model include Lydia Crockett, Olga Henson, Mary Nell Keithley, and Fern Thornton, all from Littlefield. Lillian Hunt and Martha McLarty will be here from Sudan. And from Amherst comes Fay Collins and Martha Willett.

The make up and coiffures of these girls will be under the supervision of the Modern Beauty Salon.

One of the biggest features of entertainment to be offered from the stage will be Lucille Walker, whose home is in Lubbock, and who has just returned from Hollywood where she has been presenting her feature dancing numbers on the stage and screen.

Lewis Walker's School of Dance is bringing its pupils from Lubbock to feature in the dancing program. Mr. Walker's act promises to be one of the most pleasing events of the evening's program.

As an additional attraction, The Vogue, the Palace Theater, and Joe Stanton, furrier of Lubbock, will give away to some lady in the audience Friday evening, a white fur coney dinner jacket.

Miss Lucille Nance, local teacher of expression, will have complete charge and direction of the style show and stage specialties.

Dorothy Louise Clements will act as page girl in announcing the numbers.

Last Rites—

F. and Bill Arnn of Littlefield; Norman of Amherst; and Tom of Tyler; and two sisters, Miss Roxie Arnn of Littlefield and Mrs. W. W. Free of Childress, all of whom were present for the funeral with the exception of Tom Arnn of Tyler and Bill Arnn, who is now serving in the marines and stationed at Paris Island, S. Carolina, who were unable to attend.

Out of town attendants at the funeral were: E. J. Arnn and wife of Carey; V. L. Arnn and son, Buren, of Childress; Norman Arnn and wife of Amherst; Mrs. Walter Free and husband of childress.

Other out of town relatives were: Mr. and Mrs. A. N. Johnson, Abernathy; Mr. and Mrs. W. T. Johnson and daughter, Hale Center; Mrs. Alma Johnson and two sons, Abernathy; Mrs. Livie Johnson and son, Hale Center; Mr. and Mrs. Curtis Johnson and children, Hale Center; Mr. and Mrs. Noel Johnson and son, Hale Center; Mr. and Mrs. G. others things from this department. See the director of relief work and find why more money is not available for those needing help. A lot of this.

Present to the governor a brief showing the possibilities of planting forests in the plains country and obtain her approval. This is a very meritorious suggestion. There are to be some 40 C. C. C. camps in east Texas this winter, and not one in West Texas. Trees do grow out here and this work will be put over.

Urges Highway Construction. Go to the highway commission in the interest of about every road in the district, and I did that religiously. Good roads are needed in West Texas and I surely worked for them.

Requests for endorsement for jobs—dozens of them. My keenest regret is that I did not have any jobs to give, and I certainly did my best to get places for people in this district. Aside from the directors of the Tech College

only one state appointive job has been given a citizen of the 30th district by the present administration.

Appear before the railway commission in the interest of certain freight rates.

Find out from the adjutant general why certain armory rentals have not been paid.

Act as chairman of a committee to name a state poet laureate. This was done. The committee worked at night altogether, taking no time whatever from their regular work.

Obtains Drought Relief

Obtain drought relief for a number of counties in this district. Considerable success followed a lot of hard work along this line. The federal government allotted approximately nine million dollars to drought stricken counties for road work. Help came from a number of other sources and all together will go a long way to keep some 10,000 farmers in this district in their homes.

Improve the only state park I know of in this district—the Hank Smith park near Crosbyton.

The above are just some of the things I was glad to do for the people of this district. I made few speeches in the legislature. It costs about \$7 per minute for the legislature to run and I decided that speech making at that cost comes too high to the taxpayers. I did do my best to render every service requested of my people.

It is doubtful if any legislature ever worked harder than this special session. The senate worked all night once, adjourning at 5:30 o'clock in the morning. On two other nights they worked until one o'clock. Almost every night there were committee meetings or conferences, making it a very busy session.

Before too severely criticising or

condemning legislators the people should know better the conditions under which they work, the things they are called on to do, the pressure brought to bear for this or that, and always remember that they are just human beings after all.

County Fair—

demonstration agent of Castro county, and Miss Hazel Bratty, agent from Lubbock county.

Among the many features to be

seen in home demonstration booth will be canned goods, clothing, rug and mats, and numerous other home demonstration and 4-H club products.

The Home Demonstration Marketing Booth will offer standardized products for sale. These products in canned goods measure up to a set standard and are as fine as can be purchased anywhere. They rival in quality the better known brands of canned goods.

The attention of Lamb county will be centered on the Lamb County Fair at Amherst Friday and Saturday.

To Our Many Friends And Customers:

Due to the pressing need for ready cash during these times of advancing prices, it is with extreme regret that we announce the necessity of closing out all charge accounts and operating on a cash basis only. Our books close midnight, October 31, 1933.

We have found during the past few months, opportunities to make purchases on the market that would allow us to pass on to all of our friends and customers merchandise at a price that would represent real savings.

But due to the fact that a large amount of our operating capital has been tied up in our credit system, we have had to pass up several of these opportunities. The wholesalers and jobbers are asking for cash in most cases with the delivery of merchandise, so, in order to be able to take advantage of low prices whenever we can, we have decided to abandon the charge system.

We do want at this time, however, to thank everyone of our customers for their past trade and solicit their continued business. We are still offering for sale our merchandise coupon books which will be sold for cash and are retaining our delivery service for your convenience.
