TOWN and COUNTRY by Wendell Tooley

VACATIONS are good for bosses and employees... employee usually gets a much needed rest... and the boss realizes how much he needs and appreciates the employee while he's gone.

When Treva Quigley took a week's vacation a while back, everybody in the Press office figured that we should have a Treva Appreciation Day... because we all found that it is mighty hard getting the paper out without Treva.

Now, receptionist Jean Anderson is out for a week and it's one of all of us to sorta keep the papers and subscriptions order while she's gone.

Vacations seem to be highly popular this week, about every business I've entered, I've noticed someone missing and I'm sure they're vacationing. I hope not permanently.

One of the best things about vacations is the fact that you get away from people. Did you ever just get tired of people? I doubt that a farmer goes forward to getting away from people, but most people who must meet and greet the public day after day appreciate this part of vacation.

Not that we don't like people, it's just that they get rather tiring after a year of association with them... and a vacation gives you time to get acquainted with the immediate family again.

We've had a lot of excitement out our way the past week our future neighbor has left a two-year-old mare in our yard and the children have real enjoyed grazing her and leading her.

On the left is Bert Wheeler, 90-years-young, and at right, John Bohot, 93-years-young. Both men live near the ball parks and walk to the game each night. They very seldom miss the early contests. Farmers Reminded Of Social Security

Most farm workers are now covered by the social security law. In order to determine if the work performed on your farm must be reported the law provides certain guidelines. Generally, if you employ a person to do farm work and pay him as much as \$150 cash wages in a year, or if he works for you on 20 or more days for cash wages figured on a time basis, hourly, daily, etc., you must make a social security tax report. John G. Hutton, district manager of the Lubbock Social Security Office, pointed out that here is a question in the minds of some farmers concerning tax reports for crew leaders and crew members.

The crew leader is the employer of any crew of workers he furnishes to do farm work and pays sufficient wages (either for himself or for you, the farmer). If he brought a crew to your farm, it is his responsibility to keep a record of the name, address, and social security number of each crew member who works enough to meet the \$150 cash wage or 20-day test mentioned above. He should withhold 3 1/8% tax from the \$150 cash wage or 20-day test mentioned above. He should withhold 3 1/8% tax from the pay of each such worker and match it with the employer's 3 1/8% when he files his tax report at the end of each calendar year. He should give the worker a receipt for his tax deduction at the end of the work, or at the end of the year, whichever comes first.

There are situations, Mr. Hutton said, in which the crew leader and farmer have a written agreement that the crew leader is the farmer's employee. In this case, the members of the crew are the farmer's employees also and the farmer is responsible for deducting the tax and making the required reports for wages paid. In either case, the farmer is obligated to keep a record of the name, permanent address, and employer's identification number of the crew leader.

Highlights And Sidelights

AUSTIN, Tex -- State-owned islands along the coast, and submerged lands in inland waters, now are available for lease for industrial purposes.

Leasing for industry was authorized last year by the Legislature. First step in the program was for Gov. Price Daniel to select the men to serve on a committee to advise the School Land Board on leasing procedures.

Daniel now has named J. Chrys Dougherty of Austin, an attorney, and Dr. Armstrong Price of Corpus Christi as the advisors.

Procedure is this -- a person who wants to lease state land must first apply to the city government, if the land lies in a city limit, or to the county commissioner's court. They publish notices and have public hearings. If they recommend the lease the three-man School Land Board then can consider it and set the amount of rent to be paid.

First application was from Port Aransas, which wants to lease part of Mustang Island for an airport.

SCHOOL BUS BARGAINS -- Prices of school buses are falling.

State Board of Control, which buys buses for all the school districts on sealed bids, found that the price of 72 passenger buses has fallen by about \$1,200 this spring.

May purchases averaged \$5,430, while the 1961 average was \$6,618. Same sort of declines were noted in prices of smaller buses.

MOST of the neighboring cities are celebrating the beginning of the Canadian River Dam Project and I can't help but feel sorta like the fellow who missed the boat when I realize that Littlefield did not sign up for water from the dam. True, we have several thousand acres of sand hill water rights at logically we should have enough water for many many years. Yet, on the other hand, in West Texas, I just wonder if you can ever have too much water supply on hand?

Nearby Lubbock is already piping water through Littlefield from the sandhills in Bailey County. I doubt about it . . . this is a big draw down that could affect Lamb County and Littlefield water supply. Only the will tell . . . we trust that time will tell that we have acted wisely in staying out of the Canadian River project.

YESTERAY was the 49th anniversary of the city of Littlefield, as you old timers had better start jottin' down your early memories of Littlefield, because we'll certainly need them in our big 50th anniversary edition which will be published around the first of July next ye.

An enthusiastic lady happily told a group of friends of her experience in getting to use some first-aid lessons she had learned many years ago. "It was remarkable," she said, "that remember it all these years, and so lucky I'd had the training. I was crossing the high Street, when I heard a crash I turned around and there was poor molly lying there -- stuck down by a taxi. He had a compound fracture of the leg, a broken skull, and was bleeding profusely. Then all my first-aid came back to me, and I stood right down and put my head between my knees to keep from fainting." Tit-Bits, London

Earth Cub Scouts Receive Pack Charter At Meeting

The June Pack meeting of Pack #14 of Earth was highlighted by the presentation of the Pack Charter by Cesare Buzzitta of Littlefield, new District Executive of the Boy Scouts of America for the George White District, W. J. Rylant, Sr. Lion member, accepted the charge and charter in the absence of the Institutional Representative, Phil Raught. The Pack also was presented a 100% Boy's Life Banner and a red ribbon for having the pack rechartering completed by the deadline date. Buzzitta encouraged the boys and adults to strive toward a bigger and better year in cubbing for the coming year. He also presented adult leaders with registration cards.

S. H. Salley, cubmaster, opened the program with the invocation, followed by the pledge to the flag by the audience and led by Artho Rylant, a member of Troop #14. Special guests, Mr. and Mrs. Cesare Buzzitta, Ann Marie, Cesare, Jr. and Joseph and Mr. and Mrs. C. Owen Jones, Tommy and Mike, were

introduced by Salley. Jones is the Neighborhood Commissioner for the Scouts and lives in Muleshoe. He stressed the importance of the boys working toward arrow points during the summer.

Fishing and refreshments were enjoyed at the lake located on the R. J. Brock farm northeast of Earth before and after the program.

The next regular pack meeting will be a swimming party to be held on July 26 at 7:30 p.m. Mr. Cub Scout, Attendance award, was again won by Den 3 which has won it at least 5 times.

The Webelos Den will start meeting at 7:30 p.m. on the first and third Thursday nights of the month at the Scout Hut with the adult leader, Jim Glasscock. All boys who are eligible are urged to attend.

The monthly Roundtable for Cub Scout leaders, Scout leaders and parents will be held at Littlefield in the Methodist church at 8 p.m. July 9. All are invited and urged to attend the meeting.

Are You Rejoicing?

by Rev. Roy Grote

REV ROY GROTE

Are You Rejoicing? How do you feel today? Are you happy? Are you rejoicing? Do you get a big kick out of life? Are you really living? Is your joy catching? Do people like to be around you because you are at peace, because you know what you want in life, and because you are facing the future with expectant joy? Ask yourself: do these questions describe me and the life that I lead?

How do you feel today? Are you discouraged, feeling blue and down in the dumps? Does life seem just one long hard old grind? Do people shy away from you when you start to tell them of your troubles? Ask yourself: do these questions describe me and the life that I lead?

If you fit into the second class, wouldn't you like to change places with the first class? God would gladly have you trade places, God wants us to have fun in this life as well as in the life to come. Listen to his Word as it is written in Philippians 4:4 - Rejoice in the Lord alway: and again I say, rejoice.

Some so-called Christians have twisted God's Word and God's Will and have made a lot of people believe that Christianity is a sad sack religion. They believe that in this life a person has two choices - either he can be good and miss all the fun or else he can forsake Christ and really paint the town red and have a barrel of fun. So in order to be "good" Christians these people go about with a long face and tell people about all the "don'ts". To them Christianity is a set of rules about things they have to do and things they have to leave alone. These people are trying to earn heaven on their own merits. They are trying to crawl up to heaven on the hands and knees of their own merits of which they have none instead of allowing Christ to fly them there on the wings of his righteousness of which He has plenty for all.

Do you want real happiness? Do you want a joy that will not leave a hangover the next day?

With Christ we begin to see things with a clearer eye. We will rejoice in the things that are really worthwhile. Sure, the Christian will still have his troubles here on earth. We are still living in a sinful world. The devil, the world and our own sinful flesh constantly tempt us to do evil. But with Christ at our right hand and with Him guiding the way, we will walk according to His will and His way. We will strive to do His will and that will be expressed in the command: Go you into all the world and preach the gospel to every creature. This we are to do joyfully. How easy it is to tell good news. That is what the gospel is: the good news of salvation to lost and condemned souls through Christ, our God and Savior.

So let us go on our way rejoicing. The writer to the Philippians continues: Let our moderation be known unto all men. The Lord is at hand. Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known to God.

Are you rejoicing? With Christ as your God and Savior, you can't help but rejoice. Come what may, let the stock market drop. Let the atomic bombs fall. Let sickness and death come if such be God's will. Let come what may, in Christ be careful for nothing. The last verse I would quote from Philippians promises this wonderful result: And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

Are you rejoicing? If you are not, seek that joy in God's house this coming Sunday and every Sunday until God takes you to Himself in heaven where there will be perfect joy forever.

Written by Rev. Roy Grote of St. Martin Lutheran Church of Littlefield

Then listen to God's Word: Rejoice in the Lord alway: and again I say, Rejoice.

Any man who has truly understood the greatest story ever

er told will be a happy man. What greater love story has ever been told than the wonderful story of God who loved sinful condemned man so much that He sent His only Son to suffer the punishment that sinful man deserved in order that he could take man back to Himself as his child. Yes, God loved us so much that He sent His Son to suffer and die in our place that we might be released from the curse of sin and be able to accept the free gift of heaven. All this has been done. The price of our sins has been paid. Christ stands and offers us the gift of heaven. All that we need to do is to accept this forgiveness that is offered us through our Savior, Jesus Christ. Truly, we can and should be happy in the sure knowledge of salvation as given us in Christ.

Penn Point

By D.H.P.

One of my lawyer friends has loaned me several large law books outlining the recent Supreme Court decision. At this writing I am right in the middle of one of the justice's opinions, and after reading this far, it is quite a bit more clear as to why the decision against prayers in the classrooms of public school was made.

I still do not agree with the decision completely and probably never will, but I think an understanding of both sides of any situation will certainly bring about a closer view.

I do not claim or profess to be any kind of legal eagle, but I do think it most unfortunate that our nation's supposed "law authorities" have seen fit to make the ruling. This is not the first time a ruling has been made and will probably not be the last.

In fact, this is only a minor ruling and some of the others that have been made prior to it are, in my opinion a lot worse. One of the rulings says that persons do not have to salute the flag of the United States... while yet another ruling states that a public servant taking office is not required to utter the words, "so help me God" in taking the oath of office.

I maintain that it is certainly a "sad" state of affairs, but maybe we will all become just a little more conscious of our own beliefs in prayers and do "more praying in our homes."

Well, we went to press a day early because of the July Fourth holiday. Very possibly, some earth shaking news will break during Wednesday, but that is just one of the hazards of publishing a newspaper early.

Everyone else... almost everyone else... gets to observe the holiday and after much arm twisting the newspaper staff is also getting the day off. We hope your holiday was safe and sane.

The first Congressional step has been taken to make it possible for us to elect a President in a fair and representative manner as we elect a Congressman or Senator!

A Constitutional Amendment (Senate Joint Resolution 12) sponsored by Senators Mundt (R-S.D.), Thurmond (D-S.C.), Morton (R-Ky.), Fong (R-Hawaii), Hruska (R-Nebr.), Goldwater (R-Ariz.) and McClellan (D-Ark.) by which candidates for the Electoral College would each declare his choice for President and Vice President and then run for election in a manner similar to Senators and Representatives, is now under study by the full Senate Judiciary Committee.

Instead of voting for a panel of electors representing one party or the other, the individual citizen, under the proposed Amendment, would vote for two electors at large (as for Senators) and for one elector in his area (comparable to his Congressional District). Thus, the electoral vote would very likely be divided. Most states would then be sending to the Electoral College members of both parties, rather than sending the victorious panel, either all Democrat or all Republican, as is now done - depriving the state's minority of all representation.

Under the present system of a statewide general ticket, a voter has as many votes in Presidential elections as his state has electors -- one for each of

its two Senators, and one for each Congressman. Each New Yorker had 45 votes in 1960, each Delawarean but three.

Senator Mundt's Amendment would restore the purpose of the Electoral College -- to prevent distortions in the election of the President arising from the widely varying populations of the different states. Under this reform, every voter in every state would vote for three electors -- just as he helps elect two Senators and one Representative.

Public dissatisfaction with the presently gerrymandered electoral system by which the larger states, especially those dominated by their big cities, have an inordinate voice in both the selection of Presidential candidates and their election, is wide and deep. Public opinion polls reveal a substantial majority anxious for correction of these evils. The chance for such reform is before us. But its fate now rests in the Senate, where the outcome is highly uncertain -- unless those who say they want fair Presidential elections tell their Senators so.

A pen in the hand is worth a dozen in the pocket.

Chances are pretty good that Clarence Davis won't be venturing off by himself the next time he is visiting a large city. Seems as how the last time he did... last week... he woke up the next morning in the hospital all black and blue around the head.

Some one or more clubbed him over the head, robbed him and left him in an alley of one of our eastern cities. The first any of his folks here knew about it was when he stepped off the plane in Lubbock late Saturday afternoon... all black and blue.

I guess this is just another of the many dangers encountered in big cities.

Our congratulations to the 14 All-Stars and five alternates chosen Sunday afternoon by the Little League directors, umpires and coaches. When you take into consideration the number of boys taking part in the League being chosen an All-Star is a pretty big honor.

We hope this year's team will go all the way to the national playoffs, but if they don't everyone will be just as proud of each of the boys... not just the All-Stars but everyone who has played in Little League, PONY League, Colt League and American Legion League.

MISSIONARIES TO BURMA SPEAK HERE -- The Littlefield Assembly of God church will hear Rev. Glenn Stafford, missionary to Burma, in services July 8. Rev. Stafford and his

family are shown above. From left to right they are, Mrs. Stafford, Darla Jo, Glenn DeWitt, Jr., Sondra Kay and Rev. Stafford.

Burma Missionaries To Speak

When the Mars Task Force of the U. S. Army landed in Burma during World War II, Glenn Stafford was a member of the unit. His service in Burma with the American Army created within him a desire to return to Burma as a missionary after the war was over. This desire was realized in 1957 when Rev. and Mrs. Stafford again landed on Burmese soil.

Rev. and Mrs. Stafford, under appointment with the Foreign Missions Department of the Assemblies of God, will be speaking July 8, 1962 at the Assembly of God church, Hall Ave., at College.

Rev. and Mrs. Stafford pioneered and supervised an evangelistic center in the city of Rangoon, Burma. Rev. Stafford served as business agent for all the Assemblies of God missionaries of Upper Burma and was elected superintendent of the Assemblies of God of Burma.

Previous to their missionary service, the Staffords pastored Central Assembly of God in Lubbock, and were associate pastors of First Assembly of God, in Amarillo.

Rev. Stafford is a graduate of Southwestern Assemblies of God College in Waxahachie, Tex., and received ministerial ordination with the West Texas District Council.

During World War II, the Rev. Stafford served with the infantry in North Africa, India, Chi-

na, and fought in the Northern Burma campaign.

Rev. and Mrs. Stafford have three children: Sondra Kay, 8, Darla Jo, 4, and Glenn DeWitt, Jr., 2.

Rev. D. L. Kreeger extends a cordial invitation to the public to attend this special missionary rally. The Staffords, dressed in native costume, will show color slides of their missionary work and will display curios in the rally. The service begins at 7 p.m.

ADMIRE DAY LILIES -- Members of the Littlefield Garden Club inspected the day lilies being grown by Mrs. E. J. Wicker during their meeting Thursday morning. Shown above admiring some of the lilies are Mrs. Joe Dillon, left, and Mrs. G. T. Corry.

High Plains Research Hires Agronomist

Barry Love joined the Staff at the High Plains Research Foundation at Halfway on July 1 as Assistant Agronomist, a new position created by the Board of Trustees this year. Love received his Associate of Science Degree at Murray State Agricultural College, Tishomingo, Okla., in June, 1958, he was the top honor student in his class. His degree was in animal nutrition. He received his Bachelor of Science Degree in Agriculture at Oklahoma State University, Stillwater, Okla., in August 1960. His work at Oklahoma State included Animal husbandry, Agronomy, Chemistry and Biological Sciences. Love was awarded a Master of Science Degree at the University of Illinois in Animal Science in June of 1962.

Prior to completing his College training, Love worked on his father's farm at Colera, Okla. he worked for two years in an aircraft factory in Dallas and spent three years in the U. S. Army. A portion of his Army service was in Germany. Dr. Earl H. Collister, Director of the Foundation, in announcing Love's selection for

the position stated "Love has the training and background to qualify him for the research work he will be assigned at the Foundation." One of his assignments will be the development of the new grass-legume program at Halfway on correlating both dryland and irrigated projects. This new program is designed to: (1) find a better dryland legume; (2) a grass selection program of variety testing and breeding for the High and South Plains to secure a high protein grass, easily eradicated, that will rebuild the soil humus.

Dr. Collister stated that Love will also assist in crop research, and the soy bean and sesame breeding work. He will also eventually have the responsibility for off station testing of these research projects throughout the High Plains from Perryton, Texas, Guymon, Okla., to Levelland and Muleshoe. His assistance will fill an economic need for this area. Mr. and Mrs. Love and two children, Harold age five, and Stephanie, age ten months, now establish residence on SE 8th in Plainview.
