LITTLEFIELD AREA GETS GENERAL RAIN TUESDAY

1.42 INCHES IS RECEIVED HERE TUESDAY NIGHT

Three Inches Reported To Have Fallen At Fieldton

A drenching rain began falling here about 9:30 Tuesday night, continuing until after midnight, the total precipitation measuring one and forty-three hundredths inches.

Sections east, north and west received rains varying from light showers to heavy rains. Reports indicate that this is the most general rain received in several months in this section.

Rain fell from Littlefield to Plainview, and portions of the Panhandle. Three inches are reported to have fallen at Fieldton and Hale Center; two inches at Amherst; 1 1/2 inches at Spring Lake; a very heavy rain at Sudan, south from Sudan and west to Clovis, N. M., a good rain taking in the territory from Littlefield to Lubbock, the Hub city reporting an inch and a half of moisture.

Levelland and vicinity are also reported to have received about two inches.

The total rainfall during July for this section, according to L. C. Cawthon, official weather reporter for this district, was 1 82-100 inches.

RURAL AID LAW TO BE TALKED AT SUDAN MEET

REPRESENTATIVE OF EDUCATION DEPT. TO VISIT COUNTY

As announced by L. D. Rochelle, County Superintendent, the Deputy State Superintendent, Department of Education, Austin, will be in this district from August 7th until 12th, and will speak at a meeting called Wednesday afternoon, August 9, at 2 p. m. at the Sudan school, for the purpose of explaining the various provisions and the plan of operation of the Rural Aid Law, to all interested in the schools in Lamb and Bailey counties.

Because of the state wide interest in the law, and because of its far-reaching effects on all types of schools from the one teacher rural school to the large affiliated schools, Mr. Rochelle urges all persons interested in the public schools to be present. He especially urges all members of the different Boards of Trustees in both Lamb and Bailey counties to be present.

Other speaking appointments are as follows:

Monday, August 7, 9:45 at Post for Garza county.

Monday, August 7, 2 p. m. at Lamasa for Dawson, Borden and Gaines counties.

Tuesday, August 8, 2 p. m. at Tahoka, for Yoakum, Terry and Lynn counties.

Thursday, August 10, 2 p. m. at Plainview for Hale and Floyd counties.

Friday, August 11, 2 p. m. at Levelland for Cochran, Lubbock and Hockley counties.

Saturday, August 12, 10 a. m. at Crosbyton for Crosby county.

Sudan Pledges One Hundred Percent Cooperation to NRA

At a meeting of the Sudan Chamber of Commerce Tuesday called in the interest of the National Recovery program, the goal for 100 percent membership before Tuesday evening of President Roosevelt's agreement was set by the Sudan group.

It was reported at the meeting that about 85 percent of the business firms in Sudan had signed the pledge of cooperation. About 40 business men were present at the meeting.

Committees were appointed, representing as nearly as possible one of each kind of business in Sudan.

Rev. J. F. Grizzle and J. W. Hale of Littlefield attended the meeting, and gave talks in the interest of the National Recovery Act.

TEACHERS' SALARIES SET AT SCHOOL BOARD MEETING TUESDAY

At a meeting of the trustees of the Littlefield Independent School District Tuesday evening, the matter of teachers salaries was discussed and set at \$75.00 per month for grade teachers and \$90.00 per month for high school teachers.

ROCKY FORD INFANT BURIED HERE JULY 26

Funeral services were conducted for the infant child of Mr. and Mrs. Melvin Cowen of Rocky Ford community Wednesday afternoon, July 26, at 3:30 o'clock, at the grave in the Littlefield Cemetery.

Rev. J. F. Grizzle officiated, and Hammons Funeral Home were the undertakers.

J. E. NICHOLS, 67, BULA RESIDENT, PASSES SUNDAY

DECEASED HAD BEEN IN ILL HEALTH FOR THREE YEARS

Joseph E. Nichols, aged 67, of Bula community, passed away at the Lubbock Sanitarium Sunday afternoon, July 30 at 2:30, where he was taken Saturday.

Heart trouble, from which he had been suffering for the past three years, was given as the cause of his death.

Funeral services were conducted at two o'clock Tuesday afternoon at the Methodist Church, Bula, by the pastor, assisted by Rev. W. P. Kirk, pastor of the Baptist Church of that community, and interment took place in the Littlefield Cemetery, under the direction of Martin Funeral Home, Lubbock.

Surviving the deceased are his widow and eight children, including four daughters, Mrs. J. B. Cummings, of Mena, Ark.; Mrs. A. T. Ellis of Hampton, Ark.; Misses Loda and Annie Mae Nichols of Bula; and four sons, W. E. Nichols of Whittensburg, Texas; L. E. Nichols of Mena, Ark.; J. M. Nichols of Overton, Texas, and Herman Nichols of Bula, all of whom were present at the funeral. He was also survived by several brothers and sisters.

The very large funeral attendance, including a great number of out-of-town friends, and the large array of floral offerings, indicated the great love and respect which the community and all who knew him, held for the deceased.

Set Scholastic Apportionment At \$16 For 1933-34

The Texas State Board of education late Monday set the scholastic apportionment for 1933-34 at \$16.00 per capita, the amount to be paid on the basis of 1,570,365 scholastics.

According to Carl Arnold, Secretary of the Littlefield schools, this city's scholastics as approved by the State Board number 2042. This will, therefore mean that the Littlefield Independent school district will receive \$32,672.00. This action, Mr. Arnold pointed out, would enable the Littlefield school board to pay the teachers without taking any of the school's tax money. He added that this news was particularly gratifying in view of the fact that only about \$9.00 per capita was expected.

Of the amount allotted for the current term, \$6 per scholastic remains unpaid, and this is being liquidated at the rate of about \$1.00 monthly per capita.

Lamb County Has Good Representation At Short Course

Accompanied by Miss Ruby Mashburn, county Home Demonstration Agent, twenty-six representatives from Lamb County 4-H Clubs and Home Demonstration Clubs and a number of farmers, attended the annual A. & M. Short Course at College Station, which opened Monday morning, July 24, which included many inspirational and informational lectures, talks and discussions in a wide variety of rural fields, including home making, dairying, poultry, livestock, livestock production, farm crops, etc.

Those attending were as follows: Mrs. W. H. Roberts, as a delegate from the Littlefield Home Demonstration Club; Mr. and Mrs. Walter Spire of Littlefield; Miss Opal Brown as delegate from the Littlefield 4-H Club; Miss Maude Pepper as delegate from the Ruby club; Mrs. J. M. Whitfield and Mrs. J. T. Graham as delegates from the Amherst H. D. Club; Miss Virginia Bell Logan representing the 4-H Club of Amherst; Mrs. C. M. Crawford, delegate from the Blue Bonnet club south of Sudan; Mrs. W. R. Boyd, Friendship club; Mrs. D. C. Lumpkins, as delegate from the Sudan H. D. Club; and Mr. and Mrs. R. V. Fent of Olton, representing the Sandhill club.

Attending the Short Course were 2300 women, 1200 men and 1500 4-H boys and girls.

Lamb County Leads Entire State In Cotton Acreage Control Benefits

Figures compiled by Senator Arthur P. Duggan, and taken from government reports, disclose that the 23 counties comprising the 30th Senatorial district will receive one-sixth of the cash that will be distributed to Texas farmers in the cotton plow-up program. There are 31 senatorial districts in Texas.

Mr. Duggan's figures showed that the 23 counties in this district will receive \$6,918,838. The entire state will receive \$42,879,770.

Lamb county, with a total of \$1,438,046, nearly a half million dollars ahead of any county, leads the state and possibly the entire nation in the amount of cash to be received.

School Equalization Board Makes Report

The Equalization Board for the Littlefield Independent School District, composed of C. W. Smiley, Homer Hall and J. W. Emfinger, have completed their appraisals of values in this district.

The total valuation of property taxable for school purposes including personal property was found to be \$4,068,877.92.

The Board of Equalization will meet Wednesday and Thursday, August 16 and 17, and cards are being mailed out to those whose valuations have increased notifying them of this date.

SERIES OF LIFE SAVING LESSONS START MONDAY

A. B. Sanders, superintendent of the Littlefield public schools, opened a series of eight life saving lessons, for boys between the ages of 12 and 17 years, at the Cundiff swimming pool Monday morning.

There is no charge for the instructions and all boys are invited and urged to take part. Girls are also eligible to receive these instructions, it was announced.

A total of eight lessons will complete the course. Four lessons are being given this week, and after a week's rest, review work will be given and then the remainder of the lessons. After the course is completed tests will be given for Junior life guard certificates. All parents and the public are invited to witness the examinations.

Mr. Sanders is life saving examiner for the Boy Scouts of this district.

Those enrolled for the course are: Buddy Morris, Buford Eagen, Emory Glass, Lowell Wallace, Wayne Madden, Gene Willis, H. W. Bradley, Marshall Burleson, Cecil Hall, Linton Smith and Ernestine Cundiff.

The plumbing contract for the addition to the Grammar school building has been let to L. C. Cawthon.

Here's The General Code Which Littlefield Firms Are Operating Under

The blanket agreement put into force by President Roosevelt, in a nationwide plan to raise wages, create employment, etc., which is being signed by the Littlefield business men is as follows:

During the period of the President's emergency reemployment drive, that is to say, from August 1 to December 31, 1933, or to any earlier date of approval of a Code of Fair Competition to which he is subject, the undersigned hereby agrees with the President as follows:

(1) After August 31, 1933, not to employ any person under 16 years of age, except that persons between 14 and 16 may be employed (but not in manufacturing or mechanical industries) for not to exceed 3 hours per day and those hours between 7 a. m. and 7 p. m. in such work as will not interfere with hours of day school.

(2) Not to work any accounting, clerical, banking, office, service, or sales employees (except outside salesmen) in any store, office, department, establishment, or public utility, or on any automotive or horse-drawn passenger, express, delivery, or freight service, or in any other place or manner, for more than 40 hours in any 1 week and not to reduce the hours of any store or service operation to below 52 hours in any 1 week, unless such hours were less than 52 hours per week before July 1, 1933, and in the latter case not to reduce such hours at all.

(3) Not to employ any factory or mechanical worker or artisan more than a maximum week of 35 hours until December 31, 1933, but with the right to work a maximum week of 40 hours for any 6 weeks within this period; and not to employ any worker more than 8 hours in any 1 day.

(4) The maximum hours fixed in the foregoing paragraphs (2) and (3) shall not apply to employees in establishments employing not more than

BUSINESS MEN OF CITY SIGN RECOVERY CODE

All Lines of Business Are Co-operating in Program

Immediately upon Dr. Ira E. Woods, president of the Littlefield Chamber of Commerce, receiving from Washington the request for Littlefield to organize under the National Recovery Act, a NRA Campaign Committee was appointed, consisting of Dr. Woods, Chairman; J. W. Hale, Secretary; and A. R. Hendricks, J. O. Garlington, E. J. Foust, Mrs. J. M. Stokes, Rev. J. F. Grizzle, Rev. P. H. Gates, R. T. Badger, J. H. Ware and Mayor Crockett, members.

Swinging into line with President Roosevelt's plan against depression, a mass meeting was called by Mayor Crockett Monday afternoon for the purpose of organization under the National Recovery Act, and the securing of full cooperation from all business establishments, in the signing and enforcement of the blanket agreement, which Friday last had been distributed to all business men of this city by special delivery by the Littlefield postoffice.

The delivery by messenger of copies of the agreement to all business men was a special service rendered by the Littlefield postoffice, their duties merely calling for depositing them in the boxes in the post office, but in order to expedite matters and cooperate with the government and the business establishments, J. G. Singer, postmaster, said he was glad to render this special service.

For the purpose of securing 100 percent of the business men present at the meeting Mayor Crockett made the proclamation that all business establishments should close from four to five p. m. Monday.

Monday's Meeting
Dr. Ira E. Woods acted as Chairman of the meeting, and explained the blanket code contained in the agreement, and emphasized the necessity for drastic action, also urging the need of the fullest cooperation from all merchants and other lines of business.

Rev. Joe F. Grizzle urged cooperation stating that if "everyone will stand together, it will certainly bring success about in this recovery plan." He suggested that all business hire extra help, stating that in a short time they will need that help. He expressed himself as having no doubt but that the plan will be a success, suggesting that "we all get on and try. There's going to come out of it the greatest joy."

J. O. Garlington also made a talk, pointing out the large numbers President Roosevelt's program will put back to work, stating that men would much prefer to receive a wage check than charity money from the R. F. C. He urged the fullest cooperation in the matter of emergency employment, and also explained the different phases of the National Recovery Act.

R. T. Badger pledged on behalf of himself and the Yellow House Land Co. 100% cooperation, saying, "We

Encourages Texas Industry

Every Texan has a selfish as well as patriotic interest in the industrial development of his home state. No other forward step means so much economically to Texas citizens, no other development will have more to do with the upbuilding of Texas as a whole.

The farmer will profit from it in the way of better markets. The retailer will advantage from it in the way of more customers and more stable economic conditions. The wholesaler will benefit from the aid to his retail outlets. The professional man will have more clients. Even the manufacturers already here will secure the advantages accruing from more people, more industrial workers, more of the "value added by manufacture" staying in Texas to the tremendous increase of the State's personal income.

wage-earners of Texas with the 1,300,000 of New England—relatively of the same size and population. Compare the \$151,000,000 annual industrial payroll of Texas with the \$1,100,000,000 payroll of New England, and think what it would mean to every Texan if the Texas payroll were increased by a billion dollars. Its industrial workers increased by a million wage-earners!

Texas has the raw materials, the fuels, the transportation, the power, the markets—12,000,000 people are in its possible trade area. It has the ports for foreign business, it has at its doors below the Rio Grande a potential and growing market that should be supplied by Texas manufacturers. The more rapid our industrial development and the sooner our ability to supply these and our own increasing demands, the more certain that Texas will dominate this new market by its nearness and its accessibility to existing transportation lines.

Encouraging Texas industry by Texas citizens is a tremendous aid in the accomplishment of such an important objective. Every Texan can help by knowing what Texas makes and the quality of its manufactured product.

Stop Loss Selling

When wheat collapsed on the recent bullish market that carried it to nearly one dollar in Floydada and a lot higher on the primary markets, the drop uncovered so many stop loss sellers that it was hard to keep it from going even lower.

People from the eastern part of

the country, who could hardly be induced to pay wheat any attention when it was a real buy at away below production costs at 45 cents, went wild after the cereal began pegging away at the dollar mark. Millions of bushels was being held by people east of the Mississippi who thought it surely ought to touch the two dollar mark and bring them in some easy money. At that they remembered enough of their sad experiences during 1929 and 1930 to put stop losses on their holdings. People still want to bet but tie a string to it after having been burned in the holocaust of the fall of 1929.—Floyd County Hesperian.

The contract was let last Monday by Messrs Max L. McClure and A. C. Chesser for a new theatre building, costing about \$24,000, to be located just across the street from the location of the present Lee Theatre. The award was made to Sampson Construction Company of Clovis. The building, according to the plans and specifications, is to be one of the most modern and up to date show houses to be found anywhere throughout West Texas.

The new 25x80 two story brick erected by Judge R. C. Hopping is this week receiving the finishing touches and will be turned over to the owner.

Eight thousand nine hundred and sixty acres, to be exact, is the amount of land which Judge R. C. Hopping has sold during the past three weeks of the second subdivision of the Spade ranch, and the future prospects could not be brighter, says the Judge.

Mr. and Mrs. Clayburn Harvey were in Plainview Sunday to visit with A. H. McGavock, who is in the hospital recuperating from an operation.

A. Timian, Philip Stockgenzer and family, Wm. Rosnagle and family left Saturday for northern climes. Mr. Timian will visit relatives in North Dakota, while the others will go on for similar visits in Canada.

E. L. Maxey has purchased the F. G. Sudler home in the eastern part of town. He is to be cashier in the new bank soon to be established here.

Milton Webb, son of Mr. and Mrs. W. P. Webb, bookkeeper for Whaley Lumber Co. at Muleshoe was brought through Littlefield Tuesday with two physicians on the way to Lubbock for an appendicitis operation.

H. P. Webb, superintendent of schools in Olton has lately become a life member of the Texas State Teachers Association. He is life member No. 638.

Lightning Saturday Afternoon at Anton Causes Two Deaths

Lightning striking twice in a crowd attending horse races at Anton Saturday afternoon caused the deaths of Gerwood Murrell, son of Mr. and Mrs. T. Murrell, of 3 miles north of Amherst and John Thomas Peters, 17, son of Mr. and Mrs. B. F. Peters of two miles southeast of Anton, as well as knocking at least two other persons unconscious.

Murrell was killed instantly, while Peters was knocked unconscious and taken to the Lubbock Sanitarium in a serious condition, and died at 10 o'clock Sunday afternoon.

Jack Cundiff, about 13, son of Mr.

and Mrs. J. E. Cundiff of Anton, also suffered shock, but according to reports had recovered. Arthur Couch, 24, of near Anton was also knocked unconscious, but is believed to be recovering.

The first bolt crashed into a crowd near a concession stand, injuring Peters and Cundiff and knocking down several other persons. Two minutes later a second bolt killed Murrell, who was standing near the east edge of the field, about 200 yards from Peters. Couch was injured then.

The lightning struck during a brief electrical storm. Little rain fell. The crowd of about 600 persons was thrown into confusion and rumors spread rapidly. First reports said three persons had been killed.

The crowd rushed about the unconscious Peters boy who was on the ground. J. L. Goode, who had been engaged in the arena, had a rope in his hand. He and others held the surging crowd back.

A doctor examined Peters, pronounced him dead. While plans were being made to move him, bystanders saw signs of life. Artificial resuscitation was given and the boy began breathing.

Oxygen was being given to the boy at Lubbock sanitarium Saturday night. For a time several men were required to hold him on a bed. Later he became quiet, his pulse weak.

F. E. Collins of 2024 Tenth street, Lubbock, was standing in what he said was "reaching distance" of Murrell when lightning struck. Collins said he felt no shock.

Lightning sparks played all over the young man's body and "he dropped like he had been shot," Collins said.

Joe Reiger, former deputy sheriff

of Lubbock county, attended the races with Collins.

Funeral services for Gerwood Murrell was conducted at Amherst Sunday afternoon, interment taking place in the local cemetery, with M. L. Payne in charge of arrangements.

Last rites were held for J. T. Peters Sunday afternoon at three o'clock at the Baptist Church, Anton, with burial in the Anton Cemetery.

Peters is survived by his parents, Mr. and Mrs. B. F. Peters; four brothers, J. H., Andy, Estel, and Elroy Peters, and four sisters, Mrs. Amy Dunn, Mrs. Maggie Darnell, Annie Fay Peters and Susie Fay Peters, all of the Anton vicinity.

Wide Area Of Plains Visited By Rain Sunday

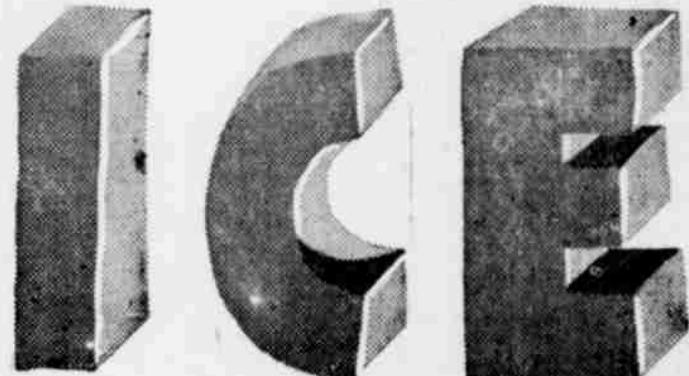

Rain fell Sunday afternoon over widely scattered areas, and varied from light showers to as much as three inches, though only a very light shower fell in Littlefield.

About two inches of rain is said to have fallen on a strip about a mile and a half wide starting northeast of town and reaching to about the Spade line. Some hail is also reported to have accompanied the rain northeast of Littlefield. Rain fell from Whitharral, south to Lamesa. Other places visited by rain were Anton, one inch; Sudan, Muleshoe, Amherst and Shallowater, showers; Hale Center, three inches, Plainview shower, Floydada and Lockney an inch; Brownfield and Meadow half an inch; Levelland a shower, Slaton to Sweetwater three quarters to inch and a half.

Wardrobe Demonstrators

Following are reports by the year winners in the wardrobe demonstration contest recently completed:

Mrs. Charlie Crawford, Sudan, Texas

First in Class No. 1

I was judged to a certain extent as the best. This alone is reason why all women enjoy being becomingly.

I fully decided to enter wardrobe work. I had no idea how going to provide more storage space as the yearly budget was made and there was only three dollars to use for my clothes closet. I had a curtain in one corner and it reached to the ceiling. I planned to reach the closet in this same corner and had a nice large one. I bought lumber to build the end and the same curtain I could use at the front. As my husband is all gifted with carpenter tools, I built it myself. This done I covered and papered it with material left from the house which was used a year ago. I was determined to get a long plank for the top shelf. I decided the chickens could use more air so I took a plank off the

south side of the hen house and scrubbed and papered it.

A friend gave me a three eighth inch pipe to use as a rod for hangers and I put this just under the long shelf. I supposed my closet was completed, but my husband and I decided to clean out the cellar as the storm period was approaching, and I found enough planks in there for two shelves to be put in the end of the closet. I also found a roll of building paper and a box of calomine. I traded this to a lumberman for material for the door and rest of front for closet. How delighted I was that it was almost completed. I found paint to finish the door and the floor inside in ivory. Then made hat stands, papered hat boxes to store things in, fixed a shoe rack, a polish box, and a place for overshoes, and also made a laundry bag and a pattern container. I made a rack on one side for my eight year old daughter's clothes, just the height for her to reach easily. I made a garment bag of material I had used before for closet curtain. I painted all clothes hangers ivory, made a nice over night case from a paste board box and papered it.

After the worst sandstorms were over I found a long plank that had been partly uncovered. I sawed this into and used it for two more shelves to be used for hats, linens and the lower one for my daughter's accessories.

I made a shoe rack just under these shelves, each shelf is labled so that a stranger could walk in it and find anything in a hurry. I put the laundry bag, whisk broom and flash light on the inside of the door. I have made sachet bags to hang in the closet made of "Sweet Basil" and honey suckle blossoms I grew. I must say it is very pretty, hand, mouse proof.

and I am fully rewarded when I see how nice my clothes are protected from "West Texas" sandstorms.

My husband is very proud of my accomplishments and never fails to show the closet to friends and my daughter is not very methodical with her clothes.

Completed, the cost to me was two dollars and seventy five cents in cash.

This closet is seven and one half feet in height, two and one half feet wide and four feet and seven inches in length.

There has been better than one hundred persons to see my closet, and have asked me to help them in building one and arranging for more storage space. I have partitions in my dresser drawers and machine drawers for assorting articles and I have also fixed a miscellaneous sewing equipment.

I have helped to make ten foundation garments. I have one for myself and make all my clothes from it. I have made a wash dress and entered it in the country dress contest and was given place Number 1 on it.

Entering this work has given me more confidence in myself and more determination. I have sewed for friends who wished to trade me something I needed. Among the things I have obtained this way are: a cedar chest for my daughter, and a sewing rocker. I have also paid four months expression lessons and for having my hair set regularly for a year, and have two quilts quilted, besides earning eight dollars and seventy five cents in dry goods. In cash I have earned one hundred dollars for sewing for the public.

Following is the total expenditures of my wardrobe:

Table with 2 columns: Item, Amount. Includes Outer clothing (\$10.00), Under clothing (9.91), Dresses (7.90), Headwear (4.56), Foot wear (14.45), Accessories and cosmetics (5.93), Miscellaneous (5.87).

TOTAL \$50.88. Traded for merchandise 8.74. Cash Paid \$50.88.

If I had bought my clothes ready made they would have cost twice the amount.

I have learned how to buy clothing.

If You Smoke Too Much Watch Your Stomach

For quick relief from indigestion and upset stomach due to excessive smoking try Dr. Emil's Adla Tablets. Don't stop smoking, just use Adla Tablets. Stokes-Alexander Drug Co., Inc.

and I know they fit me nicer and cost less than before.

I have truly enjoyed the work and with an agent as loyal as Lamb county has, you can not fail if you have any ambition and determination.

By Mrs. W. T. Whitaker, Olton, Texas

Second in Class No. 1

I entered the Wardrobe Demonstration with some hesitation as we did not own the house where we were living. Too, it seemed I knew so little about how, where and when to begin the work.

But as you have heard said, "Every thing works out for the best." So with the cooperation of the demonstration agent, helps from bulletins, magazines and papers, I began to be interested. Also before judging time came around, I was located in my own home with a bedroom closet somewhat after my own planning.

Perhaps I started my work backwards to what most others do, but I had never kept any account of my expenditures for clothing, so I had no idea for what amount or for what articles to plan to spend. I decided this time to keep careful account of amounts spent. Thinking I'd be able at another time to make my budget to begin with. Too, I hardly felt like this would be a fair time to estimate an average year's needs, as my clothing seemed almost down to the bare walls along some lines.

For my storage space I have provided a closet five feet long by thirty eight inches wide. I have it equipped with electric lights rod for hanging clothing, laundry bag, hose bag, hat racks, shoe racks, linen shelves with doors and other shelves. I have divided my dresser drawers into compartments with places for different articles placed therein.

I have made a foundation pattern which helps me very much in fitting my clothes. I have made all my clothing with the exception of one dress which I bought ready made. have also assisted others in fitting and sewing for themselves.

My expenditures for clothing are as follows: 21 1/2% or \$12.85 for outer clothing. 21 1/2% or \$12.80 for dresses. 24% or \$14.38 underclothing. 4% or \$2.45 headwear. 22% or \$12.42 footwear. 7% or \$4.28 accessories and cosmetics. 100% or \$59.18 total.

My work and arrangements in reference to my clothing this year have been very pleasant as well as beneficial. I feel that I can more easily carry on my work, more economically and correctly dress myself. Then too, I can't see why the passers by will not have a less disturbed feeling after a peep into my clothes closet and dresser drawers.

By Mrs. L. G. Fox, Ruby Club

To know you are well dressed gives you self confidence. It is not necessary to spend a great deal, if one considers wisely. I was interested in wardrobe work. When I entered as wardrobe demonstrator for my club, I knew there was a lot to learn about buying, and also color and line. I have read all the articles I could find in magazines and have got information from our demonstrator agent. I think my time has been well spent. I have a small girl so I feel like it will help me in buying for her and teaching her to buy for herself when she is older.

I didn't have a builtin closet. Our house is small. I could never see much place to build closets. We didn't have storage space for our canned goods, so I had them in the same corner of my bedroom that I kept our best clothes. I had a rod out from the wall and kept a sheet over our clothes. I didn't have but a few hangers so I kept shirts, dresses and other things hung over the rod. When I wanted anything I would have to take everything down. It kept me busy trying to keep them straight. Our shoes were first one place then another. Under the bed or in a box.

I told my husband I had entered as wardrobe demonstrator as no one else would take it. I told him I would have to have a built in closet. He said he couldn't see a place to build one, as we didn't have a place to store our canned goods. I told him we would put the shelves in the kitchen. I finally persuaded him to help me.

We live on a rented farm, but have a good landlord. So my husband asked him about building the closet. He said to go get the material to build it. We had to buy most everything. The total cost was \$7.75. It is 5 x 2 1/2 ft. It has two long shelves and five shelves in one end. One of my club members gave me paper to paper it. It is very light. I don't ever need a flash light to find anything at night with a light in the room. My husband made the rod out of an old sucker rod from a well. He also made a shoe rack out of the ends of an orange crate and two broom handles. Then I have a low shelf for the children's shoes. I fixed a tie rack a few inches from the wall. I keep our hats on one shelf. I have arranged the dresser drawers more convenient and have a box for the handkerchiefs. Now the children know where to find a

handkerchief. All of us take more pride in keeping our clothes as it is the first time I have ever had a builtin closet, if any kind. I owe this one to our home demonstration agent, my husband and our land lord.

There have been 28 people visited my demonstration. I will have achievement day next week.

I have helped make three foundation patterns and intend to make more. I like my pattern fine. I have made three dresses and two slips by it. I didn't know you could change and make so many different styles of dresses until I have been trying to study different ways to make dresses. Every woman should have a good foundation pattern and learn to use it to an advantage.

I have enjoyed keeping accounts. I didn't realize what I did spend. I have spent as follows:

Table with 2 columns: Item, Amount. Includes Undergarments (\$6.65), Accessories and cosmetics (4.67), Foot wear (7.72), Dresses (10.88).

Total \$29.77. Value \$41.67. Saving of \$11.90.

Morris Morgan Encounters Heavy Rain on Vacation

Morris Morgan returned Saturday from a two weeks' visit with his parents, Mr. and Mrs. J. B. Morgan, near Texarkana, Texas.

Mr. Morgan, who was visiting in the section which received the heavy rain last week, reports that there were 22 inches of rain at Marshall and in that section, and that much damage was done from the flood. When it started raining Mr. Morgan said he was driving in a closed Buick between Maple and Texarkana, and that the rain came with such a force and so much of it that he got "soaking" wet sitting in the car; and that he was forced to sit in the car from ten o'clock that night until about eight in the morning on a paved road before the water went down sufficiently for him to drive, and go on to his destination. Further emphasizing the heavy rain, Mr. Morgan said a washtub sitting out in the open in his parents' back yard was filled to the top.

WE PLEDGE OUR CO-OPERATION

We must admit that for almost 3 years we have been traveling through a period of adversity. Progress has been retarded.

But the sun is rising now. Confidence has been restored. Signs of unselfish co-operation is at every turn. We are coming out of the trenches... going over the top in one of the greatest battles this nation has ever fought. We've got old depression on the run.

Still we have a period of reconstruction. But with the aid of one of the greatest leaders of all times its a pleasant problem.

President Roosevelt—a man with unequalled foresight... a God-send to the American people—is leading this great nation of ours to the greatest victory of all times. Prosperity is being reinstated.

Let's all co-operate... let's all lend a helping hand. We are not out of danger yet, but we're nearing the top of the ladder, and the last few steps will require a push from each of us. Let's all do our bit—regardless of our seeming inability—to assure victory. "Peace has her victories." Don't be a slacker. Do your part!

THIS STORE GLADLY PLEDGES ITS CO-OPERATION TO THE VERY LIMIT TO HELP OUR LEADER PUT THE NATIONAL RECOVERY ACT OVER THE TOP... LET'S ALL GO TOGETHER!

Clifford B. Jones To Work With WTCC

First official act of Clifford B. Jones, newly-appointed federal works administrator for Texas, Louisiana and New Mexico, was to summon into conference today W. D. Cline, president, D. A. Bandoen, general manager, and Chas. E. Coombes, general attorney of the West Texas Chamber of Commerce.

Purpose in calling them to Spur, Jones explained to the regional chamber officials, was to procure from them information on the work the West Texas Chamber of Commerce has done, and is doing, in assembling applications from political subdivisions in its territory for their participation in the loans for public works projects under pertinent provisions of the Act of 1932 and the National Industrial Recovery Act of 1933, under which Jones was appointed.

W. D. Cline being unable to go, Bandoen and Coombes took with them to Spur full data, including comprehensive information assembled by the West Texas Chamber, and its experience of expediting the servicing of applications that have been found to be eligible. At conclusion of the conference Jones handed Newspapermen the following typed statement:

"In view of the familiarity of the West Texas Chamber of Commerce with the National Industrial Recovery Act, and the possibilities it offers to the territory served and to West Texas projects eligible to federal loans gained from several months work with the many hundred applications on file and in process of completion, Regional Administrator Clifford B. Jones today sought at Spur, Texas, conference with D. A. Bandoen, general manager, and Chas. E. Coombes, attorney, of that organization, to the end that he and the administration might have the benefit of the comprehensive information assembled by the West Texas Chamber of Commerce and the experience of that organization in expediting the servicing of the pending applications."

W. D. Cline, Wichita Falls, president of the West Texas Chamber of

Commerce, who spent ten days in Washington recently advocating a program of administration of public works by officials responsible directly to Washington, to whom any political sub-divisions could apply directly or through chosen agencies for loans, upon being interviewed by long distance telephone said:

"We are delighted with the appointment of a West Texan, Clifford B. Jones, as public works administrator for the seventh zone. Mr. Jones' proven integrity and ability is surety that so far as the seventh zone is concerned, every community soliciting participation in the public works program will be treated strictly according to the merits of its projects, and that every community, large and small, will have equal opportunity to share in this fund."

"The appointment of a regional director and establishing of a state committee free from Texas politics carries out in full the recommendations of the West Texas Chamber of Commerce made to the responsible authorities in Washington. These were, first, that an administration responsible to Washington be set up free from local influences, and second, that all political subdivisions have equal right to apply to this administration direct, or use some chosen agency."

Messrs. Bandoen, Coombes, and T. J. McCarty, Industrial Engineer report that in West Texas, 250 political subdivisions covering 450 projects have prepared, or are in the process of preparing applications which seemingly qualify under the act, which projects total \$65,000,000. It is the purpose of the West Texas Chamber to submit only those projects which are eligible according to the terms of the act and to the rulings of the administration. All applications are being serviced with the view of getting them complete, thorough and accurate, the purpose being to submit those that are found to be eligible direct to the administrator and his state committee without delay.

Last Rites Held Sunday for Cousin Of W. J. Chesher

Funeral services were conducted Sunday afternoon at 4 o'clock at the Eynum-Stahler Funeral home, Lubbock, for Alvin Lem Chesher, 44, of that city, who died Friday afternoon at 3:15 at the West Texas Hospital. Rev. R. C. Campbell, pastor of the First Baptist Church, officiated, and burial took place in Memorial Park Cemetery.

Deceased was the cousin of W. J. Chesher of this city, who with Mrs. Chesher, and Mr. and Mrs. G. W. Chesher of Sudan, were among the out of town attendants at the funeral. Deceased was brand inspector for Texas and Southwestern Cattle Raisers' association for 14 years, and was

widely known among cattlemen. He had been in ill health for four months. He received treatment in Fort Worth, where he underwent an operation for a brain ailment, and in Mineral Wells before entering the West Texas Hospital about three weeks ago.

A widow, two sons, Dallas, 22, and Lem Chesher, Jr., 19, both of Lubbock; four brothers, Marshall Chesher of Waco, W. R. Chesher of Santo, T. A. Chesher of Duncan, Okla., and Moses Chesher of Lubbock, and one sister, Mrs. R. W. Eastland of Ima, N. M., survive.

Pallbearers were Durwood H. Bradley, Sam Arnett, Fred Snyder, Vernice Ford, R. C. Hopping, and Glenn Burson.

A large number of cattlemen of West Texas and the Panhandle were present at the funeral.

**Baileyboro Woman
Succumbs Thursday**

Mrs. P. L. Burrel, formerly of the Bula community, succumbed to a long illness at her home in the Baileyboro community early Thursday morning.

Funeral services were held at Baileyboro Thursday afternoon.

The deceased was born in Choctaw county, Oklahoma, June 12, 1910 and later moved to this section of Texas, near Bula.

Surviving are her husband and son, P. L. Jr., her father, H. A. Tooke of Lubbock; three sisters, Hazel Lee of Bula; Mrs. Pearl Hicks of Choctaw county, Oklahoma, and one brother, Melvin Tooke of Lubbock.

She will be assisted in the business by Mrs. W. P. Elliott.

The establishment will handle a stock of exclusive ready made dresses and lingerie, as well as all the new materials and will carry on dress-making in connection therewith.

Miss Handley and Mrs. Elliott are well known here, both living west of Littlefield.

They will carry on the business under the name of "Hand Made Shop."

**Relief Project Workers
Will Get 30 Cents
Hour Minimum**

Workers on state and local relief projects financed through federal funds will receive a minimum wage of 30 cents an hour.

This was assured under rules issued by Harry L. Hopkins, emergency relief administrator, who sought to carry out the spirit of President Roosevelt's reemployment agreement by setting minimum wages and maximum hours.

At the same time Hopkins announced that local relief units had been authorized to extend aid to destitute families of striking wage earners.

The rules issued by Hopkins said that no persons under 16 years of age shall be employed; that none shall be permitted to work more than eight hours in any one day, 35 hours in any one week or 150 hours in any month if the work involved is physical labor. If the work is in an office, the day is limited to eight hours and the week to 40 hours.

SUDAN

Miss Bessie West of Sudan and Ralph Burt of Circleback were married in Clovis, N. M. Saturday, July 22.

Miss West is the daughter of Mr. and Mrs. F. W. West, and is well known among the Sudan young people, having been a junior in high school last year.

The young couple will make their home in Farwell.

Born to Mr. and Mrs. Taylor of five miles northwest of Sudan Wednesday, July 26, a daughter.

At a meeting of the School Board Monday night, July 25, school trustees from Sudan, Amherst and Pleasant Valley schools were present. Senator A. P. Duggan made an interesting talk relative to recent school legislation, which will benefit schools of Lamb county in securing several thousand dollars this year.

Arrangements were made for pupils of Pleasant Valley district to attend at Sudan the ensuing year.

All bus drivers who applied for a route were employed for another year.

The school board decided to begin school August 28th, and to have nine months term this year.

S. S. Stover, who recently entered the ministry, submitted his resignation as grammar school principal, which the board accepted.

W. L. Maxwell, superintendent of the Bullard schools during the last two years, was elected grammar

school principal and Vocational Agriculture teacher. Vocational agriculture has been reinstated in Sudan school, it being dispensed with last year.

There will be another school meeting August 14, at which time the Board will adopt a school budget for this year's expenses.

Forrest Weinhold, son of Mr. and Mrs. H. H. Weinhold, with Tom Sanford of Heavener, Okla., both of whom are attending the C. M. T. C. at Fort Sill, Okla., won the C. M. T. Camp tennis doubles championship, and will receive gold medals. Both are members of the training field artillery unit.

AMHERST

A number from this section attended the Short Course at College Station from July 24 to 29, including Miss Ruby Mashburn, Miss Maud Pepper from the Ruby Club; Misses V. O. and Willie White from the Sod House Club, and Virginia Belle Logan from Amherst 4-H club girls; Mrs. John Whitfield and Mrs. Johnnie Graham of Amherst, and Mrs. Chas. Crawford of the Blue Bonnet club. W. H. Spire of Littlefield furnished a large truck of the Graham Truck Line for the Lamb county delegation to make the trip.

C. E. Jones of Chico, formerly in business here, but who has a tailor business at present, was in Amherst last week on business.

Mr. and Mrs. Lester LaGrange and family returned recently from an extended visit with relatives in Iowa. While away they attended the World Fair in Chicago.

The Chamber of Commerce plans to equip a community kitchen with canning equipment if the needs of the Amherst trade territory are great enough, and are asking that the people who need cans or canning equipment, notify one of the committee appointed for the purpose, Mrs. Coleman Floyd, Mrs. Carl Marx, or Miss Virginia Pointer. Canning will be on a share basis. If you have the cans you may use the sealers and the cookers for a tenth. If the cans and equipment are both furnished, 50 per cent of the finished product will be given.

OLTON

Mrs. R. L. Brown of northeast of Olton had the misfortune of having her right thumb torn from her hand, and her arm broken while leading a mule behind a car. Mrs. Brown was taken to the Sanitarium at Plainview for treatment.

A revival meeting began at the Church of the Nazarene Sunday, July 30, and will continue through until August 13. Rev. and Mrs. L. H. Kindred of Des Moines will do the preaching and lead the singing.

H. A. Sharp is adding a 40 ft. addition to the Jarvis-Tull implement building and remodeling the shop.

A protracted meeting began at the Church of Christ Friday night, July 28. Bro. Cled Wallace of Georgetown Texas, is doing the preaching, while Bro. Brewster of Plainview is leading the singing.

Mrs. C. O. Griffin and daughters Ruth and Evelyn, spent from Wednesday until Friday last in Meadow, Texas. Miss Joyce Griffin accompanied them home.

Mr. and Mrs. Guy Willis and Mr. and Mrs. Harmon Koen returned last week from a several weeks' vacation at Pecos. N. M. Jack Fuller, who has been vacationing in New Mexico, returned home with them.

Mr. and Mrs. W. T. Sanders and children returned recently from Cross Plains, where they visited Mr. and Mrs. B. F. Sanders, and attended a family reunion.

will do everything we possibly can to put it over. One of the greatest things I see about this program we are going to put over, (and it is going to be put over, for the Government is going to see that it is put over,) is that it is going to teach us to cooperate much better in the future and do away with a lot of selfishness, which all of us have, more or less, in our systems. I believe this plan is going to mean success for every line of business, and that we are in for a very prosperous fall." He urged cooperation with the merchants in every way in putting the new deal over.

Several business men from Sudan were present at the meeting, including Messrs. Morrow, Ramby and Carpenter. Mr. Carpenter made a very impressive talk, pledging his cooperation to the fullest degree, and stating that if everyone will do his or her part, the recovery plan will be a great success.

At the close of the meeting, Dr. Woods suggested that the operators of each line of business get together and hold their individual meetings, arriving at the hours they would remain open, etc.

The Dry Goods and Variety stores called a meeting of the merchants in that line Monday evening at the Stone's 1c to \$5.00 Store, when J. H. Ware was elected president and L. B. Stone Secretary of the group for the purpose of organization and cooperation in the President's program. An agreement was reached by the following establishments to open at 8 a. m. and close at 6 p. m. every day with the exception of Saturdays, when the stores will open at 8 a. m. and close at 9 p. m.; J. H. Ware Dry Goods, Replins, A. & N. Dry Goods, Cuenod's Dry Goods, Fink's Dry Goods, Vogue, Popular Store, Perry Bros., Inc., Marzelle Dress Shoppe, Lion's Variety Store and Stone's 1c to \$5.00 Store.

which pledged 100 percent cooperation with the N. R. A.

The weekly working hours of 48 hours for each employee was also agreed on awaiting a permanent code from Washington.

The grocers also met at the W. E. Jeffries store Monday evening, and agreed to open at 7:30 a. m. and close at 7 o'clock each day with the exception of Saturday, when they will open at 7:30, but no definite time for closing was agreed upon. A meeting is to be called later to arrange other matters. The grocers ask that all citizens cooperate in every way possible to assist them in the carrying out of the N. R. A. program.

The lumber companies also had a meeting, pledged their cooperation in the NRA, and agreed to open their places of business at 8 a. m. and close at 5 p. m. each day with the exception of Saturdays, when their establishments will remain open until 6 p. m.

Littlefield Barbers met Monday evening, pledged their fullest cooperation in the NRA program, and agreed to open their shops at 7 a. m. and close at 6 p. m. each day with the exception of Saturdays, when their establishments will be open from 7 a. m. until 10 p. m.; this agreement to stand until a permanent code is approved by President Roosevelt.

They also agreed to raise the price of haircuts from 25c to 35c.

Pending the adoption of a national code for druggists, the Littlefield drug stores have executed the general code and have established the hours which their places of business will be open.

The following hours have been established:

Sundays—8 to 11 a. m. and 3 to 10 p. m.
Week days, except Saturdays—7 a. m. to 10 p. m.
Saturdays—7 a. m. to 12 midnight

PRESIDENT'S REEMPLOYMENT AGREEMENT

Continued From Page One

two persons in towns of less than 2,500 population which towns are not part of a larger trade area; nor to registered pharmacists or other professional persons employed in their profession; nor to employees in a managerial or executive capacity, who now receive more than \$35 per week; nor to employees on emergency maintenance and repair work; nor to very special cases where restrictions of hours of highly skilled workers on continuous processes would unavoidably reduce production but, in any such special case, at least time and one third shall be paid for hours worked in excess of the maximum. Population for the purposes of this agreement shall be determined by reference to the 1930 Federal census.

(5) Not to pay any of the classes of employees mentioned in paragraph (2) less than \$15 per week in any city of over 500,000 population, or in the immediate trade area of such city; not less than \$14.50 per week in any city of between 250,000 and 500,000 population, or in the immediate trade area of such city; nor less than \$14 per week in any city of between 2,500 and 250,000 population, or in the immediate trade area of such city; and in towns of less than 2,500 population to increase all wages by not less than 20 percent, provided that this shall not require wages in excess of \$12 per week.

(6) No to pay any employee of the classes mentioned in paragraph (3) less than 40 cents per hour unless the hourly rate for the same class of work on July 15, 1929, was less than 40 cents per hour, in which latter case not to pay less than the hourly rate on July 15, 1929, and in no event less than 30 cents per hour. It is agreed that this paragraph establishes a guarantee minimum rate of pay regardless of whether the employee is compensated on the basis of a time rate or on a piecework performance.

(7) Not to reduce the compensation for employment now in excess of the minimum wages hereby agreed to (notwithstanding that the hours worked in such employment may be hereby reduced) and to increase the pay for such employment by an equitable readjustment of all pay schedules.

(8) Not to use any subterfuge to frustrate the spirit and intent of this agreement which is, among other things, to increase employment by a universal covenant, to remove obstructions to commerce, and to shorten hours and to raise wages for the shorter week to a living basis.

(9) Not to increase the price of any merchandise sold after the date hereof over the price on July 1, 1933, by more than is made necessary by actual increases in production, replacement, or invoice costs of merchandise, or by taxes or other costs resulting from action taken pursuant to the Agricultural Adjustment Act, since July 1, 1933, and, in setting such price increases, to give full weight to probable increases in sales volume and to refrain from taking profiteering advantage of the consuming public.

(10) To support and patronize establishments which also have signed this agreement and are listed as members of N. R. A. (National Recovery Administration.)

(11) To cooperate to the fullest extent in having a Code of Fair Competition submitted by his industry at the earliest possible date, and in any event before September 1, 1933.

(12) Where, before June 16, 1933, the undersigned had contracted to purchase goods at a fixed price for delivery during the period of this agreement, the undersigned will make an appropriate adjustment of said fixed price to meet any increase in cost caused by the seller having signed this President's Reemployment Agreement or having become bound by any Code of Fair Competition approved by the President.

(13) This agreement shall cease upon approval by the President of a code to which the undersigned is subject; or, if the N. R. A. so elects, upon submission of a code to which the undersigned is subject and substitution of any of its provisions for any of the terms of this agreement.

(14) It is agreed that any person who wishes to do his part in the President's reemployment drive by signing this agreement, but who asserts that some particular provision hereof, because of peculiar circumstances, will create great and unavoidable hardship, may obtain the benefits hereof by signing this agreement and putting it into effect and then, in a petition approved by a representative trade association of his industry, or other representative organization designated by N. R. A., may apply for a stay of such provision pending a summary investigation by N. R. A., if he agrees in such application to abide by the decision of such investigation. This agreement is entered into pursuant to section 4 (a) of the National Industrial Recovery Act and subject to all the terms and conditions required by sections 7 (a) and 10 (b) of that act.

There were several guests the past week end in the home of Mr. and Mrs. J. H. Barnett. The visitors were Mrs. L. D. Embry of Electra, aunt of Mrs. Barnett; Mrs. Maud Ripley of Electra, chairman of the grand examining board, Orier of the Eastern Star; Mrs. S. C. Massengill of Electra; Mrs. Neal A. Chastain and son, N. A., Jr., of Spur. Mrs. Chastain is a sister of Mrs. Barnett. Mrs. Massengill is a cousin of L. L. Massengill and also visited in the Massengill home.

WE DO OUR PART IN THE NATIONAL RECOVERY ADMINISTRATION

We are co-operating with the N. R. A. in their great undertaking and will abide by their rules and regulations. We ask your co-operation in this plan.

DRESS PRINTS

We have just received a big shipment of prints for hot dresses, school dresses, jamas, etc., etc.

BUY NOW . . . AVOID PROCESS TAX

In order for the buying public to avoid the processing tax payable by retail merchants, it is necessary that they buy any cotton goods they need before the first of September as all cotton goods will be taxed on that date.
