Downtown Improvement Committee Organized

TY'S PLAN FOR DOWNTOWN—Grand Junction, Colo., Main St. is shown above in center of a four-block shopping park in central business district. The western side city began in 1960 to plan for "Opera-

Three years ago, in the summer of 1961, in the city of Grand Junction, Colorado, seven businessmen interested in the growth and prosperity of their community sat down to discuss ways and means of improving the business climate of their town. Today, Grand Junction boasts of a four-block downtown shopping park that is being used nationwide, as a pattern for like improvement project, in other towns.

In LFD Tuesday Night
Tuesday night in Littlefield, 95 to 100 property owners and tenants assembled in the district courtroom to discuss a like project here.

The meeting was called by Kenneth Ware and Dr. Bill Orr, both of whom have put in a lot

of effort in getting a project of this nature organized in Littlefield, for the purpose of learning how much interest there might be among the downtown merchants and owners. Both Orr and Ware said they were pleased with the turn-out and felt that with the concern shown an improvement project is not only possible but is very probable.

An illustration of what unified efforts can accomplish, movies and slides of the Grand Junction project were studied along with movies and slides of the downtown area of Littlefield. The contrast of the two were enough to bring about the realization that an improvement move is in order.

The group showed their support by electing an eleven man steering committee to investigate the potentials of such a move to formulate plans for the proposed project.

Those elected to the committee were: Bill Orr, Kenneth Ware, Jack Wicker, Don Bell, Mancill Hall, Frank Anzelina, Billy Hall, Peyton Reese, Arthur Duggan, Pat Downs and I.D. Onstead, all are downtown property owners. Kenneth Ware was elected chairman of the committee, Dr. Orr is co-chairman and Peyton Reese will serve as secretary. The committee will hold its first meeting this week.

Values Increased
In addition to improving the appearance of the community,

the project would increase the value of downtown property and would serve as a strong selling point in attracting other businesses to the downtown area.

The Grand Junction project, which was shown only as an illustration, has cut down on the traffic accidents in the downtown area by 75%. It has been the prime factor in improved business conditions, in some cases as much as a 23% increase was shown. Building permits for store remodeling soared to the half-million dollar mark in the first six months following completion of the downtown project.

During the summer of 1962, the first two phases of the operation built a \$147,000 storm sewer and rebuilt and widened

twenty-four blocks of streets in the downtown area. On four blocks of the main street, a unique concept of a curving street with planters, 30-foot trees, and limited parking was installed.

All America City
As a result of the downtown project, which was completed without State or Federal aid, and in recognition of the close cooperation between the City government, the County, and the School District, Grand Junction was named one of eleven All-America cities in 1962. Pride and enthusiasm created by the award spurred work on an overall improvement plan.

This in brief is what Grand Junction has done. The question now is what can and will Littlefield do?

Water Back To Normal

Littlefield residents were relieved this past Monday when the new water supply system was put into operation. The community was only a few days away from a water pressure crisis that would have been a disaster for many of the homes in the city.

Littlefield should have had all the water pressure it needed as all work had been completed on the over all water city water supply. This included the completion of the 500,000 gallon overhead storage tank near the new Littlefield High School building.

Mayor Bill Armistead stated, on behalf of the city, that Littlefield officials appreciated the forbearance of Littlefield citizens during this time of emergency. The Mayor added that he hoped the comparison of the water supply and pressure from the old field with the present water supply in the sandhills would further convince Littlefield residents that the decision to develop a new water supply for Littlefield was a wise one.

State Okays Student Transfers at Whitharral

Ruling on earlier action by the Hockley County school board, State Education Commissioner J. W. Edgar, Monday gave the go ahead to 25 students to transfer from the Whitharral Independent School District, to other schools in Anton, Levelland and Littlefield.

Mrs. Tidwell Injured

A two-car accident occurring at 11:17 a.m. Wednesday resulted in injuries to Mrs. C. M. Tidwell of 404 E. 15th. Mrs. Tidwell, one of three passengers in the car, was admitted to Medical Arts Hospital for treatment of lacerations on her legs and knees and for other minor bruises.

Calendar Is Approved By Schoolboard

WHITHARRAL — The calendar for the 1964-65 school term which was approved by the Whitharral School Board in a recent meeting, is announced as follows by Superintendent Archie Sims.

- August 31 - School begins.
- September 7 - Labor Day holiday.
- November 26-27 - Thanksgiving holidays.
- December 23 to January 4 - Christmas holidays.
- April 16 to 19 - Easter holidays.
- One day out for District TSTA.

ON MARINE TOUR

Lt. Col. Jerry Sanders returned over the weekend from a two-weeks active duty tour with the Marines at Camp Pendleton, Calif.

Whitharral district. The Whitharral school officials said that the allowing of the students to attend outside school districts would reduce average daily attendance, which last year was 26.5.

Last Year's Outcome Different

Last year the Education Commissioner overruled the Hockley County boards refusal to transfers in a case much like the one now under discussion.

The case which has aroused feelings in the Whitharral community for the past several months, came into being when 20 families in the school district petitioned the board to okay the transfer of their children.

Parents of four of the children said they felt their child would receive a better and more complete education in nearby Levelland.

Edgar said, "I had a two-hour tour of the Whitharral school system last fall and it seems to me that they had a pretty good school system."

In all there are 27 students involved in the transfers but, Edgar said he needed further study of the other two cases before making a decision.

In one of the cases delayed by the commissioner, the petitions of 20 Pettit area families was taken under advisement. The petition requested that their children be allowed to attend another school, too.

Montgomery, Smith Named to PCGA Board

J.D. Smith, Littlefield area farmer and Joe Montgomery, a vice president in the Security State Bank of Littlefield, Monday night were elected to the board of the Plains Cotton Growers Association. Montgomery succeeds Jack Wicker, who has served as director for the past few years.

Smith, who was elected vice president of the association Tuesday, has served as director for the last four years.

In addition to his duties as vice president of Security, Montgomery has served as manager of the Littlefield office of the Production Credit Association, he has been well acquainted with the problems that the modern day farmer faces and has an insight into the steps that need to be taken to assist the cotton growers.

Following on the heels of an early evening "duster", much needed moisture fell on Lamb County cropland and towns Tuesday night, to bring to an end a month long drought.

The rain, in some areas as much as 2 inches, rode the back of a weak cool front into the area to bring much needed relief to the sun parched crops.

The rain, which was welcomed with open arms by area farmers fell in a hit and miss fashion over the entire area. Littlefield rain gauges recorded one to two tenths of an inch.

Wednesday morning check of area gins showed the heaviest rain fall in the Springlake, Plant X area where 2.1 inches was reported. Jerry Ray reported 2 inches on his place north of Bula. Lesser amounts of the life sustaining fluid fell south and west of Bula.

A rather general rain, up to one-half inch was reported in Pep. Farmers in and around Amherst were cheered by an inch to an inch-and-a-half fall, but the rainfall in other areas was scattered and lighter.

Whitharral reported .3 of an inch, Spade .2 with heavier rain fall to the south and near Anton. Only .3 fell at Olton, while only a couple of miles to the north up to one inch was reported. J.D. Smith reported 1.3 inches west of Littlefield.

While Tuesday's rains brought a slight reprieve in the dry conditions, all farmers were in agreement that more moisture is needed to complete the 1964 grain and cotton crops. In the meantime, irrigation wells continue to go full blast around the clock.

County agent, Bill Kimbrough reported that most of the dryland farms, and places with small irrigation wells received enough rain to carry crops another week or ten days, but more was needed. Some of the area farmers looked upon the rain as a possible preview of more of the same, thinking that it was a break that would continue.

HEADED FOR CANOES AND CANADA These five Explorers Scouts and their Scoutmaster, B. T. Kiser eagerly anticipate a wonderful experience headed their way and slated to begin Saturday. They will then be off to spend a glorious two weeks in the cool and beautiful lake area on the border of Canada and Minnesota. The canoe trip of from 125-500 miles won't be exactly a luxury cruise, for the boys will carry all of their equipment on their backs plus portage of the canoes between lakes. This fact doesn't seem to dim the smiles of (back row) Marc Crouch and Kim Hanlin, (front) John D. Nail, Terry Ross, Gary Conway, and Kiser. Pictured at the bottom is Kiser's equipment and baggage, all of it. Canoe's travel light.

BY CANOE AND FOOT: Scouts on Canadian Trip

Six Littlefield Explorer Scouts and one adult Scouter next week swap the dry open reaches of West Texas for the colorful lake and tree wilderness of upper Minnesota and Canada in a two-weeks canoe adventure that will duplicate, to large extent, Indian travel over the same trails centuries back.

The group will leave Saturday morning with a group of 36 from the South Plains council for the Minnesota-Canadian trip.

The contingent will be broken into 10-member crews for the canoe trip and will have a guide for the period they are in the big lake and trees country.

Going from Littlefield are B. T. Kiser, adult advisor, and Scouts, Kim Hanlin, Terry Ross, Gary Conway, John D. Nail, Marc Crouch and Tommy Hansen.

In the wilderness. When they embark they are in a virtual wilderness for almost two weeks, barring emergency.

Most of the trip will be across the clear lakes, with portages between lakes. Scouts will carry all equipment required on back packs, including tents and camping tools, and also will carry their canoes in the portages.

Levelland High To Integrate

The top three grades in the Levelland school system will integrate with the opening of school in September.

The Levelland school trustees have voted to transfer the sophomore, junior and senior students in the Carver High School. Grades one through nine were not affected.

Superintendent Kenneth Laycock recommended the move after telling the trustees there will be approximately 26 students in the top three grades at Carver this fall. He told the

long and quiet, allowing canoes to skim most of the distance, a trip folder explains.

The crews will both camp out and cook out. A major menu item will be fish, that must be caught daily in the fish-teeming lakes.

Planning for the trip was started by the Littlefield group back in January and plans already are underway for a larger group next year.

Verdict Returned

A jury returned a verdict of "an unavoidable accident" Tuesday night in the case of Elvin Berry vs. A. J. Givens. Berry was claiming damages of \$950 in an accident which occurred near Olton October 24, 1963. Willis Hedges served as foreman of the jury, and County Judge J. B. Davis presided.

board a top flight program for the Negro high school cannot be carried on feasibly with such a small number of enrollees.

J.D. SMITH ... PCGA V-P

Smith Elected VP of PCGA

J.D. Smith, longtime Littlefield area farmer and member of the Plains Cotton Growers Association, was elected vice-president of the PCGA in a Tuesday meeting in Lubbock. Smith, succeeds Roy Forkner who was elevated to the presidency of the association, farms 1,900 acres of land west of Littlefield. He has been a director of the PCGA for the past four years and has long been active in the work of the group, last year he served as secretary treasurer, the post now held by Don Anderson of Crosbyton.

Police Investigate Accident - 3 Offenses

Littlefield city police work to enjoy a light work as the accidents slowly diminish, and offense recede.

City force has been on to investigate only auto accident since the end—that being Wednesday night, when a two car collision at College and Cope-land resulted in heavy damages to both vehicles.

Monday night, patrolman Troy stopped a car containing youths, when he noticed appeared to be trying to pass. Coon said that during the chase the boys threw a box containing a number of packages of cigarettes and 5 in small change, the cigarettes and money was believed to have been taken in an earlier party of the Littlefield County Club. Police reported Wednesday the youths had been warned, with a severe warning, their parents.

Iva Tanner, Karen Birkbach Winners at 4-H Dress Revue

The annual Lamb County 4-H Dress Revue was held Tuesday with 34 girls competing. Judging was held from 9-12 a.m. at the County Courthouse with the public revue being held

at 2:30 p.m. at the Community Center. Judy Tapley of Amherst and Marsha Burhman of Muleshoe judged the girls' records of their projects. Mrs. Doyle Tapley

and Beverly Alexander, Assistant County Agent for Hockley County, judged the clothing.

Girls were judged on their attitude, posture, poise, and fit of the garment. The garment was judged on construction and records. In the afternoon for the revue, Mrs. Lady Claire Phillips, Lamb County Home Demonstration Agent, welcomed the guests and thanked the leaders who worked with the girls. She also introduced the girls as each modeled their garments.

The climatic moment came when the winners were announced as Iva Tanner of Olton, winner in the senior division, and Karen Birkbach, winner in the junior division. Both girls will compete in the District Dress Revue to be held August 7 in Lubbock.

Girls receiving blue ribbons were Iva Tanner, Karen Birkbach, Rheta Hulsey, Connie Hulsey, Alane Weaver, Susan Venable, Letha Estes, and Elaine Hansen.

Girls winning red ribbons were Anita O'Hair, Laura Wheeler, Georgianne DeBusk, Michelle Montgomery, Karen Vrubel, Cheri Dorris, Celia Davis, Kathleen Hulsey, Lynn Hansen, Debbie Mills, Linda Johnson, Terri Birkbach, and DruAnn Wilkerson.

Those receiving white ribbons were Carol Kendrick, Vicki Cook, JoAnn Branscum, Diane Starnes, Elaine Graves, Ruth Fowler, Ramona Neinst, Lahoma Layman, Brenda Feagley, Cindy Feagley, Susie Davis, Irene Hansen, and Jenine Pierce.

DRESS REVUE WINNERS These smiling and happy young ladies were announced as top winners in the annual Lamb County 4-H Dress Revue held Tuesday. Right, is Iva Tanner of Olton who won in the senior division and at left is Karen Birkbach, the junior division winner.

Anita Solis Is Honoree At Shower

Miss Anita Solis, bride-elect of Margarito (Mike) Castillo, was honored Sunday afternoon with a bridal shower in the home of Mrs. Cruz Esquivel.

About 25 attended and each was presented with a corsage of net and colored rice as they entered.

Hostesses for the occasion were Mrs. Esquivel and Mrs. Eloysa Montalvo.

Refreshments of dips and chip-o's, punch, cake, and candy were served to all attending.

The couple will be married this Saturday (August 1) in the Sacred Heart Catholic Church.

Miss Solis is presently employed at J. C. Penny Company.

GA's Hold Meet With Mrs. Davis

Mrs. Sue Davis hosted the regular Junior II GA meeting at 10 a.m. Tuesday morning.

Koleta Giles read the opening scripture, Rosanne Funk presented the story, and Jan Christian read the prayer calendar.

Counselor, Mrs. Patti Maner, and GA Director, Mrs. Freddie Harrel gave reports from their trip last week to the WMU conference week at Glorieta Baptist Assembly.

The next meeting was set for August 18 in the home of Mrs. Butch Gerber.

Refreshments were served to members, Diane Maner, Nancy Hensen, Diane Kesey, Nancy Hall, Diane Perkins, Koleta Giles, Rosanne Funk, and Jan Christian, and to the three adult leaders already mentioned.

Single Adults Club Announces Plans for Meet

The Single Adults Club of Littlefield has announced that it will not hold meetings during the month of August.

The next meeting will be held on September 13 at 8 p.m. at the Community Center.

On slate for the September meet is election of new officers. Entertainment for the 13th will be "The Troubador" of Slaton, a widely known folk music artist.

Party Honors Kenny Thompson

AMHERST (Special) — Kenny Thompson was five years old Saturday; his mother, Mrs. George Thompson, entertained friends with a party to celebrate the occasion.

Outdoor games were enjoyed. Refreshments of birthday cake, ice cream and party punch were served to Lana Weaver, Jacqueline Harmon, Rusty Cornelius, Kathy Kelly, Ritchie Schroeder, Teresa Thompson, Mike Greener, Bobby Allensworth, Haldon Messamore, Mark Kelly and the honoree's brother, Craig.

Ricky and Jeannie Walbrick and Lorna Ann and Mrs. A.F. Walbrick of Sudan, the honoree's grandmother, were here as well as mothers, Mrs. Lamar Kelly, Mrs. W.T. Weaver Jr., Mrs. Charles Schroeder and Mrs. Bobby Walbrick.

Faustine and Candice Greener assisted Mrs. Thompson with hostess duties.

Families Take Eastern Vacation

A fun-filled yet educational 10 days just passed for Mr. and Mrs. Melvyn Dutton and daughters, Debbie and Annette, and Mrs. Salina Davis and daughters, Pam and Paula, who have all just returned from a vacation through several Eastern states.

They traveled through the Smokey Mountains and toured the restored town of Williamsburg, Va. and also saw and toured several old Southern homes in the state capital, Richmond. These homes once belonged to famous men important in the early days of our country.

They crossed the new Chesapeake Bay Bridge and also toured Washington D.C. In Washington they toured the Capitol, the White House, Mount Vernon, and included in their tour all of the other famous sites in the area. They also visited the grave of former President John F. Kennedy in Arlington Cemetery.

The Duttons and Davises made the trip home through the Shenandoah Valley.

UNIVERSITY SOPHOMORE Susan, daughter of Mr. and Mrs. John Nail, has two recipes which she prepared in foods lab at the University of Texas this school year. She is a home economics teacher education major and a member of

Alpha Omicron Pi social sorority. Home for the summer, Susan is working as receptionist for Dr. Bill Armistead. She is pictured here as she tells News photographer about the object in her hand, a gift from a Canadian friend. —LEADER STAFF PHOTO

University Home Economics Student Supplies Recipes

During two recipes with the theme this week is Susan Nail, sophomore student at the University of Texas in Austin. Not a homemaker, yet, but well on her way as her major is in home economics in her education with emphasis in nutritive branch. She was recipient of the Crisco Standing Homemaker Award during her senior year at Littlefield High. She is presently a member of Texas Home Economics of America.

Susan is spending her summer working as receptionist for Dr. Bill Armistead. She lives with her parents, Mr. and Mrs. John Nail, at 115 E. 19th. The Nails have lived in Littlefield for 18 years which makes Susan pretty much a native since she is almost 20. Also this summer Susan is getting in further study by taking two correspondence courses, one in sociology and one in home planning and furnishing.

Susan graduated from LHS in 1963 after serving as treasurer of the Student Council, copy editor for the "Wildcat", and a member of the National Honor Society.

At the University she is a member of Alpha Omicron Pi social sorority and lives in Scottish Rite dormitory. This dorm houses only 350 girls and to be eligible the girls' fathers must be 32 degree Texas Masons.

Besides cooking Susan especially enjoys water skiing and summer sports. She is looking forward to getting back to school and plans to return August 31 for formal rush. Classes begin at the University on September 25.

The two recipes that follow are ones that Susan prepared in her foods lab during this past year at the University.

The first recipe, "Jumbo Pizza Sandwich", is an example of cookery of less tender cuts of meat.

"JUMBO PIZZA SANDWICH"
1/2 loaf French or Vienna bread
2 T. sliced or chopped ripe olives
1/16 teaspoon pepper
1/8 teaspoon ground oregano
1/2 tsp. salt
1 T. finely chopped green onion tops or chives
1/2 cup (1/4 lb.) ground beef
2 T. grated Parmesan cheese

1/2 (6-oz.) can tomato paste
7 thin slices tomato
4 (1-oz.) slices processed American cheese

Cut French bread in half, horizontally. Combine olives, pepper, oregano, salt, green onion tops, beef, Parmesan cheese and tomato paste. Spread meat mixture over cut sides of bread. Arrange 7 tomato slices over meat on sandwich. Place on a cookie sheet, spread side up, and bake in a hot oven (400 degrees) for fifteen minutes. Remove from oven. Cut cheese slices in half, diagonally. Cover tomato slices by overlapping 4 triangular cheese slices. Return to oven by overlapping 4 triangular cheese slices. Return to oven for five minutes, remove and slice sandwich into 6 sections. Serve hot.

Susan also supplies an example of starch cookery:

BREAD-CRUMB MACAROONS
1/2 cup coconut
1 egg
1/3 cup sugar
Garnishes
1/2 cup dry bread crumbs
1 tsp. almond extract
1/8 tsp. salt
Put the coconut through a food chopper. Beat the egg; add the other ingredients, and shape into balls. Top with candied cherries, candied pineapple, or nut meats. Bake about 15 minutes on an oiled baking sheet in a moderate oven about 350 degrees.

Church Women Gather 1,000 Lbs of Clothing

Serviceable items of clothing, more than 1,000 pounds of them, that will warm and clothe needy persons all around the world have been gathered in a United Clothing Appeal in the Littlefield area, reports Mrs. Gladys Joplin, drive chairman for Littlefield.

Most of the clothing drive was made through city churches, the Littlefield Ministerial Alliance and the Council of United Church Women in Littlefield.

"The response has been more than heartwarming," said Mrs. Joplin. "Practically everything we received was in excellent condition, much of it like new."

The clothing is now on its way overseas through a combined effort that calls on the cooperative generosity of a number of people. The Boy Scouts gathered boxes of it up from churches where it had been prepared for shipment and stored it in the Scout hut.

From there freight lines picked it up for transportation to Houston, at no charge. From Houston, ships carry it to ports over the world, also at no charge. The carriers utilize available space in their regular runs to perform the massive delivery job.

A payment of eight cents a pound was also made with the clothing contributions to clean and prepare the items for shipment, Mrs. Joplin added.

Some 200 pounds of childrens clothing in the contributions were retained here for distribution by the Salvation Army, which has a continuing need in this kind of clothes.

When winter comes halfway around the world a warm coat that has served perhaps a Plains winter will find a new and proud owner for several years to come, Mrs. Joplin pointed out. "We're proud of the typical generous way that people of the community responded to this drive."

Joe T. Salem, Sudan, is Texas chairman for the United Clothing Appeal that is made through churches and church groups.

Accent on Health

- J.E. PEAVY, M.D., Commissioner of Health

AUSTIN — Are you under the impression that lightning never strikes the same place twice?

If so, you are sadly mistaken, and that mistake could cost you your life. Statistics show that lightning can and does strike the same place more than one time.

As a case in point, the Empire State Building is struck many times each year. One summer it was struck 15 times in 15 minutes.

A single bolt from one of the estimated one million annual thunderstorms is sufficient to cause injury, death or property damage.

The greatest number of injuries and deaths occur to persons who are in rural or open areas. Campers, golfers and swimmers are most vulnerable.

In an open area, lightning will usually strike the highest object. Many people will run under a tree when caught in a storm, exposing themselves to great danger, as lightning often strikes lone trees.

The bolt travels down the moist interior of the tree, building up extreme heat and pressure which causes the tree to explode. Also, as the electrical charge travels down the tree small streamers may depart from the main bolt, jumping to nearby persons or objects. Many golfers and others have been killed or injured in just this manner.

However, a person standing in a large open area where there are no tall objects are equally vulnerable to a lightning strike. Passengers in boats and

swimmers are particularly good targets for lightning. Water is a good conductor of electricity spreading the current in all directions until the power is depleted. Consequently, many fish are killed and persons are either killed or injured.

Are you safe in an automobile during a thunderstorm? Yes, if the auto is all steel. The steel shell of a car will lead the electrical charge down to the

wheels, and from there the charge will jump to the ground. But a convertible does not afford protection.

If a thunderstorm develops while you are out in the open, head for a building and stay inside until the storm is over. If you are boating, or swimming, leave the water and get to a building. If there is no building available, head for a grove of trees, but avoid a lone tree. In an open area, lie down until the storm passes.

6-1, SECOND CONTEST TONIGHT

Pony Leaguers Lose to Borger

The Borger Pony League All-Stars combined the home run with the big-inning to beat the Littlefield-Amherst aggregation 6 to 1 in a game played under rainy skies in Amherst Tuesday night. The second game in this two-out-of-three series will be played in Borger tonight and a third game, if necessary, will be played in Amherst Saturday night.

Littlefield-Amherst got off to a one run lead in the first inning when the lead-off hitter, Sam Maxfield, was issued a walk by Borger hurler Bobby Rapp. Rapp recovered quickly by striking out Mike Richardson and Kevin Hutson. However, Mike Peel proved his right to the clean up spot in the line up by lashing out a double to score Maxfield. Royce McAdams ended the inning by bouncing out the pitcher to first.

Borger came roaring back in the top of the second after Rapp was whiffed by Littlefield-Amherst starting pitcher, Kevin Hutson. Then, the sky fell in as back to back singles by Danny Langen and Mark Hatley was followed by a base clearing homer by shortstop Tommy Sanders. Hutson got out of trouble in this inning by forcing first baseman Ray DeShield to fly out to center field and hanging a strike out on Gary Adkins.

Though Littlefield-Amherst got what proved to be their last hit of the game in the top of the third when Hutson singled, they were unable to score. Borger had their hitting shoes on again in the bottom of the third when Mike Plumlee led off with a single and advanced to second and third on wild pitches. He scored when Willie Bunn grounded out to the shortstop. Then center fielder James Robinson poled one out of the park to stake Borger to a 5 to 1 lead. At this point Coach Arthur Hedges called for a new pitcher and Monty Ward took over for Hutson. Winning hurler Rapp immediately greeted Ward with a home-run blast, shaping the final score of 6 to 1, and Langen followed with his second single of the night. However, at this point Ward shut the door on the Borger and shut them out the final four innings, giving up only two more hits during the stint.

Rapp was likewise effective for Borger, hurling no-run, no-hit ball the final four innings. He went all the way for Borger, giving up two hits, striking out ten and walking only three men. Hutson pitched two and one-third innings for Littlefield-Amherst, giving up five runs, five hits and two walks. He struck out three. Ward pitched the final four and two-thirds innings giving up one run, four hits and three free passes. He whiffed five Borgers.

Tonight's game in Borger will be broadcast by KZZN Radio beginning at 7:45 p.m.

Tourney In Full Swing in Spite of Tuesday Storm

The Lamb County Tennis Tourney has been in full swing this week except for Tuesday night when sand, rain, and blowing winds chased the players and spectators from the park.

SATURDAY
In last Saturday's action, Chester/Whitaker won a (7-5) (6-4) match over Grant/Bassett at 6 p.m. Also at 6, Jimmy Alsup defeated Tommy Spann, (3-6) (6-3) (6-4). In men's novice singles, J. C. Williams beat Dan Staggs (6-3) (6-0) and in a later match that evening also defeated Jerry Neuenchwander, (6-0) (6-3). In two men's novice matches Allen Purdy and John M. Claton III won by forfeit.

Also Saturday Charley Farley won a (6-1) (8-6) match against Larry Rogers. In boy's doubles action, Terry Hyatt and Ronald Sitron defeated Robert Williamson and D. W. Muller in a (6-3) (6-1) match. In men's singles play Kip Cutshall beat Billy Tom Grant (6-4) (6-3).

MONDAY
The tennis courts really took a beating Monday night with play beginning at 6 p.m. and going no-stop until 2 a.m. Tuesday morning. And that's no joke, just ask Charley Farley and Orville Bassett who played the toughest match yet to be seen in the tourney. Farley finally wound up the victor at 2 a.m. after a (5-7) (9-7) (6-4) match in the men's singles division.

Early that evening three women's singles matches were played with Linda Wood defeating Marie Garek (6-0) (6-1); Kathy Minyard defeating Lynn Gowdy (6-1) (6-1); and Ladelita Vernon defeating Aileen Huber (7-5) (6-2).

Boy's singles action found Jimmy Parmer the winner of a (6-2) (3-6) (9-7) match with Robert Williamson. Ralph Gage defeated James Timlan (6-0) (5-7) (9-7) in veteran's singles play.

Orville Bassett defeated Elray Rasco (6-1) (6-4) in men's singles and played the late match with Farley, mentioned above. Also in men's singles, Dalton Wood won a (6-3) (6-4) match with Floyce Pierce.

TUESDAY
Before the storm Tuesday night two matches were able to be completed.

Mayfield, Hutson Recieve Pony League Awards

The awards were presented Saturday night, following Littlefield's 19-3 victory over the Anton-Shallowater Pony All-Stars.

The annual McAnnally jewelry award for sportsmanship in Pony League play was awarded to Sammy Mayfield, Amherst.

Butane All-star, for his display of sportsmanship play in the regular Pony season. Kevin Hutson, a pitcher and outfielder for the Dairy Queen during the regular season, was the recipient of the Most Valuable Player award, presented for the first time this year. St. Clair's department store at Littlefield.

CITY BIT

Mr. and Mrs. Phil Adams and daughters, Rita Gey and Cara Joye, spent the weekend at Ruidoso.

HE'S SAFE!!! Mike Richardson of the Littlefield-Amherst Pony League All-Stars hustles back to first base just ahead of the ball, on an attempted pick-off, and is declared safe; the ball just didn't reach Borger first baseman soon enough. The Borger All-Stars won the game 6-1; the two teams meet again tonight at Borger for another tilt. We hope the score reverses itself for the Littlefield-Amherst team.

Girls Are Victorious Over Boys on Diamond

Baseball may get a start on a femininity trend here in Littlefield from the sound of reports that have recently come in to the Leader office.

The Littlefield Girls' Softball team, just recently organized, has put two Minor League boys' teams down in defeat during the past two weeks.

Union Compress coached by J. F. Collins lost to the girls by a score of 3-14 after six innings of play. Winning pitcher was Merri Francis and stars for the game, played in Crescent Park, were Sherri Francis and Gail Onstead.

Bula Cagers In Texas All-Stars Play

Four team members from last year's district champion Bula bulldogs basketball team were picked for an all-star squad in a Texas East-West championship game at Ranger College tonight.

Three of the selections, Mike and Pat Risinger, Jr. and Gene Autry went into Ranger Sunday with Bulldog coach Charlie Fincher for workouts that started Monday for the all-star game.

Curtis Archer, a fourth Bulldog selection, was unable to take part in the match.

The Bula cagers joined other top ranking selections from the Six and Eight-Man Coaches Association in West Texas. They will meet an East Texas team picked by coaches in that area.

The Bula basketball team last year swept district 6-B, went on to win two regional playoff games before being eliminated. Roger Jones, a Bula 6-man football standout, was picked as an alternate to the all-star squad for a football game Friday. Jones went into Ranger for squad workouts this week with the possibility of seeing action in the grid match.

The group will return this weekend. Back home, Mike Risinger and Jones will prepare to enter West Texas State University with the fall term. Both were 1964 graduates as were Archer and Autry. Pat Risinger, Jr., was the only junior student selected in the all-star group.

PUT A TIGER IN YOUR TANK!

Visit Six Flags Over Texas this summer. More than a hundred acres of fun for everyone. Be sure to include a ride on Humble's "Happy Motoring" Freeway. Even youngsters can safely steer the miniature sports cars. Stop at your Enco dealer's before you go. He has coupons for you, each worth 50¢ on a child's ticket for Six Flags.

NEW HIGH-ENERGY ENCO EXTRA GASOLINE BOOSTS POWER THREE WAYS:

- 1 Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.
- 2 Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
- 3 Octane Power!** New Enco Extra has the high octane that most cars now need for full smooth performance without knocking. You'll get all these extras with New Power formula Enco Extra gasoline—it puts a tiger in your tank! *Happy Motoring!*

Progress is Password for Water Project

Progress is the password in regards to the proposed Running Water Draw Watershed Project in Curry County, New Mexico and Farmer, Castro, Lamb, Hale and Swisher Counties in Texas. This is the report following a meeting at Plainview on July 22, 1964, attended by some 50 interested persons representing various local sponsoring organizations within the watershed.

At this meeting, Phil Grazer, Soil Conservation Service Technician in charge of the Watershed Planning Party, reported to the group a summary of the findings of his staff during a two-week reconnaissance of the entire watershed. In addition to a report of his findings, he informed those present that January 15, 1965, is the planned date for the arrival of the entire Watershed Planning Party in the Watershed to begin preparation of the Work Plan.

During the meeting, many questions were raised in regards to including other uses of water in the watershed project. Among questions received were queries on municipal, industrial and recreational uses of Floodwater Retarding Structures. Several cities and counties represented voiced positive interest in installing structures that would include multiple uses. Since the inception of this proposed project some three years ago, the password has been progress. Co-sponsorship agreements of the project have been secured from all County Commissioners Courts and Soil Conservation Districts involved.

In addition, the City of Plainview and the City of Clovis have agreed to co-sponsor the project. The commissioners courts and the cities involved agreed to raise sufficient funds to defray the cost of preparing the work plan. By placing this money into a trust fund and agreeing to reimburse the Soil Conservation Service for Watershed planning, they were able to secure the services of the Soil Conservation Service.

The Trust Fund Planning Party, makes possible acceleration of Watershed Planning. Approximately \$70,000 has been pledged to the trust fund for this purpose.

In its finality, the project will encompass some ten to twelve flood prevention structures with a strong possibility of two or more recreation areas being included.

In addition to preventing flood damage to croplands located in the flood plain of the draw, it will offer much needed protection to the low-drying area of the City of Plainview. A final benefit will be the increased amount of water obtained for irrigation and potential underground recharge.

Of prime important to most is the progress to be expected in the future. Once the work plan is completed, it must be submitted to Congress for appropriation of funds. Once funds are available, the construction of the project can begin.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

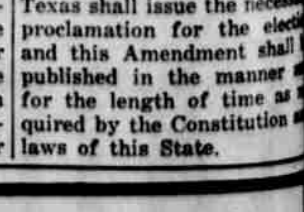

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy bill shall also be given of introduction of any bill amending a law creating or governing a particular conservation and reclamation district such bill (1) adds additional land to the district, (2) alters the taxing authority of a district, (3) alters the territory of the district with respect to the issuance of bonds or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner required by the Constitution of laws of this State.

Kenneth Owens Family Are Newcomers From Lubbock

Newcomers this week are Mr. and Mrs. Kenneth Owens and family who moved to Littlefield in Lubbock July 19. They reside at 1215 E. 8th. The Owens had lived in Lubbock for eight years and were natives of Munday, Texas. The family plans to remain in Littlefield.

Borden's. Before working for Borden's he worked for another milk company in Lubbock; and when living in Munday he farmed.

The family enjoys cooking out, going to the movies, and just being together. Mr. and Mrs. Owens are bowling enthusiasts. Kenneth bowled on a league in Lubbock and they both hope to join leagues here.

Aside from bowling Kenneth loves to fish when he gets the chance. Mrs. Owens's favorite hobbies are yard and garden work, keeping up with her active children, and learning to sew. She enjoys working with children and was Brownie Scout leader for about a dozen Brownies in Lubbock.

KENNETH OWENS is pictured with his family 1. to r., Carla, Mrs. Owens, Kenny 8 and Bill 5. The family moved here from Lubbock about 10 days ago and reside at 1215 E. 8th. Mrs. Owens is the Borden's retail distributor for Littlefield and surrounding area, having bought the retailship from Kenneth Peterson. Mr. and Mrs. Owens are bowling enthusiasts, but the children say swimming is tops.

Leonard Irvin, Longtime Ginner Resident Dies

Chevy II Nova 2-Door Sedan

Corvair Monza Club Coupe

Your Chevrolet one-stop shopping center is the one place in town where you've got your pick of up to 45 different ways to be a homecoming hero for the rest of this summer—and for many more after.

Just follow the crowds. You can't miss it. Check the display window out for America's No. 1 automobile, the '64 Jet-smooth Chevrolet. Any car this luxurious should have its price examined.

Look for the brand-new young-at-heart, young-in-price Chevelle—the only car that could come between Chevrolet and Chevy II.

Look for the fun-loving rear-engine Corvair. It's Chevrolet's answer to leaving summer sand, winter snow and spring mud right in its tracks.

Look for the thrifty, roomy Chevy II. It's the perfect automobile for summer economy drives.

Look for America's only true sports car, Corvette. Test drive the one that turns you on most.

Then start talking price. It's the greatest cure-all for new car fever in the automotive world.

BECAUSE MORE PEOPLE BUY CHEVROLETS, CHEVROLETS MUST BE A BETTER BUY
