Group Seeks To Form Water District

TO HEAD THE ORGANIZATION that will seek to establish a Lamb County Water Control and Improvement district will be V. T. Tanner, chairman (center), Ray Keeling, vice-chairman (right) and Truitt Sides, secretary-treasurer. SEE STORY.

Would Buy Water Rights On 20,000 Sandhills Acres

A group of business men and farmers representing all parts of the county Monday night formed an organization which will seek to purchase water rights on 20,000 Sandhills acres.

The organization, which named itself the Lamb County Water Association, will try to establish a county water control and improvement district.

The association simultaneously employed two lawyers—Sam Aldrich of Farwell and Arthur Duggan of Littlefield—to set up preliminary steps to be taken.

The move is being taken in an effort to keep Sandhills water in the county, according to V. T. Tanner of Springlake, who was elected chairman of the association.

Possible To Purchase Establishment of a water control and improvement district in Lamb County would make it possible for the district to purchase water rights in the Sandhills through bond issues, Duggan told the association.

Water rights for the 20,000 acres in the Sandhills which the association proposes is a large portion of the area's rights which remain unsold. Water rights on a spot in the northwest part of the county have been sold to Lubbock. Littlefield owns rights on about 7300 acres which were purchased last summer. Southwestern Public Service Co. controls water on about 17,000 Sandhills acres.

Early estimates of the money it would take to buy water rights for the proposed 20,000 acres have ranged around \$1,200,000.

Duggan explained that the district can be created by the county commissioner's court after a petition for it has been filed.

Have Any Boundaries The district could have any boundaries within the county the association decided upon, he continued.

Under this system, the district could hold a bond election among landowners who reside within the boundaries of the district.

How the boundaries would be set up was a problem still to be worked out. The group, however, said it favored including all irrigated property in the district and leaving as much dry land as possible out.

It was felt, after the group had talked with several dry land farmers in the first meeting held at Springlake Saturday, that dry land farmers would not get much profit from the venture and therefore should not have to pay for something they would not get.

Paul Lewis, county Farm Bureau president, Jess Everett, manager of the Littlefield Chamber of Commerce, and W. H. Cunningham, representing dry land farmers in the southwest part of the county, were appointed as a committee to work out boundaries for the district.

Leave Dry Land Out The committee said it would try to leave the dry land farmer out of the water district. Boundaries in the north, west and east probably will be the county line, the committee said, since prac-

FARMERS MEET TONIGHT TO QUESTION HAMMOND

Farmers all over Lamb County are expected to assemble in the district courtroom here tonight at 8 o'clock for a question and answer period with J. Walter Hammond, Texas Farm Bureau president.

Hammond will be here along with Farm Bureau district director H. L. "Hab" King of Brownfield.

The county Farm Bureau's statement on Hammond's visit said that he will be here to clear up "statements that have been published in regard to the Farm Bureau stand on some very important issues."

The Farm Bureau's stand, according to the local office is for 90 per cent parity and the Soil Bank Plan, which were included in the farm bill that President Eisenhower vetoed earlier this month.

Paul Lewis, president of the Lamb County Farm Bureau, stressed that the session is an open meeting and urged every farmer in the county to attend.

Revenues For Period Also Down Slightly

Budget Shows City Spent \$35,000 Less Than Expected In Six Months

Budget figures for the six months ending March 31 released by the City Commission this week disclosed that the city spent almost \$35,000 less than it expected to spend in the period.

Approximately \$250,000 was allocated by the city for expenditures during the time and the final figure for money spent was about \$198,000—a difference of some \$52,000.

However, the budget report stated that approximately \$18,000 "must be allowed for the completion of the Hasie and Green Contract (a contract for water

facilities) and new water well No. 10 under construction."

This left a difference of nearly \$35,000.

Revenues for the period were \$9,647.30 under the amount the city expected to collect, however. Expected figure was \$211,486.00. The actual income was \$201,838.70.

City Manager Guy McCraw explained the difference in his report as being brought about by the fact that "the average is based on a 12 month average sale of water. The coming six months of

water sale should be well above the previous six months and should eliminate this current shortage."

McCraw suggested in the budget that a general street program should be undertaken. He said "street conditions are bad due to heavy snow and repeated freeze."

"Paramount problem at this time is the correcting of the water situation," he wrote, adding that the present supply would supply basic needs for only two or three years.

Almost 90 per cent of the approximately \$35,000 not spent by the city came from the Water-Sewer Dept., where the city expected to spend more than \$137,000.

Of the \$201,838.70 collected by the city, almost half of it—\$95,621—came from personal and property taxes. Another \$17,920 came from parking meters and court fines.

A breakdown on some of the major expenditures by the city during the period is as follows: (round figures) Water-Sewer Dept., \$111,900; City, \$31,000; Streets, \$19,800; Police, \$19,400; and Fire, \$5,650.

Named Outstanding In SC

Westex Group Will Receive Award At Quannah May 11

Westex Group and Harold Allison of Pleasant Valley, winners of first place awards in the annual "Save the Soil and Save Texas" conservation program for Region I, will receive awards at Quannah May 11, at the Region I awards dinner.

The Westex group won the outstanding group award and Allison was named the outstanding district farmer for Region I in the competition.

Sponsored by the Fort Worth Press, the contest has come to a close and state awards will be made in Fort Worth May 4. Lamb County will not be represented at the state awards dinner.

The Westex group is composed of five families who live four miles north and one-half mile west of Littlefield. They are Albert and H. H. Neunshwander, Frank Lehman, V. J. Holbratsch and Donald Carr. The prize is \$200.

They were entered in the annual contest by the Lamb County Soil Conservation District Board of Supervisors.

The SCD supervisors' selection was made because of their outstanding work in carrying out soil conservation practices and other community projects that would improve the community and the farms of their area.

Registration For 6-Year-Olds Begins Monday

The parents and guardians of children who are six years old on or before September 1, 1956, and who are not registered with the Principal at the Primary School, may register their children any afternoon between the hours of 1:00—3:00 p. m. on April 30th through May 4th.

The parent or guardian will present a birth certificate for each child who is to be registered. This registration is in addition to the census enumeration completed in January. A small pox vaccination is required before the enrollment is complete.

Area Man Jailed On Drunk Charge

An area man was jailed this week after charges of public drunkenness were filed in city corporation court Monday.

The man was released Tuesday after paying a \$100 fine. Police did not reveal the identity of the man.

In other police work this week, six traffic tickets were issued. Three were for speeding, one for failure to stop for a red light, one for backing through an intersection, and another for double parking.

Martin Withdraws From County Race

Walter Martin, a candidate for County Commissioner for precinct three, announced Wednesday that he is withdrawing from the race.

He said that "circumstances beyond my control force me to give up those ambitions," in announcing the withdrawal.

5 Area Students Place In Regional

Five local and area students placed in the Region I Interscholastic League Literary events at Texas Tech Saturday.

The only first place award won by this group was by Leta Merle Roberts of Littlefield in the Poetry Reading division. Two boys from Olton High school won second places. Philbert Hughes received second place award in number sense and Bill Boverie was second in the slide rule contest. Third place in boys' extemporaneous speaking was awarded to Palmer McCown of Littlefield and another student of Littlefield High, Sandra Ross won seventh in typing.

Leta Merle Roberts will compete in the state meet in Austin to be held May 3-5.

SPADE SENIOR PLAY SLATED FOR FRIDAY

Members of the senior class of Spade High School will present the annual class play, a three-act comedy, "Mama's Angel Child," April 27th at 8 p. m. in the Spade school auditorium.

Admission is 30c and 60c. The public is invited.

Conventions Slated May 5th

Demos, Republicans Set Precinct Meeting Data

Lamb County Democratic and Republican Party chairmen set times and places for precinct conventions this week.

Precinct conventions are scheduled May 5, with county conventions slated for May 8 and the state convention for May 22.

Democratic executive committee chairman Wade Potter set precinct convention times for 2:30 p. m. May 5 in the 16 various precincts over the county.

Republican chairman L. J. Swanson established his time for 5:30 p. m. in the three reported precincts. He said there may be others.

Precinct conventions will elect delegates to the county convention, which will in turn elect delegates to the state convention.

Convention places in the precincts for the Democratic Party are as follows:

Precinct 1, City Hall of Olton; Precinct 2, Community Building at Earth; Precinct 3, Spade School building; Precinct 4, Lumsden-Perkins Gin, west of Littlefield; Precinct 5, Community Building in Sudan; Precinct 6, Community Building in Pleasant Valley; Precinct 7, F. E. of Sudan; Precinct 8, American Legion Hall in Amherst; Precinct 9, Fieldon School House; Precinct 10, Sod House Headquarters; Precinct 11, Rocky Ford church; Precinct 12, Dist. Court Room in Littlefield; Precinct 13, Beck Gin Office; Precinct 14, Hart Camp School House; Precinct 15, V. T. Tanner office in Springlake; and Precinct 16, School House in North Littlefield.

Republican convention places are as follows:

Precinct 1, Spears Drug Store, Olton; Precinct 5, E. D. Tate residence, Spade; and Precinct 12, Court House in Littlefield.

Littlefield Junior Rodeo Scheduled For May 11-12

The date for the Littlefield Junior Rodeo has been set for May 11-12 at the local fair grounds, Harry Miller, president of the Littlefield Junior Rodeo Club, announced this week.

Sponsored jointly by Miller's organization and the Littlefield Roping Club, the Junior Rodeo will begin with a parade Friday, May 11, at 5 p. m.

Miller said that the two clubs hope to line up bands, the sheriff's posse, and every available person for the parade.

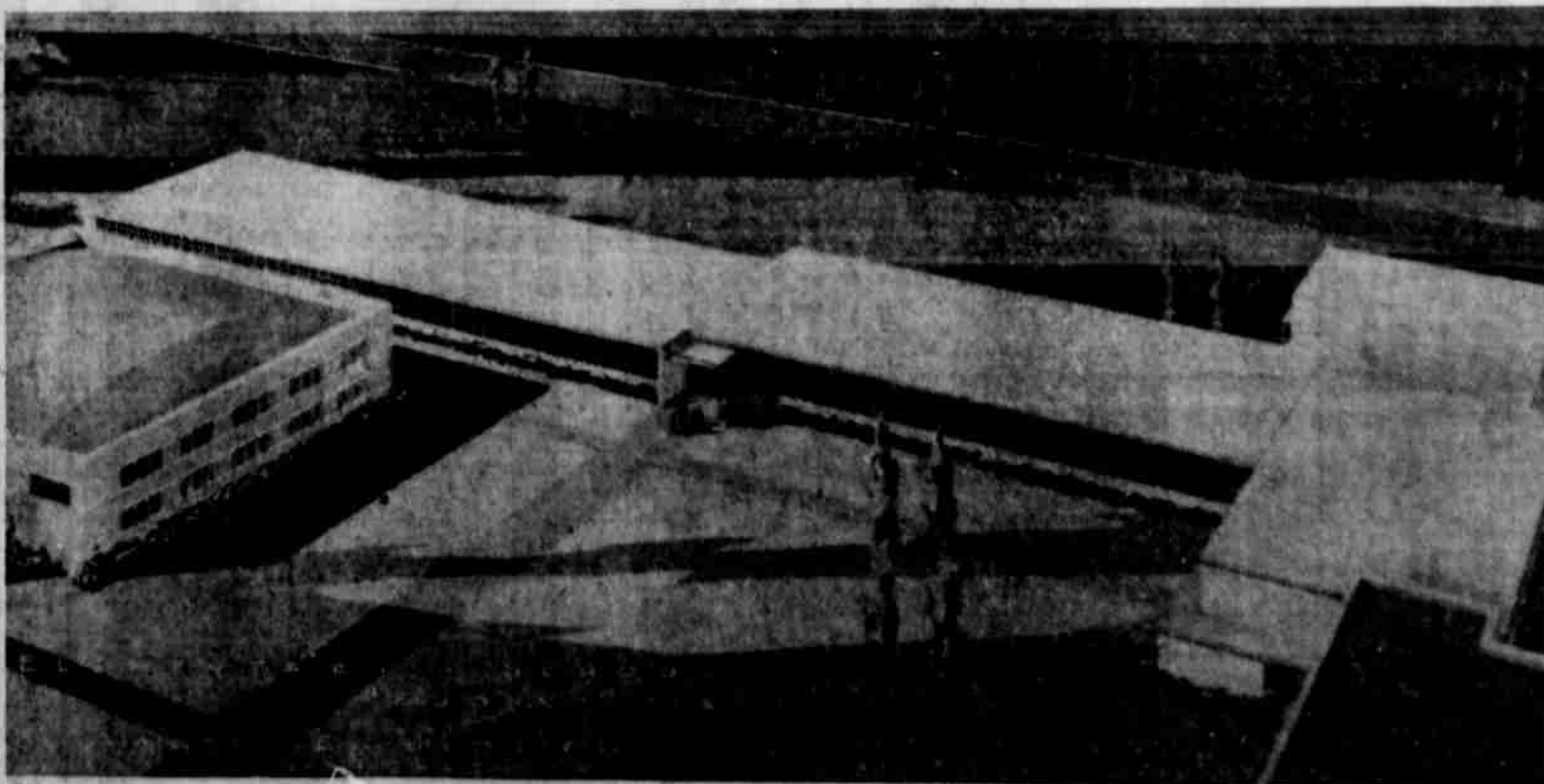

The rodeo itself will get underway at 8 p. m. May 11, with five featured events taking the spotlight. The same events will be held Saturday, May 12, as contestants compete for belt buckles and other prizes.

The five featured events scheduled are bareback bronc riding, roping, both tiedown and ribbon; the girls' barrel race, bull riding and the flag race.

There is a \$10 entry fee for each event, Miller said. "Seventy per cent of the total entry fees will be paid back in prizes," he added.

In addition, belt buckles will be presented to the high men in each event, based on the average finish in both runnings of the event.

President of the Littlefield Roping Club is Gene Williams.

Martin Thanks His Friends, Bows Out Of Political Race

It was with deep regret that I am announcing my withdrawal as a candidate for County Commissioner for Precinct 3.

It was my hope that I might be of service to the people of Lamb county, which prompted me to enter my name. As circumstances beyond my control forces me to give up those ambitions,

To the many friends, old and new, who have encouraged me by their help and promised to support me, I am sincerely grateful.

Area HS Seniors Can Take UT Tests May 12 In Lubbock

AUSTIN — An estimated 1,000 high school seniors are expected to take University of Texas admissions tests May 12 in the following Texas cities.

Ahilene, Amarillo, Austin, Bay City, Beaumont, Bryan, Corpus Christi, Cuero, Dallas, El Paso, Ft. Worth, Galveston, Harlingen, Houston, Lubbock, Lufkin, Midland, San Antonio, Temple, Tyler, Uvalde, Waco, and Wichita Falls.

Information bulletins and test application blanks are available in high schools throughout the state. They also may be obtained from the Testing and Guidance Bureau.

Dr. H. T. Manuel, director of the University's Testing and Guidance Bureau, reports more than 3,000 high school seniors already have been tested in the new program. The tests have been well received and "have not proved too difficult," he says.

"The test scores of the first 3,000 test applicants were very similar to the scores of the freshmen enrolled in the University in the fall of 1955," Dr. Manuel says. "Many students had very high scores, and there were relatively few failures. Both large and small schools were represented in the high scoring."

The tests will be used along with other information in selecting students who have the greatest probability of success in the University.

the bushes about a hundred yards from where you were and you'll find two more."

From then he learned the story. The baby was sick and the mother got up to nurse it. A couple of drunks passing on the road decided to see if they could shoot out the light in the tent. They missed the light and killed the woman and baby.

Word spread quickly among the roughnecks and rigrunners in the field, and they decided on swift and sure justice.

When Barfield got to the place, he found two men swinging from the limb of a sweetgum tree.

In the darkness he cut them down and hauled them back to the livery stable.

"Go over there."

In the tent he found the bodies of a woman and baby, both killed by the same bullet. Since his job was driving, and not asking questions, he loaded them up, took them to the livery stable, and put them on the cooling board.

Then he went back and got the first body, and brought it back to the livery stable. The men with lanterns were not in sight.

By the time he had the body stretched out in a wagon bed, a couple of roughnecks came in.

"When you get time," they said, "you can go back down there in

Amherst Gets New Water Well

Amherst was expected to tie in a new water well to its city system Tuesday, the city clerk reported.

The new well was brought about after the city's oldest well caved in about a month ago, it was announced.

April 30 Deadline For Employers To File Payroll Taxes

Several Thousand Texas employers are apparently letting a new tax deadline of April 30 creep up unheeded, the Texas Employment Commission warned today.

four or more people in twenty weeks during the last half of 1955 face possible penalties if they have not filed wage returns with the TEC and paid unemployment taxes for January, February and March.

Forms are available at any local TEC office, the warning added, or can be secured by writing the Texas Employment Commission at Austin.

Those who had four or more persons employed for as many as twenty weeks last year became

subject to the Texas Unemployment Compensation Program this year. Previously, only employers of eight or more had been affected.

In news releases and by direct mail, the TEC has tried to contact the 30,000 employers who are liable for payroll taxes in 1956. The beginning tax rate is three per cent—2.7 per cent going into the state's unemployment compensation fund. The remaining 0.3 per cent is collected by the Federal Government for administrative

purpose. A lower rate is possible later on under the states' program, using the employers' experience as a basis for reduction.

A spokesman for the Commission estimates that more than ten thousand employers have not yet reported.

Last year the American Red Cross received blood donations from volunteer donors for treatment of ill and injured persons at an average rate of four each minute.

DEDICATION SERVICES at the Emmanuel Lutheran Church Sunday dedicated the church's new educational wing, shown above. Nearly 200 people attended the services and heard Rev. E. T. Heyne of Amarillo Trinity Lutheran Church. The old church building was sold at auction Saturday.

Organization Of Church Women's Group Is Planned

Mrs. Henry Haupt was hostess for a coffee Tuesday morning. Attending were several church women of Littlefield. The purpose of the meeting was to make plans for the organization of a United Church Women's Group in Littlefield.

Arrangements were discussed for a coffee to be held Friday morning, May 4th, in the First Presbyterian church from 10 to 11 a.m. All church women of the Littlefield area are invited to attend the fellowship coffee.

After the coffee an executive meeting will be held to actually form the organization. Mrs. Bryan Edwards, a laywoman of the Lubbock Church Women's Federation, will be here to help in the organizing.

Committees appointed were: registration, Mrs. W. C. Thaxton and Mrs. E. J. Bussanmus; hospitalities, the minister's wives; invitations, Mrs. Rolan Chambliss and Mrs. Harry Vanderpool; publicity, Mrs. Bill Anderson and Mrs. Arthur Hunt; decoration, Mrs. Allen Hodges, Mrs. Allen Hilban, and Mrs. Paul Pharris; refreshments, Mrs. Huston Hoover, Mrs. T. F. Miller, Mrs. Rudolph Harvey, Mrs. Otis Caddell, Mrs. Ben Brandt, and Mrs. C. A. Joplin.

Attending the coffee were Mrs. W. C. Thaxton, Mrs. Harry Vanderpool, Mrs. Rolan Chambliss, Mrs. Rudolph Harvey, Mrs. Arthur Hunt, Mrs. Otis Caddell, Mrs. C. A. Joplin, and Mrs. Bill Anderson.

Mrs. Adams Is Demonstrator At Scout Meet

Girl Scout Troop 19 met Monday at the scout hut to watch a demonstration on rolling pin curls by Mrs. C. V. Adams of Fildon. This was a continuation of the project on "charm and good grooming."

Following the demonstration, the girls practiced rolling pin curls. The next course will be centered on "appropriate clothes for different occasions," conducted by Mrs. Albert Miller.

Refreshments were served by Sharlene Reeves to the 35 scouts attending. The last meeting for the school year will be held May 7th. The meeting will be a Mother-Daughter Tea. The president, Carol Belomy, urged all members to try to attend these last two meetings.

PASTOR'S CLASSES TO CONCLUDE SATURDAY

The last session of the Pastor's Classes at First Christian church will meet Saturday morning, April 28. The Chi Rho group will meet at 9 o'clock and the primary-junior group will meet at 10.

St. Martin's Circle Meeting Held Thursday

The hymns, "He Is Arisen! Glorious Word" and "From Greenland's Icy Mountains," opened the regular monthly meeting of St. Martin's Lutheran Missionary Circle on Thursday at 2 p.m.

Silent prayer followed by a prayer by Pastor Luckemeyer, was given for Mrs. A. C. Mier, Northwest Texas Group president, whose husband died very suddenly.

Irene Walker gave the devotion, the theme of which was Christ Is Risen.

"Thanks Be To God," the new anniversary hymn of the WMF, followed. Evelyn Luckemeyer gave the topic on "My Love to God." Use of the prayer calendar was stressed by Irene Walker. The Bible study, given by Mrs. Fred Lueck, was entitled, "You Are God's Temple" and was based on excerpts from 1st and 2nd Corinthians.

The business meeting was next. It was reported that the following items were sent to the New Guinea Christmas Cheer Boxes: 9 loin cloths, 13 dresses, 3 pockets, 2 bath towels, 48 pot holders, 7 yards of dress material, 10 dollars and the Juniors sent 8 tea towels, 12 pot holders, 6 pot holder racks. A congregation evening beginning with a potluck supper was planned for May 4 at 7:30 p.m.

Things for a kitchen shower for the church kitchen may be brought at any time. It was voted to save Green Stamps for Cook Christian Training School for Indians and send the Stamps about Christmas time.

Pastor Luckemeyer made announcements concerning TLC night on May 1, and an appeal for clothing for the spring collection for Lutheran World Relief.

Mrs. Fred Lueck, chairman of the Christian Service department gave the aims for her department.

The meeting closed with the Lord's Prayer followed by refreshments of coffee, cake, pie and sandwiches. Messdames Henry and Ben Brandt were hostesses.

Electric Water Heating...

IT'S A HIT!

Fast...
You can wash a load of clothes every hour all day long and the new rapid recovery electric water heater will keep you in hot water all day long.

Safe...
Only electric water heaters are completely insulated, with all of the heating elements enclosed. Thus, only electric water heaters are completely safe.

Clean...
As clean as an electric light bulb — and stays that way, too. So do your walls, drapes and curtains. Spotlessly clean always — and matchless, too.

The electric water heater is the latest hit with homemakers who have found electric living to be modern living.

Reddy Kilowatt's special water heating rate makes electric water heating cheaper than you'd think. About a dime a day. Yes, and worth every cent of it in speed, safety and cleanliness.

WORRY FREE HOT WATER of course, it's ELECTRIC!

We invite you to try GMC's

great new RSD* ride

-makes roughest roads boulevard-smooth

IT'S A FACT—the new 1956 GMC pickups with exclusive Road Shock Damper Suspension give you a ride comparable to the finest passenger cars in smoothness.

Gone are jolting jounces, front-wheel slither, steering-wheel jitters. GMC's amazing RSD ride makes the roughest road boulevard-smooth—eliminates even the drumming from expansion joints on superhighways.

No longer need you slow down for rough going. Wheel-hop is ended. Travel is safer—steering easier—driver fatigue greatly reduced. And fragile loads are protected from breakage.

Only an actual ride can show you what a sensational improvement RSD Suspension is. We invite you to try it—over the roughest road you know. Come in today for a demonstration.

*RSD Suspension is standard on the Suburban—optional at slight extra cost on other 4-door models.

Only pickups with these Blue Chip Features • New 180-h.p. V8 and 150-h.p. six engines with the largest displacement in the industry • New optional fast-cruising axle ratio and Safety Power Steering • New Kudu Stabilizer • Tubeless tires and 12-volt electrical system are standard equipment.

With ordinary suspension wheels hop and bounce violently on rough roads as shown by actual oscillograph records.

With RSD suspension (on the same road) every wheel bounce is instantly counteracted, smoothed out to a mere flutter on the oscillograph.

Local Attorney Drew Up Unusual Agreement In 1924

One of the first contracts drawn up by Wade Potter, local attorney, probably was one of the last agreements of its kind.

Potter, fresh from law school in 1924, drew up an agreement between J. P. White of Roswell, N. M., and J. B. Tanner of Gallup, N. M., for the sale of a herd of buffalo.

The contract was made May 7, 1925, soon after the Littlefield lawyer came to Lamb county. Potter recently gave the original copy of the agreement to the Southwest Collection at Texas Tech College.

White, according to the contract, told the "herd of buffalo of various ages and sex" for the sum of \$110 per head, "excepting calves of drop this year; they to be thrown in without any cost to" Tanner.

White agreed to deliver FOB cars at Fort Sumner, N. M. He had the buffalo located on the old Yellowhouse Ranch.

The terms of the contract stated that Tanner would deliver three carloads of cattle to White in Littlefield prior to shipment of the buffalo to Ft. Sumner. White held the cattle as security for the final payment for the herd of buffalo.

White didn't "guarantee any specific number of buffalo," but estimates there will be from 25 to 30

that year.

The contract stated that it was "further agreed and understood that first party (White) is not to be responsible in any way to second party (Tanner) should the railroad company fail or refuse for any reason to accept the said buffalo for shipment, and in the event the said railroad company should, for any reason, so fail or refuse to accept the said herd of buffalo for shipment, then, and in that event the said herd of buffalo shall be considered as delivered to the party of the second part (Tanner) at Littlefield, in Lamb County, Texas."

Witnesses to the signing were P. W. Walker and Howard Amason. Whatever became of the buffalo? Potter never heard.

The United States purchased the Louisiana Territory from France in 1803.

Revival Services Begin Thursday

Alvin Webb has announced that a four day revival service for the Primitive Baptist church will be held at the Community Center building beginning Thursday. There will be three services a day, 10 a.m., 2 p.m., and 7:30 p.m. Meals will be served at noon and 6 p.m.

The visiting preachers will be Marion West of Luling, Norman Cooper, and Bill Kyle of Gonzales.

Don't Let Carpet Cleaning Floor You

Now you can clean all types of wall-to-wall carpets quickly and easily with the new Blue Lustre Carpet and Upholstery Cleaner.

This very gentle foam cleaner is brushed into the carpet without sogging or matting, leaving the pile open and lofty. The original colors spring out like magic as you apply the foam with a long handle brush. (Easy as playing shuffleboard.)

Blue Lustre leaves no rings. You can remove spots, or traffic lanes in a jiffy. Works beautifully on upholstery too. It's economical as 1-2 gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

City of Littlefield, Texas
 Budget Report
 October 1, 1955 to March 31, 1956

Hon. Mayor and City Commission and Citizens of Littlefield
 Submitted herewith is the Budget Report for the period ending March 31, 1956. This report reflects the operation of the city for a period of six (6) months under the new system of standard municipal accounts which was installed October 1, 1955, at the Commissions directions.

A Summary of expenditures vs our means, or average expected expenditures, shows our position to be \$52,488.73 UNDER our expected position March 31, 1956. However, we must allow a \$18,000.00 charge against this figure for the completion of the Hasie and Green Contracts, and new water well No. 10, now under construction; this will leave a balance of \$34,488.73 below our anticipated position.

A Summary of Revenues places under our average by \$9,647.30, which is brought about by the fact that our mean is based on a 12 months average sale of water. The up-coming six months of water sale should be well above the previous six months and should eliminate this current shortage.

Guy L. McCraw
 City Manager

Wildcats In 'Good Shape' For Spring Drills

BOBBY CUNNINGHAM, a candidate for a halfback position for the Littlefield Wildcats this coming season, receives his helmet from Asst. Coach Gene Mayfield at the field house Monday as the Wildcats begin their three week Spring training period. This will be Bullard's first year as coach at Littlefield and is one of the four assistants helping Coach Gene Mayfield during Spring training. The Wildcats are working out 2 hours daily at Seely Stadium. (Staff Photo)

Intra-Squad Game Set For May 11

By JIMMIE CHAPMAN

Coach Mayfield had 45 candidates out for Spring Football Training at Seely Stadium this week and although they have not had any scrimmage yet, Mayfield says he is pleased with the condition and spirit of the Wildcats.

He says all the boys are in good condition from the track season. The only soreness the boys have is from making contact in workouts. All of the boys are in good physical shape and seem ready to get at the hard drills ahead.

Mayfield lost two boys Tuesday from the squad. They were Howard Atwood and Paul Nichols, a tackle and back. David Mordecai who was leading scorer on last year's "B" has also left the squad and was inducted into the army.

Mayfield also said he was well pleased with the attitude and spirit of the six colored boys out for the team. They are Raymond Thornton, Tommy Joe Wimberly, Ralford Lights, George Gaston, W. T. Ervin, and Arthur Willard. All are candidates for the backfield except Wimberly and Ervin.

Mayfield said that he didn't think they would get down to any scrimmaging before the last of the week or the first of next week.

Highlight of the Spring training period will be an Intra-Squad game to be played on the night of May 11. The squad will be divided up into two teams and a regulation game will be played.

Among the 45 candidates out are seven starters from last year and three others that saw some service and lettered.

No player has a position clinched yet and the center, quarterback and fullback positions seem to have several promising candidates. Four are out for the center post as well as the quarterback. Three candidates will have to fight it out for the starting position at fullback. The slot is the only vacant spot in the backfield that does not have a starter back from last year, John Clayton, last year's co-captain filled that spot and as of Tuesday Max Morris, Gus Gallini and Arthur Willard were anxious to get a chance to show their ability. Bobby Cunningham Littlefield's miler who is still training for the State Track Meet to be held May 3-5, will also be giving the other candidates a good battle for the starting berth.

To help their young friends who were victims of the recent floods and avalanches in Yugoslavia, the American Junior Red Cross has shipped 15 tons, worth \$7,000, of children's clothes and shoes to Belgrade for distribution to the youngsters.

WILDCAT CENTERS AND QUARTERBACKS: Pictured above are the eight candidates for the starting positions at the center and Quarterback slots for the Wildcats for the 1956 season. The centers are from left to right, Landon Roberts, Roger Lowe, Warner DeSautell and Doyle Montgomery. The Quarterbacks are James Pressley, Mickey Raliff, Bill Jeffries and Miles Stephens. The picture was taken as the Wildcats opened their Spring training Monday morning at Seely stadium. (Staff Photo)

Seven From Area Entered State Meet, May 3-5

Seven from Lamb county and the area qualified for the State Meet to be held in Austin, May 3-5, Saturday in the Regional tournament held at Lubbock.

Bob Cunningham, Littlefield's miler, was one of the seven.

BOBBY CUNNINGHAM of Littlefield broke the Regional record at the Regional Track Meet at Lubbock Saturday. He ran the mile in the time of 4:42 to break the old record set by Dalhart in 1951. He will compete in the State Tournament in Austin, May 3-5. Cunningham is a sophomore and the only from Littlefield to qualify for the State Meet. (Staff Photo)

sensational sophomore miler broke the Regional record as did the 440 relay team from Springlake, consisting of Max Neal, Jimmy Herring, Donald Sandel and Ronald Sandel. The other two qualifiers were Jarrel Edwards of Olton who finished second in the 440 yard run and Johnny Bass of Anton, who tied for second in the Pole Vault.

Most outstanding of the area representatives was the 440 relay team from Springlake which has been setting records all year in the different track meets. They blazed the distance in the time of 4:3 to break the old record of 4:5 set by Turkey in 1950. Ronald Sandel also qualified in the 220 yard dash by placing second in the Regional Meet.

Cunningham who set his second record of the season ran the mile in the time of 4:42 for the new Regional record. Cunningham ran the mile in the time of 4:37 earlier this year to set a new record at the Crosbyton Relays. Cunningham will leave with Coach Gene McCannles and Principal Glenn Reeves for the State Meet on May 3.

Almost 2,000 Texas high school students will compete in literary, academic and athletic events in the Interscholastic League's 46th annual state meet at the University of Texas, May 3-5.

The meet will open Thursday, May 3, at 2 p. m., with registration in Gregory Gymnasium. The annual League breakfast will be held Saturday morning at the Driskill Hotel.

During the three-day event a variety of entertainment is planned for the leaguers. The sports-minded may attend baseball games between Texas and Baylor on Thursday and Friday afternoon or a track meet between Texas, Rice and Texas A&M Thursday night. The Women's Gymnasium pool will be open to leaguers at designated hours.

Also planned are an art exhibit, University students' debate contest, a tennis clinic, and Longhorn Band auditions for prospective members.

Highlight of entertainment will be the University's Power Show Friday evening. Amusing and amazing exhibits prepared by University students will offer visitors a peep into the wonderland of modern science and engineering.

Power Show exhibits will include an automatic machine puffing cigarettes, a rocket ship launching area, memory machines which play tic-tac-toe and other games with perfect no-loss records.

Information booths and campus tours will help familiarize the visitors with the University.

During June, Texas' three outstanding soil conservation districts and three champion farmer-conservationists for the year ending March 31 will be named. The awards are made by a nationally known tire and rubber company.

Since July 1, 1955, the American Red Cross has spent over \$28,000,000 on disaster relief operations, the largest amount ever spent in a comparable period.

Wildcat Band Attends Clinic At Texas Tech

Members of the Littlefield High school band went to Lubbock Friday morning at 8:30 to attend a band clinic at Texas Tech.

The band played the numbers for Professor D. O. Wiley, that they will play at the Levelland contest.

Saturday after lunch, the Texas Tech band gave their rendition of the same selections. The Wildcats then made recordings of their playing with the corrections suggested by Prof. Wiley.

At 2 p. m., the band then marched to the parade grounds for a two hour marching practice.

After the marching drills were finished, the band went to McKernan Park for a picnic and returned home at 8 p. m.

Estimates of Texas population in 1836 range from 35,000 to 50,000 white inhabitants.

Out of every 100 of the freight cars are in the States.

Sets State 440-Relay Record

Dunbar Wins Second Place At State Meet Saturday

LHS Band To Compete At Levelland

Littlefield High School's Wildcat band will participate with other Panhandle school bands in class AA and A competition at Levelland, Saturday.

Events scheduled are as follows: 2:30 p. m., the concert numbers, sight reading, and student conductors, Palmer McCown and Tommy Ewins will perform next.

At 7:45 p. m., the band will report for inspection prior to the marching event. Following the marching, final ratings will be announced.

Judges will be James Neilson, Oklahoma City University, Maurice McAdoo of North Texas State and Floren Thompson of Eastern New Mexico, all concert judges. Jerry Newman, West Texas State, sight reading and several different ones will judge the marching.

Ensembles and solos will compete at Levelland May 12th.

DUNBAR'S 440 RELAY TEAM: Pictured above is the Coach at Dunbar and his record breaking 440 relay team that set a new state record at the State Track Meet at Prairie View last Saturday. With Coach Jeffro is kneeling, George Brockton and Arthur Willard, Standing is, Charles Holmes and Raymond Thornton. (Staff Photo)

Dunbar High of Littlefield placed second in the State Track meet at Prairie View Saturday finishing with a total of 44 points. Carver High of Georgetown won the meet over the locals with a total of 48 points.

Coach Jeffro and assistant Coach Reed, are all smiles because their 440 relay team set a new record for B class schools for 1956. These record breaking Tigers were Arthur Willard, Charles Holmes, Raymond Thornton, and George Brockington. Their new record was 46.8 over the old record of 47.5.

The old record was set by New Hope High of Kilgore in 1951 and has been tied twice by Tidwell High of Gause and Carver High of McGregor.

The Dunbar Tigers also won first place in the mile relay. Time 3:48.7. Contestants were as follows: Hershell Gaston and George Brockington, Richard Davis had run in the preliminaries, but suffered an injury and Brockington replaced him. Brockington placed third in the 220 yard dash.

Arthur Willard placed fourth in 100 yard dash. George Gaston placed fifth in the 440 yard dash.

Dunbar was excelled only by four points as winners of state teams. Dunbar 44 points and Carver school Georgetown, Williamson county, 48 points.

In literary events, Doris Joiner won first place in essay writing. Her coach was Mrs. Garrett.

Wayne Lee and Hershell McCarty represented Dunbar in debating. Mary Stewart played a piano solo.

Gracie Cooper, Ronnie Coleman, Ivan MacDaniel and Jettye Sue Shaw ran girls' 200 yard relay but failed to place.

30 days to get their team into shape.

The meeting for the auctioning of the players Tuesday night will be for the managers, players agent and officers of the League only.

"Stevenson Says Taxes Should Not Be Cut"—Headline. That was very uncharacteristic of him. He must be running for his health.

On Record Breaking 440-Relay Team

OLTON'S J. FRANK DAUGHERTY was the anchor man on the University of Texas 440 relay team that broke the world record in the Kansas Relays Saturday at Lawrence, Kansas. It was Daugherty's blistering finish that helped the Longhorns beat out the team from Baylor and set a new world record of 40.1 in the 440. Daugherty is a Junior at Texas University and may be representing Lamb County and the United States in the Olympic games at Melbourne, Australia, this fall.

Little League Tryouts Set For Today

Tryouts for the Little League teams will be held at the Rodeo Arena today (Thursday) and Friday from 5:00 p. m., to 6:00 p. m.

All boys that are not on the teams should be present to give the managers of the six teams in the League a look at them. Managers will be working with the boys and will be looking for the boys that he will want to bid on at the auctioning of players on May 1st.

Players Agent for the Little League, L. V. Pierce, also is urgently requesting the boys to register their birth certificates with him. No player will be allowed to play in the Little League unless his birth certificate is recorded with his accurate age. This includes play-

ers that played on teams last year also. All managers should get their roster down by their age, so he will know how many boys he will need to get at the auction and what age.

The League is scheduled to start on June 1st so the teams will have

Social Security Representative To Visit Here May 3

Ten thousand people can't be wrong! Not the 10,000 people who consult their local social security office in this country every day. They can't be wrong because each person receives expert advice about his own particular old-age and survivors insurance problem from highly trained and qualified representatives of the Social Security Administration.

A representative of the Lubbock office will be in Littlefield on May 3rd at 10:00 a. m. in the Employment Office. He will be glad to discuss any matters pertaining to social security.

It is urgent that you become one of these 10,000 if:

1. Due to a disability you are unable to work for an indefinite period of time.
2. Someone dies in your family who has had a social security card.
3. You are 65 and your earnings from employment and self-employment are less than \$2,080 per year or you do not earn more than \$80 in wages or render substantial services in self-employment in one or more months of the year.
4. You are 72 years old (regardless of your present earnings). Even if you are otherwise elig-

ible, benefits are not paid automatically. In order to receive old-age and survivors benefits you must file an application.

New Car Dealer Gets Highway Safety Award

Mañell Hall of Hall Motor Co., has been presented a Highway Safety Award for contributing to traffic safety by the Texas Automotive Dealers Association, the State organization of factory authorized new car dealers. The award is in recognition of the company's lending an automobile for high school driver training during the current school year to Littlefield High school.

Frank M. Gillespie, San Antonio, president of the State Association, who has announced greater traffic safety as one of the top goals of his administration, calls the driver training program one of the most commendable civic undertakings in which a dealer can participate.

The Association program of lending cars to high schools for driver training is under the direction of C. B. Smith, Austin, Safety Chairman for the dealer Association. Mr. Smith terms this Texas new car dealer investment of more than \$500,000 devoted to training Texas youth to be competent, safe drivers a vital part of the overall program of reducing traffic fatalities.

Nearly 300 members of the Texas dealers association loaned cars to schools in their community, where "behind the wheel" instruction is given in high school driver

Highway 70 At Springlake, Earth Under Construction

The widening of Highway 70 at Springlake is almost completed and workers are expected to begin construction on the highway at Earth within the next few days, the Earth city secretary reported.

Highway 70, which serves as main street in both Springlake and Earth, is being widened to four lanes.

Speeding on U. S. streets and highways injured 702,560 men, women and children.

Christian Paradoxes

Some statements in the Bible concerning Christians may seem at first contradictory and impossible, but a little reflection will show that not only are they true, but they present Christianity in an appealing view.

Dead, But Alive
Romans 6:11: "Likewise reckon also yourselves to be dead indeed unto sin, but alive unto God through Jesus Christ our Lord."

Weak, But Strong
2 Corinthians 12:10: "For when I am weak, then am I strong." Verse 9 of this chapter shows the meaning: When we recognize our own weakness and rely on the strength of the Lord, we are stronger than we could ever be of our own power.

May Be Poor, But Rich
Revelation 2:9: "I know thy works, and tribulation, and poverty (but thou art rich)." He who has the Lord and his blessing is rich even if he, like Jesus, "hath no place to lay his head."

Sandhills Philosopher . . .

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses soil banking this week, a subject he knows about as much about as he does financial banking.

Dear Editor:
I was out here wandering around over my farm yesterday speculating on where I'd put my soil bank if Congress passes one, as I understand it, if it gets passed, it'll be too late this year actually to take any land out of cultivation, but the government will go ahead and pay us on the basis of fifty per cent down and the balance next year, so a thinking man ought to be figuring out now where he wants his idle land to be located.

Now here's the thing—it looks like the proposed bill is liable to be discriminatory. You take a man like me, who foresaw the surplus coming years ago and let a lot of his land lay out, it seems to me I ought to get the full payment this year. If the purpose of the bill is to pay a man for refusing to contribute to the surplus, it seems to me the farmers who are already in the swing of the thing could be paid this year.

I can show you pieces of land out here on my farm which haven't contributed to the surplus in years, and I believe I'm entitled to some back pay for my far-sightedness. Furthermore, as I understand the bill, the idea is to take some land out of cultivation, then plant some soil-building crops on it, lock the cows out, and let the fertility accumulate, with the government footing the bill. Keep your crops in an underground soil bank instead of in a price-depressing ware house, is the idea.

Now this is a fine program, but I hope the government is thinking ahead and is prepared to stay in the soil banking business for a long time. This can't be not fly-by-night scheme. You let farmers build up a part of their land to where it'll produce twice as much as it is now, and then in a few years close the bank and let them start planting on it again, and the surplus we've got now will look like the end of seven years of want in Egypt by comparison to the one

July primary referendum on school integration and mixed marriages. Petitions asking the Democratic Executive Committee to place these questions on the ballot are being circulated in 30 cities. These would be in addition to the interposition referendum proposed by Gov. Shivers.

"We're going for interposition too," said Ross Carlton, head of the pro-segregation organization, "but we think more direct action is needed."

Water Group Formed
Six major Texas farm groups have joined forces to form the Texas Agricultural Water Committee: Texas Sheep and Goat Raisers Association, Texas and Southwestern Cattle Raisers Association, Texas Farm Bureau, Association of Texas Soil Conservation Districts, Texas State Grange, and Texas Farmers Union.

Farm groups generally opposed the water program presented during the last legislature and were credited with contributing to its defeat. One purpose of the new organization is to work for the passage of water legislation.

Historic Tour Planned
Texas, Oklahoma and Kansas historical societies have joined hands to sponsor a six day tour that will relive the frontier days. Start of the tour will be at the Alamo in San Antonio. Texas stops include Austin, Waco, Hillsboro, Criburne, Cresson, Weatherford and Fort Worth.

Short Snorts
A cut of 79,331 barrels per day in crude oil production for May has been ordered by the Texas Railroad Commission. . . . Commissioners Ernest O. Thompson and Olin Culberson have suggested price increases in Texas crude oil. . . . Texas 'tidalands have produced \$57,000,000 since being restored to state ownership by Congress in 1953, according to the School Land Board. . . . W. P. Glass, president of the Texas Legal Reserve Officials Association, says that a February gain in the life insurance sales in Texas shows a recovery of public confidence in the industry. . . . State Highway Engineer D. C. Greer, former president of the American Association of State Highway Officials, is the newly elected president of the Western Highway Officials Association. . . . Hammond Life Insurance Co. of Dallas has challenged the validity of the 1955 law which gave the Insurance Commission power to determine where officials of an insurance company are "worthy of public confidence" and qualified to hold office. Hearings are being held in Travis County District Court. . . . J. Earl Rudder has announced as a candidate for Land Commissioner. He was appointed to the office in January of 1955 when Bascom G. refused to qualify. . . . Of the Texas men entering service in March, 47 per cent were volunteers. . . . A Chicago investment firm has been authorized to issue \$5,000,000 in revenue bonds for building tourist hotels in the state parks at Atlanta, Lake Texoma, and Inks lake near Burnet.

you take it!" he said. "Oh, BOSCH! Don't give me that DUFF!" our hero replied. "I GRANT you, I'm not YOUNG, but I INHIBIT it isn't bad — that is, until HIESTAND UP."

So, he continued on his junket. But at LONG last, the STEED KNOX himself out. He's taken with TEAGUE. The horse simply BOGGGS down. But somehow, it STAGGERS HOLMES and DIES. Someone DIGGS a hole and they BERRY him. They made certain, however, not to use congressional funds . . .

That's the column for today. It takes care of the names of 35 members of the House and 15 Senators. And, EVINS knows, that's enough congressmen to get their name in print in one day!

Q. Francis Marshall of Bangor, Maine, asks: President Grover Cleveland was once referred to as a draft dodger — Why?
A. Cleveland secured a substitute to serve for him in the War Between the States in 1862. At that time the law made it possible for a draftee to obtain a recruit in his place, but he paid \$300.

Ticklers By George

"Yesterday you said that a bear chased you! What's your alibi this morning for being late for school?"

we'll have then.
As I see it, either the country has got to learn to eat and wear more, or when Congress writes that soil bank bill it had better put in a requirement that the land still in use be farmed in the worst manner possible, rows running down hill and the land exposed to washing, so when we switch over to the built-up land, we won't be right back in the surplus business. It looks like what we need is for half the farmers to be soil bankers and the other half soil bank robbers. If this thing is ever to come out even.
As it is, it looks like Congress is fixing to pay us for being better farmers, surplus-producing farmers with a vengeance, five years from now when what we really need is worse farmers, non-surplus-producing farmers. Personally I'm glad I'm not a Congressman.
Yours faithfully,
J. A.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

FINDERS KEEPERS
"Finders keepers, losers weepers." Is this old rhyme true or false? Lawyers say it is not always accurate under the law. It is sometimes rather difficult to define the rights of a finder in court.
There are some rather fine distinctions and exceptions to the "finders keepers" maxim that have plagued the courts—and finders—for generations. In the first place, the finder is not entitled to keep the property unless the original owner is not known and cannot be located. Neither may he keep it unless the object is truly "lost", and not merely "misplaced".
In general, property is legally "lost" when parted with involuntarily—through accident, neglect, forgetfulness or any other unintentional circumstance. Property is not lost in the legal sense when voluntarily left by the owner, intending to pick it up later—even though he fails to do so. Such property is "misplaced."
Thus, if one loses a watch on the street by having the clasp break, not knowing where or when it was dropped, it is legally "lost." The same is true of a fountain pen falling through a hole in one's pocket unobserved. In such cases, the finder owns what he has found against all but the true owner.
On the other hand, a package left on the seat of a bus is "misplaced" rather than lost. In one southern state a pocketbook left in a barbershop by a customer was held to have been "left," not "lost." The barber was arrested and convicted of larceny when he spent the money that was in it.
Under the law the finder of either lost or misplaced property should make a "reasonable effort" to find the real owner.
When articles are left on a train or bus, in a public hotel room, or even when dropped on a shop floor, under circumstances indicating that the true owner will later return to claim them, such items are not considered lost. The proper custodian to hold them for the owners return would be the proprietor or other person in charge.
Remaining unclaimed, the property sometimes goes to this custodian, sometimes to the finder. The distinction here appears to be whether the place it is found is private or semi-private, or a place used by the general public.
(This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

More people named Jones* own Chevrolets than any other car!

*Of course we haven't actually counted all the Joneses. But it seems a safe guess. Because this year—as they have year after year—more people are buying Chevrolets. And 2 million more people drive Chevrolets than any other car. Maybe you ought to come in and see why this is so.

TOP-STOVE MACARONI and CHEESE
 1 cup small, elbow Macaroni
 4 cups boiling Water
 2 teaspoons salt
 Cook macaroni in boiling water and salt about 10 minutes, or until tender. While macaroni cooks, cut cheese slices into 1-4 inch squares. Put 1-4 cup milk and the cheese into a heavy quart saucepan. Stir over low heat until cheese is completely melted. Then gradually stir in 1-2 cup milk. Heat until steaming hot, but do not boil. Remove from heat. Drain and rinse macaroni. Fold into cheese sauce. Serve hot. Makes 4 servings.

Earth Woman's Son Rejoins Survivors Of Doolittle Raid

Robert L. Hite, the son of Mrs. Lena Hite of Earth, flew from Enid, Okla., to Florida last weekend for a reunion with other members of the famous James Doolittle group that bombed Tokyo April 18, 1942.

Hite took off for Florida in a B-25 bomber, the same type of plane he flew over Tokyo.

Hite took part in the Tokyo raid but ran into trouble and he and his crew of five parachuted out over China, where he was

captured by the Japanese and held captive for 44 months, 39 of which he spent in solitary confinement.

His dramatic rescue came when a wooden food bowl found its way to an American Navy Officer's prison camp in southern Japan. One of the crew of Hite's bomber had inscribed information on the bottom of the bowl to lead rescuers to their prison.

A Navy officer, after being released, reported the incident. Military authorities arranged for paratroopers to free the captives.

Hite was released from military service after his return to the states. During the Korean conflict, he was recalled to duty as a major. He was promoted to Lt. Colonel and spent a year in French Morocco, returning to the U. S. in October, 1953, when he was again released from the service.

Church Must Grow

Lesson for April 29, 1956

A CLUB can close its membership list at any time. It can decide not to accept any more new members for six years, or sixty. But if a church decides to do the same, it is not a church any more, only a club. A church that is for good reasons not growing may be a true church of Christ; but a church that does not want to grow is certainly no church that Christ would recognize.

"GO," Jesus said, into all the world. A church that has no Go about it, a church whose horizon is limited by its own parking lot, a church without an outreach, is a parody on a true church. It is not the real thing.

Dr. Foreman

Hurdles and Handicaps

The early Christian church was surely the real thing. It was a going, and therefore a growing, church. But it could have had, if it wanted, all the mouldy excuses which lazy churches offer nowadays to explain why they don't reach out. For example, the early Christians could have said, "We can't reach out, we haven't any money." But they managed to get around, or at any rate some of them did. They could have complained, "We have a shortage of ministers." Well, they did, but they had no shortage of laymen. By the time the distinguished apostles got down to Samaria they found an enthusiastic layman Philip had been there already and got a work started. The church could have said, "We can't afford to send missionaries all the way to Africa." They couldn't, to be sure. But what they could do was to make a Christian of an African in their own country, trusting that he would take the gospel back to his own people. (And he did, the tradition tells us.) A track man does not complain about seeing hurdles in front of him; he jumps over them. A good golfer does not "go home mad" because he has to play with a handicap against him. He takes it as a compliment and a challenge. So the early church took their hurdles and handicaps as challenges.

Laymen and Clergy

When you see a present-day church with no outreach, one of the reasons may be that the people leave all the outreach to the minister. He is supposed to be interested in missions, sure, that's his business. But the people—well, we have a hard enough time raising money with our bazaar just for the preacher's salary, you can't expect us to think about missions! In fact, one has seen churches where the only really "active member" was the preacher. Now the early Christians talked no such nonsense. They did not have the hard-and-fast division into "laity" and "clergy" that churches today have, even if they use other words like "member" and "preacher," or "pew holder" and "pulpit orator." The Apostles, it is true, were men set apart. But the outreach of the early church was mostly done by people who were not Apostles. And so far as we hear in the book of Acts, the Apostles did not dress differently from any one else. They did not claim exemption from taxation, they did not claim reduced rates at stores or when traveling. They were not given titles like Reverend or Doctor, everybody called them just Paul or Peter or whatever, without so much as a "Mr." in front of their names. They worked at outreach, yes, but the point is, they were not looked on as professional outreachers while the "laymen" were professional sit-backers!

Multitudes and Lonely Man

The early church reached out in two ways. They went where the crowds were, and also they went to far lonely places. We hear about crowds in Jerusalem and Samaria and elsewhere. We also have the story of Philip going down to a desert road where his only congregation was one lonely puzzled foreigner. The going church today, the outreaching church, the New Testament kind of church, also will be reaching out to the multitudes, and to the lonely man. It will be sending missionaries into great cities, in our land and overseas, working among overcrowded tenements and swarming streets. It will be reaching out to cowhands on the open ranges, to lighthouse keepers' families along the seacoast, to little villages on the edge of the Arctic and under the dripping tropical rainforests.

Pleasant Valley Views

By MRS. LEROY HICKS

The Pleasant Valley Farm Bureau had its regular meeting at the P. V. community center Wednesday night, April 18, with the presiding officer, Gerald Allison, in charge of the short business session.

Oscar Allison presided as secretary in the absence of Paul Ham-

mett. A discussion on the Farm Bill that President Eisenhower vetoed, concluded the meeting.

Leroy Hicks, Edgar Broyles, Kirk Pitts, E. K. Angeley, John Inman, Harold Allison, A. W. Black, and Jack Julian attended the water meeting at the Springlake community center in Springlake Saturday, April 21.

Mr. and Mrs. Johnny St. Clair of Hale Center, and Mrs. Travis Hancock of Missouri visited Thursday evening in the home of Mr.

and Mrs. J. W. St. Clair.

Mrs. Donnie Hester Clovis on business Monday.

Mr. and Mrs. F. A. Anderson visiting in the Pleasant Valley this weekend. They are with Mrs. Andrea's family and Mrs. Harold Allison and family.

Approximately 1500 were killed in weekend accidents last year.

Makes Friends with the Meanest Roads (Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels.

Capricious roads that twist and turn—unruly roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches.

Why? Simply because Buick comes with what it takes to put any road on its best behavior—the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car.

And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER.

No other car matches the firm, true tracking of Buick's own ride foundation—buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers.

No other has such width of tread and length of wheel-base within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars.

No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet.

Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo®—and that goes double every time you "switch pitch" for whip-quick, safer passing.

But why stop to count reasons—when results are what you're after?

Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners?

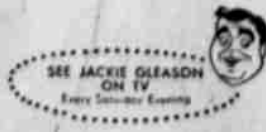

Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel?

Well, sir, we cordially invite you to drop in on us and do just that.

Make it this week, won't you? Sample the ride that has charms to win any old road—and get first-hand figures on prices that make Buick owning a more positive pleasure.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
