Mr. and Mrs. Dorman Observe Golden Wedding Anniversary

MR. AND MRS. DORMAN

Mr. and Mrs. T. M. Dorman of 1 1/2 miles southeast of Littlefield, observed their golden wedding anniversary Sunday, December 2, when they were honored at a dinner at the home of their daughter and son-in-law, Mr. and Mrs. C. B. Oglesby.

A chicken dinner with all the trimmings was served.

Mr. and Mrs. Dorman were also the recipients of a number of beautiful gifts, and greetings from members of her family and friends.

Mr. and Mrs. Dorman have been farming in the Littlefield Community

since 1923, and continue to operate their farm, Mr. Dorman, although 75 years of age, doing his own work and carrying on the farming operations by himself.

Mr. Dorman was born in Mississippi, while Mrs. Dorman, as Eva Blake was born in Tennessee.

Mr. and Mrs. Dorman were married at Irene, Hill County, Texas, December 2, 1895, to which union seven children were born, one daughter, Thelma Lillian, passing away at the age of two years.

Mr. and Mrs. Dorman moved to Oklahoma about 1900, following which they also lived near Clovis, N. M., for several years before moving to the Littlefield Community in 1923.

Children of Mr. and Mrs. Dorman are: Mrs. C. B. Oglesby of Littlefield; C. M. Dorman and I. L. Dorman of Los Angeles, Calif.; Mrs. L. D. Hagar of Oklahoma City, Okla.; Mrs. Clarence Evans of Leonard, Texas; and B. N. Dorman of San Antonio, Texas.

Mr. and Mrs. Dorman also have eight grandchildren and two great-grandchildren.

Area Gets Quarter Inch of Moisture

Cold weather hit the south plains early Sunday, which has continued throughout the past few days. The first snow of the season fell Sunday, starting in about noon and continuing throughout the afternoon and evening, when 25/100 inches of moisture was received.

VETERANS TO MEET THURSDAY

There will be a regular meeting of the Veterans of Foreign Wars Association Thursday night at the Presbyterian Church.

Members are expected to begin at 7:30. All members are urged to attend.

Do You Know Your City?

At a meeting of the City Commission held last week, the contract with Engineer H. B. Gieb, civil engineer of Dallas, for building an electric plant, was cancelled.

The city has been busy the past week making repairs on pavement, which was much needed. The city streets and the alleys have been dragged, improving them considerably.

The commission is certainly on the job. A study is now being made to see if there can be two additional commissioners appointed making a five man panel.

High School Chorus To Present Program

The Littlefield High School Chorus will present a full program at the Methodist Church here on the evening of December 19. The entire choral group will present several numbers including renditions of some of the ever beautiful Christmas carols.

The sextet made up of members of the chorus will give several special interpretations. The program by these two popular vocal organizations, under the direction of Mrs. Norma Ewell will begin at 7:30. The public is cordially invited to attend this recital by these talented young people. The program follows:

We Must Be Vigilant.
Drink to Me Only with Thine Eyes.
Deep River.
'Till the End of Time (Chopin's Polonaise).

Sextet.
Angel of Mercy.
My Own America.
Chorus
The Lost Chord.
Ave Maria.

Organ Prelude
Bells of St. Mary's.
Joy to the World.
Adeste Fideles.
O' Little Town of Bethlehem.
Hark the Herald Angels Sing.
It Came Upon a Midnight Clear.

Sextet

White Christmas.

Members of the chorus are: Betty Jane Bagwell, Jesse Boykin, Naomi Cunningham, Lena Floy Denson, Omega Del Costello, La Vonn Dowdy, Nina Jo Dunn, La Nell Furrh, Virginia Harlan, Juanita Hamilton, O'Laise Jamieson, Lee Jean McCary, Sue Powell, Lorena Salmon, Virginia Whitaker, Juanita Wright, Iva Mae Yarbrough, Kay Young, Pauline Harris, Glendolyn Bales, Anna Jo Edwards, Geraldine Clement, Imogene Harlan, Eloise Kleiber, Wanda Massey, Leta Mae McCormick, Frances Newton, Joan Pace, Betty Ann Smith, Frances Toews, Earlene Weschke, Wanda Winfield, Marilyn Winston, Larue Clark, Sybil White, Norma Jo Chisholm.

Singing Convention to Met Sunday

The Lamb County Singing Convention will meet at 2 p. m. Sunday, December 9, at the Assembly of God Church, Littlefield.

Everybody is invited. There will be singers from Amarillo, also singing teachers to discuss singing schools for the county.

Boys and Girls Here's Your Chance to Write Letters to Santa Claus at the North Pole

Letters to Santa Claus will be printed in the Lamb County Leader each week until Christmas.

All children of Littlefield and Lamb County may send their letters to the Lamb County Leader, and their names will be put in a hat. We will send each letter that comes to us to Santa Claus.

Letters to Santa Claus will be sent in plenty of time before he begins his ride on Christmas Eve.

Hurry boys and girls. Write a good letter to Santa Claus now, and mail, or bring it to the Lamb County Leader office. The time is getting short for Santa Claus to select just what each boy and girl in Lamb County wants. The Leader will then publish and forward your letters to Santa Claus.

Both Lineups Are Dotted With All-District Stars

Locals Enter Game With Season's Record Of Eight Wins

The Wildcats will battle the Denver City Mustangs here in Seely Stadium Friday for the bi-district championship. The game gets underway at 2 p. m.

The fast and tricky Mustangs will gallop into town with the experts saying they are an even or better bet to trample the Wildcats. They are out to avenge a stinging defeat administered by our Wildcats last year. They have been pointing for this game for several weeks since they were "in" for their district early.

The Denver boys feature a rock-ribbed defense, their opponents have crossed their goal line twice in 10 games.

They have won 9 and tied one, the tie with Levelland 6 to 6 in the early season. The Mustang line-up is studied with veterans from last year's district winners and boasts 4 all-district men. The big noise in the backfield is galloping Grayson Tate, two times all-district back. The line is led by Gene Streety all-district guard for two years.

The Wildcats are clawing hard to be ready after being rocked back on their heels by Sudan and after being thrown for loss by "Flu" and injuries. The ailing Cats, Junior Graham, Oscar Arend, Sidney Buell, Walter Sewell, Buster Owens, and Sabin Hendrickson were all able to work out early this week. Barring further injuries or complications the Wildcat machine that has rolled up one of the most impressive scoring records in Texas, will be ready to roll come Friday. The Littlefield boys have scored 428 points this season for an average of 43 points per game while playing a rugged schedule including 3 teams which have won their respective districts. Floydada, Herford and Ballinger has each won its district.

The largest crowd ever to jam Seely Stadium is expected to be on hand. Gates will be open at 12 noon, 2 hours before kick-off time which is set for 2 p. m. Tickets are on sale at Brittain Pharmacy and Ramseys news stand. Fans are urged to buy tickets early to insure getting in promptly.

Dr. Roy A. Kemp to Conduct Extension Bible School Here

DR. ROY A. KEMP

Dr. Roy A. Kemp, dean of the Bible Baptist Seminary, Forth Worth, will conduct an Extension Bible School at the Littlefield Fundamental Missionary Baptist Church, opening Sunday, December 9, and continuing through Sunday, December 16.

Services will be held at 10 a. m. and 7 p. m., with the night service being largely of an evangelistic character.

Everyone is invited to attend the services and bring a friend.

A former Littlefield pastor, Dr. Kemp has held pastorates at Amarillo and Abilene, and has been dean of the seminary at Fort Worth for the past three years, during which time he has given outstanding lectures on the New Testament.

"Dr. Kemp comes to us highly recommended as a pastor, evangelist and Bible teacher," said Rev. Jack Power, pastor of the Littlefield Fundamental Missionary Baptist Church. "He will be a stranger by no means in Littlefield, because of his former pastorate here 15 years ago. Large numbers of the old timers have expressed to me that they are happy over the fact that we have secured Dr. Kemp for these services."

Will Organize Sportsmen Club

A preliminary meeting was held at the Morrow Lumber & Supply Company Tuesday night leading to the organization of a sportsmen's club in Littlefield. The purpose of the club is to further fellowship among sportsmen, and to promote various sports, including hunting and fishing. There were approximately 15 Littlefield men at Tuesday night's meeting, and another meeting will be held at the same place next Tuesday night at 8 o'clock, at which time officers will be elected and other matters taken up. All the men of Lamb County interested in sports are invited to be present.

New Map of Littlefield Is on Display at Leader

For the past six months residents of Littlefield have seen a little lady with a drawing board riding in a light blue coupe through streets and alleys, walking around railroad tracks and business houses, measuring distances and making notes, and many people have wondered what she was doing.

The lady in the blue coupe is Muriel V. N. Mayo (Mrs. Morrow Mayo) engineering draftsman, and since last April she has been making a map of Littlefield. This map is now completed. It is a work of art, a picture of the city of value to every citizen.

There is probably no other map like this of any other city in America. It shows all streets, paved and unpaved, all sidewalks and unpaved footpaths. Every lot, house, garage, business building, church, public building; in fact, every structure, even those under construction, is on the map. All streets are named, the names of the owners are given, and their names shown.

The map shows the trend of

COMING HOME

Thurman Anderson, chief petty officer, wired his wife that he was leaving Manila Saturday, December 1, and would be due in Seattle around December 21.

Chief Petty Officer Anderson went into service January, 1943, and received his basic training at San Diego. For the last nine months he has been stationed in China. He was on the U. S. S. Geneva, a personal assault ship.

Before entering the service he was employed by H. O. Wooten in Lubbock.

Anderson will be discharged and will be home soon.

EXPECTED HOME

Cpl. Edmund L. Houk, son of Mrs. E. Houk, who has been serving with Gen. Patton's Army, with an ordnance division, has arrived in the States, and phoned his mother from San Antonio Monday, stating he expected to be home the last of this week.

Cpl. Houk has been in the service three years and overseas two years.

SGT. DOWDY HOME

Sgt. Lewis Dowdy, son of Mr. and Mrs. L. T. Dowdy, is home on a 90-day furlough from Ellington Field, Houston, where he has been serving in the ground crew of the Air Force. He reports back to San Antonio February 7 for re-assignment. He has been in the service three years.

Leader Receives Interesting Letter

The Leader was pleased to receive the following letter from Mr. and Mrs. A. C. Tremain, from Brownsville, Texas. Mrs. Tremain was formerly Miss Nora Belle Grizzle.

November 23, 1945
"Dear Mr. and Mrs. Drake:

"Well here it is the day after Thanksgiving and I suppose everyone feels as I do, contented and still so full of turkey that I am sure lunch won't taste good for several days now.

We have been enjoying a pleasant winter, again, in our lovely Rio Grande Valley. So far we have only had two northers, one in which we are in the midst of right at this moment. I am sure in a few days the sun will be out again and we will be having spring again. No one can appreciate this climate as much as native west Texans like we both are; and believe me we really do have nice winters. Its worth a few months hot weather to be down here in all the valley splendor and beauty of the cold winter months, we both love it. A C especially, because the lure of fishing has always been fine to him. There is no place to come to and spend a few days casting or what not as here. Most every afternoon during the good season, you wouldn't know about that perhaps, A. C. goes after work hours. Of course its not very long till dark when he goes but he usually comes in with several nice fish. I have enjoyed the fishing some myself, last year I had the honor of being the champion, as it were, of landing the largest pike caught in the channel, so far there have been very few who have topped my record, 20 1-4 pounds. And believe me it was about all I could manage.

This brings me to the original reason for the epistle, I heard an interesting fish story the other day and later it came out in print in the Brownsville Herald, I thought it

would be of interest to all you dry land fishermen, also I know its news when man bites dog etc, etc., so the same holds true for this story.

Better pay us that long awaited visit soon and we will show you how that fishing is done.

Sincerely,
NORA BELLE, A. C. and J. C. TREMAIN.

"I almost forgot to mention the main article around here, our son. You should see him, we think he's about the finest, nicest, best and best and what have you boy, in all the world."

The fish story referred to above was published in a Brownsville newspaper as follows:

FISH GOES FISHING

PORT ISABEL, Tex. — William Bledsoe, 74, is nursing four broken ribs, the result of an encounter with a six foot tarpon.

Bledsoe was sitting in his skiff

fishing when something hit him hard it knocked him out of the boat. When he climbed back in he found 125 pound tarpon flopping around.

Const Guardsmen who saw the accident and went to Bledsoe's aid, verified the fact the fish had not been hooked. It was believed struck at the reflection in the water of the outboard motor.

EXPECTED HOME

Pfc. John H. Sisson and Corporal Lawson Sisson, sons of Mrs. Sisson, are expected home this week with discharges. Pfc. John Sisson came home from overseas in September, and after 45 days leave, returned to Fort Sam Houston, where he has been stationed the last months.

Corpal Lawson Sisson has been overseas in the European theater the last two years. Mrs. Sisson expects her sons home this week.

Commander in Navy
When Released

Dr. Max Wood arrived home Wed-
nesday of last week after 38 months
in the service, including 18 months
service with Marine Air group 13 at
Samoa, Gilberts and Marshall Islands,
with the Dental Corps. Previous to
returning home he was stationed at
Pensacola, Fla., and at the lighter
than air blimp base at Brunswick, Ga.

Although Dr. Wood was in the
Navy, he served with a Marine air
group, as he explained to a reporter
of the Leader that the Marines are
furnished their medical department by
the Navy, and this was the reason
he was attached to the Marines 18
months.

Dr. Wood was released from active
duty in the Navy with the rank of
Lieutenant commander.

After World War I, the Bureau of
Reclamation received over 200,000
inquiries from servicemen as to irri-
gated land that would be available

LIGHTING OF AMERICAN FLAG PARTS LIFE ANEW FOR WAR PRISONERS, SAYS McFARLAND

We had to wear were "G" no shoes or socks, "G" were made from burlap bags, that was all the clothing we had. I never had shoes to wear until the part of 1944. We didn't see a soap for two years," said J. McFarland, who returned recently from 3 1/2 years in Jap camps, in reporing conditions in jungles at Moulmine, Burma, he spent 16 months helping the Burma railroad.

for the prisoners to work with 103 and 104 temperatures, and no medicine or drugs to take; we would work 20 hours a day and walk two miles to end from work, and it rained for three months continually without stopping. The annual rainfall was 400 inches.

"We had to keep fires going to stop wild animals such as tigers, apes, etc., from entering our camps. We burned teak wood, a native Burma wood, which is beautiful and glistens like glass when polished. Burma and South America are believed to be the only two countries to produce this particular wood. We used it on the railroad and burned it for fire wood. We used elephants to move the large teak logs, some of which were 36 inches in diameter and 40 feet long, for the bridges we had to build, used by the Burmese."

"When we started the railroad we were at Camp No. 1, but as we finished sections of it, we moved on with the line, and lived in bamboo shacks."

"We got our first clothing about November 1, 1944, when the Japs were getting ready to move us to Japan. They gave us English Army battle dress, which they took at Singapore."

Pvt. Thomas J. McFarland left Littlefield June 1, 1941, and San Fran-

cisco, Calif., with the Marines July 16, 1941, for overseas, after completing "boot" training at San Diego.

He was at sea six months on the USS Houston, when it went down February 28, 1942. He was in the water some time and picked up half a mile from shore by the Japs and taken to Serang, where he had to help unload boats and pull ammunition waggons "like horses" while the Japs were taking Java.

McFarland was sent to Batavia on April 15, 1942, to the bicycle camp; there were 3000 in this camp, mostly Australians, and only 800 Americans. Conditions there were not so bad. McFarland and a buddy by the name of Mulant, who was a fire controlman first class, and was from Illinois state, organized all the concerts, and recreation for the camp.

On November 1, 1942, he was taken to Rangoon, Burma, where he only remained two days and moved to Moulmine, where he was imprisoned two weeks, and moved into the jungles, where they built the Burma railroad, and spent 16 months.

From Burma McFarland was moved to the Thailand, where he had six months rest, and where as he puts it "was the first place we had any decent food since we left Java." Here they had plenty of fruit, eggs, vegetables and some meat.

At Thailand the Japs divided McFarland's group, and 34 Americans, including McFarland, were sent to Singapore, and to the River Valley Prison Camp.

At Singapore they suffered terribly from malnutrition. They were made to work on docks unloading ships, during which time they were beaten unmercifully and punished terribly for stealing food. They received very little food, which was mostly rice, during the six months spent at Singapore.

From there on November 10, 1944, the prisoners were loaded on a ship and headed for Japan.

McFarland, in reporting this trip and further experiences said:

"The convoys that had left previous had all been sunk, taking most of our friends. After we were loaded aboard ship we laid in the capital harbor for 10 days awaiting high Japanese officials who were being evacuated from Melaya. Our convoy consisted of only one ship, and was protected by an aircraft carrier, two cruisers, and four destroyers. Fortunately, these officers were very precious cargo to the Japanese government, and we being on the same ship got through. We landed at Moji, and were taken by train to the coal mines at Sendray, Camp No. 24, on Kyushu.

There from January 15, 1945, until September 16, we mined coal

working 1780 feet below the ground, in a 34 inch (in height) tunnel, and had to move 2 cubic meters of coal in four hours before we were allowed to come out. It took half the time to get into the tunnel, and we had to crawl considerable distance, and in the other half time were made to remove the required amount of coal, or suffer the consequences at the hands of Japanese guards.

"The food was terrible, very little rice, very few vegetables, no salt, no meat. This is where we were when we were released.

"We had our first rumor of peace from the Koreans on the 16th of August. Later we were told by our camp commander that the order had been given to cease fighting. For several days we carried on in our usual camp routine, even bowing to the Japanese soldiers, until we finally awoke to the realization that war was really over, when we received orders from the Japanese MP's to come out, that we were free. On September 16 we loaded on trains, and were taken to what is left of Nagasaki. There, we received our first coffee and doughnuts, saw our first American flag, and the first white women, which were American Red Cross nurses, and that was where life began again."

"We left that night for Okinawa and then on to Guam, and after seven days on Guam, left for San Francisco, arriving home in Littlefield November 9, after being gone 4 1/2 years.

Decorations awarded McFarland

include one silver star, for ship abandonment; Purple Heart for wound in leg; 10 campaign bars; eight bronze stars, and a star on the presidential unit citation awarded the USS Houston.

Matt Kimes Held In Morton Robbery

Matt Kimes, 39, notorious "kid outlaw" of the 1920's, hunted throughout the southwest for the past three months in connection with a \$17,000 Morton, Texas, bank robbery, was apprehended Monday at Little Rock, Ark., after he was run down by a truck on a north Little Rock street corner, and admitted to the Baptist State Hospital, suffering from a broken leg and head injuries.

Hospital authorities became suspicious when Kimes asked them not to notify his family about the accident and refused to answer questions concerning the more than \$1600 he had in his possession.

He is on "leave of absence" from the Oklahoma state prison. Kimes admitted his identity, and FBI clinched his identity with a fingerprint test.

Removal of Kimes to Texas to face the bank robbery charge is being sought by the Federal Bureau of Investigation.

Olaf Alvin (Chick) Rogers, pal of Kimes also wanted in connection with Morton bank robbery walked into the FBI office at Oklahoma City Tuesday and calmly surrendered. He was quickly arraigned before District Commissioner Paul Showalter and his bond set at \$40,000 after he pleaded innocent.

Besides Kimes, Ollie Melton and Fred Pair are also charged in connection with the holdup.

Bob Lewis Elected To School Board

At a meeting of the Littlefield School Board Monday night, Bob Lewis was named a board member to take the place of W. B. Cox, who recently resigned and moved to Lamesa.

A contract was also authorized at the meeting to do certain improvements to the primary school building, including new electric wiring and the installation of new light fixtures in all the class rooms. The project will cost around \$1,000, according to Superintendent Fred Miller.

Boys, if you're tired running around with holes in your socks, get married. The wife will soon teach you how to darn them.

Reclamation farmers in 1944 produced more than 10 million tons of food, worth more than \$400,000,000.

Palace to Present Special Bond Show

Although the Victory Bond Drive has officially closed, W. J. Chesher of the Palace theater, announces that he will present a special bond show, starting at 10 p. m. Friday, December 14, and will be shown only one time.

Believing that this incentive to buy E bonds might help boost the county's quota, which is far below the amount set, Mr. Chesher secured one of the current outstanding screen hits, "Love Letters," starring Jennifer Jones and Joseph Cotton, the film being furnished through the courtesy of the Paramount Pictures Corporation. Admission to see the show will be by bond purchase only. In other words, you must buy a \$25.00 Victory bond, or one of higher denomination, in the lobby of the Palace theater Friday night of the show to gain admission. There is no other way as the show is free to bond buyers making their purchases in this manner.

"Love Letters" is said to have a special appeal to the ladies. It tells the dramatic story of the soldier who falls in love with a girl through love letters written by him for a buddy. The girl marries the buddy, believing he is what he appears to be in his letters. The husband dies in an accident which causes the girl to lose her memory from shock. When the letter writer finds out about the husband's death he starts a search for the girl. We would not want to spoil this excellent love story by divulging further details, and our advice is to be present at the Palace theater on Friday night, December 14, at 10 p. m., and make your purchase of an E bond and see this great picture which is having record runs throughout the country.

I.O.O.F. Elects New Officers

The Independent Order of Odd Fellows of Littlefield Lodge No. 146 met in regular session Tuesday night and elected the following officers for the ensuing term. J. P. Freeman, noble grand; J. P. Ray, vice-grand; M. L. Houk, recording secretary; E. E. Terrell, financial secretary; Bob Cox, treasurer, and trustees, G. C. Pratt, 1 year, J. P. Freeman, 2 years, and Roy Wade, 3 years.

Mr. Ray Smith was in waiting and the lodge conferred the initiatory on Mr. Smith. The degree was put on with great interest. There was much said in regards to the coming year, everyone expressed their desire for one of the greatest years to be had for the advancement and the development of Odd Fellowship. If you were one that was not present at this meeting you missed a good one.

Next Tuesday night the first degree will be conferred on two candidates. Let every Odd Fellow be present for this occasion.

Servicemen Guests At Local Banquet

The service men and women of Lamb county were highly entertained and given a delicious turkey dinner at a banquet in their honor Friday evening in the Methodist church dining room, which was sponsored by the Salvation Army.

The invocation was given by the Rev. Lee Hemphill, pastor of the First Baptist Church of this city.

While the group were enjoying their desert of pecan pie topped with whipped cream, Mrs. Lee Hemphill tapped the table with her rolling pin and at once things began to happen. Ladies appeared with their aprons on, and with pots and pans and egg beaters, and it turned to be the local Kitchen Band. They played four numbers for the entertainment of everyone present, and climaxed their performance by playing and singing, "She'll Be Coming Around the Mountain."

Rev. Orbin Turner, pastor of the First Methodist Church, welcomed the boys and made them feel at home. He then introduced Adjutant Eula Trummel of the local Salvation Army Post, who spoke words of thanks to the guests, and then introduced Mrs. Ray Gearing, who presided for the remainder of the evening.

The High School Girls Sextette sang two numbers, "The End of A Perfect Day" and "The Lord's Prayer." They were directed by Mrs. Norma Ewell. Members of the sextette are Lena Floy Denson, LaRue Clark, Virginia Harlin, Frances Towes, Glendolyn Bales and La Vonne Dowdy.

Then a hearty sing song contributed to the enjoyment of the boys. Mancil Hall did a grand job of directing the sing song, when they sang "Tiperrary" and "Home on the Range," accompanied by Mrs. E. J. Packwood at the piano.

Jimmie Zed Robinson, who is a returned veteran, favored the guests with a solo, "The Touch of God's Hand," accompanied by Mrs. Roy Wade. A men's quartette composed of Vernon Eagan, V. S. Cassel, Stillwell Russel and Arthur Mueller, sang "Master the Tempest is Raging."

Mrs. Gearing then introduced her husband, Brigadier Ray Gearing, who is divisional commander of the Salvation Army. He spoke words of encouragement to the men present and paid tribute to the memory of those boys who gave their lives for our freedom and the "American Way of Life."

The program ended with the group singing "God Bless America," and the benediction by Rev. A. B. Haynes of the Presbyterian Church.

Special thanks go to the ladies of the various churches in the city for preparing the food and helping make the meeting a success.

Committee of Two Suggested to Sit In With Commission

A. C. Chester, mayor of Littlefield, has announced that the City Commission would like to have two additional commissioners, making four in all, instead of two; and since, under the statutes the city is not privileged to have more than two commissioners, the City Commission would like to have a suggestion from the citizens of Littlefield, naming a committee of two to sit in with the mayor and commissioners. Citizens are asked to send their suggestion as to such a committee to W. G. Street, city secretary.

Under the G. I. Bill of Rights there are 223 students attending Texas Technological College. Three of these are women. Of the men, 30.5 per cent or 81 students are enrolled in engineering, 68 in arts and sciences, 40 in agriculture and 33 in commerce.

The crop values of 1944 exceeded the cost of all irrigation facilities in operation by the Bureau of Reclamation last year.

If present plans of the Bureau of Reclamation are approved, more than 200,000 newly irrigated farms would be created in the 17 western states.

Priorities Off, Air Fares Down

WASHINGTON—The arrival of victory and peace has brought special relief to the air traveler. No longer does the flying passenger live in fear of being "bumped" by holders of coveted War Department priorities. And while he rides the airlines in the swiftest form of transportation devised by man, he pays less for his seat than ever before, in many cases less than he would pay for railroad fare plus lower berth.

Within a few weeks of V-J Day, the War Department abolished the priority requirements which served war purposes so well, but left less than 50 per cent of seats for civilian passengers. The actual effect on air travel was beyond statistical calculation because thousands of persons who normally would have used the airlines did not even seek reservations because of the fear of being "bumped." All that is now a thing of the past and with the 19 domestic airlines adding rapidly to their fleet of planes there soon will be space enough aloft to meet the rapidly increasing demand for air travel.

Sweeping reductions in fares by all the airlines marked the opening of the post-war era. The average rate is now about 4 1/2 cents a mile as compared with about 12 cents when regular air transport was established in 1926. In most cases the air fare is now less than the rail fare plus a lower berth. Savings over the rail rate run as high as \$12.65 for the trip between Denver and San Francisco. Other cases where the airlines offer a big advantage in price over the railroads are between Reno and Oklahoma City, where the difference in favor of the air route is \$8.50, Pittsburgh and Knoxville, where the saving is \$10.02 and Spokane and Los Angeles, with a differential of \$10.21. Among other examples are the following:

Between	Air Rate	Rail Rate
Atlanta, Birmingham	\$ 6.50	\$ 8.15
Albuquerque, Billings, Mont.	4.75	24.19
Boston, Chicago	23.65	41.63
Butte, Mont., Denver	21.99	37.61
Charleston, S. C., Detroit	25.45	40.74

Swords Into Plowshares

PICTURED above is an outstanding example of the automobile industry's version of converting swords into plowshares. Shown below is the metal finish line at Fisher Body's Pontiac plant. On this very line, during the war, (panel above) pedestals for the 90mm gun were manufactured by this General Motors unit on an assembly line basis. At first time the assembly of an intricate gun of such large caliber has been accomplished on a moving conveyor. Bodies now are being produced at this plant at a steadily increasing rate.

F-O J. E. FOUST AND F-O ROBERT L. KIRK DUE TO ARRIVE

As reported from Suez Canal by the ships public relations department of USS General A. W. Greely, the first shipload of veterans from the China theater were scheduled to arrive in New York on December 5, shortly before the fourth anniversary of the Pearl Harbor attack, on board the Navy transport, USS General A. W. Greely.

Included in the number who were due to arrive Wednesday are: F/O J. E. Foust, and F/O Robert L. Kirk, both of Littlefield.

The Greely, which will be completing a 28-day trip from Calcutta via the Suez Canal, will be the last troopship from the Orient to arrive on the east coast in time for the men to reach their homes before Christmas.

A total of 3097 enlisted men, officers, Army nurses, casualties evacuated from hospitals and other personnel are on board the Greely. They represent almost every unit and major command in the China theater, returning home after months and years of duty in China, fighting in air and ground support of the Chinese war effort.

CHANDLER A. HUTSON ON SSS MILLICOMA

Chandler Allen Hutson, Route 2, Littlefield, Texas, and other men serving on the USS Millicoma, a fleet oiler, helped her run up a Pacific war record of more than two years of operation before she was assigned to the occupation forces, then sent back to the States for decommissioning.

Beginning her war career on April 20, 1943, when she set sail for Aruba in the Dutch West Indies, her first cargo, strangely enough, was not fuel oil. Her forward tanks were loaded with badly needed high octane aviation gasoline, and her oil tanks were filled with salt water ballast. On her cargo deck, she carried trucks, landing barges, cylinders of compressed gases and drums of lubricating oils.

From that day on, the ship figured in many of the big-scale operations in the Pacific, and when hostilities had ended, she was at Buckner Bay, Okinawa, from where she set sail for the little island of Matsushima off Kyushu, Japan, where she provided fuel and other provisions for the fleet units assigned to the minesweeping task there. On October 29 she joined other ships in Tokyo Bay.

The Millicoma sailed from Yokohama via the great circle route to San Francisco on November 6, to end her wartime service as a naval vessel with decommissioning at the Mare Island Navy Yard.

... TODAY It's Different!

The principles of optometry are ancient, we know. Yet for centuries the specific application of optometric principles, common now to our everyday practice, was most elusive.

Only as scientists labored on the obvious and let the star gazer wonder at the intricate, did the good of optometry pass to everyday usefulness of mankind.

This progress has been most marked in the past few decades. Today vision is even more important and a progressive optometric profession is making it more useful.

The Nurses' National Memorial

America's war nurses are "heroes of the first order." Brigadier General R. G. De Voe, commanding general of the U. S. A. Halloran General Hospital on Staten Island, N. Y., declared in a tribute to the medical women of the armed services.

General De Voe, who declared he had served with "these fellow soldiers" during all of his professional life, made a stirring plea for aid for the proposed \$2,000,000 Nurses National Memorial which will be erected in their honor in the Nation's capital.

A start has been made to raise funds with which to establish the social service and rest center in this city, reports from Nurses National Memorial headquarters stated.

At least two millions of dollars will be required to build and endow the Memorial so that it can adequately serve the 80,000 medical women of the armed services, Arthur H. Johnson, chairman of the memorial committee declared.

Mrs. Norman H. Kirk, wife of Major General Kirk, surgeon general of the U. S. Army, is co-chairman of the sponsors group.

Mrs. Kirk who served as a war nurse in World War I and who conceived the idea of a practical useful memorial for the medical women instead of a monument of stone, again emphasized the vital need for the center. War nurses and medical women have no place of their own, either here or in any other city where they can go for rest and rehabilitation, Mrs. Kirk said. They have no center for conferences, meetings, educational work and recreation.

The Nurses National Memorial

will provide a center where medical women can gather at the nominal cost of food and lodging.

Contributions are now being received but a concerted effort by a large army of volunteer workers must be made to reach the needed goal, Chairman Johnson said. It is hoped that many contributions from business, industry, organizations and foundations as well as from grateful citizens will come in during the Christmas holiday period.

Is It Fair?

Do you pay Social Security? A large part of the nation's workers are paying this tax in order that they shall be secure when they reach retirement age. All right, how do you like the idea of strikers throughout the nation making a big haul on this fund while you continue to work? When a man goes on strike he is no longer employed, and is entitled to unemployment benefits. There are something less than a million persons in voluntary idleness who are being supported by the 50 or more million workers who prefer to stay on their jobs. Every employer also kicks in on this fund, and likewise sees the money which he puts up for the benefit of his employees going to persons who refuse to work! Is that fair? You answer.

Someone has said that we're only sure of two things, death and taxes. Anyway, the death rate doesn't increase every time Congress meets.

The most bankrupt man in the world is he who has lost his enthusiasm.

Mrs. Sam Hutson Entertains at Breakfast

Mrs. Sam Hutson entertained with a breakfast Wednesday morning, November 28, at her home on the Pop Highway, complimenting the group of women who were hostesses at a recent shower honoring Mrs. Hutson. The breakfast table was laid with lace cloth, and centered with a crystal bowl of tokay grapes.

Bacon and eggs, graham muffins and coffee were served. Favors were Early American Friendship Garden sachets.

Enjoying the occasion were Mesdames T. A. Yeager, Fred Gerlach, W. C. Woodworth, W. E. Owens, and Freddie Carol and George Ann Gerlach.

Freddie Carol and George Ann Gerlach entertained the group with songs and readings.

PAUL PHARRIS, LITTLEFIELD RESIDENT, SEES FATHER FIRST TIME IN 37 YEARS

Mr. and Mrs. Paul Pharris recently visited Mr. Pharris' father, Fowler Pharris, 57 in Coalinga, Calif.

The meeting of Mr. Pharris and his father was unusual, as this was the first time after a separation of almost 37 years. The father, who is critically ill in the Pleasant Valley Hospital in Coalinga, returned to the United States in June from exploration activities in Burma and India. He had not seen his son since Paul was seven months old.

The elder Mr. Pharris went to Burma in 1906. He was superintendent for the old K. T. & O. Oil Company. In 1942, after Rangoon, capital of Burma, was captured by the Japs, he and his workers fled to India. They destroyed as much of the oil fields as possible and all of the equipment as the Japs approached Yenangyaung, Burma. They drove their cars within 36 miles of the border of India, then abandoned the vehicles and went on foot across the border. They later settled near Calcutta.

Mr. Pharris came by hospital plane from Calcutta in June, 1945, landing in Miami, Fla. He went to the Mayo Clinic in Rochester, Minn., before going to Coalinga for a visit with his brother, R. C. Pharris, whom he had not seen in 34 years.

A daughter, Miss Irene Pharris, arrived in the United States in July of this year from Calcutta. She was born in Burma, and before the Japs invaded the country was employed as a stenographer in Rangoon, but she was evacuated to India a short time before her father and his crew destroyed the oil fields. She had been working in a war office in Calcutta prior to coming to the United States.

Miss Pharris is visiting in the home of Mr. and Mrs. Paul Pharris. Her sister, Mrs. Charles Brentnall, is in Hartlepool, England, with her two sons and her husband, who is a captain in the British army.

Mr. and Mrs. Paul Pharris also visited other relatives while they were in California, including Mrs. Pharris' sister in Los Angeles, a brother in Hollywood and a brother in San Jacinto, all of whom she had not seen in 13 years.

THRIFTY!

ONE-A-DAY Vitamin A and D Tablets

EACH tablet contains 25% more than minimum daily requirements of these two essential vitamins. Insufficient Vitamin A may cause night blindness, may lessen resistance to infection of the nose, throat, eyes, ears and sinuses.

Vitamin D is necessary to enable the body to make use of the calcium and phosphorus in our food.

Insure your minimum requirements of these two important vitamins by taking a ONE-A-DAY Vitamin A and D Tablet every day.

Economical—50¢ - or less - per month.
Convenient—you take only one tablet a day.
Pleasant—children actually like the taste—and so will you.

IMPORTANT—when buying Vitamins compare notations and prices. Get them at your drug store.

SIDELIGHTS FROM WASHINGTON

By CONG. GEO. MAHON

There is every indication that the labor-management conference in Washington is getting nowhere. In the meantime, the reconversion program is being definitely retarded by dissension and strikes.

There are usually two sides to every controversy, but it is regrettable that labor and management refuse to compose their differences and thereby promote the public interest.

Legislation designed to improve the situation and make both labor and management accountable has been recommended by a congressional committee. What may be done will depend upon developments. President Truman has requested that no legislation involving the situation be passed during the labor-management conference.

Unfortunately, during the war period a few racketeers ran roughshod over the public, fomenting strikes in war industries, hampering the war effort, and jeopardizing the safety of our fighting men. They did a great disservice to the war effort, particularly to the men of the armed forces. They should have been stopped. But despite the efforts, protests and votes of some of us who were referred to as "southern Democrats," these racketeers were not stopped in their tracks as they should have been. The failure to stop them at that time and fix a definite labor-management policy only makes the solution of the present problem more difficult.

If labor and management will give a little more thought to the public welfare, their own best interest will be better served. I do not mean that the present controversies are one-sided; that only labor is at fault; that only management is at fault. I mean that the people are sick and tired of strife and controversy that is retarding essential production and feel that they have a right to expect a better performance. Organized labor, and I firmly believe in organized labor and collective bargaining, together with an enlightened management, is confronted with the greatest opportunity in history for promoting the public welfare.

Good wages and reasonable profits and good prices for agricultural products would produce an era of good will and great prosperity in America. It is hoped that despite the unpromising present outlook, the prospects may definitely improve in the near future.

There is so much happening both

at home and abroad that it is impossible for anyone to keep abreast of the news. China is far away and little known to us, but colorful Pat Hurley put the Chinese situation in the spotlight last week by issuing a blast and resigning as ambassador to China. The President of the National Press Club in Washington invited me to a luncheon where Mr. Hurley spoke to the newsmen for two hours about the controversy.

In September I had spent two nights with Mr. Hurley in Chungking. The first night he took our group out to a dinner at the home of Generalissimo Chiang Kai-shek. The generalissimo was evidently sincere in his praise of Ambassador Hurley and General Al Wedemeyer, the commanding general of the Chinese theater. Moreover, Chiang seemed to be a man of great sincerity of purpose, though there were rumors that his family had profited financially during the war. At the dinner, a Mr. Frank Price, the son of an American missionary, told me he had complete faith in the generalissimo that he believed him to be a devout Christian gentleman. Mr. Price told me of an incident that occurred during the darkest days of the war when it seemed that Japan would completely engulf China. He said that the generalissimo sent for him and asked him to make a list of scripture references that would give strength and guidance to the generalissimo during those trying times.

Ambassador Hurley also introduced us to General Mao Tze-Tung, the head of the Communists, and his staff, who had come to Chungking at Hurley's request for conferences with the generalissimo. All Chinese more or less look alike to me, and these communist military leaders were no exception. They were dressed in plain blue denim without brass buttons. General "Joe" as one of them was called, could speak English, and with him and an interpreter, a bright young Chinese official who was a graduate of Princeton University, we carried on a conversation. However, we learned but little. Everything about China is confusing. It is a country that seems hopelessly enmeshed in tradition, ignorance and poverty.

There appears to be little hope for stability and real democracy in China for a long time to come. I hope General George Marshall, who is going on a mission to China as a special representative of President Truman, can help bring order out of chaos. Our own security is best promoted by a peaceful world. Moreover, the Chinese people have a deep and genuine affection for America, and we could not do other than wish them well.

WHITEFACE WINS OVER WHITHARRAL TO SCORE OF 38-6
 Whiteface's powerful six-man football team counted twice in the second, third and fourth periods at Levelland Friday afternoon to roll over a fighting Whitharral team for a 38 to 6 decision and the District 6-B championship.
 The winners, after being held scoreless in the opening quarter, exploded in the second and thereafter were never held. Whitharral managed to shove its lone touchdown across in the fourth frame. The game was dedicated to H. D. Read, president of the Whiteface school board, who was killed in a car wreck Monday of last week.
 This was the third meeting between the two teams, each squad having won one game apiece in previous contests.
 Halfback Harold Sides with 18 points led scoring for the Whiteface team, while Fullback Truman Swiney with 13 points, Right End Ray McCoy with six and Quarterback Dale Thoms with one also helped boost the total. Halfback Fagan scored Whitharral's six points.

If and when West Point plays Sing Sing we'll know for sure then whether the pen is mightier than the sword.

DR. ARMISTEAD GETS DISCHARGE; RETURNS HOME
 Dr. W. B. Armistead, who has been stationed at Lubbock, has received his discharge, and returned to Littlefield to the office of Drs. Woods and Armistead.
 Dr. and Mrs. Armistead moved back to Littlefield Monday last week, and are living in one of the E. B. Luce houses on Highway 51.

SPENDS YEAR IN INDIA
 S/Sgt. Donny Joe Gaither, son of Mr. and Mrs. J. H. Gaither of Littlefield, arrived home Thursday last for his year's overseas service in India. He was with the ground crew of the Air Force, and in service 5 1/2 years. He received his discharge at San Antonio.

"Me... I'm staying in the Army!"
 THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!"

- "First, I keep my present grade. That means a lot."
- "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish."
- "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army."
- "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools."
- "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay."

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946
 AN IMPORTANT DATE FOR MEN IN THE ARMY
 MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 30 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.
 You may enlist AT ANY TIME for 1 1/2, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

Lum's Chapel Baptist S.S. Installs Officers

The T. E. L. Class of Lum's Chapel Baptist Sunday school installed officers and presented yearly reports with a program Wednesday afternoon in the home of Mrs. Glen Young.

Mrs. Annie Cater was in charge of the program, and Mrs. F. W. Legate conducted the installation service, using a very unique key theme.

The following ladies took office: Mrs. Annie Cater, president; Mrs. J. H. Hodges, stewardship vice; Mrs. Doss Maner, ministerial vice; Mrs. G. G. Wilson, fellowship vice; Mrs. Alpha McCarty, membership vice; Mrs. C. P. Anderson, secretary; Mrs. Ruby Emmons, assistant secretary; Mrs. Jack Smiley and Mrs. R. L. Tisdale group captains; "Satisfied with Jesus" and "I Would Be True," were sung by Mrs. Hershel Barker, with Mrs. S. H. Bluhm, accompanist at the piano; Mrs. Vernon Cox gave a reading, "I Know Something Good About You," and Mrs. Doss Maner gave the invocation.

A social hour followed, during which delicious refreshments were served to the following: Mesdames Lee Thornton, Doss Maner, Vernon Cox, Alpha McCarty, Percy Carter, J. H. Hodges, J. T. Brown, Hershel Barker, C. P. Anderson, Annie Carter, R. L. Tisdale, A. L. Swanner, F.

JODYE JONES GOES TO SHOEMAKER, CALIF., AFTER LEAVE HERE

Jodye Jones, SM 3/C, after spending a 45 day leave at home with his parents, Mr. and Mrs. Otto Jones, left Tuesday of last week for Dallas for re-assignment. He came through Littlefield Thursday enroute to Shoemaker, Calif., but still didn't know where he would be assigned.

Jones has been in the service 1 1/2 years and overseas ten months.

Jarold Jones, S 1/C, brother of Jodye, has been three years in the service, and has been stationed at Fort Pierce, Fla.

He expects to be home for Christmas, is scheduled to arrive here December 15, and leave again December 26.

W. Legate, S. H. Bluhm, Glenetta Petty, and the hostess, Mrs. Glen Young.

Woodmen Circle Enjoy Social

The Thanksgiving party of Loyalty Grove was held Tuesday night, Nov. 27 at the Legion Hall. Approximately 30 members and guests were present for the gala affair.

Group singing and "42" were the high lights of the evening.

A delicious buffet supper was served from a long table laid with a white linen cloth.

All members are urged to attend the next meeting of the grove Tuesday, December 11, at 7:30 p. m. Officers for the coming year will be elected and several new members are to be initiated. Drill team members are especially asked to be at the hut at 7 o'clock.

Plans will be made for the Christmas party to be held later in the month.

A joint installation of officers will be held early in January by the Woodmen Circle and the W. O. W. lodges. State managers Laura E. Krebs, Austin, and J. R. Sims, Dallas, will be present for the ceremony.

Mr. and Mrs. Smith Attend Double Funeral Recently

Mr. and Mrs. Bob Smith attended the double funeral Sunday, Nov. 25 at 3 o'clock at the Methodist Church, Floydada, for Mrs. Fleeta Willis and son, Stephen Vincent, who were killed in a car wreck November 15 at San Diego, California.

Mr. and Mrs. Smith are long time friends of the deceased. They lived in Floydada previous to moving to Littlefield in 1914, and Mrs. Bob Smith and Mrs. Willis' parents, Mr. and Mrs. V. M. Manning, grew up together.

The husband and father, Norville Willis, is in a serious condition from the wreck, and is still unconscious in a naval hospital at San Diego. He was employed in the Navy yards, and he and his wife and son were going from the shipyards to their home when they had a head-on collision.

The remains were brought to Floydada for burial.

Thanksgiving at Texas Technological College was observed on Thursday, Nov. 29. This is in keeping with an agreement reached last spring between the governor's office and Texas college representatives,

according to President W. M. Whyburn. The holiday lasted from Thursday through Sunday.

They called him the Flea, because he followed the hounds.

"Now the Victory's Won."

I Promise...

"... My help in keeping the money end of this peace business sound.

"... That I'll go slow on extra spending until the things I want become more plentiful and prices are right.

"... That I'll work up my bank balance a little each year. Someday this ready cash may come in handy for a first payment on a home, to educate the children, or to help establish my credit if I need to borrow at the bank.

"... That I'll buy more of my country's Bonds and hang on to the Bonds I own.

They are a reserve fund for me and my wife.

"... That I'm going to stick to this plan as long as it's humanly possible—for the good of myself, my family, and also for the good of my America."

Makes sense for all of us, doesn't it?
