City Fines Total \$19,366 In '66

Fines collected in the City of Littlefield from Corporation Court amounted to \$19,366 in 1966, according to Veneta Miller, city treasurer.

That included money collected for all violations occurring within the city limits, from speeding to disturbing the peace.

On the county level, \$6,961.60 was collected in criminal fines, with \$2,531.50 coming in during December.

In Littlefield, city policemen made 41 arrests during the big holiday month.

SCS REPORT SET TONIGHT

Distribution of the annual report and selection of the county's outstanding young rancher or farmer will be key business items at a meeting of the Lamb County Soil and Water Conservation District supervisors at 7:30 p.m., today in the county SCS office.

Joe Ehevins, district SCS work unit conservationist said the annual report of the district's program and plan of work will be released to the organization's five supervisors.

Selection of the outstanding farmer or rancher in the district will be for state competition for the Goodyear Award.

'Cats Drop League Opener To B'field

The Littlefield Wildcats, hobbled by injuries of two starters, stayed valiantly in the game but faltered in the final period to drop their District 3-AAA basketball opener to Brownfield, 50-44, there Tuesday night.

After starting out even against the Cubs with a 11-11 first period, the Wildcats fell behind to 31-20 at halftime.

But then the 'Cats staged a comeback in the third canto, narrowing the gap to 37-33. The final stanza, proved their downfall as the Littlefield five managed 11 markers to the Cubs' 13.

Despite the absence of Phillip Pace and Fred Kooztz, the Wildcats were in the game until the final buzzer, and outstanding performances were turned in by Kevin Hutson and Ralph Dangerfield, Pace's replacement.

Pace, sidelined with a sprained back, should be back in uniform by next week, but Kooztz, out with a sprained ankle, may be on the bench at least three weeks.

Hutson poured in six field-goals and five bonus throws for 17 points, while Dangerfield, who was a big help on rebounding, posted eight markers.

Tim Tapley managed eight

1966 Rainfall Here Totals 18.79 Inches

Rain was more bountiful in Littlefield in 1966 than the previous two years with 18.79 inches falling from January through December.

The 18.79 total was given from U.S. Weather Bureau records kept by John Crawley of Santa Fe Railroad. It was somewhat higher than the 15.76 figure for 1965, recorded by Pioneer Na-

tural Gas Co., and the 13.67 inches for 1964, also recorded by the gas company.

Last year's heaviest rains came in August when 8.06 inches were recorded. In May, 3.46 inches fell, followed by 2.41 inches in June.

The fourth greatest amount of moisture came in September, with 2.16 inches. The year started off with no moisture recorded in January, but then .40 fell in February, followed by .05 inch in March.

No rain fell during dry April, May and June. .59 inch was marked in July.

Following the heavy down-

pours in August and September, October and November each had .07 inch. Then .12 inch was marked during December.

Police Report Quiet New Year In City

Littlefield police reported a quiet New Year's Eve and day here with only one accident and no arrests.

The first traffic accident of 1967 in Littlefield occurred at 12:27 a.m., Sunday, when a 1960 Chevrolet driven by Mary Crone Conley, 25, slid out of control through an intersection and ran through a fence and into a house at 1028 S. Wicker.

Investigating officer said the auto was traveling south on Wicker Ave. when Mrs. Conley approached a stop sign at W. 6th Street. She lost control of the car and it went across 6th Street, jumped a curb, went through a fence and struck the house. She was taken to Littlefield

Hospital with slight injuries and was then released.

Damage to the auto was about \$600, officers said.

A theft of a 20-foot cotton trailer from Littlefield Farmers Co-Op Gin Tuesday was reported. The trailer had the name Henry Schoppa painted on it.

An attempted break-in occurred at 9:42 p.m., Sunday at a service station at E. 6th St. and Hall Ave. The station's manager, Tom Enox, saw two teenagers running away from the scene, but nothing in the building appeared to be missing, police said.

Entry was gained by breaking a pane in a door.

Lamb County Sheriff's office reported a quiet New Year with no arrests being made.

2 Banks In Gains Over 1965

Total deposits in Lamb County's six banks, Littlefield Savings and Loan and Citizens State Bank of Anton held their own in 1966, despite heavy losses from crops across the area.

Deposits as of Dec. 31, 1966 in all eight institutions were \$46,437,420.03, compared to \$47,127,085.60 at the same time in 1965, for a decrease of \$689,665.57.

The bank at Anton is included in the figures because Anton is considered part of the Lamb County trade area, although Anton is in Hockley County.

Banks to show increases over last year were Security State Bank of Littlefield and Citizens State Bank of Earth.

Littlefield Federal Savings and Loan also showed a substantial increase in accounts with \$10,779,607 as of Dec. 31, compared to \$9,097,002 for the same time in 1965.

Loans and discounts, including Commodity Corporation Loans on cotton or grain at the seven banks amounted to \$15,865,641.31, as of Dec. 31, 1966.

Figures for deposits and loans and discounts as of Dec. 31, 1966 are:

FIRST NATIONAL BANK, Littlefield; Deposits, \$5,788,864.61; L&D, \$3,164,615.91.

SECURITY STATE BANK, Littlefield; Deposits, \$9,461,739.52; L&D, \$4,582,649.44.

FIRST NATIONAL BANK, Amherst; Deposits, \$3,958,206.26; L&D, \$764,303.96.

CITIZENS STATE BANK, Earth; Deposits, \$3,810,597.11; L&D, \$1,872,247.77.

IN JUST 36 YEARS

Here's How To Amass Cool \$50,000 In Savings

How much of a retirement fund can the average Lamb County family amass by putting 7 percent of its income into savings each month?

To reach \$50,000, how many years would be required? Several factors suggest the need of some sort of a retirement fund for a family that wants to be able to live comfortably and securely when retirement time arrives.

Inflation is a principal factor. It has been responsible, in the last 15 years alone, for a 30 percent increase in the cost of living.

Another is the failure of some industrial pension funds to accumulate and properly earmark

the necessary amount of money to guarantee workers the pensions that are due them after retirement. That is something that Congress plans to correct in the coming session.

Finally, there is the need for an additional source of income by those who cannot count on a private pension and who would not be satisfied to scrape along solely on what social security will provide for them.

In Lamb County, on the basis of current earnings in the local area, the average family would require 36 years to reach the \$50,000 goal.

This assumes that it saves 7 percent of its income regularly, \$34 per month, and receives interest on it at 5 percent, compounded quarterly. No allowance is made for taxes on the interest received.

In many sections of the country, where incomes and savings possibilities are lower than they are locally, the length of time to reach \$50,000 would be proportionately greater. In some others it would be less.

For those local families that can put aside \$80 a month, the \$50,000 objective would be reached in approximately 24 years. The amount actually put into savings would be \$23,040. The other \$26,960 would come from dividends.

At \$60 a month it would take 28 years, with \$20,160 representing cash savings and \$25,840 representing dividends.

News-Leader Bigger, Better In 1967

Bigger and better in 1967

This is the forecast for the News and Leader as staff members started back on regular schedule this week after holidays.

The last three papers have been smaller than usual due to short production time between Christmas and New Years, but

with regular hours back in force, readers can look forward to better editions with all the regular features.

Next Thursday a farm page will be added to join the regular feature page.

On Sunday, the County Wide News has such extras as the Skat, editorial page and church page.

25 Per Cent Of Families Own One Or More Cars

Perhaps it's junior's "hot rod," or mother's new station wagon, or both. Whatever it is, it adds up to the startling fact that one-fourth of all American families now own two or more cars. So reports FINANCE FACTS, monthly newsletter of the National Consumer Finance Association.

Referring to data made available recently by the University of Michigan Survey Research Center, the December issue of

FINANCE FACTS revealed that 79 per cent of all U. S. families today own one or more automobiles, with 25 per cent possessing two or more.

Moreover, multiple auto ownership increases in direct ratio to income. Sixty per cent of those with annual incomes of \$15,000 or over are owners of more than one car and the percentage is going up yearly. Single car ownership varies

between 24 per cent of families with annual incomes of \$1,000 or less to about 95 per cent of those with incomes of \$10,000 or more.

Whether the car has become a status symbol or Americans have simply decided to be as mobile as possible, we are literally a nation on wheels, according to FINANCE FACTS.

Undoubtedly, the increased requirements for commuting, shopping, and other activities among the growing number of suburbanites contribute to the trend. Another factor is the expanding teenage population.

Turners Given Going Away Social Sunday

SPADE -- Several members of the Young Adults Sunday School Class of the local Baptist Church were hosts last Sunday night following church services to a fellowship honoring Mr. and Mrs. Arwin Turner. The event was held in the Fellowship Hall of the church as a going away party for the Turners who are moving this week to Dumas.

Refreshments of fruit punch, assorted cookies and coffee were served to those present. Doc Vann, teacher of the class, then expressed the group's appreciation to the Turners and presented the gifts to them.

Those attending were the Turners, Mr. and Mrs. Vann, Mr. and Mrs. Donald Caldwell, Kim and Lori, Mr. and Mrs. Arthur Turner, Mrs. J.R. Hodges, Mr. and Mrs. W.A. Tindal, Mrs.

Brown, Mr. and Mrs. Robert McCurry and Jimmy, Mrs. Ronnie Nettles and Debbie, Don Tindal, Mr. and Mrs. J.R. Inklebarger, Mr. and Mrs. Jess Emmons, Mr. and Mrs. Joe Blankenship, Rev. and Mrs. J.J. Terry, and Diane, Terry, Barbara, James and Beverly Williams.

Richards Have Son

A son was born to Mr. and Mrs. Earl Glenn Richards of Hobbs, N. M., December 27. The infant weighed 8 pounds, 1 1/4 ounces. He was named Charles Marvin.

Paternal grandparents are Mr. and Mrs. M. V. (Buck) Richards of Littlefield.

Maternal grandparents are Mr. and Mrs. Charles West of Littlefield.

FEATURE -- Mrs. Don Preston is pictured above with her two little helpers as she prepares one of the fine recipes she submitted for this week's feature. Pictured above are La Don, age 4; David, age 1 1/2; and Mrs. Preston.

Mrs. Don Preston Gives Two Favorite Recipes

Mrs. Don Preston, 400 E. ... submitted two of her favorite recipes this week for the recipe feature. Her recipes are for rolls and Date

4 tablespoons sugar
4 tablespoons shortening
1 egg (if desired)
3 cups flour
2 teaspoons salt

DATE NUT PIE

3 tablespoons flour or cornstarch
1/8 teaspoon salt

Don Preston enjoys cooking and refinishing furniture. She also has a collection of antique furniture. She is an assistant manager for the SIC office. As a pastor he has time, he enjoys. Preston has two lovely daughters, La and her mother. Their son, David, is 1 1/2 years old and keeps mother and baby keeping up with him.

Put all ingredients in water or milk and mix well. Let stand until yeast rises to the top. Add enough flour until the dough feels velvety. At this stage you may want to refrigerate some of the dough. If so place in a greased bowl, turning the dough to coat the surface, cover and refrigerate. The remaining dough should be kneaded for 5 minutes. The more the dough is kneaded the lighter the rolls. Let stand until they double in size and knead again, roll out, put in pan and let rise. Bake at 400 degrees until golden brown. Do not knead the dough you refrigerate until you are ready to use the dough.

1 cup sugar
1 1/2 cup milk
2 eggs, beaten
1 small package dates
2 tablespoons vanilla
3/4 cup pecans
1 baked 9-inch pastry shell
3 stiff-beaten egg whites
6 tablespoons sugar
Mix flour, sugar, salt, eggs and milk; add dates and cook over moderate heat in a double boiler until mixture thickens and boils, remove from heat. Add butter, vanilla and pecans. Cool slightly, pour into baked pastry shell. Cover with meringue and bake in 350 degree oven until browned.

Burnetts To Be Honored On 50th Anniversary

Sunday, January 8, the children and grandchildren of Mr. and Mrs. L. M. Burnett will honor them with a 50th Wedding Anniversary celebration in the parlor of the First Baptist Church from 2 to 5 p.m.

Leo Melton Burnett and Miss Lillian Lois Nixon were married January 7, 1917 in May, Texas in the home of Rev. S. C. Steel. They have lived in West Texas and around the Littlefield area since Nov. of 1927. They have lived in Leveland and in Dimmitt, also.

Mr. Burnett is a retired farmer. Since he retired he has served in the capacity of caretaker for several churches in Littlefield and the surrounding area.

The Burnetts have five children, Mrs. Alvis Tubbs of Littlefield, Orville of Clyde, Texas, Mrs. James A. McCarty of Lubbock, Thaxton of Cobb, Calif., and Lester of San Angelo. They have 16 grandchildren and six great grandchildren.

The serving table will be covered with a white linen cloth featuring a gold artificial floral centerpiece.

Coffee, punch and cake squares with "50" will be served by granddaughters, Mrs. Danny Johnson and Mrs. Don McCarty.

All friends of the couple are cordially invited to attend the reception.

Parent Problem

By Bill Turner

WHAT SOME of us parents don't seem to realize is that we owe our youngsters more than the kids have sense enough to ask for. This column was prompted by a letter we once got from an unhappy teenager. Here is the letter, word for misspelled word:

"If I ever had my way with this town I would change a lot of things. Take for example, there would be things for us young people to do like more parties.

"But the old people around here have to have their way, so they turned around and complain cause we get in trouble, but you sure don't see them trying to do very much about it.

"That is the way so many girls get pregnant and have to get married at the years between 14 and 18 or even have kids at them ages.

"There is also the reason for these young kids or boys going to jail for the main reason nothing to do.

"There is alot of kids in this town who will agree.

"So you old people get busy and do something instead of always complaining, cause your daughter or son as got in trouble. One who Know"

OUR FIRST reaction to such a letter was to tell the writer to bake a cake, scrub a floor, join a club--and learn how to spell and write a sentence. But such an answer has become

as hackneyed as the there's-nothing-to-do complaint.

The problem is not in the answer itself. It's a good answer. When a 16-year-old tells you she's liable to get pregnant because there's nothing else to do, it seems perfectly valid to suggest any number of alternatives, including cold showers.

But the kid should get advice from her parents, not from Ann Landers or some other newspaper writer.

It is easy for us old crocks to tell our youngsters about all the things WE did when we were young. But they couldn't care less and why should they?

We can remember our parents telling us about chopping wood and hauling ice. They might as well have told us to go shoe a horse. The point is, things change. Adults change them, but holler foul when their youngsters reflect these changes.

The big thing kids have today is wheels. If a boy doesn't have almost unlimited use of a car, he is nothing. He can't get a date, for gosh sakes, Dad. Parents don't want a nothing for a son. What would the neighbors say? So Junior is turned loose on the streets and highways to go where?

THAT is the problem. Too many parents don't know where Junior and Susie have gone. The kids have a rolling motel room, snug and private, courtesy of Ma and Pa, and hours to kill.

Take a look at the traffic accident statistics.

Then look at the various statistics which reflect the pitfalls of early marriages. And then decide which is more risky: driving or parking?

Sometimes the little big-shot tire-squealers and the short-skirted hair-in-the-face bug us.

BUT MOST of the time, the disdain should be reserved for the parents who don't give their kids anything except the keys to the car and to the house.

We know mothers who have lied to Junior teacher to keep the little angel from facts the music. The teachers know they are getting the baloney, but what can they do?

And Junior appreciates Ma's loving concern--but does he respect her?

Youngsters not only need guidance, they want it. But they are human and immature and they are going to run to the end of the leash.

The parent who is too busy or too lazier to jerk the rope is asking for trouble.

Our letter-writing friend says the old folks should build the kids a three-ring amusement palace.

This one needed a lot more than that and we hope the parents gave it before it was late.

AMY'S ADLIBS

A Shocking Future

By Amy Turner

WITH ALL of the predictions for the new year and the future filling newspapers and magazines, I have just come across a piece of rather shocking news.

This incident had to do with a married man in London, England, who was rather a little too interested in the lady next door. It seems his wife found out, he repented and she forgave him and everything was lovely, except....

The lady across the hedge still looked too good to our hero, who felt guilty about the continued attraction and became depressed and remorseful. So he went to a doctor for help. This is when things get shocking.

The doctor put the gentleman in a dark room. Pictures of his wife and the other woman were flashed alternately on a screen and every time the photo of the girl next door was shown, our hero was given a 70 volt electric shock in the mid-section.

Now, I am not making this up since two psychiatrists wrote about it in a medical magazine. They called it "aversion therapy" and the gentleman in question took it 30 minutes a day, six days straight. And it worked.

THIS PRESENTS all sorts of interesting possibilities since, the way I figure it, the voltage treatment will soon replace our present primitive methods -- the icy glare, the kick in the shins under the table and the elbow in the ribs.

Now I call this progress! Someday, every new bride will probably buy her own Home Aversion Kit at the supermarket for \$4.98. It will be portable with rechargeable batteries and no direct connection with the husband will be necessary since, obviously, all

husbands would be fitted with steel receiver buttons.

No darkrooms and pictures will be necessary and it certainly will simplify a lot of things. Every wife will have her "shocker" which she could carry in her purse. For dress-up occasions, there will probably be shockers disguised as costume jewelry. Rich women may have diamond shockers that also tell time and give weather reports.

JUST THINK of it! When Horace begins to stray, Myrtle has only to activate her shocker. Zap! Horace gets 70 volts in the stomach. He starts to tell an old joke for the 156th time. Zap!

And somebody is bound to add TV and radar to the shocker and we can curb him from afar and that will be it. I mean, he might avoid an icy stare across the room but not many men are going to ignore 70 volts.

Of course, pretty soon, he's going to be indifferent to all temptations, we can then make ashtrays out of our shockers and it will truly be a woman's world.

THE PUBLISHER says, it looks like a pretty bleak future to him, but he mumbled something about, undoubtedly I would demand equal rights and that would be his only consolation.

All in all, it looks like a rather electric future, with couples living happily ever after, shocking each other into mutual submission. But that may not be such big news, after all.

I mean, I've been shocking The Publisher for years.

THE ABUNDANT LIFE

By BOB WEAR

Most of us must live with other people, work with other people, associate with other people, assist other people, and are concerned with other people in many different ways. In all of these various areas of interaction, there is no better pattern of behavior than that of being neighborly. We will do the greatest good, have the most enriched experiences, and make the best contribution to the common good when we are helpful, friendly, and wholesomely sympathetic in our attitudes and manifestations toward others.

Our neighbor may be someone who dwells near us, he may be the one to whom we have opportunity of doing good, he may be the person who does good to us, and relieves our distress, he may be a fellow-laborer, or he may be one of the same special group.

The following expression of inspiration certainly contains the spirit of neighborliness. "Everyone helps his neighbor, and says to his brother, take courage. The craftsman encourages the goldsmith and he who smooths with the hammer encourages him who strikes the anvil." When the Master Teacher selected one brief statement to give a suggestion of all commandments concerning our relationship to

others, he said, "They are summed up in this sentence, you shall love your neighbor as yourself."

Being neighborly is the practice which taps the wellsprings of much of the potential good inherent in humankind.

The Upper Room

"The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ." (1 Corinthians 15:56-57)

The prominent Lutheran Pastor, Dr. Reuben Youngdahl, recalls the end of World War I. Newsboys were shouting: "Extra! Extra! Good News! The war is over!" He says he was happy because his three brothers who were in the war, would be home safely. Now the telegram boy would not deliver a fateful message of death to their home.

He says that the same exultant feeling came to him each Sunday as he mounts the pulpit to preach the good news that God's love in Christ can release us from the power of evil and the fear of death.

Each Christmas time we celebrate the anniversary of the greatest event in history, the coming of Christ into the world. Let us thank God, for when we accept Christ into our lives He becomes our Savior from sin and death. That is the blessed assurance of the fact that He is with us.

PRAYER: Gracious Father, we thank Thee that Thou didst send Thy Son to redeem us from our sin. Help us to be honest as we face our ignorance, weakness, selfishness, failure, and doubt. We confess our very great need. In the name of Christ, who heals our souls, Amen.

THOUGHT FOR THE DAY: Bad news is changed to good news when Christ comes into our hearts.

THROUGH THE YEARS

25 Years Ago

(Taken from the files of the Lamb County Leader, Thursday, January 1, 1942)

The emergency Red Cross drive in Lamb County is nearing the goal, and only \$9,889,197 is lacking to total the quota, C.A. Duff, Amherst, county chairman, reported Wednesday night.

The total cotton acreage allotment for Texas in 1942 will be 9,864,569 as compared with 9,889,197 acres in 1941, George Slaught, chairman of the Texas AAA committee, College Station, has announced.

Employees of the WPA in the Lubbock district, which is comprised of 12 counties, working this week in Hale County, on the highway between Lubbock and Plainview.

15 Years Ago

(Taken from the files of the Lamb County Leader, Thursday, January 3, 1952)

Deposits in the six national and state banks of Lamb County soared to a new high figure, an all-time high figure, according to a summary of the financial reports which were released for by the federal comptroller of the currency, and of the state banking commissioner, as of Dec. 31, 1951.

A district meeting of the West Texas Letter Carriers Association, and the auxiliary, will be held here Saturday night, January 5, in the banquet room of Hays Club Shop, beginning at 7:30 p.m.

Goldwater's Next 7 Years

BY PAUL HARVEY

There is a seven-year cycle in the affairs of men as irreversible as the tides. For Barry Goldwater, the tide should start coming in again in 1968.

During the past five years (going on seven), he gave up his seat in the Senate to lose an election for the Presidency and, what is probably more painful to a politician, lost the support of many of his supporters.

Thereafter, his chronic backache became acute, his tee shot hit a spectator in the head, his wife underwent tumor surgery -- and somebody stole his sports car.

Doggedly, the ex-Senator continued to push one foot after another up this mountain of adversity, confident that somewhere up there the downside would begin. Not yet.

In Chicago, his brother-in-law died. In Phoenix, his family department store was picketed.

August 24, 1966, his aging mother fell and broke her hip. December 27, at 91, she died. That was the day after his \$10,000 short-wave radio-equipped sports car was destroyed by fire.

History may record January, 1967, as the turning point when Capricorn, Goldwater's star, resumed the ascendancy. Following a rhubarb over Governor Romney's 12-page explanation of why he went AWOL during the political war of '64, public sympathy began to shift toward the vanquished warrior.

As we have seen in the chronology of every important political comeback, sympathy comes first -- then appreciation -- then prominence again.

Therefore, assuming Goldwater's continuing good health, here's how his future appears starting in 1968.

A Republican political convention of many favorite sons will be heralded by petulant pundits as a head-on clash between Rockefeller-Romney liberals and "those responsible for the disaster of '64."

Then, when the politicians who took a powder in '64 discover the "disaster of '64" slogan is a boomerang, they will sue for coexistence with a Nixon. In the ensuing election, Goldwater will campaign mostly in his home state, some in Dixie, and will be elected to the Senate from Arizona.

Returning to the United States Senate, still a youthful 59, the freshman Senator will be seated on the Armed Forces Committee, subsequently on the Joint Space Committee.

Senator Goldwater's personal vendetta with the men who he feels deserted under fire in 1964 will ameliorate very gradually.

Not until the election year, 1970, will the name Goldwater become so identified with the pertinent present that he and we will forget the impertinence of the past.

In 1970, events will tend to lend stature to the Senator.

TV interviewers will then more often begin by quoting prophetic "I told you so's" from the Senator's past.

The mellowed Senator will by then have learned beneficially to divert the discussion to the present and future.

In essence, the 1964 caricature of Goldwater as an arch-conservative politician will have yielded to a mellowed portrait of a responsibly conservative statesman.

I see no higher political or appointive office for Goldwater than Senator from Arizona, but then the accuracy of my crystal ball is guaranteed for only seven years.

Plans Now available At BA Office

Small Business Administration's Economic Opportunity program is now available against the Lubbock region, as announced by Jack Ted-

Plans will be made to bring and new businesses by Regional Office at 204 Central Office Building, 1616 Lubbock, and by 72 other field offices throughout the area. Previously the program available on a limited basis in communities.

For those low income and handicapped people with business potential to successfully operate a business, SBA works closely with communication agencies, neighborhood centers, regional organizations and other groups throughout the Lubbock area, Teddie These organizations also are asked to assist in providing volunteers from the business community to work with personnel in providing permanent assistance to loan clients.

key feature of the expanded program is that it will assist for the first time those who are above the city level, and yet cannot qualify for SBA's regular business program. "For too long," Teddie, "this type of people has been in a financial no-man's land, and we intend to help them."

SHIRTS HINTS Wash taffeta petticoats and launder and make them last longer, handle them gently while washing. Never use fabric, for it may break. Instead, squeeze through the fabric and then pat out the moisture after rinsing.

Young Texas Artist Showing In Lubbock

When the young Texas artist, Ross Merrill of Fort Worth, exhibits oils and water colors at West Texas Museum beginning next Sunday, the Lubbock showing will be his first one-man show in his native state.

Merrill exhibited in the Texas Annual in Dallas, and at the Fort Worth Art Center Museum this past year. A one-man show of his paintings was held earlier in 1966 at the Fidelity-Philadelphia Trust Co. in Philadelphia, Pa. Sunday's opening will be another "first" for the Museum.

The artist also exhibited in 1966 in the Eight-State Annual Exhibition at the Oklahoma Art Center, Oklahoma City, and the Woodmere Annual Exhibition in Philadelphia, as well as the Pennsylvania Academy of Fine Arts Fellowship Exhibition.

He was awarded prize in the Pennsylvania Academy of Fine Arts Student Exhibition at the National Academy competitions in both 1966.

Merrill, who is Registrar of the Fort Worth Art Center, is an instructor in still life, landscape, watercolor work and basic drawing.

His paintings are in collections, mostly in the venal paintings in the area are on loan from collections.

Merrill will greet the opening of his one-man show, from 2-5 p.m. exhibition will remain open through January according to Dr. F.E. Grimes Director.

Memphis Wins Over Olton

Memphis evened up its District 3-AA record, tripping Olton, 62-53. Tony Pounds hit 18 points for the winners, but Olton's Ken Johnson was the game's high scorer, getting 19. Olton's loop mark also stands 2-2.

Olton won the girls' game, rallying behind Kay Schultz's 31-point performance to take a 75-41 victory. Janie Watson hit 18 for Memphis.

Farwell Five Beat Amherst

Johnny Schell hit for 18 points to lead Farwell to a 78-50 win over Amherst in non-district action Tuesday night. James McAdams hit for 22 to pace the Bulldogs.

In girls' action, Farwell won, 39-30, as Candy Meek scored 14. Elaine Black scored 10 for the losers.

Red Cross Board To Meet Friday

The Lamb County American Red Cross Board will meet at 4 p.m., Friday, in the Red Cross Office here.

Texans Rank 10th Among Test Failures

Louisiana ranks fifth and Texas ranks tenth among the 50 states in the number of 18-year-old draftees and enlistees who fail the armed services mental test.

A survey made by the Army surgeon general's office, between June, 1964, and December, 1965, was described by Senator Wayne Morse of Oregon as the "strongest possible argument" for improving elementary and secondary education.

States with a higher per cent of failures than Louisiana are South Carolina, Mississippi, North Carolina, and Tennessee. Ranking between Texas and Louisiana, other members of the top ten in rates of failures are Virginia, Alabama, Georgia, and Kentucky.

Ethnic minority groups made a weak showing on the test throughout the nation. Nationwide, 15.8 per cent of the whites failed the test and 67.5 per cent of the Negroes. In Texas whites failed the test by 32.5 per cent, while Negroes had a 69.4 per cent failing average.

Those taking the test and failing indicated they had not had much high school experience, although the Negroes who failed the test averaged one more year of school than did the whites.

From these statistics, a need can be seen for both Texas and Louisiana to improve educational programs, especially for the minority groups and the disadvantaged students who have to drop out of school before completing a high school education.

Whitharral Boys Win Over Bula

Whitharral kept their District 6-B record clean Tuesday night by running over Bula, 78-43, for their third league win.

Leading 42-17 at halftime, Whitharral substituted freely with reserves.

Larry Gage paced the winners with 15 points, while Stan Sadler marked 14 and Walter Sadler, 13.

Bula took the girls' contest, however, with Joyce Sowder hitting for 29 points for a 50-28 victory.

Mary Jane Pence posted 11 for Whitharral.

The score was 17-16 at halftime.

Sudan Teams Battle Anton

Mike Bellar had 25 points and Dan Martin 15 as Sudan won over Anton, 53-40. Scott Cate had 12 for the losers. Anton won the B game, 57-40, but Sudan took the girls game, 49-24. Patsy Mudgett had 14 for the winners and Thelma Bell and Kathy Roberts had 12 each for Anton.

Springlake Triumphs

Logan Armstrong meshed 43 points as he sparked Springlake to a 79-67 win over Frenship, led by Randy Curry's 21 point-sproe. Springlake also won the girls game, 64-59, as Susan Brittain canned 30 points, the same number Donna Howard had for the losers. Frenship won the girls B-game, 43-32.

Hunters Bag 19 Aoudads

Nineteen trophies, rare and hard to come by coast to coast, bear the Texas brand on nineteen proud sportsmen's walls.

They were taken during the three-day aoudad sheep hunt in Palo Duro Canyon authorized by the Texas Parks and Wildlife Department.

Wildlife biologist Phil Evans reported Roy Reynolds, local rancher, bagged the largest sheep taken. It weighed 230 pounds field dressed. Reynolds' ram had a 31 1/4 inch curl, exceeding the 30 3/8 record set during 1965.

Two hard-luck hunters passed up shots at 34 aoudad sheep as they waited for a big one. However, they hunted two more days and failed to bag a sheep.

Mike Bradford of Miami, Florida, an experienced big game hunter, bagged his sheep in 40 minutes; George Landreth, a 12-year-old boy from Midland, hunted 26 hours before bagging his ram.

SHORT SNORTS

George Christian, White House press secretary and long-time aide to Gov. John Connally and former Gov. Price Daniel, is recuperating in Austin from back surgery to correct an ailment from which he has long suffered.

Twenty-two prisoners on death row in Huntsville prison are under indefinite stays of execution on orders of federal courts, the Board of Pardons and Paroles reports.

U.S. Department of Agriculture said scattered rains recently relieved dry conditions in the eastern half of Texas, but more moisture is needed for small grains and winter pastures.
