

Lamb County Leader

VOLUME 22.

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JULY 1, 1954.

NUMBER 6.

Candidates File 10% Of Salaries To Pay Expenses of Demo. Primary

Only four of the candidates for office in Lamb county dropped out of their respective races by not filing the required 10 percent of their year's salary by midnight Saturday. The four were Roy "Red" Grisham, whose withdrawal from the sheriff's race had already been announced, E. C. "Buck" Ross for county clerk, D. C. Dodd for constable, precinct 5 and Milam Y. Fields for constable, precinct 4.

State, district and county candidates whose names will go on the Democratic ballot for the primary, July 24, were required by the county democratic committee to file 10 percent of their year's salary to pay election expenses.

County democratic chairman T. Wade Potter said the amount was set at 10 percent to provide the committee enough funds for payment of all election expenses, since there was no assurance of the number of candidates who would file.

Those who filed and the amount paid are: E. A. Bills, district judge, \$510; Herbert Dunn, county tax assessor and collector, \$480; Curtis Wilkinson, county attorney, \$480; Dick Dyer, A. L. "Pat" Murphy and H. J. Arend, county sheriff, \$540 each; Voneta Stovall, Max Hulse and Charles D. Jones, county clerk, \$480 each; Mrs. Jean Smith and E. L. "Ernest" Owen, district clerk, \$400 each; Mrs. Bill Pass, county treasurer, \$440; Jerry A. Lumsden and J. Ernest Jones, \$400 each.

R. D. "Don" Bryant and George C. Brown, commissioner of Precinct 1, \$340 each; Sam Cearley, commissioner of Precinct 2, \$340; Roy Gilbert, Ray S. "Ves" Brock and Bill Jeffries, commissioner of Precinct 3, \$40 each; Herbert Dykes, commissioner of Precinct 4, \$40; Arlene Griffin, Justice of the Peace, Precinct 2, \$15; G. S. Glenn, J. P., Precinct 4, \$15; J. M. Shuttlesworth and C. C. Serratt, J. P., Precinct 5, \$15 each; C. G. Sturgis, J. P., Precinct 7, \$15; Robert Wilson, constable, Precinct 4, \$15; Robert A. Kelly, constable, precinct 5, \$15; Wilson and Fred V. Dillard, constable, Precinct 4, \$15 each; W. F. Fleming for state and district offices were: T. Wade Potter, chairman, Lamb county Democratic Party; E. L. Pitts, Chairman of Justice Court of Civil Appeals, 7th Judicial district; Andy Rogers, State Senator, 30th Senatorial district; E. A. Bills, District Judge, 64th Judicial district; Joe L. Cox, District Attorney, 64th Judicial District; George Mahon, Representative, U. S. Congress, 19th District of Texas; Jesse M. Osborne, Representative, 96th district.

Members of the Lamb county Democratic committee are Potter, chairman, Otto Jones, Littlefield, Ray Kelly, Earth, G. T. Sides, Olton, Mruel Autry, Amherst, Clyde Robertson, Sudan, Guy Kelly, Earth, and H. L. Woody, Spade. Potter said he expected at least half of the fees filed to be returned to the candidates after all expenses are paid.

Livermore Will Drill Okla. Flat Wildcat

Another wildcat well for the Littlefield area was announced this week. George Livermore, who drilled four dry holes west of Littlefield last winter, has moved onto the I. E. Parr lease near Oklahoma Flats in Hockley County. He is scheduled to drill a 4500 foot test of the San Andres there.

Senator Rogers

Lamb County Must Replace Two ASC Men

The new three year limit on committees for the local Agricultural Stabilization and Conservation program will mean that two veteran members of the Lamb County committee will have to be replaced in this fall's elections.

Chairman Henry Gilbert of Sudan has been on the committee for more than a decade. And W. T. Clayton of Springlake is completing his third year of service.

R. L. Stubblefield of Spade is serving his first year. Under the new Benson plan to get more farmer participation in the administration of the ASC program, the county agent, the presidents of the local farm organizations, and the heads of the various Agriculture Dept. offices here, will plan the election and appoint community committees to carry them out.

This election will probably be held as usual in September.

Another wildcat well for the Littlefield area was announced this week. George Livermore, who drilled four dry holes west of Littlefield last winter, has moved onto the I. E. Parr lease near Oklahoma Flats in Hockley County. He is scheduled to drill a 4500 foot test of the San Andres there.

This new well is about 2 1/2 miles southwest of the E. M. Hale lease where Sunray is drilling at 5950 feet in a well slated to test the Clear Fork, somewhere below 6000 feet.

Tankage and pumping equipment were being installed this week at the Ida Dalmont Hewitt Fee No. 1, which last week swabbed 150 barrels of oil in 24 hours with only 5 percent basic sediment and water. The operators expect to be ready for the Railroad Commission to conduct an initial potential test early next week.

Judging from swabbing results, this may be the best of the seven wells now producing in the field.

It has set off more clamorous for offsets on adjoining acreage. Some of the offset locations to the discovery well have not yet been commenced eight months later, and some of the royalty owners are threatening to take action to get wells drilled on their property promptly, or the leases cancelled. The Texas Company, which owns most of the adjoining leases, is making no comment on these protests.

Local observers are predicting that Texaco will start drilling these offset locations as soon as they complete the Clear Fork test now being drilled on the C. R. Kirk lease four miles northwest of Anton. It was drilling at 5550 Wednesday in hard rock.

An encouraging indication of Texas Company plans for further development of the Littlefield pool was the commencement this week of leveling of the ten acre tract which the company purchased several weeks ago at First and Cundiff. It was acquired, officials said at the time, as a possible site for storage tanks and a material yard.

Nothing was taking place this week at J. W. Murchison's disappointing well on the Clint Griffin lease, only half a mile from a producing well. Since no oil whatever was recovered after the attempt to squeeze off the water, it is believed that the well will be plugged as soon as an attempt has been made to retrieve most of the casing now in the hole.

Post Office Asks For More Complete Local Addresses

Postmaster Arvie Joplin asked this week to the patrons of the Littlefield post office to put complete addresses on their mail for local delivery.

"We people in Littlefield and the surrounding area find it hard to realize," Joplin told the Leader, "that in a very few years our town has grown to where it is no longer possible to know everyone. Consequently, if mail is not properly addressed there is a good chance that it will be delayed or returned to the sender."

The local post office has fifteen persons concerned with the distribution of mail. When any of them finds a letter he does not know where to deliver, he puts it aside for the others to look over. Later in the day the other clerks go through this mail. Sometimes one of them will know the person addressed and where he lives. In that case the letter will be delivered, but will have been delayed a day.

If none of them know the person's address, then the letter goes in general delivery for three days, then back to the sender. If there is no return address it goes to the dead letter office.

Sometimes folks think because their route carrier knows where they live that it is not necessary to ask correspondents to use their complete address. But carriers work only five days a week and get five weeks vacation every year, plus sick leave. So substitute carriers are on each route a large part of the time. That means that improperly addressed mail might get prompt delivery one week and slow delivery the next.

Joplin emphasized that the local post office will continue to do everything that it can to deliver every piece of mail, but said that delivery will be faster and less expensive to the taxpayers if all mail is completely addressed.

There is no objection to the practice of substituting "City" for the words "Littlefield, Texas." However, it was pointed out that patrons must be sure when they use such a shortcut that they drop it in the home post office, and not forget and mail it at some other office, as sometimes happens.

Montague County Reunion July 8

Former residents of Montague county will hold their annual reunion in McKenzie park in Lubbock, July 11, according to L. S. Lightner of Tahoka.

The reunion will begin at 10 a. m. A picnic lunch will be spread.

Red River County Reunion Will Be At Lubbock July 4

The annual reunion of former residents of Red River county will be held at the McKenzie State Park in Lubbock Sunday, July 4, according to W. D. T. Storey, former postmaster of Littlefield, and the present president of the organization.

Those attending are urged to bring lunch baskets. Lunch will be served picnic style and arrangements have been made for water, ice, and picnic tables. The Red River County Reunion sign will be placed at the reunion site in the park.

Carpenter Will Probate Tuesday

Application was filed Wednesday, June 23, for the probation of the will of the late Guy Leslie Carpenter. The will was drawn up Saturday, June 19, and Carpenter died sometime Sunday night, June 20.

Helen Carpenter Crawford, daughter of the deceased man, was appointed independent executrix for the estate, which consisted of bonds amounting to \$10,000 face value, an automobile, and about \$1500 cash, and no debts.

The will, which requests that the estate be divided equally between two sons, Smith and Clarence Carpenter, and the daughter, Helen Crawford, will be probated Tuesday.

Install New Anton Lions Club Officers

C. R. Rushing was installed president of the Anton Lion's club at a Ladies' Night ceremony and ice cream supper at the Ed Hart home in Anton Monday night. District officer Herbert Henderson of Wolforth was installing officer.

Plaques for outstanding service were given Emmitt Kerr and J. C. Fowler and pin was presented Chester Jones for five years perfect attendance by Jerry Biffle, outgoing president.

Other officers installed were Glen Jones, first vice-president; Zade Hooper, second vice-president; Clarence Matthews, third vice-president; J. C. Fowler, secretary-treasurer; M. H. Newton, tall twister; and Floyd Robbs, Lion tamer.

Water Service Back To Normal

OLTON — Olton water service returned to normal Tuesday when repairs were completed on the electric motor powering the pump on the main well. The motor was damaged when it caught fire Friday.

Cost of the repairs was approximately \$500.

The city was never out of water, but citizens were requested to conserve water during the emergency.

Rhenard McCary Wins Tournament

By Wayne Cunningham

Rhenard McCary beat Vernon Eagan 2 up with one hole to go in the Littlefield Country Club Tournament finals Tuesday afternoon on the local golf course.

McCary, who has been playing consistently beautiful golf this summer won the championship the hard way. He finally beat Doug Howell in his first match going two extra holes. In quarter-finals he took Batson 3 and 2 and beat Alvin Webb (year before last champion) in the semi-finals, 4 and 3.

Doug Howell took the Consolation Championship in beating Herman Barnett 5 and four holes left to play. They played the two matches in a foursome. He had him four up after the first nine,

but Barnett birdied two more, sinking the best putt of the day on number 4. His 16 foot putt was from the north lower side with two different grades to play and the grain going down hill. It drew the only applause from the silent, tense galleries.

Vernon Eagan came into the finals against McCary with a 3-2 win over Nichols in his first match and a 3-2 win over Dr. Jack Sill in the Quarter-finals. In his semi-final against the defending club champion, Melvin Best, Vernon beat the top Amateur 2-1 on his steady and long shot putting.

Eagan took the first three holes for a 3 up lead in the championship match which found over 50 people following the play. McCary came back with three birdies to

even it up by number 7 hole and they finished the first nine even.

On the back nine, they parred number one. On long drives, as seemed usual of their match, Eagan's went into the rough near the road on the north side of the fairway. McCary's second shot landed on the green for a two putt. Eagan's shot out of the rough got in the fairway by only around 80 yards. After getting on the green with 3 he three putted to get a double bogey. This put Rhenard one up.

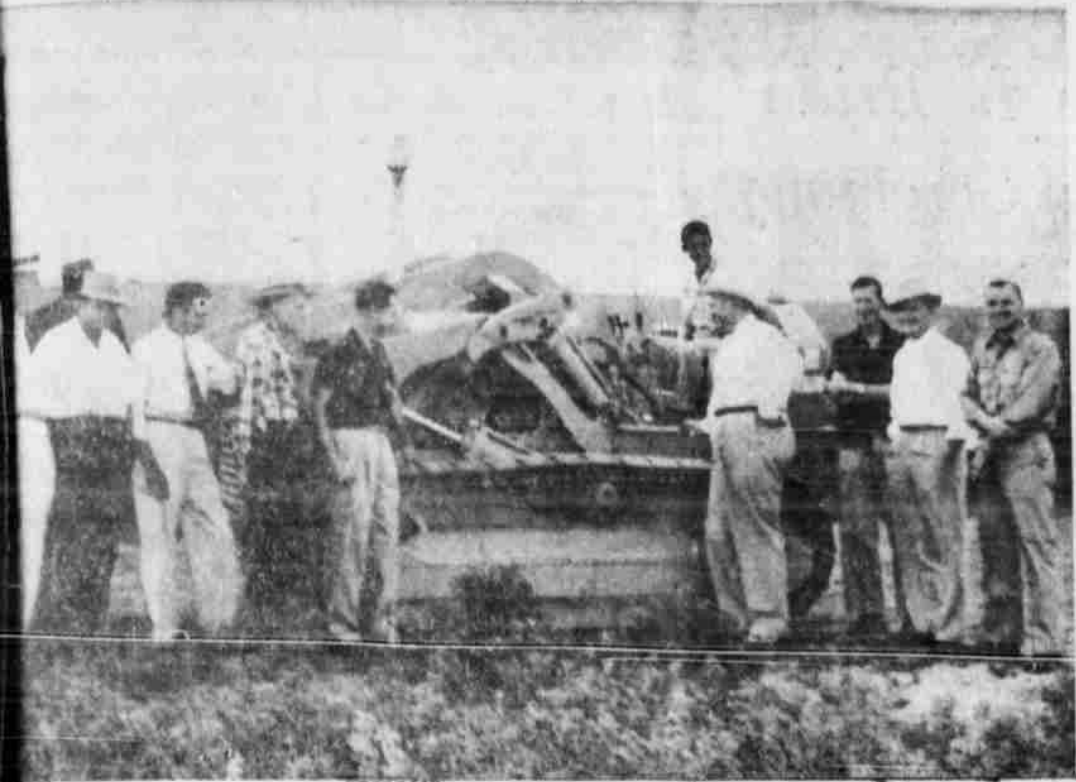

They halved number three and four on pars. On the short number 5 hole, both landed on the green. McCary's first putt of over 18 yards rimmed the cup and lay on the very edge. Eagan two putted and Rhenard's ball went down last for the match. Vernon with

the flag and his putter under his arm shook hands with the winner and 1954 club champion, Rhenard McCary. Both came off the green with big grins.

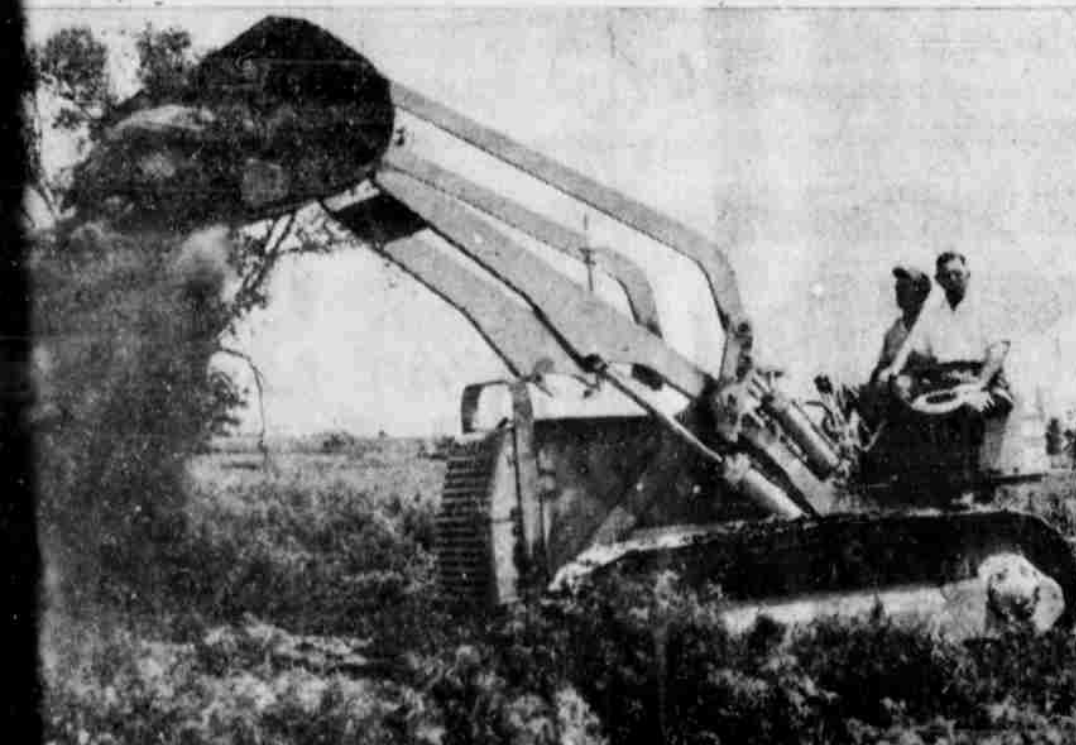

The crowd got more of a show as the four decided to play out the last hole when Doug Howell said, "Let's play the last. I want to par the course today."

Doug shot from the number nine tee and tipped the ball falling to the ground as the crowd roared and he grinned. His ball went only half way to the green.

His second shot rolled over the green. Then his chip over the back edge rolled straight for the cup and bounced off the pin which was leaning to the top edge. It probably would have been a par, even after the two flubs, had the pin not been in the cup.

Officials examine the new Caterpillar HT4 shovel just purchased by the city for use in the sanitary landfill method of garbage disposal. Arrival of the new machinery is in time for the Up-Paint-Up campaign in Littlefield which is set for the week July 11-17. Shown examining new machinery are, left to right, Dr. William Orr, chairman of the Chamber of Commerce and sanitation committee, Mayor Les Hewitt, Chamber of Commerce manager Jesse Everett, Naylor, city Commissioner, B. D. Garland Jr., chairman of the C of C city beautification committee, Pat Boone Jr., city Commissioner, Eugene Carr of West Texas Equipment company, Holmes of West Texas Equipment company, and Joe Skornicka, of Peoria, Ill., specialist demonstrator. Seated on the Caterpillar is Tommy Rice, who will operate it.

Mayor Les Hewitt give the new machinery its first trial run. With the arrival of the Caterpillar the city will cease carrying garbage all the way to Bull Lake to unload it in the dump. The sanitary landfill trench method will be used on the city property north of Peyton company.

Garbage disposal by the sanitary landfill method is illustrated above. The trench above, 17 feet in depth averaging 5 feet in depth, was filled with trash and refuse before the operator began digging and covering it. The garbage is buried at one end of the trench and sealed with cover material dug from the other end of the trench. At one end of the trench is filled with cells of the other end will be extended to the end of the city property. When this trench is completely filled and covered, another trench will be dug parallel to it. Garbage will now be picked up from the residential sections twice weekly and will be collected daily in the business district. (Photos by Taylor Studio)

Early News

Our readers who heard a rumor or so that Buck Ross had been drawn from the County race must have wondered where we were that we hadn't told them and I just told them. At least a few of them, why not, and I just told them. They weren't reading Early News or they'd have known about it when it first came out. But when the folks at the type and read the article, kept asking about it. I decided I'd better start carrying a clipping so I could prove it to them.

I can't find it in any of the files. Some of them have gone through and

erased it off all the office copies. I'll buy a hot chocolate for anyone who will bring in a clipping of a column item saying Buck Ross decided to withdraw because he had to make a living and couldn't quit eating long enough to campaign.

The poor old candidates are having a rough week. First they had to cough up 10 percent of the annual salary of the office each is seeking to cover the cost of the election. About the same time they learned that another community is going to put the bite on them to buy pies this week end, and to make matters worse, it comes on the long holiday week end when some of them had hoped to take a little rest and relaxation.

When you figure that about half of them will have done it all for nothing, and that the other half will have to do it all over again in only two years, makes you wonder why they even bother to run. At least five of them who filed this year apparently decided it wasn't worth it.

At least one candidate was fairly relaxed about it all though. Howard Horne was congratulating Judge Bills on having no opponent the other day and the Judge said, "Oh, I've got lots of opponents, but none of them are running."

Some wag explained that most of the judge's opponents are in jail.

The Methodists and their Bible school have sure upset some of the established routines (ruts to you) in this town. While it's been going on, they've been playing the chimes at 8:30 instead of 9:00. For instance News Billye, who's supposed to be at the office at 8:00 and usually manages to make it about 8:30, nearly panicked the first day when she was still complacently powdering her nose at home when the chimes rang out.

I'd speak to that girl about gettin' down half an hour late if I ever got down in time to catch her, and if I weren't afraid she'd

Wedding Vows Read By Candlelight For Miss Caraway and Larry Messer

In a candlelight ceremony at eight o'clock on June 26, at the First Methodist Church, Miss Joyce Caraway, daughter of Mr. and Mrs. Prentis Caraway of Littlefield, was married to A-2c Larry D. Messer, son of Mr. and Mrs. C. H. Messer of Littlefield.

The double ring ceremony was performed by Jack King, minister of the Littlefield Drive Church of Christ, before a background of majestic daisies backed by sunburst arrangements of white gladioli, emerald trees and an inverted V of white tapers in tall candelabra.

Miss Trudy McGee played traditional wedding music at the organ and accompanied Alvis Jones as he sang "Because" and "Oh Promise Me". Given in marriage by her father, the bride wore a gown of white imported Chantilly-type lace and tulle over net and taffeta. Designed with a sheer yoke outlined with applique of lace and upstanding ruff at shoulders, the fitted bodice was made with tiny shirred sleeves and completed by gauntlets ending in points over the hands. A voluminous skirt of tulle, net and taffeta was joined to the deep-pointed bodice. Miss Caraway borrowed a strand of pearls from her aunt, wore a penny in her shoe and a blue garter. Her wedding apparel was her "something new". She carried a showered Colonial bouquet of white Frenched carnations and stephanotis.

Miss Frances Hobson, of Padiach and Roswell, N. M., was maid of honor. Bridesmaids were Mrs. Bree Driskill of Denver, Colo., aunt of the bride, and Mrs. Neil Landrum of Houston, sister of the bridegroom. Junior bridesmaid was Miss Jan Carol Driskill of Denver, cousin of the bride. Little Janie Landrum of Houston, niece of the bridegroom, was flower girl.

The attendants' waltz-length dresses of soft shades of blue tulle over net and taffeta were made alike, with the maid of honor's a slightly darker shade of blue. Designed with strapless bodice and topped by boleros with small sleeves and up-standing collars, the fitted bodices of shirred tulle with drapery of taffeta merged into a wide cummerbund and were finished with a large bow at left side. Immense skirts of shirred tulle over crinoline joined the bodice. Each of the attendants to the bride carried a Colonial bouquet of Marguerite daisies.

Waymen Messer, of Littlefield, served his brother as best man. Ushers were Leo C. Smith Jr. of Meridian, Miss., and Dean R. Krukat of Milwaukee. Wise Candles were lighted by Jon Sullivan of Littlefield and Ronald Graves of Greenville, Miss.

The bride's mother wore a printed Robbins cotton frock, sequin decorated, with tiny black velvet hat and three-quarter length black velvet gloves. Mrs. Messer wore a navy sheer with white accessories. Both wore corsages of pink Frenched carnations.

After the ceremony, a reception was held in the home of the bride's parents at 404 East Eighth Street. Assisting in hospitalities

Paul Crawford, Mrs. Dutch Sullivan, Mrs. T. L. Dunlap, Mrs. R. W. Manley, Mrs. Jess Inman, Mrs. Hamp McCary, Mrs. Ernest Connell, Mrs. Tom Grant, Mrs. Dag Berg, Mrs. Archie Campbell, Mrs. LaVelle Caraway, Miss Sandra Connell and Mrs. Jack King.

The mantel was decorated with burning candles and the attendant's bouquets. The bride's table was laid with a white organdy, floor-length cloth and scattered with nosegays of white gladioli. Sherbet was served from a large crystal punch bowl at one end of the table and the double-ring wedding cake, decorated with clusters of blue wedding bells, was placed at the other end of the table. Favors were tiny sugar bells.

The receiving line was made up of Mrs. Paul Crawford of Lubbock, Mrs. Caraway, Mrs. Noble J. Allen of Denver, grandmother of the bride, the parents of the groom, the bride and groom and the bride's attendants.

For travel Mrs. Messer chose a brown cotton halter dress with very full skirt and fitted jacket of deeper brown linen, worn with white accessories. Before leaving, the bride tossed her bouquet to the maid of honor and the "blue garter" to the best man.

Mrs. Messer is a graduate of Littlefield high school and Texas State College for Women and has taught a year in the elementary schools of Gladewater. While at TSCW she was a member of the student council, was active in Dramatics and a member of the Texas Treater group, president of the Betty Ross Club, and a member of the Campus League of Women.

Mr. Messer is also a graduate of Littlefield high school and attended Texas Tech for two years. He is presently stationed at Randolph Field, San Antonio, where the couple will live.

Among the out of town guests for the wedding were Mr. and Mrs. G. A. Messer and Angie, Mr. and Mrs. George Chandler, all of Fort Worth, Mr. and Mrs. R. M. Saunders, Judy and Sandra of Hedley, Texas; Mr. and Mrs. Harold Buck and son of Borger; Mr. and Mrs. Gene Ringler and Tommy; and Mrs. Iva Mae Messer of Amarillo, Frank Reeves of McLean, Texas, Mr. and Mrs. M. C. Mahon and son of Lubbock, Mr. and Mrs. M. W. Messer, Nina and Ladon of Lubbock, Mr. and Mrs. R. J. Chandler of Odessa, Mr. and Mrs. Noble Allen of Denver, Colo., Mr. and Mrs. Luther Caraway of Amherst, A-1c and Mrs. Lilburn Bales of San Antonio and Mr. and Mrs. J. W. Gosdin and Pat of Sudan.

Mrs. Nomah Francisco of Fort Worth is spending a two weeks vacation with her daughter and son-in-law, Mr. and Mrs. Z. I. Smith, Mr. and Mrs. J. T. Francisco and son, Jack, also of Fort Worth, will be guests in the Smith home this week end.

Miss Frances Jean Mullins Is Bride Of Kenneth Evins In Formal Ceremony

Miss Frances Jean Mullins, daughter of Mr. and Mrs. E. G. Mullins of McDade, became the bride of Kenneth Neal Evins in a ceremony at the First Baptist church at 8 p.m. June 21. The wedding date was chosen because it was the anniversary of both the bride's parents and her grandparents. Evins is the son of Mr. and Mrs. J. D. Evins Jr.

The formal double ring ceremony was performed by Dr. Weldon B. Meers, pastor of the Littlefield Missionary Baptist church, before approximately 300 guests.

Two heart-shaped stands covered with fern and daisies on each side of an arch of fern formed the background for the ceremony. Two baskets of daisies were placed inside the arch, and large ferns decorated each end of the platform.

Traditional wedding music was played before the ceremony by Jo Ann Lundgren of Elgin. The congregation stood for prayer as Tommy Meers of Littlefield sang "The Lord's Prayer." Then he sang "Because" and "I Love Thee" by Grieg. After the bride was given in marriage by her father, Meers sang "Treat Me Not to Leave Thee" from the Bible character, Ruth.

Miss Mullins wore a floor length gown of white organdy over white taffeta. The dress was designed with full gathered skirt, round neckline, tiny sleeves, and tiny covered buttons extending to a basque waist. Her fingertip veil was attached to a white organdy bonnet-type hat. She wore white

Mr. and Mrs. Kenneth Evins

nylon gloves. She carried white split carnations. The maid of honor, Miss Ernestine Wolf of McDade, wore a white green organdy over a green taffeta, waltz length. Her dress was fashioned with a high neckline

and rounded yoke, full gathered skirt and puff sleeves. White pumps and white nylon gloves completed her apparel. She wore a green shoulder-length veil.

Bridesmaids were Misses Hermine Engeling of Elgin, and Betty Steitle of San Antonio. Little Miss Connie Fay Willeford of Mission, cousin of the bride, was junior bridesmaid. Flower girls were Misses Sharon Threadgil and Vickie Bracewell of New Braunfels, cousins of the bride.

The bride's attendants wore dresses identical to that of the maid of honor. Their hats were identical to that of the bride, but in matching green organdy. The flower girls wore organdy bonnets that tied under the chin. They all carried green baskets of white shasta daisies.

The bridegroom and his groomsmen wore white dinner jackets with maroon accessories.

Tommy Evins of Littlefield served his brother as best man. Ushers were Glen Richards of Littlefield and Garrette Ray of Flatonia.

Robert Mullins of McDade, brother of the bride, was ring-bearer.

"Blest Be the Tie" was the inscription on the wedding cake, which consisted of two heart-shaped layers atop a large square. The cake was baked by the bride and her mother. Reception guests were served cake, green mints and frosted lime punch.

After a wedding trip to the Tres Ritos mountain resort in New Mexico the couple will visit

here before entering Baptist seminary in Fort Worth. The bride's travel ensemble navy nylon dress with white accessories and white carnations. Mrs. Evins attended Elgin school and Bob Jones school. The bridegroom is a graduate of Littlefield high school and Texas Tech and Bob Jones university.

Rotarians Plan Anniversary Year At Dinner Meet

Troy Armes, president-elect of Rotary Club, called the first Assembly of the club committees on Monday evening at a supper meeting held at Community Center.

A fried chicken dinner, which the men reported was a "marvelous meal", was served to the group by the Littlefield Woman's club. An L-shaped table carried a 4th of July theme and was decorated in red, white and blue colors. The centerpiece was made of daisies and large skyrockets in a blue container. Several arrangements of red candles in blue containers and bunches of small candles, tied to represent firecrackers, were scattered over the tables.

Armes reported that "nearly every committee" was represented at the meeting during which the objectives and Golden Anniversary projects were outlined. The Rotary organization was founded fifty years ago, next February, in Chicago, and special emphasis will be placed on objectives this year.

Some of the objectives for the local club which were agreed upon at the meeting were: 1. To print a special edition of the paper during Anniversary celebration and to hold an Anniversary banquet on the same day. Rotary Annas and all former Rotarians, whether now living in Littlefield or away, will be invited to this banquet. 2. Improve the Rotary plot in the park by installing benches, tables and incinerators. 3. Co-operate in the inter-city meeting to be held in Lubbock sometime in October. 4. To correspond throughout the year with at least five clubs in foreign nations, to promote international good will.

Tentative goals were set for all of the committees within the organization at the three hour business session.

Patsy Griffin And Hollis Smith Exchange Vows In Friday Ceremony

Patsy Griffin, daughter of Mrs. J. W. Griffin Jr. of Lubbock, became the bride of Hollis Smith, son of Mr. and Mrs. Smith of Roscoe, in a ring ceremony read June 25 at the home of the bride's parents. The ceremony was read before an arch of white mums.

The bride chose for her wedding a navy blue dress with a white sheath. She wore accessories and carried a bouquet with removable orchid.

William Griffin, who served as maid of honor, wore a white suit and carried blue carnations. The groom, Hollis Smith, attended his brother's reception. The serving table was covered with lace and a crystal punch bowl and a tiered cake decorated with blue.

Max Smith, who served as best man, wore a white suit and carried a white carnation. Laverne Gregson served as bridesmaid.

Smith is a former student at Tech and Abilene Christian college, where she was a senior in music education. She is a member of Mu Phi Epsilon, national music sorority. The bridegroom received his B.S. from Tech in January.

He was president of the club and was elected "Ag of the month". He is now in the U. S. Hospital, Camp Chaffee, where he will make their home.

'Ministerial' Relief Is Topic For Spade Circles

SPADE — All circles of the W. M. S. met at the Baptist church Monday at 9 a.m. for a program on "Ministerial Relief" and also for business. Mrs. W. F. Smith gave the devotional.

The theme of the program was "Forsake Them Not" — Psalm 37:25. The president, Mrs. Inez Vann, gave the introduction. The group sang "God Will Take Care of You" with Ted Hutchins leading, accompanied at the piano by Mrs. J. R. Inklebarger.

Mrs. Raymond Wiley gave the devotional thought. Mrs. Ray Ely gave the first part entitled "Forsake Them Not." Mrs. Joe Prater gave "The Denomination Forsakes Them Not." Mrs. J. R. Inklebarger gave "Churches Forsake Them Not."

Those present were: Mesdames Joe Blankenship, Marie Hamilton, Sam Tindal, Charles Par, Travis Bundick, Ernest Savage, Ray Ely, Raymond Wiley, W. F. Smith, Ted Hutchins, Inez Vann, J. R. Inklebarger and Joe Prater.

Oklahoma Avenue HD Club Meets In Moore Home

Oklahoma Avenue Home Demonstration club met Friday in the home of Mrs. Bill McGee, with Mrs. C. E. Jones, chairman, presiding during the business meeting.

The meeting was opened by singing "Blest Be The Tie That Binds" and a game "Name the Material".

During the business meeting a discussion of August recreation for the families of the members was held. Parliamentary law was also discussed. The meeting was an open meeting and there was no demonstration.

Refreshments of punch, brownie squares, ice cream and cookies were served to Mrs. J. R. McKinney, Mrs. H. W. Odom, Mrs. M. M. Dubose and Clem, Mrs. U. E. Kelly, Mrs. J. F. Tomlinson, Mrs. C. C. Solesbee, Mrs. L. B. Davis, Mrs. C. E. Jones, Mrs. Fred Lichte and two visitors, Misses Louell and Audrey Forbus of Houston.

Install New MYF Officers

AMHERST — New officers were installed at the Amherst Methodist Youth Fellowship meeting Sunday night.

Sandra Harmon conducted the candle light installation services. Mr. and Mrs. Leroy Maxfield were installed as new sponsors, replacing Mr. and Mrs. Davis May.

Alvin Messamore was installed president for a second term. Other officers are: Carolyn Holt, vice-president; Donna Atkinson, secretary-treasurer; and Jo Hinds as publicity chairman.

Other chairmen are Jean Nix, Christian faith; Pat Harmon and Gail Stagner, Christian fellowship; Karen Nicholson, Christian outreach; Patricia Wyatt, Christian citizenship.

During the business meeting a discussion was held on the Youth Caravan to be held at the local church, July 24-31. This is made up of four youth workers from various colleges throughout the United States and one adult leader, for the purpose of enlarging the M. C. F.

The chairman on the committee on housing is Benny Harmon; publicity, Sandra Harman; Registration and recreation, Juanice and Donna Atkinson.

Head of the committee on physical arrangements is Gail Stagner; courtesy, Jean Nix; and financial responsibility, Jo Hinds.

Miss Covington Named Honoree At Tues. Coffee

Miss Norma Smith Becomes Bride Of Lester Kennedy

Miss Norma Smith, daughter of Mr. and Mrs. Norman Smith of Olton, and Lester Kennedy, son of Mr. and Mrs. L. E. Kennedy of Jenkins, Mo., were married Sunday at 2 p.m. in the home of the bride's parents.

Wedding vows were read by Rev. Joe Surratt, pastor of the Mayfield Baptist church.

The ceremony was performed before an arch of lemon leaves and fern centered with wedding bells tied with white satin bows. Flanking the archway were baskets of blue and white daisies.

Miss Jan Prestridge furnished the wedding music. She also accompanied Miss Lea Bell Luder who sang, "Wedding Prayer," and "At Dawning."

Miss Smith wore a white linen street-length strapless dress with a fitted bolero jacket with embroidered cut lace trim. The bodice was trimmed in tiny seed pearls. For something old she wore her grandmother's wedding ring, and she borrowed pearls from her maid of honor. Her garter was blue.

The bridal bouquet was of carnations and stephanotis tied in lover's knots atop a white Bible. Embedded in the bouquet was a gold wishbone tied with blue ribbons.

Miss Avis Jefferies of Olton was maid of honor. T. C. Kennedy of Jenkins, Mo., served as best man.

Miss Jefferies wore a sky-blue eyelet dress and carried a nosegay of blue and white daisies.

At the reception following in the home of the bride's parents, the table was covered with a white linen outwork cloth. A bouquet of spring flowers and cathedral tapers served as centerpiece. The 3-tier wedding cake was topped with a miniature bridal couple.

Punch was served by Miss Carolyn Lyons and Miss Murrell Lawrence assisted Mrs. Freddie Warren in serving the cake. Miss Norma Wood had charge of the guest book.

Out of town guests included Mr. and Mrs. Clyde Sams of Arharillo, Mrs. Irene Austin of Artesia, N. M., and Mr. and Mrs. Donald Kennedy of El Paso.

Mrs. Kennedy is a 1954 graduate of Olton high school. The couple will be at home at Hate Center where he is engaged in farming, following a wedding trip to Ruidoso, N. M. For traveling the bride chose a navy linen suit.

Fete Miss Grant With Surprise Birthday Party

WHITHARRAL — Mrs. J. W. Brown honored Miss Winifrey Kay Grant with a surprise party on her 15th birthday at the Brown home southwest of Whitharral Wednesday evening.

Cake and ice cream were served the honoree, her parents, Mr. and Mrs. W. A. Grant and Lenora, Barbara Stafford, Danny Grant, Earlene Peltrey and Jimmie Jack Grant, J. L. Dalrymple and Bobbie Lackey of Levelland, Elva Jo and Jonnye Sue Terry, and Leslie Hulse of Littlefield.

Cottonoil Mill Employees Receive Pins, Safety Award Watches At Barbecue

Service pins representing a total of 267 years of service and 35 watches, each representing a year of work without an accident, were presented employees of Western Cottonoil company of Littlefield at a barbecue supper on the cottonoil mill grounds Saturday night.

The service award ceremony has been installed recently by the Paymaster company as an annual affair. Service pins, ranging from simple silver pins with the Anderson-Clayton emblem to gold pins set with pearls, were presented 28 employees by W. C. "Hoot" Cannon. Watches were presented by "Rip" Elms, manager of Western Cottonoil Company.

A chafing dish and a covered silver vegetable server were presented to Mr. and Mrs. Cannon from the mill employees. Cannon, who is moving to Peru after serving as manager of the Cottonoil company, was also presented a set of ivory dominoes.

Gold pins with pearl sets were presented A. C. Turner, who has a 15 year service record and Victor A. Bullman, who has an 18 year service record. Turner, who is a mill superintendent, was also presented a watch.

Gold pins with ruby sets were presented Thom W. Chapman, Wayne Graham Harper, Oliver

Lamel Roberts, Clarence Audie Price and William C. Duncan for 10 to 14 years service. All received watches.

Employees receiving silver pins set with sapphire stones for five to nine years service were William Henry Brady, Santos Saenz, Arnulfo Bautiste, Cruz Esquebel, Bera Hodges, James H. Johnson, Eddie Lee Gattis, Juan Hernandez, Adrian W. Veach, William E. Warner, Henry Freeman, Ralph S. Durham, Buster Owens, Lester C. Duncan, and M. A. Elms, Jr. All of this group received watches except Owens and Elms, who are of the office staff and therefore not eligible for the safety awards.

Receiving silver pins with the ACCO emblem were Francisco Pino, Lucaine W. Ray, Pete Thompson, Grant Wabington, Jerry Garcia, Johnny W. House, James Kennedy Veach, Raymond Contreras, Loyd Dewey Dowdy, Quentin Hodge and Wesley Charles Kemp, Jean Banner, Douglas Owen and James Floyd Collins,

Watches were awarded Clarence L. Collins, Rosendo Landin, Robt. Smith Jr., William Curtis Stewart, Virgil Dale Ward, Pino, Ray, Thompson, Wabington, House, Veach, Contreras, Dowdy, Hodge, Kemp and Collins.

Out of town guests at the dinner were O. L. Peterman, district manager, Bently Page, district superintendent, Mr. and Mrs. Charles Signor, personnel and public relations, C. M. McClure, engineer, Mr. and Mrs. Roy Mack, manager of the Lubbock mill, and Dr. and Mrs. Harold Loden, manager of the Paymaster farm, all of Lubbock, and Johnnie Harper of Abilene, editor of "Paymaster." Mr. and Mrs. Signor are former Littlefield residents.

New Little League Ball Commissioner

Jim Morgan of 716 East 11th street is the first baseball commissioner of the Littlefield Little League for boys.

Morgan came to Littlefield a year ago last October from Los

Angeles, Calif., where he worked in an airplane factory. He is employed at Plant X as assistant room operator on the control board for the Southwestern Public Service.

The board of directors that govern the Little League, composed of the Athletic committee of the Jaycees organization and the managers of each team in the Little League, elected Morgan the second week of play.

Morgan came originally from Burgettstown, Pa., where he had seen some of the original Little League games in the state where the new popular program for boys baseball originated. He saw several big Little League parks and games in Los Angeles and has been very much interested in the idea ever since.

When the local Jaycees organized the present Littlefield Little League, Morgan became enthusiastic and insisted that his own boy, Tom, age 10, try out. Tom was chosen on the V. F. W. team which leads the league at the present.

Morgan said, "Though Tom is just a beginner in baseball, I can readily see the good it will do him and hundreds of boys. This is a great thing for our kids."

The new Commissioner has never played much baseball, having lettered in football in Hollywood High school in California, but has loved the sport and seen many

games. He knows the game well. He understands people, both parents and children, and is willing to listen patiently to problems.

Working at Plant X and changing shifts every month gives Morgan the opportunity of day work, in some months, to get up the Little League organization.

Food Poisoning Is Prevalent In Hot Weather

AUSTIN, Texas — Dr. Henry A. Holle, State Health Officer, warns that now hot weather is here, everyone should be careful in handling and storing food to prevent food poisoning. The organism grows best in foods that are quite fatty, such as ham, pork, salads or sandwiches with rich dressings, cream pies, cream puffs, or any food with custard filling. Keep this in mind when you prepare a picnic lunch or when anyone in the family takes a lunch to work during the hot months.

Symptoms of food poisoning usually strike quickly and explosively, and those who do not eat contaminated food do not become ill. Usually from one to four hours after eating contaminated

food, victims feel ill. If it is a mild case of food poisoning, recovery usually begins in eight to 12 hours, but victims may feel the ill effects for several days.

Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps, and weakness. Whenever you feel these symptoms, be sure to call your physician. Do not wait, hoping it will wear off. Sometimes food poisoning causes death.

Careless handling of food before cooking or serving, improper home canning, storing food too long at room temperature, and improper heating of leftover foods are the main cause of food contamination. So, in order not to endanger your family's health, be especially careful in preparing and storing food. Never let a cut or sore place on your hand come into contact with food. Remember, don't take on a picnic or pack in a lunch, fat meats, salads with egg dressings, cream pies, cream puffs, or any food with a custard filling, unless you can keep them properly chilled until serving.

It's the Law In Texas

LEGAL ADVICE REQUIRES STUDY AND EXPERIENCE

When a lawyer saves a client from trouble or financial difficulty, the client knows only that he has been charged for "advice" — a commodity oftentimes too freely given by us all. Often overlooked is the study, work, and time the attorney has spent in order that he be in a position to give advice that can be relied upon.

First, a practicing lawyer must have had six or seven years of academic education. In Texas this means at least three years of college work and three years in a recognized law school. Because the community at large has an interest in the qualifications and conduct of members of the bar, these minimum educational requirements must be met before examination for admission to the bar may be taken.

During the three years of formal legal education, the law student attempts to read, digest, reconcile and understand from 10,000 to 20,000 separate cases, statutes, and monographs. He must draw from these an understanding of basic legal principles, of processes of legal reasoning, of methods of fact and legal investigation, and of court procedures which bring relief to clients.

From the standpoint of court proceedings, the community then expects the work of a lawyer to be a prompt and efficient trial of their causes at a fair cost. From a counseling standpoint, it expects reasonable promptness and efficiency with, above all, the utmost of sound judgment.

In both counseling and litigation, a lawyer must draw upon a wealth of precedent which he has attempted to store in his memory in order to apply one or more principles of law to the fact situation presented by his client. Ordinarily, many legal principles and rules of statute or decision are involved in even the simplest situation. Too, the problems raised by various clients, like fingerprints, are never exactly the same.

After searching his memory,

These men were the principals in the Workers Conference held day afternoon at the Mexican Baptist Mission in Littlefield. It was the first such conference held here in the twelve years since the mission was established. 320 persons registered from the Plains Association area which includes the area from Canyon to Whitharral and from Floyoda to the state line. Left to right above are Association Moderator Inez Sanchez from Hale Center, Promoter A. Lopez from Plainview, Director Salvador R. Rivera from Edmondson, Director Robert A. Smith, pastor of the Littlefield mission, Treasurer Glenn Godsey of Olton, Evangelism Chairman Lozano Garcia of Dimmitt, and Brotherhood President Eustorgio Benzoa of Petersburg. The afternoon conference began with a dinner on the mission grounds. (Photo by Taylor Studio)

Plan Farm Dinner At Lums Chapel

WHITHARRAL — The regular monthly meeting of the Lums Chapel Home Demonstration Club was held June 24 in the home of Mrs. Wayne Maner, north of Whitharral.

In the opening exercises Mrs. Roy Taylor read an article on polio. Mrs. C. G. Landers gave the council report.

Plans for the Chamber of Commerce dinner to be served July the 15th were completed.

Mrs. J. E. Wade gave a lesson on "Wills and the Making of Wills."

The next meeting will be held July 8 in the home of Mrs. Alpha McCarty.

Spiced cake, lime punch and sandwiches were served to Messdames Bruce Wren Jr., Doss Maier, H. J. Allen, J. D. Waters, Fred Newsom, Taylor, Wade, Landers, McCarty and hostess.

the lawyer will usually check the pertinent rules and precedents. These are found in an ever-increasing volume of statutes with which modern legislation seeks to regulate many aspects of our life, and in the decisions of the courts, boards and bureaus.

Almost every problem presented to a lawyer requires research in the statutes and law books before a proper answer can be given.

Therefore, you will not receive an immediate answer to your problem from your lawyer, unless it is of the most elemental type. Your lawyer should, and you should give him time to, form his opinions from the authoritative statutes and decisions.

(This column, based on Texas law, is written to inform — not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Teaching Career Looking Better

AUSTIN — Teaching careers will offer more opportunities than ever before as school enrollments at all levels soar to new heights at the end of this decade, Dr. Hob Gray, University of Texas Teacher Placement Director, declares.

Job listings for 1954-55 reflect the growth of high-school registrations, while elementary-school needs also remain high. Birth-rate statistics indicate more and more scholastics for all schools in the years ahead.

Teachers are in demand for all elementary grades, especially the first grade, Dr. Gray reports. Teachers of art and music are sought both for elementary and secondary schools, as schools en-

rich their fine arts programs, he says.

Teachers are being interviewed for elementary grades and high-school girls' classes.

Top high-school needs are for librarians and teachers of mathematics, science and business subjects, Dr. Gray reveals. Many requests for homemaking teachers

have come from Texas superintendents, also.

Dr. Gray says education is losing many math and science teachers, as well as business educators, to commerce and industry. However, salary scale increases are drawing back to the teaching fold some persons who left the profession several years ago, he points out.

Smith-Badger Leads League

Smith-Badger team in the Littlefield Little League of baseball won their two games this week, beating the Lions 16 - 5 Monday night and taking the league leaders the V. F. W. Tuesday night 22 - 2 Tuesday night.

At the beginning of the week V. F. W. lead the league with 3 wins and no losses. Smith-Badger was second with 2 wins and no losses. Monday's victory for the colored boys put them in a tie with the V. F. W. and Tuesday's win gave them undisputed lead.

In Monday's game Robert "Dugwood" Conley pitched for the Smith-Badgers giving up only six hits, walking 7 while striking out 8 batters. His slugging wild base running team-mates collected 10 hits, one a two-bagger by Radolph "Twin" Smith.

"Dugwood" was the winning pitcher, this being his second win in two starts and three games. He came in for relief in the last inning once before, Gilbert Seager of the Lions was credited with the loss, pitching 2-2-3 innings and allowing only two earned runs of the ten the colored boys collected on errors.

Seager and Butch Austin pitched beautiful ball but team-mates' errors marred the game in the run department. George Nickelson and Butch Austin collected two hits for two times at bat, both getting a two-base hit. Adolph Smith led the Smith-Badger boys at the plate with four hits in four times at bat. Errors led the fanning led in four runs each time he got a hit.

Tuesday night before a crowd of over 400 people and 100 cars, Smith-Badger took the tie for first place standing in the league from the V. F. W. with a 7 run splurge in the second inning. In the third they came through with 5 more runs to convince the crowd that even the V. F. W. wouldn't be a threat on their claims for the championship this year.

Adolph Smith pitched the full game to his little twin brother, Radolph. He gave up 7 hits and only 1 walk, striking out 2 while his team-mates collected 15 hits off three V. F. W. control pitchers. He was credited with the victory.

Amherst's Keith Blair pitched the first 1-1-3 inning and was relieved by Donnie Stevenson who pitched 2-2-3 innings. Little Donnie Stevenson finally outled the bats of the Smith-Badger boys in the fifth inning but got touched again in the sixth for 5 more runs.

He won the match on the next hole as they halved it with a 2 and 1 for the 1954 Club Championship. (Photo by Taylor Studio)

Stevenson received the loss as a pitcher, having thrown in more innings than the other two.

Though the scores of both games seemed one-sided the games were interesting to the fans with unusually good plays by both sides and top pitching by the Lions and V. F. W.

Monday's ended on a triple play as the tired little 9-year old "Dugwood" walked the bases loaded. The full route of 6 innings was almost too much for a 9-year old. The next man up hit a line fly to left field. Asbury Hodre threw from left field to second baseman Duckett Johnson for the second out and Duckett relayed the ball to Maurice Powell on first triple play.

Radolph Smith hit a home run in the second game. He was the first man up in the game. With a 2 and 2 count he hit the ball over the right fielder's head and it rolled beyond reach of the players.

Beauteous Blonde Meets Ida Martinez At Local Arena

Pre-July 4th fireworks, without benefit of pyrotechnical device, are expected to explode in Littlefield's Sports Arena Saturday night.

The holiday wrestling card, involving athletes of both sexes, will offer the explosive powers of four internationally known contributors to the science, showmanship and rally rivalry of the mat profession.

Topping the double main event card will be a beautiful blonde named Mary June Mull and a very comely Latin-American lass named Ida May Martinez, opposing each other in what could turn out to be a very unladylike battle.

Mull, tall, well-proportioned 135-pounder from Columbus, Ohio, holds the world's women's tag team championship with red-headed June Byers of Houston.

Ida May Martinez is the accepted champion of women wrestlers in Mexico. She claims Mexico City as her birth place and permanent home, but she has learned a lot about wrestling, singing, dancing, and muscle making in the U. S. She is typically Spanish looking, with the accent on bulging muscles here and there but not enough to see the picture.

He-Men Meet

main event will be a couple of he-men from different countries. Bob Cummings, now a resident of Hereford but formerly of Seaside, Oregon, meets rough and tough Alberto Cortez, formerly of Mexico, now of Los Angeles.

Each match Saturday night goes the full distance of two out of three falls for a one-hour time limit.

Amherst Reds Meet Lubbock Black Sox July 4 at Amherst

The Amherst Reds and the Lubbock Black Sox will meet at Amherst Sunday, July 4.

The colored Lubbock team has a season record of 12 wins and 3 losses. It is managed by D. V. Brown, who has been playing ball on the Plains for many years.

The Amherst team is managed by Arthur Hedges and Ray Blessing. Their record for the year is 8 wins to only one loss.

Game time is 2:30 p.m. Sunday with Dale Weaver and Leon Robinson being the battery for Amherst.

Evidence indicates that cigars were first made commercially about 1840.

The word "mind" originally was a verb signifying action, not a noun.

(For several weeks this column will explain the relatively new sport of America, the Little League. Write your questions to Wayne Cunningham, care of the Littlefield Press, and efforts will be made to answer them. No anonymous letters will be recognized, but names will be withheld from letters if requested).

What is the Little League? It is a program that is primarily designed to provide more boys with the opportunity to play the great American game of baseball and more parents and community leaders the vehicle through which to build these boys into better

citizens and Americans. HOW DID IT BEGIN IN LITTLEFIELD? The Jaycees owned the softball diamond near the Rodeo grounds. In May they called for people, teams and firms interested in a softball league in Littlefield. Only three teams seemed possible.

The citizens of Littlefield present in the County Court room that evening began hashing around with the Jaycees' athletic committee on organizing baseball for the kids. This Jaycee committee of Skipper Smith, Deverelle Lewis and L. V. Pierce were inspired by the enthusiasm of Ves Brock, a representative of the V. F. W. organization. Brock immediately gave promise of sponsorship for a team. A W. O. W. representative promised the same.

Dr. Glenn S. Burk happened to have possession of a Little League rule book. This committee studied it carefully. Skipper had seen a game, and Dr. Burk highly recommended the program. Ves Brock assured the committee the V. F. W. would suit out a team of kids in the Little League.

Advertisements and public announcements brought over fifty boys and many men to the Court house two weeks later.

Skipper Smith went to local organizations with the idea. Their

enthusiastic response was enormous. The City Commission promised Smith half the lighting expenses up to \$125 if the Jaycees would under-write the remainder. Smith called another meeting, boys to divide players by drawing. He published a schedule for the Littlefield Little League under way.

QUESTION: "Is the Littlefield Little League affiliated with the Little League Baseball, Inc., America?"—F.F.

ANSWER: Not this year. A quest for a franchise should be mailed before April 1st of the initial year and February 15th of successive year. The Jaycees present governing board plan to get a 1955 franchise since Little League went over so big in Littlefield.

WHO DOES WHAT A DIRECTORY OF SERVICE

One of the busiest spots in Littlefield is Bell's Conoco Station, located on the corner of Phelps Avenue and Highway 84. Pictured above cleaning a windshield is Arville Bell, new owner of the station. Filling the gas tank is Percy

Alexander, station attendant. Nathan Woods is wash boy. The station features fast efficient service whether you stop for gas or for a wash and grease batteries and auto accessories. Prior to buying the station early

this year, Bell had farmed for the past 23 years. He is a member of the Spade Baptist church. The Bells have three children, Fredda, 17; Leeann, 11; and Melvin, 7. The station is open from 6 a.m. to 11 p.m.

Installation Speaker Explains Lionism For Benefit Of Wives At Ladies Night

Dr. J. William Davis used a fresh approach in his discussion of Lionism at the annual installation of officers for the local Lions club Tuesday night at the Community Center. Davis directed his speech on activities, purposes and meaning of the Lions club toward the wives of club members who were present for Ladies' Night supper and ceremony. In installing the officers, Davis, who is head of the community department of Texas Tech, had the wives stand with officers and give their willingness for their husbands to take office.

New officers are C. M. Lance, president; Paul Carmickle, first vice-president; F. L. Newton, second vice-president; Ray Keeling, third vice-president; Bill Kelley, secretary; Bob Manley, treasurer; Leslie Hübner, Lion Tamer; Bob Roden, Tail Twister; and Jim Mangum and Homer Garrison, directors.

Service awards were given outgoing president Harold Clements and Mrs. Clements, and Lance, former secretary, and Miss Joyce Burp, who represented the local club at the district meeting and as chosen Lions Queen for District 27-1. Dr. Glenn Burk presented the service award as a president Perfect attendance award were given Dr. Burk, E. Caldwell, Paul Carmickle, Harold Clements, Luther Faulkner, Gordon Grissom, Hubert Henry, Bill Hill, Bill Kelley, C. M. Lance, Jim Mangum, Bob Manley, Nelson Naylor, F. L. Newton, Chris Orstead, Boyd Roberts and Bob Roden.

Special guests, including Miss Burp, were introduced by Hubert Henry, Master of ceremonies. Mr. Garrison introduced the guest speaker and installing officer, Dr. Davis.

Following the supper, served by ladies of the First Christian Church, and the installation ceremony, a program of entertainment was presented by Lubbock district Lawrence Ivy and vocalists, Bill and Johnny Pickering and Miss Joan Fisher, all of Lubbock.

HS Grads To Hold Reunion Saturday

Littlefield high school graduates of the years 1946-47, 1947-48, and 1948-49 are invited to a Get-together at the Community Center at 9 o'clock on Saturday, July 3. Miss Carpenter accompanied by Mrs. Margie Harmon will present several songs and dance numbers. The program, dominoes and dancing will be enjoyed after the program. The arrangements committee is headed by Bill Anderson of Colorado, Mrs. Billye Watson, Mrs. G. Garland Jr., Gene McCann and Mrs. Walter Sewell.

Newman Warren Holds 3-Day Meeting At Bula

Newman Warren, of Gunnison, Colo., is holding a three day meeting at the Bula Church of Christ. Warren has transacted business at Eastern New Mexico university, Pecos, N. M., and in the Bula area. He is a former pastor of the Bula church. A cream supper was held at the Bula church Wednesday.

LIBERTY

By TOMMY WILLIAMS, Minister

The holiday season now upon us causes us to think deeply about the great contrast between liberty and slavery. As we contemplate conditions in the world, we rightfully count our liberty a priceless possession. These are very important thoughts, but it is even more vital for us to appreciate the difference between spiritual bondage and spiritual liberty which the Bible tells us about.

The bondage is sin. "Whoever committeth sin is the bond-servant of sin" (John 8:34). People enter that bondage through serving sin. "His servants ye are to whom ye obey; whether of sin unto death or of obedience unto righteousness" (Romans 6:15).

To free men from this bondage, God sent his Son into the world to bring liberty. He came to "set at liberty them that are bruised" (Luke 4:18). "If the Son therefore shall make you free, ye shall be free indeed" (John 8:35).

Jesus makes men free through the truth. "Ye shall know the truth, and the truth shall make you free" (John 8:32). God's word is truth (John 17:17). It is the "perfect law of liberty" (James 1:25). It takes law to confirm liberty. There can be no liberty without law. By our submission to the law of God, our freedom from sin is guaranteed.

Dorcas Class Has Bible Study And Social Meeting

SPADE — The Dorcas Sunday School class met in the home of Mrs. T. B. Elder, Thursday at 2:30 p.m. for a monthly social meeting.
Mrs. Elder was in charge of the Bible study. Refreshments of cookies, mints, sandwiches and punch were served to Mesdames R. A. Leonard, Bud White, H. E. Lacy, Ada Reed and the hostess. The next meeting will be in the home of Mrs. Bud White on the last Thursday in July.

Not Much Of A Vacation!

Roger Sell hopes his next vacation is more uneventful than the one he just took.
Roger and his cousin, J. D. Meeks of Vega, were on a fishing trip in New Mexico. . . in fact, were on their way to do some fishing after purchasing a license in Cowles, N. M., when they landed wrong side up in Sell's automobile on a steep embankment.
Sell, son of Mr. and Mrs. Roger Sell, said they met a large bantam truck as they rounded a curve on the narrow road. In order to miss the truck, Sell pulled his new automobile over a bit too far. The car turned over once and was stopped by trees from going all the way down the 400 foot bank.
Neither Sell nor his cousin was injured, but damages to the automobile amounted to \$900. And one only slightly used vacation was ruined.

Appear On TV

AMHERST — Three Amherst children appeared on Jack Huddle's "Children's Theater", Channel 13-Television in Lubbock Wednesday.
They were Carol and Danny Bench, children of Mr. and Mrs. J. D. Bench and Patricia Cantrell, daughter of Mr. and Mrs. Raymond Cantrell.
Carol and Danny sang and Patricia had her cat "Prowler" to perform for the TV audience.
As she rocks Prowler in her arms the cat holds a small bottle of milk in her front paws and drinks it, unassisted.

Original Bride's Books Are 'Sandy' Bradley's Creations

By Mrs. Ralph Douglas
Mrs. Rhea Bradley (Sandy to her friends) is a talented young woman who uses her natural abilities to make many lovely things, both for herself and for her friends and family.
Although not an art major at Texas Tech she did study commercial art some, but says she learned to print in grade school. This beautiful printing, in gold letters, is used, along with her natural ability to draw, in making bride's books for gifts.
She makes padded backs which are covered with satin, nylon or other suitable materials and decorated with paintings of brides, flowers, or even with an enlarged photograph of the bride herself, complete with real veil and the shoulders of the photograph covered in materials and laces.
The inside pages of the books are decorated with drawings of engagement rings, teapots (for the tea which was given for the bride) and various other appropriate illustrations of the theme.
Mrs. Bradley's hobby came about as a work of love because she first made her own, then her sister's, then one for a friend with whom she worked. . . etc.
She also tints photographs, crochets beautiful hats with bags to match and sews most of her own clothes.

Margie Goodwin and Barbara Robertson passed the required work for advancement in the forward steps of Baptist Girls' auxiliary work in the Parkview church Sunday afternoon before a review council of Parkview members.
Margie is the daughter of Mr. and Mrs. Sherman Goodwin of 1301 Phelps Avenue and Barbara is the daughter of Mr. and Mrs. John Robertson of 721 South Westside Avenue. The parents of both girls are members of the Parkview Baptist church.
Margie completed work on the next to highest step, that of Queen Regent. She had to memorize and explain the G. A. Aim, name officers of the Southern Baptist Convention, and tell about the Margaret Fund for the children of missionaries in their education.
She chose ten out of some 30 projects such as writing a 500 word essay on the subject, "My Part in Making My Community Christian", drawing a modern map of the missionary journeys of the Apostle Paul, writing a skit or playlet about the Standard of Excellence, helping conduct a Vacation Bible School for minority groups in the community, making a poster displaying the ideals of the organization, making posters with five liquor ads from magazines or bill-boards, and, after research with facts, prove them them false from at least two of

Vanderpool Is Parkview Baptist Guest Speaker

Rev. Harry Vanderpool spoke to the Parkview Baptist Brotherhood Tuesday night on the subject, "Experimenting With the Principles of Christ".
W. H. Berry, Jr. president of the Parkview Brotherhood presided over the program that included group singing with R. E. McAlister playing the piano and the Parkview Pastor, Rev. John C. Taylor, leading the music.
A special quartet of Joe Dunn, John Clayton, Loyal Sharp and the Pastor sang, "The Lily of the Valley" accompanied by R. E. McAlister.

Rev. Vanderpool told the men that "we profess and believe Christianity but when it comes into the area of making strong demands it becomes a different matter." He said, "We believe that God created us all equal and is the father of us all, and that we are brothers, but when the Supreme Court of the United States makes a decision on segregation, we push Christian principles aside and say we'll make separate schools so our children won't have advancement in G. A. work."
Both girls plan to attend the summer G. A. camp at the Plains Baptist Assembly near Floydada in July. They will be in a Connection Service where they will be recognized with other girls for

to sit by one of a minority race."
Rev. Vanderpool opened his talk with an observation of a real Revival of Religion in America. He said, "When a Baptist church gets a Methodist Preacher to speak for them, that is a good indication."
He seriously commended the President of the United States for joining a church in his adult life even after becoming President and for opening each cabinet meeting with a moment of silent prayer.
Visiting with Rev. Vanderpool was a member of his congregation, J. E. Chisholm.
Program chairman, Loyal Sharp announced the program for July 13 to be presented by the Royal Ambassador boys of Parkview Church.
After the program social chairman, Joe Dunn, served ice cream, pie and coffee.

FORT WORTH — Prices of cattle and calves at the end of June are selling around \$1 to \$2 above the same date a year ago. End-of-June 1953 cattle prices were at the next to lowest ebb since World War II. Lowest point on cattle and calf prices since the war was around mid-September 1955.

Hog prices are currently \$1.50 to \$2 behind the end of June last year.

Lamb prices are around \$5 lower on the better fat lambs, to as much as \$2 to \$3 higher on lower grades than a year earlier. Feeders and slaughter ewes are selling about level with end-of-June 1953. Old wethers today sell \$1 above a year ago and shorn old crop lambs are \$1 under a year ago. Breeding ewes enjoy a much better market than a year ago.

Cows, bulls and grassy steers and yearlings were around 50 cents lower. Stockers were 50 cents to \$1 off, only some choice load lots of calves selling steady. Dry lot fed steers and yearlings were firm.

Good and choice fed steers and yearlings drew \$17 to \$23, and common and medium grade grassers sold from \$10 to \$17, and some canner and cutter yearlings sold from \$7 to \$10. (A year ago best fed cattle drew \$18 to \$22, and lower grades ranged from as low as \$4 or \$5 on cull yearlings, up to \$16 on mediums.)

Fat cows Monday sold from \$9 to \$13.25, and canners and cutters drew \$6 to \$9. (A year ago fat cows drew \$8 to \$12.50, and canners and cutters \$4.50 to \$7.50.) Bulls Monday drew \$9 to 13, odd head higher. (A year ago bulls drew 7 to 12.50.)

Good to choice slaughter calves Monday drew 15 to 18.50 and common and medium sorts drew 10 to 14, with culls from 7 to 10. (A year ago good and choice calves drew 13 to 16.50, and cull, common and medium grades cashed at 5 to 13.)

Good and choice stocker steer calves cashed at 16 to 20 Monday, with the higher figure reserved for load lots of choice kinds. In this bracket were 39 head averaging 513 pounds from Gladys Sealing Martin, of Clay County, at 20; 78 head from Mason Crocker of McCulloch County at 24 pounds at 20; and 27 steer calves at 20 that came from J. O. Walkup, Wichita County, and averaged 435 pounds. Walkup also had a load of heifer calves at 418 pounds at 18. Stocker steer yearlings generally sold from 18 down. A few stocker cows drew 8 to 12. (A year back stocker calves were quoted from 7 to 17, mostly 16 down. Stocker yearlings sold from 15.50 down, and stocker steers cashed from 10 to 14.)

On Monday at Fort Worth butcher hogs topped at 24 to 24.35, most of the better hogs at

the higher price and sales of good hogs included a load of 230-pound hogs from C. W. Buckles & Son of Rayville, Louisiana; some top hogs from Billy Williams of Parker County; and W. C. Ward of Hill County; all of these at 24.25.

Less desirable butchers either from weight or other standpoints, sold from 22 to 23.75. Sows cashed at 15 to 18.50. (A year ago top hogs sold at 24.50 to 26, and sows cashed at 23 downward.)

Good and choice fat Spring lambs sold at 17 to 18.50 Monday at Fort Worth, and common to medium sorts drew 10 to 15, with culls around 8 to 10. Feeder Spring lambs sold at 14 down.

Slaughter ewes drew 5 to 5.50, and old wethers cashed at 6.00 to 9. Old bucks sold at 4 to 5. (A year ago good and choice fat lambs drew 17 to 25, but culls sold as low as 5 to 10. Yearling lambs drew 9 to 13, aged wethers 5 to 8, slaughter ewes \$3.50 to \$4.50. Feeder lambs topped at \$14.50 a year ago at this time, with stocker yearling lambs \$8 to \$9.)

Organized excavations of Pompeii which was buried under volcanic ash in 79 A.D. were started in 1748.

How to Grow
 Lesson for July 4, 1951

IF A Christian is not a growing Christian, is he a Christian at all? Whatever a person may think about that, one thing is certain: If a Christian is not growing, he is not like Jesus. For the next three months the Bible lessons studied in all the churches that sponsor this series will be on the general subject of "Growth in Christian Living." Can this be studied? Doesn't growth come naturally or not at all? For answer to that question, consider the Lord Jesus Dr. Foreman himself. It is said of him that he "increased in wisdom and stature and in favor with God and man." If Jesus is our Example in growth as well as in other ways, then we can learn much about Christian growth from him.

A Time for Struggle
 The Greek language in which Luke wrote, has words for everything. Many times we can see what Luke meant by carefully looking into the Greek words he used, which are sometimes more precise than our English words usually are. In Luke 2:40 it is written that Jesus the boy "grew." In Luke 2:52 it is said that he "increased." Now those are two different Greek words, in the original manuscript, and they do not mean just the same thing at all. The first is the ordinary everyday word for "grow." Plants grow, animals grow, the little boy Jesus grows. The same word is used for all kinds of living things. Now a little boy, say five years old, no more tries to grow than an oyster does. He will grow, all right. Nothing can stop him if he gets plenty of food and sunshine. When he goes to school he does not have to study hard, he "picks up" things as we say. But there comes a time in every boy's life, and it must have come in Jesus' life, when this simple word "grow" is not enough any more. The word "increase" is a different word entirely. It means literally to cut one's way forward. It is the word which was used to describe what a road-building crew did in chopping out a trail through the forest. It is a word for effort, struggle, hard work. The time came for Jesus, as it does for all growing persons, when he could no longer grow without putting out his own vigorous strength.

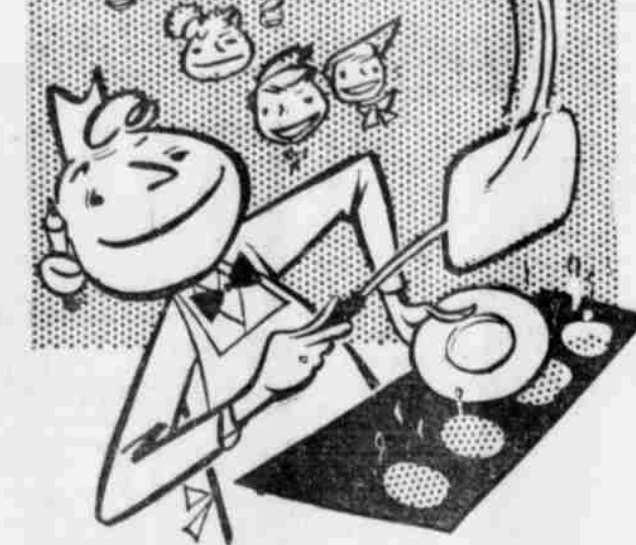

Good Animal?
 An angry woman came into a teacher's room one day and complained about the way her poor little boy (a rascal if ever there was one) had been treated. "I want you to understand," she said, "that I don't care if he is a scholar or not. All I want is for him to be a good animal." If the teacher had not been young and shy, he would have said to the woman, "Madam, that's just the trouble. He is a good animal; we should like to have him develop into something else besides. If all you want is a good animal, take your boy home; he has graduated!" Of course the lady was partly right. We human beings are animals, and as such we ought to develop physically to the best of our capacity. We have to work at it, God will not send it free, not even to Christians.

The All-Round Life
 Jesus cut his way forward not only physically, but mentally (wisdom), spiritually (in favor with God) and socially (favor with men). There comes a time in life when if we are going to learn something (say the Greek language, or the guitar) we just have to get down and dig. The growing Christian will grow in mind as well as in body. Ignorance is not a Christian ideal. The same is true socially. Our Lord was popular, in the good sense. People loved him. But Luke suggests that this was not something that just came to him, he had to work at this too. Some persons are born more sociable by nature than others; but even the shy ones, the awkward ones, can learn the fine art of getting along with other persons—if they try. If they never try, this side of their nature, of their lives, will be stunted. Even the spiritual life does not grow without effort. We grow through those old-fashioned but never out-dated ways, which Jesus used and which we can use too: prayer, study of God's word, and service in His name. We never grow spiritually by magic, never by "wishing," only by working with God.

How To Influence Voters

One of the issues in the present Democratic gubernatorial campaign is that one of the candidates voted for Eisenhower for president. That candidate is being called a traitor because of that vote.

Not being a politician, I am somewhat mystified by this tactic. Since most other Texas Democrats voted for Eisenhower too, it would appear that they must be traitors.

It seems a strange way to win friends and influence voters, when the ways of the politician have always seemed to me.

It's the Law In Texas

BASIC AMERICAN PRINCIPLE REFLECTED IN DECLARATION OF INDEPENDENCE

Our Declaration of Independence, signed 178 years ago, is considered by lawyers as expressing a basic principle of our American way of live — our belief in a government of laws rather than a government of men, and in certain individual rights that must not be denied by governing bodies.

The indictments set out in the document against King George III of Great Britain charged him with numerous violations of that tenet. Among the complaints enumerated are the following:

"He has dissolved Representative Houses repeatedly for opposing with manly firmness his invasions on the rights of the people."

"He has obstructed the administration of justice, by refusing his assent for laws for establishing judicial powers."

"He has made judges dependent upon his will alone, for the tenure of their offices, and the amount and payment of their salaries."

"He has refused his assent to laws, the most wholesome and necessary for the public good."

"He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation: . . . For depriving us, in many cases, of the benefits of trial by jury; For transporting us beyond seas to be tried for pretended offenses; . . . For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments; . . . For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever."

Our forefathers who subscribed to the principles of the Declaration of Independence were willing to fight for their beliefs. The Revolutionary War followed, dragging through weary years of suffering and suspense. Each of us takes pride in their eventual triumph over gigantic obstacles.

In 1787, when the framers of our Constitution met at Independence Hall in Philadelphia, where the Declaration of Independence had been signed 11 years previously, they set to work to create a system of checks and balances in government which was to perpetuate the fundamental theory mentioned in the preamble of the earlier document.

"We hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness."

"That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; . . ."

Some 5 years later, the first ten amendments to our Constitution were adopted at one time, specifically detailing various basic civil rights stemming from the underlying theory of the Declaration of Independence.

Our courts day by day guard these rights for us.

Frank Cummings Attending Sales Course In Dallas

Frank Cummings is attending an advanced school in sales training at Dallas June 28 — July 1. This school, like the others included in Southland Life Insurance Company's training program, is being conducted in the company's own school quarters located in the home office building, Dallas.

Texas Inhabited 5000 Years Ago

AUSTIN — Archeological evidence of human residents in Central Texas as long as 5,000 years ago has been discovered by University of Texas students.

Artifacts found by the students appear to be definitely prehistoric. Dr. T. N. Campbell, anthropology department chairman, said. The findings indicate the inhabitants lived crudely at first, hunting with spears and having few if any utensils, then progressed to bows and arrows and pottery utensils.

"Nonsense, Mabel—exercise won't take it off. Look at your double chin."

Most of the neighbors are just what the dictionary says they are: persons living nearby. Some are too quiet, some too noisy. Some have cats that prey on your birds, others object when your dog digs in their flower bed. Some notice when you entertain and leave them out, others wouldn't want to come if you asked them.

Yep, by and large, neighbors are just people who happen to live in the same block with you.

But once in awhile you wake up to the fact that neighbors can be something special. Such as when you take a long trip, as we did recently. One offered to collect our mail for us. Another said she'd water the yard. One brought

over a hatbox she wanted us to take along. She agreed to check the house once a week and see that nothing went wrong.

Returning home after three weeks, we found the grass not ankle deep as we had expected, but neatly mowed. The high school boy next door had done this. Our gardening neighbor had kept things green.

"There was a hot wind two or three days and I thought the geraniums in the back bed wouldn't pull through," she reported, "but they did. There's red spider in your spruce tree, and you'd better spray that coleus for aphids."

From three sides they converged on us with packages, messages, greetings, reports. No hint that our only claim on them was having a house and lot nearby.

Yep, in time of need, a good neighbor is something you won't find in the book.

Changes Kansas For A Stagecoach

Chris Rafferty, Killeen, Tex., youngster, got upset the other day when a model stagecoach he was constructing was destroyed. So he left home—without a cent in his pocket—and headed back to his home state of Kansas. He got 10 miles before Fort Hood MP's picked him up. After hours of questioning, sheriff's department members got to the root of the trouble and Deputy Roy Barton drew the pleasant task of finding another stagecoach for Chris. Here the pair look at the new coach after Barton asked the manager of a Temple store to open up at 11 p.m. to accommodate Barton and the unbelieving Chris. Chris is the son of Mr. and Mrs. Kenneth Rafferty of Killeen. (AP Photo).

ie Wee" Reese of the Brook- odgers says that courage and ntration are two MUSTS at late.

says, "If you're scared, never be a good hitter. Be ally and physically alert at

the plate, but not frightened. "It's not easy to concentrate on your job in baseball. The crowd is noisy and often unfriendly. The opposing team is riding you from its bench. The catcher, as you stand at the plate, is trying to distract you with a line of chatter. "The batter must contend with a number of noisy things that tempt him to take his mind off the pitch. "The batter must NEVER take his mind or his eye off the pitcher, the pitch and the ball. He must seal his ears to everything else going on and concentrate solely on hitting the ball."

Umpires For Little League
The first six games of the Little League have found excellent umpiring. This is voluntary umpiring. It is hard enough for John Reeves in Fort Worth to find umpires when the Texas League pays plenty. But when you have to call upon fans to volunteer, that makes the Little League of Littlefield face a possible serious problem.

Jockeying and riding players and Umps is a part of American baseball. But it is especially hard for volunteers to take, particularly the second time. One of the Little League managers suggested that the fans who ride the ump the worse should call the game next time.

Bill Fore argued with an Ump recently. The Ump patiently waited for the argument to be proven by the Little League rule book. The Ump ruled "unintentional" when the rule book, (read audibly to the grand stands by "Casey Stengel" Fore) said, "intentional blocking at the plate should be an out."

After the game Bill said, "That is O. K. He called it like he saw it."

The Volunteer Umpire said, "It's the manager's prerogative to call time out and question or discuss the decisions."

Wayne Cunningham said, "That is American baseball for you. The fans would miss a part of baseball occasionally if there weren't some disagreement to be settled peacefully in a sportsmanlike manner. We will all miss one big part of our great American sport Little League games. That is, seeing a manager or player being sent to the showers by the ump. That's baseball, too."

You can tell the difference between floor polishes by their smell. The buffing-type of wax usually has little odor.

Family Size vs. Family Dollars

FAMILIES with the least income have the most children, according to data cited by the Congressional Joint Committee on the Economic Report. This inverse ratio of income to family size is illustrated in the above chart, prepared by the Planned Parenthood Federation, which shows that one-half of the nation's children are in one-sixth of the families which have only one-tenth of national family income. In 1952, for example, average income of three-child families was \$3,974 or \$795 per member; in families of six or more children it was \$2,725, or \$340 or less per member. That this occurs by chance, not by choice, was made clear by an important study demonstrating that low-income couples have smaller families when medically approved child-spacing methods are available and used. Inadequate support of children in over-large families, Planned Parenthood points out, contributes to dependency costs borne by taxpayers and makes it more difficult for such families to "pull themselves up by their bootstraps." (Chart from new booklet, "Breaking the Vicious Circle," available at Planned Parenthood Federation, 501 Madison Avenue, N. Y. 22.)

Timian Stationed At Combat TC In Buffalo, New York

BUFFALO, New York — Staff Sergeant Donald R. Timian, son of Mr. and Mrs. Herman M. Timian of East 7th Street, Littlefield, Texas, has been assigned to the 225th Air Force Reserve Combat Training Center in Buffalo, New York. He will serve in the unit's aircraft maintenance section. Sergeant Timian enlisted in the Air Force in February, 1951, and after receiving his basic indoctrination at Lackland Air Base, Texas, he was chosen to attend the Air Force's Airplane and Engine Mechanic School at Sheppard Air Base, Texas. His technical training completed, Timian was sent overseas where he served as an aircraft mechanic at Johnson and Misawa Air Bases, Japan. He holds the United Nations and Korean Service Ribbons. A graduate of Littlefield high school in 1948, Timian attended McMurry college from 1950 to

1951. He was employed by the Southwestern Associated Telephone company before enlisting in the Air Force.

GI Questions And VA Answers

QUESTIONS—I have a Korean insurance policy — the kind that doesn't pay dividends. Would it be possible for me to convert it to a permanent form of insurance?
A — No. Under the law, non-participating term insurance policies issued to Korean veterans may not be converted to permanent plans.
Q — I am a disabled World War II veteran, and I'd like to take vocational rehabilitation training under Public Law 16. If I'm eligible to train, would I be allowed to take a four-year law course?
A — No. The law would allow you to take only a course that you could complete by July 25, 1956, the date the Public Law 16 training program comes to an end. You would have to enroll for a course that you could finish in two years or less.
Q — I am a World War II veteran taking GI Bill training at night. I have a job that normally

doesn't require me to travel, but that date have two years from I found out that I'm going to have to take a three-week business trip, and therefore interrupt my training. Will I be permitted to resume my GI Bill training when I get back? Or is this the kind of interruption that's not allowable?

A — You will be permitted to resume your GI Bill training when you return from your trip. VA considers such a temporary interruption as one caused by a "valid reason," so long as it does not last for more than four months. If it did last longer, you would be required to show VA that you couldn't possibly have resumed your training earlier.
Q — Does the August 20, 1954 deadline for starting Korean GI Bill training apply to all Korean veterans?
A — No. The August 20 cut-off date applies only to veterans separated from service before August 20, 1952. Veterans separated after

separation to begin Korean GI Bill training.

Read Rites For Seven Month Old

Services for Maria de la Lusia, seven month old daughter of Mr. and Mrs. Pedro Luiso, were held June 26. Burial was in the Littlefield cemetery. Maria, born Nov. 16, 1953, died at the home of her parents, on the J. M. Farmer farm 2½ miles northwest of Fieldton last Friday.

Monmouth Park racetrack has a six-story clubhouse this season. Two high-speed elevators service all floors.

Depletion Of Water From Income Tax Being Studied

LUBBOCK — The High Plains Underground Water Conservation District, with headquarters here, is studying the possibility of securing the approval of the Internal Revenue Service in allowing water users to deduct from their income tax the cost value of underground water depleted through municipal, industrial and agricultural use.

District Manager Tom McFarland explains that there is no such allowance now, but that if possible such an allowance will be obtained.

He said that under the existing regulations, the only way a person can deduct the depletion from his income tax is that the said person sell the land and show a loss which concurrently was the direct result of underground water depletion. He exemplified this by saying that if a person pays \$400 an acre for 200 acres of land and if he pumps water from the land for 25 years, thus exhausting his supply to the extent that the land is worth only \$100 an acre because of the exhaustion, then the only way he is permitted a deduction for the loss he has sustained, is through the sale of the land.

"There are several problems encountered in securing a deduc-

Luminous Lips Are Romantic Device In Italy

by Lisa Paulsen
When the lights go out, are you still just as attractive?

This is a question being asked the women of Milan by the luminous lipstick manufacturers. They explain that ANY woman can get a smile and a whistle in the middle of the afternoon, but does that beauty last in the darkness of a movie?

This new lipstick is advertised as the hypodermic to any dying romance. On the beach at night, in a parked auto, in the movies, at parties when the lights suddenly fail, it is supposed to remind the indifferent boy friend

that his senorita is still there.

For the man without fading interest, however, luminous lipstick keeps him informed as to the exact location of interesting subject matter. Where he formerly had had to rely on the Braille system, he now need give no warning! As the manufacturers explain, women love it!

Nail polish that shines in the dark is well known on the cosmetics market. Even eyebrow paint is available to the Italians. There is some objection to using all three luminous cosmetics at the same time, however, because it has been known to frighten Italian men. (For a change!) It tends to give a ghost-like affect that can take the power out of a romantic moment. Even the luminous lipstick, when worn alone, should not be kept a secret until the last minute. It might come as

a shock! More than one man has imagined some terrible lip disease!

Many men, however, have expressed objection to the lipstick on other grounds. They have discovered that it is hard to remove from a shirt collar. They've found, also, that the luminous affects remain long after the lipstick was apparently removed from the collar. This offered proof that certain husbands were not at the public library when they were supposed to be!

In spite of the disadvantages to this lipstick, the single advantage that it encourages romance seems to outweigh them all. Advertising pressure, of course, is doing a lot to increase sales. Mrs. N. L. of love and matrimony through luminous lipstick, when worn alone, should not be kept a secret until the last minute. It might come as

low reads that he "prefers a girl whose lips he can see in the dark."

The Rio Grande, This Year and Last

The Rio Grande river is shown as it appeared a year ago near Laredo's water system pumping plant—when it stopped flowing for the first time on record. Lower picture is as it appeared in June of this year—with the water 19 feet deep following heavy rains upstream. The water plant's intake pipe is high and dry in the top picture and barely shows in the lower photo. A year ago a rise of this kind would have flowed on down to the Gulf below Brownsville and been wasted. Now, however, Folsom International dam stores the water for future use. (AP Photo.)

What Do You Know About Safe Driving?

Test 2

Which of the three choices best completes the statement? Underline your choice. Correct answers are given under the test.

- When approaching a curve on the highway, you should: (a) slow down going into the curve and speed up going out of it; (b) continue into the curve at the speed the car was going and apply the brakes only if necessary; (c) slow down before reaching the curve, depress the clutch and coast around the curve.
- You are driving on a slippery surface and have to stop quickly. The best way to do this is: (a) pump the brake pedal; (b) slam the brakes on hard; (c) shift into low gear.
- When a car's speed is increased from 35 to 70 miles an hour, the potential damage it can cause when striking another car is greater: (a) twice; (b) four times; (c) three times.
- The pleasure and satisfaction a driver gets from his car depends on: (a) how he drives and maintains it; (b) how fast it can go; (c) how much power it has.
- The kind of driver you are depends mostly on: (a) the speed with which you react; (b) the condition of your car; (c) how you learned to drive.
- When the school bus in front of you makes a stop to discharge passengers, you should: (a) slow down and pass if no children are crossing; (b) sound your horn and pass; (c) stop behind the bus, then proceed cautiously at a speed

not to exceed 10 miles per hour.

7. Night accidents occur relatively more frequently than day accidents because: (a) visibility is reduced; (b) drivers are tired at night; (c) people drive faster at night than during the day.

8. A driver should realize when driving on a bumpy road that his (a) braking distance will be shorter than usual; (b) reaction time will be longer; (c) braking distance will be longer than usual.

9. When you "overdrive" your headlights: (a) you blind other drivers with your lights; (b) you are being very courteous; (c) you cannot stop within the distance you can see.

10. When approaching the crest of a hill: (a) increase speed to make up for speed lost on the grade; (b) slow down; (c) continue at the same speed.

ANSWERS

1. (a) 2. (a) 3. (b) 4. (a) 5. (a) 6. (a) 7. (c) 8. (c) 9. (a) 10. (c)

Attend Methodist Youth Assembly At McMurry College

ABILENE — Patricia Ligon, Dan Howard, and Linda Hoover, all of the Littlefield area, attended last week the 8th annual Methodist Youth Assembly at McMurry College. They were among a total of 44 young people from the Northwest Texas Conference who attended the assembly.

A staff of some 50 Methodist ministers, youth workers, and laymen was headed by Rev. Frank Peery, pastor of Trinity Methodist church of Amarillo, dean of the assembly.

Principal speaker was Dr. Marvin L. Boyd, pastor of First Methodist church of Midland. Rev. Charles Lutrick, executive secretary of the board of education of the NWT conference, assisted MYF officers in directing the assembly program.

An official voting delegate to the assembly, Miss Ligon is secretary of the First Methodist MYF in Littlefield. She is the daughter of Mr. and Mrs. Ligon.

Howard, son of Mr. and Mrs. M. W. Howard, is chairman of Christian fellowship for the district, sub-district and local MYF.

Miss Hoover is past president of the sub-district MYF, and has

served in several offices for the group. She is the daughter of Mr. and Mrs. Houston Hoover.

Sinclair Family Holds Reunion

Attending were Mr. and Mrs. L. E. Sinclair and children of Sudan, Mr. and Mrs. W. E. Sinclair of Portales, N. M., Mr. and Mrs. Teddy Fite and girls, and Mrs. Bob Scarbrough of Clovis, N. M., Mr. and Mrs. Vinson Boring and boys and Mrs. Lou Ella Sinclair of Littlefield, Mrs. C. B. Stinson of Phoenix, Ariz., Mr. and Mrs. Dick Metzler of Lubbock, Mr. and Mrs. L. D. Sinclair, Mr. and Mrs. Glen Sinclair and children, Mr. and Mrs. Bill Eady and boys, and Mrs. Hubert Scarbrough and boys, all of Levelland.

Williams Teaches Church Music Class

Tommy Williams, pastor of the Ninth Street Church of Christ, left Sunday for Ft. Worth, where he will teach a class in church music. Williams will return July 9.

A/3c Bill M. Smith, grandson of Mrs. R. M. Smith of Littlefield, is presently being trained as an airforce technician at Warren Airforce Base, Wyoming. At this historic former cavalry post, outside Cheyenne, the airforce is training young airmen in many specialties, telephone and teletype operators, repairmen, inspectors and supervisors, as well as administrative and supply technicians.

Six Local Boys Begin Training At Ft. Bliss

FORT BLISS, TEXAS — Six soldiers of the Littlefield area recently began eight week of basic training in the Antiaircraft Artillery Replacement Training Center at Ft. Bliss, Texas.

They are Pvt. Noel E. Wilson, son of Mr. L. E. Wilson, Littlefield; Pvt. Kenneth W. Winfield, son of Mrs. H. S. Winfield, Littlefield; Pvt. Troy E. Dutton, son of Mrs. J. R. Simmons, Amherst; and Pvt. Elbert J. Dillon, son of J. E. Dillon, Littlefield; P.V.T. Clyde N. Williamson, son of Mr. H. E. Williamson, Rt. 1, Olton; and Pvt. John Gaston Dunn, son of Mr. and Mrs. J. L. Dunn, Rt. 1, Littlefield.

All will spend the first eight weeks of basic training on fundamental Infantry subjects like army drill, rifle, machine gun, and bazooka marksmanship, and familiarization with army technical subjects. This first phase of training is climaxed with a one-week maneuver in the field.

Upon completion of their first eight week cycle, they will either be assigned for further training at Ft. Bliss in the techniques of Antiaircraft Artillery, or they will be transferred to another Training Center for schooling in some other army skill.

Should they remain at Ft. Bliss, their second eight weeks will see them firing light and medium antiaircraft artillery weapons at low-

flying and high altitude aerial targets on the one-and-one-half million acre Ft. Bliss ranges. They will also be expertly trained in the uses of various electronic equipment employed by the AAA-RTC.

More than 100,000 automobiles a year are tested across the English Channel.

Four elements, oxygen, hydrogen, silicon and aluminum compose about 90 per cent of the crust of the earth.

Attend Girl Guard Camp

Misses Cassie Jefferson, zina Robinson and Mrs. F. Robinson left Sunday for Girl Camp at Irving. They will stay ten days.

Mrs. Robinson is serving as teaching staff of the camp house mother for the Girl Guard. The two young ladies are members of the Salvation Army Girl Guard organization.
