

C. J. McCarty Conduct Revival

McCarty, pastor of the First Baptist church in Wichita Falls, scheduled a two-week revival at the church to begin Monday.

Rev. Beauchamp To Attend Meeting

Rev. Frank Beauchamp, pastor of the First Methodist Church, will be among the 590 delegates and visitors to the Methodist South Central Jurisdiction Convocation to be held in Little Rock, Arkansas, April 3-5. He will be accompanied by Mrs. Beauchamp.

Rev. Beauchamp is one of five who will lead in panel group discussions. Groundwork for the general Methodist Convention to be held later will be laid at this meeting.

Represented will be nearly 2,000,000 Methodists in Nebraska, Kansas, Missouri, Oklahoma, Arkansas, Louisiana, Texas and New Mexico.

Discussions have been made in all services, thus far, he said.

Rev. McCarty has served as pastor of the Lubbock church for 22 years, and he is well known as a pastor and evangelist. His record at Lubbock is outstanding, in that he has just completed a \$250,000 church edifice, and that the church membership has grown from 200 members to a membership of 1500 in the 22 years that he has been pastor.

Ed Gibbs of Dallas is directing the music and the people are responding in a marvelous way, Rev. Hemphill said.

CRIME PROBERS — State attorney General Price Daniel shows the house crime investigating committee evidence that national crime syndicates want to move into Texas. Committee members behind the bench at hearing in Austin, Texas, are (left to right) Reps. Horace Houston, Dallas; Waggoner Carr, Lubbock; Fred Meridith, Terrell; Bill Wood, Tyler, and Charles Murphy, Houston (back to camera).

Lamb County Hospital Stages Formal Opening

The Lamb County Hospital, which opened last January with Dr. Donald Watt, prominent physician and surgeon in charge, staged its formal opening Sunday when large numbers from far and near visited the institution.

The Hospital Board of Directors

feel that they have been extremely fortunate in securing the services of Dr. Donald Watt, to head the institution, and he has been making his home here since mid-January, as he supervised changes in the hospital building, and received and placed new equipment.

Number Register One hundred and sixteen were registered as visitors at the formal opening last Sunday afternoon, to be greeted by Dr. Watt, the chief nurse, Miss Ida Wassenberg, who has been connected with (Continued On Back Page)

Dr. Albert Perkins New Dentist Here

Dr. Albert Perkins, D. D. S.

Last Rites Monday For Charles Glenn

Charles B. Glenn of Morton, formerly of Littlefield, passed away suddenly at his home at Morton, Saturday afternoon at 4 p.m. Cause of death was said to have been a heart attack.

Funeral services were held Monday afternoon, from the First Methodist church at Morton, with the pastor, Rev. Clarence Stevens, officiating. Interment was in Littlefield cemetery, with Hammons Funeral Home in charge.

Pall bearers were Loyd Evans, Clayton McMasters, Ott Barton, Luke Hargrove all of Morton and Rex Matthews of Littlefield, and D. D. Lippard, a former local resident.

Born In Oklahoma

Deceased was born December 1, 1906 at Hugo, Oklahoma, the son of Mr. and Mrs. G. S. Glenn. The family have been residents of Littlefield many years. He was married to the former, Miss Alice Anderson, who survives. They have lived in Morton for the past six years, where Mr. Glenn owned and operated an Electrical Appliance store. Before going to Morton, the family lived at Sudan, where he was manager of Southwestern Public Service Company.

Parents Live Here

Surviving besides the wife are (Continued on Last Page)

Announcement is being made of the addition of Dr. Albert Perkins, D. D. S. to the staff of doctors and physicians at Payne-Shotwell Foundation.

Dr. Perkins will be associated with Dr. James E. Shotwell, and will share dental offices with him. He began practicing here Monday morning.

Littlefield's newest doctor, arrived here with his family last week, and they are at home at 416 East 13th Street. He is formerly of Port Arthur, Texas. He received his dental training at the University of Tennessee, and grad-

Preparations Nearing Completion For FFA Stock Show Here Monday

64 Answers TO A FEW OF THE Questions

Some very live crime babies. Some of those whom the crime investigators would like to question have suddenly left town with no change of address left, so far the announcement that the State has appointed its own crime commission hasn't produced a ripple—locally, at least. The galloping dominoes still gallop out in the flats, and "Jaybird" continues to flaunt the fastest cars in town, even though he did get nicked last week for \$800 plus in County Court.

"One nice thing about an extremely early Easter," said one of the Bridge Club members, (Continued on Back Page)

V. F. W. Officers To Be Installed April 9

Odel Matthews, retiring commander of John Henry Chapman post, Veterans of Foreign Wars, will serve as installing officer, when newly-elected officers of the Post will be installed, Monday night, April 9.

The new slate of officers includes Earl Drerup, commander; Hugh Cape, senior vice commander; Bill Heinen, junior vice commander; Ewing Thaxton, Quartermaster; Johnny Tolbert, trustee; Bill Street, judge advocate, and Jimmy Timlan, chaplain.

FRESHMAN CLASS IN CHARGE

The Freshman class of Littlefield High school will be in charge of the program for the weekly assembly, Friday morning. The boys in the class will present, "Dress Reversal" under the direction of Miss Paulett Hay.

Winners and Sponsors to be Given Trip to Brooks Ranch and Austin

More than 100 animals are scheduled to be on hand for the opening of the Littlefield FFA-4-H Fat Stock Show, to be staged at the Littlefield Fair Grounds, Monday, April 2nd. The show animals will include 33 Fed calves, and at least 70 head of hogs. Approximately 90 boys from this area will be present as exhibitors. The indications are that this will be the biggest show ever held here, both in entries and attendance.

The show is again sponsored by Littlefield Chamber of Commerce, and Manager Bob Crowell reports that committees are working diligently this week, making final plans. Nelson Naylor is manager of the show, and he and David Eaton, Lamb County Agent, and Bob Crowell were in Lubbock Tuesday to complete arrangements for commercial buyers to be present at the show.

Louis Henderson of Armour and Company, Lubbock will judge the calves.

All animals must be at the Fair Grounds by 4:00 p.m. Sunday afternoon. Judging will be done on basis of market grades and all animals within the same market grade will receive the same ribbon.

Classification of animals will be held Monday morning. Each boy must keep detailed records of all expenditures connected with his project. These detail records must be kept as required by FFA or 4-H Club rules, and be available for inspection upon request of the show manager. A summary of records will be given to the show manager within 10 days after the Educational tour is completed.

The itinerary for the Educational tour calls for the winners and sponsors to leave Littlefield at 1:00 p.m. Monday afternoon and spend the first night at San Angelo. Leaving there the next morning, they will arrive at Camp San Saba at the Tommy Brooks Ranch at 9:30 a.m. Tuesday. The greater part of Tuesday will be spent at the ranch, and a barbecued dinner will be served at noon. They will leave the ranch late in the afternoon. (Continued on last page)

D-E Banquet to be Held at Wofford's Cafe Tonight

Honor Roll is Released By School Principal

A list of honor roll students in Littlefield Central School for the past six weeks was released by D. C. Lindley yesterday morning and are as follows:

5th grade: "A" students: Billy Crowell, Sandra Ross, Jo Ann Hall, George Ann Gerlach, Sandra Martin, Wayne Ausmus, Edith Gohike, Patsy Hurley, Peggy Price, Jack Reese, Maxine Ware, Bennie Williams and Jay Windwehen.

5th grade: "B" students: Cecil Johnson, Jack Latham, James Earl (Continued on last page)

The annual Distributive Education banquet will be staged at Wofford's Cafe tonight, (Thursday) at 7:30 o'clock. Guests will be employee-employers.

Guest speaker, Johnny Linn of KGNC Amarillo, is unable to attend.

Guest speaker will be Harrell Colard, minister of Littlefield Drive Church of Christ. Johnnie Linn, of KGNC, Amarillo, scheduled to make a talk at the banquet was unable to fill the appointment. Besides a talk by Mr. Colard, there will be other program features.

Jack Yeasel, president of the club, will act as toastmaster. It is expected that a large number will attend.

Commercial Feeding Plan Governing Judging of Animals At Littlefield Show

This plan is based on the following assumptions: 1. The present practice of milk feeding show calves is not practical; it gives the boy a distorted idea of the value of finished beef and places an undue burden on the buyers in the county sale. Therefore, the feeding of show calves on nurse cows should not be encouraged. 2. The best calves for show competition are not necessarily the best calves for commercial feed lot operations. Therefore, the boy who learns to select show calves is not receiving good training for selecting commercial feeding cattle. 3. Lamb County produces good cattle for commercial feeding, most of which are fed outside of the county. 4. Lamb County produces a large amount of grain principally grain sorghums, much of which is shipped out of the county. 5. In average years and under good management, our grains and roughages could be fed to our feeder cattle at a profit thereby increasing the county income. 6. It would be a good practice for Future Farmers and 4-H Club boys to gain some experience in commercial feeding operations.

CITY ELECTION TO BE HELD TUESDAY, APRIL 3

Committees Named By Fair Association Here

School Census Is Being Taken

The scholastic census of Littlefield Independent School district is being taken. Parents of children between the ages of 6 and 18 should be enumerated. If a child is not 6 at the present time, but will become 6 before school starts this fall, he too, should be enumerated. Littlefield School manager, William Brune, said.

City Election will be held next Tuesday April 3, at Lamb County Court house, for the election of a mayor, and two city commissioners.

Names of candidates on the ballot will be A. C. Chesher for mayor; and Lon Campbell and L. C. Hewitt for commissioners. All three were drafted by Littlefield citizens to again be candidates for the offices which they now hold.

Polling hours are from 8 a.m. to 6 p.m. Designated to hold the election are Arthur Jones, judge, assisted by Mrs. Jones and Mrs. J. H. Barnett.

The new board of directors of the Lamb County Fair Association held their first meeting Tuesday night, at Wofford's Cafe, where they were dinner guests of J. T. Elms.

V. M. Peterman, president of the Fair Association, presided at the business meeting and appointed the following committees:

CATALOG: T. G. Shaw, Allen Hodges and J. T. Elms. COMMERCIAL SPACE: C. O. Griffin, Jack Yarbrough and Albert Miller. CARNIVAL COMMITTEE: Jim Mangum, Tom Hilbun and David Keithley. INVITATION COMMITTEE: (Continued on last page)

Five School Trustees to be Selected Here April 7

Littlefield Independent School district will go to the polls April 7, and elect three trustees from the five candidates whose names will be on the ballot.

The election will be held in the court room of the County Court House, J. T. Elms, judge, presiding, and Mrs. J. T. Elms, secretary.

Candidates are Maucil Montgomery and E. Yarbrough, who are currently serving terms.

Other names on the ballot will include Cal Harvey.

BY NAIL NAIL STUDIO

Lamb County To Be Represented At Texas Cotton Ginners Meeting

Several Lamb County Ginners will be among the approximately 50 members of the Texas Cotton Ginners Association from the South Plains section who expect to attend the 38th annual convention of the group in Dallas Monday, Tuesday and Wednesday of next week.

Preceding the regular sessions of the convention the directors will meet Sunday afternoon and night. W. O. Fortenberry of Monroe, association president, and J. H. Plemons of Smyer will attend the directors' meetings.

For the first time the association has found it necessary to use two buildings at Fair Park, Dallas. One will contain the more

than 130 exhibits while the second will be used for the speakers' program.

Among the many leading speakers on the three-day program will be Harold Cooley, chairman of the House Agricultural committee. (Continued on last page)

Mr. and Mrs. A. W. Cuba and Sharon and Mrs. E. M. Havel of San Angelo were visitors Saturday and Sunday. Mr. and Mrs. H. D. Crawford and daughters of Lubbock; Mr. and Mrs. M. J. Cuba and daughter of Levelland were also visitors in the Sladek home. Janie Crawford spent the week end with Sandra Sladek.

LAST RITES HELD FOR A. P. MONCRIEF

Funeral services were held at San Angelo, Monday of last week, for A. P. Moncrief, who died Saturday morning, March 17, in a San Angelo hospital at the age of 71 years. He was an uncle of Mrs. Mrs. Kermit Workman of Sudan. Deceased, a night watchman at Model Laundry, went to San Angelo in 1933. Last Christmas eve he and his wife celebrated their 48th wedding anniversary.

Surviving are the widow; two sons, A. G. of San Angelo, and G. A. of Tyler; three daughters, Mrs. Mammie Lou McMillan, Brownboro, Mrs. Magdalene Holman of San Diego, California, Mrs. Ada Marie Mills, Merissa, Illinois; threebrothers, Henry, of Sudan, John of Tyler and Ed of Dallas and eight grandchildren.

Attending the funeral from Sudan were Mrs. Kermit Workman, brother Arthur Moncrief, and sister, Mrs. Woodrow Byrum.

Regiment, 2nd Infantry division, on or about June 8, 1944 in the European theatre of operations. Pfc King is the son of Mr. and Mrs. Ulys J. King, Sudan, and works in the east room of the orthopedic section of the hospital.

JIM BURGESS TO BE SUPERINTENDENT OF SPRINGLAKE SHOW

Jim Burgess, son of F. E. Burgess, Earth, will serve as General Superintendent of the First annual Springlake Junior Livestock Show to be held at the Springlake School campus on March 30-31. Jim is a senior student at Springlake school and is President of the Springlake Chapter of Future Farmers of America. Jim holds the degree of Lone Star Farmer in the F. F. A. and has served as president of the Littlefield District of Future Farmers of America. He has had considerable experience in shows of this type, having exhibited 2 animals in the Lamb County Fairs, Littlefield Junior Fat Stock Shows, the Lubbock Junior Fat Stock Shows.

He will be assisted by Doug Higgins, Superintendent of the Cattle Division; Doug Lewis, Superintendent of the Swine Division; Leonard Gilmore, Superintendent of the Poultry Division; and Dolan Fennell, Superintendent of the Horse Division of the Show. Pens are under construction and other preparations are being made to have everything in readiness by show time.

Mr. and Mrs. J. H. Utterback of Amarillo spent Easter Sunday with their daughter and son-in-law. Mr. and Mrs. Bill Lyman.

Announce Free Radio With Purchase of Philco Refrigerator, Range, Deep Freeze

The Rodgers Furniture Company are conducting an appreciation sale this week, and are giving away a three way Philco radio with the purchase of either a Philco refrigerator, a Philco Range or Philco Deep Freeze.

This special offer is being made for this week only, and until Saturday night.

Eight new models of Philco Refrigerators are available, as announced by E. C. Rodgers, owner and manager of this company.

Spade and Whitharral To Be Linked With Littlefield Telephone Exchange

G. D. Shelley of Lubbock, district manager of the Telephone Company has announced that Spade and Whitharral will be linked to the Littlefield telephone exchange when telephone service is extended to the two communities by the Southwestern Associated Telephone Company.

It was announced that they will receive the same type of phone service now being offered to Amberst, Sudan, Olton, Shallowater and Anton. These communities have dial-type telephones "mastered" in Littlefield.

At present there are only two telephones in Whitharral, and none at Spade.

Last week at a meeting held at the local Chamber of Commerce office here, when a group of interested citizens met with the district manager, negotiations were

'God Is My Landlord', Color Sound Movie To Be Shown At Lutheran Church

"GOD IS MY LANDLORD", the famous color-sound movie—factual reporting of the 43th experiment which took place in Tecumseh, Michigan, between 1940 and 1946 is to be shown at the Emmanuel Lutheran Church, 417 West Third, Sunday, April 1, beginning at 8 p.m.

Perry Hayden inspired by a sermon based on John 12, 24, decided to "take God at His Word and see what happen."

He planted a cubic inch 360 kernels of wheat seed on a small plot donated by Henry Ford. In 1941, a year later, the crop was

harvested, a tithe paid to Hayden's church, and the remainder (90 per cent) was saved for the next planting. This process continued for six years. In 1946 the crop covered 2,666 acres of land and produced 72150 bushels of wheat, worth then about \$150,000.

The picture include some shots of our countries then famous living men, including Dr. Walter A. Maier, late world famous Lutheran Hour originator and speaker.

No admission charge. The public is cordially invited.

St. Martin Lutheran Pastor Will Attend Convention At Seguin

Pastor Carl F. Schulte, pastor of St. Martin Lutheran Church of this city will attend the Annual Convention of the Texas District of the American Lutheran Church which will convene at Seguin, Texas, March 27-30 on the campus of Texas Lutheran College. The convention will be opened on Tuesday afternoon with a Convocation and Holy Communion Service at Trinity Lutheran Church, Seguin, Texas.

Mr. Dale Maxwell of Sudan, a member of St. Martin Lutheran will accompany pastor Schulte as a lay-delegate. He will represent the local church, as well as the other church of the Parish, St. Paul's Lutheran Church of Levelland.

Rev. H. F. Schuh, D. D. the newly elected National President of the American Lutheran Church will make his initial address as President at the service Tuesday evening, March 27. Rev. Geor F. Schulz Jr., the new Director of Stewardship and Finance will also make his official debut on Wednesday, as well as the new and first director of Evangelism, Rev. Henry E. Hoemann. The Rev. R. Dale Lechleitner, the Director of American Missions will conduct a special practical session for the lay-delegates of the convention, explaining the Home Mission on Advance which is being emphasized by the American Lutheran Church this year.

The Lutheran Church of Texas will celebrate its 100th Anniversary, and Dr. A. G. Wiederaenders of Texas Lutheran College has prepared a Centennial Celebration, consisting of a Centennial Display, representing the early days of Texas missions. The first Lutheran Church was organized in Galveston in 1850, and the first rural Lutheran Church organized at Hortontown, Texas, near New Braunfels, was the first Lutheran Church building erected on Texas soil in 1951.

Among other routine business of unusual importance to be taken up at the convention are the election of the District President, Rev. C. N. Roth, who served St. Martin Lutheran in the early days, and who helped organize the congregation in the present incumbent. The Lutheran Bible Camp at Kerrville will be re-named and officially named by the convention. A District Parsonage will be either purchased or built, upon authority given to the committee by this convention.

Dr. E. W. Schramm, editor of the "Lutheran Standard" will be visiting in Texas and will address the convention also.

When the National League was organized in 1876, the New York Club, then known as the Mutals, played its games in Brooklyn.

Olton School Gym Not to Be Used As Recreation Center

The Olton School Board has declined to permit the school gym to be used by the Recreation Council as a youthcenter. It was announced by J. T. Jones, superintendent. The decision was made when the board acted on a recommendation from the First Baptist Church there.

Jones said action was taken after the board received a resolution from the church signed by Rev. Chester G. Watt, pastor and Miss Elma Smith, clerk. The resolution protested use of the gym for dancing.

Bernon Jeffries, president of the Recreation Council said that plans are being made to continue the program, and use of the American Legion Huit h as been temporarily approved.

Curtis Lee Preaches Here Sunday Night

Curtis Lee, a ministerial student at McMurry college, Abilene, filled the pulpit at the First Methodist church, Sunday night.

Mr. Lee is the son of Mr. and Mrs. J. D. Lee of Yellowhouse Switch Community. Mrs. Lee and son Richard were here with him for the Easter holidays, and they visited in the homes of his parents, and also her parents, Mr. and Mrs. Joe Mapes.

Anton Man Is Given Suspended Sentence

Joe Pat Anders, 20 of Anton, was given a 5 year suspended sentence, Monday, by a 72nd District court jury hearing evidence in his trial at Levelland on a charge of burglary. He had entered a plea of guilty.

Anders, the son of Deputy Sheriff and Mrs. Jack Anders was reported shot twice as the youth left Atkinson Hardware store the night of February 9. The jury was selected to assess punishment only.

A similar sentence was assessed against Guilde Costilla, Levelland man, charged with assault with intent to murder Albert Herrera, also of Levelland. He also pleaded guilty. The charge against Costilla arose from a shooting incident on a Levelland street last November.

New Servel Has Greater Capacity, Yet Takes Less Space in Kitchen

"Bigger inside but smaller outside" is this 1951 Servel motorless refrigerator. Behind its full-length door is room for 9 1/2 cu. ft. of food, yet the cabinet requires less space in the kitchen than old-type 8-ft. models. Ray's Butane Appliances are dealers.

Refrigerator designers have succeeded in "doing the impossible" in the Servel models for 1951. They have given the new motorless refrigerators extra capacity but made the cabinets more compact.

The Servel Royal Model BR-917, shown above, provides 9 1/2 cubic feet of food storage space, yet the exterior of the cabinet is over 2 inches narrower than older type refrigerators with only 8 cubic feet capacity. Other models in the Servel line are similarly "bigger inside but smaller outside."

Royal Model BR-917 offers

homemakers generous storage capacity for frozen foods in the huge clear-across freezer compartment. It has an "Odds & Ends" basket for small miscellaneous packaged foods, adjustable shelves that move up or down to seven different levels, extra space for tall bottles and bulky foods, two "dewaction" porcelain fresheners for fruits and vegetables, and quick-release ice cube trays.

Each of the eight models in the Servel line carries a 10-year guarantee—the longest of any refrigerator.

Congratulations

To:

Mr. and Mrs. Lester R. Tucker of Anton are the parents of a son born March 19th at Payne-Shotwell Foundation. He has been named Stanley Joe, and weighed 8 lbs. 2 ounces.

Births at the Littlefield Hospital reported the past week include:

A girl born to Sophia Garria Aguilar, born March 19th, weighing 5 lbs. 9 ounces. She has been named Annie Garria.

A son, Phillip Scott, born to Mr. and Mrs. Doyle Dean Davis of Hart, March 23. He weighed 6 lbs. 8 ounces.

Mr. and Mrs. Wayne S. Barnett are the parents of a daughter Kathy Sue, born March 23, weighing 6 pounds.

When the National League was organized in 1876, the New York Club, then known as the Mutals, played its games in Brooklyn.

Dimmitt High Girls Cop Intersectional Title For Second Consecutive Year

For the second consecutive year the girls basketball team from Dimmitt high school have copped the intersectional battle of champions. They won the title when they played the Des Moines, Iowa titleholders, and won with a score of 38 to 30.

The Texans piled up a 26-9 lead at the half before the Iowa champs from Hansell found the range and staged a strong comeback.

The Iowans, however, were unable to overcome the 17 point deficit.

Last year at Waco, Dimmitt de-

feated the girls from

47-20.

Information for Veterans

Q. My father served 45 days during the Spanish-American War. Would he be entitled to VA outpatient medical care, or is there some minimum period of service he must have had in order to be eligible?

A. If your father served any time between April 21, 1898, and July 4, 1902 (or July 15, 1903, if service was in the Moro Province), and was discharged under other than dishonorable conditions, he may be entitled to VA's outpatient medical care—regardless of his length of service. But he must get VA's prior approval for such care.

Q. In 1944, I was discharged as an officer. Would I be entitled to GI Bill schooling on the strength of my discharge as an enlisted man?

A. No. A discharge from active duty status for the purpose of immediately assuming another active duty status—without a definite break in between—does not constitute a discharge within the meaning of the law. Therefore, you would not be eligible for GI Bill educational benefits.

Q. I am attending school under the GI Bill. Would I be entitled to additional subsistence for my five-year-old daughter, even though she is being raised by my parents and is not dependent on me for support?

A. Yes, so long as you submit necessary evidence of her birth to VA. Dependency of a minor child is not a factor in determining entitlement to increased GI Bill subsistence.

The National League hasn't always been an eight club circuit. Once it was reduced to six clubs and that happened in its second year of existence. From 1892 to 1899 it was a 12 club league.

Lamb County

(Continued from Page 1) other hospitals here, and Mrs. Le-land Byrd, who presided at the registration desk. Numerous other guests dropped in during the afternoon, many of them, friends and former patients of Dr. Watt. The staff at the hospital will be augmented as rapidly as possible, he stated to a Leader representative.

The building which the hospital occupies, was first utilized as a hospital about fifteen or sixteen years ago, under the ownership of Dr. T. B. Duke, Dr. E. C. Payne and Dr. J. R. Coen. From this beginning, came both the establishment of two other hospitals here, Dr. Duke and Dr. Payne, joined by Floyd Coffman and Dr. William Orr, built and opened the present Littlefield hospital, and Dr. Payne joined by Dr. I. T. Shotwell, Jr., organized and built the present Payne-Shotwell Foundation. The re-opening of the Lamb County Hospital, again gives Littlefield three operating hospitals.

Annex Added To Building A new annex at the hospital is being readied and equipped which will add 25 more rooms to the Lamb County Hospital, giving it a capacity in excess of half a hundred.

Dr. Watt came to Littlefield from Dallas where he has been in active practice, and several of his guests last Sunday, were local folks, who have been his patients in Dallas.

He holds practicing licenses in Texas, Maine, and New York states. He has specialized in the field of radiology since 1925, and was certified in 1943 at Atlantic City, New Jersey, in the field of Malignancy. His Texas license was obtained after study and qualification at Baylor University, Waco.

In addition to being licensed in the three states, Dr. Watt modestly added that he is a graduate doctor of Osteopathy, certified roentgenologist, which in turn means qualification for the use of x-ray.

He is registered in the field of therapy, both superficial and intermediate, and also in deep therapy through the use of x-ray.

His background is unique in the profession, in that for thirteen generations, in his family, the study and practice of medicine has been carried on. He stated that his grandfather was one of the first to do major surgery in the United States coming here directly from London, England.

Another interesting highlight of his background, is the fact that a brother of the grandfather mentioned above, was a General in the English army, highest ranking surgeon, during the time of the Crimean war, and that Florence Nightingale, world's greatest known nurse, and originator of the first school of nursing in England was his nurse and assistant. This was about the year 1873. Gen. Godfrey was one of five eminent doctors to first publicly recognize and endorse the treatment of smallpox by vaccination.

Dr. Watt, being especially interested in the study of malignancy and skin diseases stated that he was attracted to this section, due to the fact that research has shown a high rate of prevalence of such through the southwest section, embracing the section of California and south and westward to Old Mexico.

Dr. Watt has established a home here, and expects to make Littlefield his permanent home, and expressed satisfaction with the prospects for growth and expansion of the hospital which he heads.

Dr. Perkins

Last Rites

(Continued from Page 1)

two children, a son, George Glenn at home, and a daughter, Mrs. Sidney Weatherly, also of Morton.

Other survivors are the parents, who live here at 500 West 5th Street, two sisters, Mrs. Josephine Wright, Abernathy, and Mrs. Sibyl McGehee, Lubbock and a brother, George Glenn, Corpus Christi.

A brother, David Glenn, preceded him in death, several years ago. He was killed in a plane crash at Marchfield, California, while training for pilot's license.

Those from out of town who attended the last rites included: Miss Dixie Durkee of Fort Worth, and Miss Fannie Glen of Hugo, Oklahoma, both aunts of the deceased; a cousin, Pollard Jamison, Lubbock, a brother, George Glenn and wife and two children, David and George of Corpus Christi, and the following close friends: Mr. and Mrs. Sam Adams, and daughter Mrs. Donna Lou Kelsey, Mr. and Mrs. Mark Anderson and daughter Marcia, Lubbock, Mr. and Mrs. George Ragland, Mr. and Mrs. W. A. Richter, Mrs. Ed Coffman, J. L. Pate, and Mr. and Mrs. R. D. Gavin all of Abernathy and Mr. and Mrs. Ernest Brock of Portales, new Mexico.

Assisting with the services at the church were Rev. Frank Beauchamp, pastor of the First Methodist church, Littlefield and Joe Salem of Sudan. The latter read the obituary. The Masons of Littlefield, Morton and Sudan were in charge of the graveside services, with Walker Boren, of the local lodge acting as master of ceremonies, and gave the ritualistic funeral reading. Mr. Glenn had been a member of the Sudan Lodge and was a member of the Morton Lodge at the time of his passing.

Command. Mrs. Perkins is formerly of Nashville, Tennessee. The couple have three charming children, a daughter, Brenda Sue, age four and one-half years, and two sons, Michael Albert three and David Roy, five months.

\$64 Answers

—PI \$64.00 ANSWERS —

(Continued from Page one) "is the fact that the After-Easter sales also are a month early this year. Some years it comes so late that it's almost time to be planning your Fall wardrobe". Next year, yes within a matter of weeks, you'll be paying a couple of new state automobile taxes only they will like a great many other tax levies, be called by another name. The price of your driver's license will be doubled, and then you'll have to pay a \$1.00 inspection fee before obtaining new license plates. The same result could have been attained by the law makers, by increasing the license plate fee by \$1.50, but that would have been "raising taxes", which are unpleasant words in any legislature's language.

The coffee-hour habit, at 10, 2, and 4, also isn't contributing a thing to speeding up the defense program. Most folks too, would be better off, without answer to inflation, elimination of the thrice daily coffee sances by the rank and file of workers, maybe wouldn't knock inflation completely out, but he'd need a long count at the bell, to be able to stay in. Where did this coffee thing start—anyway, it used to be just a breakfast beverage.

Of course you've read about the White House stenographer and her mink coat. And the RFC probbers are likely to get an extension of life, and an increased appropriation to "keep up the goow work" of digging. Could it be that the next headlines will be "White House stenographers, and their mink coats?"

A two and three disc reversible plow for Ferguson tractors, and various types of rotary hoes will be shown.

The public are cordially invited to attend this field day at the Riley & Burt Implement Company.

Dairy Show To Open At Plainview Saturday April 7

Plainview, Texas, March 26, 1951. The nation's oldest dairy exposition, the Panhandle-Plains Dairy Show, now in its 24th consecutive year, will open on April 7 in Plainview, Texas.

A major addition to this year's event is the inclusion of the Brown Swiss breed. Show officials are expecting 50 head of choice cattle in this division. Other breeds represented in the show are Guernsey, Jersey, Holstein, and Milking Shorthorn.

The show is open to breeds in the states of Texas, New Mexico, and Oklahoma, and a general registration of over 500 head of cat-

Local PTA Organizes And Elects Officers

Littlefield Parent-Teacher Association met Tuesday afternoon for the purpose of reorganizing and electing new officers.

Members voted to organize an elementary P. T. A. that will include grades from the first through the sixth, and a Junior High P. T. A. that will include the seventh, eighth and ninth grades.

Officers Elected Officers elected to head the Elementary P. T. A. are Mrs. Charles C. Latham, president, Mrs. U. D. Walker, vice president, Mrs. Arthur P. Duggan, secretary and Mrs. Ralph Nelson, treasurer.

Mrs. F. E. Yohner was elected president of Junior High School, P. T. A.; Mrs. J. H. Lee, vice president; Mrs. L. H. Reams, secretary and Mrs. O. P. Willemon, treasurer.

To Be Installed in May

The newly elected officers will be installed at the next regular meeting of the two groups, when they meet in May. Mrs. Ralph Nelson will be the installing officer. They will assume their duties at the beginning of the new term of school in September.

Following the business session Tuesday afternoon, which was presided over by Mrs. Ray Hulse,

it is expected. Unique in many respects, the Panhandle-Plains Dairy Show facilities is one of the few in the nation in which each stall is equipped with vacuum milking facilities.

The president of the 1951 Panhandle-Plains Dairy Show is Mr. Leo Witkowski, Farmer-Dairyman of Happy, Texas. The dates of the show are April 7-13.

president of Primary P. T. A. Children in the third and fourth grades, under the direction of Pearl McClain, presented a program. Rev. Henry Amherst was guest speaker. The next meeting of the P. T. A. will be held April 11. First grade pupils will program. Central school will meet next Tuesday night. Mrs. A. S. Parrack is president.

Shaw Transferred to Kerrville Ware's Exclusive Shoe Store

G. M. Shaw who has been employed at Ware's Store here, since its opening, has been transferred and will be in charge of Ware's Exclusive Shoe Store in Kerrville.

However, Mr. Shaw says that he and Mrs. Shaw will make frequent trips to Littlefield, as he will still be in charge of promotional work for the store here. They plan to rent their home on East 6th Street, but will reserve a room for their use, when they come back on trips.

Both Mr. and Mrs. Shaw will be greatly missed, as they have always been active in civic and so-

cial affairs. Mrs. Shaw has been a leader in Women's work in the First Presbyterian church, and also has been active in Eastern Star and is a member of the Literary Department of the Woman's club.

Mrs. Shaw has served as Lamb County Red Cross Chairman, March of Dimes Chairman in the past, and has always taken an ac-

Funeral Services For Olton Woman

Funeral services for Mrs. Emma Dayton, 65, of Olton, were conducted Wednesday afternoon of last week at the First Baptist Church in Plainview with Rev. Clarence Howell of Hemphill officiating.

Mrs. Dayton died at Olton Memorial Hospital Monday, March 19. Born in Gibsville, La., on Feb. 21, 1886. Mrs. Dayton was married to W. H. Dayton in 1905.

They were parents of 12 children, nine of whom are still living. Surviving children are Mrs. Fred Bradley, L. L. Dayton, Mrs. B. M. Carlton, Mrs. Ernest Holloway, John Dayton, Warren Dayton and Mrs. Joe Cox, all of Plainview, Harvey Dayton of San Antonio and W. R. Dayton of Lubbock.

Other survivors include Mrs. W. L. Breilhaupt, a sister, of Guymon, Oklahoma; Mrs. R. J. Franks, a sister, of Pharr; J. H. Burkhalter, a brother, of Dallas. Also living are fifteen grandchildren and two great grandchildren.

Attend Funeral In Plainview

Mr. and Mrs. Vernon Eagan attended funeral services Friday in Plainview for her sister's husband, C. S. Williams who passed away at his home at Lufkin last Wednesday. He had been in ill health the past two years.

The funeral held at Plainview First Methodist church, with the pastor officiating. Burial was in the Plainview cemetery.

The Williams family made their home at Plainview for many years, before moving to Lufkin.

Surviving are the wife, and six children.

Interment was in Olton cemetery.

Helena Rubinstein creates **Stay-long** ... the perfect indelible lipstick!

Here is the first indelible lipstick which is truly *lustrous*. The first indelible lipstick which is truly *creamy*. The first indelible lipstick to come in a *complete range of colors*. You'll find Stay-long in glowing blue-reds, true reds, orange-reds—not just the blue-reds you've seen in indelible lipsticks up till now!

What makes Stay-long unique? Helena Rubinstein's amazing new ingredient, Indelibase*—a combination of rich emollients and new color-lasting qualities. Indelibase* not only makes Stay-long *last* on your lips from morning till night, *last* whether you eat, drink, or smoke—it *protects* your lips as well. It counteracts dryness, helps prevent chapping, cracked lips.

And wait till you see the way Stay-long *looks* and *feels* on your lips. It has a dewy lustre, a sparkle, a lasting sheen you never thought you'd find in *any* indelible lipstick.

You'll find Stay-long today—in ten beautiful reds—right in our cosmetic department. Only **100¢**

You can buy a Stay-long refill for your own lipstick case for only 60¢ plus tax. TRADEMARK

Farm Clean-Up Week

Call for Texas' annual "farm cleanup week" to begin Monday, April 2, has been issued at Austin by the American Foundation for Animal Health and cooperating groups.

Theme of this year's cleanup week is: "Clean up for more profits through fewer livestock losses."

Here are some of the farm pointers suggested for the week in the bulletin issued today by the Foundation:

1. Buildings in which livestock and poultry are housed should be cleaned and disinfected to kill disease germs and parasites.
2. Mud holes and stagnant ponds which may harbor parasites and germs should either be drained or fenced off.
3. Old strawstacks, common sources of infection, should be spread and plowed under.
4. Holes in foundations, where pigs or poultry could burrow under, should be walled up.
5. Nails, glass, wire and other objects which cattle might swallow or step upon, should be picked up. Protruding nails in mangers or partitions should be removed.
6. As soon as possible, young livestock should be moved to pasture that hasn't been used by the same species for two years."

Authorities estimated that the annual loss from common barnyard diseases and parasites totals more than half a billion dollars.

"Much of this loss could be prevented by proper sanitation and disease-prevention measures," the Foundation said. "Cooperation of farmers, veterinarians and all livestock health authorities is urged in this annual cleanup week starting April 2."

BULL LAKE PHILOSOPHER CAN'T UNDERSTAND NEED FOR GOVERNMENT VOLUNTARY CREDIT RESTRAINT PLAN

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake must be misinterpreting another government program, his letters this week indicate.

Dear editor:

With everything I buy too high and everything I sell not quite high enough, I've been thinking about inflation lately, the same as you, and this morning I run across a new explanation of the situation.

As I walked around the southwest corner of my barn I met a newspaper head-on, which the wind had picked up and sailed into my face, and while I appreciated the fact I didn't have to bend over to pick it up, just pull it off my face, it's un-nervin to have a paper blow into you so suddenly, did you ever see what happens when one blows up in front of a mule?

At any rate, I kept the paper and got out of the wind and sat down and read where all the banks in and investment companies in the country have gotten together at the government's request in a voluntary credit restraint program. The reason is that, according to one theory, inflation is partly caused by too much credit in the country.

Now I'll admit this is news to me, not that inflation results from too much credit, maybe it does, but that there was too much credit. What I want to know is where is it? There may be too much credit in New York, maybe in Dallas, maybe in Houston, but around Littlefield I personally ain't run into it.

On the contrary, seems like my trouble all my life has been a lack of credit, and if I got to have still less, believe I'd just as soon keep inflation.

According to this item, all the banks in the nation are being asked to cut down on the amount of credit they extend, unless it's essential to the needs of agriculture, industry and commerce, but as far as I can tell all the bankers I know have been doing this for years. And as for the stores cuttin down on the amount of credit they extend, the ones I know are way ahead of the Federal government.

Somebody in Washington has got the thing on backwards. What this country needs, if very many people are in my shape, is more credit, not less. No use starvin

Sudan FFA Stock Show Saturday March 31st

The Sudan F. F. A. Stock Show will be held Saturday, March 31, on the Brown-White lots north of their business place on Main Street. Anyone in the community, 4-H Club members, farmers, dairy men, Future Farmers and others are invited to enter their livestock.

According to E. E. Chance, vocational agriculture instructor, entries close at 6 p.m. Friday, March 30. Livestock must be in place not later than 10 a.m. on the day of the show.

The Rotary Club as in the past years, will pay the expenses of the ribbons and the judge. The business men of Sudan will furnish the premiums, under the sponsorship of the Chamber of Commerce.

The local show has been splendid in the past years and since there are so many more livestock in the country this year, it is expected to be even larger and better this year.

Boys appointed by president Danny Kamp of the Sudan F. F. A. Chapter to serve in various capacities are: Gen. Supt., Calvin Wiseman, Jr., Supt. Dairy Cattle, Delbert Serratt, assisted by Frank Briscoe; Supt. Hogs, Johnny Miller, assisted by Duane Beal; clerk, Carlos Garner.

Classes for the Sudan show are as follows:

- Jr. Duroc Gilts
- Sr. Duroc Gilts
- Other Breed Gilts
- Sows
- Fat Barrows
- Boars
- Sows and litters (pigs still nursing)
- Jersey Cows
- Other Breed Dairy Cows
- Dairy Heifers that have calved once
- Dr. Dairy Heifers that have not calved
- Jr.airy Heifers
- Dairy Bulls
- Sr. Beef Heifers
- Jr. Beef Heifers
- Beef Steers
- Beef Bulls

Complete Red Cross First Aid School

Miss Mary Lou Lyle of Whiteharral and Miss Gladys Elouise Pugh of Amherst, both nurses, were among the 26 persons representing towns in this area, who completed a Red Cross first aid instructor's course conducted from 2 p.m. to 5 p.m. Monday through Friday at 1112 Avenue M, in Lubbock.

The course was taught by Locke L. Mouton, special field representative in first aid, water safety and accident prevention services from the St. Louis office of the American Red Cross.

Instruction was given on methods of teaching first aid, along with special information on first aid for atomic injuries and for civil defense. Those to complete the course will get a first aid instructor's rating authorizing them to teach junior, standard and advanced first aid courses and civil defense information.

Sudan Rotarians Hear Story Of Cerebral Palsy

The story of cerebral palsy a disease which can't be prevented, and can't be cured, according to Dr. Snell of the South Plains Society for Crippled Children, was told along with the showing of colored pictures by Dr. Snell to members of the Sudan Rotary Club at their regular weekly meeting in the First Methodist Church annex recently.

Dr. Snell was introduced by

Dr. Broome, executive worker for crippled children's cause from Lubbock. Dr. Broome explained to Rotarians how it was possible for cities and communities on the south Plains to become active members of the south Plains Society for Crippled Children.

Treatment is primarily a method of teaching the use of the affected muscles due to a damage of the brain. That there was no cure but that the Clinic was able to restore to a degree muscular activity to many handicapped persons by receiving them early for treatment.

SCHOOL DAYS

In Car Accident Near Slaton

Ford Johnson of Austin, who is with the Extension Department at the University, and who conducted Demonstrative Educational Selling course here last week, was in an automobile accident last Tuesday, when he was returning here from Austin.

The accident occurred between Post and Slaton when he was involved in a three way crash. He received an injured knee and bruises and cuts. His car was badly damaged. However, he was able to continue to Littlefield, and complete the training course.

yourself just to whip inflation. Yours faithfully, J. A.

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil"

says Billie Smith, Photographer, San Antonio, Texas.

"WHEN A MAN BUYS A USED CAR from us, we want him to get his money's worth in performance and operating cost. That's why we put new Conoco Super Motor Oil in all our cars and tell the buyer to use nothing else," says H. C. Wheeler, Wheeler Motor Company, Denver, Colorado.

"I RECENTLY CHECKED A CAR that had gone 39,000 miles on Conoco Super Motor Oil," reports Joe Prestidge, Chief Garage Mechanic, St. Paul, Minnesota. "I found the connecting-rod journals were within five thousandths of an inch of the original factory specifications. I've never seen so little wear!"

"50,000 MILES-NO WEAR!" - PROVED HERE!

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

Texasans Who Discovered Value of Cotton Seed Meal to be Honored

March 28.—(AP)—Cottonseed meal and other Southwestern livestock feeds wouldn't feed cottonseed livestock.

It would cause "meal poisoning" if fed to livestock. Dairy animals that eat it, they said, would lose weight and give less milk.

When the Texas Cottonseed Crushers Association meets here in June, it will honor the man to whom it gives much credit for the change.

He is A. L. Ward of Dallas, educational director of the National Cottonseed Products Association, Inc.

Ward's portrait will be painted by Mrs. Dana Dunagan of Dallas. W. L. Stangel, dean of agriculture at Texas Tech, Lubbock, heads a committee raising funds for the portrait, which will be hung at Texas A and M College.

Born in Texas
The 65-year-old Ward was born in Harris County, where he worked with livestock on his uncle Robert's farm. He went to night school to get his high school diploma and entered Texas A and M in 1906.

At A and M he specialized in livestock judging and was graduated with a B. S. in animal husbandry. Then he raised dairy cattle and Duroc hogs near Paris.

After Army service in France in World War I, Ward became a swine husbandman for A and M's extension service. It was then that his talents for educating became apparent.

Ward's purebred boar campaigns and ton-litter contests put many good hogs on Texas farms. Texas produced some world champion litters.

He then became manager of the student livestock judging contests at the Southwestern Exposition and Livestock Show at Fort Worth, and livestock superintendent of the State Fair of Texas. He became president of the Texas Agricultural Workers Association and president of the North Texas Chapter of Friends of the Land.

Enters Bottom Industry
Ward then moved into the cotton field. He became a member of the advisory committee of the National Cotton Council and president of the statewide Cotton Committee of Texas.

But his greatest contribution to Texas agriculture was the part he played in getting cottonseed products used on the farm.

Texas farmers did not raise cattle. They raised cotton, and their land—lacking fertilizer—deteriorated. Now cottonseed is a valued fertilizer.

If You're Registered, Keep Uncle Sam Advised What's Happening to You

Paul L. Wakefield, state director of Selective Service, reminds all men registered with local draft boards that the law requires them to report any change in personal status to their respective boards.

"Young men have asked us by telephone and letter just what changes are required to be reported," General Wakefield said. Generally, anything which may have a bearing on classification should be reported."

The state director pointed to the following things which would be regarded as a change of personal status:

Change of address. This is a change in the address at

which a man expects to receive his mail.
Change in marital status. If a man marries, he should advise the local board of the name of the person he marries, the place and date of marriage, and name of county in which the marriage is recorded. If he has children, date and place of birth should be named, and place where birth is recorded. If he becomes separated, divorced, or his wife dies, this should be

advised only if this is a permanent change.
Change in physical status. If a man has had a serious injury or has otherwise acquired a physical defect, is should be reported. It should be reported whether it is permanent or temporary.

Students. If a man becomes a student in a school, college, or university, this fact should be reported.
Members of armed forces reserves or National Guard. If a man enters any of these, he should advise the local board, giving date of entry and name of organization.
Rejections by the armed forces. If a man has attempted to volunteer for the army, navy, air force, or any other branch of the armed services and has been rejected, he should advise the local board.

Much of this information is vital in determining proper classification of any man. The law requires men to keep local boards advised about such matters. All

such information, if submitted by letter or card, must be signed by the man himself.

The photo finish camera has been necessary to decide the winner in six of the 13 runnings of the \$50,000 widener Hialeah race at Hialeah.

Don Rehfeldt, all-Big Ten center with Wisconsin's basketball team last year, served in the Army Military Police during World War II.

On six different occasions the New York Yankees have swept the World Series from National League opponents in four straight games.

Big step up

that's easy to take!

YOU have to hand it to Buick engineers. What they've done to this 1951 SPECIAL is nothing short of a minor miracle.

They've stepped up its style with a brand-new body, an eager new thrust-ahead look, a gleaming new push-bar forefront that's as ruggedly protective as it is stunning to see.

They've stepped up the smartness of its interiors with the smartest fabrics that ever graced the interior of this Buick Series.

They've stepped up the safety, by the sharp new clarity of white-glow instrument markings more easily read at night.

They've stepped up the power to the highest ratings in SPECIAL history—

120 horsepower with Synchro-Mesh transmission, 128 with Dynaflo Drive.

They've come up with a car that's new in everything from the ground up—and a price that's the best news of all.

So, if you've been toying with thoughts of buying a lesser car—better come in and see how easy it is to step up to this thrifty marvel.

Equipment, accessories, trim and models are subject to change without notice.

NO OTHER CAR PROVIDES ALL THIS:

DYNAFLOW DRIVE—saves strain on driver and car
FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
TORQUE-TUBE DRIVE—steadies ride, improves driving control
4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
DUAL VENTILATION—outside air fed separately to right or left of front compartment
SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
DREAMLINE STYLING—tapered, car-length fenders, gleaming sweep-spears on most models
Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher
*Standard on ROADMASTER, optional at extra cost on other Series.
When better automobiles are built Buick will build them

**CPL. RAMEY WILSON
HOME FROM KOREA**
Cpt. Ramey Wilson, son of Mr.
and Mrs. A. F. Wilson of Amherst
arrived recently from Korea where
he had been stationed since the be-
ginning of the fighting in that
country.

On Friday night, the Wilson
family had a reunion. Those at-
tending were: Mr. and Mrs. Rob-
ert Wilson and daughter of Spade
Mr. and Mrs. Mhn John Clayton
and family, Mr. and Mrs. Berry
and Mr. and Mrs. Howell Wilson
of Littlefield. The entire family
was together except two sons, Ellis
of California and Howard who is
in Korea.

Cap. Wilson is visiting his wife
and son, Pete, in Oklahoma and
they will return to Amherst for
a further visit in the near future.

"MICKY" AND HIS GANG

Here's How Long It Takes Flower Seeds to Sprout

Cosmos should germinate in five days.

The fact that many flower seeds take considerably longer to germinate than vegetables is responsible for some failures by amateurs who sow them directly in the garden. Those which germinate quickly, are the easiest to grow in this manner.

Among these are the following annuals, which should germinate in 5 days: Ageratum, amaranthus, antemura, candytuft, cardinal climber, centaura, clarkia, calliopsis, cosmos, cynoglossum, dahlias, annual pinks, heleniums, helichrysum, annual mallow, marigold, mignonette, four-o'clocks, Virginia stocks, viscaria, and zinnia.

When, in addition to quick germination, a flower has large seed and colorful blossoms, it is bound to be widely grown and popular, because easy to grow. Marigolds and zinnias, which share with petunias the popular leadership, are fast growing, large seeds; yet petunias, which rival them in popularity, have the smallest seeds of any, take 10 days to two weeks to germinate and are seldom sown directly in the garden.

These small seeded, slow germinators are as easy to grow as the fast ones if they are started in a seed box. Success, in fact, is even surer, because of reduced hazards. But it helps to know how long you must wait after sowing for the sprouts to appear, and it enables you to sow varieties of about the same germination period in the same box.

Ten day germinators include acrocalymum, pimpernell, anchusa, snapdragons, asters, balsam, brachycome, calendula, carnation, cer-

astium, cleome, cosmos, morphothea, Callitriche, gypsophila, lobelia, lonicera, pansy, poppy, portulaca, lithonia.

Varieties which take 20 days to show growth include gonia, datura, annual godetia, impatiens, lantana, salvia, salpiglossis. Of these, lantana, salpiglossis do not thrive if planted, and can be sown seed direct in the garden, but care is taken not to disturb the seed before they grow.

Others on the ten day germination period to obtain, as few catalogues give them. It will be kept.

WINS CORN GROWING HONOR

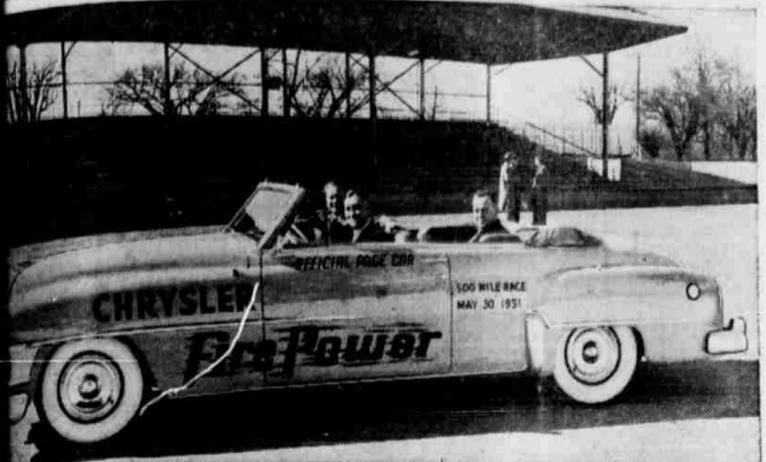

Hereford, Texas (Special)—DeKalb Corn King William (above), Deaf Smith County farmer, won top honors in Texas his yield of 115.50 bushels per acre in the 1950 National Deaf Smith County Corn Growing Contest. Entered in the Junior entry of the DeKalb Contest, Pittner is the first Junior entry to win the DeKalb Contest, Pittner is the first Junior entry to win the state honors in the history of DeKalb's Corn Growing Contest.

Pittner's winning crop was produced on a selected 5-acre plot that had been in cotton the year before. The land was irrigated and listed, and DeKalb Seed Corn Variety 1902 was drilled in 17.5 inch rows. Even though it was dry all through the winter and the use of irrigation and commercial fertilizer — plus good corn — produced the champion hip yield — over 5 times the average corn yield produced in Texas in 1950, according to estimates.

The National DeKalb Corn Crown in the same contest was won by Horace Stanley, McClain County, Oklahoma farmer, with a yield of 175.32 bushels per acre. The average yield for the 1950 DeKalb contest was 94.95 bushels per acre, according to estimates.

By Sam Igo

CHRYSLER TO SET PACE IN INDIANAPOLIS '500'

This is the car that will set the pace on Memorial Day for the fastest fleet of racing cars ever assembled. The Chrysler New Yorker Convertible, equipped with a new 180-hp V-8 "FirePower" engine — most powerful power of any passenger car — has the coveted honor, and is shown on the famous

Speedway at Indianapolis where the 500-mile race will be run. At the wheel is D. A. Wallace, president of the Chrysler Division of the Chrysler Corporation, who will guide the 33 racing cars around the 2 1/2-mile brick and asphalt track. At his side is Wilbur Shaw, president and general manager of the Speedway and three-

time winner of the "500," and seated in the rear seat is Tommy Milton, chief steward of the track, who was a fabled racing driver of the Twenties, when he brought home two winners at Indianapolis. This is the fourth time in twenty-five years that a Chrysler has been selected as the Pace Car, motor thoroughbred of the year.

RETURN FROM PEACOCK

Mr. and Mrs. Tillman Mote, Joe Don Mote and Sonny Snow have returned home after spending the weekend visiting with Mr. and Mrs. Dee Allen at Peacock, Texas.

VISIT AT ENOCHS

Mr. and Mrs. L. E. Arnold spent Sunday visiting with Mr. and Mrs. G. B. Kernell at Enochs.

HERE FROM WAYLAND

Joe Deton student at Wayland College, Plainview spent the weekend visiting with Mr. and Mrs. L. B. Gibson.

SUNDAY GUESTS

Mr. and Mrs. Leon Leonard had as their Sunday guests Mr. and Mrs. R. A. Leonard, Mr. and Mrs. Shorty Leonard, Mr. and Mrs. Clifford Leonard, Mr. and Mrs. D. R. Leonard, Mr. and Mrs. Doyle Gilbert and H. N. Bennett.

VISIT IN AMARILLO

Mr. and Mrs. D. B. Kird of Amarillo visited in the H. R. Wallace home, Sunday.

HOME FROM FORT SILL

Herbert Wallace of Plainview and Leroy Wallace of Fort Sill, Oklahoma were home for the weekend.

The New York Yankees of 1922 and 1949 won the American League pennant by only one game.

Amherst First Baptist Revival Now Underway

The First Baptist church of Amherst opened its spring revival Easter Sunday. This will be a two-week revival. Rev. Dewey Horton of Amarillo is the evangelist for the revival and Irby Cox of Rosenberg is in charge of singing. Everyone is invited to attend this revival meeting.

Amherst School Election April 7

Petition for two Amherst school board members have been filed. T. L. Holand and W. E. Nicholson names were submitted.

Nicholson's name is going in for re-election. Dave Black will be judge of the election and Mrs. Lester LaGrange and Mrs. Lee Payne will act as clerks, April 7 in the school secretary's office.

March 27 was the deadline date of filing petition for names of candidates to be placed on the official ballot and to be voted on for filing petition for names.

Methodist Revival At Amherst Church

A two weeks revival opened at the Amherst Methodist Church Sunday and will be continued through Sunday, April 8, it has been announced by Rev. Elmer Crabtree, pastor.

The revival will be conducted by Rev. J. L. Carpenter, who is well known in Amherst and who was admitted to the Northwest Texas Conference in 1937, and who served 27 months overseas with the 94th Division as chaplain.

The singing will be led by Rev. C. W. Williams of Spade, when he is pastor. Rev. Williams is a graduate of McMurry College, Abilene, and has been a member of the Northwest Texas Conference for a number of years. He has done a great deal of revival singing and will both direct the choir and work with the young people.

Services will be held daily at 10 o'clock in the evening. The public is most cordially invited and urged to attend these services, Rev. Crabtree said.

Jersey City was the only team to beat Rochester in a season series in the International League last season. The Little Giants beat the Red Wings 12 out of 22.

Amherst Juniors To Stage Play

On Friday, March 30 at 8:15, the Juniors of Amherst high school will stage the play, "Just Ducky". The play is under the direction of Mrs. J. W. Adams, junior sponsor.

The play is about the Maxwell family. This family was an unusually quiet one — unusually quiet for one with three teenagers living in the house. It was quiet that is until Mr. Maxwell was elected head of the Citizens Committee. Then, just when every acting normal, Betty Lou and her friend, Bernadine Smith, decide to write a letter to a Love-lorn Column. The letter was just a figment of their imagination and what an imagination, but Miss Blayne, the Love-lorn column editor and Mrs. Maxwell thought it was real. After that, things really started popping.

Robert F. Giegengack Varsity track coach at Yale, was graduated magna cum laude from Holy Cross College.

Frank Ryan, assistant track coach at Yale, works part time as a research psychologist in the Yale Division of Mental Hygiene.

THANK YOU... FOLKS...

Lamb County Hospital

... for your thoughtful gifts of flowers ... for your timely praise of our efforts.

We Were Proud—

Of the privilege of showing the large number who called from far and near through the institution. It was indeed a pleasure to meet such a large number of the fine people of this area.

Again we say . . . Thanks A Million.

With the remodeling throughout the hospital building and the addition of new medical equipment and supplies our hospital is now a modern, well equipped institution with many patient rooms.

LAMB COUNTY HOSPITAL

DR. DONALD WATT IN CHARGE

Smart Furnishings For Modern Homes

Bob Chase of Los Angeles designed this coffee table with an interesting new idea involved. The ceramic trays can be used as snack dishes, or as a planter, when set into the table in an upright position. When turned over, the ceramic trays become "tiles" onto which drinks can be set.

Cape Cod rug made by Topton Rug Manufacturing Company. Moderately priced and authentically reproduced "Cape Cod" answers the latest decorator trend toward "Early American", and goes extremely well and provides a harmonious foreground to colonial-mood coverings and draperies.

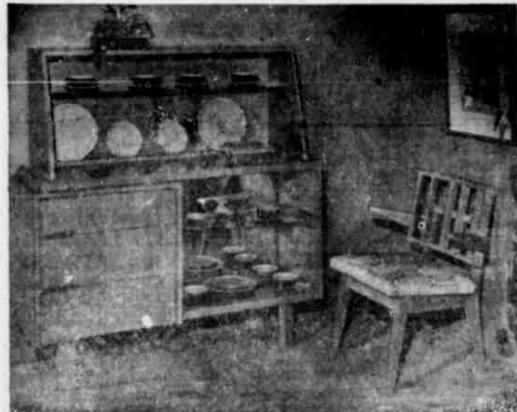

This new sectional grouping including single and two-place seating units and corner table is featured by Brown-Saltman for spring. The seating pieces have exposed maple frames and thick, innerspring seat cushions and bolsters. Woolen tweed holstery fabric. The corner has a deep storage compartment with sliding tambour roll-end and coffee table complete this group—a John Keal design.

From a new group of dining room furniture, Morris of California presents a handsome extension dining table with host and side chairs in the modern tempo, designed by Bob Chase. The table measures 53x36 inches when closed and opens to 66x36 inches with the addition of a leaf. It is an attractive, versatile addition to limited-space living quarters.

Here a corner table that incorporates a lazy-susan bookshelf is seen. The bookshelf revolves with the pressure of a finger. It is an attractive note in decor with modern sectional groupings. The twin sectional divans are typical of the easy styling of modern furniture classics shown at the Los Angeles Furniture Mart.

From a new group of dining furniture, by Morris—a buffet and hutch of modern design in silver-tone or walnut finish. The buffet has a shelf and plate rail and the top drawer, a removable silver tray.

Present Plans Students Today

Mrs. Raymond Nix of Sudan is presenting her pupils in a piano recital today, (Thursday) at 8:00 p.m. in the Sudan Methodist Church.

The public is cordially invited.

Pupils presenting selections in the recital are: Fay Scott, Rodney Cate, Judy Price, Bob Smith, Jackie Woodson, Patty Ruth Goddin, Laquinta Heflin, Betty Foust, Johnnie Nix, Jean Nix, Jo Ann Nix and Rodney Fisher.

This new metal-framed slip-covered lounge chair has 4 inch foam rubber cushions. Back and arm rests are also rubber cushioned. The chenille covers are held by elastic for smooth, snug fit. Designed by Karl Lightfoot of the Lightfoot Studio of Pasadena.

Tests Reveal Best Sorghums For Panhandle

AMARILLO, Tex., March 28—(AP)—Exhaustive tests at the Amarillo conservation experiment station have resulted in recommendations of the best sorghum varieties for dryland production on the hard lands of the Texas Panhandle.

Varieties recommended include Early Hegari, Double Dwarf White Sooner Milo, Martin, Midland, Combine 7078, Redbine 69 and Combine Kafir 69.

The tests were conducted since 1939 by Kenneth B. Porter and Charles J. Whitfield of the experiment station here. They used Pullman clay loam, a heavy soil predominant in the Texas High Plains.

Plainsman, Caprock, Westland and Redbine 66 were found to mature too late for best results under usual dryland farming conditions, but they may produce higher yields under irrigation or in favorable years on dryland.

Early Hegari and Martin were found to be the most consistent producers.

Texas Blackhull Kafir and Sumac 108 produce good yields of both grain and forage, but less forage than later maturing varieties.

Longer Lasting Veedol Tractor Oil
Helps YOU
SAVE 5 WAYS

VEEDOL

1. SAVES FUEL—by reducing power blow-by.
2. SAVES TIME—by avoiding breakdown delays.
3. SAVES REPAIRS—through greater resistance to heat and wear.

TEEN TALK

By VIVIAN BROWN

Dating tonight?

Is it a first-date? An old-flame? A blind date?

No matter what—the important thing is where you meet him.

Many girls meet their dates on dark corners, at parked cars, even in movies. If it is a first date you certainly are establishing a bad precedent. If it is a steady date, he can't have much respect for you. And if it is a blind date, you are being a fool.

If you want respect from the boy and also prefer not to live dangerously, the boy should meet you at your home, get the family scanning and observe the family interest.

Just suppose you meet a new boy at a party and he asks if he might phone you some time. Fine. No objection to that.

When he calls for a date, ask him what he is planning to do, and what time he plans to call for you. If he suggests that you meet him at a place other than your home, act surprised, and then insist in a nice way that he come to your home.

Inform your family that you want them to meet your new date. Even if Mom can talk the ear off a china doll, and Pop is addicted to displaying his suspenders, you should invite them into the living room to meet your new beau. This is more for your protection than it is to show off your parents. The impression you make this first day is all-important to you in earning the respect of the boy.

When he arrives at your home, take his hat and coat, seat him in the living room, and then invite your parents in to meet him.

Say something informal and casual which will put him at ease, such as: "Bill, mother and dad want to say hello to you", then after the introductions say: "Mom,

caused the disease will lead to the discovery of the origin of the disease. Bacteria are the plant-like germs which are part of mankind and protozoa are the animal-like germs. They may both be very good for you for some function of your body or they may be very bad, interfering with proper function.

The different kinds of bacteria may be seen with a microscope, telling the doctor what kind of germ is likely to be doing the damage. The oval-shaped germs are called cocci, the rod-shaped germs are called bacilli and the cork-screw-shaped germs are called spirillas. They each work in different ways and they each require a different type of medicine to help get them back in line.

The cocci germs, those oval ones, also have different habits among themselves. The streptococci germs cluster around each other like a bunch of grapes, the most common picture of these "staph" germs being the plain old boil.

A Jay Original from the Shaw, Inc. of Miami. Dramatic cloaky daisy print. Sparked by black patent belt and with bold neckline and sleeve accents of solid-color broadcloth bandings.

(or Pop) we are planning to go to the movies (or elsewhere) and I think we should be home at 10:30 or 11 or... what do you think Bill? It is a good idea to have him set the hour while your parents are in the room; then he'll be sure to bring you home on the dot.

After the young man has visited a few minutes, say goodbye to your folks and be off.

This little family meeting breaks the ice, shows the boy your respect for your family interest in you. If he approves of it, and his motives are strictly honorable, he'll want to see you again. If he is just the playboy type, he

might set himself out to wilder pastures—and if so, you haven't missed a thing.

If he entertains you nicely, not necessarily lavishly, that first evening, ask if he'd like to come to dinner or Sunday night supper (perhaps a week hence). Don't be eager-beaverish about it, but say something like this, when he asks to see you again:

"How would you like to have dinner at our house (before the party or movie or dance)?"

It is possible that he might refuse because of shyness, although a few boys are ever too shy to turn down a dinner invitation. If he does turn you down, wait until he

BILLY JOHN TUCKER GETS APPOINTMENT TO MEDICAL SCHOOL

Billy John Tucker, Texas Tech student, received his appointment to the University of Texas Medical School at Galveston this week. He is the son of Mr. and Mrs. John Tucker, of Sudan.

Billy John will receive his B. A. degree at the end of this semester with a 2.2 average for his four years at Tech. This year he has worked as an assistant in the laboratory under the direction of the Dean of Chemistry.

He received all of his elementary education in the Sudan schools, graduating from high school in 1947. Billy John was an outstanding basketball and tennis player while in Sudan high. He also played football. During his senior year, he was voted the most popular boy.

Between semesters he does farm work for his father.

Until this year, he roomed with J. W. Chatwell at Texas Tech. J. W. is now attending Southwestern Medical School in Dallas. Another Sudan boy, Bobby Salem recently received his appointment to the medical school in Dallas.

Ranson Jackson, who will get another trial with the Chicago Cubs this spring, was the top right handed hitter in the International League in 1950. He batted .315 for Springfield and hit 20 homers.

gets to know the family better before inviting him again.

Even if your first date is a boy whom you decide you never want to see again, you haven't lost a thing by being polite and holding out for your feminine privilege in asking him to call for you. If you don't like him after that first date, don't see him again. You still haven't lost anything in time or effort if you give him the gate at once, but don't be a time waster and see him just because you feel sorry for him or he means well.

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jiminez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jiminez says she is always going to have HADACOL on hand for Floyd.

recovering from a siege of a bad cold.

He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could no longer see an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Here is Mrs. Jiminez's statement:

"My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies. Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$3.50.

MERCURY WINS AGAIN IN MOBILGAS ECONOMY RUN!

1951 MERCURY WITH OVERDRIVE IS DECLARED "ECONOMY CAR OF ITS CLASS"

THIS year it's the 1951 Mercury with Touch-O-Matic Overdrive* that won first prize in Class "C" in the Mobilgas Economy Run!

Proving its pound-for-pound gasoline economy, this stock Mercury scored amazing 59,868 ton-mile performance over a grueling 840-mile course staked out by the AAA. Virtually every kind of weather and road condition—7,000-foot ice-ridden mountain passes... sweltering, sand-swept roads of Death Valley—put the car to the test. But still, the new 1951 Mercury delivered the best ton-mile gasoline economy of any car in its class.

That's something to think about when you go to buy a 1951 car. It's good to know that the new 1951 Mercury can save you money for years to come—no matter where you drive it!

As if this amazing economy weren't enough, Mercury also offers new styling that's more than just skin deep. New riding comfort that's designed to give you a smoother ride longer. New value that can't be surpassed by any car.

Once again the facts have proved it—the new 1951 Mercury is "the day of your life!" So drop in at our showroom and get the complete story.

*For "the drive of your life," Mercury offers you a triple choice in transmissions. Mere-O-Matic Drive, the new, simpler, smoother, more efficient automatic transmission—or Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease synchronized standard transmission.

New 1951 **MERCURY**

She is survived by five one daughter, 25 grand and 25 great grandchildren. Those attending the funeral from Amherst were Mr. and Mrs. S. B. Sherrill and Mr. and Mrs. Leon Sherrill.

A day in the life of the Henry J and Rise Stevens

Glamorous Star of Radio
Motion Pictures, Concert & Metropolitan Opera.

8:45 am... Start of a busy day! It's a lovely day on Long Island—perfect for Rise to go fishing with her son, Nicky. But there's shopping to be done, and then a drive to New York in the Fashion Academy car of the year!

1:30 pm... Conference at the Met! Rise arrives at the opera house where she has thrilled thousands with her singing. But first an autograph—for a young member of the Rise Stevens Music Club, an international society of her admirers.

2:45 pm... A visit to the studio! Now she is to record her glorious voice for another RCA-Victor album! Rise always keeps her appointments on time—thanks to the ever-dependable performance of her Henry J!

4:30 pm... To the airport! Tonight there's a concert in Boston, so Rise flies there and back. The double-purpose interior of her Henry J provides more luggage room than the trunks of most sedans!

11:30 pm... Home at last!

The day's driving leaves Rise rested and relaxed. And it costs so little! Her Henry J gets up to 30 to 35 thrifty miles a gallon. Why not get around the Rise Stevens way—in the smart, new Henry J!
