LITTLEFIELD LIKELY TO GET CREAMERY SOON

NEW BUSINESS LIKELY TO BE OPEN IN MONTH

Cuero Man Announces He Contemplates Leasing Bumpass Building

In all probability Littlefield is to have a creamery in the very near future.

Mr. Wayne and son of Cuero, Texas, who operate three creameries, the Crescent Valley Creamery at Cuero, and two other projects of the same nature in other cities, were in Littlefield Monday and Tuesday, and accompanied by D. A. Adam, county agent, and J. W. Hale, secretary-manager of the Littlefield Chamber of Commerce, made a complete survey of the dairy stock of Lamb county, and expressed great enthusiasm over the prospects of this district.

As announced by Dr. Ira E. Wood, president of the local Chamber of Commerce, Mr. Wayne indicated he would lease the building formerly occupied by the Bumpass Laundry, now owned by Foxworth-Galbraith Lumber Company, and that in two or three weeks' time he would have the necessary equipment here, and that possibly he would be in a position to open the new creamery here in about a month or six weeks' time.

Dr. Woods said that Mr. Wayne left Littlefield Tuesday, saying he would call on the manager of the Foxworth-Galbraith Lumber Company at Lubbock enroute home and sign a lease on the building.

LIFT PENALTY, INTEREST FROM TAXES DUE CITY

New Regulation to Continue In Force Until Oct. 15

According to W. G. Street, city secretary, at a meeting of the Littlefield City Commission Monday evening, it was decided to remove all interest and penalties on delinquent taxes until October 15, 1933, in an effort to assist the taxpayers, who have been obliged through financial conditions, to allow their taxes to become delinquent.

Mr. Street also pointed out that the city is in great need of cash at the present time to meet its obligations due, and urges that all those who are able to take advantage of this opportunity, as he said October 15 would absolutely be the final date on which taxpayers might pay their taxes and avoid the interest and penalty.

American Legion Auxiliary Elect Officers for Year

The regular meeting of the American Legion Auxiliary was held Monday evening, August 14, at the American Legion Home, with the President Mrs. W. D. T. Storey, presiding. A brief business session was held, wherein officers were elected for the ensuing year.

Mrs. W. D. T. Storey was reelected President; Mrs. Arbie Joplin was elected Vice-President; Mrs. Roy Cawthon, Secretary and Treasurer; Mrs. T. Wade Potter was re-elected Historian; Mrs. Roy Blessing was re-elected Sergeant at Arms, and Mrs. Neal A. Douglass, Chaplain.

A decision was also made for the Auxiliary to send its usual quota of Christmas boxes to veterans in Government hospitals.

MASONS ATTEND SUDAN MEETING TUESDAY NIGHT

Grand Master For Texas Gives Instructive Address

Wallace Hughston of McKinney, grand master of the Grand Lodge of Texas, A. F. & A. M., addressed a gathering of Masons, their families and friends, at Sudan high school auditorium Tuesday night.

This was the grand master's annual visit to the 97th district, of which Lamb county is a part, and an open meeting was held in order that those who are not Masons might receive the benefit of his address.

Mr. Hughston gave a general talk on the purposes and program of the Grand Lodge of Texas, and also discussed the present economic condition of the country and what could be done by each individual to bring about better times.

The speaker lauded President Roosevelt's record as a Mason and as a leader of men.

Twelve lodges of the district were represented at the meeting, including the Littlefield lodge.

The meeting was presided over by F. O. Boles, of Littlefield, district deputy grand master of the 97th district. Judge E. S. Rowe spoke in behalf of the Littlefield lodge.

Duggan and Boessen Explain Bond Issue

A large and interested audience heard Senator Arthur P. Duggan of Littlefield and P. E. Boessen of Sudan discuss the proposed \$20,000,000 Texas Relief Bond Issue, in talks delivered in the down town section in Littlefield Saturday.

Lieut. Gov. Witt Will Speak Here On Bond Issue

Lieut. Gov. Witt of Austin will deliver an address here Friday afternoon at 3:30 o'clock in the interest of the \$20,000,000 Relief Bond Issue, which is one of the issues to be voted on at Saturday's election.

The meeting will be held in the Palace Theatre.

Lieut. Gov. Witt is one of the most capable Statesmen and forceful speakers in Texas, and all residents will find his address interesting and instructive regardless of what position they take on the bond issue.

More Federal Funds Sought for Road Construction

A movement to secure from 75 to 100 million dollars more for road construction in Texas from the high federal public works fund will be started at a meeting Friday in Sweetwater, announced Percy B. Ralls, president of the South Plains Good Roads Association.

NORMAN BAYLESS, ANTON RESIDENT, PURCHASES CHOCTAW GIN HERE

A deal was consummated last week whereby Norman Bayless of Anton purchased from the Choctaw Cotton Oil Company of Ada, Okla., the local Choctaw gin, which was constructed last summer northeast of the Union Compress here.

According to Mr. Bayless a factory man will inspect the gin throughout and put it in first class condition before the ginning season opens.

The new owner was formerly with the Lone Star Gin Company of Anton. He will move to Littlefield in the near future, and will manage the local gin.

HOUSE-TO-HOUSE NRA DRIVE WILL START MONDAY

Signatures of Consumers To Back NRA To Be Sought

Concurrent with similar action in all sections of the United States the house-to-house check up on compliance with the President's NRA agreement and the canvass to secure cooperation, will get under way in Littlefield next Monday morning. This drive is to be conducted by the manpower division of the local NRA council under the direction of Mayor L. R. Crockett, colonel in charge. Under Mr. Crockett are five majors and under each major five captains with five men each as a company. The entire city has been divided for convenience into sections with a special group responsible for certain blocks.

These men, when they call upon the citizenship are acting under instructions from Washington, and should be received courteously by

MORTON PLAYERS DEFEAT AMHERST

MORTON—Manager Woods' Morton club defeated Amherst, 10 to 3, here Sunday for its fourth victory of the second half, and protected second place in the league standings of the northern division of the South Plains league.

Burks and Rose pitched for Morton, allowing a total of five hits. Green was Morton's catcher; Bradley and Dickinson gave up eleven hits. Both teams committed numerous errors that resulted in runs.

Superintendent Sanders Outlines Plans For Opening of Schools

As the time approaches for school to begin there are many questions that present themselves.

Patrons want to know something about who will teach what, etc. In order to answer that question we are listing the teachers with their tentative assignments.

Primary School

Beginning with the Primary school they are:
Eddythe Walker, first grade; Lois Kirkpatrick, first grade; Myrtle Robnette, first grade; Ina Belle Whorton, first grade; Margaret Teel, second grade; Bessie Denton, second grade; Ruth Johnnie Pace, second grade; Gladys Porter, third grade; Emma Ruth Jones, third grade; and Mittie Sullivan, third grade. All these assignments are subject to change if it appears to the best interest of the school to do so.

Grade School
Departmental work will be had

throughout the Grammar school. The grades assigned to this building are fourth, fifth, sixth and seventh. The teachers who will be placed in this building are as follows: W. H. Haynes, principal, Mrs. Audie Collins, Gladys Hall, Earl Hobbs, Gladys Jones, Mary B. Montgomery, Corene Overstreet, Morgan Layfield, Gladys Wales, and Naomi Robnette. The subject assignments will be made to these teachers as soon as feasible.

High School

In the high school, we have F. O. Boles, principal, mathematics and civics; Franklin White, vocational agriculture; Carrie Lee Collins, home economics; Lillian Hopping, English; L. T. Barksdale, coach and mathematics; G. M. Irvin, shop work and mechanical drawing; Mary Perkins, history; Floyd Hemphill, English; Ruth McKee, Spanish; Nila Jones, English and public speaking; Thelma Killough, history and mathematics;

and A. B. Sanders, science.

Enrollment of the high school students will be made during Tuesday, Wednesday and Thursday of the week preceding the opening of school on September 4. It will be highly important that all the High school students register on those days.

The courses in High school will be somewhat restricted this year due to the fact that we are attempting to get along with two less teachers than last year. Therefore, first come will be first served. There will be only limited numbers in the vocational subjects—home economics, vocational agriculture and manual training.

The juniors and seniors will report to the building on Tuesday, August 29, for enrollment. Sophomores will report Wednesday, August 30, and Freshmen, Thursday, August 31, for enrollment. All the enrollment in the lower grades will be carried out on

PROHIBITION, BOND ISSUE CHIEF MATTERS

Local Option Election To Be Held In Lamb County

Texas voters will go to the polls Saturday and decide whether or not Texas will join in the unbroken line of states voting for repeal of the Eighteenth Amendment, or lead a revolt in the opposite direction. This sentiment will be sounded in a state wide election Saturday.

In Texas it is more than a national dry law repeal vote. It will also determine if this State shall legalize 3.2 beer and permit its sale, as have many states. To Lamb county it will mean even more. It will also determine if this county shall alter the local option law that would prevent the sale of 3.2 beer.

Texas will also vote on three other amendments to the Constitution. They are as follows:

Amendment to Article 9 of the Constitution of Texas, adding section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein.

Amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds.

Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes.

GOVERNMENT IS MAILING 25,000 CHECKS DAILY

Announcement Will Come As Good News For This Section

Mailing of cotton acreage control checks has been started in Washington, according to an official announcement.

The government will mail out 25,000 checks daily.

The announcement that the mailing of checks has been started in Washington came as good news for this, and other cotton sections.

An announcement as to when the mailing of checks would be underway has been eagerly watched for.

Littlefield Gets Over Inch of Rain Wednesday Afternoon

Heavy rain fell in Littlefield and vicinity Wednesday afternoon, the total precipitation measuring 1.22-100 inches, according to L. C. Cawthon, official weather reporter for this district.

Rain also fell from Littlefield east to Lubbock, the fall being much heavier from this city to Anton, growing lighter east of that point. Fieldton and vicinity reported about two inches and it was believed that a good rain was received southwest of Littlefield.

Portions of the South Plains also received rain Tuesday night. Sudan, Muleshoe, Lubbock, Plainview, Hale Center, Abernathy, Ralls, Crosbyton and Idalou, Ropes, Meadow, and Brownfield all reporting good showers.

JURY CONVICTS "RED" ROSSER ON BURGLARY COUNT

Sentenced to Five Years; New Trial May Be Sought

R. R. (Red) Rosser was found guilty of a burglary charge by a jury in district court last Thursday, and was sentenced to five years.

The trial was in progress for two days, with District Attorney Meade Griffin acting for the state and T. Wade Potter of Littlefield and James G. Gowdy of Olton, acting for the defense.

Defence attorneys will ask for a new trial, it is stated.

Boy Scouts Will Collect Clothing For Needy Children

All persons having used or new clothing suitable for school children, which they wish to contribute to the needy, are asked to leave same on their porches Friday morning, when a house to house canvass over the city will take place by the boy scouts, who will gather up the clothing. This will be worked over by the Charity Committee of the Federation of Churches here, composed of Mrs. G. S. Glenn, Mrs. Acroy Barton and Miss Lula Hubbard, and distributed to the needy children before the fall term of school starts.

Mrs. Barton stated to the Leader that the purpose of this drive was to supply children with clothing, who might otherwise not be able to attend school when the term opened.

We Do Our Part

The Main Tenant of Safety

Safety on the highway is principally an attitude of mind.

Better cars and roads won't attain it. Indeed, they tend toward the opposite result. It has long been the experience that when a stretch of poor road is converted into a broad, straight, smooth highway the number of accidents increase—because motorists overestimate the safety factor. They lose the sense of caution that a poor road naturally creates—and the death and injury rate booms.

The same thing is true of automobiles. The manufacturers give us cars with better brakes, surer steering, more perfectly balanced bodies—and we abuse them to the point where the

automobile accident rate breaks all records.

The "safety attitude" isn't a particularly difficult one to develop. It is simply to drive as we'd like the car approaching us to drive. Don't cut corners, nor pass on curves or hills, nor drive on the wrong side of the road, nor fight for the right-of-way, nor drive so fast you cannot stop in the assured clear distance ahead. Almost every accident, minor or severe, occurs because someone violates these simple rules.

Possibly a better phrase for safe driving would be "courteous driving." Discourtesy on the highway is always the friend of accidents. If you'll make up your mind to drive the way you think the other fellow should drive, the accident rate will be due for a severe beating in the future.

Beautifying Highways

The average citizen's first impression of the state's ambitious plan to beautify Texas highways on a large scale program of landscaping probably will lead him to believe the idea is foolish and uselessly expensive.

A mere bit of study of the program, however, will convince even a penurious taxpayer that the plan is of decided merit and benefit.

"Utility chiefly, beautification incidentally" is the watchword of the landscape division of the highway department.

Trees and shrubs taken from their natural habitat and transplanted along scientifically selected portions of the highways will cost very little with maintenance engineers doing the work.

The landscaping is planned on a basis through which the growth will act as warning signals, will prevent soil erosion, will provide motorists with small park sites on the roadway, and will act advantageously in other fashions.

Restfulness of the highway and beauty of the route will result also. Texans someday will be proud of the foresight of state highway officers.

held Saturday afternoon, the Littlefield State Bank was selected as official depository of the school funds for the coming fiscal year.

C. O. Stone resigned as secretary of the board and J. T. Elms was elected his successor. J. E. Chisholm has been selected as principal of the grammar school, succeeding W. E. Street, resigned.

Clayborne Harvey, secretary of the Littlefield Chamber of Commerce, has tendered his resignation, and same was formally accepted by the Board of Directors at their luncheon meeting Tuesday noon. His successor has not yet been named.

An election has been held at Morton in Cochran county, for the issuance of \$50,000 bonds to build a high school structure at that place. At the same time a maintenance tax of \$1.00 per \$100 valuation was voted. Both measures carried 7-0.

DISTRESS AFTER MEALS Relieved By Black-Draught

"I had sour stomach and gas," writes Mr. Jess Higgins, of Dawsonville, Ga., "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order." Get a package at the store. Try it! Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

(Excerpts from Lamb Co. Leader)

Mrs. W. W. Bivens, mother of Mrs. A. C. Chesher, will next week begin construction of a brick building 25x80 feet, located just south of the new brick to be occupied by the Palace Cafe.

When completed it will be occupied by a stock of art and gift goods.

V. A. Valles, proprietor of the Chili King Cafe, has just completed a general overhauling of his popular restaurant, remodeling and refinishing it in up-to-date style.

Charter for the C. & C. Theatre Co. was received last Saturday evening, according to Max L. McClure, one of the firm members.

This concern is organized for \$30,000 and is now constructing a \$24,000 theatre building which, when completed, in keeping with its high quality, will be known as the "Palace" Theatre.

Messrs. T. B. Hart of Shreveport, La., and J. F. Walker of Frederick, Okla., are here to put in an automobile paint shop. They will be located in a building owned by W. H. Heinen and located one block east of the electric light plant.

One hundred and fourteen farms, averaging 160 acres each within five weeks time is a pretty good sales record, yet that is the number of sales actually closed by Judge R. C. Hopping's office at Fieldton this week, checked up on his map and contracts, verifying the Judge's statement of sale.

Letters From Winners In Clothing Contest

This is my second year of club work. I am envious to learn to make my own clothes, so I selected this for my club work.

I have learned my type and how to choose colors. I have learned how to choose materials and styles most suited to me and places and occasions.

My mother made me a foundation pattern and I can fit my garments perfectly and with less work.

We made a jacket, skirt and dress from garments given to me. I exchanged some of my out-grown dresses with a friend for those she had out-grown. Her sister could use mine. This helped in lessening the expense. My clothing expenses for the year are \$9.97. I valued my wardrobe at \$28.69, which shows a saving of \$18.72 by being able to make my own clothes.

I feel like what I make is better than what is to be bought and surely is more suitable for me. And think of what I have learned and the pleasure I have had in my year's work.

As I was bedroom demonstrator last year, I had a nice clothes closet for my wardrobe.

I expect to go right on with this work which I have started in this demonstration.

Edna Packard, Spring Lake 4-H Club. First in Clothing Contest

When I signed up as a wardrobe demonstrator for my club my two sisters and I were using the same wardrobe and we didn't have it arranged convenient.

The first thing I did was to remove a wire that had been put across the top for hangers and was too high for us to reach and added a shelf for the two hat racks I made under the shelf I put a rod which is low enough

for us to reach to put our hangers.

On one side of the wardrobe are four shelves, on the top shelf we put the linens for our bedroom. The other shelves we use for folded clothes. I removed all the clothing from the wardrobe and put two coats of white paint on the inside. I didn't have enough paint for the outside so I used water and Bon Ami and washed it. Our coat racks were too long for the width of my wardrobe so I sawed them off a little at each end and painted them blue to match my shoe and hat racks. I then made a laundry bag from a flour sack that I dyed pink and hung it on a door close to the wardrobe. I made a cover for a little box from some material that I dyed pink and blue and this made a pretty little stool which I sit on while I dress. I then partitioned a dresser drawer for different articles such as handkerchiefs, anklets, belts, purse, tams, and underclothes. Then my wardrobe was finished of which I am very proud. I was out \$6.21 on all of my wardrobe which I valued at \$18.00.

Virginia Bell Logan, Amherst 4-H Club. Second in Clothing Contest

I am a second year club girl and also wardrobe demonstrator for my club.

I had been considering being wardrobe demonstrator as I was very interested in club work of this kind and after a letter of encouragement from the clothing specialist at College

Relieved By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor."

"My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

Cardui is sold at all drug stores.

Station, I decided to be wardrobe demonstrator.

Since August 1st, I have spent \$48.90 on my wardrobe:

- Footwear\$14.62
Headwear 2.75
Dresses 13.53
Underwear 2.97
Coat 10.00
Cosmetics and other things... 5.13

By making one nice dress, one sport dress, one sheer dress, two school dresses, one smock, two undergarments, one pair of pajamas, one hat, I have saved \$7.77.

With material on hand I have provided ample storage space for all of my wardrobe.

If your elephant wants to ride on top IT'S ALL RIGHT WITH A CHEVROLET

We didn't actually plan on elephants when we chose the bodies for the new Chevrolet. But we did choose bodies rigid enough, and strong enough, to support six tons of elephant or anything else you can name. Fisher bodies... steel bodies plus a hardwood frame... exactly the same type of bodies used on all 12 and 16-cylinder cars. Steel alone is not enough to make you as safe and secure as we want you to be in a Chevrolet. A steel body, welded into a solid wall of protection plus resilient hardwood reinforcing to take up stress, absorb shocks and

prevent the steel from following its natural tendency to buckle under pressure makes the sturdiest body of all—the kind used on the Chevrolet, and on no other low-priced car. COMING SCHOOL YEAR

By A. B. Sanders,
 Superintendent Littlefield Schools

The school board of the Littlefield School District, has session and late very frequently the last few months. They showed faithfully in the interest of the schools of this district and made plans for the best school in the history of the institution. These can only be realized through the cooperation of every parent and patron. The school is the pride of the community and the fruition of its hopes of success can only be realized by the efforts of the community to

children of the community during the coming school year.

There are some very specific ways in which parents can assist in giving their children an opportunity to succeed in school this year. In the first place school is to begin September 4th and parents and children alike should begin to become school minded. They should plan for the coming school year and be "all set" to take advantage of every opportunity afforded by the schools. There are nearly a hundred youngsters in this district who have never attended school before. Their impressions of school are going to be determined largely by the things the parents tell them. If you picture the school as a place to be punished and abused, your child will dread the beginning. But if on the other hand you give him the true idea of the school as a place to make friends both with the teachers and pupils he will anticipate the beginning with considerable pleasure. The teachers of the school will endeavor to show themselves a friend and counselor to each and every pupil who attends school this year. Give your beginning child the proper mental attitude toward the school and you will enhance his chance for success a great deal.

Children sometimes need attention physically before starting to school. The physical condition of the child can make a great deal of difference in his chances to succeed. No child should be allowed to enter school until it has had a complete physical examination. Tonsils and adenoids should be checked and doctor's advice followed in the treatment thereof. The eyes and ears should be examined and vaccination for small pox will enable the child to stay in school while others are out either in fear of the disease or because of the disease itself. The doctors of Littlefield will give them an examination free and will charge only for the corrective services.

Young men and women of high school age who have previously decided that they would not attend school any more should consider the gravity of this decision before making it final. The school is the best friend you have with exception of your home. The school is here for you and now is the only time you will have to take advantage of it. When boys or girls stay out of school one year, statistics show, his or her chances to return to school are one out of ten. That means that the average boy or girl will never look inside a school house after having dropped out a year. These stressful times have proven forcefully the value of an education to the modern man. Machines have largely done away with the demand for common labor, therefore a person should prepare for something special. You cannot specialize until you have at least a high school education. Come and get it now.

In addition to the training in sub-

ject matter you will receive valuable opportunity to make friends that may be worth a great deal to you in the future. The school this year will attempt to furnish the young men and women with a rich schedule of extra curricula activities that will challenge both their interests and abilities. The old ideas of school as a place to prepare for life has passed and has given place to the richer idea of school as life itself. No person is confronted with more problems to solve than the average high school student. The manner in which he responds to these problems is a very good index to how he will respond to those in later life. Through the whole hearted cooperation of all, may we make this school year a year filled with activities, the doing of which, will develop desirable habits and sturdy character in the community.

Improvements Being Made at Lumber Co's. Establishment

Cicero-Smith Lumber Company are doing considerable improvement to the interior of their establishment. The partitions between the display room and office and the stock room in the rear of their building have been taken out. The display room is being made larger, and the office moved back to the rear of the display room.

According to L. K. Whitaker, manager, this will give them considerable more space for display of merchandise, as well as additional office room.

The improvements are expected to be completed next week.

H. W. Teeters, A. B. and Will Taylor and Frank Clements are doing the work.

Buy Cotton Goods Now and Save Tax

As a result of farm relief legislation passed during the last session of congress, all retail stocks of cotton goods owned by retailers will be subject to a special excise tax of four and one-half cents a pound September 1.

After that date retail prices will include this new tax. The public can save this tax by anticipating and purchasing their requirements this month. Not only can one save this cotton floor tax by buying now, but also the increased costs which are resulting from higher wages being paid mills and factories under the National Recovery Act.

LUTHERAN CHURCH

There will be no services at the Lutheran church Sunday, August 27. The local pastor, W. J. Luecke, will be absent, attending the Panhandle Conference of the Lutheran Church, held at Big Spring, Texas. Sunday school will be held at the regular hour Sunday morning and all the parents are asked to see that their children attend. The adult class will continue their discussion of the government of the General Church Body.

Mr. Harold Luecke, nephew of the local pastor, who, during the past year has been acting assistant in the church, left Wednesday morning for his home in Ft. Wayne, Indiana. His work was appreciated and hence he will be missed by all.

The Ladies Aid met Thursday in the home of Mrs. Eldor Hill. Besides progress being made in the finishing of the Motto pillows, a quarter hour was spent on the study of our Missions in China, also a while on hearing of the experiences of the Missionary Pastor Stoerk. Several church hymns were practiced appropriate to the foregoing study. An excellent lunch was then served. The meeting was certainly enjoyed by all attending.

The Sunday school teachers will meet immediately after the return of the pastor from Big Spring on Wednesday, August 30th. Kindly all attend.

Secretary Wallace Outlines Emergency Hog Buying Program

Secretary Wallace Friday outlined the government's emergency hog program for buying 5,000,000 swine, employing meat packers to process them, and distributing the meat to the needy.

It is expected that the plan will go into effect in a few days and that it will boost purchasing power in the corn belt substantially.

Secretary Wallace in an address at the Century of Progress in Chicago said:

"The plan should increase prices of swine, possibly 25 to 30 per cent," he asserted, "and at the same time provide relief to farmers heavily stocked with swine but with short feed supplies due to drought.

The program calls for a purchase

of 4,000,000 pigs weighing 25 to 100 pounds at from 6 to 9 1-2 cents a pound, and 1,000,000 sows soon to farrow, weighing a minimum of 275 pounds at market prices on the day marketed plus a bonus of \$4. The purchases are to be complete by about October 1.

They will be made "by specified processors," for the department of agriculture. The meat will be turned over to the federal emergency relief administration for distribution.

Wallace estimated the cost of the program at up to \$55,000,000 to be met by a processing tax on hogs which will go into effect after September 30. The tax rate and effective date will be fixed later, he said, estimating that the levy, paid by those who turn the swine into marketable pork, will be "considerably less than a cent a pound."

Wallace said the plan originated with hog farmers and their representatives to meet the emergency facing producers as a result of the year's short feed crop.

He estimated that the purchases will reduce the total tonnage of swine marketed for the 1933-34 marketing season starting October 1 by up to 1,800,000,000 pounds, or about 16 per cent of the hog tonnage annually marketed.

"If past experience is any guide, a reduction of 15 to 16 per cent in market supplies should increase hog prices for the season by anywhere from 25 to 30 per cent," Wallace said. "Prices paid for these pigs and sows will, I believe, be sufficient to warrant the cooperation of hog producers."

The federal emergency relief administration, Wallace continued, has indicated its desire to dispose of all the meat to needy persons. It will be purchased by the relief group at a price sufficient to defray the costs of processing, storage and freight.

Not to Upset Market

He said the meat will not be sold in competition with that sold in regular trade channels, and that inedible portions which will be converted into by-products "should be distributed in such a manner as not to upset the market."

The program will be followed up quickly by drafting of a corn and hog program, Wallace said, asserting that 20,000,000 acres of corn and corn, grown chiefly as feed for hogs, to future demand.

Unless a long-range program was

TEXAS WHEAT GROWERS TO RECEIVE \$5,600,000 FROM THE GOVERNMENT UNDER ACREAGE REDUCTION CAMPAIGN

Texas wheat growers are due to receive a total of \$5,600,000 from the government under the 1934 acreage reduction campaign, final plans for which are now in the hands of the Texas Agricultural & Mechanical College Extension Service, whose workers will be assigned the duty of getting farmers to sign contracts for reduced acreage.

Those plans disclose that Texas is allotted 20,000,000 bushels of wheat in 1934 on which a bonus of 28 cents a bushel will be paid—20 cents when the land is seeded this fall and 8 cents when the harvest is completed next spring.

The total will be \$5,600,000 only in case all Texas wheat growers sign up—and this question will be decided soon.

Some claims of discrimination by which Texas and the individual Texas farmer will be the loser already are being started.

Monday at Mineral Wells a three-day meeting of county farm agents and A. & M. Extension Service growers started the campaign for wheat acreage reduction in Texas. That meeting will be followed on Thursday by another three-day session at Plainview.

That there will be difficulties appears from a study of the booklet of directors issued by the U. S. Department of Agriculture and distributed to the men who will handle the campaign. The charges of discrimination against Texas in the plan, it is understood, have caused President T. O. Watson of A. & M. College to join O. B. Martin, director of the extension service of that institution and named director of the wheat reduction campaign, in a protest filed at Washington asking that the plan be changed as to Texas in order to give this State equality with other States in the distribution of federal funds.

Discrimination against Texas and in favor of other wheat-producing States is the main charge brought by wheat growers who have studied the plan, but discrimination against the farmers of some Texas counties and in favor of other Texas counties is still more glaring in the plan and will probably be developed fully at next week's meetings.

Taking the matter of discrimination by States, the instructions covering contracts provide payments as follows in different wheat-producing areas:

The Texas farmer who has averaged 1,000 bushels annually will get an average of \$155.52 under his contract. This amount compares with \$132.84 in Indiana, \$147.42 in Illinois, \$194.40 in North Dakota, \$202.50 in Wyoming, and \$207.36 in Montana.

Adjoining Counties Affected

Considering the complaint of discrimination under the plan between the different Texas counties it is found that even adjoining counties are thus affected. Taking three representative counties, for example:

A farmer in Ochiltree county—premier wheat growing county of this State—who signs up with Secretary Wallace in the wheat adjustment campaign will receive payments totaling \$196.02 from the Government on a basis of 1,000 bushels average production over the past three years. A farmer with a production of 1,000 bushels in Hansford County will receive \$246.30 from the Government under his contract, while a farmer who has averaged 1,000 bushels the past three years in Sherman County will get but \$145.80 under his contract to carry out the provisions of the wheat adjustment plan.

Mark this: These three Texas farmers will do exactly the same service

a certainty, Wallace said he would be unable to approve of the emergency program because of its potential effect on hog prices in coming years.

at the same time for the same purpose, but one will get \$145.80, another \$196.02, and the third will get \$246.30.

Since these farmers in all fairness before the county agents get their signatures to the contracts, it seems a hard ask to get the Sherman county man to sign up for \$145.80 when he knows the Hansford County man—and these are adjoining counties, too, will get \$100 more money for the same service.

Differential Explained

It may be contended that past conditions have not been the same in these counties: that one has increased its acreage unduly, and that the contracts in every case have the same basis. On the other hand, it is going to be difficult for the Department of Agriculture to make the wheat grower see in past history any reason for a difference being made in the amount of money he and his neighbor will receive from the Government under their contracts to reduce wheat acreage in 1934.

Congressman Marvin Jones of Amarillo, chairman of the House Agricultural Committee of Congress, asked about the alleged discrimination between Texas and other States by a Star-Telegram correspondent in Washington last week, said the differential paid Montana wheat growers over Texas farmers under the contract is due to restrictions placed on wheat in Montana in recent years. Jones expressed the belief that a fair balance has been struck in making the allotments and that the program is a just endeavor to distribute the wheat funds equitably among wheat producers who sign the 1934 contracts.

THE STATE OF TEXAS

TO THE SHERIFF OR ANY CONSTABLE OF LAMB COUNTY GREETING:

WHEREAS, on the 25th day of February A. D. 1933, F. M. Dodd recovered a judgment in the District Court of Lamb County, against Alvin Mueller for the sum of \$629.82 with interest thereon from the 25th day of February A. D. 1933, at 10 per cent per annum and all costs of suits, with a foreclosure of a deed of trust lien on the following described real property, situated in the County of Lamb and State of Texas, to-wit:

The north two-thirds of the north half of Lot No. 1, in Block No. 10, Southmoor Addition to the town of Littlefield, Lamb County, Texas, as it existed on the 29th day of November A. D. 1932 and at any and all times thereafter, and that said property be sold as under execution in satisfaction of said judgment.

THEREFORE, You are hereby commanded that you seize the above described property, and sell the same as under execution. And should the proceeds of said sale be sufficient to satisfy said judgment, interest and costs of suit and the further costs of executing this writ, then of the goods and chattels, lands and tenements of the said Alvin Mueller you will cause to be made said sum of money then remaining unpaid.

HEREIN FAIL NOT, and have you the said moneys, together with this writ, showing how you have executed the same, before said Court, at the Court House thereof, in Olton, Texas within ninety days from this date.

Witness M. W. Etter, Clerk of the District Court of Lamb County.

Given under my hand and the seal of said Court at office in Olton, Texas, this 9th day of August A. D. 1933.

OPPORTUNITY

To The Taxpayers of the Littlefield Independent School District:

The Board of Trustees of the Littlefield Independent School District wish to say that we are thoroughly cognizant of the conditions for the past few years, which have caused good citizens to allow their school taxes to become delinquent, and in harmony with the prevailing spirit of progressiveness and helpfulness, we are removing penalty and interest from delinquent school taxes for a short time.

During the next few weeks there will be in circulation money that is the most timely we have ever known, and to a great degree your future success depends on how wisely and judiciously you use this money.

There is no greater mark of good citizenship than that a man is outstanding in his desire to do his part in helping maintain our schools. MAY WE APPEAL TO YOU NOW TO TAKE ADVANTAGE OF THIS OPPORTUNITY OF HELPING YOURSELVES, AND YOUR SCHOOLS, which so badly need the money.

Very Sincerely Yours,

Prohibition

have given ballot approval to the twenty-first constitutional amendment which repeals the Eighteenth, none voting the other way.

With 36 states needed to repeal, the following additional election dates have been definitely set: Washington, August 28, Vermont, September 5, Maine, September 11, Maryland, Minnesota and Colorado, September 12, Idaho and New Mexico, September 19, Florida, October 10, Utah, North and South Carolina, Pennsylvania and Ohio November 7.

Leaders of both repeal and anti-repeal forces are urging voters to study carefully the ballot to be sure they will meet no confusion in voting. Those who favor repeal of the national prohibition law will vote for the ratification on an amendment which would annul the Eighteenth Amendment. Those against repeal would vote against ratification of the amendment which would annul the Eighteenth amendment. The list of delegates for repeal and against repeal appear in two separate columns as published elsewhere in the Lamb County Leader.

Persons who have become 21 since January 1, 1932, are exempted from paying poll taxes, as also are persons who became 60 prior to January 1, 1932. Exemption Certificates are not required when voting in towns of less than 10,000 population.

Voting in Lamb County will take place at the regular voting boxes in the county. The polls will open at 8 o'clock Saturday morning and close at 7 p. m.

The Littlefield Voting Box will be at the City Hall, with W. C. Stockton in charge.

VALLEY VIEW

Roy Pace returned home last Thursday. He was very fortunate, for in going east to find work he was given a chance in Dallas to go to the Century of Progress in Chicago. The Chrysler Co. paid his expenses to have him drive a new car back from Detroit. Also allowing him expenses for a stop over in Chicago. He was greatly thrilled by his trip.

Rev. Walker, preacher from the Church of Christ, Littlefield, filled the pulpit of the Valley View church Sunday morning and evening. Rev. Kimmell will continue the series of meetings throughout the week.

Mr. and Mrs. C. E. Cooper, Mr. and Mrs. R. T. Badger of Littlefield, and Mrs. Almada Howard and sons, Jim and Bob of Houston, were guests in the home of Mr. and Mrs. R. E. McCaskill on Sunday evening of last week.

Mr. Calvin Keeton was host to a very enjoyable party last Friday. A large crowd reported a good time.

Mr. and Mrs. "Pete" Henderson were happily surprised by a visit from their old friends, Mr. and Mrs. Lewis Wilson of San Francisco, Calif., Saturday. They had been on a tour through Detroit, Arkansas, Oklahoma and San Angelo, Texas. They were on their way home, leaving Monday after a nice visit in the Henderson home.

Mr. and Mrs. A. A. Grey, and

children, accompanied by the left last week for a vacation visit with their father, who is in Duncan, Okla.

Ray Barnes, who has been in Costa Mesa, Calif., for a year, but who has returned to his home in Littlefield, is several days with his old Bobby McCaskill. Ray says that California sunshine isn't any better than these West Texas winds.

We are glad to announce Kenneth Tipton has recovered from the terrible experience of having an eye removed recently at the hospital. The boy was straddled with a rubber from a rubber gun while on a visit to Oklahoma. At first it was not serious but became infected, and removal of the eyeball was necessary.
