Littlefield Story Told All-America Panel

The 'Littlefield Story', as it has been, and is being written by the citizens of the community, has been given to the members of the All-America City Jury, by an eight man delegation, which returned from Saint Louis early this week.

The presentation, which was made by Jerry Sanders, president of Littlefield Publishing Company, and owner of KZZN, was made Monday afternoon, to the panel which will select 11 cities to be honored with the All-America title.

The competition, in its 16th year, is co-sponsored by the National Municipal League and Look Magazine.

Analogous to an All-America football squad, an eleven member 'team' of cities will be selected by the jury in recognition of the communities' outstanding progress through citizen led programs.

The panel of jurors is headed by Dr. George Gallup, Director, American Institute of Public Opinion, and contains members from all phases of business and industry.

Due to the recovery made by three Alaskan cities which were hit by an earthquake in 1964, the selection committee expanded the number of finalists this year to 24, rather than the 22 which have been selected in previous years.

Announcement of the awards will be made in early 1966, after the jury has had an opportunity to review all the presentation and inspection teams have visited some of the finalist cities.

At the time of the announcement the winners for the current year will be reviewed on the pages of Look and will have the story of each town reviewed. Littlefield is one of the smallest cities in the competition this year, but the jury seemed very impressed with the presentation made by the committee.

Should Littlefield be selected for the honor it will be the fourth city in the state to carry the All-American designation. Fort Worth was named in 1964, Galveston and San Antonio have received the award in past years.

Prior to the start of the presentations, Bill Boyd, of the NML said before the awards are presented inspection teams would visit some of the cities for additional information, but a visit by the inspectors did not mean that the city visited had or had not been selected. He did not say when any visits would be conducted or which cities would be visited.

The display and presentation used before the jury will now be placed on display in the show window, next to the Palace Theatre in downtown Littlefield, where it will remain for several weeks to give the people of the city an opportunity to see what has been done since 1961.

The actual presentation covered a period from 1961 to the completion of the downtown project and told of the progress that the citizens of the community had helped develop.

One unusual factor of the competition this year were the large number of cities which were competing on the basis of downtown revitalization, in addition to other civic endeavors. Of the 24 finalists, excluding the Alaska cities, at least 12 had either revitalized their prime trade area, or planned to do so in the coming year.

From observation Littlefield seemed to be the only city, making a presentation, which had actually completed a plan which was complete. Several cities had pushed for clean-up and paint-up, a few had repaired, but one thing which set Littlefield apart was the manner in which the local project was financed, all other cities had received either state or federal assistance, or had increased city taxes to pay for the improvements.

Dr. Bill Orr, who spent most of his time during the presentation period telling visitors to the hearings about the project and explaining some of the points of the display, said most of the people were most complimentary and were very interested in what we had done in Littlefield. While there was no indication the judges viewed the displays of the cities, or that they had any bearing on the decisions, members of the delegation felt part of the briefing session was spent in reviewing the displays, and one reason for the lack of questions, by the members of the jury, to Sanders and Arthur Duggan, resulted from the fine presentation.

GERALD SANDERS, KZZN RADIO, spokesman for Littlefield, Texas, presents the case for his city to the All-America City Awards jury on November 15. The awards contest, sponsored by the National Municipal League and LOOK Magazine, is a feature of the 71st Annual National Conference on Government, now in session in St. Louis, Mo. Littlefield is one of

the 24 finalists in the contest. Foreman of the jury is Dr. George H. Gallup of Princeton, N.J., chairman of the Council of the League and director of the American Institute of Public Opinion. Awards are made for civic progress through united citizen action. The winners will be announced early in 1966.

SAINT LOUIS DELEGATION.....Members of the Littlefield delegation, who returned this week from telling the Littlefield Story to the All-America City Jury in Saint Louis, take time out to look over the city's display which caused much interest at the gib meeting in

Saint Louis. Members of the delegation are left to right: Jerry Sanders, spokesman of the group, Arthur Duggan, Richard Bean, Mayor J.E. Chisholm, Dr. Bill Orr, Kenneth Ware and Leon Slaughter. The display, complete with model stands in the background,

1965 United Fund Drive Total Reaches \$10,000

Total contributions and pledges to the 1965 United Fund Drive have reached \$10,206.75 through Wednesday, less than half of the goal of \$22,650.

With approximately eighty percent of the advance portion cards returned a total of \$8,827.50 has been contributed or pledged which is well under what was hoped for in that portion of the drive.

Charles Duval, chairman of the advance portion stated, 'It was hoped that at least 60 percent of the goal would be collected in the advance portion, but at the present time I am afraid that we will fall considerably short of our goal.'

The general and the employee portion of the drive which got underway last week are still in the early stages with about one-third of the general drive completed and only five percent of the employee portion of the drive completed.

In the general drive which is headed by Dr. James Shotwell, \$1,154.50 has been contributed or pledged during the first week of the campaign. Dr. Shotwell stated that certain of the agencies have already completed their drive while others are just now contacting persons.

Mrs. John Howle, United Fund secretary reported that a total of \$224.75 had been collected in the employee portion of the drive through Wednesday morn-

Labor Shortage Forecast By TEC

A Texas Employment Commission official stated Tuesday that, at present there is no shortage of farm labor available in Lamb County, but in all probability there will be a shortage occur during the cotton harvest.

'Right now there are farm hands available, but at the present there is no or very little demand for farm help as the vast majority of the area farmers are waiting for the freeze,' stated Billy Lynch.

'With the elimination of the Bracero program the farmers in the county have lost between three and four thousand potential farm hands, and at the present time there is no farm labor pool available to replace the Bracero,' continued Lynch.

'Several possibilities have been explored without success, inquires were made concerning the possibility of using Indian farm labor from New Mexico but the state Austin would not give approval unless the employees were guaranteed of so many hours per week. The Dallas Regional office of the Bureau of Employment Security has also published a notice inform employment offices that few, if any of the Cuban refugees arriving in Florida have farm backgrounds, or are interested in performing agricultural work. And that there is also a critical shortage of farm labor in Florida which means any re-

Citizens Back Tech Saturday

Littlefield citizens and Tech fans are being asked to help boost the Texas Tech Red Raiders Saturday, against the Arkansas Razorbacks, by adding their name to a booster telegram which will be sent to the team before the game in Fayetteville at two Saturday afternoon.

Mayor J.E. Chisholm said he received a call from Lubbock saying the backers of the Raiders are trying to get all the cities in the area to show the West Texas representative they are behind them all the way as they play for the Southwest Conference flag this week.

Lamesa, which has a Red Raider Club, has already collected 5000 signs on the telegram and are pushing for more.

The wire will be signed the citizens of Littlefield, Texas and will contain the names of each person who calls the local Western Union office and requests their name be added to the wire. The cost is 10¢ per sig.

Junior-Senior Sales Night Set

The annual Junior-Senior Sales Night staged by Amos Ward Department store will be held Monday and Tuesday nights November 22 and 23 from 5 to 9 p.m.

Members of the senior class will serve as salesmen Monday, with the junior class taking over on Tuesday evening.

Store owner Amos Ward will give \$200 in cash to class projects for the two-nights work by the students. In addition more than \$200 in gifts will be awarded the outstanding sales people in the two classes.

ASCS, who is making the background for the four displays in the ASCS window, Mrs. Wiley Roberts, president of the Garden Club and Don Thorp. Sixteen organizations have entered the contest with the unveiling scheduled for December 3.

Sixteen Groups Enter Window Decorating

Sponsored by the Littlefield Ministerial Alliance, with Jack Ellzey as Committee Chairman, the Downtown Christmas Window Decorating Program is developing keen interest again this year and 16 groups have entered the project. The theme again is 'Christmas For Christ,' and five prizes will be offered. The primary purpose is to help beautify our downtown area during the Christmas season.

The windows will be unveiled

on December 3 at 7 p.m. Each window will have only a number on it and the name of the group decorating it will not be known until after the judging by persons from out-of-town. This should also add interest to the program as persons attempt to guess which group decorated the window.

The judging will take place during the first week following the unveiling and the windows will be judged on the following basis: The Theme; 'Christmas For Christ' and on the originality including the different approach to the theme; attractiveness and beauty; the decorations and theme idea must be visible to people from their automobiles, as well as from the sidewalk, and they must be lighted for viewing each night.

Participating in the project are: First Presbyterian Church; First Baptist Church; W.M.C.; First Assembly of God Church; W.S.C.S.; First Methodist Church; The Forum Club; Missionary Baptist Church; Parkview Baptist Church; Primary-Elementary P.T.A.; Optimist Club; The Woman's Club; The Garden Club; The Lion's Club; Salvation Army; St. Martin's Lutheran Church; Cemetery Association; First Christian Church.

Meeting With Highway Dept Representative Set Monday

Richard Bean, city manager, announced Wednesday that a tentative meeting has been set up with Oscar Crain, District Engineer for District Five, to discuss the Highway 84 By-pass.

Bean stated that the delegation which includes Mayor Chisholm and Bean from the City; C.W. Conway and Leon Slaughter from the Chamber of Commerce; Chester Setliff and B.O. McCall from the Enochs-Bula area; Syl Diersing and Charles Burt from the Pep Community and Jack Barton from the Lumsden Gin area were being contacted in hopes that all would be available to attend the meeting set for 3 p.m. Monday in Crain's office in Lubbock.

Members of the Highway Department were contacted concerning the present and future speed limits on the by-pass and how it would be determined.

'The speed limit on the highway by-pass is now set at 45 miles per hour and will remain that way until the construction is completed on the entire by-pass,' stated Rhea Bradley, district resident engineer for the Texas Highway Department when asked the question.

'We have the 45 mph signs posted at each end of the construction area and additional speed limit signs have been posted about midway of the 8.4 mile stretch of highway,' continued Bradley, 'and they will remain until the project is completed with the estimated completion date between six and eight weeks, depending on the weather. The final speed limit will be determined by the traffic control division in cooperation with the city.'

Traffic Manager for this district, Hall Mills, of the Lubbock office stated that when the project is completed the traffic control division will run a survey to determine the speed. We run both a traffic county on the highway and also a radar survey with a major factor being the speed of approximately 85 percent of the vehicles traveling the highway.'

'Then, as all of the by-pass portion of Highway 84 is within the city limits of Littlefield, we will work with the city council in determining the final decision. At the present time the speed limits on the other highways through the city have been approved by city ordinances, and we have cooperated with the city on the final speed determination,' Mills declared.

Doctor Succumbs To Heart Attack

Doctor Joe M. Standerfer, 56, pediatrician at Medical Arts Clinic-Hospital died Tuesday morning from an apparent heart attack.

Dr. Standerfer, who had joined the Medical Arts staff in February, 1965 was discovered at his home at 116 E. 23rd by his mother Mrs. Berta Standerfer who had been visiting him the last three weeks.

A native Texan, Dr. Standerfer attended high school in Lubbock and completed his education at Rice University and medical school in Galveston.

Following his internship at Robert B. Green Hospital in San Antonio, the doctor moved to Des Moines, Iowa and took his residency in pediatrics at the Children's Hospital there.

During World War II, Dr. Standerfer served in the navy medical corps spending two years in the Solomon Islands treating casualties of Guadalcanal, New Georgia and Bougainville, and then two years as senior medical officer of the Des Moines recruiting station.

Following the war Dr. Standerfer spent 14 years on the teaching staff of childrens hospital in Des Moines, moving back to Texas in 1961 to enter private practice in Dallas. He was also on the staff of Baylor and Texas Childrens there.

In addition to his mother, Dr. Standerfer is survived by his wife, Lorene, of Des Moines; three sons, Dr. James Standerfer, San Diego, California and Jack and John of Des Moines; one daughter Joan, of Iowa City, Iowa and a brother Jim of Clifton.

Service will be at 10 a.m. today (Thursday) in the Hammons Funeral Home Chapel with burial in Meridian, Texas.

Always nice to get home... our pleasure to accompany Saint Louis, Mo., the man who made our presentation to the All-American jury, and visit with some members from other cities were in the competi-

of the outstanding things at the hearings was most of interest other than in the free entertainment, and how concerned over the future of downtown area. This is not with the smaller communities, but with cities the size of Arizona and Peoria.

Two day trip gave us an opportunity to tell many people the 'Littlefield Story', and accompany them with our city and which is always a pleasant much fun. A number of, of course, heard of Littlefield prior to the hearing, and were very interested where we were and what we were doing.

So often the case when up of this nature are held, do not get a real opportunity to see the city, which fortunate in one respect, this was our first trip to Saint Louis and one which we enjoyed. We were limited that, due to limited time we were unable to see the places we have read and some of the places we heard about.

the course of the meeting the delegates wore their color coats and really added our city and in at least one caused an amusing incident, but for the sake of the city and for at least one mention no names, one member of the delegation to be and a fellow delegate and just by chance this delegate had on his LFD color coat, which was the uniform being worn by the bell boys...well you know it. Sure enough, from somewhere came a lady and a bag under the arm of the lady and asked him to carry the room, meanwhile the delegate could hardly keep laughing while the story was explained. We don't know if the lady mentioned in the story or not but we were in the presence of seven LFD color blazers, and LFD decal caused much attention to Littlefield.

back in the great state and the great city was the new Christmas decorations which are being put up by the city crews. This year for the first time Littlefield will have a complete city lighting program, which is being made possible by the Littlefield Chamber of Commerce, and a lot of hard work by Jim Joyner and Amos Ward who are heading up the committee to raise funds to pay for the new decorations in the downtown area. While the C of C has agreed to sponsor the program the largest portion of the money is coming from the merchants on a footage basis, and from many others in the form of donations to help improve the beautiful downtown area. We invite anyone who feels the decorations and necessary and a beneficial part of a city at Christmas, to join with the merchants and the others who are working to make Littlefield a better place to live. We think you will be proud of your city when all the new decor is installed.

we were off running our future Congressmen. Walter Rogers called the city he would be in Littlefield about 2 o'clock Friday morning, to visit with the committee and to meet with his committee. But because of being unable to reach either the committee or someone else who knew what will take place, we were unable to get complete information on the visit. We will try to have the word of the committee given over KZZN to the visit.

HOMEMAKER WITH MANY INTERESTS -- Lura Hoover, wife of Huston Hoover, is pictured as she pours a cup of coffee for this reporter during a visit at her home Tuesday. Mrs. Hoover is a congenial hostess and woman of many talents. She paints, sews, refinishes

furniture, and plays bridge in her spare time. Several friends of hers informed me she is a very good cook. When contacted, she graciously consented to share her recipe for Pumpkin Chiffon Pie. The readers are sure to enjoy this recipe during this holiday season.

RECIPE FEATURE

Pumpkin Pie Is Favorite Dessert For Thanksgiving

The kitchen of Mrs. Huston Hoover with its white French provincial cabinets has a cheery, friendly look to match the personality of its mistress, Mrs. Hoover and her husband live at 201 Underwood, near the Littlefield Compress, Huston has been manager of the compress for about 12 years.

Lura and Huston are long-time residents of Littlefield and have long been active in church work and civic organizations. They are members of the First Methodist Church. He has held a number of offices and served on various commissions. When their children were still at home, the Hoovers worked with youth organizations of the church. Mrs. Hoover is a member of the Loyalty Circle of Women's Society of Christian Service, is a past president of the general W.S.C.S. and currently serving as District W.S.C.S. Secretary.

Huston is a Rotarian and served as president of the Littlefield Rotary Club last year.

Lura has taken up painting in the last couple of years and

enjoys this pastime very much. She is a member of the Littlefield Art Club. She accompanied a group of other Littlefield artists to Taos, N.M. this fall. They spent about two weeks there painting the aspens as they were changing color. She did two beautiful landscapes while at Taos.

Other hobbies enjoyed by Lura are cooking, sewing, playing bridge, and refinishing and antiquing furnishings and accessories in her home. She has just antiqued a cedar chest in blue which will be an accent piece in her bedroom with an antique white bedroom suite.

A buffet, also finished in antique blue, is another recent project of Lura's. She plans to place this in the entrance hall with two ornate gold candle holders placed on it to match the antique gold handles on the buffet.

Huston enjoys spectator sports of all kinds and also likes to play bridge.

Mrs. Hoover's pride and joy are her four grandchildren. She loves to have them in her home,

but since two of them live in Tennessee and the other two in Rotan, she doesn't get to see them very often.

All three of the Hoover children attended school here. The oldest is Bob, who is married and lives at Johnson City, Tenn. He is employed at Eastman Kodak Company in Kingsport. They have a one-year old daughter, Barbie Jo.

Linda is married to Fred Schkade, who is the football coach at Rotan. They have two boys, Bruce, almost four, and Glynn, nearly two.

Joe lives in Chattanooga, Tenn. where he is employed at Du Pont. He is married to the former Pat Street, daughter of Mr. and Mrs. Bee Street. They have a daughter, Shelley, who is a year old.

Lura says since the children are grown she doesn't spend as much time cooking as she formerly did, but she still enjoys it. When asked if she had a favorite recipe for the approaching Thanksgiving season, she consented to share the following recipe for Pumpkin Chiffon Pie.

PUMPKIN CHIFFON PIE

- 1 baked 9-inch pie shell
- 3 beaten egg yolks
- 3/4 cup brown sugar
- 1 1/2 cups cooked pumpkin
- 1/2 cup milk
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 3 stiffly beaten egg whites
- 1/4 cup granulated sugar

Combine egg yolks, brown sugar, pumpkin, milk, salt, and spices. Cook in double boiler until thick, stirring constantly. Soak gelatin in the cold water and stir into the hot egg mixture. Chill until partly set.

Beat egg whites, add granulated sugar and beat until stiff. Fold into gelatin mixture. Pour into baked pie shell and chill until set. Garnish with whipped cream.

Subtle Changes Have Occurred In Thanksgiving Menu

Although the menu for today's Thanksgiving meal has come down through the years with remarkable likeness to the dishes served on that first Thanksgiving day, there have been many subtle changes.

Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist, points out that as Thanksgiving draws near, shoppers should be grateful that food is a bargain. Never before in history has food been so cheap in terms of the time one has to work to pay for it.

While many of the foods now served at Thanksgiving festivities are the same kinds that were in the holiday feast in earlier years, there are subtle differences.

Agriculture has made tremendous strides since the days of the Pilgrims. The cultural practices, varieties, the quality, the harvesting all have been up-

Husbands Guests At Club Dinner

WHITHARRAL -- A Thanksgiving dinner was held at the Whitharral Lions Club Saturday evening when the Coffee-Break Club staged their annual Thanksgiving dinner with their husbands as guests. Acting as hostesses were Mrs. George Wade Jr. and Mrs. Coy Grant.

Each member brought a covered dish for the delicious meal. '42' was enjoyed by the group following the dinner. Present were Messrs. and Mesdames A.B. Roberts and Ples Helms of Littlefield; T.D. Northern, Don Ketchum, Coy Grant, and Brady Helms of Levelland; David Mitchell, Ed Johnson, V.D. Hodges, L.L. Overman, Ralph Wade, John Williams, and George Wade, Jr.

found in Boston but roasts, shoulder steaks and liver. Bacon is a bit lower in price.

Good buys in fruits are apples, bananas, grapes, grapefruit, cranberries and oranges. Vegetable choices include carrots, dry yellow onions, sweet potatoes and rutabagas, along with fall cooking greens.

The job of preparing the Thanksgiving dinner has been simplified and shortened for today's homemakers. There are many more varieties of food items to select from in developing the menu--and many of the foods can be purchased in prepared or partially prepared forms, Mrs. Clyatt emphasizes.

Turkey prices are about the same as they were at this period last year. Fryers continue to be good buys in the poultry department.

Good values in beef this week center around chuck and rib roasts, round and sirloin steaks, ground beef and liver. Pork prices remain relatively high, with best price choices to be

Social Security Claims Needed

Every American citizen and alien with permanent residence in the United States, and who is age 65 now, or will be in the next three months, should file a claim for Social Security if he has not done so. The reason is that many persons who do not draw Social Security and do not draw state welfare payments, will lose their rights to get medical insurance if they do not file a claim before March 31, 1966.

Mr. Jim Latimer, field representative for the Littlefield and Lamb County area, stated Monday that only 1/4 of those eligible in Lamb County have made claims for their medical insurance. He urges all persons who have not already begun receiving their Social Security or Railroad Retirement benefits, to contact the Social Security Office in Lubbock, Texas, immediately. He asked that all persons who get their Social Security checks or Railroad Retirement checks to sign up the forms sent them and not to contact the Social Security office with questions at the time, unless the forms sent them have been lost.

County Librarian To Attend District Meeting

Mrs. Jack Hicks, Lamb County Librarian, will be among librarians, library board members, and friends of libraries from a 44 county area of the Texas Panhandle which is District I of the Texas Library Association meeting Saturday, November 20 at Wayland Baptist College Library, Plainview, Texas.

Miss Jo Battle, district chairman and librarian of the Helium Research Center, U.S. Bureau of Mines, Amarillo, urges all citizens interested in better libraries to attend. Registration will begin at 9 o'clock in the VanHoweling Memorial Library with the program beginning at 10:00 in Gates Hall Auditorium at the College.

Primary purpose of the meet will be an institute to focus attention on the forthcoming Governor's Conference on Libraries for Texas.

The Governor's Conference on Libraries is scheduled next March 23 in Austin and has been called by Governor John Connally to hear 'Texans from all over our State...present their thoughts on ways and means to solve Texas' library problem,' to quote Connally's telegram announcing the conference.

Institutes similar to the one being held in Plainview are being held in the other seven districts of the Texas Library Association. Goal of the institutes is to organize ideas for presentation at the Governor's Conference and to stimulate local interest among laymen in attending the conference and working for big improvements in school, college and public libraries in Texas.

Miss Thelma Andrews, Director Abilene Public Library and Mrs. Rosalyn T. Shamblin, Field Consultant, Texas State Library, will present information concerning the Governor's Conference on Libraries. They will remind members that 'the success of the Governor's Conference will depend in large measure on Texas librarians, they, with the help of their friends (of libraries) and trustees can build local interest to the point that community leaders are eager to participate' (in the Conference).

Connally said, 'It is my belief that Texans are willing to do more about our inadequate libraries if a concentrated effort is made to make them aware of our plight.'

After the plans for the Governor's Conference are presented, a 30 minute film, 'The

Time Is Now' will be shown. Library Development, the primary function of the Texas State Library, is the theme of the film.

Following the luncheon, sectional meetings will be held in the VanHoweling Memorial Library.

Mrs. Christine McGregor, Multi-School Librarian, Central Elementary School, Plainview is vice-chairman and chairwoman-elect. The Library Board of the Unger Memorial Library, Plainview will serve coffee during the registration.

Home Hymn Singing Is ALC Emphasis

An attempt to make hymn singing a habit in homes throughout the 5,207 congregations of The American Lutheran Church is being planned as a church-wide emphasis throughout the next year.

A three-record album of 'sing-a-long' hymns for family use is being offered throughout the ALC in a concentrated effort to introduce vocal music as an integral part of family worship. The departments of parish education, evangelism, worship and church music, and the women, men and youth auxiliaries are cooperating in the effort.

In commenting on the project, Rev. Mandus Egge, director of worship and church music, said the Lutheran church has a 400 year-old reputation as a singing church to substantiate. The record album, on sale through the ALC's publishing arm, the Augsburg Publishing House, at a price of \$4.95, features a Los Angeles choral group with instrumental accompaniment. Paul Manz, Minneapolis church organist, also is featured. The recording is in compatible stereophonic sound, and is keyed to the familiar Service Book and Hymnal, thus facilitating the 'sing-a-long' technique.

Gay red and white striped cotton terry cloth, available in piece goods departments, makes a cheerful, practical shower curtain. Use the absorbent fabric as a ruffled valance at a window close to the shower. Give your bath a decorator look by displaying stylish red and white polka dot towels with the peppermint terry curtains.

Questions & Answers

Q - I applied for and have been accepted for the newly re-opened NSLI insurance. I now find that the payments for \$10,000 are too expensive for me. Can I reduce this amount?

A - Yes. You can reduce it to any amount in excess of \$1,000 in multiples of \$500.

Q - Can you please tell me where I may obtain a record or discharge of a man who was in the Navy during the years 1915 to 1918?

A - You might write to the Officer in Charge, Discharged Enlisted Personnel Records Branch, U.S. Naval Records Management Center, 9700 Page Boulevard, St. Louis, Missouri.

Q - Could you tell me if my husband is eligible for a GI loan? He was inducted into the service in March, 1943 and was discharged in February, 1946.

A - He would appear to be eligible. By adding, according to the formula, ten years to his date of discharge (February, 1946 to February, 1956) and then one year for each 90 days he was on active duty (there are 11 such 90-day periods in his two years and 11 months of service) we reach February, 1967 as the expiration period for his entitlement. However, he should check with his VA regional office to make this more explicit by using the actual dates of induction and discharge.

Q - I just started work as a nurse's aid. Is it true that the cost of my uniform is deductible?

A -- Yes, that's right. You also should be able to deduct the cost of your shoes if they are of a special type required by hospitals. The key factor determining the deductibility of these items is that they be required for your job and are not suitable for wear in place of ordinary clothing.

LABOR

(Continued From Page 1) fugues interested or willing to work in agriculture would have offers of employment within that state.

'The labor shortage will depend somewhat on the weather, if the freeze hits the entire county at the same time the shortage is liable to be very serious as the majority of the farmers will need hands at almost the same time,' stated Lunch, 'with many farmers investing in equipment their need for farm labor will be less than in former years, but a shortage is still anticipated.'

Graham Film In Amarillo

'The Restless Ones', heralded as the most successful motion picture yet produced by Billy Graham Evangelistic Films, Inc., will be shown twice nightly for a full week in Municipal Auditorium in Amarillo.

Sponsored by an inter-church Steering Committee of business men and ministers, headed by Mayor F.V. Wallace, the picture will be shown at 6:15 and 8:30 p.m., Monday through Saturday, November 29 to December 4, with a Saturday matinee at 2:00 p.m.

The feature-length film, with the accent on youth, deals imaginatively and dramatically with the teen-age crisis. Featuring a background setting provided by the Billy Graham Los Angeles crusade, and artfully woven into the story pattern, 'The Restless Ones' is a hard-hitting, bold approach to present-day social problems.

The plot is called one that dares to be different, a story which stirs the heart and mind, driving right to the core of current social problems.

The Christian message comes through in the midst of a realistic teenage situation, cleanly and without cloying. Swift-moving plot episodes highlight the opportunities facing the church. Screen writer James Collier

has skillfully brought into the contemporary plight of teen-agers and parents.

WHO WILL PAY YOUR LAST DEBT?

The last thing you'll do on earth is create a debt for someone else to pay. Could your family afford the doctor and hospital bills, funeral expenses, attorney's fees, court costs and current bills? Or would the money have to come from the insurance you had figured would pay off the mortgage? Or from the kid's education fund? A Woodmen of the World "Cleanup Fund" is a far better answer: a life insurance plan for the special purpose of paying your final expenses. Call today. HE FAMILY LAWYER

Over Beast
 Bible tells us that mankind has dominion over the animals and fish of the earth. In any sportsman knows, it is always easy for one particular animal to gain dominion over another animal or one particular species of the law, when do the owner of a wild animal with the state "owns" wild animals and fish that permanently within its territory. The state owns them only in a general sense, holding title for the benefit of the people. The state—subject to the fish and game laws and private property—acquire ownership of animals or fish simply by reducing them to possession.

what is possession? Con-
 sider was in hot pursuit of a fox another hunter, apparently from a different direction. The animal with a fatal wound. The two men went to settle ownership of the animal. The judge ruled in favor of the second hunter, holding that the animal, no matter how close to the first hunter, was not enough to give the pursuer.

in another case, a hunter who
 disabling wounds on a wolf. The second hunter who was close and administered first aid. The court said the hunter had acquired possession. Hence ownership, by making the wolf's escape just about possible.

you may gain ownership
 possession, so you may lose ownership by losing possession. Clearly you have no rights in which, although briefly, you acquire free and regains possession of the water.

the unusual case, the owner
 lion that escaped into the woods. The lion was held to have no claim against a man who caught the same lion two weeks later, 70 miles away.

the other hand, if an escaped
 lion is trained to come home when the owner retains title. The lion, like an invisible, ties the animal to its owner.

man's pet canary, having
 escaped from its cage, was caught by a neighbor. But in a lawsuit, the first woman was held to be the owner still. The court ruled that the bird answered the call, had not gone far, and previously come home voluntarily after an outing.

such a bird could not be con-
 sidered a fair game for capture, said the court, because it had not truly "gone back to nature."

Tech Hopes High For Championship

Texas Tech makes its biggest run yet at a share of the Southwest Conference football championship when the Red Raiders tackle the defending titlist, the Arkansas Razorbacks, at Fayetteville Saturday.

Since Tech brings a 5-1 SWC mark into the game against Arkansas' 6-0, the best the Raiders could do is tie the Hogs for the title. In that event, the Raiders would go to the Cotton Bowl at Dallas Jan. 1. For the season Arkansas is 9-0, Tech 8-1.

The 'Gator Bowl' at Jacksonville Dec. 31 will likely be a loser.

Game time for the televised (NBC) contest will be 1:30 p.m. The game work will carry the

Texas Tech Dorm To Send Christmas Cards To Veterans

Residents of Texas Tech's Men's Dorm No. 9, in a move calculated to offset adverse publicity created by some student pacifists at other colleges and universities, have announced plans to send 5,000 Christmas cards to American fighting men serving in Viet Nam.

Dormitory officer Thomas E. Weaver Jr., of Odessa, a senior in Industrial Management, said the idea was designed to "awaken our soldiers to the fact that not all college students are pacifists or draft card burners."

Tech President Dr. R.C. Goodwin echoed Weaver's sentiments by saying that the students were to be "congratulated upon their patriotism and upon their desire to offset the actions of those who do not exhibit a similar devotion to their government."

The Christmas greetings, which will be distributed by the American Red Cross, read: "Because of you... America breathes a little easier; America sleeps a little sounder, and Americans walk a little taller. Merry Christmas and thanks."

The cards will be formally turned over to the Red Cross

at a ceremony next Wednesday night in the cafeteria of the dormitory. Representatives of the military, College officials and civic leaders have been invited to attend.

Weaver, who said "our soldiers in Viet Nam are more deserving of Christmas cards than any other Americans at this time," explained the greetings have a twofold purpose.

He said they are intended to convey thanks to American forces during the holiday season, and to counteract various demonstrations by "so-called Americans who display their 'patriotism' by burning their draft cards."

Earlier this year the Tech Student Senate affirmed a previous stand in approving this country's Viet Nam policy.

Dr. Goodwin said the cards were an excellent method of informing U.S. troops that Tech students "stand firmly behind them, and appreciate the sacrifices they are making in behalf of the free peoples of the world."

The idea, which grew from a dormitory bull session, already has received widespread attention and approval.

A proposal to emancipate all slaves at federal expense was approved by the legislatures of eight Northern states in 1825. It was rejected by the Southern States.

How to make a holiday last all year long

"How often do you call Long Distance to friends or members of the family?"

"Well, I expect to make some calls on Thanksgiving and maybe on Christmas."

"Why wait for a holiday or special occasion to call -- that's the old fashioned way!"

"How come? Is the phone company having a sale just now?"

"No, not that. New low-cost long distance rates are now in effect all day Sunday and every night after eight -- so now for a dollar or less, you can keep in touch more often."

"Say! That's a good idea! Tonight I'll make some important calls I've been putting off."

"Fine! Thanks to new low rates you can call anywhere in continental U.S.* station-to-station and talk three minutes for \$1.00 or less. This is the big communications bargain -- the modern way to keep in touch at all times."

Attend Funeral In Oklahoma

All members of Mrs. Ted Long's family were in Chocotah, Okla., last Tuesday for her mother, Mrs. Susie Paden's funeral services held in the Federated Church. Burial was in Council Hill Cemetery near there.

Mrs. Iyone Hufstедler was surprised Monday morning when a group of friends and customers presented her with a settee and two matching chairs for her shop. A number of others also made the gifts possible.

Guests of Mrs. Eva Ataway during the weekend were Mr. and Mrs. Neil Faulkner of Nonahans. Mrs. Guy Southern of Lubbock was her guest last Thursday.

Mr. and Mrs. Jim Wheat visited relatives in El Paso, N.M., Sunday. Her mother, Mrs. J.D. Good returned with them for a visit.

I.N. Griffing was in Slaton Saturday and Sunday for the Plateau Singing Convention. It meets twice yearly.

The Roger Britts and the Jedd and Pat Blessing families were her Sunday with their parents, Mr. and Mrs. Ray Blessing.

Mr. and Mrs. Carlton Bowman were in Canyon Saturday night and Sunday with their daughter, Judy, a senior student at W.T.S.U.

Mr. and Mrs. Dick Brantley were business visitors in Tucumcari, N.M. during the weekend.

Mr. and Mrs. George Harmon took her cousin, Mrs. Lena Rey of Long Beach, Calif., to Hobbs during the weekend. Mrs. Rey took a plane for home Sunday. She and Mrs. Harmon recently visited relatives in St. Louis and several places in Arkansas and Oklahoma.

Mrs. Jim Wheat was a business visitor in Plainview Friday. Mrs. A.A. Royal accompanied her and visited her son and family.

Mr. and Mrs. Lester LaGrange have heard from their son, Lester Jr., and family since the black-out last week. They reside in Pelham Manor a suburb of New York City in Westchester County. Fortunately he had just arrived home shortly after 5:30 p.m. when the power failure occurred. The temperature was down in the 30's outside, but did not go below 60 degrees inside. The night was simply gorgeous with a full harvest moon providing so much light that shadows were cast everywhere. It is wonderful how cooperative everyone was in New York with no looting to speak of at all, the letter said.

Mr. and Mrs. Church Edgin and Mrs. Ernest Walden of Olton visited Mrs. Ray Blessing Monday.

Weekend guests of Mr. and Mrs. Dave Black were Mr. and Mrs. Luther Mott of Alamosa, Colo.

Mr. and Mrs. Joe Allen Miller and children visited his sister, Mrs. Leroy Bodkin and family in Hereford Sunday.

Mrs. Annie McCarty of Anton visited her daughter, Mrs. Benny Shipley and family last week.

Mr. and Mrs. Jim Humphreys, Jimmy and Susie were in Brownfield recently for a visit with her sister, Mrs. Paul Cartwright and family.

Mrs. Iyone Hufstедler and Ronnie spent the weekend with relatives in Frederick, Okla. Her father, J.W. Miller celebrated his 93rd birthday.

Mrs. Oley Blanchard left Monday for Fort Worth to spend the weekend with her daughter, Mrs. Raymond Gilder who is recovering from a serious back surgery. She had been there for some time with her daughter and family before returning home for a few days.

Mr. and Mrs. Jay Elms and Todd of Lubbock were here Sunday with their parents the Don Heverns and Bill Elms.

Mr. and Mrs. Larry Hensley have moved to Muleshoe where he is employed by the General Telephone Co.

Weekend guests in the C.R. Roberts home were her mother and brothers, Mrs. Bertha Westmoreland, Dewey and Lowell Westmoreland of Littlefield and Vernon and wife of El Paso.

Recent guest of Mrs. Joe Bozeman were Mr. and Mrs. E.B. Bozeman of Mexia and Mrs. Shelly Tears of Whiteface.

Mrs. Jim Nix suffered a heart attack last week and continues to improve in the local hospital.

Mr. and Mrs. I.N. Griffing moved their house from Highway 84 to Henderson Street.

Mrs. Ethel Gregson of Littlefield visited friends Sunday.

Mr. and Mrs. Alfred Schroeder and Mrs. M.V. Cowan visited relatives in Vernon over the weekend.

Mr. and Mrs. L.E. Slate and Mrs. S.D. Hay of Sudan were Sunday dinner guests of Mr. and Mrs. Lester LaGrange.

Mr. and Mrs. Bennie Shipley and Carty Mac were in Hereford Thursday night to visit his brother, Charlie who was injured in a tractor accident the week before. He was caught in the power lift where he stayed for three hours before being discovered and released.

Bill Workman, S.E. Lance, Arvil Blair, John Enloe and Willis Hedges fished at Lake Graham over the weekend. They reported a favorable catch, bringing home approximately 50 pounds.

Mrs. Mike Lance returned from Dallas where she spent a week with Mr. and Mrs. Ronald Tomison and infant son, Lance De Wayne. Mrs. Tomison is the former Vicki Lance. He weighed six pounds and 14 ounces at birth.

Mr. and Mrs. Troy Lance of Amhers and Mrs. Melvin Tomison of Littlefield are the grandparents.

Mr. and Mrs. Elton Bass, Scott and Val of Lariat, were supper guests of her parents, Mr. and Mrs. Jay Lance, Saturday.

Former Resident Aids Tital Work

Billie M. Smith, son of Mr. and Mrs. James W. Smith, and former resident of Littlefield has played a major role in development of the Air Force Titan III-C.

The project at United Technology Center, Sunnyvale, Calif., which designed and built the booster stage of the space vehicle, largest and most powerful yet flown.

Smith was at Cape Kennedy for the first Titan test flight in June and for another launching in October.

He has been involved in solid-propellant rocketry since 1953 when he graduated from Texas A & I College, Kingsville, with a degree in mathematics and chemistry. He joined United Technology in 1960 as a senior project engineer and has held various positions in the company's solid propellant booster program.

Smith's parents lived near Littlefield from 1925 until 1941 and now live in Corpus Christi. His grandparents, Mr. and Mrs. A.J. Ratliff and Mr. and Mrs. C.P. Smith are also former residents. He attended Sudan schools as a young boy. He and his wife and three children live in Sunnyvale.

JOIN THE DODGE BOYS REBELLION

Polara

Kick the dull driving habit in a car that's really going places. Polara is loaded with looks, luxury and performance. It's big and solid, with wide sweeping lines. And Polara gives you a lot of standard extras (like a 383 cubic inch V8).

Coronet

Here's a car that fills the bill for Rebels who want a brand new thrill. The Coronet is sharp, smart and zippy—and it goes like no other car in its class. Coronet is also loaded with luxury the higher-priced cars haven't caught on yet. Lots of power in a spunky Six—and a fistful of brawny V8's.

Monaco

Take a look at Dodge's top gun. For luxury performance this is the one. Combines performance, comfort and glamour at a reasonable price. By far the most dazzling car in the '66 Dodge lineup of dazzlers. Monaco! Hardtop, wagon or sedan.

Dart

This is a rebel in the compact class—bigger than any, with a lot more sass. Big on the inside. Big on the outside. Beautiful any way you look at it. (About the only way it resembles an ordinary compact is in the way it saves you money). Your choice of two quick Sixes and two great Eights.

INSTALL LOCK SEAL FORGET IT!

Lock-Seal is designed to give dependable service..year after year!

LOCK-SEAL rubber gasket joint irrigation pipe offers many advantages for the farmer, but one thing that LOCK-SEAL users always appreciate is its permanency. Install LOCK-SEAL irrigation pipe and then forget it! It's that dependable! The difference is LOCK-SEAL'S flexible rubber gasket joint. It eliminates expansion, contraction and soil movement problems that may cause trouble for other types of underground pipelines. Over 4000 irrigation farmers have proven that you can count on year after year of trouble-free service when you count on LOCK-SEAL and Gifford-Hill-Western.

New Stain-Resistant Fabrics Aid Mothers

With children in school, mothers are faced with the problem of removing all kinds of stains from their clothing. Fabrics that have been treated with special finishes designed to repel stains are proving to be a great help, says Mrs. Lynn Parks Stiles, Texas A&M University Extension consumer education specialist.

The new stain-resistant finishes are usually flourine-based compounds which can be applied to the fabric to form links with the fibers. The new finishes thus form an in-

visible chemical shield against oil and water stains. Since these stains cannot penetrate the fibers, they bead or roll off of the surface. If allowed to dry instead of being wiped off promptly, most of the stains can be removed with laundering or spot cleaning. Exceptions are ball point inks, lipsticks and grass stains.

The stain-repellent finishes are usually applied to the fabrics at the textile mill. However, such a finish is now available in spray cans, so homemakers can apply it after laundering their washables.

Factory-finishes are expected to last the life of the fabric, but the spray type may need to be re-applied after several washings.

If your child has lead or color pencil marks or smudges from carbon paper on his clothing, Mrs. Stiles suggests that you use a soft eraser to remove them. If this fails, work detergent into the stain and rinse. If the stain is not removed, put a few drops of ammonia on it and repeat the detergent treatment. Rinse well and repeat if necessary.

Marine General Advises Boys To Stay In School

'Stay in school,' this advice comes from Commandant of the Marine Corps, General Wallace M. Greene, Jr.

In a letter currently being delivered throughout the nation to young men in their senior year of high school, the Marine General urges: 'By all means complete high school and, if you have the opportunity, go to college.'

The Marine Commandant's letter stems from a number of inquiries from students asking advice as to how they can best plan for their future in light of their military service obligation.

In his letter, General Greene stated that it is true that the Marine Corps needs young men. But he added: 'Not just any young men.' The Marine Corps chief said that the Marine Corps especially needs young men who have the educational background and ability to assume the responsibilities required of the modern-day Marine.

General Greene said that a high school or college education is an investment in one's

future. The Marine added that the same high school and college education creates one's opportunity for promotion, high training, and positions of leadership and responsibility. Marine will also benefit man in whatever civilian he may follow.
