TUESDAY EDITION

OFFICIAL NEWSPAPER OF LAMB COUNTY

LAMB COUNTY LEADER

VOLUME XXVII.

LITTLEFIELD, LAMB COUNTY, TEXAS, TUESDAY, JUNE 6, 1950

NUMBER 29

Past Presidents Of C. of C. Meet

Past presidents of the Chamber of Commerce, the incoming president Dr. B. W. Armistead, and manager Pat Mann met at a dinner on Thursday evening, June 1, to discuss the program of the Chamber of Commerce.

Joe Walters, Jack Christian, and Hardy Shelby were the past presidents at the meeting.

Both long range projects and current projects were discussed by the group.

A monthly bulletin to inform members of the activities was suggested. Other current projects under discussion were sanitation, the annual barbecue to be held June 23, and the installation of street markers.

Promotion of diversified agriculture in this area also came under consideration of the men.

It was learned that the speaker at the annual barbecue on June 23 will be W. R. Smith, assistant to the president of Abilene Christian College.

LEAVE TO ATTEND RITES

Mr. and Mrs. Pat Boone left Saturday for Austin, where they will attend the wedding of their son, Pat, Jr. and Miss Janet Elizabeth Olson, which will take place Saturday, June 10, in a formal double ring ceremony in the University Baptist Church, with Dr. Blake Smith officiating.

Year's Heaviest Rain Falls On South Plains

Rain that fell all through the South Plains area amounted to .41 inch in Littlefield and over a half an inch in surrounding communities, improving the crop prospects considerably.

This amount added to Saturday's fall pushed the total well over a half inch here and over an inch in other areas.

After a light shower Saturday night the skies over Littlefield remained overcast throughout the day accompanied by cool south winds. The rain began with a sudden down pour late in the evening and lasted for half an hour before turning to light showers and mist.

The rain, which was the heaviest overall fall this year, helped cotton and grain farmers with seed planted and will supply enough moisture for germination of seed still to be put in the ground.

Reported rainfall:

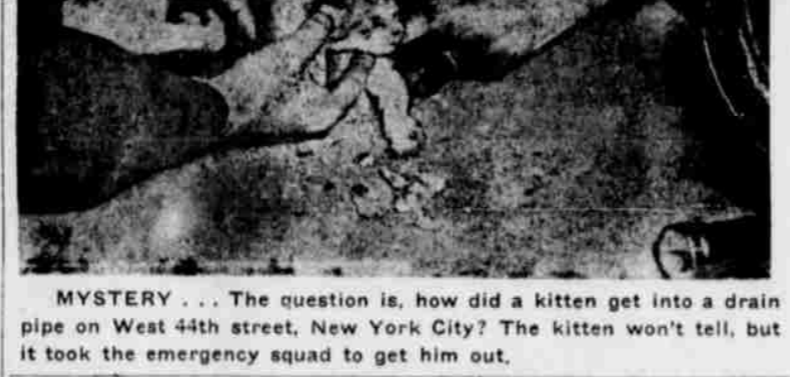

Anton75
Amherst50
Abernathy43
Sudan44

Shallowater40
Levelland	1 inch
Texaco	1 inch
Morton60
Post75

While in this area the rain fell slowly for the most part, without strong winds. Hail and high winds accompanied the rain at Plains and Lamesa. Little damage was reported in either place.

Most violent rain fell at Morton where .60 inch was measured in 20 minutes.

Increased business activity in Littlefield and return to a more optimistic viewpoint regarding the agricultural future were the first results noticed here.

MYSTERY . . . The question is, how did a kitten get into a drain pipe on West 44th street, New York City? The kitten won't tell, but it took the emergency squad to get him out.

Members Name Church On Sunday

Church members voted Sunday to name the new Baptist Church at East Fifth and Wicker Drive the Parkview Baptist church.

Formerly the Westside Baptist Chapel, the church was organized into a regular cooperating Southern Baptist church at services held Sunday, May 28. At that time the Rev. E. R. Ingram was chosen pastor for the new church.

Rev. Ingram reported that there was good attendance Sunday and active interest in choosing a name for the church.

The members had already voted previously to cooperate in the West Plains Baptist Association, the Baptist General Convention, and the Southern Baptist Convention.

Youth Program Attended By 200

Daily sessions of the youth recreation program sponsored by the Community Chest are drawing approximately 200 boys and girls to Littlefield High school.

The sessions are held Monday through Friday from 8:30 a. m. to 12 o'clock.

Executed by John W. McAdministrative officer for Production and Administration, notice was the Lamb County PMA week that all producers 1950 wheat allotment on which an allotment previously established to execute an application for Wheat Allotment on, or before, June 26, the application forms are available at the PMA office

Execute Application who want a New Wheat Allotment are urged to the PMA office in Amherst to execute this application

Forms Available Application forms will not be sent to the producers and any requesting a New Growth Allotment after June 26, will not receive an allotment.

YOUNG GOES DOWNFIELD Eugene Young, local manager for Western Union Telephone for Brownfield Monday, will spend this week reassigning Wilkerson, manager of Brownfield telegraph office, absent from her duties on vacation.

Only Few Days Remain Before Rodeo Club Picks Rodeo Queen

Only few days remain before the Rodeo Club will make its selection of the queen who will preside at the fifth annual Jaycee rodeo on Thursday, June 8 in the rodeo arena and will be presiding at the rodeo and horse-judging on the afternoon of the rodeo. The members of the Rodeo Club will also be held on the candidates should any great expense to be incurred.

The queen, a cowgirl will be chosen from the youngsters present and will be awarded a contest between the club and members of the rodeo will also be held on the afternoon of the rodeo.

The parade will be preceded by a color-guard from Phelps Avenue beginning at 6:30 p. m. in front of the rodeo arena.

The Rodeo Club and Sheriff's Office will take part in the parade. Miss Williams, president of the Rodeo Club, has invited all women to join the procession.

High School Paper Recognized As One Of High Ranking In State

The Olton high school newspaper received recognition as one of the high ranking school papers in the State of Texas, and the Olton Provance, Editor-in-Chief, and her assistants are to be commended on the fine work they have done.

Miss Provance, teacher in the Olton high school, received certificate last week for recognizing the paper from the National Director of the Inter-School League Press Conference.

First Baptist Church To Hold Open House For New Building

Open house at the First Baptist Church, Jack Yarbrough, Dan Heard, W. E. Heathman, Roy Byers, and Hamp McCary.

These committees did a marvelous job of planning the building and raising the money for it.

The educational building which is modern in every respect was completed at the total cost of \$160,000 including furniture. Carl Maxey of Lubbock was the contractor and Butler-Brasher company of Lubbock were the architects.

The building committee was composed of: W. O. Hampton, chairman; E. B. Luce, Ray Hulise, Frank Leman, Joe C. Hutchinson, G. G. Wilson, and Roy Byers.

The finance committee was composed of: Pat Boone, chairman; Jack Christian, co-chairman; Fry or Hammons, Homer Sewell, O. L. Walker, Clyde Hilbun, C. O. Grif-

Two Girl Graduates Lead Class At Anton

Leading members of the Anton senior class which was graduated Friday night, May 19, are Myrtle Brown and Jo Alice Hollingsworth.

Myrtle Brown, who lives with an uncle, B. Foreman, graduated as valedictorian with an average of 90.8. Jo Alice Hollingsworth with an average of 89.9 graduated as the salutatorian. She is the daughter of Mr. and Mrs. R. F. Hollingsworth.

Both girls have been active in girls basketball at Anton. Myrtle received four letters in the sport while Jo Alice was awarded letters on the team for both years that she attended Anton High school. She attended New Deal High school for her first two years.

Miss Brown was named the most popular girl in high school both her junior and senior years. Miss Hollingsworth was chosen best all-around girl this past year.

Bud Thomas To Open Cotton Office Here

Mr. and Mrs. Bud Thomas of Amherst plan to move to Littlefield about June 20 where he will enter the cotton buying business.

Thomas has been connected with the Farmers Co-op Gin in Amherst for the past four years and has been a resident of that community for about 20 years.

Location of his new office in Littlefield has not been decided upon but he hopes to open in the near future.

W. C. Masten To Observe 90th Birthday Sunday Next

W. C. (Dady) Masten, who makes his home with his daughter and son-in-law, Mr. and Mrs. A. L. Frazier, three miles northeast of Sudan, will observe his 90th birthday Sunday next, when members of his family will honor their father in a family reunion and birthday party at the home of Mr. and Mrs. E. L. Masten, five miles northeast of Sudan.

Great preparations are underway to make this an outstanding event and most enjoyable occasion.

Besides members of the family, and their children, who will be present, friends are also invited to call between 3 and 5 o'clock p. m. Yellow tapers in crystal holders will provide the lighting for the occasion.

75,000 Acres Cotton Reported Planted On Irrigated Land

David Eaton, county agent, in an interview with a Leader Representative Saturday, reported that due to spotted rains planting was still at a standstill in parts of the county; that in the Southern part of the County, especially in Sudan and south of Sudan, there hadn't been enough moisture fall to allow even listing as yet on any dry land farms.

Mr. Eaton asked the Leader to urge farmers to keep constant check on their cotton for Thrip damage, as heavy infestation has been reported as far west as Abilene.

The Southern part of Lamb County is reported to be still waiting on sufficient moisture to start farming operations.

Some 75,000 acres of cotton have been planted on irrigation farms, and most of that cotton is up to a good stand and is growing good. There are large acreages of grain sorghums and corn planted on irrigated farms; also, there are a large amount of grain sorghums up to a good stand, and there is some cotton chopping started already in the area around Olton and Springlake," stated Mr. Eaton.

Must Watch for Thrip Damage Mr. Eaton asked the Leader to urge farmers to keep constant check on their cotton for Thrip damage, as heavy infestation has been reported as far west as Abilene.

NAVY GLAMOUR . . . Capt. Montgomery McCullough (left) and Capt. Joy Bright Hancock model the new evening dress uniforms authorized by the secretary of the navy for commissioned officers.

Local Youth Appears On Radio Program At McMurray College

ARILENE, June 3—Bill Green of Littlefield appeared on a local radio program presented by the McMurray College Curriculum Workshop today.

Conducted by Dr. Andrew W. Hunt, McMurray Education Department chairman, the workshop is a three-weeks' advanced education course. Class members have heard several local and regional authorities speak on school problems.

Mrs. Hunt is directing the series of broadcasts, entitled, "Children Are People Too." Class members are writing the scripts.

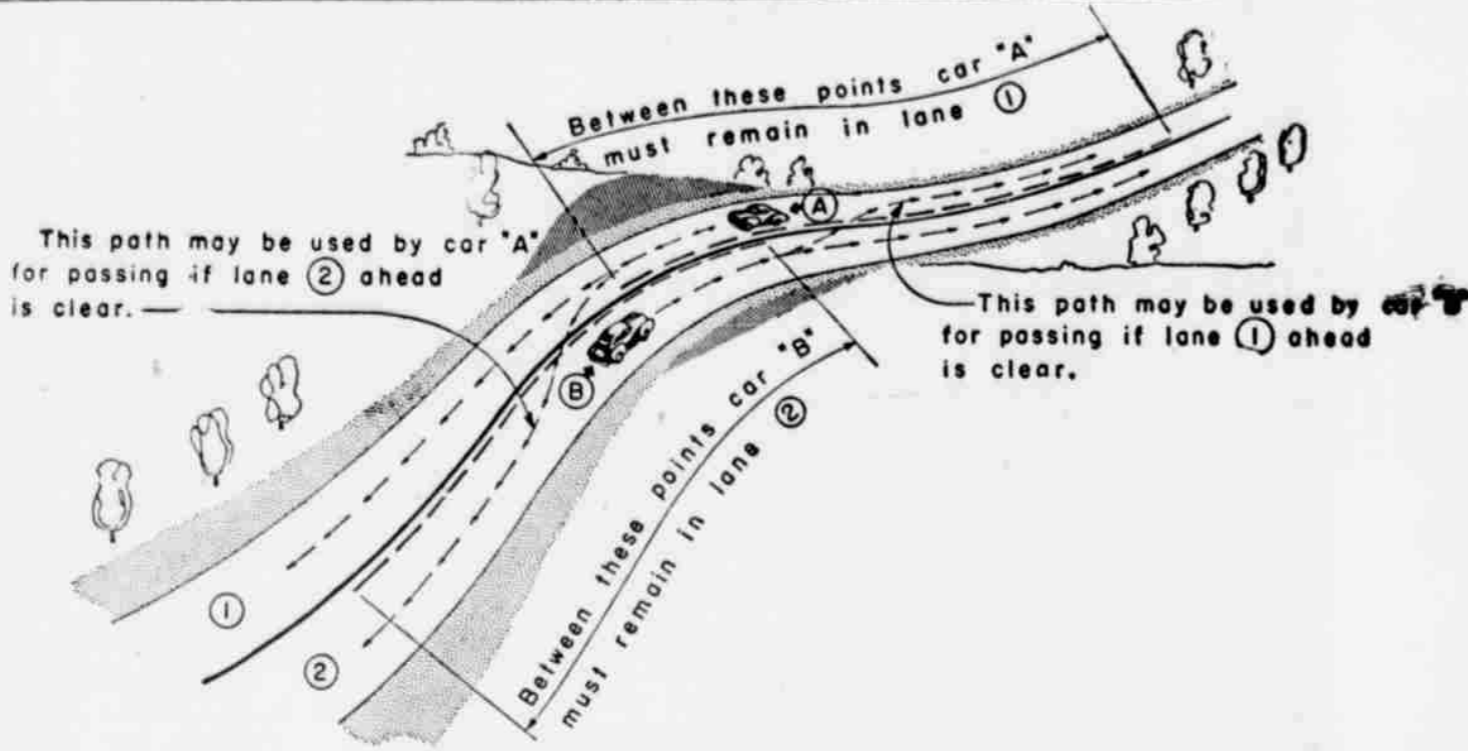

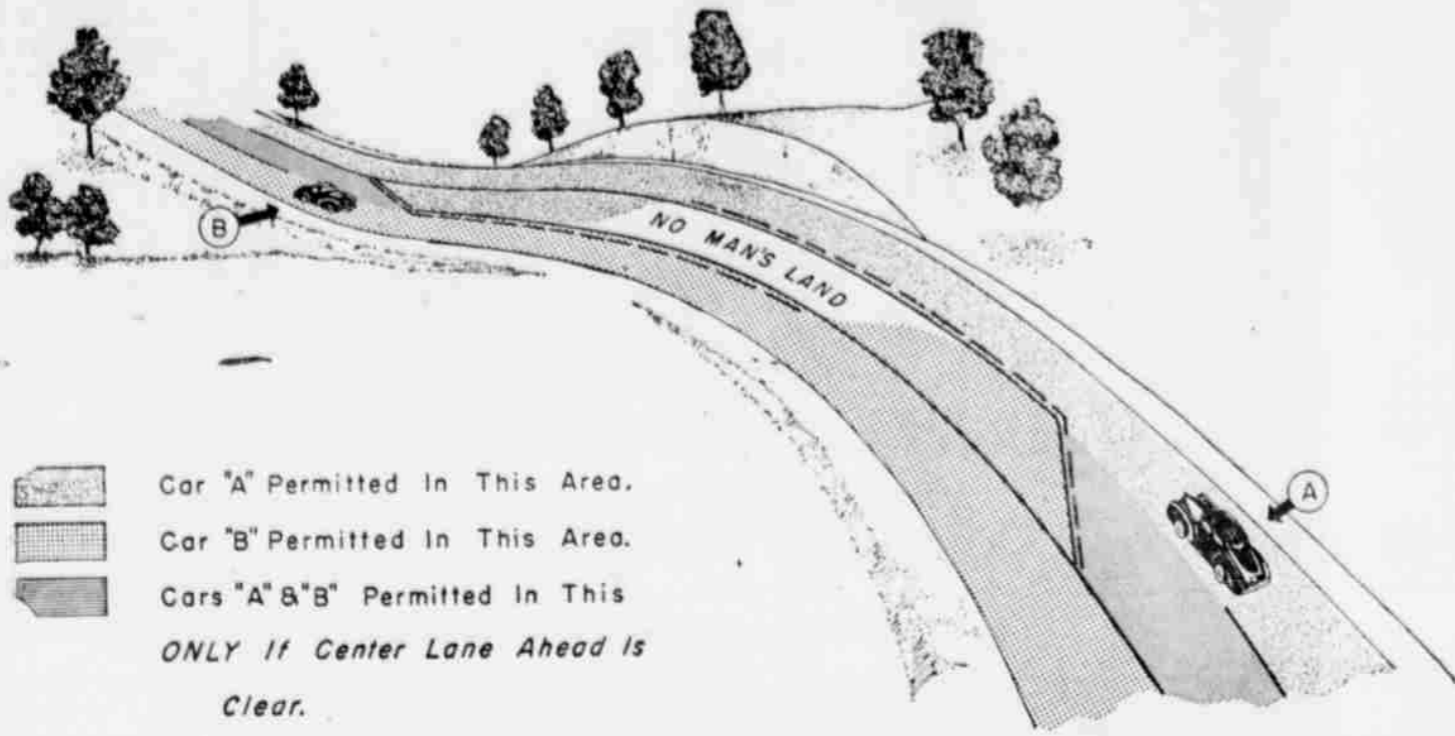

H. D. Club To Hold Bake Sale Saturday

Ladies of the Blue Bonnet Home Demonstration club will hold a Bake Sale beginning at 9 a. m. Saturday, June 10 at the Cal Harvey store.

Mrs. A. A. Royal, president of the club, said that the fifteen members of the club will have a large variety of delicious cakes and pies on sale.

The purpose of the sale is to raise funds for the club treasury.

Observe The Lines In No-Passing Zones Asks Highway Department

Take a look at the broken or faded line in the sketches shown and then look again. This is a barrier line for a no-passing zone, and it can be readily recognized on the road because it is yellow paint covered with thousands of small glass beads that reflect light from car headlights at night to make the stripe more visible.

Companion Line
This is a companion line for the center line on two lane roads and lane lines on three lane roads at points where you do not have a clear view of the road ahead for a distance of at least 1,000 feet, and there are some 23,000 miles of highways on the State Highway System on which such points are marked. The broken yellow barrier line is one of the big guns fired by the Highway Department in the battle for traffic safety. The Highway Commission recently provided appropriation in the form of a \$500,000 appropriation for highway pavement markings during the year of 1950.

What does the broken yellow

barrier line mean? It means that you are violating the law when you cross a barrier line that is on your side of the center line, and you are subject to arrest and fine if you are caught. Even if you are not caught, it means that you are inviting a chance to shake hands with death.

Blind Flying Hazardous
Remember that it takes about 2,400 feet or six and one-half blocks for you to pass a car traveling 50 m.p.h. when you are traveling 60 m.p.h. and there is a car in the opposite lane traveling toward you at 60 m.p.h. When the dashed line is in your lane you cannot see the roadway ahead for more than 1,000 feet, or three blocks, and blind flying is hazardous.

Last year's toll from violations

of the broken barrier line was 22 dead, 109 injured, and \$689,350 in economic loss. The accidents that resulted in this toll of deaths, injuries, and property damage cannot be justified on the basis of a

mistake in judgment on the part of motorists—they were violations of the law; violations in which the innocent as well as the guilty paid the price.

Don't let your impatience get the

Rev. Heckmann Attends Seminar On Public Relations In Austin

To help formulate plans for public relations on the parish level of the church, the Rev. Mr. H. A. Heckmann, pastor of the Emmanuel Lutheran Church was in attendance at a seminar sponsored by the Texas District of the Lutheran Church-Missouri Synod at Lutheran Concordia College in Austin, Tuesday and Wednesday of this week. At the same time and including Thursday, June 1, the district leaders planned a pastor's Institute which Emmanuel Lutheran's pastor also enjoyed.

Dr. D. C. Reddick from the University of Texas School of Journalism will discuss some aspects of public relations neglected by churches.

Auther H. Kowert, secretary of the Texas Press Association and managing editor of the "Fredericksburg Standard," is scheduled to describe proper church-newspaper relationship.

Rev. Heckman was appointed to represent the national church body in this community and to foster public relations on the parish level in congregations in this area. He also serves on the statistical division of the department of public relations of the Lutheran Church-Missouri Synod in Texas.

Practical suggestions originating

better of you and try to pass when there is a broken yellow barrier line in your lane unless directed to do so by an officer, for you are not only endangering your own life but that of an innocent motorist as well.

Poster Contest On Sanitation Held For Cubs

A contest has begun between the Cub Scouts of Littlefield to see which scout can make the most attractive placard showing how diseases can be spread by flies. The finished posters must be handed in to the Chamber of Commerce Health and Sanitation committee not later than June 13. The committee will present prizes of \$5, \$3, and \$2 to the first, second and third place winners. The cub scouts will also receive a gold or silver arrow for their work on this public health educational program.

A drawing or poster showing the relationship of the spread of disease from an ill patient, through human refuse, to food, to a well person is one of the requirements for the older Boy Scouts to obtain a merit badge in Public Health. Some of these pictures are excellent portrayals of this serious combination of nature.

It would be well for the community to see some of these pictures and to be acquainted with this natural law. In our civilization and time, it is disagreeable and disgusting to all our senses—that of sight and smell particularly—to have these conditions still present. The odor is not only disagreeable attraction but to non-biting flies congregate in the refuse and further increase the fly population.

Many diseases have been spread from the human refuse by way of non-biting flies to well persons. One of the latest reports concerns an epidemic of "summer sore throat" in Cincinnati, Ohio which was carefully studied. Evidence showed that some new type of polio had been discovered.

Ninety per cent or more of the cases in most of the epidemics that occur during the late summer and autumn and continue into October and November are based on passage of virus through the non-biting fly.

These are the ordinary house flies themselves carry this disease in their digestive tracts.

The non-biting, or common house fly, is the carrier of virus that results in 90 per cent or more of the epidemic cases in late summer.

SENATOR INSTRUCTS SENATOR . . . Rube Scarborough, one of the Washington Senator's ace hurlers, gives U.S. Sen. Harry P. Cain (right), Washington, a lesson in the rudiments of mound work. Senator Cain is tuning up for the Democratic-Republican charity baseball game which was played recently at Griffith Stadium in Washington. Pitcher Cain is a Republican, hoping to learn a few choice curves to toss at Democratic batters. He'll be used to rhubarbs.

Friendship Train Carries Food To Needy In Nationwide Overseas Program

CHICAGO, Illinois, May 31—A goal of 1,350 railroad carloads of American farm products to fill Friendship Food trains for the needy overseas has been set for this year's nationwide appeal of the Christian Rural Overseas Program (CROP). It was announced by Albert W. Farmer, National Field Director of the cooperative church relief program.

Plans for the 1950 appeal were announced in Chicago by Mr. Farmer at the close of CROP's annual meeting of the state directors, when blueprints for the organizational phase of this coordinated Christian endeavor were drawn up.

The CROP appeal will reach into every state in 1950. Although national in scope, it is concentrated in the nation's top agricultural states.

Already 16 top agricultural states have organized for the 1950 CROP appeal. They are Colorado, Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, New York, North Dakota, Ohio, Oklahoma, South Dakota, Texas and Wisconsin. In some states, volunteer committees will direct the CROP appeal in close consultation with CROP's national headquarters in Chicago, the National Field Director explained.

A CROP volunteer program which has already started and which supplements the carload campaign, is the "Friendship Acres" plan. This seeks to embrace rural youth, farm groups and farm community organizations and individuals who will "work at giving" by setting aside an acre of grain, a berry patch, a calf, pig or a setting of eggs and give the yield to CROP at the time of maturity, Mr. Farmer revealed.

"Anyone, wherever he or she may be, even in the most remote farm region, may participate in the 'Friendship Acres' plan, which is handled nationwide from CROP's national headquarters in Chicago," he said.

CROP is sponsored by Catholic Rural Life—War Relief Services; Church World Service, serving 22 Protestant denominations; and Lutheran World Relief, serving the Lutheran Council of America.

Mr. Farmer stated that organization of CROP committees at the county level, which is now under way in some states, will be more intense than last year with the three Parent Agencies represented on the county level along the pattern of the state CROP committees. Completion of county organization will signal the start of farm-to-farm solicitation of bulk gifts in kind. While the CROP appeal in some states will vary from early June until late December, the individual county appeal will be of one week's duration. The timing of the local campaign will be decided by the county CROP committee which will depend upon maturity of the crop in each respective area. There will be no more than one campaign in any county during the calendar year.

Commodities sought in the CROP appeal include wheat, corn, milk, eggs, beans, soybeans, oats, cotton, dried fruits, sugar, lard, flour, rice, livestock, peas, wool and peanuts.

Since CROP's inception in the fall of 1947, the relief organization collected 3,555 railway carloads of donated farm products for shipment overseas.

Cpl. J. L. Ward On Maneuvers

CAMP MCNAIR, YOSHIDA, JAPAN.—Corporal Jimmy L. Ward, 20, Route 2, Littlefield, Texas, son of Mr. and Mrs. W. J. Ward, is now spending three weeks away from his home post for intensive field maneuvers and exercises at the base of Japan's mighty inactive volcano, Fujiyama.

His outfit, Headquarters, 1st Battalion, 8th Cavalry Regiment, 1st Cavalry Division, made the seventy mile journey by motor convoy from Manila, Japan to the maneuver area.

During the stay in the field he will undergo training in squad and platoon problems, transition firing, infantry tactical instruction and actual participation in duties that his unit would be responsible for in combat instances.

Assigned to the Headquarters Company, ammunition and pioneer platoon as a squad leader Corporal Ward's job will be to take his squad and put them thru combat formations, and he will play a big part in the combat training.

Fight the House Fly
The non-biting, or common house fly, is the carrier of virus that results in 90 per cent or more of the epidemic cases in late summer.

Muleshoe Census Reveals 2,448

Muleshoe has a population of 2,448, as revealed in the census, just completed. This information was conveyed to Mayor King by L. D. Whiteley, Lubbock, 19th Congressional district supervisor. Official announcement will be made from Washington later.

Mr. Whiteley said more than 500 residences were found within the city limits, and that the average per house was 2.99. Population in 1940 was 1927. Mr. Whiteley said that in 1940 the national census revealed a per house average of 4.50. He said this year the census will show 8 million more families and only 16 million more people in the U. S.

Pvt. A. J. Smith Of Amherst Is In Japan

Pvt. Albert J. Smith, son of Mr. and Mrs. Willie H. Smith of Amherst, is now on duty with the 65th Engineer Combat Battalion.

The 65th Engineer Combat Battalion is stationed at Kanaoka, Japan, and is part of the famed 25th Infantry division which is commanded by Major General William E. Keane.

Smith is a basic engineer with Company C of the battalion. Joining the Army Oct. 27, 1949 at Littlefield, he took his basic training at Fort Ord, Calif. He arrived in Japan April 28.

MAYOR McGUP

By John Jarvis

Mrs. Jeanette Bugay and helicopter pilot Owen Nieham are pulled ashore in rowboat Falls, N. Y., after series of dramatic events in the rescue of Mrs. Bugay from the sea. As she clung to a rock near the Canadian falls, a helicopter attempted to reach her in a boat had failed, but the helicopter crashed. A second helicopter completed the job by dropping a rope to a rowboat that saved Mrs. Bugay and the pilots of the wrecked heli-

**LAST RITES HELD
FOR CHAS. TROXELL**

Funeral services were held at the First Nazarene Church, Hereford, May 24 at 3 o'clock for Charles Troxell, father of Mrs. Leona Packard of Springlake.
Six grandsons, Ralph, Charles, James, Donald, Leroy Packard and Fox Cook, all of Springlake, served as pallbearers.
Those attending from Earth and Springlake were: Mr. and Mrs. W. C. White, Mr. and Mrs. W. F. Rudd, Mr. and Mrs. D. Sykes, Mrs. A. C. Barton, Mrs. R. E. Barton, Mrs. R. L. Drake, Mrs. Cecil Parish and Mrs. John Welch.

**Olton Lions Hold
Week Of Carnival**

The Olton Lions Club carnival opened Monday night, June 5, for a week run's.
The carnival sponsored by the Olton Lions Club has practically every civic club and organization participating.
Five rides were brought to Olton by the Rhodes Amusement company and the concessions are being handled by local groups.
Proceeds from the concessions will go for civic improvements by the sponsoring organizations. The

Lions Club has under way a program of sight conservation and is also sponsoring the Boy Scouts. The Study Club is sponsoring the Girl Scouts and the American Legion is sponsoring the boys' baseball league.

Attractive prizes are being offered at all the amusement concessions.

**Three Buildings
Nearing Completion
At Sudan**

Two of Sudan's three new business buildings under construction will be completed within the next week and will be ready for occupancy by new tenants.

The new Boyles building which is constructed of buff brick will be occupied by the Morris Hardware.
The Bill Lyle, Jr. office building next door to the First National Bank is receiving finishing touches and new tenants will include the Furneaux Insurance Agency, West Texas Gas Company and by John R. Dean, real estate and insurance man.
The new \$40,000 Crow Chevrolet Building is rapidly nearing completion and probably within the next 30 days will be ready for occupancy. When completed the new Crow building will be one of the most attractive and finest structures in the city.

VIDEO vs. AUTO-SOCIAL REVOLUTION

The American Family may be ready to move out of the automobile and back into the home.

The automobile that changed the home into merely a human filling station may be surrendering its social influence to another device—television.

The automobile fashioned American customs, ethics, religion, crime, domestic life and courtship the first half of the century. Let's see how television promises to impress its sway upon the American society the second half.

The type, "modern American," was developed by the automobile, which transported him from the peace and seclusion of home to the wide world of events with which he felt compelled to keep pace. Television brings into the confines of the living room. The members of an American family with television are less inclined to be roaming searchers for experience, enlightenment and entertainment. Together and with the family next door, they can experience happenings all over the world without leaving home.

There are about four million sets in the United States today, approximately one set for every eight persons. One-eight of the population, incultured with the influence of home and renewed interest in family life induced by television, is a pretty fair propagandizing force. In about four years, it is estimated, about half of the population will own sets.

But how long will television remain attractive enough to appeal to the young and old and keep the family circle intact? What happens when the novelty wears off? Excellence in televised programs will be the final claim television will need to retain its new influence. And certainly the new medium has not achieved that excellence yet.

As in radio, only a definite number of channels for transmission exist. If they are monopolized by inferior programs, television will enjoy no more respect than a dime museum, and Americans will take to the highways again for diversion.

But future improvement in the grade of television shows is indicated by the movie industry's preparation for the day when the quality of television shows rivals that of movie house productions. The movies plan to take production of pictures for television, should television ever become a serious competitor. Quickening of these preparations suggests that television is lifting its standards.

Despite declarations that Americans will continue to enjoy "going out" for entertainment to places where crowds congregate, the movies are

beginning production for television. Television audiences can no longer be placated with Hollywood's old single-reelers from the vaults. Despite smugness over the superiority of theater-movies to television in technical and artistic qualities, Hollywood is planning to throw all its talents into making movies for television, designed to draw the networks out of the show-producing business.

This activity discloses plans by some of the cinema companies to purchase television networks.

The movies can't suffer too much from the present television show. But eventually somebody will get smart—either the present television network—and begin turning out shows that will take a lot of business away from the theaters.

Hollywood's designs on television will force it either to reform itself or to let Hollywood take over production. The coming struggle will result in a better product from both.

This expected trend toward better television and the coming increase in set ownership will enable the medium to maintain and even strengthen its influence upon American customs. The American family that the automobile tore asunder will be reunited again in the home around a television screen.

Right now some needs of families are worried by the potential effects of television in teaching the fact it keeps them home where parental influence youngsters to become regular little gangsters, despite its stronger. This persuasion, they say, is all the more insidious because crime shows steal time from children that could more profitably be spent on school books and activity more elevating than looking at gore. They say television will result in better trained juvenile delinquents.

Yet, there are excellent education programs televised which the kids generally pronounce "boring." Children's choice of cowboys and murderers over good drama and music may be a condemnation of its "upbringing" rather than that of television, even granting that he average television program is of low intellectual worth.

What matters is that television is keeping children at home more. And parents can supervise the child's recreation in the living room before the television screen by merely twisting a dial—restricting that cannot be enforced when Junior is on the streets.

Yes it looks as if television is going to take our recreation, economy and morals off of wheels for a time.

SIX FEET HIGH—AND OVER! . . . "Farmer's Glory" and his rider, Miss M. Edgar, take a jump in England's royal Windsor horse show in London with six feet flying and plenty of room to spare—between the horse and rider at least. The spectacular equine event was a major attraction to horsemen and horse women from all over the country, with thrills and spills on the turf. Miss Edgar was entered in the class six ladies open jumping event, which contained many spine tingling leaps.

Rex Montgomery Receives Diploma

Rex Montgomery, son of Mr. and Mrs. H. B. Montgomery of Rt. 2, Olton, was among the 40 graduates to receive their diplomas at the Weatherford College commencement exercises, June 2.

It marked the end of a busy two-years work for Montgomery, who has been an outstanding student and athlete.

He's a member of various organizations at the school including the Rodeo Club, and the Future Farm-International Relations Club, the ers Club.

But Montgomery's outstanding feats have come as an athlete weighing only 115 pounds, Rex be-

came one of the schools first boxing lettermen.

He went undefeated for the 1950 year in schoolboy bouts and in other fights he won the Southwestern Amateur Athletic Union's bantam-weight championship in Dallas. He also went to the finals in the novice bantam division in the Fort Worth Regional Golden Gloves

Preston Smith Is Littlefield Visitor

Preston Smith, candidate for Lieutenant governor, was in Littlefield last week on a tour through this area.

While visiting in the offices of the Lamb County Leader, Smith mentioned the fact that West Texas has never been represented by a governor or lieutenant governor. He expressed the hope that he as a Lubbock man might remedy that situation.

Smith has been a member of the state legislature since 1944 from the 119th district and has been active in a number of enterprises.

Smith was born in Williamson county 38 years ago and attended school in Williamson and Dawson counties, graduating from Lamesa High School.

He graduated from Texas Tech in 1934 with a degree in Business Administration.

Just a few dollars more than the lowest-priced car

Construction Starts On New Building For S. W. Public Service Co. At Sudan

Construction work got underway last week on the new offices for the Southwestern Public Service Company at Sudan. The project will require from 30 to 60 days for completion and will be located in the brick building on Sudan's main street formerly occupied by the Gunn Produce.

According to Max Houk, Sudan manager of the Service Company, when completed, the offices will

be of the same calibre as company offices in larger cities. The interior will be finished in knotty pine, with indirect lighting fixtures and a complete air conditioning system.

The new quarters will comprise a service room, managers office, bookkeeper-secretary cage and reception room.

**Geo. Hine Visits
W.O.W. Lodge Here**

George Hine, WOW State Manager, of Abilene, spent Thursday in Littlefield and attended the lodge meeting Thursday night.

From here Mr. Hine went to Waco for the unveiling of one of the regional monuments erected by the W.O.W. in memory of men who lost their lives in World War II.

In an interview with Mr. Hine Thursday he stated that there were large numbers of men killed in the War, who had no parents back home to bring their remains to this country, and the WOW had monuments erected in various cities on which they had placed the names of these deceased soldiers.

One of these monuments was unveiled at Waco last week end.

Monuments were erected at Charlotte, N. Car., Atlanta, Ga., Charleston, West Va., Cleveland, and others.

"I REMEMBER"
BY THE OLD TIMERS

From Mrs. Grace Burkhart of Berryville, Ark.: "I remember when you could buy big, heart-shaped squares of 'Lady Gum' with a little picture pasted on it. I guess it was just sweetened paraffin and it wasn't very good, but there was surely a lot of it for a penny."

Mrs. Vena Nerton of Mesa, Ariz.: "I can remember going to the mill several miles from our home with a load of wheat, and bringing back large, heavy sacks of flour."

From Clara Weppeler of Coshocton, O.: "I remember when my mother cooked soap from meat rinds, grease and lye from wood ashes mixed with some bought lye. She not only made soft soap but all the hard soap we used for household purposes. We never bought a bar of laundry or toilet soap until 1907."

From L. Hornecker of LaCrescenta, Calif.: "I remember the deep snow Illinois used to have, 60 years ago. Around the warm wood stove on those cold nights we ate apples and popcorn, popped in a wire popper over the red coals in the stove."

From Mrs. Mary Stewart of Chicago: "I remember when grocery stores had several large, black, japanned tin boxes with various teas — oolong, gunpowder, green Japan, English breakfast and mixed. Ten or 15 cents worth

HERO TO THE KIDS . . . Bronx Patrolman William Carr gets a handshake from Joan Cohen as other youngsters look on. Carr, who has six previous citations for bravery, rushed into a public school yard to stop a snarling dog menacing the kids. Afraid to shoot because of the milling crowd, Carr jumped on the animal, twisting a leather collar around the dog's neck until it was subdued. The dog was removed to be tested for rabies, and Carr received the thanks of the kids.

**Painful Whooping Cough Can Be
Prevented With Vaccination**

AUSTIN, June. How many people do you know still cling to the old-fashioned idea that the sooner children catch the so-called diseases of childhood, the better off they'll be?

Take whooping cough, for example. Isn't it ridiculous for children to have to suffer with it when it may be prevented by simple vaccination?

Whooping cough goes by the scientific name of pertussis. Regardless of what you call it, it still means violent, painful wracking coughing that takes the breath and tears at the chest and throat walls.

Pertussis is prevalent among children everywhere. About 15 out of every 100 cases are in children under two. North America, from time to time, seems to have more than its fair share of cases.

Sometimes it's fatal, especially to very small children. About 85 out of every 100 whooping cough deaths are among two-year-olds and less. And, strangely enough, most deaths are among girls. In 1949 Texas had 46 whooping cough deaths. So far in 1950, an average of 323 cases have been reported every week.

Whooping cough is spread through droplet infection—that is, by breathing air contaminated by a sneeze or cough of an infected person. You can get it from using the personal things of an infected person, too. It is communicable from about 7 days after exposure until three weeks after the coughing starts.

The important thing about whooping cough is that vaccination may protect against it. It's the only thing that will. If an unvaccinated child gets the disease, he will thereafter have what is called a "definite and prolonged immunity." But the fact of the matter is that second attacks have been known to occur.

Vaccination of all preschool children is the answer to control. "Doo-ster" shots may be advisable within a year after the initial vaccination. Your family doctor will make that decision.

**Is Candidate For
Associate Justice**

GEORGE W. HARWOOD

George W. Harwood, Dallas attorney and former county judge, place 3, of the State Supreme Court.

Mr. Harwood said he had filed for a place on the ballot with John C. Calhoun, Corsicana, chairman of the State Democratic Executive Committee.

The new Dallas candidate withdrew from a race for the 116th District Court bench prior to announcing for the higher court post. He was born on a farm in Texas.

Littlefield Roping Club Wins Roping Contest From Sudan

Members of the Littlefield Roping Club defeated the Sudan Roping Club in a calf roping contest held Sunday, June 4 in Littlefield.

Each team used 11 men and each roped two calves in the contest. Total time in seconds for the winning team was 704.3 and Sudan roped their calves in a total time of 736.5 seconds giving Littlefield a 32.2 second margin.

Gene Williams, president of the Littlefield club, roped his two calves in a total time of 37.6 seconds.

In the jack pot roping event, in which each man completed on an individual basis, Tokio Doty, Sudan; Bob Claunch, Littlefield; and Norris Onstead, Littlefield placed first, second, and third respectively.

Members of the winning Littlefield team were: Gene Williams, Allen McDonough, Cecil Martin, Bill Roper, Forrest Latimer, Norris Onstead, LeRoy Davis, Bob Claunch and Dick Perrin.

The Littlefield team will compete against the Lamb County Sheriff's posse Thursday night, June 8 at the queen judging contest at the Jaycee rodeo arena.

At the conclusion of the judging a jack pot calf roping contest will be held for anyone who wishes to enter.

Urge More Bonds For Land Program

An additional issuance of \$50,000,000 bonds for the Veterans' Land Program plus additional appropriations for increasing the staff of the office to facilitate the handling of loan requests will be urged before the next Legislature by Senator Kyle Vick of Waco, candidate for Lieutenant Governor of Texas.

"This increase in bonds and staff allotments can be handled without a penny cost to the Texas taxpayers," Senator Vick said. "Of the \$25,000,000 bonds issued last year, \$5,000,000 have already been used, another \$10,000,000 in bonds have been cashed, leaving only a \$10,000,000 surplus, with thousands of loan applications crowding the loan staff."

Some veterans' applications have been in the mill for from six to eight months with no action in sight. "This is not the fault of the Veteran Land Board," Senator Vick emphasized. "The staff is just not large enough to take care of the

flood of loan applications, and the original bond issue will not be sufficient to cover all applications."

The Veterans' Loan Bill authorized the issuance of \$25,000,000 in State bonds to cover loans to GI's of the last war for the purpose of buying farm and ranch loans. Veterans may borrow as much as \$7,500, less a 5 per cent down payment at 3 per cent interest for a 40-year period. The loan is repayable in monthly installments.

E. E. Harper Rites Held In Circleback

Funeral services for Eckford Ernest Harper, well known farmer of the Circleback community who passed away Wednesday, May 31, were held at 2:30 p. m. Friday in

the Circleback church. Ebb Randol, Muleshoe Church of Christ pastor, conducted the services and burial was in the Sudan cemetery under the direction of the Muleshoe Funeral home.

Mr. Harper was stricken with a heart attack Wednesday at Sudan, and was rushed to the Amherst hospital by friends, but he was pronounced dead upon arrival at the hospital. He had had several such attacks in the past year, relatives said.

The Harper family have lived at Circleback 16 years, moving here from Plaska community in Hall County. Mr. Harper was 60 years of age.

He was born July 27, 1889, in Alabama. Mr. Harper was a member of the Church of Christ.

Survivors are: His wife, Mrs. Beulah Harper, Circleback; three sons, L. A. Harper, Jack Harper, and Thomas Lee Harper, all of Circleback; a daughter, Mrs. C. G. Williams, Needmore; three brothers, E. L. Harper of Amarillo, E. N. Harper of Memphis, Texas, and E. W. Harper of Earth, Texas. Six grandchildren also survive.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. C. B. McCarraber of Spring City, Pa.: "I remember when I was a child, we would get an invitation to a surprise party as follows: 'You are invited to a birthday party for (name). P.S. Guests please furnish refreshments.' The 'P.S.' was at the bottom. And it wasn't a bad idea, as the mothers did not have half as much trouble getting ready as they do nowadays. It was the custom for children and grownups alike."

From Bert Powell of Chicago: "Who remembers the very peculiar combination of a dill pickle and peppermint stick which children

used to enjoy? The very thought of it now is enough to make me want to turn a handpring."

Local Girl Elected Club Officer At Texas State College

DENTON, June 5 (Special)—Miss Mecca Ernestine Grant, daughter of Mr. and Mrs. Tom J. Grant, 302 East 8th, has been elected to serve as secretary-treasurer of the Panhandle Club next year at Texas State College for Women.

Miss Grant has just completed her freshman year at TSCW.

From Frank J. Oswald of Chicago: "Here are the names of some more old-time cars for the old timers to add to their list of old time cars: Auburn, Columbus, Continental, Cord, Cunningham, Davis, Erskine, Elcar, Flint, Franklin, Graham and Gray."

From C. S. Cooper of Xenia, O.: "I remember when granulated sugar first appeared on the market . . . and when men wore vests and had a comb and tooth brush sticking out of the upper left-hand pocket."

From H. Maude Ravenscroft of Cincinnati: "I remember Mamma sending me to the grocery for eight cents worth of home-boiled ham (delicious, too) which was then eight cents a quarter of a pound."

Haskell Lasater, Slaton Piggly Wiggly manager, smiling by growing a beard in connection with the Slaton Chamber of Commerce Party. But the Court of Beards held that chin whiskers sideburns were insufficient and accordingly judged that in "Ye Ole Swimming Hole for close shavers" would be left to right the executioners are: Elton Smith, Ned Berry, J. J. Maxey, Weldon Martin, Milton Jocheta and others in back ground. Picture was made just before the closing meeting Slaton Chamber of Commerce Manager.
