

Revival Opens At
First Baptist

DR. A. HOPE OWEN
The First Baptist Church of Littlefield will enter into their two week revival meeting Sunday, July 11, at 8 o'clock. Dr. A. Hope Owen, pastor of the church, will do the preaching. He is well known and well loved by a large host of people in this area. Many have known him in his former pastorate at Shawnee, Okla., Albuquerque, N. M. He is a fine gospel preacher with a Christian personality. His work as an evangelist has met with success. L. W. (Happy) Jordan of Littlefield will direct the music for the revival. Mr. Jordan formerly lived in Littlefield and has a host of friends here. Services will be held twice daily. Morning service will begin at 8 a. m. and the evening service at 8 p. m. The auditorium is air-conditioned and will be comfortable under all conditions. A cordial welcome to you.

Yellow House Ranch Leased

George L. White, prominent Littlefield citizen, stated that he has leased the Yellow House Ranch, located in southwest Lamb County and west Rockley county to A. E. Clifton of Tribune, Kansas, for a term of one and one-half (1 1/2) years, for agricultural purposes. The famous Yellow House Ranch established by the late Major W. Littlefield many years ago. At the time it included the area upon which the City of Littlefield is now located. The ranch presently contains 22,000 acres of land. Lessee, A. E. Clifton, is a prominent rancher in West Kansas, and operates two ranches. It is understood Mr. Clifton plans to wind up the Yellow House Ranch and take them to Kansas for sale off for the market.

Sponsor Display Appliances

Lamb County Electric Cooperative is planning to sponsor an electrical show at the Veterans of Foreign Wars Hall Sept. 6, the purpose of which is to familiarize the people in this area with the different types of electrical appliances on the market and give them a comparative showing according to J. H. Carl, manager.

12 Display Spaces Sold

REA manager also announced that 12 display spaces had already been spoken for by electrical appliance concerns. It is believed is the first electrical show ever planned for this area.

All Firms to Cooperate

It is expected that practically all electrical concerns will display appliances. It is reported, will be the day of the show to people who own refrigerators or other scarce appliances.

Record Attendance Reported at Swimming Pool Friday

Attendance at the local pool chalked up a record on the 4th of July when swimmers poured into the pool at the rate of one a minute from opening to closing time. The management sponsored another money scramble Sunday, but there was no grand prize. Divers leaped for fun and whatever they could grab, in this case ten nickels and a few quarters. E. C. Cundiff, manager, said one enterprising youth retrieved two of the quarters.

LAMB COUNTY RODEO QUEEN TO BE CHOSEN MONDAY NIGHT

Paving Assessment Order Passed; Work Starts Monday

Owners To Be Taxed 90% For Front Lot Paving To Be Payable 1-5 Down and Balance In Four Payments

At a meeting in the secretary's office Saturday morning, the City Commission passed the final assessment ordinance in connection with the paving program, and work got underway on the paving project Monday. In an interview with E. Martin, engineer, he stated that they started staking out Monday on East 12th St. for the curbing; and that as soon as they got far enough ahead with the curbing they would start laying the caliche, and when they finished with the caliche they would put the surface on it.

In explanation of the assessment ordinance W. G. Street, city secretary, reports that where the property owner refuses to sign up for his portion of the paving assessment, his property will be assessed as follows— for improvements on front of lots 90 per cent of the cost of the paving; and for paving on the sides of the property, 66 2/3 of the cost.

Payable 1-5 down
This paving assessment will be payable one-fifth when the job is completed, and the balance in four annual payments. Property owners may pay all assessment if they wish and thereby save 6 per cent interest. **Purtell General Contractor**
L. A. Purtell is general contractor on the paving project, with whom Travis Jones is associated. Approximately sixty blocks of paving are said to be planned.

JayCees To Meet At 8 P. M. Tonight

The Littlefield JayCees will meet tonight at 8 o'clock at the Starr Drive-In to discuss a further plan for the Rodeo Queen and Cowgirl contests to be held in connection with the JayCee-sponsored rodeo.

Wayne Brown, first vice-president of the JayCees, announced that tickets for reserved seats at the rodeo will go on sale Monday July 14. 1500 seats will be reserved at each performance and tickets may be obtained at Bertley-Harvey Appliance store or by writing box 162, Littlefield.

Fellowship Meeting Here July 17

Rev. George L. Norris, pastor of the Gideon Baptist Church and son of Dr. J. Frank Norris, who is pastor of the First Baptist Church of Fort Worth, Texas, will be one of the featured speakers at the South Plains Fellowship which will meet Thursday, July 17, in the Littlefield Missionary Baptist Church, XIT Drive and Eighth Streets. This will be an all day Fellowship with preachers attending from all over the Plains and New Mexico.

Dinner will be served at the church. There will be special music, quartets and solos featured throughout the day. Everyone is invited to attend this service which begins at 10:00 a. m. and ends at 10:00 p. m.

Mrs. A. F. Jones was admitted to the Amherst Hospital July 1 for a check-up and treatment for gallbladder trouble.

Huge Alligator Killed in Dry West Texas

Front Row—Sitting: Winslow Whitten of Red Springs; Editor Roberts, Throckmorton; Bill Shumate of Red Springs. Back Row—Standing: H. P. Clifton, foreman of the Hunt Ranch; Lyndon Dunlap of Throckmorton; Harry G. Knipp, employee of The Tribune and Elijah Parrott, of the ranch.

EDITOR'S NOTE: The following story, written by Harry Knipp, was taken from the Throckmorton Tribune, issue of July 4th. Mr. Knipp is now with the Lamb County Leader.

This is a story which will no doubt be recorded as just another "Tall Tale from Texas"—the story of the killing of an alligator in Throckmorton county Sunday. The carnivorous reptilian met his end in a tank on the Hunt ranch twelve miles north of Throckmorton, dying from a shot in the snout from a 30-30 Winchester in the hands of Winslow Whitten, of Red Springs, who together with Bill Sumate and family also of Red Springs, were guests in the home of H. E. Clifton and family. Mr. Clifton is foreman of the ranch and Elijah Parrott, one of the assistants.

Just where the lizard-like denizen of the Amazon came from—and just how he came to pick West Texas as a habitat is and will probably remain a mystery. It seems that he was spotted something over a week ago by ranch hands and several attempts had already been made to kill him before Sunday. Hearing these reports, the editor, together with Harry Knipp and Lyndon Dunlap, drove out to the ranch Sunday to investigate. Going to the home of the foreman they were informed that he and his family and their guests were just starting for the tank, having already spent the forenoon in an attempt to get the "big lizard." So the hunt was soon underway—and soon over. Ten minutes after the party reached the tank the animal was spotted and killed. It measured eight foot and five inches and weighed just under one hundred and fifty pounds. Not being versed in "alligatorology" in West Texas it is useless to try to figure the age of the reptile.

Reaction to the story locally is something like the farmer who saw his first giraffe at a circus. After a good look at the animal he turned away disgustedly and said "he-

Winslow Whitten and Bill Shumate of Red Springs who got 'em with .22 and .30-30 rifle.

there ain't no such animal. But there was an alligator killed in West Texas, the pictures accompanying the story being proof of the pudding.

Many stories are being advanced relative to the possible origin of the critter. One popular story is that a carnival showing out on Elm creek some twenty years ago lost a couple of gators which they had on exhibition. Then deputy sheriff, Dick Stout's theory is that for the past several years many Mexican work crews have been engaged in clearing land out that way and he says that he has seen many pet alligators around the camps of the workmen. His idea is that tiring of them as playmates they were turned loose in the vicinity of the tank. And looking this one over Sunday it seems possible that one would soon tire of such a thing as a playmate. Another story related by Judge King says that about forty years ago

Savings and Loan Declare Dividend

A dividend has been declared by the Littlefield Federal Savings and Loan Association. This community project, although it has been in operation less than a year was able to set up proper reserves and declare a dividend of two per cent (2 Pct.) out of its earnings.

The dividend is being paid on all stock and savings accounts which have been with the organization for at least six (6) months. Those who have shares or savings accounts in the organization and have held them less than six (6) months will be eligible to receive dividends the next time they are declared, from the time their investment was originally made. Already something over \$126,000.00 has been invested in the local association. First mortgage loans of over \$123,000.00 have been made to enable the purchase or improvement of homes in Lamb County.

Investments either in the form of investment shares or of savings accounts in the association are guaranteed by an agency of the United States Government to the extent of \$5,000.00 for each individual making a deposit or investment.

The secretary-treasurer of the association, David Keithley, reports there is a strong demand for loans, which need, the association is filling to the extent of its ability. Loans are being made on conservative valuations in order to secure continued sound operation of this community project.

L. V. Wood Opens Loan Company

L. V. Wood has announced the opening of the Luke's Broker & Loan Company at 510 Phelps Avenue, Littlefield. This company is licensed to handle firearms and ammunition of all kinds, and report they will loan money on any article of value.

relatives of the Howsley family sent a couple of young alligators from Florida which were later turned loose in the Elm Creek vicinity.

Ernest Hunt, of Olney, who, with his mother owns the ranch is said to have been the first to spot the 'gator and the report is that he will soon be sporting a pair of boots made from its hide. Mr. Hunt was not present at the time it was killed but called in from his home to say that he would drive down late Sunday afternoon.

Roping Club Sponsor Parade Starting at 7 P. M.

Queen Chosen To Reign Over Entire Rodeo July 25-27

Littlefield will see a prevue of things to come Monday night, July 14, when the Littlefield Roping club will sponsor a parade starting at 7 p. m. Everyone who has a horse is cordially invited to take part in the parade, which will start at the court house, proceed through the downtown district and terminate at the Littlefield JayCee Rodeo Arena.

To Choose Queen
Highlight of the evening will be the selection of the young lady who will reign as Rodeo Queen July 25, 26, 27. T. G. Shaw, secretary-treasurer of the Roping Club emphasized that merchants and individuals in Littlefield and Lamb County are strongly urged to sponsor a girl contestant for Rodeo Queen.

Sponsors may choose any girl they wish, provided she is within the age limits, which have been ruled; age limit: 16-85. The Queen must be a resident of Lamb County and will be selected by out-of-county judges on the following points: 1. Western Dress 25 per cent. 2. Horse and Rigging, 25 per cent. 3. Ability to ride and handle mount, 50 per cent. Total 100 per cent.

Before selection and crowning of the queen, the Littlefield Roping Club will put on an exhibition of bronc riding, and wild cow milking. The Rodeo Queen will be expected to make three booster trips and other similar events in advertising the rodeo, all expenses paid.

After the queen is selected, spectators will see an all-star softball game. Admission for adults will be 25 cents, tax included. Children under 12 will be admitted free.

There is no charge for entry in the queen contest, but entries must reach Alvin C. Webb, Queen Contest Chairman, by noon, Monday, July 14, 1947. Mr. Webb can be contacted at 429 Phelps Ave., P. O. Box 812, or by calling 394M, Littlefield, Texas.

Sponsors will also have the opportunity of entering their entrants in the Cow-Girl Sponsor contest to be held on the second night of the Littlefield JayCee Rodeo on July 26, 1947.

J. Frank Norris' Son To Speak Here

The Radio Bible Hour, KVOW, which is heard daily from 2:00 to 2:30 p. m. under the direction of Rev. Weldon B. Meers announces as guest speaker over this program on July 17, the Rev. George L. Norris. Mr. Norris is pastor of the Gideon Baptist Church of Fort Worth and the youngest son of Dr. J. Frank Norris, who is pastor of the First Baptist Church of Fort Worth, Texas.

All the people of Lamb County are invited to tune in to this broadcast and hear this preacher who is even a greater preacher than his father.

NEW PORTABLE SPRINKLER SYSTEM TO BE DEMONSTRATED

A new portable sprinkler irrigation system will be demonstrated today at Jack Yarbrough's place in south Amherst. Pumping 400 to 500 gallons of water a minute, there is no waste under the sprinkler system, according to Lem Weaver, county agent.

The demonstration will be put on with the smallest type available although farmers can get them in larger sizes. The lock jointed sprinkler can be moved quickly and set up on any type of land. Everyone interested is invited to come out and see the portable irrigation system today. On Friday and Saturday, July 18

and 19, the portable sprinkler irrigation system will be demonstrated south of Beck's Gin. Weaver emphasized that it is well worth while to see the new system.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women may have brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a liquid, it is absorbed immediately, and gives relief almost as fast as the pain begins to come.

2 Started 2 days before "your time," it should help relieve pain due to primary functional periodic cramps. Try Cardul. If it helps, you'll be glad you did.

The Picnic Was a "Hug" Success!

Our local Wild Life League went on a picnic Saturday, and I went along to cover it for the Clarion. Monday, folks kept stopping me, and saying: "Must have gotten out of hand, that picnic!"

"Nonsense," I says. "It was mighty pleasant and congenial. Just beer and hot dogs, cheese and cider." And then they show me the headline reading: "WILD WIFE PICNIC HUG SUCCESS."

Of course it was Elmer, my typesetter, who had made the misprints: But is my face red! It's only be-

cause folks are so temperate and well-behaved in our town, that they could afford to take the whole thing as a joke.

From where I sit, even a newspaper editor's entitled to a few mistakes. And since I reported that they served a moderate beverage like beer, I'm sure nobody thinks the picnic was the least bit wild, or anything but a huge success—and, I mean huge!

Tax Equalization Board For City Meets Tuesday

The Board of Tax Equalization of the City of Littlefield met Tuesday at the office of the secretary, W. G. Street.

Approximately ten property owners appeared to protest tax valuations.

The Board is composed of J. C. Hilburn, chairman, C. O. Griffin and Renard McCary.

Leonard Irwin, local ginner, was admitted to the Littlefield hospital Friday last, and underwent an operation for removal of a tumor from his right breast. He was in a serious condition for a time, but is now reported to be getting along nicely.

BULL LAKE PHILOSOPHER CAN'T UNDERSTAND UPROAR OVER SAUCERS; HE'S SEEN THEM FOR YEARS, RIGHT NEAR HIS HOME FIRE

EDITOR'S NOTE: The Philosopher on his Johnson grass farm on Bull Lake apparently has gotten the wrong idea entirely about the celebrated flying saucers, which isn't unusual for him, as his letter this week reveals.

Dear Editor:

I guess I have been swept off my feet as much as the next man and don't suppose there's no cure for it and as soon as another election comes along I'll go overboard again, as you never can tell, maybe this time the candidate really means to pave the road past my house and maybe even throw a little gravel in the driveway and fix the culvert, but if you ask me there is entirely too much hysteria and commotion over all these flying saucers people is seeing all

over the United States.

In practically every newspaper I pick up out here on Bull Lake from the Lamb County Leader on down to the Avalanche-Journal, there is considerable mention of these flying saucers and hurtling pancakes and other missiles which folks are seeing all over the country.

Now I don't doubt a lot of folks has seen some flying saucers and so forth, but what I can't understand is why all the excitement and commotion?

Thunderation, I been seeing flying saucers out here on Bull Lake for years, but ain't never rushed to the newspapers about it. In fact, flying saucers ain't all. Skillets, stove lids, pie pans, stew pans, flat irons, the tea kettle, tin plates, stove wood, once the whole stove itself, in fact, anything my ole woman could lay

her hands on, but I always considered it a private personal matter, not something to be parading in the headlines all over the country and calling out the army and navy and the atomic scientists about, if you get what I mean.

I suggest you tell them people who is reporting all them flying saucers to calm down. As long as they keep dodging 'em, that's the main thing that matters. Here comes one now, but I always figured dodging was easier than bending over a wash tub. Missed me.

Yours faithfully,

City Of Morton Is DDT Sprayed

Lubbock's new DDT sprayer was used at Morton and the entire town has been sprayed to kill flies and mosquitoes, according to Don Cook, city superintendent of rodent control who operates the device.

Wolforth was sprayed late Thursday and Lorenzo probably will be given treatment this week, Cook said. Plainview and Crosbyton also have requested use of the machine, but dates for visits there have not been set.

The machine is being made available o nearby towns without cost ex-

cept for operating expenses when it is not needed in Lubbock, officials explained.

Last Rites For Mrs. C. L. Cook

Mrs. C. L. Cook, 50, passed away Friday night about 11:30 o'clock at a local hospital, where she had been a patient since the previous Wednesday, following an operation.

An intestinal obstruction is given as the cause of her death. Mrs. Cook, however, had been in ill health for sometime.

Last Rites Monday

Funeral services were conducted at 10 a. m. Monday at the First Methodist Church, with Rev. S. M. Dunnam, pastor, officiating.

Interment, in charge of Hammons Funeral Home, took place in the Littlefield cemetery.

Pallbearers were: Fred Wright, G. M. Shaw, Henry Banks, "Dutch" Higgins, M. M. Brittain, and Otto Jones.

Mrs. Cook, the former Levy Jane Easley, was born July 19, 1896, at Woodward, Okla., and came to Texas with her parents when a small child.

Her father, the late Robert H. Easley, was one of the early pioneers of West Texas.

Located at Post

The family located at Post, Texas, where they lived several years. From there they moved to Ennis, in East Texas, and after some time moved back to Post.

Mr. and Mrs. Cook were married in 1916 at Post.

Came to Littlefield in 1924

They came to the Littlefield area, locating six miles northeast of this city, in 1925, where they have carried on farming operations and where they have continuously made their home.

Deceased had been a member of the Methodist Church for many years.

Mrs. Cook is survived by her husband, a son, Russell Cook of Los Angeles, Calif., and a daughter, Miss Pauline Cook, employed in civil service at Honolulu, Hawaii.

Miss Cook arrived in Amarillo by plane Sunday, and was met there by her brother, who accompanied her to Littlefield.

Deceased is also survived by her mother, Mrs. Robert H. Easley of Pasadena, Calif., who has been here with her daughter for the past two months.

She is also survived by 2 sisters and 3 brothers. The sisters are: Mrs. Dean Gilbert of Pasadena, Calif., and Mrs. Walter Clark of Plainview, Texas.

The brothers are: John Easley of Lovington, N. M., Jack Easley of Ruidosa, N. M., and Robert Easley of Bakersfield, Calif.

All the above members of the family and brothers and sisters, with their wives or husbands were present for the last rites.

Mrs. Roy Gattis, employed by Dunlaps, started her vacation Monday, which she is spending at home.

SOCIAL EVENTS

Miss Dorothy Harlan And Irvin Robinson Wed At Fieldton

Miss Dorothy Harlan, daughter of Mr. and Mrs. W. P. Harlan, of three miles northeast of Littlefield, became the bride of Irvin Ray Robinson, son of Mr. and Mrs. C. W. Robinson of Littlefield, Thursday, July 8, at Fieldton.

The ceremony was performed by Rev. Waincott, pastor of the First Baptist Church, Fieldton, at the parsonage, at 6:30 p. m.

The bride wore a blue crepe dress with white accessories, and a corsage of white carnations.

Mr. and Mrs. Leroy McCormick attended the couple. They were accompanied by their small daughter Patricia Kay.

Mrs. McCormick wore a yellow dressmaker's suit, with white accessories, and pink carnation corsage.

The bride has attended Littlefield schools, and at the time of her marriage was employed by George's Bakery.

Following the ceremony a reception was held and miscellaneous shower given on the back lawn at the home of Mr. and Mrs. C. F. McCormick at 408 West First Street. Lights strung from tree to tree provided a perfect setting for this social affair.

The bride's table was laid with white hand crocheted cloth, centered with a beautiful three tiered white wedding cake, topped by miniature bride and groom. On either end of the table were vases of various cut flowers.

After the first piece of cake was cut by the bride and groom, Miss Mecca Grant of Littlefield, Miss Merlene Brandon of Clovis, and Miss Oma Dee McCormick served, while Mrs. C. F. McCormick poured punch from a beautiful crystal bowl.

Miss Ina Dee McCormick registered the guests in a pretty white and pink handpainted bride's book.

The groom has been a resident of Littlefield for the past year and a half, coming here from Cooper, Texas. He is employed as fry cook at the IT Cafe.

Following a trip to Carlsbad, N. M. the couple are at home at 915 West 6th St., Littlefield.

Those attending the reception and shower were: Mr. and Mrs. C. F. McCormick, Mrs. W. A. Dysar, Mrs. E. Wallace, Mr. and Mrs. B. F. Campbell, Mr. and Mrs. James D. Bryan, Miss Alma Faye Henry, Frank Robinson, Miss Gladys Tapley, Mrs. J. W. Chapman, Mr. and Mrs. Leroy McCormick, Patricia Kay McCormick, Mr. and Mrs. W. P. Harlan, Imogene Harlan, Mrs. Fred Standifer, Mr. and Mrs. C. W. Robinson, Miss Mecca Grant, Miss Merlene Brandon, Miss Oma Dee McCormick, Dan Heard.

Those sending gifts, but unable to attend were: Miss Ethel Harlan, Mrs. Pentice Graham, Donald Bennett, Lucille Simons, Joe Clark, E. L. Price, Jack Fore, Onstead Furniture, Nolan Ray, J. C. Houk, J. C. Thompson, Louise Jackson, A. H. McFarland, Swede Kling, Buck Ross, John Alford, Silas Dean, Sue Campbell, Tommie McFarland, Dee Chapman, Ruby Sullivan, Doris Lyons, Juanita Lyons, and LaTrill Hicks.

Byerley-Motl Vows Are Said In Anton

MRS. HORACE BYERLEY, JR.

A double ring wedding ceremony was read for Miss Dott Marie Motl, daughter of Mr. and Mrs. Frank J. Motl of Anton, and Horace B. Byerley of Levelland, by Rev. Joseph Heger of in the Motl home Sunday, June 29.

Wedding music was furnished by Mrs. Ethel Terry.

The bride, given in marriage by her father, wore a gown of white satin styled with a low neckline outlined with marquisette and lace, long sleeves, a fitted bodice and a full skirt. Her veil of illusion, edged in lace, fell from a crown of lace and seed pearls. She carried white iris on a white Bible.

Miss Dorothy Motl of Anton, sister of the bride and maid of honor, wore a dress of blue satin and carried pink gladioli. Zade Hooper of Anton was best man.

A three-tiered wedding cake was served at the reception which was given following the ceremony. Receiving rooms were decorated with pink and white gladioli and white carnations. Assisting with serving were Misses Zaida Coffman and Jett Byerley.

For a wedding trip to Red River, N. M., the bride wore an aqua linen suit. Mr. and Mrs. Byerley will be at home in Anton where she teaches and he is coach at the high school. The bride attended Texas Technological college and the bridegroom attended the University of Arkansas and Tech.

Out-of-town wedding guests were from Levelland, Whitharral, Lubbock and San Antonio.

Farm Irrigation Meetings Are Scheduled In County

Day Session Be Held At Amherst July 8

Several Soil Specialists To Be Present

Ivan D. Woods, of the Soil Conservation Service and one of the irrigation authorities in the States, will be in Amherst for an all-day conservation meeting on July 18, and will be at Olton for a night meeting the same day.

Wood was in Amherst April 7, discussed some methods used in the States, and at this all-day meeting will make a more detailed cover of the various problems affecting irrigation farmers.

There being more than eight hundred wells in Lamb county and with about three and a half million dollars invested in irrigation pumps, this should be a profitable day for each farmer with a well, each farmer anticipating putting down a well.

Wood will be assisted by Don Gordon, superintendent of the Lubbock Experiment Station, who will give the results of all experiments with irrigation pumps, this should be a profitable day for each farmer with a well.

Duke Thornton, soil specialist in the Extension Service, will be present to answer any questions in connection with the use of fertilizer on the plains of Texas.

Also present will be Mr. Bentley, engineer, and Mr. R. R. Lancaster, irrigation specialist.

The meeting is being presented by the Extension Service through the county agent's office.

South Plains Fair Set For Sept. 29 Through Oct. 4

Two experienced men will head the general livestock and agricultural departments of the Thirtieth Annual Panhandle-South Plains Fair, September 29 through October 4. Homer D. Grant, Fair Association president, expects the 1947 fair to be the greatest ever held.

Grant announced the recent appointment of Jason O. Gordon of Lubbock as general livestock superintendent, and L. H. McElroy, Terry county agent, as superintendent of the agricultural department.

Last year, as a temporary measure, Gordon headed both departments, but this year the fair returns to the pre-war policy of having separate superintendents for the two departments.

Gordon, former Lubbock county agent, has served the fair in an official capacity since 1934, when he was superintendent of individual exhibits. McElroy was first connected with the fair in 1937, also as superintendent of individual exhibits. He served in the same capacity last year.

Division superintendents announced by Gordon and McElroy to assist them in their respective departments are:

Ollie Liner of Farwell, Farmer county agent, dual purpose cattle division; W. B. Griffin of Tahoka, Lynn county agent, swine division; Leroy Colgan, assistant Lubbock county agent, junior agricultural and livestock divisions; A. L. Hartzog, Floyd county agent, county exhibits; D. W. Sherrill, Lubbock county agent, Lubbock county community exhibits; N. J. Robnett, Lubbock Senior high vocational agriculture instructor, individual exhibits; and L. M. Hargrove, associate professor of agricultural education at Texas Technological College, vocational agriculture division.

Grant also disclosed that fat pig divisions will be eliminated from competition in the fair. Competition will be confined to breeding classes. Prizes will be posted for Durocs, Poland Chinas, Spotted Poland Chinas, Hampshires, Chester Whites and Berkshires.

To Succeed Dr. J. A. Hill As President Of W. T. State College

DR. JAMES P. CORNETTE

Dr. James P. Cornette, dean of Baylor University, will become president of West Texas State College, Canyon, to succeed Dr. J. A. Hill, according to an announcement by the board of regents of Texas State Teachers colleges. He will take office as president August 31, 1948, but will arrive in Canyon next January, to serve as executive vice-president until September.

Retirement for Dr. Hill will close 30 years of service in building West Texas State College from a one-building, 16-teacher school to its present prestige as one of the leading institutions of higher education in Texas. When he leaves the presidency, Dr. Hill will sever a career which embraces the entire history of his college, since he is the sole remaining member in service of the original staff formed when the college was founded in 1910. He came to Canyon then as head of the history department.

HOUSING OFFICE TO CLOSE JULY 25th

The housing expediter's office in Littlefield will terminate its activities effective July 25, according to Jimmie Wilson, housing expediter for Littlefield and vicinity. The closure results from congressional enactment of the recent rent control measure, which abolishes all housing-construction controls and virtually all controls over non-housing construction, Wilson said.

The Littlefield office has been in operation since March 26, 1946, under the Veterans Emergency Housing Act of 1946, whose measure provisions seeking to provide housing for returned servicemen are now rescinded. Its services, Wilson pointed out, have included assistance of every character locally to builders striving to produce homes for veterans. Additionally, at the national level, the

Office of Housing Expediter has allocated scarce materials in the building field, increased building materials production by premium payments for volume in excess of normal, aided builders to secure surplus equipment and materials from the government, and more recently, exercised jurisdiction over limitation of non-housing construction.

The strongest and most effective controls were removed last December, Wilson asserted, and still more were removed in April.

H. E. Gohlke Has High Producing Cow For June

The Lamb County D. H. I. A. has finished the month of June test. There were 98 cows on test, 13 dry cows and 85 milking. They gave 612 pounds of milk and 26.7 pounds of butterfat, this includes the 13 dry cows.

Walter Grey's herd of 83 cows was high for the month, with 717 pounds of 3.9 per cent milk per cow, or the equivalent of 28.3 pounds of butter fat per cow.

Mr. H. E. Gohlke, had the high production cow for the month. "Blackie" gave 1419 pounds of 4 per cent milk which equals 56.8 pounds of butter fat. Blackie made a net profit for the month of \$62.40.

Mr. A. L. Berry's Cow "May" was second with 1257 pounds of 4.3 per cent which equals 54.8 pounds of butter fat.

Mr. Grey's cow "Spot" was 3rd with 1095 pounds of 4 per cent

which equals 52.6 pounds of butter fat. Mr. Roy B. McQuatters had the 4th place cow that gave 1008 pounds of 5 per cent milk.

Some of these tests may seem low, but when the herd averages this, there is some difference. All averages consider the dry cows.

1946 Cotton Crop Lowest in Years

Current production of two of the world's leading fibers — cotton and wool — is small. The 1946 world crop was the lowest in 23 years, and stocks of cotton on hand at the beginning of the 1947 season are very low, especially in the United States.

Nearly one and one-half billion acres of land in the United States are used for crop and livestock production. With 260 million acres in timber, land in crops, pasture and timber accounts for about 90 per cent of the nation's land area.

Census figures show more Southern farmers owning farms, with the number of tenants the smallest in half a century. From 1940 to 1945, the number of owner-operated farms increased 10 per cent in 16 Southern states.

Grain sorghums equalled corn in feeding value in three years of tests at the Fort Hays, Kansas, Experiment Station. Fattening steers fed grain sorghums showed no significant difference in amount of grain, selling price, dressing percentage and carcass grades from those fed straight corn in the grain ration.

100 pounds of gain. All steers received one and a half pound of cottonseed meal daily to supply needed protein.

Total meat production of 23 billion pounds in 1947 is expected to be about the same as last year, and the fourth largest on record.

Concentrated feeds are especially important for pigs because the mature pig has a stomach with a capacity of only about eight quarts, compared with a total capacity of over 250 quarts in the four-fold stomach of the mature cow, Fred Hale, Texas Experiment Station, point out.

Recent research has not unlocked all of the secrets of cotton quality, says the U. S. Department of Agriculture, "but much has been done to improve the quality of the world's dominant fiber properties, and to improve the competitive position of American cotton."

Americans today eat less grain products and potatoes, more fruits, vegetables and dairy products and about the same amount of fats and meats, figures for 1945 compared with 1910 show.

Cottonseed ranks among the first ten crops of the United States as a source of agricultural income, and usually ranks third, exceeded only by lint cotton and tobacco, in the South. During the period, 1940-44, the farm value of cottonseed averaged 222 million dollars annually.

SIDELIGHTS From Washington

By GEORGE MAHON

Chairman Taber of the House appropriations committee invited me to fly to Old Mexico today (June 28) with a group from the agriculture and appropriations committees for the purpose of investigating the hoof and mouth disease. The group is headed by Congressman Gillie of Indiana, a veterinarian. Congressman Worley of the Amarillo district, a member of the House agriculture committee, is making the trip and since Texas will be well represented, I have remained in Washington to attend to duties here.

Here is the reason for the trip: The deadly hoof and mouth disease broke out in Old Mexico late last year. This past spring we appropriated \$10,000,000 to be used in fighting the disease in Old Mexico, hoping to prevent the spread of the infection to the cattle of Texas and the southwest. Secretary of Agriculture Clint Anderson recently appeared before our committee and requested 65 million dollars more.

Chairman Taber asked at this request and said that he would block the appropriation of further money until we had more information. Judge Joe Montague of the Texas and southwestern Cattle Raisers Association, and Bob Sieberg, of the Texas Cattle Raisers, provided some very convincing facts to the committee a few days ago and I feel sure that when Dr. Gillie's group returns from Mexico Congress will provide the additional funds for combatting the spread of this disease.

I hate to see us have to spend millions of American dollars for the slaughter of Mexican cattle in the infected area, but everyone agrees that without such action on our part, the hoof and mouth disease will spread to the United States and paralyze the cattle industry of the nation.

The U. S. Government operates on a fiscal year basis which begins on July 1 of each year and ends June 30—not on a calendar year basis as is the case with most businesses. Therefore, the annual appropriation bills for the various government agencies will lack the funds with which to operate after July 1.

The present Congress has utterly failed to carry out the normal procedure of government. Only one of the 12 annual appropriation bills has passed both the House and Senate and been sent to the President for approval. A stop-gap measure has been passed authorizing the agencies

to continue to operate on a temporary basis but they cannot pay their obligations.

Agencies which will lack funds with which to operate on July 1 include the Department of Agriculture, Veterans Administration, State Department, War and Navy departments, Justice Department; in fact, all government agencies except the Post Office and Treasury departments.

This is being written on June 28. The chances are that within 15 days all the major appropriation bills will have cleared Congress and gone to the President for his signature. The House has passed all of them with one exception. The delay is in the Senate.

On the tax veto, Texans in the House voted 13 to 4 to sustain the President. On the Taft-Hartley labor bill, Texans voted 15 to 3 to override the veto. I voted to sustain the President on the tax bill and to override the veto on the Taft-Hartley bill.

The average American is drinking less milk this year than last, due in part to the fact that he is spending more for other goods and foods which were still scarce last year.

When saving feed from your garden, take the seed from those plants with best production record, high quality, thriftiness and are true to variety.

Meat is one food which will be more plentiful this year than last, according to the Bureau of Agricultural Economics.

Plastic laminated cotton is sometimes used to replace metal gears.

VETERANS' NEWS

Plans for a medical research and laboratory center for the Southwest and appointment of Dr. Jacob Furth, one of America's leading research scientists to direct the project, have been announced by the Veterans Administration.

Dr. Furth, professor of pathology at Cornell University for the past 15 years, has already assumed his new position with VA at Dallas. He will also be associated with Southwestern Medical college in the same city.

The Dallas laboratory will provide technical service to VA hospitals in Texas, Louisiana and Mississippi, and will also serve as a research and training center for VA professional personnel in the three states.

Dr. Furth is particularly renowned for his cancer research. When he accepted the VA position, Cornell University released a valuable animal colony and special equipment to the Dallas VA laboratory so that he could continue his research into the causes and possible treatments of the disease.

Here's a date, only three weeks from now, that's important to 1,400,000 World War II veterans now living in Texas, Louisiana and Mississippi. It's August 1.

Most veterans who have let their GI insurance policies lapse have until Aug. 1 to reinstate their policies under present liberal regulations.

Until the Aug. 1 deadline, a physical examination is not required in most cases. The veteran has only to sign a statement that his health is as good as it was when the policy lapsed. Payment of only two monthly premiums is necessary to restore the GI insurance in full force.

Since civic groups began cooperating with VA early in February in urging veterans to reinstate their insurance, more than 46,000 World War II ex-service men and women in Texas, Louisiana and Mississippi have reinstated approximately \$350,000,000 worth of insurance.

Necessary reinstatement forms can be obtained from the nearest VA office or from service organizations.

VA has announced that more than 3,000 World War II veterans are studying abroad under the educational provisions of the GI Bill.

A VA report as of May 19 showed that the Ex-GI's are enrolled in 322 foreign institutions in 34 countries. Most of the veterans are studying in the Philippine Republic, Canada, Mexico, England, France and Switzerland. Veterans are eligible for overseas study on the same basis as in the

Last Rites Held For Ben Oglesby, Sr.

Ben Oglesby, Sr., father of Ben Oglesby, Jr., of The Muleshoe Journal, died at his home in Littlefield, Texas, Thursday June 26. Mr. Oglesby was 76; had been in failing health for some time.

From 1933 to 1940 the family lived at Sudan. Prior to that, they had lived in Lubbock, where Mr. Oglesby was one of the first lumbermen. For a long time, he owned property in Bailey county, including four homesteads in the Circle Back community.

Mr. Oglesby was born in 1871 in Grayson county, Texas. He is survived by his wife, four children and one son.

Funeral services were conducted Saturday, June 28 at the First Methodist Church in Lubbock by Dr. H. L. Robinson, pastor, and Rev. Jeff Welch, co-pastor of the Central Baptist Church in Lubbock.

Members of the Masonic Lodge of Sudan and Lubbock had charge of burial services.

Interment was in Lubbock cemetery.

United States. Those who wish to study abroad must arrange for their own passports, visas and transportation, VA said.

lopes. Sulphur will kill any of the above mentioned.

There is another excellent chemical to kill harlequin cabbage bug and other insects that sucks such plants. Sabidilla is the most powerful of all and is excellent to use. Neither of the two mentioned are poisonous.

Some worms are being found on various plants in the garden. One thing for the average gardener to remember for any eating insect is to use Cryolite. This insecticide is poisonous but can be washed from the vegetable when the plant is gathered and plenty of water is used. It is best to use the Cryolite without sulphur because you can use on the vine crops.

1. Hot, dry windy days—produce blossom retility and prevent pollination and fertilization, hence, no fruit.

DAIRY FARMERS SALUTED—June is dairy month in Texas by official proclamation of Gov. Beauford H. Jester. The proclamation is a tribute to 338,000 dairy farmers in Texas who own 1,400,000 milch cows valued at \$150,000,000 and which produced four and one-half billion pounds of milk in 1946 with a net value of \$100,000,000. During the past 20 years Texas has advanced from twentieth to eighth place in value of dairy products.

With Gov. Jester, seated, when the proclamation was issued were, left to right, Henry Moeller of San Antonio, state chairman for dairy month; Mayor Wendell Mayes of Brownwood; Mayor R. J. Kroeger of Harlingen; milk producer Hardy N. Hay of Route 2, Waco; State Health Officer Dr. George W. Cox of Austin; Bryan Blalock, of Marshall, president of Texas Dairy Products Institute; and milk producer H. S. Barton of Buda.

2. Soils high in lime may reduce shedding.

3. Most any diseased condition of the plant or foliage naturally produces an abnormal condition for growth and may cause blossoms to shed.

4. Low nitrogen level in the soil may produce bloom shedding.

5. Certain insects may sting the blossom stem and cause it to shed. NOW, what can be done that may reduce blossom losses?

1. Fertilizing, watering, shading, mulching, pruning, and jobs that stimulate normal growth, reduce heat damage and soil temperatures may all help some. If insects are present, control these. If soils are alkaline, add acid-forming materials such as super phosphate and nitrogen.

WEEKLY WAA Surplus News

Veterans cleaned out the stock of surplus vehicles at a pre-Fourth of July sale at Red River Arsenal by grabbing them off at the rate of approximately one and a half vehicles a minute. During the opening five hours of the War Assets Administration sale, the vets bought 420 vehicles originally costing approximately \$300,000. The remaining vehicles were disposed of early on the sale's second day. The purchase order drawing for the sale was supervised by Dean W. P. Akin of the Texarkana College, acting for the Texarkana American Legion chapter.

Employing "cash and carry" sales tactics to surplus Texas real property for the first time, War Assets Administration will offer 100 buildings of the Dalhart Army Air Field on a spot bid basis July 15. The streamlined type of sale was adopted as the most expedient means of providing additional storage facilities to wheat growers in the Panhandle area. The building will be sold at Dalhart singly with bids acceptable from any one present, and awards announced as fast as bids are sorted.

War Assets Administration has decided to donate several thousand surplus dynamometers to schools and other public institutions. Approximately 2,000 institutions in the Grand Prairie region are eligible, it is estimated. The inventory is located at the Belmont Radio Corporation, Lockland, Ohio, and inquiries should be directed to WAA officials there or to Mr. Logan, care State Educational Agency for Surplus Property, Austin, Texas. Dynamometers are commonly used as power sources for radio and communications equipment.

Pistons, gears, engine assemblies, lamp bulbs, drive shaft flanges and bearings are included in lots of automotive parts and equipment placed on sale through Customer Service Center of the Grand Prairie office of WAA until July 16. Both priority and commercial groups are invited to bid, with encouragement given to auto parts jobbers, dealers, service garages and fleet owners.

Household furniture now goes on the WAA market until July 14 through the Customer Service Center at Grand Prairie, Texas. Included are single size wood beds, steel cots, curled chicken feather pillows, coil springs, rotary type chairs and double pede stal desks. These items will be sold on a competitive bid basis.

Two hundred ninety-four buildings at Pecos Army Air Field are on sale until Aug. 5 for removal from the premises. Included are barracks, mess halls, infirmaries, latrines, a post exchange, recreation buildings and warehouses, WAA officials announced.

Ammunition igloos at Pantex Ordnance Plant, near Amarillo, have been leased by WAA to farmers for the storage of wheat. Eight small and two large surplus oil storage tanks at Cactus Ordnance works near Dumas, Texas, were sold for wheat storage. The leasing and sales will materially aid storage of the crop in the Panhandle.

FOUR JAPS FOUND GUILTY OF WAR CRIMES

The following information regarding the result of the trial of Shuichi Shimizu, et al, has been forwarded to the Leader from the General Headquarters, Supreme Headquarters for the Allied Powers, Legal Section, Tokio, Japan, as follows:

"The trial of four more Japanese accused of perpetrating war crimes against Allied Prisoners of War, ended today when the Eighth Army Military Commission hearing the case returned a verdict of guilty on all of the defendants sentencing them to terms of imprisonment at hard labor as follows: Shuichi SHIMIZU 4 years; Sotouemon HOSOI, 15 years; Hideyoshi KAYAHATA, 1 year; and Masaichi MORITA, 10 years.

"The accused Shuichi Shimizu was formerly a member of the Japanese Army with the rank of Superior Private. The remaining three accused were civilians attached to the Japanese Army; all four accused were attached to Nagoya Area Prisoner of War Camp No. 1, Kamioka, Honshu, Japan. Abusive treatment was the rule at this camp, instead of the exception and the one-sided show was kept in motion by kicking, burning, beating and brutally abusing prisoners in numerous other ways. Shimizu, Hosoi and Morita was found guilty of unlawfully mistreating prisoners by forcing them to assume painful posture, by exposing them naked to inclement weather and by kicking, beating and burning them. Kayahata was found guilty of beating and otherwise abusing Prisoners of War.

"Legal Section Prosecutors for this case were Mr. Murray Gray of 131 North Ridge Street, Greensboro, N. C., and Mr. Thomas D. Aitken of San Francisco, Calif.

Plateau Singing Convention Will Meet At Pampa

The board of directors of the Plateau Singing Convention met in Canyon last week, and voted to hold its 26th annual convention in Pampa on July 19 and 20, according to an announcement made by John F. Taylor, president of the association.

All sessions will be held in the Pampa Junior High school auditorium beginning with the opening session on Saturday afternoon, July 19, to be followed by an all-day session on Sunday. The convention will bring together singers from the five states of Texas, Oklahoma, New Mexico, Kansas and Colorado. Many of the outstanding quartettes of the Southwest will be present for the two-day affair, including the Stamps-Baxter quartette of Dallas.

The first convention of the organization was held at Clovis, N.M., on June 24, 1922, with John F. Taylor of Clovis serving as its first president. Incidentally, Mr. Taylor has served the organization since its inception as president.

Edith Lynch Enrolled In Abilene College

Abilene Christian College at Abilene, Texas, has enrolled nearly 800 students in all departments of the school, the greatest enrollment for a summer session in the history of the college.

Approximately 650 are enrolled for high school classes. A complete offering of college subjects are made available during the summer session, which is divided into two six weeks' terms. The second six weeks' term begins on July 21 and the forty-second long session of Abilene Christian College will begin on September 16. Enrolled from the Lamb county area is Edith Lynch, daughter of Mr. and Mrs. Henry Lynch, of Star Route 2, Littlefield.

VETERANS Information For

Q. My National Service Life Insurance premium was due two weeks ago. Is my policy lapsed now, or do I have more time to send in my premium payment?

A. Your policy is not lapsed, nor will it be lapsed until 31 days after the date on which your unpaid premium was due.

Q. I have repaid a \$4,000 business loan, \$2,000 of which was guaranteed by Veterans Administration under the G. I. Bill. Is my guaranty privilege restored to its original amount now that all of my indebtedness has been paid?

A. No. You may use your full loan guaranty entitlement only once.

Q. I live and work in the city, but would like to buy a small farm with a guaranteed loan. Do I have to live and work on the farm to get the loan?

A. No, but you must be in position to supervise and direct the farming operations.

Q. Can I get a guaranteed loan to build a small apartment house?

A. Yes, you may buy or build a small apartment house with a home loan or with a business loan, but the total number of family units cannot exceed four. If more than one veteran is buying an apartment house, then one additional unit for each veteran participating may be added to the basic four.

Q. I am going to school under the G. I. Bill and would like to get a loan to buy a small home. Am I eligible for a guaranteed loan now?

A. Yes, provided you can qualify financially and otherwise.

School Graduates May Enlist For Specific Training

High school graduates may enlist for specific training in technical courses of the Army Air Forces, the U. S. Army recruiting station announced this week. This new plan will allow any high school graduate between the ages 17 to 34 to make application for specific training in any of the following fields before he enlists for three years: Fabric and dope mechanic, airplane woodworker, aircraft welder, airplane and engine mechanic, control tower operator, parachute rigger, and many others. Applications and additional information may be obtained at the U. S. Army recruiting station in the post office building.

5,000 CHILDREN ENROLLED

Protestant vacation Bible schools of the United States and Canada will have an enrollment of 5,000,000 children this summer, it was predicted today by Miss Ruth Elizabeth Murphy, director of vacation religious education for the International Council of Religious Education.

Fred H. Miller Goes to Abernathy

Fred H. Miller, former head of Littlefield schools, assumed his duties as superintendent of the Abernathy school system July 1. He succeeds W. V. Swinburn, who resigned to accept the superintendency of the Tullia schools. Swinburn, who was head of the schools at Abernathy for the past five years took over at Tullia July 1.

Miller, who for the past year has traveled for a Dallas firm, was superintendent of Littlefield schools two years prior to July, 1946, when he resigned to work with the Dallas company. He has been in the teaching profession about 15 years, and has served as superintendent of the Leuders school and was principal of the Ballinger High school.

Miller was graduated from Stephenville High school and attended John Tarleton Agricultural College there. He has a BA degree from Howard Payne college, Brownwood, and did MA degree work at Hardin-Simmons university, Abilene.

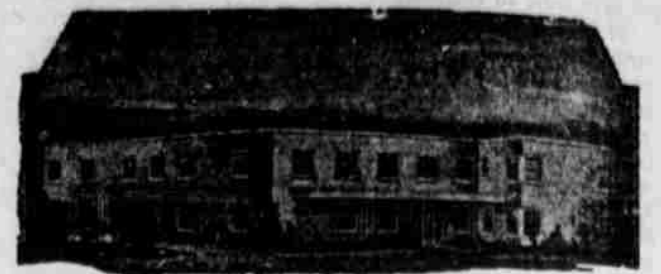

He will move his family to Abernathy from Littlefield when living quarters are secured. Mr. and Mrs.

Miller have three children: Danny, 6, who will be in the first grade; Freddie Beth, 10, in the fifth grade. The Swinburn's will move to Tullia as soon as they find a house there. Mr. and Mrs. Swinburn have three children: Carol, 9, in the 4th grade; Dale, 6; Max 3.

Sunday School Class Enjoys Old-Fashioned Ice Cream Supper

The Faithful Workers' class of the First Baptist Church Sunday School enjoyed an old-fashioned ice cream supper on the back lawn at the home of Dr. and Mrs. J. R. Coen Thursday evening, June 26.

Hostesses of the affair were: Meses Georgia Ann Cater, Roy Ferguson, Ed. Yoakum, Alfred Dunagin and Roy Reeves.

Mrs. Pat Boone offered the devotional, while Mrs. L. W. Jordan of Plainview, former teacher of this Sunday School class, delivered an interesting talk on "Bells."

Mrs. Homer Sewell played the accordion, and Mrs. A. F. Wright sang "Oh, When You Ring Those Golden Bells for You and Me."

Rev. Lee Hemphill addressed the gathering, which was followed by informal talks, and refreshments were served to about 75 members and guests.

Special guests of the occasion were members of the young married class of the First Baptist Sunday School, of which Mrs. Ralph Nelson is the teacher.

Mrs. Acrey Barton, president of the class, conducted a short business meeting.

Eugene Latimer made pictures of the group.

Last year 2,075,880,000 pounds of peanuts were produced in the United States. This exceeds the 1945 crop by more than 33,000,000 pounds.

Dairymen To Meet At Lubbock July 17

Dairymen from West Texas and Eastern New Mexico will reorganize the West Texas Branch, Texas Dairy Products Association at a meeting at Lubbock July 17. Specific place for the meeting has not been designated, but it will probably be on the Texas Technological College campus, according to L. G. Harmon, professor of dairy manufactures.

Plant operators from all branches of the dairy manufactures industry, including butter, cheese, market milk and ice cream, are expected to attend. Meetings of the West Texas branch were discontinued when transportation grew critical during the war. Members are drawn from a wide area, including the Texas Panhandle, Big Spring, Vernon, El Paso and Eastern New Mexico.

Tech co-operates with the organization and the industry in providing courses in quality control, Harmon said. Prof. K. M. Renner, head of the college dairy manufactures department, is also chairman of the state quality control committee. Harmon is in charge of the West Texas dairy products analysis laboratory at the college.

Corn Products Refining Company Builds in Southwest

In order to utilize the Southwest's large crops of milo maize—the recently developed dwarf-type grain sorghum valuable because of its resistance to drought and disease and because it can be harvested mechanically—the Corn Products Refining Company is building a new processing plant at Corpus Christi, Texas.

This architectural perspective shows the plant as it will appear from the air when completed.

The H. K. Ferguson Company, industrial engineers and builders of Cleveland, New York and Houston, is in charge of designing, building and equipping the plant.

The new Corn Products Refining Company plant will produce dextrose, starches, and high protein livestock feeds. It will have a grind capacity of 20,000 bushels of milo maize per day and is expected to be completed in time to process the 1948 harvest.

Jim Thomas Is Freed On Bond

Jim Thomas, convicted three times of murder in the death of Dr. Roy Hunt of Littlefield, was released on bond Wednesday night of last week, and said Thursday he had no plans for the immediate future.

He added, however, that he "might go on an extended fishing trip."

Thomas had been held in the Nolan county jail at Sweetwater since last October when he was assessed a life sentence by a Nolan county district court. The decision was reversed.

Bond of \$5,000 was set by District Judge A. S. Mauzey. Thomas has made a personal request that he be tried in Nolan county district court if a fourth trial of his case is held.

A five-year sentence from Lubbock county on an assault on murder conviction was completed during his stay in the Nolan county jail. He received a final discharge and a \$50 voucher from state penitentiary officials.

The bodies of Dr. and Mrs. Hunt were found mutilated and bound in

their bed at their home on Oct. 26, 1943. Thomas was tried in Plainview in August, 1944, and times he was assessed the death penalty and both times the decision reversed.

COTTON, GRAINS DROP SHARPLY OTHER PRODUCTS STEADY TO STRONG

Cotton and some grains dropped sharply last week, and easy spots appeared in livestock and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest products sold steady to strong.

Volume movement of the new crop punctured recently ballooning sorghum markets, and prices collapsed to levels 70 to 80 cents per hundred pounds lower last week. Quotation at Fort Worth and Galveston Thursday stood at \$2.61 for No. 2 milo. White corn gained 29 cents, to reach \$2.83 per bushel, and yellow corn dropped six cents, to sell at \$2.29. Other grains changed very little from a week earlier.

Rice trade reported offers for sale after June 30 at prices far above former ceilings. Rains delayed prairie hay harvest in the southwest and damaged alfalfa in the Central West. Peanut markets saw light trading, but new crop prospects continue good. Oilseed meals climbed higher, but millfeeds dropped, and other feeds remained fairly steady. Good staple 12-months Texas wools sold at 47 to 55 cents per pound.

Spot cotton markets quoted \$2.50 to \$2.25 per bale lower prices last week. A little more activity left trading still on a small scale. High and medium grade cotton continued in demand. Most cotton areas enjoyed favorable growing conditions.

Eggs held firm last week, and even advanced slightly in some areas. Demand. Current receipts brought mostly 37 1/2 to 38 1/2 cents per dozen at Fort Worth, 39 to 42 at Denver, and 38 1/2 with rote candled out at Dallas. High quality graded eggs sold quite a bit higher. Poultry held steady.

Shipping point prices of Texas tomatoes about held their own last week. U. S. No. 1 six by six and larger sizes loaded at \$2.00 to \$2.15 in East Texas, and \$2.35 to \$2.50 in

North Texas. Watermelons and peppers weakened at New Orleans, Denver, and Kansas City, as shipments increased. Oklahoma corn went lower at Kansas City.

Most cattle sold about steady last week, but Oklahoma City paid 25 to 50 cents higher prices, while cows and bulls went lower at Houston, as did calves, bulls, and low grade cows and heifers at Denver. Common to medium cows bulked at around \$12 to \$15 at most places, and canner and cutter grades \$8 to \$12. Common to medium stocker steers and yearlings brought \$13 to \$16 at Houston, while medium and good kinds moved at \$16 to \$20 at Fort Worth, and \$16.50 to \$18.50 at Wichita.

Texas hog markets held about steady for the week, but other southwest terminals dropped around 50 cents, more or less. Closing bulk of good and choice butcher hogs brought \$24.75 to \$25 at Fort Worth. San Antonio's late-week top was \$24.50, Oklahoma City and Wichita \$24.75,

and Denver \$25.25.

Most sheep and lamb markets held fully steady, and some classes gained up to 50 cents, but slaughter and feeder yearlings dropped \$1.00 or more at Fort Worth. San Antonio bought medium to good fat yearlings at \$14 to \$16.25, while Fort Worth paid \$13.50 to \$17 for shorn lots. Denver shorn lambs at \$18.50 to \$21.

INFORMATION For Veterans

Questions and Answers

Q—I am a World War II veteran and plan to go to school under the GI Bill for the first time next fall. When should I arrange for my entrance into school?

A—You should arrange for your entrance into college or other institution of learning at the earliest possible moment.

Q—What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the GI Bill or under the Vocational Rehabilitation Act?

A—Veterans Administration will pay for his tuition, books, supplies, fees, and other authorized expenses within certain limitations. A disabled veteran may receive a pension or compensation and subsistence allowance concurrently.

Q—In getting a guaranteed loan under the GI Bill, must my loan be secured by a lien?

A—Not invariably. Under most circumstances a lien will be required as security for a loan, but there are a few conditions under which a loan may be unsecured.

Q—Do the veteran's rights to a loan guaranty extend indefinitely?

A—No. A guaranty may be had if applied for within 10 years from the termination of World War II which has not been declared yet.

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.
