 NUMBER 20

READY FOR HARVEST -- A bumper crop of grain sorghum is fast-ripening in the fields of Lamb County, with peak harvest expected just around the corner. Though some combines have been moving in fields for about three weeks, harvest isn't expected to get into full swing for another couple of weeks.

Officials Investigating Rumors Of Misconduct

Reports of illicit conduct of two or more American youths in regard to a juvenile and possibly older girls at the football game here Friday night are under investigation by police but have not been confirmed yet, according to school and police officials.

According to the fast-spreading rumors, misconduct allegedly took place under bleachers during the game between Littlefield and Muleshoe in Wildcat Stadium here. Police Chief F. A. Fitzgerald said no charges have been made and no definite evidence presented. Both he and High School Principal Heryl Harris stated no proof has been brought forward that "anything actually occurred."

However, Chief Fitzgerald said emphatically the police department will "put forth an effort" to maintain a tight watch of such as below the bleachers in the stadium.

Fitzgerald said personnel from all law enforcement agencies were present Friday night and patrolling, and that he had placed reliable adults among the student section to maintain supervision.

Officials explained that when students are seen to and from concession stands, etc., there is no way to keep close watch, and these are the moments of most danger.

Stress was placed on the fact that in crowds as large as those at football games, all types of individuals are lawfully present.

All officials questioned expressed determination to exercise even stricter control and to ferret out and prosecute any offenders where evidence supports the occurrence of such offense. However, as the control already exercised nears maximum, parental aid in supervision would be welcomed by all officials concerned.

A point called to the attention of The Leader-News is that parents should be reminded of the varied character of large crowds and the possible dangers this creates for children "turned loose" among them.

Chief Fitzgerald explained the primary purpose of the police at football games is to keep people off the football field and to patrol parked cars in an effort to avoid thefts.

This he remarked, is a "handful" in itself. "However," he stated, "it looks as though from now on our first job is going to have to be patrolling the bleachers and such places as that."

INTERESTED PARENTS view folders of their grades students in Mrs. J. S. Abernathy's classroom during Back-to-School night at Elementary Tuesday night. Shown here, left to right are Bobby Bromlow Jr., Suzanne Bromlow, Mr. and Mrs. Bob Bromlow and fourth grader Debra Bromlow. In center is Mrs. J. S. Abernathy, teacher, who discusses the folder with Mrs. Porfino Cristan as her fourth grade daughter, Susan, looks on.

84 BUSINESS ROUTE, HIGHWAY 54

Paving Plans Spelled Out

Water, Sewage Costs Itemized

BY HOMALL HOOD

Plans to improve the U. S. 84 business route and Highway 54 in Littlefield are progressing smoothly now, but the completion date on these projects is at least a year away.

These facts were revealed here Monday at a meeting which included members of the Littlefield City Council and representatives from the State Highway Department, Littlefield Chamber of Commerce, Municipal Securities Co. and the press.

The session further clarifies planned costs of the two projects of water and sewage extension and improvement, and disposal plant.

Regarding this area of planning, Bill McMorris of Amarillo, the city's consulting engineer, explained the council is talking in terms of \$401,000 total costs.

Mayor J. E. Chisholm reminded the group some necessary water and sewage work outlined in the project already has been done.

A federal grant of \$82,500 has been approved toward the \$401,000 projects and another grant of \$67,650 has been requested.

Roughly, the figure broken down designates \$83,931 for sewer lines, \$110,000 for 12-inch outfall from XII St. to near Hwy. 54; \$33,125 for 12-inch sewer southwest to industrial area, and \$75,944 for 14-inch water line to industrial area, totaling \$193,000. The remaining \$208,000, earmarked for sewage disposal improvements, makes up the \$401,000.

"bright green signs" unless the State of Texas should adopt such procedure into its program. He also said he could not understand complaints about difficulty in "locating Littlefield" from the highway, as several signs denote business routes and should a traveler miss the first one, he can turn at another.

With a touch of humor, he added, "If a person is interested in Littlefield, he can get in. He'll see the water tower, if nothing else!"

He added for persons who could not see the business route signs, "you need a sign with someone attached to it to run out in the street and point to it!"

Questions posed by Chamber representatives Russell and Turner led to suggestions that more prominent marking was needed directing to the downtown mall after a traveler had entered the business route.

As to the time element involved now, councilmen stated Pioneer Pavers have planned to begin within the next week or 10 days, and not later than Oct. 15.

A point brought out is that a public hearing on Hwy. 54 should be held before work can start on curb and gutter on U. S. 84.

However, Arnold Partell of Municipal Securities explained the hearing can be held before, during or after construction, and if attorneys approve, the hearing can be held during construction.

As to the State's portion of the project, Crain stated definitely work would not begin before spring. He assured the group, however, that construction "will be completed in 1968. That's as definite a date as I can give you."

Regarding more distinguishable entrances to the city, after Turner had commented businessmen here felt "in hard shape every day this continues," Crain added to his previous comments that too prominent signs could lead to a "lot of rear end collisions. They could do more harm than what you are trying to correct."

Mayor Chisholm added that See PAVING, Page 13

PRINCIPAL OF 'PERCUSSIONS' -- Littlefield Junior High School principal Forrest Martin "deals" with guns in his spare time. Here he holds a deer rifle he owns made from an old military gun. The stock is a maple custom-made. Completing deer rifles, installing scopes, recoils, and rebluing are among the many services he is called upon to perform as a part time gunsmith.

Land Bank Annual Meet Set Tonight

Federal Land Bank Association of Littlefield annual stockholders meeting will be held at 7:30 p. m. today in the Littlefield High School cafeteria, according to manager Hooper McCown.

Highlight will be election of three directors. Expiring terms of Ray C. Hulse, Drexel Lawson and Elmer Hall will be voted on by the membership.

Other than the business meeting, at which audit reports and reports of officers will be made, a meal will be served, film shown and door prizes given.

The event is for stockholders of the association and their invited guests.

AFTER-HOUR GUNSMITH

'Percussion' Principle Principal's Pastime

BY NILAH RODGERS

The principal of Littlefield Junior High School can give quite a lecture on the percussion principle.

"Projectile, fulminate and rifling" are just a few of the gunsmith words Forrest Martin, 1315 W. 5th St., tosses about like clay pigeons.

Forrest Martin moved to Littlefield from Morton about 20 years ago. He served as assistant football coach and head basketball coach for five years.

Being a true sportsman, he became interested in gunsmithing even before his coaching duties ended and administration duties began.

Soon after he was named junior high school principal his hobby of gun repairing, reloading shells and refinishing old guns was taking up a large portion of his spare time.

As fellow sportsmen and friends learned about the new hobby, they began asking him to order parts and repair or refinish guns for them.

During the past 15 years the hobby has outgrown the garage and now is housed in the little workshop at the rear of the Martin home.

Many ex-servicemen have had Martin complete an old military gun of German or American make into a deer rifle. Martin estimates that he has restocked, rebarreled, and installed scopes on about 25 military guns in the past 10-12 years.

Installing recoils, mounting scopes, rebluing and restocking are some of the jobs he handles. Minor repairs and reloading shells also occupy his spare time.

This all cuts into time he could be hunting. He seldom gets in much hunting now except during school holidays.

Since most people are gun-minded during the hunting season, he finds his busiest time falls within the various open seasons. Shotgun repairs and requests start just as the fall school term gets into swing.

After school hours and week-

ends find Martin busy in his workshop most of the time, allowing little time for dove and quail hunting on his part.

He owns about a dozen guns himself, however, and tries to get in a little deer hunting during the Thanksgiving holidays.

Gun stocks are made from pieces of 2x6 or 2x8 maple or mesquite or from rough primary cuts that are semi-inletted and semi-shaped. The metal is then fitted and the outside is sanded and finished.

Whether it's the principles of percussion or a matter of seeing the principal, Forrest Martin is the man to see.

Pep Farm Dinner Set

Annual Pep Farm Dinner is scheduled Oct. 3 at 7:30 p. m., in Parish Hall at Pep.

Littlefield businessmen will attend the event which yearly fosters closer association between the businessmen and the farmer.

German sausage and other delectables make up the menu at \$3 per plate. However, as explained by Chamber of Commerce Manager Jim Kelly, the \$3 pays for food for one businessman and one farmer. In reality, he explained, it provides for two servings.

ON HURRICANE Funeral Pending

Funeral services for Julian F. Masso of Littlefield were to have been held today in Matamoros, Mexico, but because of Hurricane Beulah the family was unable to say whether it would be held on schedule.

Mr. Masso, 92, died at his home at 504 East 5th Street at 7 p.m. Monday. He had been in ill health the past month.

It had been his wish to be buried beside his brother in Matamoros, where he had lived several years before moving to Littlefield. Arrangements were made with the Darling Mouser Funeral Home there to have the body flown from Brownfield Tuesday. However all aircraft were warned not to enter the storm's area, and the flight was not attempted.

A son, John, said many of the family attempting to reach Matamoros, which is just across the Mexican border from Brownsville, by auto Tuesday were stranded in San Antonio. Highways south to Brownsville were flooded. The family was to attempt again today, weather permitting.

John said yesterday afternoon his business, the Fair Department Store, would be closed today in observance of the funeral.

Mr. Masso was born in April of 1875 in Jerusalem. From a middle class family, he worked hard and at the age of about 43 moved to Matamoros to join a brother in business there. He later returned to his native Jordan a few years, and again back to Mexico before moving to Littlefield about two and a half years ago.

His move here was to be close to his children, all of whom live within 100 miles of the town.

The life-long businessman was active with his interests until the late illness. He owned an apartment building in Jerusalem which he attended to personally on the average of every two years. He returned from his last trip there five weeks ago.

And every four or five weeks he saw to his business interests in Mexico, which includes a business building with eight renting firms.

Surviving him are his wife, Carmen, of the home; daughters, Mrs. John Maslof of Hereford; Mrs. Olga Marina of Morton; Mrs. Floyd Masso of Tulsa, Okla.; Mrs. George Farhat of Eagle Pass, and Mrs. Charles Isaac of Muleshoe; sons, Julian Jr. of Plainview; Joe of Brownfield; George of Hereford; John of Littlefield and Eli of Lubbock; a sister, 81, and two brothers, 96 and 78.

First Soybean Load Reported

The first reported delivery of a load of soybeans in Lamb County this season came Sunday from Farmers Co-Op Association of Springlake.

An 18,000-pound load was delivered there at 3 p.m. Sunday by W. D. Martens, who farms four miles north of Lartn.

Co-Op Manager Doug Walden said the Patterson beans tested 11 per cent moisture and that Martens believed the average yield on his crop would be 35 to 40 bushels per acre.

CASH WINNERS -- Emory Smith, left, and C. H. "Monk" Singer were the big cash money winners Saturday in the weekly Littlefield Merchants' Free Money drawing. Smith, of Lubbock, won the first prize of \$50. Singer, a resident of 811 East 7th in Littlefield, won \$25. C. A. Parker Jr. of Rt. 1, Littlefield, won \$5.

Get-Together Club Has Meet

The Get-Together Club met Thursday, Sept. 14, in the home of Mr. and Mrs. Joe W. Oden with seven members of the club present, and one new member, Mrs. John Enloe.

A demonstration on making pillows was given by Mrs. Herschel White of Sudan.

Visiting were Mrs. Oma Todd of Lubbock, Nava Melton of Lubbock and Mrs. C. H. Dunn, Servies Long, Carl Reed and W. D. Bowman, all of Levelland.

Refreshments of cherry chip cake, punch and coffee were served by the hostess.

Next meeting will be held at Amherst in the home of Mrs. W. B. Williams.

Back To School For Parents Set

Back to school night for parents of Junior High School students will be held Monday, Oct. 2 at 7:30.

Parents of Senior High School students will visit schools Tuesday night, Oct. 3 at 7:30.

A "hospitality time" will be held prior to classroom visitation where parents will work of the students and meet the teachers.

Mother, Daughter Receive Degrees

OLTON—Mrs. Barbara Tollett and her daughter, Mrs. Bobbye Dennis, received their degrees from Texas Tech Aug. 26.

Mrs. Tollett received a Bachelor of Science Degree with a major in elementary education. She did the first part of her college work at Eastern New Mexico University at Portales, did fifteen hours of work at Wayland College and the remainder of her work at Tech.

Mrs. Tollett is presently teaching third grade in Olton Public Schools.

Mrs. Bobbye Dennis finished Olton High School in 1963 and entered Texas Technological College the fall of that year. The specific field she chose was Home Economics Education with a double major of clothing and textiles in the fashion merchandising option.

During her Freshman year, Mrs. Dennis was a member of the Texas Tech Home Economics Club.

During her Sophomore year she was an office assistant in

the Freshman Dorm, Gates Hall.

Her junior year she commuted from Olton where her husband was teaching.

Her senior year, Mrs. Dennis commuted from Kress, driving 130 miles each day. She arose at 5 a.m. and at times didn't return to Kress until 7 p.m. and made the Dean's Honor Roll four semesters.

Mrs. Dennis did her practice teaching in Olton last Spring under the supervision of Mrs. Thomas Lester. She is now teaching third grade in Kress.

IMPORTED WIRE

Until about 1950, most of the barbed wire used for fences throughout the country was made and used in the United States. Then foreign barbed wire began to appear, most of it coming from Japan, Belgium, England and West Germany. In 1966, the U. S. imported 76,506 tons of barbed wire.

Garden Club Sets Flower Show Date

Littlefield Garden Club will present its flower show "A Day In The Garden" Thursday, Sept. 28 in the R. E. A. Willy Wire-hand Room, 2415 S. Phelps. Entries may be made from 9 a. m. until 11:30 a. m. and will be open to the public from 3 until 6:30 p.m. at no admission charge.

Some of the rules for entries include:

Entries may be made by any amateur, male or female, living in Lamb County or any member of the Anton Garden Club.

Entries will be accepted from 9 a.m. to 11:30 a.m. on the date of the show. Late entries will be displayed. Properties may be picked up after 6:30 p.m. All horticulture exhibits must be grown out of doors by the exhibitor and must have been in his possession at least six weeks.

Fresh flowers and foliage in arrangement classes need not be grown by the exhibitor, but must be outdoor grown.

All potted plants, dish gardens, etc. must have been planted by, and in the exhibitor's possession at least 90 days.

Foliage and accessories will be permitted in all classes unless otherwise stated in the schedule.

Mechanical aids for arrangements are permitted, but must not be visible. Bases and incidental foliage and background material may be used.

Containers for specimens are to be furnished by exhibitor.

All persons except the judges, flower show chairman, clerks, and photographers shall be excluded from the show while judging is taking place.

The standard system of judging will be used; one first, one second, and one third, when scoring justifies. First 90-100, second 85-89, and third 75-74.

Sweepstakes awards will be given to the individual earning the largest number of blue ribbons in both horticulture and arrangement divisions. In case of a tie, red ribbons will be counted.

Award of merits and tricolor awards will be given arrangement and horticulture divisions to club members only. Exhibitor must score 95 points.

An exhibitor may have only one entry in each class. Exhibitor is responsible for correct classification of exhibit.

Exhibits must be entered by individual, not a club.

Juniors, 14 and under, who wish instructions are urged to contact members of the Garden Club.

There will be fifteen arrangement topics in the Artistic division, two topics in the Novice class, and two topics in the Junior division.

In the roses section, classes are reserved to all colors of hybrid teas, one bloom; a class of collection of hybrid teas with three blooms; a class with a climber with one bloom or spray; a class with Floribunda one spray and a class for Polyantha one spray.

In the Chrysanthemum section, classes will be reserved for exhibition type one bloom, large spoon one bloom, small spoon one spray, large spider one bloom or spray, custom one spray, large pom pom one bloom, button one spray, large flowering three inch or over one bloom, medium flowering two inch to three inch one bloom and single flowering one bloom or spray in nine different colors.

In the Dahlia section, classes will be reserved for the formal decorative (over 8") one bloom, formal decorative (under 8") one bloom, collection of three formal decorative any color, informal decorative (over 8") one bloom, informal decorative (under 8") one bloom, collection of three informal decorative any color, and thirteen other categories.

The Canna division will feature one specimen of bloom or stalk.

Petunias will feature six classes and Marigolds will feature four classes, while Zinnias will feature six classes and the Gladiolus section will feature two classes.

Annuals will feature ten classes, Perennials will feature eleven classes, potted plants will feature six classes, flower shrubs and flowering vines one class in each, and the unusual or recent introductions will feature one specimen that is unusual or has been introduced in the last two years.

Yard-grown geraniums will be featured in a class and Daylilies will be divided into three classes.

EXPORT DEMAND
South African mining machinery is in export demand.

MR. & MRS. B.F. EIDSON

Eidsons Celebrate 64th Anniversary

Mr. and Mrs. B. F. Eidson observed their 64th wedding anniversary Sunday at their

home, 807 W. 11th St. members of their family present, except one Mrs. Gus Mohrman of Calif.

The Eidsons have been denizens of Littlefield since Mr. Eidson, 57, and Mrs. Eidson, 80, are present at the Littlefield House, but maintain their home on Eleventh Street.

B. F. Eidson and Beulah Kella were married in Pampa, Texas, in February, Oct. 3, 1903. They were born seven days apart. One daughter, Georgia Robb, died in 1961.

Eidson was well-known farmer and trucker in field for many years, a tireless worker.

A turkey and ham and all the trimmings were the many relatives present.

The couple's offspring were present were: son of Midland; Mrs. (Zella) Burris of Odessa; Otto (Faye) Fair of Lubbock; Mrs. Carl (Lorane) Odessa; Mrs. Dale Pock and husband of Lubbock; Mrs. Harry (Woody) and husband of field.

Grandchildren attend Mrs. Dale Edwards of (daughter of Mrs. Gus Mohrman); Keith Woody of Lubbock; Mrs. L. E. Dalton (daughter of Mr. and Mrs. Pock).

Great-grandchildren were Larry, Sheila, and Melinda Edwards of Mr. and Mrs. Dale of Amherst.

Mr. and Mrs. Eidson have grandchildren and great-grandchildren.

FLEA MARKETS
"Flea market" is a term given a long time ago to the permanent and outdoor markets in the European cities.

Eastern Star Meets 6:30

Eastern Star Chapter will meet for a stated meeting and Friendship night at 6:30 p. m. tonight in the Masonic Lodge Hall located a block south of the courthouse on Phelps.

The local chapter is expecting to host 30 area chapters who have been invited to the event.

Blanche Dodgen will be in charge of the program. Each local member will bring a salad and dessert.

Garden Club Has Meeting

Littlefield Garden Club met Tuesday, Sept. 12, in the Reddy Room with Mrs. Martin Farmer, president, presiding.

Minutes were read and approved. Mrs. G. T. Corry, treasurer, gave the financial report.

Following the business meeting, members worked on schedules for the Garden Club Flower Show which is scheduled for Sept. 28 from 9 a. m. to 6:30 p. m. has been named, "A Day In The Garden".

Mrs. Corry announced that District Central Zone will meet in Lubbock Nov. 14.

Mrs. Mabel Messer was hostess and served refreshments to Mrs. Farmer, Corry, R. N. Nicholas, Ray McQuatters, Belle Dowd, O. D. Brown, V. M. Davis, Wiley Roberts and Jack Fore.

'68 Buick. Now we're talking your language.

We changed the Skylark from front to rear, we gave it a whole new look, simply because we believe you want a car like this. In other words, we're talking your language.

We thought you'd like to have a little easier time parking. So we shortened the wheelbase of the two-door Skylark down to 112 inches.

The new 230-hp., V-8 engine runs on regular gas. It's standard on all Skylark Custom models.

We also refused to limit your choices. Skylark Custom comes in four models, 15 colors and 32 trim combinations. So talk to the man who talks your language, your Buick dealer.

All Buicks have a full line of General Motors safety features as standard equipment. For example, side marker lights and energy-absorbing steering column.

Wouldn't you really rather have a Buick?

The '68 Buicks are at your Buick dealer's now. He's ready to talk your language.

REV. & MRS. LARRY HATFIELD

Assembly of God Conducting Revival

Revival is now in progress at the Assembly of God Church, 1011 Hall Ave., at College. Each service, along with the special message.

Rev. Floyd Schaeffer, pastor of the church, says "you are invited to attend these services at First Assembly of God, at East 14th and Hall."

Services begin at 7 p. m. on Sunday night and Sunday night services begin at 7 p. m. on Monday night. Hatfields will present music and singing in

FFA Sweetheart Candidates Are Nominated

Littlefield's FFA Chapter called a special meeting Monday night at 8 p. m. in the Vocational Agriculture Building to nominate candidates for Ag Sweetheart.

Candidates are, seniors, Sheila Phillips and Debbie Dutton; juniors, Melinda Morris and Nancy Hall; and sophomores, Candice Hutson and Sherry Cook.

Supervisor Election Set Today

Supervisor of Zone Four, Lamb County Soil and Water Conservation District, will be elected at 8:30 p. m. today in the high school cafeteria during the annual meeting of Federal Land Bank Assn.

Vice-Chairman of the District Ed Mitchell said the election was scheduled during the meeting upon invitation by Manager W. H. McCown.

Eligible voters must own agricultural land within the subdivision where the election is being held (Zone 4 includes voting precincts 4, 12, 13 and 16), must live in a county all or any part of which is in the Soil and Water Conservation District and must have attained the age of 21 years. No poll tax is required. Under the Community Property Law, the wife of a landowner is entitled to vote and hold office.

Herbert Dolle of Littlefield currently is supervisor from Zone 4 and district secretary.

All supervisors must be owners of land within the subdivision from which they are elected and actively engaged in farming or animal husbandry.

LITTLEFIELD

MRS. J. B. McSHAN
385-4337

Mrs. Ruth Marks, mother of Mrs. Bill Street, has returned to Amherst Manor following a week's stay in Methodist Hospital at Lubbock.

Mr. and Mrs. James Zoth of Amarillo are the parents of a daughter, born Sept. 13, weighing 7 lbs., 3 ounces. She has been named Traci. Grandparents are Mr. and Mrs. Truman Lindsey of Muleshoe and Mr. and Mrs. Vergil Zoth of Littlefield. Great grandparents are Mr. and Mrs. Enloe Smith and Mrs. Ruth Zoth of Littlefield and Mrs. Dora Curry of Hollis, Okla.

Mr. and Mrs. J. A. Garrett of Amarillo were Sunday guests in the home of Mr. W. E. Bass, 604 E. 14th. Other recent visitors in the Bass home were Mrs. A. C. Bass and Mr. and Mrs. Lowell Baird of Big Spring.

Mike Pope, son of Mr. and Mrs. Claude Pope, left Sunday for Texas Tech. Mike is a sophomore student.

Mrs. Otho Key of Lubbock and Mrs. George Westbrook of Gallup, N. M., both former residents of Littlefield, spent Saturday afternoon visiting in the home of Mrs. Mancil Hall.

Steve Lewis, son of Mr. and Mrs. Waymon Lewis, left over the weekend to attend Tech where he will begin his sophomore year.

O. B. Graham Jr., son of Mr. and Mrs. O. B. Graham Sr., is a sophomore student at Tech this year.

David White, son of Mr. and Mrs. George L. White, left Sunday for Texas Tech where he will be a freshman.

Miss Helen Kimbrough, daughter of Mr. and Mrs. W. R. Kimbrough, left last week to register at West Texas. She was home for the weekend, returning Sunday, she is a sophomore.

Terry Smith, son of Mr. and Mrs. Otis Smith, left over the weekend to begin his junior term at Texas Tech.

Guests in the home of Mr. and Mrs. James Gowdy are his sister, Mrs. Joe Slack of

Mrs. Hokett Recipient Of Appointment

Mrs. Norene Murphy Hokett, daughter of Mrs. Grace Gibson Murphy of Littlefield, recently has been appointed assistant professor of speech and drama at California Baptist College at Riverside, Calif.

Mrs. Hokett holds the B. A. degree from Texas Wesleyan College and the M. A. from Texas Woman's University. She has done additional graduate study at Colorado State University. Her previous teaching experience has been in high schools in Texas, Colorado, Ohio and Washington.

Mrs. Hokett's husband, Donald W. Hokett, is assistant director of admissions at California Baptist College, the only Southern Baptist college on the West Coast.

BROKERS SELL
A real estate expert estimates that 73 per cent of the 30 million houses sold in the United States since the end of World War II were sold through brokers.

Rev. C. G. Sorley To Be Installed At Presbyterian

Rev. Clem G. Sorley will be installed as pastor of the First Presbyterian Church of Littlefield Sunday at 7 p. m. by a commission from the Presbytery of Plains.

According to the Presbyterian Church, each local congregation is a member of a Presbytery and when a new minister is called to be pastor he is first received as a member of the same Presbytery and then inducted into the office of pastor by appointed representatives.

Members of the commission include both ordained ministers and ordained ruling elders from among the "presbyters" or "members" of the Presbytery. Minister members of the commission are Murray Travis of Tulsa; Clinton Edwards of Muleshoe; Walter Horn of Lamesa; and James Aiken, Jr. of Plainview. Ruling Elder members of the commission are Almon Boyd of Tulsa and R. A. Noret of Lamesa.

Rev. Everett B. King, director emeritus of the Presbyterian Foundation in the Synod of Texas, is invited as a guest to preach the sermon. Dr. King was pastor of Sorley's home church at the time Sorley decided to enter the ministry.

All members and friends of the First Presbyterian Church are invited to attend the services of installation. An informal reception will follow the services in the fellowship hall of the church.

PEGGY WARD

LHS Graduate Begins Studies

Miss Peggy E. Ward, daughter of Mr. and Mrs. Amos Rodney Ward, 204 Crescent Drive, has enrolled for the fall term at Draughon's Business College in Lubbock. She is majoring in secretarial science.

Peggy is a 1967 graduate of Littlefield High School where she was active in the band, playing the clarinet.

Quick Showing Today Features Big Changes

Motor Division today introduced its 1968 cars with a completely new body for all intermediate size models, plus an array of new safety and features throughout the line.

New styling for the Deluxe, Skylark and GS features the contoured line down the side, placed on the upper series year, longer hoods and shorter decks and a shorter base for two-door models. The front and rear are the regular size cars in the line, Electra, Wildcat and also have a new '68 grille, taillights, bumpers, interior panels and interiors.

35 models in the line have side marker lamps separate with headlights. Field wipers are concealed within a space provided by the curved edge of the hood. New Buicks show today in Littlefield at Ray Keeling Buick.

Key highlights for 1968 are these features: Electra 225; Most apparent in front is the twin air grille, new hood top and rear, which along with re-

cessed windshield wipers accentuates the length of the hood. Taillamps are recessed in a new rear bumper to provide a smart looking change, and also giving more impact protection.

Wildcat: This performance-oriented series features new grilles, hood, bumpers, and rear treatment. Width has been accentuated with the horizontal grille and wider headlamp housings.

Lesabre: The new front end treatment -- two separate horizontal grilles with the hood extension as the divider -- is unique to this series. Taillamps are extended and wrapped around the edge of the rear fenders to provide more dramatic day or night identification.

Riviera: The classic lines of the roof and profile are retained, but hoods, fenders, grille, and bumpers are new. The rear has been redesigned with new bumpers and recessed taillights. The front has fresh eye appeal with a new plastic front grille, set deeply within the steel frame.

On the Riviera, the lower portion of the body is covered with optional stainless steel moldings. Headlamps are concealed in the outboard edges of the front grille.

Skylark: An all new body with the emphasis on a shortened rear deck and a longer hood. A sculptured body sweepline predominates the side view. Grille is a continuous loop design with headlamps located on both sides.

Sport Wagon: The popular wood grain side treatment continues as an option. The grille is new. A sleek new roof line with added glass area makes the new wagon look even lower. A new combination roof rack and back window air deflector is offered as a dealer

installed option. Distinctive taillamp and rear bumper treatment provides a fresh new appearance.

GS 400: The shorter wheelbase on the coupe styles gives a more compact look to the body area and a longer hood appearance. Open wheel cuts, bordered by chrome molding, are featured. GS 400 styling's identification is immediate through ornamentation.

BUICK RIVIERA'S classic lines are enhanced in 1968 with fresh new styling in hoods, grilles, bumpers and fenders. The new plastic front grille is set deeply within the steel frame. At either side, concealed headlamps

drop into the two openings when lights are operative. Windshield wipers are concealed at the base of the windshield. The rear has been redesigned with new bumpers and recessed taillights.

rear deck and a longer hood. A sculptured body sweepline predominates the side view. Grille is a continuous loop design with headlamps located on both sides.

Sport Wagon: The popular wood grain side treatment continues as an option. The grille is new. A sleek new roof line with added glass area makes the new wagon look even lower. A new combination roof rack and back window air deflector is offered as a dealer

installed option. Distinctive taillamp and rear bumper treatment provides a fresh new appearance.

GS 400: The shorter wheelbase on the coupe styles gives a more compact look to the body area and a longer hood appearance. Open wheel cuts, bordered by chrome molding, are featured. GS 400 styling's identification is immediate through ornamentation.

Special Deluxe: All new body with new front, rear and side treatment to distinguish this series from others in the line. Side markers, ports and identification script complete the design that is predominately the

longest set of hood and front fenders ever used on this series.

Special Deluxe: All new body with new front, rear and side treatment to distinguish this series from others in the line. Side markers, ports and identification script complete the design that is predominately the

longest set of hood and front fenders ever used on this series.

Vocational Ag. Chapter Elects New Officers

Monthly Vocational Agricultural meeting was held Sept. 12 in the Vocational Agriculture building at the High School. Purpose of the meeting was election of officers. New president is T. J. Reed; vice-president is Quinn McKinnon; secretary, Jim Francis; treasurer, Stacey Carr; parliamentarian, George Culp and historian, Ronnie Chaney.

Gordon Graves was elected candidate for the district officers' tryout which was held Wednesday, Sept. 20, at Amherst.

Quinn McKinnon and Jim Francis are voting delegates to the district convention.

Quinn McKinnon and Stacey Carr were elected to attend the national convention in Kansas City.

SQUARE MILE AREA South America has an area of 6.8 million square miles.

JANIS WILSON

Miss Wilson Enters School

Miss Janis K. Wilson, daughter of Mrs. Maedell Wilson, 519 East 17th, has enrolled for the fall semester at Draughon's Business College, Lubbock, where she is majoring in secretarial studies.

Janis is a 1967 graduate of Littlefield High School where she was active in the band and a member of the National Honor Society.

She also was a member of FHA and was awarded the Who's Who Homemaking Award during her senior year.

WHITHARRAL

MRS. RAFE RODGERS

Thursday night, Sept. 21, at 7:30, the Whitharral Lions Club with the Whitharral Fire Department will host a community-wide box supper to raise money for operating expenses of the fire department.

Prior to the box supper open house will be held with inspections of all the facilities. The Whitharral band will be present to play selections and atmosphere to the event. Everyone is invited to bring a box and participate in the event.

Awards will be given for the decorated boxes. Don Matthews of Levelland is the auctioneer.

The Whitharral Fire Department answered a call Wednesday night to extinguish a fire in a lightning struck the Gage building. Telephones were out due to storm and the call came through the Littlefield Fire Department after they were called.

This is just one of several accidents which calls the Whitharral fire department have made recently. Within one week, two other serious mishaps brought the fire department out, including the crash west of Whitharral and the drowning of the Hernandez infant.

Whitharral's athletes are doing all the good with high school and junior high both with winning records. Junior High won their game 14-12 over Bula when they played here Thursday evening.

LeRoy Bradley leads the big Panthers in scoring with 52 points to his credit for the scrimmage game and the first two games of the season, scoring three TDs against Southland, three TDs and six extra points in the Klondike game and one TD and four extra points Friday night against Wellman.

The Panthers meet the Dawson team on the Whitharral field here Friday night.

Paula Reding left for Canyon a week early for orientation. Classes begin at West Texas State College this week.

Monty Rodgers won the football contest at Levelland last week. He entered the first contest once and came off with the first place \$10 prize.

Farmers from this area have been attending various field demonstrations and field days. Attending the South Plains Research Center open house north of Lubbock were Roger White, Bobby Grant, Danny Grant, Jimmy Hisaw, Rafe Rodgers and T. C. Wade.

Robert Avery and Rafe Rodgers went to Halfway Experiment station Thursday for their annual tour.

Fred Smith of Whitharral won the five gallons of chemicals valued at \$60 given away at the Dow Chemical demonstrations at Levelland last week. Others attending this demonstration were Loyd Hood, Roger White, Rafe Rodgers, Clifford Williams, Danny Grant and Ralph Wade.

Going on the chartered bus tour of Hockley County demonstration plots last Saturday were Don Reding, Fred Smith, T. D. Northern and Rafe Rodgers.

Young Homemakers attending the YH convention at Tulia last Saturday were Mrs. Ronny Grant, Mrs. Danny Grant, Mrs. Bobby Grant and Mrs. Ernest Kristinek.

A Young Farmers convention was held jointly. Among those attending this were Ronny, Danny and Bobby Grant and Ernest Kristinek. Others from Whitharral attended but their report was not turned in.

Gloria Polanco reigned as the queen over the Mexican Fiesta during the three day celebration of Mexican Independence Day at Levelland last weekend.

BY BUDDY LOOSDON

Time of application of phosphorus and its placement in the soil are of utmost importance if the element is to be of some use to a plant.

"Phosphorus must be applied when and where young plants can use it," pointed out Dr. Tom Longwecker, director of High Plains Research Foundation, during a plant food conference Sept. 6 at Texas Tech.

About 250 farmers, researchers, educators and fertilizer dealers and manufacturers attended the one-day phosphorus symposium at the Texas Tech Student Union Building.

"Phosphorus is usually the second element which becomes deficient in the soil," Longwecker said. "Young plants absorb it very rapidly and therefore it must be applied preplant or at planting time. This is when the element is most soluble and thereby more readily available

to the plant. An adequate supply of phosphorus should be available immediately after seed germination."

The nutrient must be placed where it is positionally available to the roots of young plants, he continued. It can be applied either by broadcasting or by banding preplant or at planting. Longwecker said that banding at planting time is best, applying the phosphorus one to two inches to the side and one to three inches deeper than the seed.

The element does not move much in the soil, either horizontally or vertically, he added, and its availability decreases with the length of time it is in the soil.

Presiding at the morning session was Dr. W. H. Lonstaff, president of the Texas Plant Food Educational Society. Lonstaff outlined the activities and purposes of the TPFE, stating that the organization's main purpose is "to foster and promote the dissemination of useful and practical information regarding all forms of plant food, its application to crops of all kinds, better cultural practices and other related information which would result in the production of better crops and increased farm income."

Jim Valentine, area soil chemist with the Texas Agricultural Extension Service, discussed the responses received from some crops on various types of soils when phosphorus was applied. Clay and sandy soils have produced increased yields in a number of test plots, he said.

Lint yields increased from 26 to 41 pounds per acre when phosphorus was increased from 40 to 80 pounds per acre. Grain

sorghum yields were boosted approximately 75 pounds by doubling the amount of phosphorus from 40 to 80 pounds.

An increase of two bushels was found on wheat plots on sandy soils when the element was increased from 40 to 80 pounds, but clay soils showed a slight decrease with the same treatments.

In discussing phosphorus deficiencies in plants, Valentine pointed out that there are no visual symptoms in cotton, grain sorghum and wheat that are specific. Plants will just not grow well and production will usually be off some, he added.

Of the 18,152 soil samples from 49 West Texas counties that were tested at the South Plains Research and Extension Center's soils lab within the past year, Valentine said that 36 per cent of these indicated a very low phosphorus content and 22 per cent were low in the element.

Other speakers at the conference included James A. Potts, president of Taylor-Evans Farm Stores, Inc., Amarillo; Dr. Eugene Coleman, services representative of International Minerals and Chemicals Corp., Atlanta, Georgia; Dr. Arthur Onken, assistant professor of soils and fertilizer at the South Plains Research and Extension Center; Dr. Yates C. Smith, with the Tennessee Valley Authority in Texas; College Station; and Dr. William Bennett, director of agricultural services, Elcor Chemical Corp., Dimmitt.

Also, Dr. Warren Anderson and Dr. Grant Thomas, professors of soil fertility and soil chemistry respectively, at Texas A & M University; Dr. B. L. Allen, professor of agronomy at Texas Tech; Charles E. Fisher, superintendent of research at the South Plains Research and Extension Center; and Dr. A. W. Young, head of the Tech Department of Agronomy.

The symposium was sponsored by the TPFE in cooperation with Texas Tech, Texas A & M, West Texas State University, High Plains Research Foundation, South Plains Soil Fertility Committee and the Lubbock and West Texas Chambers of Commerce.

TOMMY SHOTWELL

Youth Earns Karate Belt

Tommy Shotwell, son of Dr. and Mrs. I. T. Shotwell, Jr., has received the Green Belt, the first record of achievement in the oriental art of self defense, Karate.

Karate was once practiced in the Orient as an art of self-defense without weapons. Since its coming to America, it has become a popular indoor sport.

Shotwell is a student of Greg Shelton, instructor at Bert Kahan's Lubbock Athletic Club, a member of the Tae Kwan Do Heated by Jhoon Rhee, and a member of the Southwest Karate Black Belt Association headed by Allen Steen.

Viet Village Set At Fair

An M-42 tank, a lightly armored, full-track vehicle carrying twin 40 millimeter cannon and a .30 caliber machine gun, will be one of several featured exhibits in the military display at the 50th annual Panhandle South Plains Fair in Lubbock, Sept. 25-30.

Primarily for use against medium- and low-flying aircraft, the M-42 can also be used against ground troops, light fortifications and other lightly armored vehicles. It delivers a tremendous volume of accurate and quick firepower (240 rounds per minute) and can move easily over isolated and rough terrain.

It was secured from the U.S. Army Air Defense Center at Fort Bliss, El Paso, through cooperation of military recruiters.

Powered by a super-charged, air-cooled engine with six cylinders, the M-42 is capable of operating in temperatures ranging from 65 degrees below zero to more than 120 degrees.

The popular junior parachute jump will again be back and will be operated by Green Beret personnel.

This year's golden anniversary edition of the fair will salute A. E. Davis, longtime general manager, and will feature Eddy Arnold and his all-star show.

Arnold, The Kids Next Door and ventriloquist Jimmy Nelson will be appearing at 3 p.m. and 7:30 p.m. daily in Fair Park Coliseum. Tickets are priced at \$1.50, \$2, \$2.50 and \$3 for matinees and \$2, \$2.50, \$3 and \$3.50 for evening performances.

Children 12 years and under will be admitted to matinees for one-half price and all tickets purchased prior to the fair opening will be accompanied by free gate admission passes.

The 1966 fair drew over a quarter million patrons for the first time and welcomed its five millionth visitor.

OBITUARIES

Alfred A. Snitker

Funeral services for Alfred A. Snitker, 91, of Anton, was held Monday afternoon at Anton's First Baptist Church, with Rev. Wilson Welch, pastor, and Rev. Delton Fisher, pastor of the First Methodist Church officiating.

Burial was in Anton Cemetery under direction of Hammons Funeral Home of Littlefield.

Mr. Snitker died Sunday at Medical Arts Hospital in Littlefield. He was a native of Illinois and had lived in Anton since 1929. He was a retired farmer.

Surviving are his wife, Hattie; sons, W. F. of Brownfield and Lushel of Levelland; a brother, F. C. Snitker of Muleshoe; six grandchildren and 10 great-grandchildren.

John R. Wims

Funeral services for John R. Wims, 56, of Bogota, Tex., formerly of Littlefield, were held Sunday afternoon, Aug. 27 at the Church of Christ in Bogota, with Albert Roach, minister, officiating. Bogota Funeral Home had charge of interment in Bogota Cemetery.

He died Aug. 25 in the Red River County

Hospital at Clarksville where he was after suffering an apparent heart attack. Mr. Wims was born Jan. 26, 1911 at Littlefield, Tex. and was married to Miss Vera Wims at Lubbock, Oct. 13, 1934. He was a carpenter and had lived in Littlefield before moving to Bogota in 1966.

Surviving are his wife, Vera; sisters, Mrs. Sue Smither of Lubbock, Mrs. Velma Fathree of Oklahoma; brothers, Carl Wims of Bogota, D. A. Wims and Laurel Wims of California. He was brother-in-law of L. E. Hairston of Littlefield and Mrs. Dorothy Kirby of Levelland, was son-in-law of Mrs. Annie Hairston Levelland.

Wayne Jones

Word was received late Sunday afternoon that Wayne Jones, 15, grandson of Mrs. Jones of Amherst and C. W. Jones of Littlefield, was killed in an accident loading corn onto a truck near his home in Greeley, Colo. He is also nephew of Eyrle Abbott and Charles Jones of Amherst, Mr. and Mrs. Charles Jones and son of the services Tuesday in Greeley.

Department To Observe Anniversary

AUSTIN -- Good roads enthusiasts from throughout Texas will gather in Austin Tuesday, Sept. 26, to mark the 50th Anniversary of the Texas Highway Department.

Pioneers in highway development -- both local boosters and veteran Highway Department employees -- also will pay tribute to State Highway Engineer Dewitt C. Greer. A Department employee four decades, Greer has been the top administrative officer 27 years.

Highlight of the anniversary event will be a dinner Tuesday

evening at the Austin Municipal Auditorium. Tickets for the dinner, priced at \$10 each, may be obtained by sending a check or money order to the Texas Good Roads Association, 302 Vaughn Building, Austin, 78701.

Many chambers of commerce and other civic groups plan to bring bus loads of highway boosters to Austin for the event.

Governor John Connally will be the main speaker. Arrangements for the 50th Anniversary observance are being made by a committee of leading Texans

headed by former Gov. Allan Shivers. Former congressman Joe M. Kilgore, Austin and L. P. Gilver, Arillo are vice-chairmen.

Oldsmobile Showing New Power Train Concept

The new power train concept of the 1968 model Oldsmobiles is the owner additional benefit in mid-range performance, fuel economy, quietness, operation, and durability. The new Oldsmobiles are on display at Jones Motor Company.

The display reveals a new performance option and substantial styling improvements in front wheel drive Toronado, development of a brilliant front-end look for the 88's and 98's, and a completely new appearance for the Cutlass, Cutlass Supreme, 4-4-2 and Vista Cruiser. Particular interest, are the new models in the Cutlass series which are identified as 'S' Coupes. We expect new cars to augment Oldsmobile's recent gains in the market.

The 'S' Coupes are youth-styled, agile in performance and may be customized with the use of any one of engine-transmission combinations. Deluxe interior trim and special exterior ornamentation are standard, while exhausts, a wood grained steering wheel and rallytype styling components are among the options.

In 1968, the high-performance 4-4-2 becomes the F-85 lineup. It has engine-transmission combinations and a ram-air performance option.

Toronado's engine option has a cold-air induction system with high-speed cam-

shaft. The Cutlass Supreme, Cutlass F-85 models have been completely restyled for 1968. The new Vista Cruiser is built on a wheelbase of 121 inches,

making it one of the most spacious station wagons in the industry.

Oldsmobile's Delmont and Delta 88's, the Delta Custom, the 98's and the Toronado have undergone substantial restyling front and rear, including new grilles, new side moldings, and revised rear end treatment.

The Toronado has a more sophisticated, personalized car look. Its headlamps are concealed behind twin grilles which retract upward with lights on.

The new engineering concept involving higher capacity engines and lower axle ratios results in better fuel economy and improved performance in the mid-speed range where cars usually operate. Displacement for engines powering the F-85, Cutlass and Delmont 88 models has been increased from last year's 330 cubic inches to 350 cubic inches. Engines in Oldsmobile's other 88's, as well as those in the 98's and Toronado, have been increased from 425 to 455 cubic inches.

Luggage space in 88 sedans is now 19 cubic feet. For the first time, a stereo tape player is offered in Oldsmobile's F-85's.

Oldsmobile's tilt and telescope steering wheel is equipped exclusively with a new type horn ring as an added convenience. To sound the horns, the driver may squeeze any part of a continuous contact strip circling the wheel's inner diameter.

Safety-related improvements in all 1968 Oldsmobiles include big increases in windshield wiper coverage area and more fluid released per pulse by the windshield washer system. In addition, a new convoluted fuel

tank filler neck will bend and collapse, thus preventing fuel leaks due to the rupture of the tank in case of a rear end collision.

Three Traffic Mishaps Listed

Police records list three traffic accidents within the city since Saturday morning, with no injuries resulting from the mishaps.

Saturday at 11:30 a. m., at E. 4th and Duggan St., a 1965 Chevrolet driven by Susan Gay Downs, 1400 Cherry Blossom Lane, was in collision with a 1962 Cadillac driven by Ruben Franklin Brock, Rt., Littlefield. The Chevrolet was going west on 4th St., when the Brock car stopped for a stop sign then started on north on Duggan, striking the left rear fender of the car driven by Miss Downs.

Sunday at 12:15 a. m., a 1960 Chevrolet driven by Prezel Washington of Muleshoe was in collision at the intersection of Hilburn Ave. and Irvin St., with a 1963 Ford driven by L. C. Barnes of Earth.

The Washington vehicle stopped at a stop sign and was to make a left turn when the second vehicle, traveling west on Irvin and making a left turn, struck the Chevrolet's left front bumper.

Monday at 11:03 p. m., at Hall Ave. (Hwy. 385) and E. 9th (F.M. 54), a 1962 MG convertible driven by Richard Mike Greer of Littlefield collided with a 1956 Chevrolet driven by Johnny Ross Weaver of 207 Phelps. The Weaver car stopped at a traffic light and was struck in the left rear fender.

EXTERIOR CHANGES in the 1968 Cadillac, as shown in this Coupe de Ville, include a new grille and larger parking lights in the front, redesigned cornering lights and new marker lights on the side plus a new deck lid and all chrome bumper in the rear. On the inside, safety related product improve-

ments include: added cushioning in the instrument panel, use of low luster paint on interior components to reduce glare, recessed door handles, adding padding in the front seat backs and a new inside rear view mirror which will bend away from either a forward or a side impact.

Cadillac - Blend Of Luxury, Convenience And Safety

The blending of luxury and convenience features with safety has been a continuous Cadillac engineering objective since the Division's earliest days.

Cadillac engineers of the past brought to the automobile industry such luxury-convenience-safety innovations as closed bodies as standard equipment in 1910, electric starting, lighting and ignition in 1912, and tilt-beam headlights in 1915.

The 1968 models are showing today at Jones Motor Company.

In more recent years, Cadillac became the first manufacturer to provide power steering as standard equipment (1954) and introduced the first triple braking system (1962). Cadillac also introduced front fender mounted directional signal indicator lights and an automatically releasing vacuum operated parking brake in 1960. Two years later cornering

lights became a Cadillac "first," and in 1966 the first variable ratio power steering on a production car was included on all Cadillac models.

In 1967, a heavily padded steering wheel, deeply recessed instrument panel and controls, an energy-absorbing steering column and a stronger windshield were added to the growing list of safety-related features.

For 1968 Cadillac engineers have designed many product improvements which share the label, luxury-convenience-safety.

Climaxing 53 years of V-8 engine design and manufacturing experience, Cadillac Motor Car Division introduces a completely new engine in its 1968 models.

"The new Cadillac engine, standard in all 11 models, has a 472 cubic inch displacement and is rated at 525 foot pounds of torque--both of which are the highest of any production passenger car engine in the world," according to Carlton A. Rasmussen, the division's chief engineer. "Horsepower is rated at 375."

"All but four small parts of this engine are new and it is the product of many thousands of design hours over a three-year period and more than two million miles of testing," Rasmussen said. "The result is an engine that sets new industry standards of smoothness and effortless performance."

"Incorporated into the engine design is an internal distribution system for the Air Injector Reactor which provides the basis for Cadillac's newly designed system to reduce air pollutants. Also," explained Rasmussen, "it is the first engine designed to have optional air conditioning compressor mountings as an integral part

of the engine itself, to assure a quiet, vibration-free operation."

Jack Dow Enters LCC

Jack Dow, son of Mr. and Mrs. Earl L. Dow, 129 E. 16th, has enrolled for the fall semester at Lubbock Christian College.

A 1967 graduate of Littlefield High School, Jack is undecided about his major. While in high school, he was a member of band and participated in tennis. He won first place in district and second place in regional in informative speaking.

Legal Notice

STATE OF TEXAS, COUNTY OF LAMB.
NOTICE OF SALE OF REAL PROPERTY UNDER ORDER OF SALE.

By virtue of an Order of Sale, issued out of the District Court of Lamb County, Texas, on a judgement rendered in said Court on the 15th day of August, 1967, in favor of R. N. KYZER, and against JARRELL M. GILES, in the Case of R. N. KYZER against JARRELL M. GILES, et al, No. 6269 in said Court, I did on the 6th day of September, 1967, at 10:00 o'clock A.M., levy upon the following described tracts and parcels of land situated in the County of Lamb, State of Texas, being the property of JARRELL M. GILES, described in said Order of Sale, to-wit:

Being the East Forty-nine feet (E 49') of lot Eight (8), and all of Lot Nine (9), Block Twenty-three (23), Highway Addition to the City of Littlefield, Lamb County, Texas.

And, on the 3rd day of October, 1967, between the hours of 10 o'clock A.M., and 4 o'clock P.M., on said day, at the Court House door of said County, I will offer for sale, and sell at public auction, for cash, all the right, title and interest of the said Jarrell M. Giles, in and to said property and will make a good and sufficient deed as provided by statute and place the purchaser of said property in possession thereof.

DATED at Littlefield, Texas, this 6th day of September, 1967.
/s/ Dick Dyer
Sheriff, Lamb County, Texas
/s/ By: L. J. White, Chief Deputy

EARTH

MRS. BEULAH NEWTON
257-4341

Wendy Lynn Bulls, born Aug. 26, weighing 5 lbs., 15 oz. was added to the home of Mr. and Mrs. Glenn Bulls on Aug. 31. She was 18 inches long, has blue eyes and dark brown hair. Grandparents are Mr. and Mrs. Crill Bulls of Earth and Mr. and Mrs. Leon Middleton of Amarillo. Her great grandmothers are Mrs. Dora Bulls of Levelland and Mrs. J. W. Middleton of Mount Vernon, Tex.

Mr. and Mrs. Earl moved to the Y. L. community, last week.

Mrs. Mike Simmons underwent major surgery at the Plainview Hospital Thursday. It has been reported that she is doing fine.

Mrs. Baldwin has been dismissed from Methodist Hospital in Lubbock and is recuperating at home.

Mrs. J. D. Phipps has been dismissed from the Littlefield Hospital. She is resting at home.

Mrs. Lena Hite is a patient in the West Plains Hospital at Muleshoe. She is suffering with the Flu.

Mrs. Agnis Williams had back surgery in Galveston last week. Mrs. Williams had a ruptured disc in her back and has been suffering with it for several months. She is doing fine.

Mr. and Mrs. Floyd Bills had supper with his daughter and family, Mr. and Mrs. Duke Powell of Hereford, Tuesday evening and helped their grandson, Aaron, celebrate his birthday. They had ice cream and cake.

The L. C. C. Associates met, in the home of Mrs. Vera Martin Tuesday evening for a salad supper.

Mrs. Tanner, of Lubbock showed the floor plan for the Home Economics Department at L.C.C., which is being built by the associates over the South Plains. Approximately 20 ladies attended.

Mr. and Mrs. Floyd Bills were in Lubbock Sunday. They went to Church with Mr. and Mrs. Charles Bills. They also helped their granddaughter, Shellie, celebrate her birthday.

Mr. and Mrs. Terry Parish and son Jeff have recently moved to Lubbock where Terry is employed in the Drafting department of the Mosher Steel Co. of Lubbock.

Mrs. W. H. Braden is confined to her home. She had a stroke recently. Mrs. Braden is able to be up and around but is not able to drive her car.

The Springlake-Earth Home Demonstration Club met last Thursday afternoon in the home of Mrs. Oona Higgins. An afternoon of planning and visiting was enjoyed by. Oona Pearl Marrel, Lona Blalack, Odeal Bells, Ola Fanning, Marie Bibby, O'elia Wisian, Essie Hollingsworth and the hostess Oona Higgins. Refreshments of pumpkin pie and coffee were served.

The meeting time was changed to 1:30 p.m. due to mothers with school children.

Stadium cushions are being sold by Beta Sigma Phi. They are 50 cents each. Anyone who wishes one of these may contact any of the girls or Rick Taylor at Earth Beauty Saloon.

Mr. and Mrs. C.O. Taylor have won the high point contest in the 1967 General Electric Sales Safari Sealer's Trip. The trip this year is in the states and will be to Las Vegas, Nev., and other western points of interest.

There will be dealers from Oklahoma, Dallas and Lubbock areas. They will leave by plane Oct. 8 and return Oct. 13. Headquarters will be the Dines Hotel. All expenses including travel, accommodations, meals and entertainment are the courtesy of General Electric company.

During the last three years the Taylors have won trips for outstanding sales to Europe, Mexico City, Hawaii, and Louisville, Ky.

Mr. and Mrs. Darrell Sawyer and son Carry of Bracketville, Tex spent last week with his parents, Mr. and Mrs. Kenneth Sawyer. The Darrells formerly lived here.

It is nice to have the Anglins in our midst. Welcome home!

Mr. and Mrs. Earl moved to the Y. L. community, last week.

George and Elizabeth have moved to Portland. The Laings will both be at the University and will be students.

Combining in grain is started. The storm damage grain ripened faster than expected.

The SPOTLIGHT is on THURSDAY AT Armes Chevrolet Co. Littlefield

SHOWING CHEVROLET For '68

Journey To The Past

BY EVALYN PARROTT SCOTT

led by their daughter, Mrs. Comer Hall of Littlefield.

John Blessing and a son-in-law, Luther Uselton, were the 11th and 12th purchasers of land from the Halsell Land Co. (formed Amherst and the farm area to the north. Blessing and Uselton bought in August of 1923 when Amherst was just a 'bornin'.

Uselton and wife, the former Blessing, moved to Amherst, Dec. 21, 1923 and in 1924 his brother, Thadd Blessing, a preacher, came to Amherst to build a two-story frame on the Blessing farm where the family moved to the fall of 1924.

When Luther and Stella Uselton arrived in Amherst there were only two buildings including a roomy house that was the property of the Halsell Land Co. Lumber Yard, Mrs. Uselton was the first woman to arrive and live in the town of Amherst that was then in the state of Tennessee.

The Lyles family arrived soon after, also the Nickelsons, the Harmons, and the late John B. Blessing. Amherst was born in Lynchburg, Tenn. May 21, 1864. His parents were Billy and Virginia Blessing of Euless, Tex. The Blessings moved to Euless from Lynchburg when John was only three years old. They made the trip from Tennessee to Texas by wagon train. Coming through Memphis, Tenn., they nearly lost the passenger, but, luckily discovered him missing in time to backtrack and pick him up. The wayward traveler being no other than John, himself, who came pioneering on his way to the High Plains of Texas in the last land rush was in Texas.

When the Blessing family moved to the big Pasture, as it was called they lived in a box car shack composed of two rooms built by John. It was below a bluff, as some springs seeped out of the cliff and provided plenty of good water. The place they were living on was one of Quannah Parker's daughter's quarters, and Quannah and his entire tribe of Comanches came to the springs for their annual camp grounds. Quannah being the chief and half white, the family learned to talk with him and John Blessing would go off nights and sit by their camp fire and smoke with him. When they saw John coming they would begin to say che-muck, (meaning smoking tobacco).

Quannah's mother, Cynthia Parker, also lived near where John Blessing was raised and it was there she was kidnapped by the Indians.

John Blessing built the first gin in Cotton County, this being the second year they were on the lease.

The gin had only two stands and had to be fed with baskets and it was in 1914, John decided to make the telescopic suction to the gin and received his

patent from the Washington office.

The same telescopic suction is used on the gins today.

A civic leader, Blessing was elected to the school board of the first school in Cotton County and he was Bible Class teacher for years.

He moved his family to Burk Burnett in 1918 just before the Fowler oil well blew in. There in Burk Burnett, Blessing was partners with a Dr. Adams in an ice factory. Ray Blessing, then in high school, delivered ice with a team of mules pulling his ice wagon. Mrs. Hall remembers when the Fowler well blew in, spewing oil over the top of the high derrick for days before they could cap it off. During the boom days of Burk people lived in goods' boxes, tents and some in mansions.

After many experiences in the oil field town and on old Red River, the family came west again this time to Lamb County and here they decided to stay.

They made new friends and neighbors and helped build the community with churches and schools. Luther and Stella attended regularly the first church erected. As soon as the basement was finished in August of 1925 a revival was held and the Halls joined the church by letter and also had their first born son, Edwin, christened at the same services; at which time he was seven months old. In 1930 another son arrived and was named for his father, James Comer Hall, Jr. He now has two boys, James Henry and Timothy Bruce.

Rev. Edwin L. Hall has two girls, Mrs. Donna Marie La Masters of Athens, Tex., and Janet Lynn Hall of Lubbock. Stella and Luther Uselton have one daughter, Mrs. Doyle Tapley of the Rocky Ford Community. She has two children, Mrs. Judy Butler of Lubbock, and Tim Tapley, who will enter McMurry College in September.

Ray Blessing and Florice Garlington Blessing have three children; Mrs. Ray Lynn Britt of near Littlefield, Pat Blessing of Lubbock and John Edd Blessing of Crosbyton.

Ray Lynn has three children, Don, Gary and Barbara. Barbara will enter Texas Tech in September.

Pat has three children, Christy, Bradley and Kaleigh. John Edd has two children, Jedda and Billy Gene.

Barbara Blessing did not live too long after moving to the Plains and died the year following on Feb. 13, 1929.

Mrs. Blessing died Dec. 26, 1949.

As so often was the case, they were taken back to the place of their youth for their burial and now lie buried in the Calaway Cemetery at Euless, Tex.

To date John and Barbara Blessing, who settled new countries and were truly frontier people, have twenty-five descendants.

MR. & MRS. J.B. BLESSING

Tech Faculty Adds Developer Of 'H' Bomb

Dr. Edward Teller, world famed physicist and key developer of the hydrogen bomb, has been named to the Texas Tech physics faculty, Tech President Grover E. Murray announced.

Dr. Henry C. Thomas, Physics Department chairman, said the 59-year-old scientist has accepted a position as consulting professor in the department and would spend several days on the Tech campus each semester.

Dr. Murray said Teller's appointment "adds immeasurable prestige, not only to the Physics Department and the School of Arts and Sciences, but also to the entire university."

Murray described Teller as "one of the scientific giants of the 20th Century. The results of his research and his ability to communicate his dedication and philosophies to his students, his colleagues and to the American layman have historic import far beyond our own times."

Ballots Due

All ballots for the election of four new members of the Chamber Board of Directors must be in by Friday at 5 p. m. according to Chamber manager Jim Kelly.

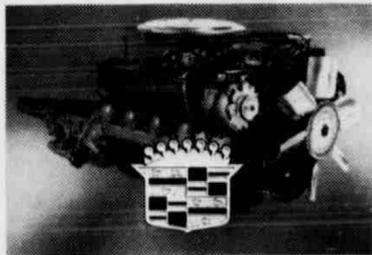

MODELS for Ware's Department Store's annual Fall Fabric Style Show staged Monday night are Donna Eyrum, Cindy McDaniel, Sharon Bernethy, Paula Davis, Mrs. Salina Davis and Mrs. Ronnie Smith. Narrator for the colorful event was Mrs. John Breedlove.

Cadillac presents elegance in action!

And the "inside story" for 1968 starts with the biggest, smoothest V-8 engine ever put into a production motor car.

Brilliant new styling • Dramatic new interiors • Totally new instrument panel • Concealed windshield wipers • Improved variable ratio power steering • New disc brakes available • Wide choice of eleven exciting new body styles.

Now, enter a new era of luxury car performance. Cadillac's new 472 V-8 has the greatest torque, or usable power, of any passenger car engine and the newest combination of engine components since Cadillac pioneered the V-8 fifty-three years ago.

You will notice a brilliant improvement in passing performance that in no way compromises the reserve of strength for Cadillac's usual power conveniences. You will also be impressed with its amazing quiet—so remarkable that only its responsiveness reminds you that a great new engine lies under the hood.

Cadillac for 1968 provides, in addition, its well-proved triple braking system with finned drums to deliver smooth, straight stopping power. Front disc brakes are available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly.

Whether your preference is for one of the more traditional models—or the classic beauty of the Eldorado—come in soon and discover new elegance and excitement in luxury motoring!

THE NEW 1968 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALER'S.

JONES MOTOR COMPANY

Annual Meeting Of STOCKHOLDERS

Of Littlefield

THURSDAY

SEPT. 21 7:30 P.M.

Littlefield High School Cafeteria

MEAL WILL BE SERVED

FILM WILL BE SHOWN

FREE DOOR PRIZES

ALL STOCKHOLDERS CORDIALLY INVITED

GIRL SCOUT Troop 28 staged its first meeting of the year Monday afternoon. Members are shown here gathered around a table featuring a football theme. Back row, left to right, are Jill Owens, Peggy Weaver, Sandy Talburt and Carol French. Pictured in front

row, left to right, are Ann Coffman, Terri Chandler, Mari Louise Bennett, Shelly Malone and Beth Williams. All members are sixth graders. Leader is Mrs. David Coffman who is assisted by Mrs. Orla Bennett.

Electric Rate Hike Outlined

First general increase in electric rates in 16 years is part of a rate simplification and adjustment program being submitted to municipal governments for approval in the Texas communities served by Southwestern Public Service Company.

Increase at Littlefield will be 6.29 per cent. The issue will be presented to the city council Thursday night.

An average increase of 7.62 per cent for residential and commercial customers in the Texas portion of the company's

service area will take effect upon approval of the proposal. In this area, most communities will face an increase of about 5 per cent.

New rates already have been approved for communities the company serves in New Mexico by the rate-making authority in that state, the New Mexico Public Service Commission, following thorough study of company's books and records by the Commission and the Commission staff.

The 1967 rate increase, which added 10 per cent across the board to electric rates, is the only general rate increase the company has ever requested. There have been about 25 reductions in rates by Southwestern Public Service Company, or predecessor electric companies in the area, 14 of them having gone into effect since the

company took its present form in 1942.

The company proposes, under the rate simplification phase of the program, to reduce the number of rates applicable to residential service from 4 to 2. At the same time it will switch to single meter billing for all residential customers. Presently, those customers who heat their homes electrically or use water with electricity are billed on two meters.

Single meter billing offers a number of advantages to the residential customer, company spokesmen explain. There is a single minimum bill charge in the event of a long vacation or extended absence from the home. The customer has a smaller investment in wiring needed to bring service into his home. During the winter season, an electrically heated home, all usage after 500 kw-hr per month will be billed at a rate of less than one cent per kilowatt-hour.

FIRST AUTO RACE

What is said to have been the first long-distance auto race was one from Paris to Perth, promoted by a Paris newspaper in 1907. The route covered between 4,000 and 4,500 miles across trackless deserts and unbridged rivers.

MARIJUANA SEIZED

Police seized and destroyed a lot of marijuana discovered in North Sumatra as it was being prepared for smuggling into Singapore, the Indonesian national news agency reported.

PLUS A ONE WEEK TRIP-FOR-TWO TO JAMAICA'S FAMOUS MONTEGO BAY
FILL OUT ENTRY BLANK AND DROP BOTH ORIGINAL AND COPY IN THE OFFICIAL REGISTRATION BOX AT YOUR MERCURY DEALER BEFORE OCTOBER 21, 1967

Although the United Auto Workers are on strike against the Ford Motor Company, we will have a representation of new 1968 FORD CARS AND PICKUPS and 1968 MERCURYS on the floor for our showing Friday.

In addition to a representation of our 1968 models, you may also want to see several new 1967 Fords and a 1967 Mercury Cougar which we have in stock. The following demonstration units are available:

- 1-1967 Thunderbird with approximately 800 miles
- 1-1967 Country Sedan, 3,500 miles
- 1-1967 Ranchero, 5,000 miles
- A few 1967 Pickups left for immediate delivery

Our suggestion for those in our area interested in purchasing a new Ford product is that you see the 68 models and compare them with the 67 models. If the unit you want is available you can of course, get it immediately. If not, we hope you will wait until the strike is over and the availability is greater before buying your new car.

At this time it is difficult for us to be able to take care of your transportation needs as they arise, but we hope that you will bear with us until a strike settlement is reached.

1968 Pontiac Big On Safety, Comfort Features

A new styling theme dominated by a bold front end design, engineering advancements which include another first in the industry and unexcelled safety are the characteristics of Pontiac Motor Division's 1968 models.

All Catalina, Executive, Bonneville and Grand Prix models carry a distinctive Pontiac oriented styling theme highlighted by a new wide peripheral front bumper with a strong and handsome center section.

Built-in safety features of every 1968 Pontiac include new side marker lamps, additional interior padding and crushable armrests.

"The safety, comfort and convenience of driving a new Pontiac are at their highest level," John Z. DeLores, a General Motors vice president

and Pontiac's general manager said.

The 1968 Pontiacs are on display today at Sumrall Pontiac Co.

A total of 17 models in four series is available in 1968.

The volume-selling Catalina series offers a two-door sedan, four-door sedan, hardtop coupe, four-door hardtop, convertible, two-seat station wagon and three-seat station wagon.

Executive models include a four-door sedan, four-door hardtop, hardtop coupe, two-seat station wagon and three-seat station wagon.

Bonneville luxury is available in a hardtop coupe, four-door hardtop, convertible and three-seat station wagon.

A new hardtop coupe represents the Grand Prix series. The popular Ventura custom

trim option is offered on most Catalina models and the luxurious Brougham option is now available on Bonneville four-door hardtops, hardtop coupes and convertibles.

TEMPEST
Pontiac Motor Division's 1968 Tempests enter the new model year with the most extensive styling changes, engineering improvements and built-in safety since this popular series was introduced seven years ago.

An exclusive energy-absorbing front bumper for the GTO, separate wheelbases for two-door and four-door models, increased engine displacement and a new level of interior comfort and protection head a long list of 1968 Tempest, Tempest Custom, LeMans, Safari and GTO features.

For the first time the Tempest will be built on two wheelbases. All two-door coupes and convertibles will have a 112-inch wheelbase and the four-door models and station wagons will be built on a 116-inch base. The wide track has been increased to 60 inches at both the front and rear.

The Pontiac-inspired styling places particular emphasis on the venturi shape, accentuating the long hood, short deck profile. A blending of new roof lines into the rear adds new grace to the overall styling theme.

FIREBIRD
Pontiac Motor Division's 1968 Firebird has undergone an evolutionary styling change and latest engineering refinements provide greater customer comfort.

Front door vent windows have been eliminated and a new upper ventilation system, which provides draft-free circulation when the windows are closed, has been added.

In addition to its sports car appearance, the Firebird has improved sports-car ride and handling characteristics in 1968. New multi-leaf rear springs give the car a smoother, softer ride.

Shock absorbers are straddle mounted and the left shock is moved from the front to the rear of the axle while the right shock remains at the front of the axle. Arranged in this manner, and with the multi-leaf springs, the Firebird combines a soft ride with improved handling and stability while retaining its sports-car feel.

Both the standard overhead camshaft six-cylinder engine and the optional intermediate V-8 have displacement increases and the high performance 400 cubic-inch V-8 is also offered.

CURRENCY CHANGE SET
In keeping with the trend of the British Commonwealth, the currency system of this Caribbean island will be decimalized, Finance Planning Minister Edward Seaga told a news conference. The effective date will be in September 1969, he said.

SUDAN

MRS. R. E. SCOTT
227-5351

Donna Heard, bride-elect of Michael Dean Smith, was the honoree for a luncheon Friday held in the Gold-Room of Hemphill Wells, in Monterey Center at Lubbock.

Yellow roses were arranged in an antique three-tiered crystal container from Austria, belonging to Mrs. Doyle Watkins.

Those attending were the honoree, her mother, Mrs. O'Dean Heard, the groom's mother, Mrs. F. M. Smith, and Miss Susan Jones.

Hostesses for the luncheon were Mrs. Bill Curry, Mrs. Robert Drake, Mrs. Glenn Gatewood, Mrs. Doyle Watkins, Mrs. E. C. Minyard.

The Booster Club is sponsoring a Booster Club Scoreboard contest when participants will be given a scoreboard at each meeting of the club held each Monday night at the school cafeteria. Winners for the preceding week will be named and awarded two free passes to the ball game of the current week.

More than fifty have become members of the club and films of the report of the upcoming game will be given.

All interested persons are invited to attend the meetings and become boosters of the Sudan Hornets.

The Sudan band parents organization met last week in the band hall for the first meeting of the school year.

Buddy Joe Wiseman, president, presided at the business meeting when one of the main topics was a discussion of the repairing of the concession stand. Plans were made for a work day Monday, Sept. 18, to be held for reroofing and re-flooring the stand which was badly damaged during the recent storm.

A committee composed of Mrs. Harlan Pickett, Mrs. Billy Chester, Mrs. Kenneth Wiseman, and Mrs. James Wallace was appointed to select sponsors for all band trips.

Also a money making project was planned and it was decided

ham, Bernard Wilson, and Kenneth Noles discussed "What do Teachers Expect of the Parents", and "What Parents Expect of the Teachers".

Ice cream was served by members of the hospitality committee. Mrs. Bill Chester is chairman of the committee.

Yearbooks were presented by membership chairman, Mrs. Wayne Rogers, who stated over 100 members have joined at the present time.

Homemaking students including Charlene Gross, Carolyn Beaver, Jeanne Baker, Molly Trevino, Vicky Williams kept the nursery with Home Economics teacher, Mrs. Kenneth Burgess, supervising.

The next regular meeting will be Oct. 10.

JAMES A. CROSBY JR.
James A. Crosby Sr., and Mrs. Morris of Terre Haute, Ind., stationed at Memphis, where he is receiving training with the Marine enlisted in Terre Haute and went through basic at San Diego, Calif.

Sudan Man Charged In Burglary

James Hooper of Sudan held in county jail here at time in lieu of \$3,000 bond being charged with burglary attempt to commit according to County Attorney Curtis Wilkinson.

The charge was made Monday, Wilkinson said, ing burglary of the Sudan of Harvey Lee King and to commit rape about Sunday.

Date of the trial has not set.

Both the defendant and plaintiff are Negroes.

Wilkinson said Hooper arrested Monday and here where he was arrested before justice of the James N. Bowen.

Judge Bowen appointed attorney to represent defendant who then set an examining trial, which stated.

Attending the PTA Bi-County Council meeting held Tuesday at Amberst were Mrs. John W. Humphreys, Bernard Wilson, Kenneth Noles and Mrs. Bob Drake.

Mr. and Mrs. Macky Ballard and children of Austin visited last week in the home of his mother, Mrs. Noel Lumpkin.

Mr. and Mrs. Bruce Newman will be in Caddo Mills this weekend to attend a class reunion. They will also visit their daughter, Jane, in Dallas.

Members of the TEL Sunday School class of the First Baptist church presented the program at the meeting Friday afternoon of the Young at Heart Senior Citizens meeting held in the Community Center.

Mrs. S. D. Hay presided at the business meeting. The Rev. Willie Hazel gave the devotional.

Mrs. W. E. Hancock accompanied Raymond Harper and Noble Dudgeon, who sang solos.

Cookies and punch were served those attending and games were played.

Those of the class assisting were Mrs. Hershell Olds, Mrs. Dewey Coldiron, Mrs. Sterling Reece, Mrs. J. A. Graves, Mrs. J. P. Arnold, Sr., Mrs. Clyde Chappell, and Mrs. Hancock.

HORSE PROGRAM
One of the fastest growing 4-H activities in the U.S. today is the horse program. Nearly 170,000 young equestrians are enrolled.

ALL NEW FROM PONTIAC -- Two of Pontiac Motor Division's newest and most distinctive 1968 models are shown above. In the foreground is the GTO convertible which features the exclusive Endura front bumper as standard equipment. The bumper is made of a special chemical compound which has an energy-absorbing quality. Also pictured is the LeMans two-door hardtop coupe which reveals the new styling of all the 1968 Tempests.

DAY NIGHT Mustang—Mule Contest Highlights Area Slate

who will tackle its Lamb County football the Mules home grounds on evening in an attempt back on the winning side season ledger.

Mules lost their first of the season to Littlefield 12-0 last week, going game with a victory minute under their belts.

Mustang herd which down deep in their bag and came up with a victory over highly rated

other games of the area, but goes to Cooper; Bula to Patton Springs; Mule-Earth moves north and Whitharral hosts

beat Amherst 32-6 Friday and Anton lost its opener against the Lions Deal, 12-7.

Amherst takes on Cooper in

the first conference game of the season, Cooper beat Class A Roosevelt Friday 8-6.

In eight-man football, Bula and Patton Springs each have something in common. Both lost to teams which scored 46 points Friday night. Patton Springs lost to Harrold 46-18 and Union shut out Bula 46-0. (Bula's first game was also a 46-7 loss).

Whitharral, in another eight-man ball meeting, is undefeated thus far, beating Wellman Friday 28-8. Dawson is also on a winning skien, having dumped Three Way last weekend 32-14.

The Wolverines of Springlake-Earth take on their second AA club in as many weeks. After losing to Amherst in their opener, they took another defeat from Hale Center last week 32-6. Dimmitt, on the other hand, lost its first game to Muleshoe and then came back Friday to be tied by Class A Farwell, 21-21.

HARD YARDAGE--Muleshoe end Roy McCormick found the running after taking a pass made difficult by defensive safety Donnie Heard. On this play, midway in the fourth quarter of Friday's game, Heard knocked the ball from the Mule's hands. However, it squirted out of bounds to remain in Muleshoe's possession. It was not enough for a first down and a play later Littlefield took over on the Muleshoe 32 yard line. Two plays after that the Wildcats scored their fourth TD of the evening.

Powder Puff Football Planned Here Friday

a year in Littlefield, a strange type of football game that appeals to boys, causes a certain of apprehension among parents, and does a fine raising money to finance annual athletic banquet.

the annual Littlefield High Powder Puff game, to be played Friday night at 7:30 in Wildcat

for the past 14 annual it's all girls playing, seniors taking on the seniors. Each team is coached by type football players from respective classes.

girls will play "flag" football, with no tackling. They have as uniforms helmets, pads, shoulder pads, jeans and sneakers.

Funds raised by the game... admission will be 50 cents per person...are mainly used to finance the annual athletic banquet in the spring. Sponsor of the game and of the banquet is the LHS Student Council. Donny Heard is president this year. Council sponsors are Mrs. Jo Ann Jordan and Mrs. Charlene Reast.

The box office will open approximately 7:15 p.m. Junior rooters are asked to sit in the northern section of the west stands and senior backers in the south section. All fans are asked to sit in the west stands.

The players began working out Saturday in preparation for a battle royal, promising paying patrons a full evening's entertainment.

Oilton Victory Impressed More Than Fans, Whitefaces

nationally-televised between Southern Methodist University and Texas wasn't the only contest last weekend in which outcome wasn't decided the last few seconds and underdog emerged victor.

was such a contest in Lamb County, and a real thriller, according to fans and players alike.

the Oilton upset over highly ranked Hereford 125 left on the score-clock, Oilton trailing 14-mighty Whitefaces were to punt. Scappy Steve took the ball on his own yard line and commenced a that brought the stadium to its feet, where they that the rest of the game, that touchdown wasn't the work the son of Mr. Mrs. Don Spain had cut

out for him. That only tied the score 20-20. He then kicked the extra point that spelled the difference between tie and victory.

Young Spain's extra point kick, though of major importance, didn't surprise anyone particularly. It was his eighth this season without a miss.

The fans in the stands and the Whitefaces weren't the only ones impressed with the efforts of Spain and the Mustangs. The sports writers at the Lubbock Avalanche-Journal were equally awed. So much so that they raised their ranking of the Mustangs among area AA teams from second to first place...and picked Spain as the Back of the Week among high school players of the South Plains.

Local Teams In Four Games

Though the Wildcat varsity team is idle this weekend with an open date, Littlefield fans will still have four games by local teams to entertain them.

Two of the games will be played at Abernathy, but the others will be at Wildcat Stadium.

Playing here will be two teams of the 8th grade. The 8th B team will play at 5:30 p. m. and the A team will follow.

At Abernathy will be the 9th grade team kicking off at 5:30, followed by the Wildcat junior varsity at approximately 7 p. m.

The junior varsity now holds a 1-1 season record, while the 9th grade is looking for its first victory in the second game of the young season. The 8th grade has not played a game thus far.

... Paving

Continued From Page 1

nothing can be done "as far as the highways coming into town, until the state gives Crain money for overpasses. He has requested three overpasses for Littlefield -- he has been most generous."

Crain commented he had requested three, "but I'll do well to get 54 overpass, Mayor."

In summary, curb and gutter construction should begin not later than Oct. 15, the State's portion not before spring and completion of the project is scheduled before the end of 1968.

Present for the session were Mayor Chisholm, Councilmen Paul McCormick, Paul Carmickle and Chester Harvey, City Manager Terry Scarborough, Crain, McMorries, Partell, Henry Hague who accompanied Engineer McMorries, Russell and Turner.

Miller Wins 2nd Contest

Ronald Miller, entering the weekly Leader-News football contest for the first time, was judged the winner of the second week and receives \$10 cash for his efforts.

Miller was one of nine who tied for first place, each missing three games. He won over Jerry Williams, second place, and Johnie Blair for the top prize with his scoring on the tie-breakers.

Steve Owens vaulted into the lead after two weeks for the Grand Prize of two Cotton Bowl tickets. He now has 27 correct guesses of a possible 32 to stand alone in first place of the 12-week contest.

Hot on his heels in a tie for second are Joe Bellar, Jerry Trues, Jerry Williams, Ricky Krieger, Charles Didway and Arthur Duggan.

In a tie for third with 25 correct guesses are Mozelle Hutson, Paul Yarbrough, Johnie Blair, A. A. Smith, Don Hevern, Richard Wright and Lindy Stansell.

With 24 correct guesses are James Walker, who won the first week judging, Mary Jane Bartlett, Floyce Pierce, Lee Roy Nuttall, Tommy Cloninger, Gene Brantley and Doris Robinson.

Miller's misses were the Lubbock-Odessa tie (which was missed by all contestants), Whitharral-Wellman and Meadow-Lorenzo games. Williams also missed Whitharral-Wellman and Oilton-Hereford, while Blair's misses included Oilton-Hereford and Happy-Bovina.

There were 31 entries from out of town last week.

Contestants still have until 5 p. m. Friday to get this week's entries to the Leader-News office or in the post office.

Countymen Play On ENMU Club

When the Greyhounds of Eastern New Mexico University take to the field at Flagstaff, Ariz., against the Northern Arizona University Lumberjacks Saturday, three players from Lamb County figure to see action.

All three play on the Greyhound club, and one is a starter. Freshman defensive safety Leon Hardwick, 175-pound six-footer from Amherst, is slated to start his second game of the season for ENMU.

Both the other players are also freshmen. They are 210-pound linebacker John Patterson of Earth and Eddie Boyles, 187, of Sudan.

The Greyhounds were disappointed in their season opener last Saturday at Alpine, losing to Sul Ross State College 34-0.

The Portales school isn't expecting to win too many games this year, as Greyhound mentor Howard White is in a building year. He is carrying on his roster only three seniors, to of whom are backs, six juniors, seven sophomores and 21 freshmen.

Several of those upperclassmen are transfers from junior colleges, too.

Wildcats Welcome Open Date Friday To Lick Wounds, Aches

This weekend the Littlefield Wildcats have an open date... and they sure need it.

Four members of the varsity lineup are on the injury list, all starters, and a fifth is in almost as bad a shape. An added week possibly will give them time to either enough time to recuperate or train a replacement in preparation for next week's clash with the Tulia Hornets.

Lost possibly for the rest of the season is starting offensive tackle Stan Harrell, 189-pound senior. He received a severe knee injury in Friday night's victorious meeting with Muleshoe. Actual extent of injury is not yet known, but his physician says it could end his high school athletic career.

Another Wildcat injured in the meeting with the Mules was starting end and linebacker Kevin Hutson. On one of two touchdown passes he caught he was tackled deep in the end zone, causing a bad ankle sprain.

Hutson, who has now snared six passes for 133 yards and three touchdowns in two games, was on crutches early this week, unable to walk unsupported. With treatment he is expected to see action against Tulia, but he will lose valuable conditioning gained this fall.

Starting center Mike Stafford,

who received a knee injury in a scrimmage against Seminole, began working out in shorts this week. With his knee well protected by tape and padding, it is hoped he will be able to see action against either Tulia, or the first conference game the following Friday with Dunbar.

Howard Wright, also injured in the Seminole scrimmage, is expected to be ready for action against Tulia. He received a broken bone in his right hand, and has been able to continue his conditioning running in full uniform, but with a cast. His physician will remove the cast next week, enabling him to play defensive tackle, but not offensive fullback.

The fifth injured Wildcat is starting quarterback Roy Burk. But this is nothing new to him. After his foot was injured early in fall practice, the junior signal caller has been slow to full recovery, a point not yet reached.

Burk is able to run, but not all out. He started and played the full game against Muleshoe, completing five or eight pass attempts for 123 yards and two touchdowns, and carried the ball six times for a net 18 yards. He added four extra point kicks to that one against Plainview for a perfect record thus far in the season.

Defensive guard Windell Ashley, 153-pound junior, broke his

glasses in practice Tuesday and it will take a few days to have them repaired. The aggressive

defensive specialist has poor eyesight and badly needs his lenses to play.

SPORTS

Wildcats Holding Own With Record

Even with a 1-1 record, there is no other team in District 3-AAA doing any better in pre-conference play. In fact, there are four members of the eight-school organization doing worse.

Four teams in the conference now hold one-win, one-loss records. They are Dunbar of Lubbock, Littlefield, Sweetwater and Lake View.

Brownfield has played only one game, and lost it. Levelland, Lamesa and Snyder have lost both games thus far.

In Friday night's games, Lamesa lost to Andrews 19-0; Canyon topped Levelland by a scant 19-18; Dunbar ran all over

Midland Carver 41-0; Snyder was shut out by Stamford 26-0; Sweetwater ran into tough Abilene High 41-13; and Littlefield defeated Muleshoe 28-12.

So, Littlefield and Dunbar were the only conference teams to win last week.

The Wildcats have an open date this week, but the other 3-AAA clubs are lined up like this: Andrews at Brownfield; Lamesa at Seminole; Denver City at Levelland; Ector at Lake View (Thursday); Dunbar at Wichita Falls Washington (Saturday); Big Spring at Snyder; and Colorado City at Sweetwater.

Pontiac announces the great American sport for '68

Wide-Tracking has never been farther removed from just plain ordinary driving. One look at our stylish '68 Pontiacs should tell you that. One ride will convince you!

Our sporty new Tempests and Le Mans are new from the wheels up. There's a new 175-hp Overhead Cam Six. New sports car feel. Smoother ride. Superior stability and response. Disappearing windshield wipers on all GTOs and Le Mans. Even wider Wide-Track. And you can choose from two new regular- or premium-gas 350 cu. in. V-8s!

Our fabulous GTO boasts the neatest engineering innovation of the year—an exclusive revolutionary new bumper. It's the same lustrous color as the car. But it won't chip, fade

or corrode. And you won't believe what this bumper does until you see it with your own eyes!

Naturally, our new Bonneville, Grand Prix, Catalina, Executives and Venturas won't take a back seat to anyone! Especially with their bold new integral bumper-grilles that are nearly twice as strong as before. There's also new Wide-Track ride. Improved handling. Smoother engines. And more new features for your protection, like a buzzer that warns you when you forget your ignition key.

Isn't it about time you decided to give up plain ordinary driving? Don't fritter away another hour. See your Pontiac dealer today and start Wide-Tracking!

Wide-Tracking!

BULA

MRS. JOHN BLACKMAN
933-2328

The first meeting for the year 1967-68 of the Bula PTA was held, Monday Sept. 11, at 8:00 p. m. in the school auditorium with 13 members present.

Mrs. Carol Hensen, new president, had charge of the meeting. Plans for the year's work was outlined in a business meeting. Budget for the year was approved, Mrs. Bradley Robertson and Mr. Quinton Nichols were elected to attend the fall workshop in Hale Center.

Plans were discussed for the PTA to sponsor a hamburger supper in the school lunchroom on the night of Sept. 29, before the ball game, with Lubbock Christian High School as a money making project, with Mrs. John Hubbard and Mrs. Bradley Robertson as head of the committee. Sponsoring a fall festival was also discussed.

Following the business meeting the group went to the lunchroom where refreshments of coffee, punch and cookies were served.

Woman's Society of Christian Service met Wednesday at 2:30 at the church and instead of having a lesson the group went to see one of its members, Mrs. P. M. Lancaster, who has been living in the Hospitality House at Littlefield. They presented Mrs. Lancaster with an artificial flower arrangement. Making the trip were Mrs. Paul Young, Mrs. L. H. Medlin, Mrs. George Bahlman, Mrs. B. L. Blackman, Mrs. W. L. Clawson, Mrs. F. L. Simmons and Mrs. Charlie Landers.

Mr. and Mrs. Jake Bogard and children of Anton visited Tuesday night with his parents the Tom Bogards.

Mr. and Mrs. Richard Stanley of Hereford spent Friday night with her parents the John Hubbards.

Agriculture teacher Jack Sharp and the FFA boys made a field trip to Half Way Experiment Station, Thursday for their open house.

The FHA held its first meeting of the year Tuesday night at the lunch room. The president Joyce Sowder conducted the meeting. The program opened with the regular FHA rituals. For the program Harold Flemings, high school English teacher spoke to the girls on "Morals and Manners".

Following the program a degree ceremony was held, Elaine Tiller degree chairman made a talk on what degrees were and Sheryl Medlin gave the qualifications of different degrees. Joyce Sowder presented the degrees to each of the girls.

Girls making their junior degrees Iva Clawson, Martha Olgun, Judy Snitker, Donna Crums and Margaret Richardson. Those receiving their chapter degrees were Patricia Grusendorf, Elaine Tiller, Sheryl Medlin, Joyce Sowder and Barbara Clawson.

Homemaking 111 class with their sponsor, Mrs. Owen Young, made a field trip Thursday to the Stockdale Kindergarten and Nursery School in Morton. This being in conjunction with their study in Child Care.

The junior class have started a bake sale as part of their money making projects for the year. Any one wishing any kind of pastries, such as pies, cakes, or candy they will be glad to fill your order. Call Patricia Grusendorf, Rhodney Claunch, Elaine Tiller or Linda Richardson and they will see that the order is taken care of.

Mr. and Mrs. A. J. Wallace of the Enochs community visited Wednesday with their son Eddie and family. They had many interesting things to tell of their sight seeing trip in Utah, Colorado, New Mexico and Arizona. They had visited with a cousin at Farmington who accompanied them on this sightseeing trip.

Ladies' bible class of the Church of Christ met Tuesday morning for their weekly class.

Edd Crume and Clyde spent Friday until Tuesday morning at Lake Buchanan.

LEARNING MEANS FUN FOR BOYS AND GIRLS OF WOODCRAFT

As junior members of Woodmen of the World in this area, your youngsters enjoy a very big extra: a year-round program of special activities ranging from summer encampments and outdoor sports to indoor fun. All of them are planned to offer both good times and educational opportunities. This extra fraternal benefit, of course, goes hand in hand with the protection of good, sound, legal reserve insurance. Make a quick phone call today. Get specific details on the Boys and Girls of Woodcraft programs.

THIS PRIZE-WINNING Berkshire barrow, owned by Curtis Schaefer, Olton, was named the breed champion in a field of 80 barrows at the 1967 National Barrow Show in Austin, Minnesota, September 11-13, 1967. The hog (in the 190-210 weight range) is pictured here with the owner.

LITTLEFIELD AREA SERVICEMEN

RAYMOND ANDREW
Seaman Recruit Raymond N. Andrew, USN, son of Mr. and Mrs. Raymond Andrew of Olton, is undergoing nine weeks of basic training at the Naval Training Center here.

He is receiving instructions in Naval customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

A program of physical fitness, military drill and inspections keeps the recruits mentally and physically alert during their training.

His Navy Classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

GORDON MEYERS
Machinist Mate Second Class Gordon U. Meyers, USN, son of Mr. C. L. Meyers of Amherst, has reported for duty at the Naval Support Activity in Da Nang, Vietnam.

The activity was established to meet increased requirements for combat logistic support of operations in Vietnam. Approximately 8,000 Navy officers and men are being assigned to the activity.

Their tasks will include off-loading ships and handling supplies from razor blades to roadgraders, aircraft fuel and lubricants, and provisions of all kinds, through the port of Da Nang and over beaches from the demilitarized zone in the north to Chu Lai in the south.

BILLY SLAWSON
Seaman Billy J. Slawson, USN, husband of the former Miss Barbara A. Nichols of Spade, saw his ship receive its third award for aviation safety and accident prevention, as a crewman aboard the anti-submarine warfare support aircraft carrier USS Intrepid operating in the Gulf of Tonkin off North Vietnam.

Vice Admiral John J. Hyland, Commander of the U. S. Seventh Fleet, presented the 1967 Admiral James H. Flatley Award to Intrepid's Commanding Officer Captain W. J. McVey, during formal ceremonies on the carrier's flight deck.

Admiral Thomas H. Moorer, Chief of Naval Operations, sent a statement from Washington for the occasion. The Admiral noted that the award is "recognition of outstanding achievement in accident prevention during attack carrier operations." He further noted that "the accomplishment of this record is a direct reflection on the effort which was required of Intrepid's crew."

The Intrepid has previously won this award in 1961 and again in 1964.

Mrs. Peggy Wood of Albuquerque, N. M. visited recently with her mother, Mrs. R. W. Stanfield. Mrs. Wood is formerly from Clovis, N. M. and has only recently moved to Albuquerque.

There was a Brotherhood and R. A. breakfast Saturday morning at the Fieldton Baptist Church. Those attending were Rev. Charles Bush, Rev. Wayne Sage and Martin, Paul Hakkil, Royce Goyno, Earl Phelan, Marvin and Gerald Ray Qualls, George Harlan, Truman McCain, Don and Brian Muller, Don Joyner, Archie Howard, Claude Montgomery, Ivan Wozencraft of Olton and Ray, Perry, Roger and Michael Muller.

Rev. Wayne Sage left Sunday night after services for Floyd, N. M. where he will be holding a revival this week.

Mr. and Mrs. G. L. McLeiland visited in Lubbock Sunday with their son and two daughters.

Visiting over the weekend with Mrs. W. J. Aldridge and Bill were her sisters Mrs. Sallie Anderson of Levelland, Mrs. Vera Clinton of Winboro, Tex., Mrs. Kate Duke of Marion, Louisiana, and Mr. and Mrs. Clint Wright of Lubbock. Also a niece Mr. and Mrs. Harry Layne of Marion, Louisiana. Visiting on Sunday were Mr. and Mrs. Marvin Brock of Levelland, Mr. and Mrs. J. B. Anderson of Lovington, New Mexico, Mr. and Mrs. Billy Jo Wright and children of Carlsbad, Mr. and Mrs. Jimmy Richards of Lubbock, and Mrs. Leon Ingram of Odessa.

Mr. and Mrs. Vernest Solly of Littlefield visited Sunday with their daughter Mr. and Mrs. Allen Yoakum and children.

Annette Dutton, daughter of Mr. and Mrs. Melvin Dutton left Monday to return to Lubbock where she is a student at Texas Tech.

Miss Nancy Carter was honored with a bridal shower in Mrs. Guy Hufstetler Jr.'s home Saturday afternoon. Callers were registered in the bride's book by Gail Hunt of Portales.

The serving table was laid with a white grass linen hand embroidered cloth with lace insets. It belongs to Mrs. Hufstetler Sr. and was brought back from Puerto Rico when she and her family visited there several years ago. The honoree's chosen colors, red and white were featured in the table decoration. An arrangement of red carnations with matching satin ribbon streamers lettered in glitter "Nancy and Larry" and their wedding date "October 7, 1967."

Misses Wanda Carol Durham and Helen Stowers of Lubbock served red punch with white cake squares using crystal and silver appointments. Favors were miniature red satin garters.

Among the large array of pretty and useful gifts on display were a stainless steel oven broiler, electric skillet, coffee maker and iron from the hostesses, Mmes. Eryle Abbott, J. P. Brantley, Ray Blessing, Howard Campbell, Randall Crawford, Bo Crosby, Winifred Crosby, Gerald Coffey, Jack Durham, Jay Elms, J. C. Franks, Frank Gardner, Leon Hardwick, Don Hevern, James Holland, W. P. Holland, Jr., Leon Holley, Guy Hufstetler Sr., Mutt Hufstetler, Erma Jeffrey, A. J. Mote, Lee Payne, Eugene Priddy, Hubert Sawyer, Alfred Schroeder, Bob Simmons, Larry Stanley, W. P. Stone, Pete Templeton, Leonard Tittle, George Tollett, Jerry Ward, Cecil Zachary, Guy Hufstetler, Jr., and Wanda Carol Durham.

The honoree and her mother Mrs. A. B. Carter were presented red carnation corsages from the hostess group.

The Carter-Waite wedding will be in the Parkview Baptist Church October 7, at 7 p. m. in Littlefield.

Mr. and Mrs. Lee Payne were pleasantly surprised one day last week when several new items of furnishings were added to the recently enlarged and improved funeral home. The gifts of 75 friends were a coffee table, two tapestry covered chairs and a hall tree for hats and coats.

Mr. and Mrs. Frank Gardner are visiting relatives in Louisiana and east Texas.

Among those from out of town attending the bridal shower honoring Miss Nancy Carter Saturday afternoon were Mrs. Gail Hunt of Portales, Mrs. Jimmy Townsend of Clovis, Mrs. Jim Robberson and Gay of Sulphur, Okla., Jalinda Kuykendall of Littlefield, Mrs. Stanley Simmons of Amarillo and Helen Stowers of Lubbock.

Mr. and Mrs. Albert Johnson were in Spearman for the weekend with their son Dorman and family.

Mr. and Mrs. Stanley Simmons of Amarillo spent the weekend with his parents, Mr. and Mrs. Bob Simmons.

Mrs. Audrie Warren of Lubbock visited her brother Guy Hufstetler Sr. and family last week.

Attending a Brownfield District meeting of the Methodist Youth Fellowship Sunday afternoon were Betty Elms, Linda Gossett, Debbie Holland, Richard Miller and M. Y. F. Directors Mr. and Mrs. Alvin Messamore. The program was titled "A Modern Worship Service."

Mr. and Mrs. Bill Elms and Mr. and Mrs. Jay Elms and Todd of Lubbock visited Sgt. and Mrs. Wil Munn and family at Cannon AFB, Clovis Sunday.

Tuesday and Thursday of last week the Women's Society of Christian Service and Trustees sponsored, fix-up and paint-up days at the Methodist Church in the Fellowship Hall and adjoining areas. A decided improvement is shown as the result of their efforts.

Mr. and Mrs. Arthur Hedges, Debra, Darla, Eddie and Jan Holder of Littlefield visited Mrs. Hedges' parents, Mr. and Mrs. Joel Jones, in Earth Sunday.

Mr. and Mrs. Joe Sullivan of Dallas visited his parents Mr. and Mrs. Robert Sullivan at Fieldton and with Amherst friends Sunday.

Mr. and Mrs. Cecil Zachary took her sister Mrs. Vida Heath home to Ryan, Okla. after her visit here two weeks.

Mrs. W. F. Birdsong and Mrs. Matilda Slemmons of Muleshoe visited Mrs. Lester LaGrange Monday afternoon.

Mrs. Charles D. Jones and Mrs. Etta Jones visited Mrs. Ila Stinson in St. Anthony's Hospital, Amarillo, Friday. She is Mrs. Charles Jones' mother.

Linda Floyd of Hart was the weekend guest of Carla and Ann Hedges. All three reentered South Plains College, Levelland this week.

Mr. and Mrs. Sterle Harmon went to Ponca City, Okla. Sunday to attend funeral services for Mr. Glen Bishop who died of a heart attack. He was their son-in-law. Don Bishop's father.

Miss Minnie Shannon is visiting her sister Mrs. Will Neumeyer and other relatives in Manitou, Okla.

Mr. and Mrs. W. P. Holland were in Albuquerque for the weekend with their daughter Mrs. Jeff Brantley and family.

Mrs. James C. Smith of Mart, Tex. is visiting her sisters-in-law Mrs. Lester LaGrange

and Mrs. L. E. Slate in Sudan.

Mrs. Effie Tapley's guests last weekend were her great granddaughter Mrs. Laura Jane McIntire and infant daughter of Lubbock and the baby's grandmother Mrs. Frank Robinson of Littlefield.

Mr. and Mrs. Ray Blessing took her sister to Houston Sunday. Mrs. Lucile Loventhal had spent several weeks here. After a two day visit in Houston they went to Lufkin where Mrs. Loventhal makes her home now.

Recent guests of Mrs. J. E. Smith were her son and family, Mr. and Mrs. John Everett Smith and three children of Odessa.

Weekend guests of her mother Mrs. W. B. Williams were Mrs. Alene Jones and children of Clovis.

Mr. and Mrs. Glen Vaughn, Rebecca and Philip of Colorado Springs, Colo. were guests of their cousin Mrs. Manry Brantley and Mr. Brantley. Rebecca attends West Texas State.

Highway Accidents Total 11

Texas Highway Patrol investigated 11 accidents on rural highways in Lamb County during the month of August, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, six persons injured, and an estimated property damage of \$9,355.

The rural accident summary for this county during the first eight months of 1967 shows a total of 65 accidents resulting in four persons killed, 24 persons injured, and an estimated property damage of \$75,625.

"School days" are here again. The familiar yellow school buses are back on the highways. The Sergeant reminds all motorists of the State Law regulating traffic in regard to school buses.

"The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children," the law reads.

WORLD'S LARGEST

Dramatic! Distinctive! Daringly new!

'68s Top Secrets are here 1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A silent car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE
There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES
You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW
There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

CHEVROLET

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

ARMES CHEVROLET COMPANY
LITTLEFIELD, TEXAS

Major Changes Announced In Chevrolet Car 'Family'

A new peak in individuality among Chevrolet's six car lines is reached for 1968. E. M. Estes, general manager, said today. The new models are on display in Littlefield at Armes Chevrolet.

"Each member of our automotive 'family' has a distinct pace-setting personality with features that fully span its market," Estes said. "This matches the growing customer desire for one-of-a-kind cars built in mass production."

A total of 41 new Chevrolet, Chevelle, Camaro, Chevy 11, Corvair and Corvette models go on sale on Thursday, September 21. Highlights include:

-- All new advance design bodies for Chevelle, Chevy 11 and Corvette, with introduction of two wheelbases within the Chevelle line.

-- A longer, more luxurious regular Chevrolet, new sportiness for Camaro and continued stress on the special features offered only by Corvair.

-- Important safety improvements, exhaust emission controls, and anti-theft provisions are standard equipment on all models.

-- Improvements in ride, handling and performance including a larger base V-8 engine for the regular Chevrolet, Chevelle and Chevy 11.

-- Introduction on several lines of full door windows without ventpanes, hidden windshield wipers and dual level "Astro" ventilation.

Heading a list of more than 400 options and accessories is a power vacuum door lock system, a lamp monitoring system to tell the driver if his front and rear lights are working, front disc brakes and added availability of stereotape players.

Safety improvements range from energy-absorbing front seat backs and safety armrests positioned to shield door handles to seat belts for all passenger positions and exterior side marker lights.

Here are principal features of each Chevrolet line:

REGULAR CHEVROLET
Increased length and new front, side and rear styling reinforce the "big car" image of the industry's top selling car, offered in 18 models in four series on a 119-inch wheelbase.

A new front bumper has a central bar that splits the grille horizontally. Concealed headlamps are introduced as an option for Caprice models. Windshield wipers hidden beneath the cowl when not in use are standard on all models. Left hand blades are articulated for increased wiping area on the driver's side.

The rear deck extends fully down to the flush-mounted bumper giving easy access to the trunk. Traditional Chevrolet taillight clusters are mounted for the first time in the new rear bumper.

Added prestige is styled into the exclusive square roofline of the Caprice Coupe. A new model -- Impala Custom Coupe offers this roofline to Impala hardtop buyers in addition to the "fastback" Impala Sport Coupe.

CORVETTE
An all new aerodynamic body incorporating the design of the experimental Mako Shark II is offered by America's only mass produced sports car in its 16th year on the market.

More than 7 inches longer and two inches lower while retaining the 98-inch wheelbase, Corvette comes in both a convertible and unique "semi-convertible" sport coupe which has removable roof panel sections and rear window.

High-rise front fenders with functional louvers frame the long sloping hood. The grille, including front parking lights, is beneath the flush-mounted bumper. Vacuum operated retractable headlamps are concealed in the upper body surface.

The slim-waisted fiberglass body sweeps back to a short deck with a flared rear spoiler. Large circular tail lamps retain Corvette's identity.

Five V-8 engines offer a horsepower range from 300 to 435. Turbo Hydra-Matic is the automatic transmission option on 1968 Corvettes. Three- and four-speed fully synchronized transmissions are offered.

CHEVELLE
The industry's intermediate sales leader gets its first all-new body since introduction in 1964, plus two distinct package sizes.

Sedans and station wagons are longer with wheelbases increased one inch to 116 inches. Coupe and convertible models are slightly shorter and have a 112-inch wheelbase that gives additional emphasis to Chevelle's new long hood, short deck design.

Fourteen models in four series include two new value leaders -- a 300 Deluxe two-door hardtop and a two-seat station wagon named "Nomad" which replace the Chevy 11 station wagon.

Chevrolet's new 307 cubic-inch engine is the base V-8 for all SS models. Two sixes and six V-8's give horsepower from 140 to 350. Five transmissions are offered.

CAMARO
After scoring a strong success in its first year on the market and climbing to second place in sales among all

domestic small cars, Camaro has added appeal in 1968.

Again offered in a sport coupe and convertible on 108-inch wheelbase, Camaro has full door glass styling without vent windows and Chevrolet's new dual level "Astro" ventilation.

A new V-shape grille with strong horizontal lines adds depth to the front view. Special moldings accent the venturi-covers of the sides. Wheel trim covers and tail lamps are restyled. Camaro continues its exclusive feature in its class -- concealed headlights available as part of the Rally Sport option.

CHEVY 11
Chevrolet's popular small family car gets its first all-new body since introduction in 1962. It is longer, wider and lower and comes in two- and four-door Nova models. Wheelbase is one-inch longer at 111 inches.

Curved side glass and rounded contours give an all-new look. Front fenders project slightly forward and the grille ends extend outside the single unit headlamps.

The instrument panel is extensively redesigned. Gauges and controls are grouped in a compact recessed area immediately forward of the driver. There is more interior room.

A four-cylinder, two sixes and three V-8 engines give horsepower from 90 to 295. There are three transmissions.

CORVAIR
In its ninth years on the market, Corvair is again geared to the buyer who values its air-cooled engine and rear-engine traction and other special features.

A new vapor return line for improved hot start and idle is added. Three six-cylinder engines from 95 to 140 horsepower are available, plus three transmissions.

Built on a longer 111-inch wheelbase and wider stance, the Chevy 11 Nova's fresh new look includes a longer hood, short deck styling and stunning sweep-back roof lines. New Nova models feature -- curved side windows; foot-operated parking brake and key-

less locking of all doors. For that 'extra touch' an optional wide accent band and bright moldings can be used (shown above) to enhance the exterior styling of the lower body. Armes Chevrolet will display 1968 models for the first time today.

ANTON
MRS. C. D. NELSON
997-4261

Mr. and Mrs. H. R. Ferguson, Las Vegas, Nev. and Mr. and Mrs. Jess Wright and Paul visited Mrs. Eva Dee Wright Tuesday night.

Hugh Barnett of Lubbock, a 1961 graduate of Anton High School, is playing Pro. Football this season with the Sherman-Demmon Jets as main kicker.

Hugh is the son of Mr. and Mrs. Wallace Barnett, who now live in Lubbock. He is married and they have two sons.

Mrs. Phillis Harris, Anton school nurse, has announced an Immunization Clinic will be held Sept. 26 from 2 to 5 p.m. in the school cafeteria. Mrs. Harris, Mary Williams, Public Health nurse for the county, and Dr. Smiley, who is in charge of five counties will give the immunizations.

This Clinic is free for pre-school and school children, and for adults who are unable to pay. Polio, diphtheria, tetanus and small pox immunizations will be given to all ages. Whooping cough immunizations will be given to children up to 9 years and measles immuniza-

tions to pre-school children. Mrs. Harris is requesting that those who are interested in taking these immunizations get in touch with her, so she will know how many to expect. She has consent forms which must be signed by parents of school children. Pre-school children must be accompanied by an adult.

She can be reached at the school on Mondays and Tuesdays and at the Anton Community Center on Wednesdays.

James Seinney of Lubbock Christian College in Lubbock and minister of Lawrence Ave. Church of Christ in Anton received his doctorate in speech last week from the University of Southern California.

Swinney has worked with Lawrence Ave. Church of Christ the past 16 months and is head of the Speech Department at LCC. He and his wife, Rae, have one son, Alan.

The Sr. Home Demonstration Club met Wednesday, Sept. 6, in the home of Mrs. Paul Tibbets.

Mrs. Tibbets, president, opened the meeting by leading the group in the THDA prayer. She then gave a demonstration on "Decaporige."

The next meeting will be Sept. 20 in the home of Mrs. Hobe Parker. Mrs. Jewel Robinson will present a program on "New Ideas in Home Furnishings" at the meeting.

Lunsford Jordan of Hollis, Okla. and Mrs. W. J. Pritchard of Lubbock visited in the home of Mr. and Mrs. R. R. Pritchard and Rita this week.
