NUMBER 26

LOANS PROCURED AT LOWEST COST IN HISTORY

\$26,000,000 Now In
Farmers' Hands Through
Rediscounting Notes

LITTLEFIELD, Texas, October 2.—
Rediscounting credit resources farm-
ers of Texas are ob-
taining production loans at the low-
est in history, stated George M.
Intermediate Credit Bank
manager, who arrived here
from Washington, D. C., last even-
ing to attend the conference of the
representatives of the twelve banks com-
prising the intermediate credit sys-
tem of the Farm Credit Ad-
ministration. \$26,000,000 is now in the
hands of farmers and ranchers as a
result of the Houston Federal Inter-
mediate Credit Bank's rediscounting
notes for local lending institu-

tions, corporations and banks.
"The bank at Houston, serving
only the state of Texas," he said,
"ranks high in the list of the twelve
credit banks from the standpoint of
volume of loans and discounts out-
standing."

"The Federal intermediate credit
banks function primarily as banks of
discount, thus supplying funds to
local institutions to lend," said Mr.
Brennan. "These banks obtain their
loanable funds through the sale of de-
bentures which are backed by en-
dorsed notes and securities of local
lending institutions, such as produc-
tion credit associations, and the en-
tire assets of the twelve banks. These
debentures sold on such favorable
interest terms that the Federal in-
termediate credit banks have loaned
money to the local institutions at
such low rates that they, in turn,
have been able to lend it to farm-
ers and ranchers at 5 per cent per
year and still have 3 per cent with
which to pay expenses, absorb los-
ses and provide reserves. The great
bulk of the business done by the
Federal intermediate credit banks is
in discounting farmers' and ranch-
ers' notes for the 561 Farm-Credit
supervised credit associations which
have been set up throughout the

United States within the last two
years. There are 38 of these asso-
ciations in Texas and from the
first of this year up to September 1
they made 8, 668 loans for \$7,671,-
251. These associations are now
lending about twice as much per
month as a year ago."

West Texas Cotton Growers Establish Littlefield Office

West Texas Cotton Growers As-
sociation who are affiliated with the
American Cotton Cooperative Asso-
ciation of New Orleans have opened
their office in Littlefield. Office lo-
cation is the space formerly occu-
pied by the Texas Cotton Co-ops on

programs over an extensive network
of the Columbia Broadcasting Sys-
tem, starting September 29th. Bak-

tuoso, will be surrounded by a bril-
liant supporting cast. Some of his
old "stooges" and some additional
new ones will be heard as regular
members of his laugh-provoking
troupe. One of radio's most popu-

Pontiac Produces 500 Cars Per Day

H. J. Klinger, president and gen-
eral manager of Pontiac Motor Co.
recently told 400 members of the
personnel of the company assembled
for the annual convention marking
the close of the 1935 model-year,
that Pontiac expects to build and
sell 225,000 of the 1936 model.

After the shortest shut-down peri-
od in the history of Pontiac, pro-
duction has been resumed with cars
coming off the assembly line at the
rate of more than 500 per day," said
Mr. Klinger.

Spectacular Aerial Artist Appearing In City This Week

Ben Mouton, a very quiet, like-
able young man from Louisiana, is
a feature attraction in Littlefield
this week.

Ben spent seven years in the
United States navy. During his en-
listment he was twice decorated for
bravery. After he came out of the
navy, Ben went to Hollywood, Cali-
fornia, as a stunt man. He doubled
for several of the well known
stars. His latest stunt was in
"West Point of the Air."

Last summer the Associated Press
watched all the sensational acts all
over the world, according to infor-
mation furnished the Leader, the
different reporters were asked to
vote on which act was the most
difficult and sensational. Ben led
the vote by a large majority.

Mouton has also been featured
in a Sunday supplement by Robert
Ripley, also has been accorded fea-
ture stories in Popular Mechanics
and strength and health magazines.

Mouton is declared to be the only
man in the world today to do
a one hand press up on a slender
pole one hundred and forty-two
feet in the air. Mouton also holds
the distinction of having the high-
est aerial act in the world today, it
is stated.

THEATRE OPENING DATE IS SET FOR OCTOBER

HOLLYWOOD PREMIERE WILL HEAD PROGRAM FOR EVENING; BUILDING IS ENLARGED AND RE-DECORATED

The Palace Theater, of which W. J. (Bill) Chesher is manager, will have its formal opening, together with a Hollywood Premiere Friday night, October 18, following a complete remodeling which will be finished by that time.

The Hollywood Premiere will consist of a number of local talent, who will impersonate some of the most famous stars of the screen in Hollywood. It is planned to make the opening a very gala affair. "Red Salute" will be the picture attraction.

The house has been lengthened twenty feet, and an additional 225 upholstered spring bottom chairs have been installed. Other improvements consist of sidewall acoustical panels, together with new modernistic light fixtures, and complete change in painting and other scenic effects. Also, a 20 foot marquee outlined in Neon lighting equipment will be

installed on the front of the theatre.

The lobby is being completely made over; new draperies installed in the interior of the theatre; new screen installed, together with other improvements in the projection and sound.

When completed the Palace Theatre, with its beautiful interior and modern equipment, will be as fine a show house as is found in any of the large cities of Texas, and is a decided credit to the city of Littlefield.

Memorial Service Appreciated By Duggan Family

That Mrs. A. P. Duggan and family were very appreciative for the holding of a memorial service here for the late Senator Duggan, is contained in the message received in Littlefield last week from Mrs. David Gracy at Austin, which will be of interest to the many friends of the Duggan family, as follows:

"Words are truly inadequate to express how touched we were to know that a service was being held in Littlefield at the same hour as the one here in the Capitol."

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

"CHINA SEAS" TO BE FEATURED AT PALACE THEATRE SATURDAY MIDNIGHT, SUNDAY AND MONDAY

Three of filmland's most brilliant stars add to their laurels in the spectacular production, "China Seas," which will open at the Palace Theatre Saturday midnight, running through Sunday and Monday.

The stars are Clark Gable, Jean Harlow and Wallace Beery, together again for the first time in almost five years.

And it is a stirring story of adventure and romance, a story that teems with lusty action and abounds with strange emotional qualities that brings them together.

drama of fierce loves, bitter hates and sinister intrigue.

All the action takes place aboard the wheezy old liner Kin Lung as it plows down the coast between Hongkong and Singapore, with the white passengers in the cabins and the coolies crowded into the fore-castle. Gable is the hard-bitten young skipper, Miss Harlow is an exotic of the Oriental ports who is not ashamed to show her love for Gable. Beery is apparently a bluff trader in pigs, but his obvious occupation masks his more sinister

RITZ THEATRE TO BE OPEN EVERY NIGHT

"Dark Angel" Featuring Frederick March To Be Shown Saturday

Starting Saturday, October 5th, the Ritz Theatre will be open every night.

The program opening in this house Saturday midnight, and running through Sunday and Monday will be "Dark Angel," starring Frederic March and Merle Oberon.

The pictures being shown at the palace and Ritz Theatres here during October are being brought to Littlefield at the same time that they are being shown in the ace houses in Dallas. The feature "Dark Angel" opens at the Dallas De Luxe theatre, the Palace, for a nine day run, and will be shown here at the Ritz, Saturday midnight, Sunday and Monday.

This powerful and beautiful love story, set in a lovely, quiet corner of rural England, reflects the hearts of a woman and two men—one of whom she loves, while the other loves her.

A great emotional climax is reached when the man she loves comes to a realization of his love for her. Their happiness is short-lived, however, as the relentless forces of life tear them apart. Years after, when the girl has resigned herself to a betrothal to the other man, a kindlier fate intervenes and the lovers are reunited.

Sidney Franklin, who handled the megaphone on "The Barretts of Wimpole Street," "Smilin' Thru" and other outstanding film productions, directed "The Dark Angel."

Others prominent in the supporting cast are Janet Beecher, John Halliday, Henrietta Crossman, Frieda Inescort, Claude Allister, George Breckston, David Torrence and Cora Sue Collins. The film is released through United Artists.

OLD ROAD PASSES

Temple, Tex.—(UP)—The Bartlett Western, one of the quaintest little railroads in the country has seen its last days.

Floods last spring put the finishing touches to the 23.2 miles of track and the owner, Marie Cronin, who inherited the road, and has operated it for many years, has decided to abandon it.

For years her oad has hauled freight past several rural stations, among them being St. Matthew, St. Mark, St. Luke and St. John.

Miss Cronin is an artist, and, she admits, only the ownership of the little railroad has kept her away from "Gay Paree." Apparently she now faces the opportunity of going to Paris.

In late years since good roads have come into the territory the railroad has not done a land office business, but during the years of dirt roads and especially in muddy

Other outstanding pictures to be shown in November are "I Live My Life," "Top Hat," "Steamboat Round the Bend," "Page Miss Glory" and "O'Shoughnessy's Boy."

Many a Friend Recommends BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it! . . . Mrs. Joe G. Roberts, of Portersville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. Aspire to teach and rule,
And make a mess of government,
And of themselves a fool.

The head's to think, the tongue to speak,
Then see if you can find—
If you're a poet you can write,
If not don't try a rhyme.

The chicken's not a water fowl,
Nor does he try to pool,
Nor does the duck essay to cluck,
If so he'd be a fool.

Just try and do the things you can,
For if you don't you'll find,
You've made a mess of poetry,
And nonsense out of rhyme.

WOULDN'T IT

Wouldn't this old world be better
If folks we meet would say,
"I know something good about you!"
And then treat us just that way?

Wouldn't it be fine and dandy
If each handclasp warm and true
Carried with it this assurance?
"I know something good about you!"

Wouldn't life be lots more happy
If the good that's in us all
Were the only thing about us
That folks bothered to recall?

Wouldn't life be lots more happy
If we praised the good we see?
For there's such a lot of goodness
In the worst of you and me.

Wouldn't it be nice to practice
That fine way of thinking, too —
You know something good about me!
I know something good about you!

Do The Things You Can

The poet took his pen to write a jingle so it seems,
Got from forceful fancies from visions in his dreams.

He labored with the thing for hours,
In silent shades of night,
Until at last he got it done and said
The thing was right.

But when he stuck it out to read,
Folks laughed at every line,
It wasn't poetry at all, it didn't even
Rhyme.

But there were those who thought they knew,
And lauded loud and long,
His silly thing called poetry,
That authors knew was wrong.

SPORTS

WILDCATS AND TAHOKA CLASH FRIDAY NIGHT

Loss of Regulars Is Nemesis Of Sick Sanderlings

Weakened by the loss of five regulars and two second-stringers through a siege of mumps, Coach Bill Sanders' Gridders will face an ambitious Tahoka eleven on Wildcat Field turf Friday night.

Bob McKnight, Sanders' try threat, is definitely out of the game for another ten days. Knowlin and Cecil Tubbs, guards, are also nursing swollen cheeks. James Foust, quarter, and Jim Walker, center, will not be in the line-up. Reserves stricken include Jack Singer and Don Bennett.

Kickoff is slated for 8 p. m., and season tickets are good. The high school band, with Director A. B. Taylor up, and the pep squad will be on hand.

Probable starters are, ends, Pierce and Elmer McKnight; tackles, Rowe and Wilson; guards, R. Melton and B. Melton; center, Neely; quarter, Gibson; halves, Brantley and either Moore or Smith, and fullback, Lambert.

Grammar Gridders Drop 13-0 Contest To Lubbock Juniors

After staving off for three periods the vicious thrusts of Lubbock Junior High's Cowboys, Coach Earl Hobb's Grammar gridders succumbed before two last-period scoring onslaughts and took a 13-0 trouncing here Thursday afternoon.

Lubbock's Pete Cawthon, quarter, went over on a spinner off tackle for the first score. Pass for extra point was good. Later, Hub City line drives carried the ball to Littlefield's 15, from where Sessums

went through tackle for the other touchdown. Pass point failed.

Lineups, Littlefield; ends, Landrum and Collins; tackles, Eddings and Bostick; guards, Glazener and Baize; center, Burleson; Quarter, New; Halves, Anderson and McKnight; fullback, Elms. Substitutes, O. Walker, Harrell, N. Walker and Sullivan.

Lubbock; ends, Winters and W. Johnston; tackles, H. Hensley and Pytell; guards, Nash and Stewart; center, Sanders; quarter, Cawthon; halves, Harbert and Parsons; fullback, Sessums, Substitutes, Southard, Alford and Foster.

Sport World

The other day a well-known local insurance man got a "Please Remit" notice from a Chicago insurance company. He mailed a check for the amount, then playfully wrote across the bottom of the notice, "No cash available—nothing but Maize heads—Can you use 'em", and mailed it, also.

Back came the answer, "Thanks for the check. Keep the Maize heads—Nobody here knows what they're good for!"

Assailed on one side by mumps and bludgeoned from another angle by greater man-to-man weight and experience, Littlefield's gridders didn't have one chance in 20 to beat Brownfield last week. But the fight they put up during the first two quarters was enough to bring a lump into honoree Littlefield throats. . . . and not a few Brownfield backers had a feeling for the plucky battle put up by the Lamb County boys.

Through one battering play after another, Sander's lads kept up a fighting front and went through the motions with more of the old vanilla than seemed believable. And Friday night, you'll see the same old scrap against Tahoka, if you'll cast cares lightly aside and take your hands and face out to the field.

Littlefield, an earlier favorite to win the North half of District 5, has yet a chance to round into trim before the first conference set-to, against Crosbyton October 18.

Brownfield is favored to win the South half. Should these two meet, under equal circumstances, to settle the district championship, there WOULD be a game!

So come on out and spread yourself for the home boys against Tahoka Friday. The fun you'll have might make you forget the price of pork, and stuff like that.

BEEFY CUBS AND SIEGE OF MUMPS BEATS CATS, 26-0

Brownfield's meaty line and field generalship, plus the loss of three regulars through mumps, was too much for Littlefield's bewildered Wildcats at Brownfield Friday. Final score, 26-0.

While the Cats more than held their own in the first half, (score, 2-0), the Cubs' smashing line bucks and round-end coups made a mill out of what might, under equal circumstances, have been a close football game.

Minus Bob McKnight, powerhouse Cat fullback, and lineman Knowlin Tubbs, the Cats weakened late in the second period when a bad pass to Punter Gibson from center resulted in his being collared behind his own defensive goal stripe. Then came the carnage.

GRAMMAR BOYS, BROWNFIELD TO BATTLE TONITE

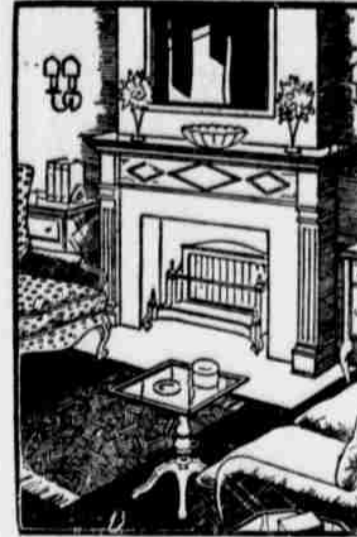

Smarting from a 13-0 drubbing handed them by Lubbock Juniors, Coach Earl Hobb's Grammar gridders will let loose their football furies against Brownfield Junior High's best under Wildcat Field's big lights tonight (Thursday).

Kickoff is set for 7:30. The band home games will not be accepted, and pep squad will be on the side lines. General admission will be 20 cents. Season tickets to high school

Senator Capper Pilots 4-H Club Tractor

Not every farm boy or girl can boast of having a United States Senator as a "Chauffeur", but that was the unusual experience of 28 4-H Club members who attended a picnic recently at Topeka, Kansas. Senator Arthur Capper is at the wheel of the air-tired Allis-Chalmers tractor, which pulled a trailer load of young Kansans to the picnic, held in connection with the state fair.

Farm Credit Short Course Great Success

The sectional short course of the Farm Credit Administration held at West Texas State Teachers College, Canyon, Texas, September 6 and 7, was a great success, according to J. S. Hilliard, secretary-treasurer of the Littlefield National Farm Loan association, who, with F. W. Lichte, W. A. Locke, J. M. Blessing and W. H. Gardner, directors of the as- sociation, attended the meeting. Among the principal speakers at the meeting were A. C. Williams, president of the Federal Land Bank of Houston and general agent of

the Farm Credit Administration of Houston, who spoke on the work of the Federal Land Bank in mak- ing loans on its own behalf and as agent for the Land Bank Commis- sioner.

Mr. Williams also told of recent legislation which permits Land Bank Commissioner loans to be made to worthy tenant farmers to enable them to purchase farms of their own.

The objective of the Farm Credit Administration of Houston in coordi- nating National Farm Loan associa- tions and Production Credit associa- tions was discussed by Mr. Wil- liams.

Of this he said: "Our goal is to have credit cen- ters accessibly located where farm- ers and stockmen can secure both long and short term credit service according to their needs. In these local credit centers the National Farm Loan associations and Produc- tion Credit associations should be linked together as closely as admin- istratively feasible in order to render the maximum service at the mini- mum cost. Problems related to cred- its, collections, management, terri- tory, and improved services to bor- rowers will be worked out on a basis of mutual advantage to both systems."

Virgil P. Lee, Vice-President of the Production Credit Corporation of Houston, told how production credit loans are made at a low rate of interest through Production Credit Associations to aid farmers and stockmen in the production of crops and livestock. T. P. Priddie, Jr., Vice-President and treasurer of the Houston Bank for cooperatives, spoke on the various types of loans made to farmers cooperative associa- tions in Texas.

Monday night an open forum was held, with short talks by a number of speakers, including R. S. Rod- gers of Lubbock, and S. P. Britt of Shamrock, directors of the F. C. A. of Houston; Homer D. Wade, secretary of the Texas Cooperative Council, and L. T. Mayhew, President of the Texas Cooperative Council. At this session, two girls and two boys, Gold Star Winners in 4-H Club work in Wheeler County, were pre- sented by Miss Viola Jones, Home Demonstration Agent of Wheeler County, and Jake Tarter, County Agent of Wheeler County. These boys and girls told of the demon- strations in which they won the Gold Star honors.

Saturday, the first speaker was S. R. McWhirter, Field Coordinator of the F. C. A. of Houston, who spoke on the Coordination of Nat- ional Farm Loan associations and Production Credit associations. C. W. Weehring, Comptroller of the F. C. A. of Houston, talked on National Farm Loan association accounting records. National Farm Loan association examinations was the subject of Gardner Thomas, examining di- vision, Farm Credit administration, Washington, D. C.

Mr. J. S. Hilliard reports that all those in attendance were enthu- siastic in their comments on the short-course.

Find Out

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any prepara- tion you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were ad- vised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.
