Community Farm Dinner At Yellowhouse Friday Night

Area Gets Two Inches Of Rain

Heavy rains Monday night brought great benefit to farmers and ranchers over the South Plains. Rain started falling about 8 o'clock and continued throughout the night and well into the morning Tuesday, bringing the precipitation to two inches over Lamb County and the entire trade area, resulting in one of the richest ground seasons the South Plains has experienced since 1941. Many irrigation farmers who had been watering were able to cease operations and let nature take care of the crops. Although a good soil moisture was already in the ground the top had been dry due to high winds, and this week's moisture was most welcome to farmers and city residents alike. The damage, however, is reported heavy over Texas from hail and windstorms. Tornado winds damaged several points over the South Plains near Lubbock late Monday night. A farmer was killed by lightning near Hereford, and a home on the L. W. Utey farm, three miles east of Shallowwater school, was destroyed, as was also a two room house and one-half miles southwest of Monroe. Damage is reported heavy over Central and South Texas.

Sponsored by the Chamber of Commerce, the first of a series of farm dinner parties will be enjoyed in the Yellowhouse Community Friday night April 22, when the Home Demonstration Club women of that area will serve. Sixty farmers have accepted invitations to be present and enjoy a get-together meeting. **Better Relationship Purpose** The purpose of the gatherings is to create a better relationship between the rural and urban people. **Sixty Business Men Invited** Invitations are being extended to sixty business men to attend. Jim Crump, of Willson & Crump, is chairman of the Attendance Committee of the Chamber of Commerce, and he and his committee are in charge of this matter. The farmers will be the guests of the business men. **To Serve Meal At Gin** The meal will be served in the new gin in the Yellowhouse Community. A short entertaining program will be presented. Those planning to attend should meet at the Chamber of Commerce offices at 7 P. M. and go in a group.

Farmers Get Steady to Lower Prices During Past Week

Southwest farmers received steady to lower prices for most products during the past week the U. S. Department of Agriculture's Production and Marketing Administration reports.

Lamb prices dropped \$3 to \$5 from last Monday's record high prices at Fort Worth and \$2 to \$3 from last week's all-time highs at San Antonio, Oklahoma City and Denver also recorded losses of around \$2 to \$3 on lambs. Best spring lambs ranged from \$26 to \$28 Monday this week. Ewes lost 50 cents. Goats changed little.

There was little or no trading in wool or mohair last week.

Dressed lamb prices fell \$8 to \$10 a hundred for the week at New York. Beef and mutton sold steady, veal \$1 to \$4 lower, and pork \$1 lower to \$1 higher. Sheep numbers rose sharply at all markets last week but failed to equal a year ago. Monday this week found sheep receipts down to about half those of a week earlier. Last week's receipts of cattle, calves and hogs held somewhat in line with the week before or a year ago at southwest and midwest markets.

Hog prices continued downward by 50 cents to \$1 for the week. Top hogs fell to \$18 at Fort Worth Monday, the lowest since October, 1946. Best butchers moved at \$18.50 at San Antonio and Oklahoma City, and \$19.75 at Denver.

Cattle prices showed little change for the week. Good yearlings sold up to \$27 at Houston Monday and \$26.50 at San Antonio. Fort Worth took good and choice steers and yearlings at \$24 to \$28. Oklahoma City paid \$26.25 for choice mixed yearlings.

Increasing supplies of spring vegetables brought generally lower prices last week. Demand slowed for south Texas products. Small sizes made up a large share of new potatoes, and prices fell. Onions, beans and squash became more plentiful. At other markets, lettuce, cabbage, green onions and strawberries weakened.

Sorghums gained 3 cents a hundred, as most other grains lost 1-2 to 3 cents a bushel. No. 1 wheat closed Monday at \$2.38 to \$2.45 at Texas common points. No. 2 white corn sold at \$1.71 to \$1.74, yellow \$1.63 to \$1.66, and milo \$2.70 to \$2.75.

Scattered lots of rough rice went to market last week, with short grains bringing slightly higher prices. Wheat mill feed prices continued to rise, although most other feeds sold unchanged to lower. Limited offerings of hay sold about steady under slow demand. Peanuts showed little change, as rains delayed planting.

Egg and poultry prices held about steady for the Easter season. Current egg receipts brought mostly 40 to 41 cents a dozen at Dallas and Fort Worth, 39 at Denver, and 40 to 44 at New Orleans. Heavy hens sold from 32 to 34 cents a pound in north Tex-

as, 39 to 41 at New Orleans. Heavy hens sold from 32 to 34 cents a pound in north Texas, 39 to 41 at New Orleans, 39 to 41 at New Orleans, and 35 to 36 for heavy types at Denver.

Cotton advanced 25 cents to \$1 a bale. Spot middling 15-16 inch closed Monday at 32.75 cents a pound at Houston, 32.80 at Dallas, and 32.95 at New Orleans.

BULL LAKE PHILOSOPHER HAS BEEN STUDYING NEW FARM PROGRAM, BUT GETS PRETTY BADLY MIXED UP ON IT

Editors note: The Bull Lake Philosopher can be on the new farm program, his letter this week will reveal to anybody who can get through it. Dear Editor:

Just as soon as President Truman come out with his new farm program last week, I got hold of a copy in a newspaper which my neighbor had carelessly left in his mail box, at least I guess he left it there, it was there when I reached my hand in his box to see if it was, and I will return it the minute he complains, can't stand a complaining neighbor, although the way I figure it is if a man gets a newspaper regular, every day in the week, he ain't gonna miss a copy now and then, ain't we got equality of opportunity in this country and ain't I got a right to read a newspaper when one don't turn up in the natural course of events, anyway, I took the blamed paper without stoppin' to reflect on the etics of the situation, how do I know his Subscription ain't expired and he ain't even entitled to the paper in the first place, and went down in the pasture and got off in a secluded spot where the bright spring sunshine wouldn't bother my eyes and sat down and analyzed the new farm program.

As I understand it, farmin' is gonna be based on production units, with each farm limited to 1800 units, and

with a unit amounting to two bushels of corn or its equivalent in cotton or eggs.

Frankly, I don't understand it, and know you don't without even askin'. But there is one small point I'd like President Truman to clear up for me.

In the first place, I ain't averaged ten bushels of corn or cotton or eggs first and last. One year I planted and it didn't come up, the next year I thought I'd wait and see if last year's seed might not come up since they hadn't the year before, ain't no use wastin' seed; another year my planter wasn't workin'; another year my planter was but I wasn't; another year, but ain't no use goin' on, you can see I ain't used up no 1800 units and what I want to ask President Truman is can a farmer sell any extra units he ain't got no use for?

If I got 1800 for my farm out here and say I use up only 300, which I can manage to do without no special efforts, although them Jersey steers will have to eat more Johnson grass than I figure they can hold to do it, then I'd have 1500 units left over since every man ought to do his part and there ain't no use lettin' em go to waste, couldn't I sell em to some of my energetic neighbors? If I could get only a dollar a piece for em, I figure I could get by and if this is what President Truman intends, I wish to say I think his program is about the best thing that has come out of Washington, so far as my farm an me is concerned.

Yours faithfully
J. A.

Late For Last Week)
From Trip East
 The manager of the Hart Gin and his wife recently returned from a combined business and pleasure trip. They visited in Fort Worth, Jack-Dallas and Tyler with friends.

Asked for a comment on the trip mentioned the beautiful flowers in and around Tyler. They told of one especially nice drive out of Dallas, on Turtle Creek where large well-kept estates are, of bank after bank of flowers, bordered by Tulips.

Convention

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

April 28 Announced Enlistment Day

April 28 has been proclaimed throughout the State of Texas as ERC Reenlistment and Enlistment Day. A determined effort is being made to build up enlistments in the Reserve in Lubbock District. Former servicemen who have never been in the Reserve who served during the period from September 1939 to date, may enlist in the Reserve in the grade held at the time of discharge from the Regular Army. Former Reservists whose enlistments expired subsequent to September 1948; may reenlist up until June 30, 1949, in the grade held at the time of discharge. All Reserve officers are requested to support this drive by informing former servicemen and ERC men of the benefits of the Reserve Program. The drive will be climaxed by a free Variety Show for former Servicemen and ERC 28 April 1949 from 8 until 10 P. M. at the Officers Club, LAFB (West Base), Lubbock, Texas.

Several Reserve Officers are desired for one day's active duty, effective 28 April 1949 in outlying areas of Lubbock district, in connection with ERC Reenlistment and Enlistment Day activities. Applications for this duty must be in the Instructor's Office, Lubbock, Texas, by noon, 21 April 1949.

The following schedule of training is now in effect in Lubbock District:

Each Thursday night, same time and place as above, all reserve officers desiring to earn extra points may attend the Court Martial School until 28th June 1949.

Each 1st and 3rd Wednesday, the Reservists of Sweetwater Area are training, Blue Bonnet Hotel, 8:00 to 10:00 P. M.

Each 2nd and 4th Wednesday, Reservists of Plainview Area are training, American Legion Hut, Plainview, 8:00 to 10:00 P. M.

The NEW 54

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- EARLY MATURITY
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
- HIGH YIELD
In this same test, "54" was third among all varieties in yield per acre.
- BETTER STAPLE
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

THE LITTLE BABE RUTH STORY

My favorite story about the immortal Bambino is just a little story in the eventful career of the home-run king.

But, it's my favorite story, and I call it the "Little Babe Ruth Story" because it's such a good portrait of Babe and because it shows the tremendous pressure under which he became famous.

It was in the third game of the 1932 World Series, fifth inning, and the score was tied at 4-4. The Cub fans were booing the Yankees, and the Yankee fans were giving it back. Babe Ruth was the target of the jeering Chicago crowd, and the fellow really took a beating from the stands. Their heckling was aimed not at the Yankees, but at Ruth, who had quite a reputation as a home-run slugger.

Ruth was pitching for the Cubs. The first toss was a strike, and the Bam held up one finger. The next pitch was a strike, and Ruth held up two fingers. The crowds were really letting him have the raspberries. Then, in the gesture of an Olympic hero, he pointed to the center field stands... and that's exactly where he smashed the very next pitch.

Sunday School Class

Enjoy Egg Hunt

The Beginners Sunday School of the First Baptist Church will have an Easter Egg Hunt at the farm home of Mr. and Mrs. U. E. Kelly, 4 1/2 miles southeast of Littlefield, Saturday afternoon.

A large number of children are present to enjoy the hospitality of Mr. and Mrs. Kelly.

Mr. and Mrs. T. T. Harrison, of Spade, attended the ginner's convention in Dallas April 4 and 5. They also visited Mrs. Harrison's sister and brother-in-law, Mr. and Mrs. Clyde Littlefield in Austin. Littlefield is track coach at the University.

They are in the process of putting in a new boiler at the gin and making other improvements. They put in new stands last year.
