

Thanksgiving

grateful memory of the courageous band of settlers who withstood starvation and hardships, out of whose historic struggles this great was born!

Rotary To Build Scout Hut

The Rotary club has taken a movement to provide a \$3,000 home for Scouts. The club has planned a \$10-a-meal luncheon for a date next week from which will be the Scout building fund. The secretary of the group hopes to sell tickets for the luncheon, there being the funds needed for the proposed Scout building adjacent to the high school stadium already given by A. W. Ormond. Plans call for a 50 by 60 structure, which would be used for Scout meetings and other groups.

Funerals At Ralls Wash Victim

Funeral services for Joe Warren Sudan, who was one of the victims of an automobile accident at Fort Sumner, Texas, at 3 p. m. Saturday at the Methodist church. The pastor of the Methodist church, officiated, assisted by Rev. W. R. Lambert, minister, and Rev. J. W. Warren, minister of the Ralls church. Pallbearers were: J. L. Cornwall, Jr., Ralls, R. E. Heath, Ralls, Earney Bartley, Sudan, and O. A. Lambert, Gale Cox, and Henry Johnson all of Lubbock. Burial was in Ralls cemetery under the direction of Marr Funeral home.

Lubbock's Bank Debts Gain 49.8 Per Cent Over 1949

Lubbock's claim as one of the fastest-growing financial centers of the Southwest became a statistical reality early this month with announcements that the city showed the greatest bank debts gained in the entire United States for the first nine months of 1950. The American Banker, the only daily banking publication in the bank nation, showed that Lubbock's bank debts gained 49.8 per cent over 1949 in the January-September period highest increase in the nation. Comparisons based on past two years of increases showed that Lubbock ranked fifth for the January-September period this year 1948 and fourth in increase during September over the same month last year.

When you're making a cake, take the eggs out of the refrigerator about three-quarters of an hour before you plan to use them. When eggs are at room temperature they beat up faster to a larger volume.

and Wayne Watts, Ralls; a sister, Billy Watts, Ralls; his paternal grandparents, Mr. and Mrs. A. A. Watts, Bremond; and his maternal grandmother, Mrs. G. W. Warren, Shallowater. Pallbearers were: J. L. Cornwall, Jr., Ralls, R. E. Heath, Ralls, Earney Bartley, Sudan, and O. A. Lambert, Gale Cox, and Henry Johnson all of Lubbock. Burial was in Ralls cemetery under the direction of Marr Funeral home.

Santa's Helpers Make Many New Devices to Delight Small Fry

By DOROTHY ROE
AP Newsfeature Writer

This year you will do well to heed that well-worn phrase—"Do your Christmas shopping early."

Also you might as well be prepared to spend more than you expect on that Christmas list.

Shortages and higher prices are slated in many gift lines—especially such things as metal toys, household appliances, and mechanical gadgets.

Wide Selections

Early birds, however, will find the gift selection dazzling and ample. Late comers may have to take what they can get.

In the field of toys, Santa's helpers have outdone themselves this year in thinking up new devices to delight the small fry.

Top favorites on the "want" list for both boys and girls is cowboy equipment. The small cowboys in the country would make a formidable army if gathered in one camp. And the things they want include: cowboy hats, shirts, chaps, guns, lassos and boots. All these are to be found on the front counter of every toy store or sporting goods house, usually priced

within the average budget.

An outgrowth of the cowboy craze is the ukelele fad. Plastic ukeleles, which come with books of instructions and cowboy songs, are likely to prove one of the most popular items in Santa's pack this year.

Wonder Dolls

In the doll category, science has worked new wonders this year, so that the Christmas doll of 1950 walks, talks, cries, wets, drinks from a glass, blows bubbles, kicks its feet, changes expression and kisses back. Some have almost-human plastic skin, others are equipped with voice and conversation. One doll has a blank face on which the small owner may draw any expression she fancies.

A plastic electric organ is a new item in the gift pack—plays just like a real one, costs enough to be a major present.

The new toys are highly career-conscious, also. The future architect may build model cities with new toys including modern urban plans; the home-maker can furnish her own house on a floor plan drawn to scale; junior engineers may practice with stream-

lined Diesel engines; future warriors may play with toy jet planes. The newest chemistry set includes a Geiger counter, and there's a banker's safe that works.

In the adult gift categories, prices again will be higher than last year in almost all fields. If you're planning to give Pop a new car for Christmas you'd better order it now. The same is true of Mom's deep-freeze or vacuum cleaner.

Luxury gifts will be plentiful but far from thrifty. Furs, jewelry, and luggage can be had—at a price.

Sheer nylon lingerie, highly styled and frilly, probably will be the to pitem on Mom's hinting list again this year. Nylon stockings are always a safe bet. And cashmere sweaters for all the family are available in new colors and styles, priced about the same as last year, or in some cases a little less.

A milk soup makes a nutritious luncheon dish for school-age children. Cream of tomato soup, for instance, teams well with many sandwich fillings—egg, peanut butter, cream cheese.

Anton Man Is Recovering Satisfactorily

Amos Nelson of Anton, who sustained serious injury to his right hand, when he got it caught in the gin saws at the Olenbush Gin, two miles east and five miles south of Anton, Thursday night of last week, is getting along as well as can be expected at the Payne-Shotwell Hospital here.

His hand was so badly mangled that it was necessary to amputate three fingers and part of the fourth.

Mr. Nelson was given several blood transfusions at the hospital, and it has been necessary to feed him through his veins.

He was on the operating table four hours.

His wife is remaining with him at the hospital.

Sustains Crushed Hand In Combine Accident Recently

Harold Ingle of four miles southwest of Sudan sustained a

crushed left hand in a combine accident on the Boyd Glibreath farm in the Circleback Community Monday afternoon of last week.

Mr. Ingle, in an interview with him at the Payne-Shotwell Foundation Saturday, stated that he got his left hand in the main drive belt of the combine when he was combining feed. He said his hand went up into a pulley and they had to take the housing out to get it out. The bones in his hand were crushed, and it is believed he will not be able to use it for three or four months.

Mr. Ingle was hoping to get out of the hospital early this week.

Arrested Here For Oklahoma Officers

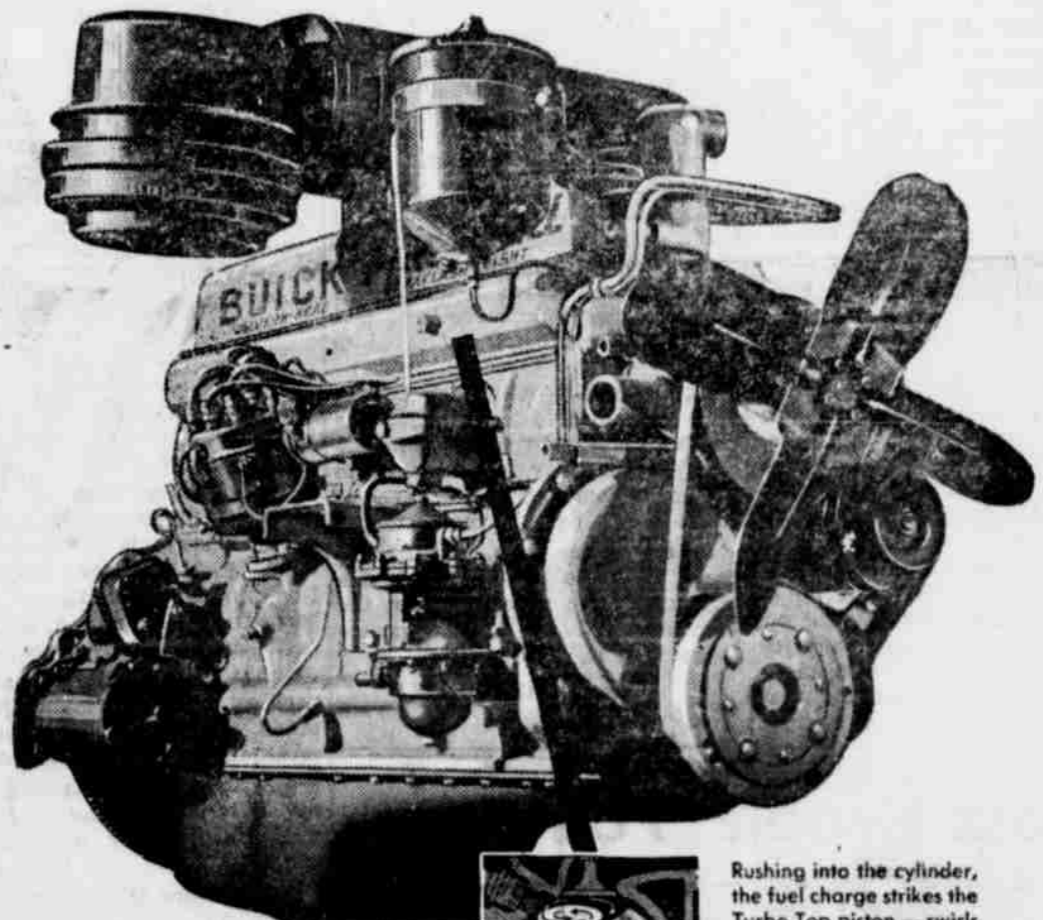

On instructions from Paul's Valley, Oklahoma, authorities, Sid Shaver of Wichita Falls, Texas, was arrested in Littlefield Wednesday of last week and held for the Oklahoma officers.

The sheriff at Paul's Valley came to Littlefield the same day and took Shaver to Oklahoma.

SPRY AND MIGHTY POWER PLANT

with a proud pedigree

Rushing into the cylinder, the fuel charge strikes the Turbo-Top piston—swirls into a tiny cyclone of terrific turbulence that gives a mighty power-push to the ignited fuel.

Mister, that's what we'd like to show you.

Come settle yourself at the graceful Buick wheel. Gently press the handy gas treadle—and feel this spry and mighty motor come to life.

Then head for the open road, and discover what a whale of a lot of fun it can be to have Fireballs under your hood.

Better come in soon, and get acquainted with the engine—and the automobile—that have won more than 200,000 owners of other cars to 1950 Buicks.

No other motorcar engine can match these features

- TURBO-TOP** piston heads roll the incoming charge of fuel into a whirling "Fireball"
- MICROPOISE BALANCING** after assembly keeps Buick engines within 1/4 of an "ounce-inch" of perfect balance
- HI-POISED MOUNTINGS** cradle the engine for smoother action
- CYLINDER BLOCKS** are super-precision-bored and double-honed for perfect dimensioning
- FLEX-FIT RINGS** snug up against cylinder walls, increase oil economy
- DUREX BEARINGS** provide unsurpassed bearing life
- FLITEWEIGHT PISTONS** combine lightness with hardness and strength
- CYLINDERS** are individually cooled to prevent distortion

For the Preservation of Our Homes

We, the homemakers of America, numbering more than 50 million, working together, can be the greatest single unit of influence in a world fighting for lasting peace. Let us work together and thus impel the peoples of other countries to awaken to the realization that freedom and democracy as it is known and practiced in America . . . as it must be known and practiced in other lands . . . begins in the home, depends on the home, and is successful because of the principles on which our

homes are founded.

The eyes of the world are turned our way searching. As guardians of our homes we must, we will, give our best so that they, the people of other lands, may understand more clearly the profound but simple truth . . . that America, the greatest and strongest nation on earth, is free and strong because of the greatness and strength of the women who organize and manage its homes.

Fifty million women can not be defeated. With divine help, whatsoever lies in our hands to do can be done . . . with firmness, and without doubt.

Wrong Kind of Example

From Washington the Treasury Department is sending out books and pamphlets, written and printed at taxpayers' expense, telling people how to be thrifty. These publications give hints on making ends meet and saving money.

The trouble is that this advice on thrift is going to the wrong people, says the Dallas News. It should go to those bureaucrats who are wasting

several million dollars a day in poor management. It should go to the White House and to Congress, which have approved expenditures far in excess of income. It should go to the Veterans Administration, where one employee handles only 450 policies for each employee of a private insurance company.

After the Truman administration begins to set a better example, it will be easier to induce individual citizens to practice thrift.

Texas has grown 20 per cent since 1940. And 20 per cent in Texas, brother, is bigger'n 100 per cent anywhere else.

"Primer on Alcoholism: How People Drink, How to Recognize the Alcoholic, and What to Do About It," by Marty Mann, was published Oct. 12 by Rinehart. The publisher states that it's "the only authoritative work on the subject which is designed—not for the alcoholic, or the curiosity seeker—but for the 20,000,000 people who are directly affected by the disease—the families, friends and employers." The author is executive director of the National Committee on Alcoholism.

"American Antique Guns and Their Current Prices" by Martin Rywell is a recent release of the Pioneer Press, Harriman, Tenn. It contains illustrations of several thousand American pistols and revolvers, a classification of all makes and models from the earliest times to the present, a complete catalogue of flintlock arms makers, a guide to gun collecting, a glossary, and other valuable information for the gun fancier . . . all for the price of \$1.

BULL LAKE PHILOSOPHER WANTS TO GET UP IN THE INCOME GROUP WHICH SAYS IT'S TAXED TO DEATH

Editor's Note: The Bull Lake Philosopher on his Johnson Grass farm on Bull Lake has an odd idea this week, which nobody is likely to take him up on.

Dear Editor:

Now that the elections are over and the best men won, as they say, although I didn't encounter no statement from anybody in the running this year which would imply anybody except himself was worth shootin', the rest was skunks which it's surprisin' the country has been able to live with even this long, but now that the elections is over and the country seems to be holdin' together about the same, I have come to a startlin' conclusion.

I would like to have my taxes raised.

That is, provided I can get in the same shape of a lot of big people in this country are in.

I read the other day a newspaper which a north wind blew in from my neighbor's house, I got his trash in the winter, he gets mine in the summer, which saves both of us from pickin' it up at either season, no use wastin' energy when the wind will do it for you later on, as I say, I read where a lot of folks is complainin' that taxes are eatin' 'em up, as they put

it. Big corporations, big individuals, they all join in complainin', sayin' opportunity has been banished from this country, initiative has been stifled, and it don't do no good to make any money because taxes take it all, but I can't help noticin' the money continues to pile up in the banks and more new cars has been made and sold this year than ever before. In fact, I noticed the third quarterly report for big business this year revealed the highest profits, after taxes was paid, in the history of the nation, and only yesterday read where individuals' incomes was also at the highest peak in history, and I been thinkin'.

Now my income ain't in that shape, it ain't in that shape, it ain't quite enough to get by on, the same as it's been for years, and I have decided I would like to swap places or move over and get into that group bein' taxed to death.

I guarantee I will holler just as loud and long, complain just as much, predict the end of civilization, if somebody will manage to get my income up to the level of these fellers being taxed to death. In the mean time, until I get there, I aim to holler about taxes anyway. I'm in practice, I got the know-how, if I just had the income to go with it.

Yours faithfully,
J. A.

About People You Know

Mrs. Clea Goodwin, Mrs. Gibson Fowler, Mrs. Gage and Arlen Wesley attended the football game between the B teams of Hardin-Simmons and Tech at Lubbock Saturday afternoon. Jim Fowler, Floyd Goff and Frank Gage of Littlefield, students of Hardin-Simmons were players on the Hardin-Simmons team against Tech.

Blair Goodwin, student of the John Tarleton College, Stephenville, Texas, arrived Wednesday to spend Thanksgiving Day with his mother, Mrs. Clea Goodwin and his grandparents, Mr. and Mrs. John Blair.

Mr. and Mrs. G. V. Coker, who have been living in Muleshoe since last March, left Tuesday for Corpus Christi, where they will make

their home. Mr. and Mrs. Coker had lived here 25 years, but have since been living at Corpus Christi and Muleshoe. Mr. Coker suffers from asthma and it is for this reason that they are moving to Corpus Christi. Mr. Coker left a subscription to the Leader at the office to be sent to Corpus Christi.

John Price is on a trip to California. He has been gone about two weeks.

Miss Georgia Smith, photographer and feature writer for the Pampa Daily News, spent last week end with her mother, Mrs. Lucille Smith.

Miss Emma Sell, member of the Lubbock school faculty, formerly of Littlefield, spent the past week

end here.

Mr. and Mrs. Floyd Grisham, Mr. and Mrs. C. O. Miller and Mrs. Jack Grundy and infant daughter of Amarillo visited Saturday with Jack Grundy and Mr. and Mrs. W. B. Grundy.

Included in the list of Tech students who are spending the Thanksgiving holidays with their parents here are: Jackie Shelby, Coy Orr, Charles Joplin, Billy Ruth Little, Kenneth Pharris, James Lee and Joan Thornton. They arrived Wednesday.

Billy Jim Evans and his sister, Johnny Merle Evans, students of Denton N. T. S. C., will spend Thursday with their parents, Mr. and Mrs. James Evans of two miles west of town. They arrived Wednesday.

Mr. and Mrs. Howard Taylor spent the past week end in Childress visiting friends. Mrs. Taylor is the former Miss Marjorie Claire Joplin. Mr. Taylor is connected with the Soil Conservation here.

Mrs. Paul Timmins and two children, Sally Carolyn and Tommy of Amarillo, arrived Friday to spend the week end with her parents, Judge and Mrs. E. A. Bills.

The regular meeting of the local W. O. W. Lodge met in regular session Thursday night at the Legion Hut. Routine matters were taken care of.

The fencing team of Tarleton College, Stephenville, of which Blair Goodwin is a member, were at A. & M. College, College Station, Friday and Saturday and attended the Rice and A. & M. football game Saturday afternoon.

Judge E. A. Bills was at Muleshoe all last week trying jury criminal cases in district court. He returned home Friday night.

Mrs. Orval Denison was admitted Saturday to the Payne-Shotwell Hospital for medical treatment.

Mr. and Mrs. W. J. Chesher spent Friday and Saturday at Midland.

Emery Glass arrived Wednesday to spend the Thanksgiving Day with his mother, Mrs. Chassie Duke. Mrs. Glass and children, James and Tommy, are spending the day with her parents, Mr. and Mrs. B. C. Westbrook at Austin. The entire family will come here for the second Thanksgiving, November 30, and spend it with Mrs. Duke.

Carl Moss of Levelland, who has been ill with pneumonia and a heart ailment for the past week was admitted to the Payne-Shotwell Hospital Friday morning.

Citizen's Commission Organized to Solve Traffic Problems

Expected To Cut Down Accidents Over South Plains

Littlefield Is Represented At Lubbock Meeting

Citizens of Lubbock will have a definite part in solving traffic problems of their city when the Citizens' Traffic Commission begins its functions.

The Commission is expected to slash accidents and traffic problems to a minimum.

Initial steps to organize the Commission were taken last week when approximately 250 Lubbock and South Plains residents met with high-ranking officials of the Dallas Traffic Safety Commission.

The next important step in forming the Commission in Lubbock will be a meeting of a nominating committee headed by Dr. E. N. Jones, Vice President of Texas Technological College, to propose an executive committee for the Commission. The executive board, probably five in number, will head the Lubbock Commission and appoint the membership of about 75 citizens. Composing it will be representatives from numerous organizations—civic clubs, school and parent teachers organizations, patriotic orders, labor unions, women's clubs, the city and county governments, and numerous others.

In addition, several hundred Lubbock citizens will be drafted into service on numerous occasions to study specific traffic problems and to make appropriate recommendations for their solution.

'Womanless Wedding' To Be Presented November 30 at Sudan High School

That sentimental old tear-jerker, "Wedding Bells Are Breaking Up That Old Gang of Mine," is announced as the song selected for rendition by the "Andrew Sisters Quartet" during the "Womanless Wedding" at Sudan High school Thursday, November 30.

The last time they appeared on the local silver screen, the Andrews sisters were a trio; but then "bigger and better" is the keynote of this funfest, even to amplifying trios into quartets.

The winsome members of this entourage will include Sib Stone, Don Williams, Noel Lumpkin and C. H. Kemp, Jr. in private life the musical director of the First Baptist church, will follow up with

a touching solo, "Because."

Bill Nix will supply piano music for the wedding.

All cost members are asked to attend a rehearsal at 7:30 p. m. Tuesday night, November 28, at the high school. This will not be a dress rehearsal however; the ditty—uh, the dazzling splendor of their feminine raiment will be kept undercover until the night of the "womanless Wedding" performance, a production of the 1935 Study club.

Flower girls who will precede the bride and groom down the aisle are said to include such appealing "maidens" as Gilbert Mastén, Kenneth Wiseman, Adrian Martin, Arnold Reed and Chester Harvey. Bridesmaids will be represented by the following quintet: Harold Close, Doyle Watkins, Paul Chisholm, Davy Berneathy, Aubrey Earl Fife.

of that office at the P in Littlefield on Wednesday 29, 1950 at 12:

Thanksgiving

For 329 years, since the first year after the original colonists landed at Plymouth Rock, Americans have paused following the harvest season to offer Thanksgiving for the benefits that have been theirs.

There have been lean years as well as those that were bountiful. Peace—the credo of all Christian men—has in some years been replaced by warfare and strife. But on every Thanksgiving occasion there has been much for which we—and our forefathers—could give thanks.

At this Thanksgiving season there will be those of us who will discount the riches and blessings that have been our lot. But now—as never before in history—humanity looks to the United States for Thanksgiving. And all our people can be thankful that we share our bounty with the peoples of other lands in the cause of a permanent peace.

Our first state college—Texas A. and M. is now in its seventy-fifth year

EDGAR S. McFADDEN—Burbank of the Wheatfields

On a farm not far from the campus of the A. and M. College of Texas lives a quiet little man whose genius has done much to feed a hungry world. He is Edgar S. McFadden, plant breeder for the U. S. Department of Agriculture and the Texas Agricultural Experiment Station, who has been working at A. and M. since 1935. Known as the "Burbank of the Wheatfields," Mr. McFadden developed the world's first rust-resistant wheat, parent stock for grains which now grow on millions of acres around the world where wheat once could not exist. Since 1935 his work has spread the Texas wheat belt to three times its former size. He has received the *Readers Digest* annual award for service to humanity, is one of the five Texans to be named as Fellows of the American Society of Agronomy and has received citations of merit from scientific societies throughout the world. The farmers of his native South Dakota have erected an imposing marble monument to him in his old home town of Webster. The work of this one man is said to be worth hundreds of millions of dollars a year to the farmers of America.

Location Of Sudan Red Cross Nursing Classes Changed

The Red Cross Home Nursing Course will be given in the Sudan Methodist Church Annex rather than at the Amherst Hotel as previously announced. The course

will start on Monday, November 27, and will be taught by Mrs. J. W. Miller.

Further information may be received by calling Mrs. Miller, 4082, or Minyard's Jewelry, 3431.

Sudan Hornets Upset 3-B Race To Gain Tie For Championship

The Sudan Hornets turned in one of the major upsets of the season in Olton Friday night, defeating the Olton Mustangs, 19-12, to throw District 3-B into a three-way tie for the lead as the regular season closed.

Olton had breezed through nine games without a defeat, and tangled with Sudan, which had already dropped one district game. The Mustangs needed only a win that night to cop the crown and go into the bi-district playoffs. But the Hornets weren't to be denied and came from behind to stop the steam-rolling Mustangs.

Neither team broke into the scoring column in the first period, but Olton drove 66 yards to score early in the second. Sudan tied it up before the half ended, 6 to 6.

Sudan took the opening kickoff of the second half on its 22, and never relinquished possession of the pigskin until Whitmire burst over right tackle for four yards and a touchdown, the march consuming 12 plays.

Olton followed with a drive that knotted the score, 12-12.

In the fading minutes of the third stanza, the Hornets took over on downs at the 16, and picked up four yards on the first play. A pass from Lynch to End G. W. Maxfield netted 16 yards, and the Hornets began to move again.

Passes from Lynch to Maxfield and Gleason Akin carved up huge hunks of ground and put the Sudan eleven within striking distance at the Olton 15. Lynch tried another aerial, but it was tapped away incomplete. Then Whitmire blasted around left end for the touchdown. He added the extra point, and the Hornets had sewed up the contest.

Olton tried desperately to catch the Hornets late in the last stanza, driving to the six on one occasion; marching to the one on another stab; and being halted on the 12 as the game ended.

Seagraves Wins Tie For Laurels

The Seagraves Eagles trampled the hapless O'Donnell Eagles 38-18 last Friday to emerge as Co-champions of District 5-B.

The victory gave Seagraves a share of the District title with Meadow. But Meadow will represent the District in the play offs by virtue of their win over the Eagles earlier in the season.

Arrested On Charge Of Driving Car While Intoxicated

C. C. Black of Olton was arrested Friday night at that city by the Highway Patrol, charged with driving an automobile while intoxicated. He was lodged in the Littlefield jail. His bond was set Saturday afternoon by Justice of the Peace S. J. Farquhar.

New Deal Lions Win Playoff Chance Against 3-B Champs

The New Deal Lions annexed the District 4-B championship last Friday night on the strength of a pulverizing ground game against the Hale Center Owls. The score was 19 to 13.

Both clubs were unbeaten previously in conference play although each had lost one game early in the season. The victory gave the Lions the undisputed crown and a chance at by-district laurels against the 3-B titlist.

New Deal's only defeat was at the hands of Olton, one of the three teams tied for 3-B leadership. Others are Sudan and Dimmitt.

New Deal's potent offense, which had averaged 41.4 points per contest in district play, was slowed down by the Owls, but the Hale Center crew couldn't keep the Lions from scoring three touchdowns — the last being the margin of victory.

New Deal's record for the season included a 32-6 victory over Falls; 19-0 triumph over Hermleigh; 39-0 win over Silverton; 29-0 over Petersburg; 46-0 over Spade; 27-6 over Anton; 53-7 over Idalou; 61-6 over Whitharral; and a 19-13 win over Hale Center. The Lions' 12-7 loss to Olton was the only blemish on an otherwise perfect record.

Finishing second to the Lions in district play was Hale Center, followed by Anton, Petersburg, Idalou, Whitharral, Frenship, Cooper and Spade.

A Cappella Chorus To Sing At ACC Homecoming Nov. 22

ABILENE. — Singing by several hundred present and former members of Abilene Christian College's famous A Cappella chorus will precede the season's tenth performance of A. C. C.'s undefeated football team—"The Singing Christians"—at Homecoming, Wednesday and Thursday, Nov. 22 and 23.

All former A Cappella members have been invited to join the 1950-51 chorus for a brief program on the daily chapel program, 9:30 a. m., when ex-students will be special guests.

Other Homecoming program features will be a combination pageant and pep rally Wednesday evening following services of the College Church of Christ which worships on the campus, and reunions of classes of 1920, 1925, 1930, and 1940.

The Wildcats meet Howard Payne College at Fair Park stadium at 2 p. m. Thursday.

Mr. Dan Goldsmith, 1000 Iron Road, Louisville, Ky., Coogla Cut Rate Store at Broadway, says there is enough words in the English language to praise HADACOL. He says he knows folks don't realize what HADACOL can make in their systems are Vitamins B, B₁, Iron and ment.

"Before I started taking COL I was run down and had a hard time with my work. I have to spend some time a day on my feet. Since the retail business I saw so I decided to try it. I tell a definite improvement have all the pep and energy ever and I really do rest. HADACOL is wonderful—I not only take I praise the day Sunday LeBlanc put HADACOL market."

HADACOL is So Different. Thousands are benefiting HADACOL. HADACOL is so wonderful because HADACOL helps the hemoglobin content blood (when iron is carried these great Vitamins Minerals to every body to every part of the body). Give remarkable HADACOL chance and if you don't believe with the first few bottles you get your money back \$1.25 for Trial Size; Large or Hospital Size, \$3.50. Druggist does not have HADACOL order it direct from The Corporation, Lafayette, La.

CHIROPRACTIC

A NEW WAY OF HEALTH

Dr. H. C. Lewis

Chiropractic is simple, common sense, and effective. It adds nothing to nor does it take anything away from your body. It simply clears the nerve channels, sets free nature's forces and gives her a chance to perform the wonders of health restoration and preservation as only she can do.

Clear the nerve channels and the natural intelligence will do the rest just as it mends bones and heals abrasions, given time and favorable conditions.

REMEMBER: It is not true to say "We did everything possible" unless Chiropractic was included.

THESE CASES WERE TAKEN FROM THE FILES OF **DRS. HUET AND LEWIS**

STOMACH DISORDER:

CASE NO. 30, male, age 34. This man came into our office suffering with a stomach distress, vomiting and pains, accompanied with dizziness. Regular treatments had failed to help him. Instead he gradually became worse. Examination revealed a neck vertebrae out of alignment causing defective disorders. After adjustments restored alignment, this case went to work daily and when discharged he reported no pains or discomforts, all symptoms gone, and normal good health. He was well and happy for the first time in many years.

HEADACHES:

CASE NO. 96, Female, age 20. Headaches, female disorder, leg aches, nervousness. This lady came to our offices complaining of severe headaches which would occur at frequent intervals. Her spinal analysis revealed a subluxation (misalignment) of one of the upper neck vertebrae, which was causing a pressure on the spinal cord at the base of the skull. After a series of Chiropractic corrective adjustments this pressure was permanently relieved, and the patient reported that her complaints had disappeared.

COMPLETE SPINOGRAPH AND SPINAL ANALYSIS!

OFFICE HOURS: MONDAY, TUESDAY, WEDNESDAY, FRIDAY, 10 A. M. to 12—1 P. M. to 5 P. M. SATURDAY, 9 A. M. to 12

ROBINSON UPHOLSTERY

308 W. 4th St.
Phone 89-J
Littlefield Texas

BY TEX EASLEY
(AP Special Washington Service)

WASHINGTON. — The Texan probably most affected by the Nov. congressional elections — except for the defeated Republican Rep. Jen Guill of Pampa — is Senator Lyndon B. Johnson.

The junior Texas senator has seen thrust more into the limelight by the defeat of such administration stalwarts as Senators Iillard Tydings of Maryland and Scott Lucas of Illinois.

Although in the Senate only two years, Johnson already had become chairman of an Armed Services subcommittee charged with keeping an eye on defense preparations. The spot is comparable to that in which President Harry Truman first gained national attention.

The defeat of Tydings automatically moves Johnson up to fourth Democratic position of the whole Armed Services committee. Ahead of him in the 82nd Congress, starting next Jan. 3, will be Senator Russell (D-Ga.) as chairman, Senator Byrd (D-Va.) and Senator Chapman (D-Ky.)

Demos Eye New Leader

In the defeat of Senator Lucas the Democrats lost their Senate floor leader.

Four senators prominently mentioned for that influential position are Clinton P. Anderson of New Mexico, Ernest W. McFarland of Arizona, Joseph C. O'Mahoney of Wyoming, and Russell.

Arguments have been raised to show that none of these may get the job. Anderson left the Cabinet when chances for Truman's reelection in 1948 looked thin, and he differed with the President over the Brannan farm plan. McFarland is not regarded by some to be as militant a leader as the party would like. O'Mahoney's views have often differed with those of Southerners, and he is a foe of state ownership of the Tidelands. Russell is from a deep-South state and some think he might not be willing to accept the job; Lucas ran into trouble while trying to speak for the Administration on legislative matters and at the same time represent a strong two-party state.

Among other possibilities for the job is Texas' Senator Johnson.

Rayburn to Continue

On the other side of the Capitol, Rep. Sam Rayburn of Texas will continue as speaker of the house, but he'll find the job harder.

At the beginning of the present 81st Congress the division was 261 Democrats, 169 Republicans, 1 American Labor party member, 1 democrat-liberal and 3 vacancies.

Unless changes occur between now and Jan. 2 through deaths or registrations, the division in the new, 82nd Congress will be 235 Democrats, 199 Republicans and 1 Independent.

Thus, the working majority of

SEEK OLTON NEGRO SCHOOL

A women's religious group in Olton is reported circulating a petition there calling for the construction of a school for Negro children. Supt. of Schools T. J. Jones said the petition was "looked on with favor" by school authorities. Cost of the proposed school would be about \$12,000.

Orange pudding is a new baby food put out for the youngest set. It comes in four-and-three-quarter-ounce size, and grownups enjoy it as much as baby. Serve the delicate-lavored pudding over cupcakes, fresh fruit, or a fruit cobbler.

Funeral Services Held For Long-Time Resident Of Olton

Funeral rites for Earnest Elmer Wagner, 62, long-time Olton resident, were conducted at 2:30 p. m. Tuesday, Nov. 14 of the First Baptist church, Olton, with Rev. C. T. Jordan of Springlake, officiating. Rev. Chester Watt, church pastor, assisted.

Mr. Wagner, a farmer until he began operation of a laundry at Olton four years ago, died Sunday afternoon previous in Northwest Texas Hospital in Amarillo. His survivors include the widow, Mrs. Ruth Wagner, a son, Buster, and a daughter, Mrs. Wanda Black, all of Olton.

Also surviving are sons Kell of Panhandle; Tommy of Fort Worth; Cecil of Notchey, Miss.; Lee and Bill of Pampa; Bob of Anton and Elmo of Amarillo. Mrs. Pearl Sandifur of Ventura, Calif., a sister, also survives.

Pall bearers for the service include Virgil Gray, Elmer Gray, W. O. Williams, F. L. Burrow, H. G. Williams and R. A. Green.

Flower girls were Vera Lou Priddy, Sondra Straw, June Gul-

lett, Nellie Fern Mathis, and Francis Green.

Last Rites Held For Danny Ray McBride Of Olton

Funeral rites for Danny Ray McBride, seven-weeks old son of Mr. and Mrs. C. W. McBride of Olton, were held at that city, Wednesday, Nov. 15 in the Olton Church of Christ.

The child died of pneumonia Monday night previous at Olton Memorial hospital.

Pall bearers were Guy Porter, Willard Smith, Tom Sluder and Buster Dameron. J. C. Hamby and Frank Cornelius served as honorary pall bearers.

Interment was in Olton cemetery with Lemons funeral home officiating.

Interior Of Olton Methodist Church To Be Remodeled

"WHAT D'YA MEAN... MORE PAYLOAD?"

DODGE "Job-Rated" trucks GIVE IT TO YOU!

IT'S A MATTER OF better weight distribution

You can haul more payload than ever in Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the proper proportion of the load. That means you can haul bigger payloads without overloading.

NOT THIS The payload on most trucks like the girl in this boat—too far to the rear. Result: there's too much weight not enough forward.

BUT THIS In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

Job-Rated ... for low-cost transportation

POWER: ... 8 great truck engines—each "Job-Rated" for PLUS power.

ECONOMY: ... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS: ... carry more without overloading axles or springs because of "Job-Rated" weight distribution.

EASIER HANDLING: ... sharp-

er turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT: ... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY: ... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the **Garland Motor Co. TRUCK DIVISION**

716 East Third Street
