LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JUNE 28, 1928

No. 11

OBBS, THE NEW OIL TOWN IS EXPECTING 25,000 PEOPLE TO ATTEND BIG RODEO-BARBECUE

The new oil town across the New Mexico, continues to attract the interest of sight-seers, investors and speculators, several cities from Littlefield visiting the new town last Sunday, some of whom purchased lots which are selling from \$25 to \$250 each.

The town is located about two miles from old Hobbs, and 30 miles from Seminole, Texas on the Dal Cavern highway.

Friday afternoon Hobbs well was turned on, flowing 350 barrels of oil in two hours, according to information from interested parties. It is said by authoritative parties that the geologic structure in that particular section is favorable to the finding of a real oil field. A large number of lots have been sold and all residence and business houses are now in process of construction.

Leasing and royalty exchanges are said to be active.

The town is located about 30 miles from the nearest railroad, but it is said that the Santa Fe railway system is already making investigations and preliminary surveys with a view of running a line into that section in the near future.

Lots Sale and Barbecue

Circulars are being printed this week advertising a big rodeo and barbecue to be held at Hobbs, July third and fourth. Bronco riding, wild cow milking, bull-dogging, etc., will be features of the two days celebration. The cattlemen of that section have donated several fattened heaves and it is said there will be plenty of cuts for the 25,000 people who are expected to attend. Each night of the celebration there will be platform dances, accompanied by good music. July 4th there will be an auction of town lots, and on old fiddler's contest is also on the program.

GAS JUMPED A PENNY

Going touring—vacationing? Fill up your gas tank before you start, but when you do take a few extra pennies along with you.

In keeping with the custom of previous years gas went up one cent per gallon last Friday—just as the season becomes ripe for taking a trip or two the penalty of such pleasure is exacted.

No way to help it. Local dealers say the price has been advanced to them in just the same manner. They make no extra profit, but they do have to worry with a lot of penny change.

AMARILLO WILL CELEBRATE JULY 4 AT THE CANYON

Amarillo, Tex., June 26.—Plans for what is believed will be the greatest and most unique fireworks display ever attempted in the Southwest have been completed by Tri-State Fair officials for the All-States Reunion and Free Barbecue at Harding's ranch on July 4. The nine mile scenic drive at the ranch will be lighted with vari-colored torches at dark, which will not only serve to light the drive into and out of the canyon, but will give a most unusual scenic effect. The beautiful Palo Duro creek, Harding's lake, the falls, and Devil's Kitchen will be lighted for unusual scenic effects.

In many of the great gorges in the Palo Duro canyon there will be placed unusual scenic fireworks displays including a gigantic cross showing the Saviour at the crucifixion. Other equally interesting displays will begin at dusk as a part of the free entertainment at the All-States reunion. Arrangements have been made for representatives of several newsreel companies to film the July 4 event. In addition a film entitled, Harding's Ranch, and advertising the All-States reunion is now being shown over the Panhandle.

Free barbecue, swimming, dancing, airplane stunts, racing, athletic events and other entertainment will be provided at the celebration. The only admission charge will be the usual 50 cents for adults and 25 cents for children at the gate of the ranch. Arrangements are being made to care for 10,000 persons.

ROTARY CLUB MEET

The Rotary club had its weekly meeting at the Presbyterian church last Thursday. Eleven members and two visitors were present and enjoyed the program, presided over by President Kirk Allbright, and the dinner served by the Presbyterian ladies.

Interesting talks were made by J. E. Barnes and E. A. Bills on "Advertising the Town," and a classification talk by Mr. Barnes on the subject of "Life Insurance." T. Wade Potter will preside over the next program.

The following members were present: R. E. McCaskill, C. C. Clements, F. G. Sadler, W. J. Harris, John Arnett, Max L. McClure, Maynard V. Cobb, J. E. Barnes, T. Wade Potter, Kirk Allbright, E. A. Bills. The visitors were Mrs. F. G. Sadler and Mrs. John Arnett.

CURBS AND GUTTERS RUN

Engineers are here this week running the lines for curb and guttering on Main street, preparatory to their installation by the Dozier Construction Co., who have the paving contract.

The contractor is this week having sand shipped in, one car load of which has already arrived. Rock is being blasted at the quarry southwest of town, hauled into the crusher and grinding will start next week preparatory to the paving proper.

Attention of citizens owning property within the paving district is called to the property owners hearing set for July 14, and advertised by the City Commissioners in this week's issue of the Leader.

All Littlefield citizens are now fussing about the flies. Why be inconsistent, the Leader gave plenty of urgent warning two months ago as to what might be expected.

REPORT OF GRAND JURY IN COCHRAN CO., RECITES IRREGULARITIES OF ITS OFFICERS AND DIVIDED SPIRIT AMONG ITS CITIZENS

Cochran, stormy petrel of West Texas counties, is in turmoil again.

First the organization of the county was contested, carried into the courts and ardently fought out. Then there was trouble over the building of the fine new courthouse at Morton, the county seat. Later on highway difficulties arose, and now the grand jury of that county, in its recent report to the district judge, reviews a situation that is not entirely calculated to be for perfect peace and harmonious government.

Commenting upon the few felonies committed in the county, the report bears down upon numerous occurrences of drunkenness, fights, petty thefts, obscene and abusive language that goes unprosecuted. Referring to the record of the Commissioners Court, the report says they "are guilty of so many irregularities that it would take too much time to make a detailed report and that said report would be too voluminous," intimating that some of the irregularities border on criminal negligence.

Referring to the auditor's report of the county affairs, the grand jury report says: "during the term of the previous commissioner's court there tallied \$22,660.22. We find and it is was allowed by said court claims to be shown by the auditor's report that there were no itemized bills showing for what the amount of money was expended. It cannot be determined from the records whether or not the county received anything of value, or same was just or unjust. We find from January 1, 1925 to December 31, 1925, county script was issued to

various and sundry persons to the amount of \$1,788.69, but we fail to find any orders upon the minutes of the commissioners court authorizing such expenditures. This in our opinion was contrary to law."

County Judge J. D. Caldwell comes in for a rap because of his son receiving over \$5,000 in warrants, and his son-in-law, H. T. Stewart, also a considerable sum.

Criticism was offered on county debt refunding which was done at the rate of from 16 to 26 per cent, according to the report. The employing of a county attorney at a salary of \$100 per month did not meet with the favor of the reviewing board, at the same time declaring said official to be incompetent, that he had been fined while in office and had executed a mortgage on property which he did not own.

The report recommended that precinct three, which now includes approximately one-third of the county's total area, be changed.

Taking notice of the general morale of the county at large, the report says: "We find there exists among the present county officers petty differences and jealousy bordering on hatred," that "our citizens, like our public officials are divided and torn asunder. These conditions we believe have come about and to have been caused by the administration of the affairs of our county."

The report is signed by H. T. Boyd, R. H. Campbell, W. A. Crosses, W. L. Miller, H. C. O'Neal, M. Woodley, D. P. Earnest, W. O. Wartes, E. E. Scott, Walter L. Taylor, H. N. King and G. M. Smith.

CONVENTION OF W. T. C. C. BEST IN ITS HISTORY

"The greatest convention ever held," was the statement of T. S. Sales, vice-president of the Littlefield chamber of commerce, made last Friday.

Mr. Sales had just returned from the annual meeting of West Texas chamber of commerce, held at Fort Worth and was high in praise of the program rendered and entertainment served by the host city.

At least 50,000 delegates and visitors were in attendance, declared Mr. Sales, and the business program, parades and other entertainment features of the convention were all that could be asked or expected, he said.

A. N. Bourland, of Vernon, was elected president of the organization for the coming year. Arthur P. Dugan, Littlefield, and John H. Wood, Amberst, were named on the Board of Directors from this section. Bourland has for 28 years been a dirt farmer, residing near Vernon, and following his election, stated that agriculture would be the first and foremost plank in his platform for the coming year.

The Simmons University "Cowboy band," of Abilene, was declared the best all-round band, and given the gold medal award for the highest score. It will be the official band for the coming year.

A feature of the convention was the South Plains delegation, numbering more than 500 people from Tahoka, Lubbock, Floydada, Plainview, Slaton, Post, Crosbyton, Olton, Ralls, Levelland, O'Donnell, Lamesa, Brownfield, Lockney and Littlefield. The South Plains float, beautifully decorated on which rode the princesses of the various towns, was one of the most attractive floats of the big parade which lasted more than three hours. There were six bands in this delegation.

The convention next year goes to El Paso.

JAL, NEW MEXICO IS ATTRACTING INVESTORS

F. M. Burselson returned last Saturday from Jal, New Mexico, where he had oil interests.

Jal is located in Lea county, in the southeast corner of the state, about 250 miles southwest of Littlefield and some 60 miles from Poyote. The town now comprises about 250 people, and is growing rapidly. Three oil wells there are now producing, three more are drilling, and there is one gas well yielding 110 million cubic feet of gas per day.

Mr. Burselson states that royalties are now selling from \$100 to \$300 per acre, while leases are going as high as \$350 per acre. The Marlin, Humble, Texas and Mid-West oil companies are all operating there.

Jal is the terminus of the proposed Texas and New Mexico railroad, charter for which has been granted the State, and permit for building is now pending with the Interstate Commerce Commission.

Mr. Burselson has some oil leases in that section which he thinks look mighty good for future cashing.

DOZIER BUYS COMBINE FOR WHEAT HARVEST

W. E. Dozier of Austin, and who has 1300 acres in wheat on his farm about ten miles northwest of town, was here Monday and purchased a combine from one of the local implement companies with a view of beginning the harvest within the next few days. Part of this wheat is said to be very good and will yield about twenty-five bushels per acre. The greater part of the acreage, however, was on sod land and will not make so much.

Mr. Dozier is manager of the Dozier Construction Company, which concern is at present putting down the pavement on the business streets of Littlefield. He will divide his time between harvesting the wheat crop and supervising the street improvements now going on at Littlefield.—Hockley County Herald.

With a dozen "No Parking" signs on the post office sidewalk curb, there are still some Littlefield folks so anxious to part with a dollar that they persist in parking there. Alright, the city needs the money!

BROKEN BOTTLE CAUSES A WRECK; OCCUPANTS HURT

While returning Sunday night from view via Littlefield to their home at the Chevrolet coupe occupied by Mrs. W. E. Flowers, Mrs. Louz and Miss Jewel Crawford, a broken bottle lying in the road on Oklahoma avenue, about four miles east of town. The right rear wheel sustained a large gash, causing the car to swerve, which in turn threw the car over a couple of times and landed on the roadside barpit.

All the occupants were badly hurt. Mrs. Long had her right arm severely. Miss Crawford sustained a deep gash on one hip and cuts on the arms. Mrs. Louz also had several cuts on her arms.

The injured parties were brought to the local physician who attended their wounds, while the car was hauled into Littlefield Service Station for repairs. The crew working nearly all night to get it into order. The top of the car was demolished, chassis twisted, and steering arms sprung. Both car and occupants temporarily repaired were able to continue their way to Post Monday, leaving here at noon.

T. JONES CALLED BY DEATH OF HIS MOTHER

Mr. and Mrs. W. T. Jones, Jr., Friday for Breckenridge in response to a message announcing the death of his mother.

Mr. Jones had been ill for several days, but was thought much improved, her sudden death coming as a distinct shock to the relatives and friends.

The funeral services were held Sunday afternoon, conducted by A. J. Morgan, of the Baptist church, Rev. E. Hightower, of the Methodist church, assisting.

The deceased is survived by her husband, mother, three sisters, two brothers, and two children, W. T. Jones, Jr., and Miss Emma Ruth Jones.

POULTRY RAISERS APPLY FOR ORGANIZATION CHARTER

Definite steps toward obtaining a charter for organization of the South Plains Poultry Association were taken by representatives of seven counties at a meeting held in Lubbock last Thursday afternoon.

There were fifteen representatives present at the meeting, and it was decided that following the incorporation drive for membership would be made.

FOUR ARE INITIATED

At the regular meeting of the Rainwater for Girls, held Wednesday night last week, four new members were initiated as follows:

Verlie Lee Mitchell, Laura Virginia Rabe Barber and Ruth Mitchell.

Have your printing done at home.

GIVES SLUMBER PARTY

A slumber party was given last Saturday night at the home of Miss Fay Carpenter, for several of her friends.

About ten girls from Littlefield, Amherst and surrounding country were present.

After a joy-ride in the "houpie" they all gathered around a camp fire and roasted weiners and marshmallows. Following this delicious ice cream and cake were served. Games were enjoyed in the yard (the most popular one being "piggy") until about 12 o'clock.

After going inside ghost stories and jokes were told while the storm raged outside, this made everything seem real spooky.

Music from a player piano and a portable phonograph was enjoyed and many games and stunts were played. A one-act comedy drama was given by Fay and Florence Carpenter which was real amusing. Another course of cake and ice cream was served about four o'clock.

This was a slumber party where everyone stayed up all night. When the sun peeped up over the cloud in the east everyone was still playing and the music still going.

Those present were Misses Florence Hodges, Leta Mae Neely, P. Mine Williams, Eva Horton, Margaret Hecker, May Garton, Earnestine and Ealina Davenport, Opal Stewart and the hostess.

After a refreshing breakfast, all returned to their homes tired and sleepy, but happy and reporting a good time.

METHODIST MISSIONARY MEET

The Methodist ladies met Monday afternoon at the beautiful country home of Mrs. Millard Phillips in a social meeting.

The subject of the lesson was "Missionary Voice" and was led by Mrs. A. G. Hemphill assisted by Mrs. W. H. Gardner, Mrs. Luther Hargrove and Mrs. J. M. Callan.

Ice cream and cake was served to the following members and guests: Mesdames J. C. Houk, W. H. Gardner, M. P. Reid, Van Clark, E. H. Williams, Harvey Richards, L. D. Lacey, R. A. Davis, Griffey, A. G. Hemphill, Luther Hargrove, B. D. Fonda, E. G. Courtney, B. L. Cogdill, G. S. Glenn, J. T. Elms, J. M. Callan and Carl Arnold. The guests were Mrs. Roy Bennett, Mrs. Alford and Mrs. Ed Aryan.

SHIP FIRST CAR OF WHEAT

E. C. Paxton, manager for R. W. Blair & Co., shipped out last Tuesday the first car of this season's wheat, loaded at the elevator.

The wheat was good quality, grading number one.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS
County of Lamb,
WHEREAS, by virtue of an Order of Sale issued out of the District Court of Lamb County, Texas, on June 5, 1928, on a judgment rendered in said court in favor of I. C. Enochs, the surviving wife of A. TRUCK GOES IN DITCH
Otia Bates, making his morning delivery of Nu-grape last Saturday, and driving a heavily loaded truck out of Lubbock to Littlefield, striking some loose dirt on a freshly graded portion of the State highway near Yellow House switch, went into the ditch, the truck turning completely over.
The cab was torn completely from off the truck and the steering wheel jerked off, the truck proper not being injured. About 100 bottles of pop were broken. Bates sustained severe bruises. He was brought to a local physician for examination and treatment, and returned to Lubbock late that evening. The truck was hauled in by the Littlefield Service Station for repairs.

LADIES ATTEND O. E. S. SCHOOL OF INSTRUCTION

Important Announcement to every owner of a Model T Ford

ON MAY 25, 1927, when Henry Ford first announced his plans for making a new car, he announced also that he would continue to make parts for the Model T Ford. He said:

"The Model T Ford car was a pioneer. It blazed the way for the motor industry and started the movement for good roads everywhere. It broke down the barriers of distance in rural sections, brought people in these sections closer together, and placed education within the reach of everyone. We are still proud of the Model T Ford. If we were not, we would not have continued to make it so long."

For twenty years, the Model T Ford led the automobile industry and it still serves more people than any other automobile. Over one-third of all the automobiles in use today are Model T Fords—an indication of the sturdy worth of the car and its value to people in all walks of life the world over.

The Ford Motor Company will continue to make replacement parts for these cars "until the last Model T is off the road." That is a part of Ford service. That is what Henry Ford meant when he said: "We believe that when a man buys one of our cars we should keep it running for him as long as we can and at the lowest up-keep cost."

Because of this policy a considerable part of the Ford manufacturing plants is given over to the making of parts for the Model T Ford. These replacement parts are made of the same material and in the same way as those from which your car was originally assembled.

Make it a point, therefore, to see the nearest Ford dealer and have him look over your Model T Ford. You may find that a very small expenditure will enable you to get thousands of miles of additional service, and at the same time protect the money you have invested in your car.

All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THE LEADER WANTS AND IS BOOSTING FOR—

Other lines of business not now represented here.

A modern hotel adequate for present and future needs.

More paved streets.

More water and sewer connections.

Numbering of houses and marking of streets.

Opening of Ozark Trail.

More farmers with fewer acres, but these acres more intensely cultivated. More pure sires, more and better dairy cows, poultry and hogs.

Fair prices for farm products and fair and courteous treatment of farmers.

Respect for and enforcement of existing laws and local ordinances.

A SERIOUS QUESTION

Radio sets are becoming numerous around Littlefield and for that reason many of our citizens will be interested in a complaint recently filed with the U. S. Radio Commission. In fact, it is something that ought to interest most everyone, whether they have radio sets or not.

A minister in a southern state has lodged a complaint that the radio is robbing the rural churches of the country of their congregations. He says radio strikes at the very life of the church since rural families can now hear splendid sermons and good church music without taking the trouble to dress, or the time to drive to church. As a result the attendance at many of the smaller churches is falling away and soon there will be no one in the congregation to either listen to the sermon or pass the plate for current expenses.

Of course the Commission is powerless to prevent anyone from listening in on anything they want to and at any time they like. Neither does it feel that it is empowered to order a suspension of services by radio. No greater mistake could be made if it did. But it is, undoubtedly, a serious problem in many communities and one that is going to be very difficult to adjust in such manner that the rural church will not lose the prestige and the attraction that it has held since the founding of the nation.

The rural church has always been a problem with all denominations. The Catholic church has come nearer to solving it than any other church. As social and religious centers rural churches are advisable, but it is sometimes argued that the patrons of such churches would many times be better off religiously if there were less of the ignorant preaching and fanatical teaching to which they have to listen.

The Maine hen that laid 303 eggs in a year must believe that a cackle a day keeps the hatchet away.

FOR MORE REUNIONS

We are glad to note, in glancing over our exchanges, that the old custom of holding family reunions is not losing its hold in many communities. In fact, they seem to be growing more general, and more people in this state, especially those living in the smaller towns and rural communities, are enjoying this form of entertainment than ever before.

If there is one complaint to find with the world today it is that we are not as neighborly as were those of our parent's day. More of us lose sight of relatives as soon as they move a few miles away, and even letter-

writing is not as popular as it once was. Yet family reunions should be more numerous now than ever before. With nearly every one owning an auto, it is easy for relatives to gather at a central point from great distances. It is no trick now for one to drive 50 or 100 miles to a family reunion. For that reason the reunion is coming back into popular favor, and more of them seem to be scheduled for this year than at any time in recent years.

We don't want our friends around Littlefield to lose sight of this means of spending one whole day of joy during the spring or summer months. If your family isn't having a reunion, start now to work up interest in one. You'll find almost all of your relatives have autos and are only awaiting an invitation to assemble for a big dinner, a discussion of everything worth discussing and a closer knitting of the bonds of relationship. Let's have more of them this summer than ever before. There's nothing better for the community, and nothing more enjoyable for those who participate in them.

Ever stop to think what an awful life a moth leads? It spends the summer in a fur coat and the winter in a bathing suit.

COURTESY MEANS SAFETY

Quite a few accidents reported around Littlefield from time to time doubtless could be avoided if every driver realized that courtesy means safety.

Every now and then we hear of someone being "crowded off the road. And there is no excuse for it. When a driver signals that he wants to pass an auto ahead, and the driver ahead can safely pull over to the right side of the road to let him pass, it is his duty to do so. Forcing the man in the rear to take chances on getting safely around you, or speeding up as he gets alongside, is the kind of discourtesy that causes accidents. Giving a little right-of-way has never yet caused a mishap and courtesy has never resulted in any broken bones. Let us hope that more of our drivers will remember this. There are enough hazards in motoring as it is without creating additional ones through a lack of courtesy. Good drivers never lose sight of the fact that "Courtesy Means Safety."

A Seattle Judge rules a married woman's beauty is not her separate property. That's right. The husband who buys the paint and powder has an equity.

A TIMELY SERMON

There's a sermon in those few words for the man who hasn't learned the wisdom of stirring up business during the summer months, when it is most needed.

The wisest advertisers in the world are those who advertise when business is slow—knowing as they do that that's the way to make it good. The summer season is almost here. But people have to eat and wear clothes and all that in summer the same as in winter.

For that reason the merchant who keeps telling them, in all kinds of weather, of special bargains he has to offer is the one who will have the least cause for complaint when the "dull season," as those who don't ad-

vertise call it, has settled down over the community.

LITTLE LEADERS

A boiler may be worth \$5, as the doctors say, but the Leader isn't taking any on subscriptions.

The only objection some Littlefield husbands have to the vacuum sweeper is they can't get a straw out of it to clean their pipe.

It has just about gotten so in Littlefield that a girl's knees make no impression on the public unless they knock together.

Why is it that when a Littlefield woman can't think of anything else for her husband to do she orders him to go get his hair cut?

When we hear a Littlefield man talking bossy to his wife in public we know he's going to do a lot of reneging when he gets home.

Alluwramiutenningmaanik!

(Which in Alaska means Something To Eat)

Aren't you glad you don't live in Alaska? Kamakak and ah-goo-took are the principal foods provided by Alaskan grocery stores. Kongik and A-wri-not are some more choice articles among the Esquimox. Kongulisiat, Ot-kwrit and Tipi-ty-yut are some more.

Again you should be glad of your good old U. S. citizenship—and that you can go to an "M" System grocery and obtain the best the market affords to satisfy your Anglo-Saxon appetite without having to exist on seal poke skin, fried marrow and raw reindeer fat.

U. S. foods come much cheaper, also, especially when purchased at an M. System store. Buying in large quantities we get the lowest prices. It all counts for—

CROP CONDITIONS REPORTED FAIR BY STATE FARM HEAD

Austin, June 24.—Texas has increased its cotton acreage 6 per cent or about 1,000,000 acres, and the crop, two weeks late, is "fairly good," George B. Terrell, state commissioner of agriculture said Friday in his first general acreage and condition report for this year. Crops generally, with the exception of the condition of wheat and oats, and lateness of cotton and corn, compare favorably with any average year, Mr. Terrell said. Wheat and oats are in low condition because of the dry weather in April and May.

"The general condition of livestock is good," the commissioner's report related. "Rains in the grazing sections have made the grass good. The goat, sheep and cattle industry is now in the best condition it has been in for several years. Rains have been general, some sections of the state reporting too much rain, some too little. "Boll weevils are now showing up in several parts of the state with slight damage so far. Some cotton fleas are reported but are doing no damage. Recent rains have retarded the cultivation of cotton in some sections and some crops are becoming grassy but this is not general.

"Texas has increased her cotton acreage about 1,000,000 acres and Oklahoma has increased her acreage slightly, but most of the principal cotton states have not increased acreage although they have increased the amount of fertilizer used on cotton. Georgia, Alabama, and Arkansas report a heavy damage from excessive rains and floods, and it now seems that a large cotton crop cannot be made. With a crop less than 15,000,000 bales, the price of cotton should remain around 20 cents or higher.

"Wheat acreage is practically the same as last year, but acreage in oats was reduced. Much of the wheat and oat crop was ruined before the rains came the latter part of May and early in June. The wheat crop probably will make 20,000,000 bushels—a little more than last year, while the oat crop likely will be less than last year. Corn and grain sorghum acreage is nearly the same as last year and the condition is fairly good. Some corn is already made and with one more rain during this month to finish the crop in Central, North and East Texas a reasonably good crop will be made. Some of the corn is two weeks late. Prospects are good for a

late rains. large crop of grain sorghums, with "The sweet potato crop is just about normal and with late rains, a good crop will be made. The peanut crop is about average and is doing well. Tomatoes and watermelon acreage has been increased but prices will prove profitable."

Following is Mr. Terrell's acreage and condition summary in percentage:

CROP	Acreage	Condition
Cotton	106	79.
Corn	100	87.
Oats	88	65.
Wheat	98	62.
Grain Sorghum	100	90.
Sweet Potato	93	86.
Peanuts	95	88.
Tomatoes	105	82.
Watermelons	112	86.

NOTICE OF SALE OF BANK STOCK

Notice is hereby given that on the 30th day of July, A. D. 1928, between the hours of ten o'clock a. m. and four o'clock p. m., in front of the First National Bank of Littlefield, Texas, in the County of Lamb, Texas, the Board of Directors of the said First National Bank of Littlefield, Texas, will offer for sale and will sell at public auction to the highest bidder for cash, sixteen (16) shares of the capital stock of said First National Bank of Littlefield, Texas.

The shares of stock to be sold as aforesaid are 5 shares issued to W. O. Stevens; 10 shares issued to Wm. D. Green and 1 share issued to L. P. Scheb. The above shares of stock will be sold as aforesaid to make good the deficiency in the payment of assessment ordered by the Comptroller of Currency, in accordance with Section 55, Chap. 2, Title 12, of the Statutes of the United States of America. Done by order of the Board of Directors of First National Bank of Littlefield, Texas, this 25th day of June, A. D. 1928.

SHOWERS BRIGHTEN CROPS

Good showers of rain Saturday and Sunday nights added considerable moisture to the ground thus benefiting crops and gardens already growing luxuriantly. There were also light showers Monday morning and Monday night. Tuesday night there was heavy rain accompanied by hail, damaging crops considerably.

Lots of men who attend the races can't win even a little sympathy.

J. L. LEVERETT, M. D., SPECIALIST Paris, Texas

PELLAGRA—STOMACH TROUBLE

I have a NEW perfected treatment for Chronic Stomach trouble and Pellagra superior to anything I have ever seen or tried in all of my 24 years experience in the practice of medicine. I have so much faith and confidence in it that I will send a 28-day trial treatment to any sufferer, for half-price, and give back the money if the patient is not benefited—the patient to be the judge. If you have gas, pains, or a distressed feeling in the stomach, nervousness, loss of weight, can't sleep, dizziness or a "Crazy"-like swimming in the head, passing mucus from the bowel, burning skin, rash on arms and hands and exposed surfaces of the body, loss of strength and energy—then I have the remedy. Write for FREE diagnosis and long list of testimonials.

PILES

I also have a painless and harmless treatment for PILES, without the KNIFE. More than 1,300 cases treated during the last 7 years, without a single bad after effect. Unless very bad, the patient never loses a day from work, or suffers any inconvenience, and gets better from the first treatment. Write for book on Rectal diseases and particulars about my treatment.

NOTICE
TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTION OF STREET IN THE CITY OF LITTLEFIELD, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY:

The Governing Body of the City of Littlefield, has ordered that the hereinbelow mentioned portion of street be improved by raising, grading and filling, and installing concrete curbs and gutters where adequate curbs and gutters are not now installed on proper grade and line, and paving with reinforced concrete paving, and contract has been made and entered into with Dozier Construction Company for the making and construction of such improvements. Estimates of the cost of such improvements for said street has been prepared. The portion of said street to be improved, together with the estimated cost of the improvements, and the amount or amounts per front foot proposed to be assessed against the abutting property and owners thereof on said portion of street, are as follows:

On Fifth Street, from its intersection with the West line of L. F. D. Street to its intersection with the last line of X. I. T. Street. Estimated cost of improvements is \$3,976.73; estimated amount per front foot to be assessed for curb is \$0.45; estimated amount per front foot to be assessed for improvements exclusive of curb is \$5.0023; total estimated amount per front foot to be assessed is \$5.4523.

A hearing will be given and held by and before the Governing Body of the City of Littlefield, Texas, on the

14th day of July, 1928, at 8 o'clock, P. M., in the City Hall, in the City of Littlefield, Texas, to all owning or claiming any property abutting upon said portion of street, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to be assessed therefor of abutting property by means of the improvements on said street, and concerning the regularity, validity, and sufficiency of the contract for, and all proceedings relating to, such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the Law in force in the City and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas, and known as Senate Bill 68.

Of all said matters and things, all owning or claiming any such property, or interest therein, as well as all others in any wise interested or affected, will take notice.

Done by order of the City Commission of the City of Littlefield, Texas, this the 26th day of June, 1928.

E. C. CUNDIFF, City Secretary, City of Littlefield, Texas, June 28, July 5, 12, 1928

M., in the City Hall, in the City of Littlefield, Texas, to all owning or claiming any property abutting upon said portion of street, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property or any interest therein, shall be and appear and will be fully heard concerning said improvements,

the cost thereof, the amounts to be assessed therefor, the benefits to be assessed therefor of abutting property by means of the improvements on said street, and concerning the regularity, validity, and sufficiency of the contract for, and all proceedings relating to, such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the Law in force in the City and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas, and known as Senate Bill 68.

Of all said matters and things, all owning or claiming any such property, or interest therein, as well as all others in any wise interested or affected, will take notice.

Done by order of the City Commission of the City of Littlefield, Texas, this the 26th day of June, 1928.

E. C. CUNDIFF, City Secretary, City of Littlefield, Texas, June 28, July 5, 12, 1928.

Goodrich Silvertowns

THE PLATE GLASS TEST. Pressing this heavy glass against the tread shows why the triple-grooved Silvertown tread gives extra mileage. See facts below.

By this Discovery

Silvertowns prevent wasteful tread wear on millions of cars!

WHAT you see under the plate glass, happens about 300 times a minute at every point on your tire, when you drive your car.

Like a flash, the tread must flatten as it meets the road, for balloon tires are soft.

So Goodrich Silvertowns are built to flatten without distortion—free from bulky blocks in the center—protected from

"piling up" or uneven choppy wear of the tough tread rubber.

As dealers, we know what this means. It means thousands of extra miles of service, if you buy Goodrich Silvertowns.

Come in. Let us tell you all the other features of these famous tires. Our expert service and cheerful courtesy make it an added pleasure for you to trade here.

JOHN L. HILLIARD
Littlefield, - Texas

NOTICE
TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTION OF STREET IN THE CITY OF LITTLEFIELD, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY:

The Governing Body of the City of Littlefield, has ordered that the hereinbelow mentioned portion of street be improved by raising, grading and filling, and installing concrete curbs and gutters where adequate curbs and gutters are not now installed on proper grade and line, and paving with reinforced concrete paving, and contract has been made and entered into with Dozier Construction Company for the making and construction of such improvements. Estimates of the cost of such improvements for said street has been prepared. The portion of said street to be improved, together with the estimated cost of the improvements, and the amount or amounts per front foot proposed to be assessed against the abutting property and owners thereof on said portion of street, are as follows:

On Third Street, from its intersection with the West line of L. F. D. Street to its intersection with the East line of X. I. T. Street. Estimated cost of improvements is \$3,976.73; estimated amount per front foot to be assessed for curb is \$0.45; estimated amount per front foot to be assessed for improvements exclusive of curb is \$5.0023; total estimated amount per front foot to be assessed is \$5.4523.

A hearing will be given and held by and before the Governing Body of the City of Littlefield, Texas, on the 14th day of July, 1928, at 8 o'clock, P. M., in the City Hall, in the City of Littlefield, Texas, to all owning or claiming any property abutting upon said portion of street, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to be assessed therefor of abutting property by means of the improvements on said street, and concerning the regularity, validity, and sufficiency of the contract for, and all proceedings relating to, such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the Law in force in the City and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas, and known as Senate Bill 68.

Of all said matters and things, all owning or claiming any such property, or interest therein, as well as all others in any wise interested or affected, will take notice.

Done by order of the City Commission of the City of Littlefield, Texas, this the 26th day of June, 1928.

Protect Your Crop Profits . . .

From ploughing to threshing, your crops depend upon your tractor.

And the life of your hard-working tractor depends upon the kind of lubricating oil you use.

Mobiloil is especially made for your every farm need. They stand up. They don't thin out. They last longer—therefore cost less per mile and per year.

You can't risk a tractor breakdown so you can't afford to use a cheap oil. Make sure! Protect your tractor and your crops with Mobiloil. It will save you money in the long run.

We can supply you with Mobiloil in cans or drums—in handy sizes for farm use.

2-Door Sedan #1045 Body by Fisher

All-American Design Is Advanced Design . . . For Example -

General Motors Research laboratories, Oakland engineering staff, General Motors Proving Ground. All working toward one end. Little wonder that All-American design is advanced design.

For example . . . it embodies the G-M-R cylinder head. It offers a whispering brute of an engine . . . 81 lb. crankshaft . . . AC fuel pump. Features combined in no other six of similar price.

When you buy an All-American Six you buy the product of three great engineering agencies devoted to progressive design. And you profit time and time again. In satisfaction . . . in consistent high value in justifiable owner pride.

Lowland Coupe, #1045; Sport Roadster, #1073; Phaeton, #1075; 4-door Sedan, #1121; Cabriolet, #1125; Lowland Sedan, #1261; New Series Pontiac Six, #145 to #275. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

THE UNIFORM INSURANCE RATES ASSURE SECURITY

The question is often asked, Why are all stock insurance companies permitted to charge the same rates? Why shouldn't they be compelled to make rates independently?

Fundamentally, all insurance—fire, casualty and life—is based on the law of averages quoted by insurance companies today are based upon their previous experiences in insuring similar risks.

The law of averages applies with equal force to one insurance company or one hundred insurance companies—it does not vary. Hence, insurance rates covering a given risk automatically work out the same under proper management.

The public has come to recognize that in buying insurance, the first consideration should be the soundness of the company; also that no single company has had a broad enough experience to permit it to establish its own rates on a scientific basis and independently of other companies.

Under the laws of practically all states companies are permitted and even encouraged to pool their experiences and their ability, under the supervision of state insurance commissioners, to the end that they may

arrive at rates which are not only fair to the insurance buying public, but are also adequate to permit the companies to carry out the obligations assumed under their policies. The law of averages affecting insurance works as relentlessly as the tides, and any company which failed to heed the working of this law would inevitably be destroyed. It is in the public interest that insurance companies be permitted and required to pool their experience and maintain uniform rates, as the surest means of rendering the public the greatest security and the best service.

The Leader for printing.

In contemplating what he has done for others the average man is apt to overlook what others have done for him. Said an Irish physician of a patient, "If he lives till morning he will pull through; but if he doesn't, it is no hope for him."

SAWDUST AND SPLINTERS

Vol. 1. June 28, 1928 No. 12

Published in the interests of the People of LAMB COUNTY by **CICERO SMITH LUMBER CO.** L. K. WHITAKER, Manager

If you are going to celebrate Fathers Day we would suggest that you begin by letting the old boy sleep late. Then he is sure to wake up with a groan. There will be no hot water for his shave and the Sunday paper which you have let the kids have to keep them quiet will be in a mess. Give him cold fried eggs for breakfast and the day will be utterly ruined.

A. W. May, manager of the Cicero Smith Lumber yard in Lubbock, is here this week assisting in invoicing. The records show a pretty good business last year, but we are always looking for more.

Got a little slack time? Good opportunity now for doing a little painting on the house or some of the outbuildings. Nothing like making the place more attractive—and we surely have the paint—inside or outside variety and the best that is made.

HARD LUCK STORIES

Men turn away and a deaf ear show to the guy who spills a tale of woe.

Health is the finest thing in the world to possess. If you have it, keep it! We have fly screen of all widths, also screen doors. Better invest NOW!

Wild flowers will have to be wicker

than they are now to escape destruction by tourists. If you think of Littlefield as "a high priced town" just remember folks in other towns nearby are talking each other up and how low they are here. It's human nature.

THEIR TROUBLE

Immaturity is the one thing the modern young people must overcome. That accomplished, they will be all right.

Jim: "This butter is so strong it walks over to the coffee and says 'How do you do?'"
Jam: "Yes but the coffee is too weak to answer."

She was only a poor telephone girl but she kept plugging on.

CICERO SMITH LUMBER CO.
Phone No. 112 J. Littlefield, Texas

To start a love-nest you need a nice chicken and a little nest-egg

Look Pleasant Please

Know how nice and important you feel the first time you wear a new suit? Well, you can feel like that every day if you'll let us keep your clothes dry-cleaned, pressed and in repair. The cost? Pshaw! You'll never miss it.
