

# Farmers Cooperate 90% In Food And Feed For Victory

Pledge Themselves To  
Meet Goals Set By  
Secy. Of Agriculture

According to V. F. Jones, Lamb County Agricultural Agent of the Texas A. and M. College Extension Service, farmers of Lamb County are responding in a big way to the call of Secretary of Agriculture Earl Browder that they produce more food and feed for victory. They have pledged themselves to meet the goals set by the Secretary of Agriculture, in fact they are going to exceed those goals, for they know they are the men behind the guns. Many of these farmers now have sons in the service of their country and they are going to exert every effort possible to see that their sons as well as their sons' sons are well fed and clothed, as stated.

Farmers in Lamb County have pledged that in 1942 they will increase their 1941 production of milk 65 per cent; their marketing of beef cattle 39 per cent, and eggs 34 per cent. Two hundred and thirty-six farmers of Lamb County have pledged this year which is an average of 28 per cent over last year, they are going to produce 122 per cent more dry beans this year. In response to the call to increase their production of certain oil producing crops farmers of Lamb County are increasing their production of soybeans for oil 275 per cent and it will be remembered that they were the leading county in Texas last year in soybean production. Farmers have secured enough seed to plant 3,000 acres of peanuts for 1942 and 50 acres of castor beans, new crops for Lamb County, (Continued on Page 4)

# Plans Underway To Get Municipal Airport Here

Plans were discussed Tuesday night by members of the Littlefield Flying Club for the building of a municipal and county airport here, as interest in flying increases among local citizens. A committee was named to select a site for the airport, to work out details for getting Civil Aeronautics Administration approval, designating the site as a Government Landing Field. Organization of the Flying Club was completed Saturday night. Officers were elected, and plans were made to purchase a plane. L. W. (Cotton) Debbs was elected president of the club, and L. Winston was named secretary, with T. Wade Potter, treasurer. Members voted to purchase an Aeronautic trainer, 65 h.p., and a licensed flying instructor, Jess Wofford of Lockney, will bring the plane to Littlefield each day for students training. At the present time the plane is being kept at a government airport in Lubbock. Three members of the club, Winston, J. W. McGuire of Whiteharral, and Everett Alexander, have solo licenses, and other members of the club will probably be ready for solo within a few weeks. Other members are: Paul Pharris, John Standifer, Joe Salem, and L. B. Stone.

## Local Banker Killed in Auto Wreck

### John C. Elms, 40, Dies On Arrival At Local Hospital

### Grover Dennis, 26, Suffers Concussion Of Brain, Other Injuries

One Littlefield man was killed almost instantly and another seriously injured as a result of an automobile-truck crash three miles north of here on Highway 51 about 10:30 o'clock Monday night. John C. Elms, 40, prominent local banker, died immediately on arrival at the Littlefield Hospital, where he was taken by the Hammons ambulance.

Grover Dennis, 26, druggist and co-owner of the S. & D. Drug Store, was admitted to the same hospital suffering from a brain concussion, injured knee, and cuts and bruises. Physicians at the hospital stated Tuesday that they could not say how serious his injuries were until X-rays were taken, which would probably be in a couple of days. However, he regained consciousness Tuesday morning, and latest reports Wednesday indicated that Mr. Dennis was resting nicely, and that he was making satisfactory progress towards recovery.

The tragedy occurred when the light coupe, owned and driven by Mr. Dennis, was in collision with a pick-up truck reported parked on the side of the road.

Mrs. Lewis Foley, wife of the pickup owner, and her 13-month-old son were in the truck at the time of the accident. Mrs. Foley was slightly injured and was treated at the Littlefield Hospital, but released Tuesday morning. The child was not injured. Her husband was fixing a flat tire at the side of the parked truck on the highway near Clint Griffin farm. He and his four-year-old son, standing near the car, were not injured.

Both car and pickup were completely wrecked. The truck is reported to have caught fire and started burning as soon as the collision happened. Mr. Elms was cashier and one of the Directors of the First National Bank here. He was a cousin of Jess Elms and Mrs. Paul Vause of Littlefield; and of M. A. Elms of Bula. Mr. Dennis and Mr. Elms had been to Fieldton to attend a political rally, and were returning to Littlefield when the accident happened.

Lights of another machine going north and facing Dennis blinded him, he told officials. He said he did not see the Foley truck.

Mrs. Elms was in Dallas when informed of the accident, and came as far as Lubbock by plane, where she was met by friends and arrived here about noon Tuesday.

Van Clark and Earl Wilson, local business men, driving behind the Dennis car, arrived immediately following the accident, and secured the ambulance to take the victims to the hospital. Mr. Elms was picked up on the pavement near the rear wheel of the Dennis car, and was believed to have crawled out of the damaged car.

## CCC Extends Cotton Loans

All 1941 cotton loans have been extended for an indefinite period. Maturity date previously was July 31, 1942.

The new plan, under which Commodity Credit Corporation will continue to carry the loans, permits producers to repay their loans and obtain possession of the pledged cotton or sell their equity after July 31, 1942, in the same manner as prior to the maturity date of the notes.

Lending agencies holding Certificates of Interest in 1941 cotton producers' loans will be permitted to carry certificates after July 31, 1942, under terms of agreement with CCC. The certificates will bear interest at 1 per cent per annum.

Cooperative marketing associations also will be permitted to continue loans held for their members under 1941 CCC cotton Form G, after July 31, and the rate of interest to the associations on advances made to members will be the same as for lending agencies, according to P. C. Colgin, state AAA commodity loan specialist.

The new agreement for lending agencies and amended cotton Form G will be forwarded to lending agencies and cooperative marketing associations by Commodity Credit Corporation, Colgin said.

## Good Rains Here Benefit Farmers

Littlefield and the surrounding territory received a highly beneficial rain early Tuesday morning. Commencing about 1 a. m. and continuing for the rest of the morning, the moisture fell slowly and will be of great help to the cotton and feed crops which were beginning to need it badly.

The West Texas Cotton Mill reported that .97 of an inch fell in Littlefield. Good rains were received all the way from Lubbock to Roswell, N. M.

Moisture was light at Levelland, while at Enoch an inch of rain fell, and an inch and a half was received at Morton. Good rains were reported at Amherst, Sudan, and Spring Lake. Rainfall ranging from one and one half to three inches fell in various parts of the Spade community.

Late Monday afternoon Olton and Earth received an inch and a half. Farmers in most of the communities had recently reported that crops were good, but were in need of rain if they were to mature properly. The rains Monday were welcomed by farmers and business men alike.

## Last Rites Held Thursday For Donald L. Howard

## Efficient Conservation By Farmers Is Urged

Loss of soil fertility and reduced yields are major threats to wartime food production, Leston F. Bain, secretary, Lamb County AAA Committee, has announced.

Citing tremendous amounts of food and feed at which farmers are aiming in the Food for Freedom program, he said the battle of production could be lost by lack of efficient conservation since meeting goals for 1943 would depend on how soils are cared for this year.

Lamb county farmers have approximately three times more soil-building payments to invest in soils than ever before and are being urged to utilize maximum funds in carrying out intensive soil-conservation work. Shifting a portion of the

## Large Board To Be Installed On Main Street For Purpose

### Returns Will Be Posted As Fast As Received; Jim Etter In Charge

Preparations are now underway for the receiving and giving out of election returns in Littlefield, and a large board will be erected on Main Street, in front of Evins Cleaners, with Jim Etter in charge, and all residents of Lamb County are invited to Littlefield Saturday to get first hand information as to how the candidates are running.

A great deal of credit is due Mr. Etter, who is responsible for this board. He has spent considerable time, as well as money, in planning this event. A number of candidates, as well as business men, also contributed to the cost of this election board.

It is the plan, according to Mr. Etter, to rope off a portion of the street, so that pedestrians may get to and from the location. He also announced that returns would be posted as fast as received, and that figures would be given out as soon as 30 minutes after the polls close.

Mr. Etter will have assistants to help him in the compiling of the votes, but he was not able to state just who they would be as yet.

## Interest Is Growing In Coming Primary Election July 25

### Poll Taxes Paid 4136; Location Of Voting Places Are Outlined

Great interest is being shown in the coming Democratic Primary to be held Saturday, July 25, at the various polling places over the county. The number of absentee ballots being cast is much larger than usual because of the number of persons who are away working in defense industries, and on vacations. The voting strength of the county, according to the number of poll taxes paid is 4,136.

Claiming foremost attention in the eyes of voters all over the state, and in Lamb County, is the race between W. Lee O'Daniel of Tarrant County, Dan Moody, of Travis County, James V. Allred of Harris County, and Floyd E. Ryan, for United States Senator. All four candidates are carrying on heavy campaigns, and until the final election returns are in candidates and voters alike will be kept wondering who the victor will be.

The race for governor is somewhat overshadowed by the U. S. Senatorial race, but is not lacking in importance. Six men have cast their hats into the ring for this race: Coke R. Stevenson of Kimble County and governor of Texas at the present time; Gene S. Porter of Bell County; Hope Wheeler of Tarrant County; Charles Lavergne Somerville, Dallas County; Hal H. Collins of Palo Pinto County, and Alex M. Ferguson of Grayson County.

In the race for district and county offices the same amount of interest is being shown as in the state (Continued on Page 4)

### Choosing Your Bonds

Which shall it be—the bonds of the Swastika or war bonds of the United States Treasury? The former means chained slavery, the latter freedom and independence. It is up to you and you alone which bonds you choose. Negligent indifference to buying United States War Savings bonds may mean the loss of all your savings, personal and otherwise as well as the loss of members of your family, of your business, of your government.

The day may come—sooner than we think—when we have no choice in the matter. Without sufficient money our government cannot carry on properly to fight this battle against the crooked iron cross and without sufficient money there can never be enough guns, tanks, and shells for our brothers, sons, and husbands who are fighting the enemy for us. Our own indifference, our own come-what-may-attitude may mean that the bonds of the Swastika are clamped down on our home and our business, and we will find ourselves enslaved in all that we abhor and have fought against.

In the July 4 issue of The Saturday Evening Post there is an article titled "Invisible Greenbacks!" by Harry Scherman. It is an intelligent summary of the way inflation will come to this country if, as Mr. Scherman says, we are fools enough to let it! Written in such a manner that those of us least accustomed to economics, war, and the inside workings of the United States Treasury can fully comprehend what he means when he says "Invisible Greenbacks." Mr. Scherman ex-

plains that inflation can and may come to the United States because we people are failing to buy War Savings Bonds with the money we can spare, and therefore we are causing the Treasury to create new money with which to pay its war bills. It was just such a measure that wrecked Germany after the last war, and it is against such a tragedy that Mr. Scherman writes.—The Lamesa Reporter.

### Plea Against Gas Rationing

Strongest plea we can think of against gasoline rationing is furnished by the Texas Mid-Continent Oil & Gas Association, which points out that nearly 1,000,000 Texans get their entire living from the petroleum industry in the state. The association declares that last year alone petroleum workers paid out \$39,732,884 in direct state and local taxes. With this added to the \$88,706,747 paid by the industry itself, the oil business and its employees paid a total of \$128,439,631 for state and local government purposes.

Now, the above figures are a strong argument against any type of gasoline rationing in Texas. Too, the Texas public school system will face a virtual collapse, or greatly shortened terms, if we put cars and other vehicles in storage, and quit paying the 4 cents per gallon on gas in state taxes. Since our \$22.50 per capita apportionment is derived from gasoline taxation, any threat to the petroleum industry is indeed a direct threat to our public school system; a threat we cannot afford to let go unchallenged.

E. C. Nelson

Judge E. C. Nelson is a candidate for Chief Justice of the Court of Civil Appeals. This is one of the highest judicial offices in our State, one that demands the most thorough training and the widest possible experience. Judge Nelson has attended and graduated from the leading universities and law schools in our country, giving him an educational background of the highest order.

He taught school for five years before entering the legal profession, and served two years in the United States Army during World War I, fourteen months of his service being in France.

He has had a well-rounded legal experience. He has been a licensed attorney for more than 22 years. He has practiced law in all of our courts and has been judge of all courts of record up to the Court of Civil Appeals. As an appellate judge, he will be able, from his own experience, to review a case from the standpoint of both the practicing lawyer and the trial judge. He is now District Judge of the district composed of Potter, Randall, and Armstrong Counties, and his record as a trial judge is one of the best in the State.

Judge Nelson is 51 years old, just the right age to undertake the work of an appellate judge. He is old enough for maturity, experience, and judgment, and young enough for the years of hard work the position requires.

The size of the district has made it impossible for him to see all the people, but he solicits the vote and influence of all our citizens.

Olton Lad Injured In Collision Of Auto And Bicycle

Bennie Doggett, son of Mr. and Mrs. George Doggett of Olton, was brought to the Littlefield Hospital about noon on Wednesday with injuries resulting when he was in collision with an automobile while riding his bicycle.

pared with \$64,758 under last year's program. As stated above shifting a portion of AA payments, which formerly were made for seeding within special acreage allotments, accounts for this increase.

"Food is one of the most powerful war weapons we have and more conservation this year is a pledge to our fighting forces that they'll have enough to eat," the AAA official said.

Already, 775 farms have been measured for compliance under the 1942 program and individual notices, which show acreage devoted to each crop, are being mailed to producers. Extent of soil-building practices also are shown on the notices. In addition to these notices each farmer who has not earned the maximum soil-building allowance for 1942 is being mailed an individual letter setting forth suggestions and practices that he might carry out to earn his total allowance.

Producers are asked to pay special attention to these individual letters and if the suggestions made in these letters for earning the total allowance cannot be met or there might be a question, farmers are asked to confer with community committeemen, county committeemen or personnel of the AAA office and work out worthwhile soil-building practices for their farms through which maximum payments can be earned before the closing date.

Mrs. Tom King returned Friday from an eight day vacation trip. She visited relatives at Dallas, McKinney, Greenville, Gladewater, Texas; Alexandra, La., and Terrell, Texas.

Landon (Sonny) Grissom received treatment at the Littlefield Hospital several days for a throat infection. Mrs. Odessa Patillo and Ima Wells visited in Fieldton Monday night.

Mr. and Mrs. Van Clark and Larue spent Sunday in Dimmitt with Mr. and Mrs. Kim Howe and family, formerly of Littlefield.

asking election as County School Superintendent. They are Mrs. F. O. Boles, Mrs. Claude M. Coffey, and J. Ernest Jones.

County Judge Starley A. Doss asks re-election to the office, and has for his opponent I. B. Holt. E. S. Rowe, Robert Kirk, and J. E. Dryden are campaigning for County Attorney.

The race for Sheriff is drawing a great deal of attention over the county, for several towns have representatives in the campaign. Sheriff Sam Hutson of Littlefield asks re-election to the office, and Don Bryant of Olton, and O. T. Lindsey of Sudan are his opponents.

Frank Cummings has no opponent for the office of Tax Assessor and Collector.

Mrs. Ann Blythe asks re-election to the office of County Treasurer, and her opponent is Mrs. Clarence Davis.

H. C. Huguley and Herbert Dunn are campaigning for Clerk of the District Court. Only one man is making the race for County Clerk. He is O. F. Dent.

The races for County Commissioners from the different precincts are being rather hotly contested. For Commissioner of Precinct No. 1 Jack Crawford, George C. Brown, and H. A. Hysinger are campaigning. For Commissioner of Precinct No. 2, J. E. Devenport, and Sam Cearley are the two men in the race. The race for Commissioner of Precinct 3 is drawing the most interest with the names of C. G. Barnett, Lon Smith, E. C. (Buck) Ross, W. E. Bentley and L. C. Grissom being on the ballot. T. Fife, E. L. Yarbrough, M. D. Abbott, and J. M. Shuttlesworth are campaigning for Commissioner of Precinct 4.

The offices of Justice of the Peace, Constable of Precinct 5, and the various Precinct Chairmen are not contested; only one man is asking election to each of these offices.

Farmers—

to further prove that they intend to do their part in this war.

Despite the fact that hail, rain, sand and grasshoppers have caused considerable damage to crops this year, prospects at the present in most of the county are very favorable for a good crop this year. Through the cooperation of the Bureau of Entomology of the U. S. Department of Agriculture, Division of Grasshopper control and the County Agent, Lamb County Farmers have to date distributed over their field and pastures 4,424,900 pounds of grasshopper bait, and this work is continuing at the present time.

Neighborhood leaders of the County Agricultural Victory Council have contacted every farmer in Lamb County in regard to signing pledges for buying war bonds and stamps, and these farmers are pledging to buy their share of these war bonds. Mr. Jones feels that this is further proof that farmers can be depended on to do their part. They are not only willing to produce more food and feed even though their sons are on the battlefields and farm labor is scarce but are also ready to help their country by buying war bonds and stamps.

... here, apparently, was the pre- ... crime. ... however, the last. "Murder ... out"—yet only because it de- ... too much momentum. The

first offense entails others. Sooner or later human imperfection makes a slip and the final, flagrant mistake uncovers the original felony. Angie became suspicious, black-mailed the violent Twombly. He hid in the woods around this plateau the other evening and rid himself of that danger by throwing her over the cliff—almost to Jerry's destruction—shortly before Carlin was due to arrive and close the sale with Rose!

All this Jerry saw, or thought he saw, between the rise and fall of Carlin's eyelid. Twombly had moved to Portland to be clear of Albany, but could not safely change his name, either there or here, because too strong a ray of publicity must play upon him when once he promoted the new company.

All that and one thing more. This pair of murdering swindlers, having never seen Jerry elsewhere, still failed to connect him with the P.L.I. Company. They assumed he represented some capitalists who had also stumbled upon the Break O' Day secret. Judging others by themselves, they took it for granted that he could be bought, even if he did have a liking for Rose Walker.

Carlin's words had scarcely ceased to sound before Jerry answered them.

"My only employer in this ore mine deal is Miss Walker," he said, "and I know what Break O' Day's worth—and I'll see you two men damned before I flimflam her. You're a pair of thieves—and a pair of murderers!"

Rose looked at him in amazement as he hurled that final epithet. Carlin's gray face went white. Twombly sprang from his chair, oversetting it and drawing his revolver.

"Then somebody—or something—pushed vehemently by him through the open door. Between him and the leveled barrel stood Angie.

Only Rose kept her head. She struck down the leveled revolver.

"Who's this?" Carlin demanded of his confederate. "That Slinn woman?"

Twombly, cheeks as fiery as hair, nodded. "I sent her to Doncaster on a fake errand after I'd got her to write that note to get the Walker girl here. Didn't think she'd be back half this soon. Wish I'd have—"

But Rose was keeping a cool double grip on the wrist above the weapon.

Jerry's heart still threatened to crack the cage of his ribs. That body he had hauled from the creek—it was certainly a dead body! He looked for water on the floor where Angie stood. Floor and skirts were dry.

Nevertheless, something had happened to the recluse—something ultimate. Her brogans were white with road dust. Her apron hung awry. That eternal sunbonnet, pushed off and dangling between shoulder blades, jumped with her agitated breath. Her hands clenched and unclenched. Her broad, brutal face was tortured and white with terror. Thoroughly alive, she roared:

"Twombly—where's my brother?"

The broker made a hideous attempt to smile. "I told you he told me the other day he had some business in Doncaster ..."

"And so you got me to go there today. You lied!"

Quickly Rose spoke: "I didn't know you had a—"

"Twombly knew it—and this other fellow, if he's a fellow named Carlin. My own twin brother, Joe. It was them got him to hide here, dressed like me—even when you'd come, Miss Rose—after they'd offered him half his insurance to pretend to commit suicide in the Hudson!"

"Shut up!" bawled Carlin.

"Oh, yes, you did!" Angie shouted. "Wasn't I let in on that little corner of the big deal? But you held out on him—said you'd make it up when you'd got your iron

## MARINES SEEK NEGRO RECRUITS

Major T. E. Kendrick, officer in charge of Marine Corps recruiting for Oklahoma and West Texas, announced recently that the Marine Corps is seeking to enlist a volunteer battalion of negro marine reserves.

Recruits must be between the ages of 17 and 29 and they will form a composite battalion which will include all combat arms of ground forces. There will be artillery, anti-aircraft, machine guns, tank and infantry. There will also be openings for recruits who are skilled in various trades such as radio operators, band musicians, electricians, accountants, carpenters and draftsmen.

Until the training center for this battalion is completed, accepted recruits will be placed on an inactive status in the Marine Corps Reserve District in which they reside. When the new training center is finished at New River, North Carolina, they will be sent there directly from their homes.

As their volunteer battalion will be a composite one, almost every type of civilian occupation is needed. Barbers, truck drivers, cooks and bakers will be called first. Mail clerks, photographers, plumbers, policemen, sign painters, motorcycle drivers and all kinds of mechanics are needed.

## NAVAL RESERVE OFFERS CIVILIAN PILOTS COMMISSION

Further opportunity for civilian pilots to gain commissions in the Naval Reserve were cited recently by Lieutenant Commander Barry Holton, senior member of the Naval Aviation Cadet Selection Board, Dallas, following receipt of a special dispatch from high ranking Washington naval officials.

Under a new system adopted by the Navy, Commander Holton pointed out, civilian pilots with at least 110 hours in the air, in any type ship, are eligible for application for commissions. Age limits, however, are 21 to 32 inclusive.

In other words, the naval officer explained, civilian pilots who meet the professional requirements for the advanced Civilian Pilot Training course, that is, 110 hours, will be given a flight examination in secondary CPT equipment.

If successful, the applicants for commissions will be given officer posts under a probationary set-up and sent into advanced training but on inactive duty. After successful completion of this training, they will be sent to an advanced naval air training station for further instruction on active duty with pay. Completion of this training warrants their commission in class A-V(T) of the navy, gains them instructor posts and designation of Naval Aviation (qualified navy flying officer).

Physical qualifications are similar to those for any naval flight train-

## Olton Boys Invited To Play In All-Star Football Game

Bobby Clayton and Norman Phillips of Olton had the distinct honor of receiving an invitation from the Plainview Chamber of Commerce to play in an all star football game to be held at Plainview during the Plains coaching school, August 24 to 28.

This is an annual affair and members of both teams will consist of outstanding high school boys of the past season.

The teams will be coached by Warren B. Woodson, director of Athletics, Hardin-Simmons University, and Gus Miller, head coach at West Texas State College, Canyon, who will also be the instructors at the coaching school.

Bobby Clayton was an outstanding football player during his four years in high school at Olton, being on the all-conference team for the past three years.

Norman Phillips attended the local high school only two years but was chosen to be a member of the all-conference team both years.

## Chairman Hale County Draft Board To Report For Army Service

Meade F. Griffin, Plainview attorney and chairman of the Hale County draft board, has been ordered to report for active duty as a lieutenant colonel of infantry.

Griffin was formerly judge and district attorney for the 64th District. He has been active in church and civic affairs during his long residence in Plainview.

He was a major in World War I,

ing, and officer ability is an essential trait. Men interested in gaining commissions in the navy through this route are urged to contact the Naval Aviation Cadet Selection Board, Allen Building, Dallas, at once.

one of the youngest in service in Texas. He graduated as a captain of infantry at Leon Springs Officers Training Camp in 1917 and was promoted to major in 1918.

Griffin plans to leave Plainview on July 24 and will report for duty at Camp Walters on July 27. He hopes to get a 90 day refresher course and then be assigned to combat duty.

### Cannery To Open Next Tuesday

The county cannery in Littlefield will re-open next Tuesday, it was reported late Wednesday by Judge Stanley A. Doss.

### Local Banker—

(Continued from Page One)

Raymond Wallace of Tullia, undertaker and close friend of the family, came to Littlefield to embalm the body. He was accompanied by Mrs. Wallace.

Funeral services were conducted at the First Methodist Church here Wednesday afternoon at 4 o'clock, with Rev. Iles Q. McCorkle, Pastor of the First Christian Church of Erick, Okla., officiating, assisted by Rev. J. H. Sharp, Pastor of the First Methodist Church, and Rev. Roy Shahan, Pastor of the First Baptist Church, Littlefield.

Palbearers, all members of the Masonic Lodge, were: Pryor Hammons, T. I. Batson, M. M. Brittain, Herbert Dunn, R. L. Renfro, Earl Hopping, C. O. Stone, and H. L. Woody.

A number of Eastern Star friends were in charge of the flowers.

Services at the grave in the Littlefield Cemetery were in charge of the Masonic Lodge; and interment under the direction of Hart-Thaxton Funeral Home.

The local Methodist Church was

at present we have plenty of Good Devil Knives, plenty of cultivator sweeps and plenty of chopping hoes. Cicero Smith Lumber Co. 17-11c

not sufficient to accommodate the large number who attended to pay their last respects, which with the elaborate floral offering, were manifest of the great regard felt for the deceased.

Also as a tribute to the deceased and his family, all local business establishments closed Wednesday afternoon during funeral services.

Mr. Elms was born at Killeen, Texas, October 5, 1901, the son of Mr. and Mrs. J. R. Elms. At the age of 3 years he moved with his parents to Erick, Okla., where he was reared and grew to manhood. He attended the Erick High School, and later the Southwestern University at Weatherford, Okla.

For 14 years he was employed by the First National Bank of Erick, leaving that position in July, 1935, to become associated with the First National Bank of Littlefield as Cashier, which position he held until his death.

On November 27, 1922, he married Miss Doll Ruth Gardner.

Mr. Elms was a member of the First Methodist Church here since coming to Littlefield in 1935; was a Mason of long standing; member of the local Rotary Club, as well as active in Boy Scout and Red Cross activities; Treasurer of the USO Drive, and very active in other patriotic campaigns.

A valuable bank officer, a civic and church worker, always ready and willing to work and shoulder any amount of responsibility in civic and patriotic projects, Mr. Elms was a man highly regarded and appreciated by all. He will be sorely missed by the First National Bank here, as well as by the local business establishments, with whom he served in his duties at the local bank, and his place in the business and civic life of the City will be hard to fill.

His hobby was amateur radio; he held a license, and has installed at his home a very extensive radio set.

Mr. Elms and Mr. Dennis were planning to leave next week for Oklahoma City, for the purpose of enlisting in the Signal Corps of the U. S. Army, serving with the Armed forces.

Besides his wife, Mr. Elms was survived by his father, Robert Elms of Waco; two brothers, W. G. and D. M. of Erick, Okla.; and two sisters, Mrs. Minnie Presley of Carnegie, Okla., and Mrs. Leonard Higgins of Mountain View, Okla.

Among the out-of-town attendants at the funeral were: Robert Elms and son, Richard, and D. M. Elms, all of Erick, Okla.; Mr. and Mrs. Leonard Higgins and son, Robert, of Mountain View, Okla.; Mrs. Minnie Presley and son, John, of Carnegie, Okla.; W. J. Elms of Killeen, Texas; Mr. and Mrs. Marion Smith of Canadian, Texas; William Elms of Temple, Texas, and Mr. and Mrs. Raymond Wallace of Tullia.

NUMBER COWS TESTED FOR BANGS DISEASE

In response to requests made to the Vocational Agriculture Department of the local schools, the services of Dr. Cox, a veterinarian from Lubbock, were secured to test the herds of several farmers for Bangs Disease. Forty-three cows were tested last Friday, July 17, at a minimum cost to 12 cattlemen.

Anyone who is interested in having their cows tested should contact R. L. King, Vocational Agriculture teacher.
