## Over Four Thousand People Expected Attend R. E. A. Annual Meeting

### JUDGE OTHA DENT TELLS OF AREA'S BRIGHT PROSPECTS

### Tom Arnett Is Elected Head Of Association

The howl of the coyote, the chant of the land auctioneer, the building of the very first home, the toot of the first railway locomotive, and even the day of days when back in 1913, on July 4th of that year, when the opening of the Littlefield townsite and the arrival of that very first train to traverse the county from east to west, are all of days long ago—but nevertheless—they are not or never will be forgotten days. And when the Lamb County Pioneers Association convened, came together in Littlefield, for their third annual convention, last Tuesday, each and everyone of those events, and many, many others, were told and re-told, as if they were the happening of today—and not of many years ago.

And those grand, now aged, and aging, men and women who pioneered the opening, settlement, and laid the foundation for the tremendous growth, and prosperity, which is ours, today, told of their struggles and hardships in those early days, not in the tone or sense.

### Insurance Topic At Meeting of School Board

The Littlefield School Board held an important and extensive meeting last Monday night, with much important business on the docket, with the opening of the fall term, and completion of the new high school building just around the corner.

One of the major problems taken up, was the matter of insurance coverage for the school properties and equipment. The board invited the attendance of all local insurance agents. These in turn, voted to rotate the chairmanship of an advisory insurance committee yearly, and voted this chairmanship of the committee to study the school insurance problem this year, to the Mangum-Chesher-Hilbun agency.

It was agreed to secure the services of an insurance expert to make an insurance appraisal, with insurance recommendations. Clifford S. Harris, Jr., of Dallas, technical representative for North American Insurance Company, was named to make the survey, and is spending this week in Littlefield, and will make a complete recommendation to the school board, for their guidance in placing all school insurance.

The old band hall and cafeteria buildings, which had been advertised for sale were sold to Kenneth Houk for \$1775, with the provision that they be moved from school grounds within ten days.

A new member of the board was sworn into office. Ray Hulise is the new board member, appointed to fill out the unexpired term of G. G. Wilson, who moved to Missouri a few weeks ago.

The matter of individual pupil athletic insurance was discussed, and the superintendent instructed to notify all parents of children in grades through 7th to 12th inclusive, concerning athletic insurance for their children. A letter will be despatched to all parents next week. Supt. Hutchinson stated.

### DR. IRA E. WOODS IS APPOINTED TO STATE BOARD OF OPTOMETRY

### Pryor Hammons, Jr. To Enter Medical School October 1

Pryor Hammons, Jr., son of Mr. and Mrs. Pryor Hammons of this city, who with his family has been living in Houston for the past two years, and taking a pre-medical course at Houston University, was notified this week, that his application to enter Baylor Medical School at Houston, had been approved, and he will enroll for the 4-year course beginning October 1st. Pryor Junior served with the Marines as a paratrooper during World War II. After being mustered out he spent a few months associated with his father in the funeral business here, then entered Tech where he studied for two years. He is a graduate of Littlefield High School, and was married to Miss Doris Glover, shortly after his discharge from the armed forces. (Continued on Page Five)

Dr. Ira E. Woods of Littlefield was appointed to the State Board of Optometry by Governor Shivers.

DR. IRA E. WOODS

as announced Tuesday. The term is for six years, and extends to August 11, 1957.

The non-completion of the new high school building on schedule, is amplifying the problems of getting the 1951-52 term opened on schedule, next Monday, and as a result of incomplete status of the building, there may be some delay in getting the upper classes, started on schedule.

The probabilities are, however, that with the exception of those grades, the schools will be in full operation, with full classes starting next Tuesday morning, and school buses operating at 9:00 a.m. Monday morning.

Supt. Hutchinson stated that a complete announcement would be forthcoming Friday, and the full details of opening and registration for all classes and grades will be carried in the Sunday edition of The Leader.

With plans still not finally completed, the definite announcement is made that all school children who will enroll in any grade, one through twelve, who have never before attended school in Littlefield will register at the school Friday of this week.

Monday morning buses will bring students in all grades (with the possible exception of the junior and senior high school where registration will be made, and book and class assignments made. As stated above, junior and senior high school students will be notified Friday by radio, as to when and where they are to register.

### Rev. Elvin Ingram Recalled to Church

Rev. Elvin Ingram, pastor of the Parkview Baptist church who resigned his pastorate early this month, to enter the seminary in Fort Worth has changed his plans and has been recalled to the local church.

### Graduates Second High In Class

# Iris Pace is Bride of James Lester in Ceremony Saturday

In a beautiful church ceremony at the Littlefield Drive Church of Christ, Saturday night August 25th, at 8 o'clock, Miss Iris Pace, daughter of Mrs. Sid Pace, became the bride of James Lester, son of Mr. and Mrs. J. R. Davis, 122 Avenue P, Lubbock.

Carl Spain of Lubbock, performed the double ring ceremony, as the wedding party stood before an altar flanked with baskets of yellow gladioli and white satin bows.

The bride, given in marriage by her brother, Roy A. Pace, wore a white organza wedding gown, of ballerina length, fashioned with a yoke of chantilly lace, long pointed sleeves, a tight fitted bodice, and full gathered skirt. Her bridal illusion finger tip veil was attached to a small hat. She carried a white feather fan decorated with salmon colored roses. For something new and blue was a rhinestone sapphire necklace and earring set a gift from the bridegroom. For something borrowed was a gold bracelet belonging to Mrs. Joe Walters.

Miss Becky Pace served as her sister's maid of honor, and she wore a white organza dress over green taffeta, and a green net braid in her hair. She carried a green feather fan with yellow gladioli. Bridesmaids were Misses Elizabeth Schovaaja of Amherst and Lehman Pace, sister of the bride. They wore identical green organza over taffeta, and their accessories were similar to the maid of honor's.

Bryan Lester of Lubbock, served his brother as best man. Ushers were Jim Baker of Loving, N. M., Royce Ellison and Bill Stevens of Lubbock.

An Acapello Choir directed by Horace Coffman, choir director of the Broadway Church of Christ, Lubbock, sang traditional wedding music, including "The Lord's Prayer," and they furnished the

background for the solos by Alvis Jones, who sang, "I Love Thee," and "Lest I Forget Thee."

Following the ceremony, a reception was given in the church parlors, by the bride's mother, Mrs. Pace, who greeted the guests, Mrs. Robert Bigham was in charge of arrangements. The bride's table was laid with a handsome white linen cutwork cloth, centered by the three tiered wedding cake, which was decorated with yellow rosebuds, and green leaves, topped by a miniature bride and groom. White tapers in crystal candelabra flanked the cake. The only other decorations were the bride's bouquet and her attendants bouquets.

Mrs. Bascom Jones served the wedding cake, while Mrs. John Richey and Miss Margaret Austin of Dallas, presided at the punch bowls which were placed at either end of the table. Assisting with dining room courtesies were Misses Joyce Tharp, Jo Smith and Tommy Matthews. Miss Jackie Farr presided at the bride's book, where more than one hundred guests registered.

For a wedding trip to New Mexico, Mrs. Lester wore a smart tailored suit of dusty rose strutters cloth, a navy velvet hat, and navy linen pumps and handbag.

The couple will make their home in Austin, where Mr. Lester is associated with a news agency. Mrs. Lester will resume her studies at Texas University, where she will be classified as a senior. She is studying toward a pharmacist's degree.

The bride is a graduate of Littlefield High School, with the class of '48. She entered the University in the fall of that year, and is president of the Kappa Epsilon Organization, which is made up of pharmacy students.

The groom has attended Texas Technological College, Lubbock, and was classified as a junior student.

## HEAVY DUTY MACHINERY IS NOW AVAILABLE TO LAMB COUNTY FARMERS

Lamb County Soil Conservation District officials announce the arrival of their new equipment which includes two grass drills and three row legume seeders. This equipment is made available to all farmers of this county who are interested in the soil conservation program and in the improvement of their soils.

Equipment already available includes: one grass drill, five land leveling machines and a motor grader. This equipment can be secured by contacting your local vocational agricultural teacher. The motor grader is operated by Hubert Dykes of Sudan who has been employed by the district.

The row legume seeders may help to answer a problem which has been in the minds of many farmers for several years. Seed can now be sown in growing row crops such as cotton or grain sorghums. The row legume seeders will plant a variety of seed varying in size from blackeye peas to clover.

The season to plant winter legumes is now. The moisture from recent rains should make planting ideal. Inoculation of legume seed is a very important factor in the successfulness of these plantings, district officials point out.

The following seeding rates per acre for recommended legumes are:

## Hot Weather Is Hard On Cattle

Livestock, like humans are suffering from the effects of the dry weather and intense heat that has gripped most of the state this summer. The effects may be both current and longtime, says U. D. Thompson, Assistant Extension Animal Husbandman of Texas A&M College, unless livestock producers supply their animals with supplemental feed.

It is Thompson's opinion that next year's crop of beef calves may be reduced in number as well as quality for the mother cows are not getting enough feed now to produce a high percentage of calves next year. He says cows are not only going hungry but that they are not getting the feeds they need to maintain their own bodies

## Growing Up Clothes For School Girls

By DOROTHY ROE  
Associated Press Fashion Editor

Little girls have a way of growing up all of a sudden, as any parent knows.

This fact has been discovered by Fred Cole, of California, noted principally as a manufacturer of bathing suits. Having an 8-year-old daughter of his own, Mr. Cole noted that the young lady had decided ideas about clothes. So he decided to add some school clothes to his line, just to keep down the overhead. Says he:

"I conducted a sort of Gallup poll among the 4-to-12-year-old crowd. One day we had 60 Brownie friends of my daughter, Penny, at the house. I asked them if they liked cowboy clothes, and got all kinds of answers. Included the perfect squelch — "That's sissy stuff" One little girl even called them "old-fashioned."

So Mr. Cole started making a line of girls' school clothes with a ladylike look, planned to bridge the gap between toddlers and teens. They are mostly made of sturdy corduroy, consisting of the beloved skirts, shirts and jumpers of their older sisters, and all can be worn with assorted blouses. His designer, Margit Feilich, mother of four children under 8 years of age, comments:

"You'll live up to your clothes. A child will behave like a little lady in a pretty feminine dress, or like a tomboy when she wears jeans.

## New Wheat Variety Is Being Grown

DES MOINES, GP—A new variety of wheat, known as "Vigo" is being grown this year on two farms in this state. Farmers in the area are watching the new wheat with considerable interest.

The new variety, a red fall wheat, was developed in Indiana. It grows an exceptionally long head many of which measure more than six inches. Yield records indicate the large head will produce 10 to 20 bushels per acre more than the standard varieties.

and deliver a calf next spring. The pay-off in the cattle business depends largely upon the calf crop and no crop just simply means no pay-off and less meat for the American table.

To help this situation, Thompson recommends that livestock producers feed their cows a daily ration of one and one-half to two pounds of 41 per cent protein cake; two to five pounds of green leafy alfalfa hay and keep bone meal available at all times along with granular stock salt. Where the pasture or range grass is short, sorghum, prairie hay or other rough-

Following dinner at the Cross Roads Cafe at Muleshoe Thursday night the South Plains Optometric society met in the new offices of Dr. R. B. Pitman for its regular monthly business meeting.

Members voted to recommend Dr. Ira E. Woods of Littlefield to Gov. Allan Shivers for appointment to the state board of examiners in optometry to fill a forthcoming vacancy.

Members present included Drs. Woods, B. W. Armistead and Glenn S. Burk, of Littlefield; Drs. J. Davis Armistead, W. M. Cauley, Cullen Chapman, Carl L. Dean, J. Kinard, Earl Hildreth, A. A. Holmquest, C. N. Neel, Weston A. Petty, Millard F. Swart and B. J. Welch, of Lubbock; John P. Andrews, of Plainview; O. R. McIntosh, of Floydada; Gordon E. Richardson of Brownfield; and Pitman of Muleshoe and Wayne Hardy of Leveland.

### Youth Center Reopens; New Director Hired

After being closed through the summer months, due to inability to secure the services of a qualified director, the Lamb County Youth Center, in Littlefield, will immediately be re-opened, and the managing directorate this week announced that Donald Manus, 24, of Bonham, holder of a college degree in recreational activity direction, had accepted the position on a full-time basis.

The new director met the board of directors here Wednesday afternoon, and agreed to move to Littlefield at once, with his wife, and assume his new duties.

He was announced as well qualified for the position. He has only recently been released from duty with the armed forces.

### Youth Revival To Open Friday

The First Baptist Youth Revival will open Friday night and continue through Sunday night, Sept. 2, with Rev. Melvin Ratheal of Spur

Rev. George Worrell

as the Evangelist and Rev. George Worrell of Lubbock as the singer. The services will begin at 8:30 each evening and there will be a 7 o'clock service Saturday morning. Tonight (Thursday) at 7:30 o'clock there will be a picnic supper and vesper service for the intermediates, seniors and young people. The girls will each bring

three sandwiches and the boys will bring the potato chips and cookies. Following the service on Saturday morning at 7 o'clock a breakfast will be served.

After each service during the Youth Revival there will be a Fellowship period. On Friday night, Aug. 31, there will be a seminar led by Rev. Ratheal.

On Saturday night a film will be shown. All the young people are invited along with the adults.

Rev. Ratheal is the pastor of the First Baptist church of Spur and he led the singing here in 1949 at a revival at First Baptist church. He was the camp pastor at the Floydada encampment in 1950. He is a graduate of the Southwestern Theological Seminary in Fort Worth and was an assistant to Dr. Ralph Grant at the First Baptist church in Lubbock.

Gehard Liefstingh, 27, of Wageningen, Netherlands, will be trained here in methods of American agriculture from Monday through October 20th.

George Wuerleign, a farmer near Earth, will cooperate with the Economic Cooperation administration in the project. Liefstingh has had five years of general college and five years' training at an agricultural university. He holds a BS degree.

He will be one of many young farmers from foreign countries being trained in the United States.

## Don't Worry If Junior Spurns Food

NEW YORK (AP)—A baby usually triples its weight in the first year. If it kept on eating like it did in the first year, it would weigh 70 pounds by two years, and 700 at four years.

Dr. Lyon Steine of Valley Stream, N.Y., gives the estimates in an article in GP, journal of the Academy of General Practitioners. The point, he says, is that it's normal for the baby's appetite to decline after the first year, and mothers shouldn't worry about it.

## COMMANCHE COUNTY SECOND ANNUAL REUNION HELD SUNDAY, AUGUST 26

Mrs. Brock is the former Patsy Ruth Phillips, daughter of Mr. and Mrs. Clyde Phillips. They have been spending the summer months here.

Mr. and Mrs. L. C. Hewitt had as their house guests Tuesday night, Mr. and Mrs. Arthur Butcher of Dallas. They were enroute home from a vacation spent at Colorado Springs.

## Seeks Agricultural Bonanza in Texas Coastal Jungles

HOUSTON, Tex. (AP)—Joe Senkyrik, a 41-year-old cotton and corn farmer near here, decided to look into assertions that the wilderness at Houston's front door was unbelievably fertile—if only it could be cleared for cultivation. Scientists at the University of Houston claimed the 4,000 square mile wilderness surrounding Houston was "the largest body of alluvial soil in a humid climate outside the Mississippi Delta, and potentially richer than the famous Delta."

Senkyrik bought a \$17,000 Diesel tractor and started clearing a section of his land on the edge of the wilderness. His neighbors asked Senkyrik to do the same for them. Up to now, Senkyrik has cleared some 200 acres of his own jungle and even more for his neighbors. They predict the cleared land will produce per acre \$100 worth of beef or more, \$200 worth of cotton or \$150 worth of corn.

## Japanese, Pakistan Trade Reopens

KARACHI (AP)—Karachi has been linked with Japanese ports after a 10-year lapse when the Nippon Osaka Shosen Kaisha Line resumed service this month.

The "Nankai Maru" left a load of textiles and textile machinery, carrying Pakistan raw materials in return.

NEW YORK (AP)—A newborn, premature infant is nearly 6,000 times as susceptible to death as a school child, says Dr. Emmett Holt, Jr., of New York University Bellevue Medical Center.

If they can be pulled through, "fully 90 percent are as healthy as one could ask." Famous premature babies include Isaac Newton, Voltaire, Charles Darwin, Victor Hugo, Napoleon, and Winston Churchill.

## WINE FOR COWS

ROME (AP)—Italy has agreed to send Switzerland 400,000 liters of wine in exchange for cattle. The transaction, outside of the current clearing agreement between the two countries, will bring Italian wine producers an average of 20 Swiss francs per hundred liters of wine.

Mr. and Mrs. C. O. Stone and daughter Miss Carra Lou had as their weekend guests, his brother, Mr. and Mrs. Ivan W. Stone and daughter Bobbie Jean, and his sister, Mrs. John L. Sullivan all of Weatherford. They arrived Saturday and returned home Monday.

Mrs. Johnny Underwood is visiting Mrs. W. C. Payne at Athens this week. She left Sunday and plans to be away a week.

Mr. and Mrs. J. J. Renfro had as their guests over the weekend, his brother Ed Renfro and two daughters, June and Shirley of Bakersfield, Calif., and his sister, Mrs. Annie Pierce of Borger. The latter is former resident.

Rev. Geo. E. Turrentine, pastor of the Tenth Avenue Methodist church, Amarillo, and former pastor of the First Methodist church, Littlefield, from 1927 to 1929, was here on business Wednesday and also visited Rev. and Mrs. Frank Beauchamp.

Mrs. Robert McKnight and children, Joan and Mike, returned home last week from Pratt, Kans., where they had spent two weeks with her parents, Mr. and Mrs. Art Humeston.

Mrs. W. W. Brown and her niece, Miss Anna Neale, moved this week to Petersburg, Texas, where Miss Neale will teach first grade in the schools. Miss Neale has been teaching in Spade for the past several years. They are now living in the Watson Apartments at Petersburg, and they invite their friends to visit them there.

Mr. and Mrs. Delbert Ross and son, Bobbie, left last Friday for Grandfield, Okla. to visit her parents. They will return about this week end.

### Early Days

(Continued from Page 1)

that they were hardships—it was their duty, their desire and their joy—just as today the opening of a new irrigation well, the sinking of a new irrigation well, and the leveling off of a hill, where buffalo used to roam, is not today a hardship—only a matter of everyday routine life.

That, and a hundred other things, formed the basis for the third annual reunion of Lamb county pioneers which held sway throughout the afternoon and evening in Littlefield, at the Country Club, a reunion which featured a huge barbecue, a great program, a day of real visitation and renewal of acquaintance, and a day which closed with square dancing, as square dancing was done forty, fifty years ago with Bob Smith calling, and demonstrations of the more modern versions, as practiced today, with Buck Ross doing the calling.

Guests were registered starting at 2:00 p.m., the registration being presided over by Mrs. Arbie Joplin, Mrs. Eldridge Foust and Mrs. R. V. Armstrong. One hundred and seventy-seven were registered and issued badges. However, many attended who did not register.

Election of new officers, to serve during the ensuing year was a first order of business, following the call to order at 3:00 p.m., and an opening prayer by Judge Otha Dent. The balloting was more or less informal. Tom Arnett was named as president; Bob Smith, vice president; Guy Willis secretary; and Mrs. A. C. Barton, treasurer. Mrs. Lon Campbell is custodian of the official scrapbook. The new board of directors includes: R. C. Hopping (retiring president), Marshall Kelly, Lester LaGrange, Mrs. C. O. Griffin, Mrs. L. E. Slate.

With that business out of the way, the real program got underway, when Lester LaGrange came forward to lead the pioneers in the familiar strains of "Home on the Range," with Kathryn Foltyn, furnishing instrument accompaniment.

**Mayor Chesher Gave Welcome**  
Mayor Art Chesher then welcomed the guests to Littlefield, and Nelson Naylor repeated the welcome to the guests to Littlefield, and Chamber of Commerce.

Pat Boone, senior, was introduced, as the man who furnished the choice beef for the barbecue, and he thanked the group for the privilege of being able to attend and have a part in the reunion for himself and for his entire family.

**Lew Linville Greatest Distance**  
Lew Linville of Dinuba, Calif., traveled the greatest distance. He is a former resident of the Earth section, moved from Leavenworth, Kansas in 1911 and lived here un-

til 1927. Mr. Linville had the first irrigation well in the county, and incidentally was the first to grow Irish potatoes here. Mr. Linville came here August 10th, to attend the Old Springlake Reunion, held August 12.

Mrs. Swede Kling was recognized as having lived in the county longest, since 1902.

#### Entertainment

Entertainment featured exhibition square dancing, both of the modern version and as the pioneers used to square. Those who presented the modern version were Mr. and Mrs. Walter Martin, Mr. and Mrs. Lon Campbell, Mr. and Mrs. E. C. Ross and Mr. and Mrs. Andy Thompson. A French harp solo was given by Bob Smith, and a piano solo by Catherine Foltyn. Group singing was led by Lester LaGrange.

#### Lamb County Yesterday

Judge R. C. Hopping, president of the association, and one of the early settlers of the county, having settled here in 1920, told the group that the town was named for the late Major Littlefield of Austin, and asked old settlers if they knew "where the idea ever started that this vast area of nearly three million acres was a desert?" He said it was his opinion that the idea must have originated when the land was sold to a syndicate for 50 cents an acre to secure the money to build the state capitol building. He recalled that Lamb County was organized in 1908 "by letting all the boys as well as the 'cattle and mules vote.'" He related that Herb Dickson was the first sheriff of Lamb County, and that Judge Miller of Olton (still living), was the first judge of the county, and that Ed. Burris was the first tax collector. Neither were present at the reunion.

The late J. C. Whicker and his family were referred to many times by Mr. Hopping, as among the "real pioneers," who established "homes on the range." He also mentioned Bob Smith, Lon Campbell, Guy Willis, and Charley Reynolds who helped organize the county.

Mr. Hopping told of the sale of the old Spade Ranch in 1891, and the Yellowhouse ranch sale in 1901. The latter made up a three quarters of the total acreage in the county.

"The Chuck Wagon Days," a poem the speaker composed, was read by his daughter, Mrs. Pat Boone.

Judge Hopping said that regardless of what anyone says, "the cattlemen brought the railroad to this area and the railroad brought the towns, and the towns brought the farmers — and prosperity was here."

#### First Residence

The first residence in Littlefield was built by the father of Bob Smith, who hauled the lumber here

by mule team from Abernathy.

Land offices were built and excursions were run to all parts of the United States and Canada—led by J. C. Whicker, H. L. Smith and Wilbur Stockton. In a short time \$0,000 acres of range was turned into farms.

Pat Boone was the first to organize a farmers association. The first stock of merchandise was brought to Littlefield, by W. G. Street and his brother the late John Street, and were later joined by G. M. Shaw, Herbert Tolbert put in the first elevator. And B. B. Moulton was the first landlord of the Littlefield Hotel, now known as the Plains Hotel. Fred Lichte operated the first blacksmith shop.

#### First Settlers Named

Judge Hopping named a few of the first settlers, and mentioned the Swede Klings, Carl Munsons, C. J. Duggans, E. G. Courtneys, H. L. Smiths, Herman Neunenschwenders, Yohners, Fred Hoovers, Bob Smiths, and Fred Lichtes. In paying tribute to these families, Mr. Hopping said, "such families as these kept the home fire burning."

Many of these families still live here. Fred Lichte, who is 85 years old was present Tuesday. His brother John, 87, was also present.

When the Yellowhouse Land Company organized in 1923, Mr. Hopping said, the city really started growing, with R. T. and W. H. Badger in charge, and with E. A. Henson all doing great work.

The president's talk was concluded with the reading of an original poem, "The Tillers of the Soil," by Mrs. Pat Boone, sr.

#### Judge Dent Boasts

Lamb County Judge Otha Dent, followed the pioneer jurist, and in his opening remarks he said that he would rather talk about "Lamb County Tomorrow," rather than "Lamb County Today," as his talk was titled.

"Looking in a crystal ball at what we might see in 10 or maybe 20 years from now—poultry production on a large scale—vegetable production—marketing a tremendous crop—finished products, rather than shipping all our products to distant lands," Mr. Dent, said.

The judge related that Lamb County now has 650,000 acres in cultivation and that he sees the county becoming the most diversified in the state when the sandhills are levelled and irrigation water flows over the land—he sees the sandhills covered with vineyards and orchards, similar to the sandy land of California. He said that perhaps many will live to see that that part of the county will be one of the most productive areas of the county.

Judge Dent said he didn't like to brag, that he just couldn't stand bragging and boasting. "But I just can't help telling what Lamb County has done and is doing."

Then he went on to tell that

Johnson, who was pastor at Canyon for a number of years.

Rev. Atkinson has been pastor of the First Baptist church at Kermit for the past seven years. He is a graduate of Littlefield High school and of Hardin-Simmons College, Abilene. His wife is the former Miss Gertrude Yohner of Littlefield.

### 4,000 People

(Continued from Page 1)

is the only building in the county of ample size to care for the huge gathering.

The more than a dozen beeves are only a starter for the huge barbecue dinner, scheduled for noon, and huge amounts of beans, fruits, raw vegetables, pickles, etc., have been ordered, in addition to gallons of beverages of various kinds, and ranch style coffee. Lamb County Home Demonstration Council members have volunteered, and accepted the task of serving, and assisting with preparations.

The program will follow usual lines, with numerous speakers, and REA officials attending and participating. On the entertainment side of the program menu will be the Clyde Miller Sunshine Valley Boys from Clovis, who will furnish vocal and instrumental music from 11:15 to 1:45 p.m.

The annual meeting of the REA Co-Operative, was inaugurated when REA lines first began serving Lamb and adjoining counties, and as the lines have been extended, so has the membership in the Co-Op, and annual meeting attendance increased.

The annual meeting, also brings the yearly election of officers, and a nominating committee has already prepared ballots carrying the names of nine who will serve if elected. They are: J. R. Kuykendall, J. T. McGowan, H. G. Walker, Doss Maner, V. H. Dierling, Ben Gann, C. M. Sanders and L. G. Fox, which list includes several of the present official family. But as always in the past, other nominations can be made by any member from the floor.

J. H. Carl, local manager of the Co-Operative is directing the huge task of preparing for the meeting.

He announced this week that Cal Harvey of Littlefield, had arranged for giving away forty mixer bowls as door or attendance prizes—and that a unique method of giving them away had been perfected. Each member will be tagged with a number. Twenty of these tags will be in duplicate, and the trick to win, will be mingling with the crowd, and seeking out the party wearing your duplicate number.

The affair always brings the biggest gathering of farmers of the entire area, embracing parts of several counties, in Littlefield each year, and 1951 will be no exception.

Lamb County ranks first in the state in the production of grain sorghums—and first in the entire nation. For years our county has been one of the top five in the production of cotton in the state, and has been first.

He mentioned the fine schools, and churches in the county, and of the fact that Lamb County is one of the few counties in the state to show a rural population increase in the last census.

He called attention to the fact that there are probably less than a half dozen homes in the entire county that does not have electricity; that the assessed valuations in Lamb County are the lowest in the state; that the underground water system is the greatest in the state—and still hardly touched; that bank deposits are one-third more than the assessed valuation; that the county has 300 miles of paved roads, and has more federal and state aid roads than any other county in the state; and that the Running Water Draw watershed provides water all the way to the Gulf of Mexico, making Houston and other cities what they are today.

"My talk boasting—not a bit of it," said the judge with that well-known humorous twinkle in his eye, just before he concluded his remarks. And then, just to put his listeners in a good humor, for the barbecue, and other good things that were still to come—he added—"I just don't like to boast—don't believe in it."

And his audience, laughingly, proudly applauded—and agreed.
