Speak At First Baptist

DR. BUFORD NICHOLS

Dr. Buford Nichols who rendered effective service as liaison officer in the Chungking government in China, will speak at the First Baptist Church in a series of services beginning Friday night at 8:00 o'clock. Dr. Nichols is with the Foreign Mission Board of the Southern Baptist Convention and will speak concerning his experiences during the war.

Dr. Nichols, a graduate of the University of Texas and of Southwestern Baptist Theological Seminary. Mrs. Nichols, a graduate of Texas College for Women and a student for two years in Southwestern Seminary, were appointed in 1936 and assigned to Kaifeng, Interior China.

The First Baptist Church, Littlefield, lays special claim to the Nichols family, since the salary of Mrs. Nichols is paid by this church. Services will be held Friday, Saturday, and Sunday nights at 8:00 o'clock. Dr. Nichols will also speak every morning. In connection with his messages, he will show slides of his work. The public is cordially invited to attend each and all of these services.

Pfc. George Chapman Returns Home After 52 Months Overseas

Pfc. George W. Chapman of the Marines arrived home Friday for a 30 day furlough with his parents, Mr. and Mrs. Dee Chapman after spending 52 months overseas.

Pfc. Chapman had not been home since December, 1941. He has been in the service 5 years, and with the Service Command has been stationed on Guam and on the Hawaiian Islands.

He expects to now be stationed at New Orleans.

Pfc. Chapman reports that he spent two weeks with his brother, Gy/Sgt. Lloyd Chapman, on Guam, in November of last year.

CHILD HAS UNUSUAL MISHAP MONDAY

Considerable excitement was caused in front of the postoffice late Monday afternoon when Weldon, Jr., 2 year old son of Mr. and Mrs. Weldon Findley, in some manner got his head caught between the railing, and it became necessary for Deputy Sheriff Sid Hopping to secure a jack and pry the railing further open to permit the little fellow to get his head out. Little Weldon is reported by his mother to be none the worse for his experience.

Booster Group Will Provide Trucks to Haul Away Trash

At a recent meeting of the Lions Club, it was decided to sponsor a "Clean-up and Paint-up" campaign in Littlefield, starting Monday, April 15, and continuing until Monday, April 22.

According to the Club, this will be an annual affair.

Fred Gerlach is Chairman of the Arrangements Committee.

Plans include the devoting of each member of the Club of at least half a day to cleaning or painting up.

Trucks to haul away the trash will be furnished by the Lions Club, and all citizens are urged to cooperate and gather up all trash and put it in containers or piles.

The Lions Club is planning to ask the Boy Scouts to assist them in the drive.

The Proclamation designating the week of April 15 to 22 as "Clean-up and Paint-up Week" by Mayor A. C. Chesher, is set out as follows:

"It has been made known to the governing authorities of the City of Littlefield, that the Lions Club of the City, in their program of civic improvement, is sponsoring a campaign

Airport Dedication Army Day Feature

Highlighted by high winds and thrilling antics of Army AT6's, Duggan Field, the Littlefield airport, was dedicated Saturday as part of the observance of Army Day.

The Air Show and dedication activities got underway at 3:15 when six Army AT6 trainers roared over the field. These ships brought Lieutenant Colonel Robert L. Hardy, Commanding Officer, Headquarters West Texas Recruiting Service, and his staff.

Mayor Welcomes Guests

Col. Hardy was greeted on the field by Mayor A. C. Chesher who escorted him and his staff to the hangar for the dedication.

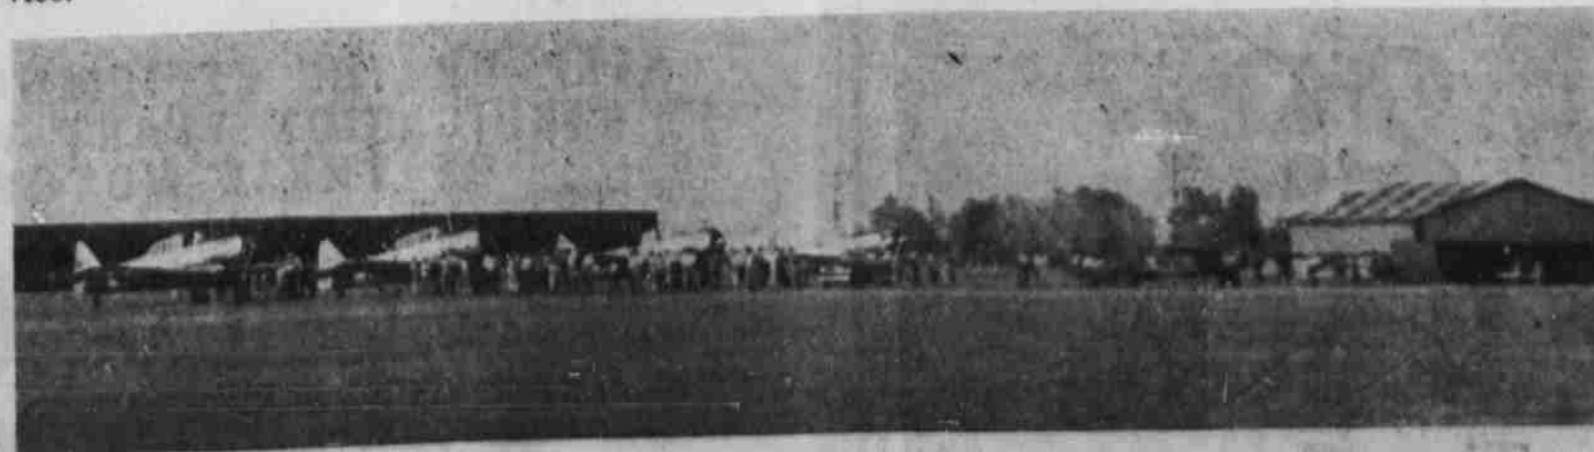

Mayor Chesher made the opening address and introduced Col. Hardy who expressed his deepest appreciation for the honor extended him and the Army for the part they had been given in the dedication of Duggan Field. Col. Hardy stated that it was through the pioneering spirit of the people of Littlefield and Lamb County that made the dedication of Duggan Field possible, and that Littlefield was well on the way to es-

Six Fold Purpose Of Treasury

The six-fold aim of the Treasury in continuing to sell Series E, F and G Savings Bonds in peacetime has been explained by Vernon L. Clark, national director of the U. S. Savings Bonds Division, Treasury Department, in an official communication to Harry Owens, State Director for Texas.

The Treasury's six aims in continuing to promote sale of bonds after the successful conclusion of the Victory Loan, as stated by National Director Clark, are:

1. To combat inflation by urging Americans to save for bond investment instead of bidding up prices for scarce goods with their surplus cash.
2. To keep the savings bond investment total around its present \$48,700,000,000 peak while money is plentiful and goods scarce in order to hold a reserve of spending power for new homes, equipment for better living and at the same time to provide a backlog of financial security for all thrifty Americans. It is not the object of this program to increase the public debt.
3. To foster the national thrift habit millions have acquired thru patriotic buying of war bonds. (From May 1, 1941 to March 1, 1946, Americans invested more than \$56,000,000,000 in Series E, F and G bonds, more than \$41,000,000,000 in E bonds alone).
4. To carry on the payroll savings plan at the request of 90 percent of the 27,000,000 wage and salary earners who invested regularly in bonds during the war.

(Firms are continuing this service to their employes without cost to the Government).

5. To establish a thrift and national finance education program in the schools for the 25,000,000 pupils who by 1945 were regularly buying savings stamps and bonds.
6. To keep ownership of the public debt spread among as many Americans as possible so the interest may go to them as holders of savings bonds rather than to a comparatively few banks, corporate or individual investors. (Widespread holding of government bonds is a powerful factor for national unity and a strong stimulant of interest in affairs of government).

In the first quarter of 1946, Mr. Clark added, the American people, without wartime pressure, invested more than \$2,100,000,000 in these savings bonds, or three-quarters as much as they put into bonds in the first quarter of 1945 (\$2,811,300,000) with the war still on against both Germany and Japan. Texans, in the first quarter of 1946, invested more than \$55,000,000 in savings bonds.

Savings bonds of Series A, B, C, and D, similar to the currently popular E. Bond, which sells at three-quarters of its face value and matures in ten years, were sold by the Treasury before the war, beginning March 1, 1935 and continuing until Series E was issued, May 1, 1941, first as a "defense savings bond" and, after Pearl Harbor, as a "war savings bond," Mr. Owens explained. Thus the practice of selling bonds to the American people in peacetime is already eleven years old. All of the outstanding Series A Bonds matured during 1945 and their holders received four dollars for each three invested.

Announces Vets Home Loan 'Plank'

JERRY SADLER

Jerry Sadler of Longview, candidate for governor, has announced the first plank in his platform. It is the G. L. Memorial Act. The act would "create a State Insurance Corporation to insure the down payment and loan on homes, farms and ranches for veterans of World War One, World War Two and all Texans who are financially unable to own a home, or the soil on which they toil for a living."

FATS FROM COTTON NEEDED

"Appeals by the President's famine relief committee for fats and oils conservation indicate the critical need for increased cotton production to supply cottonseed oil and feed products. Larger fat and feed production can be achieved certainly and quickly by producing more cotton in 1946." — TEXAS COTTON PRODUCTION COMMITTEE.

Cowboy Reunion To Be Held July 2

Directors of the Texas Cowboy Reunion, Inc., confirmed the tentative dates of July 2nd, 3rd and 4th for the 17th Annual Texas Cowboy Reunion which were set at a meeting last fall. The annual affair, held in Stamford, Texas, exceeded all previous attendance records in 1935. W. G. Swenson, president, presented a plan for a special calf roping event which was accepted unanimously by the directors. Winner of the event will receive a hand tool and die. The ten low roping servicemen and ex-service-men in the previous two day go-round will compete in the night performance on July 2nd for the saddle. All servicemen and ex-servicemen of World War II will be admitted free except for government tax at that performance to witness their buddies' successes and failures. Roping is an event that requires constant practice, a deft touch and split-second timing, something the boys in service the past four years have missed.

CONTENTMENT

Contentment is natural wealth, luxury is artificial poverty. — Socrates.

Happiness consists, not in possessing much, but in being content with what we possess. He who wants little always has enough. — Zimmermann.

You traverse the world in search of happiness, which is within reach of every man; a contented mind confers it all. — Horace.

Great is he who enjoys his earthen ware as if it were plate, and not less great is the man to whom all his plate is no more than earthenware. — Leighton.

Better is the frugal intellectual repast with contentment and virtue, than the luxury of learning with gotism and vice. — Mary Baker Eddy.

Fortify yourself with contentment for this is an impregnable fortress. — Epictetus.

DISCHARGED FROM SERVICE

Billy George Hutto, S. V. C., was discharged March 30, by the U. S. Naval Personnel Separation Center, Terminal Island, San Pedro, Cal.

Previous to entering the service, on Sept. 6, 1944, he was engaged in trucking. He enlisted in the Navy at El Paso, and on the Rockwall he took part in active duty on Saipan; and received the Asiatic-Pacific ribbon American Theater of War and the Victory Medal. He spent 13 months overseas. He is a former student of Whitharral High School.

Income taxes could be a lot higher if we had to pay on the basis of what we thought we were worth.

GETS DISCHARGE

Oswald D. Reed, 25, storekeeper, whose wife, Mamie Dell, lives in Littlefield, Tex., recently left the USS Savo Island at Boston, Mass., for discharge. He boarded the Savo Island in May, 1945.

Reed served on the Savo as she became the first carrier to base in the Aleutians, later as she took part in the initial occupation of Northern Honshu, and finally as she joined the Magic Carpet Fleet and returned 5000 high-point veterans from Pacific bases.

Reed, who has a daughter, Sandra, 4, plans to enter the wholesale candy business after his release from the service.

IS DISCHARGED

Wink Dye of Olton has been discharged from the Army after more than two years service, most of the time overseas. He flew to the United States from Hawaii recently and after getting his discharge joined his wife at Childress. Dye, a staff sergeant at the time of his discharge, was employed with the Railway Express Co. at Olton several years and at the time he entered the Army was with that company at Vernon. Dye will resume his post at Vernon after he and his wife visit with his parents, Mr. and Mrs. W. O. Dye.

Then there was the sailor who just ordered his dinner thrown overboard.

South Plains Gins
123,890 Bales

The South Plains as a whole harvested in 1945 only 17 per cent of the 1944 cotton crop, but one county of the 17 tabulated showed an increase over the previous year. This was Kent, where 5,106 bales were ginned in 1945 as compared with 3,864 in 1944.

The 17 counties ginned only 123,890 bales in 1945, compared with 710,226 in 1944, according to figures released by the Bureau of the Census of the Department of Commerce. Totals are in running bales, and linters are not included.

By counties, the report shows:

New Industry At
Olton Started

Olton's newest industry, H. L. Dennis' Insulated Tile Manufacturing is progressing fine.

The new firm, set up only four weeks ago, is now turning out approximately two thousand tile per day, and employs seven men regularly.

The tile, five by eight by twelve inches in size are made of volcanic ash, sand and cement. The volcanic ash makes the tile much lighter than the straight concrete tile and it has a much higher insulating quality than either concrete or masonry tile.

Dennis sold and delivered his first products last week. Ten thousand tile were sold to the Cooperative Hospital at Hale Center for construction of a new hospital building.

This being one of the cheapest and best means of construction, it is quite likely that a number of new buildings will be under construction soon in the county, using this tile.

Sponsors Box
Supper Tonight

The Olton P. T. A. are sponsoring a box supper tonight (Thursday). A fine program has been arranged—singing by quartet, and candidate speaking, eating and laughter—never a dull moment. Ice cold pop will be served together with a well filled box. Splendid musical accompaniment and conversation.

Boxes will be separated, the young for the young tots for tots, and the older people for the older people. Candidates will also address the gathering.

Everyone in the community are invited. Each mother and sister are requested to bring a box filled with all kinds of good eats. Fathers and brothers are most cordially invited to go and buy a box. Enjoy the fun, visit with your neighbors, and help a worthy cause.

AT BEAUMONT HOSPITAL

Tech. Sgt. Stephen T. Hammock of Sudan, is at Beaumont General hospital, one of the army's largest in El Paso, for treatment of injuries received in a plane crash in England.

Prior to his entrance in service he was engaged in farming. He entered the army at Dallas, June 22, 1942, and served overseas from July, 1944, to July, 1945, over Germany, France and Holland. He wears the European Theater of Occupation Ribbon with two Battle Stars, the American Defense Ribbon, the Purple Heart, the Victory Ribbon, the Good Conduct Medal, the Air Medal with three clusters. His unit was the 8th Air Force, 445th Bomb Group, in which he held the position of radio operator on a B-24.

Sgt. Hammock is studying radio through a correspondence course while at the hospital. His mother is Mrs. Lillie Pearl Hammock of Sudan. His wife, Olliff Faye, is of El Paso.

Top American Saddle Horse Group Given Texas A. & M.

Edgar W. Brown, Jr., Orange, Texas, capitalist, rancher, shipbuilder, presents to the Animal Husbandry Department of the Agricultural and Mechanical College of Texas a group of the finest American saddle horses in the South. Included in his gift were six famous mares from the Pinehurst Stables, among which were "American Model," a winner of championships at the Kentucky State Fair, Chicago Charter Jubilee Show and other top shows; and "Jingle Bells," shown in the fine harness and five-gaited classes, and possessor of an outstanding record of winnings. Also given to the College was the stallion, "Proctor's Red Light," an outstanding show horse who has sired a long string of winners, including "Man of Destiny," one of the outstanding champions of the breed. Shown as the gift is presented are, left to right, F. I. Dahlberg, acting head of the Animal Husbandry Department; Owen Garrigan, college horseman; Brown, and Lt. Col. D. W. Williams, head of the Animal Husbandry Department, who has just returned to the campus.

In the high schools of our 25-county Congressional District there are 51 Homemaking Departments and 36 Vocational Departments now in operation.

Our Congressional District occupies a high place among the 21 Congressional Districts of Texas in the field of vocational training and in the number of vocational training departments. In the number of Homemaking Departments, we share top honors with Congressional District No. 7, represented by Tom Pickett of Palestine, which also has 51 Departments. In the number of Vocational Agriculture Departments, we rank No. 3 among the Congressional Districts. District No. 21, represented by Fisher of San Angelo, occupies first place, and Pickett's District occupies second place.

Vocational training departments in the schools are financed under a system of State and Federal co-operation, the system having been in operation since 1917. Benefits that have accrued to the Nation are immeasurable.

The chances are excellent that Congress will approve the bill for additional cooperation with the States in vocational training and that many new departments will be placed in operation in West Texas schools when the new terms open next August and September.

Congressman Adam Powell, the colored member from the Harlem District in New York, created quite a flurry in the House of Representatives a few days ago. He offered an amendment to an appropriation bill for the District of Columbia which would have put an end to the time-honored practice in Washington of maintaining separate schools for the white and colored children. After a half hour of heated debate, the vote was taken. Congressman Joe Martin, the leader of the Republicans in the House, and 48 other members, about evenly divided between the Democrats and Republicans, voted for the Powell amendment. The rest of us who were on the floor at the time, 122 in number, voted against the Powell Amendment. We voted to continue separate schools for white and colored children.

There is no likelihood that Congress would tolerate the consolidation of schools for the white and colored children in Washington, and Congressman Powell did a disservice to the cause of racial understanding and good will by offering his amendment. It should be pointed out that the same high standards of service apply in both the white and colored schools.

Of the 88,000 school children in Washington, 39,000 are colored.

Spring Lake F. H. T. Sponsor Mother-Daughter Banquet

The Spring Lake F. H. T. gave a mother and daughter buffet supper, Friday, April 5, 8:00 p. m. The Easter theme was carried out throughout the entire program.

Sue Borden, F. H. T. president gave the welcome and Mrs. Bill Clayton gave the response.

A quartet consisting of F. H. T. members sang, "Awakening Chorus" and a solo was given by La Moyne Bulls and Toots Wendborn, after which "Christ arose" was sung by the entire group led by Marie Adair. After songs there was an Easter parade and Sue Borden called on individuals to give impromptu speeches. "Auld Lang Syne" and Club songs were sung. Adjourning program.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine.

People everywhere are finding relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This herbal medicine is especially potent where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsams; Kilmer's contains nothing harsh, it is absolutely non-habit forming. Just good ingredients that money says have a marvelous effect. All druggists sell Swamp Root.

SIDELIGHTS FROM WASHINGTON

By CONG. GEO. MAHON

On April 12th I plan to appear before the House Committee on Education in behalf of legislation to expand the vocational training programs in the high schools of the Nation.

Aside from the over-all national requirements, there is a need for the reopening of the 24 Vocational Agriculture Departments that were closed in our own Congressional District by reason of the war. Additional units are also being sought for other high schools in our area.

A number of additional Homemaking Departments are also needed. In fact, in the State of Texas it is estimated that more than 400 additional Homemaking and Vocational Agriculture Departments are required to complete the vocational training set-up in the high schools.

Texas schools have shown tremendous interest in vocational training.

Dunbar School Makes Creditable Record at Interscholastic Meet

The South Plains District Interscholastic League meet was held in Lubbock April 5.

Dunbar Colored School, Littlefield, entered contestants only in three events. From these events the school won two first places and one second place.

Verkerie Griffin and Bobbie J. Colman, junior spelling, first place.

Verkerie Griffin, junior declamation, first place; Tucker Nelson and Sylvia J. Ballard, sub-junior spelling, second place.

The teachers are planning to take the first place winners to the state meet in Prairie View, Friday, April 19.

Work is Underway in Expanding Water and Sewer System

Work is underway in connection with the extension of Littlefield's sewer and water system.

Funds for the extension were made available when Littlefield citizens voted March 29 in favor of the issuance of \$190,000 in revenue bonds.

A new water tower is under construction on the east side of the city.

The City Commission Monday awarded a contract to Alfred Dunagin for the hauling of 19,000 feet of six-inch pipe from Vernon, Texas.

Road Contract is Let Monday

At a meeting of the County Commission held Monday the contract for the construction of the Earth road was let to Hunter Strain of San Angelo. Work is expected to start within 30 days.

This project is 17 1/2 miles long and runs from the County line north of Earth to Amherst.

Electrical Worker Sustains Third Degree Burns

R. E. L. Whitley of Lubbock, employed on an electrical contract with the City of Littlefield at the pumping station, sustained third degree burns of the left arm and right knee Wednesday afternoon. He was working on a pole at the time of the accident, and was rescued by associates and W. O. Yeary, who is employed as pumping station superintendent. He sustained serious shock. Mr. Whitley was taken to the Payne-Shotwell Hospital, where he is now a patient.

MORE COTTON INCENTIVE—
"Because of less acreage and smaller yield, stocks of cotton and its by-products have dwindled greatly—so much that people in every community are suffering today for need of cotton and cottonseed products. There is even more incentive this year for farmers to plant more cotton than in the past."—MAGNOLIA MISSISSIPPI, "GAZETTE."

VOLUNTEER GROUPS WILL AID NATIONAL BUILDING PROGRAM

A volunteer committee in each locality will be appointed to help in reaching the goal of 2,700,000 new housing units by the end of 1947. Joseph P. Tufts of Dallas, regional NHA expeditor, told a regional meeting of National Association of Housing Officials at the Worth Hotel Thursday.

Tufts said mayors would be asked to appoint committees composed of representatives of veterans' groups, civic organizations, builders and real estate men, labor organizations, and city and housing officials.

These committees, he said, would be asked to set housing goals for their respective communities and assist in ironing out problems that may arise in carrying out the program.

The Russian Bear seems to have had a yen for Turkey, out of season. There is about as much logic in reducing the size of a loaf of bread to save food, as there would be in reducing the size of a watch to save time.

Mrs. Ruby Pollard is Bride of Leo Cox at Richmond, Cal.

Mrs. Ruby Pollard, daughter of Mrs. Fields became the bride of Leo Cox at Richmond, Calif., Friday, March 29.

A beautiful double ring ceremony was performed by candle lighting at the home of the bride's brother and sister-in-law, Mr. and Mrs. Bob Fields, at Richmond.

The bride chose as her wedding costume a light blue suit with pink accessories.

The couple were attended by Mr. and Mrs. Bob Fields. Others attending the ceremony were Mrs. R. W. Stinson, Mr. and Mrs. Griffith and Billy and Donald Fields.

Following the ceremony a lovely reception was held at the Bob Fields residence. The beautiful three tiered wedding cake, decorated in silver with green leaves, and bearing miniature bride and groom, centered the dining table. Cake and punch were served to guests attending.

The bride attended Littlefield High School; and has recently been employed as beauty operator at Kathy's Beauty Shop.

The groom spent three years in the Air Corps as a bombardier, the greater part of which he served overseas in the European area. He has been home about three months.

The couple will live at Richmond, Calif., where Mr. Cox is employed by the Ford Motor Company.

Return From Two Weeks Vacation Trip Thursday

Mayor and Mrs. A. C. Chesser and Mr. and Mrs. Clyde Hilburn returned home Thursday from a two weeks' vacation trip.

From here they drove to San Bernardino; visited the Tremain and Brannen families at Brownsville, and enjoyed fishing several days at Port Isabel. Mr. C. C. Tremain and Mr. Jack Brannen accompanied them on some of their fishing trips. They took a plane trip to Mexico City, where they spent from Friday until the following Monday, returning by air to Brownsville. They visited in the home of Rev. and Mrs. Joe Grizzle, former Littlefield residents, who also live in the Valley.

WOODCRAFT SERVES

"Fraternity in Action"

Through the sponsorship and support which local Woodmen Camps give to civic activities benefiting their communities, the states and the nation, the good influence of Fraternalism extends far beyond the Society's membership. A Civic Service Contest being conducted by the Camps as part of Woodcraft's "Fraternity In Action" program further increases their civic and patriotic services. To aid them in carrying on many worthwhile projects, the Society has established a National Service Fund secured from an Endowment authorized by the recent Sovereign Camp convention in Jacksonville, Fla.

This is but one of many benefits of Woodmen fraternalism. The Society also provides safe, sound, legal reserve life insurance - protection and its services are enjoyed by more than 365,000 members and their families.

Call the Local Woodmen representative. Let him give you the facts about Woodmen insurance protection and fraternal benefits.

High School Choral Club To Present Operetta Friday

As a climax to a busy year, the Littlefield High School Choral Club, under the direction of Norma D. Ewell, will present an operetta in three acts, on Friday, April 12, 1946, in the High School auditorium at 8:00 p. m.

"KATHLEEN", maid of Kiliarney, features a cast of some forty girls. By special permission from The Willis Music Co. of Cincinnati, the operetta will be given publicly, with admission charges of 25c and 50c.

The story takes place in sunny Ireland, in a low-thatched cottage. The entire cast will be attired in colorful costumes of native Ireland. Several Irish folk dances will add interest to the story. Featured as soloists are: Misses Frances Towas, as Bridget, Joan Pace as Larry, Patricia Pratt as Kathleen, Iavonne Dowdy as Peter, La Nell Furr as O'Toole. Special make-up and costumes emphasize the personalities of these leading characters. Supporting the leads, are Misses Betty Ann Smith as Biddy, Elsie Kloiber as the Herald, Virginia Harlan as Paddy, Frances Newton and Geraldine Clement as travelers to the village fair, and Glendolyn Bales as Mary. The following make up the villagers in the chorus, who furnish the background of music throughout the acts: La Rue Clark, leader of the village chorus, Betty Jane Bagwell, Jesse Boykin, Naomi Cunningham, Lena Floy Denison, Omega Del Castello, Juanita Hamilton, Lee Jean McCary, Sue Powell, Lorena Salmon, Virginia Whitaker, Marie Williams, Iva Mae Yarbrough, Ada Lou Rice, Anna Jo Pierce, Norma Jo Chisom, Wanda Massey, Leta Mae McCormick, Earlene Wesche, Imogene Harlan, Wanda Winfield, Marilyn Winston, and Sybil White.

The folk dances will be given by members selected from the village chorus. Special stage properties have been prepared to make the setting realistic. The public is cordially invited to attend.

publishing itself in the minds of airmen as one of the outstanding Air-minded cities of the west.

Judge E. A. Bills, in his dedication address said: "In honor of those who fought on the land, on the sea and under the water, to those who have returned, and in behalf of the City of Littlefield and those whose contributions made Duggan Field possible, I dedicate Duggan Field to the City of Littlefield and Lamb County to be used for the purpose for which it was built.

County Judge I. B. Holt accepted the field in behalf of the County of Lamb. In his address of acceptance, Judge Holt made special mention of the untiring work of the county commissioners in bringing about the new hangar and other improvements at the field.

Duggan Field was named in honor of the late Senator Arthur P. Duggan. Originally leased from the Duggan estate, the property was later acquired from the estate at a very nominal figure. Funds for this purpose were acquired by subscriptions by citizens of Littlefield. Later the field was taken over by the county and additional improvements made, including the erection of the new hangar.

The observance of Army Day was concluded with an NAA dance at the new hangar.

Campbell's Honored

(Continued from Page One)

there on some business. As Mr. and Mrs. Campbell arrived, Mrs. Winnie Zoth, presiding at the piano, played "Here Comes the Bride", and the celebration got underway.

Mrs. Campbell was hurried into a wedding gown, and a "shot gun wedding" took place, with Swede Kling performing the wedding ceremony.

The dress worn is 67 years old and was worn by Mrs. E. L. Owens' grandmother.

The occasion was full of surprises and humorous features.

Mrs. Lillian Treece gave a reading of the biography of the life of Winnie Fraley and Lon Campbell.

Mr. and Mrs. O. K. Yantis, Jr., sang "I Am Always Chasing Rainbows"; and Mrs. E. C. Ross gave a reading in appreciation of the friendship of Mr. and Mrs. Campbell; and in behalf of the group, presented them with a lovely silver mirrored chest containing 25 silver dollars, which was followed by group singing.

The refreshment table was laid with lovely lace cloth, centered with a bowl of cut flowers, from which were served wedding cake and ice-cream.

Mrs. Zoth rendered piano music throughout the program.

Besides the honored guests and the hostesses, those attending this happy occasion were: Mr. and Mrs. A. H. McFarland; Mr. and Mrs. J. W. Pickens, E. L. Owens, Jack Henry, Buck Ross, Swede Kling, Bob Smith, R. V. Armstrong, Bill Elliott, Watt Fraley, Mrs. Lillian Treece, Mrs. Winnie Zoth, Mr. and Mrs. W. D. T. Storey, Mr. and Mrs. J. M. Griffin, Mr. and Mrs. Guy Willis, Mr. and Mrs. R. E. Morgan, and Walter Martin.

Also in observance of the occasion, and as a mark of high esteem to Mr. and Mrs. Campbell, on the morning of their anniversary they were presented with a lovely pot plant by a neighbor, Mrs. A. F. Jones, which is very much appreciated by these fine citizens.

Mr. and Mrs. Campbell are pioneers in Littlefield. Mr. Campbell came to Littlefield with his parents, Mr. and Mrs. J. Y. Campbell in 1907. The Campbell residence was located on West Fourth Street, where Simmons Clinic is now located. Mrs. Campbell has lived here since 1922. As Miss Winnie Fraley she was married to Mr. Campbell at Childress, Texas, on April 3, 1921. He returned to Littlefield with his bride in 1922 after a short absence from this city.

Mr. Campbell has been in business in Littlefield nearly his entire residence here. He was in the cafe business for several years, and later in the feed and implement business. He has been dealer for the Oliver Farm Equipment and Machinery since 1941.

He has always been prominent in civic work, and particularly in all movements for the progress and betterment of Littlefield and Lamb County.

Mr. Campbell is now serving as City Commissioner, and is one of the most highly regarded business men of this city.

The Leader joins the large circle of friends, enjoyed by Mr. and Mrs. Campbell, in wishing them many more happy anniversaries together.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

C. E. Cone Visits Friends Here Thursday Last

C. E. Cone, former member of the Littlefield High School Faculty, was in Littlefield Thursday visiting friends.

Mr. Cone served as teacher of typing and shorthand of the local school for two years 1939 and 1940. He has recently been discharged from the service after serving five years. Mr. Cone was attached to the 17th Bomb Group as Adjutant of the 432nd Squadron. He saw action in Africa, Sardinia, Corsica, France, Italy and Germany.

Mr. Cone stated it was members of the personnel from the 17th Bomb Group, including Doolittle, who made the raid over Tokyo in 1942.

Cone is now on terminal leave, his discharge taking effect July 6.

He enlisted from Littlefield and is the son of Mr. and Mrs. H. S. Cone of Canyon.

We must form form perfect models in thought and look at them continually, or we shall never carve them out in grand and noble lives.

—Mary Baker Eddy

The installment plan is an asset or a liability depending on whether you use it for spending or for saving.

LOCAL MAN DISCHARGED

Clarence Memry Lane, S 1/C, son of Mrs. I. E. Baugh, was discharged March 28 by the U. S. Naval Personnel Separation Center, Terminal Island, San Pedro, Cal.

He carried on sea duty aboard the USS Russell, from January 8, 1944, to Nov. 9, 1945, and on the USS Presidio from Dec. 13, 1945 to Mar. 18, 1946.

He participated in combat duty in the Marshall Islands, New Guinea, Okinawa, and Philippine Islands.

He was in the service since Oct. 23, 1943, and overseas 24 months. Seaman Lane was awarded the Asiatic-Pacific ribbon, American Theater of War Ribbon, Victory medal and four bronze stars.

He is a former student of Littlefield High School, and previous to enlistment was employed by the Crystal Ice Company.

The BIGGEST DOLLAR VALUE In the WORLD

Your health is the first requisite for success and happiness, and whatever you must spend to regain it, when ill, is small compared to the value received for the money. Some illnesses require prolonged treatment under the direction of a physician who may prescribe costly medicine; for example, liver extract for the treatment of anemia. But when you consider that health, maybe life itself, depends upon the doctor's diagnosis and prescribed treatment, you realize that regardless of the cost, it's the biggest value in the world for your dollars.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

**Information For
Veterans**

Q. Where should veterans seek information about their problems?
A. At the nearest office of the United States Veterans Administration.

Q. Where are the Veterans Administration offices located in this area?

A. VA regional offices are located in Texas at Dallas, Houston, San Antonio and Waco; in Louisiana at New Orleans; and in Mississippi at Jackson. Contact units may be found in most large centers of population by inquiring at local post offices.

Q. If a person who may be entitled to veterans' benefits desires advice as to how to proceed, but is not close enough to a Veterans Administration office to go there conveniently, and would rather not write or telephone, may there be some other place to which he or she can go for guidance?

A. Yes. Advice about veterans' benefits may be secured at the nearest Selective Service Local Board and at each United States Employment Service office. Also advice may be secured at Veterans Information Centers or from servicemen's organizations.

Q. What identification data should be given in writing about claims for the benefits administered by the Veterans Administration?

A. Initial application or communication should state the full name of the veteran, service grade and organization, serial number, date of entrance into service, date of discharge and date and place of birth.

Q. What permanent plans of insurance are available to veterans who want to convert their National Service Life Insurance?

A. At present the permanent plans available are ordinary life, 20-payment life, and 30-payment life.

Q. How may I reinstate my National Service Life Insurance?

A. By written application to the VA signed by the insured, accompanied by evidence of good health and insurability, and the payment of 2 monthly premiums on the amount of insurance to be reinstated.

**SIDELIGHTS FROM
WASHINGTON**
By CONG. GEO. MAHON

The new Veterans Administration Regional Office for West Texas with headquarters at Lubbock will mean much to West Texas veterans and their families. When General Omar Bradley, head of the Veterans Administration, announced last year that Texas veterans would be served by four regional offices, located at Houston, San Antonio, Waco and Dallas, I complained to him that West Texas veterans were being completely left out of the picture. I joined with the American Legion, the VFW and West Texans generally in the campaign for a West Texas Regional Office for West Texas veterans—an office similar to the ones located at Dallas, Waco, San Antonio and Houston.

It is now assured that within 60 days such an office for West Texas, with headquarters at Lubbock, will be a going concern.

General Bradley's idea is to render service to the veteran at a point not too far removed from his home. Those of us who handle Veterans Administration appropriations are supporting this plan.

The West Texas Regional Office should not be confused with sub-offices and contact offices which the VA has established or will establish at a number of West Texas points to complete the service to veterans and cooperate with the County Service Officers now serving in most West Texas Counties.

The Amarillo area which has previously been served by the VA office in Muskogee, Oklahoma, will hereafter be served by the West Texas office at Lubbock. The El Paso area is slated to be taken from the jurisdiction of the office at Albuquerque, New Mexico. The plan is that all of Texas is to be under the over-all supervision of the Branch Office at Dallas.

Now that the Veterans Administration has completed plans for Texas, my hope is that the service to veterans and their families may rapidly

improve. The complications and difficulties are tremendous. General Bradley told our Committee on Appropriations a short time ago that he receives in the Washington office an average of 125,000 pieces of mail per day; that over the week-end in one instance, in excess of 300,000 pieces of mail were received here. Such a situation creates a bottleneck in the central office in Washington and makes imperative the success of the program of decentralization to the Branch and Regional Offices.

Grain and Feed Shortage Not Acute

At an interview Monday, April 1, Mr. Wiley Akins, a Director of the Texas Feed Manufacturers' Association, said the grain and feed shortage in Texas, is not as acute as recent announcements from the U. S. Department of Agriculture would indicate. Supplies of corn, wheat, rye and by-product feeds are not as great as they have been during the last several years, Mr. Akins said, but the situation is not as serious as many people believe.

Farmers, stockmen and poultrymen who are drastically reducing their herds and flocks because of temporary scarcities or anticipated shortages of feed are penalizing themselves unnecessarily, Mr. Akins believes. Some adjustments are necessary, in keeping with Government regulations and recommendations, but near-normal operations are possible with the feed supplies now available. Within sixty days another grain crop will be harvested in Texas, thus adding the supplies now on hand.

Mr. Jim Drew, Director of the Northeastern District of the Texas Baby Chick Association, when interviewed about the effects of the feed shortage on Texas poultrymen, had this word of warning: If the current practice of reducing flocks continues there will be a severe poultry and egg shortage in Texas next winter. Farmers and poultrymen, fearing they will be unable to secure sufficient feed, are selling their brood stock at an alarming rate and are not replacing older birds with baby chicks. Mr. Drew said hatchery owners report the sale of baby chicks to be the lowest since 1937. The feed situation does not warrant this depletion of flocks, Mr. Drew said. Feed for poultry, while not as plentiful as in previous years, is adequate for continued operation on a nearly normal basis.

To poultrymen and farmers in districts where there is a temporary scarcity of feed Mr. Drew recommended the feed conservation program as outlined by the Texas Feed Manufacturers' Association. This five-point program recommends the following practices: (1) Cull low producing flocks from poultry flocks. Keep only the top producers. (2) Order the normal number of chicks and pullets. Do not purchase more than present equipment will care for. Overcrowding results in losses and feed waste. (3) Feed wisely. Feed good feed, but do not waste feed. (4) Provide plenty of green feed by allowing flocks to feed in pastures and other areas where such feed is available. (5) Do not over stock on feed when buying. Fresh feeds are better.

COTTON BEFORE CORN—Alabama farmers who plant cotton ahead of corn are making better yields of both crops. Most farmers plant corn first, but this causes corn to be too early and cotton to be too late to take advantage of most favorable conditions. — ALABAMA EXTENSION SERVICE.

Swing of Southwest Farm Markets

(USDA)—Farm products continued to bring mostly steady prices at southwest markets last week, according to USDA's Production and Marketing Administration.

Despite liberal egg receipts, prices remained about steady at most southwest markets last week. Current receipts brought 30 to 31 cents per dozen, Dallas, Fort Worth and Denver; and 28 to 32 1/2 cents, New Orleans.

Very good local demand continued to absorb light poultry offerings.

Heavy hens were quoted mostly 24 cents per pound, Dallas; 22 to 24 cents, Fort Worth and 22 to 25 cents, Denver.

Cotton prices advanced to new highs since the mid 1920's and spot market activity increased last week.

Supplies of grain grew tighter and prices bulged ceiling. No. 1 hard wheat, with ordinary protein content was quoted at \$1.83 to \$1.85 a bushel bulk, in carlots, with all charges paid to Fort Worth or Galveston; sorghams \$2.70 per hundred pounds and No. 3 white oats \$9 to 91 cents a bushel in Fort Worth and 91 to 93 cents in Galveston.

Fair demand moved most South Texas vegetables at steady prices last week. According to latest reports,

beets brought mostly \$1.60 to \$1.75 per half crate in mixed cars; cabbage mostly \$1.75 to \$1.90 per 50-pound sack in mixed cars; and carrots mostly \$3 per crate in mixed cars. Prices were slightly lower for new potatoes but demand was very good. U. S. No. 1 Bliss Triumphs sold mostly at \$1.60 to \$1.65 per 50-pound sack. Louisiana reported good demand and prices at ceiling for both strawberries and sweet potatoes.

Hog receipts were lighter at all principal markets last week compared to the same week a year ago. Prices of top butchers stood at the ceiling of \$14.50 per hundred pounds: Wichita; \$14.55, Oklahoma City; \$14.61 Fort Worth and San Antonio and \$14.80 Denver.

Southwest sheep and lamb markets cleared light receipts at steady to stronger prices last week. Good and choice spring lambs realized \$13.25 to \$14.25 per hundred pounds, San Antonio; \$14.25 to \$14.75, Fort Worth, and \$14.50 to \$14.75, Oklahoma City. Good and choice fed Texas lambs brought \$15.35 at Wichita. Denver sold numerous loads of choice fat woolled lambs at \$16. Demand for domestic wools in the Boston market continued steady.

Small runs of cattle arrived at southwest markets during the past week. Prices were about steady except at San Antonio where trade was irregular. Medium steers and yearlings brought \$13.50 to \$15 per hundred, Houston. Medium and good shorted yearlings sold at \$14.25 to \$15.50, San Antonio. Medium and

GAS RANGES, bearing the "CP" trade mark in addition to their own brand names, are built to rigid standards, set by leading gas range manufacturers, gas utilities, home economists, and homemakers.

A FEW OF THE OUTSTANDING FEATURES of a "CP" gas range are automatic lighting of oven and top burners; thermostat controlled oven that heats quickly, yet operates efficiently for slow roasting; giant, standard and simmer burners; extra heavy insulation; smokeless broilers.

BEFORE TOO LONG, your favorite gas range will be available in "CP" models . . . All good ranges are not "CP"—but all "CP" gas ranges have the most good features of any range you can buy.

TO GET DISCHARGE

Elizabeth A. Patterson 20, hospital apprentice 1/c, daughter of Mr. and Mrs. H. A. Patterson, Route 2, Sudan, has been transferred to New Orleans, La., to be honorably discharged, the Eleventh Naval district has reported.

The former WAVE enlisted in July, 1945, and upon completion of her indoctrination - training and Camp school at Hunter college in the Bronx, N. Y., was assigned to

the staff at the US Naval hospital, San Diego, Calif.

Prior to becoming a WAVE, the dischargee worked in a defense plant in Santa Monica, Calif. She attended Texas Tech for two years where she studied physical education and upon discharge, after taking a short vacation, plans to continue her education at the same college.

Construction Starts On 128 Apartment Units At A. & M.

Construction work already has begun on the first of 128 apartment units to be built by the Federal Public Housing Authority for married veterans at Texas A. & M. College, Spence, manager of the college's construction program.

It is expected that the FPFA, which already has made 32 apartments at Bryan Army Air Field available to veteran students, will have the 128 units ready for occupancy before next September, Spence said. Veterans and their families already have filled 217 college-owned apartments and in addition couples are living in two other dormitories temporarily. Also, a large number of students living in nearby Bryan are anxious to move to the campus, he pointed out.

A shipment of seven barracks-type buildings of ready-cut plywood obtained by the FPFA from government storage at Baton Rouge, where they had been packed for export, have been received and are going up, Spence said, and 23 more are expected soon.

Each of the ready-cut buildings will be converted into standard two-bedroom apartments, two to the building, by the McCann Construction Company of Fort Worth, which also will furnish them, Spence said.

The McCann company also has an FPFA contract to move seven two-story buildings from the Orange Shipyard housing project to the campus, and to convert them into 60 no-bedroom apartments and eight two-bedroom units.

Rentals for these buildings, including furniture and utilities, have been set by the FPFA at \$30 monthly for the two-bedroom apartments and \$25 for the no-bedroom unit.

Rents at Bryan Air Field, at the request of the college, were set at \$18 monthly for one bedroom, \$20.50 for two bedrooms and \$23 for three bedrooms, including furniture and utilities. Spence said the difference in rates takes into account the expense involved to students travel-

Kaiser-Frazer Cars To Be Ready For Shipment By Summer

Kaiser-Frazer Corporation, newest entry in the automotive field, said Thursday its first automobiles would be ready for shipment to dealers by midsummer.

Chairman Henry J. Kaiser and President Joseph W. Frazer said in the corporation's annual report to stockholders that 3,219 dealers already have been awarded franchises for sale and distribution of the new vehicles.

Kaiser reported that the first assembly line at the former Willow Run Bomber plant was 75 per cent completed on March 10 and that the first new cars will be used for dealer display purposes.

The K-F letter to stockholders, covered the period from incorporation Aug. 9, 1945 to Dec. 31, 1945. During that period, net expenses totaled \$772,720.

A proforma balance sheet, which took into account the sale of common stock on Jan. 23, 1946, shows total assets of \$54,596,250. Of this total, Kaiser and Frazer said, \$46,187,556 represented cash and \$8,008,699 U. S. Government obligations.

Current liabilities amounted to \$922,808.

Lee Payne and T. I. Batson are local dealers for the Kaiser-Frazer cars.

Discharged Soldier Anton's New Mayor

Anton's GI's revolted in Anton City recent election to stage a successful write-in campaign and elect a 21-year-old discharged sailor mayor, then voted in as commissioners, two other veterans, one of World War I.

The election gave Anton a 100 per cent veteran administration inasmuch as the city government is composed of a mayor and two commissioners.

Elected Mayor was Kendall Criswell, recently discharged and who has returned to Anton to farm with his parents, Mr. and Mrs. E. D. Criswell, over the incumbent, F. E. Spradley, Ed Hart, a former mayor, and R. P. Jones and Carl Harrington. Criswell received 62 write-in votes, while the others, whose names were on the ballot, received: Hart, 45; Spradley, 19; Jones 8 and Harrington 5.

Elected commissioners were Henry Wright, about 36, barber veteran of World War II; and Boyd Rea, long-time Anton resident and employe of Forrest Lumber Co., here, veteran of World War I. They received 72 and 69 votes respectively. Others in the commissioners' race were R. W. Wells, former commissioner, 60; Cragg Darden, 45; Wiley McCauley, 24.

A total of 150 votes were cast.

Summer School At Texas Tech

Summer school at Texas Technological College will consist of six-week instruction periods as in pre-war years, according to Dr. Ernest Wallace, summer school executive.

Courses will be offered to meet the demands of entering freshmen, veterans, teachers who wish advanced work, and regular college students who desire to make up work or get additional credit hours.

The summer school faculty has been increased to 134 members as compared with 112 last summer to meet the enrollment expected to be the largest in the college's history.

tically needed by livestock in 1946, the Texas Cotton Production Committee said recently.

Prospective plantings of other major feed crops in Texas for 1946, compared with 1945, indicate reductions of 8 per cent in corn, 10 per cent in all sorghums, 5 per cent in oats, 10 per cent in peanuts and 6 per cent in all tame hay, according to the U. S. Department of Agriculture.

"Increased cotton acreage and production can do much to offset these decreases in feed crop plantings by supplying more cottonseed meal, cake and hulls for livestock on Texas farms and ranches," the Committee pointed out.

"There is still time to plant more cotton acreage in many sections, and plenty of time in all sections to follow the 7-point Extension Service program which will help to increase the yield per acre and supply of cottonseed feed products, cottonseed oil and other needed fiber and seed products."

With present prices of lint and cottonseed, and the acute demand for their products, assuring a large value per acre for the 1946 crop if yields are favorable, it will pay farmer well to use more fertilizer in adapted areas, reduce insect damage and follow other practices that increase yields, the committee asserted.

"Texas farm income and feed sup-

ply in 1946 depend to a large extent upon the cotton crop being planted," said the Committee's report, "and everything that can be done to increase production will benefit cotton producers, livestock raisers and the state as a whole."

There never did, and never will exist anything permanently noble and excellent in the character which is a stranger to the exercise of resolute self-denial.—Walter Scott

Last Rites Held For Mrs. Taylor

Following the birth of her second child, a boy, Mrs. Emma Taylor, 34, of Circleback, died at South Plains Co-op hospital, Amherst, at 8 a. m. Saturday, March 23. Her health had been failing for some time.

Funeral services were conducted at Forest Chapel, near Paris, Texas, Tuesday afternoon, March 27. Gene Boden funeral home made arrangements for the final rites, and also for burial.

Mrs. Taylor and her husband, Robert Taylor Sr., whom she leaves, lived in Lamb County until two years ago, when they moved to the vicinity of Circleback. They have six children, in addition to the newly-born: Ethel, who has been working in Los Angeles, Robert Jr., Jay, Gail, and Larry and Jerry, 21-month old twins, all at home.

Nurses at the Co-op hospital are caring for the infant at present.

Relatives attending the funeral included Mrs. Taylor's sister, Miss Rose Lee Hicks, her brother, Preston Hicks and his wife, of Los Angeles.

New Enterprise In Lamb County

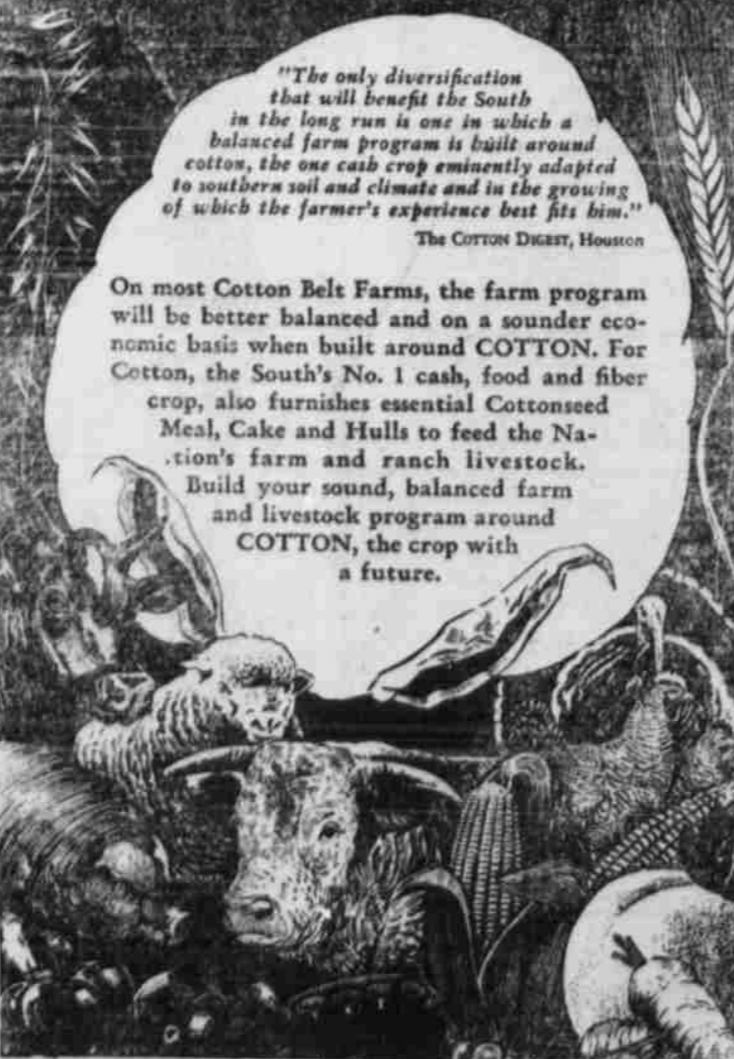

A new enterprise in Lamb County is the manufacturing of concrete gummy stone tile for building houses or commercial buildings. V. G. and C. T. Wood are making this tile at Amherst with machinery, including a molder, electric vibrator and concrete mixer, turning out 2000 a day, and taking five men to operate it.

According to the Wood Brothers these tile are fireproof and waterproof.

The Wood Brothers also operate a farm southwest of Amherst.

They are now spelling marriage, divorce.

BUILD AROUND COTTON

"The only diversification that will benefit the South in the long run is one in which a balanced farm program is built around cotton, the one cash crop eminently adapted to southern soil and climate and in the growing of which the farmer's experience best fits him."

The COTTON DIGEST, HOUSTON

On most Cotton Belt Farms, the farm program will be better balanced and on a sounder economic basis when built around COTTON. For Cotton, the South's No. 1 cash, food and fiber crop, also furnishes essential Cottonseed Meal, Cake and Hulls to feed the Nation's farm and ranch livestock. Build your sound, balanced farm and livestock program around COTTON, the crop with a future.
