Ballot Box Must Decide Many Winners Littlefield Newspaper Campaign; Subscription Rate Ends Tuesday

Subscription more important than before even though they do count less votes this last week; Friends should support candidates now; Ballot papers will still bring subscriptions to office for favorite worker and the special low subscription rate.

Subscriptions collected this week of the Littlefield Newspaper Campaign held by the candidates sealed in the sealed ballot envelopes to be opened next Tuesday night.

Subscriptions report to the ballot Tuesday night by sealing in this way no one knows what each candidate is doing until the day of the election.

Working days now remain the final count in the newspaper campaign. Nine o'clock Tuesday night, April 5, will be the final count.

The final count will be made in the newspaper campaign office. The final count will be made in the newspaper campaign office.

There were three candidates so closely bunched in their standings as there in this great campaign. The candidates are so close that the campaign is closed on the day of the election.

The campaign is closed on the day of the election. The candidates are so close that the campaign is closed on the day of the election.

Three \$25 Special Prizes Offered This Final Week Of Newspaper's Campaign

The Littlefield Newspapers, today, add three \$25 Special Prizes to the luxurious list already being given for spare time work.

These three prizes will be awarded to the persons showing the best results this last week of the campaign according to the arrangement as follows.

One of these prizes will be awarded to the person who turns in the largest number of sales in their sealed envelope next Tuesday night, regardless of district or what other prize he or she may win.

The other two will be awarded to the person residing in each of the two districts who turn in the greatest number of sales in their sealed envelopes for this last week of the campaign, and who fails to win either of the first five car orders or the cash equivalent of the three \$100 Special Awards being offered these closing days of this great campaign.

These special prizes offer a great inducement for those who have not been reporting recently, to go out and collect a few of those half-way promised subscriptions and emerge with a \$50 cash prize this last week of the campaign, in addition to their cash commission or whatever other prize he or she might win.

If the candidate turning in the greatest number of sales this last week in their sealed envelope should fail to win one of the five major awards or either of the three \$100 Special Awards then he or she would be entitled to two of these \$25 Special Awards this last week.

One of these Special Prizes can be won by anyone, while the other two are being given for the benefit of those who have had some misfortune or handicap during their first weeks of big votes, and feel they cannot win one of the major awards.

Think we know how Caesar got his names for the days. He must have had his son in a kindergarten chariot pool.

Little Doug measures time by whose day it is to drive the car pool which takes him and five other bright young faces to kindergarten. There's Phil and Pat's day, Linda's day, our day, David's day and Mike's day.

Our day is one of his favorites for two reasons. It gives him a certain amount of authority as to who sits in the front and who in the back; and Disneyland comes on Our day. Mike's day is next best. He can stay up late that night because there is no kindergarten to get up for the next day.

Of course, he likes Sunday School day pretty well too. So far as I've heard, Saturday is just a blank. He has no name for it.

More West Texans turned out than anywhere in the nation to learn the latest developments in electric living. Tuesday evening SW Public Service and General Electric Red 1100 contractors, appliance dealers, newsmen, etc. at the coliseum in Lubbock and showed them the latest in electrically heated homes, kitchen centers, tricky switches, etc.

They tried to convince the builders that it is not only cheaper to build all electric homes, but that they sell easier.

Don't know how they came out on that score, but they convinced most of us that electricity can do a mighty fine job of barbecuing chickens.

Kindergarten Students Plan School Visit

Friday has been set as school visitation day for the kindergarten students of Mrs. Q. T. Bellamy. The purpose of this program is to acquaint them with the school procedure. The kindergarteners will be allowed to eat in the school lunch room Friday, if desired.

Pre-school registration day has not been set. Primary principal Jimmie Hine stated that it will probably be the latter part of April or the first of May.

Amherst Hospital Employs Snyder As Administrator

Norman Snyder of Longview, Texas, has accepted a position as administrator of the South Plains Hospital at Amherst. Snyder, a veteran of over twenty years in hospital management, will assume his duties in about ten days.

During the past four years, he served as consultant in both management and construction.

The director of the South Plains Hospital reported that Amherst was able to secure the services of the highly qualified Snyder after the Longview man visited friends in Lamb County. He decided he would like to live on the South Plains.

YIELD THAT RIGHT OF WAY!

The most frequent cause of accidents in Littlefield during 1955 was failure to yield right of way, city police announced in a year-end report this week.

The police department investigated 110 accidents during the year, one of which resulted in death.

Cost of repairs to vehicles involved in accidents amounted to \$28,200. Police Chief Walraven said in his report.

Army Seeks To Establish Reserve Unit In Littlefield

FLATS TO PETITION SEWERAGE, GAS LINES

The Negro Community Aid Club Tuesday night took steps toward circulating a petition which would have the city place sewer and gas lines throughout the Flats.

The Negro citizens will agree, in the forthcoming petitions, to execute easements to the city covering three feet of their properties for the purpose of widening alleys so that lines can be laid.

William Ervin, president of the club, stated that he will circulate the petition among Negro citizens Saturday after approximately 25 citizens at the meeting voiced agreement with the request. Ervin will be accompanied by a notary public.

At present, the largest portion of the Flats is without a sewerage system and nearly all of the section is heated with butane. The petition, which was signed by 15 Negro citizens in November when the question was first raised, follows:

"We, the undersigned property owners in the City of Littlefield, Texas, hereby petition the City Commission of the said City of Littlefield, to take such steps as may be necessary to placing sewer lines in the streets or alleys to make sewer service accessible to our property. In consideration of the City placing these sewer lines we agree to connect our property to the city sewer system, and in the event we fail to make this connection within ninety days after completion of the sewer lines, the City of Littlefield is hereby authorized to charge us \$1.00 each per month, as though the property had been connected to the sewer lines."

Earth Has Record Turnout Mayor, City Council Vote Heavy In Area Elections

Five area communities turned out heavily at the polls Tuesday in Mayor and City Council elections, but only in Anton and Sudan were incumbent mayors elected.

In Anton Mayor George A. Broome easily won re-election to his fourth term. He defeated Newsman A. E. Richards, 144 to 58. The 199 votes cast by Anton citizens was heavier than usual for the community. City Sec'y Joe Garner reported.

Sudan Mayor Joe H. Rome picked up 77 of the 80 votes cast in his unopposed bid for re-election. Banker Guy Walden received three write-in votes for mayor.

Balloting at Earth was the heaviest in its history, according to a report by O. B. Whitford, election judge.

Roy Neal was elected mayor at Earth, gathering 129 votes to 59 for Edward Jones and 57 for A. D. Taylor.

At Amherst, Loyd Pryor won the mayor's post in a heavy turnout. He received 95 votes to opponent Will Torme's 64, according to Mrs. Lester LaGrange, the Leader's Amherst correspondent.

A comparatively light turnout Tuesday in this area was at Olton, where 122 voters decided to change the form of government from the commission type to the alderman type. The change passed the voters, 122-7. At the same time, the voters elected three aldermen from a field of six.

New aldermen at Olton are J. C. Hamby, who polled 87 votes; Ed Thompson, with 77; and Marshall Campbell, 76. Defeated were Dr. Lynn Fittz, V. L. Smith and T. S. Whittington.

Olton's new form of government is effective immediately with the new aldermen being sworn in today.

They will serve on a board with D. Y. Ray and Carroll Cox, hold-over commissioners who will become aldermen, and Mayor G. H. Bley, who has another year to serve on his current term.

City councilmen elected at Anton Tuesday were incumbent Sol Gann, 90 votes and Sid Landers with 164 votes. They defeated Purdy Braker and Douglas Teague.

Sudan's commissioners are incumbent Wayne Brown and Ernest Minyard. They received 66 and 56 votes, respectively. Forrest Ferguson, third candidate in the race picked up 35 votes.

Amherst voters re-elected W. C. Zachary as an alderman with 91 votes and named Doc Shavor, 78 votes; L. E. (Pete) Baughn, 75 votes; and Fred Wilson, 64 votes, for the three other openings.

Earth election for five aldermen went to John Welch, 223 votes; Clarence Kelley, 204; J. C. Blackwell, 181; C. P. Parish, 162 and Carlis Bills, 118.

FLATS TO PETITION SEWERAGE, GAS LINES

The U. S. Army expressed an interest this week in establishing a reserve unit in Littlefield to serve Lamb and Bailey County reservists. Lt. Col. Robert W. Edwards was in town Tuesday contacting Chamber of Commerce officials about the proposal.

Caged Egg Incorporation Is Approved

Caged egg producers in Lamb County and its trade territory received notice of approval on their application for incorporation this week.

The charter for the organization was granted in the name of Plains Egg Producers, Inc., by the Secretary of State at Austin. It was effective Tuesday.

The corporation set up temporary directors immediately upon notice of the approval. They are Billy Burrow, R. L. Byers, Jr. and James Sanderson, all of Springlake; F. L. Shelby of Pleasant Valley; Monroe Waits of Amherst; and A. C. Chesser and Jim Mangum, both of Littlefield.

Temporary officers for the organization are Chesser, president; Burrow, vice president, and Mangum, secretary-treasurer.

Aberdeen Angus Group To Sponsor Annual Show, Sale

The West Texas Aberdeen Angus Association will hold its annual show and sale at Lubbock next Thursday, Mrs. Bonnie Haber, publicity chairman, reported this week.

The show, which is to be held at Texas Tech's cattle barns, will get underway at 10 a. m.

Mrs. Haber announced that about 60 head of registered bulls and females from the best herds over Texas will be shown.

An official from Texas Tech is scheduled to handle judging for the show.

President of the association is Norman McAnelly.

Dunbar To Host Track, Literary District Meet

Interscholastic League district meeting will begin at Dunbar High School, Friday morning 8:30 a. m. for literary events and track at 1 p. m.

Alexander Taylor, Dunbar principal, announced that the literary events include spelling, math, debate, speech and choir.

This district is composed of Littlefield, Sudan, Muleshoe, Olton, Anton, Slaton, Brownfield, Floydada, Petersburg, Post, Matador, New Deal, Lorenzo, Ralls, Spur, Crosbyton, Whiteface and Morton.

Schools expected to attend are Spur, Levelland, Slaton, Anton and Floydada.

Final Rites For Maude Kellogg Read Saturday

Funeral services were conducted at 2 o'clock Saturday afternoon at Amherst Church of Christ for Mrs. Maude Kellogg, 70.

She died Friday morning in South Plains Hospital following a heart attack suffered a few days earlier.

Parkman Funeral Services Are Held Saturday

Services for John Wendell Parkman were held at 3 p. m. in Hammons Funeral Home chapel Saturday. John Wendell was the infant son of Mr. and Mrs. A. H. Parkman of 517 West 5th, Littlefield, who died three hours after birth.

Officiating for the services were Rev. J. W. Fine, pastor of Bula Baptist Church and Rev. Lee Hemphill of the First Baptist Church, Littlefield.

John Wendell is survived by his parents, a brother, Randall Wayne, paternal grandparents, Mr. and Mrs. C. W. Parkman, of Bula and maternal grandparents, Mr. and Mrs. H. M. McPharies of Littlefield.

Admission will be 25c for adults and children.

Edwards said the unit would not only make it more convenient for young men of the area to satisfy their military service requirements but he also pointed out that it would mean a payroll of some \$65,000 per year and a modern armory building when the unit reached a strength of 50 officers and enlisted men.

Col. Edwards said the new reserve law passed last August enables draftees to shorten their active duty time considerably if they are active in reserve units. He asked Carl Keeling, president of the Littlefield Chamber of Commerce, if arrangements could be made for him to explain this to high school Juniors and Seniors and their parents. He was assured necessary arrangements would be made, probably about the middle or end of April.

A minimum of two officers and 23 enlisted men are required to activate the unit, which has a maximum strength of five officers, three warrant officers, and 150 enlisted men.

Edwards reports that there are more than 200 men in the area with reserve obligations which they need to satisfy. He says this would be the easiest way for them to meet these requirements. Many of them are now driving to Lubbock or Plainview to meet with units there.

Members of the unit would drill one night a week and spend two weeks at an army post each summer. They would draw a day's pay for each meeting.

The unit, if organized, will be an aviation engineer company. This sounds like it ought to be in the Air Force, but it is not. They will train to build roads and air strips for the considerable number of light planes which the Army uses for artillery spotting, supply, liaison, etc.

Edwards said an armory building is a very good thing for a town to acquire and held out considerable hope that a reserve unit in Littlefield can qualify for one as soon as the new reserve law has time to build up a large group of young men who must make their choice of serving in either the reserve or the regular Army.

All Schools Will Choose Trustees This Saturday

Citizens of all school districts in the area will have an opportunity to vote Saturday on two or three members for their school boards. In most cases they will have to make a choice because in almost every district more candidates have filed than there are vacancies to fill. Only in the Olton precinct, however, is the vacancy on the county school board contested. Sudan and Amherst incumbents on the county board are unopposed.

Polls will open at 7 a. m. and close at 7 p. m. Voting places are: Olton in the school lunchroom, Springlake in the high school building, Sudan in the city hall, Amherst in the school tax office, Littlefield in the school library, Slaton in the agriculture building, Whitehall in the agriculture building, Anton in the high school building.

Mrs. Morris Back From Marlin Clinic

Mrs. Bill Morris returned to her home here after an absence of three months spent at the Bule Rehabilitation Hospital and Clinic in Marlin and a final checkup at South Plains Hospital, Amherst.

Bedridden for about a year after breaking her hip in January, 1954, Mrs. Morris was able to walk from the car into her home under her own power.

Turner To Edit News & Leader

Bill Turner, advertising man with the News and Leader for the past two months, became editor of the Littlefield papers this week.

He replaces Maxine Clarida, who resigned to devote more time to her home and children.

Mrs. Clarida served with the two papers seven months, five of which were as editor.

Turner came to Littlefield after serving two years in the U. S. Navy prior to his term in the Navy. He was employed at Texas A&M as Ass't Director of Student Publications. He was graduated from the State University of Iowa in 1953 with a master's degree in journalism.

Annual Spring Concert Slated Friday Night

Beryl Harris, band director at the Littlefield Public Schools, has announced that the annual spring band concert will be held at 7:30 p. m. Friday in the high school auditorium. Playing will be the Intermediate, Junior High and Wildcat bands.

HOLDERS of band booster cards will be admitted free. Tickets for adults are 50c and for students 25c.

For Little League Park Planned; Negro Youths Will Play This Summer

The Little League met again tonight in the courtroom City Hall and agreed on the plan for the new Little League Park. The park will be located north of the VFW hall on grounds provided the Little League Commissioners give their approval to the League.

The directors are scheduled to meet at Wylde's Cafe at 7:30 Saturday morning for their first business meeting.

Arthur Hedges, manager of the Amherst Butane Company, said Wednesday that the Amherst boys would not play in the Little League as was originally scheduled. Hedges was going to sponsor a team from Amherst providing the League would let the boys remain on the same team.

Hedges said that Amherst is planning to sponsor a League of their own with three or four teams.

Anton and Whitharral boys will still play in the Little League, being bid on for the same as boys from Littlefield.

No new sponsor has yet been named to take over the vacated spot by Smith and Badger. This and also the number of teams for this year will probably be decided upon at the next called meeting by the officers of the League.

Some of the boys that will play ball in the League this year are working out on their own at the Fair grounds diamond each Monday and Friday afternoon. New boys from Anton and Whitharral as well as those from Littlefield are welcome to come out to practice with these boys until they are put on certain teams.

# Thousands Attend Local Easter Service

## Ministers' Sermons Renew Faith, Hope

"And the angel answered and said unto the women, Fear not ye: for I know that ye seek Jesus, which was crucified."

"He is not here; for he is risen, as he said. Come, see the place where the Lord lay."

An estimated 5,000 persons heard these or similar words in Littlefield church services Sunday as they gathered to hear again the Easter story.

Most churches were filled to capacity as the words of the Bible gave them renewed faith and hope.

**"Easter Is Our Victory"**

"In a world filled with atomic bombs and cold wars, there are many doubts. But there is no doubt of our Saviour's resurrection. Easter is our victory," proclaimed Rev. R. L. Young, pastor of the Emmanuel Lutheran church.

Other pastors brought home point after point of truth and proof of the resurrection to their congregations.

Easter Sunday began early for some. More than 200 persons attended Sunrise Services held at the XIT Drive-In Theatre. Rev. Arthur Hart told early worshippers that "we need to leave Jesus in our hearts rather than put Him back in a tomb."

Later, Rev. Hunt reminded his own congregation at the First Christian church that "the Lord's Supper and the Resurrection cannot be separated."

**"Have Complete Gospel"**

At the First Baptist church, Rev. Irv. Hemphill, in a sermon titled "Because He Lives," declared that "because He lives... we worship a living, reigning Christ. Because He lives... we have a complete gospel to preach. Because He lives... we shall live also..."

Minister Tommy Williams of the Ninth Street Church of Christ, stated that "Jesus demonstrated His power over death while he lived... and further demonstrated His power over death in His own resurrection."

"Easter Makes a Difference" was the sermon topic at the First Methodist church where Pastor Harry Vanderpool said "Easter makes a difference between eternal death and eternal life... because it proves that Christ was right about the nature of the universe; Easter is the miracle of human transformation," he continued.

**Lives In Our Hearts**

Lt. Roland Chambliss of the Salvation Army told his congregation that "Christ has conquered the grave and death."

"The real proof of His resurrection is that he lives in our hearts today," Lt. Chambliss added.

At the Parkview Baptist church, Pastor Quint Farley explained that "Christ after resurrection presented Himself by many infallible proofs."

"The Church today," Rev. Farley continued, "is proof of his resurrection. Every Sunday is in commemoration of the resurrection."

Minister Jack King of the Littlefield Drive Church of Christ, also reminded his congregation that "Christians commemorate the resurrection of Christ each first day of the week."

"Easter itself is a heathen ceremony," Minister King said, adding "it developed first with pagans and actually there is no command as far as the New Testament is

concerned for such a celebration."

**Turn Minds to Christ**

Rev. William H. Anderson, pastor of the Church of the Nazarene, offered a sermon titled "Victorious Vacation." He said that "We as individuals must vacate our selves of the trivial and unimportant things of life and turn our minds to Christ, thus leading a victorious life."

At St. Martin Lutheran church, Pastor Donald W. Luckemeyer, described Easter as "the day death died." He went on to say that life now goes on and on and everyone may live forever.

"That is no idle dream. That is as true as the reality and promises of God such as this one of Christ, 'Because I live, ye shall live also,'" he continued.

**Rumors After Crucifixion**

Rev. Henry Haupt, of the First Presbyterian church, told his congregation that they "should look at things the way Jesus would in order to tell between rumor and truth." His sermon, titled "An Idle Tale," brought out the rumors after Christ's death on the cross.

Pastor James F. Cox of the Littlefield Missionary Baptist church presented a sermon on "The Resurrection of Our Lord" taken from the book of First Corinthians.

"The church rejoices in the blessed hope of our resurrection," he said.

afternoon, March 26. Mrs. Emmett Kerr gave the devotional entitled "Christians Must Be Extraordinary," taking the scripture reading from 1 Cor. 3:3.

Mrs. Kenneth Alexander gave "The Legend of the Easter Flower" by Grace Walker. The legend is that the lily grew in great abundance in the Garden of Gethsemane, and its perfume blessed the Saviour as He knelt in prayer. Today it is the symbol of purity.

Practical Stewardship Living

was the topic discussed by Mrs. W. M. Alexander, stressing "that love is the basis for Christian Stewardship and service." Scripture was taken from Matthew. She related the story of Mary, showing how her deeds represented practical stewardship living in three different areas of life with the wise use of her time, talent and possessions. "Her talents were not large but she was willing to use such abilities as God had entrusted to her. God expects no

less devotion from all who claim to be followers of Christ. Mrs. Clarence Alexander gave an example of the great musician Kretzler, when he said "I was born with music in my soul. It was a gift of God." Mrs. Royce Womack gave report of the nominating committee and the new officers elected to take office June 1st. The meeting was closed in prayer by Mrs. Jess Parker.

## Farm Value Of Beef Drops Faster Than Retail Value

During the last quarter of 1955, the farm value of choice grade beef was down an average of nine cents a pound, while the retail price dropped only 3.5 cents a pound.

A beef study by the U. S. Department of Agriculture shows that the difference between what the farmer receives for U. S. choice grade beef on the hoof and what the consumer pays for the meat has fluctuated widely during the seven years 1949-1955.

Retail prices remained relatively stable during the latter half of 1954 when farm cattle prices were rising, and during 1955 when farm prices generally declined. Marketing margins, therefore, narrowed substantially below the long-run average in the latter half of 1954. In 1955, however, they widened markedly, exceeding the high level of 1953. The comparisons are based on the price of a pound of beef at retail and the price of its equivalent weight of 2.16 pounds in the live animal.

Marketing margin is the difference in price received by the livestock producer and that paid by the consumer.

During 1955, the spread between the farm marketing price and the retail marketing price was about five cents a retail pound more than at the start of the seven year period. In the last quarter of 1955, the margin was 27 per cent wider than in the same quarter of 1954.

A series of studies is now under way in the Department of Agriculture dealing with the cost of processing and distributing food. This particular report, Beef Marketing Margins and Costs, publication 710, analyzes the trend of prices and margins for U. S. choice grade beef at different stages in marketing process.

The report states that fluctua-

## Texas Law Prof To Serve On Holmes Committee

A University of Texas law professor, Dr. Charles T. McCormick is a member of the national Oliver Wendell Holmes Devise Committee, which held its first meeting in Washington this month.

Dr. McCormick was appointed to the five-man committee by President Dwight D. Eisenhower. Congress has authorized the committee to utilize the money left to the nation by the noted Supreme Court Justice.

The funds probably will be used to publish a history of the U. S. Supreme Court, to finance University scholarships and to publish a volume of Holmes' writings. Prof. McCormick said.

**ADD UP THE COST** of keeping your present car in top condition this year—new tires—engine work—paint—battery—muffler—brake linings, etc. Then talk to your Plymouth dealer about his modern financing plan; find out how it may actually cost you less money to drive home in a '56 Plymouth—the only all-new car in the low-price three.

**"Let's trade! Your present car on a big, all-new, jet-styled Plymouth!"**

You'll own the only low-price car that's really new. Plymouth is all new—design of the future today. But the other two low-price cars? Still about the same as last year and the year before!

You'll own the biggest car in Plymouth's field. You'd have to pay hundreds of dollars more to match Plymouth's length and roominess.

You'll own the only low-price car with positive, mechanical Push-Button Driving. Greatest advance in a decade, and only Plymouth has it in its field! Touch a button . . . and you're off. Fool-proof! At left, safely out of children's reach.

You'll own the top performer of the low-price three. Plymouth is fastest from 0 to 30 and 0 to 60 m.p.h., as independent tests show! Just try that new Hy-Fire V-8—with up to 200 horsepower!

So—bring your present car in now and see how much we'll allow you on a magnificent all-new '56 Plymouth. We'll surprise you! And be sure to ask about our modern financing plan—makes owning a Plymouth easier than ever!

**PLYMOUTH costs less**

From the day you buy it . . . through all the years you own it . . . you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

**April Plentiful Foods Listed**

Beef and pork top the U. S. Department of Agriculture's plentiful foods list for April.

These two meats got the top rating because supplies are so heavy and prices so favorable to consumers.

Onions made the list for the first time this spring. Potatoes and dry beans are also listed.

Fruits on the April list include canned and frozen cherries, grape fruit, canned kadota figs and dates. Supplies of milk and other dairy products continue to increase with the advent of the spring season.

Broilers, fryers, ribs, lard, and peanut butter round out the plentiful foods list for April.

"A person is taller when he arises in the morning than he is at bedtime," says an anatomist. This is probably because so many things come up during the day to depress him.

**A Little Vacation In Every Day!**

What's it like to take the wheel of a 1956 Cadillac?  
If you don't already know, then we hope you'll come with us now on a little imaginary journey in the "car of cars".  
Suppose, if you will, that you're in the driver's seat.  
How wonderful you feel. Those deep, luxurious cushions hold you in perfect comfort—and all about you are vision . . . and beauty . . . and luxury.  
And how quiet and restful it is! The car is so smooth and silent in operation that your only sense of motion comes from the sound of the wind and from the passing landscape.  
Starting . . . stopping . . . turning—all are regulated with the lightest touch of toe and hand.

You simply lean back and enjoy the ride.  
We've heard it said that a drive in a new Cadillac isn't really a drive at all, in the normal sense of the word. It's a time for rest and pleasure and relaxation.  
Better come in for a visit some day soon.  
If you should decide to move up to a Cadillac, it will be our purpose to make you as pleased with your relationship with us, as your dealer, as you are certain to be with the car itself.  
The Cadillac name has long been a symbol of automotive integrity and honesty of purpose—and we make every effort to have our own business reflect the same ideals in our dealings with owners.  
It would be a pleasure to see you—at any time.

**CONOCO TIPS**  
By Forest Reeves

**Capital Investment Vs Total Receipts**

The ratio of capital investment to value of production in egg producing poultry flocks influences the earnings of poultrymen, says E. W. Wormeli, extension poultry husbandman.

This subject has been studied by Cornell University for several years. More than a thousand poultry farms were divided according to the number of years it took for total receipts to equal capital investment. A low group required one and a half years, and had a labor income of \$2300. The middle group required two and four-tenths years, and had a labor income of \$1100, while the third group required four years and had a labor income of only \$200.

There seems to be a direct relation between the way a man uses his money and the way he uses his time, says Wormeli.

Warmer climates in southern states offer advantage of lower building investment which is the largest part of total capital investment.

Texas figures are not available but an estimate that would serve as a basis for probable investment on a poultry farm are: land, 5 per cent of the total; real estate (houses), 45 percent; poultry, 35 percent; equipment, 10 percent; and feed and supplies, 5 percent.

If investment is larger than one and a half times the year's receipts the poultryman should find out in what area he over invested. On the other hand, if the investment ratio is low, the poultryman may be overlooking some labor saving investments that could increase labor income.

Wormeli adds, as in every business, the poultryman too, must give the dollars involved in his business the skillful management needed to bring about satisfactory earnings.

## Bottleneck For Lamb County

of the lethargy which has stymied the procurement of way for converting Highway 84 to four lanes is by the fear among some Littlefield businessmen that the road will tempt local shoppers to do more buying in Lubbock. This argument may have had some merit when all the road was a bottleneck, but it will back up on us shortly when the road through Hockley is widened and connects up with the newly widened section in Lubbock County. That will mean a good road leading into Lubbock, but a bottleneck leading into Littlefield, Amherst and Sudan. The road section will reach within eight miles of our city and then turn into a bottleneck. Shoppers living between Littlefield and Anton may find it easier to drive to Lubbock than to drive to Littlefield. This is not good.

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

— Battle lines are fast being drawn for control of the Democratic State Executive Committee. The Democratic convention is a hot argument. Harmony is a no-holds barred, slugfest.

When House Speaker Thum, leader of Texas' liberal forces and Godfather of the Democratic Advisory Commission, proposed that U. S. Sen. Lyndon B. Johnson be Texas' favorite son for President of the State . . . and head the delegation to the nomination in Chicago.

W. Sandlin, chairman of the Democratic State Executive Committee, had proposed Governor Shivers as chairman.

He charged that Byron Skelton, chairman of the DAC, had picked the favorite son and idea . . . and that Rayburn just his mouthpiece.

He denounced Rayburn's as a "cynical and calculated effort to divide the Democrats of Texas . . . to maneuver the nomination to the DAC PAC camp."

He challenged Johnson to stand for states' rights. His answer was that he had only a middle-of-the-road position. No one "from Texas" — either ultra-conservative or ultra-liberal.

He knows better than Allan D. DAC, PAC, NAACP, any other group he may name," snapped Johnson.

I an errand boy of Republican big business or the Republic?"

His attack between Washington continued. Shivers charged Rayburn of "trying to run the show from Washington." Rayburn charged Shivers "an angry, concentrated man . . . on a ship." Adding "I belong to the Democratic party but the Democratic party is not a party."

He replied that he had got the boat with Rayburn and Shivers in 1952. "we lost both the boat and the Tidelands!" He charged with "being a Democrat and an American second."

He has declared he will not himself to support "any party," and will hold himself out for the man he considers for President, regardless of party . . . "and I hope it will be a Democrat."

ing between Johnson and Shivers was in milder tones, with concluding that he had no intention of battling with "my old friend Lyndon Johnson." Without making his demand for Johnson's position on the issue, Shivers said, "I would not go the way of Texas honor-

ing him as chairman of the delegation or as favorite son."

Johnson has not said whether he would permit his name to be presented as a favorite son candidate, or whether he would take the chairmanship. He has said, however, that he hopes to be a delegate.

All of which means a show-down fight for control of the Democratic State Convention in Dallas, set for May 22. Liberals have promised a contest there . . . and if they lose they will attempt to bar the conservatives from the national convention. Rayburn will be temporary chairman of the national convention.

**Interposition Approved**  
Complying with Governor Shivers' request, the Democratic State Executive Committee has ordered on the July ballot a referendum on "interposition." This seeks a voters' mandate for the Texas Legislature to petition Congress for a constitutional amendment re-establishing and protecting states' rights.

It is an attack on U. S. Supreme Court decisions, such as the Tidelands, school segregation, federal control over natural gas, etc., which Texas conservatives have branded as an unauthorized invasion of states' rights.

**Ineligible For Office?**  
C. T. Johnson, who testified five times under oath that he had spent "no more and no less" than \$125 in traveling the length and breadth of Texas while campaigning for Lt. Governor in 1954, now admits spending \$1200 more than he reported.

This exposure resulted from charges by Russell W. Bryant, Italy publisher, that Johnson could not have traveled an admitted 12,000 to 15,000 miles for \$125 (or approximately 1c a mile).

"There isn't a standard make automobile made that doesn't cost nearly 2c a mile for gas alone," said Bryant. "And Johnson testified under oath that the \$125 included not only gas, oil, tires, batteries, etc., but also such other necessary travel expenses as lodging and meals."

In admitting the \$1200 additional expenditure Johnson stated that he did not report any expenses under \$10. State laws require the reporting of all expenditures, and the names and addresses of persons with whom more than \$10 is spent.

Falsification of a campaign expense report prohibits such candidate's name from appearing on the ballot at any succeeding election.

**Yarborough After Grassroots Votes**  
A down-to-earth intensified campaign for governor is under way by Austin Attorney Ralph W. Yarborough.

His first official move was a cross-roads plea for contributions and support "from the common people who believe in the Democratic form of Government."

Ads appear this week in weekly newspapers throughout Texas soliciting one dollar or more from small-town contributors. It's a "Dollars for Democracy" appeal.

**Short Snorts**  
Atty. Gen. John Ben Shepperd has called for the establishment of a Texas commission to define the boundaries in which the federal, state, county and city governments should operate. . . . Also advocated is a code of ethics for public officials—those at the local as well as the state level. . . . **WE'LL NEVER UNDERSTAND IT**

We've never quite understood the provisions of the Social Security Act, and no wonder, with Congress changing the provisions nearly every time they meet. But we are baffled by the latest proposal to drop the "old age" mark for women to 62 years of age, making benefits available to them at that age while leaving men to struggle to 65 before they reach "old age."

We had always thought women subtracted years from their age as they grew older and we doubt if very many women were consulted as to this new change.

The way things are going, with each wave of politicians eager to outdo the other in the scramble to give more old age "benefits" through Social Security, it is quite likely that the Social Security fund will be bankrupt by the time most of the present generation reaches the age where they are supposed to be on the receiving end. — Ochiltree County Herald.

Texas politics has become as crazy as our modern music. No song these days has a chance at the hit parade if it has a pleasant melody, possesses intelligible lyrics, and is presented by a vocalist having the rudiments of good musicianship.

To be a hit, a song must be a combination of gibberish and discords, each line must end with either a drop in pitch or a grunt, and the vocalist must have either gravel or mush in his throat, and suffer with St. Vitus dance. — Tulsa Herald.

## Could Happen

It is wondered how long women would stay married, on the average, if they could return or exchange husbands as in the case of purchases made at department stores.

## Lipstick Logic . . .

LOUISE C. ALLEN

With all the pre-Easter buildup, we went to church Sunday morning expecting the worst in women's head coverings. We even thought of wearing sun glasses.

Newspapers and magazines had pictured the most fantastic chapeaux for the occasion—huge floppy straws covered with a riot of flowers, peaked bonnets, great bucket-like toppers, tiny flower garlands. We wouldn't have been surprised at anything.

Yet in many ways it was the least outlandish display of the year. If anything, women in our church had gone conservative. The hats were predominantly white, black and navy blue, with an occasional sand-colored 'bucket' or flower-bedecked turban for contrast. Variety came more in shades. Only the little girls' bonnets were completely unrestrained in color and fakishness.

As we walked out of the church, however, we had an entirely different impression of the Easter splendor. About nine out of ten women wore gay corsages, with contrasting tones in ribbons and the frocks underneath their coats. Even the dark-suited men, in many cases, wore a bright red rosebud or pink carnation in his buttonhole. We would be the last to discourage the happy mood that does and should bespeak the Easter season. We are grateful, however, for the common sense approach to color now being shown by women who must wear a hat more than one Sunday. It would seem that the spirit of a bright new day is more easily conveyed to Easter morning listeners via the smooth straw surfaces we saw Sunday than on broken air waves caused by the sharp hills and valleys of many blossoms and a confusion of color.

Free treatment near home

for members afflicted with PULMONARY TUBERCULOSIS

TUBERCULOSIS is still the nation's No. 1 killer of men under 34. However, new methods are outmoding old techniques in the treatment and cure of tuberculosis and progress is being made.

This has come about, according to the National Tuberculosis Association, through the development of

The wonder drugs STREPTOMYCIN, ISONIAZID and PARAMINOSALICYLIC ACID have helped cut drastically the death rate from tuberculosis.

better techniques of treatment and especially through the discovery and almost universal use of wonder drugs such as Streptomycin, Isoniazid and Para-aminosalicylic Acid.

The Association points out that it also has been discovered that climate is not a major factor in the treatment of TB.

"Today, the men who have spent their lives in research, diagnosis and treatment of tuberculosis are convinced that climate is not necessary in the fight against this disease. Most tuberculars can be successfully treated at or near their homes, regardless of where they live."

—Elmer Hess, M.D., President American Medical Association

Our new plan for free treatment of afflicted Woodmen

Keeping in step with modern medicine, Woodmen of the World is discontinuing operation of its own hospital in favor of a new and better plan for the treatment of its tubercular members. The plan provides that Woodmen with a year or more of membership will receive free treatment at nationally recognized private hospitals in or near their home cities

...or even as outpatients if this treatment is authorized.

This new plan offers many advantages. The most important:

1. Treatment near home and family.
2. Quick, easy access to modern methods in lung surgery.
3. No reacclimatization necessary.

Many members can complete con-

valence at home, benefiting from family contacts and familiar surroundings.

Healthy people make happy homes.

## Our Mission

Lesson for April 8, 1956

WHEN a great bomber sets off on a military mission, or when a plane loaded with leaflets takes off for a propaganda mission, no matter how good the plane is otherwise, the mission will be a failure without three essentials for success. One is gas enough to reach the target. The second is an engine that will not "conk out" going or returning. The third is a crew that can be relied on to function under all weather conditions. The third essential is a crew that will follow instructions, competent to fly the plane and to deliver its load at the right place, the right time, at the right place.

Dr. Foreman

**The Mission of the Church**  
One of the last words Jesus uttered before his Ascension was "Go." But what is a going church? Sometimes all that is meant by that expression is simply a church that has meetings once in a while. But that is not the idea Christ had in mind. The original Christian church had meetings, and good ones they were; but it began to go after the meetings were over and the disciples scattered everywhere, bringing the Word, the good news of God's love, the good news about Jesus. The church was going when it was growing; going when it took the message to new places and to people who had never heard it before. A going church, in short, is a missionary church. Some people don't like the word "missions." It seems to carry or suggest the idea of superiority. Not at all. We do have a superior article, the Christian faith and life. But we do not have to be conceited about it. Does a salesman have to be conceited if he is selling the best line on the market? Does a doctor have to be conceited about prescribing the best drugs yet invented? We did not invent our religion. God gave it to us. He gave it to us to keep and to share; and if we do not share it we shall hardly keep it.

**Power of the Spirit**  
Going back to that airplane a moment: Enough gas, plus an efficient engine, spells POWER. No matter how important the mission is, no matter how good the intentions are, without the power everything collapses. So it is with the church. Our mission has been set by God himself. But when the church takes off with its tanks empty, and some home-made do-it-yourself tinkered-up sewing machine in place of a good engine, it will never accomplish its mission no matter how good it is. Wanting to reach the target is not enough. Don't we all pray, "Thy Kingdom come on earth . . . ?" That is a missionary prayer. Don't most churches offer prayer for missions, and even take up offerings for missions? Yet any one who knows the church will tell you that the church's missionary responsibility is shirked and slacked. We play at missions, we leave millions on millions without a ray of Gospel. The record of many a evangelist, if you looked at it, would never suggest that that church knew much or cared much about what Jesus said on his church in his solemn last words: "Go—into all the world!" The trouble is that the Church does not have the power. It could have the same power the first Christians had, the power of the Holy Spirit. Only a Spirit-filled church is going to be much of a missionary church.

**Power of Testimony**  
The other necessity of the plane on a "mission" is personnel. Power alone is not enough. There must be men who are prepared to use that power. Now Christians individually, or the church at large cannot "use" the Holy Spirit, for no one can use God. But God's power is not poured out on just anybody (as many stories in the Bible show). His power comes to those who devote themselves to him and his cause. The early church waited for the Spirit, waited for power; but once they had received it they proceeded to carry out Jesus' directive: Go into all the world! A Christian, or a church, that wants God's power for selfish reasons, will not be given it. A Christian, or a church, that prays for God's power so as to be able to witness for him,—so as to win others for him,—will find that prayer answered. The power will come. If the church today is making too feeble a mark on one world, it is because the church does not seek true spiritual power for true spiritual service. ## The Road To Glory

These words were written of Jesus Christ: "And being found in fashion as a man, he humbled himself, and because obedient unto death, even the death of the cross. Wherefore God also hath highly exalted Him, and given Him a name which is above every name." (Philippians 2:8-9). They point out:

- The Humility of Christ. "He humbled himself."**  
Philippians 2:7; He "made himself of no reputation, and took upon himself the form of a servant, and was made in the likeness of men."
- The Obedience of Christ. He "became obedient unto death,"**  
obedience by the things which he suffered; and being Hebrews 5:8-9: "Though He were a Son, yet learned He made perfect, He became the author of eternal salvation unto all them that obey Him."
- The Glorification of Christ. "God also hath highly exalted Him."**  
Hebrews 1:3: When He had purged our sins, He "sat down on the right hand of the majesty on high."

Thus we see that the road to exaltation for Christ was that of humility and submissive obedience. Let us observe that in this chapter where these things are said of Christ, they are pointed out as the road for us, for they are prefaced with these words in verse 5: "Let this mind be in you which was also in Christ Jesus."

# Details For The FINAL COUNT

In The Littlefield Newspaper's Big Prize Campaign Published Below

Help Your Favorite Now -- Many Candidates Finishing With Only Hairline Difference Between Them! That LAST SUBSCRIPTION May Be the DECIDING ONE, Even Though the Cont Is Less This Last Week!

WHO WILL WIN THE THREE \$100 SPECIAL PRIZES BEING GIVEN THESE CLOSING DAYS?

In order to maintain the utmost secrecy as to the number of subscriptions and votes turned in by each candidate in this, the last of the Littlefield Newspaper's campaign, the race is being held in a close under a sealed ballot box system. No subscription whatever will be accepted through the Campaign Department this period, but instead, candidates themselves deposit their final collection in the SEALED BALLOT BOX located in the Security State Bank of Littlefield. By doing so, not only the publisher or campaign management, can possibly not know the voting strength of the respective candidates this period, but it precludes any possibility of favoritism and insures fairness to the minutest degree. The sealed ballot box will be in the lobby of the bank, where it will be available for turn-ins during the regular banking hours today, and after 7:00 p. m. Tuesday it will be available in the BANK LOBBY for candidates to make their reports until the closing of the campaign, 9:00 p. m., Tuesday, April 10, when the race is declared closed. When the final hour arrives, the campaign will be declared closed. The judges will break the seals and immediately thereafter, as soon as the votes can be issued on the subscriptions contained therein, the last vote count will begin. The winners will be determined by merely adding the vote totals and those contained in the sealed box. It is expected to require some time to tabulate the reports in the ballot box to determine the winner. However, the official count will be completed Tuesday night and the names of the winners and the number of votes of each will be announced in Thursday's Leader.

### Candidates Attention!

Heretofore, candidates have had the privilege of reporting subscriptions by phone as late as the closing hour of the various vote reductions. This will not be permitted the last night of the campaign.

All votes and Subscriptions Must Be in the Sealed Box When the Race Is Closed at 9 O'Clock Bank Time on Tuesday, Night, April 10th.

#### IMPORTANT NOTICE

Make sure the stubs and money check perfectly in the ballot box and observe the rule printed elsewhere on this page, which says in part: "PERSONAL CHECKS WILL POSITIVELY NOT BE ACCEPTED IN THE BALLOT BOX FOR MORE THAN \$8 DRAWN ON THE SAME PERSON." All subscriptions deposited in the sealed box must be accompanied by cash, or personal check, not to exceed \$8, drawn on the same person. This rule is made in fairness to all candidates and will be strictly adhered to.

#### How Subscriptions Count This Final Period:

Each 2 year subscription ..... 20,000 votes  
 Each 1 year subscription ..... 4,000 votes  
 Each one-half year subscription ..... 2,000 votes

Each year in subscription, old or new, counts 10 points on the three \$100 special prizes this last period.

### Advisory Board

It was the sincere desire of these newspapers to conduct this drive from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants and absolute honesty in all dealings is guaranteed. However, not all wisdom lies with one man or institution; for that reason, an Advisory Board was selected whose function was to decide any question of sufficient moment that might have arisen during the campaign, and from which a committee shall be selected to act as judges and count the votes the last night of the campaign.

Names of the Advisory Board appear below:

- J. C. HILBUN  
President Security State Bank
- DON BELL  
Cashier First National Bank
- BOB KIRK  
Lamb County Judge

All these gentlemen are well known to everyone in this locality and their decision will be absolute and final, however, all candidates have the privilege of checking the count and all records after the close of the campaign and see how the winning were acquired.

The Big Question On Everybody's Lips In Littlefield Trade Territory Is:

## Who Will Win The PRIZES

In The Littlefield Newspaper's Big Campaign Ending Next Tuesday, April 10th

WHENEVER A GAME IS WON OR LOST IN THE LAST INNING. IT IS NOW OR NEVER . . . SUCCESS OR FAILURE!

### How The Territory Will Be Divided

DISTRICT NO. 1 — District number one consists of Littlefield and Littlefield rural Routes. Two or three of the five major awards and three district prizes must be awarded to candidates residing in this district.

DISTRICT NO. 2 — District number two consists of the territory outside of the above mentioned territory. Two or three of the five major awards and three district prizes must be awarded to candidates in this district.

Candidates are not confined to any particular District to secure subscriptions. Instead, may take orders anywhere. The territory is only divided for the awarding of prizes with a set of prizes to be awarded candidates residing in each district.

### How The Prizes Will Be Awarded

The candidates with the greatest number of votes in the campaign, regardless of district, will be awarded a \$900 order on choice of the cars listed on this page or \$500 in cash.

Then the candidates residing in the other district with the greatest number of votes will be awarded a \$800 order on the remaining cars or \$500 in cash.

Then the candidate with the next highest vote standing, regardless of district, will receive a \$700 order on remaining cars, or \$400 in cash.

Then the candidate with the next highest vote standing, residing in the district which has been awarded only one prize, will receive a \$600 order on remaining cars, or \$300 in cash.

When neither of the first four prizes have been awarded to a person residing outside of Lamb County, the \$500 car order or the \$200 in cash must be awarded to the person residing outside of Lamb County with the greatest number of votes.

When either of the first four prizes have been awarded to someone residing outside of Lamb County then this prize will be awarded to the person with the next highest number of votes, regardless of district.

Then the candidate with the next highest vote standing in each district will be awarded \$200 in U. S. Savings Bonds or \$150 in cash each.

Then the candidate with the next highest vote standing in each district will be awarded \$100 in U. S. Savings Bonds or \$75 in cash each.

Then the candidate with the next highest vote standing in each district will be awarded \$75 in U. S. Savings Bonds or \$50 in cash each.

All candidates will be paid 20% commission on all the money he or she turns in at the time it is received at the campaign office, but candidates who are awarded car orders or Bonds must refund the commission they have been paid when receiving the prize, and candidates who are awarded cash awards must have the commission they have been paid count as part of the cash award. All Bonds are accrued at maturity.

Part 3 -- The Lucas Gusher

Allen Hamill Helped Open New Era In Oil History

Editor's note: Sketch compiled from records of Oral History of Texas Oil Pioneers, University of Texas. Persons who can contribute additional information, documents, or photographs of early oil fields should write to the Archives Collection, Box 7567, University Station, Austin, Texas.

The greatest honor of Texas oil fields—drilling the Lucas Gusher—belongs to Allen W. Hamill, who at the age of 24 helped open a new and dramatic era in oil history.

He had started work in the oil fields as a tool dresser for his brother Jim at Corsicana in 1897. He was then a gangling youth with no experience but with a willingness to work and learn. By 1900, when the Hamill Brothers were given a contract to drill a 1,200-foot test well at Spindletop, he had worked up to driller and partnership in the company.

Jim sent Al to Beaumont to make preparations for the crew. It was a discouraging experience. Several tests had been made, all of them failures. Near his location Al could see an old pipe sticking out of the ground, another man's dream rusting to nothingness. But his word had been given, the well had to be drilled. He sent for his brother Curt and Peck Byrd.

No well was ever started under more unfavorable circumstances. There being no derrick builders in Beaumont, Al, Curt, and Peck laid timbers out on the prairie for a pattern and cut them to fit, like a woman cutting out an apron. They had to fire their boiler with pine slabs hauled from a lumber mill in Beaumont.

Signs for oil were good, Captain Lucas was enthusiastic. Their contract at two dollars a foot was fair enough; Guffey and Galey would furnish pipe; they would furnish derrick, equipment, and fuel.

They landed in Beaumont in early October. They spudded in October 27, and immediately hit trouble.

At 600 feet they had a gas blow-out that did some damage to the rotary. To prevent a repeat they decided to keep the pumps going at all times. That meant 18-hour towers for all hands.

Sure they had gas and oil, but with the well plugged with 300 feet

of sand, they closed down for the Christmas holidays.

January 1, 1901—first day of a new century—they were back drilling. At about a thousand feet they hit something like a crevice. Their oil worn bits turned and turned but would not cut through.

They got a new bit from Corsicana and on the morning of January 10 started lowering it in the hole. At about 700 feet down, without warning, mud began boiling up through the rotary. It boiled a few minutes and then quieted down, leaving them six inches of mud to clear off the derrick.

Suddenly a chunk of mud came through the six-inch hole with the roar of a cannon. Then black oil, rocks, shale blew higher and higher until there was a spout 30 feet above the derrick, for Beaumont and the world to see.

The well gushed 10 days while they tried to figure a way to control it. Then, with a contraction of iron and timbers, Al and his crew braved the rain of oil and capped the gusher.

Cox Announces For Re-election To DA Post

Joe L. Cox, District Attorney, 64th Judicial District, has announced that he is a candidate for re-election for a second term in the July 28th Democratic Election. The 64th Judicial District is composed of Bailey, Castro, Hale, Lamb, Parmer and Swisher Counties.

In making his announcement, Cox said, "I want to express my appreciation to the people of the district for the support and cooperation they have given me during my long term as District Attorney. If re-elected, I feel I will be able to use the experience I have gained to better serve."

I shall continue to work in harmony with the Court and in cooperation with all law enforcement officers. I will conduct the business of the office in a fair and impartial manner and with courtesy and efficiency." (Adv.)

Kent Brooks Completes Navy Pre-Flight Course

KENT BROOKS

Kent Brooks, 20-year-old son of Mr. and Mrs. Ernest D. Brooks of Littlefield, recently at the U. S. Navy's pre-flight school at Pensacola, Fla.

Brooks is now at Whiting Naval Air Station, Milton, Fla., receiving further training. When he completes the program, he will be commissioned as an Ensign and designated a pilot.

A graduate of Littlefield High school in 1953, Brooks attended Texas Tech two and one-half years prior to entering the service.

Texas Drivers Get Warning: 'Watch For Kids'

"Watch out when kids are out!"

That warning was given to Texas drivers today by Mr. E. C. McFadden of Dallas, vice president of Employers' Casualty Company and president, Texas Safety Association, as he urged them to give full cooperation to the child pedestrian safety program which the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting this month.

"Children can hear safety rules day in and day out in school and at home, but still forget all about them when a ball rolls out into the

street," Mr. McFadden said. He reminded drivers to keep a constant lookout for such situations and to be ready to act fast in an emergency. "The only way to compensate for children's heedlessness," he said, "is by the use of extra caution and alertness on the part of every driver."

"Be especially careful whenever you drive near schools, playgrounds, or any other place where youngsters are likely to be found," Mr. McFadden said. "Keep a sharp eye out for signs, signals, traffic police, school patrols and the youngsters themselves. Even when you don't see any children around, they may be dangerously near, so look for such clues as tricycles, roller skates and other toys lying around and listen for the shouts of youngsters at play."

He also cautioned motorists to give bike riders every break. "Lack of skill handicaps many young riders while others suffer from over-confidence," he said, "and the result of either can be disastrous if the driver does not act quickly enough to avoid an accident."

Bula High Juniors Give 'Aaron Slick' Tonight At Eight

"Aaron Slick From Punkin Crick" Broadway's second most produced play and the "grandpappy" of all rural and hillbilly comedies, will be presented in the Bula High school auditorium tonight at 8 o'clock, by the Bula Junior class under the sponsorship of Marion J. McDaniel.

Appearing in the play will be an experienced cast. Last year the class presented "Hobgoblin House", a mystery-comedy, as a part of a speech course. Junior Austin and Arvin Stroud acted in last year's senior play. Hard work and long study both last year and this year should enable the cast to produce a highly skilled play.

Mr. Daniel, the director, will be producing his sixth play, having produced one every year he has been at Bula. Said McDaniel, "I believe that this year's play will be a great achievement for the class, or at least as good as could be done without going outside the class for character casting, which I never do."

Admission will be 25c for 7th grade and below, 50c for 8th grade and above, and possibly some reserved seats for 75c.

In India and China otters are trained for fishing.
