## Pleasant Valley Girl FB Queen

PLEASANT VALLEY—Eighteen-year-old Nan Allison was the last to enter the Lamb County Farm Bureau's 1958 queen contest. But she came in first here Tuesday night, winning the coveted title over 10 other contestants. A crowd of more than 150 persons looked on at the Community Center here as Farm Bureau President V. M. Peterman of Amherst crowned the new queen.

Nan, daughter of Mr. and Mrs. Oscar Allison of Pleasant Valley, edged out another Pleasant Valley beauty, Rita Turner, 16-year-old daughter of Mr. and Mrs. Doyle Turner, for the honor. Rita will serve as the county's alternate in the event Miss Allison is unable to compete in the district queen contest at Lubbock Sept. 6.

Nan also had plenty of competition from her kinfolks, Sister Susan, 16, and Cousin Sherry, 17, daughter of Mr. and Mrs. Gerald Allison of Pleasant Valley, along with seven other contestants from all parts of the county. Four judges, all from Leveland, selected Nan on the basis of personality, poise and appearance.

The girls came out separately for the first view, then came back as a group, using a South Sea Island backdrop as a background. Each was called back for an interview with Emcee Kenneth Duncan before the girls came back as a group once again. The 1559 queen is a 1958 graduate of Muleshoe High School, where she was a drum major last year. She was third in the 1957 Farm Bureau queen event. She plans to attend West Texas State at Canyon and study business.

## Ballot Has Only One Other Race

Incumbent County Treasurer Mrs. Bill Pass and Mrs. Lucy Moreland, Amherst city secretary, square off Saturday in the Second Democratic Primary.

The county treasurer's contest is the only local race on a short ballot involving only one other contest, that between Robert Hamilton of Midland and J. Edwin Harris of Houston for State Supreme Court justice.

The brevity of the ballot apparently will cut down the turnout at the polls Saturday. Less than 200 absentee ballots were cast, almost 100 down from the absentee voting in the first primary. Count on the absentee votes was given as 195 by County Clerk Charles Jones Wednesday morning.

Polis Open At 8 a.m. Polls will be open from 8 a.m. to 7 p.m. in all precincts Saturday.

Guesses as to the turnout ranged around the 1,000 mark. About 4,000 persons voted in the first primary.

The turnout could have a lot to do with the outcome of the county treasurer's race. Mrs. Pass ran strongly in Littlefield's precinct 12 in the first primary, capturing 505 votes to Mrs. Moreland's 187.

Mrs. Moreland, in turn, ran way ahead at Amherst, 259-19.

Mrs. Pass Led The total count showed 1,567 votes for Mrs. Pass and 1,145 votes for Mrs. Moreland.

The outcome also could be decided by the votes which went to A. S. (Pete) Parrack and L. D. Stanaford, both of Littlefield, in the first primary. Parrack got 709 and Stanaford 353.

Mrs. Pass took Olton, Spade, West Littlefield, Pleasant Valley, North Sudan, Beck Gin, Hart Camp, Springlake, North Littlefield and the absentee box in the first primary.

Mrs. Moreland was the victor at Earth, Fieldton, Sod House and South Olton.

In the Supreme Court justice race, Hamilton took Smith, 1,335 to 363 in county returns in the first primary.

## Tommy Henson Leaves Hospital Monday

Tommy Henson, nine-year-old son of Mr. and Mrs. T. A. Henson, 700 E. 14th, who was hospitalized last Thursday afternoon after a shot from a b-b gun accidentally struck him in the eye, was dismissed from the West Texas Hospital in Lubbock Monday.

Henson reported his son's condition as satisfactory and there was no permanent damage to the eye, he said.

The b-b struck Tommy in the corner of his right eye, Henson said. Tommy and another boy were playing together when the accident occurred.

## Highway 84 Crash Injures Lubbock Man

A Lubbock man was seriously injured Wednesday about 9:30 a.m. when his car collided with a truck tractor and semi-trailer on Highway 84 a mile east of Bainer Switch.

The man, James Robert St. Clair of Lubbock, was listed in fair condition at Lubbock Methodist Hospital after the mishap.

He suffered internal injuries, a fractured hip and cuts and bruises, attendants said.

Officers said St. Clair was driving west on Highway 84 when the auto struck a truck driven east by Strares Ekels Owens of Graham.

Owens, who was unhurt, told officers that he saw the St. Clair auto run off the road, then come back up on the road headed toward his truck.

Owens said he drove the truck off the highway to avoid the car, but the St. Clair auto then crashed into the truck just to the rear of the cab.

Owens also told officers that he was unable to see any driver in the car while it was coming toward the truck.

## Cats Work Out Aug. 29 8 Area Football Teams Start Workouts Monday

By ALEX DUGGAN Officials from eight different area football towns announced that twice-daily workouts will begin for their squads Monday, getting an early start on the 1958 season which will begin Sept. 5 in most cases.

Littlefield workouts will begin Aug. 29, and the opener will fall on Sept. 12.

Coach Joe Turner, veteran of seven years coaching at Olton High School, announced that his daily practice sessions will begin at 8 a.m. and 4 p.m. Olton will open its season Sept. 5, clashing with Petersburg at Olton.

Turner will be rebuilding since he has just five lettermen returning from his 1957 team. Olton is in District 4AA.

Nine lettermen will return at Sudan, where F. M. Smith is handling the coaching duties. Sudan's opening game will be staged at Morton against Morton's Indians.

Springlake's battling Wolverines will first have a scrimmage with Whitharral on Aug. 29 before opening the season at Springlake Sept. 5 against Dimmitt. Springlake's head mentor, Don Townsend, announced that his workouts will begin at 7:30 a.m. and 7:30 p.m. The Wolverines will be battling in District 2A.

Anton's new head coach, Dave Wayne Grable, will have 10 lettermen returning from last year's team, which won two games. Anton joins Sudan and Springlake in District 2A.

Elmer Watson, superintendent at Amherst, has announced the hiring of Neal Chastain as head coach. Chastain comes to Amherst from Crosbyton.

Amherst is looking forward to a bright season, since the Bulldogs lost only three players from last year's middling team. Amherst opens its season at Anton (Continued on Page 5)

## Teenagers Admit Theft Of Melons

Five Littlefield teenagers admitted Tuesday in a hearing before County Judge Pat Boone Jr. they took approximately 15 watermelons from a farm south of Littlefield Monday night.

County Judge Boone said the boys admitted taking the melons from a truck-trailer on the farm of Kenneth Priboth, about six miles south of Littlefield.

Priboth fired several shots into the air with a .22 calibre pistol as the boys fled when he surprised them.

The incident occurred on the boys' second trip to the Priboth farm Monday night.

On the first trip, four of the youths took about nine watermelons off Priboth's trailer and slipped away with them.

Priboth noticed the theft after the boys had gone and was ready for them on the second trip.

The four boys recruited another youth and returned, took about six melons and started to leave. Priboth then fired several shots as they fled.

Priboth told County Judge Boone that about 30 melons were missing from the truck.

This was attributed by the boys to several other unidentified teenagers who they said had probably taken some melons.

County Judge Boone said he planned to call all five youths back in with their parents for another hearing.

In another juvenile hearing Tuesday, Judge Boone released two other local youths to their parents. The boys had been picked up Monday night on drunk charges.

## Scattered Rains Fall Over Area

Rains spotted the Littlefield area Tuesday night, leaving about .30 of an inch of moisture here.

Scattered showers also hit around Earth and Amherst, with some light hail over about 500 acres of farm land north of Amherst. Earth, Amherst and Springlake got a half-inch, along with Whitharral.

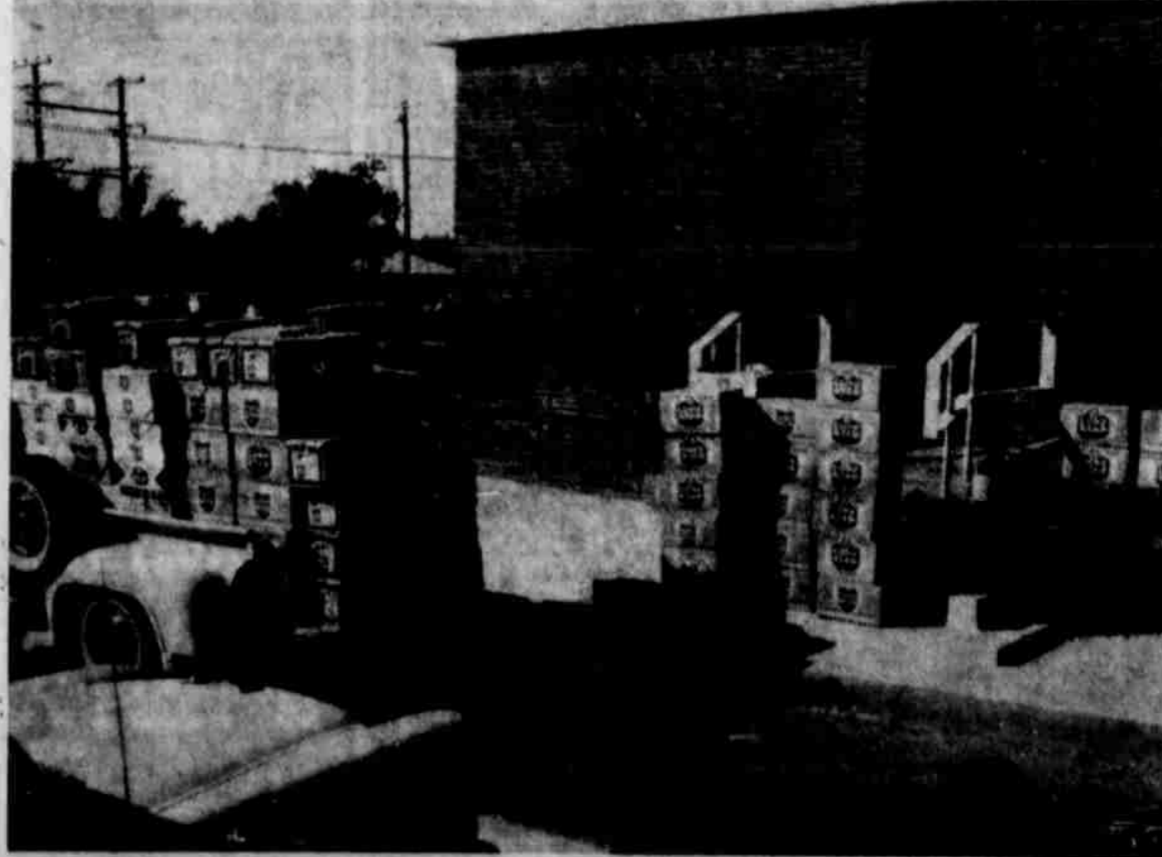

Dryland farms in scattered areas were helped, with reports of two inches of rain in isolated spots.

## THE WEATHER

Today's Forecast - partly cloudy and scattered thunder-showers through Thursday; not much change in temperature.

Temperatures - Sunday high 87, low 70; Monday high 90, low 68; Tuesday high 94, low 71; Wednesday at noon high 86, low 66.

## Twin Ring Vows Read For Miss Tillery-McCollough

MRS. GERALD McCULLOUGH

Miss Janette Elaine Tillery and Gerald McCullough were united in marriage July 28 in the home of the bride's parents, Mr. and Mrs. Ralph Tillery of Littlefield. The groom's parents are Mr. and Mrs. Robert McCullough of Highland Park, Mich.

The double ring ceremony was conducted by Rev. John T. Williams, pastor of the Littlefield Parkview Baptist Church. Violin music was played by Barbry Smith, niece of the bride. The numbers presented were "The Bridal Chorus" and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a wedding gown of white embroidered cotton satin, designed and made by her mother. She carried a bouquet of white carnations atop a white Bible. Her finger-tip veil was attached to a bandeau of rosebuds and was edged in French lace.

Bouquets of roses decorated the room where the ceremony was performed.

A reception was held immediately following the ceremony. Mrs. John T. Williams presided at the punch bowl and Mrs. Tillery served the wedding cake.

After a short wedding trip to New Mexico the couple will make their home at 2406 Avenue X in Lubbock, Texas.

MRS. BAYNE McCURRY of Spade explains her work as THDA chairman and displays her THDA file before the State HD convention held in Austin Aug. 13 through 15. Mrs. McCurry was a delegate from the Lamb County HD association. She is a member of the Spade HD Club. Other Lamb County delegates attending were Mrs. Allen Haley of Pleasant Valley and Mrs. Johnny Lee Feagley of Rocky Ford.

## Lamb County HD Delegates Attend Annual State Convention In Austin

The thirty-second annual convention of Texas HD Association met in the Stephen F. Austin Hotel in Austin Aug. 13 through 15. The theme of the meeting was "Christian Homes, Hope of the Nation."

Fifty-seven women from district two left Lubbock by chartered bus early Aug. 11 and returned home late Aug. 15. Mrs. Bayne McCurry of Spade served as one of the bus hostesses.

The Lamb County delegates were Meses Allen Haley of Pleasant Valley, Johnny Lee Feagley of Rocky Ford and Bayne McCurry of Spade.

The general assembly opened Wednesday morning with Mrs. R. C. Wood, state president, presiding. The highlight of the morning session was an address on "Christian Homes, Hope of the Nation," by the Secretary of State, Zolly Steakley.

The outstanding feature of the afternoon session was the THDA workshop with Mrs. Melton McGehee, state treasurer, in charge. Appearing on the program with her were Mrs. Mona Hildreth, HD agent from district one; Mrs. Wilmer Smith, state secretary; Mrs. Maxey Harvey, chairman of the Health and Safety committee and Mrs. Luther Anderson Jr., vice-president of district five.

Mrs. McCurry, who is the incoming THDA chairman of Lamb County, explained the work of the THDA chairman and her committee. She also showed her THDA file and gave an outline for completing the file.

The ladies of district two went on a sightseeing tour of the city late Wednesday which included a stop at the capitol building.

A smorgasbord meal was served to the entire convention in the hotel Wednesday night. The entertainment consisted of acrobatic acts by Austin youths and seven 4-H club girls from district five, who were blue ribbon winners in the state contests. They presented a "Black Lights" number.

The election of officers for the next two years was held Thursday morning. Officers elected were Mrs. Wilmer Smith of Wilson, state president; Mrs. Melton McGehee of district one, vice-president-at-large; Mrs. Bill Tucker of district eight, secretary and Mrs. George Hackney Jr. of district four, treasurer.

On Thursday afternoon, the civil defense, recreations and citizenship workshops were conducted. Mrs. O. D. Kennedy was chairman.

Mrs. Bayne McCurry opened the workshop by leading the "Pledge of Allegiance to the U.S. Flag" and gave the invocation. Mrs. Kennedy made the introductions. Mrs. McCurry gave information on National Citizenship Day which is Sept. 17, and urged each club to observe that day.

She then introduced a guest speaker, Joseph L. Manus, natu-

ralization examiner of San Antonio, who gave the requirements and procedures of naturalization. He also demonstrated a naturalization ceremony with Mrs. McCurry taking the Oath of Allegiance.

Mrs. Feagley assisted in the recreation workshop and Mrs. Haley attended the Civil Defense workshop.

The installation of officers was held Thursday night. Mrs. B. M. Harris of Hale County, who is a past state president, was mistress of ceremonies. Mrs. Ross Adamson of Lubbock County, outgoing vice-president of district two, was presented and the new district two vice-president, Mrs.

Kennedy, was installed. Mrs. Wilmer Smith was installed as state president.

The Education, 4-H and Health and Safety workshops were held Friday morning. Mrs. Feagley attended the Education, Mrs. Haley the 4-H and Mrs. McCurry the Health and Safety Workshop.

Mrs. Aubrey Russell, district two HD agent of Lubbock, took part on a panel of Extension Service personnel which presented the summary of a recent statewide survey.

The convention closed with the presentation of the new board. There were 768 women registered for the convention.

## East Pakistan Men Study Extension Service Work

M. S. Haq, State Extension Service director for East Pakistan, and Barde Alam, insect and plant specialist in East Pakistan Extension Service, were guests Monday night in the home of

Mrs. Lady Clare Phillips, Lamb County HD agent.

Haq and Alam are spending a year in the United States observing Extension Service work. They plan to use their experiences wherever possible in Extension Service work in East Pakistan.

Mrs. Phillips met Haq and Alam at the Regional School at the State University in Fort Collins this summer.

They have been in the United States for the past five months, and were spending a few days in Lubbock this week with the County HD Agent here.

Haq will spend the remainder of his year in this country in New Jersey, and Alam will be in Georgia for the remainder of his time.

"Alam is particularly interested in the watermelons grown in Texas because of the flavor," Mrs. Phillips said. "We grow watermelons in East Pakistan, but the flavor is not as sweet," she said.

Haq was interested in the preparation of the fried okra, or lettuce fingers as it is called in Pakistan. Mrs. Phillips served for dinner.

Alam has been with the Extension Service for the past two years.

The program is sponsored by the Pakistan Government and they are government employees.

ENGAGED—Mrs. Mollie Kennedy announces the engagement and approaching marriage of her daughter, Molly Ann, to Forrest David Dennis, son of Mr. and Mrs. E. L. Dennis of Amarillo. The wedding vows will be read Sept. 12 at 7:30 p.m. in the Littlefield Drive Church of Christ. The couple will make their home in Amarillo, where Dennis is employed by the Post Office.

### Family Picnic Held In Jarnagin Residence

**International**  
Lesson for August 24, 1958

WHERE can the will of God be most fully done? Where on this earth today can we come closest to finding the kingdom of God? To put it in still another way: where in this world would you find the place most like heaven? Walter Rauschenbusch, an outstanding Christian of 50 years ago, used to give the same answer most of us would: the Christian home. Ask the opposite question: Among all the forms and institutions of human relationships, where do you get farthest away from the kingdom of heaven? Where is God's will most rarely done? Rauschenbusch said: in international relationships. In other words, if a home can sometimes remind us of heaven, international affairs sometimes remind us of hell.

Dr. Foreman

**Man's Other Religion**  
Nevertheless, if a Christian is committed to justice, and if he believes that justice is always God's will and intention, then he will believe in justice in international affairs too—if it can be had. That's just the trouble. There are more obstacles to justice across national lines than anywhere else in the world. One of these is that nationalism is, as has been said, "man's other religion." Always and everywhere, whatever men's professed religion might be, the rival altar is the State. The State claims absolute sovereignty, demands absolute loyalty; and that one reason is why international relationships are so hard to make just and fair. For when the interests of two "absolutely right" countries clash, how can justice be found unless they yield to some authority among themselves?

**Entanglements**  
Does the Bible cast any light on this dark area of human life? It certainly gives us no blueprints; but it does give us inspired hints. One of these is the warning Isaiah gave his people, about 700 B.C., against alliances which would do more harm than good. Does this mean we should scrap the United Nations? Not at all. The United Nations is not the kind of thing against which Isaiah warned Israel. That was a tiny nation, and they were constantly tempted to seek security by military pacts with big nations like Egypt. That, said Isaiah, is just selling yourselves into slavery. Egypt never made any pacts except for Egypt's benefit; and an alliance between Egypt and Israel would be like one between a lion and a lamb; it would only serve to feed the lion and it would be the end of the lamb. The United Nations is a quite different thing. Most Americans do not realize the immense good that goes on, under its auspices, in many areas of life—child welfare, health services, education aids to business, and many other ways.

**Warless World**  
The prophet Micah, looking to the far future, sees a warless world. Not a world in which nations armed to the teeth refrain from attack for fear of retaliation, but a world in which no one will be even studying war any more. Is this possible? It may be, now, no more possible than a world without death. But just because death is inevitable, doctors and health services do not give up their fight against it.

**Prince of Peacemakers**  
Most Christians have a kind of hopeless feeling about international affairs. What can we do about it? We ask. One thing we can always remember—that international conflicts begin with bad impressions that one nation's citizens make on others. The world today sees Americans everywhere—tourists, business men, soldiers, missionaries. What sort of impression are these people making? What missionaries are trying to do is sometimes canceled out by what some stupid junketing congressman or private soldier on leave does or says. The more people are won by us to Christ, the more likely it is that these unofficial ambassadors of ours over the world will be Christians; and so the greater will our influence be toward peace.

**For the Future**

**SAVINGS**

**EVERYONE IN THE CHURCH**

**Americans take seriously the Boy Scout motto, "Be Prepared." We believe in insurance, Social Security and bank accounts. This person is planning for the future with savings.**

**There is another way to prepare to meet the future, and that is to learn to trust in Him who gives the future—Eternal God. Unless we learn to trust Him, our earthly security leaves us fearful still. If we learn to trust Him, our fear falls away and vanishes, though we know not what the future will bring, we know Who brings the future. The true preparedness for the future is faith in God.**

**EVERYONE IN THE CHURCH**  
The Church in Everyone  
Is something wrong with your life — an inner restlessness, dissatisfaction? The answer to every human problem comes only from God — one and resource. Through the church God has committed the provision and redemption of His forgiveness and relation no one is securely related to God. Everyone should be in the Church and the Church should be in everyone.

# Five-Man Battle Royal Slated At Wrestling Arena

Wrestling fans in the area will get to see an altogether different kind of match Saturday at the Littlefield Sports Arena. The first event will be a five-man Battle Royal, every man for himself, with no time limit. In the ring will be "Big Train" Clements, Bob Geigel, "Hard Boiled" Haggerty, Danno McDonnold and Larry Wright. The first man defeated will leave the ring and will return to referee the last match. The second and third man to be pinned will return to make the first main event of the evening. This match will be two out of three falls with a 45-minute time limit. The fourth and fifth man in the ring, will return for the last main event and this match will be a one-hour time limit and the best two out of three falls. Wrestling fans in the Littlefield area are in for a big evening of entertainment. The referee for the Battle Royal will be John Usery Sr., wrestling promoter in Littlefield.

# CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

HJR #31—Number Four on the Ballot.  
PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.  
HOUSE JOINT RESOLUTION NO. 31 proposing an Amendment to the Constitution of Texas to provide that all county officials for whom four-year terms of office were substituted in 1954 must resign such office prior to announcing for a different office when more than one (1) year remains unexpired of the term for which they were elected, and providing for the filling of such vacancies in the manner now provided by law.  
SECTION 1. Section 63 of Article 16 of the Constitution of the State of Texas is hereby amended so as hereinafter to read as follows:  
"Section 63. STAGGERING TERMS OF OFFICE.—The following officers elected at the General Election in November, 1954, and thereafter shall serve for the full terms provided in this Constitution:  
(a) District Clerks; (b) County Clerks; (c) County Judges; (d) Justices of the Peace; (e) County Criminal Court Judges; (f) County Probate Court Judges; (g) County Commissioners; (h) County Treasurers; (i) Criminal District Attorneys; (j) County Surveyors; (k) Inspectors of Hides and Animals; (l) County Commissioners for Precincts Two and Four; (m) Justices of the Peace.  
Notwithstanding other provisions of this Constitution, the following officers elected at the General Election in November, 1954, shall serve only for terms of two (2) years: (a) Sheriffs; (b) Assessors and Collectors of Taxes; (c) District Attorneys; (d) County Attorneys; (e) Public Weighers; (f) County Commissioners for Precincts One and Three; (g) Constables. At subsequent elections, such officers shall be elected for the full terms provided in this Constitution.  
In any district, county or precinct where any of the aforementioned offices is of such nature that two (2) or more persons hold such office, with the result that candidates file for "Place No. 1," "Place No. 2," etc., the officers

## New Soil Bank Plan Provides Average County Rate Of \$14

**SUMMER CAMP**—Members of the Littlefield's Army Reserve unit, the 352nd Dump Company (Engineers), are shown as they boarded a bus Saturday for two weeks of annual camp at Fort Polk, La. At Fort Polk, the unit will finish work on a runway, build two parkways and two bridges. The men will return Saturday, Aug. 30. (STAFF PHOTO)

### Farmers Must Show Interest By Sept. 26

New regulations on the Conservation Reserve Program, more popularly known as the "Soil Bank", were received this week at the Lamb County ASC office and, according to Lamar Aten, manager, will result in several changes for the coming year.

An average rate of \$14 per acre has been set for Lamb County.

This rate in the past has been a flat \$12 per acre but, in the future, will be based on productivity of each farm.

The County Committee will establish the "maximum farm rate" for each new farm coming into the program.

"Instructions on the new phase of the program say that the rate shall not take into consideration the location, improvements, irrigation facilities or similar factors," Aten pointed out, "but that the rate be decided solely upon the productivity of each place."

When the rate on each farm is determined it cannot exceed the county rate (\$14) by more than 10 per cent, nor can it exceed 20 per cent of the actual value of the land, Aten said.

Producers can get a 10 per cent bonus over the established rate for putting their entire farm under contract, Aten said; however, he hastily added that the old \$5,000 limit is still in effect, and that producers in this bracket are not eligible.

Another change in the soil bank operation appears on the phase covering return of land to grass.

Where the local office before contributed 80 per cent of this cost, the figure has been dropped to 50 per cent on new contracts.

Generally speaking, Aten said other phases of the soil bank remain the same as last year.

Persons interested in the soil bank were invited to visit the local office for details. Sept. 26 has been set as deadline for application for "maximum farm rates" and those who apply will have until Oct. 17 before they make their final decision to accept or reject the plan.

"There is no obligation as the result of a request for a maximum rate," he said, "but it does put you in a position to take part in the soil program when the Oct. 17 deadline arrives."

At our annual meeting we hope to show the farmers and businessmen some of the good that this organization, the Plains Cotton Growers, Inc., has been able to do this past year," Fortenberry said.

## Legislative Report Be Given At PGG Meet

A complete report of cotton legislative action will be made August 29 at the annual meeting of the Plains Cotton Growers, Inc., at Lubbock, W. O. Fortenberry, chairman of the Agriculture Committee.

At the second annual meeting at 10 a.m. at Munion on Texas Tech Lubbock, W. O. Fortenberry, president, has announced to Congressmen the effects of the legislative Vice President, Pfeifferberger, who Washington the past also will speak and new legislation or

present legislation will effect High Plains cotton producers. The other featured speaker for the PGG meeting will be W. E. Reid, President of the Riegel Textile Corporation, New York. Reid also is a director of the American Cotton Manufacturers Institute and will discuss the textile side of the cotton situation.

Fortenberry said that directors of the PGG would hold a business meeting beginning at 9 a.m. that day and the annual election of officers will be held. All new PGG directors will officially assume office at this meeting, Fortenberry said.

In addition to talks by Poage and Reid and reports by Pfeifferberger and Fortenberry, the annual meeting agenda will include the showing of a 20 minute film taken of the PGG-Plains Ginners Association-sponsored textile mill tour in South Carolina last April.

A free barbecue lunch will be held at noon and free door prizes will be awarded throughout the meeting. All farmers, ginners, businessmen and their families are invited to attend and register for door prizes.

The PGG's annual meeting, scheduled on Friday, August 29, comes just one day before the Plains Ginners Association annual meeting, scheduled Saturday, August 30. Ginners are being urged to attend both meetings.

Fortenberry said that prospects for the High Plains farmer in 1958 at present appear to be good for an excellent cotton crop. "At

## WT Study Council Approves Two 58-59 Research Projects

LUBBOCK — The West Texas School Study Council has approved two 1958-59 research projects aimed at improving curricula and counseling in its public schools.

Representatives of all 13 co-operating school systems attending the planning meet at Texas Tech, including Dr. Ralph Schilling of Littlefield.

In the curricula project, each public school system will make a detailed survey of what is be-

ing taught. Representatives of the system will exchange information and views.

The curricula survey will include studies of programs for gifted children, other exceptional children, and students who aren't planning to attend college. Effects of the state's 20-credit graduation requirements on curricula also will be considered.

Aims of the guidance-program research include the setting up

of criteria for a comprehensive program, showing adaptations needed by schools of various sizes. Team approaches to guidance work in the classroom teacher will receive special emphasis.

Information will be sought to determine the roles of all who work in guidance. The role of the classroom teacher will receive special emphasis.

Council researchers will work closely with the Texas Education Agency and other educational groups in the studies.

Attending their first Council meeting were two representatives of Big Spring, newest school system to join the Council. They are Superintendent Floyd Par-

sons and Curriculum Director Sam Anderson. Other school systems represented on the Council are Lamesa, Plainview, Seminole, Denver City, Hale Center, Kermit, Littlefield, Slaton, Levelland, Hereford, Brownfield and Andrews.

Fred Cunningham, school superintendent at Hereford, is chairman of the Council's executive committee. Dr. Berlie Fallon of Tech is executive secretary.

Before hauling for hire, truck owners must have the proper authority from the Texas Railroad Commission.

## Teenage Talk

A New York reporter recently wrote a series of terrifying articles about teenage delinquents. He called them "the shook-up generation." In teenage lingo shook-up means emotionally unstable.

Other teenage slang, listed in a glossary at the top of his pieces, includes: rumble—a gang fight; jab—an ambush; rot—drugs; booping club—a fighting gang; gig—a party; and eb—a teenage gangster's girl.

This is the kind of talk and the kind of life that is bred in big city slums. Most of us, fortunately, don't hear or see such of it.

Not that our teenagers don't have a special language of their own. By now even the most sheltered of us adults are familiar with such phrases as big deal for an important event, cool or excellent, hip for knowing and square for stupid.

Recently we heard of a new addition to teenage vocabulary. It was started by some bright youngsters who were asked to help get their fellow teenagers vaccinated with the Salk vaccine. To polio authorities like the National Foundation for Infantile Paralysis they gave this advice: "Make polio vaccination a fad like pony tails, blue jeans and rock 'n roll music. We'll give you some catch words to do it with." Maybe on this deal the kids are hip. If it helps get our teenagers protected against paralytic polio, we give our sanction to "Roll up your sleeve, Steve" and "Don't balk at Salk."

## Grassroots Opinion

WEST UNION, W. CA., RECORD: "The nation's help, a total of eight million workers at the Federal, state and local level are costing us in the neighborhood of \$30 billion a year, says the Tax Foundation, Inc. If we add our uniformed defenders, the ticket is approximately \$40 billion!"

"The most rapid increase has been in the state and local payroll which has multiplied four times in the past 18 years and now totals \$19 billion a year. No wonder 'hired help' at home is out of the question any more!"

ABILENE, KANSAS, DAILY REFLECTOR-CHRONICLE: "Tito and the Kremlin are quarreling again. As Irvin S. Cobb said on hearing that his despotic city editor was ill, we hope it is nothing trivial."

HARLEM, MONTANA, NEWS: "Does your son drive, or is he about to start? Perhaps there are questions in your mind about young men at the wheel. The insurance industry and state traffic officials have studied this problem for years and following are some answers which might be of interest."

"Young men under 25 as a group rate as the country's worst drivers . . . Make your son understand that a mature attitude in driving is the most important part of safety. And teach him that responsibility on the highway separates the men from the boys."

ST. JOHNS, ARIZONA, INDEPENDENT-NEWS: "The fact is that no matter how many trucks we put on our highways, how many new roads we build, our country could not function a week without the long thin lines of steel crisscrossing America and the hundreds of thousands of cars carrying people and freight to every corner of the continent. More than 70 per cent of all the railroad mileage in the world is in the United States and Canada. Railroads are more responsible for our way of life and standard of living than any other one part of our economy."

WEST SPRINGFIELD, MASS., RECORD: "At the moment the great state of Texas finds itself facing a situation which in some cases now is and will be duplicated in other states and the nation as a whole in the very near future . . . The Texas State Tax Study Commission estimates that by 1965 the under - 18 group will have increased by 24 per cent over 1956 and the over - 65 group by 25 per cent. But the taxpaying 18 - 65 group is expected to rise only 15 per cent."

"To provide necessary government services without adding to the tax burden will require wise and economical handling of tax revenues . . ."

NORWALK, CONN., HOUR: "Of all the strange quirks in union-management relations being revealed by the Senate inquiry, one of the strangest is the way unionism was forced on Chicago restaurants that paid initiation fees and dues for their employes, without the knowledge of the enrolled workers, who got no benefits from the enforced membership . . . That is what happens when goons and racketeers take over unions for their own profit."

## HERE'S HOW . . .

### MAKE A PATIO PLANTER

A large planter for the patio or lawn will provide for a mass display of potted plants and protect them from dogs and playing children.

The open bottom allows for drainage. First make the legs of 14-inch lengths of 4 by 4-inch lumber, covered on the lower ends with a square of 1-inch lumber.

The sides and ends are made of 1 by 8-inch lumber, the sides being 11 feet 2 9/16 inches long, and the ends 37 inches long. These are butt-jointed as shown in the detail drawing.

The sill around the top of the planter is made of two 12-foot lengths of 2 by 6-inch lumber, and two 4-foot lengths. The corners are mitered, using 3/4-inch dowel. Fasten the mitered sill to the top of the legs with 3/4-inch, number 9 flathead woodscrews, countersunk. The planter may be finished by painting, or may be given an oil or varnish treatment.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Everyone wants harmony at the State Democratic Convention Sept. 9 in San Antonio.

Gov. Price Daniel, U. S. Sen. Ralph Yarborough, National Commitment - s EE mSTN 00Tr codl mitteeman Bryon Skelton, and Speaker Sam Rayburn - all say they want harmony.

Even - National Committeewoman Mrs. R. D. Randolph, who has tirelessly needled Governor Daniel and the state committee for two years, more or less, joined in by predicting "a spirit of good will" among delegates.

Despite all the expressions of good intent, harmony among Texas Democrats is hard to come by. Like a huge household of relatives and in-laws, the party always has many clashing personalities and viewpoints under one roof. In the past, they've been rump conventions and separate rival delegations to the national convention.

It is the hope of avoiding this in 1960 that lies behind the cementing efforts. Many leaders contend that a unified Texas delegation could have a key role in naming the next presidential nominee.

All the above-mentioned leaders are presently agreed on one issue - support of the party nominees. Point on which they part is whether the governor should have a veto over the state committee members selected by vote of district delegations.

Governor Daniel, following the practice of past governors, bumped some of the district-selected committee members in 1956 and submitted people more in line with his program.

Mrs. Randolph and Senator Yarborough, now joined by Ray-

burn, insist the governor has no right to do this.

But Governor Daniel has not promised he wouldn't. He said he felt no district should propose a committee member who is "dedicated to the sabotage of . . . duly elected officers of the party."

This almost certainly refers to members of the Democrats of Texas (DOT), an ultra-liberal group that has heckled and hindered the governor and other official party leaders at every turn for the past two years.

Delegates from each of the 31 senatorial districts are allowed two state committee members—a man and a woman. It is estimated that perhaps of these districts may be controlled by anti-Daniel forces. Therein lies the possibility for discord. If any of these districts proposes a DOTer for the state committee, the governor is not likely to "harmonize."

HIGH HOPES—Mr. Wilson went to Washington, his saddlebags full of multi-million-dollar hopes for Texas school children.

Atty. Gen. Will Wilson personally delivered the Texas brief in the upcoming U.S. Supreme court case on Texas tidelands. At issue is whether the state or federal government owns submerged lands between the points 3 miles out and 10.5 miles out.

Wilson carried the arguments for Texas ownership in 40-year-old saddlebags that belonged to a heroic Texas Ranger. He declares optimistically that the case is jinxed—in Texas' favor—because the brief is dated Aug. 13, trial is set for Oct. 13, oral arguments will last 13 hours and 13 people worked on the research.

More seriously, he noted that Texas has spent "a big sum of money" marshalling its facts,

that a bevy of top-notch minds from over the state, nation and two foreign countries had spent some 2,000 hours on the 400-page brief.

"We feel like we have an overwhelming case," he said. "We feel we will win it."

Exploration indicates that the 7.5-mile band of disputed land is exceptionally rich in oil and gas. If Texas is successful in holding its claim, revenue from these resources would go into the Permanent School Fund.

PLACE IN THE SUN — Texas Republicans have served notice they will demand an even break at getting their candidates in the favored position on the general election ballot.

Desired place is the first column on the left. GOP leaders say people automatically begin reading in this column, and some never go any further.

Republicans hope to work things out on the local level with some sort of coin-tossing arrangement. But they say they'll go to court, if necessary.

CITIES WIN OUT — Cities and utility companies won the first round of a court battle to determine who pays the cost of re-leading utilities for new interstate highways.

An Austin district court ruled that the cost can be paid from federal-state highway funds, as provided in a law passed by the last legislature. State Highway Department is challenging the constitutionality of this law.

Ultimate decision will, of course, be made by the Supreme Court. Some estimate the re-location costs could run as high as \$100,000,000.

PAROLE STAFF COMPLETE—Board of Pardons and Paroles has announced the appointment of 10 new parole supervisors, rounding out the 40-man statewide staff.

Adult parole staff was authorized by the last Legislature to allow for release of prisoners who show promise of going straight. About 3,000 persons are now on parole in Texas, and more are expected to be released as the new supervisors go to work.

Latest appointees to the parole staff are Louis Bramblett of Dallas, Julian Chafin of Sherman, Cecil Smith of Jourdan, Wal-

Dear editor:

Every once in a while somebody asks me why I don't do a better job of farming.

How come you've got more weeds in your crops, they'll ask me. How come you're always late in breaking your land, late in planting, late in plowing, late in gathering, late in starting over again? How come your fences are down, your gates sagging, etc.?

Well, now, I'll tell you. When a man spends as much time as I do thinking on the international level, he naturally adapts his farming methods to the international plane, and I consider my farm a perfect example of international diplomacy.

For example, say it's time for me to do some plowing and time for the leaders of the world to hold a summit meeting.

COLLEGE FUND SEEKERS—Members of governing boards of state colleges have formed a committee to urge additional appropriations for the colleges.

Jointly the college directors feel they need about \$13,000,000 a year more, mostly for faculty salaries.

Herman Heep, Austin oilman and member of the Texas A&M Board, is chairman of the committee. Said Heep, "It is time we point out that Texas, ranking low among the states in its support of higher education, is getting about what it is paying for."

# 29 Motorcides Predicted Over Labor Day Weekend

In announcing a prediction of 29 motorcides for the forthcoming three-day Labor Day period, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, outlined an extensive traffic law enforcement program for the holiday weekend.

The prediction was made by N. K. Woerner, veteran statistician of the DPS, who estimated that motorcides will total two more than the 27 killed during the similar period of last year.

Col. Garrison said that Texas DPS will begin its Operation Motorcides at 12:01 a. m. August 30 and that it will extend through 11:59 p. m. Sept. 1. During this period patrolmen of the Motor Vehicle Inspection and License and Weight services will bolster the force of the Texas Highway Patrol in enforcing our state traffic laws.

Garrison said state law enforcement officers will be out in force at all hours to seek-out dangerous drivers.

"Our patrolmen are scheduled to work all hours of the day and night during the Labor Day weekend and to cover as many miles of our highways with the most effective enforcement program possible.

"Patrolmen working during a period of increased motor vehicle traffic, and traffic hazards, such as will be experienced during the time of our Operation Motorcides, have two main purposes in mind. Their prime objective is protection of the motoring public, and they can best do this by removing accident prone drivers from the road.

"The other purpose is service to the public. Each of our patrolmen recognizes his responsibility to the motorist and he will do his utmost to make driving in Texas a pleasant experience.

"During this holiday we will make every effort to prevent traffic accidents and the resulting loss of life. We hope all Texas drivers will recognize the seriousness of the traffic accident situation during this Labor Day period and will show their interest and ability to help by safe, sane driving."

Meanwhile, three state-wide organizations joined with Governor Price Daniel and the Texas Traffic Safety Council to make September one of the safest months in the history of the Texas Traffic tragedy.

The September safety story begins unfolding with a three-day "Deathless Days" campaign over the Labor Day weekend. The Texas Association of Broadcasters, the professional organization of radio and television stations, has advised Governor Daniel's office that all Texas stations will take part in the special campaign. R. Lee Glasgow of Radio Station WACO at Waco is in charge of the arrangements. The avowed intention of the

TAB group is to do everything possible to prevent traffic deaths between midnight, Friday, August 30, and midnight, Monday, September 1, the official Labor Day holiday period. Thousands of special Labor Day traffic safety announcements and programs are scheduled to help induce Texans to stay alive in spite of their holiday observances.

Governor Daniel has requested school superintendents and principals throughout Texas to observe the week beginning September 1 as "Back-to-School Highway Safety Week." He suggested special safety programs, the completion of safety questionnaires by school students and special safety messages to school children.

#### MANY NEVER COMPLAIN

This is the time of year when parents begin to think pleasant thoughts — and the children not so pleasant thoughts — about the fast approaching start of school. We won't dwell upon the reasons behind these opposing viewpoints as they are apparent to those concerned.

Along with the parents' thoughts of the return of peace, quiet, and sanity to the household are plans for getting Junior "started off right" in his school year.

Since authorities have estimated that about 85 per cent of an individual's knowledge comes to him via his vision, and since the primary objective of school is to impart knowledge to eager young minds (this thought may be questioned by those eager young minds—but not by the parents), we feel that one of the first items of concern should be the status and efficiency of the child's visual apparatus.

There are few statements heard more often in optometric offices than "But Doctor we didn't know Junior couldn't see any better than that—he never complained!" I have had teenagers brought in—finally—who had been seeing double for years and the parents didn't know it because the youngster didn't see two of everything, too. After all, she reasoned, she had two eyes, if both worked naturally you'd see two objects both the same.

ed a schedule for pre-school activities for the school A band. Montgomery is a former resident of Littlefield and attended Texas Tech where he served as drum major for the past three years for the Red Raider band. He has assisted for the past two years with the music program at Ropes, Tex., as well as attending Texas Tech where he majored in music.

The first meeting of the school A band is scheduled for Friday evening, Aug. 22, at 7:30 p. m. Other meetings to be held include: Monday morning, Aug. 25, from 8 a. m. to twelve o'clock; Monday evening at 7:30 p. m.; and Tuesday evening, Aug. 26, at 7:30 p. m.

Mr. and Mrs. M. C. Engram and family visited in the home of Mr. and Mrs. Dawson Popejoy in Sunray over the weekend. Mrs. Popejoy is the daughter of Mr. and Mrs. Engram.

Mr. and Mrs. Carlton Jones and Carolyn are visiting relatives at Cisco this week.

Mrs. Paul Sherrod was guest speaker for a meeting Thursday afternoon in the home of Mrs. Edgar Chance and she spoke on the subject of Christian Education in the interest of the Lubbock Christian College. Those attending the meeting to hear Mrs. Sherrod speak were Mmes. J. B. Foster, R. S. Gatewood, Walter Bostick, Weaver Barnett, Joe Fisher, Ronnie Fisher, Miss Martha Burleson, student at Lubbock Christian College, Mrs. Nick Baird, Mrs. Weldon Wiseman, Mrs. E. B. Hutchinson and Mrs. Alvin Simmons, the daughter of Mrs. Sherrod.

Mrs. W. O. Eddins was hostess for the meeting of the Thursday bridge club last week. Those present for games were Mmes. W. V. Terry, Frances Furneaux, Tom King Jr., E. E. Crow, Bob Drake, W. H. Lyle, and two guests, Mrs. Radney Nichols and Mrs. Johnny Thomasson.

## About Your HEALTH

Is your child starting to school this year for the first time? If so, is he ready for it? There is still some time left before school begins, and now is the time to prepare him for his exciting adventure.

He needs to start his school life in good physical health. Have your family physician give him a complete physical examination even though he has periodically examined your child in the last few years. An eye test is very important, and teeth should be checked by the family dentist. Now is the time to recheck and correct any defects not found in the past before school begins.

Most likely your child has already been immunized against polio, diphtheria, tetanus, whooping cough (pertussis) and small pox, but if he hasn't, have these immunizations started immediately for his own protection and that of his class mates. And by all means don't wait until school starts for those polio shots. Even if all immunizations have been done, be sure to check with your doctor about necessary booster shots.

Your child should have escaped these "childhood" diseases by early and correct immunization while he was still in the protective atmosphere of his home, but once he starts school, he will be exposed to conditions that he is unfamiliar with and may not be able to cope with if he is not protected. Be sure and learn how his school handles sudden illness or accidents and your role in avoiding them.

He should know how to wash his face and hands, how to comb his hair, and how to use a handkerchief or tissue, not only for blowing his nose, but for covering a cough or sneeze.

Perhaps the most important part of your child's preparation for school is his mental outlook. Learn and take, to get along, will be necessary and throughout life. He will learn to take his place in his family group, share responsibilities and learn some things on his own. He has played with children his age, the chances are he will get along well at school.

But there are other things to be learned. Not enough sleep, tired and edgy. He may not be ready to begin, now is the time to see that your child is ready to begin, now is the time to see that your child is ready to begin, now is the time to see that your child is ready to begin.

As parents, you will be leading role in the development of your child's character and personality. It's far more than anything else that will support and encourage his outside activities.

# PERFORMANCE TEAM

It makes sense.

Both Cosden Premium Ethyl and Higher Octane Regular have been engineered to deliver maximum performance. This means sure starts, quicker get-away, greater mileage per gallon.

Cosden's 10W30 multi-viscosity motor oil — designed to work with this gasoline — reaches deep down into engines, routing out friction, smoothing the way.

Together — motor oil and motor fuel — this Cosden Performance Team will give you smooth power, passing power, sure starts and quick get-away. They're made to go together.

Result: greater performance, greater economy, greater enjoyment from your car!
