

Fleet Aiding US Policy In Balkan Area

WASHINGTON, Sept. 30 (AP)—Secretary of the Navy Forrestal declared today that United States naval forces are in the Mediterranean to help carry out American foreign policy.

And they will be there for some time to come, the cabinet officer made plain in an unusual policy statement.

Simultaneously, it was learned that when the Aircraft Carrier Franklin D. Roosevelt is withdrawn from the troubled sea it will be promptly replaced by another flat top.

Free Danube To Be Written In Treaties

PARIS, Sept. 30 (AP)—A peace conference commission decided over Russian objection today to write a declaration on Danube river shipping into the forthcoming peace treaties with Balkan states after US Sen. Arthur H. Vandenberg urged a clause guaranteeing freedom of trade with vital inland waterways.

The vote in the Balkans economic commission, was nine to five along the usual east-west lines of division. It foreshadowed probable United States and Britain, which would establish freedom of navigation as a principle binding upon Romania, and would require a conference of riparian states, plus the Big Four, to apply the principle within six months from the time the treaty takes effect.

Vandenberg opened the United States campaign in the Balkan economic commission on one of the most controversial issues remaining before the treaty committee.

His statement drew immediate support from Britain's Gladwyn Jebb. Echoing Russia's position on the issue, Yugoslav Delegate Stanoje Simic declared that peace treaties were not the place to establish a regime for the river.

The senator submitted a new projected text supported by both Britain and America. Previously the two nations had agreed on all proposed Danubian clauses except the makeup of a conference to write a permanent statute for the stream.

He told the commission the United States had a direct territorial interest in the Danube because of American occupation zones in Austria and Germany and a broader long-range interest because of "avoiding international-made barriers which invite discrimination and friction" was important to peace.

Over 200 Students Begin Classes At Junior College

Enrollment in the Howard County Junior College went past the 200 mark as first classes were held Monday morning.

The start was not without its tribulations, according to E. C. Dodd, president, for the unexpected drop in temperatures caught the college with its boilers down.

There was some confusion in getting the schedule going, but all classes were met as planned, said Dodd.

He said that efforts were being redoubled to knock off rough edges in getting started and hoped by mid-week that things would be going smoothly.

Progress will be reviewed at a meeting of the junior college board Tuesday evening, marking the first time that the board will have met at the college.

Thursday at 2:30 p. m. first assembly of the college will be held. Thereafter there will be weekly, one on Tuesday for clubs, etc. the other on Thursday for orientation.

Some additional equipment was received over the weekend, including a new piano for the music department.

County Rancher Dies In Abilene

ABILENE, Sept. 30 (AP)—Funeral services were to be held here today for D. D. Parramore, 71, pioneer West Texas cattleman who died at his home here yesterday.

He was owner of a large ranch in Howard, Mitchell and Sterling counties.

He is survived by his widow, and daughter, Mrs. Eric D. Sellers of Abilene.

Some Metal Items Freed Of Ceilings

WASHINGTON, Sept. 30 (AP)—Wrought iron and aluminum furniture went free of price controls today, along with certain accessories for hospital beds.

Previous emphasis on the FDR's Mediterranean cruise has been on the "good will" theme.

Forrestal's policy declaration was released as the American government (1) indicated full backing to Turkey in that country's resistance to Russian demands on the Dardanelles, (2) studied means to aid the present Greek government in its troubles with Russian-supported neighbors and (3) hoped uncertainty for a peaceful settlement with Yugoslavia over the disposition of Trieste.

"Today," Forrestal said, "the United States navy is continuing to maintain forces in the Eastern Atlantic and the Mediterranean Sea for the following specific purposes:

"First, to support the Allied occupation forces and the Allied military government in the discharge of their responsibilities in the occupied areas of Europe.

"Second, to protect US interests and to support US policies in the area."

The Forrestal statement today said that at present this country has in European waters, mostly in the Mediterranean, a division of cruisers, a squadron of destroyers, and the necessary sustaining vessels of auxiliary types.

It was in this connection that officials disclosed the plans for prompt replacement of the FDR with another carrier, a move indicating that this government does not intend to slash its forces in the diplomatically-troubled area for some time to come.

US Protests Slav Propaganda

WASHINGTON, Sept. 30 (AP)—The United States government, in a formal protest today, accused Yugoslavia of "disregard" of Allied military regulations in Trieste and of spreading "mischievous propaganda."

In a note over the signature of Undersecretary Will Clayton, the State Department acknowledged that American military authorities in Venezia Giulia had detained six Yugoslav soldiers on Sept. 9 and said they were found carrying hand grenades concealed in their clothing contrary to regulations.

The soldiers, about whom the Yugoslavia government protested, have since been released.

The note, one of a number between the two governments on various incidents, informed Yugoslavia that the arrest had been investigated by an American military board of officers which found that the action was "justified."

Unidentified Gang Attacks US Fort

MANILA, Sept. 30 (AP)—An unidentified gang using machine-guns killed one American soldier and wounded another today in an attack on Fort McKinley. US Army authorities said the incident was being investigated.

One group of armed men fired on a jeep patrol on the eastern side of the US Army reservation in Manila's southern suburbs. The patrol returned the fire and asked reinforcements.

Aid was sent from the west gate guard, and this enabled a second group to penetrate west gate quarters.

PROJECT OPENED FOR INVESTIGATION

Admiral King Demands Probers Retract Canol Oil Criticism

WASHINGTON, Sept. 30 (AP)—Admiral Ernest J. King demanded today that the Senate War Investigating Committee retract its criticism of him in connection with the joint chiefs of staff's 1943 recommendation for completion of the Canol project.

King was the wartime chief of naval operations.

He read to the committee a statement in which he declared that in "justice and fair play" the committee should "publicly correct the injustice which you have publicly done me."

In its fifth annual report, filed Sept. 1, the committee said that King as a member of the joint

TURTLE MAY SET SPEED RECORD

WASHINGTON, Sept. 30 (AP)—The "Truculent Turtle," a new Navy patrol plane, roared across the Pacific on schedule today in a flight linking two hemispheres and aiming at a new distance record of more than 10,000 miles.

Navy officials reported in mid-morning that the Turtle, a two-engine Lockheed P2V, was averaging 218 miles an hour ground speed. It was expected to pass over "George," a weather ship stationed 1,700 miles off the west coast at 2 p. m. (CST).

On the basis of its present progress, the plane with its crew of four officers and a baby kangaroo should reach Seattle on a point south of here around 10 p. m. (CST).

No destination other than "United States" has been given for the flight. The landing point will be determined by the physical condition of the crew, the performance of the plane and the fuel.

31 Injured In Interurban Car Collision

DENISON, Sept. 30 (AP)—Officials of the Texas Electric Company today were continuing investigation of a head-on collision of two electric interurban passenger cars that resulted in injury to at least 31 persons three miles south of here last night.

Thirty persons were treated at a Denison hospital while another was taken to a Sherman hospital. Others received treatment at private clinics.

All but 12 had been released. Several passengers received cuts about the head. Plasma was being used to treat the victims. All doctors and nurses in Denison were called into service and requests for blood donors were issued.

The accident occurred on a straight piece of track within a mile of a location where two similar collisions have taken place in the past two years.

The two electric cars of steel and wood construction collided with terrific force and were telescoped together.

One car was southbound, en route to Dallas, while the second was northbound from Dallas. The line operates between Denison and Dallas.

Baptists Launch Training Revival

The First Baptist church launches a one-week Training Union revival at 7 p. m. today.

Mrs. A. Adamek, state BTU worker, is to lead in the training series. She also will direct the special work in the intermediate department.

Other workers include Rev. Judson Cobb, pastor of the Baptist church at Lockney, junior leader; Rev. R. Y. Bradford, Colorado City, pastor, young people; Dr. P. D. O'Brien, pastor of the church, adults; Eva Lee Siegel, Mrs. C. C. Harris, and Mrs. Inge Lewis, primary, beginner and cradle roll departments. The course will be for two hours and 15 minutes each evening through Friday.

Over \$9,000,000 Monthly Paid Out In Vet Pensions

WASHINGTON, Sept. 30 (AP)—The government is paying approximately \$9,000,000 a month in compensation and pensions to more than 2,135,000 war veterans, including some whose service dates back to the Indian campaigns.

In announcing this today, the Veterans Administration said that 75 percent of the total are veterans of World War II with service-connected disabilities. In addition some 42,000 veterans are receiving about \$1,526,000 monthly for disabilities received during peacetime service.

Another \$27,000,000 in monthly payments are being made to dependents of 520,000 deceased veterans, most of whom served in the two world wars.

Nazis Judged Guilty Of "Supreme Crime"

Aggressive War Ruled Criminal Offense First Time In History

NUERNBERG, Germany, Sept. 30 (AP)—The international military tribunal ruled today for the first time in history that conspiracy to commit aggressive war "is a supreme crime" in a monumental verdict indicating imprisonment or the gallows for the 22 former leaders of Nazi Germany.

The German general staff and high command and the reich cabinet were acquitted of charges that they were criminal organizations. "Certain groups" of the leadership corps, the SS or Elite Guard, the SD (a department which operated a spy system) and the Gestapo were convicted.

The first part of the 100,000-word verdict by judges of the United States, Great Britain, Russia and France strongly indicated that Hermann Goering, Rudolf Hess, Joachim Von Ribbentrop and the other defendants—politicians, diplomats, military leaders, financiers and party functionaries—would be convicted on one or more of the four counts in the indictment.

The court indicated, however, that some of the lesser defendants might not be sentenced on the part of the indictment charging a conspiracy to commit aggressive war.

"The tribunal has decided that certain of the defendants planned and waged aggressive war against 12 nations and were therefore guilty of this series of crimes," it said.

All defendants are charged with two or three counts and most with three or four under the tribunal charter.

A 4,000-word summary of the judgment, rendered after ten months of a trial such as the world had never seen before, indicated that smaller Nazi party functionaries who might not have been sufficiently important to participate in the main conspiracies would be caught in other counts of the indictment. The court said evidence was "overwhelming."

The demeanor of the men listening to their fate generally was grim. Goering and Field Marshal Wilhelm Keitel both indicated they believed themselves doomed to death. Hjalmar Schacht, former wizard of German finance, sat aside from the other defendants with a pained expression on his face. Hess rolled back and forth in his seat with stomach cramps and had to be taken from a rigidly guarded courtroom.

The defendants will learn their individual fates tomorrow.

Those members who knew what their organizations were doing, the court contended, were convicted automatically. Those who quit such organizations before the invasion of Poland also were acquitted.

The verdict excludes Hitler's old Brown Shirt SA which once had 4,000,000 members, from culpability. The tribunal held that the SA lost its significance after the purge of 1934 and became relatively unimportant.

Although it declined to hold guilty the notorious general staff, powerful in German politics since Bismarck's time, the court unleashed bitter criticism of the individual members, saying:

"They have been responsible in large measure for the miseries and suffering that have fallen on millions of men, women and children."

Scout Council Seeks Camp Site

Buffalo Trail Council, boy scouts of America, covering 15 West Texas counties, is seeking a camp site or sites to be owned and operated by the council for the scouts of today and the years to come. It was announced today by Carl Blomshield, chairman of the council's committee on camping and activities.

At present, the Buffalo Trails organization is one of the few councils in the nation that does not have a camp site of its own, Blomshield said.

Several possible sites are being considered, including one on the Davis Mountains and another on the proposed lake on the Colorado River north of Colorado City. The camping committee is planning a trip Oct. 12 to the Davis Mountains site to inspect facilities there.

Blomshield said that more than 1,000 scouts attend the council's camps each summer, held in either borrowed or rented sites of other councils. Because of distance and other factors, this method is not satisfactory, he said.

Employes Required To Attend Food Handlers School

All employees of eating and drinking establishments in Big Spring who have no certificates or only temporary certificates are required to attend the three-day foodhandlers' school beginning Tuesday, Lawrence J. Wells, city sanitarian, reminded today.

Those who failed to attend and continue working will be subject to penalties provided in the city foodhandlers' ordinance, Wells said.

High school officials have announced that students who need the foodhandlers' course will be excused from their regular classes to attend. The special course, which will be taught by Wells, is scheduled to meet at 2:30 p. m. at the city hall on Tuesday, Wednesday and Thursday. Those who attend all three sessions and successfully complete the course will be granted permanent foodhandlers' certificates.

New Paving Nearly Ready For Topping

The 18 blocks of new paving now under construction should be ready for the topping process within the next few days, city officials announced over the week end.

As soon as all base and curb work is completed on the 18 blocks, workers will begin topping, and plans are to apply asphalt to all completed blocks before launching new projects. If the work continues on schedule, the topping process should begin next week, officials said.

PICKET SMASHES WINDOW WITH FIST—A picket at Metro-Goldwyn-Mayer studio drives his fist through the window of an automobile being driven through the studio gate of Hollywood, and gets a badly cut hand for his trouble. Pickets battled non-strikers and police for a half hour at the M-G-M gate. (AP Wirephoto).

WAC Captain Sentenced In Jewel Theft

FRANKFURT, Germany, Sept. 30 (AP)—Former Wac Capt. Kathleen Nash Durant was convicted today by a military court of stealing \$1,500,000 worth of Hesse family jewels, and was sentenced to five years imprisonment at hard labor, with dishonorable discharge.

Mrs. Durant's husband, Col. Jack Durant, and Maj. David Watson, are awaiting trial on complicity charges in the theft of the jewels from Kronberg Castle.

Mrs. Durant displayed no emotion as the nine-officer court handed down its verdict of guilty on three counts of larceny, embezzlement and being absent without leave from her military post.

The 43-year-old defendant had been in charge of the Hesse family castle, used as an American army officers' club, last winter when the jewels disappeared. The Durants were married on their return to the United States from Germany.

Mrs. Durant's attorney pleaded that she was being made the "scapegoat" for all the looting done by American soldiers in occupied Germany.

"Thousands of others have done the same thing," said Lt. Col. John S. Duggell of Brooklyn, N. Y., in his closing appeal for mercy. "It is unjust to point the finger at this woman and say 'You will now pay the penalty for something that the whole world knows many, many people have done with impunity.'"

Two Texans Awarded For Army Services

WASHINGTON, Sept. 30 (AP)—The War Department announced today award of the Oak Leaf Service Medal to Maj. Gen. Hugh J. Gaffey of Austin, Texas, for "outstanding executive ability" as chief of staff and commander of various units in Britain and on the continent.

The Distinguished Service Medal also was awarded to Brig. Gen. Roy E. Blount of Houston, for services as commander of the Army Port and Service Command at Honolulu.

Talmadge To Drop Anti-Klan Suit

ATLANTA, Sept. 30 (AP)—Governor-nominate Eugene Talmadge says he plans to drop Georgia's suit to remove the charter of the Ku Klux Klan, but Assistant State Attorney General Dan Duke declared today he would do "all in my power" to bring the case to trial before January 1.

Talmadge will begin his fourth term as Governor January 14.

The suit, brought by direction of Gov. Ellis Arnall, was originally set for trial in September, but was postponed until November 9 because of the illness of Morgan S. Belsler, Klan attorney.

Talmadge said he would drop the suit because he believed the state should not discriminate in bringing court action against a particular group of individuals.

Duke said he would protest "vigorously" if the Klan asks further postponement. The Fulton Superior Court where the suit is on file adjourns December 15 for the holidays.

Labor Experts Fight To Avert Shipping Tie-Up

WASHINGTON, Sept. 30 (AP)—With the midnight-zero hour, government labor experts fought against time here and in San Francisco today to avert a new strike tieup of American shipping.

If the walkout comes off on schedule, it will be the second shutdown of this country's ports in less than a month. AFL and CIO seaman's unions paralyzed the greater part of the shipping industry for 17 days earlier in September.

None of the three unions involved in the current crisis shared in the settlement terms of that walkout.

At issue in the government negotiations here are 30 and 35 per cent wage boost demands plus union security clauses sought by the CIO Marine Engineers and the AFL Mates Unions.

Federal conciliators on the West Coast simultaneously are trying to write a new contract for Harry Bridges' CIO Longshoremen, who are seeking worker-safety guarantees and a 33-cent-an-hour pay raise for Pacific Stevedores.

Contracts of all three unions expire at midnight.

Government hopes that compromise might be reached in all three disputes before the midnight (local port time) deadline appeared dim.

And there were plain indications that all three unions would strike unless the claims of each could be satisfied in time.

The negotiations here were deadlocked over union security demands. Most East Coast shipping companies have contracts providing for preferential hiring of union members. Both the CIO Engineers and AFL Mates and pilots are insisting West Coast shipowners install similar provisos.

Rodent Control Work Moving Slowly

Big Spring's rodent extermination campaign continues to move slowly in the residential areas, city officials said today.

Evidence of rat harbors have been found in several residential sections by the typhus control director, City Manager B. J. McDaniel said, indicating that a thorough campaign will be necessary for satisfactory effectiveness.

When the rats and mice are driven from harbors they invariably seek areas, McDaniel pointed out. Therefore, since the program is proving effective in the business areas, officials are urging residents to join in the campaign to help eliminate all harbors within the city.

Jap Calmly Relates Details Of Ten Grisly Murders

TOKYO, Sept. 30 (AP)—Calmly but with some remorse, 42-year-old Yoshio Kodaira today gave police the grisly details of how he raped and strangled 10 young women in the past 18 months.

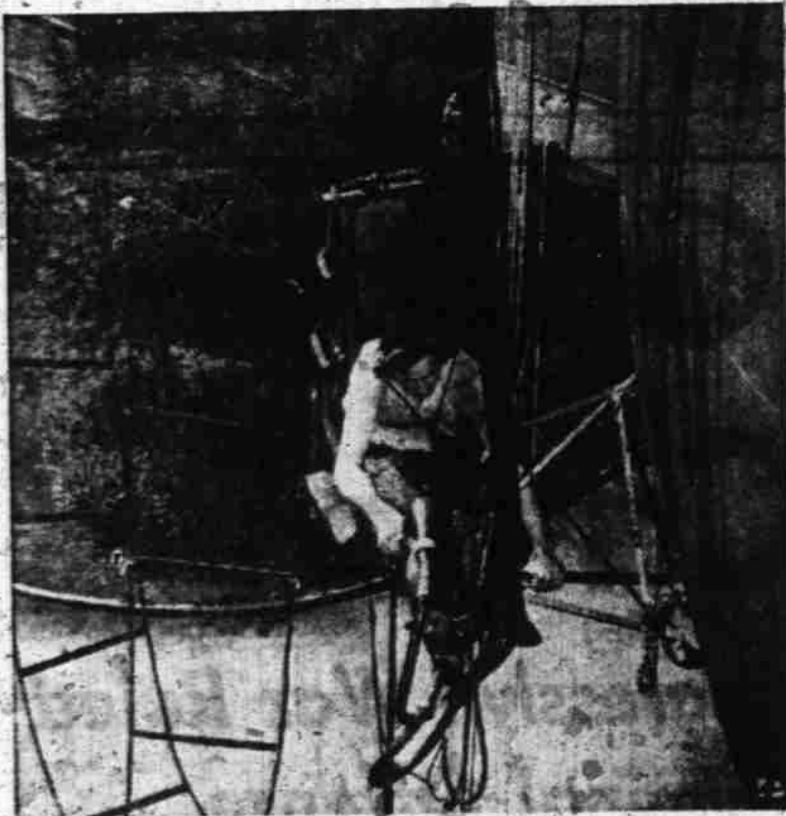

Back in 1932, he confessed, he committed his first murder—he beat in his father-in-law's skull with a club when balked in efforts to effect a reconciliation with his estranged wife.

He lived an uneventful life for 13 years, he said, "until the B-29s came." Then he started on a twisted path of sex clayings which terrified the Tokyo-Yokohama area.

In an eerie touch, Kodaira admitted he placed the body of one victim beside the skeleton of an earlier one.

Kodaira, a bushy-haired man with an abnormally large head, denied he had killed others, but police said they had evidence linking him with a twelfth victim.

Kodaira was working in a US Army laundry when apprehended. He made a confession of newspaper perjury as they tried to leave after hearing the confession.

ATOM SMASHER TESTED — An X-ray technician tests the soundness of welded seams of a electrostatic generator at the Westinghouse laboratories, Pittsburg, Pa., as the atom-smasher is readied for research into nuclear physics. His telephone headset enables him to talk to another technician who co-ordinates operations with those of a film-handler inside tank.

Texas Today Tales Of Love And Marriage Have New Twists

By JACK RUTLEDGE
Associated Press Staff

Something new has been added. The customary string of tin cans and "Just Married" sign hung from the tail section of an American Airlines four-engine plane as it taxied across Love Field.

Among the passengers were Mr. and Mrs. A. C. Buchanan, Jr., married just ten minutes before the takeoff in the office of Jean Dubuque, city director of aviation. The bride was the former Odessa Keen of Grapeland.

Miss Lois Watson, Orange, secretary to the county attorney, says their office got the following from a woman who had been married in Orange:

"Please send me a duplex of my marriage certificate. You will remember me. I had on a black dress, trimmed in red."

Apparently no one told the stork about the housing shortage in Denison. One day last week, babies were being born at the Madonna Hospital at the rate of one every fifteen minutes.

The love affair of Buck, a high-jumping deer in the Fort Worth zoo, ended like so many others. He let a woman trap him.

Buck and True Love, his girl friend, slipped from the zoo. True Love was captured a few hours after the escape. But Buck roamed around for days.

One day he appeared at the home of H. B. Herd. Minnie Miller, the maid, placed a bucket of water in an enclosed part of the back yard. Buck drank from it.

The next day he came back. Minnie had the water ready. But after Buck drank it, he looked around to find that the gate had been closed and two zoo attendants were waiting to return him.

The Fort Worth Star-Telegram said that ended one of the zoo's "dearest" romances. Buck in the zoo, Buck and True Love were placed in separate pens.

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, eat sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job it should be doing—the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities in independent laboratories test on human stomachs, have by positive proof shown that BSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the BSS Tonic formula which contains special and potent activating ingredients.

The BSS Tonic helps build-up non-organic weak, watery blood in nutritional anemia—aid with a good flow of the gastric digestive juices, plus rich red blood you should eat better, sleep better, feel better, work better, play better. Avoid pampering yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is BSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people BSS Tonic has helped. Millions of bottles sold. Get a bottle of BSS Tonic from your drug store today. BSS Tonic helps build sturdy health.

NOT ANY FIRE, JUST WATER

WASHINGTON, Sept. 30 (AP)—Six companies of firemen came arunning when several government girls at West Potomac Park dormitories decided to take a shower at the same time.

There wasn't any fire. The rush of water from the main tripped the alarm—just as if the automatic sprinkler system had been touched off.

Slavs Stone GI's

TRIESTE, Sept. 30 (AP)—A group of Trieste civilians identified by investigation officers as "pro-Yugoslav Italian communists" ambushed and stoned 10 American soldiers here last night, it was disclosed officially today.

Congress May Investigate Missouri Vote

KANSAS CITY, Sept. 30 (AP)—Possibility of a Congressional investigation into the August primary election in Kansas City arose today following charges of fraud in the fourth and fifth congressional districts.

The Kansas City Star said its reporters and investigators had uncovered voting irregularities and Ludwick Graves, city election board chairman, declared also that there is "definitely some evidence of fraud, affecting both congressional and local races."

In Washington, Chairman Priest

(D-Tenn.) of the House Campaign Investigating Committee said after being told of the Star's report: "I feel sure that in view of the developments in Kansas City the committee will send an investigator there at an early date in an effort to determine whether there is any basis for investigation into the congressional race."

The outstanding race in the primary was for the fifth district Democratic Congressional nomination. Enos Axtell who had the support of President Truman and the James M. Pendergast organization, defeated the incumbent, Roger C. Slaughter.

The Star reported it had found evidence of such irregularities as miscounting votes, violation of secrecy of the ballot, and violations of election board's instructions on proper conduct of balloting.

Students Found Fatally Shot

COLUMBUS, O., Sept. 30 (AP)—Two students at Ohio State University who had been keeping company for a year were found shot to death today in what police described as the climax of a lover's quarrel.

The couple, both juniors in the college of engineering, were: Alice Krone Patterson, 20, daughter of Allen DeWitt Patterson of Lock Haven, Pa., formerly chairman of the appointment division of the University Bureau of Educational Research, and Donald Throne, 20, son of Mrs. Alma G. Throne of Eau Claire, Wis.

The bodies were found in the

Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas

front yard of a residence next door to the home of Dr. Robert Higgy, director of the university radio station, WOSU, where Miss Patterson lived.

The pistol lay beside the bodies. Friends of the couple said Miss Patterson recently had asked to break off the courtship but Throne had persisted in his attentions.

See H. M. Rainbolt
at Wagon Wheel
803 E. Third

One lady said recently that her stomach used to be like a "gas factory!" That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get INNER-AID?"

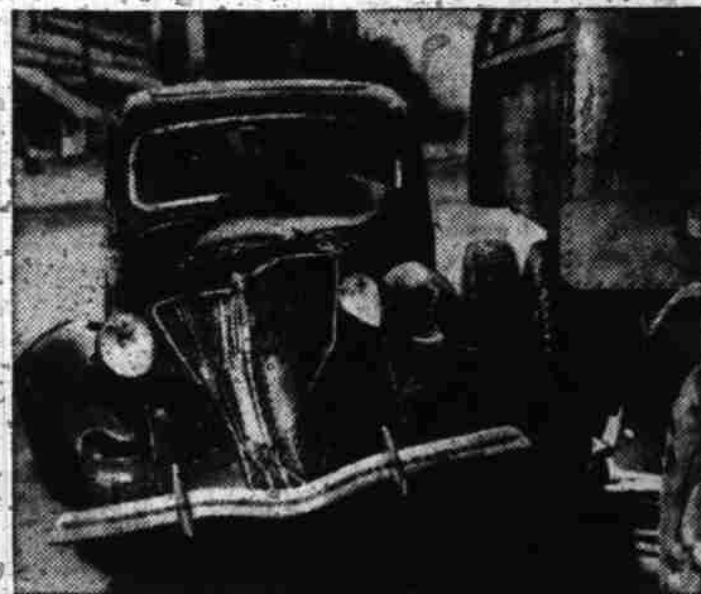

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Margaret Fearful She'll Miss Class During Strike

By BOB THOMAS
HOLLYWOOD (AP)—A sight I will always remember was Margaret O'Brien peering from the back seat of her car outside MGM yesterday, wondering whether she should pass the picket line. Fearful Margaret finally went in, but not to work. She had to attend school and if she missed a day, it would have to be made up during vacation. I hope teacher was not too hard on her for being tardy.

Wonder why Paramount continues putting Ray Milland in costume pictures which do nothing to follow up his "Lost Weekend" hit. He is not happy about his recent ones.

Bob Taylor was worrying about his return to the screen but he needn't any more. Review response to "Undercurrent" hailed his work. Now he wants to do a western.

Paramount is happy about the Alan Ladd baby. It will delay the Caddis' European trip so he'll have time for another movie.

Cary Grant fans will be saddened to learn that he will be absent from these parts most of next year. He'll be in England working for Alexander Korda.

Reason for the "Sacred and Profane" retakes is that the Greer Garson-Richard Hart love scenes might be too torrid for the screen. MGM promises a new Garson in it. The present one is good enough for me.

The whole town's talking about Rudy Vallee's new blonde hair, of which he has grown a fond. The racy dialogue in "The Big Sleep," which makes moviegoers wonder if they are hearing correctly.

Purely personal... Anita Colby and Clark Gable together again at the club... Lana Turner says she's having too much fun to settle down... Informed he was chosen one of the "Stars of Tomorrow." Butch Jenkins wanted to know "Does that mean I'll have to go around kissing girls in pictures like Mickey Rooney does?"

Death Toll Rises To Eight; Flood Damage Repaired

SAN ANTONIO, Sept. 30 (AP)—Crest of the flood waters of the San Antonio River, was approximately 100 miles from the Gulf Coast today after reaching a depth of 46 feet at Falls City, 45 miles south of here, late yesterday.

Meanwhile, the death toll from the flash flood which struck here near midnight last Thursday has risen to eight.

Two small boys were drowned yesterday in backwaters of the San Antonio River on a municipal golf course.

Police said the bodies of Thomas W. Trainer, 7, and Ernie Hagy, Jr., 6, both of San Antonio, have been recovered. Friends said the boys had gone in wading and evidently stepped into deep water.

Police also reported numerous cases of looting in the west side of the city. Elsewhere, street department crews were clearing debris from the damaged streets and began repair operations on bridges.

Flood victims, surviving wrecked homes, salvaged what personal belongings remained.

Falls City was marooned yesterday as water two feet deep covered highways leading to San Antonio and Corpus Christi.

Brazil occupies nearly one-half of the continent of South America.

Bumper Crop, Coast to Coast

YOU MAY NOT REALIZE IT, but in the first seven months of this year, 18,280 people were killed in highway accidents, and 640,000 were injured—many of them critically.

Why? One big reason is that the average car on the road today is over eight years old.

Naturally, over-age cars are apt to develop mechanical defects—defects of which you may be unaware, but which can lead to smash-ups like those you see above.

That's why you should have your car checked as soon as possible, no matter what model it

is—but especially if it's a prewar model. The most important things to have checked are your tires, brakes, lights, steering mechanism, windshield wipers, stop lights, and horn.

You'll find Gulf stations ready to check and service your car, ready to help you prevent accidents. And if it isn't convenient to take your car to a Gulf station, we urge you to take it to your local garage or to a station of any other reputable company. Other companies, like Gulf, are doing their best to encourage safer motoring.

And Gulf urges you to remember this: Even though your car has been checked, there

are unfortunately many others on the road that haven't been. Therefore, it's extremely important for both motorists and pedestrians to be careful, to keep alert, and to obey traffic laws to the letter. Your life may well depend on your doing so.

In the interest of safer motoring, this advertisement is published as a public service by the Gulf Oil Corporation

Salvation Army Needs More Bedding

Northerly blasts have forecast the possibility of early demands on the Salvation Army for sleeping facilities for indigent transients. The Dora Roberts citadel has places for such service, but it lacks bedding. Capt. Oivy Sheppard said Monday. He appealed to residents who have blankets or quilts which they might spare to bring them to the citadel or call his office.

SETTING PRETTY—Joyce Overton sits prettily amidst bunches of grapes in front of an old grape press in preparation for the Lodi, Calif. grape and wine festival.

Which way do you whiten your wash?

THE HARSH WAY
with uncontrolled bleaches
An uncontrolled bleach, that varies in strength from one bottle to the next, may overbleach your cottons and linens. Fabric threads fray out, as shown above.

THE GENTLE WAY
with Controlled-Action Purex
Every bottle of Purex has the same strength, the same correct bleaching action. Used as directed, Purex never overbleaches. It provides Controlled Action because it is purified and stabilized by the Intrafil Process—exclusive with Purex. At your grocer's.

PUREX
THE CONTROLLED-ACTION BLEACH
GENTLE TO LINENS
Great too for cleaning and disinfecting kitchen, bathroom. For a bright, "sweet" kitchen, you tile and porcelain a Purex "Beauty Bath"! Follow simple directions on bottle.

Spears Accepts Post With Your Exchange

M. O. Spears, who has been in business here for the past year, was to leave today for Austin where he will become district manager of Your Exchange. Spears bought the Ritz Drug here in September, 1945, and earlier this year assumed ownership of the Stags Electrical Appliance shop. He is retaining ownership of the drug store. Spears, a native of Lubbock, came here shortly after leaving the service, where he served for three years as a glider pilot. Accompanying him to Austin are Mrs. Spears and son, Jerry.

YMCA Directors To Be Installed

Nine directors will be installed at the meeting of the board of directors of the YMCA at its meeting Tuesday at 7:30 p.m. in the First Methodist basement. Also on the docket for the evening will be the election of officers, and possibly the filling of vacancies on the board. Results of balloting by members of the Y showed these to be eligible for installation Tuesday: John A. Coffey, Manley Cook, Roy Cornelson, Dave Duncan, Travis Griffin, Mrs. E. B. McCormick, Dr. L. R. McIntyre, and Walter Reed.

Forsan Reception To Honor Faculty

FORSAN, Sept. 30—Faculty of the Forsan schools will be honored at an introduction reception at the school gymnasium here Tuesday at 7:30 p.m. The Parent-Teaches association of Forsan will be hosts for the occasion. Next regular meeting of the P-TA will be held on Oct. 14. GIRLS CLUB MEETS High Heel Slipper club will meet this evening at 7 p.m. with Linnet Gross.

Social Calendar For The Week

TUESDAY
REBEKAH LODGE will have a regular meeting at the IOOF hall at 8 p.m.
HIGH SCHOOL P-TA will meet at the high school at 3:30 p.m.
NEEDLE AND THREAD CLUB will meet with Mrs. M. B. Beam at 1 p.m.
BUSINESS AND PROFESSIONAL WOMEN will have a business meeting at the Settles at 7:30 p.m.
LOTTIE MOON YWA will have a regular meeting at the First Baptist church at 7:30 p.m.
EASTERN STAR will honor grand officers at 7:30 p.m. at the Masonic hall.

WEDNESDAY
FIREMAN LADIES will meet at the WOW hall at 3 p.m.
PARENT-TEACHER COUNCIL will meet at the WOW hall at 3 p.m.
PHILATHEA CLASS will have a business meeting at the First Methodist church at 10:30 a.m. and luncheon at noon.
FIRST BAPTIST CHURCH CHOIR will meet at the church at 8:30 p.m.
PARK METHODIST STUDY CLUB will meet at the church at 8 p.m.
JUNIOR GA will meet at the First Baptist church at 4:15 p.m.
1946 HYPERION CLUB will have a luncheon at 1 p.m. at the home of Mrs. H. M. Jarratt.
JUNIOR MUSIC STUDY CLUB will have its first meeting at 7 p.m. at 1206 Runnels.

THURSDAY
CREDIT WOMEN'S CLUB will have the regular luncheon at the First Methodist church at noon.
THURSDAY BRIDGE CLUB will be held at the home of Mrs. R. E. McKinney, 1706 Scurry, at 2:15 p.m.
GIA will meet at the WOW hall at 3 p.m.
SOUTH WARD P-TA will have a meeting of officers and committee chairman at 3 p.m., and a regular meeting at 3:30 p.m. at the school.

FRIDAY
TRAINMEN LADIES will meet at the WOW hall at 2:30 p.m.
SUSANNAH WESLEY CLASS will meet for luncheon at 12 noon at the First Methodist church.
FRIENDSHIP CLUB will meet with Mrs. Garner McAdams at 2:30 p.m.
HOMEMAKERS CLASS of First Baptist church will meet at 3 p.m. with Mrs. M. E. Harlan.

SATURDAY
ALLEGRO MUSIC CLUB will have its first meeting of the year at the First Baptist church at 10 a.m.
1905 HYPERION CLUB will meet for luncheon at 1 p.m. in the home of Mrs. R. T. Piner, 600 Matthews.

Clayton Pleads Guilty To DWI Charges

F. E. Clayton, stopped by members of the city police force Sunday afternoon in the west part of town, entered a plea of guilty to the charges of driving while under the influence of intoxicants in county court this morning and was fined \$50 and costs. Clayton's vehicle operator's license was also lifted for six months.

City Court Hears 41-Case Docket

This morning's session of city court continued well past 11 o'clock, when no less than 41 cases were heard by City Judge Rupert Ricker. In addition city police transferred three subjects to county officials, with two to be charged with driving while under the influence of intoxicants and one expected to face a forgery charge.

Most arrests over the weekend by police were for drunkenness. Four Latin Americans pleaded guilty in city court to charges of consuming alcoholic beverages in a public place in violation of the state curfew law. They were apprehended by members of the local liquor control board. Police took five Latin-Americans into custody over the weekend for resisting arrest. Officers said one person arrested in the flats section for drunkenness promptly severed radio wires in the patrol car. He then signalled to four confederates, who descended on the car with rocks after they learned that the officers were unable to call for assistance via radio. The patrol car received some scars, but the entire group was brought to jail.

Scout Honor Court Slated Tuesday

Big Spring boy scouts will hold their regular court of Honor Tuesday night, H. D. Norris, local scout executive, has announced. The court will meet in the High School gymnasium, with W. C. Blankenship in charge. Brazil supplies about 65 per cent of the world's coffee.

Miss Armstrong Tells Of Medical Aid For Leprosy

A clearer view of leprosy, its effects and treatment, was given Sunday evening by Dora Jane Armstrong, a returned missionary, when she spoke at the First Methodist church under the sponsorship of the Federation Council of Church Women.

Miss Armstrong's discussion was illustrated with pictures of a small boy who was cured of the disease in three years with the use of the Chaulmogra oil injections. She reminded that leprosy is not contagious, although it is infectious. Miss Armstrong told the congregation that \$30 will care for a child infested with leprosy for a whole year, and that one dollar will buy his medicine for a month. Approximately 300 heard the missionary speak Sunday evening, with representatives from all members of the Federated Council, and large groups from First Christian and Wesley Methodist churches, who dispensed with Sunday evening worship.

Capacity Crowd Due At Game

General admission tickets for Friday's Big Spring-Odessa football game will be good for end zone or standing room only, school authorities reminded Monday. The entire east section has been blocked out for Odessa fans. In addition, Odessa students will be placed in the north end general admission section on the west stands and Big Spring students on the south end general admission section of the west stands. This leaves only sections 2, 3, 4 and 5 reserved seats available locally and 3 and 4 are virtually exhausted already. Additional bleachers are being added in the end zone to provide some 500 more seats. Seating capacity, with the additions, will be about 4,500, the west stands accommodating around 2,500, the east stands 1,500. Standing room patrons, however, may boost attendance to 5,000 for the tilt.

Zone Three To Vote District Supervisor

Landowners of Zone Three of the Martin-Howard soil conservation district, which extends on the north from the Big Spring-Vealmoor road and south on the Big Spring-Sterling City highway to the county boundaries, gather at the American Legion hall in Coahoma at 7:30 o'clock Tuesday evening to cast ballots in the election of a district supervisor.

Currently, Frank Loveless of Coahoma is holding that post, having filled the unexpired term of E. T. O'Daniel in July. The term, however, runs out the first Tuesday in October. The term will be for five years. Voters will do their balloting in writing and results will be announced immediately. Other members of the board include L. H. Thomas, Knott, chairman; Gordon Stone and Edmund Tom; both of Stanton; and Herd Midkiff, Midland. E. J. Hughes will represent the local SCS office at the session.

Firemen Answer Two Minor Fire Alarms

Two minor fires brought the Big Spring fire department out over the weekend for the first time in more than two weeks. At 8:45, p.m. Saturday firemen were called to an automobile fire at 411 Austin street, and at 7:10 a.m. Sunday they responded to a call at the Lakeview Grocery outside the city limits, where an electric motor shorted out. Neither of the fires caused damage.

Sugar Stamp 49 Invalid Tomorrow

September 30 was definitely the last day to buy sugar with ration stamp 49, the local OPA said Monday. The stamp was extended from the original expiration date of Sept. 1, but no further extensions are foreseen by ration board officials. Stamps 9 and 10 will be effective until the last of October, and number 51 will last until the first of the year. The local office has received no information as to the issuance of another stamp before Christmas.

City Of Big Spring Featured In Article

Big Spring was featured in an article in the Sunday issue of the Standard-Times of San Angelo. It was written by Grady Hill, a staff member of that paper, and dealt largely with municipal finances, services, water supplies, and utility charges. Hill erred, however, in his references to the city tax rate. He quoted a 10-cent increase. Actually, there is no increase in rate, for it remains \$1.70 per \$100 assessed valuation.

Landers Repurchases Cleaning Shop

Forrest H. Landers has announced the repurchase of Landers Cleaners at 608 E. Third and will be open for business Tuesday. Landers, who formerly operated the establishment extended a welcome to old customers and new ones to visit the shop for expert, courteous service.

OKLAHOMA SCORES ON ARMY—An Army punt from its own end zone is blocked by Norman McNabb (35) of Oklahoma, who fell on the ball for a touchdown in the second period of the Army-Oklahoma game at West Point. Army won 21-7. (AP Wirephoto).

Odessa, Midland, Sweetwater Unbeaten

Three District 3AA Clubs Boast Perfect Records

By The Associated Press. With conference games already edging into the schedule, 35 undefeated class AA high school grid teams are preparing for the fourth round of the 1946 campaign and chances are that by the end of the week nearly a dozen of them will have lost their perfect records.

Included among the 33 games on deck for next Thursday, Friday and Saturday are seven clashes between undefeated teams, 14 in which the undefeated take on inter-district rivals, two interstate contests and one international tussle.

Teams that have not met defeat are Borger, Amarillo and Plainview of District 1; Graham, District 2; Midland, Odessa and Sweetwater, District 3; Gainesville and Sherman, District 5; Highland Park, District 6; Paschal, Arlington Heights and North Side, all of Fort Worth, District 7; Waxahachie, District 10; Marshall, District 11; Conroe, District 12; Milby and Lamar of Houston, District 13; South Park of Beaumont, Ball of Galveston, and Orange, District 14; Corpus Christi, Laredo, and Austin and Thomas Jefferson and Brackenridge of San Antonio, District 15; and Edinburg, Harlingen and Ingleside, District 16.

Tied but undefeated are Wichita Falls, District 2; Bowie of El Paso, District 4; Amon Carter-Riverside of Fort Worth, District 7; Hillsboro, District 10; Pasadena, District 11, and McAllen, District 6.

Of the perfect record roster, Midland this week will meet Plainview, Sweetwater will go to Wichita Falls, Graham will visit Arlington Heights, Highland Park will journey to Sherman, Milby will take on Amon Carter-Riverside, and Thomas Jefferson will clash with Laredo and Kingsville with Harlingen in conference affairs.

Last week four teams from District 15 began to crowd all other district powers for recognition as Thomas Jefferson and Brackenridge of San Antonio and Austin and Corpus Christi continued to roll up scores that indicate reserves and power, both on offense and defense.

In three games Corpus Christi has scored 155 points to 12 for the opposition, Thomas Jefferson 106 and 7, and Brackenridge 84 and 7. In two starts with Waco and Temple, Austin's Maroons have registered 85 points to 7 for the two District 10 teams.

Joining the ranks of the defeated last week were Quanah, Big Spring, Austin of El Paso, Denton, Greenville, Crozier Tech of Dallas, Forest of Dallas, Brownwood, Stephenville, Ennis, Port Arthur, Goose Creek, and John Reagan of Houston.

Pulling through with only ties marring their records were Hillsboro and McAllen.

LOOKING 'EM OVER

WITH TOMMY HART

Despite the fact that he was more or less corraled by Lubbock's stout defense in last week's battle, Gerald Harris still leads the Big Spring High School footballers in ground gains for the season.

Big Gee has carried the melon 16 times for a total pickup of 131 yards and an average advance of 8.2 paces. Horace Rankin, who was the best Steer back in the Westerner outing, built his total to 59 yards in 12 tries. That would push his average to something like five yards.

Other backs who have lugged the mail in the Bovines' two outings and their records include:

Player	Carried	Yds.	Gains	Average
Jackie Barron	2	13	6.5	
Bobo Hardy	14	20	1.5	
George Worrell	6	9	1.5	

Hardy has had the satisfaction of scoring three of Big Spring's first four touchdowns. Last year, he failed to strike pay dirt.

Rankin accounted for the other Steer TD (against Cisco) this season. Harris added a couple of the points after touchdown, one by taking a pass from Barron, while Barron booted the other.

In the passing game, Barron has completed two of seven over-headers for a net pickup of 108 yards. One of his throws (to Rankin) went for a score. Another of his tries was intercepted (by Leon of Lubbock). Rankin has made good on three of nine attempts and the Steers gained 70 yards and one touchdown (by Hardy) as a result.

Hardy leads the receivers to date with two completions and 64 yards gain. Enzor Puckett galloped 54 yards on his single completion. Rankin's pickup was exactly the same while Marv Wright moved six paces the one time he gathered in a toss.

Eddie Houser has punted one time for 41 yards. Rankin's aggregate for eight boots is 325 yards, or a 40.5 yard average while Barron's two attempts have gone for 73 paces and an average of 36.5 yards.

Big Spring hasn't done so pretty good on down renewals in comparison to the enemy, going for 11 first downs in the two games as against 22 for the opposition.

Officials have seen fit to penalize the local team 10 times and the deficit amounted to 70 yards, exactly the same as has been inflicted on the foe on eight occasions.

Steer backs have fumbled six times and made recovered twice while the opposition last possession of the oval only twice in five bobbles.

Five Longhorn kickoffs have

Pampa Defeats Henderson, 5-2

HENDERSON, Sept. 30. (P) — Pampa's Oilers hold a two game lead over Henderson in the West Texas-New Mexico and East Texas Leagues playoff.

The Oilers used four double plays yesterday to halt Henderson threats as the West Texans won the second game of the series, 5-2. The clubs will meet again here tonight after which they will move to Pampa to resume play on Wednesday.

Virgil Richardson, Oiler first baseman, connected for his second four-bagger of the series and found one man on base, Jack Riley, with a double and two singles, teamed with Richardson for the Pampa team's heavy hitting. For Henderson, Johnny Stone and Wyman Hunnicutt each received three hits in four tries. Pampa... 003-000-200—5 11 0. Henderson... 000-100-001—2 10 0. Carithers and Zigelman; Evans and Demma.

Bovines Prime For Odessans

Johnny Dibrell's Big Spring High school football Steers who game out of the Lubbock encounter last weekend in fairly good physical condition, get the unenviable task of mixing with the recognized No. One team of schoolboy circles this week.

That would be the Odessa Broncos, winners over Lubbock, El Paso high school and Hollis, Okla., on successive weekends. The Odessans will come to the village Friday night with all the smart money riding on their backs. The team that gave the Bovines their most gosh-awful licking last fall, and that by a 52-0 count, will be heavily favored to douse the homelings in the river of sorrows again. Only this time, it won't be as one sided, all agree.

True, the Broncos perhaps have improved, J. W. Thompson or no. J. W. Thompson. But the Longhorns look much better than they did a season ago and appear capable of giving anyone trouble. They've got a sweet line, which will no doubt be strengthened this week by the return to action of Ike Robb. And their backs are of improved caliber. Marv Wright, who was felled with a charley horse by a terrific block on the part of a Lubbock player last week, is expected to be ship-shap for the Friday clambake.

Valley To Play G'City Sextet In Ten Feature

Two of the leaders in the District Ten six-man football league come to grips Friday afternoon when Gordon Grigg's Garden City Hurricanes meet Water Valley on the latter club's gridiron.

Each sextet has racked up two victories in as many tries. The Hurricanes had trouble in squeezing by Courtney their first time out but copped the duke, 12-6. Last week the Glasscock county gang pushed Merton aside, 38-12, with big Harry Calverly leading the way.

Water Valley triumphed over Merton two weekends ago, 43-6, then pulverized Knott at Forsan last Friday, 63-6.

Forsan, other unbeaten contingent in the conference, should get by Courtney without too much trouble. The two clubs clash at Courtney. The Buffs had to hustle all the way to beat down Sterling City last week, 19-13, but the week before had slaughtered the hapless Knott brigade.

In two outings, Sterling has tied last year's champion, Coahoma, and dropped the one-point decision to Forsan. The Bearcats this week take on Knott at home and should win that one easily.

Coahoma invades Merton and will be favored to win.

TEAM	W	L	Pct.	Pts.	Op.
Forsan	2	0	1.000	80	18
Garden City	2	0	1.000	50	18
W Valley	2	0	1.000	106	13

Red Birds To Face Dodgers In Playoff Opener Tuesday

Start Of World Series Delayed Until Sunday

In a fitting climax to baseball's most turbulent year, the close of the regular season today found the National League without a champion, since the Brooklyn Dodgers and St. Louis Cardinals wound up in a dead heat for first place.

It is doubtful if ever before so many hectic episodes were crowded into one big league season.

The Cards-Dodgers deadlock was something new in major league baseball. Never before had a regular campaign ended in such a tie. Although the Chicago Cubs and New York Giants were ordered to replay a tie game to determine the championship in 1908, the Cubs won that regular season playoff and also the World Series.

The first Cards-Dodgers playoff game is to be played in St. Louis tomorrow. The two teams then will go to Brooklyn for a second game Thursday and possibly a third Friday.

This means the World Series will start next Sunday, Oct. 6 instead of next Wednesday. Meanwhile the Red Sox will pass the time playing an all-star squad in several exhibition games.

Neither the Dodgers nor the Cards had the punch necessary to put over the knockout blow yesterday. A victory for either team means the championship, but the Brooks bowed to Mort Cooper and the Boston Braves 4-0, while the Cards were beaten by Johnny Schmitz and the Chicago Cubs 8-3.

The Cubs retained their one-game margin over the Braves in Cardinals and wound up in third place.

Bob Feller won 26 games and

whiffed 348 batters to better Rube Waddell's official strikeout record of 348 (unofficial mark is 349).

ST. LOUIS, Sept. 30. (P) — Eddie Dyer's St. Louis Cardinals probably can find the most reasons to kick themselves today, for they knew full well the Dodgers were having a rough afternoon with Boston's Mort Cooper before the Red Birds "blew" their finale 8 to 3 to Chicago's Johnny Schmitz.

Each of the 34,124 paying customers that produced Sportman's Park's largest crowd of the season knew all about it. The Braves had opened a 1-0 gap on Brooklyn and the Cardinals were showing the way to the Cubs, 2-1, with George (Red) Mungler coasting along in fine style.

Then came the fatal sixth in which the St. Louis pitching and fielding collapsed during a dizzy spell that yielded five Chicago runs on a double, three infield hits and a wild throw by Stan Musial. The loss by Musial, over the head of Murry Dickson who was covering first base, broke the Cards.

When the inning was over it mattered little that the score-

board carried tidings of Boston's 4-0 win over Brooklyn.

Naturally the fans were disappointed, and so was Manager Dyer, who sat in the stilled Cardinal clubhouse after the last player had left.

He only said, "We just lost because we played bad ball. It was just bad play. Nobody can call it bad luck."

Dyer said he would use either Howie Pollet or Murry Dickson in the first game of the playoff series here tomorrow.

Six-Man Unit Meets Tonight

Members of the newly-formed Six-Man Football Coaches and Officials association gather at the court house at 7:30 o'clock this evening for the second in a series of meetings on rules interpretation.

Primary objective of the function, according to President Walker Bailey, is improvement of the officiating of the abbreviated game. It is believed to be the first organization of its kind formed in the Southwest.

Some 30 members of the association from Howard, Dawson, Martin, Glasscock, Sterling and Tom Green counties are expected to be on hand for the session.

Quarantined Cattle To Be Examined

VERA CRUZ, Mex., Sept. 30 (AP)—Three hundred and twenty-seven head of Brazilian Cebu cattle, held in quarantine on Sacrificios Island since May 12, have been brought to the mainland. The cattle were taken to the beachfront ranch of Col. Carlos Serrano where they will be examined by a mixed US-Mexican commission to determine whether they have traces of hoof and mouth disease. The Serrano ranch is directly opposite from the island. Importation of the cattle which US officials contended was a violation of a Mexican-US treaty resulted in virtual closing of the northern border.

Mother Held For Drowning Two Children

CLEVELAND, Sept. 30 (AP)—A 30-year old Cleveland mother is being held in the Liberty county jail today on charges that she drowned her two children in a bathtub. Mrs. A. H. Brent, wife of a Shell Oil company employe now in Maricao, Venezuela was charged yesterday afternoon with two counts of murder before Justice of the Peace George R. Smith after neighbors to the Brent home found the children submerged in the bathtub. Liberty County Attorney Jeff Cochran said. The children were Linda, 3, and James, 18-months old. At the jail, county officials reported Mrs. Brent to be hysterical and seemingly unaware of the tragedy. Cochran said neighbors, attracted by frantic screams from the children, forced their way into the Brent home and found the children in one-foot of water in the tub. Mrs. Brent, he said, was found sitting on the bathroom floor. Attempts to revive the children were unsuccessful. "She still doesn't know that her children are dead," he said. The Liberty county official said he planned to ask two physicians to sign certificates committing the mother to a mental institution and would then ask that the murder charges be dismissed. Mrs. Brent had been residing here with her children since the departure of her husband for South America last month.

"Don't worry, Mrs. Snodgrass—if necessary, we'll perform a dozen operations till we find out what's wrong with you"

MR. BREGER

"Ignore them, Walter—they only SUBLEASE here!"

Equalization Board In Third Week

The city's board of equalization prepared to remain in continuous session this week until hearings are completed. Convening again today, for the third week the board still faced a lengthy list, with only about half of the taxpayers registering for appearance already heard.

Medics Again Seek License Examination

FORT WORTH, Sept. 30 (AP)—The executive council of the State Medical Association of Texas has called for renewal of efforts to obtain passage of a bill which would require examinations in basic sciences prior to taking of examinations for licensing of physicians in Texas. In a two-day session here, the council approved plans to press upon the state legislature the basic sciences bill which failed to pass in the last session. It would require candidates for medical licenses to pass examinations in bacteriology, chemistry, anatomy, physiology, physics and public health before they would be permitted to apply for medical license. The examinations would be required of all practitioners, including chiropractors and osteopaths.

Puerto Rico has an average temperature of 73 degrees in winter and 79 in summer.

Hagoods Honored At Game Party

Mr. and Mrs. J. O. Hagood were honored at double birthday parties at their home Saturday evening.

The birthday cake and salad plates were served after the group had played table games.

Attending were Mr. and Mrs. M. O. Spears, Mr. and Mrs. Arthur Caywood, Mr. and Mrs. Garvett Patton, Mr. and Mrs. D. H. Dobbin, Mr. and Mrs. R. C. Hendry and Mr. and Mrs. Frank Hardesty.

Breakfast Honors Bride

Mrs. Odie Wilson entertained with a breakfast at the Crayford Coffee Shop Sunday morning honoring her sister, Betty Jo Pool, bride-elect.

The breakfast table was centered with a crystal basket of bridal wreath and fern, and place cards were ornamented with miniature corsages of bridal wreath. The bride-elect was attired in a black velvet frock with white eyelet yoke. Her corsage was of white carnations. Miss Pool will be married to Warren Snyder in a formal ceremony to be read by candlelight at the First Presbyterian Church Wednesday evening at 7:30 o'clock.

Those attending the breakfast were Mrs. Irma Rankin of Lubbock, Mrs. Albert Darby, Mrs. Charles Pool, Mrs. Frankie Nobles, Mrs. Tom Davis, Jr., Doris Stutville, Billie Jo Riggs, Mrs. Dee Foster, Jr., Mrs. Al Atton and Mrs. C. H. Pool.

Herman Buc Pilot

PITTSBURGH, Sept. 30. (AP)—The Pittsburgh Pirates today announced appointment of Billy Herman, Boston Braves second baseman, as their new manager, succeeding Frankie Frisch.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Meat Decontrol Unwise-Anderson

ALBUQUERQUE, N. M., Sept. 30. (AP)—Secretary of Agriculture Anderson said today that decontrol of meat prices would be unwise and urged cattlegrowers to help him find a better solution to the meat famine.

In an address before the executive committee of the New Mexico Cattle Growers Association, Anderson invited the cattlemen to "sit down" with him "to see if, working within the framework of what the Congress has given us and Decontrol Board has decreed, we cannot preserve, in legitimate channels, the great meat industry of the United States."

Anderson asserted there is an abundant supply of cattle in this country, "but when I announce tomorrow that new short supply list, I could not mention range cattle; I must deal with pork and mutton and beef."

He thus dissipated speculation that he might decontrol meat by omitting livestock from the short supply list. "Beef is not made on the plains," he continued. "The great volume of beef is made in the feedlots. I have often said that a good range animal is merely a frame of hide and bone and muscle on which to hang the top grades of beef."

Driver Runs Away From Crash Scene

Members of the state highway patrol who looked into an automobile accident three miles south of town, which occurred around midnight Sunday, are seeking the whereabouts of the operator but feel fairly certain the man emerged unhurt.

Shortly after the machine crashed into a culvert, witnesses sighted its driver climbing through a fence and dashing from the scene of the mishap. The vehicle, which had been registered locally, had flipped over and was badly damaged.

Program Planned For Legion Meeting

Lively entertainment is on tap Thursday evening at the American Legion meeting, Commander Harold P. Steck announced Tuesday. E. M. Watson, principal of the Lakeview (colored) school and the Rhythm girls from that school will provide half an hour of vocal and piano music for the occasion. Steck urged all old and new Legion members, together with all veterans of World War II to participate in the session. After the business portion of the meeting, refreshments will be served.

New Board Member Elected Chairman

AUSTIN, Sept. 30. (AP)—The newest member of the State Board of Control, Carlos Ashley, today was elected its new chairman to serve until January, 1948.

Ashley was appointed to the office Friday and took the oath of office Saturday to fill the vacancy caused by the death of board chairman Weaver Baker. The board elects its own chairman.

Naval Plane Crashes, Burns

CORPUS CHRISTI, Sept. 30. (AP)—A large Navy patrol bomber which the Navy said had five men aboard crashed and burned in Corpus Christi, Bay here shortly before noon.

A Navy rescue crew was rushed to the scene. It picked up two persons, but their condition was not determined immediately.

The crash occurred while the ship was taking off on a routine flight. The Navy did not announce the names of those aboard. They identified the plane as a PBM-5 Martin "Mariner."

Former Legislator Dies

LUBBOCK, Sept. 30. (AP)—R. P. Conner, 89, of Lubbock, former state senator and former Brown county judge, died here yesterday in a hospital.

Rent Controls Put In 17 New Areas

WASHINGTON, Sept. 30. (AP)—OPA today ordered rent controls established in 17 new areas in 13 states.

The agency said the rent ceilings are being imposed for the first time, effective tomorrow, because the "housing shortage and pressures on rent had become acute in all of the new areas."

Legion Membership Drive Continues

Progress is being registered in the American Legion post drive for new members, and the campaign will be continued for two weeks.

To date, the post has passed the 100-mark in new members, said H. P. Steck, commander.

The special booth will be operated on Saturdays at Walgreen Drug, corner of Third and Main, for convenience of veterans in the area and for those in Big Spring who have not yet availed themselves of the opportunity of membership.

Currently, the post has an objective of 500 members.

Montreal, with nearly 1,500,000 people, is Canada's largest city.

Ring To Be Set Up For Boxing Team

Extensive boxing training of a team of eight boys who will fight in the Golden Gloves tourney under Salvation Army sponsorship will begin next week, Capt. Olvy Sheppard said, when a complete boxing ring will be set up in the recreation room of the Doris Roberts Citadel.

Robbs and trunks have also been ordered for the team.

In tonight's boxing instruction, five regular bouts and one exhibition have been arranged. Billy Whittington and Charles Wright will stage the exhibition, while other fights will match Dewey Byers and Charles Franklin, Frank Long and Charles Hale, Morris Rogers and Melvin Byers, J. T. Albright and Belton Brunson, Gene Gross and John Masters.
