SETS RKO SCREEN TEST UNAWARES

## Miss Texas Makes First Movie

By ELIZABETH POPLIN  
Connie Hopping, newly crowned Miss Texas, smiled into the unflinching eye of the movie camera Sunday at Laredo and stole a march on Hollywood. The blond, curvaceous beauty gamboled through a three-hour movie sequence for Continental Oil Company, co-starring six new cars.

Connie Waves In Cars  
Six new cars owned by Conoco were competing a 50,000 mile trip to Nowhere test. Starting with their speedometers on zero, these cars are never stopped until the 50,000-mile mark is reached. They are manned by three drivers who pull eight-hour shifts driving them. Testing wound up in Laredo, Connie in low-cut sunback dress and pert blonde curls stood on a little bridge outside the city and waved the cars in as they came over a hill.

Connie Gets Screen Tests  
Only at the completion of the day's "shooting" did Connie find out that she had not beaten Hollywood to the draw after all. Harry Pennington, RKO talent scout, had been among the party all afternoon, taking pictures of Miss Texas which will soon appear on broad, mahogany desks behind many closed doors in well paneled offices on the RKO lot.

Even though Connie "just didn't have time" to squeeze a trip to Laredo into her already overcrowded schedule, she finally gave in Saturday morning and flew to San Antonio. Conoco Oil Co. officials and their advertising executives had been calling her since Friday. Joseph C. Meeham and Edward Thoman, vice-president of Geyer, Newell, and Ganger, Inc., an advertising agency of New York City, met Connie and her mother, Mrs. Jim McGuire, in Laredo Sunday.

Later in the afternoon the cars were lined up around the swimming pool at the Laredo Country Club, forming a streamlined background for Texas' most streamlined gal. Connie in her now famous aqua and rhinestone bathing suit posed against the fletch of cars with

With hardly a moment to pause for breath between engagements, Connie said "So Long" to her (Continued on Page 7)

## GROUP TO GATHER AT SPADE CO-OP GIN AT 9 A. M.

### Address by Tech President Will Be Featured

The Board of Supervisors of the Lamb County Soil Conservation District have set Tuesday, September 9 as the date for the fifth annual conservation field day and farm tour.  
Chairman and committee members toured the county Tuesday to select a route for the tour. The current agricultural practices farmers are showing interest in to be demonstrated, and out places that show the best farming methods. On Tuesday were Raymond Coops, chairman of the board of supervisors; C. C. Byars and Thurlo Branscum, members of the board; Marshall Howard, chairman of the Chamber of Commerce agriculture committee; Talbert Williams, soil conservation service, and David Eaton, county agent.  
The tour will assemble at the Co-op Gin at Spade at 9 a. m., September 9. The first farm stop will be at the C. C. Byars farm, one mile south and 1 1/2 miles west of Spade. From the Byars farm the itinerary reads A. F. Wedel farm north of Bainer Switch and H. E. Gohlke farm west of Bainer Switch.  
Along the route, farmers and visitors on the tour will observe some of the latest methods and techniques used in conservation farming such as soil building crops, fertilizer applications, mechanical preparation of land, crop rotations and the value of manure in crop rotations, conservation irrigation, and methods being used to prevent erosion.  
The tour will proceed to the W. H. Cunningham pure seed farm two miles west and one south of Littlefield to observe dryland farming methods and conditions. At the Cunningham farm a barbecue lunch will be served at 12:30 p. m. by the Littlefield Chamber of Commerce through the courtesy of the six banks of Lamb County.  
Main feature of the noon day program will be the speech by Dr. E. N. Jones, president-elect of Texas Tech College. "Cotton John" Smith, well-known announcer from station KGNC at Amarillo, has been secured to be master of ceremonies for the whole tour.  
The supervisors ask that the change in date of the tour be noted in particular. Tentative date had been set for Sept. 11, but that original date has been changed to Tuesday, September 9.  
The public is cordially invited to come and spend Sept. 9 in touring outstanding farms of Lamb County.

## Light Voting Is Predicted

The second primary is Saturday, August 23, and with only one statewide run-off in the offing, officials and political "pulse-takers" are predicting a light turn out of voters. About what you'd expect at a church conference maybe.  
Statistics on absentee ballots from the office of the County Clerk, Joel Thompson, bear out the light esteem in which voters hold this election.  
Totals of the 75. Seventeen ballots had only reached 75. Seventeen ballots had been returned.  
In comparison, on the same date before the first primary 156 ballots had been mailed, 94 persons had come by the office to cast votes and the total number of 250 votes was "heavy" as absentee ballot records go.

## Future Farmers Have Encampment At Ruidosa

Thirteen members of the Future Farmers of America returned last Friday from a five-day encampment at Ruidosa. Into 2 cars, a trailer, and a pick-up truck the boys packed tents, food, cover, and all the comforts of home that are needed when camping out.  
W. W. Hall, vocational agriculture teacher in the high school, accompanied his students and drove one of the cars.  
On the camp ground one big tent which holds eight people was pitched. The rest of the boys occupied nearby tourist cabins.  
Rest and play were the order of the day on this trip. The boys bowled, played pool, and went horseback riding. They reported that it was "too cold" to go swimming.  
Mr. Hall took one group of boys on an all-day trip to Cloudercroft, 50 miles south of Ruidosa atop a mountain. The same day another group toured El Paso and Juarez.  
In previous years FFA encampments have been held at Lake Brownwood and Cisco, Texas.

## 106 Degrees High For Week

No wonder you think it's hot—it is! The high temperature for the past week was a sizzling 106 degrees recorded Friday at 4:30 p. m., according to the West Texas Gas Co. thermometer. Saturday, Sunday, and Monday the heat was on with a sustained 103 degrees each day. Other temperatures for the week were as follows:

	Low	High
Thursday	74	102
Friday	74	106
Saturday	75	103
Sunday	73	103
Monday	75	103
Tuesday	74	104
Wednesday	70	103

## VISITING IN LITTLEFIELD

Guests in the home of Mr. and Mrs. R. D. Dennis this week have been Mrs. Dennis' two sisters and a niece; Mrs. D. C. Coleman and children of Los Angeles, Mrs. L. E. Hogge from Dalhart, and Mrs. Erlene Matis and children from Houston. They all arrived together Sunday afternoon and left Wednesday.

THURSDAY AND SUNDAY

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, AUGUST 21, 1952 No. 51

## Automobile To Return For Second Visit To Lamb County

### MAIN MEET LITTLEFIELD SEPTEMBER 30 Set For 10 P. M.

### New Phillips 66 Station Is Under Construction

A wrecking crew took exactly four days to tear down the old Phillips 66 station at the corner of Fifth and Phelps and clear the lot for the foundations of the new \$19,000 station.  
Sam Davis, general contractor from Amarillo with the Panhandle Engineers, said that foundations would probably be poured (today) Thursday morning.  
E. Baker, foreman, was questioned on the lot about the completion of the new structure and stated that it would be in the neighborhood of 60 days, "providing steel and other materials can be obtained readily."  
The new station lot will run through the entire block from Phelps to LFD drive. The filling station, with washing and lubrication facilities will face on Fifth Street.  
The 28x47 building will be of all steel and brick construction with concrete drives and a gravel parking area at the side. A large plate glass window set at a modernistic angle will look out on Phelps. Three gasoline pumps, set on an island in front of the station, will provide quick service for purchasers of gas.  
Two 10-foot doors open into stalls equipped for complete washing and lubricating service. All equipment in these stalls, such as hose, will be suspended on reels which can be pulled down from the ceiling.  
"Something new has been added" in the way of lighting, too. Two 21-foot poles with three flood

lights mounted on each pole will flood the whole area with a clear light.  
Mid-town Littlefield is getting a good face-lifting on this busy corner.

## Two Cars Collide Friday; Charges Are Filed Against Drivers of Both Cars

Cars driven by D. L. Roberts of Muleshoe and Airman Billy Martin Mackenzie, stationed at Clovis, were in collision at an intersection 3 miles east of Earth at 2:07 p. m., Friday last.  
According to Highway patrolman, Gene Pate charges have been filed against both drivers. Roberts was driving a 1947 GMC truck, and Airman Mackenzie a 1950 Studebaker.  
Airman Mackenzie of the 140th Medical Group was on a 10-day furlough en route to his home in North Carolina when the accident occurred. Following the collision, his car turned over in the bar ditch; however, he sustained only minor cuts and bruises for which he was able to give himself first aid. Damages to his vehicle totaled \$800.  
Damages to Roberts' car amounted to only \$10.

## Fifteen True Bills Returned By Grand Jury Last Week

Fifteen true bills which were returned by the District court grand jury August 14, will go on the docket when District court convenes September 8 with Judge E. A. Bills presiding.  
Other cases held over from the February meeting of the grand jury will be on the court docket as well as several civil cases.  
September 8 has been declared civil and criminal week in this district. This session will be a continuation of the August 4 session of the court.

## Farm-by-Farm Visits To Be Featured In 1953 Program

The 1953 Agricultural Conservation Program will feature farm-by-farm visits to agricultural communities. Elections are held in each community each year and three local farmers are named to serve on the PMA Community Committee.  
Under the 1953 Agricultural Conservation Program, the assistance available will be directed to the most urgently needed phase of conservation in the farm.  
In the field-by-field check, the conservation needs of the farm will be noted and the most needed

phase of conservation determined. Plans prepared for the farm by the Soil Conservation Service or other agency will be considered in determining practices to be carried out in 1953 with agricultural conservation assistance.  
The success of this program depends on each farmer. Don't forget to vote. Ballots must be in the PMA office no later than August 21.

There are 3000 farmers in Lamb County and each committeeman will have about 108 farms to visit. These farms are in 8 designated

## WOW DEGREE TEAM BOARDS BUS FOR MEMPHIS TODAY

Last minute preparations for the departure of Littlefield WOW Degree Team of Camp 3871 for the national honors competition at Memphis, Tennessee, August 22-23 were completed at a called meeting Wednesday night at 8 p. m. in the Junior high school gymnasium. The local team, who have beaten every other team in the Southwest are out to get national first place trophy.

# Farmers Should Vaccinate Hogs

On the eve of another fall campaign to check the multi-million dollar hog cholera losses suffered by swine producers each autumn, the American Foundation for Animal Health recently gave farmers a series of pointers to help them combat this No. 1 hog killer.

"The most frequent question farmers raise about hog cholera is when is the best time to have pigs vaccinated," Foundation authorities said. "The general practice is to have vaccination done when pigs are about six weeks of age, if serum and virus are used.

"Farmers also want to know what kind of immunization method should be used. This is something that should be determined by the veterinarian when

he checks the drove to determine whether it is in condition for immunization.

"Still another question farmers ask is: 'If I didn't have hog cholera losses last year, do I need to vaccinate this year?'"

"The answer is 'Yes.' Cholera is the most deadly of all swine diseases. It strikes without warning and usually kills within four to seven days. It also tends to attack in cycles. If outbreaks were light during the previous year, there may be heavy outbreaks the next year.

"Under present conditions, no swine producers should go into the fall season with pigs that have not been vaccinated against cholera."

# Price Facts and Political Fantasies

Where does all the talk of runaway prices come from? In the last week or so, we have witnessed talk of a special session of Congress to stiffen price controls in order to forestall a big boost in food prices, while the Department of Agriculture reports crops nearing an all time high.

The retiring OPS chief says the advance in steel prices (caused by the wage boost) will cost the average family \$100 a year. But there has been no factual support for the statement. In fact, other metals are going down, with a recent 1 1/2 cents a pound cut in zinc and softness in several others. They piled up while steel normally used with them was in tight supply because of the strike.

The canning industry finds food price reports exaggerated and that, in fact, a wide variety of major canned vegetables are selling below the old OPS ceilings. Drouth reports seem to be overdramatized. Winter wheat was already harvested before dry weather hit. Cotton suffered in some areas but has recovered. Corn has had good rains and a big yield is forecast. Livestock prices are off sharply as many areas sent unfinished stock to slaughter for lack of

grass, but shipments into the Corn Belt suggest a possibility that enough will be finished to avert a serious shortage. The Agriculture Department predicted, even on the basis of Aug. 1 conditions, that the total of all crops would be the third highest on record—and noted that rains in early August have tended to mitigate drouth effects over a large area.

Politics has entered the picture. Midwest Democrats conferred with President Truman urging a special session of Congress. Republican leaders denounced the idea as a political trick, suggesting that its purpose was to propose stiffer price controls that would not be voted but that could serve as political ammunition against those who opposed them. The top economic leaders within the administration are split over the issue, some flatly asserting that prices are not getting out of hand.

During the week or more in which this dispute was going on, grain futures prices went down. These prices are, in the final analysis, the most accurate reflection of true values available, because they represent the combined judgment of men who make their living by buying and selling.

Ownership of property does not carry with it the right of unlimited use of the premises. Certain restrictions upon the use of real estate have been handed down to us through the ages. These restrictions, relatively small in number, exist by reason of custom. The prime example of such a restriction is that a person cannot maintain a nuisance upon his premises.

With the growth of cities and the increasing importance and value of real estate, it became important to change and add to these age old restrictions. It was found necessary that certain operations on real estate that would be regarded as nuisances in a residential area must have a place in the city where they would not be nuisances. At the same time, they should be prohibited from existing in a locality where they would be not only a nuisance but where they also would detract from the value of the other property in the neighborhood.

This change and addition has been accomplished largely by two methods: (1) Zoning and other Statutes and Ordinances and (2) Restrictive Covenants. The latter are usually placed upon a tract of land by the person who is subdividing and developing it as an addition to the city. It is important for the house buyer to find out exactly how these two types of restrictions affect his property. What zoning ordinances are in effect upon his property and the property in the neighborhood? What restrictive covenants are in force in the subdivision of which his land is a part? If the buyer doesn't have the answer to these questions before he signs the contract of sale, the contract should contain a provision giving him the right to discover the answer and decide whether he wants the property in view of his discovery. An illustration may serve to emphasize the importance of zoning ordinances and restrictive covenants.

Jones moves into his new house and wants Uncle John to live with him. In order to persuade Uncle John, Jones commences building an addition to the house in the form of a bedroom and kitchenette. An enterprising neighbor soon informs Jones that he is violating the restrictive covenants of the subdivision by placing the addition too close to the property line. Jones ignores his neighbor and a city inspector soon appears, who not only verifies the neighbor's assertion but also tells Jones that his block is zoned for single residential dwellings. Also, the restrictive covenants have the same provision. Jones retreats until he sees a store building being erected on a corner lot almost directly across the street from his property. He proceeds to give the inspector a piece of his mind about commercial enterprises ruining a nice residential area. Then Jones discovers that the lot in question is zoned for business. Furthermore, since it is not within the same subdivision as his house, it is not subject to the covenant restricting the land to single residential dwellings.

A free pamphlet containing useful information on legal and other problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

by taking sufficient liquids by mouth; and, if necessary, by increasing the amount of salt in the diet.

## Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

## DOAN'S PILLS

## Typhus Fever Continues In State Of Texas

Typhus fever continues to make its appearance in various counties of Texas, says Dr. Geo. W. Cox, State Health Officer. Like typhoid fever, most cases appear during the summer and fall and all citizens are urged to help control the spread of typhus by assisting in exterminating rats.

case is entirely different from the old world type which has followed some of the armies in Europe. Ordinarily the kind of typhus which makes its appearance in this section of the country is not a fatal disease, although there has been a death rate of about 2 per cent from Typhus this year.

The poisoning and trapping of rats throughout the State will help to control the spread of this disease although these are temporary measures. In order to be permanently rid of rats they will have to be starved out, which means that buildings housing food supplies must be rat proofed.

It should also be remembered that rats cost the householder millions of dollars each year in the amount of food they either eat or spoil.

A total of 11,187 harness horses raced throughout the country last year for a total purse distribution of \$13,119,753.

Johnny Clune, Navy's basketball ace, set five individual scoring records and tied another last season.

Lamb County is Serving On O'Bannon. Serving aboard the destroyer USS O'Bannon with Escort Destroyer One with the Pacific Fleet, Glenn D. Landrum, mate fireman, USS O'Bannon, Mrs. H. R. Landrum, 1, Littlefield.

The O'Bannon, while the Far East, steamed 65,000 miles, escorting convoys, acting as an anti-air guard, and blasting duels with Communist placements.

With Task Force 77, non recently made what newspapers called Triple Play. A pilot, ley, shot down near the Korea, was picked up by troyer escort USS McGinty transferred to the O'Bannon and the turned safely to his. The newspapers reported to McGinty to O'Bannon casualties.

# Health Talks

Prepared by the State Medical Association of Texas

"It must be the heat," is a common excuse these days for a run-down, no-good feeling. "The heat saps my strength." "All the starch has been taken out of me"—any number of sad tunes in the same key are offered as an excuse to get out of a tennis game or a dinner date.

These fagged-out persons probably wish they had more sit-up-and-go, but they just don't know how to come by it. Since causes of summertime tiredness may be many, each of its victims should look into his daily routine.

First of all, does he get enough sound sleep? The usual six or eight hours is not enough if it is broken by having to swat mosquitoes, get up and quiet a baby suffering with prickly heat or colic, or yell at the neighbors holding a watermelon party in their backyard. Of course, the obvious thing to do is to get rid of the cause of sleeplessness if possible.

Next, the worn-out fellow might

think about the exercise he is getting. Is it enough or too much? Too little exercise can lead to sleep counting. On the other hand, it takes only common sense to know that eighteen holes of golf in the mid-day sun is not good for comfort, much less for sleep. Swimming and sunning between 11 a.m. and 3 p.m., can have the additional danger of sunburn, itself a sleep killer at times.

Diet is important. Because of less physical activity during the heat and because of the heat itself, the appetite may be expected to fall off. This is little excuse, however, for making snacks a regular routine or for "living out of cans." Even though less food may be needed, the right balance of fats, carbohydrates, and proteins is just as important as in cooler weather.

The amount of salt which a person should have during hot weather worries some unduly. In general, unless one does hard physical labor at extremely high temperatures in dry surroundings, he will not need any more salt than usual. If an extra amount is needed, however, there are any number of methods for getting it; salt can be used more freely in cooking or can be added to tomato juice, soup, broth, or even beer. Salty foods such as crackers and sardines might be added to the diet. Still other ways are to take salt tablets by mouth (which occasionally may cause nausea and vomiting) or to dissolve a small amount of table salt in the drinking water.

A common question is what the temperature of drinking water should be. That is a matter of personal preference, as there is little evidence that cool water itself is harmful. Regardless of its temperature, large amounts of water, as well as other liquids, are called for when the mercury soars. In moderation carbonated drinks and beverages such as iced tea and coffee are helpful.

Constipation, which may occur more often during summer, should be treated with an oil or vegetable laxative rather than a stronger medicine such as epsom salts.

Above all, if the weatherman predicts a severe heat wave, sickness such as heat exhaustion, sun stroke, and heat cramps must be prevented by avoiding exercise, especially hard exercise, in the noon-day heat, by making working and living quarters as cool as possible;

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now is the time for all smart motorists to cover how Conoco's great new "50,000 Miles No Wear" Service helps engines last longer, perform better, use less gasoline and oil.

This is exactly the same service that has cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with mile drains and proper filter service, engines showed no wear of any consequence, an average of less than one one-thousandth inch on cylinders and crankshafts. Mileage for the last 5,000 miles was 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 Miles—No Wear" Service, at your Mileage Merchant's, today!

## Here's the Famous "50,000 Miles—No Wear" Service

- 1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!
- 2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.
- 3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE against wear.

# To Hired

PHIA LOWRY  
Features Writer

When thousands of men and women, after summer vacation, descend, tanned and healthy, into that employment market where man and a woman seeking positions—as and times couldn't be so plentiful. One under-employment is enjoying the demand for employees the supply. Golden opportunity any youngster with or talent to get time when the employer—and

It won't last forever, so employees better make hay. In the old days when the situation was reversed, young people were usually given solid job-hunting advice which included, first, instruction always to tell the prospective boss what contribution the applicant could make to the hiring organization. Counsel was also given to dress neatly, be modest, not talk too much, act like salary was a minor consideration. As a result of talking to a number of married employers, discussing Life with a double handful of young hopefuls just embarking on the career road and reading the "help wanted" advertisements, which these days paint jobs in the bright colors which used to be reserved for all-expense Caribbean cruises, I am prepared to enunciate some revised rules for the accepting of employment. First, give the prospective employer no quarter. Let him know from the outset that you are the boss and make it clear exactly what you expect from the job. Five day week, pension, insurance, month's vacation from the first year, as much sick leave as necessary, all holidays including Michael-

mas and St. Swithin's Day, two-hour lunch period and any other special privileges you can think of. Be frank. Tell him you're willing to start for practically nothing—say, \$75 a week—particularly as your shorthand is weak and you're interested in gaining experience, provided he will give you an opportunity to look around and decide what really interests you. Make certain you will be allowed to do "creative work." (I tried to find out what "creative work" is because the young people talk about it such a lot and the best I could discover was that it was any work which involved little or no supervision or work in which the employee could make his own rules.) Feel free to offer some suggestions for improving the business, even on the first interview, and let the employer know that if you elect to stay in the position for a period, you expect rapid advancement and commensurate salary increases. Test the employer's liberality of spirit. If you are a girl, dress in a cocktail dress, wear flashy earrings, chew gum and address him informally. If he goes along, chances are you'll have no trouble once you've consented to work for him. Find out if he's fussy about spelling, punctuation and other unnecessary, outmoded things. You don't want to work for a fuddy-duddy. If you're hired after this, make the most of your opportunity. Chances are long that he'll dispense with your services at the very first opportunity, and this will give you even more experience in the long run.

Pamela Britton, star of the musical comedy "Guys and Dolls," and an excellent cook in her own right, lured Santa Claus to the famous laboratory kitchen of the Poultry and Egg National Board, Chicago, to prove to him that turkey is as delicious in summer as in winter. Pamela and Santa teamed up to open the nation's 1952-53 turkey marketing season officially in August.

## CARD OF THANKS

We wish to take this means of thanking our many friends for the courtesy shown us during the passing of our father, Mr. C. B. LeMond.  
We especially want to thank the singers for their voices at the funeral, friends for the many beautiful floral offerings, and the ladies who served meals for the relatives during our recent bereavement.  
Mr. and Mrs. H. D. LeMond and family

**LYMAN'S**  
**RECIPE OF THE WEEK**  
*By Mary Lee Taylor*  
**Fried Chicken with Milk Gravy**  
2 1/2 lb. cut-up chicken  
1 cup Fat Milk  
1/2 cup flour  
2 1/4 teaspoons salt  
1/4 teaspoon paprika  
3 tablespoons fat  
few grains pepper  
1/4 cup water  
Put chicken into bowl. Pour oil over chicken; let stand in refrigerator 2 hours or more. Drain well; mix milk for gravy. Roll chicken in mixture of 1/2 cup flour, 1 1/2 tsp. salt and 1/4 tsp. pepper. Drain on paper towel. Slowly heat 1/4 in. shortening in heavy skillet. Brown chicken until drumstick is tender when pierced with a fork. Remove chicken; let hot. Drain off all fat; measure and return 2 tablesp. fat to skillet. Heat in 3 tablesp. flour, 1/4 tsp. salt and few grains pepper. Stir in water and stir 2 min. Add milk drained of chicken; stir and heat until smooth, hot, but do not boil. Serve with chicken. Makes 4 servings.

**NEW STREET LIGHTS TO BE INSTALLED**  
Members of the Olton city commission last week voted to install 19 new street lights in the south portion of Olton.  
The lights will be installed on Main Street and on the streets immediately east and west of Main. The lights will be added south from the hospital from the Shamrock station and from the grade school building.  
Mayor Lefty Hollingsworth said it may be some time before installation of the lights begins.

**TAKES ADVICE**  
RANGOON, Burma (AP)—An old man with no previous convictions appeared in court on a charge of riding a bicycle against traffic regulations.  
Asked if he had anything to say, he said, "I do not quite know what to say. Sir, what would you say if you were in my place?" he asked a lawyer nearby.  
The magistrate smiled. "Tell me," he addressed the old man, "what would you say if you were in my place?"  
In a flash came the answer: "Old man you are discharged." And he was.

**DEPORTED MEXICANS**—Part of 912 Mexicans who had just been deported from the United States are shown in this picture taken at Reynosa, Mexico. They were crowded by Mexican Immigration officers into ten railroad coaches for a 400-mile trip to Torreon, in the Mexican interior. The "Wetbacks"—Mexican Nationals illegally in the U.S.—had been picked up by the U.S. Border Patrol. The "trainlift," operated by the Mexican government with funds supplied by the U.S. Department of Labor, is being employed to get the "Wetbacks" as far away from the border as possible so they cannot easily return. —AP Photo

**Reds' Love Of Pets Goes For "Non-Gop" Elephants**

AP Newsfeatures  
MOSCOW—Russians love pets. As in a lot of other countries the most common pets are the cat and the dog with the emphasis here on cats.  
Cats and dogs even have passports and their strain is carefully guarded and kept pure.  
I once knew a Russian woman who was so fond of animals that she was ready to take on an ele-

**Olton School Board Elects Three New Teachers Recently**

Three new teachers were employed as the Olton school board met Tuesday night of last week. They are Mr. and Mrs. Hubert Hobbs, who were employed subject to assignment, and C. W. Stafford, who will teach agriculture.  
Although court jesters early in the Middle Ages often were mental defectives, in later times they sometimes were outstanding men who rose to important positions.

### Judge Hopping's Book, "Sheriff-Ranger" In Chuck Wagon Days", Available Here

A limited number of copies of Judge Hopping's book about early days in Lamb county, A SHERIFF-RANGER IN CHUCK-WAGON DAYS, recently published by Pageant Press will be available between now and Sept. 26. Anyone desiring a copy of this true story that is as gripping as any fictional western "thriller" can obtain one by telephoning their order to Mrs. Sid Hopping at 310 or 99.

A few copies will be available on a "first come, first serve" basis at the fifth annual meeting of the Lamb County Pioneers, Tuesday, August 26. At this meeting Mrs. Flora Best Boone, daughter of Judge Hopping, will review her father's book; and interested persons might want to have their own copies during the evening.

Judge Hopping will be present at the Old Settlers Reunion, and persons who bring their copies or get them at the meeting can have them autographed by the author.

### Fall Festival Dates Changed

The annual Sudan Fall Festival that was scheduled to be held on August 29 and 30, has been postponed a month and the new dates are September 26 and 27.

Too late a start was given as the reason.

VISIT IN ROYAL HOME  
Mrs. Betty Royal and children.

L. A. Jr. and Judy visited in the home of Mr. and Mrs. A. A. Royal a few days last week.

### Too Late to Classify

**WHEN YOU WANT—  
A COW TO GIVE MILK  
YOU FEED HER  
WITH THE BEST THERE IS  
WHEN YOU WANT—  
TOP FARM PRODUCTION  
YOU BUY EQUIPMENT  
THE BEST THERE IS**

**Whether You're Buying Feed For Your Cows—Or  
Buying Equipment For Your Farm, Only The BEST Is  
Good Enough.**

As you well know, there is a great deal of impartial and dependable data available on how to feed cows. Then, too, personal experience, gained over many years of feeding cows for top milk production, is a big help.

ON THE OTHER HAND, YOU DON'T BUY TRACTORS AS OFTEN AS you buy feed. So, you have no yardstick of experience to guide you in such a purchase. Nor can you buy several of them and make comparative tests, the way you can with feed. Nor can you go to a dependable, unbiased person or board of experts who can tell you exactly what tractor to buy for your particular needs.

**SO . . . WHAT CAN YOU DO? HERE'S THE ANSWER—**

SEE A **FERGUSON**  
**DEMONSTRATION**  
*...on your own farm*

**SUCTION SIDE CONTROL  
Important Tractor Feature...**

An important tractor feature that only Ferguson can offer to farmers is the SUCTION SIDE CONTROL. . . This suction side control is a hard thing to explain in words, but it can be demonstrated till the cows come home. And the things a demonstration can show you about the FERGUSON SYSTEM will give you just the kind of information you need when deciding which tractor to buy!

For Example . . . The Suction Side Control principle, which is in the very heart of the Ferguson system, makes it possible for a Ferguson Tractor to give you automatic draft control. Now that's something you have to SEE. It also gives you AUTOMATIC PROTECTION against hidden underground obstructions . . . something else that you have to SEE to believe.

In fact, almost everything about the FERGUSON TRACTOR sounds so wonderful and so "Impossible" that you have to see these things demonstrated to believe them.

CALL US TODAY FOR A DEMONSTRATION ON YOUR FARM . . . NO OBLIGATION . . . SEE FOR YOURSELF THE FIVE BIG ADVANTAGES OF THE FERGUSON TRACTOR. . .

**Miss Texas —**

(Continued from Page 1)  
mother until August 27 at San Antonio and boarded a plane which took her to Dallas for a 10-day intensive preening for the national contest at Atlantic City September 1. In Dallas, she was met by Miss Gussie Cox who will be her advisor from now until the contest is over. Miss Cox is a seasoned trouper of Miss America contests, having made the trip several times. She directs the Kilgore Rangerettes, a nationally famous drill team of 120 girls who play engagements in Madison Square Garden and at the Cotton Bowl.

In Dallas Connie will have plenty of expert help in putting the finishing touches on her wardrobe and learning the secrets that make a top-flight model.

Miss Texas' talent—the fall wardrobe designed and made by the shapely Tech home ec major—is safely packed away in her luggage. How she managed to cram designing and making a four-piece fall ensemble into the time between posing for photographers, daily trips to Lubbock, and a thousand other time-consuming details that go to make the well-polished beauty queen that will appear on the runway come September 1 in Atlantic City is more than even "Mama" can understand—and she was watching all the time. "There must be as much magic in Connie's talented fingers as there is in her smile."

**Loves Evening Gowns**  
The wardrobe which Connie took to Dallas for Stanley Marcus' approval and which she will present to the judges at Atlantic City is strictly dress-up stuff. According to her mother, Connie "doesn't care a thing about just ordinary clothes." Her first loves are evening gowns and a new one was the first thing she made. "Goddess of Love," Connie's name for the design, is draped along classic Grecian lines which are very becoming to statuesque, 5 foot 6 inch Miss Texas. The gown is of nylon mist and pleated in quarter inch pleats all around. A two-inch jeweled belt is embroidered with pearls, rhinestones, and topaz in the same design that climbs up the draped, one-shoulder effect, forming the bodice.

Two "after five" dresses found their way into the wardrobe. And no wonder! What girl doesn't love to find herself draped in velvet and satin every night? One dress is of Skipper blue velveteen and silver striped satin. The unique draped

effect on the strapless dress starts at the right shoulder with a bow caught with a rhinestone pin and ends in a sunburst of pleats on the left hip topped with a bow and pin identical to the one on the shoulder.

The other dress is dusty rose iridescent taffeta with a very full skirt caught in at Connie's 24-inch waist with a wide, pointed black velveteen "waist pincher" or French corselet.

The only dress in Connie's wardrobe which approaches the casual side leads a double life—it can be dressed up or down. It is a pink wool jersey accented with a long torso velveteen tunic of wine velveteen. Buttons of pink and wine rhinestones trim the front of the tunic. Cinderella at the ball arrayed by the magic of her fairy godmother had nothing on Miss Texas and her talented sewing machine!

**Sudan Schools To Open September 1, Registration Dates Are August 22 and 23**

Sudan schools open Monday, September 1, stated Supt. of Schools A. A. Dooley. One teacher is still needed but it was thought the position would be filled before the fall term starts.

Two teachers have resigned this week, Miss Meda Smith and Benny Parker, causing the vacancies. One new teacher, Sam Garrett, has been hired. Other teachers to work in the local schools this year are: Dooley, superintendent; Odell Wilkes, high school principal; Bernard Wilson, elementary school principal; F. M. Smith, coach; Austell Burrus, assistant coach; Ralph

Umberger, music; Edgar Chance, agriculture; Mrs. Odell Wilkes, home ec.

Mrs. J. T. Lybrand, first grade; Mrs. Jesse Unger, first grade; Mrs. Eldon Nichols, second grade; E. W. Park, Mrs. Pearl Smith, Mrs. A. Dooley, elementary teachers.

O. R. Douglas, English; Eugene Davis, commercial; E. W. Park, science; Miss Johnnie Williams, math; Jesse Unger, high; Jim Green, girls' coach.

Martin White, business manager; Mrs. T. M. Stemmmons, school nurse; W. T. Rice, bus foreman; Mrs. Inez Robinson, supervisor of lunchroom; Mrs. Bertie Walker and Mrs. Cliff Williams, lunchroom assistants; Mr. Davis, school supervisor; W. N. Middleton, colored school teacher.

High school and grade school registrations for Sudan schools will be held on Friday and Saturday, August 22 and 23, stated Supt. Dooley.

The first six grades will register at the elementary school building and the upper six grades will register in the high school building.

Hours of registration will be from 9 a.m. to 4 p.m.

Classes are scheduled to begin at 9 o'clock Monday morning, on September 1.

**Faculty Meeting**  
A faculty meeting will be held Friday, and Saturday, August 29 and 30, Dooley said.

The two school buildings have been cleaned and some painted and hall way floors repaired.

**LEGAL NOTICE**

**LAMB COUNTY HIGHWAY IMPROVEMENT'S SPECIAL NOTICE TO BIDDERS**

The Commissioners' Court of Lamb County, Texas will accept bids or Proposals on September 8, 1952 at the Courthouse in Littlefield, Lamb County, Texas and will enter into contract with the successful bidder for the treatment of 4.3 miles of road with double asphalt surface beginning at Yellow House Switch and extending North and East 4.3 miles. Said double asphalt surface to require 27,244 gallons of asphalt and 820 cy. of aggregate.

This project is to be constructed under the authority of the Commissioners' Court and County Engineer of Lamb County, Texas and in accordance with specifications of the Texas Highway Department as approved by the Public Roads Administration.

Plans and requirements may be secured from the office of the County Judge, Lamb County, Texas.

Successful bidders will be required to furnish bond in a sufficient amount as an act of faithful performance.

The Commissioners' Court reserves the right to accept or reject any and all bids or proposals.

## Fully-Automatic Washer Is With Rodgers Furniture Co.

fully-automatic cycle-tone signal saves steps. There are also many other advantages in the Whirlpool, including the five year warranty on transmission.

Anyone wishing a demonstration of this super washer may call the Rodgers Furniture Company, and a free demonstration will be made in your home. In this way you will learn the magic of automatic washing and modern indoor drying, effortless Whirlpool-style. You will observe the wonderful Whirlpool washer with soap and hot water saving suds-miser and the super-cleansing seven rinses, or you may choose the clothes-protecting dryer with Whirlpool's extra-careful selective temperature control, and gentle satin-smooth drying drum.

## "Side Control" Important of Ferguson Tractor

Implement Company, Ferguson Dealer, has unusual personal message from Detroit office of Har-lac, manufacturer of tractors and Ferguson implements.

### Booklet Contains Information About Tractor Control

The availability of an interesting new booklet that explains some important differences among tractors—especially among tractor hydraulic control systems, was announced here today by the Riley & Burt Implement Company, local Ferguson Dealer.

"Among other things, the booklet tells about the development of light tractors that can equal or exceed the performance of big tractors. It goes into great detail on a principle called Suction Side Control," explained Mr. Burt.

He also stated that the booklet shows how Suction Side Control of a tractor's hydraulic system provides some outstanding advantages for farmers. Among these are automatic draft control; safety for implements through automatic protection against underground obstructions; savings of up to 5% in engine power—the result of allowing the hydraulic pump to idle when not actually pumping oil to perform work.

"This booklet should be interesting reading for any farmer or farming student," said Mr. Burt. Copies of this booklet may be obtained at the Riley & Burt Implement Company, 1000 East Delano Ave., Littlefield.

## Country Club Is Burglarized

For the third time this summer, burglars broke into the Littlefield Country Club, late Saturday night.

According to County Sheriff Dewey Dennis, who investigated at the scene of the burglary Sunday morning, about \$15 and six cartons of cigarettes were taken.

## Colored Man Is Arrested Friday

Gasper Colbert, 20, negro resident of Littlefield was arrested Friday night at approximately 9 p.m. by officers of the sheriff's department near the White Front Grocery.

The charge against him was carrying of concealed weapons. Colbert appeared before Judge O. F. Dent Monday morning. He was fined \$100 and costs of court.

## UNDENOMINATIONAL EVANGELIST TO OPEN MEETING HERE AUGUST 24

Raymond McNeal, undenominational evangelist, will open a series of meetings in Littlefield August 24. He is currently preaching in

Shallowater where he will continue until Saturday, August 23. Mr. McNeal was ordained in Maywood, Calif., in 1950 after hav-

ing studied at Dwight L. Moody Bible Institute in Chicago. He was converted while serving a term in Texas State Prison. He was "entirely alone," he states, and "knew nothing about the Bible." "But I knew God had saved me and called me to preach," he added.

In his interfaith work, Mr. McNeal is accompanied by Rev. and

Mrs. Lyndon Petty of Wilson, Texas. Rev. Petty was formerly assistant pastor of the Pentacostal Church at Austin. Mrs. Petty is a pianist and song leader.

The big tent in which Mr. Mc-

Neal conducts services will seat 600.

It will be pitched next to the Lamb County Co-op Gin on East 9th Street. Opening services will be conducted Monday night at 8:15 p.m. Everyone is invited.

## Aussie Couple Visit Land Of Their 200 G. I. 'Sons'

By ADELAIDE KERR  
AP Newsfeatures Writer

"We have the biggest family of sons in the world and we are going to visit 35 of them on this trip.

Winifred Moorhouse loves that thought. It crops up every now and then as she and her husband talk of World War II days, when 200 American G.I.'s, sailors and seaboys used to visit the big Moorhouse house in Brisbane, Australia, for fun and rest, seasoned with hot baths, hot cookies and hot steaks.

Those were the days when "Pop" Moorhouse—a former member of parliament and real estate operator—funnelled the beef and mutton into the two family freezers as fast as possible, when "Mum"—servantless for the first time in years—cooked the dinners, and the boys washed the dishes.

Now the Moorhouses are here to visit 35 of the boys for whom they made a home away from home for four years. Washington, Philadelphia, Palm Beach, Niagara Falls, St. Louis, Chicago, Seattle, Youngstown, O., Seattle and a lot of points between are on the schedule. Besides that they want to take in a few points on their own—Yosemite Park, Grand Canyon and Boulder Dam.

"American engineering feats here certainly impress me," says Mr. Moorhouse. "I want to see all I can."

The Moorhouses look like people you have known all your life. She is a little woman with big dark eyes; he is a blue-eyed man of medium height.

They are making their first visit to America later than some other Australians who entertained G.I.s during the war. They couldn't come sooner. Too much to do. After their son and two daughters married they sold Derek Lodge, the old family home, and bought a smaller house. Later Moorhouse sold his business, so they could travel without leaving worries behind. The American trip is the last lap of a journey that took them to eight countries in Europe and included attendance at Queen Elizabeth's garden party at Buckingham Palace.

Like most husbands, Moorhouse believes in traveling light. But his wife brought along her prize possession—a huge book filled with photographs she took of the boys in Australia and the pictures of

**SENTIMENTAL JOURNEY—**  
"Pop" and "Mum" Moorhouse of Brisbane, Australia are here to visit 35 American boys who visited their home for fun and rest during World War II.

their weddings and children which they sent from America.

The Moorhouses' hospitality program started largely as a result of Moorhouse's experience as an Australian soldier in World War I and the warm memory he had of an Englishman who took him home one night for a hot bath. When World War II came he invited some G.I.s he met one evening to come home with him for sandwiches and coffee—and later asked the Red Cross to send more. Before the war's end 300 Americans, English and Australians had visited Derek Lodge for a few hours or a few days. They scrounged cookies from the cookie jar, sat in the kitchen while Mom cooked, slept in the five bed dormitory, converted from the family sleeping porch.

"We gave up our whole life those four years," says Mrs. Moorhouse. "And it was worth it."

Fred Duncan of the National Reserve Life Insurance Company, of Lubbock, was in Littlefield on business Friday.

# News of Women

## Vows Exchanged By Carol Beth Burkhalter and Ralph Roper

The Ashbury Methodist Church of Lubbock was the scene Sunday at 4 p.m. for the marriage of Miss Carol Beth Burkhalter, daughter of Mr. and Mrs. W. L. Burkhalter, of Lubbock, and Ralph Stathem Roper, Jr., son of Mr. and Mrs. Ralph S. Roper of Olton, Texas.

Dr. C. A. Bickley officiated in the double ring ceremony before an altar arranged with white and bluish pink gladioli, white tapers and palms.

Miss Judy Milburn, organist, played wedding music preceding the ceremony. Selections included "At Dawning," "I Love You Truly" and "Indian Love Call." She played traditional wedding marches and accompanied Jerry W. McClure of Crosbyton, who sang "O, Promise Me," "I Love Thee" and "The Lord's Prayer" for a benediction.

The bride, given in marriage by her father, wore a gown of bluish pink satin, fashioned on princess lines, with a chapel length train and long sleeves closed with tiny self-covered buttons and terminating to points over the hands. Similar buttons closed the yoke of illusion, which was outlined with a flanged collar. The short veil of illusion fell from a calot of satin outlined with seed pearls and pleated illusion. She carried a bouquet of white gardenias and stephanotis atop a white Bible, which belonged to her maid of honor.

For something old she wore a strand of pearls belonging to the bridegroom's grandmother. She had a silver sapphire in her shoe for good luck.

Miss Joyce Portwood served as maid of honor. She wore a dress of pink organdy over pink taffeta, fashioned with a strapless bodice and bouffant skirt, and a pink organdy stole. She carried a colonial bouquet of pink feathered carnations. Miss Mary Diane Roper, sister of the groom, lighted the candles. She wore a dress of pink organdy over taffeta, similar to that of the maid of honor. She wore a wristlet of pink feathered carnations.

J. D. Edmonson of Olton served as best man.

MRS. RALPH S. ROPER, JR.

Ushers were Wyatt L. Burkhalter, Jr., brother of the bride, and Billy Reed Roper, the bridegroom's brother.

A reception was held immediately following the ceremony in the church parlor. Decorations featured baskets of white and bluish pink gladioli. The bride's table was laid with a lace cloth with a tiered wedding cake and punch bowl. The bride's and attendants' flowers decorated the table.

Members of the house party included Mesdames Dan M. Burkhalter, S. R. Campbell, Jr. and Misses

Lucile Owsley, Barbara Mooney and Kathleen Gilbert.

For a wedding trip to Santa Fe and other points in New Mexico the bride wore a gold colored suit of faille with a coffee blouse and brown velvet accessories. She wore a gardenia corsage. The couple will be at home after August 22 in Olton, where the groom is engaged in farming.

The bride is a senior student of Lubbock High School and the groom is a graduate of Olton High School and a former student at Texas Tech.

## Kid Party Honoring Mrs. S. H. Jones Given By Rebekahs

The Rebekahs had a short business meeting Monday night at 7:30 in Oddfellow Hall. Eva Winston, Noble Grand, presided. Audie Collins, Vice-Grand, and Daisy Stewart, secretary, completed the slate of officers.

After the meeting was adjourned 20 Rebekahs and their husbands attended a Kid Party at the home of Mr. and Mrs. Willie Stewart on the corner of Hall and Freeman Streets. The party was in honor of Mrs. S. H. Jones, formerly Mrs. Katherine Rumback, who was married August 2.

Guests came dressed as little kids. Some of the outstanding costumes seen during the evening were those of Mrs. Eva Winston

who wore a short long braids. The H. Jones came in her pantsaloons. Mrs. wore a short dress and lunch pall with her hair of ribbon was tied on her hair.

During the evening entertained with a band playing "Recipe for Happiness" by Mrs. Pearl Tula Taylor gave a rendition of "Ab, Sweet Life."

Kid games such as Pan" and "Going to played enthusiastically crowd.

## Wynema Johnson and Richard Roark Wed In Clovis Ceremony

Wynema Johnson, daughter of Mr. and Mrs. Eugene Johnson of Littlefield, became the bride of Richard Roark of Sudan in a late evening ceremony read in the First Baptist Church of Clovis, New Mexico, Saturday, August 16. Dr. R. F. Maddox, pastor of the church, performed the double ring ceremony.

The bride chose for her gown a white organdy duster over a blue taffeta dress accented with navy accessories. She wore a corsage of yellow roses.

Present at the ceremony were the bride's parents and sister,

Judith; Mrs. Olan Johnson of the groom; and C. L. Baker of Sudan, brother-in-law of the groom.

The couple left Sudan for a wedding trip with a visit to Wellington, turned to the city year training in the USAF August 26.

Mr. and Mrs. Roark are Texas Tech. She is a majoring in optometry chology.

MRS. RICHARD ROARK

## French Accent On Furs

**PARIS TOUCH—**This black astrakhan boxy three-quarter coat was presented by Revillon at his Paris winter showing.

Puffs of jewel-toned plaid taffeta add a dramatic note to the bracelet-length sleeves.

## Vows Exchanged By Betty Sellers And Roland Burnett

Before an improvised altar of palms and white gladioli, Miss Betty Sellers, daughter of Mr. and Mrs. Miller Sellers of Levelland, was married to Roland Burnett, son of Mr. and Mrs. John L. Burnett of Levelland Route Two, Sunday afternoon, August 10.

The ceremony was held in the Whitharral Baptist Church with Rev. Hugh Montgomery officiating.

Mrs. W. R. McDaniel played "Always," "Love's Old Sweet Song" and wedding marches and accompanied Miss June Hoelscher as she sang "I Love You Truly" and "Because."

Given in marriage by her father, the bride wore a ballerina length dress of white nylon lace and net over white satin. A tiny Juliet cap of matching lace carried out the fashion scheme. She carried a white Bible topped with a purple orchid and white ribbon streamers.

Miss Jo Casey of Waco, aunt of the bride, was a maid of honor and wore nylon net over her ice blue satin gown. Paula Burnett of Morton and Betty Burnett, cousin and sister of the bridegroom, served as flower girls. They were dressed in blue organdy and carried white fluted baskets.

John L. Burnett served as best man for his son. Ushers were Charles Coats of Shallowater and Jerry Burnett, brother of the groom.

For the traditional something borrowed, the bride wore a watch belonging to Mrs. John L. Burnett, for something blue, a garter, a penny in her shoe for luck and an old handkerchief used by Mrs. Burnett on her wedding day 24 years ago to complete the tradition.

A reception in the new home of Mr. and Mrs. J. G. Stacy of Levelland followed the ceremony. A table decorated with miniature wedding bells and streamers was centered with two large wedding bells filled with red roses. Mrs. C. M. Stacy of Levelland served the three tiered wedding cake. Mrs. Marvin Burnett of Littlefield poured the punch and Miss Gurene Allen of Whitharral registered the guests.

Following the wedding trip to Ruidosa and other points of interest in New Mexico, the couple will

## Engagement Of Ray Elliott and A-C Dalbert C. Brandon Announced

Mr. and Mrs. Bill Elliott of Friona announce the engagement of their daughter Miss Ray Elliott to A/C Dalbert C. Brandon who is the son of Mr. and Mrs. Lyle Brandon of Littlefield.

The exact date of the marriage depends on the date that Cadet Brandon gets his commission at Reese Air Force Base where he is training as a pilot which is expected to be the latter part of October, 1952.

Miss Elliott finished high school at Littlefield and received her degree at Texas Tech at the close of the fall semester and was with the graduating class in June of this year. She taught the last semester in the Lubbock schools.

Cadet Brandon finished high school at Littlefield. He made all district as left tackle on the Littlefield high school football team in the fall of 1945. He attended Texas Tech as a Pre-med student and lacked only 7 hours having a BA degree when he left college in order to get cadet training with the US Air Force. Mr. and Mrs. Elliott are farmers in the Friona district but are former residents of Littlefield.

make their home on Cypress Street in Levelland.

The bride was graduated from Levelland High School and attended Texas Tech. The groom farms with his father south of Whitharral.

Out of town relatives and friends included Mr. and Mrs. Casey (the bride's grandparents) and Miss Jo Casey of Waco; Mr. and Mrs. Miller Sellers and children, J. G. and Gary Stacy and Mrs. C. M. Stacy of Levelland; Mrs. Omie Burnett and Mr. and Mrs. J. M. Burnett and daughter of Morton; Mr. and Mrs. C. M. Williams and sons, Mr. and Mrs. J. M. Womack and daughters and Mr. and Mrs. Charles Adams and son of Lubbock; Mr. and Mrs. B. C. Coats and children, C. W. Pearcey, Miss Elizabeth Coats and Charles Coats of Shallowater; Mr. and Mrs. E. C. Burlesmith of Levelland; Mr. and Mrs. R. E. Broutherin and daughters of Morton; and Mrs. Marvin Burnett and Miss Janice Montgomery of Littlefield.

## N. A. Vaughter Observes His 75th Birthday

N. A. Vaughter was honored on his 75th birthday when a group of his family accompanied him to Mackenzie State Park in Lubbock for a picnic supper Saturday night, August 9.

Those attending the supper were: Mr. and Mrs. N. A. Vaughter, their son and wife Mr. and Mrs. Dave C. Vaughter of Miami, their daughter and family Mr. and Mrs. Eldon Smith and son Daryl D. of Carlsbad, N.M.

## District Methodist Camp Convenes At Ceta Canyon

District Methodist Camp will convene at Ceta Canyon August 25-29. Six boys and girls from the Methodist Church in Littlefield will attend. They are: Trudy McGee, Erna Jane Jones, Eugene McNeese, Bill Womack, Bob Hoover, and Lee Boyd Montgomery. Rev. W. H. Vanderpool will take the campers to the meeting.

The theme for this year's district camp is "Know Your Job." Rev. Vernon N. Henderson of Brownfield will be guest speaker.

## All Six Children Of Mr. and Mrs. Payne Present Sunday

A family reunion was enjoyed at the home of Mr. and Mrs. E. P. Payne here Sunday, when all the six members of the Payne family and their wives or husbands and children were present.

Those enjoying the occasion were Mr. and Mrs. E. P. Payne, Mr. and Mrs. Joe Alverson and Joe Tom, of Levelland; Mrs. Thelma Perry of Lubbock; Mr. and Mrs. Ross Garrett of Lubbock; Mr. and Mrs. T. J. Cramillo and children, Lewis and Susan, of Cedarhurst, L.L. Moreland Payne, and Dr. and Mrs. C. E. Payne and son, Chip, of Lubbock.

### Wayland Staff

Mrs. Orville Yeager, Ed. M. have joined the staff, Plainview session in the fields and music, according to Preston James.

Not unknown to the as Rev. Yeager has as a speaker at ences, evangelistic

For the past two years, he has taught in the department of history at the University of Oklahoma and served as pastor of First Baptist Church, Blanchard. During this period, he has worked toward the doctorate in social science. In the summer of 1951, he taught at Mississippi College.

He received the B. A. degree, Magna Cum Laude, from Syracuse University and was elected to Phi Beta Kappa. He also attended DePauw University, Wheaton College and Northern Baptist Theological Seminary.

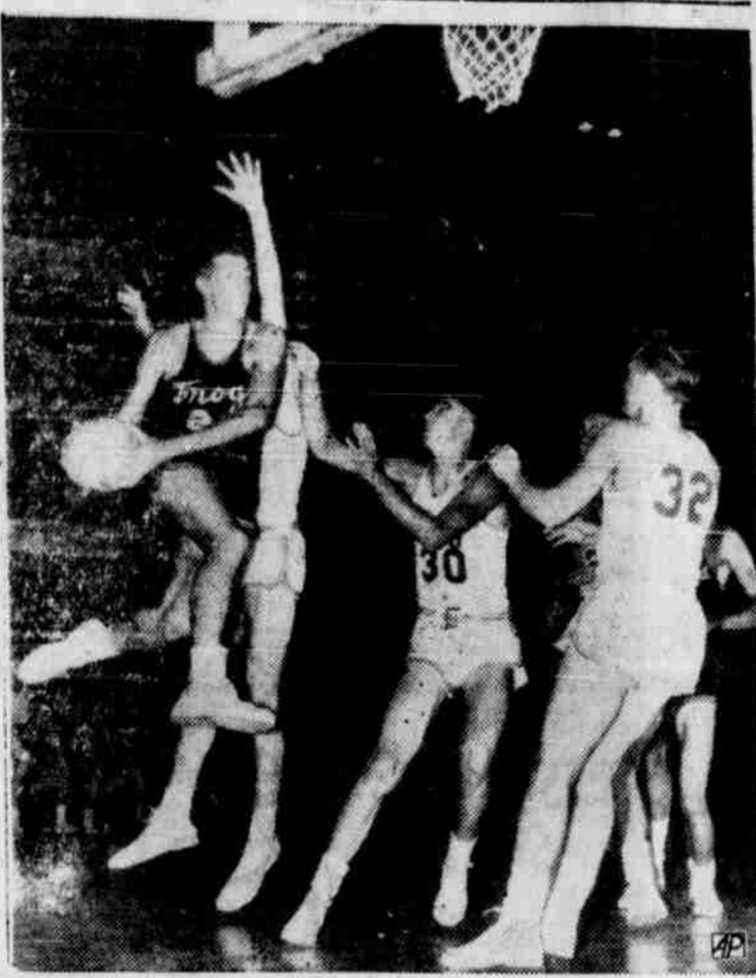

Among his writings is listed, "Am I Ordained," a study of Baptist church government. For three years, he edited, "The Bible Expositor" at Princeton, Ind., where he was also pastor of First Baptist Church.

Mrs. Yeager holds the B. M. degree from DePauw and has done post graduate work at Oklahoma College for Women. She holds membership in Mu Phi Epsilon and Pi Kappa Lambda, honorary music organizations, and in American Guild of Organists.

For three years, she headed the music department at Baptist Bible Seminary, Johnson City, N. Y., and served as minister of music at Park Avenue Baptist Church, Binghamton, N.Y. She has also taught music in public schools of Indiana and Oklahoma.

Mrs. Yeager, who is a mezzo soprano and who will teach voice at Wayland College has been presented in solo performances at Orchestra Hall, Chicago, Cleveland Shell, Cleveland, and in radio programs over WGN, Chicago. She frequently assists Rev. Yeager with his evangelistic services.

The watermelon grows in numerous varieties and when mature may weigh as little as 3 or more than 80 pounds.

**NOT THIS TIME**—Louis Estes, number 28 (dark uniform) from Orange tries for a shot in the first period of the All Star Basketball game at Fort Worth's Will Rogers Coliseum. Others in the picture are Marvin Axe, number 30, and Donald McGhee, number 32, of the North Team (light uniforms). —AP Photo

### H. A. Owens Goes To Morton

H. A. Owens, superintendent of the Petersburg schools has resigned to accept a similar position at Morton, according to Rupert McCasland, business manager of the Morton schools. He will replace Carl Macon, who resigned a few weeks ago to become superintendent at Olton.

Owens, a native of Abilene, took his bachelor's degree at Hardin-Simmons University and his master's at Texas Tech. He is working on his doctorate at Tech and attended the first term of summer school there this year.

Before going to Petersburg as superintendent, Owens was principal and band director at Muleshoe.

### Nine Teachers Needed At Olton

Nine teachers are needed to round out the Olton school faculty, Carl Macon, school superintendent, reported.

Mr. Macon said the school is offering teachers a \$175 bonus and sick leave. The bonus affects only teachers not already drawing a bonus, he said.

In the meantime, Mr. Macon left last week on a jaunt to try to fill the school faculty before school begins September 1.

He was accompanied by Fred Gordon and the school mechanic, Ted Buckner. Mr. Gordon and Mr. Buckner will drive two new school buses back from New Boston.

Also on the trip with Mr. Macon was W. D. Kay, Amberst superintendent. Mr. Macon pointed out that there is a shortage of teachers in most schools this year.

Mr. Macon will visit colleges at Denton and Commerce and then, if necessary, will go on to Oklahoma on his quest for teachers.

Popcorn pops because it has a hard casing which holds back steam pressure which is built up when the corn is heated until an explosion takes place.

The first public railroad using steam locomotives was opened in England in 1825.

**DONATION BROADCAST**

BLOOMINGTON, Ind. (AP)—Disc Jockey Marc Williams of Radio Station WTTS has upped Bloomington blood donations by his own contribution. He took along a microphone and broadcast the whole process step-by-step, including doctors' and nurses' comments.

The bog iron ores of Eastern Massachusetts are, on the whole, not as good as the Swedish bog ores.

A hole more than 20,000 feet deep has been drilled in a search for oil.

### WEATHER FORECAST TERMINOLOGY

what the **Weather Forecaster** means when he says . . .

This descriptive guide to the meaning of various weather terms has been prepared by the National Cotton Council to bring up-to-the-minute information to the farmer. Knowledge of such conditions as temperature, humidity, wind velocity and rainfall is particularly helpful to cotton farmers in such operations as cotton insect control, fertilization, chemical weed control, irrigation and defoliation.

### Melvin Rains Promoted To Sgt.

WITH THE 40TH INFANTRY DIVISION IN KOREA—Melvin T. Rains, son of Mr. and Mrs. Bill Rains, Whitharral, has recently been promoted to sergeant while serving with the 40th Infantry division on the active central front in Korea.

Despite the summer rain season which has made the frontlines a quagmire of mud, the central sector has been the scene of a recent flare-up of Communist attacks and patrol skirmishes.

Rains is a member of Company A, 160th Infantry regiment serving as a squad leader.

He is to spend the Fourth of July holiday. She underwent major surgery July 4 after being rushed to the El Paso hospital.

### WILL ROGERS MEMORIAL RODEO CLOSSES SATURDAY

The second annual Will Rogers Memorial Rodeo closed at Muleshoe Saturday night before 1,500 persons who saw Fred Dalby, A-Permont, walk off with the meet's top prize.

Dalby was presented with a hand-engraved saddle for having the best times in both the roping events, calf-roping and double mugging.

### BOY INJURED IN FALL FROM HORSE

Ronnie Walthall suffered painful injuries Tuesday afternoon of last week when he was thrown from a horse.

He is the son of Mr. and Mrs. J. W. Walthall, who live 9 miles northwest of Hart, and the grandson of Mrs. A. T. Walthall of Olton.

### Olton Man Is Injured In Car-Pickup Crash

An Olton druggist and a Lubbock man were hurt Monday of last week in a pickup truck-automobile collision, 6½ miles west of Olton on Highway 70.

Injured were Ray Culwell, co-owner of Olton Drug Store, and Floyd Roan, Lubbock, who is employed by the Mayfield gin.

The two men each suffered three fractured ribs and bruises. Attendants at Olton Memorial Hospital later described their conditions as good.

Deputy Sheriff V. L. "Smitty" Smith, who investigated, said both vehicles involved in the crash were badly damaged.

Mr. Culwell was driving the automobile, which belongs to his business partner, Ira Foster. The other man was driving the pickup.

## Here's the most for your money!

**Get a Real Truck—a GMC with:**

- Full-pressure lubrication to all main bearings—force-fed even to the piston pins!
- Airplane-type main & rod bearings for extra durability and extra service under heavy pressures and high speeds!
- Deep, rigid frame construction—just like the big GMC's—backboning the rugged, truck-built chassis!
- Recirculating ball-bearing steering mechanism for "passenger car" ease in handling!
- "Shockproof," four-point cab mounting—same as heavy-duty GMC's—for longer truck life and greater driver protection!
- Long, pillow-action springs that smooth the going—cushion the load!
- Luxury-type seat cushions—deep coil springs like the big GMC road-liners—that mean extra driver comfort and efficiency!

**THERE'S** no mystery to the extra years of dependable performance you get from a GMC truck.

In ½- to 2-ton GMC models you will find many of the same extra-value heavy-duty features that make larger GMC's today's standout performers on the road—features you do not get in other trucks of this size.

That's why you can expect more from a GMC—you get more value for your money. Come in and get the full story.
