Methodists Will Have Strong Report At Annual Conference

Reports showing excesses of quotas in various fields will go into the Northwest Texas Conference from Big Spring Methodist churches when the conference convenes No. 8 in Pampa.

The First Methodist church will show between \$35,000 and \$40,000 raised for all causes, of which \$4,000 is for world service, that is benevolences, missions. Another item is \$8,300 cash out of a pledged \$35,000 toward an educational building fund, goal of which is \$60,000.

During the year there have been 230 additions and a net gain of 140. Since September, the Sunday school attendance has gained 125. Another activity of the church has been the sponsoring of a mission in the west part of the city, entailing the purchase of about \$5,000 in property. Lay workers operate the mission point.

The conference will be invited by the First Methodist church to hold the 1947 session in Big Spring, the board of stewards voted Monday evening. The pastor, Rev. H. C. Smith, has been selected to speak at the First Presbyterian church in Pampa on the morning of Nov. 10, last day of the conference.

The Wesley Methodist church will show its budget raised and that it has exceeded both the additions by profession of faith and by transfer quotas set by the conference. Its Sunday school, too,

has shown a healthy increase, said the Rev. W. L. Porterfield, pastor. In addition to Rev. Porterfield and Rev. Smith, T. A. McGuffey is due to attend the conference as a lay delegate from Wesley. Mrs. Porterfield and Mrs. McGuffey are due to join them on the weekend. Elra Phillips is alternate lay delegate from Wesley.

W. N. and L. R. Reed delivered their steer calves Sunday at 454 pounds pay weight. The Reed ranch, which is in the North Concho River soil conservation district, received only 2 1/2 inches of rainfall during the first seven months of the year.

The outstanding calf crop is attributed to a good program of range management with good production of the better grasses, such as Side-Oats grama, Black grama, Buffalo grass and Hairly grama. The Reed brothers think their conservation program added at least a hundred pounds a head to their calf weight.

Dick Simpson and E. A. Hoisager of the Vealmoor group are constructing a system of level terraces on their cultivated land. Both men are co-operators with the Martin-Howard SCS in planning and laying out the terrace system.

Stock tanks have been staked out on several ranches and farms during the past week. Loyd Branon of the Vincent group has completed a tank of 3200 cubic feet capacity. Other co-operators of the district who are building new tanks are M. H. Ulmer of Vealmoor, 8000 yards; R. E. Martin of R-Bar, 3,000 yards; N. H. Reed, Vincent, 3000 yards; Claude Collins of the County Line group, 3000 yards.

Dick Thompson, who lives three miles north of Big Spring, recently formulated a co-ordinated soil-conservation plan for his farm with technicians of the SCS. Thompson plans to grow some type of legume each year to turn back to the soil as green manure. He left a stubble of eight inches in height while binding some feed last week. He stated that this practice is necessary to retard blowing and to add needed organic matter to the soil.

Ranchers and stock-farmers who are considering contour furrows on range land to aid in recovery from drought should consider both the type of grass and type of soil. Buffalo and Tobosa grasses are the two most prevalent species in the Martin-Howard SC district.

Furrowing through Tobosa grass is of doubtful value, as this species is very slow in growing back, and is unable to compete favorably with weeds in the furrow. Buffalo grass will cover the furrow fairly rapidly with its runners, but experiments show that equal recovery can be accomplished through proper grazing and management.

Furrowing on sandy or stony land merely helps to drain the soil more rapidly, and the practice should be limited to tight land. Several district co-operators have found that contour furrows are only a temporary measure, and do not pay off unless good vegetative management is practiced.

A good tuft of grass can be acquired and maintained by good management, and nothing surpasses good grass cover in retarding run-off, increasing the depth of moisture penetration, and reducing evaporation.

O'Brien Store Offers Goodies For Holidays

With Christmas only slightly more than two months away, cooks are beginning to scout around for "makings" for their fruit cakes which are almost synonymous with turkey on holiday tables.

Most cooks want their cakes baked in tins for that mellowing process so necessary to rich flavor by Thanksgiving. Now is the time to start collecting the ingredients. At the O'Brien grocery are such items as all types of nuts and a complete array of candied fruits and spices.

Fruits, canned and fresh as well as the preserved varieties, are featured at the O'Brien establishment. Shipments of fresh fruits arrive three times weekly, and George O'Brien, owner, is especially proud of his displays of large, Washington apples which are just now appearing. In the canned goods department one can find almost any type of fruit, except pineapple, which is still extremely hard to obtain. Also on the shelves of canned goods is white, cream style corn.

The spice department reveals real black pepper of the popular East Indies variety. The meat counter shows supplies of the highest quality meats, only slightly advanced in price since the lifting of price controls. Pork is still a scarce item, and cured meats are as hard to obtain as ever despite increased hog sales. O'Brien declared that it takes approximately three weeks to cure the pork, and predicted that within a month those supplies will be available in adequate quantity.

For the best of service and the best of foodstuffs, housewives were invited by George O'Brien to visit his store at 1201 11th Place. —Give To Community Fund—

Orvy machinery capable of turning orders to the precision stipulated are used. (Jack M. Haynes Photo).

New Monarch Ranges At B. S. Hardware

Big Spring Hardware company came through today with an announcement eagerly awaited by many housewives in this area when several new Monarch electric ranges arrived.

And the new ranges contain features that have long been predicted but seldom materialized in post-war appliances. Their appearance is such that they will show to advantage in any modern kitchen, and performance has reached a new peak in the new Monarch, T. B. Atkins, Big Spring Hardware manager, declared.

All are equipped with high-speed burners, which are controlled by three-way switches, to provide desired cooking rate. The latest type of temperature controls are employed in the ovens, and accurate timing clocks provide another popular feature.

The Monarchs contain cooking wells, as well as the conventional oven.

Construction style and materials for the new Monarchs are of the latest developed. Both enamel and porcelain are used for attractive and durable finishing.

A limited number of the new Monarchs are on display at the Big Spring Hardware, and the management has announced that they will be made available to purchasers immediately. Others will be sold as they arrive.

Spiders are not insects. They belong to the Arachnida family, which includes mites and scorpions.

Winter Clothes Can Be Put In Shape At Modern Cleaners

Housewives' clothing care problems are simplified now that winter is coming in. They can simply bundle up the soiled clothing and take it to the Modern cleaners, secure in the thought that it will be cleaned meticulously and carefully.

Whether the garment is a heavy man's overcoat or a little girl's delicate silk party dress, there is no doubt that the Modern cleaners will give it thorough yet gentle treatment. Experienced cleaners and pressers know exactly what treatment to give each garment to make the fabric as sparkling as new.

Hayden Griffith, owner and

manager of Modern Cleaners, reminded that now that winter clothing is coming out of storage it should be given that pressing job which gives the wearer that "hand-box" look. Now is also the time to have summer crepe dresses and men's summer suits cleaned before storage for the winter, to insure perfect appearance when they are brought out again next summer. "Never store a soiled ar-

title," Griffith reminded, "since time may set the soil, making it more difficult, if not impossible, to remove."
 Griffith invites everyone to call 860 about any cleaning problem, or stop by Modern Cleaners at 303 East Third street.

Group Favors Water Laws
 LUBBOCK, Oct. 30. — The Permian Basin Water Works and Sewerage association, meeting in joint session with representatives of the Cap-Rock and Panhandle water organizations, Tuesday afternoon adopted a resolution asking for passage of state laws to provide protection, control and allocation of underground water by the State Board of Water Engineers.
 Passage of the resolution by the Permian Basin group climaxed a meeting devoted to discussions and addresses by several well-known authorities on West Texas water resources.
 The resolution was presented by E. L. Killingsworth, of the Big Spring city engineering department, who is secretary of the Permian Basin Association. Since the Cap-Rock and Panhandle organizations had insufficient numbers attending for a representative vote, they're to take individual action on the measure at a later date.
 Delegates representing cities and towns from El Paso to Colorado City and from Big Spring to Amarillo and Pampa, attended the meeting. Others from Big Spring attending were Herbert Whitney, R. T. Piner and B. J. McDaniel, city manager.

Livestock Prices Decline Slightly
 West Texas Livestock Auction company sent approximately 625 head of cattle and about 100 head of hogs through the auction ring Tuesday, as the local market declined slightly from the previous week.
 Although receipts were considerably lighter than a week ago, good fat animals were sprinkled throughout the offerings, officials reported.
 Butcher hogs steaded at \$28.50 cwt, while stocker hogs brought \$25.
 Hereford cows and calves ranged from \$105 to \$132.50 a pair, with mixed cows and calves commanding from \$65 to \$110 a pair.

Vincent Student Appointed To H-SU Yearbook Staff
 ABILENE, Oct. 30. — Bob Meador of Vincent, has been named junior editor of the Hardin-Simmons university annual, the Bronco. It was announced this week by Hywannah McFarland, editor.
 Meador is the son of Mr. and Mrs. Jim J. Meador of Vincent. Having completed the student pictures the editor and the staff are now concentrating on the theme, and are setting up the book. The cover has been selected and was ordered this week. But, the theme, dedication, and cover will not be revealed to the public until the book is off the press, Miss McFarland said.

Governor Proclaims Memorial Fund Week
 AUSTIN, Oct. 30. (AP)—This is "Veterans Memorial Operating Fund Week" in Texas.
 It has been proclaimed by Gov. Coke Stevenson to aid the ex-servicemen's association at the University of Texas in their drive to raise \$1,000,000 to create scholarships for wives and children of deceased veterans of World War II and for the erection of a dormitory to house veterans, their wives and other students at the university as "a living memorial" to those who died in World War II.
 The governor said in his proclamation that "it appears to be appropriate to set aside and dedicate a particular week to this purpose." He endorsed the drive last week.

Markets
 WALL STREET
 NEW YORK, Oct. 30. (AP)—Stock prices declined \$1 to \$5 a share today in orderly retreat which followed announcement of suspension of trade in the nation's major cotton exchanges.
 The \$50 a bale break in cotton this month has acted as a curb on demand for stocks for a number of days, according to brokers.
 The halt in cotton trading, coupled with persistent concern over labor-management relations and their long-run effect on production and profits, were the main causes for today's losses in share prices, these sources added.

Atomic Board Has Quarters In One Room
 WASHINGTON, Oct. 30. (AP)—A single room loaned by the State Department served today as headquarters for one of the most important federal agencies ever created—The Atomic Energy Commission.
 Office space is not the only problem, however.
 David E. Lillenthal, newly appointed chairman of the commission, has no idea where or how he is going to find a place to live in this jam-packed city. And the strike of Washington's 18 plushiest hotels remains deadlocked.
 Within two weeks, all five members of the commission are expected to establish themselves permanently in the capital and plunge into their momentous task.
 Friends said Lillenthal will return to his home at Norris, Tenn., in a few days and bring his wife back to Washington next week.
 One consolation: Mrs. Lillenthal insists the house-hunting problem is her job, the atomic matter her husband's.

Forces of Attraction Keep a Comet in its Course...

and OIL-PLATE Your Engine!

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

LOOKING 'EM OVER

With TOMMY HART
From the mail bag:
"Sir:
"There was an error in the writeup about the Colorado City-Yearling football game.
"Arless Davis made the first touchdown and Billy Carlisle went around right end for the extra point. Carlisle made the second touchdown and Davis went through the line for the extra point.
A STEER FAN.
This pillar had reported both touchdowns were made by Carlisle. Our apologies to the talented Mr. Davis.
Terry Fuglaar, a lineman on West Ward's scrappy football team, and the Steers' Pete Fuglaar are cousins.
Many a football fan is left completely in the dark when an official resorts to sign language to relay a message or some development (i.e., a penalty) to the benches of the competing teams. Today, we initiate a series of drawings explaining some of those signals. Others will appear in succeeding columns.
Al Citrini, the transplanted New Yorker who is one of our better bowlers, used to swing a mean mitten. He fought the best in amateur circles around Gotham more than a decade ago, trained at Stillman's gymnasium and made St. Nick's arena his headquarters.
The best scrap he ever staged he says he never remembered. He landed on Queer street early in the first heat when his opposition connected with a stiff right on the whiskers. Al went into the gauze. When he came to hours later, his manager told him he had popped up at the nine count, whammed the daylight out of the opposition and went on to administer the key in the second canto.
Al might be a good man to help train Big Spring's next Golden Gloves flatcufting team.
Harold Blue, who made Big Spring his home back in the '20's, is the new wrestling coach at the Central YMCA in Dallas, according to reports reaching here. Blue, 37 and a former Marine Corps staff sergeant, conducts three grappling classes weekly in Big D. He's going to Southern Methodist university's engineering school days, handling the wrestling course at night.
He's the son of the late J. N. Blue, who was an official with the T&P railroad here for years on.

ONE OF THE FAVORITES in the Grade school football league wars is West Ward (above). Winners in two games to date, the Waddies go after another victory today at Steer stadium when they play College Heights. Left to right, top row, they are Phillip Bushanan, Jimmy Morgan, Charlie Franklin, Dewey Byers, Bobby Hayworth, Leon Pettitt and Gene Grose. Front row, Terry Fuglaar, Jim Montgomery, Bill Slover, Luke Thompson, Albert Fletcher, Murlan Parsons, John Masters, Kenneth Howell, Clifford Winn and Bill Woods. The coaches, Melvin Byers and Jerry Rogers, were not present at the time the picture was snapped. (Photo by Jack M. Haynes).

Tide, Davidson Defenses Tops

NEW YORK, Oct. 30. (AP)—Harvard and Davidson share the honors this week as the football teams owning the best defensive records among all the college eleven in the land.
Figures released today by the National Collegiate Athletic Bureau show that Davidson is tops in defense against both rushing and passing with Harvard in second place.
Harvard, on the other hand, leads the field in defense against ground plays alone, with Davidson the runner-up. Neither is among the first ten in aerial defense, where Navy has been setting the pace since the second week of the season.
In five games, Davidson has held its opponents to an average of 105 yards per game. Harvard has a defensive average of 112.4 yards per game.
The ten leaders in each department (x denotes one game unreported):
Total defense—Davidson, 105 yards average yielded per game to rushes and passes; Harvard, 112.4; North Carolina State, 135.2; West Virginia, 135.7; Alabama, 142.5; Louisiana State, 150.8; Notre Dame, 151.3; Hardin-Simmons, 154.8; Army, 160.3; Indiana, 160.7.
Rushing defense—Harvard, 23.8 yards average yielded per game; Davidson, 53.8; Alabama, 59.8; Oklahoma, 61.2; Pennsylvania, 68.3; Mississippi State, 69.3; Georgia Tech, 69.6; Hardin-Simmons, 71.1; North Carolina State, 76; Wake Forest, 76.
Passing defense—Navy, 34 yards average yielded per game; Indiana, 34.7; Louisiana State, 36.6; New York University, 44; Holy Cross, 46.6; (x)—Colorado A&M, 47.2; Florida, 47.6; Baylor, 48; Detroit, 48.7; Washington State, 51.5.

Houston Battle Tops In State

By The Associated Press
Four games Thursday night, none of them important in the campaign, start the week's schedule in Texas schoolboy football.
The fireworks come Friday night when 32 conference games are played with all 16 districts involved.
But the major game of the week will be Saturday night when Lamar and Jeff Davis, both undefeated in conference play, clash at Houston.
Amon Carter-Riverside meets Fort Worth Tech in the Fort Worth district and San Jacinto clashes with Austin in the Houston district in games scheduled Thursday night. Neither has any particular bearing on the title races.
Nonconference games have Adairson (Dallas) playing Jesuit (Dallas) and Sam Houston (Houston) meeting St. Thomas (Houston).

Williams Wins Lineman Award

NEW YORK, Oct. 30. (AP)—Wendell Williams, end on the Rice University football team, injured his ankle in practice a week ago. It didn't look like he would play against Texas.
But he stayed with the team's trainer for hours on Wednesday, Thursday and Friday determined to play. He achieved his objective in such startling fashion that today he was selected as the "lineman of the week" in this fourth Associated Press poll of the season.
Able to play only on the offense (his ankle wasn't strong enough to stand battering on defense) Williams caught two touchdown passes. On the first touchdown he ran into a fence and hurt his wrist so badly he had to leave. But later he came back to snare the pigskin for his second TD, a feat that tumbled Texas out of the unbeaten and untied ranks in a major grid upset.
Williams thus joined Walter "Piggy" Barnes, of Louisiana State; Burr Baldwin, UCLA; and Bernie Gallagher, of Pennsylvania; who gained the lineman award in previous weeks.
The complete list of linemen nominated:
Ends—Williams, Rice; Wilson, Southern Methodist; McClurkin, Auburn, Sellers, Georgia; Poole, Army; Steckroth, William and Mary; Zakoff, Illinois; Hagen, Washington; Edwards, Georgia.
Tackles—Connor, Notre Dame; Davis, Georgia Tech; Stauber, Texas A&M; Ferrero, Southern California; Ed Champagne, Louisiana State; Edwards, Texas Christian; Frizell, Tulsa; Hilken, Michigan; Boensch, Stanford; Greene, Tulsa.
Guards—Wright, Southern Methodist; Leonetti, Wake Forest; Cooke, Virginia Tech; Royston, Wake Forest.
Centers—Bednarik, Pennsylvania; Duke, Georgia Tech; Meeks, South Carolina.

Banker Ira Thurman, who used to swing a wicked baseball club in his youth, sometimes thinks he talks too much for his own good.
After it became apparent at the Boston Red Sox and Eddie Dyer's St. Louis Cardinals were going to have it in the World Series, Ira let it be known that he had utter confidence in the American League's ability to cop the bunting.
An indorsement by her father was all his daughter, a student in the University of Texas and an inveterate sports fan, needed to put her qualified stamp of approval on the Cronin troops.
A few days after the big show had been unreeled, Thurman was the recipient of a billet from Austin, the gist of which ran: "Dear Pop: They were lucky, weren't they? Please dispatch me two bob to cover OUR mistake of riding with the wrong team."

Feline Offense Hard To Stop, Records Show

WATER VALLEY, Oct. 30.—Elvis Mathis' Water Valley Wildcats, which plays Sterling City in Sterling Friday night, is one of the highest scoring six-man football clubs ever to play in West Texas.
One of the secrets of the Cat attack is the fact that no player dominates the offense. If a team sets it defense to stop one player, two or three others always come along to take up the slack.
No less than eight of Mathis' performers have broken into the District Ten scoring columns. Gene Cope, fleet back and the Felines' leading candidate for the all-district team, leads the parade with nine touchdowns and ten points after touchdowns for a total of 64 points.
Cope yielded the scoring spotlight briefly to Dick Miers, an end, last week. Miers came through with three TD's in the 48-0 rout of Forsan last week to run his total for the season to 58 points.
Oscar Dorsey has banked 54 points, Gordon Westbrook 18, Bobby Baanister 18, Lynn Westbrook 12, Kenneth Shaw six and Jackie Mathews six.
Mathis is able to field an all-senior crew but usually uses Lynn Westbrook and Shaw, both of whom are juniors.

BALTIMORE, Oct. 30. (AP)—Mrs. Ethel D. Jacobs' Stymie, called turfdom's biggest bargain, will have an opportunity to boost his all-time earnings another \$25,000 Friday in the Pimlico special, and a victory in this mile-and-three-sixteenths classic would put him in reach of the record set by Whirlaway.
The Texas-bred five-year-old claimed by Mrs. Jacobs' husband, Trainer Hirsch Jacobs, for a mere \$1,500, arrived here by van yesterday from New York, scene of his \$50,000 win in Jamaica's Gallant Fox handicap last week.
The Gallant Fox purse brought Stymie's earnings to \$516,285—just \$44,876 short of the roll banked by Whirlaway before his retirement.
Assault, the King ranch's up-and-down three-year-old, remains in New York, and decision on whether to ship him for the special will depend in large measure on his performance in a workout today.

Stymie To Go At Pimlico

CHICAGO, Oct. 30. (AP)—The Western Conference felt fairly certain today that it would be represented in the 1947 Rose Bowl.
Ballots from the nine member schools voting on a five-year tie-up with the Pacific Coast Conference were scheduled to be turned in by Nov. 15 to Professor Frank Richard of Illinois, secretary of the Conference Faculty Committee.
The 5-4 majority to carry the plan has already been assured by Purdue, Iowa, Ohio State, Michigan and Indiana reporting in the affirmative. Northwestern and Wisconsin have yet to ballot. Minnesota's senate has been reported to have joined Illinois on the negative side.

Neely Would Take Assistant's Job At Rumored Pay

HOUSTON, Oct. 30. (AP)—When Jess Neely, head coach at Rice Institute, was informed last night that a rumor had Frank Howard, Clemson football mentor, as feeling at \$10,000 a year offer to become an assistant on the Rice staff, Neely said, "If there's a \$10,000 assistant job open, tell them I am an applicant."
Neely said he did not know how such a report got started.
Neely formerly coached at Clemson. Last week he spiked a rumor that he would return to the southern school.

Rayburn To Speak At Missouri Rally

WASHINGTON, Oct. 30. (AP)—Rep. Sparkman (D-Ala.) has announced that Speaker Sam Rayburn (D-Tex.) will speak at the annual pre-election Democratic rally Friday night at Independence, Mo., home of President Truman.
When asked if President Truman would attend, Sparkman stated, "he hasn't missed one yet."

Interest In Junior Football Wars Centers On Waddie-White Shirt

Interest in the Grade school football league program at Steer stadium this afternoon centers around the West Ward - College Heights game, which leads off the triple feature.
West Ward has been all-victorious in two starts while the White Shirts from the "deep south" have won one, lost one to date. However, their losing debate was with Central Ward, which is heavily favored to sew up their second flag in two years.
If the White Shirts cool off the Waddies, it will leave the title road open for the Red Devils. Central, incidentally, tangles with North Ward in today's second game and should experience no trouble packing away the decision.
North Ward got scrambled by West Ward, 42-0, last week and is not considered strong enough to give the Devils much of a contest.
The final go pits East Ward's Green Hornets, coached by Johnny Hooper, against the South Ward's Midgets. The Hornets absorbed a defeat at the hands of Central last week after receiving a forfeit from North Ward their first time out.
The South Siders are still seeking their first win in two years. Jack Ewing and Jimmy Webb have brought the team along slowly and the lads are expected to be well schooled in fundamentals by season's end. However, the team is handicapped by the fact that they have one less grade than do the other schools, hence the players are younger and smaller.

Six-Man Rules Group To Have Feast Nov. 18

The Six-Man Football Coaches and Officials association will climax their rules interpretations meeting for the year with a banquet Monday night, Nov. 18, at the Settles hotel. President Walker Bailey announced Tuesday.
Originally scheduled to meet again on Nov. 11, the session was moved back a week to eliminate conflict with the holiday, Bailey said.
The unit has been meeting every other Monday at the court house. The regular six-man season will be terminated Friday, Nov. 15.

Rice-Aggie Game Nears Sell-Out

COLLEGE STATION, Oct. 30. (AP)—Less than 3,000 tickets remain here for the Nov. 16 football game between Texas A&M and Rice Institute to be played at Rice field.
Sales are reportedly booming in Houston, following Rice's 18-13 victory over Texas last week.
The two teams currently are tied for the Southwest Conference leadership, with two wins against no defeats.

Odessa To Meet Stronger Dogie 11 Here Saturday

Madison, Lees To Be Eligible For Encounter

Odessa's reserves are going to run into a much stronger Big Spring High school B grid squad here Saturday night than was fielded here against Sweetwater last week.
Coach Johnny Dibrell will start virtually the same line that took the field against the Colts but his backfield will be strengthened by the addition of Gordon Madison and B. B. Lees, both of whom were used against North Side last weekend and thus automatically ineligible for the Sweetwater fracas.
Madison and Lees are first line reserves, just a step behind the regulars and their experience should stand the Dogies in good stead. Madison is a crafty signal barker who is expected to be a varsity standout next fall. Lees is developing as an ace passer and can cruise with the melon when called upon.
The two will combine their talents with such operatives as

Ernie Ache, James Abbe and Johnny Currie to give the Big Springers a formidable backfield. Ache is easily the fastest youngster in this section. He was a constant source of worry to the Sweetwater wings who tried stopping his end sweeps last weekend.
Delmar Turner, a big boy who likes to mix it, will be employed a lot on defense. He's been outstanding as a line backer and usually moves forward when he takes the mail.
A line headed by Harold Berry, aggressive center, is expected to hold its own against the Odessa forwards.
The contest gets underway around 8 o'clock.
The Big Springers close out their abbreviated campaign in Odessa Nov. 9.

Rainbow Vets Plan Session

Several Big Spring men are expected to take part in the state reunion of the Rainbow (42nd) Division veterans at Dallas the evening of Oct. 31.

The division, created in World War I and given its name by Gen. Douglas MacArthur, has some 25,000 active members in its association, 15,000 of them who served in World War I.

The Rainbow division served with distinction at St. Michael and in the Meuse-Argonne offensive in World War I and more recently in France, Germany and Austria, being in on the over-running of the notorious Dachau.

Head of the Texas division is Everett Hale, veteran of both wars. Among Big Spring men who are members are Jesse D. Ford, Mead C. McCull, Raymond L. Nail, Hubert Hays, Dr. C. W. Deats, John A. Hull, Roy L. Carter, Thomas W. Cantrell, James T. Brooks, John Miller, F. C. Marchbanks, and Cecil L. Wasson.

Lady Nearly Choked While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

WHAT GIVES 'ROUND TOWN
 By LEATRICE ROSS

All Hallows' Eve will see several fetes in progress. At HCJC there will be a dance at 8 o'clock in the college Y room with punch and sandwiches for those who hunger. . . . BSJS has planned a carnival in the gym, around 7:30 and students in charge indicate the numerous concessions will back surprises aplenty. . . . Both affairs will break up in time for guests to attend the customary mid-night preve.
 Hallowe'en, incidentally, dates back to the Druids in Celtic England some 2,000 years past. These individuals lit great bon fires about which all the wicked souls supposedly gathered for a confab. Just thought you might like to know.
 Quite a few old Big Springers were home from college over the weekend for the Steer-North Side game. From Tech came Pete Cook, Jimmy Talbot, Darrell Webb; from Texas U., Helon Blount, Shirley Fisherman, John McIntosh, Dewey Stevenson was in from McMurry and Donald Williams and Joe O'Brien from H-SU. ROTC Cadet Billy Garrison was off from training at A&M for the weekend. . . . Howard Engle, who labors on a ranch near Snyder, also was home for a few days. . . . Zack Gray spent Sunday in Graham. . . . Bud Purser is here between cruises with the Maritime Service.
 Some of the multitude at the game Friday night: Faye Newton, Raymond Stallings, Joyce Merrick, Larry Shaw, Betty Bradley, Terry

Child Diseases Are Talked At Meeting
 GALVESTON, Oct. 30. (AP)—Means of preventing spread of children's diseases are under discussion here at a four-day pediatric conference.
 Speakers included Dr. Daniel C. Darrow of Yale University; Dr. Myron Wedman of the Louisiana State University School of Medicine, and Dr. Edward W. Pratt of Yale.
 The conference is being sponsored by the University of Texas School of Medicine, the University of Texas Child Health Conference and the Maternal and Child Health Division of the Texas State Board of Health.

New Portions Of Sun's Spectrum Are Photographed
 WASHINGTON, Oct. 30. (AP)—A rocket-mounted spectrograph has taken "pictures" of the sun from a height 65 miles above the earth. Announcing this, the Navy said it is studying portions of the sun's spectrum never before photographed.
 The pictures were taken from a Nazi V-2 rocket fired by the Army at the White Sands, N.M., proving ground October 10.
 "It is not possible at present to say much more than that very valuable information will be obtained from these spectrograms," the Navy said. "Actually, the analysis of the data may well require a full year, although every effort will be bent toward completing the analysis as soon as possible."
 Spectrograms enable scientists to determine the materials which compose the sun. Using such pictures, scientists discovered helium on the sun before it was found on the earth.

Brotherhood Hears Forsan Minister
 Rev. Beryl Clark, pastor of the Forsan Baptist church, urged members of the East Fourth Baptist Brotherhood to be steadfast in the duties as laymen at the regular monthly meeting of the organization Monday evening.
 Members of the Brotherhood named Roy Williams, W. R. Puckett, Wilbur Forest, Sam Bennett, Denver Yates, Henry D. Tyree, and Haskell Grant as members of the Boy Scout Troop No. 4 committee, and made plans for a chill feed in the scout hut Nov. 4 for members of the troop.

Quake Recorded
 WESTON, Mass., Oct. 30. (AP)—A moderately strong earthquake, apparently in the vicinity of the Aleutian Islands, was recorded on the Weston College seismographs at 2:56.33 a.m., EST, today. The station said the earth tremor lasted two hours.

 Sight of the week: Russell Logan at the game in a gasp-provoking ten gallon Stetson. . . . Milling around in the State Drug following the game: P. D. Cagle, R. L. Heath, Sonia Weaver, Betty O'Brien, Billy Satterwhite, Wilda Watts, Glib Sawtell, Jimmy Morehead, Ellen McLaughlin, Mary Alice Dorsey, Joe Jabor, Donnie Reaves, Lera Joyce Hale, Don Wilkes, Mary Beth Morgan. . . . Room 4 at the Settles was bulging with persons at the High Heel Slipper dance. . . . HCJC is making nominations this week for student council members. . . . The second college radio play is being cast now too. It is called "OM Fudge" and offers ample possibilities with Tip Anderson in the lead. Some other characters (in the play, we mean) are Lynn Jeffcoat, Billy Chrane, Wilma Jo Taylor, Jimmy Tamsitt, Lloyd Wooten, Zack Gray. . . . Seniors at BSJS received class rings Monday. . . . Billie Bates was in Sweetwater Saturday for the H-SU - Arizona State game. . . . Joyce Jones, student at NTAC, was in town last week.
 A subject calling for much concentration is the expose, in last week's Life magazine of pictures of Lena the Hyena, native of Slobbovia. What some people want 'drew' for money. . . . Goody crowd showed up for the HCJC - Ackerly Independent basketball game in the gym Monday night. Among them: Norma Jones, Millie Balch, Evelyn Green, Billie, Bob Fallon, Bobbie Green, Dee Thomas, Pauline Harrell, Larry Hall, Toar Bryan, Horace Rankin, Bobbie June Bobb, J. T. Erwin. A warm pep squad composed of able Mickey Casey, George Moore, Don Richardson, Oney Thurman, Jimmy Smith doubtless put pep-much power into the game. . . . Showing excellent sportsmanship was John Rudeeal, one of the Jayhawk's starters, who played in spite of a pair of bad ribs.

70 Herefords Go On Block At Dispersal Sale
 Seventy head of registered Herefords are to be offered separately to the highest bidder at the L. E. Lomax estate dispersal sale Saturday.
 The sale will be conducted at the West Texas Livestock Auction company sales barn northwest of town, beginning at 1 p.m.
 Ten bulls, headed by Advance Mousel Mixture, a five-year-old purchased by the Lomax interests last spring from L. B. Cauble and Son, are included in the offerings.
 A number of young cows are catalogued with the 60 females to be sold, with calving dates ranging from June 1945 back to 1938.
 The Lomax herd was established in 1939, when the late L. E. Lomax purchased 33 females and one bull, Double Diamond 1st, from the Cauble Hereford Farms. The entire herd was built from the females of the original purchase. Double Diamond 1st was the herd bull for the first three years, followed by President Mischief 2nd, also purchased from the Caubles, and the Advance Mousel Mixture.

Galveston School Superintendent Dies
 GALVESTON, Oct. 30. (AP)—Samuel B. Graham, 55, superintendent of Galveston public schools since 1935, died here yesterday.
 Funeral will be held tomorrow afternoon at the First Baptist church, with Dr. Harold L. Pickett, pastor, officiating.
 Galveston public schools will be closed tomorrow in tribute to the superintendent who had been associated with the local school system for 25 years.
 A native of Angelina county, Texas, Graham, after graduating from Sam Houston State College at Huntsville, taught school in his native county, Walker county, and in Galveston county prior to coming to Galveston in 1921.
