

## Gennie Baker LHS Band Sweetheart

### Ceremony Friday At Ball Game

Gennie Baker is the 1962-63 Wildcat Band Sweetheart. Miss Baker was presented a bouquet of mums by Mike McGaugh, band president, during halftime ceremonies at the Littlefield - Plainview game Friday night.

Miss Baker is a senior and the daughter of Mr. and Mrs. Charles Baker of Littlefield. McGaugh is also a senior and the son of Mr. and Mrs. Dale McGaugh.

Kathie Steed, daughter of Mr. and Mrs. Vernon Steed, and Martha McQuatters, daughter of Mr. and Mrs. Roy McQuatters, were attendants. Charles Heathman, vice-president of the band, served as an escort along with McGaugh. Heathman is a senior and the son of Mr. and Mrs. Charles Heathman.

Debbie Burks, two-year-old daughter of Mr. and Mrs. Bill Burks, carried the flowers.

The sweetheart and her attendants rode in a blue Pontiac convertible driven by Ronnie Smith.

OUTSTANDING GRIDDETS -- Ray McKinney, left, and Johnny Basden, were named the outstanding Littlefield Wildcat griddeTS in the Denver City game. Awards were presented to the two players at an assembly Friday. McKinney is the starting quarterback while Basden is a starting tackle. (Photo by Jerry Potts).

### FHA Plans Family Night

A family night supper was planned at the meeting of FHA last Friday. The supper, an annual affair, is held for FHA members and their family.

The supper will be held November 10 in the Homemaking lab.

### Cat Teams Win Two, Lose Two

Littlefield teams won 2 and lost 2 last week in football action here and in Hereford.

The freshmen were defeated by a strong Hereford team by the slim margin of 12 - 6. The lone Littlefield touchdown was turned in by Steve Lewis on a pass play.

Eighth graders were also defeated by Hereford 48 - 0. Littlefield's B team and 7th graders captured victories for the Wildcats. The B team defeated Hereford 3 - 6. With Roger Morris scoring three times for the locals and Dickie Montgomery and Joe Blessing scoring once each.

The Seventh graders defeated Hereford by the score of 16 - 6.

What did Ray do Friday night Brenda?  
What is it that Marsha K. has done that no other LHS girl has????  
Jonell and Kathy -- what troubles are you having these days?  
Gary F. we do have some fast Sophomores don't we??  
Ginny P. you shouldn't wear tight white britches!!  
What was Sandy Smith's car doing in front of Ronald S. house??  
Beth - where were you and Rhonda Sunday, and who were you with?  
Charlotte, is that beauty operator a boy or a girl?  
Janice - what happened Saturday night? Did you have fun anyway?  
Irene - How do you manage to get so many boys? (She don't)  
Robinson, why did Coach move you away from Miss Black in Biology??  
I thought you liked Neola. Fitz, why don't you just buy the whole family a mum!!!  
Carla, don't they ever give you a chance to get a word in edgeways??  
Coach Gerber, do you always teach Ennis and Paula yells (See Claw on Page 5)

### ARTICLES FOR THE SKAT CAN BE GIVEN TO A STAFF MEMBER

AND SWEETHEART -- Gennie Baker, second from right with a bouquet of flowers, was crowned LHS Wildcat Band Sweetheart in ceremonies Friday night during half-time of the Littlefield - Plainview football clash. Others shown above are from left to right, Kathie Steed, Charles Heathman, Miss Baker, and Martha McQuatters. Not pictured is Mike McGaugh, who performed the crowning ceremony.

### Fields Findings

BY PAULA

By the time the paper comes everyone will know the results of those dreaded six weeks. Some of the results will be hard to believe while others will be hard to believe that have been going to school that long. Seems as if we only started to school yesterday.

By now everyone has gotten into the routine of things. Everyone has gotten used to the floating system and has gotten better acquainted with the new teachers. If you haven't made any new friends by now, then something is wrong. You have probably renewed many old friendships and maybe even acquired some new enemies.

The only thing we can hope for is that the rest of the year will pass just as fast. In not too long we will be out for Thanksgiving holidays and then Christmas holidays.

We were real proud of the showing that our boys gave Coach Don Williams last Friday night. I think they surprised him. The pep rally that we had for the boys last week was the best of the year in my opinion. Spirit for the game sure did rub off on everyone and the boys were really surprised when they walked into the field house Friday evening. The cheer leaders had gone out to the field house and decorated the place as if for a party and it seems the boys did have a party while beating Plainview.

### Sport Shorts

BY FITZ

The Wildcats got revenge on the old coach and did it pretty good. They downed Plainview 27 - 0. This brings the record to 2 - 3.

District play starts on October 26. Most of the teams have open dates this week. The Wildcats start out with the toughest team in the district. They play Perryton Rangers who have a 5 - 0 record at the present time. They played Spearman last Friday night and won 68 - 12. They have a fine ball club and are very well balanced. The game will be at Wildcats Stadium.

Then we go to Dumas to play the Demons and as you well know they have a well balanced team. They have all new backs but they have a good line. They will be out to win the district for 2 years in a row.

Then we go to Levelland to break our jinx with the Lobos. Then the Whitefaces come to Littlefield and we play Phillips on Thanksgiving day.

## McQuatters, Sitton Are Students Of The Week

Senior Wildcat Band Sweetheart Candidate and a sophomore gridiron star have been named as this week's Students of the Week. They are Martha McQuatters and Ronald Sitton.

Martha, daughter of Mr. and Mrs. Roy McQuatters, Jr. of Littlefield, is a runner on the Band Sweetheart. She is a member of the FHA and serves as the chapter's song leader.

Martha lists speech as her favorite class and listening to classical music as her favorite pastime. Orchid is her favorite color.

Martha states that she tries to live up to her motto which is "be friendly to everyone."

Future plans of this auburn-haired senior are to attend Murray College after graduation.

Ronald, son of Mr. and Mrs. F. L. Sitton of 201 East 21st, lists typing as his favorite class and says he enjoys sports of all kinds.

He is a member of the Varsity Club and the Los Hidalgos Spanish Club. He lists blue as his favorite color and fish as his favorite food.

Ronald's future plans include finishing high school and attending the University of Texas.

RONALD SITTON AND MARTHA McQUATTERS

### Editorial

## Prayer Decision Discussed Fully

Last week in the SKAT the question of the week was - What is your opinion of the Supreme Court decision of prayer in the Classroom? In asking this question we found many people did not understand the situation fully, so now we shall try to explain.

Since 1951, New York schools have been encouraged to observe a prayer composed especially for the use in the classroom of the New York State Public Schools.

The prayer read:  
"Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers, and our country."

The prayer was composed in such a way where as not to impose on any church doctrine. It was recited each morning in the classroom either by the teacher or one of the children. The children were not made to recite or to listen to the prayer. They could do as much as leave the room if they had the parents permission.

Shortly after the prayer had been adopted by the School District ten parents of children brought suit against New York State. The parents declared the prayer violated their rights under the constitution.

The matter was taken to Supreme Court, and on June 25, 1962, by a 6 - 1 vote, the court found the prayer to be unconstitutional. The court held that the prayer violated the first amendment which guarantees the separation of church and state.

By their decision it does not prohibit the Public Schools of Texas from the saying of prayers or reading of passages from the Bible during school activities as long as there is no action brought by the State of Texas or any of its agencies.

### Sharon Foley Is District Historian

Sharon Foley, a junior of L. H. S. was elected Historian of the District T.A.L.A. Saturday at Smylie Wilson Jr. High in Lubbock, Texas and attended Monterey High School last year.

Melissa thinks L. H. S. is real nice and enjoys it very much. She resides here at Littlefield, 1308 West 12th.

Other members of the Library Club attending the convention were Pat Thornton, Rose Gomez, Trudy Grizzle, Linda Walker, Susan Parker, Nancy Dow, Charlene Smiley and Judy Watson.

Accompanying the girls were Mrs. John Burks and Mrs. Grizzle.

### Menu

- Monday - Hot dogs, corn-chips, tossed salad, milk, peaches and cookies.
- Tuesday - Chicken (fried), whole kernel corn, green beans, rolls, milk, strawberry jelly.
- Wednesday - Pork chops and gravy, buttered cabbage, green salad, cornbread, milk, cobbler.
- Thursday - Meat loaf, macaroni and cheese, lettuce and tomatoes, milk, rolls, pumpkin pie.
- Friday - Steak and gravy, creamed potatoes, English creamed potatoes, English peas, rolls, milk, strawberry delight.

### PE Instructor Is Week's Teacher

Miss Ida Blankenship was chosen teacher of the week this week by the students in the Journalism class.

Miss Blankenship who is a graduate of West Texas State College says she likes L. H. S. very much. Before teaching in high school she held a position at the Jr. High teaching girls P. E. and track.

Miss Blankenship enjoys swimming and skiing very much but likes almost anything sports wise.

Her pet peeve is not enough things for girls to do. She dislikes the fact that there isn't enough things for girls to do "sports wise."

Miss Blankenship grew up and graduated from high school in Amarillo. Her life long ambition is to be a college professor.

Her philosophy on life is "live and let live."

Here in Littlefield Miss Blankenship resides at 805 E. 5th Street.

MISS BLANKENSHIP

### Library Has New Set Of Encyclopedia

A thirty volume set of new encyclopedias have been added to the high school library. Mrs. Burks urges students to use this set whenever the need should arise.

The Encyclopedia Americana, the name of the set, contains thousands of important facts, along with information on men who have achieved fame, illustrated charts and large informative maps.

Students are asked to take care with this set because it is one of the best published and is very expensive.

### Sharon Foley Is District Historian

Sharon Foley, a junior of L. H. S. was elected Historian of the District T.A.L.A. Saturday at Smylie Wilson Jr. High in Lubbock, Texas and attended Monterey High School last year.

Melissa thinks L. H. S. is real nice and enjoys it very much. She resides here at Littlefield, 1308 West 12th.

Other members of the Library Club attending the convention were Pat Thornton, Rose Gomez, Trudy Grizzle, Linda Walker, Susan Parker, Nancy Dow, Charlene Smiley and Judy Watson.

Accompanying the girls were Mrs. John Burks and Mrs. Grizzle.

DE SPOTLIGHT -- This year's first D. E. Spotlight student is Nell Johnson. She is a Junior at Littlefield High School. Her favorite pastime is running around, Miss Johnson works at Roden Drug. She waits on customers, makes deliveries and stocks merchandise. Her employer is Bob Roden. Roden likes the D. E. program because it is good help to him.

### Storm Proof Cotton Not Just For Storm

Even if a storm never hits your cotton field the tight-balled varieties can be useful. These storm resistant cottons hold the lint and prevent pre-harvest losses due to cotton falling from the plants before they are picked.

Storm resistant cottons are not new but some promising new strains have been tested. They retain their lint relatively undamaged under Texas storm conditions. Developed for South Texas by the U. S. Department of Agriculture and the Texas Agricultural Experiment Station, the test strains have good pickability and can be harvested by spindle pickers.

Dr. G. A. Niles, of the Texas Station, and Dr. T. R. Richmond, of U.S.D.A.'s Agricultural Research Service, said that five strains were promising enough in preliminary tests to warrant further testing. In the total yield of lint, the commercial variety had a slightly better average than the storm resistant strains but lost 16.3% of the total yield in lint fall before harvesting compared to the 3.3 to 6.9 percent loss for the test strains.

Storm resistance in cotton comes from a structural characteristic that produce a boll in which the cotton is held tight. Wrinkles or a sticky substance on the bur wall or a cup shaped bur hold the lint in the boll.

It was formerly thought that storm resistant cotton could not be easily picked with a spindle type picker but test results show that little of the lint was left in the field. According to Niles, still less would have been lost if the picker had been adjusted for harvesting tight-boll cotton.

Dr. Niles believes that further research will produce storm resistant strains that will yield higher and spindle pick very successfully.

### Tech Battles Baylor Bears Saturday

Baylor's improving Bears are hosts to the Texas Tech Red Raiders in Waco Saturday night.

Like the Raiders, winless, the Bears have shown good potential this season. Turning point may have been during the Arkansas game last week, when Baylor, trailing 28-0, rallied for 21 points and nearly overtook the highly-rated Razorbacks.

Other Baylor losses have been to Houston and Pittsburgh. Texas Tech lost more than its fourth game of the season at Fort Worth last week, quarterback Johnny Lovelace broke a foot in Texas Christian's 35-13 victory and undoubtedly has concluded his career.

Lovelace is the third Tech quarterback to be injured. Passer Jim Ellis has been out since the Texas game with torn knee ligaments, and Richard Manan was used sparingly Saturday night after bruising a hip against Texas A&M.

Doug Cannon is the only Raider quarterback considered at top speed.

### WHISKERS HATE IT... FACES LOVE IT!

**NEW Norelco 30**  
"FLOATING-HEAD" SPEEDSHAVER  
WITH ROTARY BLADES

- "FLOATING-HEADS" hug every curve of your face
- FAST, CLOSE SHAVES with no pinch, pull, irritation
- SPLIT-SECOND CLEANING through pop-open side vents

Cutter and two comb-like guides fit over head of "floating-head" Speedshaver. Give complete haircuts. Trim mustache, sideburns, neck hair neatly, too. Comes in handy plastic case.

**STORAGE BUILDING COMPLETED** -- Completion of this huge grain storage facility was made this week. The warehouse, owned by Byers Grain Company, will hold 130 cars of grain and is as fire proof as possible. The building is 80 by 120 feet of re-reinforced corrugated steel. Byers Grain is now able to handle about 700,000 bushels of grain or nearly twice the amount before the facility was built. (Photo by Jerry Potts)

## Cotton Harvest Getting Underway

Cotton harvesting was getting well underway this week according to Mr. W. K. Palm - officer in - Charge, of Lubbock Classing office. Sample receipts were up this week with 13,700 samples being classed as compared to the previous week. This is a total of 22,500 samples classed to date by the Lubbock office.

The Lambessa and Brownfield classing offices classed 5,000 and 4,000 samples. A total of 10 samples has been classed in the South Plains this week. Quality of cotton being classed is good. Middling comprised 58% of the cotton classed in

the Lubbock Classing Office this past week. Strict Low Middling constituted 14% and Middling Light Spotted 18%. The average staple length was 30.3 thirty seconds of an inch. Staple lengths for the week were distributed as follows: 29/32, 9%; 15/16, 56%; 31/32, 30%; and 1 inch, 5%.

The micronaire readings for the week were as follows: 3.4 and below, 5%; 3.5 to 3.9, 20%; 4.0 to 4.4, 44%; 4.5 to 4.9, 26%; and 5.0 to 5.4, 4%.

Middling 1 inch is quoted at 32.30 by the Lubbock Spot Quotations; this compares to 33.15 a year ago. Some of the quotations for the Lubbock market are: Middling 29/32 30.05;

## Legion Plans District Meet In Levelland

Legionnaires and Auxiliary members from the 19th Congressional District will convene in Levelland on Saturday and Sunday, October 20 and 21, for their annual convention of The American Legion. J. G. Stacy, Commander of Post #417 has announced.

The joint session of The American Legion and Auxiliary will convene on Sunday with

Middling 15/16, 31.30; Middling 31/32, 31.80; Strict Low Middling 29/32, 29.70; Strict Low Middling 15/16, 30.20; Strict Low Middling 31/32, 30.90; Middling Light Spotted 29/32, 29.70; Middling Light Spotted 15/16, 30.20; and Middling Light Spotted 31/32, 30.90.

## Philosopher Tries To Solve The Cuban Problem, But Runs Into Blank Wall

**Editor's note:** The Sand - hills Philosopher on his Johnson grass farm looks at an international problem this week, then backs away.

Dear editor: A lot of people have been worrying about what to do about Cuba and I got to thinking -- not because I didn't have anything else to do, that's a waste of thought, the time to think is when you have got something else to do -- and I have decided the people aren't thinking big enough.

Say somebody figured out what to do about the Cuban problem; it wouldn't last. Another problem would crop up some place else. We've had one crisis after another for years now and I've decided the thing to do is put all our crises into one pile.

As I understand it, there are 103 countries in the world, as best the map makers can find out, and the way to eliminate all minor crises and put them in one lump is to arrange for each of the 103 to have guided missiles trained on all the others. Each country should have guided missiles zeroed in on every major population center in every other country. I'll admit this would be a mess of guided missiles, but it's the only way out.

Then after you get all these missiles in place, invent a special radar firing device that'll set off all of them if just one of them goes off.

With everybody in the world then looking down the barrel of a guided missile, who'd be interested in shooting first?

You have no idea how reasonable people get when they're blocked on all sides. Man is supposed to be the only animal with reasoning ability, but I understand when a forest fire breaks out, the rabbits and the foxes, the antelopes and the mountain lions, all begin reasoning that the only way out of the mess is to run together for awhile.

On the other hand, come to think of it, this hundred percent guided missile idea might not work after all. Sparrows might build a nest in the firing device of a missile down in Afghanistan, trigger the thing and send the world up in smoke. Or a minor dictator might get mad at his wife and pull the trigger just for spite.

Maybe it's better to worry with all these little crises. Now you take the Cuban problem . . .

Yours faithfully,  
J. A.

Commander Stacy calling the meeting to order.

Guests will include Wilfred Stoerner of Plainview, 19th District Commander, and Troy S. Bowen of Sweetwater, 4th Division Commander.

At 1:30 p.m. the American Legion and Auxiliary will hold their separate business sessions with Commander Stoerner presiding over the Legion meeting.

Training Union Workers selected have been director B. A. Beauchamp, Jr., Assistant Director, G. C. Ritchie; General Secretary, Mrs. Lee Roy

Fisher; Adults, Director, Moses Padillo, secretary, Mrs. Tommy Cate; Young Peoples, Directors, Mr. and Mrs. Milton Williams; Intermediate Director, Mrs. D. W. Williamson; Workers, D. W. Williamson; Hoyt Robertson; Junior Director, Mrs. Willie C. Hazel, Workers: Nolan Parrish, Mrs. Louzelle Serratt, Madeline Turner, Mrs. Bill Turner,

er, Mrs. John Burnett; Pres. Director, Mrs. Homer Morris; Workers, Mrs. J. V. Hill, W. L. Rice; Beginner No. 2 Director, Mrs. Nolan Parrish; Worker, Mrs. Paul Chapman; Beginner No. 1 director, Raymond Harper, Worker, O. L. Turner; Nursery Director, Mrs. Halbert Harvey; Workers, Halbert Harvey, Raymond Harper.

## Farmers Are Sought For State Awards

Somewhere in Texas two farmers are engrossed in unselfish tasks that next spring will reward them with unexpected honors and windfalls of cold cash.

The two farmers will receive the Hoblitzelle Awards for the Advancement of Texas Rural Life -- honors that will be conferred upon them during Texas Research Foundation's Awards Dinner at Renner on Wednesday, May 15, 1963.

"A network of statewide committees is searching for the two men," Dr. C. L. Lundell, Director of the Foundation, said this week. "One recipient will be a junior farmer or ranchman who is 35 years of age or younger. The other will be a senior farmer or ranchman who has passed his thirty-sixth birthday."

At the dinner, each will receive an award consisting of

\$5,000 in cash, a gold medal and a scroll in recognition of his outstanding service to Texas agriculture during the period from January 1, 1959, through December 31, 1962.

Any farmer or ranchman is eligible for the 1963 Hoblitzelle Awards, Dr. Lundell continued. There are no restrictions upon the source of nominations in Texas, and anyone may make nominations to the proper committee.

He explained that the committees consisted of five state regional committees -- one in each of the five State Soil Conservation Areas of Texas. "Nominations may be made to any member of the regional committee in the area where the nominee lives," he added.

Members of each regional committee are the Area Vice President of the State Soil Conservation Association, a resident official of The Young Farmers of America, an Area Supervisor of Vocational Agriculture, a District Agent of the Texas Agricultural Extension Service, an Area Conservationist of the Soil Conservation Service and an outstanding banker in the area.

All nominations for the honors must be forwarded by March 15 to Texas Research Foundation at Renner.

The purpose of the Awards is to encourage young men to work more diligently in Texas agriculture and to recognize older Texas farmers for outstanding accomplishments.

Texas Research Foundation administers the biennial awards which are presented by the Hoblitzelle Foundation.

The Hoblitzelle Foundation is an interest of Karl St. John Hoblitzelle, Dallas philanthropist, who has been active for half a century in civic, education, cultural, patriotic, and charitable movements.

Recipients of the 1961 Awards were John Edward Stefka, dairy farmer at Caldwell, and J. Frank Gray, irrigation farmer at Lubbock, junior and senior, respectively.

Roland Willis, formerly of Littlefield and now of Lubbock, is a member of the committee for Area I.

WHITARRAL NEWS by Mrs. Elva T. Crank

# Mrs. J. B. Wren Sr. Is Hostess To H. D. Club

At the home of Mrs. J. B. Wren Sr., in the Lums Community northeast of Littlefield was the scene for the all-day meeting of the Home Demonstration Club Thursday morning. A cov- dish luncheon was served at the club meeting which was held in the afternoon. Mrs. Doss Maner presided over the program with the theme of the article, "Enjoying the Beauty of the World." C. G. Landers presided. A call was answered with "A word of Advice." It was decided to send gifts to Jose's the boy who is in the Austin State School for Retarded Children at Austin. Gifts are brought to the next meeting. A cup of coffee is to be given to each member for the coming year. The following officers were elected: President, Mrs. J. E. Wade; Vice President, Mrs. W. J. Wade; Secretary - Treasurer, Mrs. Ralph Wade;

Council delegate, Mrs. Ed Johnson; Alternate Delegate - Mrs. George Wade, Jr.; Parliamentarian, Mrs. Doss Maner. Present were Mrs. Landers, Mrs. Maner, Mrs. R. Wade, Mrs. G. Wade, and the hostess. The next meeting will be in the home of Mrs. Ralph Wade on October 25.

Mrs. J. W. Borders, Jr. was hostess at her home in Whitarral Friday morning with a products party. Demonstrator for the show was Mrs. Nova Melton, Littlefield. Mrs. Brady Helms was the "lucky lady" and Mrs. V. D. Hodges "guessed the sales."

Refreshments were served to Mrs. Helms of Levelland, Mrs. Melton of Littlefield, Mrs. Henry Jones, Mrs. Hodges, Mrs. Alvin Doshier, Mrs. Delbert Timmins, Mrs. John Williams, and the hostess.

Whitarral Luncheon Menus, October 22 - October 26, Monday - Fish sticks; scal-

loped potatoes, blackeyed peas; tossed green salad; hot rolls and butter, milk; mixed fruit. Tuesday - American goulash; green beans, buttered carrots, sliced tomatoes, hot rolls and butter, milk, plain cake. Wednesday - Fried chicken, creamed potatoes; sweet peas; lettuce and tomato salad, hot rolls and butter, milk, honey.

Thursday - Baked ham, candied sweet potatoes; buttered hominy; cole slaw, cornbread and butter, milk, peach cobbler.

Friday - Barbecue on bun, baked beans, potato salad; milk, Jello.

Charlie Swaggerty and daughter Sally of Fort Worth spent Thursday night with his cousin, Mrs. Jack Gage and family.

Mr. and Mrs. Max Dickerson, Scott and Stacy spent the weekend in Eunice, N. M. with the lady's mother, Mrs. Fred Whitaker and other relatives.

Mrs. Norman Hodges of Wichita Falls arrived Friday evening for a visit with her mother, Mrs. Elva T. Crank, and Mr. and Mrs. V. D. Hodges and other relatives. She remained until Tuesday. Norman Hodges is at Moose Lake, Wash. on a training mission.

Other guests in the Crank home Sunday were Mr. and Mrs. Bob Crank, Sandra and Doug, Mrs. Pat Weathers and Jeff and Roy Waters of Levelland. Visitors in the Hodges home Sunday were Mr. and Mrs. Floyd Hodges of Post, Mr. and Mrs. Bud Skaggs and Juanice of Morton, Mr. and Mrs. Melvin Davenport of Plainview, Mr. and Mrs. J. O. Hodges, Johnny, Carolyn and Greg of Anton, and Mrs. Wayland Hodges and Gary of Littlefield.

Mr. and Mrs. Hayes Denney, Charlie and Ann and Miss Adrian Vaughn spent the weekend at Vernon with Mrs. Denney's parents, Rev. and Mrs. Alec Duke who have been ill. Messrs. Denney attended the Tech - T C U game Saturday night at Fort Worth.

Mrs. Allen Hudson returned Thursday from a visit with her daughter, Mrs. Tommie Hodge at Joplin, Mo. With Mr. and Mrs. Ralph Wade, Larry, Judy and Katyn, she went to Monahan for the weekend with Mr. and Mrs. Charlie James and family. Joining them Sunday for the day were Mr. and Mrs. Royce Clarke Doris and Charles of Big Spring, Mrs. Wade, Mrs. James and Mrs. Clarke are daughters of

# Plastic Bags Remain Threat To Children

Plastic film again is headed for the number one position as the most frightening and unsuspecting child killer since abandoned refrigerators, the Texas Safety Association warned today.

The Association issued the warning after receiving two Mrs. Hudson who remained for an extended visit.

Mr. and Mrs. G. E. Lott and Kay Lynn accompanied by Mr. and Mrs. Jimmy Lott and Johnny of Shallowater visited the former's mother, Mrs. Minnie Lott, at Hico Saturday and Sunday.

Guests of Mr. and Mrs. I. D. Gage Sunday were Mr. and Mrs. Bill Newell, Val and Johnny of Lubbock, Mr. and Mrs. Bill Gage and Weldon of Littlefield, and Mr. and Mrs. Jack Gage and children.

C. L. Hawkins of El Paso spent the weekend with his daughter, Mrs. Cody Caldwell, and family, Hawkins, Mr. and Mrs. Caldwell, Walter, Charlotte, and Johnny, Steve Brewer, Mr. and Mrs. Ervin Sadler, Mike, Stan and Maria visited Mrs. Caldwell's sister, Mrs. G. L. Bailey and other relatives at Brownfield.

Visiting relatives at Odessa for the weekend were Mr. and Mrs. Ed Johnson, Eddie and Karron.

Mr. and Mrs. Billy Theford and Terri Lane returned to Alpine Monday after spending Sunday night here with Theford's parents, Mr. and Mrs. D. C. Theford. They were returning from Childress where they had attended the funeral of Mrs. Billy Theford's father, J. W. Mayes, of Lamesa.

Mrs. Warren Hunkapiller and Misses Jackie Stafford, LaVerne Smart, Patricia Hayes, Gloria Polando, Kaye Gilley, and Barbara Burns had a field day in Lubbock Monday where they visited the Lubbock Packing Plant and the Plaza Fabric Mart where they studied meat cuts and materials, respectively.

Recent guests in the home of Mr. and Mrs. D. C. Theford were Mr. and Mrs. Merle Pendergrass and Merle, Jr., of Lubbock. Merle, Jr. is home from a term of service in France and will be stationed in Georgia after a visit here with his parents.

additional reports recently of accidental deaths from suffocation due to plastic film.

"Two Texas babies, living about 200 miles apart, recently died within hours of each other in almost identical accidents. Both suffocated when they got plastic covers over their faces while in bed," J. O. Musick, General Manager of TSA, reported.

The two deaths occurring on the last weekend of September, added to five accidental plastic film deaths reported to the Texas Department of Health's Division of Vital Statistics during the first eight months of the year bring the total for 1962 to seven.

"If this trend continues," the safety director noted, "the accidental suffocation fatalities in 1962 will surpass the record number of 10 reported in the state in 1959."

He explained suffocation fatalities related to plastic film began occurring about four years ago when the film was rapidly gaining popularity for many uses.

The first fatality reported in the nation in 1958 was considered a "freak" accident, but by the end of the first three months of 1959, 20 such accidental deaths had been reported in the nation.

Safety councils and manufacturers of plastic film bags, joined by other organizations, immediately began a safety campaign to reduce the danger of death from plastic film.

The campaign, spearheaded by TSA in Texas, resulted in a 30 per cent reduction in fatalities the first year. However, there were still seven fatalities in 1960 and eight in 1961.

"These deaths are tragic as they can be prevented easily. Also, it is sad to note that babies under six months old are the victims of plastic film," he said.

Of the 30 Texas fatalities reported from January 1, 1959 through August of this year, 27 were in this age group. The other three deaths were: a seven-month-old baby, a two-year-old child and a 13-year-old boy.

Musick said carelessness on the part of adults is the contributing factor involved in the fatalities. "However, recent studies reveal there are many parents who just are not aware of the dangers of the plastic film," he added.

More articles are being brought into the home every day which are enclosed in some kind of plastic bag or covering. These coverings often are saved

for other uses. "Mothers find plastic film a handy and useful material for mattress covers, pillow covers or pads to slip under babies," Musick noted.

The thin flimsy - type of plastic, not made specifically for these purposes, is the kind which causes tragedy. The film clings like tape and when covering anyone's nose and mouth immediately cuts off air.

"A baby or small child can't tear the material, nor can he pull it from his face," Musick said.

The plastic bag in particular is almost impossible for a child to remove. Even adults have been trapped in plastic bags and suffocated.

Ironic as it may seem - a medical doctor, attempting to determine how the plastic suffocates, became entangled in a plastic bag and suffocated.

The 13-year-old boy in Texas also was trying out a bag to test results.

One aspect which makes the killer doubly hazardous is its deceiving appearance. Unlike fires, poisons and many other killers, the plastic film gives no forewarning of its dangerous nature.

Fatality reports show that unsuspecting parents have even given children plastic to play with. One father gave a six-month-old child a plastic bag to keep him amused while he helped the mother bring in the wash. Minutes later, the baby was dead.

A two-year-old waked early from her nap and proceeded to investigate a collection of plastic bags in the

back of a closet. She was found too late - suffocated from the plastic covering her face.

Most of the infant deaths in Texas occurred in the crib when babies either turned their faces into plastic protectors and inhaled, sealing the film on their faces or otherwise became entangled in loose plastic.

Musick emphasized that the Association does not condemn plastic film. The plastic itself is not dangerous. Like refrigerators and automobiles, it is one of the conveniences of twentieth century living. "Only when it is misused does the plastic become a lethal weapon," he concluded.

# Fertilizer Short Course Set In Area

Basic information on soil fertility and fertilizers will be the focus of a series of intensive night meetings scheduled for November. Council W. R. Kimbrough in Fertilizer Dealers, Ag Personnel and County Professional Building Committee members to make plans to attend by registering thru his office.

Sponsored by the Agricultural Extension Service and the Texas Plant Food Educational Society, outstanding authorities in the fertilizer industry and agencies will speak.

Through states these will be from soil fertility meetings previously sponsored by the Extension Service in that the subject matter will be handled in more detail. Nitrogen will be the subject of the first meetings. Its function in plant growth behavior in the soil, history of use, manufacturing processes, and characteristics of different forms will be discussed as well as time and method of application.

The second meeting will treat phosphorus and potassium in a similar manner. The final program will include a dinner and presentations on soil testing and fertilizer use in soil management. Diplomas will be issued to those completing the course.

Meeting places and dates are as follows: Lubbock on Mon., Nov. 5, 12, 26, in Room 224 Agricultural Building, Texas Tech College; Plainview on Tues., Nov. 6, 13, 27 in the Reddy Room of the Southwest Public Service Co., 300 W. 6th; Dimmitt on Wed., Nov. 7, 14, 28 in the First State Bank; Lamesa on Thurs., Nov. 8, 15, 29, in the Forest Park Community Center, South Houston Avenue.

Each County Agricultural Agent in the area has registration blanks and suggests you attend the meeting nearest your place of business. A charge of \$5.00 will be made for registration and the dead line for registering is November 2.

50,000 Mile Or 5 Year Warranty On All New Cars And Pickups

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- Texas doctors are about to open a campaign for legislative approval of a constitutional amendment bringing Texas under the Kerr-Mills program.

Through it the Federal and State governments would jointly pay hospital and medical bills of all retired persons receiving less than \$1,800 a year and unable to qualify for old age assistance. Uncle Sam would pay 75 per cent; the State, 25 per cent.

Doctors believe there are 350,000 Texans over 65 who would be eligible.

Idea developed at a meeting between State Welfare Director John Winters, Texas Medical Association committees, insurance agents and insurance company representatives.

Plan would be to handle the proposition through an insurance company, as the medicare program for old age assistance now is done.

This would amount to an insurance premium of \$3,000,000 a month, based on the \$5.68 now paid Blue Cross for each of the 222,000 on old age assistance.

HIGHER EDUCATION -- Texas Commission on Higher Education heard presidents or other spokesmen for 20 state colleges and universities voice objections to proposed cuts in

their budget requests for 1964-65.

As a result, the Commission will reconsider its recommendations at a meeting on October 23.

Three doctoral programs in teacher education were approved for the University of Houston, which will become a senior college next year.

Four graduate programs were approved for East Texas State College.

Rex Baker, Commission secretary, opposed this latter action on grounds that it went against policy of concentrating such programs in the University of Texas and A&M College. Dispersal of such programs, Baker said, would lead to general mediocrity.

Commission member Elizabeth Koch's reply was that they were necessary to attract teachers of eminence.

WATER POLLUTION -- Because oil and gas companies were in a quandary over whom to turn to for waste disposal permits, the State Water Pollution Board decided to take care of them with a special application form.

This form will apply only to oilfield wastes. It will include all of a company's holdings and will incorporate, by reference, information on disposal submitted to other State agencies.

Pollution board has asked the Attorney General for an opinion to settle jurisdiction on this question between the Board, the Railroad Commission and the Water Commission. But no reply has been received.

SCHOOL LAND LEASES -- Latest leasing of State school lands boosted the permanent

school fund beyond the half-billion mark, Land Commissioner Jerry Sadler reported. In exact figures, it is now \$500,639,012.

During the past 21 months, \$38,500,000 has been placed in the public school available fund, State university and college lands in the same period produced \$32,684,992. Permanent fund now stands at \$385,995,002.

HIGHWAY SAFETY -- Official commendation and appreciation of the State were expressed by Gov. Price Daniel to Col. Homer Garrison, Jr., director of the State Department of Public Safety and chief of the Texas Rangers.

Tribute was paid Garrison for winning the Paul G. Hoffman Award for distinguished professional service in highway safety.

Governor Daniel said the award, presented only five times before to nationally recognized experts in traffic safety, was a "crowning achievement in a lifetime career of outstanding police administration and public service" by Colonel Garrison.

The governor said he felt Texas could trace much of its progress in traffic safety to the sound foundations laid by the public safety director.

BUILDING DEDICATION -- A ceremony dedicating the new State Board of Insurance building on the southeast corner of the Texas Capitol campus will be held on October 19.

Rufus D. Hayes, Louisiana insurance commissioner, will be a principal speaker.

The four-story building, housing the Industrial Accident Board besides the insurance department, was completed at a cost of \$2,117,500.

APPOINTMENTS -- New appointments announced by Governor Daniel include:

J. H. West of Bishop, president of the Texas Farm Bureau, as a member of the board of directors of Texas A & I College at Kingsville, succeeding the late Robert C. Eckhardt of Kingsville.

Jerry Deering of Arlington, manager and assistant treasurer of the Fort Worth Teachers Credit Union, as a member of the Credit Union Advisory Commission, succeeding Ben G. Levisse of Fort Worth, resigned.

McCall Sanders of Weimar as a member of the Egg Marketing Advisory Board, replacing Victor Jumped of Paris, resigned.

D. O. Belew of Fort Worth, to succeed Fred O. Derweller of Dallas, on the joint Board of Park Commissioners of Dallas and Tarrant counties.

FOUNDERS DAY -- Alumni of St. Edward's University in Austin met in 10 Texas cities to mark the 77th year of the founding of the church-related school. Founders day corporate communion breakfasts were held in Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston, Houston, Laredo and San Antonio, besides Austin.

HONORARY TEXAN -- Texas has a new goodwill ambassador in Venezuela.

Governor Daniel has named Miss Lolita Ines Devarado of Maracaibo an honorary Texan. The 18 year old student of law visited the Capitol and the

City of Austin for a month before returning to Venezuela.

ANOTHER HOLIDAY -- State offices closed and employees took the day off last Friday. There was no evidence around the Capitol as to why.

Those who sought to do business with the State found doors locked and halls deserted. Not even the elevators were running. This, much to the dismay of visitors to the tall granite edifice.

Fact that parking space was plentiful was some consolation. Reason was -- Columbus Day. It came without warning and left without ceremony.

It was just one among the many days the Capitol closes shop while businesses throughout the state remain open.

CREDIT LIFE INSURANCE -- Land Commissioner Jerry Sadler says buyers in the state's \$200,000,000 Veterans' Land Program are signing up for credit life insurance arranged by the Veterans' Land Board.

The Board, of which Sadler is chairman, secured terms of \$5.76 per thousand dollars of outstanding principal.

Same terms and conditions to age 65 apply to future purchasers, as well as the 25,000 who already have acquired tracts.

STATE TO SUE FOR PADRE -- In an attempt to gain title to disputed Padre Island areas, the State of Texas will file a number of suits.

Assistant Attorney Generals Ben Harrison and Arthur Sandlin, Jr. reported to the House Land Study Committee that suits will be filed after additional information is collected.

SPECIAL EVENTS LISTED -- A total of 407 events of general public interest are listed in a new 16 page booklet just released by the Texas Highway Department.

Texas Calendar of Events is the title of the booklet. More than half of the activities recorded are in the fine arts field. Included are concerts, ballets, operas and stage

productions.

Also mentioned, however, are such gala festivals as El Paso's Southwestern Sun Carnival, Tyler's Rose Festival, Edinburg's Pan American Bronco Days, Mission's Citrus Fiesta, and Brownsville's Charro Days.

EARLY BALLOTING -- With absentee voting at hand (Oct. 17) comes the realization that the Nov. 6th General Election is almost here. Little enthusiasm has been stirred by either the Democratic or Republican candidates.

Capitol observers predict a light vote. That, they feel, would be to the advantage of the Republican candidates since it is conceded that the anti-administration voters will go to the polls en masse.

NOSE COUNTING -- Population is fast growing Texas will increase 2,150,000 by 1970. Texas Research League predicts 11,800,000 people for Texas by the end of the present decade. The 1960 census showed the state's population as 9,650,000.

By 1985 Texas' population will have soared by 16,000,000. Most explosive trend, says the League, will be the rise in the college-age group -- expected to rise 53.4 per cent.

SALES TAX INCOME LOW -- Texas' limited retail sales tax law, passed by the 57th Legislature, accounted for only 10.31 per cent of the state's revenue during the fiscal year ended Aug. 31. So reports Robert S. Calvert, State Comptroller.

During this first-year period it produced a total of \$14,660,600.57, to rank fourth in the major income sources of the State.

HONORS UPCOMING -- Former Governor Allan Shivers of Austin; U. S. Supreme Court Justice Tom C. Clark of Washington, D. C.; Judge J. A. Elkins of Houston; and Gus S. Werthman of Houston will be honored here Friday (Oct. 19) by the UT Ex - Students Association.

## FIELDTON NEWS by Mrs. R. A. Reed

# Blacks Are Hosts To Group Of Sunday Visitors

Visitors Sunday of Mr. and Mrs. Black and sons, were Mrs. and Mrs. Rusty Roberts, Fr. Worth; also Mr. and Mrs. Joe Roberts and daughter, Olton, and Mr. and Mrs. J. L. Small, Olton.

Mr. and Mrs. H. E. Field, Hawley, Tex., visited recently with their son and family, Mr. and Mrs. Duane Field and daughters.

Darrell Elliott visited Friday afternoon with his grand parents, Mr. and Mrs. J. E. Elliott, Sr. and family.

Mr. and Mrs. T. H. Hukill returned home Friday from a ten days visit with their daughter and family, Mr. and Mrs. Jeff Birket and son, Houston.

James Hukill, a student at W. T. C. Canyon, spent the weekend here with his parents, Mr. and Mrs. T. H. Hukill.

Donna Joyner, a student at

Texas Tech, spent Friday night here with her parents, Mr. and Mrs. Don Joyner, and Chip.

W. J. Aldridge and Bill left Sunday morning by plane, from Lubbock, for Houston where Bill was to have a checkup at the M. D. Anderson Hospital.

Mr. and Mrs. C. V. Hill, Littlefield, were visitors at the local Baptist Church Sunday. They were dinner guests of Mrs. Claude McCain.

Mr. and Mrs. Al Spitzer, Bobbie, Odessa, spent the end here with her mother, R. O. McCown.

Kathy Langford, and Mrs. Muller were on the sick list the first of the week.

Conservatives Vote For The Me

This We Believe:

1. The Democratic Party has deserted the beliefs of the Jefferson.
2. The Democratic Party advocates more federal spending, more federal control.
3. The Republican Party today exemplifies the principles of Jefferson on federal spending and checking the growth of bureaucracy.
4. Southern Democrats talk conservative at home but liberal in Washington. (44% conservative for Southern Democrats 79% for ALL Republicans - ACA voting record)
5. CONSERVATIVE POLITICALLY MEANS TO CONSERVE STATES RIGHTS, THE RIGHTS OF OUR LOCAL GOVERNMENTS AND OUR INDIVIDUAL RIGHTS... MORE AUTHORITY AT HOME AND LESS AUTHORITY IN WASHINGTON. (Pd. Pol. Adv.)

# Signup Period Told for 1963 Wheat Plan

Wheat farmers may sign up to participate in the special voluntary 1963 wheat program authorized by the Food and Agriculture Act of 1962 on October 15 and December 14, Secretary of Agriculture Orville L. Freeman announced.

Under the voluntary reduction provisions for 1963, farmers will be able to divert from 20 to 50 per cent of their wheat acreage with special diversion provisions for small farms. On diverted acres, a payment will be made at 50 per cent of the county loan rate (reflecting the \$1.82 per bushel national average) on the normal production (1959-60 average yields) of the diverted wheat acreage. The minimum diversion for participation is 20 per cent of the wheat allotment or in the case of small farms 20 percent of the allotment or the average 3-year wheat acreage (1959-60 - 61) whichever is larger. Of the \$2.00 per bushel 1963 average support price to participating farmers, \$1.82 per bushel will be available through

loans or purchase agreements and 18 cents per bushel in the form of a payment in-kind based on the normal production of the harvested acreage.

Farmers may receive 50 per cent of their acreage diversion payment at time of sign up to participate in the program. Remainder of the acreage diversion payment and all of the price support payment will be made after compliance is checked. In a change from the 1962 program, the signed acreage will be a binding agreement. Farmers will be required to divert the full acreage for which they sign up to be eligible for payments.

Diverted acreage must be put in a conserving use and kept free from erosion, insects, weeds, and rodents and in addition to the average acreage of conserving and idle land on the farm for 1959 and 1960.

For farmers who do not participate in the voluntary reduction program, the legislation makes no change in the mandatory provisions of the 1963 wheat program as voted on by farmers in the August referendum on marketing quotas. Those who remain within their acreage allotments will be eligible for price support at a national average minimum price of \$1.82 per bushel. There is provision for exempting wheat farms with 15 acres or less in 1963 from marketing quotas.

More information on the new program is available from Agricultural Stabilization and Conservation Service committees or county ASCS offices.

# Use Of Defoliants; Desiccants Discussed

As the High Plains cotton harvest gets into full swing, many growers are weighing the pros and cons covering the use of chemicals to prepare their crops for machine harvesting.

Each grower will need to evaluate his situation and decide whether defoliation will pay, points out Fred Elliott, cotton specialist for the Texas Agricultural Extension Service. He offers these guidelines for making the valuation.

Best results are obtained with mature cotton with a heavy boll load and where the irrigation cut-off date has been followed; leaf moisture is normal and growth about stopped. At least 60 per cent of the cotton bolls should be open before a true

defoliant is applied and 80 per cent before a desiccant is used. Harvest-aid materials used under these conditions have not reduced either yields or quality, says Elliott. Top bolls expected to mature should be 30-35 days old at the time of application, he adds.

Cool weather slows up the defoliation process, explains the specialist. This is listed as weather when night temperatures are constantly below 50 degrees F. and day temperatures are below 70 degrees F.

Maturity is not speeded up by the use of defoliants, points out Elliott. For all practical purposes, maturity of the cotton fiber stops when defoliants or desiccants are applied, depending upon the coverage obtained. Bolls have been noted to open

sooner in treated fields, but fiber from the treated cotton was not more mature, Elliott said.

Some growers have found that if frost has not occurred by about October 20 and if plant and weather conditions are normal, the use of a defoliant or desiccant about two weeks ahead of the average first frost -- usually the first week in November -- can be considered. This leaves the cotton in a dehydrated condition at the time of the first frost and permits earlier stripping after frost. One of the regular chlorate defoliants used at the upper rates plus water and emulsifiable penta as an additive for increased top growth kill for these late applications has proved successful, Elliott said.

Experience has shown, he added, that proper use of harvest-aid chemicals on older, mature cotton permits earlier harvest before exposure to weather has reduced grades or caused actual field losses of lint.
