WE'VE DONE

A GOOD JOB

— Now Let's
DO—
A BETTER Job

OUR UNCLE SAM IS PROUD OF US!

**Lamb County Went Away "Over The Top" In The
Second War Loan Bond Drive**

BUT WE CAN'T STOP NOW! THE WAR HASN'T BEEN WON YET!

During the first year of our toughest war, we—
Trained millions of fighting men—made millions of dollars
worth of fighting tools—built millions of tons of shipping to carry
these men and tools to the fighting front.

And to help pay for it all, we bought War Bonds. Altogether,
50 millions of us bought War Bonds. And nearly 30 millions of
us started putting away money out of every pay check.

That was a good start—a whale of a good start. But, every
American knows that it was only a start. Even the money raised in
the Second War Loan Drive is not enough!

We've got to buy more War Bonds.

Is that too much to ask? No—it isn't when you think of our
men in the armed forces who are doing without many, many things
in order to fight for our Freedom.

The things we'd like to buy have either gone to war or are
"scarce as hen's teeth." So, why not put that money into War
Bonds at good interest—\$4 for every \$3 when the Bonds mature!
Money to help pay for the war—keep prices down—provide peace-
time jobs and peacetime goods and a generally decent world for
all of us when the war is won!

With Amherst Men In the Armed Forces

John M. Jones, son of Mr. and Mrs. C. W. Jones of Amherst, of the U. S. Navy, and who was stationed at Bremerton, Wash., just before sailing for parts unknown, composed and sent his mother a poem. The different parties mentioned in his poem are close relatives and friends. The poem follows:

"TO MY MOTHER"
Mother, dear, I think of you
Both night and day,
Also at bedtime when I pray
Asking the Good Lord up above
To some day return me
To the ones I dearly love.
May God's blessings be upon you all
And with His help I may be back
by fall.
And I guess that Charles will be
grown,
And he can help me on my farm I
shall own.

Belmonte is in Japan,
Eyrle is at Sea,
You have worried enough over them
So please don't worry about me.

I'll be back I'm here to tell
And here's hoping I find you all
Strong and well.
Until we meet again Goodbye
and Good Luck.

"Love and Kisses,
"Your Son John."
(The above was sent the Leader through the courtesy of Mrs. R. L. Brown of Amherst. We thank you—Mrs. Brown.)

Byron Lindley, son of Mr. and Mrs. B. W. Lindley, was graduated from the Army Gunnery School at Las Vegas, Nevada, April 20, and was transferred to the Amarillo Air Field. He has been accepted as a cadet, and is now awaiting instructions to go to Randolph Field, San Antonio, where he will take cadet training.

On his graduation from the gunnery school he was promoted from Private to Private First Class.

Pfc. Lindley, accompanied by Pfc. Clifford Lueck, spent Saturday night and Sunday here in the home of his parents, who took the boys back to their base at Amarillo Sunday night.

Pfc. James R. Lakey, 19, who has been with the Quartermaster's Department in the Service since March 1941, has been transferred to the Air Corps, and is now in pilot training at Santa Ana, Calif.

No further information has been received as yet concerning Webster Lakey, 22, brother of James, known as "Sport" to his many friends here, who, with the Air Corps, reported in the Philippine Islands when the Japs invaded Pearl Harbor, was in May of last year announced by the

War Department as missing.

Another brother, Pvt. Gerald Lakey, 26, of the Air Corps, is serving in the personnel Department of the Army Flying School at Lubbock. He has been in the Service since October last.

Roy Wilson McNeese, 24, son of Mr. and Mrs. Ben McNeese, of 5½ miles southwest of Littlefield, who is in the Navy, stationed at San Diego, Calif., had the happy experience when put in boot camp there to find that his uncle, William Kemp, who in private life was a Postmaster of first class ranking in the postoffice at Austin, Texas, was in the same Battalion with Pvt. McNeese.

Besides being the uncle of Pvt. McNeese, William Kemp is also a brother of C. E. Kemp of near Littlefield, and served in the Navy in World War I.

Pvt. McNeese left here April 9. He is planning to go to a service school.

Flight Officer Hershel Harrell returned to the air base at Clovis, N. M., Wednesday of last week, after a ten day visit with his par-

ents, Mr. and Mrs. G. P. Harrell. Mr. and Mrs. Harrell and Herschel visited their daughter and sister, Mrs. Clyde Moore, and family at Lorenzo on the Sunday previous.

Aubrey Loyd, who has been stationed eleven months on Trinidad Island, in the British West Indies, was recently promoted to sergeant. He recently sent his wife and daughter, Judy, some jewelry that was made by the natives on the island. Mrs. Loyd received a silver star pin, and Judy's gift was a silver bracelet.

Second Lieutenant Hall Rowe of the U. S. Marines, who received his commission at Quantico, Va., March 24 last, and who has since been taking a 10 weeks' special course, wrote his mother last week stating "I am going to graduate again—guess going to school is all I am going to get to do."

Hall is the son of Mr. and Mrs. E. S. Rowe of this city. His mother understands he will get the ranking of a First Lieutenant on completing the work he is now taking. She says he is anxious to get into active service, and hopes to be put into a chemical warfare unit. Hall majored in chemistry and received his degree at the St. Mary's University, San Antonio.

Johnny F. Montgomery, aviation machinist's mate, first class, of the U. S. Navy, last week sent pictures of a squadron ship, a dive bomber, and an enlargement of a small card given boys in the service when they cross the equator, to his parents, Mr. and Mrs. J. R. Montgomery of the Hart Camp community.

He enlisted in the Navy in 1940, and was on the airplane carrier, Saratoga, which took part in three major battles in the Pacific. For the past few months he has been helping build a naval base at El Centro, Calif., and is now stationed at San Diego, Calif. He was at home last Thanksgiving.

Pvt. Mike E. Brewer of the Army Air Forces who is stationed at Almgorda, N. M., arrived in Littlefield Tuesday morning for several days' visit with Mrs. Brewer and other relatives and friends. Pvt. and Mrs. Brewer left Tuesday night for Kemp to visit his parents, Mr. and Mrs. M. W. Brewer, and will return Saturday morning. They were accompanied to Dallas by Mrs. Brewer's father, J. T. Aven, who went to McKinney to visit his daughter, Mrs. Clyde Boone and family. Mrs. Aven went to McKinney last Friday, and both she and Mr. Aven plan to return to Littlefield with Pvt. and Mrs. Brewer.

Mr. and Mrs. M. B. Edwards received a letter this week from their son, Pvt. M. B. Edwards, who was recently inducted into the armed forces. He left Fort Sill, Okla., with 42 boys for Camp Toccoa, Ga. Only nine of the boys made the final tests there for the parachute division, and among those nine were M. B. and Frederick Mitchell, also of Littlefield. At the time M. B. wrote his parents, both boys had made two cable jumps each. He said that it was very, very thrilling.

FRIENDS HERE FAIL TO HEAR LIEUT. COOK

The War Department cabled Mrs. C. L. Cook at Lubbock that her husband, Lieut. Cook, from "Somewhere in North Africa," would talk over the radio at 6 o'clock Saturday evening; but although his parents here, and many friends in Littlefield tuned in at that time they failed to hear him. It is presumed that a confusion over the time, or the difference between the time over there and here, may have prevented the broadcast being heard in Littlefield.

County Goes "Over Top" In Bond Purchasing

Second War Loan Quota Is Exceeded

Lamb county citizens are going "over the top" in every phase of the war effort.

The latest achievement is the exceeding of the county's quota in the Second War Loan Bond Drive.

When the county's quota of \$428,000, exclusive of purchases by banks, was announced, the general feeling was that "we'll never make it." And for a time the outlook was not too promising. But there are few goals which cannot be reached by good old West Texas fight to win stamina.

With totals not entirely complete, the county had exceeded its quota at noon Saturday by several thousands of dollars.

And, in addition the four banks of the county, located in Littlefield, Amherst, Olton and Sudan, subscribed a total of more than \$300,000.

Lamb county has special reason to be proud of the results of the Second War Loan Drive. And here's the reason: Exceeding the \$428,000 quota was not just a spurt in bond buying by the people of Lamb county; it was an enlarged achievement in a program which has been in progress month in and month out; each month Lamb county has been exceeding its quota of bond purchases.

Any reference to the achievements in the Second War Loan Drive, or, for that matter, the entire history of war bond buying in Lamb county, would be incomplete without special recognition of the men and women of our county who have given to liberally of their time in soliciting the sale of bonds. These are busy men and women, but they have sacrificed their personal interests to raise and exceed Lamb county's quota down through the months since the sale of war bonds was launched. They give their time . . . and they buy bonds, too.

Lamb county citizens are taking their place shoulder to shoulder with our President and our men in the armed forces; they are enthusiastically loyal; they are patriotic; they invest in bonds to the full extent their finances will permit. While large purchases of bonds are an outstanding help in achieving a quota, a small purchase becomes large when the buyer sacrifices in order to take his or her place in that shoulder to shoulder march to Victory.

Fall in love with yourself and you won't have any rivals.

Working to forget is much better than forgetting to work.

Since they are eating less sugar, maybe the women won't need the rubber girdles they may not be able to get.

Let's head off shelling in the future by shelling out now—for defense bonds.

In these times you have to move pretty fast to keep up with running expenses.

Rainbows Through The Garden Hose

Perhaps you hadn't thought about it in this way, but there are rainbows through the garden hose all over Lamb county and in every city and community in our land.

As the rainbow forecasts fair weather, Victory gardens will hasten the day when we shall overpower our enemies and bring once again to America vital, happy living; gone will be the clouds that now hang overhead.

Our Victory gardens will provide food for the home front and thereby make available more food for our men in the armed forces, wherever they may be, and for our Allies, too.

Last year there was a big increase in the number of gardens in Lamb county, but this year gardening has become almost universal in every city and community of our county. There are few homes that do not have a garden.

And in the rural sections, where there have always been gardens, the size of these gardens has been immensely increased.

The people of Lamb county are gardening for their fruit and vegetable needs this summer and fall and for a supply of canned foods to carry them through the winter. Canning operations, in the past chiefly carried on in the rural sections, will grow into a sizeable industry in the communities and cities of our county.

Men and women who have never gardened in their lives, or who haven't had a hoe in their hands since they were children back on the farm, spend every minute in their gardens that they can possibly spare from their busy lives.

Business and professional men are gardening. Many of these men openly and laughingly admit that they don't know much about growing things, but their successes . . . and their failures, too, are giving them a liberal education in the tilling of the soil.

A drive around Littlefield, or any other city in Lamb county . . . if you have the gasoline . . . will reveal countless numbers of beautiful gardens.

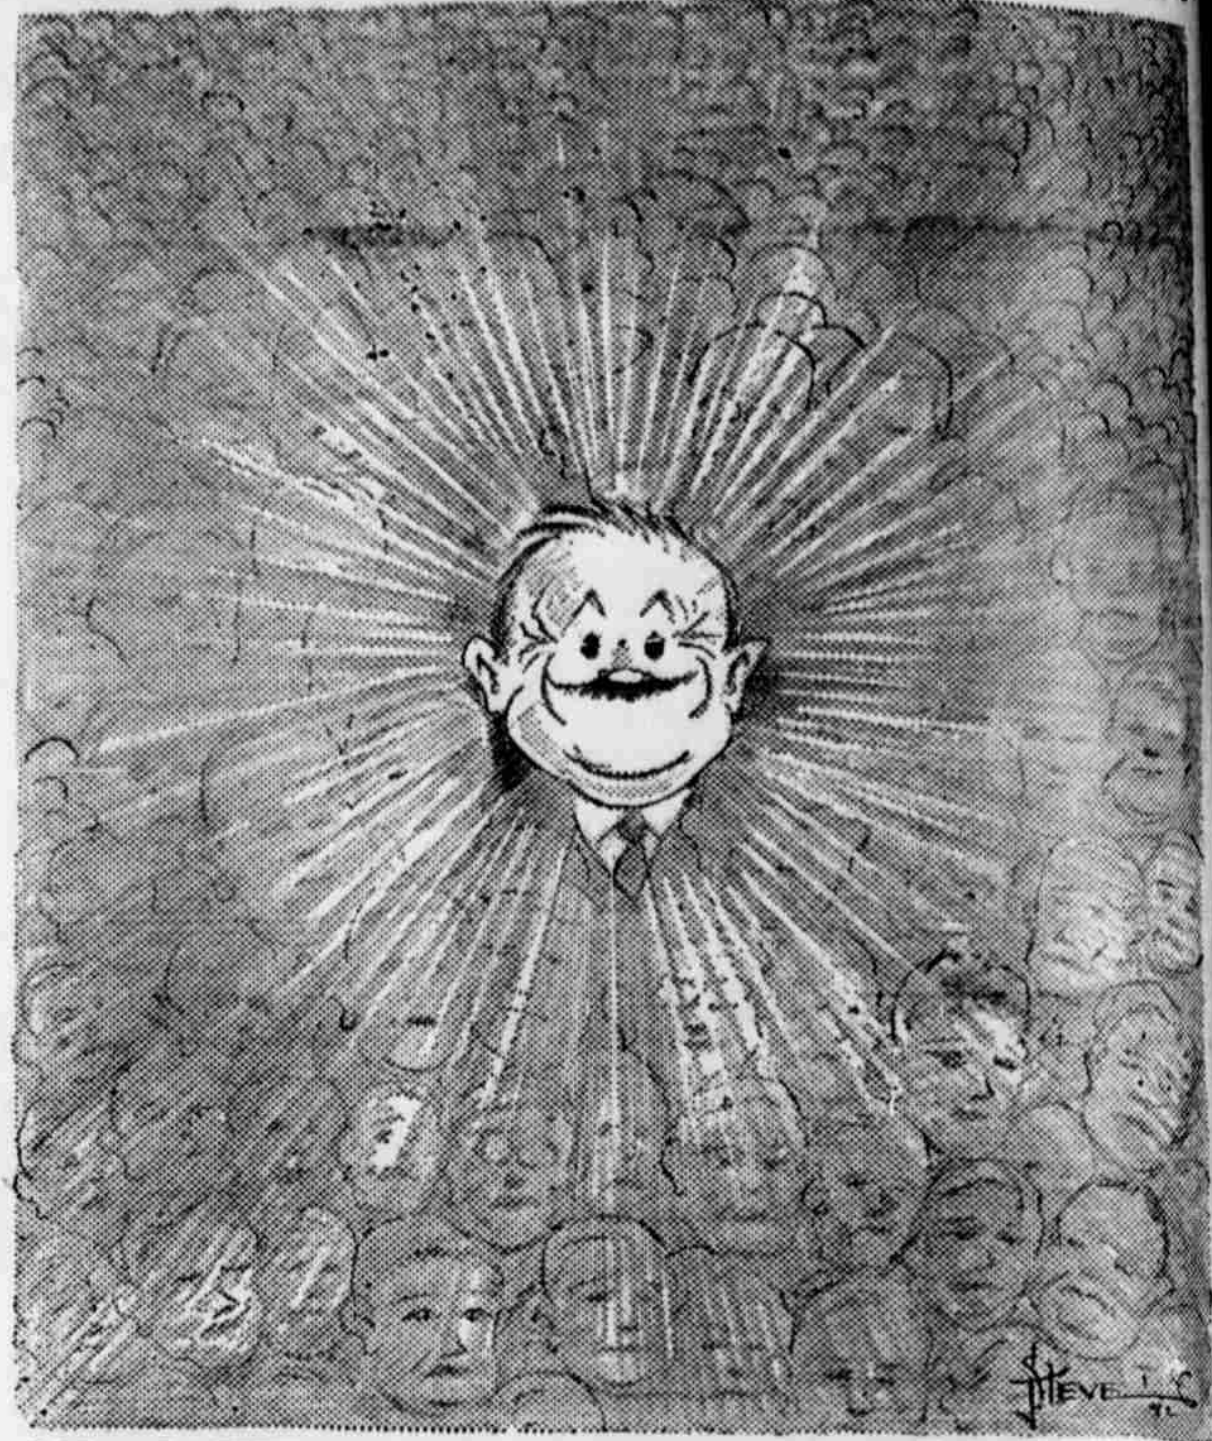

Yes, some of the amateur gardeners will admit that they have suffered from disturbed muscles . . . muscles that haven't really functioned in years. But these folks are of the opinion that disturbing these muscles is contributing to good health.

Gardening has done even more than assure an increased supply of fresh vegetables; it has improved the appearance of every city and community in Lamb county. Vacant property which, in the past, has mostly produced a big crop of weeds, is now given over to a beautiful green garden.

And, with the gardening operations, have come improvements in lawns, including the growing of flowers. Soon these plantings will bloom and become a great joy to the owners and all who pass that way.

Gardening will provide food for the sustenance of our bodies . . . flowers for the brightening of our lives . . . rainbows through the garden hose.

Students Should Not Apply For Social Security Cards

According to a statement issued by the Lubbock office of the Social Security Board today, grade school and high school students and other individuals should not apply for social security account cards unless they actually intend to work in covered employment. It was pointed out by John D. Palmer, manager, that each year students apply for cards en masse and a great many of those who do not go to work either misplace or lose the cards before they ever use them, making it necessary to apply for a duplicate card.

With South Plains Men In U. S. Service

Estelle Carruth of Meadow Lake had four good reasons for naming a "skirted soldier" First Lt. Carruth to this country of hers in the present crisis. Second, third and fourth, she has: a sister, Lieut. Beatrice Carruth, now serving overseas in the Army Nurse Corps; and brothers, Sgt. C. M. Carruth and Pvt. Edward Carruth, now on duty at training camps in Texas.

Capt. Heinen sent his parents his regrets last week that he could not be with them to help celebrate their silver wedding anniversary, and also his birthday. He honored his parents by sending lovely gifts.

Mrs. W. C. Heinen is visiting her parents, Mr. and Mrs. Joe Guesmier, at Seward, Kansas.

W. C. Heinen, son of Mr. W. H. Heinen, is now attending an advance training offi-

Durwood Yantis, Seaman 1-C, left Thursday for his base at Boston, Mass., after spending 10 days with relatives here.

Wayland Oldham, Seaman 2-C, son of Rev. and Mrs. O. L. Oldham of Linnie, N. M., who has been in the Service since December, 1941, and is connected with Supply Department, has been overseas nearly all of this time. He is now believed stationed at Ahua Island, one of the Hawaiian group.

He enlisted at Santa Fe, N. M., and is reported by his mother to weigh 180 pounds.

Rev. and Mrs. Oldham and family were former residents of Littlefield. Marlin Oldham, 19, Seaman 3-C, another son of Rev. and Mrs. O. L.

Oldham, of the Medical Corps, as doctor's assistant in the Navy, enlisted in October, 1941, and is stationed at Kodiack, Alaska. He attended Littlefield schools.

Pfc. J. Q. Keesee, a son of W. H. Keesee of Anton, has arrived at Scott Field, Ill., Army Air Forces Technical Training Command Post, where he will receive an intensive course in radio operating and mechanics to fit him for duty as a member of a fighting bomber crew.

During his training period, Pfc. Keesee will be tested by experts as to aptitude for special types of work, and when his course is finished he will be sent to more advanced training centers which are part of the vast network of Technical Training Command schools. Upon graduation he will be well qualified for duty as an expert radio operator or technician wherever his services are required by the Army Air Forces.

Scott Field is located six miles from Belleville, Ill., in the "Looking Glass country," immortalized by Charles Dickens. Formerly a training ground for aviators in World War I, it is now devoted exclusively to the production of radio operators and mechanics.

Lynn Castle, 17, son of Mr. and Mrs. O. L. Castle, formerly of two miles south of town, but now of 8 miles south of Morton, enlisted in the U. S. Navy Tuesday morning of last week, and left Lubbock Thursday afternoon for training at San Diego, Calif.

Mr. and Mrs. Castle and family moved from the Littlefield area over a year ago, after being residents of this section 11 years. Lynn tried to enlist last year, but his father reports that he was turned down on account of not being old enough. Previous to enlisting he was a Junior in Whiteface High School, and before going to live near Morton he attended the Littlefield school, and played in the Littlefield Band.

Mr. and Mrs. Castle accompanied their son, Lynn, to Lubbock Thursday, where he was one of 27 who enlisted in the Navy and left Thursday for training.

The Leader was pleased to receive last week a letter from Aviation Cadet Candidate Bruce Wren, Jr., who has been transferred from Sheppard Field to Knoxville, Tenn., where he is taking a course in the University of Tennessee.

A portion of his letter reads as follows: "I am attending school at the University of Tennessee here in Knoxville. This training will last

for a period of three months. During this time we cadet candidates will receive ten hours of flying time in light planes.

"I like it fine here, as do all the boys, and we are treated swell. Your paper is very interesting and I look forward to it each week.

"I notice in your paper that the folks there are doing their part in the bond drive. That's grand.

"Respectfully,
"BRUCE, JR."

Pfc. Claude R. Wills, son of Mr. and Mrs. E. L. Wills, of four miles west of Littlefield, has returned to camp after a nine-day furlough spent at home. Private Wills has been stationed at Shreveport, La., but in returning to duty reported at Camp Barkley. He was accompanied to Camp Barkley Saturday by his mother. Private Wills has been in the service for 13 months.

Pfc. A. C. Singer, who is stationed in Utah, spent Thursday and Friday of last week visiting his brothers and their families who are residents of this section. The brothers are C. H. and J. G. Singer of Littlefield, and W. C. Singer of Spade. Mr. Singer is a resident of Hobbs.

Eugene W. Yeager, son of Mr.

and Mrs. O. D. Yeager of Littlefield has been promoted from Private to Corporal at the Garden City, Kans., Army Air Field.

Chester Toney, 17, son of Mr. and Mrs. C. E. Toney of seven miles northwest of town, who enlisted about two months ago, is stationed at San Diego, Calif. He writes his parents that he likes everything fine except getting up at 5 o'clock in the morning.

Chester is a Seaman Second Class having received one promotion since entering service.

Pfc. Earl F. McCain, son of Mr. and Mrs. Floyd McCain of Route 1, Littlefield, has graduated from an intensive course in aviation mechanics at Sheppard Field, Wichita Falls, Texas, and now is prepared to blast the Axis.

Sheppard Field near Wichita Falls, Texas, is one of the many schools in the Army Air Forces Technical Training Command which trains the specialist technicians who maintain our bombers and fighter planes in perfect combat condition. He now is eligible to become crew chief on a bomber and to win a rating as corporal or sergeant.

Before entering the school, Pvt. McCain was trained at one of the

basic training centers of the Air Forces Technical Training Command and learned to fight the Axis with other things besides the tools of his trade. Men training by the Command are versed in the art of protection

Salute To AMERICAN MOTHERS-1943

We can think of no holiday more in keeping with the American Tradition than Mother's Day. It has ever been "American" to honor the great heroes of our land . . . and is it not fitting, then, that we should set aside a day in honor of our greatest heroine, The American Mother? But Mother's Day this year takes an added importance, when we stop to think of the sacrifices they are making, in giving their sons to fight for freedom.

All American Mothers, of course, we honor . . . to our own Mother we pay special tribute!

Meat Ration Values Revised

The OPA Friday revised meat ration values, effective Sunday morning, to switch many American appetites from round steak and center pork chops to other cuts, especially spareribs, brains, tongues, and pig knuckles.

Round steak (both beef and veal) and center pork chops each were raised a point to 9 points per lb. Loin pork roasts, slices of boneless ham steak and beef flank steaks also went up from 8 to 9 points per pound. Round tip beef roasts and veal sirloin or chops went up from 7 to 8 and veal roasts stepped up from 6 to 7.

Pork spareribs came down a point from 4 to 3 points per pound, hocks and knuckles from 3 to 2, and most variety meats (brains, sweetbreads, etc.) were reduced a point per pound each. An exception was liver which was unchanged at 6 for beef and 8 for veal. Shank end ham, fresh or ready-to eat, was cut a point.

An oddity of the new schedule is that, in coupons, round steak becomes more expensive than porterhouse steak, although the latter usually costs about 13 cents per pound more in cash. Persons having more cash than coupons may choose porterhouse, T-bone, sirloin, club and rib steaks at their continuing rate of 8 points per pound (except 10-inch rib which is 7) instead of round steak at 9. End pork chops remain at 7, lamb loin chops at 8, lamb rib chops at 7, and ham butt roasts at 7.

Widely-rumored reductions in luncheon meats, however, failed to materialize. Beef hamburger did not increase, remaining at 5 points per pound.

The order was the first major change in the scale of meat rations since beef, veal, lamb, mutton and pork were put under rationing on March 29. Minor adjustments in sausage points were the only previous alterations.

The new decree made a few changes in canned fish and cooking oils, but cheese and butter remained at 8 points per pound; lard, margarine and shortening at 5. Salad and cooking oils, however, were reduced from 6 to 5 points a pint (or pound).

*Hats Off to
MOM*

The Real Heroin of the Home Front

Remember Her on Mother's Day

Have you ever stopped consider what Mother really means? Have you just been taki her for granted, as you do the comfort of your square me, your soft bed, the fresh air you breathe? Of course she's always been there when you wanted her—soothing your aches, mental or physical—real or imaginary!

The second Sunday in M—every year—is the day officially set aside to honor mother. It's the day when, if you possibly can, you arrange to pay her visit—when, if you're too far away, you write—or send flowers, or select a gift that you know will please her, because it's heavy and you love her!—And, she rightfully deserves the salute "Hats Off to Mom!"

A Special Tribute To American Mothers—1943

The theme of the old song, "I Didn't Raise My Boy To Be A Soldier" must be thumping on the heart strings of millions of Mothers throughout the d as we approach Mother's Day. No Mother wants war. But the American Mot—1943—is facing war bravely, rather than permit the destruction of our way of and the ideals toward which America has constantly struggled. No Mother can hope for real happiness for her children when a powder keg is smoldering under foundation of her country.

Let us hope that the prayers of the Mothers of the World will g the destruction of life to a quick end, and that the world's stage may see set, once again a background of peace—a setting in which Mothers may plaught futures for their children.
