"PACKS THE SOIL WITH POWER!"

NOW . . . a new nitrogen from a new plant to make fertilizing easy and profitable! The Rowland Company's new Plainview NITROW plant, shown above, is the answer to this area's nitrogen fertilizer shortage. For the soil's basic nitrogen needs, liquid NITROW contains 25% nitrogen. It is manufactured by combining 83% Anhydrous Ammonia with water, by the process shown above, and is being distributed to irrigation area dealers in 50 gallon steel drums. The price of NITROW is 45c per gallon, plus a drum deposit.

The Flow of NITROW down your rows is easy to check, for it gives irrigation water a milky color, and gives off an ammonia odor. You see where your fertilizer is being distributed when you channel NITROW liquid nitrogen fertilizer into your rows. YOU CAN SMELL IT! YOU CAN SEE IT!

The Rowland Company's NITROW is the equal of the best in increasing yield and quality of cotton, maize, wheat, truck and other crops. From a few drums used on maize last season by a West Texas farmer, yield was so multiplied that 8 rows filled a harvest hopper which took 14 rows to fill without the help of liquid nitrogen. Near Las Cruces last year, cotton that ordinarily made a 2 bale-per-acre stand, made another one-fourth bale when strengthened with nitrogen in the NITROW form. Call or visit us for NITROW today!

Miss Massengill To Be Presented In Graduation Recital Sunday

Miss Ellen Webb Massengill

The First Baptist Church will be the setting on Sunday, June 12, at four p. m. for the public graduation recital of Ellen Webb Massengill, student of Mary Keithley's School of Piano.

Miss Massengill successfully passed her examination for High School Diploma in piano in the National Piano Playing Auditions with Miss Tippora English, of John Tarleton College of Stephenville, as judge. In addition to her studies in piano, Miss Massengill was valedictorian of the graduating class of Littlefield this year. She served as pianist of the Intermediate Department of the First Baptist Sunday School; she was co-leader of Girl Scout Troop No. 3; and she was a member of the High School Chorus as well as taking part in other clubs in the school, and church.

Although, Miss Massengill does not plan to major in music in college, she feels that it is essential to her happiness in life to have a thorough background in order that she may enrich her personal and community life.

She will be assisted by the Girls' Trio from the High School Chorus, composed of Connie Hopping, Helen Johnson, Betty Timian.

The program is as follows:
Sonata, Op. 2, No. 1, Allegro—Bee-thoven.

Traumerei Schumann
Scarf Dance Chaminade
Ellen Webb Massengill
Ave Maria Schubert-Downing
High School Trio
Accompanied by Mrs. Keithley
Il Penseroso Heller
Waltz in A Minor Greig
Arkansas Traveler Thompson

Malcolm has been at Boulder since March, being transferred there from Tech College.

Hart Camp News

Attendance at the Baptist church last Sunday at the two services was unusual in the fact that there were more people present at the night services than at the morning services.

The nearly unanimous vote to begin regular Wednesday night service at the church, was the most important point discussed at the regular conference meeting of the Hart Camp Baptist Church, last Sunday. Other routine matters were disposed of and conference was adjourned.

Reverend Charles Vanlandingham, the pastor of the Baptist Church, who only last week moved into the community, left Monday for a few days of well earned vacation, which he will spend with his brother at Portales, New Mexico.

The H. R. Monroe family returned Sunday from Chillicothe, where they visited friends and relatives.

The Crops in this part of the country are among the prettiest and most abundant in Lamb County we think. For the most part last week there has been little farming, several of the farmers taking a little breather and fishing at various spots and the others waiting for the crops to get up big enough to work and where a hard rain will not cover them up. Looks like this is going to be one of these years of cotton raising that West Texas is famous for. We can hope anyhow.

Mr. and Mrs. Bruce Norvell, residents of Hart Camp community for several years have moved to Wichita Falls, where they will remain with their daughter, for an indefinite time, until Mrs. Norvell regains her health.

Billy Frank Johnson, Jr., Nicholas and Carl Timmins, who live in the Hart Camp Community, but attended Spade High School the past semester, returned last Thursday with the Senior Class, from the annual senior trip. Some interesting cities we visited were, San Antonio, Houston, Austin, Galveston and of course our neighboring city of Lubbock. Among the more interesting and educational sights, were the old Alamo, the Battleship Texas and the San Jacinto Monument, we watched cargo ships loading out at the Houston Port and last but not the least for us dry land folks, the mighty Gulf of Mexico. We all enjoyed the trip to the utmost, but believe you me, and ask any of them that went, but the flat plains of good ole Lamb County and the prospects of some good ole home cooking never seemed so good as they did then.

Mrs. A. Farr, and daughter-in-law Mrs. Louis Farr, Mr. and Mrs. L. W. Sullivan and daughters, Tonia, and Sue, Mrs. Clifton Rice, Mrs. R. S. Moore, and Miss Lila Ruth Monroe, all attended the graduation exercises of the Pastor, Reverend Charles Vanlandingham of the Hart Camp Baptist Church, who graduated from Wayland College, Monday morning. Reverend Vanlandingham has the honor of being one of the members of the first Senior class to graduate from Wayland since it has become a four year college.

Well, I'll certainly agree with most people that West Texas is a pretty nice place to live, especially since most small insects such as Chiggers and the like don't inhabit this section of the country and the heat is not as sultry as in most places south of us. But along the Blackwater Draw, East of Littlefield, there are some little insects called mosquitoes that are pretty bad, especially about 2 o'clock in the morning. A fellow was telling me the other day that one night while waiting for some hay to dry so it could be baled, he thought he would take a little nap in his pickup, and he swears that all the windows were new and that he

In a beautiful public installation ceremony Monday night in the basement of the First Methodist Church, officers of the local chapter of the Order of Eastern Star were installed.

Mrs. Pat Boone, Grand Installing officer, and Mrs. J. D. Dodgen, Grand Installing Marshall, were the installing officers.

The following officers were installed:

Mrs. Quinton Bellomy, Worthy Matron; Walter Martin, Worthy Patron; Mrs. Marye Sales, associate matron; Johnny Miller, associate patron; Mrs. E. B. Luce, conductress; Mrs. Roy McQuatters, Jr., associate conductress; Mrs. J. R. Kuykendall, treasurer; and Mrs. Lyle Brandon, secretary.

Appointive officers installed were: Mrs. Roy Wade, Chaplain; Mrs. O. C. Whitson, marshal, Mrs. Wayne Brown, organist, Mrs. Hamp McCary, warder, George Stagers, sentinel, Mrs. E. D. Brooks, Adah, Mrs. Paul Simpson, Ruth; Mrs. Doris Frey, Esther; Mrs. Mary Alma Lockwood, Martha; and Mrs. E. E. Wesley, Electra.

Red Cross Furnishes Funds For Restoration Work In Stricken Areas

Sixty Home Town Red Cross groups in Illinois, Missouri, Texas and Oklahoma are taking action this week on restoration of the 8,028 homes which were damaged and destroyed in violent storms during the Month of May. According to Mrs. Lyle Brandon, Executive Secretary of the Lamb County Chapter of the American Red Cross. This information was from the Manager of the Midwestern Area of the Red Cross, Mr. John C. Wilson. Already over one million dollars has been allocated, and more will be available from Red Cross funds when needed, according to Wilson. Most of the money will be spent for building and repair, as in the 46 areas struck by tornadoes more than 50 per cent of money for the disaster will be spent for rebuilding. The rest is for medical care for the injured, replacement of household furnishings, clothing, farmer's needs and occupational training. Medical costs maintenance for some injured in the nine major disasters from May 4-22 will be paid by Red Cross as long as needed. Mr. Wilson stated that the Red Cross is still paying medical costs and maintenance for some of the victims of the Woodward, Oklahoma tornado 2 years ago.

A large amount of this money will go to the stricken area in the Amarillo tornado where some 200 lost all or most of their homes and possessions. 37 homes in Abilene were demolished or badly damaged, 42 homes in Oklahoma were destroyed and 2000 others were damaged. The worst tornado of all this year struck in Madison County Illinois, where 60 blocks were leveled in Wood River, and in Cape Girardeau, Missouri, where 70 blocks were devastated. At the peak of the emergency there the Red Cross was feeding 5,000 people.

13,000 people were driven from their homes because of flood in Fort Worth and Dallas. 425 homes were destroyed by water in Tarrant County, and over 2,000 families in that area already have requested some form of assistance. Flood rehabilitation is expensive because few home owners have flood insurance.

The tornado at Sundown was carried on and is progressing slowly. About 40 applications had been received by the Red Cross but they were mostly repair, only a few homes were completely demolished. We do not have a complete report on the Sundown disaster, as it must come from the St. Louis office after the job is finished.

To Attend Hotpoint Dealers Meeting

Hotpoint house appliances dealers will gather in Amarillo Friday for a dealers' meeting, which will be held at the Herring Hotel.

At this meeting the new Hotpoint Automatic Washing Machine will be demonstrated, and the fine points of operating same explained.

Attending from Littlefield will be E. E. Wesley of W-W Electric, who carries a full line of Hotpoint house appliances.

Sixty-two conversions are reported in evangelistic services held in Oklahoma City as part of the annual session of the Southern Baptist Convention. The 10,000 Baptists in the meeting thus not only made plans for the denomination, but paused in the host city to win souls to Christ.

Miss Gray and Harold Pool, Jr. Wed Candlelight Ceremony Saturday

A candlelight ceremony Saturday night in the First Methodist church, Littlefield, Miss Marianne Gray, daughter of Mr. and Mrs. A. A. Gray of Valleyview community, became the bride of Harold O. Pool, Jr., son of Harold O. Pool of Plainview, and Ruth Pool of Los Angeles, Calif.

Harold Colvard, minister of Littlefield Church of Christ, performed the double ring ceremony.

The church was beautifully decorated with a background of white, covered with green plumosus with garlands of Woodwardia fern, featuring baskets of white gladioli and scabiosa daisies and white tapers.

Candles Mark Bridal Aisle
The bridal aisle was marked with white and bouquets of white Ester Daisies.

Miss Dunn Plays Music
Miss Nina Jo Dunn played the traditional wedding marches, and also special numbers, including "Ah, Sweet Mystery of Life" and "Indian Love Dance."

Miss Self Sings
Miss Margaret Ann Self of Brownwood sang "I Love You Truly" and "The Rose Tree."

Misses Heathman sang the "Lord's Prayer."

Candlelighters were Patsy Milburn and Nancy Hudson of Whitharral, who dressed in white and wore white gloves. They were assisted by James Bates and Randy Tregoe of Littlefield, who lighted the altar candles, also served as ushers.

Bride Wears White Satin
The bride, given in marriage by her father, was lovely in a white satin wedding gown with long fitted bodice with tiny buttons down the neck to the waist, and fitted sleeves closed by tiny buttons

from the elbow to the wrist. Her gorgeous long veil of imported lace fell softly from her tiara, which was fashioned of illusion, and trimmed with seed pearls.

White satin sandals completed the bride's wedding attire.

Her bridal bouquet was of white roses, centered with a white orchid, and showered with white orange blossoms, tied with white satin ribbon.

Mrs. Sparks Matron of Honor
Mrs. Johnny Sparks of Anton attended her sister as matron of honor. She wore an orchid chiffon formal, with gaudy tiaras of the same color and material.

picture hat of orchid horsehair and silver sandals.

Her bouquet was arranged on the same lines as the bride's and was fashioned of hill top roses centered with an orchid.

Other bridesmaids were: Miss Georgia Mae Gray, Miss Linda Matthews and Miss Doralyn Roberts, all of Littlefield; Miss Betty Matthews of Levelland; Miss Beth Kimbrough of Canyon; and Miss Wanda Davis of Tulla.

Wear Organdy Formals
Misses Gray and Matthews wore apricot organdy formals with picture hats of white horsehair braid, and carried colonial bouquets of yellow Ester Reed Daisies.

Misses Kimbrough and Matthews each wore green organdy formals, with white picture hats of horsehair braid, and carried colonial bouquets of pink Ester Reed Daisies.

Misses Davis and Roberts were dressed in yellow organdy formals with white picture hats and carried colonial bouquets of Blue Ester Reed Daisies.

Reception Is Held
Following the ceremony a reception was held in the church parlor.

In the receiving line, were: the new-laws, Mr. and Mrs. Harold O. Pool, Jr., Mr. and Mrs. A. A. Gray, Mrs. Ruth C. Poole, Mr. and Mrs. V. T. Poole of Plainview, grandparents of the groom, and Harold O. Poole, Sr., of Plainview.

The bride's table was elaborate with white satin cloth over which was white net, and draped with cascades of the same material, and finished with white satin bows.

The huge three-tiered scalloped white cake decorated with Hilltop roses, centered with an orchid, and bearing a miniature bride and groom in an archway of white net and lace, and the beautiful crystal punch set completed the table appointments.

Mrs. Poole Presides Over Cake
Mrs. Harold O. Pool, Sr., of Plainview, presided over the cake after the bride and groom had cut the first piece, and was assisted in the serving by Misses Georgia Mae Gray and Betty Matthews.

Pouring and serving the punch were: Mrs. Wade Strother, and Misses Wanda Davis, Doralyn Roberts, Linda Matthews and Beth Kimbrough.

Miss Self Registers Guests
Presiding at the bride's book was Miss Margaret Ann Self of Brownwood.

Tall floor baskets of white gladioli and Marconia Daisies decorated the reception rooms.

About 150 relatives and friends attended the wedding reception following. Out-of-town guests attended from Amarillo, Plainview, Canyon, Lubbock, Los Angeles, Brownwood, Tulla, Lockney, Perryton and Levelland.

Following the ceremony the happy couple left on an extended honeymoon to points in New Mexico, including Santa Fe.

For her going away costume the bride chose a white embroidered linen dress with navy accessories, and wore a white orchid corsage.

On their return they will live at 610 Twenty-fifth St., Canyon, where the couple will continue their studies at West Texas State College.

The bride is a graduate of Whitharral high school with the class of 1947. She attended William Woods College at Fulton, Missouri for one year. The past year she has been attending West Texas State College at Canyon and majoring in speech and radio.

Mr. Pool is a graduate of Peacock Military Academy at San Antonio. He served two years in the Marines. For the past three years he has attended W. T. S. C., Canyon and is majoring in radio and speech.

Vows Exchanged Sunday Afternoon By Miss Hollingsworth and William O. Weige

GOES TO SAN ANGELO FOR VISIT

Mrs. W. E. Williams of San Angelo, Texas, spent the Memorial Holiday with her sister, Mrs. Lulu Hoover. Mrs. Hoover returned to San Angelo for a two days' visit with her nieces and great nieces and nephews, which she had not seen. Mrs. Williams returned with Mrs. Hoover, while Sgt. Guy Covington remained in the home of Mrs. Hoover, and attended to business in Lubbock, Morton and Plains, Texas.

Walker Bateman of Plainview attended as best man.

Flower girls were: Judith Lynn Sparks, niece of the bride, of Anton, and Toni Sherrill Weaver of Lubbock. Both wore light blue organdy dresses with sweetheart brimmed blue net halos, and mits to match. They wore corsages of feathered white carnations and dropped rose petals from their white satin baskets.

Ring bearer was Johnny Edward (Skipper) Sparks, Jr., son of Mr. and Mrs. Johnny Sparks of Anton.

Ushers, in addition to Mr. Bates and Mr. Tregoe, were: Doc Roberts of Perryton, J. B. Seales of Lockney, G. W. Black of Canyon, and Johnny Sparks of Anton.

The bride's mother wore a navy blue sheer street length dress with orchid accessories, and an orchid corsage.

Mrs. Ruth C. Pool, mother of the groom, of Los Angeles, Calif., wore a turquoise crepe dress with fuchsia and purple accessories, and a purple orchid corsage.

Reception Is Held
Following the ceremony a reception was held in the church parlor.

In the receiving line, were: the new-laws, Mr. and Mrs. Harold O. Pool, Jr., Mr. and Mrs. A. A. Gray, Mrs. Ruth C. Poole, Mr. and Mrs. V. T. Poole of Plainview, grandparents of the groom, and Harold O. Poole, Sr., of Plainview.

Wedding vows were exchanged Sunday afternoon at 2:30 o'clock at the First Presbyterian Church, Littlefield, by Miss Mary Jo Hollingsworth daughter of Mr. and Mrs. Oscar Hollingsworth, and William Oscar Weige, son of Mr. and Mrs. Oscar Weige, in a beautiful candlelight, double ring ceremony.

Rev. C. Schulte, pastor of St. Martin's Lutheran Church, officiated before a background of Huckleberry Fern and candleabra, with tall baskets of Gladioli of pastel shades on either side of the altar.

Jean Wilson and Jerry Cox lighted the candles.

Married in White
The bride was becomingly attired in a white eyelet embroidery street length dress, with white accessories and carried a fan shaped bouquet of Pinocho roses and white gardenias.

Attended By Sister
Miss Janna Lou Hollingsworth served her sister as maid of honor. She carried a colonial bouquet of pastel garden flowers.

Eddie Weige Best Man
Best man was Eddie Weige, brother of the groom.

Mrs. Hollingsworth, mother of the bride, wore an orchid chambray dress with black accessories and a corsage of white carnations.

Mrs. Weige, mother of the groom, was attired in a navy blue dress with black accessories, and wore a corsage of white carnations.

Mrs. Schulte presided at the piano and played the traditional wedding marches, and accompanied Freddie Packwood as he sang "Oh, Promise Me".

Reception Is Held
Immediately following the ceremony a reception was held in the basement of the church.

The bride's table was laid with lace cloth. The large three-layer wedding cake, bearing a miniature bride and groom, was arranged at the one side of the table, while the crystal punch bowl, placed at the opposite side with a centerpiece arrangement of cut flowers and candles, completed the table appointments.

Mrs. Jean Othus poured the punch, while Mrs. Lee Todd presided over the wedding cake after the bridal couple had cut the first piece.

The bride is a graduate of Littlefield High School with the class of 1948, and has been employed by Reese Drug.

The groom attended Anton and Littlefield High Schools. He is carrying on farming operations four miles north of Littlefield, where the couple will make their home.

The happy couple, following the ceremony, left for points in New Mexico on their honeymoon. For traveling the bride wore a lime green dress of butcher linen with white accessories.

Family Reunion Enjoyed In Carrell Home
A family reunion was held at the J. I. Carrell home over the week end, when all the children were present.

Those present, besides Mr. and Mrs. Carrell, were; Dr. and Mrs. Harry Phelps of Austin; Mr. and Mrs. Elton Carrell of Odessa; and Mr. and Mrs. Billy Holder and daughters, Velvet and Jan, all of Andrews, Texas.

Dr. and Mrs. Phelps remained till Tuesday, while the others returned to their homes Sunday afternoon.

This was the first time in over a year that the family have gotten together.

ARE VISITORS HERE
Sgt. and Mrs. Guy M. Covington and son Gerald Mack of Punta Gorda, Fla., spent the Memorial Day holidays in the home of Mrs. Lulu Hoover, the aunt and great aunt.

To Represent Local Church At Meeting

The Rev. H. A. Heckmann will represent Emanuel Lutheran Church of Littlefield at the Thirtieth State convention of the Lutheran Church-Missouri Synod in Giddings, June 6-10. Four hundred delegates from all parts of Texas will be in attendance, according to the Reverend O. R. Harms, president of the Texas district of the church body.

Dr. L. J. Sieck, president of Concordia Theological Seminary, St. Louis, Missouri, will represent Dr. J. W. Behnken, president of the national church body. He will bring information on the national and international activities of church in the education, mission, relief, and financial fields.

The challenge of the twentieth century mission opportunities will be presented at the meeting by the Reverend H. A. Mayer, an executive secretary of the Board of Missions for North and South America from the St. Louis office of the church. "Ours is a Gospel Ministry," is the subject he has announced for his essay.

Especially the growth and needs of the seventy mission stations maintained in Texas by the mission contributions of the congregations will be brought to the attention of the convention by the Texas Board of Missions. Two full-time field secretaries, Reverend W. H. Bewie and Reverend A. O. Rast of Austin, will submit reports on the three negro, twelve Spanish language and fifty-five English language missions which require eighty-three workers.

The convention will consider the addition of two full-time executives to the district staff—a counselor in parish education who would foster, plan and improve the programs of such educational agencies as the parochial schools, Sunday Schools, Bible Classes, Summer schools and week-day classes; and a stewardship secretary who would be charged with assisting congregations with the ingathering of souls and monies.

Plant Being Established For The Manufacture Of All-Crop Nitrow

A new Plains fertilizer industry is taking shape in Plainview, where the Rowland Co. has announced completion of a new \$20,000 plant for the manufacture of ALL-CROP NITROW, the trade name for a 25% Nitrogen low-cost liquid fertilizer. With its daily capacity of approximately 20,000 gallons of NITROW, the Rowland Co. plant will help to overcome the local shortage of nitrogen fertilizer. In liquid form, NITROW is ready for application through irrigation water to growing cotton, maize, and other area crops.

The importance of nitrogen as a plant food has long been recognized. For higher yields, better quality, and earlier maturity, nitrogen is a most essential fertilizer component. This has been repeatedly evidenced by the big

increases in yields of crops following alfalfa and other nitrogen-producing legumes. Other plant foods, particularly phosphorus and potash, must be added from time to time to keep the soil in proper balance, but nitrogen is the responsive factor in all types of plant life. Ammonium nitrate, which is a bagged form of nitrogen fertilizer that corresponds to the Rowland Company's liquid nitrogen, has a good record in the Plains area on sorghums, cotton, wheat and truck crops.

The liquid Nitrogen manufactured in the Rowland Co. plant is made by transferring 83% Anhydrous Ammonia, a nitrogen gas, from an 18,000 gallon storage tank to mixing tanks, where it is combined with water, and passed through heat exchanges to other storage tanks. ALL-CROP NITROW will

be distributed to dealers and farmers in 50-gallon steel drums, for application directly to the irrigation water by means of a metering tube placed in the bung of the drum.

It is easier for the farmer to follow his fertilizer distribution down the rows with ALL-CROP NITROW, for, when it combines with irrigation water, it turns the water a milky color and gives off an ammonia odor. The Rowland Co. estimates that the price of this new liquid nitrogen will be 45c per gallon to the farmer, plus a drum deposit.

Two Men Die As Result Auto Mishap

Injuries suffered by Jesse Franklin Bumpass, 56, of Lubbock, a former Littlefield resident, who operated a laundry here, when his car overturned several times Friday night at Woodrow proved fatal at 1:50 o'clock Monday morning, when he passed away, at the West Texas Hospital.

His death was the second due to the accident. Robert F. Brewer, 34, of 920 32nd St. Lubbock, having been killed instantly.

Funeral services were conducted for Bumpass at 2:30 o'clock Tuesday afternoon in Central Baptist Church, officiating. Burial took place in Lubbock Cemetery.

Bumpass was owner of Hub Laundry in Lubbock. An attending physician at West Texas hospital said Bumpass' injuries were a dislocated left elbow, broken left collarbone, broken left scapula, fracture of all 12 ribs on the left side, concussion, multiple lacerations and bruises and a broken back.

Brewer was riding beside the driver. His right arm was amputated at the shoulder in the accident. He suffered multiple injuries.

Two negroes, J. B. Brown and Allen Williams, both of 1908 Avenue B, were riding in the back seat of the car. Neither was injured seriously. Williams, who suffered two broken ribs, was transferred to Chatman hospital after receiving emergency treatment. Brown, who suffered a leg injury, was dismissed after emergency treatment.

The two negroes had taken part in a boxing match in Big Spring Friday night. They were taken there by Bumpass. They were returning to Lubbock when the accident occurred.

The heavy, late model Chrysler sedan in which the men were riding was almost demolished by the wreck.

Texas Highway patrolmen investigating the accident said that apparently the car hit a shoulder of the highway just as it started rounding the curve in Woodrow, skidded several yards, jumped a ditch approximately four feet deep at the side of the highway, snapped off a telephone pole and rolled over several times. The telephone pole was still under the car when it came to a rest in weeds at the side of the highway, just across the highway from the gin at Woodrow.

The car came to a halt 62 paces from where it first hit the shoulder of the highway. The severed arm of Brewer, a ring still on one of the fingers, was found in a field 26 paces southwest of

Missionary Baptist To Observe Bible Hour Anniversary

Sunday will be the second anniversary of the Radio Bible Hour being conducted by Rev. Weldon B. Meers, pastor of the Littlefield Missionary Baptist Church, heard each day at 2 o'clock.

In observance of this anniversary, there will be a broadcast from the Missionary Baptist Church Sunday, from 2 to 3 o'clock, to which the public is cordially invited.

Rev. Meers states there will be good singing, quartettes, etc.

The car. Brewer's body was found on the opposite side of the machine, indicating the arm was severed as the car rolled. Bumpass was found several yards farther north from where the car stopped. The two negroes were near the front of the machine, persons who arrived at the scene just after the accident said.

Mrs. Peyton Reese and Mrs. J. H. Holder of the Reese Drug, Littlefield, and Mrs. Iva Rippstein of Reese Drug, Hale Center, attended the three-day Rubinstein Cosmetic school in session at the Herring Hotel, Amarillo, Monday, Tuesday and Wednesday of this week.

They received special instruction in the care of the skin at this school.

Young People Attend Synod Meeting

Accompanied by Rev. Carter Kemy, pastor, a group of young people from the Presbyterian Church are attending a Synod Meeting at Dallas, Tex. this week.

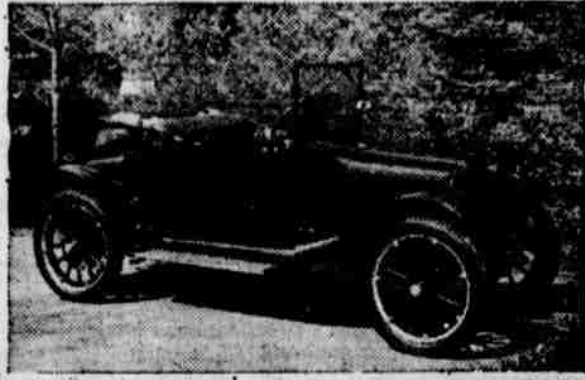

Those who left here Monday to attend were: Jo Smith, Nancy Nelson, Delphine Covington, Robert Robinson and Jerry Cox.

They returned home late Wednesday.

If you have ever wondered how much water comes out of a hose, here's your answer. A half-inch hose with a nozzle delivers 200 gallons of water an hour at normal pressure. A three-fourth-inch hose with a nozzle delivers 275 to 300 gallons of water an hour. And the average lawn sprinkler will spray 120 gallons an hour over the yard.

Dodge Introduces Modern Roadster

Historians say the roadster is the only auto body style that originated in this country. The others are said to have come from Europe. Typical of early roadsters was 1916 Dodge, shown at right. Car is owned by Morristown, N. J. Dodge dealer. It still runs.

New Dodge Wayfarer roadster is ultra modern in construction. Top framework is made of aluminum for ease of operation. Clear plastic side windows, framed in aluminum, slip into sockets in doors. Recently placed in production, the roadster is America's lowest priced full-size open car.

and a great many floats from the merchants of the city to take part in the parade which will leave from the Court House at 7:30, just prior to the opening of the program at the Fairgrounds.

The parade is open to anyone wishing to participate.

Monte Hale In Person

Star of Western Movies, Monte Hale, will be in Littlefield for the three-day program and will appear each day at the fairgrounds.

Supplying the laughs for the rodeo will be the famous, Moore family, known throughout the land.

Program Booklet Being Prepared

The Jayettes of Littlefield have prepared a program booklet for the occasion which is now in the hands of the printers and well on the way to being completed.

Miss Faust Chosen Over Nine

Queen Wanda Faust was selected from a group of nine contestants last Friday evening. It was the third time that Mrs. Faust had entered the contest. Her masterful riding Friday evening on her horse, Dude, earned her the title over the rest of the field.

Mrs. Faust is the daughter of Mr. and Mrs. R. V. Armstrong of Littlefield. She was born in Littlefield and graduated from the Littlefield high school with the class of 1948. In August, 1948 she was married to Mr. Joe Faust, employee at the Kaiser Machine shop.

In her other two appearances in the contest for Queen, two years ago she won second place and last year placed well toward the top. She has been riding for about six years, and the result of six years of experience Friday evening proved helpful. Mrs. Faust was riding under the banner of the Woodmen of the World.

Second place in the Queen contest was won by Jo Miller. Others entered in the contest were: Betty Smith, Connie Hopping, Jean Johnson, Fenita Roberts, and Lena Barden.

Three Entered in Junior Contest

Only three young girls were entered in the Junior Queen Contest won by Miss Melba Joe Edwards. Miss Edwards, 10, is the daughter of Mr. and Mrs. Pete Edwards. Second place winner was Leda Mae Edwards, who in a later contest was chosen the outstanding Kid Cowgirl and will appear in the Rodeo Program. Gen Person won third place in the contest.

Kid Pony Contest

Donnie Roper, 4 year old son of Mr. and Mrs. Bill Roper captured the heart of the crowd witnessing the event Friday evening as he displayed unusual skill for so young a fellow on his pony. His skill and showmanship enabled him to walk off with top honors as the best kid cowboy.

Leda Mae Roberts in her second appearance in the arena displayed some nice horsemanship and was able to win the honor of being chosen the best cowgirl.

Others entered in the Kid Pony contest were: Terry Palvado, Harold Trend, Patsy Miller, Joyce Mc King, Gen Person.

Carolyn Roberts was chosen Sweetheart of the Littlefield Roping Club and Donnie Roper their mascot.

Littlefield Wins Roping Contest

The Littlefield Roping Club easily won first place in the three-way match roping contest held at the arena between the various Queen selections. Littlefield had a score of 3538 seconds to second place winner Sudan's 540.8 and third place Springlake's 572.

Bobby Clark, 15 year old member of the Littlefield club turned in the best time of the evening with a 19.5 seconds time on his second attempt. The first attempt he hit for 21 seconds. The winning team was comprised of the following men: Bobby Clark, Tise Davis, Roy Slattemer, Forest Lattermer, and Cecil Martin.

To add to the program Walter Martin displayed some clever tricks his horse was able to perform.

Further excitement was added when Wayne Barnett did some bareback Bronce riding.

The State 4-H Round-Up is scheduled for June 13, 14 and 15 at Texas A. & M. College.

from a head injury and bruises and cuts on his legs and head.

Sustains Leg and Head Injuries

Mrs. Shirley, 23, is suffering from injuries to both legs, while their little son is also suffering from head injuries. Ware is reported to have escaped without injury.

The above injured are patients of the Payne-Shotwell Hospital.

In the second car, a 1941 Buick sedan, were: A. R. Lewis, 60, his wife, 49, and their daughter, Mrs. John Simmons, 19, and 16-day-old daughter, Diana Jane, all of Frederick, Okla. They were travelling east.

Enroute to Hale Center

They had been to Earth to the opening of the new Don's Food Store in that community by Mr. and Mrs. E. W. Simmons and Mr. and Mrs. Donald Atkinson of Earth, who were observing formal opening of the store Friday and Saturday, and were enroute to Hale Center to visit relatives. Mr. and Mrs. O. L. Damron, niece and nephew of Mr. and Mrs. Lewis, at the time of the accident.

Mr. Lewis, 60, sustained severe lacerations on his head, and a hand injury.

Sustains Cuts, Bruises

Mrs. Lewis, 49, sustained severe cuts and bruises about her body.

They are also patients of the Payne-Shotwell Hospital, where they are reported to be improving.

Mrs. Simmons and her small baby were more seriously injured. Both suffered concussions. They are patients of the Amherst Hospital, where they are reported to be recovering satisfactorily.

In an interview with Mrs. Lewis Saturday she wasn't very happy at spending her 24th wedding anniversary in the hospital. She also stated that Saturday was the first wedding anniversary for Mrs. John Simmons, a patient in the Amherst Hospital.

Traveling behind the wrecked cars was a third automobile driven by John Simmons, husband of the injured woman, and his sister-in-law, Frances Lewis.

the migratory grasshopper, but farmers are warned to be on the lookout for them. Several counties to the South report a great many.

The reports indicate that the hoppers are noted mostly in pastures and fence rows.

Very heavy infestation of the grasshopper has been noted in the following counties: Dawson, Lynn, Terry, Torza, Lubbock and Crosby. Medium infestation is reported in the southern half of Hockley county.

Dave Eaton, Lamb County agent in giving the report cautioned the farmers of the county to be very watchful and report any infestation of both the grasshopper and the Soft Marsh Caterpillar.

Jean Joplin, Dale Bench, Frank Foster, Ann Frey, Georgeann Walker, Patsy Lynsky, Verble Baker, Jr., Judy Christian, Elwood Smith, Don Nickels, Marlene Mueller, Glenda Sue McCown, Claudette Renfro, Fish Slemmons, Jean Young, Artie Jewel Wilson, David Cearley, Bobby Sue Cearley, Claudia Ruth Keithley, Ellen Webb M a s s e n g i l l, Tommy Evins, Bruce Faust, Nancy Russell, Preble Lewis, Esta Mae Bitner, Teddy Jo Bitner, Jan Hampton, Frances Louise Rogers, Anne Q. Bellomy, Carol Jean Naylor, Mary Jo Porcher, Leta Merle Roberts, Phonelle Pillon, Jo Pickrell, Kay Hendricks, Diane Hall, Barbara George, Jo Ann Hall, Jo Ann Parrack, Gregory Wilemon, Gracie Marie Russell.

Students were graded on approximately thirty musicianship phases with C checks for special commendation and A checks for attention to. Students are urged to refer to their reports for improvement of their work as they practice. Such as procedure is calculated to raise the standards of performance of all the students. Many students in the Littlefield auditions received high ratings, and all are to be commended for carrying through to the end an undertaking which will add so much to their future knowledge.

It is to be hoped that each entrant will be spurred on to greater achievement in future auditions.

Ray Joe Riley

(Continued From Page 1)

when he first began 4-H club work.

Jack Christian, president of the Rotary Club, presented Dave Eaton, Lamb County Agent, who in turn introduced Ray Joe to the members. Mr. Eaton as well as Mr. Jones have been instructive and helpful in helping Ray Joe to achieve the outstanding record he has built up in four short years.

His first speech before a group of men, the Riley youngster proved himself an able talker and for a period of 15 minutes held the attention of the audience as he explained his work and answered questions the Rotarians put to him.

Presented Award

Don L. Jones, prior to presenting the achievement medal to Riley, commended him for his work and his leadership in farm youth activities.

A Veteran Farmer

With something like \$1500 saved and another \$725 in equipment Ray Joe has assured himself an education. The ribbons and awards he has earned in county, district and state competition fill the walls of his room on the modern, well equipped farm his father owns.

Mr. Eaton supplied the following information of the activities that netted Ray Joe \$3,500 and a gross of \$7,500 in Club work.

He pays his father rent on the land he uses as well as the equipment he needs, and water supply.

Young Riley started in 1945 by growing one acre of Sweet Sudan, which yielded 2110, won him the highest yield in the state.

In 1946 he planted 2 acres of Sudan and 1-3 acre of registered Double Dwarf Sooner.

In 1947 he won first place at the State Fair with his barrow. The same year he had 5 calves and 2 acres of Double Dwarf Sooner. His five acres of Macha cotton netted 6 bales that year.

Each year he added another item or two to his projects until in 1948 he had 10 acres of cotton which yielded 11 1-2 bales, 2 acres of registered 7078, 1 acre Double Dwarf Sooner, 10 acres of Western Star Wheat, 5 calves and 10 barrows. With the last he placed 7th at the State Fair.

Last year he received his Certified Seed Grower's License for small grains and sorghums, and was listed in the

Semi-Permanent Granary Available To Farmers

Because of the severe shortage of private and farm warehouses the State Commission of the Productive Market Administration has approved a semi-permanent granary for farm storage purposes. The announcement was made Tuesday by Dave Eaton Lamb County agent following the announcement of the Distress Loan Plan to aid wheat growers by the department of Agriculture.

These granaries have a wood floor, side walls of from 4 to 6 feet in height, and use a tarpaulin as a roof. A semi-permanent affair the building will save the farmer many dollars by preserving the grade and quality of the grain.

The agricultural engineer of the Extension Service has developed plans and blue prints for a semi-permanent granary which are available at Mr. Eaton's office in Amherst.

Area Gets Nearly Inch Of Moisture

Numerous points over the South Plains received heavy showers Sunday night and Monday, and in some instances hail was reported, as thunderstorms against rumbled over the area in a continuation of one of the most unusual weather years in the history of the section.

The total rainfall for Sunday night and Monday night was recorded by the Western Cottonoil Company at 70/100ths of an inch, with one-quarter of an inch Sunday night, and 45/100ths of an inch Monday night, bringing the total rainfall for 1949 to date 12.01 inches.

Late last night rain again fell adding additional moisture.

HERE ON BUSINESS

Frank W. Bernson, salesman for Hotpoint Appliances, of Amarillo, was attending to business in Littlefield on Monday, and spent some time at the W-W Electric, local Hotpoint dealers.

Texas Directory as a source for several of them.

This year Riley has 20 acres of wheat, 4 acres of Paymaster cotton, 5 acres of Macha cotton, 2 acres of 7078 registered, 1-4 acre Caprock registered, 1-4 acre 7088 Chinch bug resistant. He is also cross breeding hogs as a club project.

During the four years he has been engaged in 4-H Club work, he has completed 31 projects.

\$25,000 SMILE . . . Alfred Frisco, Jr., beams with joy at a court decision awarding him \$25,000 for injuries suffered when he was struck by a truck four years ago in an accident near his residence in Bedford, Mass. Some of his injuries were permanent.

Harvest Starts On Lettuce Crop

The first commercial spring lettuce crop in West Texas is being harvested on the Ed Lewis farm six miles south of Dimmit.

Howard Beasley, who owns 50 acres of lettuce south of Hereford, said he would start his harvest in about two weeks. He said the yield probably would be 200 to 250 crates per acre, with four dozen head to the crate.

SNEEZE CHAMP . . . Michael Hippialey, London, England, had been sneezing more than nine days without a letup when this photo was taken. All attempts to end the sneezing, all efforts by doctors had failed.

OUR DEAR OLD HOME

Our dear, dear old home, Someone told me to day, Has now been torn down; And all hauled away. It was a large old house, A shrine in the morning sun, It stood at the mountains base, There where the valley begun. A long narrow winding lane, With many a curve, and crook, In and out of the woods; And across a babbling brook. There was a fine water-fall, And a large cotton-wood tree. This afforded a haven of play; For my brothers, and me. Many were the times we rode, On the old corral gate, My brothers Paul, Red, and I; And sometimes, Mary, and Kate. In the yard there were flowers, Yes; and two mulberry trees. Around their fragrant blooms; Buzzed the birds, and the bees. At evening, in the springtime, When everything was still. Atop the mountain rose the moon. Then the call of the whippoorwill. Gone now is our dear old home, The place we all loved so well. Where in youth we romped and play. Where in youth we long did dwell. By: Raby C. Neel

'THE WHISTLER' . . . Eleven-month-old Jeannine Elaine Arianud of Des Moines has been whistling since she was nine months old after her parents took her to a band concert. She now puckers up and whistles when she is hungry, wants to pet the dog or listen to the radio.

Amherst, Earth, Anton, Muleshoe Cop In Capitol League

Complete reports form the Capitol Baseball League this past Sunday gave victories to Amherst, Earth, Anton and Muleshoe. Amherst had to fight hard to take a close 3-2 decision over last year's Olton. Earth swamped Needmore as they pushed across 14 runs to Needmore's 3. Anton topped Springlake by a 10-5 run margin 10-5, and Muleshoe beat Sudan in a slugfest by only one run 11-10.

Raymond Erwin Makes High Record In Insurance Business

Raymond L. Erwin, who recently completed the Amicable Life Insurance Office school, and who has only been connected with this insurance company a short time, is reported to be second in production of life insurance business for the entire State of Texas for the month of May. Mr. Erwin is one of Littlefield's most highly regarded young businessmen, and has large numbers of friends over the area who wish him much good luck in his new endeavor.

APPOINTED CHAIRMAN

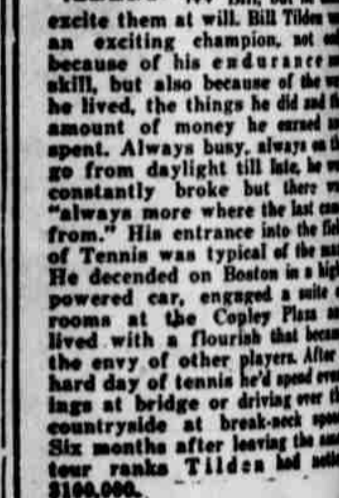

Harlon M. Fentress, publisher of newspapers in Waco, Austin and Port Arthur, was appointed Saturday as State Public Information Chairman of the forthcoming Baylor Stadium Campaign. In accepting the post at the hands of R. B. Dupree, President of Baylor Stadium Corporation, Fentress said he plans in the near future to name 10 co-chairmen to carry the Baylor Stadium Campaign message to the corners of Texas.

Spotlight In Sports

by BACON JONES

HE BAFFLED ALL

Tilden was a most remarkable man from the very beginning of his career. Most tennis players who perform with an eye on the gallery, not only lose, but make fools of themselves. . . . but Bill Tilden gave the game a show. They were by a great deal excited them at will. Bill Tilden was an exciting champion, not only because of his endurance and skill, but also because of the way he lived, the things he did and the amount of money he earned and spent. Always busy, always on the go from daylight till late, he was constantly broke but there was "always more where the last came from." His entrance into the world of Tennis was typical of the man. He descended on Boston in a high-powered car, engaged a suite of rooms at the Copely Plaza and lived with a flourish that became the envy of other players. After a hard day of tennis he'd spend evenings at bridge or driving over the countryside at break-neck speed. Six months after leaving the amateur ranks Tilden had netted \$100,000.

Band Members Attend Six Weeks Session At Tech

Starting Monday, forty members of the Littlefield High School Band, are attending a six weeks' band school at Tech College. This school will close July 15.

Those attending are driving back and forth in a school bus, being driven by Don Hayes, Music Director.

Mr. Hayes is working on his Master's Degree at Tech, and also teaching Saxophone and Music Theory at the College for the six weeks term.

Triple A Office Continues To Accept Acreage Reports

The Lamb County Tripfe A Office in Amherst makes the following statements to the farmers of Lamb County.

Due to conditions beyond our control we have been unable to secure acreage reports from all the farms in Lamb County. June 1 was the dead-line for accepting these reports; however, we will continue to accept the reports from any farmers who have not submitted an acreage report for their farm by this time. It is from these reports that an allotted acreage for Lamb County will be obtained; therefore, we urge all persons who have not submitted a report for their farms to do so as soon as possible.

Submitting the acreage report does not bind the producer in any manner to comply with future allotment programs. But it will enable Lamb County to secure a fair and equitable allotment. And it is from the county allotment that the individual farm allotments will be allocated. It is also from these farm acreage reports that the farm allotment will be set. It is for these reasons that we urge you to submit a report for your farm.

BULL LAKE PHILOSOPHER NOT ONLY IN FAVOR OF PROLONGING PROSPERITY HE WANTS TO MAKE IT EVER-LASTING

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake probably is misinterpreting the newspapers again, his letter this week reveals.

Dear editor:

I was out here the other afternoon resin in the shade and watchin the grass grow, figurin a man ought to give some time to his farm, hasn't got any business runnin off to town every day in the week and neglectin his own work, when a copy of The Avalanche-Journal drifted down to where I was sittin and since you can burn out concentra-tin on the same job too long and since I already knew any-way the grass was gonna keep growin whether I looked at it or not I picked up the paper and first thing that caught my eye was an article about a group of U. S. Senators who are draftin a bill to prolong prosperity.

Now it ain't my job to criticize a United States Senator, but if them birds has a bill that'll prolong pros-

perity, why don't they go back and think a little harder and bring out one that'll not only prolong it but make it ever-lasting. Thunder, I never did care for half-way measur-es.

While I don't know what sort of bill it would take even to prolong property, as up to now most experts haven't been able to see it coming or guess when it was leaving, although nearly anybody has been able to tell when it was gone, but if we got any Senators smart enough to prolong prosperity by passing a bill, I'm in favor of passing four or five bills in the same direction and makin it permanent.

Accordin to these Senators, what they're workin on is a bill to "provide advance safeguards against any sudden country-wide slump," and if they can do it they're entitled to a monument, but it has been my obser-vation that most depressions don't seem to be aware we even got a United States Senate, and I've seen em come on us in the face of Sena-torial advice, don't make no differ-ence how long-winded it was. You just can't fillbuster against a de-pression. The thing just doesn't have

any Senatorial courtesy, ain't fam-iliar with House rules, and a Senator today standin out in front fightin a depression head-on may be swingin to its tail the next day hopin he don't lose his job and go broke him-self.

Understand, I don't think we're headin for a depression, but I would appreciate them Senators goin the whole hog and not just be fiddlin a-round with prolonging prosperity. Can't think of no more popular issue than makin it permanent.

Your faithfully, J. A.

GEMS OF THOUGHT IDEAS

A healthful hunger for a great idea is the beauty and blessedness of life. —Jean Inglew

Ideas go booming through the world louder than cannon. Thoughts are mightier than armies. Principles have achieved more victories than horsemen or chariots.

Great ideas come when the world needs them. They surround the world's ignorance and press for admission. —Austin Phelps

Events are only the shells of ideas; and often it is the fluent thought of the ages that is crystallized in a moment by the stroke of a pen or the point of a bayonet.

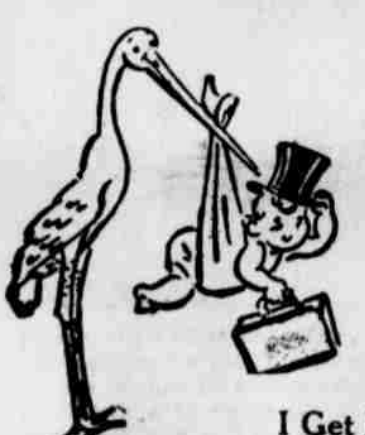

The changing glow and full efful-gence of God's infinite ideas, images, mark the periods of progress.

It is a lesson which all history teaches wise men to put trust in ideas, and not in circumstances.

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- EARLY MATURITY: Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
HIGH YIELD: In this same test, "54" was third among all varieties in yield per acre.
BETTER STAPLE: "54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
TESTED FOR DRY LAND: "54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your giner, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

Catches Porcupine On Blackwater Draw

W. E. Strain of 9 miles north of Littlefield and one-half east was displaying a full grown porcupine in Littlefield Thursday, which he had in a cage.

Mr. Strain caught the animal by throwing a tub over him on the Blackwater Draw.

Just how he caught it, and got the porcupine in the cage without it depositing some of its quills in Mr. Strain's flesh, he just didn't know, but in the fracas the Strain dog came in contact with the porcupine, and Mr. Strain had to take Tweezers to get the quills out of the dog's flesh.

Miss Dian McClurkin Of Spur Appointed Assistant County H. D. Agent In Training

Announcement of appointment of Miss Diana McClurkin of Spur, Texas as assistant county home demonstration agent in training in Lamb county has been made by Miss Kate Adele Hill, District Agent, Extension Service, A. & M. College of Texas.

Miss McClurkin will assume her duties on June 6 and will work until August 31. This is a part of a program of the Extension Service to make available jobs for the purpose of training promising young home economics students in position of home demonstration work.

Lamb county was selected by Miss Hill as one of the three counties in district 2 in which to place an assistant agent in training because of the fine cooperation given by Lamb county's commissioners court to the Extension Service and because of the qualifications of Miss Dudley Hambricht, County Home Demonstration Agent as a trainer of agents.

State Fair Plans July 4 Program

A rip-roaring, old fashioned Fourth of July celebration, featuring a gigantic fireworks exhibition and super thrill show, has been scheduled for the nights of July 2, 3 and 4 at 8 p. m. in the Cotton Bowl, Dallas, R. L. Thornton, president of the State Fair of Texas, has announced.

Feature attractions will include the celebrated Zucchini sisters, Victoria and Duina, in their world-renowned human cannonball act, and Peejay "Human Meteor" Ringens who will speed a bicycle into a sensational leap for life through space. Both attractions will be making their first appearance in the Southwest.

"The State Fair has planned a truly outstanding Fourth of July program for the people of Texas," Thornton said. "We have engaged one of the nation's outstanding fireworks concerns to stage the spectacle. It will be the largest, most colorful exhibition of its kind ever seen in this section."

The fireworks display will feature scenes typical of the Southwest, including beautiful floral groups, dazzling aerial displays, and cleverly staged comedy and novelty numbers.

The Zucchini sisters have gained world fame for their death-defying human projectile act. The two girls are shot high into the air in rapid succession from the mouth of a giant aluminum cannon. They hurtle thru space at 400 miles per hour, and travel from one end of the football field to the other, landing in a narrow net at the opposite end of the Bowl.

Ringens does a hazardous bicycle jump from an incline 150 feet high. He zooms out into space, leaves his bicycle in mid-air and lands in a 16-foot tank in three feet of water. He was a fea-

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nightly, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Make sure NOW of a cooler kitchen this Summer

THERE'S no getting around it, the average homemaker spends several hours a day in her kitchen.

With hot weather ahead, it's time now to make sure they're cool, comfortable hours.

One way to keep your kitchen comfortable all summer long, and to make meal preparation easier, is to use more low-cost, dependable electric service.

Use an electric range for the coolest cooking ever, or use dependable electric service to keep foods healthfully refrigerated, to run a mixer, or garbage disposal unit. Or, put an exhaust fan into the kitchen to keep cool air circulating throughout the room.

However you use electricity, you'll be using more of your best budget bargain today... low cost electric service.

ROTARY HOE IS SPEEDING UP PRODUCTION

The rotary hoe is doing a speed-up job of cotton cultivation, especially in West Texas and the Plains area. Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, says it works best on the young cotton seedlings in getting rid of the grass and weeds early, the cheapest time to do it.

The main advantage to the rotary hoe is that it speeds up cultivation of early growing cotton. Later on, as the cotton gets taller, this weeding machine doesn't work so well because the plants outgrow it. So the cotton farmer turns to other methods of hoeing.

With all the spring rains farmers got the past months, they're growing a pretty good crop of weeds right along with their cotton. Hand hoeing costs quite a bit, but the rotary hoe cuts hoeing costs down, Elliott says. A common mistake with rotary hoe owners is not operating fast enough. Most of the time a farmer figures he's tearing the seedlings up if he goes too fast. Not so with the rotary hoe.

There are a couple of things to remember when using this machine Elliott reminds. First, don't set it any deeper than enough to break the

Missionaries Are Guest Speakers

Rev. and Mrs. Moss, Southern Baptist Missionaries, who are in the States now, and have been working with Wayland College the past year, were guest speakers of the First Baptist Church Sunday night.

Mrs. Moss is the former Miss Ruth Jordan, who taught in the local public schools at Littlefield before her marriage.

Rev. and Mrs. Moss showed films during the training union hour to all the Training Union, and spoke later. Rev. and Mrs. Moss will soon be returning to their mission field in South America.

crust of the soil. The shallow picking action of the picks pulls up the tender weeds and grass, leaving them to dry out in the wind and sun. The best time to do the job is about a week after a rain.

And second, the best operating speed for the rotary hoe is between six and eight miles per hour—at least four and a half mph, running in third gear.

By keeping the bed flat, you'll avoid throwing seed and grass around the cotton seedlings. It's a good idea to delay "dirting" the cotton until it gets a good start, Elliott concludes.

Results of the election was 50 votes for and 0 votes against the proposition.

CHRISTIAN SCIENCE SERVICES

"God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 12.

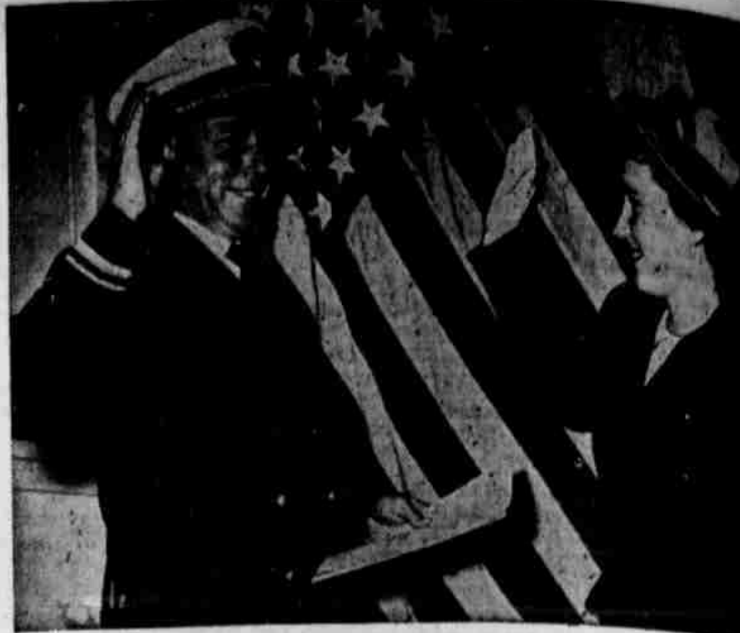

The Golden Text is: "The eternal God is thy refuge, and underneath are the everlasting arms" (Deuteronomy 33:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I have set the Lord always before me: because he is at my right hand, I shall not be moved" (Psalms 16:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbooks, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth and Love come nearer in the hour of woe, when strong faith or spiritual strength wrestles and prevails thru the understanding of God" (page 567).

FACING DEATH . . . Iris Davis, 24, was reported dying of a malignant brain tumor and her father, Jack Davis, American news-reel executive, has made a desperate appeal in Europe for any sort of medical aid which might save his daughter's life.

More Pipe Lines for . . .

Good Gas Service

Over 40 miles of new transmission and distribution pipe lines have been installed by West Texas Gas Company this year. Many more miles of new lines will be installed before the end of 1949.

Many of these new pipe lines, all of which are designed to maintain good gas service, replaced smaller lines. Other new lines were extensions to serve new customers and others were designed to transport natural gas to cities and towns West Texas Gas Company serves.

The installation of pipe lines is but one of many functions of West Texas Gas Company.

This year we will invest over \$2,225,000.00 in new facilities—all of which are designed to maintain good gas service, high in quality, low in price—the best bargain in your family budget.

SOCIAL EVENTS

Miss Hudson Worthy Advisor Of Rainbow For Girls

Miss Jeri Hudson, daughter of Mr. and Mrs. E. C. Hudson of Earth, was installed as Worthy Advisor of the Assembly 166 Order of the Rainbow for Girls in Earth for the new term at a public installation of officers Monday night, May 30, at the Community Hall. The installation was conducted against a beautiful garden setting with flowers in a semi-circle, carrying out Miss Hudson's chosen colors of white and yellow.

Rev. Hugh Blaylock gave the invocation and the Mother Advisor, Mrs. Emma Miller, gave the welcome.

Miss Gene Winders offered a piano solo, "Ripple of the Pacific"; and Miss Patsy Miller gave a reading, "The Rainbow Party".

Miss Hudson introduced her parents and presented them with gifts. She then gave her theme, "Nature", in a very impressive manner. Her theme song "In the Garden", was sung by Misses Ann Clayton and Conetha Fennell.

The Grand Confidential Observer, Miss Clayton, was introduced as well as several others.

The outgoing Worth Advisor, Miss Claudene Stockstill, was presented a Past Worthy Advisor's Jewel.

Installing officers were Miss Stockstill, officer; Billye Burton, Marshal; Bennie Sue Welch, Recorder; Bobbie Sue Cearley, Musician; and Laqueta Kelley, Chaplain.

Other officers installed were: Mar-

Organize Ceramics Class; Instruct Twelve Ladies

Mrs. C. R. Cox and Mrs. Paul Pharris have organized a ceramic class, and are instructing a group of twelve ladies. Classes meet each Tuesday and Thursday mornings in a room at the rear of the Cox home.

A series of eight classes are given to complete the course. Instructions are given in clay moulding, glazing, gold painting and china painting. Mrs. Cox has recently installed a kiln in the class room, and articles can be finished.

Those taking the course are Mesdames Floyd Coffman, J. R. Coen, Waters, Aubrey Brown, Jim McGuire, Horton, Carl Morrow, J. O. Connel, J. H. Lee and Misses Mary Jane Coen, Barbara Ferguson and Connie Wray Hopping.

Mesdames Janes And McCary Entertain At Bridge-Luncheon

Mrs. J. W. Janes and Mrs. Rhenard McCary entertained at a bridge luncheon at the Hilton Hotel, Lubbock, Saturday afternoon at 1 o'clock.

Cut flowers formed the centerpiece for the beautifully appointed table, which was laid in the Chimango room. During the games Mrs. Hugo Kinkler won the high score.

Miss Betty Hancock Honoree At Coffee At Miller Home

A lovely honor went to Miss Betty Hancock, bride-elect of Francis E. Miller, of Sudan, last week, when she was entertained with a coffee at the Miller home.

Co-hostesses were Mrs. F. E. Miller, mother of the bridegroom, and Mrs. C. E. Harris of Sudan and Mrs. Bowen DuLaney of Clarendon, the bridegroom's sister.

Approximately sixty guests called during the entertaining hours, including friends from Amherst and Amarillo.

The bride-elect is a daughter of Mr. and Mrs. J. T. Hancock of Lubbock. She is a graduate of Lubbock High School and attended Texas Tech.

Mr. Miller is a son of the Late Francis E. Miller and Mrs. Miller of Sudan. He graduated from Tech, with the class of '49, with a B. S. degree in electrical engineering.

The wedding will be held Friday, June 10, at 7:30 o'clock, in St. John's Methodist Church, Lubbock.

Sudan Eastern Star Officers Installed

Mrs. Frank Rone was installed as Worthy Matron of the Sudan Order of Eastern Star, Saturday night, while Noel Lumpkin was installed as Worthy Patron.

Mrs. Pat Boone of Littlefield was Grand Installing Officer; Mrs. J. D. Dodgen, also of this city, served as Grand Installing Marshal. Mrs. Boone and Mrs. Dodgen were accompanied by Mr. Boone.

Anton Eastern Star Officers Installed

Officers for the ensuing year for the Anton Chapter of the Order of Eastern Star were installed Thursday night. Mr. and Mrs. Robert Newell were installed as Worthy Matron and Wor-

thy Patron.

Fat Boone was Grand Installing officer; Mrs. Boone, Grand Installing Marshal; Mrs. J. D. Dodgen, Grand Installing Chaplain; Miss Lula Hubbard, Grand Installing Secretary; and Mrs. E. B. Luce, Grand Installing organist. Mr. and Mrs. Marvin Kiefer, out-

going Worthy Matron and Patron, entertained the installing officers at a dinner at their country home.

GILMER-AIKEN SCHOOL BILL PASSES; GOVERNOR SIGNED LAST WEEK

The Gilmer-Aiken school plan has finally been approved by legislature, and will go into active effect this fall.

The Gilmer-Aiken bills seek to do three basic things:

1. Unify the school administrative setup at the state level, doing away with alleged conflicts in authority between various educational agencies and officials.

2. Assure school-age children they can have a good, minimum education program nine full months of the year if they want it.

3. Equalize and guarantee the financing of the school program, making all counties pay proportionately according to their ability.

Texas for many years has had an elective state superintendent of education and a board of education ap-

pointed by the governor. The G-A plan reverses the procedure.

Board To Be Elected
Voters will elect a 21-man board—one member from each of the congressional districts—in the state Democratic primaries and general election. The board will appoint a commissioner of education. He must be confirmed by the Senate.

The administrative G-A bill—signed by the governor last week—did not receive the required 100 House votes to make it immediately effective. It will take effect 90 days after the legislature adjourns. Within 30 days after that a special election for the first 21-man board will be held. By the time the board appoints a commissioner, it may be November or December.

Meantime, State Auditor C. H.

Cavness has been authorized by the legislature to put the new program into effect. This in effect deposes State Supt. L. A. Woods. But he is permitted by the G-A bills to remain as advisor to the commissioner until Jan. 1, 1951. That is the date Wood's elective office expires.

Legality of the auditor's temporary assignment to get the new school plan rolling has been challenged by several legislators. They say the auditing and administrative jobs are incompatible.

The board of education will determine policy for the public school system. The commissioner will act as their executive officer in applying those policies. This is supposed to wipe out argument such as has occurred in the past as to what authority the appointed board had over the elected superintendent.

Teachers with bachelor's degrees were boosted to a minimum beginning salary of \$2,000 two years ago. Now they are raised to a minimum of \$2,403 for a nine-month school year.

They will receive an extra \$6 a month for each year of teaching experience up to 12 years, thus letting them earn a minimum of \$3,051 after 12 years.

Teachers with master's degrees will start at a minimum of \$2,628. With added allowances for teaching experience, they can draw salaries of at least \$4,432 at the end of 12 years.

The Texas State Teachers association figures teachers were earning an average of \$1,700 in 1945. The average beginning this fall will be approximately \$2,900.

School room teacher allotment will be based on average daily attendance of the pupils. A district with 15 or 25 students at their school desks each day will be allowed one teacher. Larger districts will receive at least one teacher for each group of 26 students in daily attendance.

Financing of public education in the past has been done with no statistical regard to the comparative ability of counties to pay.

G-A plan makes use of an economic index—a principle long used by business firms—in measuring the wealth of each county in proportion to the total wealth of all counties.

This index is in the form of a percentage figure. It will determine how much each school district must raise locally for its education program.

Factors determining the economic index are assessed by county valuations, and income for the county.

The income is measured by value added by manufacture, minerals produced, agricultural products, and payrolls for retail, wholesale, and service establishments. Figures on these items are available in reports of federal and state agencies such as the census division of the United States Department of Agriculture.

Indices already have been worked out for each county for use the next two school years. After that the commissioner of education will work out new indices every four years.

G-A calls for school districts to raise a total of \$45,000,000 in local funds. This is one-fourth of the \$180,000,000 overall cost of the program as originally estimated by people who worked out the plan.

Resolutions introduced in the House and Senate of the 50th legislature two years ago by Claude Gilmer of Rock Springs and A. M. Aikin Jr., of Paris called for appointment of a committee to study the needs of the Texas school system.

The three bills soon to become law embody the basic recommendations offered by the committee after 18 months of study.

Miss Patsy Smith To Open Law Office At Sudan Soon

Miss Patsy Smith of Sudan is reported to have been administered the attorney's oath by 99th District Judge G. V. Pardue last week.

Miss Smith plans to enter law practice in Sudan in the near future.

She is the daughter of Mr. and Mrs. W. L. Smith of Rails.

She was graduated in January from Southern Methodist University School of law, and was notified only this month that she had been admitted to the Texas bar. Taking the oath was the last prerequisite to actual practice, according to court officials.

The daughter of a Rails gin operator was graduated from Rails High School and in 1946, was graduated with a B. A. degree from Texas Tech.

She will be the only woman practicing attorney in this entire section of the state, court officials said they believed.

Good Neighbors Help Friend In Need

Good neighborliness, long a boasted asset of the High Plains area, was again graphically illustrated Thursday, when a group of farmers in the Spade-Hart Camp area came to the aid of a hospitalized neighbor, Bruce Norvell, and planted 120 acres of his farm in cotton and grain.

Using a fleet of nine tractors, the neighbors accomplished the entire planting job in approximately three and a half hours. Both Norvell and his wife were receiving treatment in the South Plains Cooperative hospital at Amherst.

Farmers volunteering their services to the Norvell family, included W. V. Douglas, H. R. Monroe, John Talburt, Lewis Ball and son, M. W. Wheeler, John Jr. Talburt, T. W. Sullivan, A. Nelstast, Doe Leonard, L. A. Smith, Jack May and Bill Cannon and helpers.

Mr. and Mrs. Norvell, the former being 70 years old, were taken Thursday to the home of their daughter in Olney where they will spend some time.—Sudan News.
