

# The Big Spring Herald

Big Spring, Texas, Friday, July 20, 1928

By T. H. JOHNSON

## HONOR TO MEXICAN "LINDY"

New York honored the memory of Capt. Emilio Carranza, while the body of the Mexican "Lindbergh" lay in state at a Broadway undertaker's. Following services in New York, the body was to be taken to Mexico City by special train. Carranza crashed in New Jersey en route from New York to Mexico City, after repaying Lindbergh's Mexican visit. In the picture, left to right, are: Arturo Elias, Mexican consul-general in New York; Capt. R. Wise, U. S. A., and Eduardo Malvido. The casket was draped with the Mexican flag and the Stars and Stripes.

## An Adequate Water Supply Being Developed

Advice of Water Engineers to be Followed in Developing Our Water Resources

The City Commission it seems to us has the Big Spring water situation in mighty good shape and if we keep pulling instead of continually kicking, we may get somewhere. The town is just naturally growing faster than anyone expected it to grow and the Commission are just a little behind with a program they are endeavoring to carry out.

The well and good to advocate a big bond issue to secure an adequate supply of water but its better to first find where you are to get the water. The City Commission has been busy on learning how much water could be secured and then making plans for developing same.

They expect to follow the plans outlined by the best informed hydraulic engineers of the South who have been making an exhaustive survey and study of the water resources of Big Spring, and the most economical method of production and distribution. As soon as their report has been completed, the citizenship will be advised of its contents, and if money or bond issues are needed to carry out the plan to settle our water question, there is not a doubt but that the citizenship will favor the improvements the water experts recommend.

## Body of Mexico's Greatest Aviator Enroute Home

Aboard the Carranza Funeral Train, July 19 (AP)—Across the country to which he came as a messenger of good will, the broken body of Captain Emilio Carranza, is being swiftly borne today, to his native land. As the train rolled through Trenton, N. J., cannons boomed, thirteen guns saluted and thousands of people lined the tracks to see the funeral train pass.

## VECE PRESIDENTY NOMINEE TO SPEAK AT DALLAS

DALLAS, Texas July 19 (AP)—Joe Adams Democratic National Committee member, announced today, that Senator Joe Robinson of Arkansas, Vice President nominee, will speak at Dallas on Labor Day, Monday, September 2nd.

## Faces Trial As Husband's Killer

Although Percy Elker, 24, of Lettysburg, Pa., died insisting that he shot himself with suicidal intent, his 29-year-old wife, Helen, another of their two-year-old son, confessed, police say, to shooting him because of his alleged infidelity. Police discredit Elker's story of the shooting and have charged Mrs. Elker with murder.

## 5 New Wells To Be Drilled

While you do not hear any shouting or going on it is quite apparent that oil development is experiencing a healthy increase in the oil field southeast of Big Spring. You note an increasing number of big trucks hauling derrick material, drilling machinery, piping and other supplies out towards the oil fields here in growing numbers once again.

A visit to the oil fields will further enlighten you as to the pick-up of drilling operations. Thirty days ago you might have found three drilling operations being carried forward; while today you will find twenty-three wells being sent on down after the liquid gold.

## RESCUERS TO RENEW EFFORTS LOCATE AMUNDSEN

MOSCOW, July 19 (AP)—Soviet Rescuer Commissioner announced today that new efforts to rescue Amundsen's party is to get underway as soon as possible.

## Sun Co. Has New Well S. E. Of Big Spring

Settles No. 2 Tops Big Lime At 2,955 Feet; Potential Production of Test Is 5,000 Bbls.

NEW DRUMRIGHT, Glasscock county, July 19.—The Sun Oil company got a well with an estimated production of from 4,000 to 5,000 barrels daily on the Settles farm this evening. The deep lime production horizon was topped at 2,955 feet and it extended the deep lime pay in the Robert's pool a half mile west.

The well is located about a mile east of here and is in the northeast corner of section 135, block 29, W. & N. W. survey.

## Gov't. Official Is Released From Prison

ATLANTA, July 19 (AP)—Gaston B. Means, former department of justice agent, prominent figure in the senate investigation of former attorney general, Harry Daugherty, was released from the Federal penitentiary today, after serving two two year sentences, which ran concurrently.

## He Needed Time; It Was Granted

They were having a hearing for a man held on a bad check charge Thursday morning and he intimated that if given until Saturday he thought he could raise the hundred and some odd dollars to pay the fine, costs and make good the five dry checks he passed.

## School Board Meet Tonight

A meeting of the members of the School Board of the Big Spring Independent School District is to be held tonight, at the office of Dr. E. O. Ellington, to consider matters of business.

## More Arrests Expected For Obregon's Death

Five Men Have Been Placed Under Arrest And More Are Being Sought In Conspiracy

## Order Is Maintained

Calles Intimates He Will Not Continue In Office, Another Election To Name His Successor

MEXICO CITY, July 19. (AP)—In a signed statement tonight President Calles declared the assassin of General Obregon had admitted the motive of his crime was religious fervor.

The president said, too, that authorities investigating the crime have gained much information "complicating directly clerical action."

It was reported that police had arrested five men suspected of being involved in the conspiracy to assassinate General Obregon.

Calles concludes his statement with an appeal to the Mexican government to maintain peace and a statement that the government will continue to abide by the principles of the constitution and the revolution—a statement which is construed as signifying the president will not attempt to succeed himself.

Police headquarters tonight semi-officially announced that the assassin had been identified as Jose de Leon Toral, an art student, age 23 years, a native of Lagos, in the state of Jalisco.

He is said to have lived at Guadalajara but to have come to Mexico City six months ago seeking work. Police said they found upon him a Rosary and other religious emblems.

## Gen. Obregon Body Enroute To Sonora

Intensified Search Being Made For Those Whom President Calles Call "Intellectual Directors"

MEXICO CITY, Mexico, July 19 (AP)—The body of General Alvaro Obregon, president-elect of Mexico is en route to his native state, Sonora, Mexico. It is expected to arrive there tomorrow.

The death of General Obregon, left the capital city of Mexico in mourning.

An intensified search is being made, today for those whom President Calles terms "Intellectual Directors."

## Pyote Fire Damage Placed at \$20,000

PYOTE, July 18.—The first serious fire in Pyote's history occurred here Tuesday night, destroying the Southwestern Storage garage with a loss of approximately \$20,000.

Telegraph and telephone lines were burned, cutting off communication with Wink and Kermit.

## Texas and Pacific Stock Jumps

Unexpected easing in the call money rate brought about a pronounced strength in stocks in Wednesday's market.

More significant perhaps of the better feeling was the showing made by the rails. Texas and Pacific had a spectacular jump of 10 points as it touched 170 but that stock is always a fast mover. It was the demand for the lower priced issues, Missouri Pacific, Wabash and Chicago Great Western preferred which showed the change of sentiment.

## Dry's Candidate

NEA Chicago Bureau  
William F. Varney of Rockville Center, N. Y., is the National Prohibition Party's candidate for president. He was chosen on the second ballot of the recent convention in Chicago.

It was the demand for the lower priced issues, Missouri Pacific, Wabash and Chicago Great Western preferred which showed the change of sentiment.

## Many of Breck People Live Here

W. C. Lockett, who for the past two months has been editing The Big Spring Herald and Mrs. Lockett are here for a few days following which they will visit in Cleburne, Mr. Lockett having resigned his editorial position.

He states that many former citizens of Breckenridge are now residing at Big Spring. On the street near where Mr. and Mrs. Lockett lived were several Breckenridge families, including Mr. and Mrs. J. T. Matthews, Mr. and Mrs. Geo. T. Spears, Jr., Mr. and Mrs. Black, and Mr. and Mrs. Rubush. Craig and son, one time residents here are now opening up a lumber yard there.—Breckenridge American.

## NEW AIR LINE PLANNED

A new air route from New York to Los Angeles by way of Texas is planned, but it does not mean anything in the young life of Big Spring as we are unable to provide an airport.

We are just a vacant spot on the earth's surface to the bird men.

## PARIS WOULD HAVE ANTI-WAR PACT SIGNING

PARIS, July 17.—It was reported this afternoon that Foreign Minister Briand will issue invitations to the world powers to meet in Paris to sign the American anti-war treaty.

Mrs. E. H. Owen of Albany, Texas, is here for a visit with her son, Rev. E. L. Owen and family.

## EDITOR STAR TELEGRAM SEES BIG FUTURE FOR BIG SPRING

July 16 1928.  
Mr. W. G. Hayden,  
Big Spring Herald,  
Big Spring, Tex.

My dear Mr. Hayden:  
I just want you to know that I deeply appreciate the many courtesies you showed me the other day; that I enjoyed fully meeting you, and that whenever I can be of any assistance, or this institution can help you, all you have to do is to let me hear from you. I think you have a very fine looking city and that it is certainly inhabited by progressive people. I am sure that with the stabilization that must return to the oil industry some time your city has a future hard for us to estimate. In that development the Big Spring Herald certainly should profit. As I remarked the other night. I think no institution contributes more fully to community effort does more community good, than the local newspaper, and there is no reason why the local newspaper should not profit from this service, just as the man engaged in any other line of business does.

Again assuring you of my appreciation I am,  
Yours very truly,  
J. M. North, Jr.

## Cunningham Is Dist. Chairman

The Forty sixth Reunion of the El Paso Bodies of Scottish Rite Freemasonry will be held October 22, 23, 24 and 25, 1928. At this same time the Texas Grand Chapter of the order of Eastern Star will be in session in El Paso. At least 3 thousand members of these two organizations will attend these meetings.

C. W. Cunningham, 33 degree of this city, is district chairman for the Big Lake district and has advised that this part of the reunion will send large delegations. All the degrees of the Scottish Rite from the 4th through the 32nd will be conferred and a large class of applicants is expected.

Unusually low round trip railroad rates will be in effect.

A magnificent pipe organ has been ordered and will be installed in the auditorium of the Scottish Rite Cathedral by Oct. 15th. This organ will have two consoles, three manual, embodying the latest improvements. In addition to the 1-528 speaking pipes, there will be a set of cathedral chimes and a large concert harp. The dedication of this organ as a memorial to the late W. H. McCullough, 33 degree, will be held during the Reunion and an elaborate musical program is being arranged.

## Cameron is Found Guilty of Charge

BROWNWOOD, Texas, July 18.—(AP)—The Rev. G. E. Cameron pastor of the First Methodist church here today was convicted of charges of "gross immorality" and dismissed from the Methodist conference following a trial before a jury of twelve preachers, presided over by Dr. Emmett Hightower of Breckenridge.

A Brownwood woman was said to have preferred charges against Mr. Cameron.

## Postoffice Quarters To Be Considered

Postmaster E. E. Fahrenkamp is in receipt of a communication from A. E. Page of Fort Worth, postal inspector in which he advises he will be in Big Spring in about ten days. At that time he will be pleased to meet all those who may desire to submit propositions on the rental of a building suitable for use as a postoffice. A minimum floor space of 3,500 feet is desired for this purpose.

## Oil Cos. Agree To Pay 60c Royalty

AUSTIN, July 17.—Oil companies operating on university and school lands in Upton and Crane counties with few exceptions have agreed to pay a royalty on the oil of 60 cents per barrel, it was announced today by Assistant Attorney General E. M. Tilley.

## CRUDE OIL Reporters.

FINDLAY, The Ohio Oil announced an oil well in the tucky crude \$1.42

## Our City Is Moving Along Nicely

A Few Seem to Be Impatient because Boom Aspect Seems Lacking

## 25,000 in Next 2 Years

Big Spring is building on a substantial foundation, and is building steadily.

The majority of the citizens of Big Spring are more than satisfied with the splendid progress Big Spring is making; a few seem to be impatient because we are not making a big bid in the way of publicity to hurry our progress.

It is just a question of building safely and sanely, or going wild in order to enjoy a boom. The steady growth Big Spring is making pays in the long run and is giving us time to build a real foundation for a city of 25,000 or more population.

Our public service companies are given a splendid opportunity to expand at a safe pace and plan for future needs in our city. Our city is being given an opportunity to complete paving and secure a water supply adequate to meet present and future needs. We are having an opportunity to build homes as needed, and not to take care of a boom condition.

Every citizen is profiting by the sure and steady growth our city is making.

It is far better to keep both feet on the ground and make a sure and steady growth such as Big Spring is, and has been making, rather than the boom conditions which have marked so many oil towns.

You won't have to travel many hundreds of miles to find several sizable cities where conditions are anything but favorable because some folks lost their heads and saw their cities turning into cities the size of New York. Only a few realize anything out of a boom. The residents of boom cities have many years to regret their folly.

Big Spring has been holding safely and sanely. You don't get the shacks which usually precede a boom like a piano. Many believe the population of Big Spring will increase to 25,000 within the next two years. It will be far better if the growth is extended over a period of five to ten years.

With more refineries, more oil development, increased work at larger railroad shops, the coming of machine shops, manufacturing plants to insure a continued growth we are sitting pretty and we can afford to let our town continue her steady pace rather than to force an unhealthy growth.

Most of our citizens expect to continue to make their home here and that's why they prefer a steady rather than a boom growth for Big Spring.

## Leaves For New York To Buy Fall Mdse.

A. M. Fisher, of the Albert M. Fisher Company left last night for New York, where he will spend three weeks in the northern and eastern markets, buying new fall and winter merchandise for their large department store.

Due to the discriminating taste of the buying public in Big Spring, Mr. Fisher expects to spend more time than usual selecting exclusive ready-to-wear, millinery, piece goods and accessories, that are necessary to keep Big Spring an outstanding shopping center in West Texas.

## Four Planes Pass Over Bir

We may not have even though one of our most important air United States and of airplanes, which here, pass us by westward bound city this morning. While the planes were in the air, you will

## Gen. Obregon Shot Down At Banquet

Slayer, an Artist Was Captured Almost Immediately After Murderer Flees in Jail

### Crime Premeditated

Evidence That the Crime Was Planned Was Found in Papers Discovered in Slayer's Pockets

MEXICO CITY, July 17.—President-elect Alvaro Obregon of Mexico, called "Lucky" Obregon because he had so often escaped death or battlefield or by assassination, died violently at last today.

Like so many of those who have been president or have headed governments of Mexico, he was the victim of an assassin. He was shot down as he sat at a banquet given him by his political supporters at the little town of San Angel, near Mexico City, at 2:35 o'clock this afternoon. Police said tonight the assassination was only one of a series planned and by which a number of the leading statesmen of Mexico were to have been removed in great agony.

The one-armed warrior-president, with six bullet wounds in his body, died in a few moments without speaking a word and in the greatest agony. His assassin, known as Juan Tormenta, was captured, almost torn apart by maddened friends of the slain general, and taken to jail where he confessed his crime.

Tonight many of those who were known to have been opposed to General Obregon had fled Mexico City before the fury of his friends and supporters who were kept in bounds only by the stern vigilance of police and soldiers who patrolled the streets of the capital and the roads of the surrounding country. Mexico City was in a fever of excitement, but there were no disorders.

### Crime Premeditated

Evidence that the crime was premeditated was found in a paper discovered in the pocket of the slayer. It was addressed "to my family" and said:

"Knowing that I will die in carrying out my principle, I bid you farewell. It was signed simply, 'Juan'."

Another slip of paper contained the names "Tormenta, Topete, Robinson" and it is assumed that these names were of men also singled out for death.

Real identity of the assassin was not known to the public at least tonight. It is pointed out that the name "Cacapulario" is one often given in contempt or derision.

What the political consequences of the crime will be no one would venture to predict. President Calles took charge of the situation within a few minutes after the slaying, and it was generally believed that he would have strong control over any situation that might arise.

### Calles May Keep Office

The question of who will succeed Calles, now that General Obregon is dead, is undecided. In many quarters it is believed the president may, under the constitution, serve another full term. In others it is thought probable new elections will be called.

General Obregon many times narrowly escaped assassination, once at the hands of a common soldier in the field and only last November when a bomb was thrown into his automobile. He escaped the last time with a few cuts on his face. Several times since the presidential campaign of 1923 opened his headquarters were bombed.

The poisoning today came most unexpectedly. General Obregon was seated at the head of the banquet table with Ricardo Topete, Obregon leader in congress, at his right and Aaron Saenz, governor of Nueva Leon, at his left. While he chatted with his hosts a band played Mexican music and a cartoonist drew sketches of the notables.

### Fires At Close Range

Suddenly the cartoonist rose and approached General Saenz asking permission to show his cartoons to the guest of honor he turned to Obregon, pretended to show him the cartoons and then with a gun which he had concealed under the papers fired directly into the president-elect's body.

He repeatedly expressed and his friendly attitude toward government.

and U. S. government that the have since led the land and the United States.

## Loves Name To Be Off The Ballot

Fourth Court of Civil Appeals to San Antonio Gives Decision Against Love

### Two Others Affected

Court Held Candidates Should Have Stepped Out After The Beaumont Convention

San Antonio, Texas, July 17 (AP)—Fourth Court of Civil Appeals today rendered a decision in which they upheld the Cameron County district court which refused writ of mandamus seeking to compel the County Democratic Executive Committee to print the name of State Senator Thomas E. Love, candidate for the office of Lieutenant Governor on the Cameron County ballots.

Love publicly announced that he repudiated his support of Governor Alfred Smith for president but insisted he was entitled to a place on the ballot because his name had been duly certified by the State Democratic Executive Committee.

In making the decision the court held the right of every citizen to change his political theories and support whomever he pleased, but asserted: "When such a change is contemplated, justice to the former party demands he should not seek its honors and emoluments."

Cameron County has ordered the names of Mrs. Edith Williams, candidate for governor, and also William Hawkins, also a candidate for the governor's office, barred from the ticket for the same reason that Love's name was barred.

The decision occurred in by all justices was written by Chief Justice W. S. Fly. The court ruled that Love should have had name removed from party consideration after the Beaumont convention.

became a candidate.

The campaign for the presidency of Mexico was a tempestuous affair. An attempt was made to assassinate General Obregon on November 12, 1927. Two bombs were hurled at him in the gardens of Chapultepec Castle.

Obregon was on his way to a bull fight when four men threw the bombs at the car in which he was riding. His face was severely cut by flying glass and the automobile was partly destroyed. After treatment, he went to the arena and sent his wife word that he was "safe at a bullfight."

The four assassins were captured and executed on November 23.

Two of Obregon's rivals for the presidency—Generals Francisco Sarano and Arnulfo S. Gomez—were executed last October on charges of sedition.

### Uprising Possible

In the best informed circles it is thought that President Calles would retain strong control over whatever situation might arise as a result of the murder of the man who was to have succeeded him as president. In the same circles it is believed that a revolution or armed rising are not improbable.

No one will venture to predict what may occur in the future, although it is generally believed that President Calles can be named by congress to continue in office. It is possible, however, that other elections may be called.

### SUMMER SCHOOL EXAMS GIVEN THIS WEEK

Students at ending summer school are taking final examinations this week the first ones to be given today. Summer school will officially close Friday, July 20. Several seniors will receive their diplomas at the close of their summer work.

## Two Injured In Accident Last Night

Miss Mary Rogers and Miss Esie Benson Received Painful Cuts And Bruises In Accident

### Car Is Hit Broadside

Hit By Studebaker Coupe Driven By J. C. Horn of This City

Miss Mary Rogers, daughter of W. H. Rogers, and Miss Esie Benson, daughter of Mr. and Mrs. J. S. Benson, are in the hospital today suffering from painful cuts and bruises received in an automobile accident last night, about 11:15 o'clock.

The accident happened at the corner of East Second and Runnels street. Misses Rogers and Benson were riding in a Ford touring car going west. It is said that a Studebaker coupe, driven by J. C. Horn, going south, hit the Ford touring car, almost broadside. In the crash, the two ladies were thrown from their car to the pavement. They were rushed to the Big Spring sanitarium in an ambulance, where they were given medical attention.

Miss Rogers received a painful cut on the head, and it was necessary to take several stitches in same. She was also cut on the arm besides being painfully bruised and shaken up.

Miss Benson received a cut on her shoulder, and it was necessary to take several stitches in same. She was also bruised about the body.

Their injuries are not considered serious ones. They are reported to be resting nicely this afternoon.

### Ice Grabbing To Be Stopped

The practice of taking the ice which drops from the ice-plant platforms at the plant of the Southern Ice & Utilities Company must be stopped.

Many have not stopped to consider they are taking something that does not belong to them—so this warning is being given to keep any one from getting into trouble.

In the first place the Southern Ice & Utilities Company and the railroad company do not want any one to be injured at the ice-plant which is quite likely to happen when the men at work on the ice-plant have time to watch out for those below—and who have no business on this property.

A use for the ice which falls has been found, we do not feel free to come and cart it off as many have done in the past.

## Business Men Approve Bond Issue For Water

This week's meeting of the Luncheon Club was unusual in a way as the entire membership appeared to be of one mind as to the big need of our community. After the introduction of visitors, President Phillips turned the meeting over to Rube Martin.

Mr. Martin was chairman of the program committee so he was prepared with some good speakers to do the hard work and he first called on E. E. Fahrkamp to handle the following subject: "Profiting by our Neighbor's Mistakes." Mr. Fahrkamp handled this subject in a big way but he always came back to the main point that we couldn't afford to let any other city profit by our making the mistake of failing to provide a water supply sufficient to meet the needs of a city of 25,000 population or more. He said there was danger of our being satisfied with our present supply only to have the costly experience of Dallas, Fort Worth, Abilene and Sweetwater have had. A city cannot provide too large a water supply and the growth of most cities is retarded because of an inadequate supply. Lack of an adequate water supply is the greatest obstacle to development, and Big Spring has the greatest opportunity of any city in West Texas if we could prove to the world we had water to meet every need. The old timers here know we have it and can develop it as needed, but the prospective investors have to be shown. He said we should develop this water now and let the development get under headway. He said there was no danger of overbuilding Big Spring as it was just as certain to grow to a city of 25,000 population as that we were all enjoying the fine luncheon the ladies had prepared.

Judge Garland A. Woodward seconded every statement Mr. Fahrkamp made and added many more reasons why Big Spring people should come alive and vote any bond issue in reason to provide a water supply which would meet the needs of this fast growing city for the next twenty-five years. He said he knew of a new group of investors with their eyes on our city to invest in a new financial institution and an office building and our cinching a big water supply would insure their coming.

He stated our city was at the point where it could make wonderful strides if we would make up and secure those things which would insure our future growth. He commended the City Commission for their progressive steps in going after more water and other

improvements and stated we should back them up to the limit.

L. A. Eubanks made a motion that a bond issue of \$200,000 be asked to provide an adequate water supply.

Fox Stripling suggested that we let the city state the amount of the bond issue needed as he knew the citizenship, realizing the need of more water, would vote \$200,000 amount in reason the Commission might ask for.

City Manager Montin stated that the city was fortunate in having plenty of water, with a little shortage possibly until the new main and other improvements can be completed.

### Stray Stock Is Being Rounded Up

Owners of livestock are finding that the City Officials mean to enforce the ordinance prohibiting the running at large of stock in Big Spring.

Since the establishment of the City Found about 15 days ago, 73 head of livestock, mostly horses and mules have been placed in the City Found. This number of stock could certainly make flowers and shrubs look sick if it was necessary to depend on the enforcement of the ordinance against letting cows, horses, mules and burros graze in the yards and flower beds in our city.

## W. Tex. C. of C. Directors Meet

COLEMAN, Texas, July 16, 1928.—The West Texas Chamber of Commerce re-elected Homer D. Wade its general manager; and its executive board meeting Monday for the first time in the new fiscal year, all but ignored "reform" recommendations from the Wichita Falls, San Angelo and Slaton chambers of commerce.

Wade's re-election, at a salary advance of \$2,500 per annum, was a big triumph for the present working staff of the organization which has to an extent been under fire since the Wichita Falls chamber of commerce promulgated a set of recommendations which if adopted here, would have radically upset the present policies of the big regional body.

The directors took note of the Wichita Falls recommendations to the extent of approving the appointment of a committee of three to work over the constitution and by-laws, bringing them up to date; to have copies of the annual audits of receipts and disbursements broadcast; and urging the publicity department to give "keenest thought" to national publicity. They also created a new body, on Wade's recommendation—a "cabinet" of nine men, the chairman of the nine major committees, who will in effect, conduct the affairs of the organization subject to approval of the executive board.

# You should be using GOODYEAR TIRES

There are a lot of good tires on the market today some not so good and some that are just plain "no good."

But among them is one that is the best. That's the one you want.

We have it it's a Goodyear, The World's Greatest Tire.

It's not the greatest because we say so.

It's greatest because of six definite points of superiority in materials and construction.

It's greatest because for over ten years more Goodyears have been made and sold than any other kind.

It's greatest because it is the acknowledged world's standard of quality.

It's greatest because more people ride on Goodyear Tires than any other kind.

And it's greatest too, because in spite of its supreme quality it costs no more.

As a matter of fact you pay no more for a genuine Goodyear than you are asked to pay for many unknown tires of doubtful worth.

Your size is here and our prompt, expert, courteous service goes with every one we sell.

# Refinery Of 10 Bbl. Run Locate Here

### and Company Announces Letting Contract for Erection of Plant

## FIELD WITH PIPE LINE

Carries Information That Pipe Line To Be Laid To Serve Refinery

July 14 (AP)—According to an announcement tonight J. S. Cosden, president of Cosden & Company, has been let to erect a refinery in the care of the production of that company's oil field.

Information of a Big Spring refinery is being given to the public by J. S. Cosden and principal engineers and operators over a cost of \$1,000,000.

Work on the first county road to be built into the Howard-Glascock oil fields will begin this week, it is reported. The new road starts in the heart of the oil fields, near the Blue Goose Cafe and will extend southward two miles to New Drumright, where it intersects Highway No. 9 and from there almost due west four miles to the Garden City-Big Spring highway.

This new oil field road crosses the land of W. R. Settle, J. C. Phillips, Overton, Hart Phillips and R. S. Coffee. The land owners donated Glascock County a 60 foot right of way. The road will be graded and oiled. Commissioner Caudress said, "as it will not only give good road into the oil fields, but it will shorten the distance from the oil fields to Garden City, Glascock County's capitol about 16 miles."

Work on the \$40,000 school building in Coahoma is progressing rapidly. A crew of workmen is rushing this building to completion so that it will be ready for the fall term of school, about the middle of September.

Coshoma has grown so rapidly that it was necessary to enlarge her school accommodations. The fine new building is indeed an asset to the town.

# Oil Men Ask 50 Pct. Limit In Howard Co.

### Actual Production of 25,000 Barrels Daily Agreed By Operators In Howard County Field

## 10 Co. Represented

R. T. Piner of Big Spring is Chairman of Howard County Advisory Committee

AUSTIN, July 16.—Proration of production in the deep lime pay in Howard county, which is commonly known as the Roberts Pool, is necessary in order to prevent waste producers and engineers familiar with the area unanimously testified at a hearing by the Texas Railroad Commission in the matter here Monday.

This was declared necessary since only by restricted production can the water encroachment be controlled and the full amount of recoverable oil taken out. By attempting to take the oil out too quickly, the commission was told the drawing of water up-structure tends to be quickened and a large quantity of the otherwise recoverable oil is trapped off in the sand. The testimony in this respect was similar to that on similar occasions with reference to other pools, when it has been described as having a whole cake in a week rather than so producing the field as to have only half a cake in two.

Strangely enough, in testifying to the necessity of proration, most of the witnesses of the stand affirmed the belief that few if any of the Howard County deep pay wells would flow when the field was drilled to any extent.

It was explained that there is an almost complete absence of gas to act as propulsive force, and that the hydrostatic or water drive was not sufficiently strong to make the wells flow except by agitation.

Swabbing Ban Asked  
In the order which the commission has been asked to adopt by a committee of Howard County operators, swabbing for production is prohibited as is the use of air gas lift for the present. If many of the wells will not flow naturally, this leaves pumping as the only means of production, but even in this case proration was expressed as desirable.

One witness, E. G. Allen, production chief for the Roxana Petroleum Company of the Texas district appearing as a witness at the request of the operators' committee, told the commission that proration had meant the absolute saving of the Winkler County field.

He cited the instance of one lease of the Roxana where water had already appeared under the practice prior to proration of producing the pool to capacity. It was only a question of time, he said, until the entire lease would have gone to water 100 per cent. As a result of the pinching in, incident to proration, he said, water encroachment had been retarded to the extent that water had been eliminated on the lease. He cited that as one instance which could be multiplied by experience of other operators. Allen recalled that he had testified early in the consideration of Winkler proration that he did believe that without proration more than 50 per cent of the ordinarily recoverable oil would be taken out of the field.

Recent experience has convinced him, he said, that the full amount of ordinarily recoverable oil would not be obtained.

Initial Limit Mooted  
In considering the Howard County case, there was considerable argument as to whether the initial production limit would be placed at 15,000 barrels or 25,000 barrels, it being contended that while the former would be just at the present time for the field, the immediate future would make the latter figure a more proper one, both on the basis of market outlet and fair pinching according to potential capacity.

Others favored a similar limit with the proviso that not over 60 per cent of the full production capacity be taken from the wells. In cases of wells which would not flow it was suggested that an hours test on the swab be given, with adjustments for difference in casing sizes and amount of power used.

The Howard deep production is now shut in because of lack of pipe line facilities. The meeting, however, precipitated by the nearness of such facilities being provided and due to belief that preventive measures should be taken before waste which had occurred in similar pools under similar conditions be allowed to develop.

Many Testify  
R. T. Piner, Big Spring banker, and oil man, who is chairman of the operators committee, conducted the examination of witnesses called by the committee, many of whom were members of the committee. These witnesses included I. G. Harmon, vice president Marland Production Company; Virgil Hicks, Tulsa oil man, representing the Laurel Oil and Gas Company; J. E. Bristow, Big Spring, producer; C. V. Millican, Tulsa, petroleum engineer, representing the Amerada-Richards interests; O. E. Bennett, production engineer with Marland Production; E. G. Allen, Roxana Petroleum Company; Ward Mer-

rick of Ardmore, independent producer in the Howard pool, and William Fleming of the F-H-E Oil Co. Big Spring, J. S. Cosden producer, who has started the construction of a refinery in the pool, when asked for his opinion, stated that he concurred in the belief that proration was necessary to save waste. He expressed doubt as to whether this would apply with respect to the first, or 2,500 foot lime pay in the pool, expressing his own opinion that it would not, but stating that in that he was at variance with others interested in the pool.

Bennett, while on the stand, expressed the opinion that the air gas lift would be uneconomical in the pool, due to the corrosive effect of the introduction of air in the sulphur water-oil column in the wells, and the consequent rapid eating of tubing and casing. He also said that its indiscriminate use would prove highly dangerous.

The hearing was conducted by Chairman Gilmore of the commission, Commissioner Terrell and by R. D. Parker, chief supervisor of the oil and gas division. After conclusion of the testimony Chairman Bennett of the testimony Chairman would be taken under advisement and a decision given at a later date.

# Candidates at Vealmoor

A large crowd gathered at Vealmoor Tuesday night to hear the district and county candidates tell their troubles and point out the many reasons why they should be elected by the good people.

Practically all the candidates of our county except two were on hand—and these two had good excuses. Judge Debenport on account of his physical condition and Sheriff Frank House who was busy on official business. The three candidates for district judge were on hand and made fine talks. These being our present district judge Fritz R. Smith of Snyder, Judge A. S. Mauzy of Sweetwater and Hon. Thomas J. Coffee of Colorado and Big Spring.

The candidates had from 8:30 to 10:40 p. m. to tell their stories and the crowd gave them a careful hearing.

Police in Paris must know how to drive all makes of automobiles.

# Buildings For Farmers' Gin

Foundations are being prepared for five structures on the site where the Farmers' Gin Co. are to erect their modern cotton gin in the north part of the city.

The main building for the plant will be 24x84 feet; the cotton house will be 35x36 feet; the seed house will be 24x10 feet; the wagon shed will be 16x24 feet and the extractor house 10 by 24 feet.

The officers of this company have purchased of J. and W. Fisher a lot 50x140 feet just south of the gin site as a place to stack the hulls and sand.

# BIG SPRING PIPE LINE CO. GETS CHARTER

# Cotton Consumption June 510,565 Bales

WASHINGTON, July 14. (AP)—The cotton consumed in June totaled 510,565 bales of lint and 63,587 linters the census bureau announced today as compared with 659,841 lint and 70,005 linters in June of last year.

Miss Winona Taylor who has been spending the summer in El Paso is visiting her parents Mr and Mrs. H. F. Taylor and other relatives here.

Herald want ads get results.—use them.

# Big Spring Is Best City Found

B. F. Hill has been traveling around Texas and Oklahoma since last November and asserts that Big Spring is the best and liveliest looking city he has encountered. In most places business seems rotten and the folks are standing around about half asleep, but in Big Spring everybody seems busy and in good spirits. Even in the Seminole and Shawnee Okla. oil field conditions are bad and there is much unemployment. If Big Spring continues on her present course it is certain it is due to become a large city. Mr. Hill lived in the Elbow Community here some 17 years ago and asserts that Big Spring has certainly made a wonderful growth during the time he has been away.

Mr. and Mrs. Hill who are here on a visit to relatives reside at Upland California, but have been away from home since last November, visiting their nine children who live in four different states.

# Lester Fisher, a Public Spirited Citizen

We have one citizen in Big Spring that has shown his public spiritedness in more ways than one. That man is Lester Fisher. On every occasion Mr. Fisher volunteers to give his time and money to any cause that is for the betterment of Big Spring.

# \$40,000 School Bldg. Coahoma Going Up

Work on the \$40,000 school building in Coahoma is progressing rapidly. A crew of workmen is rushing this building to completion so that it will be ready for the fall term of school, about the middle of September.

Coshoma has grown so rapidly that it was necessary to enlarge her school accommodations. The fine new building is indeed an asset to the town.

# Well And Road New Town's Feature

A water well is being drilled in the townsite of New Drumright. It is announced here. The well is located three blocks east of the Big Spring San Angelo highway, on the highest location in this new oil field town.

According to H. L. Childress, the contractor who is drilling this well, water should be found at this location at a depth of 180 feet. Childress this week completed a water well for Hart Phillips on his ranch west of New Drumright.

Work on the first county road to be built into the Howard-Glascock oil fields will begin this week, it is reported. The new road starts in the heart of the oil fields, near the Blue Goose Cafe and will extend southward two miles to New Drumright, where it intersects Highway No. 9 and from there almost due west four miles to the Garden City-Big Spring highway.

This new oil field road crosses the land of W. R. Settle, J. C. Phillips, Overton, Hart Phillips and R. S. Coffee. The land owners donated Glascock County a 60 foot right of way. The road will be graded and oiled. Commissioner Caudress said, "as it will not only give good road into the oil fields, but it will shorten the distance from the oil fields to Garden City, Glascock County's capitol about 16 miles."

Vote for Judge O. C. Funderburk of Eastland, Texas, for Associate Justice of the Court of Civil Appeals  
ELEVENTH DISTRICT

He is a native Texan, his grandfather having fought in the war of 1812.  
He is a life-long Democrat.  
He is a graduate of the Law Department of the University of Texas.  
He was four years a County Judge.  
He served with distinction as Assistant Attorney General under Jewell P. Lightfoot.  
He practiced his profession for a number of years at Eastland, and is one of the ablest lawyers of the District.  
He was appointed as Associate Justice of the Court of Civil Appeals several months ago by Governor Moody.  
He has distinguished himself as an able Judge during that brief period.  
He has a judicial temperament of mind, is pure in character, kind in disposition, and perfectly fearless in the discharge of the duties of his office, declaring the law without favoritism or partisanship.  
He and Judges Hickman and Leslie constitute one of the strongest Courts of Civil Appeals in the State.  
He is entitled to great consideration, having abandoned a lucrative practice to accept a position on that court only a few months ago.  
Nothing detrimental can be said against him. Will you vote for him? His many friends and he will appreciate your support and vote. You will make no mistake. His friends vouch for him.

Contributed by his many friends and supporters.

### Boy Scouts Water Carnival July 31

Sixteen Troops Organized In this District. Two Hundred Scouts Will Attend Carnival In Sweetwater

Last week certificates and badges were given to a troop of sixteen Scouts at Rofan, this is the sixteenth troop to be organized since the first of the year by the Buffalo Trail Council.

Troops are active now in Midland, Stanton, Odessa, Big Spring, Colton, Frado, Loraine, Roscos, Sweetwater, in the Rio Grande and Sylvester.

The reports from all the troops show that they have been very active during the last two months. Council rallies have been held at Big Spring and Midland. All the troops are planning to be present down at the Big Water Carnival at Sweetwater on the 31st of this month. The committee in charge is making arrangements for entertaining two hundred scouts.

The program for the water carnival is as follows:  
Fancy diving (12 foot tower).  
Plunge for distance (4 foot platform).

Candle race (fifty yards any stroke).  
Speed swimming (fifty yards any stroke).  
Umbrella race, any stroke.  
Tilting contest.  
Surface dive.  
Clothes relay.  
General swim for everyone.  
(1) Instructions for beginners.  
(2) Examination for swimming tests.  
Life saving demonstration.

Mr. and Mrs. Tom Sullivan and daughter, Misses Allie Lena and Nellie Mae plan to leave Sunday for a visit with relatives and friends in Murfreesboro, Tenn.

## NEW INDUSTRIES ASSURE FUTURE GROWTH OF CITY

In Addition To the Coming of the Cosden & Company Refinery, Follows the Announcement That Moody & F. H. E. Oil Company Will Also Locate Here

### Work Started On Groff Holdings

New Refinery Is the Largest of the Three Now Assured Big Spring, and Will Have a Running Capacity of 18,000 Barrels

By S. F. Balentine  
A third refinery, with a capacity of 5,000 barrels daily, will be built at Big Spring, according to advices received here today from local interests who will be associated in the enterprise.

The refinery will be built by Reese Allen of Wichita Falls, who will have the operating control, and will include a six-inch pipe line from the Howard-Glasscock oil fields to Big Spring. The pipe line will have a capacity of 15,000 to 18,000 barrels.

The Moody Oil Corporation and the F. E. H. Oil Company will have a half interest in the refinery and pipe line, it is announced, but that Allen will have the operating end. Reese Allen has been very successful in the refining and marketing end of the oil business.

At this time he is the owner of the Amarillo Refining Company, with a plant at Amarillo; he also has recently completed a 3,000 barrel plant at Pampa, Texas, which is operating on crude from the Gray county field.

The Moody Oil Corporation of Houston and the F. H. E. Oil Company are the owners of the north-half of section 136 and the northwest quarter of section 137, block 29, Howard county. They now have one producer from the deep lime pay and two producers from the shallower horizons on this lease. They will also have another deep producer completed within the next 10 days. It is being carried as their No. 6-E Roberts, and is drilled in about 2,700 feet.

Last week there were two 55,000 barrel tanks unloaded at the local T. & P. yards for Reese Allen. There is no information available yet as to where they will be located. Indications are that the refining plant will be located east of town. Indications are that the refining plant will be located. Indications are that the refining plant will be located. Indications are that the refining plant will be located.

This makes the third refinery announced for Big Spring. The other two being the Big Spring Refining Company and Cosden & Company. The Big Spring Refining Company's plant is now under construction and will have a capacity of 3,000 barrels daily. This plant is located west of town and it will be a modern pipe-still plant. This enterprise is being built by Dallas capitalist, C. R. Groff and R. S. Petersen of Dallas are the operating heads. Petersen is a very able technical man; for a number of years he was with M. W. Kellogg & Company, the marketing end will be handled through Everybody's Gasoline Company of Dallas, who it is reported, is also interested in the enterprise. The same interests are also the controlling factors in a pipe line to the field, which will probably be a four-

### R. R. Comm. Considering Roberts Pool Case

R. T. Piner is Chairman of the Howard County Advisory Committee

#### Opposition Is Expected

Recommendations for Pipe Setting and Cementing Below 2,000 Feet Are Expected

R. T. Piner, chairman of the Howard County Proration committee left Sunday for Austin to attend conference between Railroad Commission and proration committees of the Roberts pool in Howard County.

John W. Naylor oil editor of the Fort Worth Star Telegram, points out the importance of this meeting in the following article:

Proration of production in West Texas Permian Basin pools, which has taken first importance in Texas as if not in national oil developments, will move toward a new phase in Austin today.

At that time the Texas Railroad Commission will hold a hearing on the request of operators in the Roberts pool of Howard county for the issuance of a proration order. Eventually the question of proration between pools is seen as a result.

Whether the new phase, which is accorded in the opinion of many operators equal importance with the initiation of proration, will immediately come to the front or not, is not known.

However, it is considered certain, sooner or later, that Howard production will be dealt with by the commission as has been done in Pecos and Winkler.

Precedent Made  
A precedent for this has already been set. Whether it will be done immediately or not, remains to be seen.

Some declare that since all the deep pay production of the county, which is the only possible source of over-production there, remains shut in, that there can be no waste and no need for present conservation measures—for where there is no production there can be no waste.

To this is offered the counter argument that it is apparent production will soon be opened in Howard county, and that unless proper measures are taken waste will ensue.

It is urged that the powers of the Railroad Commission to take steps to prevent such waste do not necessarily limit it to a course of action similar to locking the stable door after the horse is stolen—at least after this has gotten under way.

Considering that Howard County will probably be eventually added to the proration, there necessarily comes the new phase of proration. In order to provide a basis for equitable treatment of operators within a pool, a limit for allowable production of the pool must be set.

In all previous instances this has been the limit of the outlet available to the pool. At least this was the case in Pecos County, and Winkler county outlet came pretty near being the regional outlet remaining after Pecos and the Upton-Crane area and Big Lake area were taken care of.

When Howard county comes on production, its outlet, outside of the local facilities offered by a couple of refineries, will be in the nature of feeder lines to trucks which are already running at capacity in taking care of oil from other regions, or rail shipments on roads serving other pools.

This will sooner or later bring a conflict between pools and necessitate a proration of production between pools in the West Texas Permian Basin as at present within pools outlet is now allocated by proration.

And this, in the opinion of operators, will bring on a series of problems as important as the proration principle itself.

**Knotty Questions**  
On what basis aside from modifications proceeding from localized conditions, is it to be determined that this pool shall have so much of the regional transportation capacity and that pool so much? Will it be left to pipe line company negotiations, or in the case of tank car movements where a single road serves several pools, to railroad nominations?

Are the semisettled areas of Upton-Crane and Big Lake with adequate pipe line facilities, to be allowed to produce approximately their full potential while Winkler, Pecos and Howard are held down to a small percentage?

Such are issues which are being seen and discussed as arising sooner or later as the need for proration widens, and their solution will constitute the next phase of proration—a phase which will be of absorbing interest to the entire region until its final solution, or until necessity passes.

Mrs. J. L. Miller and Mrs. T. E. Baker returned yesterday morning from Dallas, where they have been the past two weeks. Mrs. Baker, who underwent an operation on her eye and throat, is reported to be getting along nicely.

### New High School Bldg. Shaping Up

Splendid progress is being made on the brick work on the new high school building. The inner walls of the building are shaping up, and work is progressing nicely.

All of the destructive work on the old building is done, and the workmen are doing constructive work now. The division walls are being put in the old building and the plumbing work for the laboratories is also in progress.

The terrazo work in the halls will be started within the next day or so.

### Amerada Makes 12 Locations

Three New Business Houses Going Up in Foran. Material For Hotel Being Assembled Today

The Amerada Oil Company has made twelve locations on section 130, block 29, in the Howard county field near the new oil town of Foran.

Three new business houses are going up in Foran including a garage, filling station and cot house. Material for a new hotel is being moved to its building site today. Mr. Wolfe of Coahoma will be proprietor of the hotel.

Twelve location for Amerada on section No. 130 Block 29, W. and N. W. R. R. Co. survey, Howard County field and Camp site for company houses, with material on the ground and more coming in. Four locations on the SW 1-4 and S on the NW 1-2 of section 130 near the new town of Foran. Locations as follows: 330 feet west and 330 feet north from the Southeast corner of the Northwest quarter; 330 feet west and 990 feet north from the Southeast corner of the Northwest quarter; 990 feet west and 330 feet south from the Northeast corner of the Southwest quarter; 990 feet west and 330 feet north of the South East corner of the Northwest 1-4.

990 feet west and 990 feet north from the Southeast corner of the northwest quarter; 990 feet east and 330 feet south from the northwest corner of the southwest quarter; 990 feet east and 330 feet

north from the Southwest corner of the northwest quarter. 990 feet east and 990 feet north from the southwest corner of the northwest quarter; 330 feet east and 330 feet south from the northwest corner of the southwest quarter; 330 feet east and 330 feet north from the Southwest corner of the Northwest quarter; 330 feet east and 990 feet north from the Southwest corner of the Northwest quarter. The camp site is located in the center of the Northwest quarter and overlooking the Roberts deep pay field and the new town of Foran.

Mrs. H. A. Glover and daughter of Dallas, and sister Miss Andree Walker of this city left last night for a visit in Los Angeles and other points in California.

L. D. Miller and family said to have been in the city for a suit of clothes and a new car. The Miller family has been in the city thirty days in the past and pay a fine of \$20 each.

**Don't make your car a glutton for punishment**

JUST because most motors are built to withstand terrific abuse is no good reason for carelessness with regard to lubrication. Lack of oil or the use of the wrong oil sends many a good engine to an early grave. Reason enough why you should use Conoco Motor Oil—regularly. This tried and tested oil is of the same high quality whenever and wherever you buy it. Stands up under extreme engine heat. Saves gasoline. Reduces friction to a minimum. Does a thorough lubricating job and hence assures extra life for your car. There's a grade for your motor. Ask your dealer for the chart.

### Rotary Club Arrange For More Water

#### Urges a Bond Issue of \$500,000 If Necessary to Secure an Adequate Supply

### Refinery Discussed

#### One Of The Best Meetings Of The Rotary Club In Its History Was In Order

One of the most interesting meetings ever held by the Rotary club was in order today, when plans and suggestions for civic progress held the first place in the discussions. It was a real peppy meeting and it would have been well had this enthusiasm been communicated to all our citizens.

Fred Phillips the chairman did the honors as toastmaster, and the ladies of the Episcopal church certainly prepared a splendid luncheon.

Dr. G. T. Hall had been given the assignment to secure some refinery information and he came loaded for bear. He said as far as refineries were concerned, Big Spring was going to be well provided, and the refineries we are to get are going to be second to none.

Edwin A. Kelley commented on the need of an adequate water supply and stressed the need of our securing a supply for the future. He said we should not rest just because we have sufficient to meet our present needs.

F. C. Cayton, also made a water talk and stated we should stay on the water wagon until we can say to refineries and any other factories seeking a location in Big Spring "come on, we've got the water."

Following these enthusiastic talks a motion made by B. Reagan carried unanimously favoring a bond issue sufficient to secure a water supply sufficient to serve a factory city of 40,000 population.

### Fourth Annual Ranchmen's Round-up August 14, 15

### Much Doubt Exists Around Title Scrap

#### Will Tex Rickard Get His Expected Million And a Half Dollars From This Fight Is Question

### K. O. Unlooked For

#### The Only Thing in Heeneys's Favor Is His Recent Fights And May Prove a Great Help

NEW YORK July 13.—From what I can hear with my slightly shop-worn ears, the only two elements of doubt worthy of critical consideration in connection with the approaching altercation between the White Rock and the Hard Rock, as Messrs. Tunney and Heeneys, respectively, might as well be called, are as follows:

Exhibit A.—Is Tunney good enough to knock Heeneys out? Exhibit B.—Will the fight yield Mr. Rickard his anticipated \$1,500,000?

For once your correspondent is moved to throw caution to the sultry breezes, rush in where district attorneys fear to tread, take the bull by the red flag, and speak his brave piece, unmindful of consequences which may prove both embarrassing to a distinguished reputation and humiliating to a sensitive nature.

In other words I think that Tunney may knock out Heeneys and again he may not, and that Mr. Rickard may get his \$1,500,000 and again he may not. At least this is the way it looks to a man up a tree to yours truly, and to one who has no axe to grind, but hopes simply that the best man may win, and that the title will stay in America.

More seriously there does appear to be less doubt concerning the ultimate winner in this fight than in any previous one for the heavyweight championship, not even excepting the Philadelphia debacle when the experts as well as the non-experts were thrown the distance of the field, with an additional 15-yard penalty for holding.

I haven't yet met anybody barring Heeneys's camp aides, close relatives and debtors, who will openly concede that he has a Bulgarian's chance against the Yale eloquentist, whereas there were quite a few people, most of whom appeared punch drunk at the time, who fancied the mild Tunney fellow to beat the savage man mauler.

But the general attitude towards this one seems to be that Tunney is a sure pop to win on points, with no questions asked; the only angle the gossips aren't sure of is whether he can put the hard rock away, or, as the phrase is more technically known, "put the snore on him."

Offhand I should say the odds favor a Tunney knockout. Heeneys is easy to hit. It is not hard to slap him off his feet. But Gorman and Paolino both had him down, and Tunney could whip a roomful of Gormans and Paolinos. True, Heeneys has durability and is game, and it is no simple trick to send a courageous man home on his shield.

Still there is one axiom of the ring that always stands up: "The gamest of 'em will go if you hit 'em right." Tunney may not hit Heeneys "right" but he will hit him often, and there are times when this formula is as good as any other.

You are told that the distance of 15 rounds will help Heeneys on two counts: First he is a tireless worker; second Tunney hasn't gone that distance in four years. I can't see where the 15 rounds is going to hurt Tunney. I think he could go 40 rounds if he had to. He's that kind of a starched collar.

Tunney is as healthy as seven well fed horses and for all the physical excellence that is claimed for the Hard Rock I don't think he ever saw the day when he was as well conditioned as the fugitive Greenwich Villager. In all his fights Tunney has been as strong in the closing rounds as in the beginning. Everybody admits he would have stopped Dempsey twice had the fights been longer than 10 rounds.

It has been pointed out that in the Hard Rock Tunney will be facing a fighter who is in his prime, if prime is the proper word whereas in Gibbons, Carpenter and Dempsey he battled men long passed their peaks. I suppose there is something in this, yet I doubt that the fact, if it exists, will greatly influence the result.

The Hard Rock has no punch to speak of, except in a light droll vein. Gibbons, Carpenter and Dempsey could hit. Particularly Dempsey.

### Rix Heads Bldg. Loan Association

#### His Selection Promises a Business-like Administration of Affairs Of The Organization

### Officers Elected

#### Board of Directors Meet in Regular Business Session Last Night. Officers For Year Elected

H. L. Rix of the Rix Furniture and Undertaking Company was elected president of the Big Spring Building and Loan Association at a regular meeting of the board of directors last night. The directors met in the Chamber of Commerce office in the Crawford Hotel, with ten members present.

Other officers elected for the ensuing year are as follows: First Vice-President—B. Reagan. Second Vice-President—C. H. McDaniel. Third Vice-President—E. E. Fahrkamp. Sec. Treas.—J. B. Collins. Ass't. Sec. Treas.—Hollis N. Manly.

During the business meeting an appraisal committee was appointed. The Big Spring Building and Loan Association is now ready to receive loans, and to make loans. The Association shows a decided increase since its beginning a little over a month ago.

### Hundreds Visit 'Home Beautiful'

"Home Beautiful" owned and erected by Carter Brothers, contractors and builders, which was formally presented to the public Saturday evening between the hours of 7 and 11 o'clock, attracted about five hundred people to inspect it. Nothing but complimentary words of praise and approval have been heard from the many attending this opening.

"Home Beautiful" is ideally located in Edwards Heights, the fine new subdivision south of Big Spring, and the surroundings add much to the beauty of the structure. The exterior of "Home Beautiful" is unusually pleasing to the eye, and every detail is worked out to make harmony in lines and color. The interior of the home is a combination of beauty and convenience combined. The woodwork, floors, ceilings, lighting fixtures and all the workmanship is of the very finest quality, excelling most every other home that has been erected in our city. The "Home Beautiful" is truly a work of art, and is all that one could ask for in a home.

The home is also completely furnished throughout, and the handsome furniture, furnished by Rix Furniture and Undertaking Company show off the merits of the wonderful home, in its completeness.

### FARMERS' SHORT COURSE PROGRAM

The following outline is the program for agricultural writers' conference at A. & M. College during Farmer's Short Course, July 30 to August 4:

Sessions will be held each afternoon throughout the week from 1:30 to 5:00 o'clock and at each noon meal hour and each evening meal hour a short program of addresses and entertainment will be provided. The general theme for the weeks program will be:

"What Do the Farm People of Texas Need and How to Get It." Mrs. J. W. Baird, staff writer for the Dallas Semi-Weekly Farm News and president of the Agricultural Writers' Conference, has listed several definite topics for discussion under the general theme. These include:

1. Development of State-wide pride instead of too prevalent sectional interest.
2. More definite knowledge concerning the resources, possibilities and handicaps of Texas.
3. The controlling of flood waters and their use where irrigation is needed.
4. To study the advantages to the farmers of having more factories, particularly cotton mills in Texas.
5. More co-operation among the farmers, communities and counties in Texas and a better understanding of our mutual needs.
6. A better understanding of the advantages to be derived from standardization of products and co-operative marketing of farm products and buying farm necessities.
7. The value to the farmers in specializing whereby greater volume may be secured for the market in the no community or county.
8. A better understanding between the producer and the transporter of farm products thus cutting down losses for both the farmer and the railroad.
9. A better balanced farm pro-

### Anti-Smith Forces Organize at Meeting

#### Dr. J. D. Sandefer, President of Simmons University, Elected Chairman

### 500 at Dallas Meet

DALLAS July 17.—Plans for establishing anti-Smith organizations in every county in Texas were laid today at a meeting of some 500 bolting Democrats here. More than 200,000 votes for Herbert Hoover from the Democratic ranks were predicted in the November elections.

Dr. J. D. Sandefer, president of Simmons University, Abilene, was elected permanent chairman and the name "Anti-Smith Democrats" was selected.

Resolutions Passed  
Alvin S. Moody of Houston was unanimously chosen chairman of the organization committee and manager of the campaign in this state. Others on the committee are Mrs. J. Y. Webb, Mrs. Morgan Cox, Carr P. Collins all of Dallas, and E. D. Sartin of Wichita Falls.

Six sets of resolutions scoring Governor Alfred E. Smith of New York for his message to the Houston convention in which he declared he would "point the way to a modification of the liquor laws," and vowing to "wrest democracy from the grip of Tammany Hall" were passed without a dissenting vote.

The meeting, attended by many of the most prominent democrats of Texas, was called for the sole purpose of planning a campaign to defeat Smith for president and to elect Hoover. That the meeting was in perfect harmony was evidenced by more than a score of speakers who used the same topic, that of attacking the character of the Democratic nominee, flaying the political tactics of Tammany Hall and condemning action of the national democratic convention in nominating the New Yorker as standard bearer of the party.

Scored By Dr. Hunt  
Perhaps the strongest indictment of the meeting was made by Dr. J. W. Hunt of Abilene, president of McMurry college, who declared that the "vilest insult ever flung in the face of southern people was the action taken by the national democratic convention in Houston when it nominated Governor Smith."

He not only delivered a tirade against Governor Smith and the democratic convention, but scathingly denounced Senator Joe Robinson, democratic nominee for the vice-presidency.

J. A. Collins of Dallas, former State Senator, was the "keynote." He warned that he was not speaking for any organization, but merely expressing his own views and beliefs as a citizen. "But you must not lose sight of this fact," Collins said, "we are gathered here to do but one thing—organize a campaign for the defeat of Al Smith and the election of Herbert Hoover."

The resolutions committee was: Bishop J. M. Moore, Dallas; Dr. H. G. Bowden, Fort Worth; O. B. Colquitt, Dallas; Dr. J. B. Cranfill, Dallas; Mrs. Claude De Van Watta Austin; Dr. C. M. Rosser, Dallas, and Dr. E. A. Newell, Colorado.

### PLANS BEING MADE ON OLD SETTLERS REUNION

Everyone is looking forward with much interest to the Reunion of Old Settlers of Howard County, that will be held in Parish Park, one-mile east of Big Spring on Friday July 27. The committees are at work on plans for this affair, and want to make it thoroughly enjoyable for all attending.

The members of the different committees are as follows: General arrangements—T. H. Johnson, Mrs. G. L. Brown. Program—James T. Brooks, L. S. Patterson and Fox Stripling. Dance and Old Fiddlers' Contest—Ray Willcox, J. S. Winslow. Beef—L. B. Cauble, L. S. McDowell, Otis Chalk and Mrs. W. R. Settles.

Finance—A. P. McDonald, T. J. McKinney, R. T. Piner, Mrs. Dora Roberts. Barbecue—Jim McKinney, A. Knappe.

The Texas Boiler Workers of Owsley and Berger have established a plant at the new oil town of For-

### CITATION BY PUBLICATION

To the Sheriff or any Constable of Howard County, Greeting: YOU ARE HEREBY COMMANDED TO SUMMON Clara Irene Halbrook by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 32nd Judicial District, to appear at the next regular term of the District court of Howard county, to be held at the Court House thereof in Big Spring, Texas, on the 1st Monday in September, A. D. 1928, the same being the 3rd day of September, A. D. 1928, then and there to answer a petition filed in said Court on the 13th day of July, A. D. 1928 in a suit numbered on the docket of said Court No. 1235, where R. W. Halbrook is plaintiff, and Clara Irene Halbrook is defendant and said petition alleging that plaintiff is a bona fide inhabitant of the State of Texas and has resided in said State for more than twelve months prior to the filing of this petition and has resided in Howard county, Texas for more than six months next preceding the filing of this suit and alleging that plaintiff and defendant were legally married April 2nd, 1925 and lived together as husband and wife till on or about February 10th, 1926, when on account of the cruel and harsh conduct of defendant toward plaintiff he was forced to permanently abandon her—that defendant often cursed and abused plaintiff and called him vile names and had done so since about three months after their said marriage—that on or about July 4th, 1928, defendant associated with another man and allowed him to embrace her; that on or about the 10th day of February, A. D. 1926 defendant again associated with various men and went out with two men in a car on that date and all of them were drunk and plaintiff remonstrated with defendant, tried to get her to go home and she cursed and abused him and told him she did not love him but did love another man and that she would go out with other men when she got ready—plaintiff alleges that such conduct is harsh and cruel and renders their further living together as insupportable—the prays for divorce and for cost of suit.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing, how you have executed the same.

Witness, J. I. Prichard, Clerk of the District Court of Howard County.

Given Under My Hand and the Seal of said Court, at office in Big Spring, this 13th day of July, A. D. 1928.

J. I. PRICHARD, Clerk. District Court, Howard County.

### SPEAKING DATES FOR CANDIDATES IN COUNTY

The county candidates will speak at the following places, this week and next. Everybody is invited to come out and hear the candidates talk.

Knott—Friday afternoon 3 o'clock. Coahoma Tabernacle—Friday night at 8:30 o'clock. Big Spring, courthouse lawn Thursday night, July 26th, at 8:30 p. m.

Clifton Lee, the little son of Mr. and Mrs. Manly Cook, who was taken to Cloudercroft, N. M., two weeks ago, is reported to be getting along fine. Clifton Lee was quite sick suffering from whooping cough and also summer complaint.

The jail records of Howard county show that Sheriff Frank House and deputies locked in the County jail during the last 18 months 719 men and women; 486 of these arrests were for drunks, gaming, vagrancy, and various charges; 9 were for murder and attempt to murder; 60 for theft; 40 for forgery and swindling by dry check; 7 for burglary; 7 for hi-jacking, and robbery; 43 for violation of the prohibition law; 64 arrested for officers outside of Howard county.

These numbers do not include arrests where bond was made and where fines were paid without going to jail.

During the last six months, 28 automobiles have been reported stolen in Howard county. The sheriff's department has recovered 33 of them and arrested 9 for car theft.

If this record meets your approval then vote for Frank House for Sheriff and Tax-Collector. Fair, impartial treatment to all. (This advertisement donated by friends of Frank House.)—Political Advertisement.

Prof. C. O. McCreight of Jacksonville, Texas, is spending several weeks in Big Spring in the interest of the Stamps-Baxter Music Company of Jacksonville, Texas. Mr. McCreight has taught several very successful schools in this and surrounding counties and will begin an 18 day normal music school at Knott, Texas, Monday, July 30, if you live in reach of this school and

attend this session. There will be classes in rudiments, sight singing, ear training, voice and harmony. Professor McCreight will also give private voice lessons to anyone desiring to take advantage of this opportunity. For further information, see or write Lee Cole at Knott, Texas, or see Mr. McCreight at the Whitaker Tire Company's office.

### THE RACE FOR UNITED STATES SENATOR

There are six candidates in the race for United States Senator. The line of difference between Alvin Owsley and the other five, is clearly drawn.

Owsley is the only candidate that was and is for Governor Smith the Democratic nominee. He declared openly for Governor Smith months ago when it took real courage to face the fanaticism that was sweeping over the country and has to be faced and fought in this campaign.

Owsley is the only candidate that demands equal chance for the farmer by direct loans from the government without red tape or delay, the same as now given to the banker, the merchant and the manufacturer. All the other candidates proposed no relief or they favor some board or bureau that would take always to do anything or would squander all the money before the farmer would get any of it. Most of the other candidates have been in congress for years, and they have never proposed any relief or consideration for the farmer.

Owsley is a prohibitionist by precept and practice. But in the same time he is opposed to the private home and premises of the citizen being searched and seized by officious agents because it is suspected that somebody might have a little home brew on hand for home consumption. For that reason Owsley stands with Governor Smith in favoring a change in the present liquor laws so as to bring about a more safe, sane and fair enforcement of the law.

All the other candidates want to continue the present deplorable condition of prohibition enforcement and if they were sent to the senate, they would be out of harmony with Governor Smith as president, and for the same reason they could be of no service to the people of Texas.

Owsley demands that gambling in cotton and grain futures be stopped by law. He says all gambling looks alike to him and that offering to sell cotton that does not exist can have but one effect and that is to beat down the price of cotton that does exist. To bring about this relief Owsley wants to pass a law with heavy penalties to stop future gambling by cotton exchanges.

All the other candidates only want to regulate cotton exchanges and permit them to stop open and speculate in the price of farm products in the production of which they do not have a part.

Owsley was a gallant soldier in the World War and went through the campaigns on the bloody battle fields of France. The other candidates were not there and most of them were enjoying lives of luxury as members of congress where they were safe from the shot and shell of battle.

Owsley is just forty years old, in the prime of life, and mentally and physically vigorous, capable and active. All the other candidates have had their opportunity for service and have not produced results. They are now too far advanced in years to expect much from them.

Texas needs new blood and a new

senator from Texas that is in harmony with the Democratic president soon to be elected. Let "Al and Al" be the slogan.

For these reasons based upon these facts, the voter is asked to consider the candidacy of Alvin Owsley to be decided at the Democratic primary on the 26th.—Political Advertisement.

### NOTICE TO VOTERS

I have endeavored to make a thorough canvass of Howard county in my race for the office of County Superintendent, but it has been absolutely impossible for me to visit everyone personally so I just want to let you know I would deeply appreciate your goodwill and support. I am still canvassing and if I fail to see you I want you to remember me when you cast your ballot in the Democratic Primary, July 26.

PAULINE CANTRELL, Candidate for the office of County Superintendent of Public Instruction.

### Moving Home to Erect Building

Curry and Maddox, moving contractors, were placing the Allen home on moving trucks preparatory to moving it from the lot at the corner of East Third and Runnels St. This house is being moved to make way for the erection of a modern two-story brick business building. The contractors said that they would move the house Monday morning and that they understood that the building contractors would start the work on the foundation of the new building at that time. The house will be moved to a lot located four blocks east of the South Ward school building. The brick building to be erected on the lot will be a two-story brick 76 by 92 feet and will be erected by J. W. Skipworth, Lamesa contractor for J. W. Allen, at an estimated cost of \$35,000. Four spaces for business stores will be located on the ground floor three of these facing on East Third and one on Runnels Street. On the second floor will be constructed several good offices and a modern apartment for the family of Mr. Allen.

### ANNOUNCEMENT Column

The Herald's authorized to announce the following named persons, subject to the action of the Democratic Primary July 28, 1928:

For Constable Precinct No. 1: WILL CAVNAR, W. B. DAY, (Re-election), BABE THOMPSON, JOHN WILLIAMS

### Wm. Reagan Will Remain Democratic

Will Reagan will support the Democratic ticket from top to bottom. Mr. Reagan made this statement to a representative of the Daily News this morning. "In the presidential contest I see no reason, moral or otherwise, why I should desert the party which I have always affiliated." Mr. Reagan said. "Al Smith and Joe Robinson 'stack up' much better than their opponents. "In the governorship race between Wardlaw and Moody, I am for Mr. Wardlaw. I believe Wardlaw will make the best governor from every angle. Furthermore a vote for Mr. Moody means endorsement of the present highway commission and, as I see it, the highway commission has been very unfair to Eastland and numerous other counties." - Cisco News.

### New Ladies' Shop To Open Here Soon

Minor's Cinderella Shop is the name of the new ladies shop that is to open in Big Spring about August 1st. The new store for ladies will be located in Dr. Collins bldg., on East Second St. in the space formerly occupied by the Big Spring Feed and Seed Company. A new front will be erected on the store, and the new fixtures will be installed within a short time, and all of the work will be rushed to completion, so that the shop can be opened by the first of August. Minor Bros. are owners and proprietors of the Cinderella Shop, with R. S. Minor, local manager. Minor Bros. have a store in Abilene and the Big Spring store will be very much similar to the Abilene store. A full line ladies ready-to-wear, underwear, hosiery and all the things will be kept in stock. The date of the opening will be announced later.

### Big Lake Well To Test Potash

The United States Government has perfected arrangements with the Big Lake Oil Company to core through the salt in Big Lake's No. 148 University in the Reagan County field. No. 148 has drilled to 900 feet and before it reaches the salt it will be cased and turned over to the Federal government. Cable tools will be replaced by rotary equipment for coring of the salt, which is expected around 1,090 to 1,100 feet. The salt in the field varies in thickness from 10 to 60 feet. The well to be tested for potash is in the south part of the field toward the escarpment, and is a semi-wildcat. Mrs. G. A. Woodward and two sons, Halbert and Warren, arrived yesterday from Abilene to join Mr. Woodward and to make their home in this city. Mr. Woodward has recently bought a home at 201 East 19th street.

### Midland B. B. Team Has New Manager

Jimmie Maloney, manager of the Midland Colts, Midland's team of the West Texas League, announced Friday evening his resignation as active manager for the remainder of the season, in favor of "Snipe" Conley, former manager of the Dallas club in the Texas League. Mr. Maloney gave as his reason two things; the need for Midland's selling of several of her players at the close of the season for a price of about \$10,000, together with the getting of new players before the first of August, and the need of the Colts for more and better pitchers, which can be met in the recent acquisition of the Dallas man who can act as manager as well as draw for himself a regular pitching assignment.

### HERBERT HOOVER VISITS COOLIDGE

SUPERIOR, Wis. July 18 (AP).—Herbert Hoover arrived today to visit President Calvin Coolidge. Sirens blew, bells rang and a huge crowd met the Republican nominee.

### NOTICE

TO THE SHERIFF OR ANY CONSTABLE OF HOWARD COUNTY, GREETING: YOU ARE HEREBY COMMANDED TO SUMMON C. E. BASCOM by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof, in Big Spring, Texas, on the first Monday in September, A. D. 1928, the same being the Third day of September A. D. 1928, then and there to answer a petition filed in said Court on the 9th day of July A. D. 1928 in a suit numbered on the docket of said Court No. 1230 wherein Pearl Bascom is Plaintiff and C. E. Bascom is Defendant and said petition alleging that Plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months, and has resided in Howard County, where this suit is pending for a period of six months next preceding the filing hereof. That Plaintiff and Defendant were married Jan. 3rd, 1921 in Pawhuski, Oklahoma and lived together till the first Sunday in January, 1928, when she abandoned him, because of the cruelties inflicted upon her during a period of two years cursing her, and culminating in beating her, in January this year, with his fists; such cruelty being of such nature as to render their living together as husband and wife unbearable and insupportable, and Plaintiff does not intend to live with him again; further alleging that there is no community property of the marriage, but that she owns as her separate property paid for by her separate funds, lots 1 and 2, block 50, Alamo Ad. to Port Lavaca, Texas and Lots Nos. 7 and 8, Block 4, Tennyson. Addition to Big Spring, Howard County, Texas; praying for a divorce, and for judgment for said property.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Clerk of the District Court of Howard County.

Given under my hand and the Seal of said Court, at office in this the 5th day of July A. D. 1928.

J. I. Prichard, Clerk District Court, Howard County, 43-45

### NOTICE

TO THE SHERIFF OR ANY CONSTABLE OF HOWARD COUNTY, GREETING: YOU ARE HEREBY COMMANDED TO SUMMON Forrest Mayo by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof in Big Spring, Texas, on the first Monday in September, A. D. 1928, the same being the Third day of September A. D. 1928, then and there to answer a petition filed in said Court on the 5th day of July, A. D. 1928 in a suit numbered on the docket of said Court No. 1229, wherein Mable Mayo is Plaintiff and Forrest Mayo is Defendant and said petition alleging that Plaintiff and Defendant were duly and legally married in Martin County, Texas, May 15, 1918; and that the Plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months and has resided in Howard County, where this suit is filed, for a period of six months next preceding the filing hereof; that the Defendant, Forrest Mayo without any cause or provocation whatever voluntarily left and abandoned the bed and board of this petitioner, with the intention of finally separating and living apart from her, and has continued to do so up to the filing of this petition, and such abandonment has been endured by the Plaintiff for more than three years prior to the filing of this suit, the Defendant having been away for five years. That, of this marriage there was one child born, Lawrence Wesley Mayo, age 8 years, a boy, and the Plaintiff has been and is now maintaining and educating her son and is able to educate and maintain him and desires that the custody of the said child be awarded the Plaintiff exclusively. Premises considered the Plaintiff prays that citation issue by publication and that on hearing thereof Plaintiff be granted a divorce and that she be decreed the custody of her son and for such other and further remedies to which she may be entitled.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Clerk of the Court of Howard County.

Given under my hand and the seal of said Court, at office in this the 5th day of July, A. D. 1928.

### Auto Thieves Are Caught By Sheriff

The sheriff's department of this county is now cooperating—and securing a fine measure of cooperation from other sheriffs in West Texas. This was in evidence Saturday night when Sheriff Jack Yarborough of Sweetwater captured two automobile thieves for the local officers and recovered the two stolen cars. A Ford roadster belonging to Tom Phillips was stolen from First street, and a Ford roadster, belonging to Miss Charlie Collins was stolen from Second street, and were reported stolen about one hour and a half later. The quick capture of these thieves proves the officers are on the job and lined up to make capture of thieves more certain.

### Lois Madison Buys Service Barber Shop

Lois (Shorty) Madison last week bought of the Service Barber shop in the Ellis building, on East Second Street, next to Elmo Wasson Man's store. Mr. Madison is well experienced in tonorial work, and his many friends are glad to see him start out in business for himself and wish him every success.

### Is Your Appetite Poor? Sleep Broken?

Port Arthur, Texas.—"I was all rundown, my appetite was poor, my sleep broken, and I was at a loss what to do to regain my health when someone advised me to try Dr. Pierce's Golden Medical Discovery. I did so, and it was really a surprise to me how quickly I began to feel better and pick up. A few bottles put me in good health and since then I go for a bottle of the 'Discovery' just as soon as I begin to go down in health. It is a wonderful tonic." — G. W. Wagon, 930-7th St.

All dealers. Large bottles, Liquid \$1.35; Tablets \$1.35 and 85c.

### Flock Inn Group of Gay Party For Pioneer Club

The members of the Pioneer Club, their husbands and a few invited guests, were delightfully entertained at "Flock Inn" one mile west of town, last evening with a tempting bridge dinner, and this affair proved to be one of the most thoroughly enjoyable of the season.

Hostesses on this occasion were Mrs. E. O. Ellington, Mrs. John Clark, Mrs. W. W. Inkman and Mrs. A. M. Fisher. The dining room of Flock Inn provided a lovely setting for the entertainment, where in the dinner was served, and the tables were arranged for the bridge play.

A tempting dinner in three courses, consisting of the main course, with barbecued chicken, salads and pineapple sherbet were served at 8 o'clock.

Bridge was the diversion of the evening, following the dinner, and the interest in the bridge play was high.

The personnel of the party included: Mr. and Mrs. J. D. Biles, Mr. and Mrs. C. W. Cunningham, Mr. and Mrs. A. M. Fisher, Dr. and Mrs. E. O. Ellington, Mr. and Mrs. B. Fisher, Mr. and Mrs. J. Fisher, Mr. and Mrs. H. D. Hilliard, Mr. and Mrs. Shine Phillips, Mr. and Mrs. R. H. McNew, Mrs. R. C. Strain, Mr. and Mrs. W. W. Inkman, Mrs. Steve Ford, Mrs. Thomas Woods of Oklahoma, Mrs. John Clark and Harry Hurt.

### Maxwell Stone and Miss Thelma Farris Wedded

Mr. and Mrs. Maxwell Stone are expected to arrive soon from Denton, where they have been on a short honeymoon trip. Mrs. Stone was formerly Miss Thelma Farris of this city and she and Mr. Stone were married the latter part of last week. They will make their home in this city.

Mr. and Mrs. Stone have many friends in this city who wish them every success and happiness.

The bride is the attractive daughter of Mr. and Mrs. W. C. Farris of this city. The groom is the son of Sam Stone, of this city. Both were popular students at the Big Spring high school the past term.

### Miss Christine Little and Pete Ballard Are Married

Friends in this city were surprised to learn of the marriage of Miss Christine Little and Pete Ballard, on Saturday evening, July 14. Both young people are popular members of the younger social set, and have many friends in this city who wish them a full measure of happiness and prosperity.

### Miss Essie Duvall and E. L. Kennedy Marry

The wedding ceremony which united in marriage Miss Essie Duvall and E. L. Kennedy was performed by Rev. R. L. Owen, pastor of the First Presbyterian church, Sunday evening, at 8:15 o'clock at the home of the bride's parents in Fairview Heights. Only the immediate family and a few special friends were present to witness the ceremony.

The bride is the charming daughter of Mr. and Mrs. C. F. Duvall. She has made her home in Big Spring for the past few years and because of her sweet personality and attractive manner, she has endeared herself to both young and old alike. Her many friends wish her every success and happiness.

The groom is a fine young man and possesses all of the good qualities of young manhood. He has made his home in this city for a short time, but during his residence here he has won the respect and esteem of all who know him. At present Mr. Kennedy is in the engineering department of the T. & P. Railway Company.

Mr. and Mrs. Kennedy are members of the younger social set of the city, and their popularity is attested by the many social functions in which they are invited to partake.

Immediately following the ceremony, the happy couple left on the evening passenger train for a two weeks honeymoon trip to points east, including Dallas, Houston and Crockett, where they will visit the groom's parents.

They will make their future home in Big Spring. Congratulations and best wishes are extended to them by their many friends in this city.

### Picture of Miss Virginia Whitney in Star-Telegram

A picture of Miss Virginia Whitney appeared in Sunday's Fort Worth Star-Telegram. Miss Whitney who is assisting the Chamber of Commerce office, was introduced as a member of the committee who assisted in welcoming the newspaper men, on Friday, who attended the West Texas Press Association in this city.

The picture of Miss Whitney, accompanying the write-up, was indeed lovely.

### East Third Street B. Y. F. U.

Despite the disagreeable, hot weather the B. Y. F. U.'s of the East Third Street Baptist church continue to grow. We are having large crowds in attendance and interesting programs are being rendered. Sunday July 15 there were one hundred and seven present at the B. Y. F. U. services.

### 1922 Bridge Club Entertained By Mrs. Hobb Everett Yesterday.

Mrs. Hobb Everett was the charming hostess to the members of the 1922 Bridge club yesterday afternoon, having as guests five tables of players.

Dainty appointments marked the tables for the bridge play, and by attractive tipples, the guests were directed to their places at the tables. Interest was high in the afternoon and to Mrs. Lib Coffey went the honor of high score, among the club members. Mrs. Shine Phillips made visitors high score.

At the refreshment hour, a dainty one-course luncheon was served to the twenty guests.

Out-of-town guests attending this delightful club party were: Mrs. Thomas Woods of Oklahoma, Mrs. J. B. Whisenand of Los Angeles, California, Mrs. Ralph W. Baker of Los Angeles, Mrs. N. W. Brown of Fort Worth, and Miss Fay, Ward of Dallas.

### Mrs. F. M. Purser Entertains Bluebonnet Sunday School Class

The members of the Bluebonnet Sunday School Class of the First Christian church were delightfully entertained in the home of their teacher, Mrs. F. M. Purser last evening. Nineteen guests were present and a jolly good time was in order. The Bluebonnet Class enjoy a social meeting every Third Monday night in the month, and this was their regular meeting.

Each member revealed her bluebonnet for the past time, and the names for the next term were drawn.

At the refreshment hour dainty salads were served.

### Miss Thelma Bradshaw Honored At Picnic at New Wells Sunday

Miss Thelma Bradshaw of Bradshaw, Texas, who has been in the city visiting her cousin, Miss Irene Knaus, and left Sunday night for her home, was the honoree at a happily planned picnic, Sunday evening at the New Wells. At an inviting spot the happy crowd assembled, and enjoyed their supper in the cool out of doors. An assortment of picnic sets, topped off with ice cream, was served.

Those enjoying the picnic were: Misses Ruth Miller, Florence McNew, Vallia True, Irene Knaus, Hubert Rutherford, Athal Porter, Paul Sims of San Antonio, Clyde Pratt and Clifford Jolly.

Mrs. S. C. Butler of Odessa is visiting Rev. and Mrs. R. L. Owen this week.

Mrs. Herbert Burrough of Bonham is the guest of Mrs. W. R. Douglass in this city.

### Chicken Barbecue at New Wells Honoring Mrs. Brooks of Lubbock

Mrs. Brooks of Lubbock, who is here visiting Mr. and Mrs. Jay Johnson was the honoree at a delightfully planned outing at the New Wells last evening, when friends entertained with a chicken barbecue. An inviting picnic spot was chosen for this happy occasion and in the cool out-of-doors, the merry crowd spent several happy hours.

Barbecued chicken and all of the accessories were enjoyed at the supper hour.

Those enjoying this outing were: Mrs. Brooks of Lubbock, Mr. and Mrs. Jay Johnson, Mr. and Mrs. Eb Hatch, Dr. and Mrs. W. B. Hardy and Wafford, Jr., Hardy, Mr. and Mrs. Pete Johnson, W. T. Patterson, Mr. and Mrs. C. E. Talbot, Manly Cook, Mrs. Hilo Hatch and Charline Estes.

### Balloon Dance at Casino Pavilion Enjoyed by a Large Crowd

The Balloon dance given at the Casino Pavilion, or better known as Miller's rink, was attended by a large crowd of dancers last night. Grady Gilder and his Melody Boys furnished the music for this occasion, and it was said to be the very finest for dancing.

The balloon dance was somewhat of a novelty to the Big Spring people, and they seemed to enjoy chasing the balloons, and popping them to see if they contained money. Ten persons were lucky in getting the \$1.00 bills.

Several out of town visitors from San Angelo and Stanton attended this dance.

Dances are held at the Casino Pavilion each Wednesday and Saturday night. Next Wednesday night a "Spot Dance" will be given.

### Attractive Visitor Entertained With Barbecue at New Wells.

An out-of-town visitor, Miss Mary Rhoda Jones, of St. Joseph, Mo., who is the guest of Miss Dorothy Ellington in this city, was the honoree at an enjoyable outing last evening, when friends entertained with a chicken barbecue in compliment to this attractive visitor. A pretty picnic spot at the new wells was the scene of the party.

A tempting supper consisting of barbecued chicken and other good eats were served the guests.

Those enjoying the outing were: Mr. and Mrs. Ralph Rix, Mr. and Mrs. Robert Currie, Mr. and Mrs. Monroe Johnson, Misses Mary Rhoda Jones and Dorothy Ellington, and Jimmie Pease and Landan Midwell of San Angelo, Dr. and Mrs. E. O. Ellington.

### Mrs. Della K. Agnell Entertains With Dinner Party at Crawford.

Mrs. Della K. Agnell entertained with a dinner at the Crawford Coffee Shop Sunday in compliment to some out of town friends. Those attending were: Walfred Agnell and A. D. Rowen of San Angelo, Ralph N. Clarke of Cisco, R. E. Witty of Ft. Stockton, Miss Anna Agnell of Dallas, Alvin Agnell and Mrs. Della K. Agnell.

### Associational B. Y. F. U. Conference to Meet

Treasures in Heaven (Luke 12; 16)—First Church Big Spring. Our Destiny—Coahoma. Fellowship (Mark 9; Luke 15; Jno. 20)—Greenwood.

Jays of Heaven (Jno. 16) Panther Draw.

### Senior B. Y. F. U. East Third St. Baptist Church

Program for Sunday July 22, 6:45 p. m. Leader—Denner Yates. Devotional—Ola Wilkins. Introduction—Denner Yates.

Salvation the Central Theme—by Timmie Hill. Making Clear the Meaning—Elsa Nance. Some Texas Teaching Deliverance—Arthur Travis.

Several Things that do not Save—Adolphus Gregory. Saved only By The Savior—Virgil Hill. The Shepherd and His Sheep (Page 57 in Quarterly)—Oscar Nabors. Everybody welcome, be on time and bring a friend.

## Catapulting Into West, State Press Speculates Upon Demand For Dignity in Auto Crashes

BY J. J. TAYLOR  
BIG SPRING, Texas, July 15.—

Out here where the space begins. I am gathering up my remains after two days of experience with the West Texas press convention and Big Spring hospitality. Mrs. Phillips—I wish I knew her first name, because I call all young ladies by their baptismal appellations—Mrs. Phillips, assistant secretary of the chamber of commerce, reported the details of the convention to our incomparable newspaper. I am glad she did, for it remains for me to do only the outlines, the clumsier brush strokes of reportorial assignment.

After wrestling with the Houston convention for five days and nights, in which I suffered great perspiration, I imagined I was up with conventions for a while. But two weeks later I found myself catapulted into this newspaper convention out here, and when they have a celebration in these regions you are expected to join in or leave town. Impulsively I joined in. I don't regret it, although I don't look like such this morning.

### Was Catapulted.

In saying I was catapulted into the mazes of the West Texas press convention, I used the correct verb. I was given opportunity to share the car of A. D. Hupler, manager of the Southwestern Paper Company, Fort Worth, and his handsome young assistant, Larry Leary. Mr. Hunter did the driving, and as it was his car and his gasoline, I refrained as much as possible from giving him directions as to speed and caution. Mr. Leary, my seat mate, also refrained, but his forbearance was on account of his reluctance to criticize the technique of his boss. My silence did not give consent to Mr. Hunter's driving, but it did credit to my sense of obligation to my host.

Needless to say, we got to Big Spring, leaving Fort Worth at 10 a. m. by supper time, and in token of my gratitude for the protection of Providence I paid for five dinners at the Crawford Hotel. You wonder how our party increased so rapidly after leaving the starting point. It was this way: Mr. Hunter, who owned the car and the gasoline, I tried to remember, proposed to pick up the editor of the Mineral Wells Index, generally called Sam Miller. Mr. Miller is president of the Texas Press Association, and our host wanted someone in the car to represent dignity. For my part, I couldn't see what use dignity might be in an automobile collision, but owing to my delicate connection with the car and the gasoline I made no objection to Mr. Miller. Indeed, I welcomed him after I learned that he was setting up the midday dinner to our party. He took us to the Hotel Miller, and pretended to be the host, but Mrs. Miller relieved him of all authority over the rest.

### He Wasn't Generous.

It was a delightful meal. They had chicken pie. My one and singular tendency to overstuffing is when I find chicken pie in front of me at table. In that situation, I forego all rules of deportment and frankly feed my face. It was that way at the abounding Miller table, and before I realized it the other participants were leaning back and watching my skill with knife and fork and fingers. Embarrassed for the moment, I sought to make amends by volunteering to pay for the dinners when dinner time should come. It was a rash promise. I had cause to regret my haste.

### When I say we arrived at Big Spring as though we had been sent for on emergency call, I mean that we got there just in time to be greeted by Mr. Willits, whose first name is Dick and who announced that he was ravenously hungry and would be glad to join our party. Really, he thought the party was Mr. Hunter's and there seemed to

be some reason why he didn't care how much he cost Mr. Hunter. Anyhow the joke and the check were on me, and Mr. Willits had ordered a fancy dinner. Next day I evened up on him, but that is a long and superfluous story.

### West Texas Growing.

These West Texas towns with oil signs are growing like horse weeds, although more handsomely. Mrs. Crawford Hotel, nine months old, is more completely equipped with modern accessories than most of the hotels in New York. It appears that another, of equal quality, is now under construction here. The money that is going into hotels throughout all Texas is big and imposing. Development follows investment and comfort follows investment. These editors out here don't know whether they are making money or not. It takes so much for plant expansion, to keep up with or ahead of their respective fields, they wonder whether they are going forward or backward. The only way they can be sure is to sell out to foreign capital, plus investment, interest, location and prospect. Some of them have done that.

### Chickens Escorted

Luther Watson of the Nolan County News, Sweetwater, was president of the West Texas Press Association up to yesterday, with Bowen Pope of the Hamlin Herald secretary. Their publicity agents extended themselves and made the Big Spring meeting large and portentous. The delegates were promised a chicken barbecue, among other entertainments, and the promise was more than made good. There were more chickens barbecued than there were consumers, notwithstanding some of the delegates had three helpings, one half chicken at each throw. Mr. Bernard Fisher of Big Spring, who landed here when only prairie chickens were available, has my thanks for his vigilance and energy in supplying me with escorts from the barbecue pit.

The program was replete with entertainments arranged by the local committees. One of these was the tea and reception for the press ladies, held at the Federated club house, a quiet cozy and attractive social center. As a reporter, I felt it my duty to attend the ladies' tea and reception, and of course had to have a masculine monopoly. But it was not to be. Shins Phillips intruded, for no other reason than that he is president of chamber of commerce and pretended to have official business in charge when he arrived. The audacity of some men is unbelievable.

### Holds Out on Cherries

There were lots of pretty and gracious ladies at the reception, local and visiting. Three cups of punch were offered me, and accepted. But I noticed that the last cup didn't have a cherry in it, so I took the hint and departed. I may be slow, but I'm not entirely dumb.

The cap sheet of the entertainment program was the banquet and ball, Friday night. Judge Frets Smith of Snyder was the toastmaster. He was once a guest of the Bonhead Club at Dallas, and took some of his spite out on me. There were many good speeches, an excellent repast and the utmost good feeling, the latter being inspired by the food, the oratory and the occasion in general. Jimmie Smith of Snyder Signal gave away good cigars and bottled goods in liberal quantity—but the bottled goods were pickles and condiments manufactured at Snyder and he was sampling for the manufacturers.

### Not Done By Halves

The ball was the crowning event. It was largely patronized and the formal party began with a grand march led by Miss Jean Jordan of Big Spring and a certain press delegate. As a retired reporter, I

would like to print the name of the party who was thus honored by Miss Jordan, but his good fortune in that respect made his so insufferably vain I will not gratify his conceit by telling who he was.

All in all, and anyhow, it was a great press convention. Things are not done by halves out here where a hundred miles is a stroll, and where everybody has an oil lease or is looking for one. The weather seems a bit dry but meteorology is not a subject of conversation out here. It either rains or it doesn't, and that's all there is to it.

It was a pleasure again to meet Mrs. Fannie Marie Colbert of the Sweetwater Reporter. She, like myself, was an alternate delegate to the great Democratic convention at Houston, and owing to our limited, or completely depleted authority, we had to sit supinely while less equipped but more authentic delegates officially represented the Democratic party.

Now I am intrusting myself again to the somewhat heedless care of Mr. Hunter, whose ownership and chauffeurship of the car was mentioned heretofore. Mr. Leary, my seat mate, expects to sleep most of the way home. This leaves me to do all the back-seat driving.

## Ladies of Press Entertained

Beautiful Community Clubhouse Scene of Gay Hospitality Friday Evening Between 6 and 7

Premier among the social gaities of the week was the reception held in the community clubhouse, Friday afternoon between the hours of 6 and 7 o'clock, honoring the Sunday, July 15, 1922.

visiting women attending the West Texas Press Association sponsored by the women of the City Federation.

The auditorium of the clubhouse was a scene of beauty for this delightful affair, and lent a pretty background for the lovely gowns of the society maids and matrons in the receiving line, and assisting in the entertaining.

Mrs. J. C. Douglass was general chairman of the reception committee and in the receiving line with her were:

Mrs. C. W. Cunningham Mrs. B. Reagan, Mrs. C. T. Watson, Mrs. W. A. Earnest, Mrs. J. D. Biles, Mrs. Fox Stripling, Mrs. E. O. Ellington, Mrs. R. H. McNew, Mrs. C. K. Bivings, Mrs. Steve Ford Mrs. T. Piner, Mrs. Shine Phillips, Mrs. A. M. Fisher, Mrs. E. E. Fahrnenkamp, Mrs. W. R. Douglass, Mrs. L. L. Freeman, Misses Eleanor Antelley, Vesta Mosteller and Dorothy Ellington.

A delightful musical program was given during the hour consisting of music by the Mexican orchestra, songs and music by the Gypsy Musical Entertainers of Sweetwater and a solo dance by little Miss Eillah Lou Cory.

From a beautifully appointed table, the guests were served a refreshing iced punch. Shasta daisies in bowls lent grace and beauty to the service, and sprays of greenery were banked about the punch bowl, giving a pretty effect. Mrs. Wm. Dehlinger and Mrs. Ira Driver supervised the serving, assisted by Misses Helen Reagan, Nell Brown, Donna Carter, Anna Mae Freeman, Nell Brown, Ethel Vandergrief, Anita Musgrove, Irma Lee Gatz, Dorothy Oshier and Mary Jo Alderson.

About one hundred women attended this brilliant affair.

### TEXAS EX-RANGERS MEET AT COLORADO

Plans to entertain the Texas Ex-Rangers' Association which is to meet in Colorado August 1, 2 and 3, in its ninth annual reunion, are rapidly taking form since the meeting of the program committee last Saturday, and since the work of other committees is getting under way.

### NOTES FROM

The play, "The Boy That was Put on at Midway young people quite a credit to each an honor to their country were only a few past the comical event.

Wylie Davis and his have recently installed lighting system in the Clyde Bishop who is confined to his bed and past few weeks is again.

Mrs. Ruth Coats and Martin called on Mrs. Tuesday afternoon.

J. L. Collins and his home visited with Mrs. Earl Hull Tuesday.

Rev. McGrath preached to an attentive Sunday.

Ernest Rainey and family attended on Sunday.

Allen Rogers and his witnessed the ball game between Coleman and Sunday afternoon.

Our community has in the Intan lake success here of late.

The candidate spent R-Bar Friday night, tended.

Rev. L. D. Hull of Big Spring spent Sunday with his brother and Hull.

Uncle Jack and Annson spent last Saturday and Mrs. Sterling at home.

Mrs. F. J. R. Dunne and her daughter of Slaton is expected Friday to be the guest of Mrs. W. C. Rogers.

Miss Alice Piche of was canvassing in our day in the interest of didacy for county seats.

Miss Rosa Robinson of urday night guest of Mrs. Yell.

Mr. and Mrs. B. L. family have returned spending a few pleasant relatives in parts of Texas.

The extreme dryness to hold on at this ing—a good general body needed.

### Pipe Shipped to City

City Manager received a telegram from the American Cattle Raisers' Association stating that the pipe which water main in this city is to be replaced by a better quality of pipe from the water main.

### TO HOLD LIBERTY LOAN

The Treasury Department has issued a \$34 million Liberty Loan certificate. The new Liberty Loan certificate is expected to be issued to September 1st. Holders of Liberty Loan certificates should deposit them in their banks at once to get the full benefit of the new law.

Third Liberty Loan matured on Sunday, 1922, and will be issued.

# Salon

## Body Designs

The new Salon Body design for the new "400" series was developed after extended personal study by Mr. Nash himself of the latest creations by European body artists of international fame.

Original ideas in body artistry were co-ordinated with the most modern developments revealed in foreign and American Salons.

And the Salon Nash design is the perfected result—a new body type of the most modern beauty.

It could fittingly adorn a chassis priced at many thousands of dollars. Nash invented a fortune in dies and machinery to create it.

But you may avail yourself of it on a line of cars notably moderate in price.

In body design, as in other important features, Nash has again outstripped all competition.

The World has a new and finer motor car—with a radically new and finer type of body.

### Ruling on Orient Purchase Delayed

WICHITA, Kan. July 16.—Ruling of the interstate commerce commission of the petition of the Santa Fe railroad to purchase a controlling interest in the Kansas City Mexico and Orient railroad will be given out July 23 instead of today as previously announced, general officers of the Orient here reported.

### ASKS INVESTIGATION WALKER ADMINISTRATION

NEW YORK, N. Y. July 17 (AP)—The Socialist party charging municipal misrule and political corruption, has asked investigation of Mayor Walker's administration. Eleven specific accusations have been made by them.
