

JUNIOR C. OF C. COMPLETES PLANS FOR STAGING RODEO

Construction Work To Start Soon On Fair Building

Frame and Iron Structure To Be 60 by 125 Feet

Materials Expected To Arrive and Work To Start About Aug. 1

Plans for Lamb County's Fair are progressing nicely.

Materials for the erection of the building to house the exhibits have been ordered, and are expected here about August 1, when construction will get underway.

The County Fair building will be of frame and iron construction, and 60 by 125 feet in size. Plans are to build this structure just west of the rodeo grounds.

The City Commission is cooperating with the County Commission in the securing of materials and getting the project under way.

The Fall Fair is scheduled to take place September 19, 20 and 21.

Good progress has been reported on the rodeo equipment on the fair grounds. The arena has been completed, and work is now underway on the grandstand. The lights for the field have been purchased from the softball club and will be installed some time after August 15, when the softball season closes.

The City is cooperating with the County in cleaning up the fair grounds, which is being fenced with sheep and barbed wire. The County, with E. C. Ross, county engineer, supervising the job, had a greater run over the property, leveling the grounds.

Open Air Revival Now In Progress

An open air revival is now in progress at the First Baptist Church. The services are being held on the lawn east of the church each evening at 8:30, and in the church auditorium each morning at 10 o'clock. Rev. C. Y. Dossey of Dallas is bringing the messages and Mr. Edgar Spearman of Dallas is conducting the music.

The pastor states that the attendance and interest are excellent. Large crowds have been attending and many decisions have already been made. A cordial invitation is extended the public.

Plans are being laid for a record-breaking attendance in Sunday School for next Sunday. A record of 414 in Sunday School was reached last summer, and the present goals will exceed that number.

Candidate Speaking Here Friday Night

A big candidate speaking and rally will be held in Littlefield Friday night, when it is expected that all candidates will be present and make their final appeals to the voters. The rally will be held on Main Street.

Red Cross Building Will Be Completed About August 1st

The exterior of the building, which some time ago was donated by the community to the Red Cross, and which has been undergoing a complete remodeling, has been completed with a stucco coat.

Materials are on the ground for the interior, and workmen are busy trying to complete the building so that it may be occupied soon after August 1.

Work got started this week in the remodeling of the interior, which will include painting and papering, and the sanding of the floors. The building is 20x40 feet, and will be occupied by the Red Cross, and Mrs. L. M. Brandon is executive secretary; the State Department of Public Welfare, with E. C. Caldwell in charge; and the City Library.

Intense Interest Shown In Election Several Lively County Contests

Mrs. Ann Blythe Issues Statement

Mrs. Ann Blythe, who announced some time ago that she would be a candidate for re-election for the office of county treasurer of Lamb County, has instructed the Leader to publish her official announcement, as follows:

"I am asking to be re-elected County Treasurer of Lamb County, and again, I seek the support of friends whose assistance in the past has been invaluable to me.

"My pledge is: If re-elected, to continue to conduct the Treasurer's office in an honest, efficient, economical manner, giving my undivided attention to the financial affairs of Lamb County in the interest of all her people.

"The facilities of this office are, at all times, especially extended to all, and you are, as always, invited to call on me, any time, for any possible consideration.

"I am humbly grateful for the loyalty my friends have so generously shown me, and I assure you that I shall appreciate every good word in my behalf that you may pass on to your many friends and neighbors.

"I earnestly solicit your personal support and influence among your relatives, friends and associates. As most of you know, I am now, and have been, the bread-winner of my home for several years.

"I am familiar with the duties of this office and can take care of it better than any other job I know of, and I again ask for your thorough investigation, due consideration, vote and support and your friendship.

"If I have proven to you to be an efficient official, won't you please let me continue to serve you as such?"

"Sincerely,
"MRS. ANN BLYTHE."

Seismograph Crew To Be Sent Here

The Sun Oil Company are planning on sending a seismograph crew to Littlefield to work the northeast part of the county, and E. P. Crowell, party chief, was in Littlefield Tuesday trying to make arrangements for housing for seven families.

ELECTION PARTY WILL BE HELD IN LITTLEFIELD SATURDAY NIGHT

Littlefield's newspapers, the Lamb County Leader and the County Wide News, recently announced election parties for Saturday night, July 27, at which time they planned to announce the returns of the first primary, furnishing district, county and precinct returns in detail, and the highlights of the state contests.

Littlefield has a big traffic problem, particularly on Saturday nights, when large numbers of the residents of this section come to this city to purchase their needs. This popularity of Littlefield as a shopping center is much appreciated by the citizenship and every effort is being made to make every visit profitable and enjoyable.

Because of the intense Saturday night traffic the members of the City Commission were of the opinion that traffic would become too congested if two blocks of the main street were roped off in order that both newspapers might conduct their election parties.

Acting on the suggestion of the commission, the Leader and the County Wide News agreed to con-

duct a joint party, which will be held on West Fourth Street, between Phelps Ave. and XIT Drive, and between the Bank and the Yellowhouse Land Company building.

The newspapers have made arrangements for large bulletin board, telephone facilities, and a loud speaker.

The two publishers, Morley B. Drake of the Leader, and Allan Hodges of the County Wide News, will be in charge of the receiving and announcing of the returns.

The Lamb County Leader and the County Wide News jointly extend a cordial invitation to everybody to attend their election party. We will be looking for you.

Several new team members were present and a good time was spent in drill practice for the team. The grove is preparing for the district convention, to be held in Lubbock, Sept. 4, and the National Institution, to be held in Denver, Sept. 30.

A special meeting was called for the grove by Mrs. Beisel, Wednesday afternoon, for the purpose of the draping of the charter in memory of Past State President Mrs. Fannie Warden.

Mrs. Warden had been a member of the Woodmen Circle for more than 42 years, and had been financial secretary of her grove since 1925. She was also a national representative for a number of years, and had held several state offices, including state president. The entire membership mourns the death of Mrs. Warden.

Members of Loyalty Grove will operate a cold drink and ice cream stand at the candidates' speaking Friday night. A softball game will be played some time next week. All ladies and girls interested in playing are asked to be present at the local softball field, Thursday afternoon, at 4:30 for the purpose of organizing two or three teams. Public Support For a Safer Texas

In the face of an already 45 per cent increase in traffic fatalities over last year, the Texas Safety Association has accepted a charge by Governor Coke Stevenson to mobilize public support for a safer Texas.

Announcement of its designation by the governor was made by A. F. Allen, president of the association, upon receipt of a letter from Stevenson.

"Since my inaugural address as governor, I have stressed the importance of highway safety as essential to modern, progressive government," Mr. Stevenson said. "There is no more tragic waste of human lives, no more unnecessary background to human suffering, no more needless source of economic loss than traffic accidents.

The current critical traffic accident situation is a positive challenge for public action to every Texas citizen. Unless vigorous and concerted application of proven methods of traffic control is made, Texas faces the greatest accident toll in its history.

"To that end, I call upon the Texas Safety Association to co-ordinate the practical recommendations of the President's highway safety conference and to mobilize public support for a safer Texas.

"Your worthy organization has rendered invaluable service to the people

of Texas through its programs of traffic, industrial, school and home safety. I know that its leadership in the present emergency will be no less effective."

President Truman's highway safety conference held in Washington in May was attended by twenty members and officials of the Texas Safety Association. Recommendations of the national conference parallel in large measure those of the Texas Emergency Traffic Conference and the Texas Safety Conference, according to Allen.

"The principal elements of this uniform traffic control program embrace positive and practical measures that experience has shown are necessary to curtail street and highway accidents," said Allen.

"This basic guide for traffic safety in Texas contains blueprints for uniform traffic laws and ordinances, adequate traffic enforcement personnel, driver training courses in our schools, and modern techniques in enforcement and engineering."

Allen said the association accepted the governor's charge "in the belief that a balanced and adequate traffic control program of state and local government, fully supported by the people both through organizations and as individuals, can bring down and hold down the highway casualty list."

IS DISCHARGED

Monty R. LeBoeuf, ARM 3/c, USNR, son of Mr. and Mrs. Clabert LeBoeuf, of Littlefield, was discharged July 16, at the U. S. Naval Personnel Separation Center, Terminal Island, San Pedro, Calif.

He enlisted in the Navy Nov. 29, 1944, at Dallas. He is a graduate of Littlefield High School, and attended Tech College. He had been stationed at Memphis, Tenn.; Miami, Fla.; and Jacksonville, Fla. He is wearing the American Theater ribbon and the Victory medal.

Pvt. Walter L. Lester is home on an emergency furlough from Camp Hood, due to the illness of his wife. He came on a two-day pass and found his wife sick when he arrived. He applied for and received a ten-day extension of time. Mrs. Lester is much better.

Sudan North Road Is Approved

Sudan's 36 and one-half miles farm-to-market road paving which has just recently been completed, was augmented last week with the announcement that two more roads in the Sudan area are soon to be hard-surfaced.

The commissioners' court received notification from the Federal Works Administration that the project of nine and a fraction miles of the road running north out of Sudan to Highway 70, running from Plainview to Muleshoe, and two and one-tenths miles crossroad from the north highway out of Sudan to the Earth-Amherst pavement, had been accepted.

The notification was accompanied by a check for \$2,970 for setting up of plans, specifications and engineering on the projects. This is the first steep toward letting contract for the work, county officials said.

County Judge I. B. Holt advised that he had just received a request from the State Highway Department that a list of all property owners on the road south to Beck be obtained and forwarded to that office at the earliest possible date. This, Judge Holt said, is the preliminary step toward obtaining deeds for the right-of-way for the paving of this road, contract for which is expected to be let sometime next month.

This road will connect with the highway from Bula to Littlefield about seven miles east of Bula.

Officials are hopeful that the project can be completed by early fall. When both projects are completed, Sudan will have approximately 70 miles of farm-to-market hard-surfaced roads.

American Flags To Be Awarded

OMAHA, Nebr., July 24.—Beautiful American flags, mounted on eight foot poles with gilded metal tips and bases, are to be awarded the 100 local Woodmen of the World camps accomplishing the most community, camp and patriotic services in 1946, President Farrar Newberry of the Woodmen Society, announced today. Contest points will be earned by such camp service projects as aiding members who are ill and bereaved families of members, sponsoring camp entertainments and meetings, proficiency of camp officers in the society's ritual, membership growth, and organization of Boys of Woodmen units and Uniform Rank drill teams.

Aiding local youth organizations, the Community Chest, Red Cross and other local charities, equipping hospital rooms, helping to establish and

maintain parks and playgrounds, and placing markers on local historical sites are some community service projects being carried on by Woodmen camps to earn credits in the 1946 "Fraternity in Action" contest.

Public meetings honoring returned war veterans and helping them to find jobs and living quarters, awarding medals to high school students for proficiency in American history, presenting flags to schools and public buildings, E Bond purchases, and assistance in public health campaigns are patriotic services of Woodmen camps of merit in winning a flag award.

Cotton Reaches 23-Year High

Cotton reached a new 23-year high last week as prices of other farm products continued to rise, according to USDA's Production and Marketing Administration.

Last week's peak cotton prices were about \$8 to \$9 a bale higher than the previous week and nearly \$23 a bale higher than two weeks ago. Spot markets were rather active. New crop cotton from South Texas has been in broad demand. Reported sales in the 10 markets totaled 63,200 bales last week against 70,100 bales the previous week and 98,600 bales for the same period last year. This drop in sales was largely the result of limited offerings.

Liberal supplies of potatoes, onions and peaches moved at steady to weak prices at most southwest terminal markets last week. Top quality peaches at Texas and Arkansas shipping points brought mostly \$3 to \$3.25 a bushel. Colorado's San Luis Valley reported demand in excess of green pea supplies. Bushel baskets of the U. S. No. 1 Telephone variety

realized \$3 to \$3.25.

Southwest egg and poultry markets registered weaker undertones through out the past week. However, prices continued to stand well above former OPA ceilings. Demand was fair for ample offerings.

Higher prices brought record livestock receipts to the country's chief markets this past week. Sheep and lamb prices were steady to \$1.50 a hundred pounds higher than the previous week's close. Common spring lambs brought \$13 to \$14.50, San Antonio; \$12 to \$13.50, Ft. Worth; and \$15 to \$16.75, Wichita. Top springers realized \$19 a hundred, Oklahoma City, and \$20, Denver.

Hog prices rose sharply early in the week, declined later and closed 25 cents to a dollar higher than previous week. Trading was generally slow. Friday's quotations for top butchers were \$18.25 to \$18.50 per hundred pounds, Wichita; \$18.75, Ft. Worth; and \$19.50, San Antonio, Oklahoma City and Denver.

Cattle prices reached new highs last week, but sagged later. However, Friday's quotations were generally above the previous week's close. Common and medium cows were quoted at \$9.50 to \$12.75 a hundred pounds, Houston; \$9.25 to \$12.75, San Antonio; and \$9.50 to \$13, at Oklahoma City and Wichita. Ft. Worth sold medium and good cows at \$10 to \$14. Common to good cows realized \$11.50 to \$15.50, Denver.

Wheat and oats were down about five cents or more a bushel Friday compared to Friday's prices a week ago, and sorghums were down about 20 cents a hundred. Feed markets continued unsettled, with the supply situation improved so far as feed grains and mill feeds were concerned. Also, hay values remained firm in the principal producing areas.

Boston wool market was quiet last

week. Occasional sales of 12-months Texas wools free from vegetable matter were reported. Demand continued good for fine grades of mohair.

"During these six years I clerked the various courts of the county and have a personal knowledge of the legal matters and the proceedings of our county courts. And I gladly re-

fer you to our County Judges and attorneys who I have worked with as to my ability with each of our courts.

"I believe that each problem should be given due consideration. I am not an attorney. I have never practiced law, therefore I have not had years of experience contending for one side, and only for one side of an issue or case and defending or prosecuting that side to the extreme, depending on the client and compensation.

"The experience that I have had was dealing with each cause, upon its own merits, taking no issue in any case.

"Much consideration should be

given by the Commissioners' Court, the County Judge being a member, in the financing of our county's affairs, realizing at all times that it is your money, 'the Taxpayers', that has been entrusted to their disposition.

"As of today, we must all do our part in providing for the maintenance, protection and security of our county as well as our country.

"We must uphold the principles and high ideals our boys fought and many died for. We must maintain our county government, its morals, character, accomplishments and objectives, in order that it will be an asset to our county.

"I am just a common, country-reared West Texan with an ambition to serve you. I have always had to fight hard for my accomplishments and promotions. For this reason I am depending on my friends—the people of Lamb County—to assist and support me in this campaign.

"Due to conditions over which I had no control, I will be unable to see each of you voters personally before July 27th.

"Therefore, I am taking this opportunity to earnestly solicit your vote and support, thanking you in advance for your cooperation.

'Texas Week' To Be Published

AUSTIN, Texas, July 24.—For the first time in its journalistic history, Texas will have its own weekly news magazine when "Texas Week," published here, makes its initial appearance on newsstands throughout the state, August 9.

Editor and publisher of the new publication is Raymond Holbrook, Plainview, a University of Texas alumnus, class of 1936 who, prior to his enlistment in the Marine Corps in 1942, was state editor of the Amarillo Globe-News. Bruce Collier, also of Plainview and a college classmate of Holbrook's, is the magazine's advertising manager. Business manager is Harry Seelgson of Dallas, where he will be in charge of one of the magazine's branch business offices.

Early this year, Holbrook, Collier and Seelgson banded together a group of veterans Texas newspapermen who, like themselves, were all veterans of World War II, and formed a closed corporation. They then leased an old residence at 2005 Guadalupe Street in Austin, equipped it with the best available furniture and typewriters, and set up shop. Holbrook tells the story:

"It seems we had all been nursing the same newspaperman's dream for a long, long time—a weekly news magazine for Texas. We agreed that what Texas needed was a news magazine of its own to record its own activities in its own way and each of us felt that Texas was probably the only state in the Union that required and could and would support such a publication. So, we pitched in the saving we couldn't spend on South Pacific atolls, on beachheads and in fox holes — and the result is "Texas Week."

In size and format, Holbrook said, the news magazine "will resemble 'Time', but will be more profusely illustrated with the week's outstanding news photographs and, like everything else Texas produces, it will have a unique character all its own.

"In 'Texas Week' we plan to cover every phase of the economic, governmental and cultural life of Texas and evaluate the effects of Texans' activities up the rest of the world," Holbrook said. "Our editorial staff in Austin, supported by correspondents and photographers strategically situated in key cities throughout the state and in Washington, will enable us to present graphically analyses of the week's vital news of state and local government, labor, industry, business, ranching, books, art and the theater, plus news from surrounding states and Washington that affects Texas."

Holbrook emphasized "Texas Week" is an "economically and politically independent publication, owned by the men who publish and edit it, and that its news presentation will be objective and impartial—a magazine written and edited by Texans, for Texans and dedicated to the welfare of every inch of Texas expanse."

Other members of the magazine's staff include: John McCully, College Station, associate editor; Alfred Rosenthal, Austin, staff photographer; Robert "Windy" Winn, staff artist; Vance Johnson, Washington correspondent; Clifford Maitland Sage, Dallas, book editor; and a corps of field correspondents.

'SOAPLESS' SUDS

By MISS VETA WORLEY
County H.D. Agent

The scarcity of soap in stores these days has brought many soapless cleansing products to the attention of housewives. New York State extension and experiment station specialists offer some facts about these preparations and suggestions as to their use in the home.

These new products, commonly called detergents, include the sulphated alcohols and other related compounds and have certain characteristics in common, say these specialists. Like soap, they increase the "wetting power" of water so that it reaches the innermost parts of the material. Many of them cause water to wet material even more effectively than soap. Their solutions work up a good suds, and even when not whipped to suds, they remove grease readily, but the suds hold up less well than soapsuds, and gradually disappear as the solution cleans. In hard water they have an advantage over soap. Because they do not combine with the minerals that cause hardness in water, as soap does, they clean as well in hard as in soft water. Because their solutions are not alkaline, they can be used with some fabrics and dyes that would be injured by soap.

Some of the detergents on the market under trade names may be recognized by the label that tells how they differ from soap. In hard water they do not give the cloudiness characteristic of soap. They appear expensive but a little goes a long way. However, because of different compositions, only experience can decide comparative costs.

These products should not be thought of as soap, the specialists say. They do not remove some kinds of soil that soap removes. On the other hand, they remove fats and oils so completely that the hands may become dry when exposed. However, the oil of the skin is restored gradually by nature and immediate dryness may be overcome by applying rubbing creams and lotions.

Detergents have many household uses, among them washing greasy dishes, removing grease from the broiler, frying pans and ovens; cleaning bathroom fixtures and sinks of hard water deposits, and cleaning clothing that has become greyed or stiffened by washing with soap in hard water.

Some of the products, however, must be used sparingly, if at all, on linoleum paint, furniture and other materials in which oil is an important constituent. Others of the newer preparations are made especially for cleaning paint and linoleum. Labels on packages usually tell how and where to use.

Marines Pay Tribute to Fallen Comrade

... always a Marine... can take the man out of the uniform, but you can't take the Marine out of the man—nor can you take the man away from the Marines! The matter where the man goes, the Marine Corps has contact with him. The fact was proven when the telephone rang in the office of Captain M. Baker: "Capt. Baker speak to me." "I'm awfully sorry to hear of your loss. We'll be honored to help in any way possible..." In the close of the conversation, Sgt. Lippard, who had caught the name of the deceased Marine when

the Captain repeated it, came to the fore. He asked permission to organize a firing squad to pay tribute to an old and dear friend. Permission granted. When the other Marines at the Southern Recruiting Headquarters heard about it, they rallied to the cause, and the Marines were on hand Friday in Leonard, Texas, to render a farewell salute to Civilian Marine T/Sgt. Jimmie B. Anderson. Jimmie Anderson joined the Marine Corps in January, 1940, and was sent to the Philippine Islands soon afterward. There he met Johnny Lippard and they faced the enemy on Bataan and Corregidor and were members of the small band of men who returned after over three years of imprisonment in Japanese prisoner of war camps. A friendship was established during this time that was to last through a hell on earth and which was terminated when Jimmie passed away in Leonard, Texas, Thursday, July 13.

CANDIDATE FOR DISTRICT JUDGE

DAN M. COOK

A practicing attorney in Plainview since 1924, and with eight years active duty in World Wars I and II, and the Mexican Campaign, Mr. Cook is a candidate for District Judge.

To say that death on the part of Anderson ended the friendship is a gross mis-statement. True, for Jimmie friendship here on earth has ceased, but for Johnny there is a place in his heart which was heretofore filled with the live, care-free Jimmie and which is now filled with a thousand memories of a good friend—memories that, when revived, recall a thousand

laughs; memories that bring back years of misery and heartaches. Yes, one-half of the friendship has transferred to a new and better station for duty, but the other half carries on here to remember and re-live the times, both good and bad, that they had together. And a new memory has now been added—that of the expression on the face of the grief-stricken bride of his friend as he

made formal presentation of the United States Flag which had been draped over the remains at the grave for the burial services Friday.

Jimmie Anderson, who was 26 at the time of his death, died after a very short sickness due to a heart ailment, probably originating from his years of imprisonment. He leaves behind him his father, step-mother, Mr. and Mrs. George W. Anderson; his wife, Mrs. Nan Anderson, who became his bride on Easter Sunday; his brothers and sisters; and a host of friends, who will mourn his loss.

And Jimmie's friends who were present when he was put to rest, will long remember the set jaw, the rigid pose and the tears in the eyes of Staff Sergeant Johnny Lippard as he gave the commands that sent the traditional three volleys ringing out over the grave of his friend.

Yes, Jimmie had been discharged from the Marines, but the Marines were on hand to give him, Technical Sergeant Jimmie B. Anderson, "Civilian Marine," the traditional send-off to his new station of duty.

Mrs. Paul Havens and daughter, Paula, who have been visiting relatives at Ada, Okla., arrived here Monday to visit her mother for a few

VOTE FOR Clarence T. Davis FOR Tax Assessor --Collector

TO THE VOTERS OF LAMB COUNTY:

As I am now seeking the office of Tax Assessor and Collector of Lamb County, I well understand that this is a big and responsible job, but I sincerely believe that I am old enough and have the education and the ability to handle this office in the way it should be handled.

I am 30 years of age, and I believe if a man is not old enough at 30 years to take a responsible job, that he will never be.

After finishing high school I went to business college to qualify myself for such work as your Tax Assessor and Collector office contains. With my experience in keeping books and some experience in working in your Tax Assessor and Collector's office, I believe qualifies me to handle that office in a good and efficient manner.

My honorable opponent has served you as your county official for the last 7½ years, and I am only asking you for the same opportunity that my opponent asked for and you gave him eight years ago.

Lamb County is my home and has been my home. However, for the last four years I haven't been around here because I have been serving in the U. S. Marine Corps, of which I served over two years of that time in the Pacific. Having a wife and baby to support, I have returned to my home in Lamb County, and am asking the people of my county for a job, and I believe that I am fully qualified in every way to serve you as your next Tax Assessor and Collector.

If you believe in giving a qualified young man a chance to get started back in life, I will appreciate your vote on July 27.

I will be unable to see each of you voters personally before July 27; therefore, I am taking this opportunity to earnestly solicit your vote and support, and if elected to this office, I will do my very best to make you a Tax Assessor and Collector that each and every citizen of Lamb County will be proud of.

THANKING YOU,

Clarence T. Davis

Invited to Attend Surplus Goods Sale

William J. Collier, Route 2, Edwin P. Havens, Route 2, and Bertram L. Clover, Box 641, and all of Littlefield, have received invitations from War Assets Administration to attend a sale of surplus used motor vehicles to be held July 31 at the Marine Corps Air Station, Eagle Mt. Lake, (near Fort Worth) Texas. Collier, who was certified last October, is invited to purchase a 1 1/2-ton dump truck. Havens, also certified last October, is invited for a 1 1/2-ton dump truck, while Clover, certified last October, is invited for a 3/4-ton cargo trailer.

The sale at Eagle Mountain Lake is the last of a series of similar sales held throughout Texas by WAA during July, to which veterans of World War II who have previously been certified for various types of automotive equipment are invited by letter in accordance with the earliest dates of certification on file. Only veterans receiving invitations are eligible to buy under this plan.

Offered in the sale July 31 are 89 vehicles declared surplus by the Marine Corps and included are passenger sedans, station wagons, jeeps, motor scooters, pick-up trucks, carryalls, panel trucks, various types of other trucks and trailers. Inspection of the vehicles at Eagle Mountain Lake may be made July 29, 30 and 31.

A new sales plan for the sale of other surplus used motor vehicles will be put in effect by WAA next month similar to that now used in the sale of construction and farm machinery to veterans. All items are on the set aside list and can be sold only to World War II veterans.

Congressman
GEORGE MAHON

Return A Meritorious Servant to Washington

WHY I AM FOR GEORGE MAHON

I'M FOR GEORGE MAHON—
Because this is a farm district and George is a farm boy. He wouldn't fit into an industrial district, but he fits into this district perfectly.

I'M FOR GEORGE MAHON—
Because of all the people I know in high public office, he is the most modest and unassuming; he is as kind to a beggar as to a banker. I like a man like that.

I'M FOR GEORGE MAHON—
Because he is as clean as a hound's tooth and as honest as the days are long. Nobody ever wonders where he stands on moral issues.

I'M FOR GEORGE MAHON—
Because he is a man of outstanding ability. He can cross swords with the best of them and hold his own. He is strong in mind and body. He knows how to speak—how to vote—and how to work.

I'M FOR GEORGE MAHON—
Because he is one of the top men in Washington, and I like a top man to be my Congressman, particularly at this critical time.

I'M FOR GEORGE MAHON—
Because I have helped put him where he is—near the top—and I don't want my District to have to go down to the foot of the class in Washington. Mahon will be chairman of the Texas Delegation next year. He is chairman of one of the important committees, and I don't want to see my district lose this position of power and influence.

I'M FOR GEORGE MAHON—
Because of the outstanding job which he did in hastening victory—carrying the ball on the atomic bomb project and saving lives.

I'M FOR GEORGE MAHON—
Because I want to see the GI's get a square deal and Mahon is one of seven men on the House of Representatives responsible for the appropriation of all money for veterans and their dependents. He will use his power for the best interests of the veterans and the County.

I'M FOR GEORGE MAHON—
Because I have found him worthy of trust in matters small and great. He is a friend of all the people and my idea of the kind of Congressman this Nation needs. We need more, not fewer, men like George Mahon in Congress.

Brooklyn Indians

Looks like a scene from underneath the western stars but it's just a couple from a colony of more than 500 Mohawk Indians who make their homes in the Gowanus section of Brooklyn, according to an article in the July issue of Cosmopolitan magazine. They meet frequently to discuss tribal affairs in their native tongue. Most of the "braves" are structural steel workers who make wampum at the rate of \$2.25 an hour. Where do they get that stuff "Lo the poor Indian?"

Sales of U. S. Savings Bonds Surge Upward

WASHINGTON, D. C., July 23.—Americans bought \$139,057,000 more of U. S. Savings Bonds during the first half of July than in the first half of June, National Savings Bonds Director Vernon L. Clark reported today. Sales surged up 45.7 per cent above the mid-June figure to reach \$443,514,000, the best half-month's volume since January, he said.

This marked increase resulted from the Treasury's "Back Your Future" June-July Savings Bonds Promotion which stressed investment in bonds as security for the future and their purchase as a check against inflation," Mrs. Clark said.

While sales were increasing, redemptions were holding steady at the 1946 low achieved in June, according to Mr. Clark's report.

"It does not take an economist to figure out from these facts that Americans are convinced savings bonds are both profitable and safe and not to be sacrificed except in a

real emergency," said Mr. Clark.

The director took the occasion on behalf of the Treasury Department to thank newspapers, radio and other publicity and advertising media and their advertisers for tremendous support in space and time devoted to urging Americans to buy and hold savings bonds.

Lady Nearly Choked While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

To the Citizens and Voters of Lamb Co.

I want to be your County Judge and believe that I can fill the job the way you are justly entitled to have your job filled, as citizens and tax payers of Lamb County, Texas.

I served you as your County Attorney from 1937 to 1942, making six years in that office, and I have been practicing law in Lamb County for eleven years, which I believe has in all ways qualified me to handle the legal business of your County Judge's office. The docket of your County Court shows there is 319 Probate cases pending in your County today, 35 Civil cases, and 19 Criminal cases, which shows you there is a lot of legal work to be done by your County Judge. And in addition to this, the County Judge must handle the Juvenile cases that come up in Lamb County, and I know there will never be a boy or girl who does not receive a fair and square deal, if I am your County Judge, because I know the boys and girls are the backbone of our County, State and Nation, and their rights must be protected.

I have been handling my own business for eleven years and believe that I have had ample experience in the business world to see, and I will see, that you receive 100% on the dollar for every penny that is spent out of your County Treasury.

I am a firm believer and a sole supporter of your farm-to-market roads, and I believe you pay enough money in taxes today by getting your four-cent gas tax that is paid, to hard surface all of your mail routes and your school routes and no farmer should have to drive very far before he hits a hard surface road to his place of market. And as your County Judge, I will see that you receive your part of the 4% gas tax, which we are entitled to.

I will appreciate your vote on July 27th, and if elected, I will make you a hard working, honest and courteous County Judge.

Respectfully,

J. R. 'Billy' HALL

A Message TO THE . . . VOTERS —FROM— Hugh Rice —CANDIDATE FOR— SHERIFF

I want to thank the people of Lamb County for the co-operation and encouragement that they have given me in this race for Sheriff. As up to date, I feel that I am in the lead.

In the closing of my campaign for the office of Sheriff, I would like to leave one thought in the minds of every voter of Lamb County. Lamb County is a growing and prosperous county and we want to do everything we can to keep it on top. We need to realize that we are all growing older and that there is someone in the younger generation who can and will take our places. The younger ones are probably better suited to fill the bill today than the older ones.

So, when you go to the polls July 27, vote in such a manner as to keep Lamb County up to date . . . vote to put a younger man in the sheriff's office . . . one who is familiar with the late generation and knows how to deal with them.

I went away to the army two and one-half years ago and was gone for two years and, upon my return, I saw lots of changes in almost every line of business, but the Sheriff's office and the law enforcement was just the same. There were the same faces, and the same routine, as it was four to eight years ago.

Now, I don't think my army record qualifies me for this job, but I do believe that my contact with thousands of young men from all parts of the U.S.A. gives me a better understanding in dealing with the new generation, with which we are confronted today.

So I am asking every voter when you go to the polls to give HUGH RICE your consideration. If elected, I will give the people of Lamb County my fullest co-operation, and I am sure I will make you a good Sheriff.

As a last request I ask, as a comrade of all service men, for your support and influence.

I feel that if we service men will stick together we can elect any candidate we wish, because I feel that our influence has power.

All of us had loved ones at home—father, mother, wife, brothers and sisters, and even our own children—whose hearts ached for us for months and months, and now that we (who were fortunate) are back home, they won't let us down.

Respectfully and sincerely yours,

Hugh Rice

For Commissioner of Precinct 3

I thank my friends for the splendid support extended me in the past, and for the co-operation given me during my term of office. I also appreciate the co-operation of other members of the County Commission.

If re-elected I will do as I have before, I will do everything in my power to get more farm-to-market roads, and will give every road in my precinct the best maintenance possible. I have tried to work every road in my precinct from side to side alike. Dry weather has been quite a handicap for past eighteen months. I appreciate my machine operators; most of them have been with me from the start, without any labor trouble.

I am soliciting the continued support and friendship of the voters of my precinct. As you know, I am qualified as a road builder, and experienced in the handling of heavy machinery, and pledge my continued efforts to carry on the work of the precinct to the best of my ability.

Miss Lorene F. Stripe and Robt. A. Brotherton, Jr. Wed

Recent Bride

MRS. JAMES L. HAYS

Miss Lorene Faye Stripe became the bride of Robert A. Brotherton, Jr., in an impressive double-ring ceremony Saturday evening at 9 o'clock at the parsonage of the First Methodist Church Littlefield, with the pastor officiating. The bride is the daughter of Mr. and Mrs. Richard Stripe, and the groom the son of Mr. and Mrs. R. A. Brotherton, all of Littlefield. The bride wore an aqua blue dress and carried a white Bible. Her corsage was of pink carnations. Attending the couple were: Mr. and Mrs. Cecil Woodworth. Mrs. Woodworth wore a white wool dress with black trimming. For "something borrowed," the bride wore a brooch belonging to Mrs. C. W. Woodworth, and for "something old" her mother's wedding ring. Mrs. Brotherton was graduated from Littlefield High School with the class of 1944, and is now attending Draughon's Business College, Lubbock. The groom has been discharged after 30 months in the Navy, with 23 months overseas. He is now employed by the Highway Department at Dimmitt. Following the ceremony, a reception was held at the home of Mr. and Mrs. C. W. Woodworth, Sr. The refreshment table was laid with lace cloth, and centered with the beautiful white bridal cake. Mrs. R. A. Brotherton, Sr., mother of the groom, presided at the punch bowl, while Mrs. Cecil Woodworth assisted in serving the cake. Only close friends and relatives of the bridal couple attended the wedding and reception following. Easier were it to hurl the rooted mountain from its base, than force the yoke of slavery upon men determined to be free.—Southey.

Approving Business Houses for G. I. Training Delayed

This information should be timely to a number of merchants and veterans who are desirous of getting their places of business O.K.'d for training as provided under the GI Bill of Rights.
 The cry has been "When can I get my place of business checked for training, and what do I do?", etc. Here is the picture:
 The new regional Veterans Administration offices are being set up at LAAF west of Lubbock. Records that have been previously housed at Waco, Texas, are now in the Lubbock files. Transfer of records from Albuquerque, N. M., and also from Muskogee, Okla., have also been directed to the Lubbock office. So the Lubbock office has charge of 81 counties, which means something like 250,000 veterans.

The vocational rehabilitation department states that they have one qualified survey training officer, and that he is bound to stay at the regional office. This at present leaves no one to take the field and check the 1,000 businesses who desire to train veterans. The answer given is that they will get around to it as soon as possible. The above figure is the number on the waiting list at present.

Those in charge at the Lubbock facilities are very high class and skilled men, and it will take some time before they will get things organized and rolling so that a minimum of time will take care of the situation that is now lagging for the need of trained personnel. So long as the business has been reported in for the O.K. necessary, they will get attention in due time. The veterans will be paid from date business is O.K.'d. This is a new change in regulations.

FIFTY YEARS AT SAME KEYBOARD . . . Half century playing the organ at St. Hedwig's Catholic church is the record established by Emil Wiedemann, 84, shown above. His long service will be honored at a banquet in Parish hall, Chicago. The veteran-organist came to America from Poland in 1882 when only six years old. He became organist at St. Hedwig's when 34 and has remained since that time.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Scout Troop No. 25 is Re-organized

At a meeting Monday night, July 15, Scout Troop No. 25 was re-organ-

ized, with Roy Wade as scoutmaster; E. E. Terrell, assistant scoutmaster; Larry Messer, senior patrol leader, and John Fowler, assistant senior patrol leader; Billy Perkins, Jimmy Clark, "Soapy" Terrell, Jim Fowler, patrol leaders; Coy Dean Orr, scribe; Donny Graham, song leader; Jimmy Clark, reporter.

If a woman is nothing but a rag, a bone and a hunk of hair, then a man must be merely a brag, a groan and a tank of air.

The letter of the law of God, separated from its spirit, tends to demoralize mortals, and must be corrected by a diviner sense of liberty and light.—Mary Baker Eddy.

Apparently the shorter the dream the higher the price. But it just goes to prove that sight-seeing cost money.

VOTE FOR OTHA L. DENT FOR COUNTY JUDGE

Having served six years as your County Clerk, during which time I obtained a personal knowledge of the legal matters and the proceedings of the Court, I believe I am well qualified to serve as your County Judge.

I have not practiced law, therefore I have not had years of experience of contending for one side, and only one side of an issue and defending or prosecuting that side to the extreme. The experience I have had was dealing with each case, upon its merits, taking no issue in any case.

I am just a common county-reared West Texan with an ambition to serve you. I have always had to fight hard for my accomplishments and promotions. For this reason, I am depending on my friends to assist and support me in this race.

OTHA L. DENT
CANDIDATE FOR COUNTY JUDGE OF LAMB COUNTY

Let's Re-elect SAM HUTSON for Sheriff

My Final Statement-- To the Voters of Lamb Co.

I have always conducted a clean campaign, and I have tried to conduct this one the same way. Since I have been your sheriff I have always endeavored to give you a clean and honest administration. In appointing my deputies, there are two things that I have always required, and will continue to do so if re-elected: First, they must pay their honest debts, and never drink intoxicating liquor at any time. That goes for me, too. I have tried to enforce the law at all times the best I possibly could; I have always treated the unfortunate law inmates who were in my custody with the kindest treatment they would allow me to. The law violation in our county at the present time is at the minimum of any county of its size in the State of Texas; and defeating me will not eliminate what violations now exist, but re-electing me will come nearer keeping the county clean and having the law enforced by your help and co-operation.

Every county has some kind of sheriff trouble and confusion. During my eight years' administration we have tried to handle the office as fair and accommodating as we possibly could, and there has been mighty little trouble of any kind.

TO THE EX-SERVICE MEN AND THEIR FAMILIES:

There has been an issue in every race in the state as to whether or not the candidate is an ex-service man. May I say to the ex-service men of Lamb County: We all have had a part to play in the recent war, as we always had in other wars. My son was across in this—was over three years with ten million

other American boys—and helped do his part; and I served with the 36th Division, 144th Infantry, in World War I, and was across for over a year, and was in service almost three years, so I know something about what you boys have been through. I will appreciate your vote as much as anyone, and will make you the same sheriff, and will be your friend as much as if I had been in this war.

Now, that the campaign is drawing to a close, all I ask you to do Saturday, July 27, is to vote for the man that you think will serve you and accommodate you the best as sheriff, and vote for the best interests of the county. Then I will have nothing else to say, only if I am elected I will do my best to enforce the law and make you a good sheriff.

Thank you kindly for past favors. Any time I can be of any help to you, feel free to call on me.

Respectfully,

SAM HUTSON
CANDIDATE FOR SHERIFF - LAMB COUNTY

(Paid For by Friends of Buck Ross)

We hereby wish to extend to our Commissioner, Mr. E. C. (Buck) Ross, our most whole-hearted thanks for the condition that he has kept the school bus routes during the time he has been our commissioner, as Mr. Ross has kept these routes in good condition at all times, and has fully co-operated with all school bus drivers during his two years in the Commissioner's Office.

Mrs. Earl Rogers is chairman of this committee, and will report on the migrant work. Mrs. Stella Zimmerman will report on the leper work, and Mrs. H. C. Davis on the Negro work.

Mrs. G. M. Shaw will lead the program on Christian Community Life, which will include "The Christian Family, Community Issues, and Major Social Problems." All the women of Littlefield are cordially invited to attend this meeting and join

PFC. DUNCAN SERVING IN GERMANY

Pfc. Glen D. Duncan of Littlefield, Texas, formerly theater projectionist, is now serving with the U. S. Constabulary, the new, all-mobile, security striking force, which will soon be po-

licing the entire American zones in Germany and Austria.

Pfc. Duncan, whose parents, Mr. and Mrs. W. C. Duncan, reside in Littlefield, now wears the distinctive uniform of the Constabulary, which is an integral part of the Third Army, the only remaining major field command in Europe. His dress consists of smooth-faced combat boots, an olive drab, long blouse, with

matching trousers; a leather belt, a golden scarf, and a helmet liner bearing insignia and alternating bands of blue and gold. Off duty, Pfc. Duncan replaces his helmet liner with a sharp service cap and visor, and removes his leather shoulder strap and pistol, which every man, except medics, and bandmen carry in the Constabulary.

Howdy, folks. Many feel that the passing of the OPA will give us an extra leap year—for prices.

Prices are the only part of the nation's food supply raised by the middleman.

Once, price was an indication of value. Nowadays it's an indication of nerve.

Many people think that there will be no break in prices until the government applies the brakes.

If there is a prediction of an early fall, it will not mean the fall of prices.

Nowadays, even the price of a dress isn't modest.

Oh! For the spirit of '76 and the prices of '26!

Anyhow, we're doing our level best to hold the prices down on **RADIO SERVICE.**

Potatoes Fast Coming To the Front as South Plains Crop

Farmers of Lubbock and surrounding counties are in the midst of harvest of their third 1946 crop—potatoes—and indications are that in spite of the drought the crop will be better than last year both in yield and quality.

Wheat and alfalfa crops have already been harvested and the golden stream of dollars has been pouring into farmers' pockets since the middle of June.

Harvest of the year's third cash crop is being made possible through the magic of irrigation, Lubbock country now having in the neighborhood of 1,000 irrigation wells.

A total of more than 150 cars of potatoes had been shipped by rail from Shallowater, Monroe and Lubbock up until noon Saturday. An estimated 50 to 75 more cars will be shipped out within the next few days to run the county's crop to well above the 200-car mark.

Included in the shipments was a 100-pound sack of No. 1 Triumphs raised by J. R. West, who resides 15

miles northeast of Lubbock. The special sack, bearing West's brand, is en route to the White House and within a few days President Truman will be eating South Plains spuds.

Lubbock county has approximately 900 acres of potatoes, all under irrigation. Yield is running from 100 to 125 sacks of field run potatoes per acre.

A potato scab, which cut the quality in small "patches" over the county has been reported. Growers are now pondering means of eradicating the blight.

Largest acreage is grown by the Thiel brothers, who live on the Plainview highway between Lubbock and Monroe. West, who lives five miles east of Monroe has 175 acres in potatoes.

Recently West had shipped more than 50 cars and expects to turn out 112 to 115 more cars before conclusion of his harvest. He has five irrigation wells on his 550-acre farm and planted the potatoes on March 11. They have been watered almost constantly ever since.

For four straight days during the past two weeks, West's potatoes topped the Chicago market in prices, he reported.

West is planning to plant his potato acreage in blackeyed peas as soon as harvest is completed and expects to raise a second crop from the land this year. This is his second year to grow potatoes.

GO TO THE POLLS JULY 27TH AND VOTE FOR THE YOUNG EX-SERVICE MEN WHO ARE CANDIDATES

These men are all overseas veterans, have families and are fully capable and qualified to fill the offices they seek and are asking us to elect them. So let's all go to the polls July 27th and show these boys and all other ex-service men that Lamb County is behind them and won't let them down when it comes their way to give them a lift.

1,080,000 POUNDS OF BLACKEYED PEAS ARE NEEDED FROM WEST TEXAS EACH DAY BY GILBERT C. WILSON, Laboratories AT Pittsburg, Texas

We will need 1,800,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

Our plant is now operating, canning peas from South and Central Texas. West Texas blackeyed pea harvest will begin after the harvest season in East Texas is over. We will start buying here when peas are first available, and we will continue to buy until the first killing frost.

MR. R. W. BADGER, Box 1146, Phone 78, Littlefield, Texas, will handle buying for us in the Levelland and Littlefield territories, setting up receiving points at convenient loading places throughout the territory, to be designated later. He will take care of receiving and will pay for the peas at the time they are received.

We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton. The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

According to the experienced blackeyed pea growers in West Texas, less moisture is required for producing a good yield of blackeyed peas than cotton, and they can be planted 20 to 30 days later than cotton yet still in time for maximum yield.

Blackeyed peas, being a legume, will serve to build up the soil, and will also serve somewhat as a cover for the soil to keep down erosion during the winter months.

We will also buy dried blackeyed peas this year.

PRICES AFTER OPA

Resolution adopted by the National Retail Hardware Association at its 47th Congress, Chicago, June 27, 1946.

WHEREAS, It is our conviction that the only regulation of industry and commerce which can permanently prevail is the law of supply and demand and that any temporary device for the attempted control of emergency conditions should be administered realistically and should be ended at the earliest possible moment; and

WHEREAS, Capricious, contradictory and obstructive policies of the Office of Price Administration and the officious attitude displayed by the agency have resulted in confusion, bewilderment and frustration for business and have engendered in many business people disrespect, distrust and hostility toward price control and created a reaction which tends to overlook the needs and benefits of price control during dis-

ruption of production and runs to extremes; and

WHEREAS, Stable and healthy economy can result only through the orderly process of manufacture and distribution, with each factor in industry and commerce asking and receiving neither more nor less than the usual, reasonable and necessary margin for the profitable operation of his respective business; and

WHEREAS, Relaxation or removal of price control, whenever it comes, will place upon business the sobering responsibility of voluntarily policing prices so as to avoid runaway inflation and the economic ills and disaster attending such an eventuality, therefore, be it

RESOLVED, That the National Retail Hardware Association strongly recommends during the period of price adjustment and until such time as merchandise supply is in balance with demand that each member ask for and accept only such mark-ups and margins as he has customarily taken, on the basis of his actual or replacement costs, and scrupulously avoid any act contributing to price inflation.

FAIR PRICE PLEDGE

A member of the National Hardware Association, the undersigned subscribes to the principle stated in this resolution and pledges to the public fair and reasonable prices at all times.

We, Friends of Mrs. Ann Blythe County Treasurer of Lamb Co.

wish to take this opportunity to show our appreciation of her and the efficient manner in which she has served as a public official.

Mrs. Blythe is thoroughly capable to discharge the duties of the office of County Treasurer; she is kind and courteous at all times, whether it is election year or not.

Mrs. Blythe is dependable and always on the job; she needs the office as a means of support, her husband having died after being an invalid for 11 years, left no property and no insurance with which to help pay the indebtedness and support and educate their two children. And since Mrs. Blythe is doing such a wonderful job as County Treasurer, we, her friends, want to help and encourage her and ask that all the citizens of Lamb County consider the record she has made and help her to carry on by electing her COUNTY TREASURER.

Thank You Friends of Mrs. Blythe
