United Fund Dollars Help Training in Citizenship

United Fund dollars that go to the Boy Scouts and to the Girl Scouts are an investment in the future that will pay handsome dividends in the opinion of Mr. and Mrs. Bob Manley. The Manleys are in a good position to know. They are the father and mother of 14 year old, Bobby, Explorer Scout, and 12 year old Pamela, a Girl Scout. Bobby has been a Cub Scout, a Boy Scout and Explorer for six years. As far as the Manleys are concerned the two organizations are absolutely tops in preparing children for responsible adulthood. "Scouting gives a boy an insight into what vocation he might like to enter later in life. I don't know of any other place a youngster can get that," Mrs. Manley said. Her son, she explains, has had an opportunity to learn about a variety of interests by working on merit badges. "It has been wonderful training," she says. The Girl Scouts, she continued, prepares girls for womanhood. The emphasis here is on performance of such home duties as cooking and housekeeping, but there are also campfires and other activities. Mrs. Manley explained that this is the first year the Girl Scouts will have the benefit of trained

Asiatic Flu Not Apparent In Littlefield

Littlefield has been more fortunate than some Texas cities as far as the influenza epidemics are concerned. Local physicians say that they have treated some influenza cases, but there are no more cases than at this period in past years. Dr. O. W. Still said that it takes special laboratory tests of virus to determine the Asiatic type of influenza. It is the A type of flu and whether any of the cases here have been of this particular type is not known. He did say that there is no cause for alarm since there is no sign of an epidemic. Physicians at the Medical Arts have treated some influenza, but they agree with Dr. Still in their opinion. Both hospitals have given serum for Asiatic influenza. They have received limited amounts and both hospitals are out at this time. Doctors agree that it is a good idea to take the vaccine when it is available.

JOHN T. WILLIAMS

John T. Williams Is New Pastor Of PV Baptist

John T. Williams is the new pastor of the Parkview Baptist Church in Littlefield. He and his wife will reside at 1221 West Sixth Street. He is a former pastor of the Springlake Baptist Church. Two Gates Are To Be Added To Wildcat Field

Children's Classes To Begin Country Club Golf Pro To Teach Classes For Ladies

Bob Hickson, golf pro of the Littlefield Country Club, has announced classes in golf for ladies and children. The classes are for club members only and are free. The ladies classes will be held on Tuesday afternoon at 3 and Thursday morning at 9. They will

begin on September 24th and 12th. Ladies may enter either class. Classes for the children will begin Monday afternoon. High school boys and girls will meet Monday and Wednesday at 4 p.m. All other children will attend the Tuesday afternoon class at 4 p.m. Members of the board of the Littlefield Independent School District voted in a meeting Monday night to build two six foot gates on each side of the present gates to the Wildcat Football field. This will expedite the entering and leaving of spectators to the football games. This will give the visitors access to two six foot gates and two three foot gates. Lights will be installed over each ticket booth and over the rest room doors. Students may purchase tickets at the school for fifty cents, but these will entitle them to sit in the student section only. If they wish to sit in other sections of the grandstands they must purchase regular tickets.

Juvenile Held In Laundry Break-In

County authorities are holding a fourteen year old boy, who is a student in the fourth grade at Elementary school, for investigation of a break-in which occurred at the Littlefield Steam Laundry Monday night. Entrance to the laundry was gained through a window. Four dollars in nickels and dimes and 30 pennies were taken. Seven shirts were also missing. County Judge Pat Boone, Jr., questioned the boy, his two brothers, and their father, and held the older boy for further interrogation. Earlier the youngest of the brothers had taken \$43.25 from a purse at one of the schools, but school officials had gotten \$12 of the money back, according to Acting Chief of Police F. A. Fitzgerald.

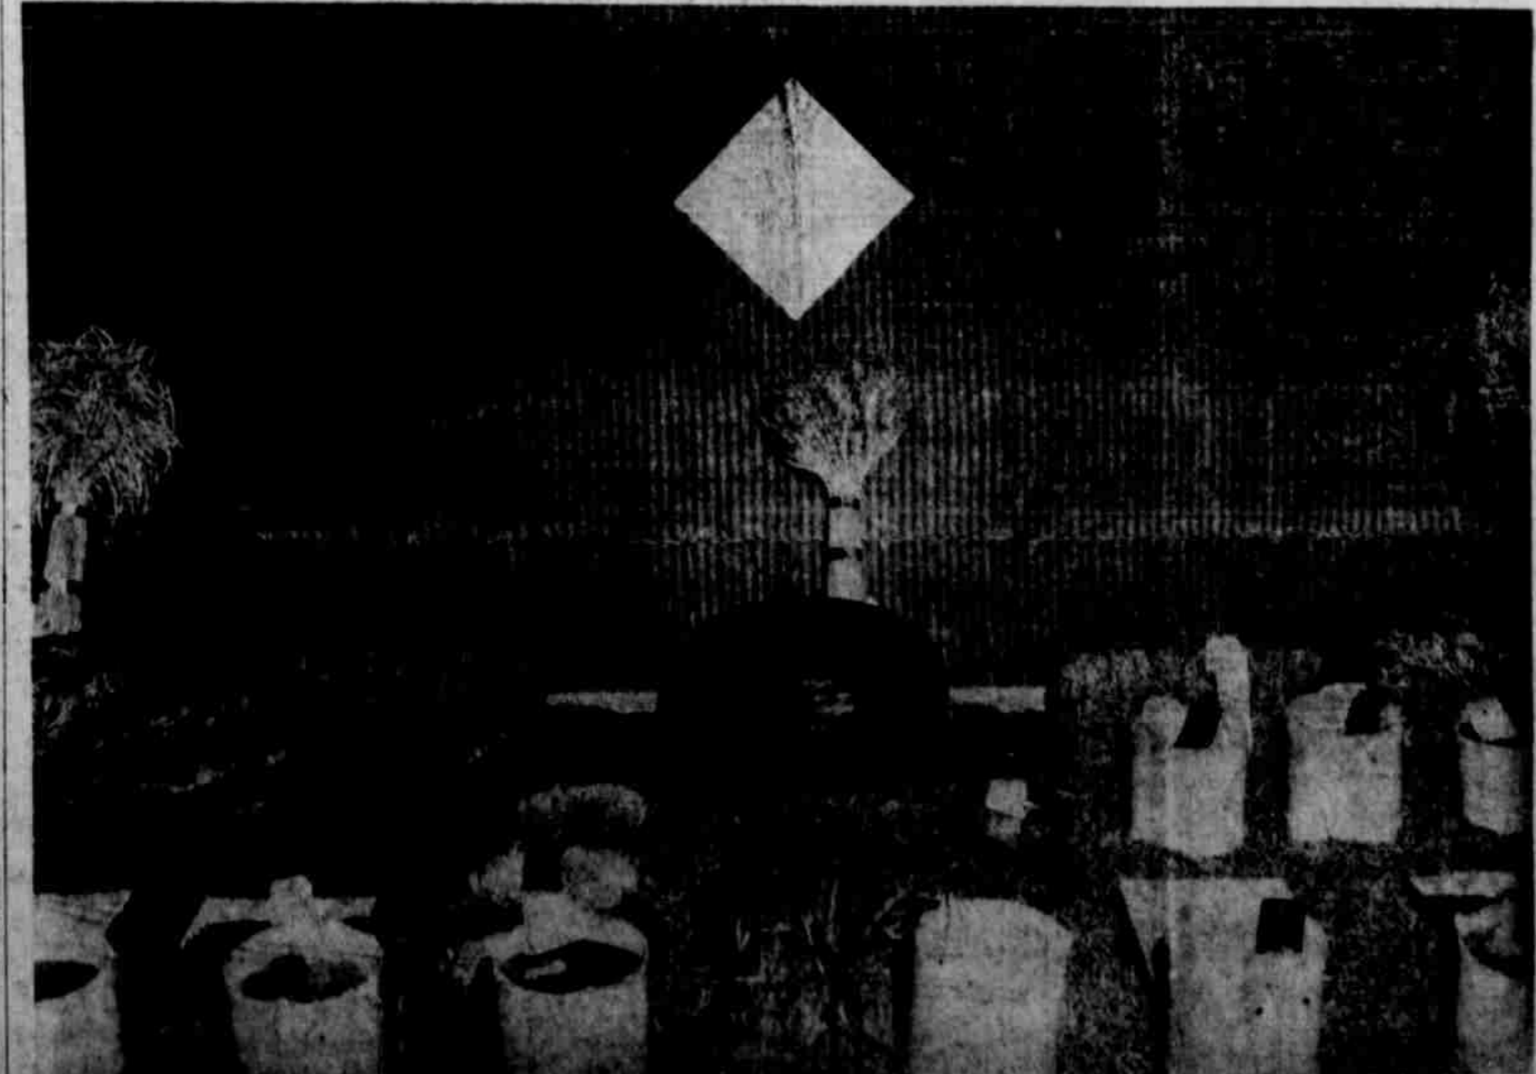

Cotton Pulling Begins In Dry Land Fields

Cotton harvest was started in some of the dryland fields in the county during the week. The harvest will be later in the irrigated fields. The harvest of grain sorghum is picking up, but is still behind this time of previous years. Tomato harvest was begun this week at the C. E. Jones farm and Gallini farm. A labor shortage has not been felt by farmers yet, but additional hands will be required to harvest the cotton. Insects, which have plagued cotton farmers, have diminished. Experts say the colder weather has helped the insect problem. Spraying operations are still underway in some sections.

Miss Zelma Harris Weds Mr. Jerry Don Phillips

Autumnal tones predominated the altar decor of an arch of brown and gold autumn leaves intermingled with brown pom-poms and illuminated with brown candles for the wedding of Miss Zelma Faye Harris and Joe Don Phillips.

Parents of the bride are Mr. and Mrs. L. G. Harris and the groom is the son of Mr. and Mrs. Edward Phillips of Levelland.

The double ring ceremony was read on Sunday, September 15th, at 3:30 p.m. in the First Baptist Church of Enochs with Rev. John Jenkins officiating.

Pianist Mrs. Glen Buckner accompanied Jerry Arrington as he sang "Whether Thou Goest" and "Walk Hand in Hand."

Given in marriage by her father the bride wore delustered satin and Almond lace, designed with a portrait necklines, and a stand up cuff of scalloped lace braids. From the long torso waistline stemmed a voluminous waltz length skirt. Her silk illusion veil was joined to a cap of satin outlined with seed pearls. The bride carried a crescent shape bouquet of feathered white carnations over a white Bible.

Mrs. I. T. Brown, sister of the bride, served as matron of honor, and Miss Beth Swinney of Portales, New Mexico, was bridesmaid.

They were attired in dresses designed with scooped necklines, accented with bouffant street length skirts. They carried nosegays of gold lace and ribbon encircling dark brown pom-pom mums.

The reception was held at the Fellowship Hall. The bride's table was covered with an ecru crocheted cloth over brown taffeta. The attendants' nosegays and a three tiered wedding cake completed the decorations.

For a wedding trip to Colorado, the bride chose a sky blue tweed suit complemented with navy blue accessories.

WILDCAT-OLTON GAME TOPS AREA ACTION

Games Are Oldest And Highest Rivals In Area

Coach Gene Mayfield will lead his fighting Wildcats on Friday afternoon and head for Olton for the first out-of-town game of the 1957 football season.

Littlefield and Olton fans are anxiously awaiting the annual game that always proves to be one of the best in the area.

Troutter and Wallace Lee are captains of the Wildcats this year. They will lead the team Friday night.

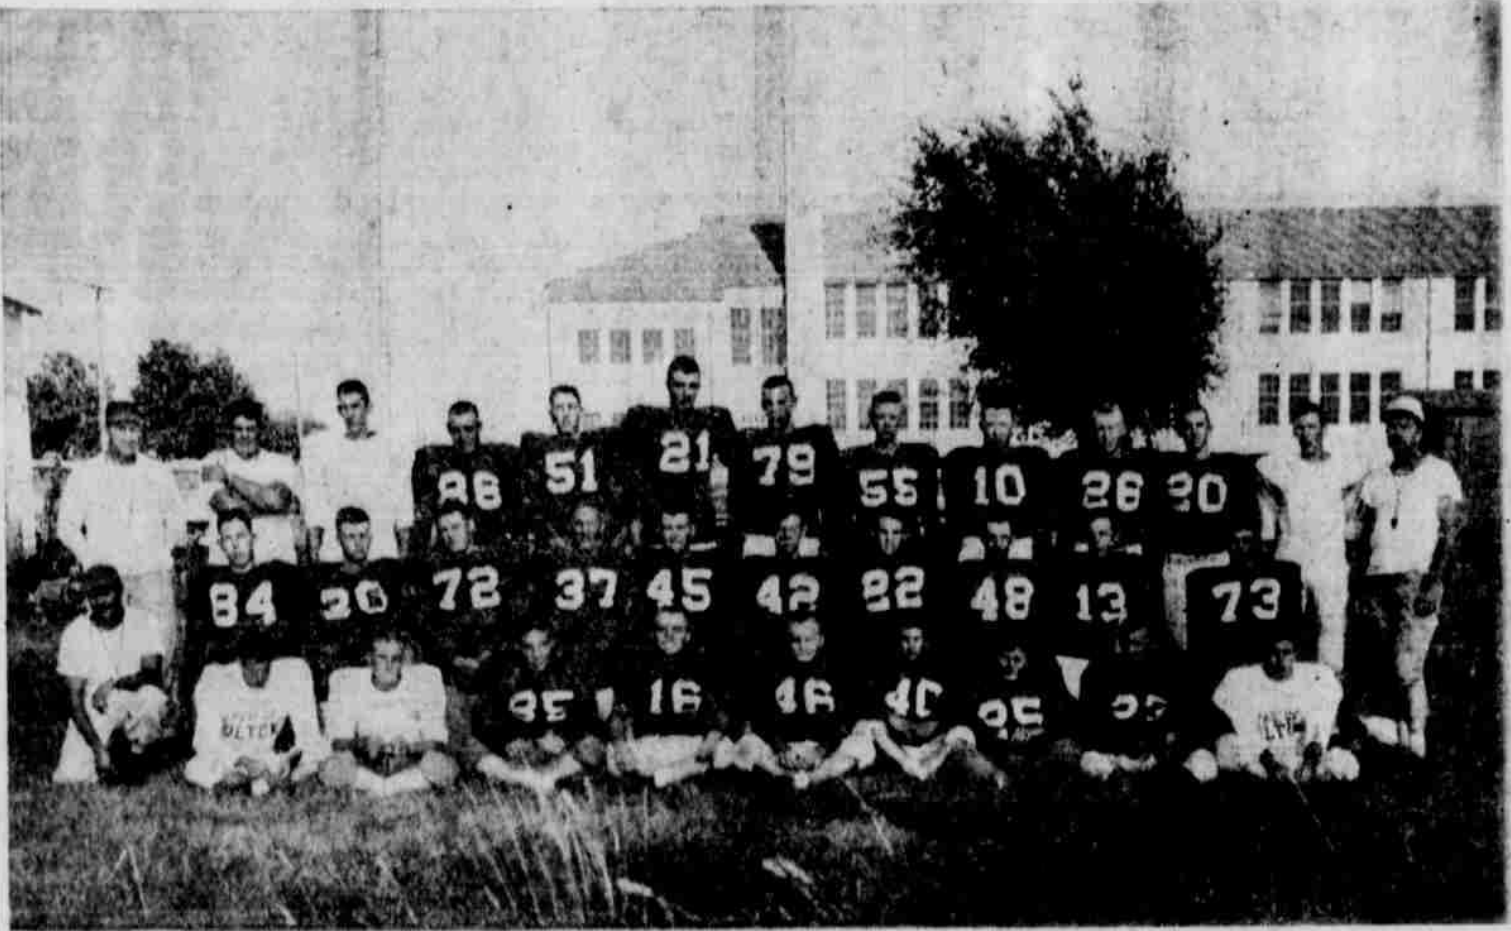

Littlefield has a bad knee that will not be able to play. Whether or not he will play will not be known until game time.

Bill Wade is expected to play this week with a sprained ankle and two other injuries.

The game will be a hard fought one. Both teams will depend on the outcome of the boys' illness.

Olton hasn't looked too good lately, but the Mustangs play harder against the Wildcats than any other team. Littlefield in the past have been phenomenal. Last year the Mustangs didn't look good, but after they started to play, Wildcat coaches and fans thought they were lucky to have won.

Coaches and fans were

Third in the series of football teams is the Olton Mustangs. Front row, left to right, Coach Jim Goss, Butch Hatley, Melvin Moore, Kenneth Hooper, Jack Roy Straw, James Moore, Charles Giles, Bobby Brown, Arnold Hall, Autry Evans. Second row, Robert Priest, Lenon Young, Larry Grant, Kent Woyencroft, James Carson, Tommy Wilson, Ronnie Dennis, John Adams, James Hamon, and Randy Buchenaw. Third row, Coach Joe Turner, Neil Easler, Jimmy Robbins, Billy King, Clinton Billingsley, Don Edwards, Jack Hysinger, Phil Neinst, James Hyatt, John Paul Jones, Royce Bodkin, Billy Hair and Coach Jeff Smart.

Olton Wins Friday's Game

The 1957 game was the best in the history. The Mustangs were heavily favored to win the contest and won the north half of the district 4-A. The Mustangs had beaten the Cats two years previously and had in their back field two of the best scoring punches on the South Plains in the Hedges twins, Willard and Willis. The game drew a capacity crowd. Littlefield took over from the beginning with backs, Gene Clark, Jimmy Yarbrough, Roy Allen Hutson, Babe Hammons, and Floyd Hollberg and a host of others.

The Cats quickly jumped into the lead and beat Olton 34-0 which was one of the biggest upset victories of the series. Littlefield won the north half of the district that year, but lost to Brownfield in the district game.

In 1954 the Mustangs beat the Cats 25-6 in a hard fought victory.

Conch Fikes Comes to LHS

In 1944 Jay Fikes came. The Cats began their rise to power with the arrival of Fikes and the winged-T offense. The game was played in Seely stadium that year. In the backfield was Billy Lyman, Walker Sewell, Jr., Graham, Oscar Amend. The Cats won the conference game 44-0 in the first night game since 1941. Lyman completed 12 of 18 passes in that game, most of them to ends,

Homer Peel and Buster Owens

In 1945 it was practically the same story with practically the same line. The Cats pushed out a 45-6 victory at Olton. The Cats led 12-6 at the end of the first quarter. The game was close, but the score indicates. They won their first regional championship under Fikes by beating Monahan.

1946 Game Played in Rain

A small crowd saw the Cat-edge Olton out in the 1946 game with a 19-6 victory that was played all the way in a heavy down-pour. Jackie Shelby scored in the first quarter for Littlefield with a 44-yard run. Sabin Hendrickson rammed over for the other scores.

Conest Ommitted for 5 Years

In 1947 the game wasn't much of a contest. Littlefield's prize quarterback, Travis Price was out of action but Johnny Strygle, a sub, showed power in passes. No game was played for five years following that with Olton Littlefield was enjoying the best season and it was in 1949 that the Wildcats won State Championship.

Olton Beats 48-11 in '53

In 1953 the Wildcats receive the worst defeat in ten years when Olton beat them 48-11.

Bobby Straw, Archie Souter and R. V. Alcorn, trio of backs Milton Vaughn did most of the Littlefield crowd gamine while Dan Howard and Dwain Hoover scored the two lone touchdowns. Olton and Littlefield did not play

Last Year Ended in a Tie

Four thousand fans saw Littlefield and Olton play in the 1956 game at Seely Stadium for a 12-12 tie.

Littlefield's Buddy Jones took the opening kickoff on their forty yard line and scored. With six ground plays with Morris and Greer eating up the yards, Buddy Jones, Wildcat halfback was the standout player.

In the second quarter, the playing was purely defensive with the two lines playing to a standstill. Littlefield picked up yards but never crossed the Olton 20 yard line. At the end of the first half Olton had made only three first downs and had gained only 6 yards and failed to complete a pass out of 6.

Littlefield had gained 143 yards and made nine first downs. On the first play of the fourth period, Estes of Olton was stopped out shot a pass to Wallace who juggled the ball, held on to it and sent for a touchdown. Littlefield was held on down and forced to punt.

It was from there that Olton started their march for the second touchdown.

Wayland Enrolls Sixth Son Of Bovina Couple

Plainview, Sept. 15. (Spl.) - "Some of my brothers attend Wayland," was Marvin Young's exclamation on his application to enter Wayland Baptist College on Sept. 16.

Marvin, son of Mr. and Mrs. E. H. Young of Bovina, is the sixth son and the ninth member of the family, including three sisters-in-law, to enroll in Wayland.

Marvin, who played outstanding basketball for Bovina High School is the fourth of the Young brothers to receive an athletic scholarship in basketball from Wayland. Henry, Paul and Roy have made the Young name a tradition on the Wayland basketball court for the past ten years.

Rev. George P. Young, Taboka is another of the brothers who attended Wayland. He is married to the former Fred Christie, Garden City, who received her B.A. from Wayland this summer. Denzil Young was enrolled for several years as a student at Wayland.

Henry, Paul and Roy are all coaching in the South Plains. Henry is in Floydada, Paul teaches in Lubbock at J. T. Hutchins, Junior High. Roy does his teaching at Chirodon High School where he is head basketball coach.

There are four other Young children, three of whom may yet enroll in Wayland, making this one of the largest family enrollments in the history of the college.

According to the 197 edition of "Accident Facts" a Council publication, a drinking driver was involved in about 30 per cent of all fatal accidents in 1956.

Light to occasional heavy rains fell over the area during the week. Showers and strong winds delayed applications of insecticides for control of cotton insects in some localities.

Cotton insect activity was decidedly less than that of the previous week. A widespread use of insecticides for leafworm control accounted for such decline in insect populations on cotton. Many fields, where no recent insecticide applications had been made, had sufficient infestations to warrant control.

Leafworm infestations were reported heavy in Floyd, Hockley, Wisler and Howard Counties. Heavy masses of leaves occurred in scattered fields in Crosby and Lubbock Counties where control was delayed. The worms are now appearing in sufficient infestations to require control in many fields in the northern part of the area.

Boll worms were reported in light infestations in a majority of fields. Medium to heavy infestations were found in scattered fields of cotton in Crosby, Floyd, Hale, and Lubbock Counties.

Cabbage loopers were present in heavy infestations in Mitchell County. Looper population increased in many fields in other localities. Egg counts were generally much higher than previously observed.

Heavy aphid infestations were reported in Hall and Howard Counties. In some other localities populations have declined, due to control by beneficial insects.

Spider Mites were present in heavy infestations in a few fields in Floyd County. Light infestations were found on cotton in scattered fields in a number of other localities.

For anything worth having one must pay the price; and the price is always worth, patience, love, self-sacrifice, no paper currency, no promises to pay, but the gold of real service.—John Burroughs.

Becalmed

This happy crew doesn't mind too much being becalmed because they can always break out the oars and row to shore, though it may cut down on the fun of their outing. But what happens when we get becalmed in the midst of life? Where do we look for oars and which way is the shore? Then above all we need some word of direction and reassurance from the world invisible to help us resume our journey.

EVERYONE IN THE CHURCH... THE CHURCH IN EVERYONE

Is something wrong with your life—
an inner restless dissatisfaction? The
answer to every human problem comes
only from God our Maker. He alone
can forgive and reassure.
Through the church God has com-
mitted the provision and proclama-
tion of His forgiveness and redem-
ing love. Without a church relation
no one is securely related to God.
*Everyone should be in the Church and
the Church in everyone!*

The Church proclaims this word of direction and reassurance for man who waits in this life for fulfillment from beyond. From the Bible the wind of the Spirit blows fresh and strong to send us on our way through this mysterious life confident and unafraid.

Waiting for its complete demolition is the old Sudan elementary school building. At the time of this picture, the building had been partially dismantled. Note roof and stairs windows have been removed. —Scott Photo

Razing Of Old Sudan Grade School Completed

Progress sometimes brings a sense of sadness and nostalgia for the old and the familiar as it yields to its pathway. The razing of the old grade building and the clearing of the grounds has been completed to make way for the new Economics cottage to be built on the site. The foundation for the new building is now underway.

Centered directly at the end of main street the old elementary building was a reminder of the early days of the town to local pioneers who were more than a little reluctant to see it go.

Its presence was also a reminder to former students of bygone days of their youth, and was a "second" home to a number of local teachers who performed teaching duties within its walls for several years.

Residents of the community, used to seeing the building each time they drove down main street, received a shock the first time the empty space left after the tearing down of the walls greeted their vision.

As though it had a mind of its own the old building seemed to offer resistance to its demolition when a number of the working crew received injuries during its razing, including the contractor, Walter Choate, who received a broken arm on the job.

The land where the building stood was donated to the school by Lloyd D. Wilson. The structure was erected in 1923 and partially burned in 1924, and was restored. Serving as school trustees at the time of its construction were W. W. Carpenter, S. A. Lucky, C. C. Preston, W. H. Farnaux, J. W. Yeagan, H. J. McCarty, and P. E. Bosen.

Billy Douglas Completes Cooks School In Kansas

FORT RILEY, Kans. (AP)—National Guard Specialist Third Class Billy J. Douglas, 22, son of an Mrs. Andrew J. Douglas, Olton, Tex., recently was graduated from the Ft. Riley Army Food Service School's eight-weeks cook course at Fort Riley, Kans.

Specialist Douglas is regularly assigned to the 3024 Field Artillery Battalion's Battery A in Port Jervis, N. Y.

He is a 1955 graduate of Loveland High School.

Representatives Of FB To Attend District Meet

Lamb County Farm Bureau will be represented at an important District 2 meeting Sept. 19 in Lubbock, according to Herman Neuenschwander of Littlefield, president of the county farm organization.

Among those scheduled to attend from this county are: Lonnie Neinst, Kenneth Burgess, Edward Mitchell, Harvey Messamore, V. H. Diersing, V. M. Peterman, W. C. Burns.

Activities at the all-day meeting include a policy development planning meeting in the morning and a banquet and queen contest that evening.

The policy planning development session will get under way at 10 a.m. at the Lubbock Hotel. Current state and national issues will be studied and techniques for obtaining maximum participation in this year's policy development campaign will be discussed.

County Farm Bureau leaders, including policy development committee men, will attend this session which is slated to adjourn at 3 p.m.

H. W. Robertson, organization director for the Arkansas Farm Bureau, will be speaker at the banquet which starts at 5:30 p.m. at the hotel. The banquet meeting will kick-off the District 2 membership fall roundup campaign. County and community membership chairmen, as well as other county Farm Bureau leaders in the District, are invited to the district-wide kick-off banquet meeting.

Robertson, a witty and inspirational speaker, is a graduate of the Arkansas College of Agriculture and a member of the Alpha Zeta honorary fraternity and of Epsilon Sigma Phi, a professional agricultural fraternity. Prior to joining the staff of the Arkansas Farm Bureau in 1948, Robertson was employed by the Extension Service in various capacities, including county and district agent and as extension soil conservationist.

H. L. (Hub) King, Brownfield, District 2 director, will be in charge of the policy development planning meeting and will act as toastmaster at the evening banquet.

Highlighting the one-day Farm Bureau meeting will be the District 2 queen contest in which a dozen County Farm Bureau queens from this district will vie for the honor of representing the district at the state finals in Dallas in November. Miss Linda Latimer, daughter of Mr. and Mrs. E. L. Latimer of Littlefield, will represent Lamb County in the contest.

The queen contest will start at 8 p.m. at the O. L. Slaton Elementary School on Avenue Q in Lubbock. Ed Cumble, Bronite, TFB fieldman, will be master of ceremonies.

Evilinda Gonzales is crowned queen by Chamber of Commerce president, Chas. Duval, right and I. D. Onstead, vice-president. Duval and Onstead gave the official welcome at the Entorno a Mexico celebration that was held Saturday, Sunday, and Monday in Littlefield. —Ellwood Smith Photo

Texas Judges To Meet In Tyler, Texas

Some 200 Texas judges will meet in Tyler next month to work out mutual problems ranging from judicial administration to broadcasting and telecasting trials.

District Judge James K. Everts of Belton, who heads the Judicial Section of the Texas State Bar, announced the group's annual conference in Tyler, October 3-5. Vice Chairman Tom Renfro, Associate Justice of the

Fort Worth Court of Civil Appeals, was named chairman of the conference program.

Membership of the group is restricted to slightly more than 200 judges of the Texas Supreme Court, Court of Criminal Appeals, Court of Civil Appeals, district courts and county courts-at-law.

The three-day meeting, to be held at the Carlton Hotel, will include some 30 addresses and panel discussions involving such subjects as courtroom manners, judicial administration, pitfalls of adoption, radio and telecasting trials, problems common to new judges and other problems pertinent to the judiciary.

Top officials of the State Bar will attend the conference. These are President Virgil T. Seaberry of Eastland, and Board Chairman Frank W. Hustmyre of Orange, both of whom will address the group; Vice president Fred Parks of Houston; and Leo Brewster, President-elect of Fort Worth.

Dr. Marvin Vance of Austin will be the principal speaker at the annual banquet to be held the evening of Oct. 4.

Pean J. Jackson, State Insurance Commission chairman, and former District Judge at Cleburne, is secretary-treasurer of the section. The executive committee includes District Judges D. B. Wood of Georgetown and Otis

Dufagan of Tyler; Associate Justice Spurgeon E. Bell and Dick Dixon of the Houston and Dallas Courts of Civil Appeals, respectively; Judge Robert J. Allen, Lubbock County court-at-law; and Associate Justice Clyde E. Smith of the Texas Supreme Court, Austin.

In public schools today, the teacher is afraid of the principal; the principals are afraid of the superintendent; the superintendents are afraid of the school board; the boards are afraid of the parents; the parents are afraid of the children; and the children are afraid of nobody.

back on the job

THANKS TO WOODMEN...

Telephone Installer Ernest E. Smallwood, Bristol, Virginia, spent seven months last year in a sanatorium, afflicted with pulmonary tuberculosis. He is now happily back on the job.

The cost of his treatment was more than \$1,200. Yet he paid nothing. Woodmen of the World Life Insurance Society footed the bill. Free treatment of pulmonary tuberculosis is another non-contractual "plus" benefit of membership. More than 5,000 Woodmen have benefited from this service.

It is an example of the true fraternal regard the Society has for each of its members... and of a great service unparalleled in the insurance industry.

More People Drive Chevrolets Than Any Other

Spunk to spare!

There seem to be two kinds of roads around the country lately. There are dull, ordinary everyday roads. Then, there are the same roads when you take them in Chevrolet—fun roads!

Stepping along nimbly, surely—staying on course—traits like these come just a little more naturally to Chevrolet. Few cars at any price are so beautifully balanced. None in Chevrolet's field have Ball-Race steering, extra-long outrigger rear springs—or Body by Fisher—to name just a few of Chevy's exclusives.

As for spirit, well—take a Chevrolet out and feel that eager 245* horsepower! Just drop in at your Chevrolet dealer's—soon!

\$800 Scholarships Offered To 4-H Clubbers

CHICAGO, (Sp.)—Four scholarships of \$200 each are available this year to college students who have completed three years of 4-H Club work and who plan to major in either agronomy or textiles. C. L. Noble, director, National Committee on Boys and Girls Club work, announced today.

"The scholarships are offered on a national basis," stated Mr. Noble. "To be eligible, applicants should have a satisfactory scholastic and 4-H Club record and must have completed their sophomore year in an accredited college or university."

Two agronomy scholarships are made possible for the first time to agriculture students by the California Spray-Chemical Corporation, Richmond, California.

The Colgate-Palmolive Company, Jersey City, New Jersey, for the second year is offering two home economics scholarships for girls majoring in the clothing and textile fields.

At the time the two national winners are chosen for the agronomy and home economics scholarships, four alternates for each scholarship will also be selected on a national basis. If the scholarships are not used by the winners, they will be made available to the last alternates. Half of the scholarship will be granted during the junior year, and the remaining half will be provided for the senior year.

Students wishing further information regarding the awards should contact the state 4-H Club leader. All applications must be submitted by the state 4-H leader on or before October 25, 1957, according to Mr. Noble.

PEPPY FOODS
FOR BETTER BREAKFASTS

Pep up those lagging breakfast-time appetites with new exciting food variety... It's no trick these days with so many ready-to-eat items available... Here are some suggestions to surprise the family.

How to be a Better Cook... and save money

BY Mary Blake
Home Service Director Carnation Company

For a "Morning Glory" breakfast that pleases sleepy heads—and provides the energy they need—include the following:

- Fruit
- Cereal
- Milk
- Bread & Butter

If your family wants a bigger breakfast, meat, eggs, or pancakes. To get the most out of your food and provide the energy they need, serve about a third of the day's food at breakfast.

Food eaten early in the day is absorbed more largely during the most active daytime hours. That means you need an energy breakfast.

With no effort at all, you can dream up a breakfast cereal every day.

Serve ready-to-eat cereals with bananas, berries, canned or stewed fruit. Top any cooked cereal with brown sugar, jam, stewed fruit.

Sesame Investigation Test At High Plains To Aid Grower

Scientists of the High Station at Halfway in Hale are investigating man's food crop, sesame, as a source of cash income for farmers.

Station's sesame program aimed to find those varieties that are adaptable to High Plains soils and climate, are profitable yielders and may be easily and cleanly stored with modern combining machinery.

Dr. Johnny H. Davis, state head of the Station, said that all the Station's sesame had received 50 pounds of nitrogen an acre at planting during the last half of May and 50 pounds of nitrogen as a side-dressing.

It is only a matter of time and field research before several varieties and strains are developed that will prove as profitable in this region as other crops and strains are proving

in other parts of the state," Dr. Davis said.

"Sesame was introduced to this region in 1953, and several farmers already have grossed more than \$100 an acre on it." He estimated that High Plains farmers this year planted 10,000 acres of the crop.

He described sesame as the finest oil seed crop known to man. Approximately one-half of the weight of the seed is a high quality edible oil of unusual stability, and the meal is a high protein livestock feed.

Sesame oil, which brings a higher price on world markets than it does on the domestic market, is used extensively by industry in the manufacture of drugs, insecticides, soaps, cooking oils, margarine, shortening and many other commodities.

White's Auto Store To Hold Formal Opening Saturday

The formal opening of the new White's Auto Store will be held all day Saturday. Wardell Wright, who moved to Littlefield from Levelland, is owner of the store.

Prizes of a 21-inch television set, a table model radio, and a battery, will be given away in a drawing Saturday night.

The store is an affiliate of the White's Auto Stores and will feature automobile accessories, hardware, housewares, appliances, seat covers, and tires.

Wright was formerly associated with Magnolia Petroleum Co. He and Mrs. Wright will attend services at the First Baptist church. He is a veteran of World War II.

They have three children, two boys, Billy, 7, and Jerry, 9; and Kay, who is three.

The store will remain open until 9 p.m. Saturday.

Letters To The Editor

I wish to thank the Chamber of Commerce and all its officials for their wonderful cooperation given to me in the Fiesta parade. I want to thank also the Supt. of the school, Mr. Ralph Schilling and also our band director Mr. Berl Harris and our Littlefield Wildcat Band for their wonderful performance Saturday afternoon.

Many thanks also to the judges

of the parade, I. D. Onstead, C. A. Daval and Vernon Hofacket.

Thanks too, to the Littlefield police for their full cooperation. I wish to thank each of you and Mr. John Usery of the Littlefield Sports Arena and Radio Station KVGW. I want you to know I appreciate everything you did to help and, if in the future, I can be of any help, please feel free to call on me.

Thank you,

Springlake Board To Hire Another Teacher

The Springlake School board met in regular session at the business office in the high school Monday night, September 9th.

Two used buses and a pickup were sold to the highest bidder.

The board also decided to construct a fence of concrete blocks four feet high, between the buildings to prevent sand blowing onto the lawns.

Another first grade teacher will be hired temporarily, to care for the increased enrollment expected this fall. The total enrollment in the white schools has reached 840.

Gov. Daniel New Water Proposal Sounds Feasible

Gov. Price Daniel's latest proposal for supplementing water conservation program in Texas sounds more feasible than his earlier plan...

Daniel said his plan will not require additional taxation, and the cost of putting the program into operation can be met through the transfers of unused state funds now on hand.

Daniel's earlier plan was to resubmit the bill which the legislature refused to pass at the regular session. This bill had authorized up to \$200,000,000 in revenue bonds...

In announcing the new water plan, Daniel showed he is obsessed with the idea of getting a new lobby control, despite the fact there are some stiff laws on the books...

Beating Polio

Figures released recently by the U. S. Public Health Service show that the fight against Polio is being steadily won. Although there has been doubt as to the progress of battle...

Only 3,217 cases of polio have been reported this year against 17,073 reported last year. Moreover, the paralytic form of polio, which is the worst, has been reduced by an even greater margin.

The figures quoted are national figures. It is true that some states where mild epidemics occurred the entire picture is not altogether clear.

Why We Irrk Others

A problem has arisen in recent years concerning American relationships with the peoples of various foreign countries. It is reported that Americans are growing more unpopular, even in some of the countries which we have aided since the end of World War II.

The reports have become so consistent one must accept them as at least partially accurate. A scholar, treating the subject recently, ventured the opinion that there were three main reasons for the growing hostility toward Americans in Great Britain—the most important of our Western democratic allies.

First, it is claimed, is the hostility which has existed since 1776, which amounts to a sort of cultural contempt. Second, it is claimed that there is a sort of envy among the Britons, because of the loss of Britain's No. 1 position in the world to the United States in recent years.

To these reasons, and we do not necessarily agree with them, we must add that Americans are—unhappily—too poor ambassadors. Since we are now the principal democracy policing world peace—that is, stationing our soldiers and airmen in all parts of the world—it is important that our service men act as good ambassadors.

Being a comparative young country, our people being independent-minded and still possessing some of the frontier spirit, their characteristics sometimes seems somewhat egotistical to many foreigners. That is true both in Europe and in the East.

"I'm tired of sitting in a deck chair. You never take me anywhere!"

Highlights and Sidelights From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, TEX. — For the 72nd time in Texas, the Legislature will convene in special session Oct. 14.

Throughout the summer there was lively debate as to whether such a step should be taken. Gov. Price Daniel put an end to speculation by setting the date.

Calling special sessions has been more the custom of Texas governors than not. Of the 71 previously called since Texas became a state, 41 have fallen in the 46-year period since 1911—almost one a year.

Almost all Governor Daniel's predecessors in the past 30 years called lawmakers back at least once. (exceptions: Beauford Jester and W. Lee O'Daniel.) Gov. Dan Moody holds the record for keeping the Legislature busy. In 10 months of 1929 and 1930 he called five special sessions.

serve natural resources, particularly oil and gas, and to help farmers, hard hit by sagging cotton prices. Sterling also had a state-rights vs. federal courts problem in that the U. S. Supreme Court had negated Texas' oil proration laws.

Mrs. Ferguson had to call lawmakers again and again to wrestle with the "hard times" of the thirties. Relief bonds to help the unemployed and destitute were passed. In one of her calls, Mrs. Ferguson, with an eye for housewifely problems, called on lawmakers "to make needed appropriation for refrigeration in the Governor's Mansion."

Governor Allred's special sessions dealt with some of the most stirring issues of the thirties. He asked for liquor selling regulations following the repeal of Prohibition and for a law banning parimutuel betting at race tracks. He also asked for money for old age pensions (\$15 a month in those days) and for more taxes to get the general revenue fund out of the red.

In most cases, the governor got the laws they wanted passed—sometimes by calling one session on the end of another, sometimes in a session as short as nine days.

WATER PROGRAM OKAYED—In one area—water development—legislators have their work cut out for them. A 150-member statewide water committee approved a three-point program proposed by the governor. It calls for:

- 1. Appropriating \$1,024,000 to set up a planning division under the State Water Board. 2. Laws enabling the state to contract for water storage space

DOWN MEMORY LANE

(From the files of the Lamb County Leader, Sept. 16, 1937)

C. G. Armstrong of Houston, brother of Bob Armstrong arrived in Littlefield Thursday for his first visit in four years.

Hall Rowe left Thursday for Lubbock where he entered Tech. College.

Mr. and Mrs. G. C. Pass left Thursday on a trip to Central and South Texas, to be gone a week.

Mrs. Sam Hutson visited her sister, Mrs. Jack Brannen at Clovis, New Mexico Friday.

Edgar Walters returned Thursday night of last week from attending the Air races in Cleveland, Ohio.

In federal reservoirs. An all-out push to rally support for passage of the \$20,000,000 water bond amendment to be voted on Nov. 5, Harry Provencher, Waco editor, is chairman of the campaign committee. Lon C. Hill, Corpus Christi businessman, is co-chairman.

WINDOW JUMPING DEFERRED—Several people in Austin have suggested forming an "I'm bored with Benjaek" Club.

Their attitude stems from Promoter Benjaek Cage's refusal to testify about his part in ICT affairs during his appearances in Austin. During his flamboyant return to Texas several weeks ago Cage promised to tell things about the bankrupt companies' affairs that "would have people jumping out of windows."

Cage stayed only 10 minutes when he appeared before the Travis County grand jury. When called by the House investigating committee, he invoked the Texas brand of the Fifth Amendment and refused to testify.

If sensational information is to be revealed, it apparently will not come until Cage comes to trial in Dallas on charges of embezzling ICT funds.

OFFICER HITS TRAFFIC LAWS—Texas is behind other states in traffic regulations and ahead on traffic accidents, says a Texas safety official.

C. G. Conner, assistant chief of the Highway Patrol, said Texas has one of the highest traffic death tolls in the nation. It's as much as three times as safe to drive in some other states where more up-to-date laws are being enforced, he said.

Texas had 250,000 accidents last year, Conner reported. He suggested more driver education courses for teenagers, more traffic courts, more arresting of drunk drivers.

OFFICER LICENSING PROPOSED—Serving as a peace officer should be a profession, like law, medicine and teaching, says Atty. Gen. Will Wilson.

Wilson suggested a state licensing program whereby would-be peace officers would have to meet certain requirements.

It would be slow getting established, said Wilson, but would raise standards and emphasize the importance of the officer's work.

COTTON CROP UP—Good farming plus early spring rains are paying off for Texas cotton growers. U.S. Dept. of Agriculture predicts the state's 1957 crop will be well above average—4,010,000 bales. Averages for 1946-55 is 3,342,000.

If the crop comes out as expected, it will mean yield-per-acre has almost doubled in the past few years. Texas put out only about half as much acreage in cotton this year as in previous years when crops of similar volume were harvested.

SHORT SNORTS—State Health Department reports 71.8 per cent of all Texans under 20 have received one or more polio shots. About 20 per cent have had three inoculations. . . . Durwood Manfred, Smiley chicken farmer and one time speaker of the Texas House, will take office as a member of the Industrial Accident Board within the next month. He was appointed by Governor Daniel to succeed Buddy Jungmichel of Austin. . . . Texas is second in the nation in ownership of airplanes. Texas total, 5,268; California's, 7,420.

Sandhills Philosopher Says Inflation Bothers Town Folks

Editor's note: The Sandhills Philosopher on his Johnsongrass farm has had a visitor from town, as his letter this week indicates.

Dear editor: I've got a situation this week I don't know how to handle, so I'll just report on it and let somebody else decide on it.

A friend of mine from Littlefield was out here visiting my old farm yesterday afternoon after he got off from work in town and he said he was getting tired of hearing how inflation has hit the farmers.

"You farmers think inflation is limited to the farm, but I'd like to tell you it's in town, too," he said.

"I sympathize with you country folks, I know what it must be to pay low prices and high costs, but I'd like to point out us folks in town have got some problems, too."

"One tractor blows out, I know, and you're on the rim, but did you ever stop to think if one motor burns out on one of my appliances, I'm sunk? Have you ever stopped to think what a strain it is on a man's constitution to hear the washing machine motor stop suddenly when the machine ain't paid for yet? Do you know what it is to have the television set go blank thirty days after the guarantee runs out and a year before the last payment is made? You ever stepped on the starter of your car and found the battery dead on the day you're overdrawn at the bank? You ever stop to think a man in town has problems, too? You know how hard it is to feed and clothe and educate and doctor and entertain a family in town? It doesn't make any difference how much a man makes, it never is quite enough, even when salaries are high."

Well, I said, I guess you've got a point. What I want to know, is

what're you going to do about it? "Well," he said, "I've been thinking about it a lot and I've come to the conclusion that the only way for a man in town to make ends meet is to take on a second job in the country."

Wait a minute, I said. You've got it all backwards. The agricultural experts are recommending that us farmers take on a job in town to supplement our income.

"That's where I got the idea," he said. "I'm not making quite enough in town to suit me, you're not making quite enough in the country to suit you, so the only way out is for you to work part-time in town, me to work part-time in the country. This way we'll both get ahead."

Frankly, I don't know whether this idea will work, but it's sure something to think about. I've got plenty of work all right here on my farm, but I'd sure love to work a lot extra in town to get the money to pay 'em for it. Until further notice, though, I believe I'll just stick to the country.

Yours faithfully, J.A.

FB Has Meeting At Spade

The quarterly meeting of the Farm Bureau was held Thursday night at Spade. A covered dish supper was served.

The program opened with a pledge to the flag which was led by Clarence Mitchell.

Kenneth Boone led group singing. The string quartet gave musical selections. Games were played. The meeting was held on the football field.

Sudan, Pleasant Valley, Earth, Springlake, Olton, Fieldton, and Littlefield were represented at the meeting.
