

## Strike Breaks As AFL Men Unload Ship

**By The Associated Press**

The strike stranglehold clamped on America's maritime fleets for 13 days was broken today by a voluntary shortening of CIO seamen's picket lines so AFL sailors and longshoremen could return to work.

Within a few hours after Joseph Curran, president of the National Maritime Union (CIO), announced his decision to restrict pickets to CIO-contracted vessels, thousands of AFL maritime workers reported for duty in New York, Boston, Portland, Me., and other ports.

**By The Associated Press**

A break in the maritime strike which has bottled up United States ports began today when AFL longshoremen began unloading ships in New York and Portland, Me.

The break came after the National Maritime Union (CIO) agreed not to picket ships manned by the AFL Seafarers International Union except where they were berthed with NMU vessels.

In New York about 500 longshoremen were at work at six piers and hundreds more longshoremen were expected back on the job later today. At Portland CIO pickets quit three AFL-manned Liberty ships, and workmen, who had refused to pass the picket lines, resumed delayed repairs to two of the vessels at the former New England Shipbuilding Corp. east yard.

## Latin-Americans Crown Queen In Celebration

The crowning of Maria Luz Munoz as "Die Y Sies" queen provided a fitting climax for the annual celebration in the Latin-American quarter Monday afternoon.

Miss Munoz, elected by popular vote several weeks ago, accepted her regal trappings from D. M. Carmona, secretary of the planning committee for the three-day event, which is conducted here annually in honor of Hidalgo, who launched the Mexican fight for independence from Spain 136 years ago.

Carmona filled in the absence of a member of the consulate at El Paso, who informed the committee at the last minute that he could not make the trip.

The coronation of the queen, as did most of the other events on the program, attracted huge crowds and the carnival booths on the dance platform south of the Kate Morrison school did a record business.

Frank Marin and his orchestra provided music for the dancing held nightly on the platform.

A scheduled baseball game between Elias Gamboa's Tigers and the San Angelo Greyhounds, booked to be played on the North Ward diamond Sunday afternoon, was cancelled due to rain and wet grounds.

## French Commander Of War I Dies

PARIS, Sept. 17. (AP)—Gen. Henri Gouraud, 78, one of the outstanding military figures of World War I and commander of the Fourth French Army, which helped smash the great German offensive in July, 1918, died yesterday at his Paris apartment. He had been in poor health for several months.

The one-armed "Lion of Champagne" assumed command of the Tenth French Division early in World War I, while it was operating east of the Argonne. He later commanded the French expeditionary forces at Gallipoli and lost an arm as the result of a wound sustained there the night of June 30, 1915.

Born in Paris, Gouraud was the son of a doctor. He graduated from St. Cyr Military School as a second lieutenant and was ordered off to Africa in 1894.

During the latter stages of the first World War he gained the peak of his fame, as commander of the redoubtable Fourth French Army. His command included three famous divisions: the Second, 36th and 42nd (Rainbow).

## Ellis Quarantine To Be Lifted Soon

Quarantine of several buildings at the Ellis Homes FPHA project is due to be lifted Friday, Lawrence J. Wells, sanitarian for the Big Spring-Howard County Health Unit said today.

Quarantine restrictions, which were imposed Sept. 6 after a case of polio developed in the area, already have been relaxed to permit adults, both men and women, to enter and leave the buildings to carry on routine work. The quarantine for children, however, will remain in effect until Sept. 20.

Medical authorities believe the incubation period of the polio virus is from three to 14 days. Wells said. However, patients will be urged to refrain from carrying children to large public gatherings for several more days after the quarantine is lifted.

## BRITISH TO TOKYO

TOKYO, Sept. 16. (AP)—Five members of the British Parliament, invited to Japan by General MacArthur, are expected to arrive Wednesday.

## SOMEONE'S BEING TAKEN FOR RIDE

Someone was being taken for a ride—and several Nolan Street residents aren't sure it was they or the man they claim they saw.

According to their reports, a blue coupe was driving slowly up the hill apparently heading for a local hospital with a man strapped to the rear bumper. Clad in blue jeans and a khaki shirt, he was stretched the full length of the bumper with his head tied at one end and his feet at the other and his body sagging in the middle.

Police and hospital officials have no report of such a man, his condition, or the reason for the unusual ride.

But witnesses insist on an explanation.

## Plane Crashes In Hilly Land, No Injuries

SWEETWATER, Sept. 17. (AP)—A crippled Pacific National Express plane made a spectacular crash landing in a grain field at the edge of the rough hill country 11 miles from here just before mid-night last night without injury to the crew to three or 21 passengers—Navy men and discharges—aboard.

Passengers credited the calm efficiency and judgment of the crew for their safety here today.

The plane, a DC-3, was chartered to transport its passengers from their Pacific coast points of discharge or leave. Some of the men were going home for the first time in two years.

The plane, piloted by Capt. R. M. Kreig, San Francisco, Calif., developed motor trouble a few minutes before the landing at 11:57 a.m. The crew said they attempted to keep the plane in the air with one motor, hoping to reach the Abilene airport about 29 miles away.

The plane began losing altitude, and the passengers were told to prepare for a landing. As the big transport touched ground, it "bounced around considerably," the passengers reported.

"We never realized danger until we stepped out of a plane. We thought the plane was landing on a poorly lit field. When we stepped out into a sorghum field we realized what had happened," one of the men said in describing the landing.

About a mile west of where the plane landed in this west Texas country the land changes from flat tillable stretches to low rocky hills covered with scrub cedar, mesquite and cactus. It is crisscrossed with deep gullies.

## Brown To Assume Duties In Colorado

Marvin Brown, who has been manager of the Crawford hotel since Sept. 16, 1945, leaves today to become resident manager of the Colorado hotel at Glenwood Springs, Colo., a resort town approximately 150 miles west of Denver.

Originally of Lockney, Brown came here from Dallas where he had been connected with the White-Plaza hotel.

Brown will be succeeded here by W. Coleman, recently of Galveston, who originally had planned to arrive Sunday evening and assume his duties but was detained at Lubbock due to illness of his wife.

## Price Specialist Due Here Thursday

A price specialist from the Fort Worth district office of OPA will be in Big Spring Thursday morning to discuss price ceilings for cleaning and pressing establishments, the local board announced today.

All operators of dry cleaning plants and all types of laundries have been asked to meet with the district representative at 10 a. m. at the local board office, 122 East Second street.

**BLESSED SLEEPING SICKNESS VICTIM**—Samuel Cardinal Stritch, having climbed three flights of stairs to an attic apartment in Chicago, blesses eight-year-old Paul Sowa, who, despite open eyes has been in a "sleeping sickness" coma for two years. Mrs. Bertha Sowa (right), his mother said, "It was just like one of the miracles. Paul couldn't know the Cardinal was there, yet he smiled as if he heard." (AP Wirephoto).

# Truman Put On Spot By Wallace Speech

**A TRIM FROM THE BOSS**—Thomas Fugarino, owner of a barber shop at 6th Avenue and 51st Street in New York trims the hair of a patron and member of Local 1, Barbers and Beauty Culturists Union of America (CIO) struck against about 800 shops in the midtown Manhattan area. Strike prices are posted on the mirror. The union is demanding a 30 per cent wage increase and a 40-hour work week. (AP Wirephoto).

## Restaurant Prices Rolled Back; Cotton, Fords Up

WASHINGTON, Sept. 17. (AP)—An OPA edict sent restaurant price ceilings on meat meals back to June 30 levels today, but the cost of cotton clothing inched up another notch.

1. OPA studied a petition for higher prices on General Motors automobiles after granting an average six per cent increase in retail ceilings for Ford-built cars.

2. The Price Control Board, which meets tomorrow to decide

whether to restore ceilings on dairy products, reported opposition to revival of controls in nine of the first dozen written statements received.

The OPA order restoring June 30 restaurant ceilings immediately applies to all meals and individual menu items in which meat is the major ingredient.

In issuing the order last night the agency said the cost of dining out was being "rolled back," but it did not estimate how much.

An OPA official told a reporter, however, that "most of the increases we have heard about have been about 10 percent."

Until yesterday ceilings on meat-based restaurant meals had been "frozen" temporarily at prices in effect August 31, just prior to restoration of ceilings on live animals.

OPA's restaurant order came as the agency announced that retail prices for about half of all cotton clothing produced are going up another one percent.

The new boost is necessary, the agency said, to offset a price hike average two percent in ceiling

prices for cotton textile made by mills paying a wage increase of five cents hourly approved last week by the Wage Stabilization Board.

These mills, OPA said, turn out "more than half" of the total volume of cotton production.

On bed sheets and pillow cases, towels, fabric cloths and napkins, the increase will amount to about 2-2.2 percent, OPA estimated.

## Sherrill Elected Episcopal Chief

PHILADELPHIA, Sept. 17. (AP)—The Rt. Rev. Henry Knox Sherrill, 85 D., 55-year-old Bishop of Massachusetts, today was unanimously elected the new presiding bishop of the Protestant Episcopal Church in the USA.

The 153-member House of Bishops received only two other nominations for the post to be vacated Dec. 31 by the Rt. Rev. Henry S. George Tucker of Richmond, Va., who has reached the retirement age.

Others nominated were Bishops W. Bertram Stevens of Los Angeles and Richard R. E. L. Strider of West Virginia.

A moment after the bishops had completed their closed balloting, the House of Deputies—composed by lay and clerical delegates—ratified the selection, also voting unanimously.

## Dogs Cause Trouble

CAMP KILMER, N. J., Sept. 17. (AP)—The camp public relations office said today five soldiers were awaiting court-martial on charges of bringing dogs into the country in violation of an Army regulation and instructions given their prior to their embarkation for home.

Floating Stations

LONDON, Sept. 17. (AP)—Establishment and operation of 13 floating stations to forecast the weather and rescue disabled air liners over the North Atlantic were discussed today by civil aviators of thirteen nations.

## Small Restaurants Protest Order To Cut Ceilings

AUSTIN, Sept. 17. (AP)—The OPA's rollback on restaurant meat price ceilings to the level of April 4-10, 1943, was characterized here today as an "economic death sentence for thousands of small restaurants."

Patrick D. Moreland, executive vice-president of the State Restaurant Association of Texas, said in a statement the both wholesale and retail prices of meats had been "increased a total of 30 per cent by the OPA since March 11, 1946."

"It is impossible to operate under conditions except at a sharp loss," Moreland said.

The operator of the eating establishment is faced with two possible alternatives. He can close his establishment and go out of business or he can drastically reduce the number of employees, shorten his menus and if necessary serve doughnuts and coffee.

Moreland said that restaurant operators over the state are protesting the order to President Truman, the OPA and to the Texas members of Congress.

## Anti-Lynching Crowd Would Lynch Visitor

CHICAGO, Sept. 17. (AP)—A Tennessee visiting Chicago was rescued by police today from an angry crowd of negroes, some shouting "lynch him," during a Negro anti-lynching rally last night on Michigan avenue near the loop.

The white man, Leck Denton, 37, a Chattanooga delegate to an A. L. Bakers Union convention, was accused of "cutting a rally microphone cable. He was charged with malicious mischief and disorderly conduct on complaints signed by a negro woman.

The negroes demanded Denton's arrest. Looney said, and police quickly spirited the southerner to safety as some negroes shouted: "Let's lynch him—treat him the way they treat us in the South."

## Crime In Germany

BERLIN, Sept. 17. (AP)—The American Military government says the US occupation zone of Germany is being plagued by a rising wave of crime, with gang lawlessness and violence, particularly heavy in Bavaria and Greater Hesse. Both Germans and displaced persons have been among the offenders.

## Secretary Called In To Talk Things Over With His Chief

WASHINGTON, Sept. 27. (AP)—Henry A. Wallace, whose speech on Russia last week churned up an uproar, is going to the White House tomorrow to talk things over with President Truman.

Wallace's oratory has presented the chief executive with the problem of permitting him to continue to speak up on a ticklish situation, as he has said he will do, or possibly asking him to resign as secretary of commerce.

Presidential Secretary Charles G. Ross told reporters today that Wallace has an appointment with Mr. Truman for tomorrow afternoon.

A newsman told Ross that Wallace is reported to have written the President a letter "pointing out the dangers of war between the United States and Russia" and that copies of it have reached outsiders.

The Presidential Secretary said no when asked whether Mr. Truman had heard from Secretary of State Byrnes or had talked with him this morning.

Wallace declared his intention yesterday of keeping up his fight for changes in the conduct of this country's international affairs that was before his appointment with the President was made.

High among the considerations obviously involved in that across-the-desk meeting will be the fact that the congressional elections are only seven weeks off.

Republicans already are making political capital of Wallace's speech in New York last Thursday and the resulting controversy over it, while Democrats acknowledge privately that they consider the incident their toughest "break" this year.

Democrat National Chairman Robert E. Hannegan discussed the situation with Mr. Truman at some length late yesterday.

As for Wallace, friends represented him as pleased over the results of his initial efforts to make a national issue of the state of American relations with Russia.

In Paris, Secretary of State Byrnes maintained complete personal silence on the whole question of Wallace's demands for a softer policy toward Russia. But there was ample evidence that State Department officials here were considerably disturbed by what they regard as an appearance of American disunity to the rest of the world.

Editor's Note: A copy of the letter which Wallace is reported to have written Truman will be published in Drew Pearson's column on the editorial page of Wednesday's Herald.

## Williams Takes Stand In Murder Trial In His Own Defense

Oscar David Williams, negro on trial for the murder of his girl friend, Verdell Smith, took the stand this morning to say he fired upon the young girl while she was apparently in the act of carrying out her threat to "kill him."

Williams told District Attorney Martelle McDonald he drew his pistol when she began fishing in a pocket of her coat, apparently for a knife.

Among witnesses heard during the morning of testimony were Hattie Bell Jones, former mother-in-law of the accused, who said the ex-sailor "had always been a good boy" Blue Williams, Clarence Pollard and Ocie Leo Beck.

Named to the jury Monday afternoon were W. A. Peeler, Jim Walker, O. R. Smith, Ellis Iden, M. H. Hoover, Obie Bristow, C. J. Lamb, Carl Grant, L. M. Barr, H. W. Smith, Thurman Gentry and C. V. Hewitt.

The cases were transferred here on a change of venue.

The councilmen have frequently denied guilt.

The indictments were the outgrowth of a street opening project. The councilmen, the charges and the date set for their trials are: Albert McWilliams, Oct. 7, consent to accept a bribe; Oct. 8, consent to accept a bribe (second charge) and Oct. 15, bribery.

Lee Talley, Oct. 8, accepting a bribe.

Harry Everett, Jr., Oct. 8, accepting a bribe.

The businessman, Henry Lee, was scheduled to be tried on a charge of bribery.

**Alimony Suit**

LOS ANGELES, Sept. 17. (AP)—Actress Arlene Judge, who filed suit for divorce from her fourth husband two weeks ago, has brought action against her first spouse, Film Director Wesley Ruggles, for \$5,970 back alimony.

## Board Stands By Protested Tax Evaluations

Members of the tax equalization board were staying doggedly on the job Tuesday, to hear citizens questioning 1946 valuations on property for city and school district taxes.

Registrations for hearing before the board had climbed at noon Tuesday to 446, may go a little higher. And the committee had had time to hear only about 40 property owners in a day and a half of work.

Although the registration figure represented a record, more than 4,000 tax notices were mailed, so that protestants on record actually number around 12 per cent. Many of these were appearing merely to check comparable property valuations.

Generally speaking the equalization board was standing by figures which had been set up by special real estate and improvement survey committees which had worked several months ago on an equalization attempt, at the request of the city commission and the school board.

**Ceilings Lifted On Some Resorts**

WASHINGTON, Sept. 17. (AP)—Certain accommodations in winter resort areas will be freed from rent controls during the coming winter season, OPA announced today.

The agency said the number of housing units affected will be limited. Suspension of rent ceilings will be effective from Oct. 1 to May 31, 1947.

To qualify, OPA said, the accommodations "must be located in a winter resort community, have been customarily rented on a seasonal basis before the effective date of the rent control regulation in that area. And have not been rented during the period from June 1, 1946 to Sept. 30, 1946."

During the war many resort areas had a year-round demand for houses and rooms, OPA said. Recently, military installations and war industries located near or in the resorts have been closed.

Seasonal tourist trade has been resumed and this is the reason for today's action, OPA said.

**Hearing Slated On Texarkana Case**

PARIS, Sept. 17. (AP)—The cases of three former Texarkana city councilmen and a Texarkana business man charged variously with bribery, accepting a bribe or consent to accept a bribe, were set for October by Judge A. S. Broadfoot in Sixth District Court here.

The cases were transferred here on a change of venue.

The councilmen have frequently denied guilt.

The indictments were the outgrowth of a street opening project. The councilmen, the charges and the date set for their trials are: Albert McWilliams, Oct. 7, consent to accept a bribe; Oct. 8, consent to accept a bribe (second charge) and Oct. 15, bribery.

Lee Talley, Oct. 8, accepting a bribe.

Harry Everett, Jr., Oct. 8, accepting a bribe.

The businessman, Henry Lee, was scheduled to be tried on a charge of bribery.

## Nation's Bumper Corn Crop Largest In History

CHICAGO, Sept. 17. (AP)—Tall corn in the mid-western prairie lands, the base upon which much of the nation's future food supplies will be built, is turning from green to brown in these late summer days—evidence that the crop is maturing.

With the tang of autumn already in the air, the bumper corn crop, largest in the nation's history, is again in a race with time. This year it is late in maturing, and to get a good quality crop experts said it was necessary for the grain to mature before frosts.

Grain experts explained that the corn was "denting"—which meant that little dents, or creases, were appearing on the top of those yellow kernels which you eat when you order corn-on-the-cob.

A visible evidence of this process of nature was provided in the brownning fields of the corn belt, from Ohio on the east across the prairies to Nebraska on the west.

It is upon corn crop analysts pointed out that much of America's food economy rests. The grain is fed to farm animals and poultry

to produce meat and dairy products.

Ed Boerner of Harris, Upham and Company said that about two weeks more of good weather, without frost, were needed if the crop was to mature in best condition.

Royal Bell of Lamson Brothers and Company gave the following average date of first killing frosts in major corn belt states: Wisconsin and Minnesota Sept. 28; Nebraska Oct. 3; Iowa Oct. 5; Illinois and Kansas Oct. 12; Indiana Oct. 13; Ohio Oct. 14; Missouri, Oct. 15.

## First Baptist WMU Has Circle Meetings

Circles of the First Baptist church WMU gathered at the homes of various members for inspirational programs.

East Central Circle met at the church for a Bible lesson on "Security of the Believer," given by Mrs. Lina Lewellen.

## Britain, Argentina Sign Trade Pact

LONDON, Sept. 17 (AP)—Britain and Argentina signed a trade and financial agreement today settling their differences on sterling payments, meat purchases and British-owned Argentine railways and agreeing to continue an expired trade treaty until a new one can be negotiated, the British government announced.

The agreement, signed in Buenos Aires, was published simultaneously in London by the British central office of information. The agreement came after weeks-long conferences which several times were near a breakdown.

The negotiators agreed that discussions should be initiated immediately to prepare modifications to the Anglo-Argentine trade treaty recently expired.

## Betty Walraven, Wilford F. Oyer Married In Single Ring Rites Saturday

COLORADO CITY, Sept. 17.—In a candlelight ceremony performed at the home of the groom's parents in Colorado City Saturday evening Betty Walraven, daughter of Mr. and Mrs. Louis Walraven of Monahans, became the bride of Wilford F. Oyer, only son of Mr. and Mrs. W. F. Oyer, Colorado City. Minister of the church of Christ, Mardell Lynch, officiated for the single ring vows in the presence of 50 wedding guests.

Given in marriage by her brother, Robert Buchanan of Breckenridge, the bride wore a dress made with a fitted bodice of white brocade satin, a low square neckline, puffed sleeves, and a full skirt of white silk sent by the bridegroom from Japan while he was stationed there as part of the United States Army. Tidy white beads edged the low neck of the wedding gown. The bride wore a fingertip veil of starched net, arranged from a coronet of beads and orange blossoms.

For something old she wore a hand-carved antique necklace of ivory forget-me-nots worn by the groom's mother at her wedding. Her flowers were white gardenias. Matron of honor, Mrs. Neal Lambright, wore a dress of powder blue sheer with a floor length gathered skirt. Her shoulder corsage was of pink carnations.

Margaret Ann Oyer, sister of the bridegroom, was bridesmaid.

After a week's honeymoon in Ruidoso, N. M., Mr. and Mrs. Oyer will live at 743 Chestnut St., Colorado City. For travel the bride chose a suit of beige gabardine with deep brown accessories. She is a graduate of high school in Cement, Okla., and has lived here for the past two years.

The bridegroom was discharged from military duty in March of this year after two and one half years' service, 18 months of which was spent overseas. He served in both the European and the South Pacific theaters and took part in the Battle for Germany during the Ruhr Pocket conflict. Since his return from Japan he has been employed by Col-Tex Refinery here.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcinate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablepoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

# A REPORT on telephone progress in Texas

The first postwar year was the busiest year we've ever known, filled with work to give telephone service to those who are waiting and to improve service for everyone.

We have put in 240,000 telephones in Texas—nearly twice as many as in any prewar year. We are handling more calls per telephone now than in the rushed days of the war. And even this record-breaking performance has not been enough.

But we're glad to say we've been able to take care of most customers whose applications were held up by lack of facilities on V-J Day—and in most places, most of the time, service is fast and good. Operators are answering 9 out of 10 calls within 10 seconds.

**Demand Up**  
On the other hand, more people than ever are applying for telephones—24,000 a month for the last six months. Prewar months averaged 11,000. Thus, as we go ahead on one front, there are increasing demands on another.

We want all those waiting for telephone service to know we are doing our best to get it to them. It is just as much an emergency to us as a hurricane—but this is country-wide.

Bell System factories today are working around the clock, three shifts a day. And—despite scarcities—are

even breaking some records set in boom days years ago.

In Texas we're putting the new equipment to work as fast as we get it, and putting up new buildings to house it when necessary.

**People Are Telephoning More**  
This first postwar year has also brought an extraordinary increase in telephone use. Local calls are now 7½ million a day in Texas—nearly 1½ million a day over last year. That rise would have taken several years in normal times. Toll and long distance calls are also at all-time highs.

We have increased our forces to handle your rising telephone needs. Now we have 48,000 employees in the Southwest—more than ever before. This is an increase of 11,000 since the war ended. About 6,000 are returned veterans.

It will take a great deal of money and some time to do all the things we have planned for your telephone service, but our 250-million-dollar 5-year expansion program in the Southwest is well under way. During the first postwar year alone we spent about 50 million dollars providing telephone equipment.

It all adds up to our desire to serve well everyone who uses the telephone. And to do it always with courtesy and understanding.

# Rosy Financial Picture May Aid Jester Program

AUSTIN — The Texas financial picture is so rosy that it looks very much like Nominee Beauford Jester will be able to make substantial progress toward carrying out his campaign promises — 1, e., vastly expanded state expenditures without new taxes.

Trustworthy estimates (whose authors shy from notoriety) are that the 50th Legislature will have — as a minimum — \$33 millions more a year to spend than its predecessor legislature spent.

This rosy view is based on many factors: The fact that the state was not able to make capital outlays during the war; the unprecedented maintenance of demand for crude oil, one of the chief sources of revenue; the pent-up buying power of the general public which was reflected in buying of those commodities which pay a sales tax; and post-war prosperity in general. The statisticians are cautious, but they are not able to see in the immediate future any possibility that would disturb the picture within the two upcoming fiscal years for which the 50th Legislature will make appropriations.

Here is the way in which the \$33 million dollar additional margin money is arrived at:

Appropriations out of the general fund excluded: highway construction and the available school funds for the current biennium amounted to \$43 millions a year. That for the two year period starting on Sept. 1, 1945, and ending on Aug. 31, 1947. If those two years are considered a base, we can anticipate as "normal spending," \$86 millions for the two years starting next Sept. 1. How much will the legislature have to spend?

Comptroller George Sheppard's office some weeks ago gave to the Board of Control as state budget officer, an estimate that during the two fiscal years, \$65 millions a year accrue to general revenue. That's \$130,000,000.

As for Sept. 1, 1946, the balance in the general revenue fund amounts to \$25,000,000 in round figures. For the current fiscal year, income will at least equal expenditures; so it's safe to project that \$25 millions as a balance on Aug. 31, 1947. That brings the total available to \$155,000,000.

There's one other figure to add. In the treasury today the state has about \$9,000,000 in "encumbered appropriations" — appropriations against which there are outstanding claims. But approximately \$5,000,000 of that is for buildings; there's little prospect of building during the current fiscal year, and that \$5,000,000 likely will lapse. That brings up a grand total of \$160,000,000. Now, bearing in mind the figure of \$86,000,000 as normal expenditures, it's useful (in looking two years ahead) to forecast what might be spent from January to August of 1947.

When the 50th Legislature meets, likely there will be agitation to immediately raise pensions. But \$7,500,000 is all they can be raised in a year, within the constitutional ceiling; so for 6 months the top would be \$3,750,000. Say that emergency appropriations also include \$1,500,000 to increase teachers' and \$1,500,000 to increase state workers and \$1,250,000 to pay legislative expenses — that's a total charge of \$8,000,000 against our \$160,000,000 total. That leaves \$152,000,000.

Applying the "normal" expenditures of \$86,000,000, and deducting it, leaves \$66,000,000 unexpended or \$33,000,000 a year for

the 50th legislature to use it if desired. In these estimates there are only two "ifs" — one in one direction, one in the opposite.

The last meeting of the automatic tax board abolished the general fund ad valorem tax. The estimates include full normal collections from a 35c ad valorem tax. The reason: The tax board has no discretion; if the legislature

appropriates the money, the tax board must fix the rate to bring it in, up to the top at 35c on the \$1 valuation.

The other "if": The estimate of \$65,000,000 a year income was made before the price of oil was increased. If current oil production is maintained at current prices for oil, at least \$3,750,000 a year could be added to the basic estimate by reason of tax revenues from oil.

## Organized Labor Opposes British Injunction Against Squatters

LONDON, Sept. 17 (AP)—The British government, acting in the face of threatened opposition by organized labor, obtained an interim injunction today against the invasion of government-occupied buildings in the spreading squatter movement.

In four cases testing rights of the squatters, the government obtained court writs restraining them from entering, remaining in or otherwise trespassing on premises occupied in a Communist-sponsored invasion last week.

Voicing the opinion that "everybody else concerned in this invasion has committed trespass and

continues to commit trespass," the court added:

"If ever there was a case in which the court should intervene at the earliest possible stage in an action by granting an injunction, this is the case."

Britain's shop stewards—factory spokesmen for organized labor—look issue with the government today, calling for nationwide union support for the fast-spreading Communist-inspired squatter movement.

"We warn the government," said a statement issued by the National Acting Council of the Engineering and Allied Trades Shop Stewards National Council, "that they cannot expect engineering workers to back the production drive if attempts are made to throw their workmates on the street to make room for rich idlers who can afford to pay 20 pounds (\$80) per week, possibly as a result of black market operations."

## RATS ARE DUE FOR SURPRISE

ST. JOSEPH, Mo., Sept. 17 (AP)—The rats in the meat packing and milling district here are going to get a two night feast this week and then . . .

Saturday and Sunday nights the sponsors have a surprise. They're mixing the meat with a fatal potion of alphanaphthylthiourea (alphanaphthylthiourea that is).

A combination of a serious shortage of meat and an over-supply of rats in the district prompted the wholesale extermination plan.

## In Hollywood

### Good Fortune Awaited B-29 Pilot's Discharge

HOLLYWOOD, (AP)—The transition from a B29 pilot to a million-dollar industry leader doesn't seem to perturb Skitch Henderson.

In fact, the blond, English-born pianist and bandleader appears to be very calm about the whole thing. No combat fatigue, no post-war jitters. Maybe that's because he is sitting on top of a fortune.

Before the war, Skitch was content to earn a comfortable living by pounding piano and radio orchestras and filling in for bands such as Tommy Dorsey's. After Pearl Harbor, the Army Air Corps took up his option and he ended up flying Superforts over "Purple Heart Corner" in Japan. He returned to Hollywood last January.

"For a long time I had been thinking about my own band," he told me. "So I decided to do something about it." He whipped up a sweet-playing outfit (including four French horns) and the jobs began pouring in.

Up to that time of printing, Skitch had these deals completed: Playing a solo spot on the new Bing Crosby show; making Capitol Records and transcriptions; coaching Jimmy Stewart as a pianist and composing a score for a picture; making a lucrative tour with the band. Other movie and radio deals are on the fire.

As a result of all this activity, Henderson's agent, MCA, joyously announces that he will gross a million dollars in a year.

### No Application Made For Mission Field

DALLAS, Sept. 17 (AP)—Formal application for the use of Moore Field as a housing facility has not been made to the regional office of the War Assets Administration here, an official said today.

The officer, Morgan R. Lewis, Deputy Regional Director, in charge of real property disposal, said his office could not take action in the case until such application is made.

## Short Favors Pacific Bases

HONOLULU, Sept. 17 (AP)—Rep. Dewey Short (R-Mo.) senior member of the House Military Affairs Committee, wants stronger American bases in the Pacific because "a strong policy is the only way to discourage and prevent further Russian expansion."

Short said the six committee-men who have been touring US military establishments in the Pacific and Far East favor strengthening the defenses of Alaska, the Aleutians, Hawaii, Iwo Jima, Okinawa, Guam and Saipan.

"We should hold onto Pacific Islands now under United States control but formerly mandated to Japan," he added, "until the United Nations is functioning properly, with an international police force that can keep the peace."

Japanese realize, he added, that the United States is now their best friend, and he said he was informed by an American admiral in Tokyo that "the Japanese will be wearing American uniforms in the next war."

Short said that the admiral, whom he did not name, "meant a war with Russia."

## Conservationists Attend Meeting

E. J. Hughes, C. R. Donaldson and John J. Webb of the local Soil Conservation Service department Sunday for Craterville, Park, Okla., where they will undergo a week's training in a Range school in progress there.

Representatives from the Abilene, Sonora, Littlefield, Dublin, Kennedy, Stephenville, Pleasanton, Fort Stockton, Odessa, Carrizo Springs and San Angelo districts are also expected to undergo the orientation.

The local trio will return to Big Spring Saturday.

## Odds On Democrats

WASHINGTON, Sept. 17 (AP)—Senator Lucas (D-Ill.) said today "it is a 40-to-1 shot that the Senate remains Democratic" after this fall's elections. Lucas is chairman of the Democratic Senatorial Campaign Committee.

## Tribunal Delays Announcing Verdict

NUERNBERG, Sept. 17 (AP)—The International Military Tribunal announced today that its verdict against 22 first-rank leaders of Nazi Germany on war crimes charges will be handed down Sept. 30, instead of Sept. 23 as previously planned.

One source said it was "physically impossible" for the court, which recessed Aug. 31 to consider the verdict, to get through the mountainous heaps of evidence exhibits and speeches heard during the trial, which lasted more than nine months, by Sept. 23.

Before the court reconvenes to announce the verdict, stenographers and typists will be taken outside the city to prepare transcripts and will be held there until the day the verdict is handed down to insure against leakage of information.

There was no hint of disagreement among the tribunal's judges, representing Britain, France, Russia and the United States, and it was believed here the delay was due solely to the lengthy opinions which must be written.

## Plane Wreckage Found Near Kermit

KERMIT, Sept. 17 (AP)—Army officials today were continuing to probe the wreckage of a A-26 Army plane which crashed seven miles west of here during a rainstorm early yesterday.

The mangled bodies of at least four fliers were found in the wreckage and surrounding area. Army officials, who said four billboards has been recovered, are withholding identification.

At Biggs Field El Paso, officials said last night the plane was based at Lake Charles, La., and that the occupants were assigned to the 47th Bombardment Group. The search for the plane began early Monday after Kermit residents reported hearing an explosion. Army planes from Albuquerque and Fyote Air Bases participated in the search.

## Accidentally Shot

DALLAS, Sept. 17 (AP)—Joyce Earline Whitworth, 14, daughter of G. C. Whitworth, Winnsboro, Wood County, was killed yesterday by a bullet accidentally discharged from a .38 calibre rifle, County Attorney C. M. McGay reported.

## Two Plants Vote To End Strikes

CHICAGO, Sept. 17 (AP)—Two breaks appeared today in the series of strikes which have kept seven plants of the Allis-Chalmers Co. idle for more than five months.

In Pittsburgh yesterday, members of the CIO United Electrical Radio and Machine Workers Union voted to accept a new contract, ending a 178-day strike.

In Springfield, Ill., members of the CIO Farm Equipment and Metal Workers Union voted to withdraw a demand for an 18 1/2-cent hourly wage increase and accepted a company job evaluation program. The union voted to hold another meeting within two days to vote on company proposals for ending the strike.

## Linseed Oil Price Granted Increase

WASHINGTON, Sept. 17 (AP)—OPA today authorized an increase of two cents a pound in producers' ceilings for linseed oil.

The increase, effective tomorrow, is being granted to compensate flaxseed crushers for a boost in prices for flaxseed, from which linseed oil is derived.

OPA said it has not decided whether the increase in linseed oil prices will have any effect on the price of paint, in which linseed oil is an important ingredient. The agency also authorized an increase of 9.9 cents a gallon in the ceiling for linseed replacement oil.

## Oil Operator Dies

DALLAS, Sept. 17 (AP)—Funeral services were to be held here today for William Lyle Murrell, one of the original drillers of the Brownwood oil field.

The 55-year-old independent oil operator died at his Dallas home Sunday night of a heart attack.

# Confusion Over Foreign Policy

The foreign policy speech of Henry Wallace in New York has created wide speculation and considerable confusion, especially in view of the fact that it differed drastically from the avowed administration policy.

The issue was further confounded by the apparent blessing of President Truman, and then a disavowal of it by the president as an official pronouncement of the administration's foreign policy.

Basically, Mr. Wallace struck out along a new line seemingly directed toward development of democratic and soviet spheres of influence as the proponents of the two doctrines of government could nourish them. Out of this he reasoned that the US could not afford to take steps which would endanger trade in eastern Europe any more than it could take steps which would cost trade in the East. In this aspect, it appeared to be an abandonment of the Atlantic Charter and the Potsdam agreements which clung to ideals of human rights.

Clearly, it is not in harmony with the

pronouncements of Mr. Byrnes, which had had the effect of serving notice on Russia that the US is not withdrawing from international affairs, and specifically from European affairs, that although an acknowledgment is made of a break in the Potsdam agreements, the US is standing on the principal of rights for smaller nations and minorities.

The thing that gave added significance to the matter was the seeming blessing of Mr. Truman on the Wallace speech. Afterwards, the president said he only approved his (Wallace's) right to make it. The implication is that the president did not read the speech or else failed to grasp its significance, or that he spoke impulsively and unclearly in commenting upon it. In any event, it has not helped the situation any. Certainly Mr. Wallace had the right to make the speech. The president has the responsibility of exercising greater care in comments on such matter.

# Immediate Results, Implications

The maritime strike is having a sharply adverse effect on the national economy, but its implications may be more far-reaching than that resulting from a shipping paralysis.

Certainly the former results will be dire enough, for every development which tends to retard the resumption of full stride in industrial production is delaying that much longer the return to a balance between supply and demand.

Naturally, the AFL and CIO unions feel they have justifiable cause in calling the strike and pressing for wage increases. How-

ever, it would have been more desirable had an agreement been reached whereby shipping could have been continued pending a settlement of difficulties. Instead the issue has been forced (as admittedly it might have been in any event), and in a large sense this has had the effect of jockeying the government into a position of defensive acceptance of formulae. The implications are these: If the maneuver works in this instance, why not in any other? Why not a resumption of unrest resulting in progressive wage increases?

In short, it is another wedge toward intensifying the inflationary spiral.

# Air Mail Postage Rate Going Down

By BRACK CURRY  
(Substituting for James Marlow)

WASHINGTON (AP)—The air mail postage rate will be just two cents an ounce more than the ordinary letter rate, beginning Oct. 1.

For five cents an ounce you can air mail a letter to any point in the United States, to any U. S. territory and to members of the armed forces regardless of where they are stationed.

The present domestic rate is eight cents an ounce; the rate to and from members of the armed forces six cent a half-ounce.

The new five cent rate also will apply to letters mailed in the United States or any of its possessions to Canada. Under a reciprocal agreement this country and

Canada give one another the benefit of their domestic air mail rates.

For the first time in history, says the Post Office Department, a uniform rate will apply to all air mail moving between U. S. territory. That is because the law reducing the rate specifies that all air mail destined to any U. S. territory will be treated as domestic mail.

This will involve reductions from current rates up to 90 cents an ounce. For example, the present air mail moving between U. S. States and the Canal Zone is 10 cents an ounce; to Guam, 35 cents and to Hawaii, 15 cents.

The department plans to christen the new rate the "US Flag Rate." An active promotional campaign is planned to stimulate air mail volume, although the department expects record use of air mail under the reduced rate.

It may be necessary before long to handle air mail the same way regular mail is treated now — that is to sort it en route.

Hence, the Post Office Department will fly its first "mail car" from here to Chicago on September 25. The idea is to see how practicable it is to have mail clerks take to the airways just as they have to the railroads.

September 25 also is the day the new nickel air mail stamp and stamped envelope will go on sale in Washington. They will be available for sale at other post offices beginning Sept. 26.

The stamp will be of special delivery size, printed in red with a four-engine transport plane as the central design.

## Hal Boyle's Notebook

# Allies Sponsor Daily

By JOHN MCKNIGHT  
(For Hal Boyle)

TRIESTE (AP)—When Reporter Darrell M. Price was chasing fire trucks and ambulances in Anderson, C. C., six years ago, he realized vaguely that Italian was a language spoken by some people on the other side of the Atlantic. The Williamson, N. C., newshawk never had heard of the Slovene tongue.

In Trieste, hot-tempered post-war trouble center, Lieutenant Price is the American officer in charge of the Allied-sponsored Giornale Alleato, an Italian language daily whose non-partisan news policy has built its paid circulation to 85,000 in one year, and of Glas Zveznikov, its Slovene counterpart which prints 10,000 to 12,000 copies.

So profitable is Giornale Alleato, Price says, that although newspaper limitations force it to turn down more than half the advertising offered, it pays the freight for the Slovene Journal, which accepts no advertising, and still has something left over.

It is going so well that Allied Information Service (successor to the Psychological Warfare Branch)

has cut it loose from official subsidy and set up as an independent operation.

Owners of the printing shop where Giornale Alleato, the Allies Slovene paper and Trieste's four other dailies all are printed, have been so impressed with the commercial success of the straight news policy that they are planning another daily modeled after it.

"In an area where propaganda comes from all sides," the stocky, blond Price says, "it's a tough job to put out an unbiased newspaper, we are jumped constantly from both sides, but the paper still sells."

While the Allied-sponsored Trieste newspapers are permitted in Yugoslav-occupied zone B of the disputed area, he added, reports filter back to Trieste that they are "held back" on newsstands until their foreign news, the biggest selling point, is out of date.

Lieutenant Price, who says that he likes his job "in spite of the brickbats," got his education at Washington and Lee in Virginia and Wake Forest in North Carolina, where he was graduated in 1932.

He was married April 29 to Signorina Anna Maldari of Bari, who works as his secretary.

# Sinatra On For Rags

Broadway—Jack O'Brian

NEW YORK — The morning Rags Ragland died, several of his friends, including himself, called the Cedars of Lebanon Hospital in Hollywood and talked to his girl, Maggie Savage, to see how he was. Maggie said they had a slight hope that he'd live if he got past midnight, which was due on the coast in a couple of hours. Before 11 went to bed at about 5 a.m., I called the coast once more to see if anything had changed. Maggie said yes, there was a change, but it was for the worse, and that Rags would die within the hour; he did.

RAGS had busted into bigtime burlesque with Phil Silvers, and they went into musical comedy at the same time, later making the movie grade almost simultaneously. Now Phil was booked into what has been accepted as the nation's No. 1 night club.

The idea of Phil playing the Copa without him was gail and wormwood to Rags, particularly since Owner Monte Proser tried to book them from the first as a team. Rags said he knew that if he could talk to the M-G-M brass top-hats they'd see the light and permit him to go on, especially as it was for only a month. His doctor wouldn't let him drive the long distance, knowing, as Rags and all of us did, that he was a very sick man. Early one morning Rags and Orson Welles decided to make the hop and asked me if I could get plane space. I tried and got it. They left next noon, the last time I saw the Rag Man.

That morning I called the hospital. Phil said he didn't believe he could go through with the Copa deal. "Not without Rags," he insisted. So Phil saw to it that Rags that it was what Rags would have wanted. In fact, would have insisted. So Phil saw to it that Rags was buried. He even gave the eulogy at the Hollywood memorial service.

This I learned later: Rags never gave up hope that he would play the Copacabana. He rehearsed their act with Phil right up to a few hours before he went into the last coma. Phil kept up the deceit, as only a great friend would. Before Rags went into final unconsciousness, Frank Sinatra, who also was with him, assured him he would make it.

Frankie told him that if he didn't get to New York for the opening, he would fly east himself and do Rags' part on opening night. And that satisfied Rags somewhat.

So — when Phil opened at the Copa a few nights ago, the skinny little crooner with a heart as big as his income was on hand. He came in the midst of making a new picture. He had permission — "although I'd have been here if I'd had to lose my job — and walk," he said.

FRANK and Phil did the material Rags was supposed to share, the "Singing Lesson" bit, and "This is What Happened to Vaudeville." They tore the house down.

When they were finished and the lights went down for their exit, Phil turned to me, for the first time. He said, just as he ran off very simply:

"And now I'd like to take a bow for Rags."

There wasn't a dry eye in the place.

# Rush To Rebuild Aids Nazi Cartels

WASHINGTON — It will be vigorously denied, but it looks as if the Truman powers-that-be were going in for Secretary Byrnes' build-up-Germany policy so wholehog that certain powerful Nazis will be right back in the driver's seat. In other words, if we are not careful, history is going to repeat again — only worse.

One highly significant, highly important Nazi outfit is under secret study by John Snyder's treasury department right now. The outcome will definitely establish future policy, show whether we are going to re-Nazify or re-Democratize Germany.

If it is the case of Arbed, famous Nazi steel cartel.

Certain wire-pullers are lobbying to get its funds unfrozen. It has a lot of cash tied up in the USA, and the treasury has been asked to unfreeze them — without a thorough de-Nazification first.

Behind the scenes here is what cooks.

After the last war Woodrow Wilson et al ordered Arbed to become a French and Belgian outfit. However, the Germans, through secret stock purchases, by 1926, had rebought control of these giant, farflung steel mills. Arbed operated from Argentina to Brazil, but has headquarters in Luxembourg. Thus when Hitler came into power, Arbed was all set for his munitions program. It went to town a big way.

Arbed's head, appointed by the Nazis, was Aloyse Meyer. He remains head today, the American charge d'affaires, in Luxembourg, George F. Waller, has sent a report, top secret No. 279, to the treasury urging the unfreezing of Arbed's funds and claiming Meyer is not a Nazi.

Reef fact, however, is that Meyer was a district fuchrer for the entire steel industry of Luxembourg. In April 1945, one month before V-E Day Meyer even refused an Allied investigation team access to the files of the International Steel cartel. In January 1945, when everyone knew Germany would be defeated, he pretended to exile himself from Germany. That is why Waller supports him. But here's the payoff: During his brief exile, the Nazis continued to send him funds, so he couldn't have been much of a Nazi enemy.

In other words, it looks as if Meyer were one of the many plants the Nazis arranged in foreign countries to be in a position to recapture their industry after the war was lost. It also looks as if certain naive gentlemen in high unaccounted places in Washington were all set to let them recapture it.

# Admiral Asks For Help

Steelman said he had contacted private ship operators and the Maritime Commission, and had been assured that both were willing to absorb the additional labor costs.

What he didn't tell his visitors was that he had just had a long telephone conversation with Vice Admiral W. W. Smith, chairman of the Maritime Commission, in which Smith urged that Steelman overrule the Stabilization Board.

"Since the government is in the minority in this case, it is only fair that private operators should be allowed to fix their own pay scales," Admiral Smith contended. "There's no violation of the stabilization program involved here, in my opinion. That's just a lot of poppycock."

However, Steelman didn't need any reassurances either from Smith or from the private operators. He had decided that the seamen should be awarded raises above the \$17.50 approved by the WSB, and he made no bones about asserting his feelings.

# Walker Bailey To Head Grid Officials' Group

## Unit To Convene Every Two Weeks During Season

Designed primarily to improve the officiating of the abbreviated sport, the Six-Man Coaches and Officials Association was organized at a called meeting Monday evening at the court house.

Officers elected by the 20-odd persons on hand were Walker Bailey, president, and Tommy Hart, secretary; both of whom will co-operate with the schools to provide officials for each of the District Ten games this fall.

The group will hold indoctrination sessions every other Monday throughout the season, Bailey said, and all persons interested in improving their knowledge of the sport, whether members or non-members of the organization, are invited to attend.

Next meeting will be held at 7:30 p. m. Monday, Sept. 30, in the district court room, at which time H. J. Hitt, Coahoma; Ted Phillips, Big Spring; and Chesney McDonald, Sterling City, will lead discussions on various phases of the game.

Hitt will speak on kicking, protection for the kicker and various penalties resulting from rules violation in that portion of the game. Phillips will confine his talk to substitutions and times out while McDonald will address the group on passing.

Coaches and school officials in attendance agreed on a salary scale of \$7.50 per game for each official. A referee and a head linesman usually work a game.

Lineup of officials for the opening round of District Ten games this week includes: Coahoma at Sterling City, Walker Bailey and Jim McWhorter; Water Valley at Mertzon, James Clift and Bill Turn; Knott at Forsan, H. J. Hitt and Jack Johnson; Garden City at Courtney, Bill Horne and either Ted Phillips or Tommy Hart.

Joining the organization last night were James Clift, Water Valley; H. H. Deek, Courtney; Gordon Griggs, Garden City; F. P. Honeycutt, Forsan; J. Z. Thompson, Coahoma; Ralph Marshall, Coahoma; Homer Barnes, Knott; J. L. Carroll, Water Valley; Joe T. Holladay, Forsan; J. B. Nell, Union; W. H. Carder, Union; Alonzo Turn, San Angelo; and Jack Johnson, Ted Phillips, Walker Bailey, Bill Horn and Tommy Hart, all of Big Spring.

# LOOKING 'EM OVER

With TOMMY HART Oldtimers here can well recall the days when the Big Dam Lobos of Cisco High school were the football power-houses of West Texas prep circles.

Slightly more than a score of years ago, when the Bovines were playing strictly a Class B schedule, the Eastland county gang—with the great Honk Erwin in the saddle—played with a big stick without taking the trouble to speak quietly. They were annually a figure in the state race and, although they never copped the bunting, they were always giving the top dogs a run for the money.

Big Spring's football fortunes took a turn for the better about 1924, when Joe Ward, fresh from the University of Texas campus hired on as the head coach. Joe made quite an impression. He changed the nickname of the local team from Jay Birds to Steers in honor of his alma mater and took the straw out of the boys' hair, so to speak.

In 1926, the Bovines journeyed to Cisco to do battle with the Lobos. Alfred Collins was the mentor at that time, Ward having moved on to greener pastures. The elements were unkind to the Big Springers that day and a rain storm caught them between the village and Cisco. They pushed their vehicles through mud and slush for what seemed hours, then tried to do battle with the powerful adversary.

It was a futile struggle—the Ciscoans won out, 33-6—but had much trouble in slowing a powerful Jewish lad by the name of Frank Segal, who raced 10 yards for the Herd's lone touchdown and was an eternal threat.

In '29, Our Town's Longhorns tried it again with the same results. Despite a passing combine of Cecil Neel and Buren Edwards and a next spring exhibition by Buster Bell, the Ciscoans won out, 22-12.

The Longhorns moved into a different conference after that turn of the decade and sought competition elsewhere. The wheels of fortunes began to turn and Cisco's luck ran out.

In 1936, the Bovines worked the Lobos in on their schedule again and this time made up for past reversals, plastering a 45-0 defeat on the Ciscoans. It was the most one-sided defeat ever inflicted on one school by the other.

Our Town wasn't so strong the following year and El Lobe was improved but the Herd escaped with a 20-6 victory.

A lapse in relations resulted after that outing and not until 1944 did the Big Springers catch the Eastland county brigade again. That time it was 33-6, Big Spring.

Last year, the Dibrell forces were no worse than even money to clout the Ciscoans but more than half the gang was confined to sick bay prior to the bout and the Lobos escaped with a 12-0 victory.

Friday night, they get a chance to avenge that licking and they figure the odds are in their favor. They're praying for fair weather. If they get it, they're counting on doing the rest.

G. C. (Good) Graves, Jr., the former BSHS athlete who assumed the coaching job at Robert Lee high last month, has resigned that

# S'West Coaches Having Trouble With Starters

By The Associated Press

Starting lineups are the number one problems for at least five of the seven Southwest Conference football coaches as the 1946 campaign, headlined as the roughest and toughest in history, nears its bellinging opening next Saturday.

With every school promising a record breaking surplus of players, the coaches have been hard pressed in selecting their starting elevens, and with five games only four days away definite starting combinations still are conspicuous by their absence.

Top ranking game of the week for the Southwest, and billed as one of the best in the nation, is the Austin clash Saturday afternoon between the Universities of Texas and Missouri, Cotton Bowl opponents last January 1.

Other openers find Texas A&M meeting North Texas State College at College Station, TCU taking on the University of Kansas Jayhawks at Kansas City, Arkansas entertaining Northwestern Louisiana State College at Fayetteville, and Baylor University playing Southwestern University at Waco.

The TCU and Baylor games will be played Saturday night. TCU, however, is expecting plenty of trouble in their Kansas invasion. The Jayhawks, a team that has had rough sledding in recent years, reportedly is on the upward swing with a wealth of material on hand.

The Arkansas-Porkers, popularly picked for the conference cellar spot, should get by the Louisiana team with ease but will have double trouble on their hands a week later when they go to Stillwater, Okla., to clash with Oklahoma A&M.

Longhorn starters look like All-American Hubert Bechler and Max Bumgardner at ends; Ed Kelley and Demp Harris, tackles; Weedon and Spot Collins, guards; Dick Harris, center; Ralph Ellsworth, fullback; Bobby Layne, tailback; Walter Heap, blocking back, and Jim Canaday, wingback.

At formation defense was Coach Dutch Meyer's menu for the Fort Worth Horned Frogs. Charlie Jackson, bright freshman prospect from Denton who received a knee injury in the Wichita Falls All-Star game, is taking short workouts in track togs but still has no hope of getting into a game before mid-season.

The potential starting TCU lineup finds Fred Taylor and Beekman Ezell at ends; Scratch Edwards and Hubert Eoff, tackles; John Polzin and Allen Pike, guards; Charley Preesty, center; Jim Lucas, quarter; Pete Stout and Tom Bishop, halves, and Bloxom, full.

# Pampa, Lubbock Clash Tonight

By The Associated Press

Pampa's Oilers and Lubbock's Hubbers clash tonight at Pampa in the opening game of the West Texas-New Mexico League playoff finals.

The Oilers entered the final round last night by coming from behind to take their fourth game from the Amarillo Gold Sox, 4-1, at Pampa.

The finalists will meet twice at Pampa and then move to Lubbock to continue the four out of seven game series.

Pampa, second place regular season finishers, eliminated the Amarillo team, four games to two. Lubbock, who wound up in fourth place during the regular campaign, eliminated the first place Abilene Blue Sox, four games to one.

The seven-hit pitching of Bill Garland was largely responsible for the Pampa victory last night. Garland allowed only seven pitched balls to be hit out of the infield.

The lone Amarillo score was a fourth-inning home run by Ray Wilson. The Oilers clinched the game in the four-run sixth with a three-run homer by Virgil Richardson.

Chris Haskins was the Amarillo starting pitcher and was relieved by Frank Mekules. Lefty Lonergan, who had won one game and lost another in the series, was the third Gold Sox hurler. Amarillo ... 000 100 0—1 7 2 Pampa ... 000 004 00—4 10 0 Haskins, Mekules, Lonergan and Lamprich; Garland and Zigelman.

# Van Cuyk Vs. Pullig Tonight

# Padres Ousted From Playoff

By The Associated Press Fort Worth and Dallas will renew their long standing Texas League rivalry tonight as they open the final round of the circuit's championship playoff.

Although the League's pennant and a shot at Dixie Sports money will be at stake in the four out of seven games series, the two clubs will also be out to settle an inter-city feud they waged throughout the regular season, which ended each having won 11 of 22 games played.

The clubs will meet in Fort Worth tonight and tomorrow and then moved to Dallas, thirty miles away, for a three-game stand. If addition contests are necessary, they will be played in Fort Worth.

The Cats have nominated their strikeout artist, John Van Cuyk, left hander, to take the mound in the opener. While Dallas will use Tom Pullig, young right hander.

# Cards Must Face Club Who Threw Dodgers

By The Associated Press

St. Louis' glee over Bill Nicholson's spot slam homer that sunk the Brooklyn Dodgers should be tempered by the knowledge that the Cards must face the self-same Chicago Cubs in six of their remaining 11 games.

If Nicholson, despite his anemic 223 batting average, suddenly re-awakens in the final weeks of the season, it will be the Red Birds who will bear the brunt of his attack.

By that time it might make no difference for St. Louis holds a two-game advantage with time rapidly running out in their favor. The Brooks are now down in the loss column and three on the winning side with only 13 to play as compared to 11 for the Cards.

Charley Grimm's Bruins, obviously nettled by the cold statistics that prove they were just a "one shot" champ, are pouring it on down the stretch, playing each game as though it were the pay-off tilt in the World Series.

The Cubs' final 10-7 win went to Borowy over Rookie Paul Minner, an unfortunate relief choice by Dorcher who made the mistake of throwing a fast ball to Nicholson with a 3-2 count and three on. The youngster had joined the club only a week ago after the close of the season at Mobile in the Southern Association and was making his second major league appearance.

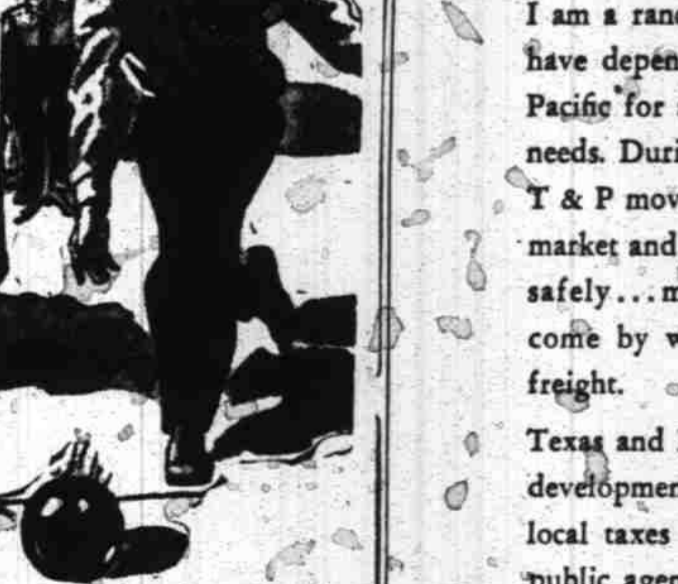

Billy Southworth's Boston Braves clinched fourth place, the first time they have finished in the first division since 1934, by shutting out Cincinnati, 4-0, in a night game.

Kenny Raffensberger of the Phils whitewashed Pittsburgh, 2-0, in the other night game, witnessed by 19,274 fans at Shibe Park.

Detroit protected its 2 1-2 game edge over New York in the second place scrap in the American League by hammering Bobo Newsom from the bill in downing Washington, 11-7. Roy Cullenbine, subbing for Hank Greenberg who was out with an ailing back, hit a three-run homer off Milo Candini to make the Tigers' lead secure.

The New York Yankees outlasted the St. Louis Browns, 7-5. Joe DiMaggio driving in three runs to help reliever Joe Page pick up his ninth win.

Boston, Philadelphia, Cleveland and Chicago in the American and New York and St. Louis in the National were not scheduled.

# Root To Replace Coleman In B.S.A.A. Program Wednesday

By The Associated Press

T. C. Root, dean of divisional commerce, and assistant to the president of Texas Tech, will substitute for Tomie Coleman as principal speaker at the Big Spring Athletic Association's rally for the Big Spring high school football team Wednesday evening at the Settles hotel, which gets underway around 7:30 p. m.

Coleman, who is coach of ACC, wired Clarence Fox, Jr., of the planning committee, that it would be impossible for him to attend the session, much as he'd like to be here.

Dr. W. M. Whyburn, Tech president, will accompany Root here and also be heard in a brief talk.

B.S.A.A. members are making plans for a giant turnout at the feed, which will be free to the public. Fox urged that all parties who intend to be on hand notify either Ted Groebel or Lou Baker, who are in charge of registrations. There'll be plenty of food, according to Fox, but the organization wants to know just how much to order.

# Knott Admitted To District 10

Knott's Hill Billies have been voted unanimously to membership in the District Ten six-man football conference and will open their schedule Friday night at Forsan.

Homer Barnes, coach of the Knott team, said last night the Billies had sought membership in a league composed of Dawson and Martin county teams after reviving the club for the first time in several years but that the application had been refused.

All the Knott games will be played away from home this season due to the fixed schedules, Barnes said.

That schedule reads thusly: Sept. 20—Knott at Forsan (night). Sept. 26—Knott vs. Water Valley at Forsan (night). Oct. 4—Knott at Sterling City. Oct. 18—Knott at Garden City (tentative). Oct. 25—Knott at Courtney. Nov. 1—Knott at Coahoma. Nov. 15—Knott at Mertzon (tentative).

### Cooked A Fine Dinner; Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

## Gambling Ship Seized Under Federal Law

LONG BEACH, Calif., Sept. 17 (AP)—The Coast Guard announced today it had seized Tony Cornero Stralla's luxurious gambling ship, the Bunker Hill, "for a violation of federal law."

A statement from Commodore L. L. Bennett, commanding the 11th Coast Guard district, read:

"The Bunker Hill has been seized by the United States Coast Guard at the request of the U. S. Department of Justice for a violation of federal law. She will be turned over to the custody of the collector of customs, by order of the commanding U. S. Coast Guard, Washington, D. C."

Coast Guard officers said it could give out no further information.

The action came a day after Stralla and three co-defendants were bound over in Los Angeles for superior court trial on charges of conspiracy to violate the state penal code by soliciting persons to board the vessel.

## STOP To Oppose Petrillo's Rule

DALLAS, Sept. 17 (AP)—Organization of the Society to Oppose Petrillo was announced here today under the leadership of Lloyd Clark of Dallas, chairman of the North Texas Agricultural College Alumni association.

The group was organized in protest to an ultimatum from James Caesar Petrillo, president of the American Federation of Musicians, which brought about cancellation of the Mexican Tipica orchestra's engagement to play at the State Fair of Texas here next month.

STOP announced today it would seek to promote unrestricted booking of attractions for cultural enlightenment.

The organization plans to carry on its activities throughout the state.

## Round-Up Club To Have Breakfast

Another breakfast meeting of the chamber of commerce Round-Up club has been called for 7:30 a. m. Wednesday at the Settles hotel.

The club, which is a subdivision of the membership department, is carrying on the chamber's continuous membership drive.

Both Round-Up teams are to give reports of progress made since the last meeting, and new members who have joined through the club's efforts will be introduced. Matt Harrington and E. P. Driver are heads of the club's teams.

## Compact Discussed

SANTA FE, N. M., Sept. 17 (AP)—Engineers and advisors from Arizona, Colorado, New Mexico, Utah and Wyoming today discuss the proposed upper Colorado River basin compact.

## Relations Improve

WASHINGTON, Sept. 17 (AP)—Sava Kosanovic, Yugoslavian ambassador, said today he felt relations between his country and the United States are improving.

## INTERMARRIAGE OK

FRANKFURT, Germany, Sept. 17 (AP)—Americans in US Army's European theaters were given permission today to marry Hungarians, Bulgarians and Romanians—but they still may not marry Germans.

## Slavs Charge Free Trieste Danger To Them

PARIS, Sept. 17 (AP)—Yugoslav Spokesman Ales Bebler accused the western powers today of seeking to establish a bridgehead in the free city of Trieste for future military action against Yugoslavia.

Opening the Slavic bloc's attack upon the proposed boundaries of the free territory, Bebler told a peace conference commission the only reason these were expanded beyond the Trieste city limits was to "allow space for the deployment of armed forces."

Bebler referred to the governor's powers in the free state as envisaged by western nations, and said they could be explained only by considerations of power politics.

"He can even call in foreign troops," said Bebler. "But against whom? The object of their action is never named but is always implied—Yugoslavia."

Bebler spoke as statesmen lined up once again in the Italian political and territorial commission on opposing sides of the Trieste issue—this time in connection with the frontiers of the projected free area.

Bebler urged the adoption of a Yugoslav amendment which would push the boundaries back to the city proper, a proposal paralleled by a White Russian amendment and contested by South African and Australian amendments which would extend the free state south in Istria to include Pola and other Italian coastal communities.

## College Broadcast Slated On KBST

A fifteen-minute broadcast over KBST Wednesday afternoon at 2:30 to stimulate interest in the Howard County Junior College was arranged in the first faculty meeting of the year held in the office of the president, E. C. Dodd, Monday afternoon.

On the program, Eddie Lou Haug, speech teacher, will sing and Dodd will speak.

Committees for the school term—enrollment, student activity and assembly—were appointed at the meeting and common problems of teachers in the new institution were discussed.

## Two Escapees Sentenced Here

Floyd W. Evans, 27, and Charles E. Sparks, 22, two of seven convicts who escaped from state penitentiaries at Darrington and Sugar Land last weekend, were sentenced in local courts.

Evans drew a two year sentence for car theft and burglary here last April 19 after he was stopped near Safford, Arizona, with Walter S. Stewart, a minor, by police of that state.

The vehicle was stolen from a local garage the night of April 10.

Sparks drew a five-year term here on February 4, 1942, for armed robbery and later was transferred to Abilene on a bench warrant.

## Legion, Auxiliary To Meet Thursday

Looking toward a larger and more active membership, the American Legion is holding a special meeting Thursday at 8 p. m. in the Settles hotel.

Harold Steck, commander, urged all former servicemen to attend the meeting and issued a special invitation to the wives, mothers and sisters of servicemen to participate.

"Not only are we attempting to strengthen the Legion in Howard County," he said, "but we are anxious to revive and rejuvenate the auxiliary to share with us in the development of a program for the good of our city and county."

## Dreamboat Flight Postponed Again

HONOLULU, Sept. 17 (AP)—The top-of-the-world flight of the Superfortress Pactus Dreamboat to Cairo, tentatively set to begin today, was postponed again last night by its commander, Col. C. S. Irvine, with the explanation that "we're not quite ready."

Weather reports from the Arctic had been more favorable yesterday and the test plane's navigator, Maj. N. O. Hays, had announced a 50-50 chance for a take-off early this morning.

The big plane carries sufficient gasoline for 43 hours, but there is virtually no margin for headwinds.

## Charged With Assault

Etulerio Tarango, 23, picked up Monday by the city police force and transferred to the county jail this morning, has been charged with aggravated assault. He will be tried later in the week.

## Gambill Resigns

Gladys Gambill, stated to be an instructor in the English Department of the new Howard County Junior College, resigned last night to accept a position in a New York State Teachers College.
