

U. S. Postage PAID Permit No. 6 Littlefield, Texas Sec. 35.4 P. L. & R.

# Penalties For Excess Cotton Acreage Outlined

er Will  
c Per Lb.  
ormal Yield  
er Becomes  
ble for  
Crop Loan

to clarify the penalties connection with excess acreage, John W. Quisenberry, county agent, Lamb County, outlined the following state-ment: "The amount of questions by the farmers of Lamb County it seems that they do not understand the exact method of computing the penalty and the amount they will incur when they exceed the normal yield on their cotton acres. I will try to clarify this matter."

Excess cotton acres is defined as that acreage in excess of the farm acreage allotment. At the same time, the producer becomes ineligible for loan on any of the cotton crop regardless of whether or not the penalty is paid, and he is also ineligible for any soil conservation payments. Any payments that may have been earned during the 1950 year will have to be refunded.

"For example, John Jones receives a 90-acre cotton allotment and seeds 200 acres of cotton. He also constructs terraces under the 1950 program year which received a government payment of \$150.00. John Jones elects not to plow up the excess acres of the 100 acres, hence the county committee establishes a normal yield for his farm of 300 pounds of lint per acre. Therefore, Mr. Jones owes a penalty rate of 15 1/2 cents per pound on 3,000 pounds of lint, he cannot place any of the cotton in the loan, and he must repay the \$150.00 received for constructing terraces. "It is hoped this will clarify the penalties incurred under the 1950 marketing quota program for cotton."

**FILIPINO FIGHTERS** . . . The 10th battalion combat team, first Filipino contingent to be sent to reinforce UN forces in Korea, recently concluded rigid army maneuvers in Manila. This is a group of the battalion.

## Jaycettes to Observe Family Night Tonight With Wiener Roast

Family Night will be observed by the Jaycettes Tuesday night, when they will entertain their husbands and members of their families at a wiener roast and picnic at the City Park, starting at 6:30 o'clock.

All Jaycettes and their families are invited. Mrs. John D. Smith is in charge of the program, and will be assisted in the games by Mrs. Roy Allen Hutson.

## Lamb Co. Wildcats Down Over Six Thousand Feet

Two Ellenburger wildcats in Lamb county are drilling in lower Permian horizons. Neither is reported to have encountered appreciable shows thus far.

H. L. Hunt No. 1 Robertson, in central-west Lamb, is drilling below 6,607 feet in lime and shale. Location is 660 feet from north and east lines of labor 16, league 223, Collingsworth county school land survey.

Two and one-half miles southwest of Earth, National Associated Petroleum company No. 1 Ewing Halsell is reported deepening below 6,325 feet in lime. Exact location is 4,166 from west lines of league 237, allam county school land survey.

**GOVERNMENT IN EXILE** . . . The mayor of Dearborn, Mich., (Wayne county) set up headquarters in Oakland county to escape process servers. Two officials erect tent while mayor Orville Hubbard visits Canada.

## Last Rites Held For A. L. Taylor

Funeral services were conducted Friday afternoon at 2:30 o'clock at the Salvation Army, with Lieut. Hall in charge, for Alfred Lee Taylor, about 43, member (Continued On Back Page)

## Springlake Teachers Stage Reception

The annual teachers reception of the Springlake schools was held Thursday night opening at 8 o'clock.

Those attending carried basket lunches. Forty-two games, Canasta and other entertainment is planned for the evening.

# Double Services Held for Mother And Son Friday

## Harry Rogers in Training at Great Falls, Ill.

Harry F. Rogers, seaman recruit, USN, son of Mr. and Mrs. Omer Rogers of Route 1, Littlefield, Texas, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Ill.

Recruit training is the sharp break between civilian and Naval life in which the new Navy men learn the fundamental principles of the Naval service.

In the course of their training the recruits are taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation.

Upon completion of his training the recruits are assigned either to units of the Fleet or to a service school for specialized training.

Double funeral services for W. C. Hall of Earth and his mother, Mrs. Mary Hall, of Ringling, Oklahoma, were held Friday afternoon at 3 o'clock at the First Baptist Church in Dimmitt, with burial in the Dimmitt Cemetery.

Hall died just about five hours before his mother.

Tuesday previous to his death, he, accompanied by his wife, and son-in-law, Curtis Jaquess of Earth, had gone to Amarillo to be treated for sinus trouble. The group had gone to the bus station in Amarillo, from where Mrs. Hall was planning a trip to Oklahoma. While at the bus station, Hall died suddenly of a heart attack. The body was taken to Dimmitt, and his mother was notified at Ringling, Okla. She arrived in Dimmitt that same night at eight o'clock and also died suddenly of a heart attack about 5 minutes later.

Both bodies were taken to the Blackburn Funeral Home at Dimmitt.

Mr. Hall, who had lived in Lamb County for a number of years until recently, is survived by his wife, five daughters, and two sons. The daughters are: Mrs. Lester McDermott, Mrs. Dovie Coleman of Dimmitt, Miss Lulabelle Hall of Oklahoma City, Mrs. Phillip Jones of Springlake and Mrs. Curtis Jaquess of Earth.

The sons are: Ephram Hall of Amarillo and Carl Hall of Cotton Center.

## Alvin Jones Joins Brother in Jewelry Business Here

Alvin Jones of Bonham, brother of Bacon Jones, who has been operating the Jones Jewelry in Littlefield for some time, arrived in Littlefield recently, and is now associated with his brother in the jewelry and watch repair business here.

Mr. Jones is single and is making his home with his brother and sister-in-law, Mr. and Mrs. Bacon Jones.

## SUNDAY PROMOTION DAY, PRESBYTERIAN SUNDAY SCHOOL

Sunday was Promotion Day at the Presbyterian Church Sunday School, with Mrs. Oscar Wilemon in charge of the program.

This is an annual affair and does much for the moral of the children.

Certificates were presented by Dr. W. B. Armistead, Superintendent, to approximately 26 children.

## New Airport Manager Takes Over Muleshoe Job

Royce Smith, recently of Fort Worth, has been made manager of the Muleshoe Airport, and has assumed his duties. Mr. Smith has had about four years flying experience and is qualified as an instructor. He is employed by Elvie Jennings, who has the airport under lease from the city, also owns the Benger Flying Service in Friona.

Mr. and Mrs. Smith are now at home in Muleshoe. He succeeds Emanuel Jennings, who met death in a plane accident while dusting cotton a short time ago.

# LAMB COUNTY LEADER

OFFICIAL NEWSPAPER OF LAMB COUNTY LITTLEFIELD, LAMB COUNTY, TEXAS, TUESDAY, SEPTEMBER 26, 1950 NUMBER 61

# H. Luke Is Crushed Beneath Hydraulic Loading Machinery

about 70, was admitted to Littlefield Hospital Saturday suffering from a fractured hip and two miles south of west of Hampton

Luke is reported to be suffering from a severely crushed hip, back and chest injuries and a punctured bladder, besides bruises about his body. At the time of the accident Mr. Luke was operating a tractor with

a loading scoop, transferring cattle from a pit to the truck. The tractor is said to have been on an incline, and overturned from the extra weight of a full scoop. Mr. Luke was crushed beneath the tractor, but was able to crawl

from beneath the equipment and call to a passerby, who brought him to the Littlefield Hospital. Luke was given a blood transfusion Saturday. He is reported to be in a very serious condition.

Members of the Luke family were notified, and his sons, J. T. and Ingle Wade of Amarillo, and Everett Luke of Tulla, accompanied by his wife, arrived about noon in Littlefield to be with their parents.

## Fiddle Contest to Be Old Settlers Day at Fair

Fiddle Contest and square dance ever southwest will be featured at the Old Settlers Day Oct. 11, State Fair of Texas, at Ft. Worth. Executive vice president and general manager of the fair, announced.

Prizes for the best fiddle and string quartet will be \$100.00. The contest will be held on the Magnolia "Map of the Midway" dance at night will be held in front of the State.

Director of the contest at the Fiddle Contest at the State Fair will be C. O. Stone. Prizes for the best fiddle and string quartet will be \$100.00. The contest will be held on the Magnolia "Map of the Midway" dance at night will be held in front of the State.

**KIDS' DAY QUEEN** . . . Jean Crawford, 15, Hamilton, Ohio, is the 1952 queen of National Kids' day. Her prize is a trip to Hollywood with all expenses paid for herself and an escort. The day was sponsored by Kiwanis and a kids' day foundation.

## Donnie Dyer Suffers Broken Left Leg

Donnie Dyer, about 2, son of Mr. and Mrs. Jiggs Dyer of Anton, was admitted to the Payne-Shotwell Hospital Wednesday of last week suffering from a broken left leg.

The child's leg was put in traction, and he is getting along satisfactorily.

## Time for Junk Car Races Changed to Sunday Afternoon

Due to the chilly nights, the auto races in Littlefield have been changed to Sunday afternoon like they were held last spring. Starting time is 2 p. m. Bill Thompson announced plenty of cars would be here each Sunday afternoon to assure fans of exciting races.

## Littlefield National Farm Loan Have Declared Dividend

Charles C. Thompson, director of the Federal Land Bank of Houston, was the principal speaker recently at a well attended annual meeting of the Littlefield National Farm Loan Association.

The association closed 67 land bank loans the past year in the amount of \$266,215.54. Although the net gain in the number of loans for the year were only six, the net gain in the volume of dollars loaned were \$143,190.58.

The Board of directors declared a dividend of 5 per cent on all stock outstanding as of June 30, this year.

C. O. Stone is secretary and treasurer of the organization.

## Nephew of Mr. and Mrs. Murdock Is Ill With Polio

Gene Murdock, 21, son of Mr. and Mrs. B. F. Murdock of Muleshoe, and nephew of Mr. and Mrs. Bob Murdock of Littlefield, was stricken with polio Wednesday of last week at Albuquerque where he was employed by the Bell Telephone Company.

Mr. Murdock was in the service 18 months, serving as M. P. at Albuquerque. He has been out of the service two years.

He was admitted to the Veterans Hospital Wednesday of last week, and in about an hour, according to relatives, he was rushed to the Polio Center there.

He has a wife and two small children.

Mr. and Mrs. Bob Murdock of Littlefield accompanied the young man's parents, Mr. and Mrs. B. F. Murdock of Muleshoe to Albuquerque on learning of their son's sickness. They returned to Littlefield Thursday.

**VISITS LITTLEFIELD** A. G. Glenn of Big Spring, Texas, representative for the Cosden Petroleum Corporation, spent Thursday and Friday with Oscar Wilemon, distributor for Cosden products.

## FARM COMMUNITY DINNER WILL BE STAGED AT PEP TONIGHT

A farm community dinner has been set for Tuesday night at the Pep school house.

Sponsored by the Littlefield Chamber of Commerce, all local business men who wish to attend this farmer-merchant dinner are urged to contact the Chamber of Commerce.

## To Vote Oct. 28 On Form of City Management

An election to determine whether Muleshoe shall change the form of government from Commission to Aldermanic has been ordered for Saturday, October 28. The City Commission ordered the election September 18, after a petition "signed by more than ten per cent of the qualified voters of the city of Muleshoe" had been presented to them.

The election will be held in the City Hall and Tom Zimmer will be presiding officer.

**AIDING REDST** . . . Customs officials seized eight cases of technical data which California Tech rocket expert, Prof. Hsue Shen Tsien, attempted to ship to Shanghai in Red China.

## HAYLOFT JAMBOREE AT ANTON TONIGHT

Uncle Ezra Hayloft Jamboree is being held at Anton Monday and Tuesday night of this week at the Anton High School.

# Wildcats Moving Forward to Set Up Another Spectacular Grid Record

The Littlefield Wildcats appear to be on their way toward another spectacular record.

In turning back a powerful Post Antelope eleven, 42-12, the Cats Friday night at Seely Stadium won their first conference game of the season and achieved their 17th victory in a row without a defeat.

Friday night offered perfect football weather, and 4,500 fans witnessed the game.

Behind the bruising running of big fullback Gene Renfro, the Cats moved on to victory over a team with an excellent record.

The 190-pound Renfro had a near perfect night as he romped 54 yards for one score, hit the line for a three-yard gain and another tally and ended his night by again plunging center for his third TD of the night.

Coach Bing Bingham's visiting Antelope drew first blood as they took the ball on the Littlefield 21-yard line after a bad pass from center. Quarterback Jack Kirkpatrick immediately hit Halfback R. H. Babb with a short pass and he went over untouched for the score. The kick for extra point was not good.

## Wildcats Claw Back

Midway in the first quarter the Wildcats came clawing back as a sustained 66-yard drive paid off when Halfback M. C. Northam went over from the six yard line. His kick for extra point was good.

In the second period Kirkpatrick of Post fumbled a Littlefield punt and Northam recovered on the Post one-yard line. On the next play he went over for the score. After the half Coach Jay Fikes' Wildcats came roaring back. Tackle Arlen Wesley recovered a Post fumble and galloped 45 yards for a score early in

the third quarter. Wesley was a tower of strength in the line all night.

**Renfro Scores Again** Shortly after Wesley's score, Kenneth Reed of the Wildcats hit Gene McCanlies with a pass that wound up on the Post one yard line. Renfro bulled his way over on the next play. Early in the fourth period Renfro broke into the clear at his own 46-yard line and outdistanced would-be tacklers to go the entire distance for the second of his scores. He added the extra point on a line plunge.

## STATE FAIR OF TEXAS WILL BE STAGED AT DALLAS OCTOBER 7-22

The blare of trumpets, the roll of drums, prancing horses, beautiful girls, flags unfurled to the breeze, spectacular floats, pagentry unparalleled will make visitors to the 1950 State Fair of Texas, Oct. 7-22 declare with emphasis, "I love a parade."

The colorful Parade of the Decades will be something new at the 1950 State Fair. Nightly as the last rays of the setting sun enliven the magnificent facade of the million-dollar Hall of State, the mammoth parade will burst upon the main concourse on the first lap of its two-mile march around the 187-acre, \$35,000,000 fairgrounds.

The Parade of the Decades will be completely different every day of the Fair, including everything from giant farm machines to Armored Forces equipment. Following closely the Mid-Century theme of the 1950 State Fair, glamorous floats will depict the Gay Nineties, discovery of oil in Texas, old and new means of transportation, the Roaring Twenties, the Depression, the Texas Centennial, the Southwest Conference and its grid-iron glories, World War II, the United Nations and—taking a whimsical peek into the future—

flying saucers.

Champion horses from State Fair shows will appear at their best with gaily-caparisoned riders carrying the six flags which have flown over Texas.

On Oct. 10 and Oct. 17, massive farm machines will take their place in the line of march for an impressive Parade of the Machines. On Armed Forces Appreciation Day, Oct. 21, the parade will take on a martial flavor, as thousands of marching men, cannons and other war equipment, reflect the growing military might of the nation.

On Music Festival Day, Oct. 18, more than 20 high school bands will march and play in the Parade of the Decades. For each and every parade, music will be provided by dozens of visiting college and high school bands, led nightly by the famous Plymouth Corporation Kiltie Band, one of the few authentic bagpipe bands in the country. On Texas A. & M. Day, Oct. 8, bands and marching units of the A. & M. College System, including the 200-piece Aggie band, will take part. On opening day of the State Fair, Oct. 7, there'll be three State

### MAYOR McGUP

By John Jarvis

### Deep-Breaking Equipment Available

The latest deep-breaking equipment manned by experienced operators is now available in this area, according to information received from Thomas L. Moran, contractor.

Two complete units of new giant Towner plows and D-S Caterpillar tractors will plow in this area under the supervision of R. D. "Bear" Camp, of Sudan, area manager. Local farmers who are interested in this service are urged to contact Camp as soon as possible in order to make sure their land is scheduled, if they so desire.

All deep-breaking is done to meet standard PMA and SCS requirements so that farmers and stockmen may benefit from government payments.

### Brownie Troop Elects Officers

Brownie Troop No. 13, with their leaders, Mrs. Frank Rogers and Mrs. Fred Gerlach met at the Scout Hut Wednesday afternoon of last week and elected officers.

Fourteen persons were present for the meeting.

Officers elected were: President, Freddie Carol Gerlach, Vice-President, Elizabeth Gee; Secretary, Treasurer, Frances; Scoutmaster, Promiser Leader, Jane Rumbach; Society Leader, Darlene Chisholm; Hostesses, Charlotte Robinson and Gay Hall.

Refreshments were served at the school cafeteria.

### Lutherans Plan Special Programs

October 1 through October 8 is Lutheran Education at Emmanuel Lutheran Church. The blessings and benefits of an education that is Christian from the cradle to the grave will have the spotlight. Special programs for all are planned for the evenings of October 1 and October 8. One of these evenings will be particularly profitable for those who feel that the church's primary business is getting things away from people, denying them the few joys and pleasures that life gives.

### Family Reunion At Homer Hodge Home Recently

The home of Mr. and Mrs. Homer Hodge of Earth was the scene of the Clark family reunion held Sunday, Sept. 10.

Texas, Oklahoma and New Mexico were represented. Nine brothers and sisters and their families enjoyed a picnic lunch on the back lawn at the Hodge home.

Most of the guests returned to their homes Monday. Those attending were Mr. and Mrs. L. G. Clark, Mangum, Oklahoma, J. P. Clark of Brinkman and C. H. Clark of Clinton, Oklahoma, Cara Bradley, Oklahoma City, Mr. and Mrs. J. N. Steele, Mountainair, N. M., Mrs. Mattie Lovett, Carnegie, Oklahoma, Mrs. W. T. Cast, Antlers, Oklahoma, Mr. and Mrs. Homer Hodge and Mr. and Mrs. Wix Price, Earth, Mr. and Mrs. Borden Price and family, Canyon, Mr. and Mrs. Wix Price, Jr., Canyon, Mr. and Mrs. Curtis Price and family, Amherst, Mr. and Mrs. Edgar Britt and Sue, Mr. and Mrs. Wayne Lewis and Steve, Mr. and Mrs. Bill Price, Oton, Mr. and Mrs. J. W. Clark, Amarillo, Don Clark, Mangum, Oklahoma, Larry Price and Mrs. Larry Price, Earth.

### KENNETH MASTERS SCOUTMASTER OF HALE CENTER TROOP

Kenneth Masters, operator of a welding and blacksmith shop at Hale Center, has been named scoutmaster of Boy Scout Troop 118, succeeding Vic Lamb, who had held that position five years. Masters was moved up from assistant cubmaster of the Cub Scout pack when the Hale Center Scout committee, headed by Ed Campbell, met last week.

Hale Center has an active Scouting program with the American Legion sponsoring Cub Scouting, headed by Glen Thomas, Cubmaster, and with the Lions club sponsoring Boy Scouts and Explorer Scouts.

More than 60 youngsters are registered in the three age groups in the program. Belton Gage is advisor for the Explorer pack.

### Billy Sisson One Of Game's Standouts

ABILENE, Sept. 19.—Billy Sisson of Littlefield was described by Coach Wilford Moore as one of the game's standouts as McMurry College bowed 13-20 to Tulsa University Saturday night.

Sisson played guard against a line that outweighed McMurry's about seven pounds per man. Sisson at 183, is McMurry's lightest lineman, so occasionally he was playing against men 20 pounds heavier.

Fair parades—the always colorful parade through the streets of downtown Dallas, and two Parades of the Decades, one at night and one in the afternoon for the benefit of the 100,000 farm boys and girls who will be on hand for Rural Youth Day.

### Higher Prices On the Way for 1951 Automobiles

Higher prices for 1951 model automobiles are on the way.

Kaiser-Frazer last week announced advances ranging from \$10 to \$120 on its various models. Earlier Packard, introducing its 1951 cars, also hung higher tags on those in the lower price group.

Nash is scheduled to introduce its Ambassador and Statesman lines and presumably will announce prices at the same time. Later in the month will come the long-planned Henry J. model by Kaiser-Frazer and Hudson's 1951 line.

There isn't much question among auto industry chroniclers that all 1951 models are going to cost more. It is fairly well agreed present tags will be kept on the 1950 models for the remainder of the present model year.

For some makes that means only until mid-October. For others it will run through into next February. Indications are that all General Motors 1951 models will get their first combined general showing again at New York's Waldorf-Astoria in mid-January.

It is wholly possible that price tags for such makes as Buick, Cadillac, Chevrolet, Oldsmobile, and Pontiac will not be made known until near the year end or later.

There is more than a little speculation in automotive circles as to what recent wage increases and other manufacturing cost advances may have done to Kaiser-Frazer's price planning for the Henry J. model. The new 100-inch wheelbase model has been in preparation for many months.

### Local Stars Attend Friendship Program At Sudan Monday

Monday night, Sept. 18 was Friendship night at the Sudan Chapter of the Order of Eastern Star, when several neighboring chapters were guests.

From Littlefield enjoying the occasion were: Mr. and Mrs. Pat Boone and Mrs. Marye Sales.

A candidate was initiated into the Sudan Chapter, when Mr. and Mrs. Boone presided over the initiatory work.

Following the meeting refreshments were served.

**Doctors to Register Under New Law**

The new law, passed by Congress, which requires that doctors of medicine, dentistry and veterinary medicine register and be subject to call for service with the armed forces will reduce the number of Army Reserve Officers of the medical services with World War II service to be ordered to active duty under quotas announced August 15, Colonel Oscar B. Abbott, Chief of the Texas Military District has stated.

As a result of this new legislation, the list of officers selected for the first quota will be reconsidered and a further study made of each officer's record. A revised list will be selected in accordance with the following priorities:

Priority 1. Former ASTP students and others deferred during World War II for education who had less than 90 days military duty after graduation.

Priority 2. Former ASTP students and those deferred during World War II for education who had more than 90 days but less than 21 months service.

Priority 3. Members of the medical professions who performed no military service during World War II.

Priority 4. Members of the medical services who had active service since September 16, 1940. These will be called in accordance with the length of service—those who served the least being called first.

The effect of these priorities will be to call to active duty first those medical reserve officers of the Army who were students under the ASTP program and obtained their education at government expense but saw little or no active service. Next in line will be those who, while not trained under the ASTP program, have no prior service in the armed forces, Colonel Abbott pointed out.

In order to properly classify reserve officers for the first call, the Texas Military District Headquarters is sending out forms for the officers to accomplish which will provide the necessary information to establish their priority. Officers who fail to reply or to furnish information required to determine their priority status will be classified as having no prior military service.

The first call for Texas Army Reserve Officers of the medical services under the revised quota will be for 22 doctors, 3 dentists

**Attend Oliver Farm Equipment Meeting Tuesday**

Lon Campbell, Littlefield dealer for the Oliver Farm Equipment, accompanied by Boyd Stewart and Wade Bolton, connected with this company, attended the Oliver dealers meeting at Lubbock Tuesday night of last week.

This Block Dealers Club meeting was held at the Ragland Oliver Company offices at Lubbock. Mr. Campbell was accompanied by Mrs. Campbell.

**Whitharral Gets First Bale of Cotton**

The first bale of cotton to be ginned in the town of Whitharral in 1950 was brought in Wednesday of last week by Joe Ancinec, who farms three miles northeast of town.

Ralph McClure, local cotton buyer, said he paid 50 cents a pound for the bale which weighed 485 pounds. It was ginned by the Farmers Co-Op gin at Whitharral. Ancinec said the bale was picked from a six acre patch and came from 2100 pounds of seed cotton.

The Whitharral Lions Club made up a list of premiums which Ancinec received for having the first bale.

and 3 veterinarians. Quotas will be filled in so far as possible by Reservists who volunteer for extended active duty, Colonel Abbott said.

**To Have Float In Fair Parade**

Mrs. Jarold Jones and Mrs. Clarence Davis have been appointed as directors to represent the Jayettes in the Community Chese organization. These directors were elected at a meeting of the Jayettes at Hays Coffee Shop.

The Jayettes will have a float in the fair parade. Three new members were received into the organization. They are: Mrs. Dan Berg, Mrs. Nina Webb and Mrs. Modina Hudson.

## TAHOKA BEATS MORTON 13-0 IN DISTRICT 4-A CONFERENCE GAME

Tahoka's surprising Bulldogs, conquerors of Brownfield last week, turned in their second District 4-A conference victory with a 13-0 triumph over the Morton Indians at Morton Friday night.

A crowd in the neighborhood of 2,000 watched the Bulldogs punch over a first quarter score and make it stand up until only seconds remained in the game. Then the Tahoka team, with 10 seconds remaining, punched over the score that led to the contest.

Halfback Charles Hyles scored the first Tahoka touchdown when he made a 10-yard run around right end after the Bulldogs had powered their way downfield. The extra point attempt failed.

Earlier, Morton made a serious threat the first time it held the ball, driving down to the three yard line before losing the ball on a fumble. After that the Indians made no serious threat.

With 10 seconds remaining in the game, James Foster drove over on a two yard plunge for the final touchdown. Jackie Slover kicked the extra point and the Bulldogs had their second conference victory in the bak.

The statistics showed how much the Bulldogs outplayed the Indians. Tahoka rolled up 10 first downs to Morton's seven. The Indians had 73 yards rushing and 103 passing for a total of 181 yards.

Morton rolled up 122 yards rushing and a total of eight passing for 131 total yards. Tahoka attempted 11 passes and completed five with none intercepted. Morton tried eight passes, completed two and had one intercepted.

## Seagraves Defeats Whiteface 13-0

A near-capacity crowd watched Seagraves put together two touchdowns and an extra point to beat Whiteface High school 13-0 in a district 5-B conference tilt at Seagraves Friday night.

Nelson Smith, Seagraves quarterback held the limelight by plunging from inside the visitor's each in the second and third quarters then throwing a pass for the extra point following the second touchdown.

Kenneth Hart, Seagraves backfield workhorse, was taken from the game late in the first half with a fractured elbow. Hart, injured on a tackle, may be lost to the team for the rest of the season, Coach Frank Sontag said.

## MULES WIN TILT FROM SLATON 14-6

Quarterback Ed Nickles led the Muleshoe Mules to a 14-6 triumph over the Slaton Tigers at Slaton Thursday night in a district 4-A game played before 1,800 excited fans.

Nickles sparked two touchdown drives by the Mules in the second and fourth quarters to help his teammates overcome a second-quarter lead racked up for the Tigers by Back Bobby Butler from nine yards out. The kick by Bobby Taylor was no good.

Minutes after Butler stormed into the end zone with the first tally of the night, Muleshoe's Ray Kersey plunged across for Coach Durwood Green's Mules to even the score. A play from scrimmage was good for the extra point and the visitors led 7-6.

The two squads played on an even keel for the remainder of the first half and throughout the third quarter, but in the fourth, Muleshoe's Aubrey Heathington romped across from the 5-yard line to put the Mules out in front 14-6 after the extra point was secured.

## ANTON ROMPS OVER FRENSHIP 37-7

The Anton Bulldogs romped over the Frenship Tigers, 37-7, at Anton Friday night in their first District 4-B game before a crowd of 400.

Halfback Bob Harper ran over two touchdowns and Ken Southern, a third in scoring during the first quarter for a lead of 19-0.

During most of the three remaining quarters Bulldog substitutes were used liberally, but scoring continued upward as James Burdett, Joe Bob Garner and Donald Stone made touchdowns in that order during each succeeding period.

The Tigers managed their scoring in the last minute and a half of the game. Archie Clinton snagged a pass and carried it over for a total gain of 30 yards.

## Levelland Lobos Take 20-0 Victory Over Hereford Friday Night

The Levelland Lobos crushed the Hereford Whitefaces, 20-0, at Levelland Friday night before an overflow crowd of 4,200 fans.

The Lobos struck in every period and Perry Heard leading the offense but the third with Zack Reid sensitive push.

It was Reid who engineered the Lobos to their first six-pointer in the initial period. Levelland received a Hereford punt on the Lobe 40-yard marker and was never headed.

Every Heard gathered the kick in and raced to the Hereford 26. On the first play from scrimmage, Heard broke through between right tackle and right end and romped to the 11 before the Hereford secondary gathered him in.

John Hayes crashed at the middle of the line and bulled his way to the 11. Then Heard carried to the 10 for a first down. Heard again smashed the middle of the Whitefaces' forward wall, and drove to the two before being hauled in. Reid carried the pigskin over on a quarterback sneak through center. Hayes' try for extra point was no good, and the Lobos held a 6-0 lead as the initial cauldron ended.

The Levelland ground machine went to work early in the second quarter. After Hereford drove from the Lobe 40 to the three, the Lobos rattle dand posted the visitors back to the 26.

Then the ball-toters went to work. Heard, Reid, and Hayes alternated to carry to the five-yard line, and Dean Waltrip smashed to the three. Reid then lugged the

leather the final three yards to pay dirt. Heard converted to give the Lobos a 13-0 lead at the half.

The two teams fought on even terms in the third canto, but Hereford worked up another drive midway of the final period.

The Whitefaces marched from Levelland's 47 to the Lobe 12 before Levelland rallied its defenses and took over on downs at its 11.

Hayes hit the center of the line for no gain, but Heard burst through right guard and into the clear on the next play, and romped 64 yards before being hauled in from behind on the Hereford 25.

Hayes lost a yard, but Don Wise carried to the 10. Heard smashed at left guard for five yards, and Hayes plunged to the four. On fourth down, Tackle McAuley shifted to the backfield and tossed his 185-pound frame at the middle of the Hereford defense, but the Whitefaces held and kicked out of danger to their 37.

Levelland fumbled and Hereford recovered. The Whitefaces were penalized to the 25. A pass from Quarterback Jack Stanton to Harold Morton was good for two yards, but another Stanton pass was lobbed to the 50, where Reid gathered it in and ran to the 41.

With Reid barking signals and alternating with Heard and Jim Kennedy in the ball-carrying role, the Lobos drove all the way to their third score. Heard knifing between left guard and left tackle for the final seven yards. Heard's kick was good, and the Lobos wrapped it up, 20-0.

## Lockney Overwhelms Crosbyton In District 3-A Grid Battle

The Lockney Longhorns shifted into a brand new winged-T formation here tonight and smashed into the victory column with awesome determination, smothering the Crosbyton Chiefs, 53-14.

Using a thunderous offense, spearheaded by a quartet of speed-demons, the Longhorns rolled up a 41-0 halftime advantage, and then coasted to the 4-A Conference victory. It was the first variation of the year for Coach Curtis Kelly's proteges after losing three straight while operating from their usual single-wing.

Score on Seventh Play  
The issue was never in doubt after the seventh running play of the game when Lockney halfback, Ray Ferguson rambled 41 yards for the first tally. C. B. Smart smashed off tackle for the extra point and the Longhorns were away to the races.

The valiant Chiefs were handicapped by lack of speed, as the

visitors repeatedly utilized their swiftness to the best advantage. With Pat Frizzell cracking the whip from the tailback slot, Ferguson, Smart, Mac Howard, and Stan Conner ran wild.

The Lockney substitutes played the majority of the final half and matched the Chief touchdown efforts with two markers of their own.

Crosbyton Defense Collapses  
After Ferguson and Smart had propelled the Longhorns into their 7-0 command, the Crosbyton defense collapsed, immediately following the initial score, the Chiefs

## Local B-Team Defeats Lubbock Pioneers 39-0

The Littlefield B team journeyed to Lubbock Thursday and defeated the Lubbock high school Pioneers to the tune of 39-0.

Forest Martin carried the boys over, and used Rhoten, Meers, Wilson and Beckner in the backfield. These are the lads who will be next year's starters.

punted to Smart on the Longhorn 35. It proved another mistake as the speedy fullback raced 65 yards to another tally. He then drove over center for the caption and a 14-0 lead.

Smart's third flash of scoring brilliance also came in the first quarter when he dashed 40 yards to pay-dirt after the hapless Chiefs had fumbled. He once again blasted over for the extra point.

Ferguson Dashes 80 Yards  
As the Crosbyton defense massed to stop Smart's high scoring antics, the versatile athlete halted his running, but still dominated the scene. He whipped a 56-yard pass to teammate Joe Cunyus on the Crosbyton five-yard stripe, and the Lockney end skipped across the goal line. The attempt across the goal line. The attempt for extra point was foiled when Smart's second passing attempt fell incomplete.

With one minute remaining in the first quarter, Ferguson managed to steal the scoring spotlight with a sensational 80-yard burst. After Smart had intervened to halt a possible Crosbyton threat by intercepting a pass on the Lockney 40, Ferguson wheeled around right end, reversed his field, and completed his scamper. Frizzell sneaked across on a keeper play for the extra point as the first quarter ended with the Longhorns leading 34-0.

The lone second quarter touchdown came as a result of another long distance flight by Ferguson. This time he slashed across the middle and went 69 yards for the counter. Smart collaborated by diving over for the extra point, before the half ended, with the count standing 41-0.

Coach Kelly opened the second half with his substitutes, although frequenting his line-up with starters throughout the period. Substitute halfback Bill Sherman dashed 31 yards for the first Lockney touchdown in the third quarter as the two teams battled on fairly even terms. The attempted extra point failed before the third quarter culminated.

## GRADE PUPILS PLAN FOOTBALL SCHEDULE

The boys in the 7th and 8th grades of Springlake school have a football team that will play a regular schedule on Thursday night. Roy Simmons will be the coach.

They have scheduled the following games:

Oct. 19—Dimmitt, here.  
Oct. 26—Sudan, there.  
Nov. 2—Olton, there.  
Nov. 9—Farwell, here.

Additional games will be secured later.

## Spade Wins 19-0 Over Plains Cow

Spade's visiting Longhorns won a 19-0 victory on the Plains boys at Plains Friday night in a non-conference football game which was witnessed by 800 fans.

The Spade eleven won in the first period and in the final quarter while Plains checked its lone touchdown in the first quarter.

### Glake Wins Friona

Springlake Wolverines rode over the Friona Chiefs Friday night in the first game of the year for schools in District 3-B. Fullback Barrett, Friona's first possession of the year, scored the first time they got the lead in the night, scoring there on, there was as to the outcome as the dominated play throughout 21-0 at halftime. Freeman Milton's visitors were seriously threatened by Raymond Cook's host Barrett dominated play at the game, while the tallback, Underwood, on end runs.

### HUMBLES 27-0

Powerful Hornets pulverized Kress Kangaroos at play night in a bitterly contested conference game, rolling to victory to keep the season clean. Don scored first when Don capped a 45-yard touchdown with a one yard drive in the tally, but a plunge tackle for the extra point

called from under a threat in the third driving all the way down an 11-yard line. There with first and goal, cost down chance and summed. G. C. Freeman fumbled and Bobby Crouch gets quickly put their machine in motion and yards for the second. Harlan Pickett clipped with a 10-yard drive to the score. Ira Hogue extra point and the Horns 13-0 lead moments fourth quarter opened.

### Old Grid Rivals Clash at Dimmitt

Dimmitt's Bobcats outscraped the Hale Center Owls 27-6 at Dimmitt Friday night, marking the Bobcats' third non-conference victory this season.

Sparked by players Gene Easley and Jim Jowell, the Dimmitt eleven opened its steady scoring streak early in the first quarter, when Glenn Brown, right halfback, scored a touchdown from 18 yards out through left tackle. Easley kicked the extra point.

In the second, Easley, left end, scored from 15 yards out around left end with Jowell again making the conversion. Easley came back in the third quarter with a touchdown set up from 29 yards out. He scored from the one yard line. Jowell made the extra point.

The Bobcat's fourth and last touchdown came in the fourth quarter with Easley again scoring with a run around right end for 75 yards. The conversion attempt was unsuccessful.

Hale Center's only touchdown came just before Dimmitt's last scoring streak, in the fourth. The Owl's Bobby Johnson, fullback, scored from five yards out. The pass for the extra point failed.

Dimmitt made a total of 17 first downs, as compared with Hale Center's seven. The Bobcats made five penetrations and the Owls two.

The growth and reproductive characteristics of the mesquite make eradication of the plant improbable. A long time control program may be the answer to the mesquite control program in Texas and the Southwest.

Legumes are fine soil building crops if they are properly inoculated and fertilized. Inoculated legumes may well be called nitrogen factories for they have the ability to take nitrogen from the air and store it in nodules on their roots.

### Jones Motor & Tractor Company Add New Addition to Building

The Jones Motor & Tractor Co., Oldsmobile and Cadillac automobile dealers, located at the corner of East 8th St. and Highway 51, are building a new addition to their building, which will serve as a paint and body shop and an additional wash rack. They also plan to move their grease rack from inside of the building to the new addition, to make more room for display of their cars.

Construction of the new addition is of concrete blocks and composition roof, and workmen are waiting on the doors to complete the building.

A very feature of the new addition will be a front hoist lift for washing cars, which will be installed.

The Jones Motor & Tractor Company also plan to asphalt their entire used car lot.

### City Electric Now In New Building At 219 XIT Drive

The new building, which has been under construction for some time by Ned Fairbairn to house the City Electric, is completed; the lights have been installed this week, and this concern is now open for business and ready to serve with all phases of electric work at their new location, 219 XIT Drive, across from rear of Piggy-Wiggly.

Mr. Fairbairn has been in the electric business here for some time, and his volume has so increased as to make it necessary to maintain a downtown location.

Ed Sevier is in charge of the office and sales at the new location.

Also connected with the City Electric are Jimmie Williams and Paul McCallister, electricians.

### Store Only Sound Cotton Seed

Farmers and seed breeders are cautioned to check their freshly-ginned cotton seed closely for damaged seed before storing. Only sound seed with a moisture content of less than 12 per cent are suitable for storing, unless sufficient facilities are available for drying and cooling the seed.

This warning comes as the result of an experiment conducted at the Texas Planting Seed Association plant in Bryan by H. F. Miller, assistant professor of agricultural engineering, Texas A. & M. College, and L. E. Ellwood, manager of the Texas Planting Seed Association.

The results of the experiment show that no heating or decrease in germination percentage occurred during five months of storage in one bin which was filled with cotton seed containing eight to ten per cent moisture and two bins which contained seed with an average of 11 per cent moisture content.

Definite signs of heating occurred in another bin which was filled with cotton seed containing 10 to 12 per cent moisture, but the seed were kept from deteriorating and the germination percentage was preserved by drawing air through the seed at weekly intervals.

Three other bins were filled with somewhat unsound seed which contained 14 per cent moisture. The seed had an average germination test of 40 per cent when stored, but this dropped to zero after four and one-half months of storage.

Miller and Ellwood warn farmers and seed breeders against storing cotton seed which has received field damage, even when sufficient facilities for drying and cooling the seed are available.

### SUNDOWN WINS 18-2 VICTORY OVER FARWELL STEERS

Sundown's Roughnecks Friday night rolled up their first victory of the 1950 season with an 18-2 win over the Farwell Steers.

The non-conference tilt was played in front of a crowd estimated at 1,000 persons.

The Sundown eleven began its scoring fairly early in the first quarter, with a pass from Quarterback Troy King to Right End Bill Waygood for eight yards. The touchdown was set up by an interception on Farwell's 45 yard line.

### Dedication Services for New St. Martin's Luther Church Oct. 29

Rev. Carl N. Roth, president of the Texas District of the American Lutheran Church, will officiate at the dedication services of the new St. Martin Lutheran Church on Oct. 29, according to Rev. Carl Schulte, pastor of the church.

Dedication services have been set for 10:30 a. m. Another program is planned for that afternoon at 3 o'clock.

Rev. Felix T. Sager of Rockdale, a former pastor of the church, will also speak.

A few well-chosen pieces of recreation equipment will increase the pleasure provided by beautiful home grounds.

A loose fitting jacket aids in disguising the bulk of a large man and hides the slimness of a man who is too thin.

Winter legumes should be planted in most sections of the state as soon as possible or when moisture conditions are favorable.

## FAMILY REUNION ENJOYED AT HOME OF MRS. N. S. YOUNG

A family reunion was held at the home of Mrs. N. S. Young of Spade Sunday, September 17. The Young family have been residents of Spade for 22 years.

Sixty-nine people enjoyed a chicken dinner and a watermelon feast in the afternoon.

All members of the Young family were present for the first time, with the exception of a son.

Those present to enjoy the occasion were: Mr. and Mrs. R. Young and family; Mr. and Mrs. Noah Young and family; Mr. and Mrs. Joe Young and family; Mr. and Mrs. W. F. Young and family; Mr. and Mrs. J. L. Stowers and family; Mr. and Mrs. Clark Carter and family; Mr. and Mrs. Raymond Melton and family; Mr. and Mrs. Lee Capps and family; Mr. and Mrs. Harvey Young and family; Mr. and Mrs. Billie Young and family; Mr. and Mrs. Ward Parker and daughter; Mr. and Mrs. N. E. Stowers and family; Mr. and Mrs. Roy Stowers and family; Mr. Boyce Stowers; Mrs. Bill Cardwell, and Mr. and Mrs. Tate Graham, Billie and Loyd.

Mr. and Mrs. Roy Stowers and family and Boyce Stowers were from California and Mrs. Cardwell, who is Mrs. Young's sister, was from Wetumka, Okla., and Mr. and Mrs. Tate Graham and family were from Weleethka, Okla.

### Officers Elected By Wesley Fellowship Class

Wesley Fellowship Class of the Methodist Church elected officers recently to take effect October 1.

Officers named were: President, Marshall Howard; Vice-President, C. A. Miller; Secretary-Treasurer, Mrs. Dick Carl; Teacher, H. O. Bigham; Assistant Teacher, Mrs. Elton Hank; Reporter, Miss Louise Chisholm.

Mrs. Alma Kincaid, 2125 East Adelaide, St. Louis, Missouri, who was suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin, has turned into a regular clock-watcher since she has been taking HADACOL. Yes, she keeps her eye on the clock all day long, just waiting for breakfast, dinner and supper time. Imagine how unbearable life can be without enjoying good, wholesome food.

Here is Mrs. Kincaid's statement: "I have been taking HADACOL for over a year. Before taking HADACOL I had stomach distress for quite sometime. Imagine how awfully hard it is to live a normal life when you can't eat such delicious things as tomatoes, oranges, grapefruit, etc., or drink milk without getting horrible cramps and upsetting your stomach. One day I took my husband's advice and got some HADACOL. A good friend of his told him of the fine results he had gotten from HADACOL. And now, since I have been taking HADACOL I can eat anything I want and really enjoy it. I have a wonderful appetite, too—thanks to HADACOL. Naturally I recommend HADACOL to all my friends."

Yes, HADACOL is Truly Wonderful

in the way it has helped countless thousands of folks whose systems were deficient in Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin. HADACOL can help you, too, if you will just give HADACOL a chance. If you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from such deficiencies.

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

### Mrs. V. S. Stagner Hostess to Amherst Perry Club Thursday

Mrs. V. S. Stagner was hostess to the Amherst Perry H. D. Club Thursday morning, Sept. 14.

Mrs. Stagner and Mrs. Walter Brantley gave a demonstration on Master Mix after which a lunch was served to the following:

Mesdames E. L. Yarbrough, Lloyd Neely, J. H. Bradley, J. H. Cox, R. H. Briley, H. Akin, E. Parks, Jack Brooke, J. P. Brantley and the hostess.

The next meeting will be held Oct. 12 in the home of Mrs. Akin.

### Miss Evelyn Swan And Orval Denson Married Sunday

Miss Evelyn Swan, daughter of Mr. and Mrs. P. L. Swan of Anton, and Orval Denson, son of Mr. and Mrs. Howard Denson of Anton, were married in a ceremony at 9 o'clock Sunday morning, Sept. 10 in the home of the bride's parents.

Rev. Russell McNally performed a double ring ceremony before a background of ferns and baskets of white gladioli and tube-roses.

Mrs. Rudolph Shockley played traditional wedding music and accompanied Miss Sue Easter as she sang "I Love You Truly."

Patsy Ann Swan, sister of the bride, lighted candles. Maid of honor, Miss Martha Wray Hobgood, was gowned in an avocado green satin ballerina-length dress and carried a colonial bouquet of pink roses.

Given in marriage by her father, the bride wore a gown of white satin and chantilly type lace fashioned with a fitted lace bodice and full ballerina skirt. A fitted white satin jacket with Peter Pan collar outlined in seed pearls was worn over the bodice. Her finger tip veil of silk illusion fell from a beaded pearl tiara. She carried a white Bible topped with blue-hearts white orchids and white satin streamers.

Following the ceremony, a reception was held at the bride's home. The table was laid with a lace cloth made by the mother of the bridegroom, and was centered with a three-tiered wedding cake. The bride's chosen colors of pink, white, green and silver, were used in decorations.

For a wedding trip to Santa Fe and other points in New Mexico, the bride wore a dusty rose suit with brown accessories and an orchid corsage. The couple will be

TEARS AND KISSES . . . Units of the 40th division, including Los Angeles 160th Infantry regiment, entrain for Camp Cook as some of the girls kiss their boys goodbye. Ralph Wald (left) and Sgt. William Gates kiss their war brides farewell before train leaves Los Angeles. Standing guard are M.P.'s, Cpl. Herbert Cohen and Sgt. Herbert Corfer.

## Baptist General Convention to Open at Fort Worth November 7

There'll be room enough for all when the Baptist General Convention of Texas meets in Fort Worth

at home in Anton after September 17.

Mrs. Denson graduated with honors from Anton High school and attended Sul-Ross college in Alpine, where she was a member of Sigma Rho Chi. The bridegroom is a graduate of Anton High school and served in the armed forces for three years. He is employed by Coffman Grocery company in Anton.

In addition to the hundreds of hotel rooms that will be available, thousands of homes, possibly 5,000, will be thrown open for the messengers (delegates) and visitors.

Sessions of the convention and two auxiliary meetings which will precede the general convention, will be held in the Will Rogers Coliseum and auditorium. The Coliseum will have a seating capacity in excess of 12,000 and there are 3,000 seats in the audi-

## Handbook Furnished By State Valuable

The students of the Littlefield Schools have received their handbooks, which are furnished by the State, the purpose of which is that each student may have before them at all times the rules and regulations of the school and the required work for graduation, football schedules, four year planning sheet, etc.

This book contains the school

calendar, special activities of the school, school hours, constitution of the student council, educational guidance information, requirements for graduation, stresses attendance and punctuality, and fire drills. It also gives a full description of the courses offered and the awards and honors granted.

Livestock premiums for the 1950 State Fair of Texas, Oct. 7-22 total \$72,859, largest in the history of the State Fair.

Work on the programs for the Woman's Missionary Union and Brotherhood, which meet Nov. 6-7, is progressing and plans for the general convention which will open the night of Nov. 7 will be completed soon.

Dr. R. G. Lee, Memphis, Tenn., president of the Southern Baptist Convention, will be the opening night speaker. Billy Graham, widely-known evangelist, is also a con-

vention speaker.

Congressman Brooks Hays, Little Rock, Ark., vice-president of the Southern Baptist Convention, will be the main speaker at the opening session of the men's Brotherhood.

Dr. Samuel E. Maddox, Richmond, Va., will speak for the women's convention. Maddox is personnel secretary for the Southern Baptist Foreign Mission Board.

# FARM NEWS

## INCREASE FALL EGG PRODUCTION, SAYS SPECIALIST

It can increase their egg production and ease the high prices of the year by simple electric light. In production, a hen 14 hours of light a day, J. Moore, associate chairman for the Texas College Extension explains that the electric light should be used to artificial the hen's laying day. In the middle of September should be used until Moore cautions that the results, even if they are used, although which the birds may not egg production printer, but the effect. And it makes no difference morning or evening are used, although

Newly elected officers of Better Texas Pastures, Incorporated, receive files of the organization from Governor Allan Shivers, far right, who recently proclaimed a pasture decade for Texas and appointed a state wide pasture committee which formed the new organization. The officers are, left to right, E. L. Boston of Angleton, Treasurer; Dr. Bruce McMillan of Overton, Secretary; Tommie Brooks of Camp San Saba, Vice-Chairman; Clyde W. Voyles of Austin, Chairman; and Governor Shivers. Purpose of the newly organized group is to assist all agricultural efforts in improving Texas pastures.

## Texas Pasture Improvement Program To Get Underway; \$50,000 Raised

A ten-year pasture improvement program backed by Governor Allan Shivers was organized in Austin September 7 at a meeting of the Texas Pasture Improvement Committee. Called to Austin by the Governor, the committee voted to organize Better Texas Pastures, Inc., and raised an initial \$50,000 for organization, and named Claude W. Voyles of Austin and a Blanco County ranchman chairman.

The idea, which originated with a resolution passed by the agricultural committee of the Houston Chamber of Commerce early this year requesting the Governor to declare a pasture improvement decade from 1950 to 1960, is now to organize each of Texas 254 counties in a close-knit research and better-pasture-practices program in cooperation with already established agencies.

Other officers named were Tommy Brooks of Camp San Saba, Vice-Chairman; Dr. Bruce McMillan of Overton, Secretary; and E. L. Boston of Angleton, Treasurer.

The group will appoint a full-time executive secretary. W. O. Cox, manager of the agriculture department of the Houston Chamber of Commerce, is acting as temporary secretary.

It is contemplated that the organization when in full swing will operate under a much larger budget than that initially adopted. Leading farmers and ranchmen from practically every part of the state attended the organizational meeting and declared that they were behind the program.

Bob Kleberg of the famed King Ranch urged the organization to place emphasis on research to provide better pastures in Texas' widely-varied climate. He and other speakers noted advanced that were being made in other Southern states and pointed out that Texas should lead in the livestock industry with its pasture development.

Hal Peterson of Kerrville pointed out that the group should work closely with the farm youth organizations of the state.

Ralph Johnston, president of the Houston Farm and Ranch Club, provide an ideal way for the busi-

said that the organization would need men of the state to cooperate with the farmers and ranchmen.

The organization provides three types of memberships. Dues for the individual will be \$10, \$25 for businesses, and an open contributing membership.

Better Texas Pastures, Inc., will have a state committee made up of five members from each of the district committees made up of three members from each county, and county committees elected by the membership.

An outline of the full program will be announced soon.

## Legumes Fine Soil Building Crops

Legumes are fine soil building crops if they are properly inoculated and fertilized. Most fields should be planted to a legume crop at least once every three years to improve the soil fertility and to make crop production more profitable.

For legumes to be effective in building up soil fertility, it is necessary that the seed be inoculated with the right kind of inoculant, says E. A. Miller, agronomist for the Texas A. & M. College Extension Service. The label on the inoculant container indicates the kinds of legume seed on which the inoculant may be used. The inoculation provides bacteria which live in the nodules on the leguminous plant roots and makes possible their utilization of nitrogen from the air.

Miller says that inoculated legumes may well be called nitrogen factories. Other crops such as cotton, corn and grain sorghums cannot utilize nitrogen from the air. They have to get it from the soil and, therefore, are soil depleting crops. To make sure that the plants will have plenty of nodules, many farmers now use a double dose of the inoculant.

The other important step in

growing legumes, Miller emphasizes, is fertilizing properly. Good legume fertilizers for the depleted sandy and sandy loam soils in the eastern half of Texas are 3-12-12, 4-12-8, 5-10-5 and 4-12-4 applied at the rate of 300 to 400 pounds per acre. He says that 0-14-7 and 0-12-12 are suitable for use on the newer or better soils.

On the blackland soils in the Gulf Coast Prairie, 200 pounds of 20 per cent superphosphate is suitable, but 0-14-7 and 4-12-8 are better for use on the sandy and sandy loam soils of this region.

In the blackland region of north, central, and south Texas and the Grand Prairie region, 200 pounds of 20 per cent superphosphate per acre is recommended for the black-

land 200 pounds of 4-12-4 or 0-14-7 for the sandy loam soils in the area. The application of 200 pounds of 20 per cent superphosphate per acre on the better soils of the West Cross Timbers and Rolling Plains areas and the same amount of 0-14-7 on old sandy crop land in those areas is recommended. Either 100 pounds of 11-48-0 or 200 to 300 pounds of 20 per cent superphosphate per acre are suitable for fertilizing legumes growing under irrigation on the High Plains. Miller recommends using 200 pounds of 20 per cent superphos-

phate on the heavy soils of the Rio Grande Plain and 200 pounds of 4-12-4 on the sandy soils. In the Lower Rio Grande, Winter Garden, Edwards Plateau, Pecos, and El Paso irrigated valleys, Miller advises using 400 to 600 pounds of 20 per cent superphosphate on legumes. He says your local county agricultural agent will be glad to give you the latest information on growing legume crops and suggests that you visit him soon. Cake-baking and hat-making contests will be special attractions for the ladies at the 1950 State Fair of Texas, Oct. 7-22.

### Beautiful Home Grounds Call For Nice Recreation Equipment

A few well-chosen pieces of recreation equipment will increase the pleasure provided by beautiful home grounds, and when people enjoy their home more, they are interested in making it more attractive and keeping it that way, says Sadie Hatfield, extension specialist in homestead improvement of Texas A. & M. College.

Recreation equipment need not be expensive. Much of it can be made at home from scrap lumber, brick, or native stone. More elaborate equipment can be purchased but this eliminates the fun of making it.

Home ground equipment is useful for entertaining Sunday School classes and 4-H Clubs as well as other visitors, and Miss Hatfield says that suitable equipment can be arranged, no matter what age the children are. She points out that sand piles and swings are fine for small children. Sometimes little equipment is needed; children can use their imagination upon rough boards or scrap lumber, stones, and other objects.

For teen-agers, Miss Hatfield recommends the use of games of skill such as tossing bean bags at a bean bag board. And if a bean bag board is not available, a wooden box may be substituted and stones tossed into it. Sometimes an old tire is hung up and the object of the game is to see how many stones or sticks can be tossed through it.

A picnic or barbecue area will probably be of more interest to older children who enjoy doing some outdoor cooking and entertaining. Chairs and tables should be included in the lawn furniture. Children as well as older people enjoy pitching horse shoes and silver dollars—large metal washers are often substituted for the silver dollars.

Miss Hatfield says that using recreation equipment around the home grounds is a good method of getting the men and boys in the family interested in helping to plant shrubs and trees, to mow the lawn, and to prune trees and keep them in good order.

The wear and tear on the lawn which might be caused by the constant trampling of the grass can be avoided to some extent by using games that can be moved from place to place. Miss Hatfield says that in her opinion, a lawn worn by playing feet is more beautiful than one that looks as if it has never been walked upon.

Extension service bulletin B-132, which you can obtain from your local county extension agents, deals with the construction of barbecue pits, and contains drawings of chairs, picnic tables and trays for outdoor use. Our local home demonstration agent's office also has information on books and bulletins which might be useful to you in developing a home recreation area.

### INFORMATION FOR VETERANS

Q—My husband was killed in action during World War II, and I have just remarried. Am I eligible for a GI home loan under the new law that allows widows to obtain such loans?

A—No. A condition of the law is that you must not have remarried following your husband's death.

Q—My son and I have been drawing death compensation pay from VA as I am a widow of a World War II veteran. I have arranged for my son to live for a while with his grandmother. Will his payments continue?

A—Yes. Payments may be made to the person who has custody of your child.

Q—Is it possible to pay National Service Insurance premiums from my disability compensation pay?

A—Yes. Authorization for premium deductions from your compensation pay must be made in writing over your signature—preferably on a VA form which you can obtain at any VA office. Send the application to the VA district office to which you now pay your premiums.

Q—I am a disabled veteran in training under Public Law 16. May I get hospitalization from VA for an ailment not related to my service-connected disability?

A—Yes. You are entitled to treatment medically determined necessary to prevent interruption of your training—regardless of its relation to your former military service.

Clean kitchen range not only looks better, but it also cooks better than one that is allowed to gather grease, spilled food, dust or rust.

A high percentage of the pasture grasses that are planted in Texas at the present time are species that have been introduced or brought into the state.

### State Fair to Be Held Oct. 7-22

It won't be long now. The gates will swing open soon on the biggest and most spectacular exposition ever produced by any state fair anywhere, anytime. The 1950 State Fair of Texas, Oct. 7-22.

All exhibit buildings on the 187-acre, \$35,000,000 showgrounds have been newly painted and being assembled inside are hundreds of thrilling new displays—a galaxy of exhibits the likes of which have never been seen at a State Fair before.

The fantastic new double ferris wheel thrill ride—the 90-foot-high Sky Wheels—was due to arrive some time during the week. It will be set up at the main entrance to the Midway amusement area.

Carnival attractions and side-shows—led by Sally Rand, famous fan and bubble dancer—will arrive next week.

Concessionaires are busy laying in supplies to feed hungry Fairgoers—who are expected to consume 140 boxes of fried chicken, 200,000 candied apples, two carloads of potatoes (500 sacks to candy, 2,225,000 hamburgers and hot dogs, 1,500,000 sacks of popcorn, 2,000,000 snow cones, 10,000,000 bottled drinks and 50,000 gallons of ice cream.

Entries in the Mid-Century Livestock Exposition already total 3,851 with stacks of them still to be tabulated. This figure is 689 over the total for the 1949 State Fair.

A breakdown shows 530 head of cattle entered in the 1950 beef show, more than 400 head in the All-American Jersey Show alone, 197 entries in the Holstein-Friesian, Guernsey and Milking Short-horn shows, 364 head in the sheep and Angora goat shows, 668 in the swine shows, 1,667 head in the Junior Livestock Show. Horse show entries have not yet been counted.

In the Museum of Fine Arts, Health Museum, Museum of Natural History, Aquarium and Hall of State, special exhibits are being set up. One of the world's largest and most famous paintings—"Washington Crossing the Delaware"—has arrived at the Museum of Fine Arts and is being carefully uncrated for display at the Mid-Century Exposition.

### About People You Know

Gene Pratt underwent his physical examination recently, and will leave October 4th for induction into the army.

Mr. and Mrs. Jerry Quigley, Mr. and Mrs. Bill Ross, Mr. and Mrs. James Ray and Mr. and Mrs. M. L. Harlan all attended the fair at Amarillo Tuesday of last week.

Mr. and Mrs. Lawrence Nickels returned home Saturday night from their honeymoon, which they spent in California. They had been gone three weeks.

Guests in the home of Mr. and Mrs. Oscar Wilemon Wednesday and Thursday last were Miss Bill McMullen of San Angelo and Mrs. Lewis Hershey of Big Lake, Texas.

A. G. Rogers, Maytag dealer, was ill all last week and confined to his home with stomach trouble.

Mrs. J. T. Wynn of Long Beach, Calif., formerly of Littlefield and mother of Mrs. Phil Adkins, suffered her third heart attack recently, according to a message received by Mrs. Adkins last week.

However, her daughter received another message Friday to the effect that she was better.

Paul Keele, registered pharmacist of Lubbock, is now connected with Walters Drug in Littlefield. Mr. Keele is reported to have graduated with the highest honors from the University of Texas School of Pharmacy last year.

Mrs. C. B. Kenney of Whitharral, who was admitted September 15 for medical treatment, is somewhat improved. Her husband is postmaster at Whitharral.

Mr. and Mrs. Nelson of Shamrock, parents of Mrs. R. L. Drake, returned to their home Sunday after spending a week here, visiting the sick bed of their daughter, Mrs. Drake and Mr. Drake.

Misses Nancy Nichols and Jerry Barlett, students of West Texas State College at Canyon, spent the week end with their parents here.

Mr. and Mrs. Emil Drost and Mr. and Mrs. Louis Vivryal of Oakland, Calif., visited in the Ernest Sell home the past week. These visitors are old friends of Mrs. Sell.

Mrs. H. B. Hill is reported ill at her home here.

Donnie Timian, Stephen Brock, Charles Askew and Bill Curran, students of McMurray College, spent the past week end in Little-

### J. J. Hobgood No. 1 Wildcat Swabs Clear Fork Perforations

Humble Oil & Refining Company No. 1 J. J. Hobgood and others, wildcat in north Hockley county, six miles west of Anton and eight miles northeast of the Yellowhouse field, is swabbing through perforations at 6,655-75 feet in the Clear Fork.

A swabbing run made at 6,745-70 feet did not recover any oil. No gauge has been reported on the present swabbing test.

Operator drilled the No. 1 Hobgood to total depth of 10,179 feet in the Mississippian and found no signs of commercial production at that depth.

All possibilities of production from total depth back up the hole to its present plugged back depth have been eliminated.

On a drillstem test, while this project was being drilled, at 6,670 to 6,700 feet with tool open three hours, recovery was 2,000 feet of oil-cut mud, 1,660 feet of muddy oil and 420 feet of salt water. Gas came to the surface in three hours.

Three previous tests from the Clear Fork between 6,570 and 6,670 feet also had developed both oil and gas.

Location of the No. 1 Hobgood is 660 feet from south and west lines of labor 10, league 693, State Capitol lands survey.

### Last Rites—

(Continued from Page One) of the City Sanitation Department, who was fatally injured the Wednesday previous under the wheels of a city garbage truck at Bull Lake.

Taylor, employed as a worker on one of the city's two garbage trucks, was rushed to the Payne-Shotwell Hospital, following the accident, but was dead on arrival.

Taylor in some inexplicable manner had fallen under the wheels of a moving garbage truck, and his head was badly crushed, and one of his legs broken.

Burial, in charge of Hammons Funeral Home, took place in the Littlefield cemetery.

Pallbearers were: N. R. SMs, Mitchell Herrell, Arthur Herrell, Ed Tischler, Lloyd Henry and Dunk Williams.

Survivors include his wife, and four children, Alvin Ray, 17, Bobbie, 15, Elmo, 13 and Connie 15 months; his mother, Mrs. W. O. Wood and a brother, A. J. Taylor of Littlefield; and three sisters, Mrs. E. L. Steele of Dublin, Mrs. Roscoe Fair of Littlefield, and Mrs. Minnie Russell of Abernathy.

last week to attend the fair at Amarillo.

Mrs. W. E. Bass left for Amarillo to visit her sister, Mrs. Ruth Garrett, who is very ill in a hospital there.

Glynell McCary, who for the past several months, has been making his home with his sister and bro-

ther-in-law at Albuquerque, N. M., and attending the university, is reported to have been ill with a throat ailment, and is now at home here with his parents, Mr. and Mrs. Sherman McCary. Glynell has been going to school and working part time.

Bank of Sudan has been a patient of the Payne-Shotwell Hospital, suffering from a back ailment.

Mr. and Mrs. James Allan and daughter, Betty, and Miss Dewey Dale and Cathy and Cynthia of Long Beach, Calif., spent a week end with Mrs. Marye Sales, Mrs. Allan is a sister of Mrs. Sales.

Mrs. Allan left early for McGregor to visit her relatives.

Jiggs Nichols of Sallis, leased from the Payne-Shotwell Hospital Tuesday much to his relief. He had been suffering from

## Don't Be Satisfied With Symptomatic Relief!

# HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

### Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition

When due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio, "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great "builder-upper" for sick, nervous, puny kids whose systems lack precious Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio, "I used to suffer great pain from neuritis aches in all parts of my body, especially in my arms and shoulders. I got any real relief until I took HADACOL. After taking several bottles, my pain is gone. And I'm working every day." (Now there's a man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands of thousands of grateful men and women troubled by such deficiencies. Why don't you give HADACOL a chance to help you? Start taking it today!)

**IMPORTANT!** Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief—because now it's possible to relieve the cause of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin but also helpful amounts of Calcium, Phosphorus and Manganese—vital elements every human must have to maintain good health. You owe it to yourself to try HADACOL a fair trial. Many doctors recommend this great HADACOL. It's sold on a strict money-back guarantee. Trial size, 30¢. Large family or hospital size, \$3.50.
