They were enroute to Lubbock when the accident occurred.

A few cuts and bruises were the extent of their injuries.

Nearly News

Monday, Irrigation Farmer W. D. T. Storey was giving away coins that looked a lot like the little gold dollars that Americans used to see occasionally before FDR rared back and decreed that they should all be buried in Fort Knox. He was making quite an impression until someone asked him what they were worth and he told them eight tenths of a mill.

They were Mexican pennies. Bill and Mrs. Storey have just returned from a couple of weeks south of the border and he's good for a couple of hours of interesting tales, covering everything from a visit with Cactus Jack Garner on the way down to a stay in the home of a wealthy Mexican family who had 22 telephones in their home. Of course, he recites some of the perils, too, such as trying to keep up with a yankee doctor who said his life expectancy was nil and trying to keep from drinking in a country where most of the English speaking people were doing nothing else.

Driving to Levelland Tuesday with the retired postmaster and Albert Miller, couldn't help but be impressed with the number of new irrigation wells south of town. Hope they enable some of those hungry guys who haven't made a real crop in four years to get back in the game.

And speaking of irrigation, one of the county's important farm leaders is strong against the water control bill now up before the legislature. He insists it is designed to protect the huge users of water at the expense of the small users.

Purpose of our trip to Levelland was to make up the Rotary meeting we'd missed the week before. When we got there they were asking what happened to Udo Strassilla, our German student, who was scheduled for the program that day. A phone call disclosed that he would be unable to make it so they called on the superintendent of schools at Whiteface, to make an impromptu speech. He did it and it was a rouser.

Now the supt. at Whiteface is Noah Cunningham, and he's a son-in-law of C. O. Griffin, and it doesn't prove anything except that it's pretty hard for that Levelland bunch to get on a good program without getting Littlefield folks involved in it.

Pete says those guys who fought "taxation without representation" didn't know when they were well off. They ought to see it with representation.

The Allen Hilbuns made an overnight visit Tuesday with his mother, Mrs. J. M. Hilbun, in Roby.

Shades of Rube Goldberg. Sliding Floor Concealing Liquor Cache Found Saturday

A mechanical contrivance that would tax the inventive genius of Rube Goldberg was discovered as the means of a local bootlegger plying his trade here Saturday afternoon.

Uncovered by Liquor Control Board officers and county lawmen, a small cache of whiskey, wine, beer and gin was so cunningly concealed it defied the best efforts of the investigators for more than an hour.

The liquor was cached beneath a sliding floor, actuated by concealed motors and switches in the spacious home of a Littlefield resident.

Investigators said the liquor was uncovered after the bootlegger obligingly turned the gas jet on a small stove in the room. When he did, a section of the hardwood floor silently and smoothly slid back revealing a scooped out area about six feet square and four feet deep beneath the floor. A touch of the gas jet sent the floor sliding back into place.

Officers reiterated the statement that illegal sale of liquor must have a high profit margin because the device uncovered Saturday undoubtedly cost a pretty penny to contrive.

The purveyor of the spirits was somewhat dispirited after being charged with the illegal possession of liquor for sale. He was released after making bond.

Although the name of the boot-

legger was released to the Press, it is purposely omitted here, pending application for our usual advertising rate card.

Funeral Rites At 2 Today For Mrs. Caraway

Pallbearers are George Tooley, Earl Abbott, Marvin Wagner, Forrest Byrum, Harry Brantley and Charlie White. Honorary pallbearers include Quetin McCarin, Claude Stine, Alfred Schroeder, Bud Thomas, Homer Campbell and Glenwood Edwards.

Parents Hear Explanation Of Plans For Polio Vaccination Of First And Second Graders At Tuesday Meeting

GEORGE WHITE, county chairman of the National Foundation for Infantile Paralysis explains the plans for mass vaccination of 1108 first and second grade students in the county with the new Salk polio vaccine. The meeting was held Tuesday afternoon. White will hold similar meetings at Sulphur March 8 at 3 p.m.; Dunbar school March 8 at 7:30 p.m.; Amherst March 10 at 2 p.m. and Olton March 10 at 3:30 p.m. (Staff Photo)

A group of approximately 150 mothers of first and second grade students in Littlefield primary schools were present at a meeting Tuesday afternoon in the auditorium to hear plans explained for the proposed mass polio vaccination campaign tentatively scheduled for sometime in April of this year.

Fieldton Man Rescued From Blazing Home

R. W. Stanfield, of Fieldton was hospitalized with second degree burns Sunday afternoon in South Plains Hospital at Amherst after his home burned about noon Sunday.

Mr. Stanfield was alone at home, his family having gone to church. Apparently he lighted a cigarette and tossed a still burning match into a wastebasket, which started the blaze.

A passerby rescued Stanfield from the blazing house where he was overcome by smoke. He had recently been a patient in the hospital, and attendants said his weakened condition probably prevented his escaping from the burning building.

George White, Lamb County Chairman for the National Foundation for Infantile Paralysis told the group that all the 1108 first and second grade students in Lamb county schools will be given the three shot series of polio vaccine free. If it is licensed by the federal government.

Pending the licensure, the county chapter is making plans for vaccinating the children. Outlines for the vaccination were explained by White, and including making PTA room mothers responsible for the children in her room and getting volunteers to assist at the time the shots are given.

Although definite plans cannot be made until the vaccine is licensed, White hopes to have all the preliminary plans made by April 1.

A report on the more than a million polio vaccinations given last year is being studied and evaluated now and results of this study are expected to be made public about April 1. If results are favorable, White said, it is probable the government will license the vaccine, and the Polio Foundation will give it to nine million first and second grade students requesting it throughout the U. S. free of charge.

If it is approved, the vaccine will also be available to the public at a charge of probably between \$36 to \$45 per immunization.

Five pharmaceutical firms are working on orders of the vaccine at present in order to insure an adequate supply pending approval of the tests made last year.

White answered a barrage of questions from mothers present although many of the answers to their questions must await the publication of the report on last year's tests.

Parents will be notified when the shots will be given and they will receive instructions in how they may assist in the vaccination at that time, White pointed out.

Sudan Hornets Entered In State Tourney; Play Dickenson Today

CAPT. CHARLES LYNCH IS SHOWN receiving the Regional Trophy from Tournament Director Buzz Warren at Lubbock Saturday night. Looking on is Leon Hill, who was high point man for the Hornets in both their games played Saturday at Texas Tech Gym. They defeated the McCamey Badgers and the Hale Center Owls to earn the right to represent the region at Austin this week end. They play Dickenson today at 3:30 p.m. and if they win, will play the winner of the Plano and Buna game of the Class A Championship. (Staff Photo)

BY JIMMIE CHAPMAN

The Sudan Hornets left Sunday morning for Austin where they will represent West Texas in Class A in the State Tournament that gets underway there today. Coach F. M. Smith and his Hornets earned the right to represent Region I by defeating McCamey and Hale Center in the Regional Tournament at Lubbock Saturday. They are the first team from Lamb County ever to go to the finals in the capitol city.

They take on Dickenson this afternoon at 3:30 p.m. and if they win, they will take on the winner of the Plano-Buna game for the championship Saturday afternoon.

Sudan has been installed as favorites and carries an impressive record of 39 wins and five losses into the tournament. Players making the trip to Austin were Charles Lynch, Bill Wiseman, Benny Arnold, Marvin Ballard, Leon Hill, Dewayne Allen, Jim Baccus, Don Dykes, Dick Hanna and T. P. Wingo.

Leon Hill was named to the second Class A All-State team Tuesday and Charles Lynch was placed on the third team.

Other teams from the area in the meet will be Seminole, representing the district Littlefield ended in second place in, 6-AA; Bovina in Class B and the Plainview Bulldogs of Class AAA.

Plainview are favored in AAA but both Seminole and Bovina are not considered to have much of a chance at their titles. Avoca in Class B and Atlanta is AA are the ones to watch.

Band Concert For Winter Season Friday

The winter band concert of three Littlefield school bands will be presented in the High school auditorium Friday night at 7:30.

A varied program of music has been planned for the concert, with the intermediate, junior high, and senior bands each presenting a portion of the concert.

School Board To Be Honored At Special Meeting Tuesday Night In School Auditorium

A special program honoring all living, present and former members of the Littlefield Independent School Board will be held in the High school auditorium Tuesday night at 8 p.m. in connection with the observance of public schools week.

Superintendent Ralph Schilling announced early this week that Jack Christian, present president of the school board will be master of ceremonies and will be in charge of the honors. All members have been extended an invitation by mail to be guests of honor at the program.

The Littlefield Independent School District was created by an act of the 36th legislature and came into being in June, 1920. Prior to that time the school district was a common district.

The late Arthur Ducean, Sr., was the first president of the board, followed by J. W. James, who served as second as well as fourth president. J. E. Brannen was third president and Lon H. Smith, of Littlefield was fifth man to hold the office. Ben Lyman, Roy Hutson, Wm. N. Orr

Will Plan Trip For Show Winners At Meeting Today

A committee meeting will be held at the Chamber of Commerce office in Littlefield Thursday at 4 p.m. to plan the educational trip for winners in the Lamb County Junior livestock show which will be held March 11 and 12.

Entries in the show will be received until 10 p.m. March 11, and no animal will be accepted after that time, according to Skipper Smith, chairman of the show.

Seniors Present 'Smilin Through'

A three act comedy drama classic of the theatre will be presented by the Littlefield senior class March 14 at 8 p.m. in the High school auditorium.

The play is Allen Martin's classic "Smilin' Through," and will be remembered as one of the outstanding love stories of the modern theatre.

Guests of the Joe Macha family on Sunday were Mr. and Mrs. R. W. Brecken of Portales, New Mexico.

Incumbents File For City Posts Wed.

A second slate of candidates for Littlefield city commission posts was filed at 11 a.m. Wednesday at city hall.

Incumbent Mayor Les Hewitt and Commissioners Pat Boone, Jr., and Nelson Naylor filed their candidacies with City Secretary W. G. Street.

Ray Keeling, Jim Mangum and Jim Crump filed for Mayor and Commissioner posts respectively on February 16.

Deadline for filing candidacies is midnight March 5, according to the city secretary.

Portales Guests

Mr. and Mrs. R. A. Jilek and family, of Portales, were guests in the H. J. Miller home on Sunday, helping Miller and his son Glen celebrate their birthdays.

Also guests in the Miller home were his sister, Mrs. Rose Dolle and children of Portales.

The Weather

No precipitation was measured in the Littlefield rain gauges during the entire month of February. Precipitation for the year so far measures 62 of an inch.

The high temperature for the Sunday-Wednesday period was 79 degrees Tuesday, and the lowest temperature recorded for the period was 34 degrees, also on Tuesday. Prospects are for fair and warm Spring-time weather, although, you never can tell!

News of Women

MRS. QUINT FARLEY

This Is Your Ministers Wife

Have you ever wondered how it would seem to be young and marry someone simply because you loved him very much and a few years later find the fact that you were to become a minister's wife?

This is part of the life record of Mrs. Quint Farley, wife of the Parkview Baptist minister. When asked how she felt when her husband announced his decision to give the remainder of his life to the service of the Church, Mrs. Farley replied that she was "very happy, of course." Her husband says he feels sometimes ministers are handicapped because their wife is not willing to surrender to the Christian life and not willing to accept the sacrifices which are encountered, particularly in those first few years. He feels particularly fortunate to have a wife who is a minister's wife and a consecrated life as he is and

one who has cheerfully geared her life to his.

Mrs. Farley, the Lady of the House, was born in Alabama but moved to Fort Worth when only three, and has had most of her southern accent. She was attending Fort Worth schools when she met her husband who was at the time a student at Technological Institute studying the theory of refrigeration and planning to move to the work. They were married at Westminster in 1917.

In August 1930 just before the birth of their second child, Debbie, Rev. Farley made his decision

Mrs. Aldridge Hostess To Tuesday Club

Mrs. W. J. Aldridge was hostess to the Tuesday Club at her home in the Fieldton community.

Members attending were Mrs. J. T. Elms, Mrs. Jack Farr, Mrs. Wm. N. Orr, Mrs. Bob Stewart, Mrs. W. C. Thaxton, Mrs. K. W. Wells, Mrs. J. B. McShan and Mrs. Frank Rogers.

Guests were Mrs. James Gowdy, Mrs. Pat Blume, Mrs. Bob Armstrong and Mrs. Jake Armstrong.

The hostess used a St. Patrick's Day theme in refreshments and table appointments.

Mr. Aldridge is preparing to become a minister. He entered Howard Payne College at Brownwood and completed the four year course in three years, including summer work.

He held two pastorates during the time he was in college and organized a church at McCamey before coming to Littlefield in September, 1954. He had not been called to his present position but feels that there was divine purpose in what appeared to be chance, since he was called within a few weeks to fill the vacancy left by Rev. John Taylor.

With three pre-school children in care for and only one car, Mrs. Farley finds it necessary to remain in the home most of the time. Sharon was six years old on October 18, Debbie was four in September and Michael is now fourteen months old.

She is, however, active in the Women's Missionary Society and leader of Intermediate Girl's Auxiliary. Members of the congregation say of her that she is particularly kind in welcoming newcomers to the services and good at visiting among the members. During her spare (7) time, she paints figures to be used in ethnograph stores, which she lends to children's groups and occasionally to the W.M.U. She adds to her stock of characters as time permits.

Although she studied piano when a girl, Mrs. Farley does not feel she could play for an audience now, but says when time and money permit lessons, she will study again so that she can accompany group singing when needed. She is an avid reader and has a better than average knowledge of the classics and, most important of all, has a deep desire for more and more knowledge.

The Parkview church, started as a mission of First Baptist Church only four short years ago is a fast growing congregation. Twenty six new members have been added in the past four weeks six of them at the close of a revival and the other, since then.

The Brotherhood holds regular monthly meetings. W.M.U. meets each Monday afternoon at 4:00 and they also have a business women's Circle which meets on Monday evening at 7:30 p.m.

In talking with Mrs. Farley, one has the feeling that she is a young woman who has set her goals and is working toward them. In the meantime, she is putting first things first and rearing her family, knowing that within a few short years she will have more time to devote to the real purpose of her life, assisting in the ministry of her husband's charges.

Mrs. Click, daughter of William and Luey Vaughn, was born October 12, 1868 at Fillmore, Indiana. She was married August 5, 1894 and had celebrated her sixtieth anniversary with Mr. Click on August 5, 1954.

Sudan Workshop For Den Mothers Held Monday

A Workshop for Den Mothers of Cub Scouts in the Yellowhouse District was held on Monday at Sudan.

Bill Strain of Levelland, Boy Scout Executive, was in charge of instructions on ceremonies. In his discussion, Strain pointed out the importance of having ceremonies in the den meetings when a boy completes achievements necessary for a new rank.

Dave Stanley, District Advancement Chairman of the Levelland district, instructed the group in leathercraft. He first demonstrated the making of a key case, which was followed by participation of the Den Mothers in making one themselves. Stanley stated the first step in leathercraft is having good tools, that substitutes are not satisfactory.

The Sudan Cub Pack was host for the evening and served box cake and coffee to the group. Attending from Littlefield were Mrs. Merlin Yarbrough, Mrs. Martin Parmer, Mrs. Homer Howard, Mrs. E. C. Caviness, Mrs. Dovie Dean and Mrs. Earl Robinson.

MRS. J. L. GROVE, who was the former Lenora Gray, daughter of Mr. and Mrs. Homer T. Gray, Route 2, Littlefield, before her marriage on February 23. The ceremony was read in Clovis, New Mexico.

Den Mothers Meet For Planning On Saturday

Cub Scout Den Mothers of Pack 41 met Saturday at 2:30 p.m. in the home of Mrs. Merlin Yarbrough to discuss plans for the Blue and Gold Banquet which will be held on March 8. They also discussed ideas and exchanged samples of handcraft for the March Pack meeting which will be held on March 22. The boys will make suits of armor for the Pack meeting.

Refreshments of gingerbread and whipped cream were served with coffee to Mrs. E. C. Caviness, Mrs. Martin Parmer, Mrs. Charles Heathman, Mrs. Bud Vann, Mrs. Dolbert Ross and Mrs. Homer Howard.

Whitharral Jrs. Advertise Play On TV Thursday

The cast of characters of the Junior Play, "Beans For Breakfast," went to Lubbock Thursday and appeared on "The Shopping Bag" in KDUB-TV advertising their play which was given here Friday night.

The group sponsored by Mrs. Harold White and R. L. Taylor were as follows: Patsy Shedd, Genda Maner, Linda Martin, Patricia Ligon, Luciel Collins, Elva Jo Terry, Navdine Pair, Lurline Pair, J. L. Dalrymple, Bobby Davis, Melvin Taylor, Durwood Roberts, Charles Deoney, Jimmy Jack Grant, Buddy Gray, Lennie Stephenson with Myrna Jo Teague as announcer.

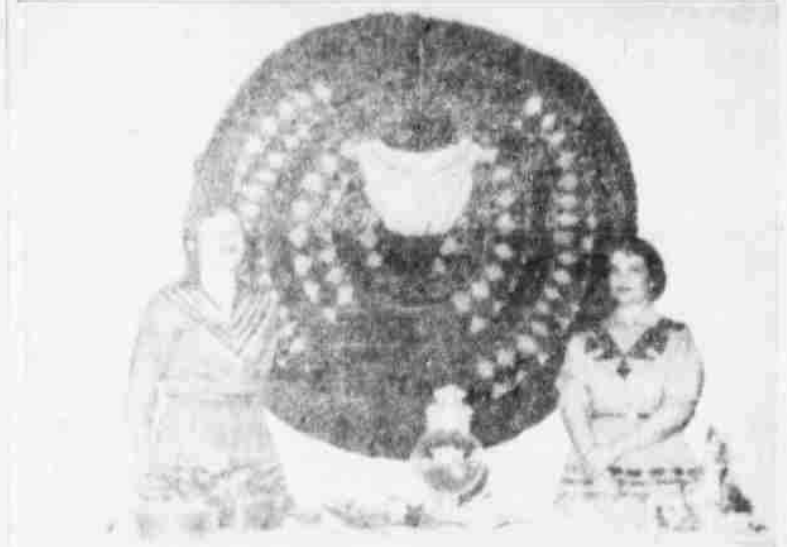

Appearing with the group were Mrs. Doss Maner and Mrs. Bruce Wren, Sr.

The play presented Friday evening to a well-filled house was highly enjoyed and netted the group \$130.

Two Feted At Birthday Dinner

WHITHARRAL—Mr. and Mrs. L. C. Jordan were hosts at a birthday dinner at their home east of town Sunday honoring Mrs. Jordan's mother, Mrs. Ben Pointer and Mr. Jordan's father, Luke Jordan of Hereford.

Present for this happy occasion were Mr. and Mrs. Luke Jordan, Mr. and Mrs. Ben Pointer, Mrs. Ella Darline of May, Okla., Ben Dalling of Missouri, Mrs. Burke Tuman and children of Hereford, Mr. and Mrs. Joe Harbin and children of Mulshoe, Mr. and Mrs. C. E. Throckmorton and children and Norman Dee.

KNOW YOUR TEACHERS

MRS. JOHN DRISKILL

Mrs. John Driskill (Lou) finds teaching the second grade the ideal situation—children are the ideal age. Perhaps she finds this grade and age level ideal because her mother, Mrs. Grace Smith, a first grade teacher, has a hand in rearing the children to "Lou". Mrs. Smith and Mrs. Driskill form the only mother and daughter teaching team in the Littlefield system.

Bright colors in furniture create a cheery atmosphere in Mrs. Driskill's home. She likes to have viv-

id colors dominant in her clothing.

She finds travel an interesting diversion and that the pleasant experiences of it carry over into her classroom work. She does not like hillbilly and western music or surrealist art.

Her husband, John, and her father are associated in implementation business. John was a navy pilot for four years. The Driskills have a four year old daughter.

Lou was born in Abilene, was graduated from Lubbock High school, and attended Texas Tech. She is a member of First Baptist Church and of the Forum.

UNDERGOES SURGERY

Mrs. George Parker returned home recently after being a patient three weeks at Scott-White Clinic in Temple. While there she underwent major surgery.

Mrs. Frank E. Pearson, of Plainview, aunt of Mrs. Parker, has been a guest in the Parker home the past week and Mrs. Joh Parker, sister of Mrs. Parker, arrived on Tuesday to be with her sister.

alope, Mexico's holiest place. They also visited the famous pyramids of the Sun and Moon, built by the Aztecs thousands of years ago.

Friday the group were taken to Taxco, a primitive city about 100 miles from Mexico City which is famous for its silversmiths. They also visited Cuernavaca en route. In the evening they were entertained at Taxco by native dancers and the serenading of marionettes.

Thursday was a full day of sight-seeing, with highlights being the National Palace (where they saw the President of Mexico), the downtown district, the Flower Market, a glass factory, and a visit to the Shrine of Guad-

Sunday morning the party visited the Floating Gardens and that afternoon they had reserved seats at the great drama of Mexico—the bull fight. Sell said the fighters they saw were rated the best in Spain and Mexico.

On Monday a five hour flight from Mexico to Love Field, Dallas, took most of the day. They arrived at about four o'clock and drove from there to Littlefield.

Sell feels that the trip more than repaid him for all the ill luck when his car was wrecked and says he will remember the trip always that Mexico's climate is wonderful but that for a place to live he would still chose "the good ole USA."

He particularly enjoyed the flight down and back since he had never ridden in a plane before. It would be hard to decide, he said, whether he enjoyed that more than the bull fights, though.

Belated Wedding Shower Honors Eugene Millers

A belated wedding shower was given Mr. and Mrs. Eugene Miller on Sunday afternoon, February 27 at the Legion Hut. Hostesses for the occasion were Mrs. Ernest Mills, Mrs. Joe Foltyn, Mrs. O. G. Lunsford, Mrs. Herbert Dolle and Mrs. Maynard Miller.

Guests were registered by Miss Mary Frances Miller, sister to Eugene Miller. Fruit punch was served by Mrs. Mills. Iced individual cakes, mints and nuts were also served. Table appointments were silver and crystal.

About sixty guests were invited.

Mr. and Mrs. Miller were married in England where he has been in the service of his country two years. Their little daughter, Debbie, was also born in England before they returned to their home in December, 1954.

Miller is the son of Mr. and Mrs. H. J. Miller. Mrs. Miller is the former Lois Green of Rogers, Texas, which is located near Temple. They are now living in Lubbock, where Miller is a student at Texas Tech.

West Camp Baptists Host To Workers Conf.

West Camp Baptist Church was host to the West Plain's Association Worker's Conference on Friday, February 25. "The Essentials of a Revival" was the theme for the meeting.

Appearing on program were Joe Dunn of the Parkview church, Littlefield; Rev. Cecil Meadows of Earth, Rev. J. E. Moore of Mulshoe Mission, Rev. Barton of Circle Back.

Rev. Ollie Roberson, of Morton, brought the principal address. Lunch was served by the host church, after which WMU and Executive Board meetings were held.

Girl Scout Meet Held

Plans were made at a meeting on Monday morning at 9:00 a.m. at Community Center to put to use the funds collected in the recent fund drive.

Mrs. Buster Owens, Jr., president of the meeting. A report was heard from the treasurer, Mrs. Earl Rodgers, that a total of \$1283.30 had been collected and is now on hand.

An estimate of the cost of essential needs has been made of \$296.46. Other expenditures planned are concrete steps and sidewalk to the door on the street side, opening a door on the East side which will eventually lead to a terrace there; new doors on the west and south sides of the building; shutters at the windows and stucco overall. Shrubs will be planted this year. Lockers for individual troops, a hot water heater and a small room for

Leader's meetings are also being planned. The floors will be improved so far as funds permit but a permanent covering is not planned at this time. Coat hangers will be installed in the hall.

Plans were made for observance of Girls Scout Week which begins March 6. The girls and their leaders will attend worship services in a group on March 6. A Father-Daughter supper is planned for March 11, with plans to be completed later.

Attending the meeting were Mrs. Clint Penn, Mrs. E. E. Wesley, Mrs. Owens, Mrs. Rodgers, Mrs. Harry Woody, Mrs. Boyd Roberts, Mrs. John Richey, Mrs. Jess Ford, Mrs. Leonard McNeese and Mrs. O. A. Pressley.

OBSERVES BIRTHDAY

Larry Hart, son of Mr. and Mrs. Stacy Hart, was surprised on his seventh birthday, February 24, when his mother brought cakes and ice cream for all the children in Mrs. Grace Smith's first grade room.

Baptist Workers Will Demonstrate Programs Planned

Attending a statewide conference of Training Union workers in El Paso on Friday, March 4 will be Dr. and Mrs. Lee Hemphill, Mr. and Mrs. J. D. Jordan, Mrs. Lenton Smith, Mrs. Ray Hulse, Mrs. Charles Heathman and Mrs. Norman Renfro who are all workers in the training union of First Baptist Church.

Mrs. Hemphill will preside over the Junior Section of the Conference and the Littlefield group will demonstrate all of the programs for the month of May which have been planned by them. This represents a great deal of work on the part of all of the workers and is the second time within a year they have been asked to demonstrate such work.

SECURITY STATE BANK stockholders and guests enjoyed a barbecue dinner at the Littlefield Community Center Tuesday night. More than 100 persons attended the barbecue which was prepared by Fred Foust of Littlefield. (Staff Photo)

Worth Repeating

"We can have better health and a better
 environment, but not by using the methods and
 tools of the totalitarian state. Remember
 that when a little of your liberty goes to
 Washington, it never seems to find its way
 back again."—Rep. John J. Allen, Jr., of
 Florida.

The Odds Are Against Them

Chief Walraven is pretty proud of the
 fact that in more than a dozen years he and
 his force have been carefully patrolling the
 pool area, not a child has been hurt by a
 pool accident. His pride is justified because
 it is quite a record under the congested
 conditions which exist there.

Chances are his record won't last another
 ten years because the growing number
 of cars and children are stacking the
 odds against him. And more and more of
 these cars are being driven by juveniles
 who cannot be expected to fully recognize
 the need for caution.

The next time we start building school
 buildings we need to give a lot of thought
 to the need for decentralizing our plant so
 that children won't have to go so far to
 school and so the traffic will not all be bot-
 tle-necked through one school yard.

HIGHLIGHTS and SIDELIGHTS

By VERN SANFORD
 Texas Press Association

AUSTIN — Insurance bills have lagged.
 Water conservation measures are embroiled
 in dispute. And virtually no start has been
 made on a taxing program in the legislature.
 As a result, lawmakers are eyeing a possi-
 ble special session.

Theoretical date for such a session is May
 1. On that date the legislator's pay for the
 regular session stops.

It has been suggested that Governor Shiv-
 er may have foreseen a bog-down in the reg-
 ular session, and therefore has not pushed
 his administration program. During a special
 session, he would save full control of subject
 matters which may be introduced.

Tax Bill
 Rep. Jerry Sadler of Percilla introduced
 the biggest tax bill of all.

Promising a lot of controversy, the bill
 would levy a one-cent per gallon processing
 tax on all gasoline and distillates produced
 in Texas. It would: Raise an estimated \$160,-
 000,000 a year, repeal the present four-cent
 gas sales tax, and head off the administra-
 tion's two-cent gasoline tax increase.

Sadler said its effect would be to reduce
 the price of gasoline to Texans three cents
 a gallon. Sixty per cent of the gasoline is ex-
 ported, tax-free, he said.

Meantime, Rep. Charles Murphy explained
 he hadn't yet asked for committee hearing
 on the administration's two-cent gas tax
 bill, wanting sentiment to jell.

Some Fared Better
 Passed by the House were bills outlawing
 sale of lewd and depraved comic books;
 permitting women to serve on juries, and
 regulating leasing for uranium and hard met-
 als.

Amendments to the women's jury service
 bill narrowed considerably, the list of those
 who may be called to serve.

Furiously debated, the uranium bill was
 attacked as a "give away." Rep. Walling of
 Wichita Falls added two amendments. One
 will limit each lease to 80 acres to prevent
 one minor development from freezing explora-
 tion on large tracts. Another limits the
 primary term of leases to five years.

Interest was heightened by reports of a
 uranium ore strike in Karnes County.
 Rep. Maury Maverick's bill to prohibit cross

Men or Mice?

Who thinks for you? Do you think through
 a problem, or do you let someone else think
 for you and accept his ideas as your own?
 Do you pay public officials to do your think-
 ing, or do you tell them what you think and
 ask them to act accordingly? Do you believe
 that men lose their ability to learn at some
 given age, and should thereafter leave the
 learning to the young and inexperienced? Do
 you ever wonder what your neighbor thinks
 about some given issue, but feel you should
 not discuss it with him?

The founders of our nation and many
 great men since that time have wondered
 and even worried about these and similar
 questions. They feared tyranny over the
 minds of men more than physical slavery.
 Because of this, our constitution has many
 provisions which were designed to protect the
 right of free men to think for themselves and
 to assemble to discuss any issue with which
 they might be confronted.

It was for this reason that the Ford Founda-
 tion for Adult Education was established.
 The Adult Discussion Program provides
 rich sources of factual materials on which to
 base group discussions. It provides for lead-
 ership training. It provides money grants to
 promote expansion of the discussion tech-
 nique in continuing education for adults. In
 short, it attempts to keep adults alert and
 vitally interested in the continuing develop-
 ment of their community and nation. It stim-
 ulates thinking and the exchange of ideas
 among members of a discussion group. It
 keeps alive the most vital spark of democra-
 tic freedom—individual thinking.

—C. E. WILLIAMS

filing of candidates by two political parties
 won a favorable report to the House.

Also favorably reported was Rep. Tom Joseph's
 bill to bring trust companies under
 the supervision of the State Banking Depart-
 ment.

Not Faring So Well

Stymied in a House committee was a bill
 to increase the filing fee of candidates for
 the Legislature to \$300.

Killed by a Senate committee was Sen.
 Crawford C. Martin's omnibus water con-
 servation bill. It embraced nine subjects car-
 ried in the series of administration bills of-
 fered by Chairman D. B. Hardeman of the
 water resources committee.

Martin warned that unless the Senate re-
 considered and kept his bill alive, all others
 would be subject to being knocked out on a
 constitutional point of order.

Grand Juries Take Over

Meanwhile, three Grand Juries have stepped
 in on the veterans' land investigations.

Bexar County's grand jury was quickest on
 the draw, with two felony indictments. Then
 the DeWitt Co. grand jury at Cuero fired a
 double-barrel broadside of 195 indictments
 against six persons. DeWitt County Attorney
 Wiley Cheatham started the whole land in-
 quiry.

Travis County grand jury, with venue in
 every veterans' land transaction, had piles
 of ammunition and District Attorney Les
 Proctor had his thumb on the hammer.

Grand Juries in 10 other counties have
 had some contact with the question.

Work by the Senate investigating commit-
 tee had dribbled down to a schedule of ses-
 sions only every other Thursday.

In intensive hearings each week end, the
 House committee approached the question
 of administration and operations in the Land
 Office and Veterans Land Board.

Attorney General Shepperd predicted there
 will be "hundreds of indictments" and indi-
 cated more civil suits were in prospect.

Education

UT President Logan Wilson told the legis-
 lative finance and appropriations committee
 the university must have more money, or
 face the problem of halting its growth or
 lowering standards.

Requested, for two years for its main estab-
 lishment, was \$9,700,000. The Governor's
 budget recommendation cut this by \$2,400,000.

University and college students were to
 ather in protest to a bill by Senator Ottis
 Lock. Hearing was set for March 2. The bill
 would authorize a compulsory \$20 per sem-
 ester student activities fee.

Fair and Calmer

Austin's weather bureau has been in a
 tizzy answering the many telephone calls
 from weather-wary Austinites. To calm the
 atmosphere in the tower at Municipal Air-
 port, a mechanical telephone answering de-
 vice has been installed.

Callers now are told, "Your call is being
 answered automatically because the forecaster
 is busy." A complete weather report fol-
 lows.

New Highway Maps

Issued by the Highway Department are
 500,000 state highway maps for 1955, with a
 new and simpler fold.

D. C. Greer, State Highway Engineer,
 pointed out that the old wheeze about need-
 ing another map as a guide for refolding an
 opened travel map, is no longer true.

Dailey Brown At Fort Hood For Army Test

M-Sgt. Dailey Brown, Jr., 24,
 whose father lives on Route 1,
 Olton, is participating in a special
 Army test exercise at Fort
 Hood, Texas.

Purpose of the exercise is to
 test combat command experimen-
 tal formations organized by the

1st Armored Division to adapt to
 the latest concepts of atomic-age
 ground warfare.

Brown, whose wife, Velesta, is
 now living in Killeen, Tex., is a
 field first sergeant with Com-
 pany D of the division's 100th
 Tank Battalion. He has been in
 the Army since 1950.

Through A Glass Darkly

By CARROLL POUNCEY

The silliest statement we have seen in
 print is on a neat little booklet currently
 being sent out by our benevolent govern-
 ment.

The statement says "After reading these
 instructions you should be able to prepare
 your own return", and it's a part of good
 old Form 1040A, laughingly called the "short
 form".

We timidly offer the suggestion that if
 every congressman had to prepare his own
 return, the short form would be really short
 next year.

The Kindly Old Gray Haired Editor is in-
 debted to that happily married man David
 Eaton, Jr., for the following chain letter

"This letter started in the hope of bringing
 relief and happiness to tired husbands. Un-
 like most chain letters, this one does not cost
 any money. Simply send a copy of this let-
 ter to five of your friends who are equally
 tired husbands. Then bundle up your wife
 and ship her by motor freight, or air if you
 prefer, to the man whose name is at the top
 of the list. When your name comes to the top
 of the list you will receive 16,478 women, and
 some of them will be dandies. Don't break
 the chain. One man broke the chain and got
 his own old lady back."

At the time of this writing a friend of mine
 received 365 women. They buried him yes-

terday. But everyone said he had a smile
 of content on his face for the first time in
 years.

Sincerely,
 I. R. Tired."

Engine **KNOCK** signals power-loss...

STOP KNOCK

with **Esso Extra**
 for '55

**STOP MOTOR OIL KNOCK
 WITH HUMBLE UNIFLO**

Humble Esso Extra gasoline for '55 will
 give you the best anti-knock performance
 you've ever had.

But motor oil can also cause knock. Some
 oils form combustion chamber deposits that
 raise compression ratios even higher, increase
 a high compression engine's tendency to knock.
 These deposits also cause pre-ignition ping.

Humble Uniflo motor oil
 does not form knock-causing
 deposits. Thus, in effect it raises
 the anti-knock performance of
 your gasoline.

Uniflo also saves gasoline,
 lengthens battery life, gives you

superior lubrication and cooling.
 You use the same grade the whole
 year around.

When you use both Esso Ex-
 tra gasoline and Uniflo motor oil,
 you're using the best perform-
 ance combination ever.

The entirely new gasoline
 with the highest performance rating
 ever offered Texas motorists.

When your car knocks, you're losing power, burning too
 much gasoline, dirtying your engine. Knock—even ping—is
 more than a noisy inconvenience—it's expensive, too.

But you can stop knock with Humble's Esso Extra for '55.
 This entirely new gasoline has the highest octane rating (anti-
 knock quality) offered Texas motorists.

It's an absolute must for the new high compression 1955
 engines.

And it assures the improved performance of any car, any
 make, any model.

Get the Esso Extra habit! . . . Your car
 will give you performance you never
 dreamed it had!

No. 1 in Texas

Now, more Texans than ever

NEW MERCURY WINS RAVE REVIEWS FROM AMERICA'S TOP AUTO EDITORS

"In my book, the 1955 Mercury Montclair is the best-looking car made in America regardless of price... The '55 Mercurys have nearly everything—looks, top performance and roadability."
TOM McCAHILL
True Magazine's "Automobile Yearbook"

"On looks, (Mercury) is sleek enough to draw whistles... a doozy to drive—quick, smooth, and sure-footed. It is the kind of car you would want as a good companion on a long, fast trip."
FRANK ROWSOME, JR.
Popular Science Monthly

"With its all-new styling and high speed, (the new Mercury Montclair) may become 1955's most popular car... I love its looks, visibility, speed and handling... It's hot as a pistol."
HARVEY B. JANES
Auto Age

"Performance-wise, all three lines (Custom, Monterey, and Montclair) are bombs, triggered by big 292 cubic-inch engines with plenty of torque for spine-tingling pickup when you want it."

Mechanix Illustrated

Mercury Montclair, Monterey, Custom on the test track at Dearborn, Michigan. All 10 models in Mercury's 3 new series are powered by new Super-Torque V-8 engines (198 horsepower in the Montclairs, 188 horsepower in the Monterays and Customs). Dual exhausts are standard equipment on the Montclairs and Monterays. Mercury's pickup and passing power has been boosted in every speed range. Tests show acceleration increases of as much as 30 per cent, and you get far more usable power for safer passing and hill climbing. Get behind the wheel of a new Mercury. Feel the difference yourself.

Luxury and Low Price Have Been Combined In the New Electric **Frigidaire Dryer**

Now, for the first time, luxury and low price have been combined in a great new Frigidaire Electric Dryer. Here from the makers of the famous Porcelain Pair is the low-cost answer to work-free wash days.

"I enjoy my family while I dry my clothes **ELECTRICALLY!**"

says **MRS. PAUL FRANCIS**
909 SOUTH 4TH STREET
ARTESIA, NEW MEXICO

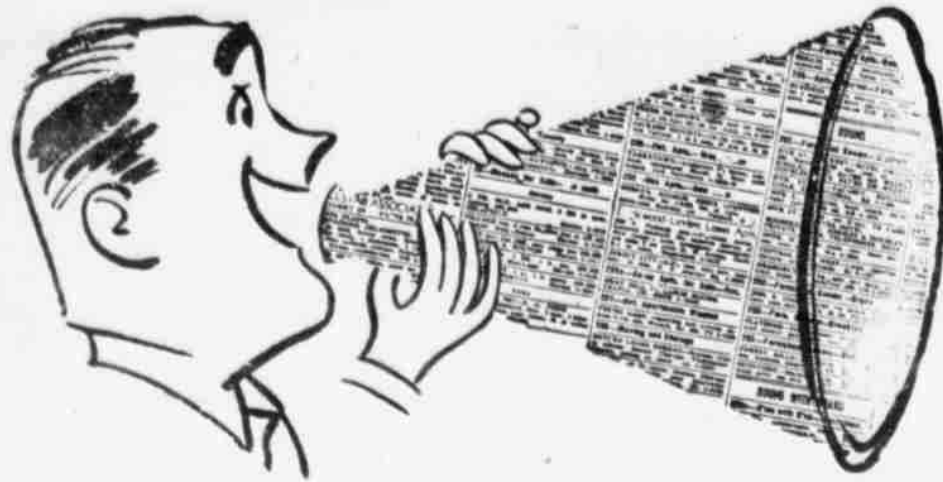

"Time releasing" is the way Mrs. Francis describes her new electric clothes dryer. Time that was once devoted to outdoor drying drudgery is now available for family enjoyment and pleasure.

"I used to hear that you didn't need a dryer with beautiful New Mexico sunshine," Mrs. Francis says. Yes, the sunshine is beautiful in the southwest, but so are the colors in your clothes — if you don't let that beautiful sun fade them, and dry them in an electric clothes dryer.

"I've cut my clothes costs for the children considerably," Mrs. Francis concludes. Here's full-time economy, for your clothes last longer when they are dried electrically, and because they can be worn, in many cases, right after being dried, you don't need so many clothes. Dry clothes the modern way. Of course, it's electric.

National 4-H Club Week Will Be Observed Locally March 5

America's 2,058,144 4-H club members are a hard working group. They carry out practical demonstrations in the home and on the farm involving every phase of homemaking and agriculture. They are proud of their achievements and each spring during National 4-H Club Week give the citizens of the county an opportunity to see and hear them in action.

Their demonstrations and activities are conducted under the guidance of the Agricultural Extension service in cooperation with the USDA and state land-grant colleges. Locally, Austin Haney, the assistant county agent and Hazel Hickman, home demonstration agent are in charge of 4-H club work. Volunteer adults and other members, trained by the local agents, serve as 4-H leaders. Friends of 4-H also play an important role in the program by providing awards and incentives for an even greater achievement.

Because 4-H club work is firmly grounded on worthy principles and is practical, it appeals to young people and gets the backing of adults, says David Eaton, County Agent. The theme for this year's week is "Improving Family and Community Living" and local observances will be based

News From Fieldton

By Mrs. R. A. Reed
FISHING TRIP
 Donald Cowen, Dock Bowman, and Bobbie Short returned last Tuesday from a fishing trip, at Lake Kemp near Seymour. They brought home a nice catch of fish.

Attend Funeral Rites
 Mr. and Mrs. Virgil Roberts were called to Frederick, Okla., last week by the death of Mrs. Roberts father. She left for the home Sunday night and Virgil, Jerry and Mary Lois went down on this theme, says the agent.

The public is invited by 4-H groups to attend local meetings, visit livestock shows or to just drop in on 4-H members for a visit to see them in action. The welcome sign is out, says Eaton.

Tuesday to attend the funeral services.

Mrs. Beulah Robison visited last Tuesday, near Lamesa with her daughter, Mrs. R. T. Eedwell, Jr., and family.

The mother of L. C. Hunt returned home last week after a two months stay with their son and family.

Mrs. Imogene Lute and son, James Qualls, of Covis spent the week end here with her aunt Mrs. R. W. Stanfield and other friends and relatives.

John Muller went to Oklahoma Tuesday while there he will attend to some business and also visited for a while with relatives.

HERE'S HOW New 1955 No-Nox burns clean...

HERE'S WHAT
 New 1955 No-Nox does for engine parts...
 This lamp test shows what a difference Gulf super-refined makes. Gulf refines out the "dirty-burning tail" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

What's more... No gasoline—no, not a single one—has higher octane than...

 This spark plug is from one of the original equipment plugs used in Gulf test fleet cars. Normally, plugs need cleaning or replacement after 5,000 to 10,000 miles. This plug and its mates did not need cleaning or replacement after 15,000 miles with new NO-NOX.

New 1955 GULF NO-NOX
 Fill up now with new Super-Refined Gulf NO-NOX and feel the difference in power that really works for you mile after mile. Right from the start, you'll get these lasting benefits:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving you do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined... to burn clean!
 The '55 gasoline for all high-compression engines.

HOT NEWS
ABOUT THE HOT CAR
 Buick production hits new highs to handle the orders pouring in!

GOOD thing the Buick factories stepped up production of the 1955 cars when they did—because customer orders are pouring in.

It seems that just about everybody wants a 1955 Buick—the "hot" car that's getting hotter by the hour.

So hot, in fact, that it's topping the huge popularity which moved Buick into the "Big Three" of the nation's best sellers last year.

Know why? Plenty reasons.

Bold new styling, of course. And brilliant new V8 power. And room and comfort and luxury interiors—and an even finer, softer, steadier ride.

But the big reason is a new magic from the field of aviation—Variable Pitch Dynaflow.

Twenty propellers inside this wondrous automatic drive do what the modern airplane propeller does—they switch their pitch.

One way, you get a lot more miles per gallon in normal driving and cruising.

You switch the pitch to another angle just by pressing down on the gas pedal—and you get a new kind of instantaneous response for getaway or safety-surge accelerating power.

It's an experience you've never had before in an earth-bound vehicle—and it's thrilling beyond words.

So you can see why we're writing up orders and selling Buicks at a record rate.

And you can see more of the reason why when you look into the low pricing schedule that makes Buick the buy of the year, hands down.

Buick Sales Are Soaring!

Proof: Buick is outselling all other cars in America except two of the best-known ones in the smaller-car field. And for two good reasons: (1) popular prices low enough for any new-car buyer to reach; and (2) a line of cars to fit any budget, from the low-priced SPECIAL, to the high-powered CENTURY, to the extraordinary SUPER, to the custom-built ROADMASTER.

Come in and check things for yourself. Once you do—and press that gas pedal—we believe you won't be happy till you're bossing your very own Buick.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick
