Home for Christmas! on the Santa Fe

Dad's a popular guy, he suggested—

It's a real gift to the whole family! A Santa Fe trip home is the best of all for Dad, Mom, and the kids too.

Remember, Santa Fe is the economical way to travel. Children under five ride free with an adult passenger, and big sister or brother, under twelve years, ride for half fare.

Make your plans with confidence—the Santa Fe will take you home and bring you back in any kind of weather. See your Santa Fe ticket man for full information on schedules and fares.

Gift Tickets! It's easy to send a Santa Fe gift ticket to a relative or friend. Ask the Santa Fe ticket man for details.

Shaw Resigns As Red Cross County Chairman; Truitt Sides to Act

At a regular meeting of the Lamb County Chapter of the American Red Cross last Friday afternoon at the local Red Cross office a letter of resignation was read from Wolfe Shaw as County Chairman. Mr. Shaw expressed deep regret at having to forward his resignation.

"My happiest thoughts and memories, will be of my association with such a heavenly inspired cause as the Red Cross. The constant reminder that in a small way, is the fact that I am saturated with the knowledge, that happiness is always bound up with helpfulness, I was able, with your help to be allotted a task that brought me such satisfaction in the accomplishment of it," were some of the words expressed in Mr. Shaw's letter.

Mr. Shaw had served as County Chairman the last three years. He moved to Florida a few weeks ago.

Truitt Sides of Olton is the Vice-Chairman and will serve as Chairman. Mr. Shaw's resignation leaves a vacancy on the board as a Chairman is needed from the Headquarters town.

Mrs. Blanche Dodgen made a report on the Home Nursing activities for the past month. She reported 32 women having finished the Home Nursing class and another class of 12 being in progress at Sudan. Mrs. Frank Beauchamp taught the one at Olton, Mrs. Leonard McNeese and Mrs. Robert Hall taught the ones in Littlefield, Mrs. Bernice Miller is teaching the one in Sudan.

Mrs. Gladys Joplin was appointed as Public Information Chairman for the Chapter. Mrs. Lyle Brandon Executive Secretary gave a report on the Conference which she attended at Dallas Monday 27 through the 29th at the Adolphus Hotel.

Those present for the meeting were Truitt Sides, Joe Salem, Mrs. Mrs. Gladys Joplin, Mrs. Lester LaGrange, Mrs. Blanche Dodgen and Mrs. Lyle Brandon.

Well Users Urged To Pay Water Dues

Well users who are delinquent in payment of dues to the Lamb County Water Conservation Association are urged to make immediate payment to Secretary-Treasurer Les Watson, at Springlake.

The association announced today that it is badly in need of funds to carry its share of expenses of the High Plains Water Conservation and Users Association in the current protest against the Water Code Committee's recommendations.

"We must have funds to send men to Austin to talk it over with the Code Committee," Watson said. "And we have other expenses the year around which we must meet."

Non-members who wish to help out are welcome to contribute. Members who are delinquent are reminded that annual dues are \$5 per well in Lamb county.

"If everyone would carry his share of the burden, we wouldn't have to make these appeals for funds," the officer said.

Australia Eyes Uranium Field

DARWIN, Australia—(AP)—The thinly-peopled Northern Territory of Australia may hold vast deposits of uranium ore. Already five radio-active ore deposits have been found—two in the northern part of the territory at Rumjungle and Ferguson River—and three smaller ones in the Alice Springs area.

Government rewards have been paid to the finders of the Rumjungle and Ferguson River deposits. There is one important point about these two discoveries of radio-active deposits. The two places are 150 miles apart, yet rock formations are similar. It could mean that more deposits of high grade radioactive ore are available along this 150 mile stretch of little known country between Rumjungle and Ferguson River.

Littlefield Navy Man Is Assigned To Aircraft Carrier

James D. Crosley, son of Mr. and Mrs. L. C. Crosley, 1010 West Third St., now is assigned to the U.S.S. aircraft carrier Princeton, a letter to his parents announced.

The Littlefield Navy man is a radar fire control expert on the carrier. Friends may write him addressed as follows: James D. Crosley, SA 367-77-58, U. S. S. Princeton (CV-37), Division F, Fleet P. O. San Francisco, Calif.

National President Addresses Lutheran Laymen Monday

A group of Lutheran laymen gathered from various cities of the South Plains were held spell bound for two hours as they listened to Mr. E. C. Jacobs, national president of the Lutheran Laymen's League, last Monday night in Lubbock's Redeemer Lutheran Church. Privileged to hear Mr. Jacobs and representing Emmanuel Lutheran's Men's Club were Gene Bartley, Hubert Gohlke, H. A. Heckmann, and Vastine Hobbatsch, the latter being president of the local club.

Homer Pierce Visits Here Monday

Homer Pierce, operator of the Pierce Drug at Hale Center, visited Peyton and Howard Reese here Monday enroute to Muleshoe.

Mr. Pierce was accompanied by Mrs. Pierce's parents, Mr. and Mrs. A. P. Stone of Muleshoe, who had spent the week end at Hale Center and were enroute to Muleshoe. They all returned to Hale Center Monday afternoon, where Mr. and Mrs. Stone will visit a few days.

Mr. Pierce was formerly connected with the Reese Drug here.

Arizona Search For Giant Meteorite Is Called Futile

MAYOR CHESHER WILL ATTEND THREE-STATE WATER MEETING

Ethiopia Maps Big Road Job

ADDIS ABABA—(AP)—Emperor Haile Selassie now plans a major repair program for Ethiopia's highways. Mussolini built more than 2,000 miles of surfaced roads in Ethiopia, at an estimated cost of \$300,000,000.

Some of the highways cost as much as \$40,000 a mile, because of extremely difficult terrain. More than 60,000 Italian laborers at one time were engaged in the great road program. The prize achievement was a 700 mile road from Addis Ababa to Asmara in the Italian-held Eritrea. Passing through some of the most formidable parts of Africa, this road ranks among the greatest road-building achievements in the world. It crosses deserts and 10,000 feet high mountains.

Ethiopia has asked the International Bank for Reconstruction and Development for financial help on the road program.

British royalty since George IV have encouraged the Scotch to wear tartans.

Bremen, the German port, is 46 miles inland from the North Sea on the Weser river.

Mayor Arthur Chesher of Littlefield will be one of the Texas delegates at a three-state meeting in Santa Fe, N. M., next week to discuss division of the Canadian river waters.

Other members of the Texas delegation chosen at a recent meeting in Amarillo of the legislative and executive committees of the Canadian River Water Users Association are, Mayor C. A. Huff, Pampa; E. O. Wedgeworth, Pampa; Preston Smith, Lubbock; Lawrence Hagy, Amarillo; Ray Pritchett, Clovis; R. C. Stark, O. Donnell; Rex Baxter, Amarillo; Mayor Clarence Whiteside, Lubbock; Mayor Gene Klein, Amarillo; George Finger, Borger.

The purpose of the coming meeting in the New Mexico state capital is to draw up a compact among the states of Texas, Oklahoma and New Mexico covering distribution and the use of water of the Canadian and its tributaries.

The principal purpose is to clear the way for authorization of a \$85,000,000 dam on the Canadian near Sanford in the Texas Panhandle.

Sen. Dennis Chavez (D-NM) blocked passage of such authorization in the last Congress by demanding that a compact be drawn to protect New Mexico's water rights.

WINSLOW, Ariz. — (AP)—Search for the giant meteorite that fell in northern Arizona 20,000 to 50,000 years ago can be abandoned, Dr. H. H. Nininger, noted authority on meteorites, believes. The scientist, who owns the meteor crater museum near here, said no huge meteorite exists. He believes it exploded after striking the ground leaving no single mass of material.

For years scientists have been walking around, over and in the crater looking for the meteor and, he said, all the while they were actually "walking on it" in the form of metallic dust scattered on a study of the minute meteorite over the area. His finding is based on fragments found in and for 100 miles around the 4,150 foot crater.

"These little fragments, some of them only fine dust, are spherical," he said. "This indicates they condensed from vapor—which in turn would indicate the meteorite exploded, creating the crater."

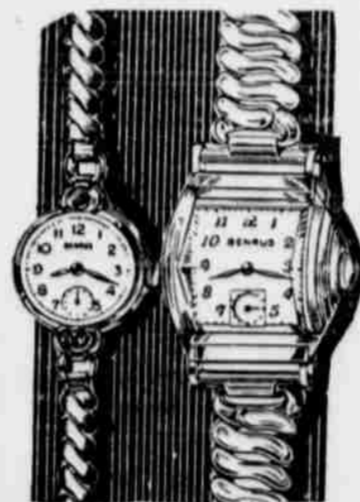

Dr. Nininger said the mass that struck the earth undoubtedly weighed several thousand tons, but he discounted previous beliefs it may have been nearly a mile in diameter. His estimate is closer to 150 feet.

A recently translated paper on a meteor that fell in Siberia in 1917 indicates the same thing happened there, Dr. Nininger said, and added any meteorite more than 10 feet in diameter would probably explode upon striking the earth.

Meteor crater is a major tourist attraction in northern Arizona.

Keep the Christmas Season Safe

Once again American armed forces are in action trying to protect and uphold the ideal of freedom. Once again the spirit of Christmas will be mocked by the hate and bloodshed of the battle field.

In many American homes the roar of the cannon will make it hard to hear the ringing of the Christmas bells. That is to be deeply regretted, but throughout history the torch of man's dignity and freedom has been held aloft only through the sacrifice of its bearers.

We can do little to prevent such personal tragedies. But we can do a lot to prevent another kind of tragedy which is equally poignant at the Christmas season—and more cruel because it is needless.

We refer to the preventable tragedy of accidents. The National Safety Council has called for intensive accident prevention effort during the holidays—usually a very dangerous period of the year.

That is an objective which has our wholehearted support, not only because it is better to have a joyous Yuletide, but also because we cannot afford to waste the resources of manpower and material so necessary these days to our national strength.

The waste is enormous—much more than most persons realize. The American Medical Association has shown that accidents rob the nation of more working years than any disease, because accidents strike all age groups, not just those whose productive years are largely behind them.

The traffic accident problem this year is serious, with a death toll of 25,000 in prospect. That would be the largest number of automobile victims since the record year of 1941.

Rigid enforcement of the laws by state, county and municipal police, plus individual determination to play safe, can keep the Christmas spirit—and all of us—alive this year.

These simple rules are suggested for Christmas safety:

TRAFFIC

1. Use extra care for the extra holiday hazards.
2. Put the Christmas spirit of "good will" into your attitude toward drivers and pedestrians.
3. Don't let Christmas packages obstruct your vision when walking.
4. Don't drink if you drink—and vice versa.
5. Start in time and take it easy. Allow for winter weather and extra holiday traffic.

HOME

1. Check your home for anything that might cause an accident.
2. Keep your Christmas tree in water and away from flames.
3. Use electric tree and window lights—no lighted candles ever. Don't leave tree lights on when you are out of the room for a considerable time.
4. Check your electrical connections for shorts and worn-out wires.
5. Keep flimsy Christmas decorations and wrappings away from the fireplace.

Hollie Jones, 50, Colored, Dies Here

Hollie Jones, colored, age 50, passed away Friday afternoon about 5 o'clock at his home in the colored section of Littlefield.

Jones was one of the most highly respected among the colored people of this city.

He had been employed by the West Texas Cottonoil Company here for several years, and until he became too ill to work about four months ago. He had been partially paralyzed the past month, and spent about 10 days in the Amherst Hospital.

Jones has had three sons in the service, all of whom spent some time overseas.

Pfc. Bobby Jones, 19, a younger son, re-enlisted last summer, and was sent to Japan. He was in Japan when war broke out in Korea, and was with the 24th Division at Seoul, when he received the message that his father was seriously ill. He came by plane and was with his father a week before he passed away.

A funeral home in Lubbock was in charge of burial, which took place here Saturday afternoon.

W. W. Wright Buys Drycleaning Business Here

W. W. Wright of Beaumont has purchased the Ideal Cleaners and taken possession.

Mr. Wright has been in the drycleaning business for the past four years, and has many more years experience in this line of work.

Mr. Wright's father, settled in Whitharral in 1925, and his son attended Whitharral schools, later moving to Beaumont.

Mr. and Mrs. Wright have a son, Vernon, aged five months.

PFC Edwin Weige Home on Furlough

Cpl. Edwin Weige, son of Mr. and Mrs. Oscar Weige of south of town, is here from Camp Stoneman, Calif., where he is visiting his parents and other relatives.

Weige was enlisted reserve, and was called back to serve. He has been in the service about two months, and was sent from Camp Hood to Camp Stoneman. He is serving in the Infantry.

He is due back at Camp Dec. 8.

Lucy Finds a Home for Snoozie

By FAITH HELEN FOUST

Lucy was a big cat. She had gray fur and white feet. She had been very busy lately, trying to find a home for her one yellow kitten. The kitten's name was Snoozie.

Lucy had to find a home for Snoozie, because she couldn't catch mice enough for both of them. But Snoozie refused to try to catch them.

One day Lucy went to several places, but Snoozie didn't like any of them.

Lucy and Snoozie set out the next day and went all over town. Snoozie saw one place that he thought he might like, so he stayed there. Lucy went back home, but he told his mother there was a big dog and he didn't like dogs.

Finally Lucy gave up trying to catch mice for Snoozie. Still Snoozie would not catch his own mice.

Lucy kept on hunting for a home. Everytime that she would leave him at a house, Snoozie would come home the next day.

INSPIRATION AT SANTA BARBARA (AP)—Do you seek inspiration? Your art in far places? Instructor at Santa Barbara College? I find that I can't paint the children's favorite wife is my favorite model of Paraguay.

Lucy had to tell him to spank him if he came back. Lucy didn't spank though when he came back but told him that if he catch his own mice, he can with her. At once Snoozie began catch mice and stayed with Snoozie and Lucy were happy to be living at home.

Jaycees Plan Honors

W. G. McDaniel, Dallas, president of the Texas Junior Chamber of Commerce, has announced plans for the statewide program in which the Texas Jaycees will honor five most outstanding young men, between the ages of 21 and 36 years of age, at a banquet which is to be held in Plainview January 20, 1951.

Henry S. Stevens, Austin, state vice president, was named state committee chairman for the program and he said, "The purpose of this program is to honor the five outstanding young men of Texas, who have presented to the state, concrete evidence that success in our free enterprise system is still available to those young men who strive to achieve."

Any young man 21 to 36 years of age, who has been of service and an outstanding example of this precept to the people of the state is eligible to

be nominated as a candidate for the recognition as one of the five outstanding young Texans of the year.

A panel of distinguished Texas leaders, representing various fields of endeavor, will serve as judges.

All organizations, including educational institutions, industry, profession and Junior Chambers of Commerce are urged to nominate candidates for recognition as one of the five outstanding young Texans of 1950.

Stevens announced that deadline for nominations will be January 1, 1951, and all nominations must be received at the state office of the Texas Junior Chamber of Commerce, Abilene, Texas, by that time. He suggested that all interested parties contact the state Jaycee office immediately.

This is an enterprise deserving the consideration of all.

Bull Lake Philosopher Has News for Economists, Country Will Never Get Out of Debt

Editor's note: The Philosopher, on his Johnson Grass farm on Bull Lake is talking about debts this week, a topic he ought to be an authority on, as he probably still has the same ones he started out with.

Dear editor: I know with Christmas coming and everybody needing more money to buy presents with it's no time to be talking about debts, but I was out here the other day right after the northern streak wondering if I should throw out some hay for my Jersey steers now or wait for even worse weather. I learned long ago the weather doesn't follow a pattern, nor does the like tax collectors, they always come at the wrong time and ain't never welcome, and unless a man wants to work his head off all summer and fall he won't have enough hay to throw out every time the weather turns cold and has to use careful judgement in decidin whether one nother will be worse than the next and ration his hay accordingly or else he'll run out of feed long before winter runs out of nothers, in which case men have been known to run out of cattle as a result, and while I was decidin I pulled a newspaper out of a hole in the window to the tool shed, my ax and claw hammer ain't likely to freeze anyway and who'd care if they did, and took it in the house and read a long statement by a man in Washington saying this country hasn't got any future unless it gets out of debt. Now I recognize that the na-

tional debt is pretty big, couldn't even write it if I knew what it was, and I know it's gettin bigger all the time, but from what I can find out some of the most prosperous folks in this country has been in debt all their lives and claim it's the only way they can get ahead. Gettin out of debt may be all right, but look what this country was like before it got in debt. No railroads, no highways, no telephones, no steam heat, no air conditioning, no automobiles, no radios, no running water, no safety razors, no laundry soap, no picture shows, no refrigerators, no comic books. Had plenty of Indians though and pneumonia and hog hard on bread for desert when the acorn crop was good. Them was the debt-free days. As I see it, this country is likely to be in debt from now on, due to human nature. I ain't never seen many folks who wouldn't swap a road full of mud holes for a debt any time. It may be true that not many cars on the highway today is completely paid for, but ridin in a car with a debt one heats ridin a paid-up mule bareback.

New Books Added To Local Library

Miss Lula Hubbard, Librarian, reported Saturday the addition of seventeen new books to the Littlefield Library.

She stated that these consisted of 14 juvenile and three adult books, and that they had been purchased from the fund on hand from fines and subscriptions received at the library.

Information For Veterans

QUESTIONS AND ANSWERS

Q—I was the common-law wife of a World War I veteran who died recently. If I meet income requirements, would I be eligible for a VA pension?

A—You may be eligible provided a valid common-law marriage was established. File a claim with the VA, and at that time your entitlement will be determined.

Q—I expect to enter a VA hospital shortly for treatment of a 40 percent service-connected disability, and I understand I'll have to remain there for two or three months. Is there any way my family can get financial help from VA while I am hospitalized?

A—VA has no funds specifically available for such purposes. However, after you have been in the hospital 21 days or more for treatment of the service-connected condition, VA will pay you a 100 percent disability rating, which you will continue to receive thereafter for as long as you remain hospitalized for such treatment.

Q—I am planning to buy a home with a GI loan, and am ready to make a down payment. What happens to my down payment in case a VA loan guaranty cannot be accomplished?

A—Unless you make certain a clause is inserted in the purchase contract stating that payments are to be returned to you if the loan cannot be obtained you may lose your down payment.

Q—Does the new law enabling Spanish-American War veterans to get outpatient medical care without regard to service-connection also apply to dental care?

A—Yes, Spanish-American War veterans may be eligible for full dental care in VA clinics or from home-town dentists with VA approval.

Safety, Beauty in 1951 Chevrolet Instruments

oved for beauty and safety, Chevrolet's new instrument panel features gauges and controls in convenient locations at the top and left of the steering

column. Control knobs are now recessed under the panel. An overhanging upper crown shields nighttime illumination from the windshield. Hewitt Chevrolet

Company are local dealers for the Chevrolet automobiles. The 1951 cars go on display Saturday next.

Important Improvements Featured in 1951 Chevrolet Cars Which Go On Display at Local Dealer's Showrooms

ed safety, greater driving and fresh re-styling highspot 1951 Chevrolet which goes on display at the showrooms of Hewitt Chevrolet Company, Littlefield, Saturday next, December 9.

able in Styleline and Fleetline series. All sedans and the sport coupe will come in De Luxe or Special trim. A convertible coupe, all-steel station wagon and the Chevrolet Bel Air, which has scored so sensationally in popularity, are exclusively in the De Luxe series. The business coupe will be available only as a model in the Special series.

In addition to more luxurious interior treatment Chevrolet is offering a more beautiful and attractive assortment of colors. The options, which include two two-tone combinations, are livelier than ever.

The new "Jumbo Drum" brakes headline the qualities of the car directed toward safer operation. Quicker emergency stops are assured by a brake which involves considerable departure from past design. Every brake shoe, fitted with the long-life bonded lining made famous by Chevrolet, is self-

energizing in both forward and reverse travel, giving consistent, surge-free operation will will please drivers.

New brakes also qualify as an aid to driving ease. Tests show 25 per cent less pedal pressure required in stopping at given rates of speed. Better brake seals and

Chevrolet's Smart New Grille

Head-on view of the 1951 Chevrolet gives an indication of the styling changes that benefit the new models. The radiator grille now consists of three massive horizontal bars, the lower two being extended farther across the width of the car to

encircle parking lamps and air in take slots. Newly designed emblem, jet-craft hood ornament and redesigned bumper guards are additional features. The new 1951 Chevrolet automobiles will be on display at the Hewitt Chevrolet Company's showrooms Saturday, Dec. 9.

virtual elimination of the possibility of brake grabbing are other advantages.

Of most equal interest among safety features are recessed control knobs in the driver's compartment. All protrusions are now set below the smooth contours of the instrument panel. Shielding of the windshield from instrument light reflections is as well provided by a rounded ledge above the pan-

el. Subdued lighting of dials for nighttime driving is still another asset.

Important as it will affect parking is an increase in steering gear ratio. Other points worthy of mention under driving ease are new conveniences of controls, relocated brake pedals, reduced vibration through greater torque tube rigidity and a new method of propeller shaft balancing in production.

Appearance-wise the improvement is discernable even to a casual observer. Changes both at the front and rear enhance the impression of ruggedness and room. The radiator grille has been restyled and simplified. The design now consists of three horizontal bars, the lower two extending further across the fenders to form a circular frame for parking lamps. Frontal beauty is additionally embellished by new bumper guards, emblem and hood ornament which carries a jet-craft form.

The crown of the rear fenders has been raised to increase the sleek, flowing lines of the body. Fenders now mount the combination stop and tail light, with a newly styled trunk lid ornament and re-designed bumper guards blending into the overall effect.

The De Luxe and Special series will again be distinctive. Exteriors of the De Luxe bodies have a greater amount of chrome and stainless steel trim and are distinguishable on the highways by a moulding which starts just above the wheel opening in the front fender and is extended into the the doors.

Interiors of the De Luxe bodies are treated in two-tone gray, a styling feature carried by both seat cushions and instrument panels. With the Special models, the interior is also two-tone gray. A gray striped pattern cloth is used as upholstery material in the Special models while De Luxe models provide a band of plain gray across the top of seat back cushions upholstered in striped gray broadcloth. In addition, De Luxe models are equipped with such accessories as cigarette lighter, center-mounted clock and full-circle horn rings.

Grass Fire Is Extinguished

WEEK END IN N. M.

Mr. and Mrs. Whitfield spent the week end visiting in New Mexico.

GO TO AMARILLO

Mr. and Mrs. H. A. Wallace accompanied their daughter, Mrs. Elroy Halley and daughter, Olivia Sue, to Amarillo Saturday, where they took the bus for Dalhart, Texas, to visit relatives before leaving for her home in El Monte, Calif.

VISIT IN MILLER HOME

Mr. and Mrs. Travis Hopper spent Sunday visiting with Mr. and Mrs. E. T. Miller in Lubbock.

Sunday Bible Day At Lutheran Church

Bible Sunday will mark Sunday, December 10th, as a special day at Emmanuel Lutheran, 417 West Third Street. A greater love for and a deeper interest in the Bible will be the desired outcome of this day's service. The American Bible Society, dedicated to spread the Bible without note or comment to the ends of the earth, is the originator of Universal Bible Sunday. This special service begins at the usual time of 11:00 a.m.

Lamb County Vocational School To Add Business Course Jan. 1

Beginning the first of the year the Lamb County Vocational school will add a course in business administration to the curriculum now available to veterans under the GI bill. Heretofore only agriculture and cabinet-making making have been offered here.

The new project, according to Silwell Russell, county coordinator of veterans education, is to be a two year course, meeting four nights a week for periods of three hours each.

Instructor will be E. C. Caldwell, who is employed in the Texas Dept. of Public Welfare. He will continue in this position and teaching the business administration class will be an additional duty.

Included in the course will be business English, store mathematics, advertising and display, business law, salesmanship, income tax accounting, public speaking, personnel relationships and other major fields, according to Russell.

Any eligible veteran, man or woman, who would like to enroll is asked to register by Tuesday, Dec. 12, as the class will be limited to 25 students.

Registrations are expected from the surrounding towns of Sudan, Amherst, Anton, Spade, Earth and Olton as well as Littlefield.

A subsistence allowance to veterans taking the course will be paid on a monthly basis by the veterans administration, at the rate of approximately \$1.20 an hour.

The tartan was illegal in Scotland from 1707 to 1782.

The British Act of Union joined England and Scotland in 1707.

Tibet's only communications with the outside world are a few state-owned wireless sets and a single telephone line to northern India.

Venison Dinner For Levelland Chamber Members

A venison dinner will be served the Levelland Chamber of Commerce at an all-membership meeting Monday, December 11, at 7:00 p.m. at the Junior High School Cafeteria.

Ray Watson has donated the venison for the dinner, which will be free to all C of C members.

Although all Chamber of Commerce members are invited to attend the meeting, new members are especially urged to be present. Pat Mann, C of C manager, said that written invitations will be sent sometime next week.

A business meeting will follow the dinner.

A special committee in charge of arrangements includes J. W. Smith, chairman, John Morton, Howard Vaughan, and Artie Forehand.

Olton Band Parents to Sponsor Lions Minstrel

The Olton Band Parents club was awarded sponsorship of the annual Lions club Minstrel scheduled there for March 1st and 2nd at the regular Tuesday noon meeting of the Lions club last week.

I. B. Holt Minstrel committee chairman, moved that the Band Parents be awarded this concession, commenting that it would be equal to a good-size cash donation to the band of properly developed. His motion gained quick support of Lions present.

O'Donnell Baptists To Rebuild Church

O'DONNELL.—Members of the First Baptist church have voted to rebuild their new \$85,000 structure, which was destroyed by fire Nov. 18, only a week before opening day services planned for Nov. 26.

On the Sunday morning after the fire, a total of \$6,500 was raised in a special collection. More money was reported coming in to add to the building fund.

Most of the furnishings had not been installed when the building burned, and these will be kept for the second new church. Only the kitchen equipment and a piano were lost.

The congregation is meeting in the old building across the street from the new site.

Olton Homecoming Plans Underway

Members of the Parent-Teacher association of Olton are making preparations for the Ex-student banquet slated there on December 30.

Mrs. George Redinger, president of the association, asked that members bring dressed chickens to the school lunch room so that they might be stored for the occasion.

Members will only be asked for chickens—and pies at a later date—as the association takes over preparation of the annual homecoming banquet. Mrs. Redinger said.

She stressed the importance of bringing in the chickens at the earliest date to Mrs. Ray Slatten, cafeteria supervisor.

The banquet "is one of the nicest things we have each year, and we want to do our part to make it a huge success," Mrs. Redinger said.

A variety program under the direction of Program Chairman Frank Cornelius is expected for the occasion.

Firm To Abandon Lamb Co. Wildcat

National Associated Petroleum company has decided to plug and abandon its No. 2 Ewing Halsell, central-north Lamb county wildcat.

The failure was quit at total depth of 7,217 feet, possibly in the Wolfcamp of the lower Permian however no top of that formation was reported.

The No. 2 Halsell is 1,300 feet from north and 755 feet from east lines of labor 2, league 239, Cottle county school land survey.

This failure is four miles southeast of another recent failure drilled by National Associated as its No. 1 Halsell, which was drilled all the way to the Ellenburger.

Expansion Program Underway By Anton Gin Cooperative

The Anton Producers Cooperative is spreading out and will next season be operating two complete plants on the Anton yard, according to an announcement released last week. A complete new modern Continental gin will be built in time for next year's crop. The machinery has been purchased. The gin, which will be 5 five-90 stand gin, will have all new and modern equipment.

Lutheran Young People to Stage Christmas Service

Sharing, especially on the local level was the center of the discussion which came as the result of Bible Study last Sunday night at the regular monthly meeting of Emmanuel Lutheran's Waltham League. Miss Martha Neunschwander was responsible for the guided discussion.

Business matters covered a wide range of subjects. Of particular interest is the decision of this young people's organization to have a special candlelight Christmas service on the night of December 25th in Emmanuel Lutheran Church three blocks west of Lymans.

The effect of Jesus' Gospel in the world and in the hearts of people will be impressively presented through this candlelight service.

Anton Garden Club To Sponsor Home Lighting Contest

The Anton Garden Club will sponsor the Annual Home Lighting Contest again this year.

Prizes and rules for the contest will be announced soon. All who wish to participate should call No. 2211.

How can you pass up our prices?

As we've been saying for quite a spell— "Whatever your price range—Better buy Buick."

But maybe we'd better get down to brass tacks, as to just what this suggestion means.

In the lower-price field, this has been happening:

Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three." They found they could afford a Buick!

In the fine-car field, something even more impressive has happened:

Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!

So—whatever your price range, take a look at our prices—and at what you get for your money.

What you get is the thrill of owning the greatest Buick of all time—as registered by record-breaking sales.

What you get is power and style and comfort and performance that are hard to match in any other automobile.

More specifically—you get the power-with-thrift of Buick's famous Fireball high-compression engine—a style that stands out in any company—a ride with the comfort of coil springs on every wheel—and performance that makes you feel like the head man on any highway.

Better come in today—and see what can be done about getting quick delivery.

Only BUICK has **Dynaflow drive*** and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • **NEW-PATTERN STYLING**, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY**, close-up road view both forward and back • **TRAFFIC-HANDY SIZE**, less over-all length for easier parking and garing, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

EARTH NEWS

Home On Furlough

Pvt. William Murray Burton son of Mr. and Mrs. Murray Burton of Earth left Sunday to return to his post at Lockland Air Force Base at San Antonio after spending a furlough with his parents and other relatives here.

Visits in East Texas

Pvt. Willis Allen, son of Mr. and Mrs. Marvin Allen of Earth is home on a 20 day furlough, and will report back to Sheppard Air Force Base, Wichita Falls, Texas.

After visiting his parents here he made a trip to Van Zandt County in East Texas and visited his sister and brother-in-law, Mr. and Mrs. Basil Glasscock, and his brother and sister-in-law, Mr. and Mrs. Arnie Allen.

Home Nearly Complete

Mr. and Mrs. Rex Carroll of Earth are having a six room, basement and garage home built 4 1/2 miles west and two miles north of Earth, and when completed will move in.

L. W. Jaquess and son, Curtis, are in charge of construction. The home is scheduled to be completed soon.

On Sick List

Jim Williams is ill, and was taken to Galveston about two weeks ago for treatment. He has been reported very ill.

Residence at Dimmitt

L. W. Jaquess, contractor of Earth, is building a five room and bath residence at Dimmitt for Mr. Weble. The home, which is of frame and asbestos siding, is nearly completed. The Noble family will move in when finished.

Tile Bldg. At Springlake

A tile building 48x60 for W. T. Clayton at Springlake is being built. L. W. Jaquess of Earth is the contractor on the job.

Spikes were driven in the ground Friday preparatory to starting the building.

On Littlefield Saturday

Mr. and Mrs. L. W. Jaquess were visiting their daughter and son-in-law, Mr. and Mrs. L. M. Brandon, here Saturday.

SHELTER FOR CHILDREN

TEL AVIV — (AP) — Over 10,000 new immigrants' children are now living in tents or under non-rain-proof shelter in Israel. A big campaign is to begin to house them in private homes during the winter. As many children were thus cared for last year, experts think chances for the new relief appeal are good.

Sudan Man Sustains Injury to Hand

Testing a grain dryer for its warmth, proved costly and painful to Reed Markham of Sudan Thursday afternoon when his finger was caught by an auger in a grain dryer.

About 3 p. m. Markham was at the grain dryer of the Shannon Elevator and he reached down in the dryer to see how warm it was when Mr. Shannon warned him not to put his hand down too far. About that time, the auger caught his hand. Mr. Shannon rushed him into his car

W. M. S. Circles Observe Week Of Prayer

All Circles of the W.M.S. of the First Baptist Church are observing a week of prayer this week, which opened Monday, and will close Friday.

The Business women's group met at the home of Mr. and Mrs. John Price Tuesday evening.

and to the Amherst hospital.

It was reported that the third finger of his right hand would have to be amputated at the last joint.

PLANS MADAGASCAR STATUE PARIS — (AP) — A young American sculptor has been picked to put a work of art in the jungles of southern Madagascar. Lawson Mooney, 28-year-old Paris art student, plans to spend six months next year on the island creating a seven-foot bronze statue of the Madonna and Child for a Jesuit Catholic church in the

tiny village of Ampasimajava near Fianarantsoa, the capital of Madagascar's southern province. Five French planters in Madagas-

car ordered the church, which is to be built by Malayans and Madagas-

South Plains Area Gains Importance In Oil Production

(By Associated Press)
The South Plains heretofore has not included itself in the term "oil rich West Texas, however this area, although its oil development has only started, has been producing its share of West Texas crude for a number of years.
Included below is a list of counties in the area with proven oil reserves, the number of barrels produced in each during 1949, and the year which oil was discovered in that county.
Andrews: 30,783,187 barrels in 1949, with its first discovery in 1930.
Borden: 239,510 barrels in 1949, with its first discovery in 1949.
Cochran: 6,278,362 barrels in 1949, with its first discovery in 1936.
Hardin-Simmons football game Saturday.

1949, with its first discovery in 1936.
Dawson: 1,366,613 barrels in 1949, with its first discovery in 1927.
Gaines: 12,517,632 barrels in 1949, with its first discovery in 1936.
Garza: 2,596,730 barrels in 1949, with its first discovery in 1926.
Hale: 2,559,760 barrels in 1949, with its first discovery in 1946.
Hockley: 2,559,303 barrels in 1949, with its first discovery in 1937.
Kent: 11,490 barrels in 1949 with its first discovery in 1946.
King: 768,084 barrels in 1949, with its first discovery in 1946.
Lamb: 304,022 barrels in 1949 with its first discovery in 1945.
Lubbock: 52,178 barrels in 1949, with its first discovery in 1941.
Scurry: 5,235,175 barrels in 1949, with its first discovery in 1923.
Terry: 508,290 barrels in 1949, with its first discovery in 1940.
Yoakum: 17,691,966 barrels in 1949, with its first discovery in 1936.
Next year Lynn county will

be added to the list. The O'Donnell pool was discovered in Lynn early this year. Also the production figures in Scurry,

due to the intensive development going on in those counties will show decided increases for 1950 over 1949, ties.

Skater Waltz — 2-ounce bottle of Command Performance cologne 1.75, 4-ounce bottle 3.00. Skater box of Command Performance body powder with puff 2.00. Also skater boxes in White Magnolia, Heaven-Sent, and Apple Blossom. Prices plus tax.

Jeweled Lipstick Vanity — The cleverest, most practical of compacts. If you look closely, you'll see the handsome lipstick is a clasp for the loose powder compact! In gleaming gold-finish metal, with famous Silken Lipstick attached. 5.75 plus 15¢ Fed. tax.

Window Box — Helena Rubinstein's sprightly Apple Blossom scent — in cologne and shaker-box talc 1.50. Comes in Heaven-Sent and White Magnolia at 1.75. Prices plus tax.

Two-In-One — It's heavenly! Heaven-Sent Eau de Toilette and talc — in a crystal cylinder with useful coasters top and bottom! In White Magnolia, too. 2.75 plus tax.

Lipstick Four-Cast — Helena Rubinstein's famous lipstick wardrobe to match every color you wear. In five different color combinations — for blonde, brown, red, brunette, or gray hair. 1.95 plus tax.

Crystal Duet — Lovely, isn't it — the big bottle of Heaven-Sent Eau de Toilette, the huge box of Heaven-Sent bath powder? 3.25. Or have this duet in White Magnolia 2.75, Apple Blossom 3.00, Command Performance 3.75. Plus tax.

Three-In-One — White Magnolia cologne, talc, and one-dram perfume — in a big sparkling box whose top and bottom turn into the handiest dresser box! You'll find this set in Heaven-Sent, also. 4.25 plus tax.
