LARGE CARAVAN EXPECTED

Farm Tour Goes Today

THEY'RE GOING THAT-A-WAY--The map depicts the route to be taken by the demonstration tour caravan this afternoon. The tour will begin at the court house parking lot at 1:30 p.m., and return to the same place at approximately 5 p.m.

Many Demonstrations Ready For Showing

The first of what is hoped to be a long line of Lamb county farm tours will get under way today at 1:30 p.m.

The tour, sponsored by the agricultural development committee of the Chamber of Commerce, will involve demonstrations by all U. S. Department of Agriculture agencies in the county.

Purpose of the tour is to acquaint businessmen, farmers and all other interested persons with what is being done by these agencies and how they can assist in stimulating business or improving the farm.

County Agent Buddy Logsdon, chairman of the agricultural development committee, will be in charge of the tour which will depart from the court house parking lot at 1:30 and return at approximately 5 p.m.

Travel will be by private vehicle, but Logsdon assured that transportation will be available to those needing it. Several station wagons and pickups will be available.

The tour route was thoroughly scouted Wednesday and is dry and easy to travel. Approximately 90 percent of it is on paved roads.

USDA agencies participating and their representatives besides Logsdon include Joe Blevins, Soil Conservation Service; L. D. Aten, Agricultural Stabilization and Conservation Service and Truman Jones, Farm Home Administration.

REMARKABLE COLLECTION--Mark Randall, collector extraordinary of artifacts from ancient Southwestern cultures, displays a portion of those that he has classified, graded and mounted over the past several years. Beginning as a small child, he has amassed a high number of articles in his exploratory trips over a four-state area. He is continuing in his main area of interest as a senior in anthropology at Texas Tech, majoring in archeology.

Appreciation Banquet Set To Honor Bill Clayton

Democratic Party members of the 72nd Legislative District of the groundwork Tuesday for an appreciation banquet to honor State Representative Bill Clayton. They set Oct. 14 here in Littlefield for the event, to be held in the high school gymnasium and cafeteria.

Among the major names expected to attend, the Andrews man mentioned governor candidate Preston Smith, lieutenant governor candidate Ben Barnes and House Speaker Gus Mutchner.

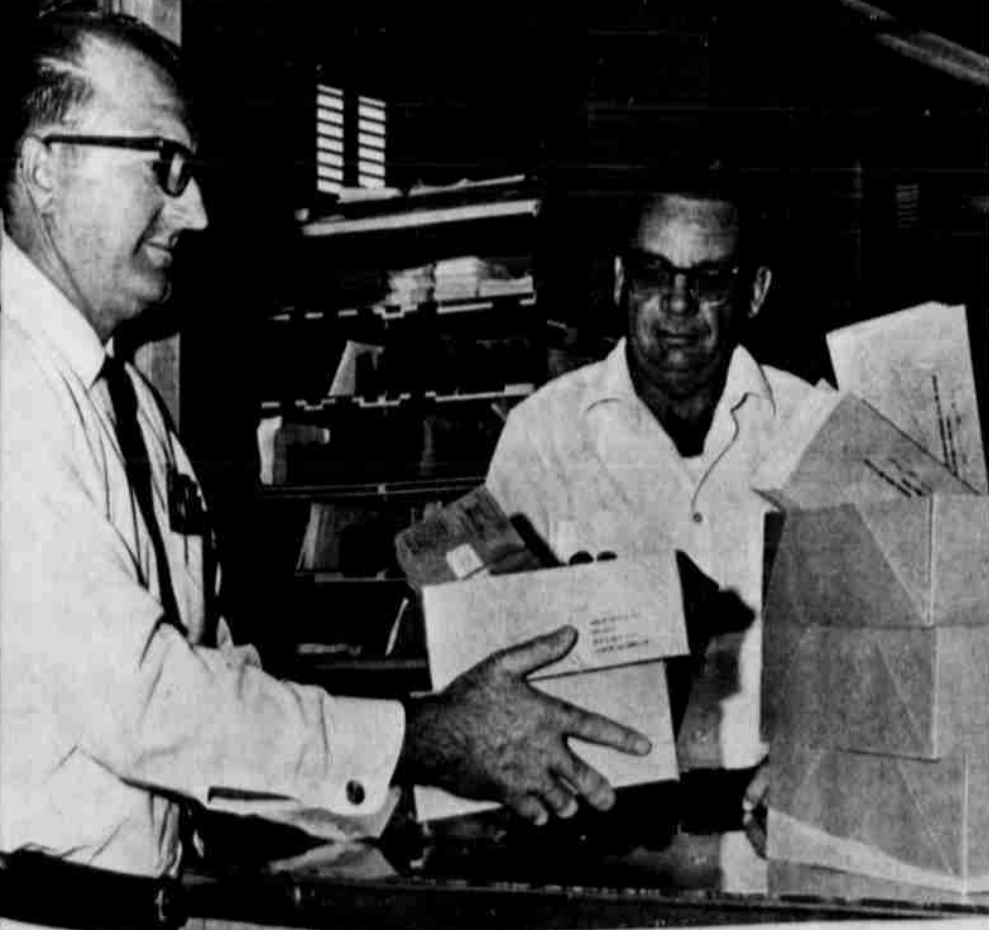

Pendleton told the group that he could add nothing to what local residents knew of Clayton personally. "But I wanted you to know what we in the Legislature think of him," he said.

"If Bill were to come back to his District and be perfectly honest with you about what he's done in Austin for you in this area, you'd think he's one of the most concerned men you'd ever know," said Pendleton.

"Being elected is only half the job. Being effective is the other half, and Bill has accomplished both. He carries over 20 bills every session. "But I didn't come here to See CLAYTON Page 8

DAY FOR FARMERS--The 'M' stands for money. That's right, the checks being turned over to assist postmaster George Thompson Tuesday morning for mailing to Lamb county farmers totals a hefty \$7,600,000. That isn't all, says L. D. AT TURBULENT CONVENTION

Hall Had 'Hot Time'

"Mayor Daley and the Chicago police were justified in all ways for their conduct during the Democratic convention in Chicago," Billy Hall, prominent Littlefield attorney, states.

Hall, who was an official delegate to the convention from Texas as "If Daley hadn't taken the measures he did, and if the 'hippies' and 'yuppies' had ever been allowed to penetrate to the convention hall, there would have been no convention."

"I saw a great deal of violence, people that had been hurt and people in the process of being hurt, and it was not a pretty sight," he continued.

"I stayed at the Conrad Hilton hotel, the convention headquarters, as did most of the Texas

delegation, and it was under virtual siege all the time we were there. Really, it was under siege even before we got there.

"The hippies, or yuppies, or both, got into most of the rooms on about the first five floors a day or two early and refused to get out when the delegates arrived. Some of the Texas delegates had to sit up all night and the hotel obtained rooms in other hotels for some.

"The National Guard finally cleaned out the five floors by any means necessary and the delegates regained their rooms.

"Though the dissidents agreed to stay out of the hotel, they brought in a great many sacks of manure, both animal and human, and spread it all over the lobby and the lower level of the hotel. The stink was still stifling when we left after the convention was over," Hall stated.

He maintains that the entire campaign by the demonstrators

was a well-planned action and many were arrested with demolished plans still on their person.

Damage to Grant and Lincoln Parks, staging areas for the demonstrators, was estimated by Chicago authorities at \$150,000, Hall said.

"As for the convention itself, it went much the way the Texas delegation would have it go," he stated, "we lost on the unit rule vote, but abided by the convention ruling and had no difficulty at all."

"Governor Connally did a fine job. He would call a caucus of the delegation each night on the questions we knew would come up the following day and each

Local Women Win Top Two Drawings

It appears they have no trouble at all giving away the \$50 and \$25 portions of the free money drawings, but they are having just an awful time with the \$5 portion.

For the second straight week no one showed up Saturday to claim the \$5 even after several callings.

There was no real difficulty, however in getting Mrs. Dee Elms to accept the \$25 offering, or to persuade Betty Christian to pocket the one for \$50.

The former, of Star Rt. 1, Littlefield and the latter, of 501 W. 1st St., also of Littlefield, were only too glad to make the merchants happy by accepting.

With everyone happy with this drawing, the \$5 will be held over until next Saturday when there will be another attempt to force it upon some lucky winner.

There are 41 merchants presently participating in the free money program.

No purchases are necessary for obtaining the tickets which

are given on request. The drawings are held at 4 p.m. each Saturday in front of the First National Bank on Phelps Ave.

Spade Billfold Theft Reported

Alfred Sladek of Spade reported theft of a billfold to Littlefield police Monday.

Sladek described the theft as taking place while he was repairing the roof at Tommy Mauk's Electronics shop Monday morning.

The black leather billfold was taken from the seat of his car while he was on the roof. It was found, minus the estimated \$4 in cash it contained, on the roof of an adjoining building.

Only clue to the theft, according to the report, is that Mrs. Mauk reported seeing a youth on a bicycle loitering near the car near the time of the theft.

Huge Artifacts Collection Compiled By Local Youth

BY BILL SAYERS
Mark Randall, of Littlefield and senior anthropology student at Texas Tech, found his work a little late, the way he looks at it.

Majoring in archeology, Mark states: "I have been doing this ever since I can remember, but I never knew anyone could do it for a living until I got to college."

He was, of course, referring to digging for artifacts and collecting specimens from bygone ages and cultures. He has one of the largest collections of artifacts from ancient Southwestern cultures in this part of the country.

Beginning when he was a

small child, Mark has spent the greatest part of his spare time probing into old known areas of early habitation and seeking out new ones.

The past three summers he has been working in conjunction with university programs in helping to excavate areas of interest to them.

Earlier this summer he was largely responsible for a major archeological discovery made by a Texas Tech excavation team in the sand hills of Lamb County. It was Mark who originally discovered the area and brought it to the attention of a Tech professor.

During the latter part of the summer he assisted a University of Kansas team to excavate several areas that are known to contain valuable cultural artifacts.

This, he says, is termed salvage archeology because they are attempting to remove all specimens possible before the area is covered by the water of a huge reservoir that is in the making.

They discovered five graves approximately 10 inches below the surface in one area in southeast Kansas. The graves appear to be of a culture in the Middle and Woodland periods of 1,000 B.C. to 700 A. D., Mark stated.

The two summers of 1966 and

WELL, BACK TO THE OLE' DESK--Officials of Elementary II in Littlefield tried to take some of the sting out of the process with this sign as these fifth graders put the long, lazy summer behind them and once more settled down to the long routine months of

school ahead. Shown here giving the welcoming sign their close attention are left to right, Rosa Aguirre, Roxanne Wilson, Garry Pace and Reginal Payton. The four reported to the fifth grade room of teacher Howard S. Bridges.

TOPS Club Has Meeting

Rose Zybur was chosen monthly queen and Belinda Jordan the weekly queen when members of Be-Little TOPS Club met Tuesday night in Medical Arts Hospital.

Runner-up for monthly queen was Bessie Jackson and runner-up for weekly queen was Audrey Long.

Sixteen members of the club attended and were weighed in and measured as they arrived. Allene Dirickson was recognized for eight weeks of perfect attendance.

Marvone Jones called the meeting to order in the absence of Chairman Joyce Streety. Roll call was answered with "number of pounds lost or gained the past week."

Minutes were read and approved and a contest was begun for the following four weeks. Each member is to bring a towel, and the winner of the contest will receive the towels.

A letter was read from the TOPS Club at Happy regarding A. R. D. day, to be held later.

MRS. LOIS OWEN is the new Chamber of Commerce secretary. Her husband, Jimmy Owen, is a farmer and the couple have lived in Littlefield six years. They have one son, Scott, three years old. Among Mrs. Owen's hobbies are sewing, water skiing and camping. She is a native of Kansas, but has lived in Texas 15 years.

Mrs. McQuatters Attends Seminar

Mrs. Roy McQuatters represented Littlefield Women's Club at the recent Texas Federation of Women's Clubs Leadership Seminar at St. Mary's University in San Antonio Aug. 12-16. Seven others from Caprock District attended and a total of approximately 180 women from all parts of Texas were in San Antonio for the meeting.

Twenty speakers were featured and many subjects were discussed, among them "New Trends in Education" and "New Trends in Religious Thinking".

A panel discussion on religion was presented by a Protestant, Catholic and Jewish Rabbi.

Two panel discussions on student problems were presented—one by students themselves and one by instructors. Other workshops were held on programming, public relations, parliamentary procedure, personal grooming and public speaking.

The state project for the Texas Federation of Women's Clubs for the next two years will be working on getting Texas Big

Thicket designated as a National Park.

The Big Thicket is located in East Texas in the Houston, Beaumont, Orange and Port Arthur area. It is a heavily forested swamp area and is sometimes referred to as "The Biological Crossroads of America". It originally contained 3 1/2 million acres, but has been cut down to one-tenth of its original size. The lumber industries have utilized the trees for lumber in the past.

Tuesday evening, Aug. 13, a reception was held at Fort Sam Houston. Musical numbers were provided for the Fort's Choral Club and an address by the commandant on "Services of The Army To The Nation." He emphasized the fact that discipline was the solution to many of the world's problems.

Thursday, Aug. 15, was designated as Federated Club Day at HemaFair, and women attended in a body. A special program had been arranged for them at the Woman's Pavilion, sponsored by the Federated Clubs.

A LITTLETON art club, which members have jokingly named "The Mountain Dew Art Society"—because of the popular soft drink they serve at meetings—is looking forward to entering Littlefield's Second Annual Sidewalk Art festival, to be conducted Sept. 13. Several

hundred over-all entries are expected to be made by several artists in the area. Also here with paintings are, left to right, Mrs. Muller, Mrs. Jo Helen Harrell, Mrs. L. Sage and Mrs. Beverly Stewart.

Sidewalk Art Festival Slated

Hundreds of artists in the surrounding area and artists from 20 area art clubs are expected to participate in Littlefield's second annual Sidewalk Art Festival, to be conducted downtown Littlefield Friday, Sept. 13.

The festival is sponsored by "We, The Women" in cooperation with the Chamber of Commerce and Littlefield Art Association and will be arranged into two adult divisions and a junior division this year.

Included in the adult division are: Arts and crafts, in which one prize of \$15 will be awarded; and, Painting, in which prizes of \$25, \$15, and \$5 will be awarded

for first, second and third places respectively.

Hart - Thaxton will donate prizes for winners in the junior division, which will include entries by persons under 18 years old. First prize will be \$15 gift case (art supplies); second place, a \$7.50 gift case; and third prize, a \$5 gift case.

There are no limits placed on the number of exhibits entered, and no entry fees will be charged. Artists must provide their own display stands, tables, etc.

Registration of entries will begin at 4 p.m. in the 500 block of Phelps Avenue and the show is scheduled between 5 and 8 p.m. on the west side of Phelps Avenue between Fourth and Sixth Streets. If inclement weather appears, a building will be available for exhibits.

Winners will be selected by popular vote of the viewing public and votes will be taken until 7 p.m. when winners will be announced. Exhibits will remain up until 8 p.m. for viewing.

A food booth will be set up at the 500 block of Phelps Avenue by members of "We, The Women" who say "the public is invited to eat supper with us as hot dogs, sandwiches, popcorn, chips, drinks, cake and pie will be available."

Co-chairmen for this year's Art Festival are Mrs. G. Still and Mrs. R. N. Nichols who may be contacted, along with President Mrs. H. A. Schell, for further information concerning the festival.

MRS. GARY GLENN JOHNSON

Johnson-Peters Wedding Vows Said

Sherryl Peters and Gary Glenn Johnson exchanged double ring wedding vows Thursday night, Aug. 29, at Whiteface Methodist Church with Luther Baker officiating.

Parents of the couple are Mr. and Mrs. Wendell Peters of

Whiteface and Mr. and Mrs. Cleon Johnson of Amherst.

Traditional wedding selections were presented by Jan Roberts, pianist and Mrs. W. B. Snodgrass, soloist, who sang "God Made You Mine" and "For You".

Wendell Peters presented his daughter for marriage. She wore a gown of white peau de soie, fashioned with long petal point sleeves, fitted bodice which was fastened with covered buttons down the back, enhanced with scooped neckline, and lace motifs encrusted with seed pearls. Her floor-length train was attached with a bow at the natural waist line. Her cathedral length veil of illusion fell from a crown of seed pearls. "Something old" was a 1922 wedding ring clipped inside her dress. The ring belongs to her great-uncle, B. C. McGowan of Dallas. She carried a bouquet of white feathered carnations and white orchid atop a white Bible.

Matron of honor was Barbara Steele, a cousin of the bride. Bridesmaids were Pat Lasater and Linda Hurst, friends of the bride. They wore floor-length American Beauty pink, fashioned with scooped necklines. They carried long-stemmed pink carnations.

Eddie Hedge was best man and groomsmen were Johnny Norwood and Mickey Johnson, groom's brother.

Ushering the guests were Kenny Roberts, James McAdams and Steve McAdams.

Flower girls were Lessa Peters and Hally Hundly, both cousins of the bride.

Ring bearer was Chris Simpson, cousin of the bride. Candlelighters were Kim Peters, sister of the bride and Leslie Taylor, cousin of the bride.

A reception was held in fellowship hall of the Methodist Church following the ceremony. For their wedding trip to Ruidoso, N.M., the bride wore a pink knit suit with black accessories and her orchid corsage lifted from the bridal bouquet.

The bride is a 1967 graduate of Whiteface High School and has attended South Plains College.

The groom is a 1967 graduate of Amherst High School and has attended South Plains College. He is presently employed by an automobile agency in Lubbock. They will reside in the Lexington Apartments in Lubbock.

JIM NELSON

Nelson Receives Masters Degree

Jim Nelson, Littlefield High School graduate, was awarded the Master of Science degree from Texas Technological College Saturday night, Aug. 24. With a major in Agricultural Economics, Nelson's thesis was entitled, "An Economic Evaluation of Selected Water Diversion Systems....A Texas Case Study of Interbasin Transfers." This was a study of alternative water diversion projects to move water to West and South Texas for municipal, industrial, and agricultural uses. A 1962 graduate of Littlefield High School, Jim was a member of the Wildcat Band, the

Varsity Club, the Latin Club, and the A Capella Choir. He served as assistant editor on the "Skat" staff and was president of the Student Council. He was a member of the Wildcat football team and the tennis team; participated in interscholastic league in journalism and music and was a member of both the junior and senior play casts. In 1966, Nelson was graduated from Texas Technological College, with a Bachelor of Science degree in Agricultural Economics. While in Tech Jim was on the Dean's Honor Roll and a member of the Tech Band, Tech Singers, Agricul-

tural Economics Club, Aggie Club, and Alpha Zeta, an honorary scholastic fraternity. Jim is married to the former Patricia Locker, also a Littlefield High School graduate and a graduate of Texas Tech College with a Bachelor of Science Degree in Textile and Design.

He is son of Mr. and Mrs. Ralph Nelson and grandson of Mr. and Mrs. E. B. Luce, all of Littlefield. Recently he has purchased partnership interest in Luce and Nelson, local John Deere Implement Company.

THE FARMER'S WIFE

Didn't Succeed

BY LIBBY MUDGITT

AT A PRE-ARRANGED meeting, two underground workers for the Party for American Extinction had the following conversation: "Comrade, Jakov, it has been a pleasure working with you in America. "Are you trying to tell me something, Comrade Ivan? "Come now, Jake, surely you know your days are numbered. "You got the word?; "You failed in Chicago, Comrade. That's unforgivable. "But I didn't fail! Thousands of people tuned in the Democratic Convention and thought they had tuned in the Soviet invasion of Czechoslovakia. "NOT INVASION, Jake, Rescue. "Slip of the tongue, Ivan. Of course I meant rescue. "Comrade, we were defeated at every turn. "How can you say that, Comrade Ivan? Never before has there been such rebellion at a national convention of any party! "You promised to deliver at least 100,000 protestors. Only 10,000 showed up. "But they created enough trouble for 100,000! What more does the Kremlin want? "YOU PROMISED TO bring off enough strikes that the convention would be impossible to hold in Chicago. "Well, I ALMOST succeeded. It was only at the last minute that Daley rammed things into completion. "You promised to have all forms of transportation and communication tied up by strikes, also. "Comrade, it was all greatly hampered. Never has there been such a grand and glorious mess. "YOU ALSO SAID that the nation would be in complete sympathy with the demonstrators. "They were, Comrade, they were. Cries of

police brutality resounded from all over America. "Not so, Comrade Jake. People are beginning to suspect that the demonstrators provoked the police. "But the news media was definitely sympathetic towards us. "ONLY SOME AND only at first, Comrade. And what about those delegations we sent to get seats? Only a few got seated. "But the furor the others caused, Ivan! Did you ever see anything like it? Held up the convention for hours and caused it to be completely adjourned once. "The fact remains that not enough got seated to swing anything our way. And what happened to the peace plank in the platform you promised to get voted in? "It would have succeeded, Comrade, except for the invasion of Czechoslovakia. "RESCUE, Ivan. You've been reading American propaganda. What has the rescue got to do with the Vietnam peace plank? "Well, some of the doves turned into hawks. "They wouldn't have if you'd done your ground work better. "The invasion, or I mean rescue, was very ill-timed, Comrade Jake. Tell the Kremlin that. "AND WHAT ABOUT the big blunder of getting a man only 28 years old nominated for vice-president? "It was just a symbolic gesture. I thought it came off rather well. "He withdrew his name only minutes later. "I couldn't help that. Think of the sensation it caused before he did, though! "You've failed, Comrade. The convention went just like LBJ wanted it to. "Well, it NEARLY didn't. We've never come so close before! "Goodbye, Comrade Jakov. It was nice to have worked with you."

Howdy Neighbor

By BOYD PIERCE Of Burleson

WHAT IS AN AMERICAN?

He is the fellow who yells for the government to balance the budget, then takes the last dime he has to make the down payment on a car. He whips the enemy, then gives him the shirt off his back. He hollers for speed laws that will stop fast driving, then won't buy a car if it won't go 100 miles an hour. He knows the line-up of every baseball team in the American and National Leagues, but does not know half the words of the "Star Spangled Banner." He will spend half a day looking for vitamin pills to make him live longer, then drive 90 miles an hour on slick pavement to make up for the lost time. He will work long and hard on a farm so he can move into town where he can make more money so he can move back to the farm.

He couldn't fight his way out of a paper bag, but he spends 10 bucks for ringside seats and tells the professionals how to fight. We're the country that has more food to eat than any other country in the world and more diets to keep us from eating. We're the most ambitious people on earth and we run from morning until midnight, trying to keep our earning power up with our yearning power. We're supposed to be the most civilized, Christian nation in the world today, but still can't deliver payrolls without an armored car. Most of the world is itching for what we have, but they'll never have it until they start scratching for it as an American does. Yes, neighbors. Calling a person "A REAL AMERICAN" is the best compliment you can pay him. I'm proud to be one. Aren't you?

PAUL HARVEY

What Can You Do

AMERICANS, periodically acutely anxious about our multiplicity of problems, frequently lament, "But what can I do? I'm just one person." Let me tell you what just one person did. Mrs. Mattie Rice Coney is a schoolteacher in Indianapolis. Teaching 30 years in slum schools convinced her that "slums are made by people, and people properly motivated can clean them up." SHE ORGANIZED a nonprofit "Citizens Forum" in 1964 and set out to CLEAN UP INDIANAPOLIS. Mrs. Coney is a Negro. She can talk to today's slum parents in the same school-teacher language she addressed so many of them as children: "Get down off the white man's lap and walk like a man." She says, "You can't act like an inferior and then demand respect as an equal. Too many of our people are noisy, boisterous, vulgar and common in public places." Mrs. Coney said, "In many areas it is our people who have torn up the grass and broken down the shrubbery and torn up the houses and made the neighborhood a slum. Bad neighborhoods develop because individuals who live in them fail to do what they can. It doesn't make any difference if they let you move from a dirty, noisy, rowdy neighborhood in one part of town into a white man's neighborhood in another part of town if you take your sloppy, dirty, noisy ways with you. YOU DON'T GET CULTURE IN A MOVING VAN!" SO WHILE THE EYES of the news have been gravitating toward more sensational "demonstrations", one Indianapolis school-teacher has gone to work to brighten the corner where she is. House by house, she petitioned slum residents to organize a "block club" to meet

once a week in somebody's house. Expecting a gripe session, they came. Instead they got a top-sergeant treatment from Mattie Coney: "No matter how poor I am I can be clean and neat and have pride in myself." To each block club she assigned homework: Clean up the house, including the yard; plant flowers. Involve the children; what they clean up they'll not be so eager to mess up. By the second year, 1966, the cleanup drive launched by this uncommon woman cleared from the homes and yards and streets of Indianapolis' slums 40,000 tons of trash. THE 1967 cleanup cleaned up 181,000 tons in 28 days. This year's effort, officially terminated Aug. 29, will eclipse last year's tonnage for there are now more than 1,000 block clubs proudly competing with one another. A recognition dinner this month (September) will honor those who have accomplished most. DR. KENNETH WELLS of Freedoms Foundation, Valley Forge, Penn., citing Mrs. Coney for her self-help slum-clearance, said, "That word 'pride' is the key in her success. Cleanliness begets pride and pride begets more cleanliness; all that's necessary is to get the ball rolling." Mrs. Coney says the project has no end. "Our migratory population requires a sustained effort by each block club to get newcomers to match our effort, teaching them that a good city begins with each of us—paying his bills, keeping up his property, disciplining his children and himself. We Negroes want into the mainstream of America? All right. But the current is strong out there; it's going to take effort."

This Is Littlefield

The "Blue Ribbon City" of Littlefield, as designated by the West Texas Chamber of Commerce, is soon to have another brochure describing the community's advantages to industry. The photo above is of the attractive cover of the brochure, as designed by artists of Southwestern Public Service Company. The community-minded electric company is donating 1,000 copies of the brochure to

the local Chamber of Commerce, for distribution as needed. District Manager Warren Dayton explains that SWPS makes this service available as part of its efforts to help build better communities throughout the area it serves. It takes everybody, working together, to build a better place in which to live. A town that is blessed with community-mindedness This is Littlefield.

THE ABUNDANT LIFE

Soul Stance

WHEN WE NEGLECT the wise control of ourselves, we have thus chosen the way of miserable and hopeless living. IF WE LET THE DESIRES and drives of the lower self dominate our choices and actions, we will receive according to our choosing; but we won't like what we receive. If we permit the poorly-conceived and degraded customs, and improperly motivated actions of our social environment to fashion our views and control our behavior; we can expect to suffer accordingly and we should. Much is being said and done which is designed to make us feel hopeless and helpless. There is a general downgrading and degrading of humanity. The predominance of materialism, the low moral standards, the widespread rebellion against law and order, and other expanding features of sinfulness continue to cheapen mankind. THE GOALS AND AIMS of many people are transient and myopic. Many have absolutely no sense of direction in their living. Others have become so contaminated with the general strife, turmoil, confusion and perplexities of society that they are governed by these debilitating and destructive influences. IT IS TRAGIC to assume a helpless and hopeless feeling about oneself, or to submit to the control of any force that moves us in the wrong direction. IT IS THE SOUL STANCE that makes the difference. Someone said, "One ship sails east, and another west, by the self-same winds that blow. 'Tis the set of the sail, and not the gale, that determines the way they go. Like the winds of the sea, are the ways of fate, as we voyage along through life."

'Tis the set of the soul that determines the goal; it is not the calm or the strife. We must constantly desire to make the best of life, and we will if we are sound in our thinking. THE BENEVOLENT CREATOR has endowed us with the capacity and the potential strength to be the kind of persons that the best of living demands. We are expected to do our honest best, and are promised the best as our heritage. IF WE ARE WISE, we will let our soul stance be such that we elevate our desires and our affections. We will keep our minds firmly set on all that is uplifting. THIS MEANS that our goals and aims are worthy of our better self. It also makes possible the best direction of movement for our lives. Here is a view that we would like to share with you. "To every man there opens a way and ways and a way; and the high soul climbs the high way and low soul gropes the low; and in between on the misty flats, the rest drift to and fro. But to every man there opens a high way and a low, and every man decides the way his soul shall go." ALL OF US HAVE THE PRIVILEGE of being the high soul, and seeking the high way. Accomplishment is not easy, but it is possible. We are well-equipped or we can be, and diligent effort, guided by intelligence, will complete the work. If we do well in establishing the soul stance, we are not leaving the life experience to the chance happenings of a capricious world.

Dear Turnrow Tunkel:

O. C. McBride

DON'T YOU THINK North Vietnamese leaders were encouraged by all the "stop the bombing" speeches at our political conventions? Yes, I kept hoping at least one speaker would call for "increasing the bombing," just to shake Ho Chi Minh up a little. ACCORDING to a jar manufacturer, home canning is on the increase. Many Texans can remember when a large part of a family's food was home canned, and at Saturday night dances the fruit jar was as important as the fiddle. HOW DO YOU account for the sudden popularity of men's sideburns? I suppose they give men a feeling of superiority. Women are claiming they are equal to men in every respect, but when it comes to growing long sideburns, men have them beat a country mile. IN YOUR OPINION, did any good come out of the turmoil at the Chicago convention? Yes. We have found the ideal man to take charge of security in Saigon: Mayor Daley. He'd round up those Viet Cong terrorists so fast we'd have to build two new jails to hold them all. DON'T YOU THINK the cost of a child's school supplies these days is outrageous? Yes, I can remember starting to school with a penny cedar pencil and a 5-cent tablet. We may have been short on equipment in those days, but we made up for it at lunch time. How many of today's kids take along sandwiches made of thick slices of country-cured ham between big homemade biscuits? I UNDERSTAND that regular air service between New York and Moscow is now in effect. A round-trip costs \$100. If I ever took one of those flights, I'd certainly want a round-trip ticket, and I'd prefer to go on the "fly now-pay later" plan. The Russians have been known to cancel the return part of a traveler's ticket, but they'd probably allow a fellow to go home if they stood to lose \$100 bucks by keeping him.

Journey To The Past

BY EVALYN PARROTT SCOTT

...mind had been cleared by a wind. Two floral covered minds was all I could see. So I paused to give thanks for the influence they had cast on me. backward I glanced, and backward again I glanced. But a veil had been formed by a distant hill, And a darkness had o'er shadowed the rill.

I lifted my face high to the east, no sound but the coo of a dove. In turning, I walked slowly away, with a higher gaze above, But backward I glanced, and The moon came up on the silence that my lonely heart left in the east. But it was comfort to know, that somewhere, side by side together again they feasted!

ROCKY FORD

MRS. V. M. PETERMAN 262-4532

MR. AND MRS. Eli Young have returned from a trip. They were accompanied by her sister, Mr. and Mrs. John Trulove of Vernon. They went to the Astrodome in Houston where they saw the Dodgers and Astro ball game; then to San Antonio where they enjoyed the HemisFair. They came back to Abilene for graduation exercises at Abilene Christian College. The Truloves' son, Dan, received his Masters degree. He is coach at Hamlin. Dan is brother of Mrs. A. D. Shavor, former Amherst resident. Shavor was coach in the Amherst school several years ago.

MR. AND MRS. Harrell Patterson and daughter, accompanied by Mr. and Mrs. Gene Riney of Littlefield are home after vacationing in Platoro, Colo.

MR. AND MRS. David Harmon and her cousin, Mr. and Mrs. Harrold Dakes of Happy, have returned from a fishing trip to Lake Brownwood. They report fishing was great, and caught quite a few.

G. T. ROGERS of Dallas and Mrs. Nellie Weaver of Dinuba, Calif., have been visiting their mother, Mrs. Jessie Rogers, and aunts, Mrs. Bess Davis of Littlefield and Mrs. Eli Young and other relatives and friends. Mrs. Rogers is in Medical Arts Hospital. She broke her hip last Friday. The Rogers are former Rocky Ford residents.

MR. AND MRS. Harvey Patterson and children visited HemisFair and Austin last week. They came back by Inks Lake where they were met by his brother, Tommy Patterson and family for a few days of fishing, swimming and skiing.

MRS. ALLAN WHITE spent several days in the local hospital as the result of a fall at a back door of her home. X-rays showed no bones broken but muscles and ligament were strained.

Limping Wildcats Scrimmage Canyon

Eventhough Coach Raymond Birchfield's Wildcats will scrimmage the Canyon Eagles here tomorrow afternoon, he'll still have to wait a couple more weeks to see his first team all together under fire.

The 'Cats have still got the ailments, much as last year, which kept key players out of action throughout the pre-season warmups. Though none are yet as serious as this time last fall.

Topping the injury list of players who will miss the scrimmage session at 4:30 tomorrow are quarterback Roy Burk, fullback Howard Wright, Varnell Kemp and Jim McCary. Burk missed the seminoles session last Friday because of a deep bruise in his leg. In fact, he didn't even start jogging again until Tuesday afternoon. He is understudied by junior Charley Holt.

Injured against Seminole last week was Wright. He sustained a neck ailment and has been in traction since.

McCary pulled some footligaments prior to seminoles and remains out of uniform.

Kemp will not be full speed tomorrow, though he will replace Wright on defense. He has a pulled groin muscle.

So against the Eagles who boast six starting offensive players from last year's 2-8 team, and the same number of defensive starters, Birchfield plans to start in the backfield

T. J. Morgan at fullback, Travis Danford at wingback, Kenneth Twitty at tailback and Holt at quarterback.

His linemen, other than Kemp and McCary, are in good shape and ready for battle.

In fact, they are far more ready for battle than last week against the Indians. They've matured considerably in the

finer points of the game, after their experience gained against powerful Seminole, according to Coach Birchfield.

"I think they learned a lot more than Seminole last week, and I feel like they are ready to put into practice what they learned," he said.

Birchfield said the Wildcats had good workouts this week in preparation for the scrimmage.

The 'Cats do not enter the grid battle next week, when season officially opens over the state. They observe an open date the first Friday, then clash here against new District 3-AAA member Estacado of Lubbock Sept. 20.

SCRIMMAGE TONIGHT

Whitharral's Success Keys On Spirit, Desire

New Whitharral coach Otis Summers will get a second look at his Panthers this evening when they scrimmage against Loop.

Summers will take his crew of about 20 athletes to Loop for a session which is to start at 8 p.m.

It's not the same around Whitharral's field and locker room without athletes like Stan Sadler, Leroy Bradley, Steve Graham and Jimmy Pence.

They were graduating members of last year's proud Panther club that lost the last

game of the season, 24-26, to Threeway, and cost the District I-B eight Man championship.

But even without the spring losses of such stars, Coach Summers still feels spirit and desire are the key to his club's pending season.

"If we don't have the desire, we won't win but two or three games during the season. But if spirit is high and the desire to win is strong, we can go all the way," he said.

Starters returning to Panther pads include backs Monty Rogers, 150-pound junior right

halfback; Loyd Hoelcher, 140-pound left halfback; Johnny Graham, 145, sophomore quarterback; Terry Rogers, 145, senior right guard; and Rex Avery, 165, junior center.

Summers named the other probable starters as Larry Gage, 165, junior right end; Finis Tipton, 145, sophomore left guard; and Bobby Cardenas, 140, junior left end.

Coach Summers, a Texas Tech graduate, coached at Paducah, a Class A school, last year. He is assisted by Jack Bell, another Tech grad, who coached at Eldorado.

DICK TUBBS and JIMMIE JOHNSON
CHAMPIONSHIP FLIGHT WINNERS

Smiley Monroe, Carl Rushing

Cotton Renner, Billy Sisson

Levelland Twosome Cops Tourney Title

If you can't shoot 14 strokes under par for 54 holes of golf, you can't win the Littlefield Partnership Golf Tournament.

That's backed by the tournament's three-year history statistics. The first place each year has been won by the identical score of 199.

But one of history's precedents was broken this year. An out-of-town duo copped the first place trophy and prizes.

In fact, almost all the prizes went to golfers from other than Littlefield.

Levelland sent all the big guns in the Championship Flight, won by Dick Tubbs and Jimmie Johnson.

Anton's Smiley Monroe and Carl Rushing captured the First Flight honors.

And Second Flight prizes went to Priona's Cotton Renner and Hereford's Billy Sisson, a native of Littlefield.

The closest, besides Sisson, anyone from Littlefield came to any prizes in the tourney was Second Flight consolation, won

by Billy Pierce and Ken Williams.

Tubbs and Johnson held onto their lead the final day, Monday, eventhough they shot their

highest score of the three 69. They were pushed by stroke going into the last by Max Harrington and Cecil McDonald, who faltered 204.

But two big names in athletics maintained their stroke trailing of the last through the final 18 holes, took second place prizes, duo was made up of Dale Aise, former All-South Conference basketballer at Texas Tech, and South Plains College athletic director Powell.

Jimmie Young and Ben Ger slipped past Littlefield Jim Upton and Frank O the final day to take second place prizes in the Flight. Both teams were after the second day at but finished at 229-231.

Consolation prizes of golf shoes went to Hollis worth and Hollingsworth Championship Flight; Joe dena and Wheeler, First Flight and Pierce and Williams, ond Flight.

First place prizes were aluminum shaft woods, and golf bag went to each flight second place. In addition Championship Flight were awarded trophies.

Drivers Unhurt In Car Crashes

A collision at West Delano and XIT Drive resulted in no injuries but substantial damage to both cars at near 9 p.m. Friday, police reports show.

Richard F. Groves, 41, of Perryton, was reportedly traveling west on Delano and Johnnie L. Hall, 65, of Littlefield was proceeding north on XIT when the accident occurred.

The police diagram indicates that Hall's 1959 Chevrolet turned from XIT into the wrong lane on Delano and struck Groves' vehicle in the leftside.

Damage to the 1968 Plymouth driven by Groves was estimated by police at \$350. The Chevrolet received an estimated \$100 damage.

A second accident occurred late Saturday afternoon which also involved substantial damage but no injuries, the reports indicate.

A 1962 Pontiac sedan and a 1965 Chevrolet pickup were in collision on S. Phelps and 10th

St. The Pontiac suffered an estimated damage of \$100 and the pickup received damage in the amount of \$200.

The report states that the Pontiac, driven by Linda Hopper, 15, of Rt. 1, Anton, was struck from the rear by the pickup, driven by Kim Hill, also 15, of Littlefield.

The Hopper vehicle was on Phelps in a line of cars waiting to cross 10th when Hill approached from the rear, didn't see them in time and crashed into the back of the Pontiac after skidding 75 feet.

gave you a campaign speech. I came to tell you what I and what the majority of the members of the legislature, feel about Bill Clayton," Pendleton concluded.

Pendleton told the group he would handle all the arrangements in getting the major party members to the banquet.

General Chairman Armstrong noted that between 1,000 and 1,200 tickets would be the minimum goal for the banquet. He emphasized that all the volunteer workers who were interested in helping were welcome, and should contact either him or one of the committee chairmen for assignment.

person would cast his vote individually. The chairman would tabulate each vote carefully and would be in a position to cast the delegations vote with a minimum of delay at the next day's session."

"We had dissenting votes on only two issues and those were on the seating of the Alabama and Georgia delegations. There were 1 1/2 votes against Alabama's delegation and 2 1/2 against Georgia's."

"We voted unanimously both for the majority plank on the Vietnam war and for Hubert H. Humphrey for the nomination."

Hall flew from Dallas with the entire delegation to Chicago on a huge jet tabbed "The Ben Barnes Special" which was greeted in the convention city by approximately 500 people and three bands, compliments of Mayor Daley.

He returned to Littlefield late Friday afternoon.

Though the convention is over and his task completed there, Hall still has work as a delegate coming up in the future. He will attend the Governor's convention in Austin Sept. 17-19 as chairman of the Lamb county delegation.

There the delegates from the 51 Senatorial districts of Texas will thrash out a platform for Democratic governor candidate Preston Smith to run upon. The platform will also apply to other candidates running for state offices.

"My participation in Chicago was an interesting and satisfying experience, and I see no reason why the next, or any, future conventions should not be held there," Hall concluded.

Extension Service Demonstrations Dot County

The Lamb County Crops Committees, in conjunction with the Lamb County Extension Service and several county farmers, has 26 agricultural demonstrations this year, situated in representative areas of the county.

Under the capable leadership of Cecil Mason Johnson of Littlefield as chairman, the crops committee is composed of Roy Allen Hutson, Les Lichte and Eldon Gohlke, all of Littlefield, Kenneth Burgess of Sulist, John Bridges of Earth and Fred Long of Olton.

A complete county-wide map locating all of the demonstration areas accompanies the following description of each. The map on the front page shows the

first nine locations to be visited on today's tour.

This map includes all the locations and describes the remaining 17 demonstration plots. These include:

10--BENNY HARMON FARM--Grain Sorghum Insect Control Demonstration.

Purpose: To demonstrate the results of spraying for greenbugs.

Treated--West Side.

Non-treated--East Side Variety in Test; Lindsey 786W

SOME OF HIS BEST--Mark here displays some of the best collection of spear, lance, dart and arrow heads which were found in West Texas and New Mexico. The arrow heads shown are the very small ones, Mark the layman, all the rest were used on larger weapons. The smallest of the arrow heads were used in killing buffalo, says, attesting to the efficiency of the age-old bow and arrow and the bravery of the Indian.

... Farm Tour ... Artifacts

Continued From Page 1

1967 he assisted with the University of Oklahoma excavating sites in south and north central Oklahoma. Mark has an awesome collection of what the layman believes are arrow heads. Some of them are almost perfectly preserved and are artistically designed and made.

"Only the very smallest of them are really arrow heads," he says. "The larger ones are all spear, lance or dart heads." The lance and spear heads speak for themselves, but the dart was a very different unique type of weapon.

The dart, held properly, eventually became an extension of the arm and utilized in the fullest to make accurate and dangerous weapons at close range," he explains.

Most of Mark's artifacts there are literally buried in them, were found in West as, New Mexico, Colorado, Oklahoma.

In addition to the points, he has unearthed numbers of ancient pottery, large variety of stone tools, many pieces of prehistoric objects.

Mark spent his first two college years at West Texas University and is finishing at Texas Tech. Asked for future plans he responded, "I hope to go on to his degree in anthropology."

If such comes to pass, says he will probably be at the University of Kansas where offers an outstanding program in this field.

In the meantime, he is sorting, classifying and building his outstanding artifact collection between books in his college textbooks.
