Holt, county chairman of the War Chest Drive, announced Tuesday that a total of \$9,274.16 had been contributed to date in the county, as against \$9,335 quota; that most of the cities and communities had gone over the top, with a surplus to spare, but that no report had yet been received from Hart Camp; and also that Amherst, starting late in the campaign, had not quite completed their drive; and that when complete figures were received he was certain the county as a whole would be over the top as usual.

CCC Will Purchase Cotton; Loan Rate Schedule Announced

Five Point Increase Per Month Added As Allowance To Farmers

Full parity price to farmers for their 1944 crop of upland cotton is assured under the new Commodity Credit Corporation purchase program regardless of whether or not it is under a government loan, L. F. Bain, Administrative officer of the Lamb County AAA, said today.

The CCC will purchase all upland cotton for which a loan rate schedule has been announced, offered to it up to June 30, 1945. The cotton will be purchased at the following prices: (1944 crop middling 15-16 inch, basis gross weight flat cotton at Memphis, Tenn.) October, 21.90 cents per pound; November, 21.95; December 22; January 22.05; February 22.10; March 22.15; April, 22.2; May 22.25; and June 22.25.

The five-point increase per month has been added to the price as allowance to the farmer for storage and carrying charges.

Other highlights of the purchase program are:

1. Premiums and discounts are the same as those of 1944 loan program, based on Middling 15-16 purchase rates, gross weight.
2. Location differentials for warehouse points will be based on freight rates to the Group B mill area of the Carolinas except in eastern Mississippi, eastern Tennessee, Virginia, North Carolina, South Carolina, Georgia, Florida, and Alabama where a zone system will be in effect as under the loan program.
3. Purchasing agents, mostly local banks and warehousemen, will be approved by CCC.
4. Purchasing agents will buy at CCC prices if warehouse receipts and sales agreement are turned over (Continued on Back Page)

Locals Win Over Post Eleven To Score Of 51-0

Friday's Is Last Conference Game Of Season For Wildcats

The high-stepping Wildcats scored at will over an out-classed but scrappy Post eleven before a small crowd at Post last Friday night. The first team scored three times in the first period after which the entire second team went in and stopped all scoring until near the end of the first half when the first team went back in and pushed over another touchdown to bring the half-time score to 25 to 0. The "Yannigans" started the second half and managed to score a touchdown for themselves. With reserves playing most of the last half the boys finally ran the score to 51 to 0. The Post eleven was scrappy but light. Their biggest threat was a persistent passing game which brought to light an apparent weakness in the Wildcat defense. Several Post passes were completed for nice gains.

The pay-off game in District 5-A will be unrec'd here at Seely Stadium at 8:30 Friday night. Muleshoe footballers will be in town to try to knock the pennant hopes of the Wildcats into the ashcan. This is the last remaining conference game for the Wildcats—if they can win they will have undisputed claim to the championship. The rapidly improving Muleshoe eleven will be in the enviable role of the underdog—out to knock the favorite off. The Muleshoe team has been coming along rapidly under the tutelage of Johnny Wight, after being out of competition for two years.

Coach Fikes and the boys are leaving no stones unturned in order that the boys will be ready for this important game. Wildcats are in good condition generally — a few bruises from rough practice sessions is all in the way of injuries.

Sgt. V. G. Pierce Killed In Action

Sgt. V. G. Pierce, Jr., 22, son of Mr. and Mrs. V. G. Pierce of Morton, formerly of Littlefield, Paratrooper, is reported killed in action September 19 over Holland.

This information was received by his parents last week. He is believed to have been one of the 8000 paratroopers, who lost heavily in a recent invasion in that area, in which only 2000 were reported to have returned to their base.

Sgt. Pierce had been stationed in England, and the last time his parents heard from him two months ago, he was in a rest camp in England.

Sgt. Pierce had reported to his parents recently many narrow escapes from the enemy. He had been captured twice by Germans, sentenced to die once, but had gotten back to his base. On one occasion he said he did without eats for eight days and eight nights, except for his rations. (Continued on Back Page)

Gifts Requested For Lubbock Air Field Hospitals

The Camp and Hospital Council has suggested that Christmas gifts be requested for the two Army hospitals at Lubbock, the South Plains Army Airfield hospital and the Lubbock Army Airfield hospital, for servicemen who are ill or injured in flying, and confined in the hospitals at Christmas time.

The great need for talent programs to be put on at these two Army Hospitals at Lubbock was also pointed out. It has been suggested that an appeal be made for groups to visit the hospitals to play games, sing or play the piano in the recreation wards of the hospitals, which would have the effect of getting convalescent men's minds away from hospital atmosphere. It has been pointed out that meeting new faces, especially people outside the hospital personnel helps considerably the serviceman in his progress to get well again.

District FFA Meeting Here November 16

"May you never be tarnished with selfishness, thoughtlessness, or wastefulness," said Paul Gross, president, in the ceremony for raising Green Hands to the degree of Chapter Farmers at the district F.F.A. meeting held in Levelland October 12, 1944.

About twenty-four boys from Levelland, Sundown, and Morton were cautioned against ignorance, indolence, waste and isolation by the district officers. They were told to work hard, but to plan before they work. They were asked to practice thrift and cooperation which will make life more profitable and more comfortable on the farm.

This meeting was the first of the three meetings designed to raise every qualified Green Hand in the district to the degree of Chapter Farmer. The second meeting will be at Sudan November 6 to raise the Green Hands of Muleshoe, Springlake and Sudan to Chapter Farmers. The third is scheduled at Littlefield November 16, where the Green Hands of Anton, Littlefield and Whitharrel will be raised to this degree.

News Of Amherst

Amherst School Rift Is Settled

School at Amherst will be resumed Monday, November 6, after having been closed since Monday, October 16.

A rift had developed in the Amherst school faculty and the students had expressed dissatisfaction as to some features of the operation of the school. Faced with this situation, the board closed the school for cotton picking and to provide time for a readjustment of school matters.

With the development of the general situation in the school, the students asked permission to appear before the board. This was granted on the night of October 16. Prior to the board-student conference, eight of the teachers resigned and the following day the others did likewise.

A new superintendent and nine teachers were elected at special meeting of the board Monday night of this week. Six of the original faculty were re-elected at Monday night's meeting.

The new superintendent is Roy Stevens of Amherst, who recently received a medical discharge from the armed services. He replaces B. T. Rucker who resigned. Mr. Rucker came to Amherst this year from the Shallowater schools. Mr. Stevens is a former member of Amherst faculty.

The new teachers named were W. J. Warren, Mrs. James Turner and Mrs. C. R. Stevens, all of Amherst. Those re-elected were Miss Gladys Dyer, Mrs. James Elms, Mrs. Robert Shipp, jr., Mrs. Otis Beason, Miss Edith Gipson, and Miss Edith Lynch.

Five teachers will have to be elected to complete the faculty, but substitutes are available.

Amherst school has 20 affiliated credits. Among new improvements this year are a lunch room, government manual training shop; new teacherage and a cannery. The main building, which was built about 10 years ago, is estimated to have cost \$120,000.

Board members are Aaron Tomes, president; Howard Clement, Prentice Holland, S. J. Harman, Raymond Edwards, Earnest Black and Ed Nicholson.

Mr. and Mrs. Kenneth Pitman of Levelland are the parents of a son, born Tuesday of last week, at the Littlefield Hospital. He weighed 6 lbs. 9 oz., and was named "Carl Dean."

Mrs. Artie Bevers of Hereford has been a patient at the Littlefield Hospital here for medical treatment since last Thursday.

T-Sgt. Robt. R. Hodges Dies From Wounds Annual Day Of Prayer Observed At Amherst Church

T-Sgt. Robert R. Hodges, 24, who was reported to have been severely injured September 16, in the invasion of Germany, and said to be a patient in a hospital in France, was later reported to have died a few hours after being wounded. This information was received in a telegram received by Mrs. Gloria Wilson of Amarillo, sister of T-Sgt. Hodges.

T-Sgt. Hodges was a brother of Mrs. John Sterr of seven miles north of Amherst; of Mrs. J. P. Bean of Littlefield; and also of Mrs. Bill Workman, formerly of Amherst, but now of Amarillo. He was a member of the 22nd Infantry; was graduated from Amherst High school with the 1938 class; and was employed in the County Agent's office, Amherst, when he volunteered in the spring of 1940. He had been in the service about four years.

T-Sgt. Robert H. Hodges, only son of W. X. and Alice Hodges, was born January 13, 1919, at Hydro, Okla.

The family came to Amherst in 1924 where Robert grew to manhood. He graduated from Amherst High school in 1938. After graduation he entered Tech at Lubbock, and attended until he volunteered to serve his country in the 22nd Infantry on September 18, 1940. He was sent overseas in May, 1944, and has seen much action in France and Germany.

He was injured in Germany Sept. 16, and reported removed to a hospital where he passed away later the same day. No further word has been received.

Robert was converted in 1932 under the ministry of Rev. Ray Lee and joined the Methodist Church at Amherst where his blue star has shone on the service flag and now becomes the first gold star.

His father died August 1, 1939, and his mother December 22, 1941. Six sisters and their companions remain: Mrs. Gloria Wilson of Amarillo; Mrs. Viola Sterr of Amherst; Mrs. Mattie Bean of Littlefield; Mrs. Mary Drake of Amarillo; Mrs. Florence Workman of Amarillo, whose husband has been in France the past year; and Mrs. Virginia Jones of Amarillo.

Mr. and Mrs. John Cope of Amherst are uncle and aunt. There are 10 nieces and nine nephews.

Three nephews have also served in the Armed Forces, two have received medical discharges from wounds received in the Southwest Pacific. They are: Walter Wilson, Marines, discharged; Francis Wilson, Navy, discharged; and Ira Wilson, ship cook, now back in the States. Another nephew, Bill Sterr, is awaiting his call.

Truly this family of our friends do long for the day when we shall beat our swords into plowshares and our spears into pruning-hooks and wars shall be no more.

Robert was an upright, progressive young man with an ideal before him in a useful life, but like so many more, his plans were cut off by answering the call to make that sacrifice—to give that last full measure of devotion. May we answer, we have caught the torch. We will not break faith with you.

... And we will keep True faith with you who lie asleep, With each a cross to mark his bed, And poppies blowing overhead Where once your own life's blood ran red; So let your rest be sweet and deep."

Memorial services were held Sunday, October 22, at the Amherst Methodist church at 11:30 a. m. The pastor, R. H. Campbell, in charge.

Those present for the services: Messrs. Bean and Sterr, with all the sisters; also present were: Mrs. Dorothy Lee and Mrs. Lawrence Rodden, sisters of Bill Workman, and Mrs. Rodden's daughter of Muleshoe; Mrs. Evelyn Swindell and daughter of Lubbock; Kermit Workman and family of Sudan; Mr. and Mrs. John Cope of Amherst.

History points the way for Conservation today

"THERE ARE SEVERAL, AMONG WHOM I MAY CLASS MYSELF, WHO ARE ENDEAVORING TO GET INTO YOUR REGULAR AND SYSTEMATIC COURSE OF CROPPING."

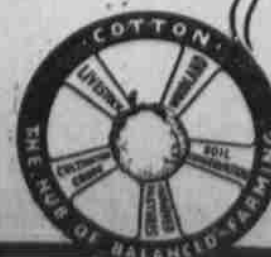

—George Washington.

Today, not several but thousands of farmers follow regular systems of conservation crop rotation that maintain and rebuild soil fertility. Rotations, carefully planned to meet the needs of each individual farm, are essential for profitable, permanent farming.

Conservation crop rotations in the Cotton Belt logically center around Cotton, the most dependable and valuable cash crop. Combined with legumes, cover crops, grains and other crops, Cotton in the rotation gives larger returns per acre and provides needed cash income, livestock feed and other products.

Brother Of Mrs. E. C. Caldwell Missing In Action

Lieut. Lee Edmunds McDuff, 19, Fighter Pilot, and brother of Mrs. E. C. Caldwell of Littlefield, is reported missing in action over Germany since September 20.

Lieut. McDuff is the son of Mr. and Mrs. Joe E. McDuff of Crosbyton, and had been stationed in France since D-Day and had been piloting both Lightning and Thunderbolts. He was leader of his squadron.

Mr. and Mrs. McDuff received a telegram from the War Department Thursday last advising their son was missing. A letter received, however, from their son's buddy from France would seem to indicate that Lieut. McDuff might be a prisoner of war, but nothing to this effect has been received from the War Department.

Lieut. McDuff had attended Tech three years, and was majoring in Engineering, when he entered the service two years ago. He received his wings at San Antonio.

Mr. and Mrs. Caldwell have lived in Littlefield about a year, Mr. Caldwell being with the Department of Public Welfare.

Cpl. Efton B. Graham Is Commended

Cpl. Efton Graham of the Air Corps, First Depot Repair Squadron, who has been stationed somewhere in Panama, in the Caribbean area, for the past 20 months, and in service over two years, has been commended for the work performed by him. He is the son of Mr. and Mrs. O. B. Graham, and his wife is making her home here in her husband's absence.

Included in the letter of commendation sent by the serviceman's commanding officer to Mrs. Graham, is the following:

"It is the desire of the undersigned to commend you, Corporal Graham, on the work that you have performed for the Air Depot Dispensary during the month of September, 1944.

"The Dispensary just being rebuilt and reorganized, was in need of the necessary signs and directing placards to finish its appearance. Although you were performing your military duty, it is felt that you devoted a great deal of personal feel-

In Charge Of Power Plant On Trinidad

D. D. (Shorty) Lippard, son of Mr. and Mrs. J. H. Lippard of Littlefield, who was employed by the Texas Utilities Company here from 1931 to 1933, is now in charge of power plants, power lines and the P. W. Electric Shop, of the Seabees, on Trinidad Island, according to an article appearing in the X-Isle, a publication of four pages published semi-monthly by and for the enlisted personnel of the United States Construction Battalion Maintenance, Unit No. 559.

The article further states: "In handling the 'hot stuff' there is no man in the outfit better fitted for the job than Warrant Officer

ing, extra work and time to this duty. Therefore, it is my opinion that this commendation is justly due you.

"JOHN J. SHEEDY,
"Capt., Med. Corps
"Surgeon."

Lippard. The bureau requires that a warrant officer have a lot of experience, and the subject of this article really fills the bill. For 20 years previous to U. S. Navy life, Mr. Lippard has worked for Southwestern Public Service. First he worked as a regular lineman, then as district foreman, and finally as a superintendent, whose function it was to give the consumer power and light without a flicker. During his years with the power company, Mr. Lippard has seen and worked in all types of situations, as well as having weathered a bad depression.

"Mr. Lippard's naval experience started in July of 1943. Since our battalion days, he has been an important member of the officer staff. As for military training, the seven and one-half years in the National Guard with the last two of these years spent as a lieutenant, has proved to be of unlimited assistance, not only to himself, but to us and also to the new 'boots' he is training.

"In spite of all his business responsibilities, Mr. Lippard found enough time to be a member and Past Master of the Masonic Order, also a Worthy Patron of the Order of the Eastern Star.

"His biggest ambition is to get back to the wide open spaces of the plains, and to rejoin his family at Marlin, Texas."

At the gunnery school, he was trained in the operation of .30 and .50 calibre machine guns, first on ground ranges and later in the air, learning by simulated aerial battle conditions how to blast enemy fighter planes from the sky.

As an aerial gunner he will join thousands of his "teammates of the sky," carrying the attack to the enemy in all parts of the world as guardians of America's heavy and medium bombers.

He is the son of Mr. and Mrs. C. M. Tidwell, who reside at Buln, Tex.

With South Plains Men In The Armed Forces

Lieut. Herbert Martin has completed a radar course at Boca Raton, Fla., and is now an instructor in Radar at that air field.

Lieut. Martin received his wings and commission at Hondo Field, Texas, August 21.

It is a small world after all. Two Sudan boys, Lieut. W. H. Lyle, Jr., and Capt Ben Ezzell met on the remote Noemfoor Island off the west coast of Dutch New Guinea in the last days of September.

This information was contained in a letter written by Son Lyle to his parents. Capt. Ezzell was editor of the Sudan News up until the time he enlisted in the Army in the summer of 1942 and reported to Lowry Field, Denver, Colo., to train as an aerial photographer, but according to the information conveyed in the letter, he is an intelligence officer. It was also stated that Ben had married a Denver girl and that he was the father of a nine-month-old youngster that he has never seen.

While living in Sudan Ben was a member of the Rotary Club and active in civic affairs of the city.

Pfc. Johnson Lee, with 315th Inf., stationed somewhere in France, in a letter dated Sept. 23, said he was being kept real busy and was thankful that he was still healthy and unscratched. He's been in the service since Dec. 1941, overseas since May of '44. Son of Mr. and Mrs. J. D. Lee of 1-2 East Yellowhouse Switch. A-C Curtis Lee, who is in pilot training at Moody Field, Georgia, will receive his wings Nov. 20. He has been in training 16 months and is enjoying flying a B-25.

Sgt. Tom R. Johnson of Marfa Army Air Field was a Sudan visitor recently. Sgt. Johnson has been stationed at Marfa since May of this year. He is a graduate of a mechanic school at Minter Field, Calif.

A dinner was given in his honor at the home of his mother. Guests included Mr. and Mrs. M. R. Trammell and son, Mr. and Mrs. C. G. Johnson and family, Mrs. Olla Faye Huffaker, Jim Trammell, Mr. and Mrs. Pete Newbrough and son, and Loyd D. Newbrough.

Sgt. Johnson was pleasantly surprised with a visit from Jack Bates who went into the service at the same time as did Johnson and the two men trained at Minter Field together.

Pfc. T. W. Fife arrived home Monday of last week from Camp Swift, Texas, to visit his parents, Mr. and Mrs. T. Fife of Sudan. Pfc. Fife has been in the service 2 1-2 years and overseas in the Aleutian Islands 27 months with the 159th Infantry. He has only been back in the States a month. He will report back to Camp Swift November 7.

A brother, Lt. Aubrey E. Fife, is stationed at Miami, Fla. He is a pilot on a bomber, and was in combat service in New Guinea, Saipan, etc., ten months. He returned to the States in July. He is expected on a furlough in about six weeks.

Waymon Taylor, connected with the V-12 Program, stationed at the Southwestern University at Georgetown, Texas, and son of Mr. and Mrs. M. C. Taylor of Littlefield, has been in the service since June of last year. He expects to get a leave home on October 22nd and 23rd, and after a visit at home will go to Ashbury, N. J., where he will attend Midshipman School.

R. L. (Bob) Taylor, Chief Petty Officer of the Seabees, who has been stationed on Tenian Island, one of the Marianas, has been moved to Enwetoke Island, one of the Marshalls. His wife received two letters from him recently dated October 8 from Tenian Island. He

said they would unload the next day, and then he would write more about the island. He said while on the trip they had wonderful eats. He said they had passed Saipan Island, but couldn't tell much about the Island.

Jodye Jones, S 1-C, left Thursday for San Francisco, Cal., where he has been transferred. Seaman Jones is in the Armed Guard, attached to the Signal Corps. He will take several weeks special course at his new base.

PEOPLE OF TEXAS

The hour has struck when the people of Texas must decide whether to perpetuate the Communistic-C.I.O. Bureaucracy at Washington, or restore our Constitutional Democratic form of Government.

The Texas Regulars Party has been organized to fight for true Democratic principles. In truth it is the real Democratic Party. The Texas Regulars Party will head the third column on the official November ballot.

TEXAS REGULARS STAND FOR:

1. Unstinted support of our Armed Forces and their Real Leaders and the hastening of the termination of the War and Return of our Sons and Daughters.
2. Restoration of Constitutional Government.
3. States' rights, local self government and individual freedom.
4. The removal of Federal Shackles from Southern agriculture and industry.
5. Laboring unions freed from the control of corrupt and racketeering leaders.
6. Enforcement of all Texas laws against mixing of White and Negro blood, and restoration of White Man's Primary.

TEXAS REGULARS OPPOSE:

1. The Communistic, atheistic doctrine of a New Deal.
2. The Federal enforcement of social equality between the Whites and Negroes of the South.
3. Centralization of governmental power in boards and bureaus not elected by or responsible to the people.
4. Federal domination of Texas Free School System.
5. Bureaucratic tinkering with Southern Agriculture.

WHAT WE ARE FIGHTING FOR ABROAD IS WORTH FIGHTING FOR AT HOME

It costs money to carry on this fight. If you believe in our principles, give us your support and contribute if you can. Fill in this blank and send it, with contribution of \$1.00 or more, to Judge Merritt Gibson, State Campaign Manager, Texas Regulars, 624 Littlefield Building, Austin, Texas. Send in your name whether you contribute or not.

REGULAR TEXANS
WILL VOTE FOR
TEXAS REGULARS.

JUDGE MERRITT GIBSON,
624 Littlefield Building,
Austin, Texas:

I believe in and will work for
the Texas Regulars.

NATIONAL APPLE WEEK

OCT. 28-NOV. 4

Since 1905, Hallowe'en has been celebrated as National Apple Day, and in 1920 Apple Week was inaugurated. With the return of peace it will again become International Apple Week... a week in which to pay tribute to the virtues of the Apple—King of Fruits!

Jonathan—the Hallowe'en apple—tart and crisp, with a special flavor all its own, makes a perfect sauce or pie, and is a wonderful lunch box, salad or eating apple.

Again we celebrate a bountiful harvest, and again good quality apples are available. For the sheer joy of having abundant supplies, in contrast to the shortages of last season, it's nice to say, "Eat an Apple every day!"

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

Last Rites Held For Former Local Methodist Pastor

Belated news of the death of Rev. C. Bruce Meador, Methodist Pastor, who held the church pastorate in Littlefield about the year 1933, is contained in an obituary written for the Southwestern Advocate, a Methodist church periodical by Rev. J. O. Haymes. Rev. Meador died on August 22, at the age of 76, having been a member of the Northwest Texas conference 48 years. He was admitted on trial in 1896, and retired from active service as a minister in 1935. In addition to pastorate of 16 churches of the Methodist faith, Rev. Meador served one year as business manager of the Stamford College and as evangelist in the conferences for eight years. Several churches and parsonages were built under his leadership and more than 10,000 conversions are credited to his ministry.

WAC RECRUITERS WILL BE IN CITY NOVEMBER 1 AND 2

"Was Recruiting personnel will be in Littlefield on Wednesday and Thursday, November 1 and 2, for the purpose of interviewing women who are willing to do their part in the present conflict. Particular emphasis is placed on the need for medical technicians at this time. Colonel Kurts, 8th Service Command headquarters, has expressed the urgent call for 48,000 women to help heal the physical hurts of the men who are every day returning to this country in ever-increasing numbers. This need increases as the days go by and the Army needs women to fulfill this requirement, because of the understanding nature, and the calm, peaceful feeling that only a woman's touch can give to a warped body, mind and spirit. STOCKTON, CALIF.—The honor of posting the highest 1944 record to date on yield per acre of barley goes to Otto Muller of Roberts Island here, according to a United States Department of Agriculture checkup. Muller's fields measured a net acreage of 23.34 and yielded 3,014 bushels of barley . . . for an average of 129.15 bushels per acre, a real contribution to Uncle Sam's Food for Victory drive. The huge yield is shown above being combined by a member of the Massey-Harris self-propelled harvest brigade—one of the 500 custom harvesters who have pledged to cut more than 1,000,000 acres of vitally important crops this year.
