

FREEZING RAINS HIT COUNTY

Power, Phone Lines Downed

Freezing rain and sleet fell over most parts of Lamb County beginning early Monday morning and continuing through Tuesday night causing heavy damage to trees, power and phone lines throughout the area. Small amounts of snow fell but melted as it hit although in a few places the wind-driven snow created a few drifts.

The snow and freezing rain fell most of the day Monday and Tuesday creating slick roads especially in the northern part of the county. None of the roads was closed but the driving was hazardous. By noon Wednesday most of the ice was melting as a warm sun blanketed the area.

Postmaster Exams Are Scheduled

An examination for Postmaster at Littlefield will be open for acceptance of applications until December 5, 1961, the Civil Service Commission announced today. The examination has been announced under revised qualifications standards recently agreed upon between the Commission and the Post Office Department.

The Postmaster vacancy here was created by the death of G. A. Joplin last summer. Joplin served as Postmaster here for several years prior to his death.

Competitors for the postmaster vacancy in this city must have at least 3 years of experience (education above high school level may be substituted for 1 1/2 years of experience) showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise.

Hundreds of trees in Littlefield received heavy damage from the freezing rain and one old-timer said it was the worst damage he had ever seen to the trees in this area. The trees still had their leaves which usually have fallen by this time but a late freeze left most of the leaves on the trees.

Limbs from the trees broke from the heavy ice which accumulated on them and about every yard looked like the pruning season, J. W. Harrison, city manager, said Wednesday morning, that he had all the crews and trucks available out picking up the tree limbs, but estimated it would take several days to completely clear the town.

He requested that citizens place their tree limbs near the curbs in front of their homes as the clean-up would be faster. The ice storm caused the cancellation of the County 4-H Achievement Contest.

Lighting Contests Are Planned

A total of \$150 is being offered in this year's home lighting contest sponsored by the Littlefield Chamber of Commerce. The annual event has been broken down into three categories with prizes to be given in each.

Dr. B. W. Armistead, chairman of the contest, said prizes would be given in Home and Yard Lighting, Entrance and Window. Prizes are \$50 first, \$20 second and \$10 third in the Home and Yard contests and \$20 first, \$10 second and \$10 third in the Entrance contest, and the Window contest.

Armistead said that members of the High School would judge the three categories. The Student Council will judge the Entrance contest, the National Honor Society, the Home and Yard, and the DE Club, the Window contest.

Deadline for entering the contest is December 11 with the judging to be done on Thursday, Dec. 21. All persons who plan to enter have been asked to try to have their lights ready to be turned on on November 27, the same day the downtown lights.

At Spade Tuesday Night

Fire Destroys Plains Gas

An estimated \$50,000 damage was done by a fire which destroyed the Plains Gas Company in Spade Tuesday night. "It could have been much worse", W. S. Savage, manager of the firm, said Wednesday morning, "if the wind had been out of the east."

Fire equipment from Littlefield and Anton answered the call which came about 9:45 p.m. Savage said someone came into his home and hollered that his office was on fire and Mrs. Savage then called the Littlefield Fire Department.

Savage said he wasn't sure what started the fire but that it broke out in the west wall. A wall heater and several pieces of electrical equipment are located on the west wall near where the fire started.

The 30 foot by 50 foot building was a mass of flames when firemen arrived, and attempts to save the building were fruitless. Attention then turned to a house located next to the burning building which was not harmed by the flames.

A large pool of water was standing in front of the building and was used by the firemen to control the flames. Firemen had some difficulty in getting the pump on the truck to pick up the water. The firemen battled the blaze in freezing temperatures for over two hours before it was completely contained.

Savage said the first thing he did was to call the Littlefield and Anton Fire Departments.

TIMBER - R - R - R Freezing rain created scenes like the one above throughout Littlefield Tuesday night and Wednesday as large branches tumbled to earth. Several hundred trees were damaged by the severe ice storm.

New Bracero Law Will Affect County Farmers

Lamb County farmers may face a labor shortage crisis after January 1, 1962, under the latest regulations of the Department of Labor. On that date, it will be unlawful to employ the Bracero as an operator of mechanical equipment and Braceros will no longer be able to stay the year around.

"This is going to have quite an impact in Lamb County," according to Skipper Smith who books Braceros for the area, "as it will create a tremendous labor shortage, not only when the farmers put up their land, but also the year around."

Smith said that most farmers would rather use local labor, but there is not enough to meet the demands. "This could cause serious side effects," he continued, "as farmers will be trying to hire other farmers' labor."

"At present, the farmers don't know exactly what to do," Smith stated, "and unless something happens between now and January 1, Braceros will no longer be allowed to drive tractors or other mechanical equipment." (See Bracero on Page 6)

Commissioners Court Approves Assistant Agent

Ronny E. McNutt was employed as the Lamb County Assistant County Agent Monday during the meeting of the Commissioners Court. McNutt was hired to replace Herb Helbig, who moved to Big Spring recently.

In other action by the Court, the delinquent tax records for 1959 and 1960 were examined, found correct and approved. Approval of the Extension Service Reports and payment of bills rounded out Monday's meeting.

Cats Play Levelland In Last Grid Game

"Whoever wants the game the worst will win," Don Williams, head coach, said about the Littlefield - Levelland football game scheduled for 8 p.m. Friday night at Wildcat stadium. The game will end the grid season for both teams, and will mark the first time in many seasons that this contest is not the decider of who will represent the district in post-season competition.

Levelland will be led by Robert Simpson who is a good passer and is "accurate at 60 yards," according to Williams. Both teams have strong passing attacks with the Wildcats' Boots Barker being in second place in district competition with 236 yards through the air and Simpson with 224 via the pass.

In total offense Levelland has gained 671 yards in three games while the Wildcats have picked up 670 yards. On defense the Wildcats have allowed 262.3 yards per game for three games while the Lobos have allowed 265.3 per game.

"It should be a bang up ball game," Williams said and continued that "We are as ready as we can get." Practices this week have been held in the High School gymnasium due to the bad weather. (See Cats on Page 6)

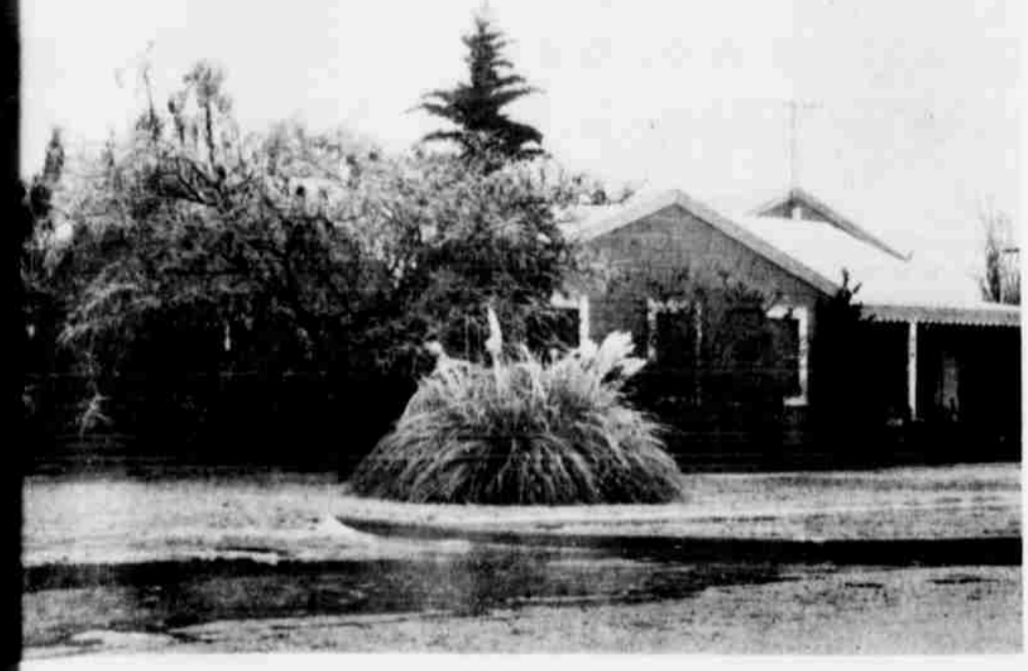

Jaycees Set Turkey Shoot

Littlefield's Junior Chamber of Commerce will stage their annual Turkey Shoot Sunday afternoon beginning at 2 in the field south of the Crescent Park Motel.

Turkeys and hams will be given as prizes. Bobby Pell, chairman of the Shoot, said "Everyone is invited and can either bring their own gun, or we will furnish a gun for the shooters."

Proceeds from the Shoot will go into the Jaycee Christmas Fund to be used for the needy. Each year the Jaycees give food baskets to needy families in the Littlefield area.

Others serving on the Turkey Shoot committee with Pell are Elbert Dillon and Phillip Adkins.

SCENES CREATED -- Monday and Tuesday of this week saw most yards and houses transformed into winter scenes as freezing rain, sleet and some snow fell. Most tree branches were encased in ice and many became too heavy and broke off the trees.

TOWN and COUNTRY

by Wendell Tooley

MOTHER NATURE certainly gave the Littlefield trees a good time before they had a chance to shed their leaves!

Suppose a photographer appreciates an ice storm more than anyone... it's a wonderful time to get some beautiful scenes of the shrubbery covered with the sparkling ice.

Why we'd raised any typical tree size? Texas cotton this year, we would have been ruined. The ice would have broken the stalks and it would have stripped mighty aggrava-

tion. Our crop was a little short this year... so no more about the ice storm saving the cotton crop.

One farmer remarked that he said get a better grade now, because his cotton looked real nice since the ice storm. The good thing about the cotton this year is the price for spotted cotton. We'll hope that the weather will clear up and with a good day of harvesting perhaps we'll be over the "hump."

APPROXIMATELY 25 Lamb County Republicans attended the money raising dinner in Spade Saturday night when Chairman William Miller and Senator John Tower appeared for talks.

Although Miller didn't say whether or not he favored Water or Rockefeller for 1964 Republican candidate, he said that the conservative ranks were growing.

As I've said before I'm glad that is growing to a twoparty system... it's only fair that a Republican have an opportunity to vote under that kind of system. (See Town on Page 6)

Thanksgiving Service Planned By Churches

Littlefield's Ministerial Association will sponsor a Community Thanksgiving Service Sunday evening at 7:30 in the First Baptist Church. Special music will be provided by the

combined choirs of the Littlefield churches.

The choir will sing the Battle Hymn of the Republic and Thanks Be To God and will be directed by Jim Penn, music director of the Presbyterian Church. Organist will be Mrs. Jim Penn and pianist is Mrs. Fred Connally. Joe Arthur will be soloist during the singing of the Battle Hymn.

Rev. James R. Poe, pastor of the First Nazarene Church, will deliver the Thanksgiving message. Assisting in the services will be Rev. D. L. Kreeger, pastor.

Young Farmers Meet Monday

Dr. Thomas C. Longnecker and Bill Gunter will be the principal speakers at the monthly meeting of the Littlefield Young Farmers Association Monday at 7:30 p.m. in the High School agriculture department.

All phases of fertilization on cotton and sorghum land, including pre-planting, side dressing and fall fertilization will be discussed.

Dr. Longnecker of the High Plains Research Foundation at Halfway, will talk exclusively on grain sorghum fertilization while Gunter of the Texas Agriculture Station in Lubbock will speak on cotton fertilization.

Johnnie Fields is in charge of the program and invited all members and other persons interested in farming to attend the meeting.

Choir Sets Bake Sale

Littlefield Choir Parents will hold a bake sale on Saturday beginning at 9 in the small shop next to the Palace Theater.

Proceeds from the sale will be used to start a Choir Parents Scholarship Fund. The Fund has been established by the club to furnish financial assistance for Littlefield students who plan to major in music in college.

Lions Plan Pancake Supper Friday Night

Pancakes! Flapjacks! Grid-dicakes! Just any term you want to use there will be plenty of them available Friday night as the Littlefield Lions stage their annual Pancake supper. The event will begin at 5 p.m. in the High School Cafeteria, and continue until 7:30 p.m. just prior to the football game between Littlefield and Levelland.

Lion Boss Albert Perkins said everyone is cordially invited to attend the event and promised "all you can eat." He thanked the many people who

donated the food for the supper and the people who have backed the suppers in the past years. All the food for the supper is donated and the proceeds go into the Lions fund to provide glasses for needy children throughout the county.

Listed among those donating food are Foremost Dairies, milk; Morton's and Freddie Harrell, local distributor, syrup; Aunt Jemima, the pancake mix; and Pioneer SuperMarket, Renfro Bros. Grocery, Fenn's Food, Foust Food, Furr's, Inc., and Piggly Wiggly, the bacon.

MOUNTAIN OF PANCAKES -- Neil Wood, left, and Dr. Albert Perkins, right, seem to be wondering if they will be able to fry all this pancake mix in the small skillet Wood is holding. Perkins is president of the Littlefield Lions Club which is sponsoring a pancake supper Friday night in the High School Auditorium beginning at 5 p.m.

School Board Approves Annual Audit

Annual audit report of the Littlefield Independent Schools was examined and approved Monday night by the Board of Trustees. Also approved at the meeting was a schedule of rentals for school property.

The annual audit, recently completed by Cornell and Company, showed no differences between the last year's budget and the actual expenses and the company commended the Board on several items in the audit.

Rental fees for school property were made concrete with day or night rent for the auditorium set at \$20, High School gymnasium \$15, Stadium \$20 and Cafeteria \$20, with an additional fee for use of kitchen. Dave Tullis, high school coordinator, was appointed census trustee for the 1962 scholastic census.

Approval was given to the choir for their annual tour. The tour planned this year will require the choir to stay overnight in Perryton. The tour will be sometime in February.

V & L Tire Shop received the contract for repair of flats on the school's buses with a low bid. (See School Board on Page 6)

What a difference a year makes!

If anyone had told him, a short while ago, that his 1961 Cadillac could be improved on—he would have regarded them with disbelief.

And yet, after only half an hour in the newest "car of cars", he knows that a year of Cadillac progress has made a world of difference.

In fact, the list of Cadillac advancements for 1962 embraces each of the great motoring virtues.

For added beauty, there is a lower, longer silhouette . . . greater simplicity and dignity of line . . . and new interior elegance and luxury.

For improved comfort, there is increased spaciousness . . . new convenience of appointments . . . and a ride that is unbelievably quiet and smooth.

For finer performance, there is greater power . . .

more responsive handling . . . and a degree of all-around road ableness that is new even to Cadillac.

For increased safety, there is a new dual braking system . . . a new three-phase rear warning light system . . . and new cornering lights that illuminate your way around turns.

And we would like to say that even Cadillac quality has been enhanced for 1962. But the truth is simply that the car continues to be built to the highest standards that can be brought to the production of an automobile.

Stop by your dealer's showroom soon, won't you? He'll be happy to demonstrate to you what a difference a year can make—when the year is this one and the car is Cadillac.

From Your Chamber Office

By Gene Garrison

The people of the Littlefield Area seem ready to honor Christmas in traditionally happy style. The Chamber is offering a program that the entire area can participate in. Mancil Hall, chairman of the Steering Committee reports that the following committee chairmen and their committees are carrying out their assignments in such a way that will be conducive to a very successful and enjoyable Yuletide Season.

Otis Bennett, chairman of the Parade Committee, has made the following arrangements as to the course the Parade will follow, Monday night, November 27, 7:00 o'clock p.m. The Parade will organize on the Santa Fe Railroad Parking Lot on the North end of Phelps Avenue. The Parade will move down Phelps Avenue from the Railroad Station to 6th Street, (City Hall & Post Office). At this point, even number floats will turn right and of numbered floats will turn left and park. The Bands, the Jaycee's Toy Collecting Float and the Santa Claus Float will proceed up Phelps Avenue into the street directly in front of the Court House and between the Post Office and City Hall.

Reverend J. B. Cagle, President of the Ministerial Alliance reports that most of the churches are enthusiastic about the program and are planning religious floats. The plan is to place the floats in sequence to convey a pictorial message surrounding the birth of Christ.

Troy Armes, chairman of the Contact Committee, has both made phone calls and mailed entry blanks to the schools in the following communities: Amberst, Bula, Pep, Springlake, Whithearal, Anton, Olton, Spade, and Sudan. Each of these communities who has at least one entry, will win a \$25.00 prize.

Bill Kimbrough has contacted the 4-H Clubs of the area. The Littlefield School Groups are being contacted through Superintendent of Schools, Glenn Reeves. The local floats will not compete against floats of various communities. Each local group preparing a float will receive a \$10.00 check from the Littlefield Chamber of Commerce to help offset the expense of the project.

Tom Hilburn is chairman of the Santa Claus Float. Tom reports that one of his Scout Troops will build the float under his supervision. The float which carries Santa will be keeping with the Parade theme, "A Full Stockin for Everyone."

John Edd Hutchins, President of the Littlefield Jaycees, states that the jaycees are making plans for their annual toy collection. They will also have a float in the Parade for the purpose of climaxing their toy collection drive.

A workshop will then be established to repair the toys, distribution through the Salvation Army, Red Cross, Ministerial Alliance and any other established agencies who normally perform this function.

It should be noted that the jaycees will solicit assistance from everyone interested in repairing these toys. Don Hatley, chairman of the Jaycee Workshop Committee reports that Brittain Pharmacy consented to permit them to establish headquarters on Phelps Avenue adjacent to their store. This is real good in that it makes it convenient for people to come work on the toys for even short periods of time. Also, it is convenient for the general public to observe the progress of this Christmas spirited project.

On December 18, the entire community will gather around the Christmas Tree which will be surrounded by gifts for the needy and to sing Christmas Carols.

J. E. Chisholm, chairman of the Store Front Lighting Contest Committee, has mailed personal letters explaining this phase of the Christmas program. J. E. states that the business people are delighted to participate in this part of the program.

Warren Coplen, chairman of the Santa Claus Committee, is making arrangements for all of Santa's appearances. Santa will be here at least 3 times during the Christmas season.

Bill Armistead, chairman of the Home Lighting Committee, reports that \$150.00 in prize money will be dispersed between 3 different contests as follows: (1) Home and Yard - 1st prize \$50.00, 2nd prize, \$20.00; 3rd prize \$10.00 (2) Entrance (or Doorway) - 1st prize \$20.00; 2nd prize \$10.00; 3rd prize \$5.00. (3) Window - 1st prize \$20.00; 2nd prize \$10.00 3rd prize \$5.00.

Wendell Tooley and Jerry Sanders, co-chairmen of the Christmas Tree Committee, report that Mr. Leonard Green who lives 3 miles north of Littlefield, has generously consented to give us a large Christmas Tree. The Tree will be in place and decorated for the Christmas Parade and Band Concert, Monday Night, November 27.

Mr. J. P. Ray, Public Work

Supervisor, is in charge of hanging the street decorations. Considerable time has been spent in inspecting and repairing the decorations used last year. Also, some \$230.00 of additional decorations have been ordered.

Retail Council chairman, Dan Staggs, and the Trade Promotion Committee chairman, J. B. McShan, are working on the commercial aspects of our Christmas Program. Dan and Mac report that the com-

mercial program will in no wise conflict in time or date with the non-commercial program. The purpose for this is: (1) To revive some of the traditional interest in Christmas without commercializing. And, (2) To allow the entire area to participate in the program without working against their own home-town businesses.

Giving gifts is definitely a part of the joy and happiness we bring to others during Christmas. The Trade Promotion Committee does plan to make the atmosphere in which you purchase these gifts as a happy and enjoyable occasion in Littlefield.

It is commendable that the entire community is pooling their resources to provide a

Pioneer Resident Is Buried

Frederick John Determan, a pioneer Lamb County resident of the Pleasant Valley community died in the Green Hospital in Muleshoe, Monday morning. Determan was born June 8, 1894, at Early, Iowa. He married the late Susan Frances Lang, January 29, 1919. Mrs. Determan preceded him in death in 1955. They had one daughter, Mrs. Dolores June Duncan who survives.

Other survivors include a grandson, Michael Eugene Duncan and one brother, William J. Determan of Early, Iowa, and one sister, Theresa Determan Carroll, of Iowa.

Mr. and Mrs. Determan moved to the Pleasant Valley community in 1920, from Early, Iowa. Funeral services were held at the Immaculate Conception Church at Muleshoe with burial in Sacred Heart Cemetery of Littlefield.

L.L. Sunday guests in the home of Mrs. Lola Kirk were her son and wife, Mr. and Mrs. Tommy Kirk, Levelland.

Koller Is Honored for Outstanding Play

Jerry Koller, freshman half-back from Littlefield, is "Hound of the Week" at Eastern New Mexico University.

Koller booted six consecutive placements, scored one TD on a 10 yard caper, averaged 16.3 yards a carry on three tries, and punted four times for 37.5 average in helping his Greyhound teammates to an easy 42 - 6 win over Northwestern Oklahoma Saturday.

"Hound" voting is done weekly at Eastern football games by newsmen covering the game.

Koller's 12 - point spurge moved him into second place in scoring at Eastern with 32 points on 17 placements, three field goals, and one TD. He has kicked 10 consecutive extra points, and has hit on 17 of 21 for the season.

Other players receiving praise in the voting were defensive end Leo Brittain, middle guard, Preston Dooley, line-backer Bob Ray, and fullback Jerry Blakely, who gained 110 yards to lead all rushers. It marked the third week in a row that the 173 pound Seagraves fullback went over 100 yards in rushing.

Eastern, with a 5 - 3 - 1 mark to date, closes its season Saturday against Arizona State in Flagstaff at 2 p.m.

Mrs Ira Woods Blue Law Charges Filed Funeral Held

Funeral services for Mrs. Helen Thomas Woods, wife of Dr. Ira Woods, were held Friday in the First Presbyterian Church of Grapevine, Tex. Mrs. Woods died Thursday following a year's illness.

A native of Wise County, Mrs. Woods moved to Littlefield in 1931 where her husband was an optometrist. They moved to Grapevine in 1953. Mrs. Woods was very active in church and civic work while living in Littlefield.

Survivors include the husband; one brother, Erwin W. Thomas of Fort Worth; one niece and one nephew.

Burial was in Bluebonnet Memorial Park near Grapevine.

Two Lamesa business men who formerly were associated with businesses in Littlefield were charged for violation of the newly initiated blue laws.

Eddie Hassen, manager of Lamesa's Martin's Department store was charged. He was manager of Lane's Department Store in Littlefield about five years ago.

Also charged was R. N. Kayal who owned the Littlefield Fair Store in 1958.

The blue laws, which went into effect last Monday, stipulate that a business may remain open Saturday or Sunday, and only

articles for emergency needs may be sold on the day the business is "closed."

According to Lamesa officials, the two Lamesa stores were open both days and were issuing certificates signed by the purchaser stating that the purchase was an emergency.

The new law states, according to Adcock, that these certificates are to be open to "proper inspection," and during an investigation Monday afternoon both stores were found to have accepted unsigned certificates Sunday.

BRACERO

(Continued from Page One)
farm machinery."

There is an exception to this in that the Bracero will be permitted to operate the machinery in "specific cases found by the secretary of labor to be necessary for a temporary period to avoid undue hardship." Smith said, "It will be almost impossible to establish a 'hardship' case for individuals."

The following is an excerpt from the Los Angeles Examiner and is an interview between Assistant Secretary of Labor Jerry R. Holleman and Harry Bernstein, Labor Editor of the Los Angeles newspaper.

The United States Department of Labor will begin setting up what will amount to a minimum wage in agriculture Monday, with this and other parts of a major revision of the nation's agricultural labor policies set to start January 1.

Assistant Secretary of Labor Jerry R. Holleman said sweeping changes are planned on all fronts of the farm labor situation and he gave The Examiner these highlights:

THE PROGRAM to import Mexican farm workers is coming to an end. "I have told growers that their source of Mexican labor is going to stop, and they had better begin now making preparations to rely on sources other than Mexicans for farm work."

THE GROWERS will have to offer higher wages to attract domestic American workers to farm jobs. "It is no longer sufficient for a grower in Texas to offer 50 cents an hour," Holleman said. "When I say to the government, 'Well, we tried to find domestic workers and could not, so let us use Mexican workers at 50 cents an hour.'"

"When I get back to my desk in Washington, Monday, I expect to have criteria for establishing a minimum wage designed to attract American domestic workers to farm jobs."

"We will hold hearings, and then make a determination of what those rates shall be, effective by the first of the year."

Holleman would not speculate what the rates would be in California, but he said the department is watching closely a move by Bud Antle, Inc., the nation's largest lettuce grower, which announced last week it will pay a minimum of \$1.50 an hour and stop using imported Mexican labor.

Holleman also said the department may use a formula based on setting the minimum at 90 per cent of the statewide farm labor average income. This would raise some wages in California agriculture as much as 50 cents an hour.

Holleman said there would be no attempt by the department to end differentials in wages from region to region, but he predicted a full-scale national minimum wage for farm workers in the near future.

Secretary of Labor Goldberg asked Congress, Holleman said to set criteria for fixing the minimum wage offered by growers to Americans before Mexican labor may be imported.

Congress did not act on this request, he said, but pointed out that Sen. Mansfield, Democratic leader, declared that "no man should raise a voice in protest, then, when Secretary (Goldberg) sets the criteria."

Holleman also said that from now on if a strike is called the grower will not be allowed to continue using braceros if 51 per cent or more of the American workers go on strike.

Even if less than 51 per cent go on strike, the Secretary can still rule that the strike has had a serious effect on the operations of the farm involved and remove the braceros, Holleman asserted.

The department is also considering an affirmative statement of policy aimed at promoting and encouraging collective bargaining not only in industry but in agriculture, Holleman, former head of the Texas AFL-CIO revealed.

Such an "affirmative statement" by the department could help encourage resumption of the bogged-down organization drive among farm workers.

Holleman said "we have no intention of letting crops spoil in the fields" because of any of the changes being made in farm labor programs, but he emphasized his determination that growers must stop relying on imported labor.

A move to solve the problem probably will be made by Congress within three years, and possibly next year, Holleman predicted.

This is the so-called Farm Labor Stabilization Act, originally proposed by Senator Williams, D. N. J., which would, in effect, set up a program for American farm workers comparable to that now used to import Mexicans.

There would be contract agreements between the growers and employees, spelling out terms of wages and working conditions.

"I am dead serious about these programs," Holleman said. "We are convinced there is need for major reforms in this field, and we intend to see this through."

He noted that last year the average national wage for farm workers was \$900, while in California the average was close to \$1400 a year.

vement Awards program slated Monday night in the Pleasant Valley Community Center. A new date has not been set. General Telephone Company lost between 90 and 100 out-of-town circuits, according to Bob Saunders, district manager. He said the outages began about 2:45 p.m. Tuesday and by 4 p.m. "we were just about out of long-distance circuits."

By 7:30 p.m. Tuesday there was just one circuit to Lubbock and one to most of the surrounding towns. Telephone crews worked all night repairing damaged lines, Saunders said phone service should be restored in most areas by 4 p.m. Wednesday.

"It could have been a lot worse," Saunders said, "but there wasn't any wind." The ice forming on the cables caused them to break but none of the poles were downed.

Southwestern Public Service had no big outages, according to assistant manager Alex Alexander, but tree limbs falling into the lines did cause heavy damages in various localities.

"As a whole we weren't hurt too badly," Alexander said, "but we still had quite a few lines down Wednesday morning. Service crews worked most of the night repairing downed lines."

Portions of Littlefield were without power for periods of ten minutes up to an hour and a half.

Lamb County Electric Cooperative reported power failures from Levelland to an area north of Olton. Crews worked most of the night making the necessary repairs and restoring power where possible.

Exact amount of line that was down as not known but a spokesman for the Co-op said it was plenty. Most of the damage was caused by the ice and falling tree limbs. At noon Wednesday there were still a few lines down throughout the area.

Bill Kimbrough, county agent, said he didn't think the cotton crop was hurt very bad, but that he had had a few reports that some of the green bolls were caked with ice and damaged.

Littlefield received .90 inch of moisture for the week according to the gauge at Paymaster Cotton Oil and the low temperature dipped to 26 degrees early Wednesday morning.

Heavy snowfalls were reported at Muleshoe, Clovis, and Dimmitt.

WEATHER BOX

FORECAST - Fair to partly cloudy with cooler temperatures. Temperatures will range from 27 to 55.

TEMPERATURES - Sunday high 75, low 38; Monday high 65, low 34; Tuesday high 37, low 27; Wednesday high 32, low 26.

FORECAST - .90 for the week, 1.60 for the month, 20.69 for the year, 27.00 for this time last year.

bid of \$2 per flat. Others bidding were Littlefield Tire Service, White's Texaco, Grissom Gulf and Sewell's Conoco. This will cost about \$200 annually as the buses have an estimated 90 to 100 flats per year.

Leo Hall, school yardman, was moved to one-half day duty at the bus barn for the remainder of the school year.

Glenn Reeves, superintendent reported that approval had been secured through the National Defense Education Act, for participation in the areas of guidance and science. "Actual amounts of reimbursements will depend on money spent for improvement in these areas," he stated.

He continued that bids have been requested for furniture for the science rooms to include demonstration desks, tables for pupil work, and storage cabinets.

did was to remove a pickup truck parked inside the rear of the building and then moved two butane delivery trucks parked on the east side of the building.

"I never thought about getting the books or records out of the building until I have moved the trucks and when I did it was too late to go back inside," he continued.

Lost in the blaze were new water heaters, heating pipes, paint and tools plus "all my wife's canned fruits and vegetables" Savage said.

An insurance adjuster said Wednesday morning that the Fire Departments were to be commended for the way they saved the house next door to building that burned.

were used on U. S. farms, including 75,100 on California farms, but "this year the total will be down from 60,000 to 100,000 and the number will continue to drop steadily," Holleman predicted.

The growers can afford to increase wages to attract American workers, he insisted, saying "this would seem to be a self-evident fact since farm productivity has gone up 145 per cent in the past 10 years while the wage level has gone up only slightly and farm prices have remained fairly steady."

CATS

(Continued from Page One)

Williams said he was proud of the team in their 21-20 victory over Hereford. "I thought everyone played well and we had a good team effort," he stated. Levelland defeated the Wildcats 26-8 last season, and the locals will be seeking revenge.

Williams said Buddy Price will probably play, but the decision will be left up to Price and his parents. Price received a head injury in the Dumas game and was out of action against Hereford.

Winner of the game Friday will get the bell clapper, kept annually by the winner of the contest between the two schools.

While Littlefield was defeating Hereford 21-20 last Friday, the Lobos went down to defeat 52-0 to the Dumas Demons.

A win for Littlefield would give the Wildcats a clear second place finish in the district while a loss would place them in a tie for second place with Hereford and Levelland with each winning two and losing two.

Dumas, already named victor in the district, will play Seminole at Plainview on Thanksgiving Day with the game scheduled at 2 p.m. The Demons will play Phillips Friday night.

primary. In the past he has been compelled to vote under the Democrat party primary.

It's only logical and natural that a two party system would bring out a better selection of candidates for both state and national offices.

This newspaper will endeavor to bring its readers all the news possible about both parties as the races begin to develop... we'll do our best to be fair with both parties.

WELL, the good word this week is "Beat Levelland"... and looks like this is the year to take them. In comparison with who got beat the worst when Littlefield and Levelland played Dumas... Littlefield was the better team... we didn't get "skunked" as bad.

We'll predict a full stadium with plenty more standing around the fences. Wonder who old Jimmy Chapman will holler for. He lives in Littlefield and works in Levelland!

We have an ex-Levelland student, Fred Self, who will be out there shooting pictures of the big event. Fred says that after being for Littlefield all year... he'll stay with them for the Levelland game. Hope Fred will be able to take many, many more pictures of Littlefield players making touchdowns!

AND I MIGHT as well put in a plug for the Lions Club. You're invited to eat at the annual Lions Pancake Supper before the game Friday night... all you can eat for 50¢. Bring the family... it will be held at the High School Cafeteria.

A HUMAN being is a creature that can't get its toes in its mouth after babyhood, but can put its foot in any time.

Father to teenage daughter's boy friend, who is holding a sandwich in one hand and a pop bottle in the other: "Glad to meet you, Herbie. I've noticed you in our budget for some time." - Lion, Lions International.

Guilty Pleas Heard In Court

Six persons entered pleas of guilty Monday before 154th District Judge E. A. Bills on indictments returned last week by the Lamb County Grand Jury.

Albert Garza and Pedro Reyes each received two years in prison on a plea of guilty to car theft charges.

Thomas Cabrera, Jr., pleaded guilty to jail break and was sentenced to two years in prison.

Ralph Smith was sentenced to three years in prison for a guilty plea to a forgery charge.

James Sneed and Willie Lott each received five year prison sentences on guilty pleas to burglary charges.

In County Court before Judge Pat Boone, Lupe Carrion was found guilty of aggravated assault. He was fined \$300 and sentenced to 30 days in jail.

Ular Johnson, 34-year-old Amherst negro, pleaded guilty to violation of the Liquor Law and was fined \$100 and costs.

City Council Agenda Told

City Councilmen will reconsider extending the sanitary sewer to the colored section of Littlefield tonight during a regular City Council meeting.

Other items on the agenda include opening bids on air conditioners and discussing the airport manager's salary. The meeting is open to the public and will begin at 7 p.m. tonight.

POSTMASTER

vis employees so that customers are satisfied with the service.

Competitors must also show that they are of good reputation and that they can deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test, and on their experience, and fitness for the position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filled with the U. S. Civil Service Commission, Washington, 25, D. C., and must be received or postmarked not later than the closing date.

Baptists Help Utah Church

At a called church conference recently the First Baptist Church of Littlefield approved a recommendation from the board of deacons that the church underwrite \$15,000 portion of a total loan of \$62,000 made to the First Baptist Church of Kearns, Utah.

The loan will be made by the Fidelity Union Life Ins. Co., and the Highland Baptist Church of Lubbock, Riverside Baptist of Fort Worth, have underwritten the balance of the loan.

This is in cooperation with the Baptist Church's plan of helping organized new churches.

Harrell Is On Operation

McMURDO SOUND, Antarctica -- Major Hershel L. Harrell, son of George P. Harrell 809 E. Sixth St., Littlefield, has arrived on the Antarctic continent at the bottom of the world to participate in the United States Air Force's Operation Deep Freeze.

Major Harrell, a squadron chief pilot, has joined the Deep Freeze unit of the Military Air Transport Service which is carrying out re-supply operations for personnel living at scientific stations at the South Pole, at Byrd Station, and other outposts on the sub-zero continent.

A graduate of Whitharral High School, the major attended Texas Technological College, Lubbock. He entered the service in June 1941.

He and his wife, the former Geraldine Robinson of Littlefield, have two children, Jeff and Steve.

AT PLEASANT VALLEY

The Lamb County 4-H Club met November 8, at the Pleasant Valley Community Center, at 5:00 p.m.

The meeting was called to order by Veta Allison, presiding president. The roll was called by the presiding secretary, Carolyn Allison. The minutes were approved as read. A discussion was held on moving the meeting date from the first Wednesday of each month to the first Thursday of each month.

Mrs. Phillips discussed the possibility of the club entering the Littlefield Christmas Parade, this was not voted on. Refreshments were furnished by Kathryn West.

Eleven members and leaders were present.

John W. West and Dr. B. R. Putman returned home Monday from Waldo, Kan., where they hunted pheasant.

Locals Win Press Grid Contest

Al Mann, 316 East 16th, won first place money in the weekly football contest with an entry with only four mistakes. He finished one game ahead of the second place winner and two games in front of the third place.

Mann missed the Duke victory over Navy, Stanford's win against Southern California, Monterey's upset victory over Tascosa and Springlake's defeat of Farwell.

A check for \$7.50 has been mailed to Mann.

In second place with five mistakes, was Jimmy Burk, Box 391, Littlefield. He missed the Littlefield - Hereford, Navy - Duke, Lockney - Morton, Arkansas - Rice and Hardin - Simons-McMurry games. A check for \$5.00 was mailed to Burk.

The tie breaker game was necessary to determine a third place winner and three persons missed six contests. Ed McCannles, 421 East 16th, was named the winner as he got closest to the actual score and his score of 14 - 13 was the exact point spread in the Littlefield - Hereford 21 - 20 game. McCannles will receive a check for \$2.50.

Others with six incorrect guesses were Don Sides of Bovina and Patricia Dilworth of Littlefield.

The final contest of the year appeared in Sunday's County Wide News. Just fill it out and send or bring it to the Littlefield Press. The tie breaker game is between Littlefield and Leveland.

Wagners Honored On Golden Anniversary

One hundred ten attended the open house honoring Mr. and Mrs. O. G. Wagner, Sunday afternoon, on their Golden Wedding Anniversary.

Their daughter, Mrs. Delvin Batson and son, Marvin and families were hosts for the occasion.

Christi Batson, grand daughter, registered the guests, and other grand daughters, Mrs. Jimmy Cowan and Mrs. Orville Bassett presided at the refreshment table. It was laid with an imported hand made cut-work linen cloth. For the center decoration, a circular plaque, lettered in gold, "50th Anniversary" stood upright, surrounded by white chrysanthemums, and clusters of gold grapes. They served punch and white anniversary cake.

The large array of beautiful gifts included a service for 12 in casual china. Among the out of town guests were Mrs. Wagner's cousin, Mrs. M. A. Cooper and Mr. Cooner, Lubbock. The Extension Department of the First Baptist Sunday school met Tuesday afternoon of last week in the Woodrow Love home and gave a program for Jimmy.

Mrs. Floyd Rowell, president, presided in the meeting, and Mrs. T. H. Pennington gave the devotional. "God's Working a Pattern for Our Lives" was the subject of the program. A special song was sung by Mrs. R. J. Cook, Mrs. Norman Lockett and Mrs. Keith Tomes. Jimmy has shown remarkable recovery from a train-car crash in Littlefield last February. His most recent accomplishment is learning to walk again.

Kinnie Serves On Navy Attack Transport

MAUI, HAWAII (PHINC) - Ronald M. Kinnie, seaman, USN, son of Mr. and Mrs. Maurice Kinnie of Sudan, Tex., is serving aboard the attack transport USS Bexar, a unit of an amphibious task force scheduled to take part in Operation "Silver Sword" on Oct. 30, assaulting beaches on the Island of Maui in the largest maneuver of its kind to take place in the Hawaiian Islands since World War II.

A routine training exercise to improve proficiency and teamwork in amphibious techniques, the operation consists of 25 ships, 100 Marine Corps aircraft and more than 10,000 sailors and marines.

Climaxing several days intensive training in the area, the operation began when the first wave of the assault hit selected beaches on Maalea Bay shortly after midnight and was met by "opposing" forces to provide realistic combat training.

The Intermediate GA's held their regular meeting Wednesday of last week at 7 p.m. Linda Clayton brought the prayer calendar using a Thanksgiving idea and Sue Brantley led in prayer.

The president, Martha Slate, presided during the business session. Each girl who attended the GA Workshop in Bovina gave a report on the meeting.

To introduce the program Joanie Brantley had cut a piece of luggage from styrofoam with the title of the study "Teen Traveler Abroad." Across the front she stuck small flags which represented each country they have studied into the luggage. Mrs. James Holland reviewed the chapter on "Italy" and Mrs. J. P. Brantley led the closing prayer.

Carma Leta Harris was welcomed as a new member.

Mr. and Mrs. D. G. Ewing, Earl and Jack Durham, Jr. were in San Antonio for the weekend with their other son, Don, who is taking his basic training at Lackland Air Force Base. While there they visited John Humphreys, who is hospitalized following a plane crash near Boerne last month. He continues to slowly improve.

Guests in the E. E. Gee home Sunday were Mr. and Mrs. John L. Riley and daughters, Martha Wynne and Sandy, Lockney. Jerry Gee is home from Fort Carson, Colo., until Nov. 24.

Joe Willard spent the weekend with Jerry Gee. He is to leave from Fort Carson, Colo., with his parents, Mr. and Mrs. Elmer Watson, Lubbock.

The Bob Payne family, Shallowater, were here Sunday with his parents and a visit with his sister, Mrs. Bill Tadlock and daughters, before their return to Ruidoso, N. M.

Weekend guests of Mr. and Mrs. Sam Long and Mr. and Mrs. Bill Carper were their brothers and wives, Mr. and Mrs. Sherman Long, California, Oregon. They were returning home from a visit with other relatives in Oklahoma.

They were all guests in the J. B. Allensworth home Sunday.

Mrs. O. P. Lane, Mrs. Opal Collins, and Lou Ella visited Mrs. Collins' other daughter, Mrs. Marvin Field, and family, Brownfield, Saturday.

Mrs. R. C. Davis, Celia, Susie, Joann and R. C. Jr., visited her grand parents, Mr.

and Mrs. M. D. Ramsey last weekend.

Mrs. Ray Blessing and Mrs. H. R. Harvey were in Muleshoe Saturday morning, and attended a meeting of the Epsilon Gamma Chapter of the Delta Kappa Gamma, teachers' sorority. The brunch meeting was held in the bank's community room.

Mr. and Mrs. Joe Martin, Littlefield, spent Sunday with her parents, Mr. and Mrs. Harry Brantley.

Mr. and Mrs. Sid White, Mark and Gary, Amarillo, spent the weekend with his parents Mr. and Mrs. Allan White.

Mrs. Effie Tapley is at home in her new place on Seventh Street. She has visited her daughter in Las Vegas, N. M., for some time.

Mr. and Mrs. G. G. Wright of Gruver announce the engagement and approaching marriage of their daughter, Barbara to E. J. Chafin, son of Mrs. Mabel Chafin, Lubbock.

The wedding will take place December 23, at 3 p.m. in the First Baptist Church, Gruver, with the Rev. John Rankin, Amherst, officiating.

E. J., who serves as the assistant pastor here, has announced that all friends are invited to the ceremony.

Guests in the W. P. Stone home this week were his brother, and wife, Mr. and Mrs. Herbert Stone, Tijuana, Cal., and her sister, Mrs. Minnie Robbins, Weatherford, Okla.,

Cynthia Jo Embry, Canyon, spent last week with her grandparents, Mr. and Mrs. Aubrey Jones. Her parents came for her during the weekend.

Mrs. Reynold Payne and Lucetta Gay, Shallowater, attended the Wagner's anniversary open house Sunday and visited her sister, Mrs. Paul D. Bennett and family.

Mr. and Mrs. Ray Blessing visited Mrs. Roy Blessing, and family, Littlefield Sunday afternoon.

Patrol Reports 16 Accidents In October

The Highway Patrol investigated 16 accidents on rural highways in Lamb County during the month of October, according to Sgt. D. S. Lawson, Highway Patrol Supervisor of this area.

These wrecks accounted for two persons killed, six persons injured and a property damage of \$11,385.00.

With the indications that fall has changed into winter, it is time for our driving habits to change with it. It is a good idea to follow the Boy Scout motto, "Be Prepared."

The veteran Highway Patrol Supervisor listed some tips to help the driver winterize his driving.

- (1) Frost or ice on bridges means to slow down before you reach the bridge. It is too late to do anything once you are on the slick surface.
- (2) Check your exhaust system thoroughly, don't risk carbon-monoxide poisoning.

AT AMHERST

Mrs. Bill Tadlock and daughters, Susie, Gina Marie, and Tammilee, Ruidoso, N. M. spent the weekend with her parents, Mr. and Mrs. Lee Payne, and grand father, Mrs. Fred Hood.

Mr. and Mrs. Tom O'Brien, Lubbock, named their son, born Nov. 3, Joseph Paul. His weight was 8 lb. 6 oz., C. A. Duffy, Amherst, and Mrs. T. M. O'Brien, Bayonne, N. J., are grand parents.

Mrs. Ice Cummings, and Mrs. Ed Ross Littlefield were here for funeral services Saturday afternoon for Mrs. Billie M. Coffey.

Here for the weekend with his parents, Mr. and Mrs. Paul Gonzales, were Mr. and Mrs. Frankie Gonzales, and Dennis Lockney. He is on the Lockney High school faculty.

Com Test Results Revealed

Nineteen varieties of corn were tested at the High Plains Research Foundation in the 1961 season. The varieties were planted on April 15, and fertilized at planting time with an application of 225 pounds of 13-39-0 per acre. The fertilizer was placed about four inches to the side of and four inches below the seed at planting time. A sidedress application of Urea at 57 pounds or nitrogen per acre was applied on May 12, and an additional 40 pounds per acre was applied on June 9. Five irrigations of 3 1/2 inches each were applied during the growing season. Dr. Earl H. Gollister, Chief Agronomist conducted the tests assisted by Paul M. Belcher. All plots were harvested by hand during the period from October 2 to October 6.

The first nine varieties were equal in yielding ability. The yields of shelled corn at 14 per cent moisture follows: P.A.G. 10155, 168.73; Asgrow, 300, 167.17; Texas 28, 160.25; P.A.G. 485, 158.16; Asgrow 500, 154.23; Texas 26, 150.45; Steckley 30-B, 149.92; Texas Experimental 6006, 145.90; Funks, G-711AA, 145.68; Asgrow 105W, Texas 36, 144.48; Texas 30, 144.19; Steckley 15-B, 141.23; Texas 34, 136.59; P. A. G. 436, 136.36; Texas 17W, 127.77; Texas Experimental 0803; 126.22; and Texas Experimental 5925, 112.37 bushels.

The rehabilitation center movement for blind people is of comparatively recent origin having started in the mid 1940's according to the American Foundation for the Blind.

According to the NEW OUTLOOK FOR THE BLIND, published by the American Foundation for the Blind, there were an estimated 75,000 blind people in the United States in 1921. Today it is estimated there are 355, 000.

Clichés of Socialism

NUMBER 6

"The size of the national debt doesn't matter because we owe it to ourselves."

SOME THINGS a person does owe to himself—intangibles like respect, integrity, responsibility. "This above all, to thine own self be true." But such duties to self are not a debt in the usual sense of a repayable loan or obligation.

If an individual transfers his own money or his own promise to pay from his right pocket to his left, the transaction clearly leaves him neither richer nor poorer. There would be no point in a person's borrowing from himself; but if for some reason he did, the size of the debt he owed himself wouldn't matter at all. However, if A gives his property to B, we do not say that each is as rich or as poor as before. Or, if C buys extensively on credit, his creditors surely do not believe that C "owes it to himself." They are keenly aware that the size of his debt makes a big difference when the bills fall due.

Instead of an individual, one might conceive of a society with the government owning or controlling all property and persons and issuing money or bonds as a bookkeeping device to keep track of its spending. In such a situation, it wouldn't matter how many promises or bonds had been issued or remained outstanding. Since individuals would have neither property nor rights, the socialized government—as sole owner—would only be dealing with itself. But in a nonsocialized society, individuals do have rights and may own property. If the government borrows property from citizen A, then it is obligated to repay that debt to A—not to B or C or D. The individual who owns a government bond may be a taxpayer as well, and thus liable in part for the taxes the government must collect in order to redeem his bond. But B and C and D are also liable as taxpayers even if they own none of the bonds themselves. And the size of the debt makes a real difference to everyone involved.

One of the vital characteristics of the institution of private property is that ownership and control rests with individuals, and whether a person *owns* or *owes* makes a whole of a difference in how rich or how poor he is.

The concept of private ownership and control of property further presupposes a government of limited powers instead of a socialized society in which everything and everyone is government owned and controlled. Private property owners presumably have something to say about the extent to which government may tax or seize their property; otherwise, it wouldn't be a limited government, and there wouldn't be private property.

Now, government debt signifies that government has made certain claims upon private property above and beyond the "due processes" of authorized taxation. The semblance of private property must be maintained, else the government could find no "owner" from whom to "borrow" and no taxpayers upon whom to draw when the debt falls due. But, in essence, the government debt is an existing claim against property—like an unpaid tax bill—and the larger that debt, the less is the real equity of individuals in what is thought to be private property. In that sense, the socialization already has occurred, and the government does "owe to itself" because it owns the property. The size of the debt is important, however, because it measures the amount that taxpayers and property owners owe—not to themselves, but to the government over which they have lost control insofar as it now owns and controls them.

It would be most surprising to find a completely socialized government heavily in debt, simply because no sensible property owner would lend to such an institution if he could possibly avoid it. Though deficit financing seems inconsistent with the original American design of limited government, it is possible in an emergency for a limited government to find voluntary creditors, especially among its own citizens who expect the government to abide by its constitutional limitations and thus leave a large base of taxable private property through which debts may be redeemed. But the growing size of the government debt should be of real concern to every creditor and especially to every taxpayer with any interest whatsoever in private property and personal freedom.

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody right size... right price...

You've never seen anything like it, because there's never been anything like it... until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snuggest parking places home. At the same time, on the inside the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.

RIGHT! Big-car room, ride, performance.
RIGHT! Compact-car price, economy, handling.
RIGHT! Only car anywhere near its price with the twice-a-year maintenance schedule first introduced by Galaxie.
RIGHT! Unique economy choice: the world's first economy V-8 or the delightfully thrifty Fairlane Six.

RIGHT! Fine-car upholstery, appointments, luxuries.
RIGHT! The built-in value that pays off in pleasure now—and in profit when it comes time to trade.
RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. - With filing deadline for state offices still more than two months away, the State Capital already is taking on that political campaign atmosphere.

Announcements for office, state-wide speaking tours, and fund raising dinner plans are setting the stage for the upcoming campaigns.

Only announced candidate for governor, thus far, has been Jack Cox of Breckenridge. Cox will be running in the Republican primary.

As yet, no formal announcement has been made by any Democrat. But the field of probable candidates is growing daily.

Formal announcements by three senators for the lieutenant governor's race assures warm competition for the place left open when Ben Ramsey moved to the Railroad Commission.

Sen. Jarrard Secrest of Temple, Sen. Bob Baker of Houston, and Sen. Preston Smith of Lubbock are the announced candidates. There is likely to be GOP opposition for this post as well as at least one other Democrat.

Only thing certain now is that there will be stiff competition for those primary votes on May 5.

CAPITOL VALUE - For years, the huge red granite State Capitol which was paid for with 3,000,000 acres of West Texas land, has been carried on the state's books at a value of \$131.50.

Board of Control has appraised the Capitol at \$9,445,391. They value the land on which it is located at \$5,143,623. It's not for sale for the total of \$13,588,914. But at least it's on the books right now.

Incidentally, the old Capitol is getting a refurbishing. Workmen are replacing cracked and splintered panels in the hallways, and removing the old varnish. It will come out lighter and brighter.

NEW LAWS - Atty. Gen. Will Wilson quickly plugged one possible loophole in the "Blue Law."

He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.

Wilson also is busy interpreting other new laws, among them the one requiring holders of

property for others, except banks, to report it to the state when the owner hasn't been around for seven years.

He advised Treasurer Jesse James that an oil company, which holds royalties outside Texas on oil produced in Texas does not have to report it to the State of Texas except that amount held for persons whose last known address was in Texas.

The attorney general expects so much work out of this new law that he set up a special division to handle it.

In another opinion, Wilson held that wiretapping to record phone conversations is not illegal in Texas.

THIRD ROUND - In the next few weeks, Gov. Price Daniel will have completed his third round of appointments.

Most of the state's operations are directed by 3 or 9-member boards, appointed for six-year overlapping terms.

These appointments are made to more than 140 state boards and commissions.

Latest appointments include: David E. Irons, Dallas; Dr. Horace Cromer, Austin; Mrs. H. E. Butt, Corpus Christi, and Howard Tellespen, Houston, to the Board for State Hospitals and Special Schools; Max Starcke, Austin, and Harry Hornby, Uvalde, to the State Parks Board; and Sam G. Wood Killeen, and Halton W. Simpson, Tyler, to the State Board of Pharmacy.

WATER POLLUTION BOARD - Governor Daniel named former Rep. Sam Wohlford, Stratford; J. S. Hudnall, Tyler, and C. G. Shigley, Freeport, as public members on the new State Water Pollution Control Board.

Board of Water Engineers Chairman Joe D. Carter, State Health Commissioner J. E. Peavy, M. D., and Game & Fish Executive Secretary Howard Dodgen, or their alternates, will complete the board.

In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.

Unfortunately, this board was handed a big job but no operating money. Governor Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.

SHORT SNORTS Starting January 1, the State Welfare Department will begin paying medical, hospital

and nursing home bills for the 225,000 needy aged who are on the old-age assistance rolls. Program will cost about \$12,000,000 in state money in the coming 20 months. Federal dollars match the state's. dollars match the state's.

Governor Daniel has reactivated the Governor's Committee for the White House Conference on the Aging, to resume its study of the problems of the aging. Sen. Crawford Martin of Hillsboro was renamed chairman.

The first month's payments under the new natural gas tax totaled \$356,481, but \$306,532 of it was paid under protest. Gas pipelines have brought suit to kill the new tax.

Income from the first 90,780 reports received by Comptroller Robert S. Calvert was \$7,206,727. Calvert thinks it will be February, when the first full quarter's sales tax is collected, before he can tell whether it will yield the estimated \$319,000,000 in two years.

AT SUDAN

Activities for the ninth annual homecoming to be held Saturday evening for ex-students of Sudan schools will get underway at 6 p.m. when registering will begin in the school cafeteria.

A supper, program, business meeting and visitation will be the highlights of the event and some six hundred invitations have been mailed. Mrs. Lucy Kent, secretary of the group, stated that if any ex-students were not contacted due to a lack of address to be sure and make plans to be present for the meeting.

Our Contemporaries Are Saying

Among the people scouting at Friday night's football game, which determined the winner of District 1-AAA, were coaches from Phillips.

The Blackhawks have the unenviable job of playing the Dumas devils next week, after having been the folks to cheat Dumas out of representing the district in an upset victory last year.

Coaches apparently considered the futility of trying to defend the Dumas attack with the limited manpower they have this year. They picked up their papers at halftime and headed home.

Breckenridge, which lives by the Scout motto, was on hand for a "just in case" bit of scouting. Win, lose, or draw, those folks try to be ready for post season playoffs.

It's our opinion that their scouting efforts won't be any more beneficial than were Phillips', even if the Bucks do get into the playoffs.

If any team beats Dumas this year in the race for the AAA crown, it's our opinion that it will be a fluke.

All we've got to say about a team that's No. 1 in the state and proved it is, "Congratulations." A school comes up with a team that has everything only about once every quarter century. Dumas seems to have that kind of team, and losing to a team like that when you were supposed to finish low in the district is no disgrace.

The Lobos still have a chance to even the record for the season and beat Littlefield next week. In our books, a win there would make it a successful season.

Maybe nobody will buy the coach a car, but it's during the hard luck seasons that they ought to. That's when they earn them, if they ever do.

(Levelland Sun News)

AT WHITHARRAL

Spending the weekend here with their parents, Mr. and Mrs. Will Raines, were Mr. and Mrs. Stanley Wright and children of Denver City and Misses Geneva Raines and Melba Raines of Lubbock.

Mrs. Elva T. Crank was in Hale Center Sunday to be with Mrs. L. Flake and family following the death of Mr. Flake there early Saturday morning. She also visited Mr. and Mrs. Eugene Carter who formerly resided here.

Mr. and Mrs. V. G. Simmons attended the Cunningham golden wedding anniversary at Littlefield Sunday afternoon. Later in the afternoon they visited Mrs. Simmons' brother who is ill in a Lubbock hospital.

Celia Gaines, a comedy pantomime artist from Amarillo, will perform during the program following the supper which will be served by the band parents organization from 8:30 to 9:30. Miss Gaines is a student at Lubbock Christian College and is well known for her acting talents.

Other highlights of the program will include a skit from two members of the honor classes this year of the 1934 and the 1935 groups. To appear in the skit will be Mrs. F. M. Smith, the former Margaret Dean, and Mrs. Frank Todd of Lubbock, the former Hazel Shore. The skit will portray life and activities of the students in '34 and '35. Providing a musical background will be Mrs. Orval Wallace.

AT SUDAN
Plans were made at a recent meeting of the Future Teachers of America Club for a number to be held Dec. 2, at Tech when the Sudan group will sponsor the program workshop. The members who plan to

participate in the workshop are Butch Dykes, Carol e Harper Fredda Cox, Candace Mudgett, Laurie Shaffer, Frances Wiseman, Dyanne Curry. While in Lubbock the group will also attend the West Texas State and Tech football game. According to James Fontaine, of the Bureau of Special Ser-

vices of the American Foundation for the Blind, over 20,000 blind people in the United States avail themselves of the concession granted by railroad and bus passenger companies, permitting a blind person to travel accompanied by a seeing person, at a cost below the normal charge for two people, in the past year.

County Teachers Hear Hamilton

"Teaching is a profession and it's keep it so," was the opening statement of Charles B. Hamilton, Field Representative of Texas State Teachers Association, when the county association met in Sudan Monday evening for a meeting in the school cafeteria.

Hamilton gave a word picture describing the image that teachers have of themselves and the image that lay people have of teachers. He stated ways in which the TSTA is recognized giving the example of the 56th legislative act of TSTA when they promoted the adoption of teaching a 400 word English vocabulary to non-English speaking children previous to their starting first grade. It was also an act for furthering good relations with Mexico. He stressed, "Let's make teaching a specialized training type of work." He suggested that we study what makes a good teacher, the kind of teacher "I" want to become, the certification of teachers, and their code

of ethics. He stated that the code of ethics is the backbone of the profession. Write Santa Letters

But whether you talk to him or not, he will want to get a letter from all of you. To make sure that Santa gets your letter, the Press has set up a special mail run to the North Pole. So, when writing

to him, just address your letters to Santa Claus, in care of the Littlefield Press, and we will see that he gets your mail. There is slightly more than a month until the big day, so you had better get your letters to Santa off as soon as possible.

Civil Defense Course Opens To Applicants

Registrations are being taken now for the second Civil Defense course set for December 1, 5, 6 and 7, according to Glenn Reeves, superintendent of schools and director of the program. "Anyone wishing to enroll in the new class should either fill out one of the registration blanks or contact me at my office," Reeves said.

The local classes teach the individual how to build a shelter, the need for stocks of food for fourteen or more days, how to decontaminate yourself and the family from radio-active fallout and what must be done in the event emergencies arise. Each person who attends the course will receive a packet to be used during the class.

AT AMHERST

The Amherst Study Club will meet Monday Nov. 20, at 7:30 p.m. Mrs. Charles Bausman and Mrs. Merle May will be hostesses.

Mrs. Oby Blanchard visited her daughter, Mrs. Davis May, Lubbock last Tuesday.

S/Sgt. Dick McDaniel was home from Fort Hood for the weekend. His parents entertained with a family dinner for his wife, son and other relatives.

Mr. and Mrs. Loyd Pryor and Gary attended a Westinghouse dealers meeting in Dallas on their return from a visit in San Antonio.

Mrs. Theola Sherrill is in Hereford this week with her son David Watson and family, and to welcome her grand son born last Saturday. The Watsons have three daughters.

Mr. and Mrs. John Ratliff and Mrs. Delmer Young and son Littlefield visited Amarillo relatives last week.

Clois Tomes was busy pas-

sing out cigars during the weekend as their daughter, Kelly Clois was born Friday, Nov. 10. She weighed 7 lbs. 8 oz. They have an older daughter, Sherry.

Mr. and Mrs. Forrest Nutall and daughters, and Mr. and Mrs. Dean Carpenter spent the weekend at Lake Thomas.

M/Sgt. Wilson Clayton is spending a 14 day furlough here with his parents, Mr. and Mrs. J. M. Clayton. He is in Lackland Air Force Base Hospital San Antonio, and was recently returned from Japan. Plans are made for him to have lung surgery there about Dec. 1. His brother Bob and family met him as he arrived in Lubbock Saturday evening.

Mr. and Mrs. Jack Clayton and son, James were here from Bovina, Sunday. James was enroute Fort Knox, Ky., where he will receive army training. Other members of the Clayton family were here from Littlefield and Earth.

Integrating a blind child into a class of sighted children can prove beneficial to the entire class and its teacher as well.

Area residents were started early Sunday morning when a large gold-colored balloon passed overhead and continued in a northeasterly direction.

Explanation of the balloon was received later Sunday morning when it was discovered that the balloon contained a 56-year-old grandmother from Pennsylvania, who was trying to set a new endurance record for a balloon flight.

Mrs. Alford Wolfe of Bluebell, Pa., completed her 40-hour flight and accomplished her purpose as she broke the old record, held by a Russian woman, of 34 hours 21 minutes set in 1948. The woman balloonist landed

"There is approximately 177,000 acres planted in feed grain this year" L. D. Aten, County ASC office manager, said Tuesday, "and about 52,000 acres in layout lands."

"The average yield on irrigated land is 5300 pounds and on dryland it is 2700" he stated. Of the total acreage about 30 percent is dryland and the remainder is irrigated.

Based on these figures and the fact that 76 percent of the farms are in the feed grain program, the \$16,000,000 was derived. Of this total \$2,300,000 was paid in layout land payments, with the remainder being the actual amount received for grain.

Figuring that the irrigated land produced the average the total yield would be 687,200,000

GIVING 1961

AT YOUR BLESSINGS

Penn Point

By D.H.P.

Just in case you are wondering why Dan Stagg, Bob Roden and I have big smiles on our faces after Saturday, it is because our alma mater...Oklahoma... won its second game of the season, and in winning knocked off one of the top ten teams in the nation...Missouri. Tooley's head is bowed in disbelief.

And speaking of football, the Littlefield Wildcats will close out their season Friday night as they entertain the Levelland Lobos. Win, lose or draw, the Wildcats should be congratulated for their outstanding season and their determination in never giving up. This determination won for them at least two ball games...Phillips and Hereford, Friday's game should see the return of the bell clapper to Littlefield. But I hope the Lobos aren't underrated by the locals, but after talking to several of the Wildcats, they want this victory worse than ever, and I believe they will get it. Seminole, who the Wildcats defeated 20-12 won their district with an 8-6 victory over Brownfield, another team the Cats defeated 14-8. Dumas will play Seminole sometime next week for the bi-district title and from all indications the Demons from Dumas should wrap up the Indians from Seminole quite handsily.

I think coach Don Williams and his coaching staff are to be commended for instilling in the boys the will and determination to win against tremendous odds. Go out and see the game Friday - it should prove to be a passing thriller as both teams have fine passers and good receivers.

Bracero labor is just about a thing of the past, or at least it is becoming more and more that way. Two restrictions that have splintered panels in the hallways, and removing the old varnish, it will come out lighter and brighter.

NEW LAWS -- Atty. Gen. Will Wilson quickly plugged one possible loophole in the "Blue Law."

He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.

Wilson also is busy interpreting other new laws, among them the one requiring holders of

In today's Leader is a fairly detailed story about the new Bracero laws and an interview with Jerry R. Holleman, assistant Secretary of Labor. I don't know that there will be any bloodshed when the Bracero program is dropped, but enough local labor must be supplied to meet the farmer's needs.

Marshall Tito, ruler of Yugoslavia and a Communist through and through, made an anti-American, Pro-Soviet speech Monday stating that the United States was trying to change the Yugoslavian foreign policy, but that it would not be changed. The speech came following a request for surplus U. S. wheat by Yugoslavia and no action by the U. S. Just how much does Tito think we will stand? We have already trained some of his pilots and sold him some of our cast-off airplanes. He is a Communist and the ruler of a Communist nation with the same plans in mind as the Russians. Why don't we sell our surplus wheat to the Russians, at least there is no question about their plans for the United States and Capitalism.

Several University of Texas students attempted to steal the bear cub used as a mascot for Baylor University. The attempt ended in the death of the bear and hot tempers at Baylor. If the bear had not been harmed and had been returned during the Baylor - Texas football game nothing would have been said about it since just about every school in the nation tried to steal the mascot of a rival school.

It is unfortunate that the bear was killed and since the boys who stole the bear have offered to buy two new cubs and pay for all other damages, I think the matter should be dropped.

Fish Executive Secretary Howard Dodgen, or their alternates, will complete the board.

In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.

Unfortunately, this board was handed a big job but no operating money. Governor Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.

SHORT SNORTS Starting January 1, the State Welfare Department will begin paying medical, hospital

Philosopher Not Worried Because Rest Of World May Get Our TV Programs Too

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses a cultural problem this week, without a handkerchief over his eyes-

But James Thurber was no Walter Mitty. An arrow coast him an eye as a boy and the sight of the other failed gradually and faded for a "just in case" bit of scouting, Win, lose, or draw, those folks try to be ready for post season playoffs.

It's our opinion that their scouting efforts won't be any more beneficial than were Phillips', even if the Bucks do get into the playoffs.

If any team beats Dumas this year in the race for the AAA crown, it's our opinion that it will be a fluke.

All we've got to say about a team that's No. 1 in the state and proved it is, "Congratulations." A school comes up with a team that has everything only about once every quarter century. Dumas seems to have that kind of team, and losing to a team like that when you were supposed to finish low in the district is no disgrace.

The Lobos still have a chance to even the record for the season and beat Littlefield next week. In our books, a win there would make it a successful season.

Maybe nobody will buy the coach a car, but it's during the hard luck seasons that they ought to. That's when they earn them, if they ever do.

much effect on it. Dear editor: Ordinarily more newspapers than magazines turn up out here on this Johnson grass farm but yesterday I found a magazine on the road near my place and took it home and last night instead of watching television I looked it over. A tube was burned out anyway.

There was one article in it that got me to thinking. According to the author, Win, lose, or draw, those folks try to be ready for post season playoffs.

It's our opinion that their scouting efforts won't be any more beneficial than were Phillips', even if the Bucks do get into the playoffs.

ladies?" This is one problem I'm not going to lose any sleep over. In the first place, I don't suppose the Congolese will think any more of it than I do, and in the second place, if those barefoot Congolese sitting around in their mud huts watching T. V. get unhappy about our material possessions, they could at least sell their televi-

vision to make on the people of the rest of the world. "Do we want Burmese to protect us from private eyes and Western sheriffs are our national heroes?" he asks.

This displays a considerable ignorance of human nature. Americans watch these shows all the time and they don't think Western sheriffs and private eyes are national heroes. They know, and the Burmese can find out too, that not a one of them ever hit a home run or made a touch down.

I claim the rest of the world is not any better than us and if science is going to bring American television shows to them, they'll just have to face up to

it. You don't find us crying to the Burmese to protect us from Russian fall-out, do you? Yours faithfully, J. A.

Our reasoning in arriving at the above figures is that over one-half the crop we produce in the Plains area will find its way into the loan and the price will be more or less governed by this fact and also depends to a great extent on the amount of cotton placed in our organization or one of the others of such a nature available to the producers. Another important factor is that some 300,000 acres, more or less, have been contracted in the Plains and will not be for sale on the open market. The above, plus the fact we have a small carryover of cotton compared with past years, and with no increase in acres for the next crop we feel will lead to higher prices next Spring and Summer than are now being paid.
