

Leaders Speed Action On Neutrality, Bonus As Dispute Rages Over Roosevelt's Message

Reviewing The BIG SPRING WEEK by Joe Pickle

Wednesday Big Spring looked on the end of the 52nd week of 1935 and was able truthfully to call the year the best since the break in 1929-30.

There is every reason to believe that 1936 will see continued and further progress. It is taken for granted that much oil development will come this way during the year.

Agricultural interests can also look back on a good year. With cash benefits from the government in the amount of more than \$200,000 and a fair yield of cotton and bumper feed crop, they are financially better off since the late twenties.

The biennial attraction of democracy in Texas is on. Since Wednesday, when 1936 was ushered in, at least a half a dozen more may be expected to fall before the latest date for filing.

Friday evening the annual chamber of commerce banquet is to be staged. While there is always a certain amount of pageantry and formality attached to such an affair, it is nevertheless a good thing.

And while on the subject of the chamber of commerce, a word about the distribution of 500 trees here two weeks hence is not amiss.

FOUR DANCES PLANNED HERE FOR FDR'S BIRTHDAY EVENT

Committee Announces Arrangements For Affair To Aid Infantile Paralysis Victims

Plans for extensive participation by Big Spring in the third annual national celebration of President Roosevelt's birthday were outlined by the local committee in a meeting Friday afternoon.

The president's 54th birthday on Thursday, January 30, will be the occasion for another national observance in which the Warm Springs Foundation and other institutions devoted to the prevention and cure of infantile paralysis benefit.

Four dances will be held—in the Settles and Crawford ballrooms, at the VFW hall and at the Casino. Admission tickets will be sold at \$1.50 per couple and one ticket will admit the holder to any and all of the dances.

Work Completed On First Project In WPA District

IN TROUBLE

James A. Timony (above), Mao West's manager, and 14 players were arrested at Los Angeles on a charge of conducting an indecent theatrical performance.

B'Spring Girl Dies, Victim Of Pneumonia

Funeral Services To Be Held Today For Geneva Belle Slusser

Death called early Saturday on one of Big Spring's well-known pioneer families to take Geneva Belle Slusser, native of the city and a popular member of its younger set.

At the bedside when death came were her parents; two sisters, Junnie Slusser, and Mrs. Jesseal Phillips, and an uncle and aunt, Mr. and Mrs. Jack LaField of San Antonio.

Another uncle and aunt, Mr. and Mrs. Carol Galbreath of Austin were to arrive here Saturday night, for funeral services today.

(Continued On Page 8)

Brownfield School Improvement Is Accepted

First WPA project for district No. 18 was officially completed Friday, R. F. Boston, district field supervisor approved the Brownfield school improvement job.

Set up as a two months project, the work entailed the expenditure of \$5,045, of which \$3,546 was advanced by the federal government. The project employed 74 men. Included in the improvements were the installation of 3,000 feet of curbing, several thousand square feet of sidewalks, painting of the building, caulking of walls, re-setting of trees and general repairs to the building and grounds.

Within the next week the Meadow school job is due to be completed, Boston said, and added that several other projects are moving rapidly toward accomplishment.

Thursday the first NRW job was opened in Garza county on a state, non-federal aid road. The second such project is to be started this week in Terry county.

After shutdown of several weeks, work was resumed Thursday on the Gail road program north from the cemetery. With 15 men working daily, new concrete bridge structures are being installed. Later the road will be graded, given a caliche base and eventually surfaced.

Saturday District Director R. I. McNew said that 680 people were at work on WPA projects in the district. But for a demand on NPS from highway contractors for laborers, McNew said that the number on WPA projects in the district would be much greater. It was estimated that approximately 200 men are at work on highway jobs in Howard county alone.

Bombs Strike U.S. Hospital

No Fatalities; League Is Asked To Investigate 'Atrocities'

(By The Associated Press) Italian bombs screamed death messages in Ethiopia Saturday while statements of the world redoubt President Roosevelt's message of peace and neutrality.

An American hospital, the Ethiopian government announced, was among the targets of fascist bombs. It was at Daggah Bur, on the southern front. A message to Red Cross officials in Addis Ababa indicated there were no fatalities. But in another sector, the northern, the government announced that Ethiopians were killed and 15 wounded when Italians dropped 3,000 bombs.

A Swedish Red Cross worker in the unit bombed at Dgolo last Sunday died the next day, it was disclosed. A survivor, Dr. Fried Hylander, who was brought to Addis Ababa because of wounds, said the raid was unjustified and that the Italians intentionally attacked the Red Cross camp.

An official Rome communique said a fascist plane was brought down in flames Friday and that the four occupants were killed.

Ethiopia appealed formally to the league of nations to send a commission to the war area to investigate and fix responsibility for war atrocities, alleging Italy was preparing to violate all rules of international warfare.

Coahoma School Bids Awaiting PWA Approval

COAHOOMA, Jan. 4.—Start of construction on Coahoma's new school building is awaiting approval bids by the state PWA office. It was said Saturday by Supt. George Boswell.

Boswell talked with Julian Montgomery, state PWA director at Fort Worth, who said that apparently all details on the project would be approved, but that final action may be delayed for a while due to rush in the Fort Worth office. Boswell said it might be two weeks before work on the building is started.

Patman Plan Dropped From List Of Bills

Group Backs Veterans Proposal; Munitions Hearing Opens Tuesday

WASHINGTON, Jan. 4. (AP)—Fighting house factions made peace over the bonus today as senate democrats, also talking of compromise, instructed their leader to take up the issue with President Roosevelt.

Two Measures The list of bonus measures at the center of the annual congressional battle narrowed to two when the Patman bill to provide payment through two billions of dollars of currency expansion was in effect taken out of the conflict.

Its backers agreed to consolidate behind legislation sponsored by the American Legion, Veterans of Foreign Wars and the Disabled American Veterans.

Only approval of the full Patman steering committee, which is regarded as certain, was yet to be obtained. The Patman action came as leaders of the American Legion, Veterans of Foreign Wars and disabled war veterans met with Chairman Robert L. Doughton, D. N. C. of the house ways and means committee, to urge prompt consideration of the Vinson bill. This measure would pay off the veterans with \$1,000,000,000 in cash but allows the treasury to pick its own means of financing the payment.

Morgan Inquiry Will Be Opened On Tuesday

WASHINGTON, Jan. 4. (AP)—Senate munitions committee members relied tonight on their fourth investigation of J. P. Morgan & Company to draw increased support for drastic neutrality legislation.

Senator Clark, D. Mo., predicted that disclosures in the inquiry beginning Monday will have the effect of bringing support for "more mandatory control" of loans and credits to belligerents.

As administration leaders mapped a quick pace for consideration of neutrality proposals already before congress, Clark and Chairman Nye, R., N. D., of the munitions group prepared to introduce their own bill Monday.

On the next day, they will begin questioning J. P. Morgan and Thomas W. Lamont, Morgan partner, on the effect of world war financing in the swinging of the United States into the conflict in 1917.

Scouters To Meet Jan. 13

District Session Preliminary To Annual Council Meeting

Scouters of the Big Spring district which embraces Coahoma, Forsan and Stanton as well as this city will convene in the regular district meeting Jan. 13 preparatory to the annual council session Jan. 20.

The meeting is scheduled to be held from the Crawford hotel and will be presided over by George Gentry, district chairman. Several important matters which must be cleared for the council gathering are due to be considered.

The largest attendance in the history of the Buffalo Trail council is anticipated for the area affair a week later from the Settles hotel.

Starting 2 p. m., the council confab will discuss into group meetings for scoutmasters, committeemen and finance chairmen of the several districts.

The meeting will be climaxed by the annual banquet to which wives and friends of scouters will be invited.

J. E. ADAMS ILL. J. E. Adams, prominent citizen of Coahoma, was admitted to Big Spring hospital Friday for treatment. He is seriously ill.

The Weather

BIG SPRING AND VICINITY—Sunday partly cloudy. WEST TEXAS — Fairly cloudy Sunday, warmer in east portion. EAST TEXAS — Sunday partly cloudy and warmer.

TEXAS HISTORY TOLD IN FLOWERS

"Remember the Alamo" was the title of the Texas float in the Tournament of Roses parade in connection with the Southern Methodist - Stanford football game at Pasadena, Calif. A lone star of blue delphiniums, topped the float, as pretty girls in period costumes, sat by flags which flew over Texas. (Associated Press Photo.)

DOORS OPEN TO BIG POLITICAL SHOW; DOZEN CANDIDATES GET NAMES IN SINCE TURN OF YEAR

The merry game of politics was off to a flying start last week. The whole show wasn't restricted to Washington, where democrats and republicans are flying at each other's throats. The Howard county arena was open, too, and entrants were filing in at a rapid rate. The first four days of the new year brought announcements from an even dozen candidates, and the deluge apparently was yet to come.

Doctor Slain; Clues Sought

Evidence Shows Killer Attempted To Scalp His Victim

CHICAGO, Jan. 4. (AP)—A savage twist today was added to the mysterious slaying yesterday of Dr. Silber Peacock, when a coroner's physician reported that the child specialist's slayer had attempted to scalp him.

The surgery apparently was performed after a bullet through the forehead had killed the doctor. The brutal slaying, which occurred while Peacock was answering a fake "mercy call," left officers without definite clues as to the motive.

Russia-Uruguay Dispute Carried Before the League

GENEVA, Jan. 4. (AP)—Russia appealed to the league of nations today against Uruguay's breaking off of diplomatic relations, asking that the dispute be heard at the mid-January session of the league council.

Late J. I. Prichard, Master At Vote Getting, To Be Missed In Campaign

Somehow, despite its crowded and closely contested races, the campaign preceding the democratic primaries in July and August will be missing fire.

The central figure of Howard county politics for 32 years is missing, and those who ask for the democratic nominations are missing J. I. Prichard.

In the history of Howard county there was never a public official who was able to amass and sustain the popularity that the veteran county clerk did before he died suddenly Sept. 11, 1934 in Asherton.

There was never a man who could rival him for shrewd, clean politics. He was a past master at the art. He succeeded so well that people always voted for Jim Prichard and not against his opponent, if he happened to have one.

The one restraining influence in announcing was the county clerk. It was no secret that many candidates often sought his advice or waited to see what Prichard would do before they announced.

Somewhere along the line, public officials invariably snag on

Passage Soon Predicted As A Possibility

FD's Talk Draws Storm Of Demo Praise And GOP Criticism

WASHINGTON, Jan. 4. (AP)—Amid new republican criticism of President Roosevelt's annual message, a matter apparently destined to reverberate for months, congressional leaders tonight smoothed the way for quick action on two of their headline issues.

Actual opening of floor debate on both neutrality and bonus legislation within a little more than a week appeared as a distinct possibility. Some leaders in fact predicted senate or house passage of one or both might be possible within that time.

The day passed, however, without any leading member of congress moving to accept the Lars flung by the president last night—a dare to try openly for "repeal" of a long list of new deal enactments.

Senator Hastings of Delaware, chairman of the republican senatorial campaign committee who led in criticism of the executive's message, took some notice of the defy. "It is true that the way is open," he said, "but unfortunately the president's control over congress makes this suggestion an impracticable one."

He added that to him the executive's address sounded like "the words of a clever politician who has his back to the wall."

Outside of congress, Frank Knox, Chicago publisher, discussed as a possibility for the republican presidential nomination, asserted an alternative program was "not difficult" to compose.

He suggested a seven-point program including drastic cuts in federal expenditures, a balanced budget every year, a sound currency, opposition to farm production restriction, and strict enforcement of the anti-trust laws.

White House officials said meanwhile that most of the more than 300 messages received before noon were laudatory of the address which took new deal critics sharply to task and castigated "autocracy and aggression" abroad. Twenty-eight messages received were described as unfavorable.

Democrats said the speech was a "wonderful, aggressive address unmasking and revealing the opposition's character." Republicans called his talk "political harangue."

Some portions of Europe believed the address will serve to heighten the rapidly-returning war crisis on the continent, and that it might increase war preparations instead of hindering them. They saw the possibility of the talk reviving the suggestion of an oil embargo against Italy.

FDR's Budget Plans Ready

WASHINGTON, Jan. 4. (AP)—With interest in the issue already heightened by President Roosevelt's assertion that the administration is approaching a balanced budget, the capital awaited impatiently tonight for publication of his exact estimates.

On Monday the annual budget message will go to congress to be read to the two houses separately by their reading clerks, contrasting sharply with the fanfare that accompanied the president's personal delivery last night of his message "to the state of the union."

The message was given to newsmen today to be held until Monday. Then President Roosevelt held a special press conference to explain its details.

CRANE MAN HERE Superintendent J. H. Bankston of Crane was in Big Spring Friday conferring with Claud Holderness, Big Spring representative for the N. L. Peters architectural firm. Crane has issued \$20,000 in bonds for construction of a gymnasium.

J. I. PRICHARD

some dangerous issue. Prichard ardently steered clear of the reefs on the explosive Ku Klux Klan tie.

Music, Comedy And Dancing Combined In Picture At Ritz

THEY FIGHT GANGSTERS

Paul Muni and Ann Dvorak as they appear in Muni's new starring vehicle, "Dr. Socrates," an exciting story of how a surgeon and the girl he loves work together to cause the arrest of a notorious band of bank robbers. The picture plays Sunday, Monday and Tuesday at the Lyric.

PAUL MUNI STAR OF EXCITING CRIME DRAMA AT THE LYRIC

Plays With Ann Dvorak, Barton MacLane In 'Dr. Socrates,' Opening Today

Paul Muni is said to win new laurels in his powerful portrayal in "Dr. Socrates," an exciting crime drama which plays Sunday, Monday and Tuesday at the Lyric. The new film, written by W. R. Burnett, author of "Little Caesar," is adapted from the story which ran serially in Colliers magazine.

There are daylight raids by ruthless bank robbers and killers, their battles with the police and their ultimate capture by government agents. But the picture is more than melodrama. The exciting episodes form the background for a remarkable character study and an unusual romance.

"Dr. Socrates" is the story of a famous surgeon whose nerve has broken under the strain of hard work and who has buried himself in a small town. His redemption comes through the love of a girl whom he rescues from a bandit gang that has kidnapped her. Ann Dvorak, who plays opposite Muni, has the role of the innocent hitch-hiking girl who has been seized by the bandit chief. Barton MacLane, fast becoming known as one of the screen's "meanest" villains, has the role of Public Enemy No. 1 in this story.

The story tells of incidents after the doctor has become involved against his will with the bandit gang, and shows how he and the girl with whom he falls in love bring the outlaws to their doom. Others in the cast are Robert Barzil, Henry O'Neill, John Eldredge, Hobart Cavanaugh, Helen Lovell, Mayo Methot and Raymond Brown.

Recovering From Amputation Of Leg

J. D. "Blanche" Queen was reported as recovering late Saturday following an operation for the amputation of his right leg above the knee Friday morning. Queen, who was injured in an automobile collision on the Gail road Dec. 23, sustaining fractures of the right leg and right arm and other injuries. Infection set up in the right leg, and amputation became necessary.

Bill Nichols, small son of Mr. and Mrs. Vivian Nichols, is in the Bivings hospital with a severe cold.

The Opening Play

AT THE RITZ

Betty Grable and Joe Penner are two members of a large cast which presents songs, dances and comedy sequences in "Collegiate," a fun fest which the Ritz offers Sunday and Monday. Others in the picture are Jack Oakie, Ned Sparks, Lynne Overman and Frances Langford.

Ruby Keeler And Jolson Co-Starred

Seen Together In 'Go Into Your Dance,' Now At The Queen

The film which brought to the screen together for the first time Al Jolson and Ruby Keeler, is the featured attraction at the Queen for three days beginning Sunday. It is a swiftly-moving and entertaining musical spectacle called "Go Into Your Dance."

While the picture is one of musical comedy scenes, it also carries a well defined romantic plot. The story is by Bradford Ropes, author of "2nd Street." Dance numbers were directed by Bobby Connelly, and popular songs are introduced.

Jolson has the role of a Broadway entertainer, who is harassed from the New York stage, because he quits his shows without notice, his weakness being wine, women and the "ponies." He winds up in Caliente at the race tracks, waking up with a headache and without a job.

Glenda Farrell plays the part of his devoted sister who gets him straightened up, and finally convincing him that Broadway is through with him, persuades him to take a job in Chicago with a partner. She has already persuaded Ruby Keeler, who has the role of a clever dancer on the West Coast to team with her brother.

After a series of exciting incidents the New York opening comes off in a blaze of glory in an unusual and surprising climax.

In the supporting cast are Helen Morgan, Barton MacLane, Sharon Lynne, Patsy Kelly, Benny Rubin, Phil Regan and Gordon Westcott.

PARK AND HONK AT EITHER OF OUR 3 STORES
Sudden Overize Service
CUNNINGHAM AND PHILIPS

Cast Of Entertainers Offered In 'Collegiate'

Sparkling with new songs from the pens of Mack Gordon and Harry Stebel, with comedy furnished mainly by Joe Penner, Jack Oakie and Ned Sparks, and with something like 150 beautiful girls for a background, Paramount's latest musical, "Collegiate," opens a two-day run at the Ritz theatre Sunday.

Thus, laughs, music and choral numbers are combined in the entertainment. "Collegiate" is the first picture to give Frances Langford, a star of the radio, an important role, following successes in minor parts. Miss Langford is heard in some of the picture's new songs.

Oakie is cast as the ne'er-do-well nephew of a rich old lady who bequeaths him a girl's seminary. With his pals, Ned Sparks and Lynne Overman, he sets out to see the school and on the way they meet Joe Penner, who has a nice car, plenty of money, and a case of amnesia.

This bunch of good time boys find a school with Victorian atmosphere, dull and uninspired. They decide that won't do, and set out to modernize the place. The events that occur as they toss out everything old-fashioned and transform the seminary into a "charm school" provide first rate amusement. Even Miss Langford, seen at first as the unattractive girl, gets into the spirit of things and emerges as a singer of charm. She falls in love with Oakie, while Penner comes across a lovely blonde, Betty Grable, who holds his attention.

All the comic events transpire with a background of catchy music and clever dance numbers, to make "Collegiate" an entertaining film.

Increase Posted For E-TEX Crude

HOUSTON, Jan. 4. (UP)—Liberty Pipe Line company posted a 24-cent a barrel increase for East Texas crude oil Friday, after announcing earlier this week a top price of \$1.25.

Oil interests failed to follow the lead of the Houston independent, although observers believed a general increase in posted prices may be announced at any time.

J. W. Clark, farmer residing on the Gail route, who underwent a major operation at Big Spring hospital, was reported doing nicely late Saturday.

CHAMPION SAILS
NEW YORK, Jan. 4. (UP)—Omaha, William S. Woodward's 3-year-old champion of 1935, will sail for England Wednesday to campaign for the Assot Gold cup and the Coronation cup.

Mrs. Otto Wolfe and two children have returned from a visit with relatives in Baird and Dallas. Mrs. Wolfe's sister, Mrs. Brandon Currie, and son, Kenneth, of Stamford are Mrs. Wolfe's house guests.

Rev. R.A. Rogers and two children, Violet Lee and Basil Gean, have returned to their home in Shawnee, Okla., after spending the holidays with his sister, Mrs. Lad Caubis.

Wynell Woodall, who has been confined to bed several days with an attack of bronchitis, was reported improved Saturday.

Mrs. D. M. McKinney and son have returned from McKinney, where they spent the holidays with relatives.

Carl Homshild went to Lamesa Saturday, where he attended business for Texas Electric Ice Co.

Sanderford Is Candidate For Governor

Taxation Views Presented in Platform of Belton Man

Roy Sanderford of Belton, state senator from the 21st district Saturday announced his candidacy for the governorship, presenting a 10-point platform.

His platform is concerned mainly with tax issues, and Sanderford said he favors a three per cent sales levy to finance old age pensions, opposes an income tax, favors a graduated land levy for county purposes and a "reasonable" chain store tax.

Sanderford is 41, a native of Bell county. He was in the flying corps during the World war, and later left business in Belton to become tax collector of Bell county. He was elected to the state senate in 1932.

His announcement to the press is presented in the following platform:

- First. A substantial reduction of government expenses and where conditions will justify, I shall, if necessary, use the veto power to reduce appropriations 25 per cent.
- Second. A three per cent retail sales tax for the purpose of paying the Old Age Pension and to take the place of the present real estate taxes for general revenue, schools and Confederate Pension.
- Third. I am opposed to any state income tax, as the federal government has already preempted the income tax field. It would be a wise state policy to prohibit enactment of such a tax by constitutional amendment. This would invite new capital to our state, result in the development of industry and the employment of more labor than perhaps any other one thing that could be done.
- Fourth. I favor a graduated land tax for county purposes beginning with small valuations. This will increase opportunities for home ownership and tend to discourage the holding of large tracts of land for speculative purposes.
- Fifth. I favor a reasonable chain store tax provided it treats everybody alike and does not exempt any special class of business.
- Sixth. To promote employment, I favor a constitutional amendment exempting from taxation all textiles, leather, paper and woolen mills, and other similar factories for a period of 20 years that have 50 or more employees.
- Seventh. I favor the right of suffrage being extended to any citizen on the payment of a small registration fee in lieu of our present poll tax.
- Eighth. I subscribe wholly to the principles of local self-government with the enforcement of all laws administered honestly by local authorities and with the backing and cooperation of the state government.
- Ninth. I believe that labor has the inherent right to organize and bargain collectively through representatives of its own choosing.
- Tenth. Since the people of Texas have voted repeal, I favor the passage of such laws as will insure strict regulation of the liquor traffic and reduce the evils of this trade to a minimum.

Is Sentenced For Perjury

Man Draws Term For His Testimony in Political Inquiry

LINCOLN, Neb., Jan. 4. (UP)—George W. Norris, Alva, Okla., grocer, yesterday was sentenced to three months in jail and fined \$100 for lying to a U. S. senate committee that investigated Nebraska's 1930 political campaign.

Attorney William E. Shuman announced he will appeal the conviction to the U. S. circuit court of appeals.

Federal Judge T. C. Munger approved a \$1,500 appeal bond for Norris and the grocer will be at liberty until the case is reviewed at St. Louis.

Commenting on the jury's verdict, Judge Munger said Norris' statements to Sen. Gerald F. Nye of North Dakota and Porter H. Dale of Vermont constituted "deliberate perjury."

Norris is the famous figure of Nebraska's 1930 political campaign and he is the second man to be sentenced for perjury as a result of the senatorial investigation of the campaign.

Victor Seymour, Lincoln attorney who managed the campaigns of western senatorial candidates for the republican party in 1930, recently completed serving a six months' term for perjury.

Another jury found that Norris had lied when he told the senators that he had not received promise of financial support if he would file his candidacy for the republican senatorial nomination in opposition to U. S. Senator George W. Norris of McCook.

Mr. and Mrs. Paul Limer of the Crawford hotel are announcing the birth Saturday morning of a daughter. The child weighed seven and one-half pounds. Mother and child were reported doing nicely.

Clyde E. Thomas left Sunday morning for Austin, where he will remain through Tuesday on legal business. He was accompanied as far as Waco by his son, George, who will resume his studies at Baylor university.

ALLISON, HENDRIX MEET IN TENNIS FINAL

WILMER IN BEST FORM IN MATCH

NEW ORLEANS, Jan. 4. (AP)—The second annual mid-winter tennis tournament will wind-up tomorrow when Wilmer Allison, top ranking player of the nation, meets Arthur Hendrix of Lakeland, Florida, in the finals of the men's singles.

Allison breezed through to victory in the semi-finals today against Martin Buxby of Miami, Florida, 6-3, 6-0. Hendrix scored a mid upset when he came from behind after losing the first set to J. Gilbert Hall of East Orange, New Jersey, 6-4, 6-3, 7-5.

Allison, at top form, forced Buxby into repeated errors. His placement shots clicked perfectly.

The finals in doubles, also set for tomorrow, will find Ern's and Ed's Sutter paired against J. Gilbert Hall and Hal Surface of Kansas City. The Sutter boys are defending champions of the Sugar Bowl meet.

They advanced to the finals today, disposing of Arthur Hendrix and Frank Gurnsey of Lakeland, Florida, 6-0, 6-4. Hall and Surface eliminated Allison and W. T. Caswell, 6-3, 6-1.

Horton Smith

(CONTINUED FROM PAGE 4)

ings covered one of the courses and the hospital staff took over the other for its own use.

With the meteoric rise to fame of Smith, golf became so popular here in 1929-1930 and 1931 that the city's professional baseball club in the Class C Western Association lost \$50,000 in two summers. The ball club owners finally started night baseball and this, combined with Smith's three-year slump which dampened some of the interest in golf here, has enabled baseball to prosper again.

With Horton away to a fast start in the winter campaign, baseball officials here are praying someone won't go out and make night golf popular by introducing phosphorus-covered balls. For as Smith goes, so goes the popularity of golf in Springfield.

HUNTING PARTY MAKES A BIG KILL

One of the big kills of the deer season was that made by this party of ten men, shown with 14 bucks bagged during a hunting expedition on the Woods ranch below Marfa last

month. In the picture, left to right, are E. C. Loft of Fort Worth; G. H. Watson, Lamesa; Ray Albaugh, Big Spring; James Sumpter, Lamesa; John Alford, Henderson; Bill Creigh-

ton, Fort Worth; G. C. Givwright, Fort Worth; Rex Bell, Jacksonville; Mike Key, Lamesa, and Doren Wood of Marfa.

PORTALES TEAM BESTED, 23 - 15

For the second night in succession, the Cosden Oilers came from behind to win, this time defeating Tiny Reed's Greyhounds from the Eastern New Mexico Junior college Saturday, 51-49, to bag their sixth triumph of the season in eight starts.

The Normal quint jumped into an easy lead and held a big advantage for the first fifteen minutes of play, and not until teams were switched on the floor did the locals finally come to life and close in.

Despite the fact that the Cosdenites began to hit the basket with startling regularity, the visitors succeeded in maintaining a 27-22 lead at half time and made it interesting until the last six minutes of play when the combination of Hutto, Cordill and Jack Smith gave the Oilers a 12-point lead, their greatest advantage of the evening. Hutto took high point honors for the locals with seven field goals and a free toss while Coffman of the visitors tacked up five field goals and four free tosses to lead the Portales parade.

"Shuckins" Wallin and Lloyd Forrester clicked together during the last half to turn in good defense games, time and again breaking up enemy passes, and each dropped in a long toss from midcourt to aid in the early recovery march.

COLLEGE GAME ON SCHEDULE FOR REFINERS

The Cosden Oilers journey to Abilene Tuesday where they play the ACC Wildcats in a return game on the Christians' court.

An attempt was made to schedule the Christoval Bats for a single encounter here Jan. 8, but word has not been received from the Concho club. The CCC cagers of Lamesa are also being contacted in an effort to match a game for the latter part of next week.

Tim Moynihan To Quit Texas

Seeking Head Coach Position At Oklahoma A. & M. College

STILLWATER, Okla., Jan. 4. (AP)—Oklahoma A. & M. college athletic officials said today Tim Moynihan, former Notre Dame star who said in Chicago today he would not return to the University of Texas as line coach, is one of the applicants for position of head coach, vacated by Albert Eckenstine. The officials, declining to make any discussion, considered Moynihan as "one of those applying" and added that the position had not been filled.

WINE LEADER AT RIVERSIDE

RIVERSIDE, Cal., Jan. 4. (AP)—Jimmy Hines, Garden City, Long Island, played the Victoria club course in 66, six under par, to take the lead in the Riverside Open today. Hines posted a sensational score,

Golfers Have Good Outlook

Bush Says 1936 Has Many Big Events In Store For Aces

(This is one of a series written especially for the Associated Press by the nation's outstanding athletic leaders on results of 1935 and prospects for 1936.)

By PRESCOTT S. BUSH NEW YORK, Jan. 4 (AP)—Golfers may well look forward to the advent of 1936 with the expectation that it will be indeed a Happy New Year.

The improvement in business and the better feeling that has accompanied it already are making a difference in the attitude of members toward their clubs and their golf games. Repeal has likewise contributed to the greater enjoyment of clubs and to the revenue of the clubs.

Club finances are better and getting better. Members are filling up, and the whole situation is becoming more normal and more pleasurable.

Golf is relatively free from controversy. There are no unhappy disputes raging and none appears on the horizon.

British golfers are becoming con-

scious of the fact that the game may well be spoiled if manufacturers continue to add distance to the ball. It is hoped by golf officials in this country that our manufacturers will not add greater distance to the ball, and thus eliminate the necessity of any further changes in the specifications, which always result in controversy.

If I may express another hope for golf, it is that the tendency of players to carry larger and heavier bags of clubs be checked by popular aversion. The bag is beginning to look like a steamer trunk. The caddy boys are mostly young and growing lads, and it seems a shame they should be required to lug such heavy burdens.

Golf officials note with satisfaction the continued growth of municipal golf. The public links championship, sponsored by the U. S. G. A., is the high spot in municipal golf links competition and serves to bring home to the growing army of public links players the importance of observing the rules of golf and the true spirit and fine traditions of the game.

Perhaps no game that is played by millions of our people is so capable as golf of developing the sense of sportsmanship, courtesy, and consideration of the opponent.

FRATERNITY TO MEET

A meeting of the Kappa Phi Omega Fraternity will be held at the Crawford hotel this evening at 7:30. Harold Harvey, chapter president, urges all members to be present.

Stanton Cage Work Started

STANTON, Jan. 4. (Sp.)—Conch Henderson put in the first call for basketball practice this week and about fourteen players answered the call.

Henderson has a rangy team this year but only two experienced players, Beth Donaldson and Henderson, both forwards.

The Stantonites will enter a tournament at Odessa Friday and meet at Courtney the following week.

COAHOMA HAS EDGE IN TILTS

GARDEN CITY, Jan. 4 (Sp.)—Garden City basketball teams won only one out of three games here Friday night with Coahoma teams.

The Coahoma senior girls won, 27 to 15, and the Coahoma junior boys copped their game, edging out 7-6 winner. The Garden City senior boys were victorious, 25 to 14.

The Coahoma senior girls will take part in a tournament to be staged here soon. The Coahoma senior boys club will make the Odessa tournament on Friday.

BIG PAY-OFF AT SANTONE

SAN ANTONIO, Jan. 4. (Sp.)—Lucky Dan and Quick, the latter a field horse, came in at long odds to win the second and third races at Alamo Downs today and the daily double paid \$2,437.25 to holders of two tickets sold on a combination.

Lucky Dan paid \$308.50 straight and the field in which Quick ran, paid a straight price of \$43.10.

LAMESA, Dec. 4.—The Eastern New Mexico Jr. College Greyhounds posed off the Lamesa Tornados here Friday evening in a close defensive battle, 20-17.

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

This \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only one-half of 1 per cent a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6 per cent. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6 per cent.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

Costs A Little More Daily Than A One Cent Postage Stamp

Did You Know

That the Big Spring Daily Herald goes to press several hours later than any other daily newspaper that circulates in this section. This enables us to give you many of the big news items ahead of other state papers that circulate in this territory.

This Special Rate Closes January 10th

YOU WILL GAIN NOTHING BY WAITING

ONLY FIVE MORE DAYS TO GET IN ON THIS OFFER

SPECIAL NOTICE

If you are already a subscriber you also have the opportunity to save \$1.75 on your newspaper subscription. Mail your check or money order at once and your subscription will be dated one year from your present expiration.

If for some reason you do not care to pay for a whole year in advance, we will be more than glad for you to continue your subscription by the month, which is only sixty cents per month and will be much easier to pay once per month than it is to pay \$5.45 all at one time. Just call us and say that you wish to pay at the end of each month and your subscription will be entered that way.

Remember this is ELECTION YEAR and you want to keep up with your local candidates.

SINCLAIR-PRAIRIE COMPLETES TWO WELLS IN EAST HOWARD

Superior Wildcat East Of Coahoma To Be Deepened; Casing Run Past 2510 Feet

Completion of two wells by Sinclair-Prairie in the east Howard pool, running of casing in the Superior No. 1 Logan wildcat 3 1/2 miles east of Coahoma, and anticipated resumption of drilling on the John L. Moore No. McDowell deep test in Glasscock county furnished the features of a mile week in Howard and Glasscock counties.

Superior is to deepen after running 7 inch casing past 2510 feet to shut off sulphur water which was encountered 2508-10 feet.

With equipment in shape, deepening of the wildcat deep test in Glasscock county is scheduled to begin this week. The test is bottomed at 10,115 feet where it was shut in Dec. 15 when it headed and caused storage tanks to catch fire.

1499-Barrel Yield
Sinclair-Prairie completed two wells in the Dodge-Denman pool in eastern Howard county for combined initial yield of 1,933 barrels. No. 24 Dodge, 990 feet from the north line and 2,810 feet from the west line of section 3-30-1a-T&P, flowed 915 barrels of oil daily at 2,784 feet. It was shut in after yielding 2,750, top of the test at 2,785 feet. No. 25 Dodge, 2,310 feet from the south line and 330 feet from the west line of section 3, swabbed and flowed 575 barrels daily at 2,800 feet. It topped pay at 2,440 and was shut with 600 quarts from 2,580 to 2,792 feet.

C. P. McLaughlin & Co., Inc., No. 1 Otis Chalk, 330 feet out of the southeast corner of the west half of the northwest quarter of section 14-28-W&N.W., showed oil and gas from 2,131-40 feet at a yielding one-half barrel of oil and one-half barrel of water hourly from 2,040-46 feet and shut down for repairs at 2,200.

Gene Mays No. 1 Ike Funk, northwestern Tom Green county wildcat, began plugging back from 1,450 feet, where it struck sulphur water a month ago, to 1,025 feet to treat with acid the zone from 867 to 1,025 that showed oil in amount promising small production. The test is in the southwest quarter of section 38-5-H&T.C.

In Gaines County
Wahlennauer and York & Harper No. 1 Dr. E. H. Jones, one of two Gaines county wildcats at tracking much attention, drilled ahead at 4,025 feet in anhydrite, unchanged save for a puff of gas at 3,940 feet. It is 15 miles northwest of Seminole and 600 feet out of the southwest corner of section 414-G-GC&D&RGNG. Three miles northwest of Seminole, W. T. Walsh and Harry Adams Corp. No. 1 Averitt had drilled by tools to 3,122 feet after setting a whipstock at 3,040. It lost tools several weeks ago when gas increased all 2,122 feet to an estimated 15 million cubic feet daily. When the hole is clear rotary will replace cable tools, to which the operators changed at 3,090 feet. No. 1 Averitt is in the northeast corner of section 228-G-WTRH.

Gulf No. 1 Waddell, western Crane county wildcat making a bid for West Texas' first production from the Simpson, middle Goliad, cleaned out below 8,912 feet. The result of a 480-quart shot from 9,186 to 6,309 feet on Dec. 23 still undetermined. Before shooting the test plugged back to 6,317 feet, one foot in the Ellenburger, after flowing sulphur water at 6,450. It is 602 feet out of the northwest corner of section 4-R27-pl.

Dawson, Midland And Ector Road Work To Be Let
Grading, base work and structures on roads in Dawson, Midland and Ector counties will be included in projects on which bids will be received soon by the state highway department, it was announced Friday from Austin. The department said bids would be taken on \$2,065,000 construction projects in 23 counties, opening a \$49,200,000 building program for 1935.

Among the projects listed for early letting were, by counties:
Ector—Nine miles of grading, structures and caliche base on feeder route from Midland county to highway 51.
Midland—12.5 miles of grading

and caliche base on feeder route from Midland northwest to Ector county.
Dawson—5.9 miles of grading and structures on feeder route from Spangburg to highway 9.

17 Locations Are Made In Abilene Area

7 Locations Are Made In Abilene Area

Activity Picking Up In Jones County Following Holidays

ABILENE, Jan. 4.—Scattered activity over this area followed the lull during the Christmas holidays as seven new locations were made during the week.

One new location for a 2,000-foot test was made in Jones county, south of the old Capitan pool, and 13 miles southeast of Anson. The Samedan Oil Corporation No. 3 M. Newton will be 225 feet from the north line and 225 feet from the east line of section 1, block 20, T&P survey, and is to start Jan. 6.

In the Hawley field, the Tom D. Humphrey No. 1 Dorsey, southeast outcrop of the pool rated as a 2,000-barrel well, remained shut-in as operators attempted to fish tools from the hole. They were jammed as the test made heads when cement plug was drilled last week. It is in section 18, Manuel Bueno survey 196.

Ungren & Frazier No. 1-C Dorsey, south offset to the Martin No. 3 Dorsey, was still fishing at a depth of 2,000 feet. It is in section 1, Manuel Bueno survey No. 197.

In the Lueders area, Bridwell & Fikes No. 4 J. W. Jennings, bottomed at 2,042 feet in King sand and was opened for proration gauge and flowed 83 barrels in four hours. It is in section 207, BBB&C survey, three miles northwest of Lueders.

W. D. Conway No. 1 Lee Cauthen, southeast of the Jennings pool, was plugged at 2,145 feet as a failure in the King sand. It logged a showing of oil from 2,025 to 2,060 feet, and water sand from 2,122 to 2,145 feet. Location was in section 24, G. A. Williams survey.

Fisher Test To Be Treated

Pay Sought At Higher Level In Location Near Rotan

ABILENE, Jan. 4.—Merry Brothers & Perini and Tide Water Oil Company No. 2 Mary Howard, second test of the deeper Fisher county pay on the huge block northeast of Rotan, is cleaning out to a total depth of 3,651 feet in preparation for treatment with 2,000 gallons of acid.

Cement plug set at 3,647 feet was drilled this week and four feet of the lime saturation was taken. Oil rose 1,600 feet in the six-inch hole overnight. The stratum is approximately 20 feet higher than the main pay found in the original well, producing from a total depth of 3,677 feet and five feet in the pay.

The test is the second to strike oil on the wildcat block. The firm's No. 1 Howard was completed last February as a 187-barrel producer from the lowest horizon obtained in Fisher county. A second test, the No. 1 Hittson, three-fourths mile east, was abandoned last summer after the structure revealed only salt water.

Location of the No. 2 Howard is 1,520 feet from the north line and 1,550 feet from the east line of section 180, block 2, H&T.C. survey, about 800 feet west and south of the discovery well.

Merry Brothers & Perini No. 1 Harrell S. Newman, four miles southeast of Roby in Fisher county, had drilled past 3,900 feet on a projected 4,300-foot test. Location is 1,757 feet from the north and 1,054 feet from the west lines of the northeast quarter of section 25, John Rodman survey.

ON WAY HOME PASADENA, Calif., Jan. 4. (UP) Governor James V. Allred of Texas started back to Austin this morning. He and Mrs. Allred were guests last night at the home of John Boles, Texas-born movie actor.

Dawson—5.9 miles of grading and structures on feeder route from Spangburg to highway 9.

The man was unassuming, quiet, smiling and courteous. He was an active worker in the church, was of high character, and above all a master psychologist. To this might be added that any man who could hold one office for 16 terms and be the nominee for the 17th term was nothing short of a political marvel.

The Week (CONTINUED FROM PAGE 1)

growth. Today Big Spring looks vastly different from the city of seven years ago, and the addition of three to four thousand trees has played no small part in the change. If this is continued year after year, someday this town will lose much of its barren appearance.

Prichard (CONTINUED FROM PAGE 1)

What was the secret of his success? The real secret is perhaps one of those inexplicable mysteries which can best be charged up to personality. There are, however, some more tangible things about his art which made him the dean of local politicians.

Tourist Injured In Car Collision

MIDLAND, Jan. 4 (Sp.)—A tourist from the west coast to Indianapolis, Ind., was seriously injured today in a collision with a car driven by Aldine Doss of Midland.

Warren In Race For Co. Clerk

R. Lee Warren, county clerk, Saturday announced his candidacy for his office. A resident of Howard county since 1914, Warren has lived both in town and on the farm. He is well known here.

Haskell Man's Leg Is Crushed By Train Here

J. M. Pinkerton, 50, of Haskell, Tex., suffered a crushed right leg while crossing through a string of box cars in the east end of the local Texas & Pacific yards early Saturday morning.

Ford Provides Flat Payment Of \$25 Monthly

Announcement of a new financing plan whereby charges are fixed at six per cent, and a flat monthly payment of \$25 is provided has been made by the Ford Motor company.

Report Progress In Silver Talks

WASHINGTON, Jan. 4 (UP)—Treasury officials said today "very satisfactory progress" was made in a short conference between Secretary of Treasury Morgenthau and Mexican silver experts.

Chance To Talk

TRENTON, N. J., Jan. 4 (UP)—State officials are watching closely for the possibility of Bruno Richard Hauptmann shedding light on some of the unexplained phases of the Lindbergh kidnaping, it was learned today.

Garlington In Co. Judge Race

In what is perhaps one of the most unique and briefest announcements for county office, County Judge J. S. Garlington Saturday announced he would seek re-election.

Hefley Seeking Justice Office

J. H. "Dad" Hefley, serving his first term as justice of peace in precinct No. 1, has announced that he would be a candidate in the democratic primaries to succeed himself.

Dubberly Will Ask Reelection

Hugh Dubberly, district clerk in Howard county, Saturday announced that he would seek the office in the democratic primaries. His name is listed in the announcement column of The Daily Herald.

FAMOUS MILER DEFEATS CHUCK

NEW YORK, Jan. 4 (AP)—Glen Cunningham, world record holder at one mile, fought off a determined last lap drive by Chuck Hornbostel, former Indiana University star, to win the eight hundred meter special, the feature event of the tenth annual indoor track and field meet of Columbus Council, K of C, before a capacity crowd of six thousand tonight.

MEXICAN HELD

Felix Gutierrez, Mexican, is being held in the Howard county jail by the border patrol for deportation.

1935 A Big Year For Cupid; Wins By 270-97 Score

Cupid came out of the kinks during 1935 and scored an impressive victory in Howard county over his arch-enemy—divorce.

Traveling Cost Of Congressmen Totals \$220,000

WASHINGTON, Jan. 4 (UP)—Congress has run up a \$220,000 bill for the taxpayers to foot before even getting down to the business of lawmaking.

Commercial Vehicle Registrations Gain

While the boom-like total of new passenger cars registered here in 1935 overshadows the smaller figure for commercial vehicles, there were 183 new machines of the latter class registered here during the year.

Fletcher To Be A Candidate For Commissioner

W. M. Fletcher, serving his first elective term after having been appointed county commissioner of precinct No. 4, said Saturday that he would be a candidate for another term.

Socialists Pick Convention Site

PHILADELPHIA, Jan. 4 (AP)—The national executive committee of the socialist party today selected Cleveland for the party's convention this year, scheduled to start on May 23.

Texas Pecans Flood Market

Supply Most Plentiful In History; Prices At Low Mark

AUSTIN, Jan. 4 (UP)—Texas pecans are the most plentiful in history—and almost the lowest in price.

Because most pecan trees in this state grow wild, no exact figure is available on the number of trees. Experts estimate there are from 80,000,000 to 100,000,000. Federal crop authorities estimated 44,000,000 pounds were produced from those trees in 1935.

crops until prices rose. Farmers generally receive three to four cents per pound for pecans. Texas' pecan tree has one distinction no other Texas tree can offer—it is the state tree. The 36th Texas legislature in 1919 adopted the pecan as state tree.

Wrigley Company Inaugurates Own Age Pension Plan

NATION SPENDS 600 MILLION TO AID VETERANS DURING '35; ARMY OF DISABLED GROWING

WASHINGTON, Jan. 4. (UP)—Veterans Administrator Frank T. Hines today attributed increasing demands for immediate payment of the soldier bonus to widespread and continued unemployment of service men during the past few years.

Hines' statement was made in his annual report on affairs of the veterans administration, covering the fiscal year ending June 30, 1935.

"The unemployment of ex-service men in such large numbers throughout the country," said Hines, "as has been experienced during the past several years, has resulted in increased demands for hospitalization, domiciliary care and monetary benefits."

"It has greatly stimulated demands for the cash payment of Adjusted Service Certificates," Hines described extensive efforts made by the veterans administration to aid distressed servicemen but added that "these efforts, however, have not solved permanently the future of the unemployed non-disabled veteran now reaching middle age."

Country Searched for Jobs

Hines said that the government had made every possible effort to find re-employment for veterans.

Cost of the veterans administration during the last fiscal year was set at \$618,522,341.50. Hines reported 3,528,701 adjusted service certificates in force with a maturity value of \$3,478,187,436 and a present loan value of about \$1,750,000,000.

Veterans now have taken up virtually all the cash value of these certificates, Hines revealed, reporting 2,904,525 certificates pledged for loans and interest aggregating \$1,479,669,883.97. In addition he estimated banks had loaned \$60,000,000 on certificates.

Hines said that a total of 3,732,485 certificates had been issued with a maturity value of \$3,680,943,293. However, 2,031,784 certificates have matured because of death with payment of \$202,755,807 to beneficiaries.

On June 30 the administration was paying compensation for service-connected disabilities to 336,576 veterans, an increase of 4,660 for the year. Payments on this account totaled \$171,877,528, an increase of \$32,431,005 for the year.

Meantime, Hines said, the number of totally disabled non-service-connected veterans is rapidly increasing "as is to be expected with the advancing age of veterans and the hazards of disease and injury in civilian life." The June 30 total was set at 33,604, compared with 31,183 last year.

Hines reported extensive developments in the administration's medical service, especially in the field of cancer and arthritis treatment.

His report on distribution of veteran expenditures by states during the fiscal year 1935 included:

Texas, \$19,408,690.

Hines reported the following number of veterans, exclusive of those who served in the World War, on the government's pension rolls:

Civil war—13,273, a decrease of 6,182 for the year.

Indian wars—3,899, a decrease of 471.

Spanish-American war—162,892, a decrease of 4,831.

Washington, Jan. 4.—It may as well be put down right now that an unexpected newcomer will go on the list of congressional subjects for this session.

The wide public interest manifested in the flight of the Lindberghs to Europe has made it all but certain that efforts further to increase the federal authority over crime will be made.

Rocky Road Seen

Granting such a move in fact reaches the stage where new enactments are in close prospect, however, the road from there on is likely to be a rocky one. There is and always has been, in congress an important section of influential opinion against a high degree of concentration in Washington of investigative and prosecuting power.

Men of this school always say they yield to no others in their desire to stamp out crime, but differ at fundamental points with those who favor turning over the more important police functions to federal agents. Opposition is based on the theory that it is unwise to so lift responsibility from state and local officials.

Most of those in this group are high-ranking democrats, clinging to old doctrines of states' rights. Operating on the same general philosophy they have successfully opposed a federal anti-lynching law.

The "Lindbergh" Law

Congress first showed vital interest in the subject of kidnaping in 1932, when it passed the "Lindbergh law," making it a felony to transport kidnaped persons across state lines. In 1934, measures going much further were passed, one of them making it presumptive that a kidnaping was interstate and thus subject to federal authority—if the victim was missing more than three days.

Incidentally, the so-called "Lindbergh law" now is before the supreme court for a definitive interpretation of the scope of the phrase—"held for ransom or reward or otherwise." The question is whether holding an officer to avoid arrest falls under the heading of an abduction. The answer will be of great importance because it easily could broaden or limit the kidnap fields in which the federal government may operate.

Issues somewhat similar have arisen before in the extortion law. That act makes it a felony to send a letter threatening harm to the

Congress To Take Up New Crime Laws

Efforts Will Be Made To Increase US Power Over Felonies

WASHINGTON, Jan. 4.—It may as well be put down right now that an unexpected newcomer will go on the list of congressional subjects for this session.

Year's Elections To Be Dominant Factor In All Business, Oratory During Current Congress Session

WASHINGTON, Jan. 4. (UP)—The Roosevelt administration went into the last lap this week as the house and senate convened in an election year. Democratic leaders striving for an early adjournment realize the odds are against them in any effort to send congress home before June.

Presidential politics and foreign affairs dominate senate interest and invite the first oratory of the second session of the 74th congress. One-third of the senate is up for re-election this year. All members of the house must submit to the polls. The nation will choose a president.

Republicans are fighting on all fronts. Political observers believe affairs dominate senate interest and invite the first oratory of the second session of the 74th congress. One-third of the senate is up for re-election this year. All members of the house must submit to the polls. The nation will choose a president.

One-third of the senate is up for re-election this year. All members of the house must submit to the polls. The nation will choose a president.

Japanese ambassador's protest against a speech in which the senator assailed what he termed the "militaristic government" of Japan.

Free for Oratory

The senate will have little business before it for the first few weeks and can give free expression to its fondness for unlimited debate on any subject any senator may desire.

The snuff-boxes near the vice-president's desk have been filled; the blotting sand is on every senator's desk; the free barber shop is in operation, there is a plentiful supply of free mineral water, overstuffed chairs and divans in the cloakrooms and lobbies have been prepared to rest tired senatorial bodies.

The house has fewer comforts but more immediate business. All appropriations measures must originate in the house and sub-committees are ready with the first of the routine supply bills. The Falman currency inflation bonus bill is scheduled for a vote on Jan. 13, unless congressional compromise can hurry through a non-inflationary bill before that date.

Gas Is Worth More Than It Costs THE CONTRACT RATE

In order to show how the contract rate works, we show here the gas bills on an average 5 room house by months for the past year.

| Months | Volume Used | Bill On Standard Rate | Bill On Contract Rate | Difference |
|---------------|----------------|-----------------------|-----------------------|--------------|
| January | 15,300 | \$10.82 | \$ 7.06 | — 3.76 |
| February | 14,300 | 10.14 | 6.36 | — 3.28 |
| March | 11,200 | 8.05 | 6.24 | — 1.81 |
| April | 8,800 | 6.43 | 5.64 | — .79 |
| May | 7,000 | 5.22 | 5.10 | — .12 |
| June | 5,400 | 4.14 | 4.62 | .48 |
| July | 3,200 | 2.65 | 3.42 | .77 |
| August | 4,600 | 3.60 | 4.26 | .66 |
| September | 5,600 | 4.27 | 4.68 | .41 |
| October | 6,700 | 5.01 | 5.01 | — |
| November | 9,800 | 7.11 | 5.94 | — 1.17 |
| December | 16,700 | 11.76 | 7.34 | — 4.42 |
| TOTALS | 108,600 | 79.20 | 66.17 | 13.03 |

This customer saved \$13.03 in 1935 on this rate. The largest bill he paid was \$7.34. On the standard rate the same bill would have been \$11.76.

The most that this rate can possibly increase your bill any one month in the summertime is \$1.71. There is no limit to the saving per month in the winter.

We will be glad to figure your last year's bill on this rate and show you what it will do for you. Ask at our office.

Alfred's Shows To Play Here Through Week

Jack and June Alfred's comedians, show troupe which played here several months ago, is returning to Big Spring for a week's engagement, and will be here for six nights beginning Monday night.

Additions have been made to the repertoire, and new plays will be presented. There are also several new members in the cast, and a chorus will be one of the added attractions.

Some of the season's best plays, and outstanding vaudeville and music numbers are promised. The programs will be presented in a waterproof and heated tent. The company is touring in its own fleet of trucks.

Mr. and Mrs. M. E. Ooley have returned Friday from a holiday trip visiting friends and relatives in Dallas and Wichita Falls.

To Our Customers:

It is with a great deal of pride that we present for your approval, a statement of our financial condition as of the close of business, December 31, 1935.

Since the establishment of this bank March 1, 1909, The State National has steadily grown with Big Spring and this section until today it is serving more than 5000 customers in a constructive and understanding manner.

On behalf of the Officers, Directors, and employees of The State National, may I express our appreciation of your patronage and good will, and pledge our continued efforts to properly serve you during 1936 and the years to come.

Cordially,
T. S. CURRIE
Vice-President

December 31, 1935.
