

LITTLEFIELD TO PARTICIPATE IN NATIONAL CAMPAIGN TO ENCOURAGE INCREASED BUYING

INCREASED INTEREST IN FARM LANDS

ALL RESIDENTS ARE ASKED TO ENLARGE BUYING

LARGE NUMBERS EXPECTED TO BUY FARMS HERE

Many Inquiries Regarding This Section Are Being Received Daily

Land companies in this section are reporting a number of inquiries received daily from prospective land purchasers, not only from Texas, but from many other states, including Alabama, Florida, etc.

W. H. Badger, manager of the Yellow House Land company, in an interview with the Leader, was very optimistic over the present prospects of a large number of new settlers in this section this coming fall and winter.

Mr. Badger said: "Quite a number of prospects are coming in, and it looks like there is going to be considerable land sold in this section this fall and winter. We are getting inquiries every day from all over Texas and other states inquiring about the land in this territory."

"The fact that the farmers of Lamb county are receiving a larger total sum of money from the government for cotton plowed up than any county in Texas, as well as government statistics, which show that Lamb county has produced an average of 239 pounds of lint cotton per acre for the past five years, as compared with such lower record by black land counties, is making this section of the South Plains more famous than ever. I don't know of any spot in Texas, or even the South, that has a brighter future from an agricultural standpoint, than the Littlefield-Levelland section of the South Plains. The fact that we have grown such wonderful crops here this year with such little

(Continued on Back Page)

IMPROVEMENT OF HIGHWAY NO. 7 TO START TODAY

Project Is Part of Plan to Give Increased Employment

Work is scheduled to be underway today in the carrying out of the grading and drainage projects in connection with the improvement of Highway No. 7.

There are two divisions of the work in this immediate section, one will start at the Lamb-Hockley line and proceed west, and the other will start at Amherst and extend west.

The improvement of Highway No. 7 in this section will extend from the Hockley-Hockley county line west to Amherst, with the exception of that section extending to Muleshoe, which was completed some time ago.

The improvement of Highway No. 7 is being carried out with federal funds, as part of the program to reduce unemployment.

With the completion of the grading and drainage work within the next three months, it is expected that contracts will be awarded for paving.

Approves Bill Reducing Cost Redeeming Land

Governor Miriam A. Ferguson Monday approved a bill that reduces the cost of redeeming land sold for taxes. Under its terms if one would redeem his land the first year he can do so by reimbursing the purchaser the amount paid for it, plus ten per cent. If it is retrieved during the second year the purchase price plus 20 per cent must be paid.

The bill amended a law which permits one to redeem land sold for taxes at any time within ten years of its sale provided the purchase price plus 60 per cent is remitted. This phase of the law will continue to obtain when the land has not been redeemed within two years.

LITTLEFIELD--THE PULSE OF THE PLAINS

LAMB COUNTY LEADER

Official Newspaper of Lamb County, Texas

VOL. 11 LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 19, 1933 NO. 25

The Lamb County Fair

(An Editorial)

Let's make the Lamb County Fair at Amherst, October 27 and 28, the greatest event of the kind which has ever been held in this section of the country.

Don't look upon the fair as an Amherst event, and stay away just because you happen to live in Littlefield, Olton, Sudan, or some other place in the county.

Such an attitude toward the fair in the past has been a serious handicap; remember, folks, the Lamb County Fair is your fair; it needs your co-operation.

Go to the fair; see the exhibits; mingle with the folks from all over the county; you'll have a good time, and you'll be helping in a big way to make the fair an outstanding success.

And, in addition to participating in a general program of co-operation, you will learn a great deal about your own county.

REMEMBER THE DATES--ATTEND THE FAIR.

FEDERAL GOVERNMENT MAKING SURVEY OF EMPLOYMENT UNDER NRA PROGRAM

Acting on the request of President Roosevelt, business concerns of Littlefield and throughout the nation are this week filling out a questionnaire which will give the government the desired information relative to employment.

Through questionnaires the government is enabled to determine existing conditions relative to employment. A somewhat similar questionnaire was filled out some time ago.

The questionnaires were distributed here by the post office, and in order that they might be forwarded as rapidly as possible to Washington the local man power committee of the NRA assisted in gathering them for mailing. However, if the filled out questionnaires are not called for, they should be mailed immediately to Washington.

Community Sing Song to Be Made Monthly Affair

The community singing held last Sunday afternoon was well attended, and it was evident that all present enjoyed the afternoon. The time was spent in singing songs, both old and new, also several special numbers were sung. The singers agreed to make it a monthly affair, and will meet again in the auditorium of the First Baptist church Sunday afternoon, November 19. All singers invited to take part and the public is invited to attend and enjoy the singing.

Cash Prizes For Exhibits at Fair Are Announced

Cash prizes for first and second places in exhibits entered by women and girls at the Lamb County Fair, will be offered, according to an announcement Wednesday by Miss Ruby Mashburn, home demonstration agent. Ribbons will be the award for third place.

Sudan Odd Fellows To Confer Second Degree in Open

Special authority has been granted the Sudan Odd Fellows lodge for the conferring of the second degree in the open. This will be carried out tonight in the sand hills north of Sudan. A large number from Littlefield will attend. The conferring of the degree will be followed by a chicken barbecue.

Littlefield Gins Handle 1458 Bales of 1933 Cotton

A total of 1458 bales of cotton from this year's crop had been ginned by the gins in Littlefield and vicinity, up to late Wednesday afternoon, according to a check-up by the Leader.

LAMB COUNTY TO PARTICIPATE IN RED CROSS DRIVE

Officers Confer Here With C. E. Palmer, Field Representative

On Thursday of last week the local Red Cross officials were working out plans for the activities of the organization for this year with Mr. C. E. Palmer, field representative for the American Red Cross. Mr. Palmer states that work of the organization for the coming year is going to be immense and the only way they have to meet the demands that are to be made on them is to look to the people for funds.

Mr. Palmer has just returned from work in the Rio Grande Valley. This emergency, together with the other emergency relief work done in Texas, during the last few years, has cost the American Red Cross more than five times as much money as they have received for emergency aid from this state. The Red Cross does not complain about this but calls attention to it for reason of showing need for cooperation in the nation-wide program.

Mr. Palmer congratulates the county organization in being among the first to raise their quota in the last call for the valley relief work.

This organization was transformed from a war relief agency to peace time agency for emergency relief work. This is told more forcefully in the fact that they have already shipped in something like \$1,200.00 worth

Father of Mrs. J. H. Hardberger Dies October 11

Mrs. J. H. Hardberger returned Saturday night from attending the funeral of her father, W. J. Teaff, of Snyder, Texas, who died Wednesday, October 11, at the age of 92 years.

Funeral services were conducted at the First Baptist church, O'Brien, Texas, at 3:30 P. M., Friday last by Rev. F. E. Stephenson, pastor, and interment took place in the O'Brien cemetery.

PLOW-UP CHECKS RECEIVED TOTAL ALMOST MILLION

LARGE NUMBER CHECKS ARRIVE IN PAST FEW DAYS

According to D. A. Adam, county agent, a total of 526 cotton plow-up checks have been received at his office during the past week for Lamb county farmers, bringing to this county in cash \$356,074.00.

This brings the total of cotton checks received up to Wednesday morning to 1682 checks, or a total remuneration to the farmers of this county for cotton plowed under of \$995,586.00.

According to figures available at the county agent's office, there are still outstanding a total of 567 checks yet to come amounting to \$378,875.75.

Of the above amount received during last week Mr. Adam estimated that about 200 checks were for Littlefield farmers, totalling about \$125,000.00.

Assignments of these checks were received in the county Friday, Saturday, Sunday and Tuesday last.

Loot From Amherst Store Found in Lubbock Saturday

Part of the \$700 loot taken from Grimes General Store, Amherst, was discovered Saturday by the Lubbock county sheriff's department, and was identified Monday by Mrs. L. J. Grimes.

Mrs. G. W. Ray, formerly of Aberrathy, said that the clothing and other merchandise were given to her and her husband in payment for room and board of two transients.

Sheriff Len Irvin of Lamb county and Deputy Sheriff Hooper Kelly of Hale county, have been investigating the case.

Littlefield Schools Close for Month for Cotton Picking

The Littlefield schools closed Friday last to enable the children to assist in the gathering of the cotton crop.

It is expected that they will remain closed for four weeks, or until about November 13.

School Board Allows Until Nov. 1 to Pay Delinquent Taxes

At a recent meeting of the Littlefield school board, it was decided to allow taxpayers until November 1, 1933, to pay delinquent taxes without adding penalty and interest, and according to Carl Arnold, secretary, the schools are needing money badly at this time, and are hoping that many in arrears will take advantage of this offer.

Seven Objectives For School Year Outlined by Agricultural Students

The Littlefield vocational agricultural class and Future Farmers club have set up seven objectives to accomplish during the school year of 1933-34. These objectives are: First, send delegates to the F. F. A. state convention which is held in Dallas Oct. 21; second, put up a community exhibit at the county fair, Oct. 27-28; third, beautify the school grounds; fourth, hold a father and son banquet; fifth, have a better vocational agriculture department and increase enrollment in F. F. A. club; sixth hold at least three entertainments during the year, seventh, to have judging teams in district and state contests.

Seventeen of the boys have paid their dues, so the L. H. S. chapter is now a member of the national organization of Future Farmers of America and receive the Lone Star Farmer. This paper is the state F. F. A. paper, published monthly by the Texas association of F. F. A.

The agriculture class attended the Lubbock county fair, Oct. 4, which was school day. All the boys studied the county and community exhibits, and watched the judging of the dairy cattle and hogs. It was possible for part of the class to stay for the horse show and fire works.

Mr. C. Luker, supervisor of vocational agriculture for Texas Tech met with the club at a call meeting. Mr. Luker gave the club some very interesting talk on F. F. A. work.

At this meeting the club completed their plans for the first objective, which is to send delegates to the state F. F. A. convention.

The boys expect to leave Littlefield

early Thursday morning and arrive in Dallas that evening.

This trip has been made possible by the support of the following firms and parties: Cuenods Dry Goods, J. H. Ware Dry Goods, Finks Dry Goods, Replins Dry Goods, The Vogue, Jack Henry's Tailor Shop, Stones 1c to \$5.00 Store, Perry Brothers, Inc., Lily's Shoe Shop, Grand Drug, Ruckers Blacksmith Shop, A. R. Hendricks Insurance agency, Madden Drug, Homer Hall Grocery, Piggly Wiggly, Furr Food Store, Payne Woods, Wm. J. Aldridge, Yellow House Land Co., Jeffries Mercantile, Higginbotham-Bartlett, Cicero Smith Lumber Co., Cameron Lumber Co., Littlefield Feed Seed & Hatchery, R. W. Walker, J. W. Purser, Walter F. Lemond, Farmers Gin, Farmers Co-op Gin, Garland and White, Lourimore & Irvin, Gulf Refin-

ery, Mr. McNeese, Dr. Ira E. Woods, A. E. White, Mrs. Sam Hitson, Mayor L. R. Crockett, Franklin Walker, L. E. Davaney, L. R. Rochelle, and the Palace theatre is giving the boys a commission on the tickets they sell to the Tuesday and Wednesday night attraction, which is "Adorable," starring Janet Gaynor.

The club appreciates the help and interest that the above named parties have shown in assisting it to carry out our first objective. It asks that the people feel free to call on any member of the organization at any time they can be of any service.

All former students of agriculture that are interested in making the trip to the F. F. A. convention and Dallas fair with the club are invited to meet with the club at the high school Tuesday night at 7 o'clock.

Local NRA General Makes Statement Relative to Campaign

Littlefield is swinging into line with the rest of America in the great "NOW IS THE TIME TO BUY" campaign.

Everything possible will be done to speed up business in accordance with the plans outlined by the NRA in Washington. "This program is an attack on the depression from an entirely different angle than anything that has been done before," said Dr. Ira E. Woods, local NRA general. "We are attacking the depression with the weapons of salesmanship. We all know that during the last three years or more there has been great lack of buying by individuals, family groups and business organizations. The present nation-wide campaign is simply a drive to get people to buy the things they would have been buying during the last three years or so if it had not been for their fear complex."

"Of course, we are well aware of the fact that there are some people who can not afford to do any special buying at this time. But they are very much in the minority. Most families in Littlefield and vicinity can make at least some extra purchases."

"The object of our efforts will be to convince such persons that it will be to their interest to buy now the things that under ordinary circumstances they would have bought in recent years. Bear in mind that just a little more spending by each family in Littlefield and vicinity will make all the difference in the world to the business interests of this city."

"It should be borne in mind that this is a nation-wide movement to

WILDCATS WIN OVER MORTON IN GAME HERE

Third Victory of Season; Defeat Morton by Score of 29-0

The Littlefield "Wildcats" won their third game of the season when they defeated the Morton high school team on the local field last Friday by a score of 29 to 0. The first quarter was slow and uneventful with the Morton team holding the locals in the middle of the field. Even though the Morton team is young from the standpoint of the game, this being their first year of football, they held the boys for two quarters to a score of 7 points.

The Morton team was slightly heavier than the local boys but the squad was limited to fourteen men. This served as a disadvantage during the later part of the game. When Coach Barksdale sent an entirely new team in against them they weakened under the added vigor of the fresh players. The second half was a series of rapid first downs made by passes and end runs for the locals. The score at the end of the game was 29 to 0 in favor of the Wildcats.

The remainder of the schedule for Littlefield may not be played due to the fact that Littlefield schools are turned out for cotton picking for four weeks. The season thus far could be considered a decided success for the coach and players. Out of four games they have won three. The game lost was to the Lubbock "B" team, who are stronger than most class B teams this year.

Gain in Money Order Receipts at Post Office

An indication of the improved economic conditions in Littlefield and district is found in the increased business at the Littlefield post office. The total money order receipts Wednesday exceeded any day in the history of the local office.

return of the dog. residents of Littlefield living near Enoch. The child is

We Do Our Part

4-H CLUB WORK

Hardly anyone realizes what a power for good in social and civic movements 4-H clubs can be. There is really no limit to what they can do. This is shown by what the clubs of Greene county, New York, have done in helping with the new memorial hospital recently completed in that county. It is a fine tribute to the club folks of that section that they raised the funds to furnish one of the rooms in this fine humanitarian project.

It required that the club raise \$200 for the project and they had most of it in hand on time. The money was raised by pledges and practically all of pledges were paid as promised. The room contains a metal plate with this inscription: "Furnished by Greene County 4-H Clubs." Club leaders and members all over the county helped to raise the funds and develop enthusiasm necessary to do it.

In concluding the project County Club Agent D. B. Fales cited it as a graphic example of the value of youthful organization. It showed, he said, that the 4-H clubs can function in a large and important way for the welfare of a county as well as for their own localities. In recognition of the fine cooperation of his members on the project he printed a list of contributing clubs in the county magazine. While club members will not receive special rates at the hospital should they be required to use it, they will be assured of the facilities of an up-to-date hospital, and it will no doubt be useful in connection with the health projects and program of club members.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Lamb Co. Leader)

Contract was let this week by C. E. Cooper to S. L. Neely, for erection of a modern brick building 75x70 feet on Main street, on the lots between the Littlefield State Bank building and the Duggan building, in which is located the Sadler Drug store.

Sunday night Miss Wilma Barber and Floyd Wynn were married at Olton, returning here late that night.

The members of the local fire department are this week the recipients of a check for \$100 from Mr. and Mrs. Arthur P. Duggan, and one for \$25 from the Lamb County Mercantile Co., as a token of their appreciation for the timely and untiring services rendered during the fire of last week.

A deal was closed last week whereby T. F. Moffett of Breckenridge leased from the Yellow House Land Co., the big gravel and rock mound located about eight miles east of Littlefield.

The Self Service grocery with Ed F. Thompson, manager, and S. Richardson, assistant, is this week being opened in the new Gardner building just south of the Lee Theatre.

Mr. and Mrs. Cody Martin of Granbury arrived here Sunday morning in response to a message of the illness of the latter's brother, George Jake

Landers, who succumbed to slow fever Saturday night.

Jo Ann Parker, little daughter of Jess Parker, is in a Lubbock sanitarium this week, where she underwent an appendicitis operation.

W. W. Gillette is having a stucco residence erected in the south part of town. It is modeled after the Spanish mission type.

Former Slaton Man in Charge Compress

H. C. Crews, formerly superintendent of the Union Compress at Slaton, has been transferred to Littlefield as superintendent of the local branch.

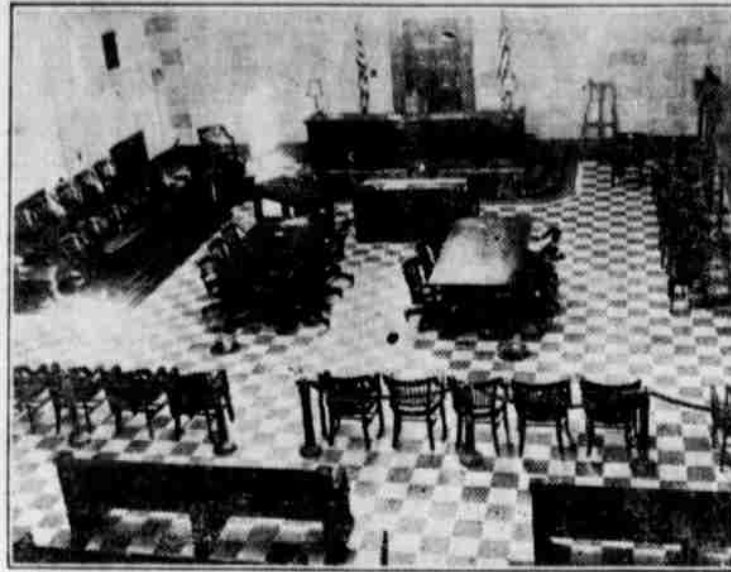

Veach Payne, former manager here, is relieving at the Brownfield branch in the absence of the superintendent there, A. D. Repp, who has been very ill. Mr. Repp, at first was thought to have typhoid fever, but since he is showing rapid improvement, according to last reports, there is some doubt as to whether it was that ailment he was suffering from.

On Mr. Repp's recovery, Mr. Payne will take charge of the Slaton branch. Mr. Crews has moved his family here. They are occupying the residence on the compress property.

CITY COMMISSION MEETS
The regular semi-monthly meeting of the city commission was held Monday morning.

According to city secretary, W. G. Street, just the usual routine matters were taken up.

Court Room Where the First Case Under the New "Lindbergh" Kidnapping Law Is Being Tried

Oklahoma City, Okla.—Photo shows the courtroom in Oklahoma City where the defendants in the Urschel kidnaping case are being tried under the "Lindbergh" kidnaping law, the first case of its kind to be held under the federal statute.

Scout Meeting Friday Evening

Scoutmaster Eugene Latimer has announced a scout meeting for Friday evening at eight o'clock.

As several matters of importance will be taken up at this meeting, all scouts are urged to be present.

Crops in Texas Reported Good

The crop report of October 1 of the United States department of agriculture states conditions for growing and maturing crops in Texas during September were generally favorable. Cotton was reported in better condition than ever before for this time of year.

The report stated prospects on October 1 were "for better yields of cotton, rice, grain sorghums, peanuts, tame hay, sweet potatoes, pears, grapes and pecans than were indicated on September 1."

"Corn and broom corn prospects are unchanged from a month ago, while pears declined somewhat," the report stated. "Range conditions improved during the month, and in most areas ranges are in fair shape. However, additional rainfall is needed in

some sections, especially on the Edwards plateau.

"A cotton crop of 4,190,000 bales (500 pounds gross weight) is forecast for Texas from data furnished by crop correspondents. The condition on October 1, 1933, was reported at seventy per cent of normal compared with 59 per cent a year ago and 55 per cent of the ten year average (1922-1931). The condition this year is the highest October 1 condition on record and the estimated yield is the highest since 1914 when 183 pounds per acre were produced (the yield this

acre.) Apparently higher yields will be realized in practically all sections of the state than were realized last year. "The condition of the Texas corn crop is reported at 51 per cent of normal on October 1, compared with 75 per cent a year ago, and 67 per cent the 10-year average, (1921-1931). A condition of 51 per cent indicates a yield of 14 bushels per acre and a total production of 74,512,000 bushels. This compared with 102,726,000 bushels produced last year. Year was estimated at 178 pounds per

Mrs. Quida Ma Simpson spent the weekend as the guest of Happy Dow.

SUDAN

Up to Thursday last 660 bales had been ginned by the local gins. Farmers Gin led with 245 bales; Terry's Gin next with 218 bales, and White-side Gin with 197 bales.

The Business Men's club is now meeting down town each Tuesday noon, instead of in the Methodist church annex.

Two cars of beef cattle were shipped from the local station recently, one by J. W. Howard and the other by W. L. Roache.

Several from Sudan have enrolled and are attending business college at Amarillo, including Misses Willie Mae Clements, Rhoda Ormand and Myrtle McLarty.

Leonard Terry, an experienced mechanic, has been employed to assist in the work at the City Garage.

RECEIVE LETTER OF THANKS

President Bradford Knapp and the two boys who wove the material from which suits were made for the president and vice-president of the United States have received a personal letter of thanks from President Franklin D. Roosevelt. The president says in his letter to the head of Texas Technological college that he is "delighted to have the suit and am really touched by the kind thought of yourself and the two students and all concerned in its making."

The president says further: "After seeing the suit I can well understand, and indeed I share, your pride in what these boys have accomplished. I am sending them a personal word of appreciation." The boys who wove the suit were Leonard Curfman of Electra and Malcolm Martin of Lorenzo, both members of Tech's football squad.

GRAMMAR SCHOOL ECHOES

By ???

Friday morning the pupils of the sixth and seventh grades met in the study hall and sang a few songs while Mr. Layfield played the piano. Mr. Haines gave two announcements which were: (1) school was to turn out that afternoon and (2) all pupils and all teachers would remain in their home rooms the period after dinner and check the pupils books to see if any were missing. He also told the pupils that some would be put back in a lower grade after cotton picking, others would receive "fa" on their report cards which the pupils will receive the first Wednesday after school takes up again. The teachers are expecting better grades from the pupils after they get "cotton-picking" off their minds.

Wednesday afternoon of last week the P.T.A. met. Prizes were awarded to the two pupils who had the best fire posters. Rozella Gurtz won the prize from the Grammar school and Miss Matthews room won the prize from primary school. The best posters are in the windows of the stores.

Miss Gladys Jones, an English teacher in the grammar school, returned to her home Friday at Goree.

Friday afternoon from 3:30 until 4:00 o'clock the sixth and seventh grades met in the study hall to be entertained. "An Extra Guest," had been planned to be put on but was not. The program was announced by Ruth Pumphrey. Mr. Layfield gave a piano solo. A very interesting style show was given by the following: Herbert Foster, Sam McCaskill, Olley Robbin, Reginald Harland, Harry Edward Woody, Robert Dale Barton, and Bobby Taylor, who were dressed and acted like 1933 flappers. Dorothy Dalton gave a tap dance with Ada Belle Mason and Frances Barton at the piano. An imitation of the teachers was given. The scene was a school room, the pupils were: Wilma Parker, Ben Lyman, Jr., Clyde Foster, Jr., Mary Dell Cantwell, Virginia Walker, Kathleen Cundiff, Sunshine Burselon, Oleta Coral, Avery Sullivan, Billy McDaniell, and Minnie Kate Grison. The teachers were represented by the seventh grade pupils who were: Mr. Hobbs—W. F. Hobson, Jr., Miss Overstreet—Bernice Gatlis, Mr. Layfield—Ned Dolany, Miss Jones—Jewel Gibson, Miss Hall—Marjorie Lee Wilson, and Mr. Haines—Robert Graham. A song was given by Bobby Taylor. Minnie Kate Grison gave a reading and Bobby Taylor did also.

Miss Lucille Nance is teaching expression in the high school auditorium and Miss Bobby Lee Skipworth is teaching music in the home of Mrs. Spinks. They both have increasing classes.

"Song of Songs" Coming to Palace Theatre Saturday

The woman nobody knows! Marlene Dietrich! Continually in the limelight since her sponsorship of the revolutionary pants-for-women style mode.

Yet, despite the reams of publicity which have been written about her, she is considered the most enigmatic star in the film capital. The subject of more gossip and rumors than any other screen luminary, she has steered a solitary, steadfast course. When she recently departed for a vacation in Germany, following the completion of her latest Paramount picture, "The Song of Songs, which opens Saturday midnight, and continues through Sunday and Monday at the Palace Theatre, Hollywood discovered that it knew her but little better than when she was brought to this country only three years ago.

Has Few Intimates

Miss Dietrich's intimates can be counted on the fingers of one hand. Josef von Sternberg, her discoverer, Maurice Chevalier, Brian Aherne, who is her leading man in "The Song of Songs," Eleanor McGary, von Sternberg's secretary, and Dorothy Pondell, her make-up woman, comprise the select group.

How does she spend her time? Working in pictures; being a mother to her eight year old daughter, Maria in reading serious, informative books; pursuing her hobby of photo-

graphy; dining and dancing at one of the larger Hollywood clubs or hotels, and attending motion picture shows with her daughter.

"The Song of Songs" is Rouben Mamoulin's screen production of Hermann Sudermann's immortal novel nad Edward Seldon's play. It concerns a beautiful young girl, who through the death of her father, is forced to live with a mean, slovenly aunt. She falls madly in love with a young sculptor. Betrayed by him she marries his patron, a cruel, wealthy Baron. Forced to divorce him, she becomes a notorious night-life figure in Berlin. It is here that her sculptor-lover finds her, and the manner in which they re-establish their supreme happiness furnishes a splendid climax.

In addition to Brian Aherne, the star is supported by a distinguished cast including Lionel Atwill, Alison Skipworth, Hardie Albright and Helen Freeman.

Use This Laxative made from plants

Thedford's BLACK-DRAUGHT is made from plants that grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily. Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

TO INSTITUTE PROCEEDINGS

Attorney General Cummings reports that attorneys general have been instructed to institute criminal proceedings against all hoarders of more than \$1,000 in gold.

Later, he said, proceedings would be started against hoarders of more than \$100.

He announced there were 44 known hoarders of more than \$100.

OWN A FARM

The EASY Way

The Bale of Cotton Per Acre Plan Over a Long Period of Time

Tenant farmers can own their own farms through this easy plan—the land owner can enlarge his holdings—and the homeseeker of other sections can come in and start a home. We have many improved and unimproved farms in the South Plains section. These rich, fertile lands are capable of making abundant crops. The prices are right.

This bale-per-acre plan is simple and easily understood. See or write us TODAY for information on the plan and on available farms.

Miss Ruby Curry and Roy Morris Wed at Lubbock

Miss Ruby Curry, daughter of Mr. and Mrs. J. G. Curry of this city, became the bride of Roy Morris of Colorado, Texas, at Lubbock, at five o'clock Wednesday afternoon, October 11.

The ceremony was performed in the presence of a friend of the bride, Miss Tomra Forgas, of Lubbock.

Mr. Morris is connected with a Colorado establishment as meat market manager and the couple will make their home in that city.

ACE HIGH CLUB ENTERTAINED BY MISS COURTNEY

Miss Wilda Courtney entertained members of the Ace High Bridge club Monday evening at her home on East 8th street, when two tables of bridge were enjoyed.

Miss Blanche Crockett won high score, while Miss Ernestine Cundiff made low.

Those attending the party were: Misses Ann Marie Harless, Blanche Wales, Alyce Lynn Street, Ernestine Cundiff, Dorothy Newgent, and Edna Bell Gillette, to whom delicious refreshments were served.

TWILIGHT TEA GIVEN BY JUNIOR STUDY CLUB

The home of Mr. and Mrs. E. G. Courtney was the scene of a twilight tea given for the working girls by the Junior Study club girls Thursday evening, October 12.

The guests were met by Miss Thelma Killough, president of the Study club.

Musical numbers were given by Misses Ernestine Cundiff, Blanche Crockett, Emma Ruth Jones, Bobbie Lee Skipworth and Mrs. Shaw. Miss Lucile Nance gave two readings.

Guests who called during the evening were:

Marie Rutherford, Perkins, Margie Sanders, Fern Thornton, Dolly Miller, Milsee Sullivan, Johnny Pace, Joy Pace, Avis Dow, Lois Kirkpatrick, Louise Chisholm, Lydia Crockett, Mrs. Shaw, Bobbie Lee Skipworth, Ernestine Cundiff, Blanche Crockett, Prudence Courtney, Olga Henson, Ruth McKee, Carrie Lee Collins, Nila Jones, Lucille Nance, Gladys Jones, Corene Overstreet, Lillian Hopping, Mary Nell Keitbley, Yvonne Mason, Nora Belle Grizzle, Doris Rawlins, Wilson, Letha Handley, Marie Knowles, Fleeta Eagan.

Club members: Lora Ann, Bessie Bellomy, Eva Gertrude Chisholm, Pauline Courtney, Ellen Crockett, Gladys Hall, Emma Ruth Jones, Thelma Killough, Ruth Matthews, Mary Belle Montgomery, Gladys Porter, Gladys Wales, Kathryn Walker, Edythe Walker, Mrs. Lucile Johnson, Mrs. Ruth Wade.

MRS. EVERETT WHICKER ENTERTAINS LUNCHEON CLUB FRIDAY

Mrs. Everett Whicker was the gracious hostess Friday afternoon, when she entertained members of the Luncheon club at her home in the Southmoor addition.

Following luncheon contract bridge was enjoyed, during which Mrs. Otha Key won high score.

The guest list included: Mesdames Dick Johnson, John Porcher, C. E. Cooper, C. C. Clements, J. C. Arnett, J. C. Hilbun, P. W. Walker, W. J. Chesher, and Otha Key.

BEEF AND BUTTER FOR RELIEF

THURSDAY BRIDGE CLUB ENTERTAINED BY MRS. STOCKTON

Members of the Thursday Bridge club were entertained by Mrs. W. O. Stockton, at the home of Mr. and Mrs. John Porcher, Thursday afternoon.

Four tables of bridge were enjoyed, at the close of which Mrs. H. W. Wiseman carried off the travelling prize.

Those enjoying this social affair were: Mrs. R. A. Davis, Mrs. R. T. Badger and Mrs. W. D. T. Storey, guests, and the following club members: Mesdames Wiseman, J. M. Stokes, S. J. Farquhar, W. H. Gardner, Ray Jones, Pat Boone, W. G. Street, Lena Howard, M. M. Brittain, E. S. Rowe, J. C. Arnett and C. E. Cooper.

SENIOR B.Y.P.U. ENJOY PARTY

The Senior B.Y.P.U. of the First Baptist church gathered for a social evening at the home of Mr. and Mrs. Sewell Friday evening.

Miss Lillian Hopping and Marshall Burleson favored the guests with several vocal numbers, with Miss Hopping at the piano. Miss Hopping also gave a reading, which was followed by various games. Refreshments were later served to Mr. and Mrs. Sewell, Misses Alma, Edna, Hermie Lee, and Jewell Byers, Mary Helen Smith, Nora Belle Grizzle, Lillian Hopping, and Rex Gray, A. C. Tremain, Marshall Burleson and Haskell Stevens.

WORKER'S MEETING AT CIRCLE BACK

A large number from Littlefield are expected to attend the Baptist Worker's Conference at Circle Back, Tuesday, October 24, when the following program will be carried out:

Morning
9:30—Song service led by Rev. John Evans.
9:45—Devotional, Rev. Clyde Coffman.

10:00—Why We Observe the First Day of the Week as the Lord's Day—Dr. Fry.
10:30—Baptism of the Holy Spirit and Its Purpose—Rev. Joe Grizzle.
11:00—Sermon, O. A. Brewer.

Noon
1:00—Board meeting.
1:30—Discussion of women's work led by president.

2:00—The Commission—Rev. H. F. Cole.
2:30—Explanation of Rom. 6-14—Rev. A. L. Eades.

3:00—The Security of the Believer—Rev. C. A. Joiner.

MRS. WHITE HOSTESS JUNE CLUB

The June club met at the home of Mrs. J. H. White, Monday, October 9, with 12 members present. The afternoon was spent making watermelon rind preserves and pickles, also pie-melon preserves which were delicious.

Our next meeting will be at the home of Mrs. Chas. Touchon, Monday, October 23.

FRESHMAN CLASS ELECT OFFICERS

The freshman class of L. H. S. elected as officers for the year: sponsors, Mr. Hemphill, Mr. Irvin; president, Lynn Laxson; vice-president, Ila Green; secretary, Gammon Hale; reporter, Alice Lynn Street.

ATTEND ALL DAY MEETING TUESDAY

Rev. and Mrs. J. F. Grizzle and Nora Belle attended the Lubbock Association Workers' Council at the Baptist church, Shallowater, Tuesday in an all day meeting.

NRA Stickers suitable for sticking on packages, letters, etc. for sale at the Leader Office.

THE VOGUE TO PRESENT STYLE SHOW AT PALACE THEATRE NIGHT OF OCT. 27

Littlefield will have not only a style show, Friday night, October 27, but it will have also what would appear to be a display of beauty as well.

The Vogue, in connection with the Palace theatre, has secured as their models the 1933 beauty contest winners of Lamb county. In addition to the Lamb county entrants there will be several girls who were beauty contestants in adjoining counties.

They will model all the latest styles in women's apparel and accessories, including the latest styles in fur coats.

The Modern Beauty Salon will have complete charge of the makeup for the models featuring the correct cosmetic and hairdress for all occasions.

Dancing numbers, a well known stage orchestra, and stage specialties will be featured in conjunction with the style show.

Miss Lucile Nance, teacher of expression, is to have charge of the direction of the style show and stage numbers.

CHURCHES

CHURCH OF CHRIST

Officers of the Church of Christ on Eighth street report a decided increase in attendance and interest at all services since Evangelist G. A. Dunn arrived to begin labors with them. A full house was present at both services Sunday, with there being four additions to the local church at the evening service. One was baptized Monday, and there will be another baptismal service this coming Sunday night to which the public has a cordial invitation. The church officers further report plans are being made to enlarge their building to accommodate the crowds. This will make the third addition since the construction of the original building.

FIRST BAPTIST CHURCH

Sunday, October 22
9:45—Officers and teachers meeting.

10:00—Sunday school.
11:00—Song worship.
11:20—Morning sermon.
6:45—B. T. S.

We will not hold our regular evening service, but will attend the revival at the Presbyterian church. We urge every member of the church to be present for the morning service, and invite all who will worship with us.

Joe F. Grizzle, Pastor

PERSONALS

Mrs. J. O. Allison spent the week-end in Littlefield.

Mr. and Mrs. M. A. Burt and daughters visited Mr. and Mrs. Blakney Sunday evening. Bridge was enjoyed until a late hour.

Miss Frances Seely has returned from Canyon after spending the past three weeks visiting her cousin, Mrs. Milton Sanders.

Miss Veneta Seely, a student at Draughan's Business College, Lubbock, spent the past week end at her home in this city.

Mr. and Mrs. S. Replin are in Dallas on a buying trip for Replin's Dry Goods.

L. C. Cawthon left Saturday morning for Quitman, Wood county, where he was called as a witness in a court case.

Miss Bessie Bellomy of Olton spent the week end at home.

Mrs. W. E. Jeffries, Jr., who has been suffering from a nervous breakdown the past week, is somewhat improved.

Mr. and Mrs. W. H. Badger, who have been making their home in Austin for the past several months, have returned to Littlefield for the winter, and are making their home at the Littlefield Hotel. Mr. Badger is manager of the Yellow House Land Co. Mr. and Mrs. Bertrand Badger of Corpus Christi arrived Saturday to spend a few days with Mr. Badger's parents, Mr. and Mrs. R. T. Badger. M. H. Reed of Austin spent Saturday and Sunday in Littlefield, attending to business matters, and visiting friends, including Mr. and Mrs. W. H. Badger, and Mr. and Mrs. R. T. Badger. He was accompanied by Mr. and Mrs. W. S. Reed, who are staying at the Littlefield Hotel for a few days, and also visiting friends and acquaintances here.

J. M. Kraus, cotton buyer of Fort Worth, has located in the Day & Night building here.

Mr. and Mrs. A. B. Cole have returned to Littlefield for the cotton season, and are living in the W. H. Gardner home.

Charles A. Guy, editor and publisher of the Avalanche-Journal newspapers, was a visitor in Littlefield Wednesday.

Mr. and Mrs. C. E. Cooper visited friends in San Angelo Saturday and Sunday last. They were accompanied back to Littlefield by Mrs. C. L. Harless and daughter, Ann Marie, who will visit friends here until next Sunday, when Mr. Harless will come and drive them home.

Mr. and Mrs. Sam Hutson left Littlefield Monday morning for Dallas on a business trip. They were accompanied by Mr. Hutson's parents, Mr. and Mrs. Jack Hutson, and will return about the end of the week.

Sam Blessing, ten year old son of Mr. and Mrs. Roy Blessing, had his tonsils removed Monday morning, and is getting along fine. Dr. J. R. Coen performed the operation at his office.

Miss Dahlia Hemphill, member of the Odessa school faculty, spent the week end at home.

Dick Whittenberg was a week end guest in the A. G. Hemphill home.

PEP PARAGRAPHS

By Miss Mary Belle Burt, Correspondent

Mr. and Mrs. Lewis Owen left for Athens Wednesday, where they will visit Mr. Owen's parents.

Crops are turning out fairly well in acreage production, and farmers are rapidly harvesting them.

Mr. John Stengel is the owner of a 1931 Chevrolet sedan.

Mrs. J. F. Gerik and sons motored to Littlefield Saturday afternoon.

Mr. Frank Simmacher of Portales, N. M., has returned to Pep for the winter.

Mr. and Mrs. Ed Wotipka, and Mr. and Mrs. Richard Zahn visited Mr. and Mrs. Joe Kloeber Sunday.

Mrs. M. A. Burt and daughters and Mrs. J. F. Gerik and daughters visited in Littlefield Sunday afternoon.

Mr. and Mrs. J. F. Albus visited Mr. and Mrs. M. J. Demel Sunday.

Mr. Oswald Schlotman of Littlefield spent the week-end in Pep.

SPRING LAKE

School closed Friday, October 13, for a two weeks' period in order that the students might be of some help in getting out the cotton.

Miss Pearl Dobbs accompanied by D. J. Barton left Saturday for a two weeks' visit to relatives and friends at Rice, Texas.

Miss Freda Oberst will visit home folks near Canyon the next two weeks.

Misses Bonnie Terry, Juanita Hawkins, Ozie Loftis, Gladys Barton, Henrietta Kunkle, who are attending college at Canyon, visited home folks over the week end.

Mr. and Mrs. R. A. Box and little daughter left Monday for Abernathy where Mr. Box will be engaged in teaching vocational agriculture. We regret very much to lose Mr. Box from Spring Lake school.

Subscribe for the Leader.

LUM'S CHAPEL

Miss Katie Carter gave a shower Friday night for Mr. and Mrs. Garland Booth. They received many gifts from their many friends.

A singing was enjoyed last Sunday evening at Lum's Chapel.

Mr. and Mrs. John Nance visited Lubbock Monday afternoon.

Mr. and Mrs. John D. Jackson received a shower at the house of Miss Inez Nance, where they received many useful presents.

Mr. and Mrs. H. R. Landrum visited friends and relatives of James community Sunday.

Miss Alma Manuel is spending the week with her sister, Mrs. H. R. Landrum.

Last Sunday Brother Booth of Lum's Chapel preached a very interesting sermon, which was enjoyed by all.

MRS. BIGHAM ILL

Mrs. Bob Bigham, who went to the Lubbock sanitarium about ten days ago for an operation, has been very ill. After going to the hospital Mrs. Bigham went into a state of coma lasting about a day, caused from diabetes, from which she had been suffering, and since that time doctors have thought it inadvisable to perform the operation planned for.

Last reports were to the effect that her condition is much improved, though she is not considered out of all danger.

More than 800 men have been put to work in Texas within the last few days on new emergency highway projects totalling \$425,000, according to the office of C. E. Swain, district engineer for the U. S. Bureau of Public Works.

Notice To Cotton Farmers

A number of cotton farmers of the territory adjacent to Littlefield believe that the price being charged for ginning by the ginners is not in line with the price of cotton and cotton seed. Therefore a meeting is called for Saturday afternoon at 3:30 P. M., on the vacant lot across the street from the bank in the town of Littlefield of all farmers interested in securing cheaper ginning.—C. W. SMILEY. (Advertisement)

DO YOU Remember

What Happened Last Winter—

Has your home become a menace to your comfort instead of the snug harbor it used to be? Do leaking roofs, smoking chimneys, and drafty doorways disturb your peace of mind? Eliminate all of those bothersome inconveniences. We handle all kinds of repair materials that will do the job.

Stabilization of Dollar Awaiting Higher Prices

It has been announced from Washington that the American government does not yet consider prices high enough to warrant stabilization of the dollar.

Although in many other respects the currency program remains in the "when, as and if" category, it was learned that present administration thought inclines to these beliefs:

Attitude Is Shown

That issuance of small bonds, definitely retrievable out of the budget, for the purpose of retiring interest-bearing government bonds, would not constitute "greenback" inflation.

That it would be absurd to attempt in present circumstances to stabilize the dollar against foreign exchange.

That the present credit expansion in itself is intended to be inflationary, increasing buying power.

That it still is the purpose to redeem government securities in dollars of the same value as those borrowed.

Policies Apparent

On the same high authority it can be said that the president feels his monetary policies are at this time as apparent and definite as possible; that there is no monetary uncertainty aside from the uncertainty which is inherent in an economic situation of the present character; and that, in a general way, future monetary policy will depend on the "when, as and if" necessity.

He may soon, at a time not yet chosen, discuss the monetary situation in an explanatory way, and in terms of the multitude of alternatives which may be selected as circumstances in the unpredictable future may indicate. There may be changes at any moment.

The fact that the president has said he would use his inflationary powers "when, as and if" necessary does not forecast that any decision on the question as a whole will be promulgated at a given time.

Decisions Being Made

The administration feels it is making decisions every day; that neither the banking policies, its home and farm loan activities, its gold price determination, nor any of its other major activities in the field of finance are without their relation to the currency problem.

The present monetary policy is said in this same high authority to be predicated on these definite ideas:

The president announced many weeks ago that he hoped to perfect monetary plans which would provide a dollar of constant purchasing power. He still has such plans but the completion of the program must await a higher price level.

Expansion Pressed

The president has been pressing credit expansion almost from the day of his inauguration, and this is at this time definitely part of his policy. This involves:

First, the use of the government's credit for public works, farm relief loans, home loans, loans by the

construction Finance corporation and so on.

Second, he has sought to increase the power of the banks to lend privately, and to stimulate business so that private use of this credit will follow.

Third, and of similar intent, his plans are directed at strengthening all banks and opening closed banks.

Lubbock Vet Here Vaccinating Stock

Dr. L. B. Hodges, veterinary surgeon, of Lubbock, arrived in Littlefield Wednesday, and is making his headquarters at Stokes-Alexander Drug Store.

In an interview with the Leader, Dr. Hodges said that he was here for the purpose of doctoring stock for encephalomyelitis, which he explained is an inflammation of the covering of the brain and spinal cord.

According to Dr. Hodges, a great many stock have been stricken with this disease this fall. He has been treating and vaccinating against the disease in Lubbock, Floyd and Crosby counties.

Dr. Hodges said there are various common names applied to the disease, such as sleeping sickness in horses, Kansas horse sickness, Borna disease; that all are more or less misnomers, but the term "sleeping sickness" seems to fit the disease.

Dr. Hodges said he would stay in Littlefield as long as he was needed to vaccinate stock.

N. H. Humphreys and Hershel Barker of Lum's Chapel community are among those who have stock stricken with this disease.

Many Public Works Projects Asked For

Friday and Saturday last the Texas public works advisory board interviewed more than 100 members of delegations granted hearings those two days on P.W.A. applications.

The P.W.A. board so far has approved 28 applications and forwarded them to Washington for final review. Three have been finally approved by the public works administrator's office, one for a grant of \$2,670,000 to the emergency highway work relief fund in Texas and the other for \$200,000 to repair public buildings and the water plant at Brownsville, center of the recent coast hurricane.

Latest Applications

Latest applications docketed follow: San Benito — repairs for storm damaged buildings, \$57,187; Wichita Falls, water works improvements, \$496,500; Tobacco, Hidalgo county, school repairs, \$3,000; Sinton, San Patricio county, lateral road construction, \$217,900; Upton county water works and gas system at Rankin, \$82,000; Savoy, water works, \$17,060; Zapata county, court house, \$13,158; Santa Rosa, water works, \$25,000; Plainview, street paving, \$48,000; Stratford, sanitary sewer system, \$25,500; Amherst, water works improvements and city hall, \$16,680; Muleshoe, water works improvements, \$6,845; Canyon, water works extension, \$8,800; Lamesa, fair grounds and recreation center, \$121,000; Matador, water works improvement, \$5,000; Marion county, \$75,000; Uvalde, county hospital, \$62,500.

Kansas Team to Meet Buffaloes at Amarillo Nov. 3

Friday, November 3, has been designated in Amarillo as "Collegiate Football Day."

The occasion is the meeting of the powerful and colorful Ravens of St. Benedict's college, Atchison, Kans., and the up and coming sensational Buffaloes of the West Texas State Teachers College of Canyon. This football game between outstanding minor colleges of the southwest and Midwest will bring to the Panhandle the first inter-sectional grid game of importance.

The game will be played on historic Butler field. The entire city of Amarillo is behind the event and her citizens pledge themselves to leave nothing undone to make November 3 a gain day for football fans.

NRA stickers suitable for sticking on packages, letters, etc. for sale at the Leader Office.

Home Demonstration Notes

By MISS RUBY MASHBURN Home Demonstration Agent

The annual turkey grading school will be held in Lubbock November 10th. The school will be in charge of Mr. Paul Cunyus, extension husbandman in poultry and Mr. H. L. Shradler of the U. S. department of agriculture. All people interested in feeding, killing and dressing of the birds are urged to attend.

Mrs. John Walker of the Ruby club recently sold 24 quarts of tomatoes for 40c per quart realizing \$9.60 from the sale. Mrs. Walker has also some future orders for tomatoes of this quality.

Six clubs were represented at the Lamb County Marketing association meeting last Tuesday morning. Mrs. L. L. George of the Sand Hill club submitted canned shelled beans for approval of the county association. The product was approved as to quality and a can submitted to Miss Zetha D. McInnis, extension specialist in home industries, at College Station for a standardization. Mrs. George hopes to can 1,000 No. 3 cans of the shelled beans this season.

The monthly training school for home demonstration club women held Tuesday, September 26, was Achievement day program for the Farm Food Supply demonstrators. At this time plans were made for the club programs and a special effort is to be made to get as many non-club members as possible to attend the meeting. This will be one way of reaching 85% of the people in Lamb county through extension work.

Mrs. M. M. White of the Sod House club, demonstrator of the farm food supply work had her achievement program Friday, September 29th. At this time 20 people saw the storm house that had been converted in to an orderly food pantry for the storage of canned and cured fruits, vegetables and meats. In addition to the leafy, starchy and other vegetables and fruits for a family of five there is a shelf containing food for a baby from six months to one year of age. This consists of strained vegetables and purees canned with out the addition of salt. There is also a shelf of sea foods to insure the family an ample supply of iodine which prevents simple goiter and also is a preventative of pellagra. A miscellaneous shelf contains soups, mince meats, brown bread, and seasoned vegetables ready to serve. The pantry and its contents are valued at \$200.00. The recipe and menu file have afforded quite a lit of pleasure and are the greatest time savers and most economical convenience according to Mrs. White's statement.

County Council of Home Demonstration clubs was held Tuesday, September 26th. Twelve clubs with approximately 50 members were present. Mrs. C. M. Crawford, chairman of the county fair committee sent the following exhibit to the South Plains fair at Lubbock: print dress, snapped beans, green tomato whole pickle and green tomato sliced pickle prepared by Mrs. G. A. Benefield of the Blue Bonnet club. Print dress, sheer dress, pajamas, and slip prepared by Virginia Bell Logan of the Amherst 4-H club, plain pillow slip by Minnie Rae Logan of the Amherst 4-H club, watermelon rind preserves by Mrs. W. E. Logan of the Blue Bonnet club, wool hooked rugs made by Misses V. O. and Willie White of the Sod House club.

Plans were made for printing names of all clubs who are to enter exhibits at the county fair. For information concerning this see Miss Maud Pepper of the Ruby club. Names of clubs are to be uniform in size and green and white in color.

Mrs. Chas. Reynolds of the Oton home demonstration club has just sent an exhibit of a canned meal to the "Century of Progress" at Chicago. The menu is: Cherry cocktail, chicken and noodles, greens, cream peas, and candied sweet potatoes.

Spring Lake Home Demonstration club women and 4-H club girls are sponsoring a community fair at Earth October 14th. All nearby clubs and communities are invited to exhibit their products at this time. Mr. Roy Box, vocational agricultural teacher and Mrs. G. D. Daughtrey, home economics teacher of the Spring Lake schools will both assist with the exhibits.

Mrs. H. M. Packard, yard demonstrator of the Spring Lake club will have an achievement program October 11th. Things that Mrs. Packard has succeeded in are: cutting bed, native lawn, flower garden, and foundation plantings. Discussions will be made on these subjects that afternoon.

The County Council of 4-H Clubs will meet at the Amherst club building Saturday, October 7. All council members are urged to attend. Mrs. C. M. Marx of Amherst will preside.

NRA stickers suitable for sticking on packages, letters, etc. for sale at the Leader Office.

Basis on Which Appraisals Made Are Outlined

The basis on which appraisals are made in connection with applications for loans from the federal land bank and the land bank commissioners was outlined Monday by A. C. Williams, president of the Federal Land Bank of Houston. The statement was made, Mr. Williams said, because many persons have evidenced a lack of understanding of the appraisals made of farm properties offered as security for loans.

It was explained by Mr. Williams that the basis of appraisals is the normal value of the land for agricultural purposes and its earning power for such purposes is a principal factor. Average prices of farm commodities during the five year period from August 1909 to July 1914 are now being used as a principal guide in determining the earning power and normal value of farms, allowance being made, of course, for changes in taxes and other costs and in the economic position of commodities produced.

"Loans by the federal land bank and the land bank commissioner ordinarily are made for periods of from ten to thirty-six years," Mr. Williams said. "In order to arrive at an estimate of the earning power of a farm, over a period of years, many things must be considered by the appraiser. He must determine the number of acres of good crop land, the number in pasture, and the number in orchard, timber, or waste; the character and condition of the soil; water supply; average rainfall; drainage; susceptibility to erosion; the carrying capacity of the pasture land; the prevalence of insect pests and plant diseases of the condition of the roads; and accessibility to markets. He must estimate production costs and the amount and kind of livestock that can be carried on the farm and the probable income from that source.

"Although earning power is given the greatest weight, other factors are of course considered in determining the value of a farm for loan purposes. These include anything that affects the salability of the farm, such as the location, the size and type of farm, community and development, and the distance to markets, schools, and churches. The amount and condition of the farm improvements is likewise important. The improvements on a farm may be inadequate or the farm may be top-heavy with improvements with the result that the cost of upkeep may reduce the net income over

a period of years. Sale prices are considered, but distress sales during bad years and high sale prices during boom years do not fix normal agricultural values. Since the repayment of the loan ordinarily will extend over a long period of years and the money must come from the earnings of the farm, emphasis is placed upon the normal earning power of the farm for agricultural purposes.

"The standing of the applicant, the amount of his equity in the farm, and his ability as a farmer are also considered in making an appraisal. Many creditors are recognizing that where deserving farmer-borrowers owe more against their property than can be repaid from the earnings of the land, it is to their advantage to make some concessions so that these farmers may now obtain loans from the federal land bank and the commissioner and have an opportunity to save their farm homes.

Vocational Subjects Popular in School

The school board of the Littlefield Independent school district has seen the need for vocational training and have responded to the need in a very satisfactory manner. There are three distinct types of vocational training open to the pupils in Littlefield high school. Vocational home economics enjoys the greater popularity and has enrolled 75 girls in this department. Miss Collins teaches four classes in home economics. There was considerable demand for the work after the department was filled. These seventy-five girls are learning the arts of home making in a practical way that will make its impress on the future activity of the young women. Miss Collins reports that the girls are doing nicely in their work.

The shop work and mechanical drawing seem to be running a close second with 72 enrolled. Mr. Irvin instructs these seventy-two persons each day in four double period classes. Boys and girls both are allowed to take this work. However the majority of those enrolled are boys. Some of the best pupils are girls it is reported. These skills in building and drawing are essential in successful home making and if pursued with diligence and determination may become a means of making a living. This being one of the chief aims of education one would be led to believe that the vocational courses are really practical. Several of the pupils have already completed some projects this term that will be really useful and ornamental in their homes. These subjects are the means

through which some pupils are constrained to remain in school until they finish. When the pupil has a chance to develop a skill that will be useful his interest in that subject rises a considerable bit.

Vocational agriculture, a strict vocational subject, is not so popular as the other but fills a very necessary place in curriculum. The enrollment is only 15 in agriculture I, and 19 in agriculture II, making a total of 34 pupils. This subject is very closely related to the chief industry of this party of the country. The basic industry being agriculture, there should be more boys interested in that subject than in any other. The reason may be that they get enough farming while young and do not care to learn more about it. However the boys who are taking this work will be better equipped to succeed on the farm than his fellow student who does not take the course. The time is here when more and more people are being forced to the land to make a living. We should prepare ourselves to meet the struggle and succeed therein. Mr. White reports that the boys who are enrolled are taking their work seriously and are attacking the problems of actual farming on the South Plains. The year will not be complete until each boy has finished a project that requires a knowledge of the skills necessary to successful farming. Encourage your children to take the vocational subjects, especially if they do not expect to go to college.

Destruction of Cotton Stalks Means Fewer Boll Weevils
Destruction of cotton stalks early in the fall is one of the most important steps in boll weevil control, says the bureau of entomology, U. S. department of agriculture, which has been advocating this method for more than 25 years. Cotton should be picked as rapidly as possible, says the bureau. As soon as picking is completed the stalks should be plowed under. In cases where it is impractical to plow under the stalks farmers will do well to turn cattle, sheep or goats into the field to graze. There are large areas where cotton is already almost if not completely picked out and hence there is an unusual opportunity now to clean up cotton fields as a weevil control measure. If the cotton stalks on these farms are destroyed promptly the weevil population for next spring will be greatly reduced. Community action will produce the best results but every farmer should destroy the stalks on his farm as early as possible whether his neighbor does or not.

NRA Boards Warned Against Exemptions Re Child Labor
NRA compliance boards were warned against granting exemptions from provisions of the president's re-employment agreement prohibiting child labor by Dr. Leo Wolman, chairman of the labor advisory board, according to Sherwood H. Avery, executive-secretary of the Dallas district recovery board, serving North Texas and the state of Oklahoma. Authorities were urged to provide work for adult members of a family, or to extend direct relief rather than countenance an exemption in favor of child labor, where a child's earnings are a major portion of the family's income. Mr. Avery said that Federal Relief Administrator Harry L. Hopkins was stressing in communications to state emergency relief officials.

PERSONALS
Mrs. Neal A. Douglass added a kitchen to her residence last week. Jim Douglass and Warren Rutledge did the work.
Mrs. Earl White and children left Tuesday morning for Spreckels, Cal., where they will make their home. She was accompanied by her father, James Foster, who will return to Littlefield in about two weeks.
Mr. and Mrs. T. A. Henson spent from Friday until Tuesday attending the state fair at Dallas and visiting friends.
Mrs. Billie Jeffries is on the sick list.
Mr. Nolin, who is employed by the Hewitt Chevrolet company, had one of his hands injured while at his work Thursday afternoon. He is having it dressed by a local physician, and is getting along nicely.
Will Taylor, who has been in the Lubbock Sanitarium for the past several weeks, returned home Saturday.
Mrs. J. C. Hilburn is on the sick list and confined to her home.
Misses Dorothy Crow and Avonne Creager of Dimmitt, who have been visiting Mr. and Mrs. Lewis Crow for the past week, returned home Sunday. They were accompanied by Mr. and Mrs. Crow, who returned home the same day.
H. S. Brown of the West Texas Gas company, Lubbock, was a guest in the J. T. Bellomy home over the week end.
Miss Stella Lloyd is now connected with the Texas Cooperative Gin as bookkeeper and weigher. She took up her duties Monday last.
Dick Cox of Duro, N. M., arrived Friday to spend a month with his brother, Bob Cox, and family.
Mr. and Mrs. A. R. Hendricks returned home Saturday after spending two weeks in the north. While gone they visited the World Fair, and spent a couple of days in Kansas City. They were accompanied by Mr. Hendricks' parents, Mr. and Mrs. A. C. Hendricks of Roswell, N. M.

WORMING OF POULTRY
The use of gasoline in the "worming" of poultry has another advocate in Lee Hemphries who operates the Frazier Poultry farm in Eastland county. He recently used five pints of gasoline to successfully worm 1,500 hens and pullets.
As outlined by J. C. Patterson, county agent, a small 1-8th ounce syringe with short piece of rubber tubing attached was used to introduce the gasoline into the digestive tract of the birds. About one teaspoonful per adult bird is the dosage. The remedy is effective and very cheap, but care must be used to get the liquid safely past the windpipe and direct into the crop.
NRA Stickers suitable for sticking on packages, letters, etc. for sale at the Leader Office.

Is This The Condition Of Your WATCH?
Maybe hardly so bad. But still if it isn't running in perfect condition a little attention from us will give it accurate time and mean longer life. The cost is reasonable.

Germany Withdraws From League of Nations, Arms Parley

Saturday last Germany announced her withdrawal from the League of Nations and the world disarmament conference.

This she did, because she refused to be a nation of "second class rights," Chancellor Hitler declared, and wants "equality and honor."

Hitler told the world the German government and people are "animated by no other wish than to help end the human epoch of tragic error, regrettable quarrel, and fight."

In a dramatic speech, the chancellor condemned the post-war Versailles treaty, long a thorn in Germany's side, and maintained there "is no possibility of territorial conflicts between France and Germany."

He poured forth his nation's hopes and grievances. He spoke of the country's need for defensive weapons, declared that "the men who today lead Germany have nothing in common with paid traitors of November, 1918" and maintained the German people regard themselves as guiltless for the World War.

New Elections Set Then, to give the people the chance to express their attitude about these sudden, epochal events, President Paul von Hindenburg dissolved the reichstag and set new elections for November 12.

In explaining this "plebscite," Hitler said his government will not "turn a deaf ear to proposals for real peace," but "will welcome every suggestion."

"The German people," the chancellor said, "destroyed their weapons and fulfilled their obligations in the treaties with a really fanatical fidelity."

"The political leadership of the nation at that time, however, was in the hands of men spiritually rooted in the world of victor states."

"The German people should rightly expect that for this reason alone the rest of the world would redeem its promise, but for fifteen years the German people have vainly hoped and expected that the end of the war would finally also be the end of hatred and misery."

"The purpose of the Versailles treaty has not seemed to give humanity peace, but rather to maintain a fathomless hatred."

Then he described as "slave work" the treaty of Versailles and asserted:

Believe in Innocence "The German peoples are the most deeply convinced of their guiltlessness for the war."

"Let the other nations see to it that by the unnatural eternalization of the conceptions of the victor and the vanquished that there does not result an eternal inequality of rights."

The government issued another appeal, also condemning what was called the unwillingness of other powers to give Germany the arms equality promised in Geneva during an earlier parley in December.

Germany is ready to go to the limit in disarmament, Hitler continued, but he warned that the reich demand for equality, if other nations are armed, must not be forgotten.

Germany has a passionate devotion to peace, the chancellor claimed. This he said the people would demonstrate at the polls in November, both to show their solidarity with the government and to reveal their conception of national honor.

Japan Also Resigns Germany is the second great world power in a year to announce an intention to withdraw from the league. Last March Japan resigned because of a disagreement over Japanese activities in Manchuria.

Home Canning to Exceed Last Year's Record

Crowds of farm and town folk are gathering this month on farms in more than 1000 Texas communities to see for themselves how farm families have won for themselves health and plentiful living by following the 4-H pantry demonstration of the extension service of Texas A and M college. Known as achievement days these gatherings serve as rallying points for the further spread of living at home methods outlined by county farm and home demonstration agents, says Miss Mildred Horton, state home demonstration agent.

Farm home canning in Texas this year should exceed last year's record, estimated to have been at least 100,000 containers in all of Texas, according to Miss Horton. She points out that Texas is said to use more than half of all the tin cans sold for home canning purposes in the United States, in addition to large numbers of glass jars.

"The important thing about the 4-H pantry way of getting a food supply is not so much the large supply of canned food put on pantry shelves as it is the selection of that supply to give a healthful diet," Miss Horton declares. "A random collection of canned stuff may avert starvation yet bring ill health in its wake. The close relation of diet to health is well known. When storing food for the unproductive months it is just as easy to plan the supply to get the necessary amounts of each type of food needed for healthful living. That is what the 4-H pantry demonstration has done. It is to spread this useful information of how to plan and get a balanced food supply that the achievement days are held," she concludes.

Don't Suffer From Sour Stomach, Indigestion

Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adia Tablets counteract these conditions. Give quick relief. Stokes-Alexander Drug Co., Inc.

SUFFERS HAND INJURY

Mr. Chester had the misfortune to have three fingers on his right hand badly cut, when at his work at the Spade gin, Tuesday afternoon of last week. He has been having his cuts dressed by a local physician, and is getting along nicely.

READY When times of doubt and difficulty arise in the discharge of business affairs it is of the utmost advantage to have an affiliation with a strong bank. One whose broad knowledge is available in counsel to recommend an advantageous course of procedure. One whose aid can be relied upon. This is such a bank. The First National Bank LITTLEFIELD

Get Wise -- to Opportunities for Homeseekers IN THE FERTILE SOUTH PLAINS This is a new country with a health giving climate, fertile land and friendly people. Although new, this land offers modern schools and churches that equal those found in the older sections of the country. In the heart of this country of opportunity lies the famous Yellow House lands. Yellow House Land Company Owners and Developers of the Famous Yellow House Lands in the Littlefield-Levelland Section

stimulate buying between now and the end of the year.

"This means that everybody in Littlefield will be benefitted. And the agricultural section will be helped, too, because increased business in the cities and towns is bound to create a heavier demand for the things the farmer has to sell."

Prices Will Advance

Dr. Woods said that reports from Washington indicated that the present movement was spreading like wild-fire

over the country and was bound to be a great success.

"We know that business can be greatly stimulated by the plans now being put into effect," continued Dr. Woods. "Nobody is being asked to make any particular sacrifices. To buy now is manifestly self-interest because prices are bound to go higher. Therefore, I feel that we are simply doing the logical and obvious thing in accepting the government's invitation to join in the present campaign."

Farm Lands—

moisture as was received during the growing season, is enough to convince anyone of its real merits.

Mr. Badger is a very enthusiastic booster for this section. After spending several months in Austin, he returned recently to Littlefield and his duties at the Yellow House Land company.

Home Owners Loans Receive Approval

The Home Owners' Loan corporation announced Monday that 135 applications for loans involving \$376,631 had been approved in Texas at the end of the week, October 6.

Thirty-eight loans were approved with reductions and 95 applications were rejected. Six applications were withdrawn, indicating mortgagees and mortgagees made satisfactory arrangements themselves. Twenty-four foreclosures, involving \$52,085 were avoided, the corporation said.

NOTICE

Three Cotton Harvesters and a two wheel trailer and other articles will be sold for storage and other charges, at auction, by Col. J. W. Horn, Auctioneer, Tuesday afternoon, November 21st, at two o'clock, at Heinen's Wagon Yard. 28-41-C

Ginnings for This Area Are Higher

Cotton ginned on the south plains area showed 19,652 bales for 15 counties up to October 1 this year as compared with 4,987 bales to the corresponding date in 1932, or a net gain of 294 percent.

Lamb, Briscoe and Hockley counties were the only three of the 15 counties showing a decrease.

No reports were made by Cochran, Castro and Parmer counties. Yoakum county does not have a gin and is not included in the report. Borden county also is not included because of the lack of gin facilities.

Bailey, Crosby, Hale, Dickens, Garza, Lynn, Motley and Terry counties showed increases of more than 200 per cent.

Corresponding ginnings are as follows:

Table with 3 columns: County, 1932, 1933. Rows include County, Bailey, Briscoe, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, LAMB, Lubbock, Lynn, Motley, Terry, and Total.

Organization of Commodity Credit Group Complete

According to an announcement from Washington, organization of the Commodity Credit corporation was completed Tuesday, and loans of 10 cents per pound to cotton producers on the unsold portion of their crop this year will become available this week.

The corporation, chartered in Delaware, was organized to carry out President Roosevelt's program for making loans to cotton growers.

Talley Named Head

Lynn P. Talley, assistant to the directors of the Reconstruction Finance corporation, was named president; Oscar Johnston, director of finance for the farm administration, vice president, and J. E. Wells, jr., assistant cooperative bank commissioner of the farm credit administration, secretary-treasurer.

Directors in addition to Talley and Johnston are: Secretary Wallace, Farm Administrator George N. Peek, Governor Henry Morgenthau, jr., of the Farm Credit administration; Stanley P. Reed, general counsel of the Reconstruction Finance corporation; Herman Oliphant, general counsel of the Farm credit administration and S. B. Schwulst, special assistant of the reconstruction corporation.

The entire capital stock of \$3,000,000 for the corporation was subscribed by the secretary of agriculture and Morgenthau with funds allocated by the president under the Bankhead amendment to the National Recovery act. An initial loan of \$250,000,000 from the reconstruction corporation was arranged for making loans to cotton producers and additional funds will be available if needed.

More than 1,000,000 note forms and loan agreements, together with regulations governing the loan, went to the government printing office Tuesday and the first of these will be distributed before the end of the week to county agricultural extension agents and lending agencies of the reconstruction corporation located at federal reserve points in the south including cities with federal reserve branch banks.

Must Cut Acreage

"Cotton producers to become eligible for loans, must agree to participate in the 1934 acreage reduction campaign that soon will be launched by the agricultural adjustment administration," a statement of the corporation's loan policy said.

The Commodity Credit corporation will utilize existing agencies throughout the cotton belt in making the loans which may be negotiated directly with lending agencies of the Reconstruction Finance corporation or through brokers, merchants, warehousemen, co-operative associations, banks and other lending agencies.

"The Commodity Credit corporation will not appoint or designate any special representatives or agencies to negotiate the loans nor will it employ cotton classifiers to pass upon the character of cotton that is placed as collateral."

Great Interest in Presbyterian Revival Meeting

The revival at the Presbyterian church, which opened Sunday evening last, and which is being conducted by Rev. N. F. Grafton, of Plainview, assisted by Rev. W. H. Bessire of Canyon, is growing in interest each evening. Services are conducted at 10 a. m., and 7:30 p. m., each day.

A get-together meeting will be held Friday evening in the basement of the church at 6:15. All members and their friends, and all those interested, are urged to bring their lunch baskets and join in the home coming for all Presbyterians and friends of Littlefield and vicinity.

If anyone has a child to be baptized, speak to one of these men. The Lord's Supper will be served at the Sunday morning service. Bring your church letter and unite with the church.

If interest continues, the meeting will be carried over this week.

P. T. A. Have Fire Prevention Program

Fire prevention was featured in a very interesting program at the Parent-Teachers meeting, Wednesday, October 11. The local fire boys attended the meeting and gave several musical numbers. Fire Marshal Sam Hutson made a talk on fire causes and preventions. Fire prevention posters were exhibited and a prize was given to the best poster from both the grammar and primary buildings. Rozella Goertz won the prize in grammar school and Miss Mathew's room won the prize in primary for a community poster. High school students had written stories with fire prevention as the subject and the two best papers were read. These papers were written by Louise Baird, a senior, and Olene Robbins, a sophomore.

A drive was made for paid memberships in the association and a great many parents and teachers responded. The rooms that won the dollar for having as many as 15 parents present were Miss Edythe Walker's and Miss Ruth Mathews.

It was decided that the next meeting will be held at night with the fathers acting as hosts.

Several mothers met with Mrs. Shaw before the regular meeting and organized a Mother Singers group. Mrs. Boone, the president, urges all the mothers to join this group.

Five Room Modern Home Being Built for L. C. Hewitt

A new five room modern residence is being constructed for L. C. Hewitt on West Side Avenue, just north of the Pat Boone residence.

The exterior will be made of shingled siding, and the structure will contain a basement.

Mr. Hewitt is having the work done by day labor.

Foxworth-Galbraith are furnishing the lumber.

Littlefield and Section Visited by Rain Friday

Rain fell in Littlefield and vicinity Friday morning, the moisture measuring 12-100 of an inch, according to L. C. Cawthon, official weather man.

Friday night another shower fell, the rain measuring 29-100 of an inch.

P. T. A. Raising Funds for Needed School Supplies

Due to the fact that the Littlefield schools are badly in need of several items not included in regular school equipment, such as first aid kits, linens to be used in the care of sick pupils, playground equipment, and library books, etc., the P. T. A., at a meeting recently appointed a ways and means committee to take care of the raising of funds with which to buy these supplies. Mrs. P. W. Walker, Mrs. M. M. Brittain and Mrs. L. C. Hewitt were appointed on this committee.

Cards have been mailed out to all farmers having children in the Littlefield schools asking a small contribution to be retained by the gins out of their cotton checks towards this cause. According to Mrs. P. W. Walker, number have returned their cards stating their willingness to assist this way.

A large number of the business establishments are also contributing to the cause. A full list of those contributing will be published in next week's issue of the Leader.

MRS. ROBINSON VERY ILL

The many friends of Mrs. Zed Robinson will regret to learn that her condition remains about the same. On the advice of her local physician last week she was taken to the Lubbock Sanitarium, where they removed her from her brain, relieving her somewhat. She was brought home Tuesday. The case was diagnosed at Lubbock as sleeping sickness.
