## OPA Rationing Meeting Friday

Retail and wholesale food merchants of Lamb County are urged to attend one of a series of meetings at which district OPA officials will present information on new marginal price regulations and permitted increases, and point rationing as it applies to retail stores, according to information received by the Lamb County War Price and Rationing Board.

One of these meetings will be held in Lubbock Friday, when the Rationing Boards will meet at 10 p. m. at one of the ballrooms of the Hilton Hotel.

The meeting for Wholesale Food Dealers will be held at 2 p. m. at the District Court room on the second floor of the Lubbock County Court house.

Retail food dealers will meet at 8 p. m. at the Junior High School Auditorium at Avenue T and 14th Street.

Another meeting will also be held in Amarillo Monday, February 8; and at Plainview Thursday, February 11.

## Point Rationing To Start March 1

Prices that householders will pay during 1943 for the four major canning crops—tomatoes, peas, snap beans, and sweet corn, became the number one question as the OPA announced beginning of point rationing of food March 1.

"Retail prices will approximate those charged for this year's pack," according to an announcement.

Officials said the above named canned goods are most important of the processed foods to be rationed in the point system. The program involves support prices for growers above those of last season, but OPA said the higher prices will not be passed along to the consumer.

Grocery store sale of these foods together with frozen fruits and vegetables and dried fruits will stop at midnight, February 20, and will not be resumed until the ration date. In the meantime civilians will register at the schoolhouses for book No. 2 and grocers will stock up.

The OPA announcement said every person must declare all cans of rationed goods in excess of five cans for each person in the family, when making application for Book No. 2. An eight-point stamp will be deducted for each can held in the household.

## Soldier—Wounded and Lonesome

Pvt. Ralph Bevers of this section is reported to be suffering from wounds sustained in the Solomons, confined in Hospital Ward 22, Camp Campbell, Fla.

His mother passed away recently, and the report that comes to this newspaper is that he is very lonesome, and has not had a letter from anyone in nine months, and that he admits "a letter from a perfect stranger would do him worlds of good."

The Leader is publishing this story with the hope that it may so touch the hearts of this newspaper's readers to prompt them to write this lonesome soldier, and probably, too, send him some cigarettes, candy, etc., which would be so welcome, and which would, no doubt, not only cheer him, but greatly help him to recover from his injuries.

## Quota For February Set At \$57,100

Sudan's victory concert was postponed on account of school exams and the band director being ill, but plans are underway to stage the entertainment this week.

Amherst is also planning a special concert to promote the sale of bonds.

## Counties Get More New Machinery

Many Texas counties this week were receiving higher farm machinery and equipment quotas.

Upward revision was occasioned by inventory of stocks being released for rationing, B. F. Vance, chairman, Texas USDA War Board, said in announcing the increase.

Machinery in the hands of dealers, distributors, wholesalers, and mail order houses formerly were frozen and not included in original allotments but now are added to quotas of new machinery scheduled for manufacture during 1943.

Biggest increases were in listers, tractors, and tractor drawn cultivators, he said. New state quota for tractors was increased from 2,294 to 2,962, while listers were increased. (Continued on Back Page)

## Surgical Dressing Project Open Sat.

Mrs. L. M. Brandon, Chairman of Lamb County Surgical Dressing Project, in an interview Tuesday stated that they expected to reach their quota for the four weeks ending Saturday, which is 14,400 4x8 sponges.

The quota for the next four weeks, beginning Monday, is 22,000 8x10 combination pads, but Mrs. Brandon states she has received a bill of lading for 27,000 4x4 sponges and 7,200 4x8 sponges, and that if this material arrives soon they will begin to work at once on the 4x8 sponges inasmuch as a letter from the Government states the War Department is urgently in need of the sponges.

# 'GOLDEN RULES' OF FOOD RATIONING ARE LISTED

## How To Eat Well Under Rationing

With time drawing near for beginning of point rationing, the government is anxious that Americans on the Home Front not only understand the mechanics of the program, but also understand the reasons behind the plan. Consumers can make or break the program, depending on their attitude toward the idea of share-and-share-alike.

Here are the Golden Rules of food rationing:

1. Share your food with fighters protecting your home.
2. Don't hoard anything. Accept rationing cheerfully—help make it work.
3. Learn to use your ration book right. Use the 8 and 5 point stamps in settlement when possible, reserving the 1 and 2 point stamps for low-point articles. Your storekeeper cannot give you "change" in stamps.
4. Use your point stamps wisely—don't run short of stamps by buying "high point" foods when "low point" foods will do. Buy only what you need.
5. Plan your family's diet carefully—plan menus ahead for a week or a month—see that everyone gets enough nourishment.
6. Eat fresh fruits and vegetables instead of canned, bottled or frozen. Use the more plentiful non-rationed foods whenever you can.
7. Lighten congestion in the stores—shorten the waiting line at the cash register by shopping early in the day and early in the week.
8. Don't complain if your favorite food is all gone. Select your next best choice and enjoy it. This is war.
9. Plant a Victory Garden—all you can care for.
10. Do all the home canning possible, according to your family's needs.

Our fighters must go into battle well-fed and strong. We must share our food with those who are fighting and dying for us. Food must be set aside for future offensives and as an invasion weapon ready to go with our troops. What we are doing without now may mean victory on some battle front.

It is true that Americans at home will have less than they would like to have of the "fighting foods" that must be shipped to the fighters—canned foods, meats, milk, eggs, fats and oil.

But we should not worry about the impact of rationing. We will get enough to eat. But we will have less variety and choice in our foods, particularly less of the processed fighting foods that can be canned, dried and concentrated for easy shipment to the war fronts.

Rationing of what is left for civilians prevents chisellers and hoarders from getting more than they need while some get none. It gives everyone an equal opportunity to buy his fair share of the scarce foods.

Food has gone to war. American soldiers in North Africa cannot fight and win on a diet of figs and dates. Fish and chips cannot give English factory workers the strength they need to make bombs for German factories. The liberated peoples will not be able to take part in an Allied victory on black bread and water. Hitler has made the conquered people his servants by taking their food from them. We can make them a liberated and fighting people by giving food to them.

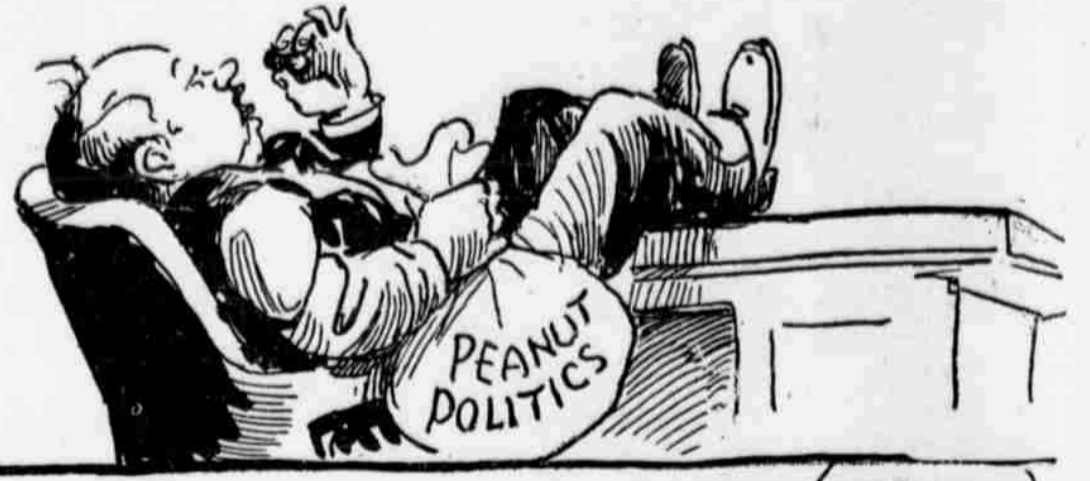

The problem of getting enough agricultural workers to assure the increased food production goals for 1943 will be partly solved by keeping as many of them as possible on the farms through deferment from selective service. The policy of deferring farm workers engaged in raising essential war crops has been extended by addition to the list of essential crops such products as tobacco and short staple cotton, vegetable seeds, honey, ducks, geese, goats, a detailed list of fruits, and most lumber and wood products.

And as the point system of rationing divides up the limited supplies of canned fruits, vegetables, and fruits, good cooking of fresh food products will become an even more vital part of the whole war program.

Under point rationing, which is scheduled to get under way around the first of March, each consumer will be allowed 5 cans of the processed food. Only cans of eight ounces and over will be counted. Home-canned foods will not be counted. Deduction of an eight-point stamp for each can held in the family unit in excess of five cans per person will be made equally from all ration books in the family groups. Thus each book will retain at least one half of its original points for each ration period, enabling the holder to provide food variety to meet dietary requirements.

Inductions Into Armed Forces To Be Stepped Up

Heavy inductions of men between 18 and 25 years of age into the armed forces during February and

March as a result of the momentous Casa Blanca strategy conferences were predicted Saturday in Washington by Chairman May (D-KY) of the Military House committee.

He expressed belief in an interview that the new strategy undoubtedly would mean increased pressure to crack the Axis powers in Europe this year, and said that, in turn, would require a strongly accelerated rate of induction. Simultaneously, he reported strong sentiment in his committee for a congressional limitation on the size of the Army, with the possibility that it would result in legislation.

He said that question would be taken up with War Manpower Chief Paul V. McNutt when he appears before the committee Tuesday, along with a general inquiry into the manpower needs of the armed forces, industry and agriculture.

May declared that a measure recently introduced by Rep. Fish (R-NY) to bar future induction of men over 35 years and to release all men now in service who have reached the age of 38 had considerable merit and would be studied carefully by the committee.

In this connection, the War Department today abandoned its requirement that a trained replacement must be available before a man over 38 may be discharged.

years in a federal penitentiary or a \$10,000 fine, or both.

### With South Plains Men In U. S. Service

(Bill) Tolbert, son of Mrs. Lee Tolbert, of San Ber- Calif., formerly of Little- and near Lubbock, was one cadets to receive his wings mission as second lieuten- the Army Air Forces in 2 at Victorville Army Fly- school, Victorville, Calif., on

January 28. Lieut. Tolbert now will be sent to navigation school. Two other sons of Mrs. Tolbert are in the armed forces.

Boyce Appleton, brother of Mrs. Jack Farr, who has been in the Marines for the past year, and has been attending a school at Fort Worth, was granted a furlough last week and visited his parents, Mr. and Mrs. H. N. Appleton, at Hobbs, N. M. Mr. and Mrs. Farr and daughter, Jackie, also went to Hobbs Sunday to visit with Mrs. Farr's parents and brother, and other relatives.

Mr. and Mrs. R. L. Byers received a letter last week from Roy, Jr., who is with the Armed Forces at Kodiak, Alaska. He said he was getting along fine, was receiving the Lamb County Leader o. k., and was sure enjoying it.

L. L. Collins, who has been stationed at Fort Sill, Okla., for the past three months, was commissioned as a First Lieutenant last week, and arrived in Littlefield Thursday, where he spent until Saturday, when he, accompanied by Mrs. Collins, left for Fort Sill where they will spend a few days, following which Lieut. Collins expects to be transferred to Cheyenne, Wyo. Mrs. Collins will accompany her husband to Wyoming.

T. A. Hilbun, who has completed his officers training course at the Duke University, Durham, North Carolina, and now a commissioned officer, arrived in Amarillo Saturday noon, where he was met by Mrs. Hilbun, and Miss Marjorie Hilbun, who accompanied him to Littlefield where he will spend a few days. Mrs. Hilbun, the former Miss Nettie Belle Batton, has been making her home with her parents, Mr. and Mrs. Sam Batton, at Hereford. Lieut. Hilbun has been assigned to duty at Austin, where he will go following his furlough here. Mrs. Hilbun will accompany him to the State Capitol.

Raymond H. (Huel) Duffey, son of Mr. and Mrs. Fred Duffey, of 6 miles east of Littlefield, of the Quartermaster Division of the U. S. Army, who has been in the service for over two years, and stationed at Honolulu for a year, recently wrote his parents the following V-Mail letter, which will be of interest to his many friends in Lamb County:

"At last I will try to write a few lines. The times go by so swiftly, and there seems so much to do all the time that I never have time for all the things I would like to do for myself. It seems quite a while since I last wrote to you but the time has gone by so fast it seems it should be the middle of October instead of January.

"Our Christmas this year was not as pleasant as it would have been had we been at home, but due to the thoughtfulness and consideration shown to us by the people of Honolulu, it was a very pleasant one. We had a very nice Christmas dinner in our mess hall and had half of the day off, but other than that we had to keep on the job. The blackout restrictions limited evening entertainment to sitting around listening to the civilian neighbors singing Christmas carols. Of course after the ten o'clock curfew that had to cease as there is not supposed to be any loud noises after that. We had to work New Year's Day but we did have a nice dinner and were allowed to listen to the Rose Bowl Football game.

"I received a cigarette lighter from Leo and Dorothy as a Christmas present, but haven't had time to write to them. I sent them a picture like the one I sent you (or did you get it) but haven't heard from them since then. Also, I sent Grandmother and Loyce one.

"Where is Wayne now? Did he get his furlough? He has sure been moving around because every time you write he is in a new place. Does

he still do the same type of work? What kind of rating does he have now? I see that Leo is still a Staff Sgt., but was surprised that he hadn't applied for an Officer Candidate School. I have thought once or twice about applying but it isn't easy to make the school from over here. A lot of the fellows that were working with me a year ago are now all over the world as commissioned officers. Three of them that I knew quite well went back together and got their commissions but are now in Africa, Australia, and China, respectively. If I knew that I could get assigned to one of those places, I wouldn't hesitate in applying, but it would be just my luck to have to stay somewhere in the States.

"The pictures, as you probably noticed, had the Air Corps insignia on the lapel of the blouse—well I hope to be in the Air Corps before

the middle of this month. If I make it I will send you a wire. I will not be a pilot but there is a chance for me to get a commission in the Administration branch.

"Write soon.  
"Love,  
"HUEL."

Mr. and Mrs. H. T. Bartley received a cablegram from their son, Ensign Gerald Bartley of the U. S. Navy, last Friday morning, reporting that he was all right, but could not reveal his whereabouts.

This was the first message Mr. and Mrs. Bartley had received from their son since December 23. He was believed to have left the States about December 15.

Cpl. and Mrs. Thos. Lowe left Saturday morning, after a visit with his mother, Mrs. E. M. Lowe. They went to Booker for a visit with Mrs. Lowe's parents, and will leave Thursday for Camp Claiborne, La. Cpl. Lowe's sister, Mrs. W. M. Petticoles, and children of Lubbock arrived in Littlefield Friday afternoon and visited here until Saturday night.

Robert Gene Woody of the U. S. Navy now has the rating of a Petty Officer, or carpenter's mate, third class, his parents, Mr. and Mrs. Harry Woody of Spade community announced last week end. Young Woody, who is on a destroyer "somewhere on the Pacific" visited relatives and friends here last July. His brother, Harry Edward Woody, is in Navigation School at the air base at Hondo, and will receive a commission in May.

D. H. Allen, Jr., son of Mr. and Mrs. D. H. Allen of the Spade community, who is in Naval construction, is now stationed on Kodiak Island, Alaska.

Pfc. Mitchell Sisson of the armored infantry of the U. S. Army, is now somewhere in Africa. Mrs. Sisson reported last week end.

Mr. and Mrs. J. E. Norman, who had not heard from their son, Cpl. Jack Norman of the U. S. Marines since receiving a Christmas Card December 26, which was mailed December 3, were among those in the

entire United States who were glad to hear the report given recently on a radio broadcast, March of Time, by Gen. Commander Archibald Vandergriff, concerning the boys who had participated in the invasion of the island of Guadalcanal.

Gen. Vandergriff, who is in Washington, D. C., at the present time, announced that all Marines were now in a quiet and safe place, resting after the hardships of battle for five months, before army troops relieved the Marines in the Solomons. He assured parents their sons were safe, but was unable to reveal their resting place. He also sent regrets to parents, and other loved ones of those who have been reported missing in the battle areas in the South Seas.

Gen. Vandergriff was in command of all the troops making the invasion on the Solomons last summer.

### Judge And Mrs. Doss Purchase S. & D. Drug

A deal was consummated this week whereby Judge and Mrs. Stanley A. Doss purchased the stock, equipment and lease of the S. & D. Drug from Grover Dennis and Jack Straw, and took possession Tuesday.

Among other well known lines of drugs, the Doss Drug will continue with the McKesson & Robbins lines, as well as Cloverlake Ice Cream.

Judge and Mrs. Doss have been residents of Lamb county since 1928. Judge Doss operated a Furr Food store here from 1928 until 1930; was elected county clerk, serving in that capacity for six years from 1933 to 1939, and county judge from 1939 until 1943.

Judge Doss is being ably assisted in the operation of the drug store by Mrs. Doss. Judge and Mrs. Doss have a daughter, Charlotte Ann, aged 7.

She has been in training with the WIRES at Craig, preparing to do radio repair work, and after final enlistment, she will be sent to Des Moines, Iowa, or Datona Beach, Fla., for basic training. She then will be assigned to active duty, probably with the Army Signal Corps.

### Mrs. L. M. Brandon Gives Report On This Week's Work

Mrs. L. M. Brandon, Chairman of Lamb County Surgical Dressing Project, has asked the Leader to publish the following letter reporting accomplishments for the past week:

"Dear Friends,

"We made 4500 surgical dressings last week and we have 4,300 left to make this week to get our quota and if people respond like they did last week we will get it. We still have the 22,000 quota on hand. These are making are the 14,400 4x8 sponges and are needed worse than the combination pads. Last week I told you about a number of ladies with sons in the army and now I want to mention a few who have no sons but still are doing so much. Mrs. J. H. Barnett supervises every Monday and was so much help getting our program started and who doesn't like publicity at all said, 'I'm not doing any more than I should.'"

"Mrs. Allen Hilburn was also helping to supervise Mondays and worked all day that cold Monday, and has been ill every since. Now Mrs. Jess Elms is taking her place. They are both wonderful workers. "Then there is Mrs. Gus Shaw, who helps to supervise Thursdays and was so much help getting started. She is a grand person and one who can be depended upon."

"And Mrs. E. A. Bills helps to supervise on Fridays. She fell several weeks ago and fractured her shoulder and it is still very painful, but she is always here."

"Mrs. W. G. Street has a boy in service and supervises Fridays with Mrs. Bills. She said if our boys are able to give up so much to go away to fight for us, we should be able to do this for them."

"A nice group of ladies came over from Sudan and worked Thursday. Among them was Mrs. E. J. Stone, co-chairman for Sudan, and Mrs. G. W. Chesher, Mrs. L. E. Slate, Mrs. Milton Wiseman and Mrs. R. S. Gatewood."

"Thirty-four ladies came from Amherst, 10 from Earth, six from Fieldton, three from Olton, three from H. E. O. Club, six from Spade and two from Yellow House Switch and six from Sunnydale."

"Mrs. I. B. Holt, county co-chairman from Olton, and two other ladies were here. They set Tuesday for their day."

"Mrs. C. F. McCormick, who is a very faithful worker, said if her son could get up at 5 o'clock in the morning and march in the snow, she could at least do this."

"One hundred eighty-four people registered last week. This is quite an improvement over 110 last week."

"Next week we will talk about some of our night supervisors. We will be open Saturdays from now on. Mrs. Clint Griffin has volunteered to supervise on Saturdays."

"The W.S.C.S. voted to give the first Monday of each month to the making of surgical dressings."

"Our next quota will be larger. Mrs. F. F. Prentice of Rocky Ford broke the record this week when she made more than 100. Mrs. A. Wiggins, also of Rocky Ford, who received word her son was wounded at Guadalcanal the day before, came and worked all day Tuesday."

### School Yard Being Beautified By FFA

The FFA boys are helping beautify the school ground by pruning the trees around the ground. This is the time of year to prune trees and the following things should be considered in pruning trees:

- Remove all dead or injured limbs;
- Remove all limbs growing down;
- Remove all limbs that are interfering.

It would be a service if everyone would prune the lower limbs from their trees so they will not interfere with people walking on the sidewalk as well as add to the beauty of the shade trees.

Other increases were shown in dairy equipment, food grinders, planters, moldboard and disc plows. Increases also showed up in the total mowers, one ways and grain drills.

Most types of machinery being increased now are needed for spring farming, the chairman said, and added that revisions on other types would be increased as occasion demands. Increases are possible through allocation of the state reserve, established to correct any inequitable distribution of machinery among counties, and additional steel from the War Production Board.
